Chapter 3261 The Reappearance of Death Omen Scripture_1

The initial collision between the two powerful beings unleashed sparks like raging waves, leaving all the other powerful beings shocked and pale.

They saw that in the instant when Yang Chen and Huan Ye Ming Wang clashed, it was enough for them to judge that Huan Ye Ming Wang might really need to be dealt with by Yang Chen personally; otherwise, it would be impossible for them to defeat Huan Ye Ming Wang.

Now that they had collided, neither side showed any slackness.

In an instant, Yang Chen's Domain of Earth erupted, the sweeping power rolling out without any reservation, and he infused his strongest Law into it.

The overlapping Dao Intent Inscriptions and Laws allowed Yang Chen's Domain of Earth to reach its maximum power.

But Huan Ye Ming Wang was no pushover either.

His Seal Law was indeed remarkable, with some unique methods. When it collided with Yang Chen's Domain of Earth, the heavy seals directly made it difficult for the powerful force erupted by Yang Chen to exert its maximum effectiveness.

The majority of it was sealed by the opponent's sealing methods.

Seeing this, Yang Chen had a clue: if he wanted to win, the first thing he had to do was to break the opponent's sealing Law.

With this in mind, Yang Chen's mouth slightly curved up: "I want to see how many of my techniques your sealing Law can seal!"

When the conversation ended, Yang Chen directly summoned the Deathly Silent Black Wind to surge forward.

At the same time as Yang Chen's move, the other powerful beings also clashed. More than a dozen human experts and more than a dozen experts under Huan Ye Ming Wang's command engaged in battle, with an astonishing momentum.

Yang Chen also fought fiercely with Huan Ye Ming Wang.

This time, when Yang Chen unleashed the Deathly Silent Black Wind, he was at his peak, without holding back any power, unlike the last time when he only used a portion of his strength.

This time, the Deathly Silent Black Wind erupted.

One thousand streams!

A living thousand streams of Deathly Silent Black Wind swept in from a distance.

Yang Chen knew very well that the technique of the Law of Life and Death had an inherent advantage in suppressing the Netherworld Ghosts. Since this was the case, why not release more of this technique?

Under the heavy Deathly Silent Black Wind, it rolled continuously after locking onto its target, unleashing a chaotic barrage of attacks.

This made the once calm Huan Ye Ming Wang panic and pale. Seeing the thousand streams of Deathly Silent Black Wind, he couldn't help but be shocked.

He admitted that he didn't use his full strength when fighting Yang Chen before, but Yang Chen's full power at his peak was too terrifying.

So many Deathly Silent Black Winds right off the bat?

In his anxiety, Huan Ye Ming Wang had no choice but to grit his teeth and shout, "Hold it for me!"

He pushed his Seal Law to the limit, to the extreme.

The attack of thousands of Deathly Silent Black Winds noticeably slowed down, but looking closely, it was clear that Huan Ye Ming Wang was struggling. Obviously, sealing so many Deathly Silent Black Winds with his Seal Law was a difficult task for him.

"Sealed it? Well then, try this." Yang Chen didn't give his opponent any time to catch his breath, raising his five fingers and then gently pressing down.

The Five Elements Turn Heaven Palm thundered down.

When the Five Elements Turn Heaven Palm fell, Huan Ye Ming Wang was dumbfounded, unable to believe his eyes and vision.

"Yang Chen!" Huan Ye Ming Wang roared.

This palm was by no means a joking matter.

Huan Ye Ming Wang unleashed his own Law and collided with this palm. But in an instant, he fell into disadvantage, unable to struggle against this palm, falling completely behind. However, Huan Ye Ming Wang did have some means up his sleeve. As he saw the palm attack coming, he manifested a giant hammer in his hand.

When the giant hammer appeared, Huan Ye Ming Wang slammed it towards Yang Chen's Five Elements Turn Heaven Palm.

"An Emperor Divine Tool? A high-grade Emperor Divine Tool?" Yang Chen squinted his eyes, and the corner of his mouth revealed a faint smirk.

The King of Hell deserves to be the King of Hell. Emperor-Rank Ghost Beings generally possess high-grade treasures, and this high-grade Emperor Divine Tool represents that.

Using the high-grade Emperor Divine Tool to attack, Huan Ye Ming Wang immediately demonstrated its effectiveness.

Even Yang Chen's Five Elements Turn Heaven Palm had difficulty suppressing it easily.

However, by the same token, relying solely on this giant hammer, Huan Ye Ming Wang could not easily overcome Yang Chen's Five Elements Turn Heaven Palm.

Seeing this, Yang Chen smiled slightly, flicked his wrist, and another palm strike fell instantly, still backed with the same earth-shattering power of the Five Elements Turn Heaven Palm.

This sight made Huan Ye Ming Wang so furious that he almost cursed. Another palm strike? When would Yang Chen ever stop?

One palm strike was already tough enough for him, and he didn't expect Yang Chen to bring another one down.

How terrifying was this guy?

Huan Ye Ming Wang felt boundless humiliation. He was an Emperor-Level Ghost King, an expert in the King of Hell realm. In the Netherworld, he enjoyed almost the highest level of treatment and honor!

Dealing with these humans, he hardly had to lift a finger.

Humans?

In his eyes, they were all weaklings.

But now, Yang Chen had appeared, and his techniques left Huan Ye Ming Wang with no means to fight back.

However, regardless of his anger, he had no second choice but to flee from Yang Chen's Five Elements Turn Heaven Palm.

Dealing with one Five Elements Turn Heaven Palm was already difficult enough, let alone dealing with a second one. Most crucially, he had used all his Seal Laws to seal Yang Chen's Deathly Silent Black Wind. With his Seal Laws exhausted, what could he use to counter Yang Chen's palm?

Now facing Yang Chen's palm strike, he turned around and dodged out of the way.

However, Yang Chen's Five Elements Turn Heaven Palm was not so easily avoided. The giant palm fell, its five fingers transforming into five different forces, and went straight towards Huan Ye Ming Wang.

Huan Ye Ming Wang clearly had no intention of giving up easily, dodging left and right, and looking for an opportunity.

How could Yang Chen not see Huan Ye Ming Wang's intentions? As he controlled his Five Elements Turn Heaven Palm to pursue Huan Ye Ming Wang, he used another treasure from the Demon God Tower.

He hadn't used this treasure for a long time. After his Tribulation Divine Body evolved into the Ten Thousand Law Dao Embryo, he hadn't used it again!

But now, it was time to use it once more.

The treasure was the Heaven Scourge Ancient Qin!

The Heaven Scourge Ancient Qin usually couldn't be used to directly confront enemies, but it was an excellent opportunity to demonstrate its power in this situation.

Yang Chen brought out the Heaven Scourge Ancient Qin, and quickly started to play the Death Omen Scripture.

When the Death Omen Scripture emerged, its eerie sound quickly filled the entire battlefield. Indeed, those ghostly Yin spirits and Ghost Creatures, who were still calm a moment ago, were now stiffened slightly, affected by the Death Omen Scripture.

Although Yang Chen's primary target in casting the Death Omen Scripture was not the Ghost King Experts, but Huan Ye Ming Wang instead, the sheer side effect was enough to exert immense pressure on them.

Chapter 3262 King Ming Cheng's Choice_1

Under such influence, these Ghost King experts were in a terrible situation when fighting against these human experts.

In an instant, several Ghost Kings fell behind due to the Death Omen Scripture, and one of them seemed to be on the verge of collapse.

Yang Chen was not surprised by this.

The Death Omen Scripture had the ability to influence and change the situation of the battle!

This was only the beginning stage of the Death Omen Scripture, and it hadn't reached its climax yet. The further it went, the more incredible its power would be. Once it reached its climax, the power of the Death Omen Scripture would be able to increase exponentially.

This also made many human cultivators exclaim in awe, as Yang Chen could still help them even when fighting against Huan Ye Ming Wang.

The Death Omen Scripture continued to chant, and the further it went, the more powerful it became.

This caused Huan Ye Ming Wang, who was dodging the Five Elements Turn Heaven Palm in the distance, to be filled with rage, his veins bulging.

All his subordinates had been affected.

Huan Ye Ming Wang, knowing he had to stop Yang Chen, was furious.

But just as he made up his mind, his body shook. Being a spirit body, he was greatly restrained by Yang Chen's Death Omen Scripture. Now, at the climax of the Death Omen Scripture, Huan Ye Ming Wang couldn't resist the sweeping impact of Yang Chen's Death Omen Scripture.

The next moment, Yang Chen's Five Elements Turn Heaven Palm arrived and ruthlessly grabbed Huan Ye Ming Wang.

By the time Huan Ye Ming Wang regained consciousness, he was already tightly controlled by Yang Chen's Five Elements Turn Heaven Palm.

However, as a King of Hell expert, Huan Ye Ming Wang quickly sobered up when Yang Chen's Death Omen Scripture first injured him. Then, a golden light flashed across his body, and he seemed to be trying to escape using some secret art.

But Yang Chen wouldn't let him do so without precautions.

Did he think he could use the same trick twice?

Although he didn't know what kind of secret art it was, Yang Chen had been well prepared.

"Space-time seal, go!"

The space-time was formed instantly around Huan Ye Ming Wang.

Last time, the single space-time seal was broken by the opponent's secret method. But this time, he suppressed him with the Five Elements Turn Heaven Palm first, and then used the space-time seal!

The space-time controlled him firmly, making Huan Ye Ming Wang unable to move within the Five Elements Turn Heaven Palm, like a statue.

Immediately afterward, Yang Chen fiercely squeezed the Five Elements Turn Heaven Palm, giving off the intention of killing Huan Ye Ming Wang.

However, who would have known that after the statue-like state lasted for a breath's time, Huan Ye Ming Wang could still escape using an unknown technique.

As he escaped, a wild wind raged around Huan Ye Ming Wang, creating a gap in the center of the Five Elements Turn Heaven Palm.

"Yang Chen, you want to win against me, no..."

Huan Ye Ming Wang roared, but unfortunately, before he could finish his sentence, a flying sword pierced directly through his head, cutting off his body.

Huan Ye Ming Wang's eyes were wide open. He thought he had escaped, but he didn't expect that the moment he broke free would be the moment he died.

Yang Chen had been prepared for this, as the Nine Heavens Wind and Thunder Sword had been waiting by his side for a long time.

He had let Huan Ye Ming Wang escape once and wouldn't allow him to succeed a second time. No matter what secret technique he used, Yang Chen wouldn't give him any chance to catch his breath. Now, Huan Ye Ming Wang was completely and utterly dead.

Yang Chen reached out and grabbed, and Huan Ye Ming Wang's storage bag and his high-grade Emperor Divine Artifact Hammer appeared in Yang Chen's hand.

This Emperor Divine Artifact Hammer was indeed a treasure, but it was of no use to him. He could save it for his other treasures to devour.

As for the contents of Huan Ye Ming Wang's storage bag, there were no other particularly good treasures, all of which were used by Netherworld Ghosts, and had little effect on him.

The most useful was still the Ancient Dragon Pattern Flag.

The Ancient Dragon Pattern Flag was indeed in Huan Ye Ming Wang's hands, and it has now been safely retrieved.

"This is a great success." Yang Chen took the Ancient Dragon Pattern Flag and revealed a smile.

At the same time, the battle below gradually revealed the outcome. Although the human side was at a numerical disadvantage, the powerful ones of Heavenly Melody Mountain were not to be trifled with, and their fighting techniques could make up for the lack of numbers.

In addition, Broken River, Fairy Moon Fu, and others did have considerable abilities, and it was not a problem to confront several enemies at once. This even put them in the upper hand.

With Yang Chen's Death Omen Scripture cooperating, quickly clearing and eliminating the enemies, it was naturally a matter of course.

Several Ghost King Experts tried to escape when they reacted in time, but unfortunately, they were discovered in time by Broken River and others, and killed without leaving a single survivor.

"Hahaha, we killed them all clean. Brother Yang Chen, we have won a major victory this time." Broken River laughed loudly.

All the powerful ones were overjoyed, who wouldn't be happy about such a successful victory?

"Brother Yang Chen, did you find the Ancient Dragon Pattern Flag?" Mu Tianhe asked.

"I found it, it was on Huan Ye Ming Wang, and you can all see it for yourselves." Yang Chen revealed the Ancient Dragon Pattern Flag with a flip of his hand.

Seeing that the Ancient Dragon Pattern Flag was safely returned, everyone was even more delighted.

But Yang Chen's face was tense as he looked into the distance with his hands behind his back, "It's time for the Daoist friends from Grand Abyss Palace to come out after watching in secret for so long."

"Hmm, people from Grand Abyss Palace?"

Broken River and others also looked over and sensed the fluctuations in the distance.

King Ming Cheng knew that he couldn't conceal it any longer, sighed, and stepped forward.

"King Ming Cheng, what do you mean by this?" The attitude of Broken River and others became serious, as King Ming Cheng's appearance here was worth considering.

At first, King Ming Cheng did have some plans, even intending to snatch the Ancient Dragon Pattern Flag, but after secretly watching Yang Chen's battle against Huan Ye Ming Wang, he had to change his mind.

He had seen it clearly that Yang Chen's techniques were more than enough to suppress and kill Huan Ye Ming Wang.

He could never achieve this, not even having the confidence to hold on for as long as Huan Ye Ming Wang did against Yang Chen.

Now it's not difficult to judge that Yang Chen is no longer at his peak, but he must still have some means. If he wants to kill Ming Cheng, it would be no trouble at all.

After some thoughts, King Ming Cheng decided to be rational. His line was on Fu Tiandi's side, and there was no need to make an enemy of such a demon because of the Spirit Separation Ancestor's line.

"It's nothing, just passing by, since you've got the Ancient Dragon Pattern Flag, then congratulations to you all. Now it seems that there is no point for us Grand Abyss Palace people to stay here, so we'll leave first." King Ming Cheng said.

A group of people from Grand Abyss Palace were dumbfounded, not knowing what King Ming Cheng meant, as this was different from what they had been told before.

But when King Ming Cheng spoke, they had no reason to resist, and they could only follow him closely and leave together.

Chapter 3263 Disciple Willow Stain_1

Seeing King Ming Cheng leave, Broken River and the others all breathed a sigh of relief.

After all, King Ming Cheng's presence just now had put tremendous pressure on them.

Only Yang Chen watched King Ming Cheng leave with a slight smile on his lips, knowing that he had made the right choice.

If King Ming Cheng had attacked just now, his remaining strength would have been enough to cut down these people once more.

However, King Ming Cheng was still rational and could clearly see that even if he had entered the scene, he would not have been able to do anything to him, and might even have brought disaster upon himself.

Since the other party had left, Yang Chen naturally didn't feel the need to pursue King Ming Cheng any further. Although he had a grudge with the Grand Abyss Palace, his hatred should be more directed towards the Spirit Separation Ancestor's lineage.

Now that King Ming Cheng had left, Yang Chen handed the Ancient Dragon Pattern Flag directly to Broken River and the others, "Brother Gu, you guys can reposition this Ancient Dragon Pattern Flag on the Lingtian Array. The matter of the Nine Dragons World is considered settled."

"Thank you, Brother Yang Chen, for your help. If it weren't for your assistance, our trip to the Nine Dragons World would have probably been more dangerous than successful." Broken River accepted the

Ancient Dragon Pattern Flag with deep emotions in his heart. He remembered Yang Chen's various actions and was very clear that if Yang Chen hadn't accompanied them on this journey, Broken River would have had a hard time achieving much on his own.

Yang Chen stood with his hands behind his back, his smile amiable, "Brother Gu is too polite, since I promised Senior Jueyi, I should naturally do my best."

"Hahaha, after returning from this trip, we will definitely report Brother Yang Chen's achievements to Senior Jueyi. As for now, we should return to the Blackstone Ancient Castle and deal with the Lingtian Array," said Broken River.

The others had no objections, and after agreeing, they returned to the Blackstone Ancient Castle with Broken River.

By the time they returned to the Blackstone Ancient Castle, Willow Feng quickly came out to greet them. Seeing many of their own Heaven-separated Realm experts returning, he was filled with surprise and tears of joy.

He even thought that the Heaven-separated Realm experts of his Blackstone Ancient Castle had been doomed. After all, even the six powerful experts of Heavenly Melody Mountain had gone missing. It was self-evident how much of a difference there was between the Heaven-separated Realm experts of his Blackstone Ancient Castle and others.

Now that they were still alive, it at least meant that Blackstone Ancient Castle still had the ability to regain control of the Nine Dragons World. How could Willow Feng not be overjoyed?

In an instant, Willow Feng quickly arranged for hospitality, but the experts from Heavenly Melody Mountain did not have the leisure for it. Broken River and the others went straight to the Lingtian Array to re-insert the Ancient Dragon Pattern Flag into the Formation Eye.

Yang Chen didn't follow them, as he didn't know much about the Lingtian Array.

He planned to rest and recuperate in the Blackstone Ancient Castle for a while.

However, before he could begin his rest, Willow Feng led Willow Stain and a group of powerful Heaven-separated Realm experts from Blackstone Ancient Castle to him.

When they arrived, Willow Feng showed a very respectful attitude and bowed his head, "Sir Yang Chen, could you grant us a meeting?"

Yang Chen knew Willow Feng's purpose in coming here. He hadn't forgotten about the matter of teaching Willow Stain the spear technique.

Now that he heard these words, he spoke indifferently, "If Willow Stain truly learns the essence of my One Gun, I will fulfill my promise. If he doesn't learn it, there's no need for Family Head Willow Feng to say anything more. Just go back."

Upon hearing this, Willow Feng was not surprised, but he was clearly prepared for this visit.

For a moment, Willow Feng himself found it unbelievable. He took a deep breath and said, "Sir Yang Chen, my son... my son has comprehended your One Gun."

Upon hearing this, Yang Chen was slightly startled, letting out a soft "Oh?" as if he was a bit surprised.

"Interesting, he has comprehended it? Alright, let me take a look." Yang Chen finally came out of the room, his gaze falling on Willow Stain.

When Willow Stain saw Yang Chen again, the admiration and respect in his eyes were even greater than before.

He immediately bowed and said, "Greetings, Senior Yang Chen. I also thank Senior Yang Chen for his gracious teaching that day."

"If you really want to thank me, the best way is to show me how much you've learned." Yang Chen stood with his hands behind his back.

"Stain, quickly demonstrate it for Sir Yang Chen!" Willow Feng was now extremely excited.

After all, he originally thought that Yang Chen was just an ordinary expert among the Heaven-separated Realm experts, but after the subsequent return of the powerful experts of the Blackstone Ancient Castle and their detailed recounting, Willow Feng was completely shocked.

The experts of Blackstone Ancient Castle described Yang Chen's terrifying strength, which was even more outstanding than the many Heaven-separated Realm experts of Heavenly Melody Mountain.

This shocked Willow Feng greatly, and he realized that he had probably underestimated Yang Chen.

Now Willow Stain, on the other hand, was fully focused, holding a long spear in his hand, and suddenly, he thrust the spear out. Following the path that Yang Chen had taken at the beginning, it pierced through the air in an instant.

This spear seemed ordinary but was extraordinary at the same time. Striking the protective array of the Blackstone Ancient Castle, it caused a slight ripple.

For Willow Stain's current strength, this was truly incredibly shocking.

Yang Chen watched the spear attack, his expression gradually becoming serious, and then he relaxed, revealing a pleased smile.

He originally thought that Willow Stain wouldn't be able to comprehend his Innate Unity for a short time, but he didn't expect to underestimate the other party.

Although Willow Stain's cultivation talent may not have met his requirements, the importance of cultivation talent at the Heaven-separated Realm stage was not as important as it was in the past.

What was most important was a tenacious heart and a heart that dared to pursue one's own path.

Willow Stain had a deep understanding of the essence of the spear technique and had practiced it for a long time, finally comprehending his Innate Unity. This was enough to show that he had a tenacious heart and a heart that pursued his own path.

"Senior..." Willow Stain looked at Yang Chen, full of trepidation.

He felt that he had comprehended it, but whether he had truly comprehended it or not still depended on Yang Chen's judgment. His own perception alone was clearly not enough.

Yang Chen said, "Willow Stain, tell me what you think of this spear."

"Senior, the true meaning of your spear is to absorb all the Heaven and Earth Spirit Qi around you, integrate it into the Long Spear and explode it in an instant. It took me a long time to understand it. Then I got stuck in the integration process and only then did I comprehend it!" Willow Stain nervously said.

Yang Chen paused for a moment, then burst into hearty laughter.

His laughter echoed in all directions.

After laughing, Broken River and the others didn't know when they had returned, and they were astonished, "Brother Yang Chen, what is making you so happy?"

Broken River and the others landed, coming to Yang Chen's side. Almost all of the Heaven-separated Realm experts from Heavenly Melody Mountain had gathered here.

Many people were curious about what exactly made Yang Chen so happy.

With a relaxed smile, Yang Chen looked at Willow Stain, "Willow Stain, since all the seniors are here, there's no need to wait for another day. You can acknowledge your master now. You have comprehended my technique very well."

Upon hearing these words, Willow Stain almost froze on the spot, not even the cold wind blowing past could wake him up.

"Stain, why aren't you kneeling down to acknowledge your master?!" Willow Feng shouted.

Willow Stain came back to his senses, hastily bowed down and directly kowtowed three times, "Disciple Willow Stain, pays respect to Master!"

Chapter 3264 Not Pursuing the Matter_1

Seeing this, Yang Chen calmly nodded: "Very well, Willow Stain. From now on, you are my first disciple, Yang Chen. In the future, I will teach you wholeheartedly. I hope you can practice diligently, be strict, and not be slack-hearted. Do not lose your original intention, otherwise, you cannot blame me for driving you out of the master's gate."

Willow Stain respectfully said, "Disciple will keep this in mind."

Seeing such a scene, Willow Feng became even more pleasantly surprised. It was an honorable thing for his child to join the ranks of the Three Great Factions.

He always dreamed of getting closer to the Three Great Factions, but unfortunately, he could never do so.

Nowadays, a group of powerful ones seeing Yang Chen taking Willow Stain as a disciple, for better or worse had not expected it.

After all, in their eyes, Willow Stain's talent was not really good.

However, they also knew that this was not their concern, and they did not ask any more questions. It was Broken River who first stood up and laughed, "Congratulations to Brother Yang Chen for taking a genius as a disciple here, hahaha, since the old man saw it, he can't come empty-handed. Now this little guy's strength is still weak, the old man will give him a King Divine Tool."

"How is this appropriate?" Yang Chen kept saying.

"Haha, Brother Yang Chen, don't be polite with the old man. We are all comrades in arms. These little gifts are a token of respect. I just hope that Brother Yang Chen won't mind." Broken River said heartily.

"How could I mind?" Yang Chen no longer refused, "Willow Stain, the gift from senior is for you, why not thank him quickly."

Willow Stain quickly bowed and thanked, accepting the gift.

Now that Broken River has given a gift, the other powerful ones also took out their gifts without being polite, and sent them out to Willow Stain.

This made Willow Stain's head a little dizzy, somewhat dazed. He never imagined that he would receive so many gifts after joining Yang Chen's ranks.

Willow Feng was also dumbfounded in the side, extremely astonished.

He knew the ways of the world very clearly. These powerful ones said they were giving gifts to Willow Stain, but it was not because they liked Willow Stain. If they really liked Willow Stain, they would not have taken him as a disciple long ago.

The reason for all this was because of Yang Chen.

To be able to make these powerful ones rush to give gifts and make friends, who on earth was Yang Chen? If it were someone else, he Willow Feng would have to admit that they would never be able to make all the powerful ones do so.

Although the gifts were not valuable, the idea of proactively making connections was the most difficult thing for the powerful ones to give.

Now that the gifts have been accepted, Broken River said, "Brother Yang Chen, the matters have been almost handled, we should choose a time to leave."

Yang Chen said, "Head of the Willow family, I will take Willow Stain away in a few days. Do you have any objections?"

Willow Feng naturally had no objections; he wished for it to happen.

"Sir Yang Chen, I naturally have no objections. Willow Stain, when you go to Sir Yang Chen's side, be sure to practice diligently and never lose face for Sir Yang Chen. Understand?" Willow Feng said.

Willow Stain nodded heavily.

Yang Chen smiled, "Willow Stain, go back and prepare, we will set off in three days."

Willow Stain quickly agreed.

These other powerful ones didn't know where Willow Stain got his blessing from, and he was even noticed by Yang Chen. If they really had this fortune, they had many juniors under their command. If they could join Yang Chen's ranks, it would be a great opportunity.

In the blink of an eye, three days passed quickly.

Three days later, Yang Chen led Willow Stain and many powerful ones from Heavenly Melody Mountain, left the Nine Dragons World, and returned to Heavenly Melody Mountain to report.

Upon returning, it was a month later, and many powerful people returned to Heavenly Melody Mountain together, causing many servants to come to greet them quickly.

The cultivation level of these servants was at least at the Nirvana stage, and some even reached the Mahayana stage. Willow Stain opened his eyes wide, unable to imagine that the Mahayana stage cultivation would only be a servant's status within Heavenly Melody Mountain.

"Brother Yang Chen, wait here for a while. We will report back to you." Broken River smiled, "As for Absolute Yi Daozu, we will also plead for you."

Yang Chen clasped his fists and said, "Yang Mou is here, and I have to thank you all first."

"No need to be polite, it's nothing," said the several Heavenly Melody Mountain powerful ones with a smile.

After a group of powerful ones left, Yang Chen and Willow Stain were quietly waiting here.

This wait was only a few days. People came back again, but this time only Broken River was left.

Broken River now smiled amiably, "Brother Yang Chen, Absolute Yi Daozu wants to see you."

Yang Chen was overjoyed and asked, "Is there any progress in the matter?"

Broken River smiled and stroked his beard, "Brother Yang Chen, you have to be very thankful to Junior Sister Moon Orchid."

Hearing this, Yang Chen knew what was going on. He first let the Willow Stain wait here, and then he went with Broken River to Absolute Yi Daozu's place.

When they arrived again, Yang Chen's heart couldn't help but be apprehensive. However, as soon as he saw Absolute Yi Daozu, Yang Chen breathed a sigh of relief.

Compared to the last time, Absolute Yi Daozu's expression had clearly softened a lot.

"Junior pays respects to Daozu!"

"Pay respects to Elder Absolute Yi!"

Yang Chen and Broken River said in unison.

While paying respects, Yang Chen glanced at Fairy Moon Fu beside Absolute Yi Daozu, who was massaging his shoulders and back, making him very comfortable.

Seeing Yang Chen, Fairy Moon Fu winked, making her intention very clear.

Yang Chen showed gratitude, knowing that Fairy Moon Fu must have said a lot of good things about him in front of Absolute Yi Daozu.

Absolute Yi Daozu looked at Yang Chen with a respectful attitude, nodded, and while enjoying Fairy Moon Fu's service, said, "Yang Chen, the trip to the Nine Dragons World this time has brought such unexpected changes. This is not what the old man expected. If you hadn't followed, even if this mission had been completed, it would have already been grabbed by those of the Grand Abyss Palace. You have made a great contribution and saved my dear disciple."

Yang Chen said, "It's all what juniors should do."

"Hmm, it's good that you know what you should do. Your Slaughter God Spear swallowed my treasure, giving you such a huge advantage. Originally, I didn't want to let you go so easily. But considering that you saved the lives of others, they all helped me plead for you, and even my disciple was persuading me for a long time. I won't hold you accountable for the Slaughter God Spear." Absolute Yi Daozu said.

Yang Chen, overjoyed, said, "Thank you, Daozu."

"You have to thank me too." Fairy Moon Fu showed a smile.

Yang Chen clasped his fists, "Of course, I also have to thank Fairy Moon Fu."

"You don't have to thank me, just don't forget our agreement." Fairy Moon Fu rubbed her nose.

Yang Chen heard that, and was a bit bitter, then said, "Daozu, I don't know about my Slaughter God Spear..."

Chapter 3265 There Won't Be a Chance Later_1

"Hmph, you're always thinking about your Slaughter God Spear. It can't be subdued anywhere else, so only if I personally watch over it will it behave." As Jue Yi Dao Zu spoke, he flicked his wrist, and a long spear appeared in his hand.

This long spear was the Slaughter God Spear.

The Slaughter God Spear, being released, exclaimed in surprise, "Eh, Jueyi Sir, why are you so polite today, even letting me out to catch some air? Aren't you blaming me for eating your treasure? In my opinion, with your high status, why bother with me? Just let me go after eating your Ancient Essence Cold Iron."

"Hmph, I'm planning to release you today. But don't think it's out of my compassion. Your young master has come to fetch you." Jue Yi Dao Zu looked quite helpless at the sight of the Slaughter God Spear and spoke calmly.

Upon hearing Jue Yi Dao Zu's words, the Slaughter God Spear, who was initially unaware, turned and looked, then exclaimed in amazement, "Eh? Young Master? When did you arrive?!"

When the conversation ended, Jue Yi Dao Zu didn't stop the Slaughter God Spear, which excitedly ran into Yang Chen's palm.

"Hahaha, I knew my young master wouldn't forget about me. Now he's come to pick me up, hahaha!" The Slaughter God Spear burst into laughter.

Yang Chen stood with his hands behind his back and shook his head helplessly: "If I hadn't come, I'm afraid I wouldn't even know what trouble you would cause for me. You better remember this. It took a lot of favor for me to get you back this time. Also, hurry up and apologize to Dao Zu Sir."

"Hehe, of course, Jueyi Sir, you've been working hard taking care of me all this time." The Slaughter God Spear said casually.

Jue Yi Dao Zu was both amused and annoyed by the Slaughter God Spear, so he waved his hand, "Apologies won't be necessary. Just don't let this spear appear in front of me ever again. Otherwise, I'm afraid I won't be able to sleep well."

Yang Chen stored the Slaughter God Spear inside the Demon God Tower to keep it from saying anything useless. He immediately bowed his hands and said, "Certainly."

"Alright, now get going," Jue Yi Dao Zu said.

Yang Chen and Broken River both departed.

As they left, Yang Chen glanced at Fairy Moon Fu, who had already sent a sound transmission asking him to wait for her.

Yang Chen getting back the Slaughter God Spear was largely due to Fairy Moon Fu's contribution. Although he had saved her life, this woman shouldn't be so willful. However, since he had already promised her, it was best to keep his word.

Fairy Moon Fu didn't make him wait for long, but the one who informed him again was her servant.

Now, Fairy Moon Fu's maids came to see Yang Chen and gently said, "Young Master Yang Chen, our Lady Moon Fu is waiting for you at the Earth Severing Platform."

"The Earth Severing Platform?" Yang Chen asked in confusion, "What is that?"

The maids softly replied, "The Earth Severing Platform is a unique dueling ground for the Sky Separation Realm Experts of Heavenly Melody Mountain. It is rarely used and only taken out on particularly solemn occasions."

Yang Chen secretly felt helpless - Fairy Moon Fu was quite serious about competing with him in a duel.

He replied with his hands behind his back, "Alright, lead the way. Willow Stain, come with us."

The maids quickly led Yang Chen there, and soon, they arrived at the Earth Severing Platform.

The Earth Severing Platform was located in the center of three mountain peaks, built suspended in the air and surrounded by locked chains. The space around the Earth Severing Platform was filled with onlookers, including Broken River and others, who had all been waiting for this battle for a long time.

In addition to Broken River, there were many Sky-separation Realm cultivators and onlooking Boundless Stage Experts who had rushed over. They all wanted to see the battle between Yang Chen and Fairy Moon Fu.

Yang Chen sighed helplessly. Fairy Moon Fu really was troublesome; even preparing so solemnly for a fight with him drew in quite a crowd.

As Yang Chen forced a smile, he stepped onto the Earth Severing Platform.

The platform was so vast that it could accommodate even Sky Separation Realm Experts.

At a glance, Fairy Moon Fu could be seen standing there.

Many people who saw Yang Chen arrive started murmuring. The topic was mostly about who was stronger and who was weaker between Yang Chen and Fairy Moon Fu.

"I wonder who will win between Senior Moon Fu and Brother Yang Chen in this duel."

"I feel like Senior Moon Fu has a higher chance of winning. Although Yang Chen has a significant reputation, I think it's mostly empty. It's not like Senior Moon Fu, who has solid strength without any falsehood."

"Senior Moon Fu will certainly make Yang Chen realize her power."

Many uninformed people were discussing.

But those who knew about Yang Chen's strength, like Broken River, had different opinions.

"How many rounds do you think Junior Sister Moon Fu can hold on against Brother Yang Chen?"
Madame Autumn Plum laughed.

She knew well how formidable Junior Sister Moon Fu was but compared to Yang Chen, she knew who was stronger and who was weaker.

Dao Guangwang shook his head, "Junior Sister Moon Fu isn't a pushover. She should be able to hold on for half an hour."

"With Junior Sister Moon Fu's temperament, she will definitely make Brother Yang Chen go all out without holding back. I think if Brother Yang Chen goes all out from the beginning, Junior Sister Moon Fu should be able to hold on for the time it takes for a cup of tea." Broken River said with a light smile.

Madame Autumn Plum asked in confusion, "Don't you think Junior Sister knows she's not a match for Yang Chen?"

"She knows, but she is doing this anyway because she wants to measure the gap between herself and Yang Chen." Broken River explained very clearly.

It was because he had the same idea but didn't dare to put into action.

"So that's how it is..." Dao Guangwang and Madame Autumn Plum suddenly understood.

At this moment, more and more onlookers were gathering, and the discussions were growing louder and louder in succession.

Willow Stain, standing in the crowd, clenched his fists stubbornly as he heard many people not being optimistic about his master. He didn't know whether Yang Chen had a higher chance of winning, but he would still support him because Yang Chen was the only powerful person who was willing to accept him as a disciple.

Now, on the Earth Severing Platform.

Yang Chen and Fairy Moon Fu looked at each other calmly, "Fairy Moon Fu, when can we start?"

"We can begin anytime, but before we start, Yang Chen, we must lay down three rules first." Fairy Moon Fu said.

"What kind of agreement does Miss Moon Fu want to make with me?" Yang Chen asked in confusion.

"It's nothing, just don't hold back when you fight me later. I want you to give it your all right from the start and use your full strength." Fairy Moon Fu's eyes were burning with anticipation.

Yang Chen couldn't help but smile and ask, "Is Miss Moon Fu serious?"

"Absolutely! If you don't do so, I won't hesitate to bother you for more fights!" Fairy Moon Fu said willfully.

For a moment, Yang Chen laughed bitterly, "Alright, if Miss Moon Fu insists, let's begin."

"Why, why do I have to make the first move? Don't underestimate me," Fairy Moon Fu complained.

Yang Chen smiled and said, "Miss Moon Fu, you misunderstand. If you don't attack now, I'm afraid you won't have another chance to do so."

Chapter 3266 Ripening the Jiuyou Emperor Grass_1

Upon hearing Yang Chen's words, Fairy Moon Fu's face tightened with anger. Even if she knew that Yang Chen was deliberately provoking her, she couldn't help but feel restless after hearing his words.

"Hmph, I want to see if your methods can really capture me." Fairy Moon Fu swooped towards Yang Chen.

In an instant, the whole scene exploded.

Everyone knew that this battle was finally about to begin.

The moment to witness who between Fairy Moon Fu and Yang Chen was stronger had arrived!

Just at that instant, Yang Chen directly flipped his palm and suppressed it towards Fairy Moon Fu.

Fairy Moon Fu saw Yang Chen's palm approaching and slightly raised the corner of her mouth. She knew the palm's power as she had seen it before. So she had already thought of a solution, just dodging it and not confronting it head-on.

However, when she planned to escape, Yang Chen suddenly raised his hand and issued a spacetime seal. With the Domain of Earth, he pressed Fairy Moon Fu's flight in place on the spot.

Fairy Moon Fu shuddered, completely unaware of what had happened. She felt as if she was isolated from the world all at once!

At the next moment, the Five Elements Turn Heaven Palm fell suddenly, pressing Fairy Moon Fu so that she couldn't move at all.

When she came to her senses, Fairy Moon Fu felt like everything was a dream, and she couldn't believe that she had been defeated by Yang Chen like this?

Is this his peak strength? His strongest power?

Fairy Moon Fu suddenly felt that Huan Ye Ming Wang was so powerful, because he had been able to hold on for so long against Yang Chen!

"I...admit defeat." Although Fairy Moon Fu was a bit stubborn, she knew she had lost.

She couldn't help but sigh faintly, feeling lost in her heart. Her goal was the same as Broken River's; to measure the gap between her and Yang Chen.

She thought that the gap between her and Yang Chen was only five, but she didn't expect that this gap was beyond mere description.

It was immense, so suffocating!

Having understood the difference, there was no point in continuing the fight.

For a time, when Fairy Moon Fu admitted defeat, almost every powerful person felt as if they had heard incorrectly. They even felt like they were dreaming, finding it incredible.

Just like this...

Is it over?

Fairy Moon Fu, whom everyone admired greatly and even thought could fight against Yang Chen, was defeated by Yang Chen without being able to withstand even one of his attacks?

Both Broken River and Madame Autumn Plum gasped for breath, knowing that Fairy Moon Fu would definitely not be able to win against Yang Chen. However, they didn't think that Yang Chen could win so easily and swiftly.

Half an hour, the time it takes for a cup of tea, all seemed like just jokes.

Only a few breaths had passed, and it was already over.

At the same time, Absolute Yi Daozu was also watching the fight.

When the outcome was revealed, Absolute Yi Daozu shook his head helplessly: "This Yang Chen, his strength really is unfathomable. It's no wonder he was able to kill even King-level Spirit Gods."

...

Yang Chen saw Fairy Moon Fu admit defeat and slightly bowed: "Fairy Moon Fu, thank you." "I actually want to let you win," Fairy Moon Fu pouted, her gaze towards Yang Chen now completely different from before.

If her gaze was that of a challenging wild beast before, now, it resembled a little lamb.

She was indescribably well-behaved and lovely, knowing she couldn't win the fight but also giving up on the idea of continuing.

Yang Chen slightly smiled and said, "If there's nothing else, I'll take my leave. I've been away from the sect for a long time, and it's time to return to the Divine Night Sect."

Upon hearing this, Fairy Moon Fu looked somewhat disappointed. "Ah? You're leaving now?"

Although she was defeated by Yang Chen, her feelings for him had greatly increased. She only wished Yang Chen could stay in the sect for a few more days, not expecting him to leave so quickly.

Yang Chen said, "If we're destined, we'll meet again."

When the conversation ended, Yang Chen leaped over and approached his disciple, Willow Stain.

"Well, Willow Stain, it's time for us to go," Yang Chen said.

On the way, Yang Chen had already told Willow Stain that he was from the Divine Night Sect. Willow Stain had no objections regarding whether Yang Chen was from the Divine Night Sect or Heavenly Melody Mountain because both the Divine Night Sect and Heavenly Melody Mountain were part of the three great powers of the Taiyuan Star System.

What shocked him more was Yang Chen's strength. Yang Chen's performance could only be described with the phrase - astonishing.

Defeating someone of the same level in one move, even if he were ignorant, he would know what it meant.

He also realized that he had probably taken an incredible person as his master.

...

So, Yang Chen led Willow Stain all the way back to the Divine Night Sect. It didn't take too long.

Yang Chen had always been low-key, and returning to the Divine Night Sect didn't cause much commotion. Even so, his return was noticed by many powerful people, who took it very seriously.

Within just one day, news of Yang Chen's return spread rapidly throughout the Divine Night Sect, especially among the Heavenly Fate Realm experts who had just returned from tasks. They paid even more attention to the news about Yang Chen.

They were very clear that Yang Chen possessed the Seven-colored Colored Glaze Mine they had been dreaming of.

These Heavenly Fate Realm experts all had ideas, thinking of ways to get the Seven-colored Colored Glaze Mine.

Upon returning to the sect, Yang Chen immediately settled Willow Stain down. With the help of Ji Yue Shuang, it was easy to handle this matter. After all, Willow Stain was his disciple, so giving him the identity of a Divine Night Sect disciple was not a problem.

After sorting out Willow Stain's affairs, Yang Chen taught him some spear techniques alone for his own enlightenment.

As for him, he began closed-door cultivation directly.

During his trip to the Nine Dragons World, he had gained quite a few supreme treasures. First was the mysterious giant egg, which he still hadn't figured out, and then there was the Jiuyou Emperor Grass.

"This Jiuyou Emperor Grass, just by looking at its qi alone, I can tell how precious it is. If I take it alone, my cultivation will greatly increase. However, unfortunately, the Jiuyou Emperor Grass is not yet fully mature, and I have to think of a way to hasten its maturation," Yang Chen thought to himself.

This was when he used his Natural Method to hasten the maturation of the Spiritual Flower and Strange Grass.

He used to be skilled in these methods, but in the early days, it was the Nature Spirit Technique, which later evolved into the Jade Spirit Art after his improvement.

However, ever since his Wood Dao Intent evolved into the Five Elements, Yang Chen hadn't used the Jade Spirit Art much at all.

Because the general law encompasses the small laws, the Jade Spirit Art had somewhat followed the path of small laws under the higher laws.

As long as one knew how to use the Wood Law skillfully, anyone could hasten the maturation of the Spiritual Flower and Strange Grass. However, the speed and scale of hastening maturation were still a grade lower than Yang Chen's higher-level Five Elements Laws.

Chapter 3267 Mid-stage of Heaven-separated Realm_1

Yang Chen is now using the Five Elements Laws to hasten the maturity of the Nine Nether Emperor Grass, which is growing noticeably with astonishing efficiency, almost discernible to the naked eye.

According to Yang Chen's estimation, at this rate, in less than a month, he would be able to fully mature this Nine Nether Emperor Grass.

One reason is that there are not many powerful people who possess the Wood Law since it doesn't provide much help in battles. Even if there are, it is estimated that not many experts would specialize in this law and would instead choose other paths.

At least Fairy Moon Fu and the others do not have it, so their maturity efficiency is vastly different from his.

The only pity is that his Five Elements Dao Intent has not yet completely evolved into a complete set of Five Elements Laws. As a result, the maturing effect of his Five Elements Laws is not much stronger than a complete Wood Law.

Of course, the most critical reason is that the Nine Nether Emperor Grass is already close to maturity. If maturity is described as a hundred, the Nine Nether Emperor Grass has probably already completed more than ninety percent of it.

However, when it reached this level, Fairy Moon Fu and the others on Heavenly Melody Mountain knew it very well. Therefore, they have slowed down the progress unconsciously, making the Nine Nether Emperor Grass unable to mature, which angered Mo Dao.

Now, it's Yang Chen who's reaping the benefits.

So, Yang Chen began to crazily hasten the maturity of the Nine Nether Emperor Grass.

This hastening lasted for a bit over a month, just as Yang Chen expected.

A month later, under Yang Chen's hastening, the Nine Nether Emperor Grass underwent a completely different change from before.

This grass actually started to jump around like crazy, its spirituality obviously full, showing signs of wanting to escape.

Yang Chen wasn't surprised, as the more precious a Lingcao was, the more spiritual it would be. The spirituality of this mature Nine Nether Emperor Grass is obviously astounding. Its escape speed was like lightning, almost catching up with the speed of an ordinary Boundaryless cultivator.

"Hmm, the speed is quite fast, but you'd better come back to me obediently." Yang Chen raised the corner of his mouth and directly grabbed it, using the Space-Time Law to catch the Nine Nether Emperor Grass.

The Nine Nether Emperor Grass let out a sharp cry and launched a counterattack against Yang Chen the moment he caught it.

"It can even attack?" Yang Chen found it interesting.

The Nine Nether Emperor Grass couldn't hurt him. He turned his hand and blocked the attack of the Nine Nether Emperor Grass.

At the moment when it was blocked, Yang Chen suddenly raised his eyebrows, feeling an interesting taste.

"Interesting, this Nine Nether Emperor Grass's attack actually contains the Death Law within." For a moment, Yang Chen recalled the Nine Nether God Flower he had obtained in Lingnan Two Realms many years ago.

Looking at it now, this Nine Nether Emperor Grass is quite similar to the Nine Nether God Flower he had received back then.

The only difference is that this Nine Nether Emperor Grass has obviously been cultivated in a sophisticated environment for countless years, making it even more precious and its essence completely unparalleled.

It is said that the Nine Nether God Flowers bloom on the other side of life and death, and this Nine Nether Emperor Grass should be a similar treasure.

"If it is really like that, refining this Nine Nether Emperor Grass would greatly enhance my Death Law. What did Huan Ye Ming Wang use this grass for after spending so much? For his own use? No, could it be for someone he wants to please?" Yang Chen murmured to himself.

He didn't know that he had guessed it right for the most part.

Of course, Yang Chen didn't care about these things. After the Nine Nether Emperor Grass had matured, what he wanted most was to refine it.

Thinking of this, Yang Chen didn't hesitate at all to refine it the moment it matured. There were many advantages to do so.

...

Thus, Yang Chen began the process of refining the Nine Nether Emperor Grass. This refining process lasted for more than ten days.

During these ten days, Yang Chen's refining went very smoothly. After the refining, he could sense the miraculous effects of the Nine Nether Emperor Grass.

As he expected, his Death Law had greatly improved. With this enhancement, the Law of Life and Death was directly gestated together into a complete law.

Yang Chen even faintly felt that using the Nine Nether Emperor Grass' efficacy solely to help him gestate a complete law would be somewhat wasteful.

Putting it to a higher purpose might bring out the extreme effects of the Nine Nether Emperor Grass.

Of course, Yang Chen is not a greedy person, and the Nine Nether Emperor Grass not only helped improve the growth of his Law of Life and Death.

After refining it completely, the Heaven and Earth Spirit Qi emanating from the Nine Nether Emperor Grass directly helped Yang Chen break through to the mid-stage of the Heaven-separated Realm.

Yang Chen took a deep breath and, feeling his mid-stage Heaven-separated Realm cultivation, revealed a relaxed smile.

"Although there's not much difference between the early, middle, and late stages of the Heaven-separated Realm, improving one's cultivation is always good." Yang Chen said.

In the Heaven-separated Realm, the degree of separation from Heavenly Dao is what's compared. As for the early, middle, and later stages, the differentiation is the extent from which they break away from Heavenly Dao.

The extent of breaking away from Heavenly Dao determines the strength of their battles in the Universal Starry Sky. The differences are not actually significant.

It is common for experts in the early stage of Heaven-separated Realm to kill those in the later stage, and not just Yang Chen is capable of doing so.

The real difference lies in the Heavenly Fate Realm - a realm and a heaven in every stage!

"If I could reach the Heavenly Fate Realm earlier, use the Seven-colored Colored Glaze Mine, and the Mountain and River Destruction Map given to me by Senior Hua Qingfeng, they would come in handy!" Yang Chen thought.

Now, Yang Chen adjusted his breathing slightly and sensed the outside world.

"These powerful people have really come..." Yang Chen was not surprised.

Sweeping his divine soul, he could see several Heavenly Fate Realm experts.

Yang Chen was not surprised by this. These experts had mostly come for the Seven-colored Colored Glaze Mine.

However, unlike before, these powerful people seemed to have learned their lesson and were much wiser than those who came before. They were basically patient, neither proud nor impatient, and clearly understood the previous lesson.

Seeing that these powerful people were respectful and not in a hurry, Yang Chen naturally would not put on airs, and let those powerful people come in one after another to make their selections.

Yang Chen had no intention of making things difficult for these experts, and almost unanimously agreed on the conditions, and the Seven-colored Colored Glaze Mines were given out. In this way, the remaining pieces were almost completely distributed.

Although it's impossible to satisfy everyone and let all the powerful people get the Seven-colored Colored Glaze Mines, this is also something that can't be helped. After all, there are only so many Seven-colored Colored Glaze Mines.

After they were handed out, the powerful people, either delighted or disappointed, left one after another. Yang Chen also began to further consolidate his cultivation.

However, before he could enjoy these good days for a few days, Ji Yue Shuang came to find him.

"Yang Chen, my master wants to see you, come out quickly." Ji Yue Shuang came to the door and directly shouted out.

Yang Chen was very clear about Ji Yue Shuang's boldness and straightforwardness. Seeing her open her mouth, he naturally wouldn't ignore her. He immediately came out and was slightly surprised: "Senior Wen Qi is looking for me?"

Chapter 3268 Eternal Human Emperor_1

"That's right. It seems that my master is occupied with something important. Speaking of which, after your visit to Heavenly Melody Mountain, your fame has grown even more." Ji Yue Shuang said with a smile.

"My fame has grown? How so?" Yang Chen was puzzled.

"You still don't know? The news of your defeating Fairy Moon Fu of Heavenly Melody Mountain in one move has spread widely, and many people have seen it. By now, the news has spread throughout the four directions, and almost everyone knows about it in the Taiyuan Star System. Even Fairy Moon Fu herself admitted it." Ji Yue Shuang grinned.

Yang Chen was at a loss whether to laugh or cry in an instant. How could the news spread so quickly? However, on his way back, he wasn't aware of it at all.

In the middle of their conversation, the two quickly arrived at Princess Wenqi's palace.

When they arrived, Princess Wenqi was standing with her hands behind her back as usual. As she saw Yang Chen approaching, she opened her red lips and calmly said, "You're here!"

Yang Chen respectfully bowed: "I pay my respects to Senior Wenqi!"

Princess Wenqi's red lips opened slightly as she said indifferently, "Yang Chen, your defeat of Fairy Moon Fu has spread widely. By now, there's probably no one in the entire Taiyuan Star System who doesn't know about it. You have indeed brought honor to our Shenyue Sect, well done."

"It is my duty to do so." Yang Chen didn't really want to be famous, but now that he was famous, there was nothing he could do about it.

"However, your current situation doesn't bring you much benefit." Princess Wenqi suddenly changed the subject.

Yang Chen couldn't help but feel puzzled: "What does Senior Wenqi mean by this...?"

Princess Wenqi explained, "I told you before that even if you return this time, you won't be able to find peace. You should remember the reason, and I think you can guess some of it."

"The reason?" Yang Chen frowned, "Is it because of the Spirit Separation Ancestor?"

Princess Wenqi's expression remained unchanged: "That's right, Yang Chen. Although our Shenyue Sect has protected you, it doesn't mean that Spirit Separation Ancestor will completely give up on you. You killed his brother and humiliated him, and during my last encounter with him and my senior brother, it was obvious that he harbored resentment against you. Despite the interference from the Grand Abyss Palace Master, the attitude of the Grand Abyss Palace is clearly more inclined towards the Spirit Separation Ancestor. Do you understand what I mean by saying this?"

"The Grand Abyss Palace has not decided to let Yang Chen go yet. What do they want to do to Yang Chen?" Ji Yue Shuang's eyes widened.

Yang Chen's expression turned serious: "So Senior Wenqi means that the Grand Abyss Palace has tacitly allowed the actions of Spirit Separation Ancestor?"

Princess Wenqi glanced at her disciple and then at Yang Chen, shaking her head helplessly: "Shuang'er, I'll be at ease when you can view things like Yang Chen does."

"What's the difference between what Yang Chen said and what I did?" Ji Yue Shuang pouted, obviously unconvinced.

"The difference is significant. The Grand Abyss Palace's current attitude is ambiguous. They don't intend to confront the Shenyue Sect outright, but they are not reprimanding or restraining the actions of Spirit Separation Ancestor. In other words, they are not openly competing with the Shenyue Sect but are planning to undermine us." Princess Wenqi explained, "If they really resort to underhanded tactics, even if Yang Chen dies one day, our Shenyue Sect will be powerless, and we won't be able to blame the Grand Abyss Palace."

"The Grand Abyss Palace is just too despicable." Ji Yue Shuang looked disbelieving.

"If our Shenyue Sect were in their shoes, we would do the same. We can't afford to make an enemy of our own people, so it's better to remove the threat as soon as possible. Yang Chen, the better you perform, the more the Grand Abyss Palace will want to eliminate you! You should be clear about this," said Princess Wenqi.

Yang Chen's expression was solemn, as he naturally understood the horror in her words.

The Grand Abyss Palace's open hostility was terrifying, but their secretive actions were even worse.

If the Grand Abyss Palace decided to deal with him covertly, they would secretly attack him from time to time, which would cause him endless trouble.

However, Yang Chen could see it clearly: "Senior Wenqi came to see me this time, she must have something other than telling me these things, right?"

"You're quite clever. Indeed, now that you're part of the Shenyue Sect, I naturally can't let you sit back and just wait for the Grand Abyss Palace to target you." Princess Wenqi smiled sweetly.

Ji Yue Shuang asked with concern, "Master, do you have a solution?"

"Of course, there's a solution, but it will be somewhat challenging," said Princess Wenqi.

Yang Chen smiled and said, "The Grand Abyss Palace still hasn't given up on targeting me. I understand that. If I can improve my current situation, even if it's as difficult as climbing to the heavens, I'm more than willing to try."

Princess Wenqi said, "The best way is for you to move around, travel to various places to confront the Alien Tribes, and accumulate merit. Doing so can alleviate your current crisis."

"Master, do you still want Yang Chen to leave the Shenyue Sect? Isn't that harming Yang Chen? The Grand Abyss Palace was originally planning to cause trouble for Yang Chen." Ji Yue Shuang pouted.

"Do you think only you care about Yang Chen? Use your brain a little. Can Yang Chen stay in the Shenyue Sect for a lifetime? This method is nothing but a last resort, waiting for death. It even gives Spirit Separation Ancestor more time to prepare. Yang Chen will inevitably encounter problems if he stays in the Shenyue Sect unless he remains here for his entire life," said Princess Wenqi.

"But if he frequently leaves the Taiyuan Star System, won't it give the Grand Abyss Palace an opportunity?" Ji Yue Shuang didn't understand.

Yang Chen didn't speak, but he knew that Princess Wenqi's approach was definitely not that simple.

Ji Yue Shuang didn't understand Princess Wenqi's methods, but there must be a reason behind Princess Wenqi's brilliance.

"Even if the Spirit Separation Ancestor wants to, the Grand Abyss Palace wouldn't allow him to target a powerful person who is fighting against Alien Tribes. This is the bottom line of the Three Great Factions, as well as the Grand Abyss Palace, the Shenyue Sect, and Heavenly Melody Mountain. Anyone who dares to confront Alien Tribes on the front lines and contribute to humanity is worthy of respect. Therefore, as long as Yang Chen is fighting against Alien Tribes, even if the Spirit Separation Ancestor intends to target him, the Grand Abyss Palace won't support it," said Princess Wenqi.

"Senior Wenqi wants me to confront the Alien Tribes and avoid the malicious intentions of the Grand Abyss Palace?" Yang Chen asked.

"Exactly, it's by fighting the Alien Tribes that you can gain the common merit of the Three Great Factions. Whether you are trying to avoid the Grand Abyss Palace's plots or gain a better position in the Shenyue Sect, merit is the best choice. Moreover, the most critical point is that if your merit is high enough, you can practically obtain an immunity token, making it so that even the Grand Abyss Palace won't dare to touch you. This kind of deterrent against you is absolute. If they touch you, they'll be going against both Heavenly Melody Mountain and our Shenyue Sect," said Princess Wenqi.

Yang Chen curiously asked, "How high does my merit need to be to make the Grand Abyss Palace afraid to touch me?"

Being able to make both Heavenly Melody Mountain and the Shenyue Sect protect him sounded very tempting.

"There are three levels of unified merit in our Human Universe. First, Protector Emperor Lord. Second, Heavenly Defender. And third, the Eternal Human Emperor!"

Chapter 3269 Earth Spirit Hall_1

Yang Chen was naturally confused about these merits and had no understanding of them, so he listened quietly.

Even Ji Yue Shuang had no idea about this and was completely puzzled.

"Among them, the title of Protector Emperor is the simplest to obtain among the three major merits, followed by Heavenly Defender, and then Eternal Human Emperor. As for the Eternal Human Emperor, the merit required is so vast that there has not been a true Human Emperor in two eras," Princess Wenqi said.

Yang Chen was stunned: "Is it that difficult?"

What was the concept of two eras? No one had achieved this achievement in two eras, so no one could have any confidence.

"Do you think it's that simple? The first two titles may be achievable, but the title of Eternal Human Emperor is extremely special, even involving the guidance of the entire human race. It is too far away for you, and almost impossible," Princess Wenqi explained.

Yang Chen nodded. Since Princess Wenqi thought it was unlikely for him, it was indeed too early to think about these things with his current realm.

"As for Heavenly Defender, it is also quite difficult for you," Princess Wenqi said, "You only need to obtain the title of merit as the Protector Emperor, and the Grand Abyss Palace would not dare to have any intentions against you!"

"Is it easy to obtain the title of Protector Emperor?" Yang Chen asked in confusion.

Princess Wenqi chuckled: "How could it be? Before the Protector Emperor, there are ten merit grades, ranging from first-level merit to tenth-level merit. To become a Protector Emperor, one must at least obtain the title of tenth-level merit. To be honest with you, even I only have a tenth-level title now, and haven't achieved the merit of becoming a Protector Emperor yet."

"Master, if you haven't achieved it, isn't it even more difficult for Yang Chen?" Ji Yue Shuang's mouth opened slightly in surprise.

Yang Chen also frowned.

Princess Wenqi laughed lightly: "Don't misunderstand, I haven't obtained the title of Protector Emperor, purely because I haven't had more time to devote to fighting against the alien tribes. Instead, I have been guarding the Divine Night Sect. Of course, it's not easy to obtain the title of Protector Emperor. Even a Heavenly Fate Realm expert would struggle to get it, even after fighting against alien tribes for hundreds of thousands of years."

"Is it that difficult?" Yang Chen was equally astonished.

"Killing alien tribes is no easy feat. Alien cultivators are far more cunning than humans can imagine. Moreover, the various universes are currently in chaos, so it's already challenging enough just to survive in the fights against alien tribes, let alone earning merits. Even in the Divine Night Sect, there have only been a dozen or so Heavenly Fate Realm experts who have managed to obtain the title of Protector Emperor over countless years," Princess Wenqi explained, her gaze settling calmly on Yang Chen.

She wanted to see Yang Chen's reaction.

However, Yang Chen didn't show any fluctuation in emotions, but Ji Yue Shuang exclaimed: "Master, if it's so difficult for those in the Heavenly Fate Realm, wouldn't it be even more dangerous for Yang Chen, who is only in the Heaven-separated Realm? How can he do this?"

Princess Wenqi said solemnly: "At the Divine Night Sect, we don't fear fighting against alien tribes. If there are such people, no matter how talented they are, the Divine Night Sect wouldn't be interested in them. Yang Chen, the path of fighting against alien tribes is indeed arduous and fraught with danger, but it is the fundamental duty of the Divine Night Sect. If no one is willing to fight against the alien tribes, the human race's universe would have been in chaos long ago. Moreover, if you want to secure your safety, earning merit is inevitable."

Yang Chen said: "This junior understands. I will fight against the alien tribes."

Princess Wenqi smiled: "I'm glad you've made the decision. Even if you don't achieve the title of Protector Emperor, as long as you can achieve eighth, ninth, or tenth-level merit, the Grand Abyss Palace will have to think twice before acting against you. The higher the level of merit, the more it represents the person's merits in fighting against alien tribes. Even those in the same realm have to bow their heads respectfully when they see you, to show their attitude. However, compared to that, the title of Protector Emperor is more reliable."

"This junior understands," Yang Chen said.

"Alright, how you proceed from now on depends on your own decision. Whether you decide to fight against alien tribes or stay within the Divine Night Sect, it's all up to you. I'm just giving you a reminder," Princess Wenqi said, "You two may leave now."

Upon hearing this, Yang Chen nodded, and he and Ji Yue Shuang left together.

"Yang Chen, what are you planning to do? Are you really going to fight against the alien tribes?" Ji Yue Shuang asked.

Yang Chen responded with a light hum. He would fight against the alien tribes, but he had his own plans and didn't need to rush now.

Thinking about it, Yang Chen couldn't help but ask another question: "Xiao Shuang, how is the merit calculated? There should be rewards for taking on tasks within the Divine Night Sect."

"Of course there is," Ji Yue Shuang replied.

"Then why didn't you mention the rewards last time when I took the task?" Yang Chen asked in confusion.

Ji Yue Shuang said awkwardly: "At that time, you were not yet a member of the Divine Night Sect, and all your merit rewards were taken by my master because you two had a deal."

Upon hearing this, Yang Chen understood: "So that's how it is."

"If you really think it's inappropriate, I can ask my master for it," Ji Yue Shuang giggled.

Yang Chen shook his head helplessly: "No need."

Since it was a deal, he couldn't ask for it now.

"So, I can just take tasks within the Divine Night Sect?" Yang Chen asked, looking puzzled.

Ji Yue Shuang knew more about it than Yang Chen, as she said: "In theory, that's the case, but it's not the same. Even the highest-ranked A-level tasks within the Divine Night Sect only offer low merit rewards. These tasks are meant to deal with emergencies and important events, but they aren't really under the control of the Divine Night Sect."

"Who's in charge then?" Yang Chen asked in confusion.

"The Earth Spirit Hall is in charge," Ji Yue Shuang said.

"Earth Spirit Hall?" Yang Chen looked astonished: "What kind of place is that?"

"Earth Spirit Hall was jointly built by the Three Great Factions and various major and minor forces in the Ten Thousand Realms. Since merit is a sensitive matter, all forces need to be involved to make it legitimate. As a result, the Divine Night Sect, Heavenly Melody Mountain, and the Grand Abyss Palace, even if they deal with alien tribes to some extent, don't offer much merit," Ji Yue Shuang said.

"So, are you saying that all races of the Three Great Factions and the Ten Thousand Realms can go to the Earth Spirit Hall?" Yang Chen asked.

Ji Yue Shuang replied: "Yes, that's the case. Everyone can go to the Earth Spirit Hall as long as they wish. However, each year our Divine Night Sect invests far more manpower in fighting against alien tribes in the Earth Spirit Hall than the Heavenly Melody Mountain and the Grand Abyss Palace. Those two factions only make a token effort and have never really intended to get involved in these matters. In their eyes, fighting against foreign races is the Divine Night Sect's responsibility."

As she spoke, Ji Yue Shuang became so angry that her teeth itched.

Yang Chen could see Ji Yue Shuang's anger, and he couldn't help but laugh: "Isn't the Earth Spirit Hall in the Taiyuan Star System? I have a fair understanding of the Taiyuan Star System, but I have never heard of it before."

Chapter 3270 No Merit Grade_1

Ji Yueshuang's lips parted slightly, as she patiently explained to the puzzled Yang Chen, "Of course not, the location of the Ancient Divine Realm is far away from the Taiyuan Star System, situated at the core of our Human Universe, It is also the critical point where conflicts with various Alien Tribes are most intense. The tasks in the Earth Spirit Hall are not necessarily more difficult than those in the Divine Night Sect, but the dangers are definitely greater."

Yang Chen gradually understood, "In that case, to get more merits, I have to go to the Earth Spirit Hall."

"That's right. The merits obtained within the Divine Night Sect are truly negligible. Many efforts are not as practical as going to the Earth Spirit Hall once. Otherwise, my master would not have been unable to become a Protector Emperor Lord. Real merits still have to be obtained from the Earth Spirit Hall, but what are we fighting against there? Netherworld, Spirit God Race, Ruthless Beast Race, endless Alien Tribes. Just thinking about it is terrifying. With my current cultivation level, even if I want to go, my master would never agree." Ji Yueshuang pouted as she spoke.

Yang Chen couldn't help but chuckle, as he and Ji Yueshuang were different, having no choice in some matters.

Merits...

Merits could determine many things, as he had known when he was in the Lingnan Two Realms.

This merit system wouldn't be that different, killing more enemies naturally justified getting more respect.

"I wonder if I can bring Zhang Xuelian back after becoming a Protector Emperor Lord while also protecting my life..." Yang Chen couldn't help but think.

Regardless, merits were now something he had to obtain.

"I'm going to take on some relatively simple tasks now, accumulating some merits. Miss Ji, please return, as I can go by myself. There's no need to trouble Miss Ji," said Yang Chen.

"What are you being polite for? I'll go with you," Ji Yueshuang clapped her hands and decided to accompany Yang Chen.

Yang Chen felt grateful. Since he had known Ji Yueshuang, she had indeed helped him a lot.

When they arrived, they found themselves in front of Lu Zhen and Ye Li.

Lu Zhen and Ye Li both grinned when they saw Yang Chen and Ji Yueshuang approaching, "Junior Brother Yang Chen, Junior Sister Shuang, what tasks do you want to take this time?"

Ji Yueshuang laughed, "Yang Chen has joined the sect, so please issue him an Earth Spirit Badge for accumulating merits in the future."

"No problem." Lu Zhen and Ye Li had a close relationship with Ji Yueshuang, and as they spoke, they took out a token.

When the token was handed out, Lu Zhen laughed, "Brother Yang Chen, just drip your Essence Blood into it, and then it's yours. From now on, you can be aware of your merits and merit grade by communicating with your soul."

Yang Chen nodded, took the token and dripped his Essence Blood into it.

Once his soul made contact, the result appeared as expected.

"Jiyu Essence, zero."

"Merit Grade, none."

Yang Chen was puzzled, "What is this Jiyu Essence for?"

Lu Zhen smiled, "Jiyu Essence is a kind of essence substance found in the universe, and can even be regarded as the universal currency of the universe. It's very rare. Generally, it's rewarded for tasks completed within the sect or Earth Spirit Hall. And if you want to upgrade your merit grade, you'll need Jiyu Essence. There's another space in the badge, so if Brother Yang Chen acquires Jiyu Essence in the future, you can store it directly in the badge."

"There are many uses for Jiyu Essence, Brother Yang Chen will find out later."

"How many Jiyu Essences do I need to upgrade to the first merit level?" Yang Chen asked.

"One thousand Jiyu Essences are required," Ye Li said from the side.

Yang Chen suddenly understood, and couldn't help but twitch his mouth. He thought that he would at least be at the first merit level, but it turned out that without Jiyu Essence, he couldn't even be considered a level one merit holder.

"Brother Yang Chen, quite a few tasks have come in recently. Which one do you want to take?" Lu Zhen asked. "A-Class, I presume." Yang Chen said with his hands behind his back.

Lu Zhen shuddered, thinking that Yang Chen really didn't hold back, going straight for an A-Class task. However, only Yang Chen had the guts to do this; if it were someone else, they probably wouldn't dare to take on such work.

"Well, we don't have any A-Class tasks right now, but if Brother Yang Chen wants a B-Class task, we have plenty of those," Lu Zhen said with a wry smile.

Seeing that there were no A-Class tasks, Yang Chen was somewhat disappointed, but he wasn't too worried about it: "Then, let's go with a B-Class task."

Lu Zhen and Ye Li couldn't help but laugh, as Yang Chen seemed to be settling for second best by taking on a B-Class task. Only Yang Chen had the ability to act like this.

"All the tasks are here. Brother Yang Chen, feel free to read through them," Lu Zhen said, gently tapping his hand and producing a few light spheres in front of Yang Chen.

Yang Chen's soul covered the light spheres, scanning through them quickly to get a detailed understanding of the task steps.

"Hmm, I got it. I'll take this one first," Yang Chen casually picked one. A B-Class task wasn't particularly difficult for him.

"No problem," Lu Zhen helped Yang Chen with the paperwork.

After Yang Chen took the task, he and Ji Yueshuang left, preparing for their next plan.

Instead of hurrying to complete the task, Yang Chen asked Ji Yueshuang about many things related to merit on the way back.

Without a doubt, A-Class tasks were the ones that rewarded the most Jiyu Essence, but A-Class tasks were too scarce, barely encountered, and even if there were any, no one had the ability to complete them.

Apart from A-Class tasks, there were B-Class tasks, but the Jiyu Essence rewarded for B-Class tasks was far less than that of A-Class tasks, and it was even more different compared to the tasks at the Earth Spirit Hall.

Yang Chen's original intention was to accumulate some Jiyu Essence first and then head to the Earth Spirit Hall. Although he had confidence now, many aspects still needed to be settled down. The battlefield changed constantly, and he had experienced this first hand on his journey from the Lingnan Two Realms. It was essential not to act rashly.

As a result, he asked Ji Yueshuang many questions about Jiyu Essence.

There wasn't just one method to collect Jiyu Essence. It could also be traded with other powerful ones in exchange for Jiyu Essence.

In the entire Taiyuan Star System, there was a unified market called the Longxiao Market, founded by a force called Dragon Roar Palace, separate from the Three Great Factions.

Aside from the Three Great Factions, there were countless human forces in the Ten Thousand Realms, and Dragon Roar Palace was considered one of the more potent ones. However, Dragon Roar Palace's main focus was business, rather than cultivation. It was rumored that their Chamber of Commerce had a presence in all the Ten Thousand Realms.

As a result, the Three Great Factions also gave Dragon Roar Palace some face. The Chamber of Commerce system of the Taiyuan Star System had always been dominated by Dragon Roar Palace, and the Three Great Factions, in the interest of fairness, didn't interfere. Instead, they happily cooperated with Dragon Roar Palace.

The Longxiao Market was the largest market in the Taiyuan Star System, with countless treasures being sold inside. Innumerable people from the Outer Domain Star Systems came to the Longxiao Market, and even Heaven-appointed Realm experts could be found there.

Naturally, Yang Chen set his sights on the Longxiao Market.

He had racked up countless treasures on his way here, including one King Divine Tool after another and even several Emperor Divine Tools.

Yang Chen planned to keep some King Divine Tools and Emperor Divine Tools for the Slaughter God Spear and Heaven Scourge Ancient Qin to devour, and the rest, he intended to sell at the Longxiao Market in exchange for Jiyu Essence and Taiyuan Pills.

Taiyuan Pills were the universal currency that the entire human force fretted over.

Jiyu Essence was the currency of the vast Universe Starry Sky.

Although the value of Taiyuan Pills was not as high as Jiyu Essence, its popularity was greater than Jiyu Essence.

After all, only a few people really went to confront the Earth Spirit Hall and the Alien Tribes. Even if they did, they might never return, which was quite common.
