

## Supreme MK 3251

### Chapter 3251 Saving Fairy Moon Fu\_1

Upon listening to King Huan Ye Ming's words, Yang Chen wasn't sure what his purpose was.

Naturally, he wouldn't easily believe the words of the Netherworld Ghosts, and calmly said, "King Huan Ye Ming, you mean that I should trade with a Netherworld ghost? Do you really think I'll trust you?"

King Huan Ye Ming laughed heartily, "Yang Chen, you should figure it out. As we fight now, neither of us can do anything to the other. This kind of fight is meaningless. Besides, don't tell me you don't want to save those six missing people from Heavenly Melody Mountain."

Hearing this, Yang Chen's expression gradually became serious.

"Are those six people in your hands?" Yang Chen asked coldly.

King Huan Ye Ming, with his hands behind his back, smiled calmly, "What do you think? Yang Chen, for those six people, if I want them to live, they will live; if I want them to die, they will die immediately. I think you can't bear to let your six companions die."

Yang Chen hesitated.

If it was any other six people, he wouldn't care, as his purpose was to obtain the Ancient Dragon Pattern Flag.

But among them was Fairy Moon Fu.

He previously heard that Fairy Moon Fu was the direct disciple of the Absolute Yi Daozu.

Absolute Yi Daozu wouldn't panic if Fairy Moon Fu were missing for a few years, as a few years to the powerful ones at the Daozu level is merely the blink of an eye.

However, if Fairy Moon Fu were to fall, the Absolute Yi Daozu would certainly be furious, and he would most likely lose the Slaughter God Spear.

He really needed to be cautious in handling this matter regarding Fairy Moon Fu, and not make hasty decisions.

After careful consideration, Yang Chen decided that Fairy Moon Fu must be saved. He could neither emotionally nor morally give up on the six people.

"What you want is this thing?" Yang Chen flipped his hand, took out the giant egg he had taken from the Tenth Floor of the Heavenly Crystal Snake Spirit Tower.

Upon seeing the giant egg, King Huan Ye Ming's eyes flashed with greed.

"Yes, that's it. I'll exchange these six people for this thing. It's very fair." King Huan Ye Ming laughed, feeling shocked in his heart that Yang Chen had indeed obtained the treasure.

Yang Chen looked at the giant egg and thoughtfully said, "You arranged so many Netherworld people to come to the Nine Dragons World, and the purpose is this thing? How interesting, but just exchanging it for the six people is not enough."

"You want the Ancient Dragon Pattern Flag too?" King Huan Ye Ming asked.

"Smart. Hand over the flag obediently, then bring the six people to me. When the time comes, I will give you the giant egg." Yang Chen said with a smile.

King Huan Ye Ming smiled faintly, "No problem, I don't need the Ancient Dragon Pattern Flag anyway. At the right time, I will give it to you. However, I hope Brother Yang Chen won't play any tricks. I have the ability to catch those six people, so I naturally control their lives. Killing them is as easy as flipping my hand. I hope Brother Yang Chen will think it through and not do anything to harm his own people."

Yang Chen calmly replied, "Are you threatening me?"

"I'm just reminding you. Anyway, I'll set the time for the transaction. When the time comes, I'll inform you." King Huan Ye Ming said confidently.

As he had the ability to freely fight with a group of humans, he naturally had the confidence to trade with Yang Chen at any time.

Yang Chen didn't say anything more.

King Huan Ye Ming leaped into the air, "Let's go!"

The group of Ghost Kings and the Heaven's Might Army of the Snake People quickly left, following King Huan Ye Ming. As they said, they left arrogantly.

Nowadays, the humans were badly injured due to the Heavenly Crystal Snake Spirit Tower incident. They couldn't chase after the foes. Although they were unwilling, they had no choice but to grit their teeth and give up.

Wind Emperor and others were in shock, not expecting that there would be such a powerful force in their Nine Dragons World. More than twenty Ghost Kings and the Heaven's Might Army of the Snake People came and went as they pleased, making the Snake People Royal Family seem completely outclassed.

"These Netherworld people..." Wind Emperor said tremblingly.

Madame Autumn Plum glanced at Yang Chen and the others, sighing. "Now, the Netherworld people have intervened, and I suppose that's the reason why there are so many Heaven-separated Realm experts of the Heaven's Might Army. I think we should inform the upper levels as soon as possible. What do you think, everyone?"

Broken River and Dao Guangwang were deep in thought, weighing the pros and cons.

Yang Chen said, "It's not easy to inform Heavenly Melody Mountain, now that the Heavenly Eye is controlled by these people. They would know as soon as we tried to leave. Even if we break through the siege together, but Fairy Moon Fu and the others are still in the hands of these ghost creatures!"

"What?!" Broken River abruptly turned pale, "Junior Sister Moon Orchid and the others... this!"

"We'll discuss it when we get back," Yang Chen stated.

Dao Guangwang nodded, "Brother Yang Chen, if it's true that Fairy Moon Fu is in the hands of these Netherworld people, then wouldn't the people from the Grand Abyss Palace endanger her if they report back?"

"That won't happen. The people of the Grand Abyss Palace don't know about the Heavenly Eye matter. At most, they would only arrange a few people to leave together. Those Netherworld people wouldn't let them pass. As long as no one leaves, the Netherworld people won't feel threatened, and Fairy Moon Fu and the others will not be in danger."

Upon hearing this, Dao Guangwang secretly felt that it made sense.

"Do we need to tell these people about the Heavenly Eye matter?" Broken River asked puzzledly.

Yang Chen shook his head, "You can decide for yourselves. I won't interfere."

He had conflicts with the Grand Abyss Palace, so he shouldn't have told them, but now they were standing on the side of humanity against the Netherworld. He had to narrow his conflicts with the Grand Abyss Palace to the conflicts between him, Spirit Separation Ancestor and Mo Wanchou.

So he let Broken River and the others make the choice, which had nothing to do with him.

"Alright, we'll handle this matter." Broken River agreed, feeling that he couldn't always let Yang Chen take the lead.

Now that the matter was resolved, everyone discussed briefly before returning the same way they had come.

On the way back, Wind Emperor treated both Yang Chen and King Ming Cheng's forces well, knowing that the two factions were their last lifelines. If they didn't hold on tight, the Yin Spirits and Ghost Creatures in the Nine Dragons World would easily annihilate them.

Thus, Yang Chen and the others made their way back. The Four Powerful Ones were now well settled in their residence, discussing the matter of Fairy Moon Fu.

"Brother Yang Chen, what's the deal with Junior Sister Moon Fu's situation?" Broken River asked.

Yang Chen replied, "These Ghost Kings want to exchange the six people, including Fairy Moon Fu, for a treasure I obtained from the Heavenly Crystal Snake Spirit Tower. Their original intention for luring us to the tower was for this very purpose."

"So what is Brother Yang Chen's choice?" Broken River wiped his cold sweat, fearing Yang Chen's choice might be to disagree, even though he had an idea of what it would be.

Chapter 3252 Ancestral Secret Treasure\_1

"I choose to use that treasure to exchange for the Ancient Dragon Pattern Flag and the six people of Fairy Moon Fu." Yang Chen said.

Hearing this, Broken River and the others breathed a sigh of relief and looked at Yang Chen with gratitude, saying, "Brother Yang Chen, we really appreciate it. Today's matter, we will speak well of you in front of Daozu Elder."

"What Yang Chen Fellow has done is right, using that treasure to solve the problem of Ancient Dragon Pattern Flag and Junior Sister Moon Orchid's situation. It's just that I don't know what the treasure on the top floor of the Heavenly Crystal Snake Spirit Tower is for?" Madame Autumn Plum said.

Yang Chen said, "It's just the inheritance cultivation method of the ancestors of the snake people. I don't know why those several Ghost Kings wanted it. They may want to do some special research. Although the result may not be good, the matter of Fairy Moon Fu is the most important thing at the moment."

Hearing that it was only an inherited secret art, the others nodded and did not take it too seriously.

But what they did not know was that Yang Chen did not tell the truth.

He had other plans for the matter of Fairy Moon Fu and the others, and did not explain it to the others.

Now, back in his resting place, Yang Chen also began to ponder.

The object that Huan Ye Ming Wang wanted was the mysterious giant egg. What the giant egg was, Yang Chen didn't know. How could he willingly hand over the giant egg to the other party?

He wanted the giant egg, and the six people of Fairy Moon Fu, he would also want.

He had his own ideas, now it depends on how to implement them...

"Everything hinges on that Mo Dao. Now, I'd better go to the appointment first." Yang Chen muttered to himself.

Go to an appointment! Whose appointment?

Naturally, it was Wan Huaruo's appointment.

When he left, Wan Huaruo had sent him a sound transmission, telling him to go to her pool tonight, where she would be waiting for him, and that she would give him a treasure.

Yang Chen didn't take this treasure too seriously, he had never been greedy for money.

What he was curious about was Wan Huaruo herself. He always felt that Wan Huaruo was out of place with the whole snake people and that she was not simple.

Thinking of these, Yang Chen had already made a plan.

With his means, leaving the royal family without a sound would be extremely simple. Using spacetime, sneaking in and out would be easy.

When he returned, Yang Chen had already appeared in front of the pool.

Just as he landed in front of the Heavenly Crystal Snake Spirit Tower's pool, an enchanting sound entered Yang Chen's ears.

"Chen Fellow, come into the pool and talk!" Wan Huaruo laughed.

Yang Chen looked at the pool. After confirming that there was no problem, he jumped into the pool.

He never thought that this pool would be so deep and bottomless. As soon as he entered, the cold frost stretched for thousands of feet downward before he gradually saw the bottom.

At the bottom, there was a secret world, which turned out to be a huge cave mansion. However, it was full of fragrant flowers, trees, and plants. From a distance, one could hear the sound of water flowing. At first glance, it was like a woman's boudoir, exquisitely constructed with fragrances everywhere.

In this cave mansion, a woman was sitting on a stone chair, gently waving her hand and smiling, "Young Master Yang Chen, please sit."

Yang Chen looked at Wan Huaruo's invitation, unmoved, just staring at her beautiful face, and sat down opposite her.

Wan Huaruo smiled softly, gently tapped the tea, and then pushed it to Yang Chen, "This pool is one with me, and I have cultivated together with it for countless years, this tea is made of the pool water, not for ordinary people to drink."

Yang Chen looked at the tea, without rushing to move, and said, "Lady Wan, just tell me directly what you want to say. The reason I am willing to meet with Lady Wan today is that there are indeed some aspects of Lady Wan that interest me. So between you and me, let's not beat around the bush and get to the point. I am not the kind of person who cares about extravagant things and colorful objects."

Upon hearing this, Wan Huaruo's eyes were like water, and she smiled and looked at Yang Chen, just calling him enchanting.

"Since Young Master Yang Chen is so straightforward, then it would be inappropriate for me, Huaruo to be evasive. Then I will tell the truth, Young Master Yang Chen, can you give this huge egg to this girl?" Wan Huaruo's charming eyes conveyed a pleading taste, making people feel reluctant to refuse.

Yang Chen's determination was great, and he naturally would not change his mind with just one look from Wan Huaruo.

Moreover, the giant egg is even more confusing to him now. First, it was Huan Ye Ming Wang, then Wan Huaruo, two extraordinary and mysterious characters, both targeting the giant egg.

You should know that this is because the Heavenly Fate Realm alien tribes cannot get too close to the Taiyuan Star System. These two Heavenly-separated Realm experts should be the highest combat power that can enter the Nine Dragons World. They all have their sights on this giant egg. What exactly is this giant egg? It's really intriguing.

"I've always thought that Lady Wan was special. Now, it seems her purpose in guarding this place for so many years is for this giant egg?" Yang Chen said with a mocking smile.

Wan Huaruo was slightly startled, and then denied, "Young Master Yang Chen misunderstood, my guarding here for so many years is my responsibility. As for this giant egg, it is indeed a treasure, and I have coveted it for many years, willing to exchange it for other treasures."

Yang Chen sneered, "Lady Wan, I hope you can tell me the truth. If you keep hiding things, not to mention that this transaction has no hope, even Lady Wan herself, I have to figure it out."

Upon hearing this, Wan Huaruo shuddered slightly, looking at Yang Chen, knowing that he probably had seen through some things.

She pursed her lips and sighed, "Daoist friend Yang Chen really has sharp eyes, unable to hide anything from you. Indeed, I have been hiding in this pool for so many years, guarding it, in fact, my intention is for this giant egg. Unfortunately, my abilities are indeed too weak. I have been trying to get this giant egg for so many years, but I can only break through the ninth floor, constantly getting defeated in the tenth floor."

Yang Chen was more puzzled as to what the giant egg was for.

Seeing Yang Chen deep in thought, Wan Huaruo gently opened her red lips, "Chen Fellow, I really need this giant egg. If you can hand it over to me, I am willing to exchange the supreme treasure."

"What supreme treasure?" Yang Chen became curious.

Wan Huaruo knew that Yang Chen was more about probing her, but she still smiled gracefully, "This treasure is called the Wheel of Destiny Mirror, it has accompanied me for many years, and it is one of my supreme treasures that has enabled me to survive until now."

"What's special about this Wheel of Destiny Mirror?" Yang Chen asked puzzledly.

"This treasure, as long as Young Master Yang Chen lightly shines it, can completely hide his breath and appearance. Even Heavenly Fate Realm Experts, without detailed examination, would find it difficult to discover. Huaruo has escaped many times, relying on this treasure. This treasure, although not a divine artifact, is a special secret treasure handed down from my ancestors." Wan Huaruo's smug smile.

Chapter 3253 Body Swap\_1

Once hidden, it's hard for even Heaven-appointed Realm cultivators to detect.

Yang Chen took a deep breath: "Is this treasure really so powerful?"

Wan Huaruo smiled: "If Brother Yang Chen doesn't believe it, just watch closely."

As she spoke, Wan Huaruo directly aimed the mirror at herself and gently shone it at. The next moment, her body disappeared without a trace right in front of Yang Chen.

Not to mention her figure, even her Qi was undetectable.

Such a bizarre thing completely shocked Yang Chen, who was already seasoned in life experiences.

He immediately extended his soul to sweep around, but he was unable to find any trace of Wan Huaruo. Only when he focused on the direction where Wan Huaruo disappeared just now could he sense a very subtle fluctuation.

However, such fluctuations could not prove anything.

It must be known that Wan Huaruo disappeared in front of him and was standing still, allowing him to scan. Only in this way could he detect it.

If Wan Huaruo used the concealment ability in other positions, or moved after concealing herself, it would be almost impossible to find her.

"Lady Wan, you can come out now; I've seen enough," Yang Chen said in amazement.

Wan Huaruo let out a bell-like laugh and waved her sleeves, lifting her invisible state.

"The only weakness of this mirror is that after becoming invisible, one cannot attack the enemy. If you force an attack, its power will be greatly reduced. When you use it, Brother Yang Chen will know why. Now, I wonder what Brother Yang Chen thinks of this trade!" Wan Huaruo spoke gently.

At first, Yang Chen simply wanted to explore what treasures the giant egg held that made both Wan Huaruo and Huan Ye Ming Wang attach so much importance to it.

But now, he was genuinely tempted. This Wheel of Destiny Mirror could provide great assistance to his original plan.

If he had the mirror, his chances of success would be doubled.

Nevertheless, Yang Chen hesitated.

After a while, under Wan Huaruo's expectant gaze, he said, "I'm afraid I have to disappoint Lady Wan; this Wheel of Destiny Mirror is indeed a treasure, but unfortunately, I still can't trade it!"

"Why not!" Wan Huaruo's eyes widened slightly.

Yang Chen shook his head gently, not explaining.

Wan Huaruo bit her red lips, obviously still attached to this giant egg, and said anxiously, "Brother Yang Chen, if you're not satisfied, then Huaruo will add something else."

"Add something else? Lady Wan, do you have another treasure?" Yang Chen looked puzzled.

"I don't have a treasure, but I'll use my own body to trade with Brother Yang Chen," Wan Huaruo said solemnly.

Yang Chen looked bewildered: "What do you mean, Lady Wan?"

"I've been cultivating for countless years and am still a virgin. I'll offer my body as a gift, along with the Wheel of Destiny Mirror, in exchange for the giant egg," Wan Huaruo said.

Since ancient times, the imperial examination>

Yang Chen fell silent for a moment, not expecting Wan Huaruo to make such a proposal.

Wan Huaruo seemed to be afraid that Yang Chen would refuse, her soft red lips opened slightly, and she said with a fragrant breath, "Young Master Yang Chen, at our current cultivation level, there's nothing we can't let go of. Although I can't speak for others, my body is unique, and if Young Master Yang Chen spent a beautiful night with me, the benefits obtained would not be inferior to dual cultivation with a female cultivator in the Heaven-appointed Realm due to the rarity of Heaven-appointed Realm female cultivators. Besides, Brother Yang Chen should be aware of it."

Indeed, at the Heaven-separated Realm cultivation level, matters between men and women, in fact, more involved interests. These cultivators had long been open-minded regarding things like love and entanglements.

However, the fact that Wan Huaruo could still maintain her virginity after cultivating for so many years showed her firm state of mind and her reluctance to make decisions easily.

For a moment, Yang Chen felt a headache. It was indeed a huge temptation for any man.

Even with the mysterious giant egg, his heart was full of passion, pushing him to immediately stop considering the pros and cons of the giant egg and agree to Wan Huaruo's proposal.

Looking at Wan Huaruo's pitiful eyes, he was even more reluctant to refuse.

Yang Chen suppressed the lust in his heart, pondered again, and weighed the pros and cons.

"Lady Wan, if today those Ghost Kings hadn't also wanted this giant egg, I might have really given it to you. But now, I'm afraid I can't agree to the proposal," Yang Chen said with a smile.

Upon hearing this, Wan Huaruo's face suddenly turned cold, and as she looked at Yang Chen, there was a hint of killing intent in her eyes.

Yang Chen wasn't surprised to see the killing intent brewing in Wan Huaruo. She was willing to trade her body for the treasure, and now that she heard the transaction was still unsuccessful, he would be surprised if she didn't have any deviant thoughts of killing him.

"Lady Wan, it's best to calm down first. At least before making a move, you should think about whether you're my match or not. You should have seen my strength clearly inside the Heavenly Crystal Snake Spirit Tower," Yang Chen said.

Wan Huaruo trembled slightly, her face turning pale and haggard in an instant. After weighing the options, she knew she was no match for Yang Chen.

She let out a soft sigh and forced a bitter smile, "I acted impulsively just now, I hope Young Master Yang Chen can forgive me."

Yang Chen shook his head as he saw Wan Huaruo in such a state. He was still on guard against her not only because she wanted to kill him, but also because he had suspicions about her.

The reason why he didn't trade the giant egg to her was that he had doubts about her.

It wasn't about her dealings with Huan Ye Ming Wang.

With Huan Ye Ming Wang so eager for the treasure and arranging a large number of troops to come here, it was definitely not his decision alone, but the backing of the Netherworld behind him.

There must be great implications for this giant egg, and before he understood the specifics, he couldn't let a second person get the treasure.

When Wan Huaruo was disappointed, her tearful eyes looked at Yang Chen, and after shedding tears, she tried to compose herself and, wiping her eyes, said, "It's actually a good thing Young Master Yang Chen refused my offer, but I hope that Young Master Yang Chen can promise me one thing."

"Please speak, Lady Wan.," said Yang Chen.

"Please, Young Master Yang Chen, treat the giant egg kindly and do not let it fall into the hands of others," Wan Huaruo said.

Yang Chen didn't know why Wan Huaruo would say such a thing and asked, "Lady Wan, can you reveal the origin of this giant egg?"

Wan Huaruo hesitated briefly before saying, "I can't say!"

Yang Chen expected such an answer: "Well, then I promise Lady Wan that I will not easily give this egg to anyone else, and in the future, I will treat it well. But I also hope that Lady Wan can do me a favor!"

Wan Huaruo opened her mouth and looked puzzled, "What does Brother Yang Chen mean...?"

"I want to borrow Lady Wan's Wheel of Destiny Mirror for a one-time use. Of course, I won't treat Lady Wan poorly. I don't have much, but I still have a few Elixirs. I hope to borrow the mirror just once!" Yang Chen said.

Chapter 3254 Implementing the Plan\_1

Wan Huaruo's eyebrows rose slightly, causing her to hesitate. After all, Yang Chen had rejected her trade offer for the giant egg, and even refused her offer of her body, making her somewhat angry and ready to refuse.

But when she took a look at the elixirs Yang Chen had provided, they were all treasures that even her current cultivation level would still benefit greatly from, causing her heart to waver.

After considering her thoughts, if she were to befriend Yang Chen, he might treat the giant egg better. So, she said, "Alright, I will accept these elixirs, and I will lend the Wheel of Destiny Mirror for Brother Yang Chen to use once. But only once."

As soon as the conversation ended, Wan Huaruo handed the mirror to Yang Chen.

Yang Chen took the Wheel of Destiny Mirror, incredibly astonished, "Does Lady Wan trust me that much? Aren't you afraid that I'll take the treasure and run away?"

Wan Huaruo's relationship with Yang Chen grew more familiar, and she laughed as she spoke with a more gentle tone. "Young Master Yang Chen, don't get the wrong idea. This treasure is not a divine artifact, but it is very special, and it only recognizes me as its master. Without my command, you can't

even use it. If you really wanted to make it yours, then this Wheel of Destiny Mirror might not be able to help you ever again. I believe Young Master Yang Chen wouldn't do such a self-harming action."

Upon hearing this, Yang Chen finally understood, knowing that there were such reasons behind it.

"Haha, after using it, I will return it to Lady Wan. Please rest assured," Yang Chen said.

Wan Huaruo replied, "Huaruo fully trusts Young Master Yang Chen."

Yang Chen did not stay long and took the Wheel of Destiny Mirror before leaping out of the pool.

Wan Huaruo watched Yang Chen leave and sighed deeply, "It's all my fault. I can only watch as you are taken away by others, and I can't help at all!"

...

Meanwhile, after leaving the pool, Yang Chen was on his way back.

On the way, Yang Chen looked at the Wheel of Destiny Mirror, lost in thought.

From what he could see now, Wan Huaruo did not harbor any hostility towards him, and she was definitely not affiliated with Huan Ye Ming Wang. However, her identity was really baffling.

Yang Chen even suspected that Wan Huaruo was not from the Snake people. The Snake people were just a front to hide her real identity.

But as for why, he could not explain it now.

Regardless, he had to be cautious of Wan Huaruo, not allowing her beauty to easily deceive him.

"Now, with this Wheel of Destiny Mirror, implementing my plan has a lower difficulty than before..." Yang Chen's lips curled up slightly.

Upon returning to his residence, he found Broken River and the others anxiously waiting.

"Brother Yang Chen, where have you been?" Broken River asked, worried.

"What's wrong?" Yang Chen asked, confused.

"It's like this. Huan Ye Ming Wang has sent a secret message written right at your residence. We only discovered it after hearing some movement. Here's the message." Broken River took out a talisman scroll and handed it to Yang Chen.

As soon as Yang Chen received and examined the talisman, he heard a voice transmission entering his ears.

"Ten days from now, we will trade at the entrance of the Desolate Snake Desert. Bring the treasure, and I will bring the person!"

Upon hearing this, Yang Chen crushed the talisman, turning it to ashes.

"I know. In ten days, I will go to make the trade," Yang Chen said.

"That's good," Broken River and the others sighed in relief.

Yang Chen already had a plan, so he put on a poker face, reassuring Broken River and the others before returning to his residence to wait. Then, he activated the Wheel of Destiny Mirror, causing his body to disappear completely.

"My master said she'll help you only once. This time, after hiding your figure, there won't be a second time," a wooden voice suddenly rang out from the Wheel of Destiny Mirror.

Upon hearing this, Yang Chen couldn't help but laugh and cry. "I understand. How long can this invisibility last?"

"That depends on your Dao Intent and Law. The stronger your Dao Intent and Law, the longer it can be maintained. According to the strength of your Law, maintaining it for half a month should be no problem!" the Wheel of Destiny Mirror replied.

"How powerful!" Yang Chen was overjoyed.

With half a month, he had plenty of time to execute his plan.

The Wheel of Destiny Mirror fell silent, as the fluctuations subsided, and there was no more sound.

Now invisible, Yang Chen walked openly within the Royal Family's grounds without anyone noticing his presence.

Broken River and the others had no idea that Yang Chen had returned and left again.

Along with the Space-Time Law, the path was unobstructed, making his journey extremely smooth.

"This treasure is truly amazing. It's not a divine artifact or a World Embryo? What exactly is this thing!" Yang Chen said with great emotion.

He somewhat regretted not exchanging for this treasure. If he had really traded for it, it would have significantly increased the security of his future endeavors.

He believed that even if he went back to exchange now, adding back the original offer of Wan Huaruo's body, she would not hesitate. It was just a pity, his rational mind urged him not to make hasty decisions.

The current priority was to save Fairy Moon Fu.

Indeed, the plan he was going to execute was to save Fairy Moon Fu!

After using the Wheel of Destiny Mirror to become invisible, Yang Chen went straight to Crown Prince Modao's residence.

Using the Space-Time Law, along with the invisibility effect, the various defenses of Crown Prince Modao's residence were as if they didn't exist to Yang Chen.

Yang Chen even sat directly beside Crown Prince Modao's cultivation area, quietly monitoring him.

He had long suspected Modao, and it was now inevitable that Modao would cooperate with Huan Ye Ming Wang. Yang Chen was just not in a hurry to act.

The reason he didn't want to alert anyone prematurely was to save his actions for when they were necessary.

He had always suspected that Modao controlled the location of Fairy Moon Fu. Why? Because when Fairy Moon Fu and her team went to the Heavenly Crystal Snake Spirit Tower, they mysteriously disappeared.

This back and forth, even if it involved Netherworld ghosts, should have been impossible without a hitch. There must have been Modao's involvement, acting as a secret escort.

And, in such a vast Desolate Snake Desert, there really weren't many places to hide.

Modao must know the location of Fairy Moon Fu.

However, whether or not he could fish out something following Modao, he had no clue.

The current plan was to sit here and wait patiently.

Yang Chen waited like this for several days.

However, there was still no news from Modao.

Yang Chen became anxious, thinking that if he continued to wait like this, and Huan Ye Ming Wang came to trade but didn't find him, wouldn't it create a problem?

However, luckily his choice was correct.

After sitting cross-legged for several days, Modao finally got up without knowing his purpose and left his residence directly.

He was cautious and sneaky, afraid of being discovered when he left. He then arrived at a mysterious underground area within the Royal Family's grounds.

There was a passage here, hidden by various prohibitions, and if one wasn't specifically investigating, they would not have known there was a secret passage here.

Modao followed the passage the entire way but was unaware that an invisible figure was following closely behind him!

Chapter 3255 Jiuyou Emperor Grass\_1

Yang Chen had to admit that the Wheel of Destiny Mirror was indeed useful. He had been closely following a Sky Separation Realm Expert without being noticed.

In a narrow environment like this underground tunnel, if it weren't for the Wheel of Destiny Mirror, even with his mastery of space-time laws, it would not be easy to smoothly follow behind without being discovered.

Yang Chen grew more and more curious, wondering what kind of conspiracy Mo Dao had and what kind of place he was heading towards.

As he thought so, the light ahead became brighter and brighter.

Then, after a dazzling burst of light, a completely different world emerged ahead; it was a place like a medicine garden.

The medicine garden was vast, and with his soul's vision, Yang Chen could see that it stretched for millions of miles. It was entirely planted with brightly colored spiritual flowers and strange grass. These spiritual flowers and strange grass emanated Heaven and Earth Spirit Qi, giving off a fragrance that was refreshing and pleasing to the senses.

At the entrance of the medicine garden, several snake people and two Ghostly Yin Spirits guarded, all of them being Ghost King Experts.

"Sir Mo Dao!"

"Daoist friend Mo Dao!"

The Sky Separation Realm snake people and Ghost King Experts smiled when they saw Mo Dao.

"I am here to follow Lord Huan Ye Ming Wang's orders and bring Fairy Moon Fu and the others away. I hope you all have no objections," Mo Dao said.

"Taking them away now? They've been cultivating the Nine Nether Emperor Desolate Grass and are almost ready. The cultivation of Jiuyou Emperor Grass might be delayed if we take them away now," several Sky Separation Realm snake people said.

"It doesn't matter. Let others continue cultivating it for now. Moreover, these six people are just going on a trip, and they will eventually return. Perhaps, even more people will be brought here after this trip. Cultivating the Jiuyou Emperor Grass is just a matter of time," Mo Dao calmly replied.

"That's good," The snake people and Ghost King Experts nodded their heads in agreement.

Hidden in the shadows, Yang Chen listened and sneered.

So that King of Hell was called Huan Ye Ming Wang.

Huan Ye Ming Wang indeed had no good intentions and must have had some sinister plot waiting for Yang Chen. Unfortunately, Yang Chen had no intention of conducting a proper transaction with Huan Ye Ming Wang.

Now that he was at the medicine garden, Yang Chen observed the surroundings while listening to the ongoing conversations.

This vast medicine garden was carefully designed for cultivating spiritual flowers and strange grass. The Heaven and Earth Spirit Qi permeating from the periphery flowed straight towards the core of the medicine garden. The growth rate of the Heaven and Earth Spirit Grass cultivated here was incomparable to the outside world.

"It seems like Huan Ye Ming Wang took away the Ancient Dragon Pattern Flag with another goal in mind; to share the Heaven and Earth Spirit Qi exclusive to humans with the snake people. Then the snake people would cultivate Heaven and Earth Spirit Grass. What is this Jiuyou Emperor Grass for..." Yang Chen pondered in his heart.

As he thought, Mo Dao got up and said, "Alright, take me to see those six people."

Mo Dao and several Sky Separation Realm snake people rushed towards the center of the medicine garden.

On the way, Yang Chen saw many other snake people and human experts.

Among these human experts, there were also Sky Separation Realm ones, and some of them were wearing the clothes and attire of Blackstone Ancient Castle.

Upon close inspection, Yang Chen could see that these experts were doing the same thing - sitting in front of these spiritual flowers and strange grass, releasing their essence and blood energy and sprinkling it on the plants. This made the spiritual flowers and strange grass grow rapidly, visibly so. These powerful beings obviously didn't willingly participate, and with a glance through Yang Chen's

Lingxi Divine Pupil, it was clear that these powerful ones had prohibitions placed within their bodies. Cultivating Lingcao here was clearly not what they had in mind.

Yang Chen wasn't in a hurry to make any rash moves, as he already understood the situation thoroughly.

"So that's why Fairy Moon Fu and the others are still alive, they just disappeared. Turns out they were all captured and brought here to cultivate these Spiritual Flowers and Strange Grasses," Yang Chen thought to himself.

The Spiritual Flowers and Strange Grasses here were indeed of extraordinary value. If he could take them all away, it would be a huge treasure for him.

A smile appeared on Yang Chen's lips. With such a treasure in front of him, he was not about to be polite. He didn't even know how many elixirs he could refine with so many Heavenly Materials and Earthly Treasures.

The more Yang Chen thought about it, the more excited he became. And Mo Dao had no idea that someone like a fierce tiger was already eyeing him, as well as the pharmaceutical garden he and Huan Ye Ming Wang have been working on for countless years.

Eventually, the group stopped in front of a small courtyard.

There were also Lingcao planted inside the courtyard, although their value was evidently different from those outside the periphery.

Inside the courtyard, there was a strangely shaped triangular house. As the group arrived, two snake people experts immediately came forward to greet them.

"Sir Mo Dao."

Mo Dao said, "Open the door. I want to see the six people of the Human Race from Heavenly Melody Mountain."

The snake person immediately respectfully opened the door and then entered the room.

The space inside the house was not large, just enough to accommodate dozens of people.

At the core of the room, there was a lotus flower pond. In the middle of the pond, bubbling hot water was gushing out, and in the center, a thin root Lingcao grew.

This Lingcao radiated an astonishing aura, and just looking at it was like facing a powerful opponent. One could not help but feel a tingling sensation on their scalp and growing tension in their hearts.

"Could this Lingcao be the Jiuyou Emperor Grass that they mentioned?" Yang Chen wondered silently.

His attention was attracted by Jiuyou Emperor Grass for a moment before immediately shifting his gaze to the side of the lotus pond.

There were six cushions beside the lotus pond, with six people sitting cross-legged on them. All six of them wore the robes of Heavenly Melody Mountain, and their cultivation levels had reached the Heaven-separated realm. Yang Chen didn't even need to think to know that these six were Fairy Moon Fu and the others.

"The Jiuyou Emperor Grass is only cultivated to this extent, Mu Tianhe, you guys must have cut corners for me again," Mo Dao looked at the Jiuyou Emperor Grass and scolded.

The six Heavenly Melody Mountain experts glared coldly at Mo Dao when he arrived.

Obviously, working for the snake people was not their wish!

The person called Mu Tianhe sneered, "Mo Dao, rest assured, as long as you don't kill us six, once the powerful ones of our Human Race arrive, they'll make you pay!"

"Ha-ha-ha!" Mo Dao laughed wildly, "Mu Tianhe, you're so naïve! Do you really think the Human experts can save you? I'll tell you the truth; the Human experts have already arrived, but unfortunately, they

have been targeted by Lord Huan Ye Ming Wang. You guys know the strength of Lord Huan Ye Ming Wang, right? Do you think your Heavenly Melody Mountain has any chance against him? Oh, right, I forgot to remind you, only four of you from Heavenly Melody Mountain came this time. Hahahaha!"

"What? Only four people?" Mu Tianhe and the others were all shocked, wondering how the people of Heavenly Melody Mountain could be so careless at such a critical moment.

At this moment, a woman wearing a peony flower skirt among the six coldly shouted, "Mo Dao, you dare to cooperate with the Netherworld, if the matter is exposed, you will never have the chance to turn over in your life. Think about it carefully, if you repent, you still have a chance!"

Chapter 3256 Appearing\_1

Hearing this, Mo Dao was genuinely taken aback, as he knew very well how great the crime of cooperating with the Netherworld was.

However, since things had come to this point, he would not be frightened by their few words.

Mo Dao sneered, "Fairy Moon Fu, instead of worrying about me, you should worry about yourself. For everyone else, I wouldn't mind killing them, but not you. Being such a charming and lovely beauty, I bet every powerful one from other interfaces would be happy to pay a high price to buy you as a concubine, hahaha!"

At these words, Fairy Moon Fu was greatly shocked. She had originally planned to threaten Mo Dao, but she didn't expect him not to be afraid at all.

Now Yang Chen looked at the woman in the peony flower skirt and immediately recognized her as Fairy Moon Fu.

"Humph! If it were normal times, I would definitely punish you guys severely for daring to cut corners and deceive me. But today is an exceptional situation. Capture them all and take them away!" Mo Dao ordered.

His subordinates quickly moved to capture Fairy Moon Fu and her five companions.

All six were taken by surprise.

Mu Tianhe shouted, "Mo Dao, what do you want to do?"

"Nothing much, just taking you to trade with a guy named Yang Chen. Although this Yang Chen is already close to losing his life here." Mo Dao scoffed.

"Yang Chen?"

They were all quite familiar with Yang Chen, as his reputation had spread widely before they came to complete their task. Fairy Moon Fu was even clearer, as she had passed a letter to Yang Chen before.

Now hearing Yang Chen's name, she naturally opened her mouth wide, greatly surprised.

"Are you sure his name is Yang Chen?" Fairy Moon Fu asked doubtfully.

Mo Dao didn't know why Fairy Moon Fu asked this: "What? Do you really believe he can save you all? Hahaha, don't be delusional. Every human being who came here must die. And this Yang Chen won't live for long either."

"I don't know if I can live for much longer, but I, Yang Mou, do feel that I have some ability to save them all." At this point, a bizarre voice suddenly sounded.

Mo Dao was greatly shocked by this, his eyes widened, and he couldn't believe it: "Who?"

He was stunned, surprised, and frightened.

Because he knew this was Yang Chen's voice.

"Who? Am I not right beside you?" The voice emerged again.

Mo Dao turned around, and what he saw was an extremely young-looking man standing right beside him, smiling at him.

Wasn't this man the Yang Chen he knew?

Seeing Yang Chen, Mo Dao shuddered violently, took a step back and pointed at Yang Chen with fear: "Yang Chen, how is this possible? How are you here?"

The other Heaven's Might Army snake men and Ghost King experts were all shocked as well, not knowing how Yang Chen, a living human being, had managed to sneak in without a sound.

Fairy Moon Fu and the others were also secretly shocked, not knowing what had happened.

Yang Chen smiled faintly, "Mo Dao, you are quite bold, daring to be hostile to humans and cooperate with the Netherworld. And what about us humans?"

Seeing that everything had been exposed and was known to the others, Mo Dao could not help but panic.

However, after a moment, he shouted angrily, "Yang Chen, I don't know how you found out about this place, but what are you acting so arrogant for? There are eleven Heaven-separated Realm experts guarding this place. Do you really think we'll be afraid of you?"

Yang Chen, with his hands behind his back, smiled faintly, "So why aren't you letting them make a move?"

Mo Dao's whole body shuddered, and looking at Yang Chen's almost undaunted eyes, his fear remained unabated.

He knew very well, better than anyone else, that Yang Chen was terrifying.

Because he had witnessed, with his own eyes, Yang Chen nearly single-handedly slaying six Ghost King experts effortlessly. He had also personally witnessed Yang Chen holding his own against Huan Ye Ming Wang, without falling behind.

Now that Yang Chen had appeared here today, the eleven Heaven-separated Realm experts might not be afraid of him, but if Yang Chen managed to lead the six of them to escape, they would have no way to stop it.

If this matter was exposed...

Mo Dao gritted his teeth and roared in a low voice, "Yang Chen, don't think we will be afraid of you. Everyone, attack, kill Yang Chen!"

In an instant, the Heaven's Might Army snake men and the other warriors attacked, trying to suppress Yang Chen first.

Seeing this, Mu Tianhe, Fairy Moon Fu, and the others all shouted, "Brother Yang Chen, help us break the prohibition first, and with the help of the six of us, we'll surely break through the encirclement!"

Yang Chen originally intended to deal with the eleven Heaven-separated Realm experts alone, but when he heard the six of them, he smiled and waved his hand casually, activating the Space-Time Law.

No matter how powerful these prohibitions were, they were useless under Yang Chen's space-time control, and they were instantly dispelled by him.

Fairy Moon Fu and the others were all dumbfounded. They thought it would take Yang Chen some time to help them break the prohibition, but they didn't expect him just to wave his hand and remove it.

Now that the prohibition was lifted, Fairy Moon Fu and the others seemed like fish in water. In an instant, they began fighting against the eleven Heaven-separated Realm experts.

"Brother Yang Chen, can you help the other friends here break the prohibition as well? If we can rescue all the Heaven-separated Realm experts here, those guarding this place will no longer be a match!" Fairy Moon Fu shouted.

Yang Chen nodded and vanished in a flash, like a sudden gust of wind, leaving the others looking on with amazement.

"Quick, go stop him!" Mo Dao immediately ordered.

He knew very well what it meant to release all the Heaven-separated Realm experts here: their numbers would immediately surpass their eleven men.

Hearing Mo Dao's words, three Heaven-separated Realm experts of the Heaven's Might Army snake men immediately rushed towards Yang Chen.

Yang Chen's mouth curled up. Seeing the three Heaven-separated Realm snake men approaching, he directly raised his hand and struck.

Five Elements Sky-turning Finger!

Three fingers.

Three huge fingers descended from the sky, immediately suppressing the three men. The three of them were frightened and engaged in a struggle against Yang Chen's three giant fingers.

Meanwhile, Yang Chen used the Domain of Earth to expand further, swiftly suppressing them, and a thunderous explosion was heard.

Under the three giant fingers, the three Heaven-separated Realm snake men were unable to withstand the pressure and were completely crushed.

Seeing this, Mo Dao completely despaired. He had just arranged for three snake men to stop Yang Chen, and they were killed so quickly?

Fairy Moon Fu and the other five, who had been worried about Yang Chen, also showed shocked expressions, not expecting Yang Chen to be so powerful.

Yang Chen, meanwhile, continued on his unobstructed path, freeing all the trapped Heaven-separated Realm experts along the way.

As one after another Heaven-separated Realm expert joined the battle, a total of fifteen human experts had been trapped, as well as more than twenty Boundaryless cultivators.

As soon as these cultivators were released, they all joined the battle as additional combat power, making the strength of the remaining eight Heaven-separated Realm experts guarding the area pale in comparison.

Chapter 3257 Distribution of the Medicine Garden\_1

This also made Yang Chen stand aside, saving a lot of energy.

With the current situation, he doesn't need to join the battle at all. These warriors teamed up, having the advantage in numbers. Plus, he killed three of them, leaving only eight out of eleven! These warriors had almost twice as many people at their advantage.

With all their pent-up anger being released, their fighting power soared, and the Snake People and the Ghost Kings couldn't compete, falling back again and again. It was either run or die.

Seeing this, Yang Chen was happy and at ease. Being able to save some energy was, of course, a good thing for him.

All he needed to do was pick up some slack from the side and make sure there was nowhere for those who wanted to escape to go.

Watching this now, Yang Chen could also see the combat power of these six strong heavenly Melody Mountain warriors.

These six Heaven-separated Realm warriors of Heavenly Melody Mountain were all able to fight against two opponents on their own. Their strength was not far behind Madame Autumn Plum King Dao Guang, and they were even superior to her.

In particular, Fairy Moon Fu had a more robust and steady strength than others. According to Yang Chen's estimation, she alone could face four Heaven-separated Realm fighters, not to mention being a little stronger than Broken River.

After all, she was a disciple of the Daoist Ancestor Expert, and having such combat power was not surprising at all.

It was precisely because of such combat power that a group of Ghost Kings and the Heaven's Might Army of Snake People were all killed. Only Mo Dao was spared as Yang Chen had given him a heads up beforehand.

Now Mo Dao looked terrified and angrily said, "If you dare, just kill me!"

"Kill you? Mo Dao, you are clever. Killing you now would be too easy for you, wouldn't it?" Yang Chen sneered.

Mo Dao shuddered, and he knew that if he really fell now, it would be a great relief for him.

But understandably, Yang Chen wouldn't let him die easily.

A group of warriors had already used prohibitions to suppress Mo Dao, not worrying about him making any waves.

As for the six Fairy Moon Fu and a group of warriors who had settled down now, they all respectfully bowed to Yang Chen.

"Thank you, Brother Yang Chen, for saving our lives."

These warriors bowed their heads unanimously, well aware that the debt of saving their lives was greater than the sky, and so their gratitude was justified.

Especially Fairy Moon Fu, who had a gleaming look in her eyes when she thanked him. No one knew what she was thinking in her heart.

Yang Chen said with a smile, "Fellow Daoists need not be polite. We are all humans, and we should help each other in the face of common hatred. You should discuss the matters to be dealt with next."

"We were captured by Huan Ye Ming Wang and Mo Dao, who collaborated inside and outside to cultivate this Jiuyou Emperor Grass and the Heavenly Materials and Earthly Treasures here. We don't know what the outside world's situation is like now." Mu Tianhe looked at Yang Chen and said.

Yang Chen said, "I made a deal with Huan Ye Ming Wang to exchange one treasure for the six of you. However, I had a suspicion beforehand and followed Mo Dao all the way, not expecting to find you all here."

"Brother Yang Chen is really both wise and brave." These warriors praised him one after another.

Yang Chen laughed and said, "I can't say that I'm both wise and brave. Now that you have all escaped, it's time to finish up with the matters in the Nine Dragons World. Of course, for now, let's distribute the Heavenly Materials and Earthly Treasures in this Medicine Garden first."

Hearing this, the group of warriors couldn't help looking at each other.

When it came to distribution, many of them were quite tempted by this Medicine Garden. After all, the Heavenly Materials and Earthly Treasures in this garden were astonishingly numerous.

"How to distribute the treasures is entirely up to Brother Yang Chen." These warriors smiled and said.

They knew very well that even if Yang Chen didn't give them anything and took it all, they wouldn't be angry. Because their lives were saved by Yang Chen.

So now, letting Yang Chen decide the distribution is the best choice.

Hearing this, Yang Chen thought for a while, "I'll take this Jiuyou Emperor Grass, and you all won't have any objections, right?"

With just the Heaven and Earth Spirit Qi emitted by this grass alone, Yang Chen was quite tempted. This treasure must be of great use to him.

"Well, we naturally have no objections." The group of warriors looked at each other and finally said with some pain.

Everyone knew that the Jiuyou Emperor Grass was a supreme treasure, but now that Yang Chen had taken it away, they had no choice but to admit defeat.

"In this vast Medicine Garden, there are countless Heavenly Materials and Earthly Treasures. I, Yang Mou, will take 50% of them, and the remaining 50% will be given to you to distribute. I'm sure you won't have any objections." Yang Chen said.

Hearing that Yang Chen was willing to give them 50%, these warriors couldn't help but exclaim in surprise and gratitude, "Thank you, Brother Yang Chen!"

Yang Chen was willing to give these 50% to the group of people, but he also had made careful considerations.

He could actually claim all these Heaven and Earth Spirit Grasses for himself, but after thinking it through, he felt that with his current strength, he shouldn't be too greedy.

After all, if he really swallowed up all these Heaven and Earth Spirit Grasses, the group of warriors would have no objections, but if he went back to the sect and told his elders, other people wouldn't necessarily let him off since they weren't saved by him.

Moreover, he also hoped that the six Fairy Moon Fu would help him say some good words in front of Unparalleled Way Daozu. These 50% of the Medicine Garden's Spiritual Flower and Strange Grass could be considered his bargaining chip for trading with Unparalleled Way Daozu.

Next, the distribution of the Medicine Garden was planned by these warriors themselves.

The six Heavenly Melody Mountain warriors naturally took the lion's share, while the other Black Stone Castle warriors got more or less some leftovers.

However, those Boundaryless cultivators who were captured here were not so lucky, and they got almost nothing.

It was also during the time when these warriors were distributing the Spiritual Grasses in the Medicine Garden that Yang Chen came to Mo Dao's side.

Seeing Yang Chen approaching, Mo Dao's expression was gloomy and he fiercely said, "Yang Chen, what do you want to do?"

Without paying attention to Mo Dao's intentions, Yang Chen directly stretched out his hand and pressed it. Mo Dao trembled and fell unconscious on the spot.

As for Yang Chen, his soul directly entered Mo Dao's soul, and he began the Soul-searching Secret Technique.

While searching for the soul, it took about a cup of tea's time.

Gradually, Yang Chen opened his eyes and the corners of his mouth turned up, "So, Huan Ye Ming Wang was hiding here. I won't need the deal anymore. I'll come to you automatically."

Searching Mo Dao's soul was much stronger than searching other Netherworld Ghosts because there was no prohibition set by Huan Ye Ming Wang within Mo Dao's body. So, he could search freely without worrying about anything.

Now that the search had ended, and the group of warriors had finished distributing the treasures, they all looked at Yang Chen gratefully. They were grateful that Yang Chen was willing to distribute the treasures to them.

So, the group of warriors went on like this, completely turning the Medicine Garden upside down, taking all the treasures that should be taken, leaving nothing behind, and eventually returned with a full load.

Just as Yang Chen led the group of warriors back, the strong men of the royal family couldn't help but be dumbfounded.

Chapter 3258 Directly Initiate War\_1

A group of Sky Separation Realm Experts returning quickly would naturally attract the attention of the powerful Snake people of the Royal Family.

After all, at this critical juncture, the Snake People's Royal Family couldn't afford to be careless.

Broken River and the people of the Grand Abyss Palace quickly arrived to see what was going on. For a moment, they even thought that the Netherworld Ghosts had come calling again.

However, when they looked, they all couldn't help but be dumbfounded.

Especially Broken River and the rest, looking at the scene before them, they wondered if they were hallucinating.

In front of them stood the very group who had disappeared from Heavenly Melody Mountain, Fairy Moon Fu and the others.

"Junior Sister Moon Orchid, Junior Brother Mu!" Broken River laughed heartily, quickly stepping forward with great joy: "What, what is going on here?"

Fairy Moon Fu and Mu Tianhe and the others also had delighted expressions when they saw Broken River and the others.

"It's all thanks to Brother Yang Chen. Didn't Senior Brother Gu know?" Mu Tianhe asked in surprise.

Broken River and the two other experts were still in the dark at the moment. Seeing Yang Chen here, they were extremely astonished. They thought Yang Chen was still in his residence and had no idea when he had left. Now that he was here and had brought back powerful experts from their sect, they couldn't help but be shocked.

"Brother Yang Chen, what happened?" Madame Autumn Plum asked, puzzled.

Yang Chen smiled and explained the whole story of the events.

Upon hearing that Yang Chen had suspected Mo Dao early on and engaged in a battle of wits and strength with Huan Ye Ming Wang, secretly following Mo Dao to save the others, Broken River and the others found it hard to come to terms with the news.

They felt that following Yang Chen was somewhat burdensome.

However, having a teammate like Yang Chen was indeed their great fortune. Nothing else needed to be said. With Yang Chen present, it seemed that they didn't need to worry about anything, and Yang Chen was capable of doing everything for them.

"Brother Yang Chen, why didn't you tell us before?" Broken River said with a wry smile.

"It's not that I didn't want to speak, but at the time, I only suspected Mo Dao without any evidence, it was just my one-sided thinking. Unexpectedly, it was like a blind cat bumping into a dead rat. Following Mo Dao, I happened to save the six of you." Yang Chen chuckled.

Broken River finally understood: "So that's how it was."

At this point, the Wind Emperor and the others from the Snake people Royal Family were also extremely puzzled and looked at Yang Chen with bitter smiles: "Brother Yang Chen, how could Mo Dao betray our royal family and betray humanity? I can't accept this."

"A Soul Search will reveal the truth." Yang Chen pointed at Mo Dao.

Mo Dao, now awake and shivering, looked at Yang Chen and the Wind Emperor, begging and shouting: "Wind Emperor Sir, you must save me, I'm innocent! You must not believe in human words so easily. These humans are deliberately instigating us. You must distinguish right from wrong."

Wind Emperor paid no heed and left everything to the Soul Search.

He placed his hand on Mo Dao's head, initiating the Soul Search, then sighed deeply.

At this moment, everything became clear and no further explanation was needed.

Wind Emperor said: "Mo Dao, Mo Dao, you have really committed a sin."

Seeing the Soul Search come to an end, and not being able to hide anything anymore, Mo Dao looked at Wind Emperor in horror and shouted: "Wind Emperor Sir, humans don't treat us Snake people as their kind at all, they treat us as slaves, as dogs. Why should we listen to them? The people of Netherworld promise us benefits, they promise to make our Snake people stand out! Why are you still clinging to them, bowing to these insatiable humans?"

Hearing this, many people fell silent. Indeed, among those present, who really treated the Snake people as equals?

Seeing Mo Dao's angry tirade, the Wind Emperor snorted and shifted his gaze to Yang Chen.

Yang Chen knew what Wind Emperor meant: "This is a family matter for Wind Emperor Daoist Friend. The reason I spared his life is for the Wind Emperor Daoist Friend to deal with it personally."

Wind Emperor looked at Yang Chen with gratitude.

He had always had a good impression of Yang Chen, because when he interacted with their Snake people, there was no condescension in his eyes or the feeling of being superior as a human.

Apart from Yang Chen, everyone else had this kind of thinking and attitude.

If it had been someone else, they would have killed Mo Dao directly without considering his thoughts, and what could Wind Emperor do then?

Now Yang Chen's actions had given him the greatest respect he could expect.

Without hesitation, Wind Emperor struck out with a palm, hitting Mo Dao's body.

Mo Dao's body convulsed, and in the next moment, his soul scattered and he was killed by Wind Emperor's palm.

Regarding Mo Dao's death, Wind Emperor felt great regret as well. After all, he was his eldest son, and killing him by his own hand was painful.

However, he knew he had to make this choice, for he was not as foolish as Mo Dao.

He had no idea what the Netherworld had promised Mo Dao, and he knew humans did not take their Snake people seriously.

But in the final analysis, the reason was that their Snake people were not strong enough.

If they were weak, why would humans care?

With the strength of their Snake people, being protected by humans was already a rare thing in the Nine Dragons World. If they really collaborated with the Netherworld, would the Netherworld truly value their Snake people?

They would only be treated as tools.

"Fellow Daoists from the human race, Mo Dao has collaborated with the Netherworld, and our Snake people Royal Family must make our position clear." Wind Emperor made clear his stance.

"That's good." King Ming Cheng snorted coldly, leading many powerful experts from the Grand Abyss Palace to leave.

There was a reason for him to leave. Originally, their Grand Abyss Palace had more people than Yang Chen and the others. But now, Fairy Moon Fu and the others had returned, and their numerical advantage was minimal. Furthermore, there was Yang Chen, who was considered an abnormal existence!

More importantly, Yang Chen appeared to have the upper hand!

How could King Ming Cheng be happy? Naturally, he left quickly, not wanting to linger.

Seeing this, Broken River laughed: "Fellow Junior Brothers and Sisters, these people from the Grand Abyss Palace came to grab our work. We, the four of us against these people from the Grand Abyss Palace, were really troubled. But with you guys back, there's no big problem anymore."

"Speaking of which, Brother Yang Chen, what are your plans for the next step?" Dao Guangwang and Madame Autumn Plum subconsciously asked.

If it were in the past, they would have sought Broken River's opinion first.

But now, Yang Chen had undoubtedly become their backbone.

Yang Chen smiled: "Through a Soul Search on Mo Dao, I already know the location of Huan Ye Ming Wang, who might be waiting for us there. My idea is to directly confront Huan Ye Ming Wang. The Ancient Dragon Pattern Flag must still be in his possession. What do you think, everyone?"

"King of Hell?"

Broken River and the others did not know, but Fairy Moon Fu and the others were very clear about the matter.

"Hmph, I've been tolerating them for a long time. Going to war would be the most appropriate."

Chapter 3259 Farewell to Wan Huaruo\_1

Mu Tianhe was the first to shout out, and the others followed closely behind. They naturally did not have fear for Huan Ye Ming Wang and these Netherworld ghosts. After all, they were from the Heavenly Melody Mountain and were all elites.

Seeing that Mu Tianhe and the others had already agreed, Broken River and the others naturally had no objections.

However, the Heaven-separated Realm cultivators of the Blackstone Ancient Castle were somewhat hesitant.

"Why, do the people of Blackstone Ancient Castle have any objections?" Mu Tianhe shouted.

"No, no!" The few people from Blackstone Ancient Castle were somewhat afraid, but they were also very clear that backing out at this point would not bring them any benefits. Naturally, they gritted their teeth and agreed.

"Since that's the case, everyone get ready, and we can set off. As for now, I have one more thing to deal with, and I'll meet up with you all later," Yang Chen said.

"Alright, no problem."

"Yang Chen, hold on a moment!" At this time, Fairy Moon Fu looked at Yang Chen eagerly, her eyes shimmering with excitement.

Yang Chen looked at Fairy Moon Fu in surprise: "What does Fairy Moon Fu mean?"

"Yang Chen, you should have received my secret message." Fairy Moon Fu said.

Upon hearing this, Broken River and the others couldn't help but snicker. They looked at Yang Chen with a bit of sympathy in their eyes.

Yang Chen stood with his hands behind his back, full of doubt. He knew about Fairy Moon Fu's secret message to him. It was clearly written in the message that she admired him a lot.

However, up to now, seeing her all the way until now, he had not seen much admiration in her eyes. What he saw was more of that other kind of feeling.

"I've seen it, but Fairy Moon Fu's words of admiration for me must be false." Yang Chen couldn't help but laugh.

"How could it be false? I truly admire Young Master Yang Chen, so I hope to challenge Young Master Yang Chen. Would you please agree to my request?" Fairy Moon Fu said expectantly.

Hearing this, Yang Chen was stunned, "You want to challenge me?"

Broken River chuckled by the side: "Brother Yang Chen, my Junior Sister Moon Orchid admires someone, she must challenge them. She understands that admiration is the worship of strength. However, those who have been admired by my Junior Sister have always been defeated by her."

For a moment, Yang Chen was torn between crying and laughing.

He thought that Fairy Moon Fu had taken a fancy to him and thought it was a big trouble.

Unexpectedly, the trouble was even more significant. This Fairy Moon Fu was weird in temperament.

Yang Chen shook his head helplessly. Now it seemed that it was because he had made a name for himself outside that Fairy Moon Fu had become curious about him. She sent him a secret message, asking him to go to Heavenly Melody Mountain to challenge her.

Yang Chen couldn't help but say, "Junior Sister Moon Orchid, there are countless powerful people in the world, why do you have to admire and challenge me?"

"It's not the same. Young Master Yang Chen's strength is well-known, and in my sect, the number of people stronger than me in the Heaven-separated Realm can be counted on one hand. Even if those people defeat me, I may not be convinced. But Yang Chen, you seem to be younger than me, and you have made better achievements in battle, so naturally, I have developed admiration for you." Fairy Moon Fu said.

Yang Chen's mouth twitched: "Lady Moon Fu, please find someone else."

"Why?" Fairy Moon Fu asked confusedly, with her small mouth pouted and full of willfulness.

Yang Chen had to admit that Fairy Moon Fu was beautiful as a flower and as charming as the moon, which was quite attractive. However, Yang Chen was always resolved, and this Fairy Moon Fu's charm lay in her etherealness. Yet when compared to Wan Huaruo, she was a level lower.

Yang Chen now realizes that this is why those powerful people looked at him with sympathy in their eyes.

"Lady Moon Fu, have you ever thought about why I should agree to your request? What's in it for me to accept your challenge?" Yang Chen indifferently said, "There's no benefit in it, and I have to compete with you for no reason. I don't see any need for me to do this at all."

"You, Yang Chen, are you scared?" Fairy Moon Fu gritted her teeth in anger, very arrogant.

Yang Chen left a faint, amused laugh and did not linger any longer, quickly departing.

After he left, Fairy Moon Fu stomped her foot, gritting her teeth: "How can I get him to agree with me?"

The purpose of Yang Chen's departure was to return the Wheel of Destiny Mirror.

Yang Chen was a man of his word, and having borrowed the Wheel of Destiny Mirror, he naturally had to return it.

Now that he had arrived at the pool, Yang Chen didn't hesitate any longer and leaped down to the bottom of the pool.

Wan Huaruo quietly waited here, her eyes opening gently when she saw Yang Chen enter.

"Young Master Yang Chen, you really are a man of your word," Wan Huaruo smiled.

"Naturally. I'm returning the Wheel of Destiny Mirror to you, Lady Wan. After this, I don't think I'll see you again," Yang Chen said.

Wan Huaruo asked, "Does Daoist friend Yang Chen plan to leave Nine Dragons World?"

"Once Huan Ye Ming Wang is dealt with, it will be time to leave," Yang Chen replied.

"Huan Ye Ming Wang? Daoist friend Yang Chen should be careful when facing him. His strength is formidable," Wan Huaruo gently advised.

Yang Chen questioned, "Lady Wan knows about this Huan Ye Ming Wang?"

"There are many things in Nine Dragons World that I am aware of," Wan Huaruo answered with a bell-like smile.

"Then why has Lady Wan never mentioned it to Wind Emperor?" Yang Chen was confused.

"I didn't mention it simply because I felt there was no need," Wan Huaruo said softly.

Yang Chen increasingly felt the mystery of this woman. However, she did not seem to be interested in explaining further, so he naturally had no way to delve into it.

"I'll take my leave," Yang Chen leaped up and left gracefully.

As for the Wheel of Destiny Mirror, it was placed on the table.

Wan Huaruo watched the direction Yang Chen had left from. Her lips slightly parted, she let out a soft sigh: "Although the difference between the early, middle, and late stages of the Heaven-separated Realm is not significant, for someone like him to reach such a level with only the early stage of cultivation, it is enough to show his excellence. Moreover, he unlocked the Way of Ten Thousand Laws. It seems that such a character is hard to come by in the future. Indeed, it will be difficult to meet again. I should also be leaving, as this is not a place to stay for long."

Yang Chen didn't trust her, and she naturally wouldn't trust Yang Chen. If Yang Chen were to leave, it's hard to avoid mentioning her in front of other powerful people. By then, it would be a considerable danger for her.

As for Yang Chen, he had been reflecting on the matter of the giant egg throughout the journey.

When he told Broken River and the others about it, he only said that the treasure inside the Heavenly Crystal Snake Spirit Tower was an inheritance from a Heaven-appointed Realm.

From then on, there were no flaws revealed in this matter, and no one knew about the giant egg.

Now, the only one who knew about the giant egg was Huan Ye Ming Wang. This mystery of the giant egg was paramount, and knowing one fewer person would be best.

Chapter 3260 Slaying Huan Ye Ming Wang\_1

By the time he returned, a group of powerful people had already prepared themselves.

"Brother Yang Chen is back."

These powerful individuals looked at Yang Chen with nothing but respect.

Yang Chen spoke with his hands behind his back: "Is everyone ready? If so, we can set off."

Naturally, these strong figures were all prepared, and the only one who wasn't ready was Yang Chen. If Yang Chen didn't return, they really had no confidence in facing the Phantom Night Lord.

"I'll handle the Phantom Night Lord later. You guys deal with the other Ghost King experts. Any objections?" Yang Chen said.

The crowd looked at each other and naturally had no objections. They had witnessed Yang Chen's strength firsthand.

Fairy Moon Fu and the others might not understand it clearly, but they still remembered the scene when Yang Chen instantly killed three Snake People of the Heaven-separated Realm.

Those who could do this were definitely extraordinary.

However, just as they were about to set out, Fairy Moon Fu shouted, "Wait, Yang Chen, I don't accept your lead. Why should you be the one to deal with the Phantom Night Lord? You haven't beaten me; I want to fight the Phantom Night Lord too!"

A group of powerful people looked at Fairy Moon Fu's unreasonable words with an expression of both laughter and tears. However, since she was the disciple of Absolute Ease Daoist Ancestor, they had no choice but to let her have her way.

Yang Chen understood her intentions and said helplessly, "Fairy Moon Fu, if you really want to challenge me, it's best to think about what you can offer that would move me, instead of using these improper methods. Doing so would only waste your time, mine and everyone else's. You should know how strong the Phantom Night Lord is, and if you can really fight and win, I don't think it would be my turn to save Fairy Moon Fu, right?"

"You!" Fairy Moon Fu listened to Yang Chen's blunt words but could not find a response. Indeed, what Yang Chen said was true.

However, she soon put her hands on her hips and giggled, "Brother Yang Chen, how do you know I didn't take out something that would make you interested?"

Yang Chen asked suspiciously, "What did you take out that would make me interested?"

"If you promise to let me challenge you, I'll speak highly of you in front of my master. My master adores me the most. If I can speak nicely for you, maybe you'll have hope for your God Slayer Spear. Otherwise, I'll only speak ill of you in front of my master. Hmph, let's see if my master will give you that spear then," Fairy Moon Fu said playfully.

Yang Chen couldn't help but laugh and cry, knowing that Fairy Moon Fu's words were just a joke and couldn't be taken seriously. But if she got angry and said something unpleasant, wouldn't he lose the chance to get the God Slayer Spear from Absolute Ease Daoist Ancestor, who was her master?

"Fairy Moon Fu, after all, I saved you. It's not appropriate for you to get back at me like this," Yang Chen said.

Fairy Moon Fu laughed, "It's one thing at a time. I'll repay you for saving me, but for this matter, it has to be this way. What can you do to me? Beat me? Bite me?"

Yang Chen shivered all over, thinking that he had no choice but to agree to her request.

If he agreed, his chances of retrieving the God Slayer Spear would immediately increase.

If he didn't agree, there would be basically no hope for the God Slayer Spear.

Yang Chen laughed and cried, "Alright, Fairy Moon Fu, you win. But about the challenge, let's find some time to do it after we've dealt with the Phantom Night Lord. It's not appropriate right now."

Fairy Moon Fu giggled, "Don't worry; we'll take our time fighting when we return to Heavenly Melody Mountain. I'm a person of my word. If I am unable to help you get the God Slayer Spear back, I will never bother you. But if I do help you retrieve it, you have to fight me properly!"

Yang Chen didn't expect Fairy Moon Fu to be so straightforward, not considering the recovery of the God Slayer Spear as fulfilling her promise.

That was good news. "In that case, I must thank Miss Yue Fu in advance." Yang Chen smiled.

Yue Fu Fairy touched her nose and snorted: "Alright, let's go."

The group of powerful ones were all in a dilemma, unable to do anything with Yue Fu Fairy's temper.

Now, Yang Chen had a slightly better impression of Yue Fu Fairy. This woman was indeed willful and seemed to have been spoiled by the Absolute Yi Daozu. However, her nature was not bad, and she could be befriended.

As soon as the people said they were setting off, they set off, with the Snake People Royal Family and other powerful ones.

It was also when Yang Chen set off that King Ming Cheng and the others naturally noticed the movement.

"Sir King Ming Cheng, Yang Chen is leading people out, even taking Wind Emperor and others with him. How should we choose?" asked the expert from the Grand Abyss Palace who was in the Heaven-separated Realm.

"Yang Chen went to the Heavenly Crystal Snake Spirit Tower. I don't know if he got the Ancient Dragon Pattern Flag. But there is no doubt that this kid definitely knows something about the Ancient Dragon Pattern Flag. Now using Yang Chen as a reference to the Ancient Dragon Pattern Flag is certainly correct. When Yang Chen moves, we will follow him and act accordingly!" King Ming Cheng said coldly, "If necessary, we can snatch the Ancient Dragon Pattern Flag."

"We will follow Sir King Ming Cheng's command." Several experts from the Grand Abyss Palace sneered.

...

Yang Chen and his group had already made their way out of the Snake People City.

When they left, everyone used the law to protect their bodies according to Yang Chen's words, avoiding detection by the Heavenly Eye, and then quietly came to an open space.

Below this open space, there was a temple hidden in the yellow sand and extremely difficult to detect.

Staring at the temple, Yang Chen said with his hands behind his back: "Huan Ye Ming Wang, you have already noticed my arrival, why are you still hiding?"

As Yang Chen finished speaking, the temple suddenly erupted with an extremely powerful Qi.

Immediately, more than a dozen Ghost King Experts, plus several Heaven's Might Army snake people in the Heaven-separated Realm, stood out.

The leader was Huan Ye Ming Wang.

The collision of the two forces was almost equal, with more than fifteen experts in the Heaven-separated Realm on each side.

On Yang Chen's side, there were nine from Heavenly Melody Mountain, four from Blackstone Ancient Castle, and four from the Snake People Royal Family. A total of sixteen Heaven-separated Realm experts.

As for Huan Ye Ming Wang's side, there were thirteen Ghost King Experts, and six Snake People Heaven-separated Realm experts, totaling nineteen Heaven-separated Realm experts.

Now, Yang Chen was confronting Huan Ye Ming Wang.

Looking at Yue Fu Fairy and others who had been released, Huan Ye Ming Wang laughed cruelly: "Yang Chen, I have really underestimated you. During this time, I could see you always using the law to protect your body and avoid the Heavenly Eye. I felt that something was wrong. Sure enough, later Mo Dao was controlled by you, and you rescued the people. Well done."

"When you noticed, you should have escaped. In that case, you would have had a chance to live. Of course, it's too late now." Yang Chen laughed.

Huan Ye Ming Wang sneered with exposed veins: "Yang Chen, you're taking yourself too seriously. Run away? Ridiculous. I've been here waiting for you to obediently bring what I want to my door. Don't tell me you really thought I couldn't do anything about you? If that's the case, you are greatly mistaken."

As he spoke, Huan Ye Ming Wang's Ghost Qi rose and surged, launching an attack first under the murderous intent, and charged at Yang Chen directly.

Seeing this, Yang Chen also revealed the law without reservation, collided with Huan Ye Ming Wang.
