

Supreme MK 3461

Chapter 3461 - Release Them? No!_1

When Yang Chen first said this, many people thought he was crazy.

After all, no matter how great you, Yang Chen, are, even if you are at the late stage of the Heaven-appointed Realm and infinitely close to the Daozu, you are still only in the Heaven-appointed realm.

Compared with the Daozu, you are still a level lower.

Not to mention, Yang Chen is only at the mid-stage of the Heaven-appointed Realm.

Nowadays, he even dared to have Spirit Different Taoist Ancestor to correct his tone in speaking with him, and he was so confident that anyone would think Yang Chen had a problem with his brain.

Even Princess Wen Qi and White Browed Taoist Ancestor were shaking with anger.

But when they really saw the thing held in Yang Chen's hand, they found out that Yang Chen's confidence was not groundless.

Because on that token, there were six big characters.

Protector Emperor!

Yang Chen!

The Protector Emperor's token is absolutely impossible to fake, and it is also impossible to borrow. Because each Protector's token is engraved with the exclusive name of the person, proving their unparalleled contribution to humans and their unique status.

Just as the tokens of the Protector Emperor were displayed, the whole scene was instantly silent, and there was no more sound.

Every powerful one had difficulty accepting the reality in front of them.

"Protector... Protector Emperor!"

"How is this possible, this!"

Princess Wen Qi and White Browed Taoist Ancestor both had their pupils contracted, surprised and delighted.

Princess Wen Qi slapped her head, "I should have thought that Yang Chen's return this time was so confident, he must have obtained the title of Protector Emperor, but I never dared to imagine that he would have achieved it in decades."

White Browed Taoist Ancestor sighed, "Unbelievable, unbelievable. I never expected that our Divine Night Sect would have such a young Protector Emperor."

The status of Protector Emperor is unique.

At least now that Yang Chen is holding this token, Spirit Different Taoist Ancestor, who was just arrogantly speaking a moment ago, has completely lost his voice.

Yang Chen, while holding out this token, also looked around with sharp eyes.

"You should recognize this token. If you do, is this the way you treat me?" Yang Chen said in a deep voice.

A group of Heaven-appointed Realm, and Heavenly-separated Realm experts from the Grand Abyss Palace had to grit their teeth and recite, "Greetings, Emperor Yang Chen!"

If they didn't pay their respects to Yang Chen, the Protector Emperor, Yang Chen would even have the right to kill them!

Only Daozu experts can be on equal footing with the Protector Emperor.

That's why Spirit Different Taoist Ancestor didn't call out Emperor Yang Chen. But invisibly, his killing intent and anger had converged a lot.

"Yang Chen!"

Spirit Different Taoist Ancestor could only be angry in his heart, but could not show it on his face.

He knew that if he showed it on his face, the one who would ultimately be wronged would be him.

Yang Chen looked at Spirit Different Taoist Ancestor's hidden resentment, and felt a lot more comfortable in his heart. The anger that had been pent up for so many years was finally released today.

This was also part of his plan from the beginning.

Only the people of Grand Abyss Palace would do such a shameless thing as catching the small to get the big.

He traced the clues one by one, wanting to dig out Spirit Different Daozu and humiliate him severely.

Now, Yang Chen sarcastically said, "Spirit Different Daozu, Xuanyang Palace Master, what's up? You are so eager to mobilize the troops, bring so many people, and come to our Divine Night Sect. Are you dissatisfied with me, Yang Mou? Or is it that you think there is a problem with my new status as Protector Emperor?"

Xuanyang Palace Master took another deep look at the token in Yang Chen's hand and said, "Yang Chen, my friend, you have misunderstood. With your massive contributions to humanity, we can't possibly have any ill intentions towards you.

We just came here today to check on the welfare of several disciples who were our guests at the Divine Night Sect. Since it has been confirmed, we will not stay any longer, and we will leave first."

Seeing Xuanyang Palace Master speaking so politely, everyone couldn't help but gasp for cold air.

Spirit Different Taoist Ancestor was unwilling but could not show it, biting his teeth, "Palace Master, now that you're leaving what about my men."

The look in Xuanyang Palace Master's eyes signaled Spirit Different Taoist Ancestor not to pursue the matter further.

But how could Spirit Different Taoist Ancestor afford to lose face? He immediately said, "Yang Chen, please release my men."

"Release them? Spirit Different Taoist Ancestor, what are you thinking?" Yang Chen said, "Honestly, I really look down on you, Spirit Different Taoist Ancestor."

Being humiliated by Yang Chen like this, Spirit Different Daozu's expression was furious, and he angrily said, "Yang Chen, what do you mean?"

Yang Chen may be a Protector Emperor, but Spirit Different Daozu's status is equal to Yang Chen's.

Yang Chen said, "I've said it before, you only dare to bully your own people. Would you dare to go to the battlefield and be arrogant with the Alien Tribes? You wouldn't. When I, Yang Chen, was at the Earth Spirit Hall, I fought with the Ghost Ancestor of the Netherworld and even escaped death several times. The title of Protector Emperor was earned by slaying countless powerful ones, and you, Spirit Different Taoist Ancestor, how many Alien Tribes have you killed?"

Spirit Different Taoist Ancestor was questioned by Yang Chen like this, and couldn't fight back because he didn't know where to start.

Yang Chen's words pierced his heart, and he was unable to respond.

Yang Chen said, "With the time and energy you have, you arrange powerful ones to deal with me, but you never think about arranging and training these powerful ones to fight against the Alien Tribes. That's the reason I look down on you."

"Yang Chen, measuring a person isn't based on how much they fight against Alien Tribes," Spirit Different Taoist Ancestor said angrily.

Yang Chen sneered, "Indeed, fighting against Alien Tribes is not the standard for judging a person. But if you don't fight against Alien Tribes, and aim your spear at your family, leading a large group of people to show off your power in front of your own people, should I look up to them?"

"You." Spirit Different Taoist Ancestor wished he could kill Yang Chen right now, this Yang Chen was clearly scolding him.

He knew that today, his face as Spirit Different Taoist Ancestor had been completely lost.

Seeing Spirit Different Daozu at a disadvantage, Xuanyang Palace Master, worried that Spirit Different Daozu would do anything impulsive, said, "Yang Chen, today's incident is our fault for being impulsive. But please, release Snow Eagle King and King Mu Tian."

"No." Yang Chen's expression was cold.

He had never been so aggressive before, but today, he had to push for once.

Xuanyang Palace Master's expression was unhappy. Everyone should give each other face, and he wondered what Yang Chen wanted to do.

Yang Chen slowly said, "This Gu Zhuicheng once tried to capture my disciple and take her to the Grand Abyss Palace. He also said that all of this was arranged by the people above him. So naturally, the people above him are Snow Eagle King and King Mu Tian. Or are you saying that you, Spirit Different Daozu, are the one who orchestrated this?"

Of course, Spirit Different Daozu would not admit that he was the one who orchestrated it. He wouldn't admit anything now, and he stubbornly said, "Yang Chen, don't slander. You need evidence to accuse someone. What evidence do you have that Gu Zhuicheng tried to hurt your disciple?"

"What, are you questioning my words?" Yang Chen asked emotionlessly. "Let me tell you, the words I say today are evidence. The contribution I, Yang Chen, have made to mankind with over a billion Jiyu Essences is proof!"

Chapter 3462 - Investigate Thoroughly_1

This statement seemed unreasonable, but when it came out of Yang Chen's mouth, a Protector Emperor, it became absolute truth.

A man who fought countless battles for humans and performed meritorious deeds. You say he is lying?

Ridiculous.

Spirit Separation Ancestor clenched his teeth in anger and couldn't wait to fight against Yang Chen here and now.

But he dared not!

Even if Yang Chen had reached the Heaven-appointed Realm cultivation level, he dared not.

Yang Chen was making things difficult for him and pushing his boundaries as a Protector Emperor.

But Spirit Separation Ancestor had no choice. He wanted to become a Protector Emperor, but he could not. If he had the ability and the courage, he would have tried in the Earth Spirit Hall instead.

In reality, it's easier to attain the status of a Protector Emperor in the Heaven-appointed Realm than in the Heavenly Extreme Realm.

In the Heavenly Extreme Realm, it's very difficult to kill cultivators of the same level. And it's even more difficult to kill those not on the same level.

Each move made by the Heavenly Extreme Realm Daoist Ancestor attracts careful observation from the Alien Tribes' Heavenly Extreme Realm powerhouses. They would never let their juniors suffer from the enemy's hands.

That's why Spirit Separation Ancestor didn't dare to say anything despite Yang Chen's provocation.

Indeed, he couldn't do it.

Seeing the atmosphere tense, Xuanyang Palace Master quickly tried to mediate: "Brother Yang Chen, you indeed would not lie considering your status. However, there must be some misunderstandings in this matter."

Yang Chen was speaking in an intimidating tone, pointing directly at Spirit Separation Ancestor, and Xuanyang Palace Master was trying to persuade him?

Although he had no grievances with Xuanyang Palace Master, the latter had chosen to turn a blind eye when Spirit Separation Ancestor did such things to him back then.

Yang Chen said coldly, "Xuanyang Palace Master, let me ask you, when countless powerful beings from your Taiyuan Palace hunted me down years ago, including four Heavenly Fate Realm World Stage masters, were there any misunderstandings?"

Xuanyang Palace Master was afraid that Yang Chen would trace back to that event.

At that time, it seemed as if they were in the wrong, wrongfully hunting Yang Chen, who had killed Mo Wanchou, who had provoked him. It was just that Taiyuan Palace took advantage of Yang Chen at the time, arranging a large group of powerful beings to hunt him down, intending to eliminate him as a young seedling before he got too strong.

But who could have thought that Yang Chen would have grown to this extent today?

"Yang Chen, that, that was when... you hadn't achieved the status of a Protector Emperor yet. There might have been misunderstandings, and our Taiyuan Palace might have been a bit too aggressive, but that's normal, right?" Xuanyang Palace Master tried to appease with a smile.

Yang Chen said, "Xuanyang Palace Master, you make sense, I was indeed not a Protector Emperor back then. However, as far as I know, no one knew about my status as a Protector Emperor before you guys targeted my disciple. Who can guarantee that your Taiyuan Palace won't be as aggressive towards my disciple and me as you were before?"

Xuanyang Palace Master hesitated slightly, unable to refute.

Spirit Separation Ancestor said fiercely, "Yang Chen, are you determined to oppose our Grand Abyss Palace?"

"Spirit Separation Ancestor, don't misunderstand, if I'm opposing anyone, it's you. You don't represent the Grand Abyss Palace, of course, if the Grand Abyss Palace chooses to let you represent them, then I, Yang Mou, will accept that. Some people inside your Taiyuan Palace know very well what they have done and whether they have ulterior motives against me!"

Yang Chen slowly said, "Gu Zhuicheng, King of Snow Eagles, Mu Tianwang, I captured them to conduct a thorough investigation. What do you people hiding in the dark really want to do to me? Indeed, I have no evidence right now, but it doesn't mean I can't find it. If I do find it, everyone here should know the consequences of having ill intentions towards a Protector Emperor!"

Hearing this, Princess Wenqi and White Eyebrow Ancestor finally understood Yang Chen's intentions.

It's no wonder that Yang Chen captured the suspects one by one, first Gu Zhuicheng, then the King of Snow Eagles, followed by Mu Tianwang.

From beginning to end, Yang Chen's purpose for holding them captive was this.

To investigate and gather evidence!

If it is found that someone had ill intentions towards a powerful Protector Emperor, even if they were a Daoist Ancestor, they would not escape unscathed.

Princess Wenqi's heart blossomed with joy, secretly admiring Yang Chen's strategy.

If Spirit Separation Ancestor had admitted earlier that he had done it, things would have been fine. After all, Yang Chen had already revealed his status as a Protector Emperor. In a worse-case scenario, Spirit Separation Ancestor would suffer some loss of face, and nobody would really bother a Daoist Ancestor.

But things were different now. If the truth comes out, there would be solid evidence that Spirit Separation Ancestor targeted a Protector Emperor.

Spirit Separation Ancestor's face changed slightly as he realized Yang Chen's ambition.

"Yang Chen!" Spirit Separation Ancestor shuddered. He thought Yang Chen's early exposure of his fierce fangs would lead him to the abyss, but he didn't realize that Yang Chen had set a terrifying trap from the beginning.

Now, even Xuanyang Palace Master's face turned cold, realizing that it would be difficult to end things now.

All he could do was say, "Yang Chen, my friend, we shall take our leave for now."

The only thought in Spirit Separation Ancestor's mind was to leave this place as soon as possible.

Just now, he thought that he could receive some benefits from Yang Chen, but instead, he was met with Yang Chen's even more fierce counterattack. Even he, a Daoist Ancestor, began to feel fear.

As the Grand Abyss Palace's powerful beings left, everyone from the Shenyue Sect who were secretly watching couldn't help but cheer.

"Hahaha, so good!"

Princess Wenqi and White Eyebrow Ancestor couldn't help but speak up, "Yang Chen, our Shenyue Sect hasn't had such a gratifying victory in the confrontation with the Grand Abyss Palace for a long time."

Just because they had tolerated Taiyuan Palace didn't mean they didn't have grievances in their hearts.

But Taiyuan Palace could act willfully, while they could not.

Now things were different. No matter how willful Taiyuan Palace was, they had to abide by the rules that humans had set down for countless years.

"Yang Chen, you've been keeping your true identity from me for so long. I thought you came back so soon because you hadn't actually attained the status of Protector Emperor yet. I never imagined that you're already a Protector Emperor. How did you achieve this?" asked Princess Wenqi, her mouth agape in surprise.

Seeing the two Heavenly Extreme Realm Daoist Ancestors appearing, Yang Chen said, "There's a long story behind that. I happen to have some gifts for everyone here. Why don't we discuss this further?"

"Haha, sure, you've shaken the four directions with your actions today. I'll gather all the Heavenly Extreme Realm cultivators in the Shenyue Sect, and we'll talk about what happened. It's been a long time since our Shenyue Sect had a Protector Emperor. Hahaha!" White Eyebrow Ancestor laughed heartily.

As for the gifts mentioned by Yang Chen, they didn't pay too much attention, because for them, Yang Chen's intimidation of Spirit Separation Ancestor, scaring him into silence, was already a very rare gift.

Chapter 3463 - Yang Chen's Gift_1

Princess Wenqi and White Eyebrow Ancestor now looked at Yang Chen more favorably. The two of them, along with Yang Chen, directly went to the Divine Night Sect's Palace of the Round Moon.

The Palace of the Round Moon, as the highest conference hall of the Divine Night Sect, was usually only accessible to the Heavenly Fate Realm Experts of the sect.

Now, Princess Wenqi and White Eyebrow Ancestor urgently gathered numerous powerful people in the Palace of the Round Moon.

These powerful people naturally did not drag their feet or delay. After all, they might not have appeared in person, but they had seen Yang Chen's performance clearly through their soul.

The identity of Yang Chen as the Protector Emperor had already become clear to many people. Even those divine night sect ancestors who had always been closed off in seclusion were disturbed by this and had no choice but to show up.

It didn't take long for a group of powerful people to gather in the Palace of the Round Moon.

In just three short days, all the powerful ones had gathered in the Palace of the Round Moon.

Yang Chen, along with Princess Wenqi and White Eyebrow Ancestor, had been waiting here for a long time.

In the entire Palace of the Round Moon, more than twenty powerful experts of the Destiny Realm had gathered. As for Daoist Ancestor experts, including Princess Wenqi and White Eyebrow Ancestor, there were as many as six.

The first time he came here, there were only five. Unexpectedly, the Divine Night Sect still had hidden masters, as many as six in the Heavenly Extreme Realm.

Such combat power was truly astonishing. It seemed that it was a good thing that he did not go deep into the Netherworld at that time. Otherwise, the combat power of the Heavenly Extreme Realm within would have been enough to kill him at any time.

The five Daoist ancestors he saw in the Earth Spirit Hall were not all of them. There were also those who were hidden or out on missions. However, there were six Sky-limiting Realms within a single Divine Night Sect in the Taiyuan Star System. What about the Grand Abyss Palace and Heavenly Melody Mountain combined?

There wouldn't be fewer human Heavenly Extreme Realm Daoist ancestors.

Nowadays, all the powerful people were looking at Yang Chen with great satisfaction.

Among them, there were familiar people like Gu Jianchou.

Gu Jianchou had already reached the Destiny Realm Late-stage with the help of the Seven-colored Colored Glaze Mine given by Yang Chen. Now, seeing Yang Chen, he greeted with a smile, "Yang Chen, long time no see, I never thought that your cultivation level has changed so greatly. Haha, by the way, I owe this progress to you, as I have barely entered the Destiny Realm Late-stage."

Not only Gu Jianchou, but many other powerful people in the Heaven-separated Realm Mid-stage also owed a favor to Yang Chen. Now that Yang Chen had attained the status of Protector Emperor, they couldn't help but find Yang Chen to talk and ask about his well-being.

They knew that establishing a relationship with Yang Chen was a win-win situation for them, as they had seen clearly Yang Chen's strength today. He had the ability to change the mindset of Ling Bie Daoist Ancestor and Xuanyang Palace Master, making them speechless.

Ye Fengyi was the only one sitting on a chair, regretting it bitterly.

He had the worst relationship with Yang Chen at that time and even ridiculed him, which led to him not obtaining the Seven-colored Colored Glaze Mine and feeling depressed for a while.

Later, he comforted himself that no matter how powerful Yang Chen was, he was still only in the Heaven-separated Realm. But who would have thought that Yang Chen had transformed and returned with the cultivation level of the Destiny Realm.

The cultivation level was not the key point; the most important thing was that Yang Chen had achieved the status of Protector Emperor. That was the crux of the matter.

Ye Fengyi could only watch as the powerful people talked and asked about Yang Chen's well-being, feeling extremely jealous in his heart. However, this greeting and concern didn't last long. Lonely Mountain Ancestor who sat next to White Eyebrow Ancestor, lightly coughed.

All the powerful ones understood and quietly returned to their seats.

Lonely Mountain Ancestor then said, "Yang Chen, we just got the news, didn't expect that you had such glorious merits and battle achievements in Earth Spirit Hall. With 150 million Jiyu Essence and even obtaining the supreme treasures from various secret realms, you killed many Destiny Realm ghost kings, which truly opened our eyes."

The other powerful figures also nodded their heads, obviously having heard some news about Yang Chen.

Even though Lonely Mountain Ancestor had an ordinary impression of Yang Chen at first, he found him pleasing to the eye now.

"Yang Chen, your words today to Spirit Separation Ancestor and Xuanyang Palace Master made us all so relieved. Those people from Tai Yuan Palace usually act without restraint, but we of the Divine Night Sect generally deal with things and have no time for them. Often ignoring them, yet they insisted on getting more and more arrogant."

"It has to be like now, giving them a good lesson."

A group of Daozu all agreed.

Only Princess Wenqi worriedly said: "Yang Chen, do you really want to continue investigating as you did today?"

"Yes." Yang Chen replied, "Junior has captured Gu Zhuicheng and King of Snow Eagles, and wants to follow the vine, it shouldn't be difficult to find out more."

"Actually, these things are not secret, almost everyone can guess it was Spirit Separation Ancestor's doing. However, if you want to find out and accuse him in your capacity as Protector Emperor, the matter may get out of hand. Spirit Separation Ancestor will definitely not let you find evidence easily." Princess Wenqi said.

Yang Chen shook his head: "Is Senior Wenqi advising me to let this go if possible?"

Princess Wenqi frowned: "I'm thinking, if it's possible to settle the matter peacefully, it would be good for you and Tai Yuan Palace."

Yang Chen sighed: "But can this matter really be settled? Previously, the junior didn't retaliate against Spirit Separation Ancestor created many difficulties for the junior. Even at Earth Spirit Hall, he arranged for his disciple to try to kill the junior. All seniors may not know about this. How could I bear it?"

"Even if I bear it, will Spirit Separation just give up? That's why today, the junior is furious and wants to confront him completely. From now on, the junior will never let it go. He wants to target the junior, then the junior will find a way to fight him to the end."

White Eyebrow Ancestor nodded: "Junior Sister Wenqi, this matter is not as simple as you think. Yang Chen is doing the right thing. If he backs down, there will be no room for maneuver. He must fight. It's either life or death between him and Spirit Separation Ancestor, and there is no room for reconciliation."

"Indeed." Lonely Mountain Ancestor also lamented, "However, Yang Chen has the identity of Protector Emperor, he doesn't have to be passive. In any case, our Divine Night Sect will stand by your side, Yang Chen. Spirit Separation Ancestor has indeed gone too far recently."

Seeing that all these Daoist Ancestors clearly supported him, Yang Chen's heart warmed too.

Since these Daoist Ancestors helped him, he of course had to give back to them.

"I'm grateful for all Daoist Ancestors' concern and help. I don't know how to repay you. These things are not valuable gifts, but rather, the chances I got from all the battles in the Earth Spirit Hall. I hope all seniors will accept it," Yang Chen said.

A group of Daoist Ancestor Experts waved their sleeves, muttering that they didn't need such things.

After all, these Daoist Ancestor Experts wouldn't covet something from a junior like Yang Chen.

But when Yang Chen showed what he had, the group of Daoist Ancestor Experts could not close their eyes anymore.

Chapter 3464 - Bringing Back Zhang Xuelian_1

It was because the treasures Yang Chen brought out were all extraordinary.

Among them, the one that caught their attention the most was the six Origin Essences.

They naturally knew what this Origin Essence was, as it was a top-notch treasure taken from the Origin Land.

This treasure was extremely hard to find. Firstly, it was not known when the Forbidden Spirit Palace would open, and secondly, each piece of Origin Essence would cause a bloody storm. Countless powerful beings wanted to obtain it.

Even these Heavenly Extreme Realm powerhouses couldn't let go of their feelings for the Origin Essence.

However, even though they were very interested in the Origin Essence, it wasn't the ultimate supreme treasure that would make them overreact and display excessive expressions.

What really made them lose their composure was the large number of strong experts that Yang Chen obtained from his inner world in an instant.

Destiny Realm, Heaven-separated Realm, Great Ascension Stage, Realmless, all in vast quantities.

All of them were in soul form.

The Great Ascension Stage and Realmless could be dismissed; the Divine Night Sect wouldn't care too much. But the combat power of the Heaven-separated Realm and Destiny Realm was a different story.

Especially those ten-plus Destiny Realm soul experts, it was impossible for the group of Heavenly Extreme Realm experts not to be shocked. How many Destiny Realm experts did their entire Divine Night Sect have?

"Yang Chen, where did you get so many Destiny Realm souls?" Princess Wenqi asked in surprise.

Lonely Mountain Ancestor stroked his beard and chuckled, "Princess Wenqi, you don't know about this. These Destiny Realm souls have all been transformed by Yang Chen, my friend, using a special secret art to break the Netherworld Ghost Kings' Servitude Restriction in the Netherworld."

"What's going on?" Princess Wenqi asked in astonishment.

Lonely Mountain Ancestor chuckled, "Let me explain it to you like this: The Netherworld enslaves the souls of the dead strong experts and turns them into Ghost King forces in the Netherworld. But in fact, these Ghost King forces are just enslaved by the Servitude Restriction, unable to break free. However, Yang Chen managed to do what no one else could, successfully breaking the Servitude Restrictions of these Netherworld Ghost Kings one by one, allowing them to regain their original consciousness."

Princess Wenqi was slightly stunned. She did understand the principle to some extent, but she didn't think that Yang Chen could break the Servitude Restriction of these Ghost King experts.

"Yang Chen has such a skill." Princess Wenqi said in amazement.

White Eyebrow Ancestor curiously asked, "Brother Yang Chen, by showing these souls, you meant..."

All the Dao ancestors were puzzled, not knowing Yang Chen's intention.

Without any hesitation, Yang Chen immediately said, "All seniors have treated me well, and I have nothing else to give. I will give these Origin Essences and all these Destiny Realm soul experts to the

Divine Night Sect. In the future, I will find a suitable body for them to regain new life. However, they also swore an oath to me, pledging allegiance to the Divine Night Sect in the future and serving the Divine Night Sect's orders."

Upon hearing this, all the Heavenly Extreme Realm powerhouses couldn't help but gasp in cold air.

What a guy! This grand gift really hit them hard, and they couldn't react for a while.

Yang Chen actually gave more than ten Destiny Realm experts to the Divine Night Sect.

For the Divine Night Sect, this was a qualitative boost. How many Destiny Realm experts did their entire Divine Night Sect possess?

Moreover, most of the souls Yang Chen possessed were in the middle stage of the Destiny Realm.

"It's easy to handle the bodies, very easy to handle. In our Taiyuan Star System, there is no shortage of various demonic beast bodies. We old fellows will take care of all these bodies." Lonely Mountain Ancestor laughed and immediately patted his chest to assure.

"Thank you, seniors," Yang Chen said.

These Heavenly Extreme Realm powerhouses found it hard to refuse and gladly accepted. They now looked at Yang Chen more favorably.

Yang Chen also had no regrets in handing over these souls.

In his opinion, these things were all external objects. While these Destiny Realm souls were indeed powerful, they didn't provide great help to his actual combat.

When facing the true Heavenly Extreme Realm, he had to rely on himself, and the help these Destiny Realm souls could provide was minimal.

So instead of hoarding them in his own world meaninglessly, it was better to give them to the Divine Night Sect. The Heavenly Extreme Realm experts of the Divine Night Sect naturally had their own ways to prioritize these Destiny Realm souls.

This thought satisfied all the experts present.

Yang Chen became the favored treasure of the Divine Night Sect.

Not only did he possess the status of Protector Emperor, but the gifts he presented were also astonishing. The Heavenly Extreme Realm experts didn't put on any airs towards Yang Chen, and they really treated him as an equal.

And so, Yang Chen temporarily vanished from the Divine Night Sect.

Half a year passed in an instant.

During this half-year, Yang Chen's prestige had risen to a new peak.

Defeating Mu Tianwang in a single move and effortlessly making a name for himself.

Reprimanding Spirit Separation Ancestor and showing the status of The Protector Emperor, gaining fame in the Taiyuan Star System.

Yang Chen's name was known far and wide now, with no one not knowing of his status as a Protector Emperor, which also promoted a wave of people visiting the Earth Spirit Hall.

After all, many cultivators were passionate, and who wouldn't want to achieve the same glory and success as Yang Chen?

Especially within the Divine Night Sect, there were countless people who worshiped Yang Chen.

Over the past six months, there were also many cultivators who wanted to get close and build relationships with Yang Chen. However, Yang Chen always chose to close himself off and not meet them.

Occasionally appearing a few times, those who knew about it also knew that Yang Chen had shifted his focus to Gu Zhuicheng, Mu Tianwang, and the King of Snow Eagles.

No one knew what had happened between Yang Chen and the three of them, nor did anyone know whether Yang Chen had found any clues.

All they knew was that after half a year, Yang Chen suddenly came out of seclusion and headed to the Grand Abyss Palace.

When he left, Yang Chen had informed several Dao ancestors that he was going to the Grand Abyss Palace to get his wife, Zhang Xuelian, back.

With the identity of The Protector Emperor.

At first, Yang Chen wanted to confront Spirit Separation Ancestor with evidence. After all, he had already found out a lot of information from the mouths of Gu Zhuicheng and the other two, and it wouldn't be difficult to point the finger at Spirit Separation Ancestor by following the clues.">

However, after careful consideration, Yang Chen decided to let Spirit Separation Ancestor off for the time being.

Firstly, there was no guarantee that these charges would result in Spirit Separation Ancestor's death, and secondly, if they truly fell out, it might not be easy for him to get Zhang Xuelian back.

The Grand Abyss Palace respected the identity of the Protector Emperor, not Yang Chen himself. He knew very well that if he believed that he could act recklessly with a single token, then he would be a fool.

So, no matter what, he had to get Zhang Xuelian back first, and then plan for other things.

That was also his current goal.

Now, retrieving Zhang Xuelian was the most important task!

Chapter 3465 - Spirit King, Gold Leisure True Person_1

For Yang Chen, coming to the Grand Abyss Palace did not take too long.

Just a short day later, Yang Chen arrived at the front of the Grand Abyss Palace.

Although Yang Chen knew that the people of the Grand Abyss Palace did not like him very much, he did not intend to please the powerful people of the Grand Abyss Palace.

To him, taking Zhang Xuelian away would be enough.

Moreover, when he arrived, the powerful people of the Grand Abyss Palace had to come out and greet him personally.

As he thought, as soon as he arrived near the Grand Abyss Palace, a single person immediately aroused the strong reaction of many powerful people in the palace.

"Yang Chen is here."

"How come this little devil came again?"

"Damn it, didn't we give him enough face at the Divine Night Sect not long ago? What is he doing here in our Grand Abyss Palace?"

A group of powerful people from the Grand Abyss Palace discussed, and their emotions fluctuated greatly about Yang Chen's arrival.

After all, the impression Yang Chen left on them at the Divine Night Sect was too deep.

However, despite their unwillingness, they still had to go out and meet him, fearing that they would not do a good job and be targeted by Yang Chen.

They were very clear that even the Spirit Separation Ancestor Daozu, who was now a Daozu, was very passive in the face of Yang Chen.

A group of powerful people quickly took action, among them, there were six Heaven-appointed Realm Experts alone, and the number of Heaven-separated Realm Experts was even more countless.

At the forefront was the Heavenly Extreme Realm Xuanyang Palace Master who came out in person.

With an expressionless face, the Xuanyang Palace Master and the other powerful experts, bowed their heads respectfully and said: "Greetings, Emperor Yang Chen!"

The sentence revealed Yang Chen's status.

Yang Chen, with his hands behind his back, was unaffected by the reluctant greetings from a group of powerful people in the Grand Abyss Palace. He slowly said: "Greetings to Senior Xuanyang Palace Master and fellow Daoists."

Yang Chen has always maintained basic etiquette.

Xuanyang Palace Master was extremely unwilling to be greeted so respectfully by Yang Chen. Who knows what Yang Chen's purpose was for coming to him?

Xuanyang Palace Master did not beat around the bush, directly saying, "Brother Yang Chen, we have failed in our manners for not being able to meet you from afar when you came to our Grand Abyss Palace. What is the purpose of your visit...?"

Yang Chen listened to the words of the Xuanyang Palace Master with a smile at the corner of his mouth. The Xuanyang Palace Master's words seemed to be more sarcastic towards Yang Chen.

This was not surprising. After all, even if Yang Chen had caused trouble for Spirit Separation Ancestor Daozu last time, the Xuanyang Palace Master would have lost face and would not bear a grudge against Yang Chen.

Nevertheless, Yang Chen was not angry. He smiled indifferently and said, "Senior Xuanyang, I am here today for a very important matter."

"Oh? Let's hear it." The Xuanyang Palace Master was displeased in his heart but couldn't show it on his face.

Yang Chen said, "I have a wife named Zhang Xuelian who lives in the Grand Abyss Palace."

"Zhang Xuelian?" Xuanyang Palace Master suddenly narrowed his eyes and said, "Zhang Xuelian is your wife? How is that possible!"

Yang Chen was somewhat surprised.

After all, he thought the powerful people of the Grand Abyss Palace should have figured out her identity by now. However, the powerful people present did not know that Zhang Xuelian was his wife.

This made Yang Chen feel both amused and helpless. It seemed that it was because of Zhang Xuelian's reason.

Zhang Xuelian probably knew that revealing their relationship would not be beneficial, so only a few people knew about it. If their relationship was really exposed to the powerful people of the Grand Abyss Palace, Zhang Xuelian's situation would become very awkward.

Xuanyang Palace Master was obviously unaware of this and was a little angry for a moment. He said unhappily, "Yang Chen, it's better not to make such jokes. Zhang Xuelian is your wife. As the master of a palace in the Grand Abyss, I don't even know about it. When did you get married to her?"

"Zhang Xuelian comes from the Lingnan Two Realms, as does the junior. I formed a marriage relationship with Zhang Xuelian when I was in the Lingnan Two Realms. Naturally, Senior Xuanyang Palace Master does not know." Yang Chen replied.

Upon hearing these words, the powerful people present couldn't help but feel a mix of envy and jealousy.

They knew about Zhang Xuelian's talent and beauty, and everyone wanted to have a piece of her. However, now that time was running out, and they had not yet made plans, Yang Chen came to them, saying that they were husband and wife. Who could accept that?

Xuanyang Palace Master was also furious. He must have cursed all eighteen generations of Yang Chen's family in his mind.

If Zhang Xuelian was indeed Yang Chen's wife, he would have to hand her over honestly. Otherwise, he would be in the wrong.

Being in the wrong with a Protector Emperor meant being against the Earth Spirit Hall.

But to hand over Zhang Xuelian willingly? Wouldn't that mean losing a top genius from the Grand Abyss Palace? What a joke.

Naturally, Xuanyang Palace Master would not agree so easily. He asked, "Yang Chen, you said Zhang Xuelian is your wife, and no one should know about this, right?"

If anyone knew, how could it not reach his ears?

Yang Chen smiled and said, "Of course, someone knows."

If no one knew, who would be his witness?

Xuanyang Palace Master said coldly, "Who knows? Let's hear it."

"Gold Leisure True Person and Spirit King," Yang Chen casually recited two names. "Or, Senior Xuanyang, you can ask Zhang Xuelian to come out. Whether it's a husband and wife relationship, the two of us will know once we confront each other."

The Xuanyang Palace Master's heart felt a little uneasy as he saw Yang Chen speaking so confidently.

But he was not going to let Yang Chen get an upper hand so easily. He gritted his teeth and said, "Call the Spirit King and Gold Leisure True Person out."

Several powerful people were also curious about the relationship between Yang Chen and Zhang Xuelian and went out to invite Gold Leisure True Person and Spirit King.

From the moment they entered, it took only one hour. When they came out, the Spirit King and Gold Leisure True Person had already appeared.

Yang Chen saw the Spirit King and Gold Leisure True Person, who he had not seen for many years, and a touch of memory appeared in his expression.

After all, these two were his old acquaintances from his early years.

If it hadn't been for the various accidents that had happened back then, he might have already joined the Grand Abyss Palace under the guidance of these two.

Unfortunately, fate plays tricks on people.

When Spirit King and Gold Leisure True Person appeared, they saw Yang Chen, and when they saw Yang Chen, they felt a little unnatural in their expressions.

They had heard clearly inside the Grand Abyss Palace about Yang Chen's strength which had already reached the Heaven-appointed Realm cultivation level.

Moreover, he had obtained the supreme status of a Protector Emperor.

Especially the Spirit King, his eyes were full of mixed emotions. When he saw Yang Chen many years ago, what was his cultivation level? Wasn't he just a "little guy"? Who would have thought that his cultivation had already surpassed him now?

At this time, the two people who were both amused and helpless, first paid respectful respects to Xuanyang Palace Master, and then respectfully said to Yang Chen, "Greetings to Emperor Yang Chen!"

Chapter 3466: Bi Shuangxing's Sudden Change_1

"Elder Spirit King and Senior Jin Yi, you have been too polite. Both of you were my lifesavers back then, and I've always wanted to find an opportunity to thank you." Yang Chen politely said.

The Xuanyang Palace Master frowned, but Yang Chen seemed to have a deep connection with the Spirit King.

He had a feeling that his neglect of Yang Chen might have been a mistake.

Now, the Spirit King and the Gold Leisure True Person treated Yang Chen with utmost respect, and when the conversation reached this point, both of them asked Xuanyang Palace Master, "Palace Master, what is the purpose of calling us out?"

The Xuanyang Palace Master calmly asked, "Do you know Yang Chen?"

"Yes, of course we know him." Spirit King respectfully answered, "He and I came from the same plane back then. Yang Chen was the most outstanding genius in our plane at that time."

"Even what?" Xuanyang Palace Master asked with his hands behind his back.

Spirit King hesitated for a moment, dare not to tell the truth aloud.

Xuanyang Palace Master snorted, "Just speak up. Old Man will not make things difficult for you."

“When Yang Chen, my friend, was only at the Realmless cultivation level, I had advised him to join the Grand Abyss Palace in the future. Yang Chen’s original intention was to join the Grand Abyss Palace...” Spirit King said awkwardly.

After that, everyone knew what had happened.

Xuanyang Palace Master’s pupils contracted, “What did you say? Did such a thing really happen? Are you telling the truth?”

Spirit King was startled by Xuanyang Palace Master’s sudden change of attitude.

It was no wonder that the Xuanyang Palace Master’s attitude changed so drastically.

Back then, Yang Chen wanted to join the Grand Abyss Palace. If Yang Chen had really joined the Grand Abyss Palace, there would have been nothing for the Divine Night Sect to deal with. It would have meant that the Grand Abyss Palace would have an additional Protector Emperor Lord.

Not to mention the current troubles, the benefits would have been endless.

However, now...

Yang Chen chuckled as he watched Xuanyang Palace Master roar at Spirit King. He slowly said, “Yes, back then, Yang Chen did think about joining the Grand Abyss Palace. My wife’s family was in the Grand Abyss Palace. No matter what, I wouldn’t have gone to the Divine Night Sect. The reason I joined Grand Abyss Palace was completely because of your palace’s coercion, wasn’t it?”

“As for how the coercion happened, I think your palace should know better than I do,” Yang Chen added.

At this point, Xuanyang Palace Master’s intestines were turning green with regret. Upon hearing this, he completely understood the situation.

At that time, they had missed out on a top-notch genius by just a hair's breadth.

Yang Chen's family was in the Grand Abyss Palace, so it would have made sense for him to join the Grand Abyss Palace. However, the Grand Abyss Palace, with Mo Wanchou and Spirit Separation Ancestor, had pushed Yang Chen to a dead end.

They had handed over such a remarkable genius to the Divine Night Sect with their own hands.

By now, even if he regretted it, Xuanyang Palace Master couldn't show it on his face.

He could only reluctantly look at Jin Yi and Spirit King and ask, "Jin Yi True Man and Spirit King, is Zhang Xuelian really Yang Chen's wife?"

"This is true." Jin Yi True Man said with a hardened face.

"Why have you never mentioned this to me?" Xuanyang Palace Master asked in a deep voice.

Jin Yi True Man explained awkwardly, "This... we didn't think it was important. In addition, Zhang Xuelian never let us mention it, so we chose to keep this matter a secret. The Daozu all have a myriad of responsibilities, and they rarely pay attention to this matter, so only a few Heaven-appointed Realm and Heaven-separated Realm Experts are aware of it."

Xuanyang Palace Master clenched his teeth in frustration, feeling that he had made too many foolish decisions over the years.

Was giving up on Yang Chen and choosing the Spirit Separation Ancestor really the right choice?

Yang Chen asked, "Elder Xuanyang, do you believe what I said now?"

Xuanyang Palace Master replied, "Of course, there's no problem now."

“Then may I take my wife away?” Yang Chen asked in confusion.

“This...” Xuanyang Palace Master hesitated.

Yang Chen asked with his hands behind his back, “Elder Xuanyang, is there anything else you want to say?”

Xuanyang Palace Master really didn’t want to hand over Zhang Xuelian, but he reluctantly revealed the truth: “Young friend Yang Chen, I want you and your wife to see each other as soon as possible, but Zhang Xuelian is not in the sect.”

“If she’s not in the sect, where is she?” Yang Chen asked in surprise.

“The thing is...” Xuanyang Palace Master said heavily, “Some time ago, there was an accident at Bi Shuangxing!”

“Bi Shuangxing?” Yang Chen squinted slightly.

He could still clearly remember that plane. That was because the Mo Xin Lake beneath Bi Shuangxing was extremely mysterious.

Yang Chen had been very concerned about it from early on. Later, after contacting the Spatial Divine River, he became even more curious about Mo Xin Lake.

“Yes, Bi Shuangxing has always been an odd plane. The peculiarities of this plane, even we Daozu haven’t investigated it thoroughly. However, we cannot deny that Bi Shuangxing is indeed a rarity worth seeing. Recently, though, some significant changes were found in the depths of Bi Shuangxing.” Xuanyang Palace Master said.

“What do you mean?” Yang Chen asked.

Xuanyang Palace Master said, "I don't know exactly what has changed, but Bi Shuangxing has always been a mystery. It's precisely because of this that we recently arranged for Zhang Xuelian to go there. You should know your wife's capabilities better than anyone. The purpose of our arrangement, I believe you can guess."

Yang Chen nodded, understanding what had happened.

Bi Shuangxing was a mystery, and the Grand Abyss Palace wanted to use Zhang Xuelian to solve it.

"So..." Xuanyang Palace Master continued, "Young friend Yang Chen, if you want to see Zhang Xuelian, you have to either wait or go to Bi Shuangxing."

Yang Chen stroked his chin, naturally intending to go see Zhang Xuelian in Bi Shuangxing. He was already infinitely curious about Bi Shuangxing. This trip would allow him to explore the secrets of Bi Shuangxing and see Zhang Xuelian.

Yang Chen said, "Alright, I will go to Bi Shuangxing to see Zhang Xuelian. Thank you Elder Xuanyang for informing me. I will take my leave now."

When the conversation ended, Yang Chen left without staying.

Watching Yang Chen leave, Xuanyang Palace Master's eyes flashed with a strange light.

He wanted to conceal something from Yang Chen, but with Yang Chen's current status, he couldn't even deceive him.

Otherwise, if Yang Chen caught hold of his tail, he would be the one to suffer.

Now, seeing Yang Chen rushing to Bi Shuangxing, Xuanyang Palace Master squinted, as if pondering something in his thoughts.

"If he cannot be used by me, he can only be eliminated. However, Yang Chen is a Protector Emperor Lord!"

Xuanyang Palace Master became hesitant, and left, heading to an unknown place.

Soon, no one could keep up with his pace, and when he reached an uninhabited place, a person appeared beside him. This person was none other than the Spirit Separation Ancestor.

Chapter 3467 - Return to Bi Shuangxing_1

When the Spirit Separation Ancestor appeared behind the Xuanyang Palace Master, the two communicated tacitly, waving their sleeves and setting up multiple layers of the forbidden array formations around them.

Once the forbidden array formations were activated, the space where the two of them stood was completely sealed off. Ordinary people wouldn't have been able to hear them, let alone know what was happening here.

As the two secretly met, the Spirit Separation Ancestor directly asked, "Palace Master, how should we deal with this Yang Chen?"

Nowadays, Xuanyang Palace Master was furious. He pointed at Spirit Separation Ancestor and scolded, "Spirit Separation, do you know that because of you, my Grand Abyss Palace has lost an unparalleled genius? This Yang Chen originally intended to join our Grand Abyss Palace. But because of your bastard brother Mo Wanchou, I've told you before, although Mo Wanchou is a Daoist Ancestor reincarnate, if he continues like this, he'll end up in trouble sooner or later. But you just wouldn't believe it and indulged him."

"As a result, Mo Wanchou envied Yang Chen and made a move on him, causing such a huge mistake! If it weren't for this, Yang Chen would have already been a member of my Grand Abyss Palace, and his strength and status as a Protector Emperor would have been a blessing to my Grand Abyss Palace!"

Being scolded by the Xuanyang Palace Master in this manner, the Spirit Separation Ancestor had no temper left. He had clearly heard the conversation between Yang Chen and the Xuanyang Palace Master just now from the shadows.

"But there's no point in saying this now, as things have already happened. Moreover, Yang Chen is now an enemy of our Grand Abyss Palace." Spirit Separation Ancestor said gravely.

"Spirit Separation, it's fortunate that Yang Chen plans to go to Bi Shuangxing, otherwise you would be in trouble. Yang Chen is already gathering evidence against you, and who knows when your subordinates will betray you. When that time comes, if Yang Chen takes advantage of his Protector Emperor status to accuse you, it will be very embarrassing for you," Xuanyang Palace Master said coldly.

The Spirit Separation Ancestor replied viciously, "Palace Master, are you still going to tolerate this kid's recklessness? As he sets off for Bi Shuangxing, I will make sure he never returns."

With a sigh, Xuanyang Palace Master said, "Although I don't want to use this method, at this point, this is the only thing we can do."

If their Grand Abyss Palace were to be shamed and punished by a Heavenly Extreme Realm, it would be a severe loss for them.

They had to eliminate Yang Chen.

"When you go to Bi Shuangxing, be careful not to expose any clues. Yang Chen is very clever, and he has calculated every step leading to you. If you aren't careful, you will be the one who suffers," warned the Xuanyang Palace Master.

Spirit Separation Ancestor sneered, "No matter how powerful this kid is, he's only at the Heavenly Fate Realm. This time, I'll make his death extremely miserable. No matter how clever he is, in the face of absolute power, all his schemes are utterly meaningless."

Xuanyang Palace Master seemed to agree with this, and he waved his sleeve, "Remember, don't bring any trouble to our Grand Abyss Palace. Go."

After their discussion, the two separated. Their secret meeting remained unknown to anyone else.

...

Meanwhile, Yang Chen returned to the Divine Night Sect.

Upon arriving back at the Divine Night Sect, Yang Chen immediately sought Princess Wenqi to ask about the situation in Bi Shuangxing.

Princess Wenqi was completely open with Yang Chen, not to mention that Yang Chen himself was such a lovable and charming person.

"Bi Shuangxing? Now that you mention it, that's indeed the case. But now, our Divine Night Sect has sent three experts in the early stage of the Heavenly Fate Realm to investigate. As for how many experts the other two major powers have sent, we don't know. The underground changes in Bi Shuangxing this time are truly peculiar. Looking back now, if Grand Abyss Palace has arranged for Zhang Xuelian to go, the situation might not be that simple," said Princess Wenqi.

"Is Zhang Xuelian's status quite powerful?" Yang Chen asked.

"Being a direct disciple of the Pasara Ancestor, of course she is powerful. Her current status in the Grand Abyss Palace is extremely special. Normally, when she goes out, there are always Sky Separation Realm experts from the Grand Abyss Palace accompanying her. So many years have passed, and her divine powers and methods must have become even stronger than I have ever known. You and your wife are both extraordinary and hard to comprehend by normal logic," said Princess Wenqi.

Yang Chen rubbed his nose, already having some understanding of his strange wife.

He then said, "Junior plans to go to Bi Shuangxing on this trip."

"Are you going to see your wife?" Princess Wenqi asked, "But have you thought about it? If you go to Bi Shuangxing now, you're giving those who want to harm you an opportunity."

Yang Chen replied calmly, "From Gu Zhuicheng, Junior has learned that the Spirit Separation Ancestor intends to scheme against me. However, based solely on the three people I've caught and searched their memories, Senior Wenqi, how much of a chance do you think I have to take down the Spirit Separation Ancestor?"

"Take down the Spirit Separation Ancestor? You mean putting him in a deadly situation?" Princess Wenqi asked.

Yang Chen said, "Otherwise, what do you think, Senior Wenqi? If I show him mercy, I'm afraid Junior will be the one to suffer, as many things have already proven."

Princess Wenqi sighed, "I just think it's a pity if a Daoist Ancestor expert is... gone like this."

"It's difficult to kill the Spirit Separation Ancestor right now just based on these things." Yang Chen shook his head and continued, "That's why Junior is not in a hurry to make a move."

"So what you mean is..." Princess Wenqi suddenly seemed to understand something.

Yang Chen waved his hand to stop Princess Wenqi from speaking, and then he subtly transmitted some words to her through sound transmission.

Afterwards, Yang Chen left this place.

After making some preparations within the Divine Night Sect for several days, Yang Chen left Grand Abyss Palace and headed to Bi Shuangxing.

As for Princess Wenqi, after Yang Chen left, she announced that she would enter closed-door cultivation, and no one was allowed to approach her place of seclusion without her instruction. It was very intriguing.

Yang Chen received some unfavorable news from Princess Wenqi. It had to be said that Xuanyang Palace Master was quite open with him and didn't deceive him about the matter in Bi Shuangxing.

This made Yang Chen appreciate the usefulness of his Protector Emperor identity.

As for getting to Bi Shuangxing, it didn't take too long. Yang Chen was familiar with the way, and with his divine speed, he arrived above Bi Shuangxing very quickly.

Before long, Yang Chen descended to Bi Shuangxing.

As soon as he released his Qi, the experts of the Divine Night Sect sensed his arrival at Bi Shuangxing.

When they sensed him, all of these Divine Night Sect experts couldn't help but take action. Even one Heavenly Fate Realm expert came forward as well.

After all, they sensed that Yang Chen's Qi was at the World Life Stage...

Yang Chen silently waited for the Divine Night Sect's experts to arrive, and soon he saw several familiar faces.

These people were his friends that he had met in Bi Shuangxing years ago, such as Han Bo and Lin Tianyi.

In addition, there was also Sun Meng, the Heavenly Fate Realm expert who had pleaded for Yang Chen once upon a time.

Chapter 3468: The Disappearance of Mo Xin Lake_1

Nowadays, when the powerful ones see Yang Chen's arrival again, their expressions and attitudes are completely different from before.

Although they are in Bi Double Star, they still know a little about the situation in the Divine Night Sect.

Especially, they know about Yang Chen's achievements very clearly, almost learning about this shocking event in an instant.

Because of this, their expressions towards Yang Chen changed, and only after a while, they said, "Greetings, Emperor Lord!"

No wonder they were so awkward. When Yang Chen first met them, it was just the Realmless stage of cultivation, like a character who could be slaughtered by anyone.

Now, he had leaped and become a powerful one in the Destiny Realm.

And he also holds the title of Protector Emperor.

Anyone would find it unbelievable and hard to accept for a while.

Yang Chen smiled and said, "My seniors and Daoist friends, don't be so formal. My title of Protector Emperor means nothing to you. When all seniors sincerely helped me, I will always be grateful for this lifetime."

A group of powerful people felt relieved after listening to Yang Chen, and they recalled some memories related to Yang Chen.

"You are too polite, Emperor Yang Chen. Regardless, you are still the pride of our human race. The title of Protector Emperor deserves our respect. By the way, how did you find time to come and explore Bi Double Star?" Sun Meng asked curiously.

"It's a long story, let's talk more later." Yang Chen said.

Sun Meng didn't dare to delay and quickly led Yang Chen into the city ahead.

Naturally, the hospitality wouldn't be lacking in any respect. Sun Meng treated Yang Chen as a Daozu-level powerful person.

However, Yang Chen has never liked extravagance and hustle, so he directly waved his sleeves to refuse and then talked with Sun Meng and the others about the main issue.

"I heard that some changes have occurred in the underground of Bi Double Star. I was curious and had other things to deal with, so I came here," Yang Chen said.

Sun Meng said, "That's true. The changes in the underground of Bi Double Star are quite peculiar this time."

"What's going on? Can you tell me more about it?" Yang Chen asked.

"I have nothing to hide from you, Emperor Yang Chen." Sun Meng explained without any omissions, "According to what we know, it should not be time to open the underground of Bi Double Star. Even if it opens, the seven-colored Liuli Mine in it has not been formed yet, so it would be meaningless for everyone to enter. However, surprisingly, not only did the main gate of Bi Double Star's underground open, but the environment inside also underwent a drastic change. It's completely different from before and has directly become a different appearance."

"A different appearance? How so?" Yang Chen was puzzled.

"In general, it's as if the underground of Bi Double Star we had entered before was just a maze. We didn't come into contact with the true environment of the underground of Bi Double Star at all. The previous environment was just the periphery," Sun Meng said half-knowingly.

Yang Chen felt strange and immediately asked, "What about Mo Xin Lake?"

"Mo Xin Lake has also disappeared," Sun Meng shook his head, "We pay great attention to Mo Xin Lake. After all, it is the source of the seven-colored Liuli Mine. But strangely, Mo Xin Lake has completely disappeared. This is really strange. For countless years, such an incredible change has never happened in Bi Double Star. How could it suddenly become like this?"

Novelnice. com

Yang Chen rubbed his chin, squinted his eyes, and fell into thought for a while.

It shouldn't be a coincidence. Could it be related to his previous entry into the bottom of Mo Xin Lake?

When he entered Mo Xin Lake back then, he did quite a few things...

Perhaps there was some connection?

Is Emperor Yang Chen interested in the environment of the underground of Bi Double Star?" Sun Meng asked.

"Yes. If nothing goes wrong, I want to go to the underground of Bi Double Star to take a look," Yang Chen said.

"That's great," Sun Meng was delighted. "With Emperor Yang Chen's shot, we, the Divine Night Sect, will surely have the upper hand in this change."

"What happened? Is there something valuable in the underground of Bi Double Star?" Yang Chen asked curiously.

Sun Meng said, "The Three Great Factions and several other alien tribes have all arranged powerful warriors to enter. However, our Divine Night Sect has the fewest strong experts, only three Early Destiny Realm powerful warriors. We can only blame our lack of foresight for this. A Daoist friend at the Destiny Realm told me that there were indeed some treasures inside, and their exploration progress was just a part."

"Can Destiny Realm experts enter?" Yang Chen was surprised.

He originally thought that even Destiny Realm experts couldn't enter.

"This change in the underground of Bi Double Star is really strange. It's difficult to figure out what happened with only the Heaven-separated Realm. Therefore, various clans have agreed to allow powerful experts at the Destiny Realm to enter. As it turns out, the bearing capacity of the underground of Bi Double Star is much higher than what they thought. Experts at the Destiny Realm entering there basically can't cause any damage or obstacles to Bi Double Star," Sun Meng explained.

Yang Chen said, "If that's the case, there is indeed something strange about the underground of Bi Double Star. I have to take a look. Sun Daoist Friend, tell me everything you know, and I will choose a time to enter the underground of Bi Double Star."

The disappearance of Mo Xin Lake and the sudden change in the underground of Bi Double Star made everything seem very strange.

Yang Chen initially planned to investigate Mo Xin Lake thoroughly, as only he knew that the power contained within it was indeed astonishing.

After this inquiry, Yang Chen had a deeper understanding of the news about the underground of Bi Double Star.

The sudden change in the underground of Bi Double Star had been happening for about half a year, and those powerful experts from various clans had already entered the underground of Bi Double Star for some time.

But no one knew what they had found out so far.

"These three bracelets are the treasures used to communicate with the three Destiny Realm experts. Even if they are in the underground of Bi Double Star, they can still be sensed at any time. Emperor Yang Chen, if you want to enter the underground of Bi Double Star, then I will hand this bracelet over to you," Sun Meng said.

Yang Chen took the bracelet and nodded slightly, "No problem. By the way, there is one more thing I want to ask."

"Please ask, Emperor Yang Chen," Sun Meng said.

Yang Chen said, "Well, I want to know if Zhang Xuelian from Grand Abyss Palace has also entered the underground of Bi Double Star?"

“That’s true. This time, in order to investigate Bi Double Star, Grand Abyss Palace moved Zhang Xuelian out as well. Zhang Xuelian has already followed the leadership of two Heavenly Fate Realm World Stage strong experts and entered the underground of Bi Double Star for some time,” said Sun Meng.

Chapter 3469 - Enter His Dharma Eye_1

Yang Chen said, "I understand."

Knowing that Zhang Xuelian was on Bi Shuangxing, he had confirmed an important piece of information.

It seemed that the Xuanyang Palace Master really didn’t dare to deceive him. With such a status as the Protector Emperor, he could hardly imagine the identity of the Heavenly Defender and the Eternal Human Emperor.

"I understand, I will prepare for three days, and in three days, I will go to the underground of Bi Shuangxing." Yang Chen said.

"No problem," Sun Meng said.

Yang Chen rested on Bi Shuangxing for three days.

He didn’t waste these three days.

Because earlier, when he came all the way from the Taiyuan Star System, Yang Chen had been working hard. As a result, his cultivation level had finally reached the peak of the Heavenly Fate Realm World Stage.

Next, he could refine the Seven-colored Colored Glaze Mine.

Now that there were not many days left, it was the best of both worlds to prepare and refine the Seven-colored Colored Glaze Mine at the same time.

When the Seven-colored Colored Glaze Mine was completely refined, it would be time for him to enter the Heavenly Extreme Realm...

Just like that, the three days passed rapidly.

Yang Chen, under the guidance of Sun Meng, entered the underground of Bi Shuangxing in the second batch.

Yang Chen was not alone but took Han Bo, whom he had become familiar with previously. Although Han Bo didn't know much about the changed underground of Bi Shuangxing, he knew more than Yang Chen. Coming down with Yang Chen, he served as a guide.

It was not long after Yang Chen and Han Bo entered the underground of Bi Shuangxing that a beam of light flashed at the entrance, disappearing instantly, almost unnoticeable, and vanished right after Yang Chen.

...

Yang Chen and Han Bo had now completely penetrated the underground of Bi Shuangxing.

Upon entering the underground, Yang Chen became aware of the astonishing sight before him.

This underground was clearly a world.

"What a magnificent underground of Bi Shuangxing, so this is what it looks like." Han Bo was also surprised.

Yang Chen remained extremely calm, increasingly sensing the uniqueness of Bi Shuangxing. From the current perspective, the underground of Bi Shuangxing was clearly a huge world created by powerful beings, similar to the Forbidden Spirit Palace.

Moreover, just like in the Forbidden Spirit Palace, Yang Chen surprisingly smelled the scent of Origin Essence here.

This was utterly bewildering.

Yang Chen grew more contemplative; was it true, as he suspected, that the original appearance of the underground of Bi Shuangxing was simply a formation covering the real world of Bi Shuangxing's underground?

This existence of the formation made it impossible to see the true situation of the underground of Bi Shuangxing clearly.

Was it necessary to explore the bottom of Mo Xin Lake to find out the answers to these questions?

Yang Chen didn't know that his guess was about ninety percent correct. The sudden change in the underground of Bi Shuangxing was indeed caused by him.

"Let's go," Yang Chen said.

He led Han Bo, moving swiftly forward. Their speed was incredibly fast.

Han Bo was greatly surprised and couldn't keep up. Yang Chen's speed was beyond description by common sense.

As they flew, Yang Chen observed the entire world.

With a squeeze of his hand, a hidden essence material deep underground flew straight into his hand.

Holding this object, Yang Chen took a closer look and murmured, "It really is Origin Essence."

"Yang Chen Emperor Lord, what is this?" Han Bo asked in wonder.

"This is Origin Essence, which can already be considered a very high-level treasure." Yang Chen was full of emotion.

It was normal for Han Bo, who was only at the Heaven-separated Realm and had not been to the Earth Spirit Hall, to not know much about Origin Essence.

Origin Essence was very hard to find in the Forbidden Spirit Palace. He didn't know how many were in the underground of Bi Shuangxing, but there were not many powerful people in the underground of Bi Shuangxing, hence Yang Chen quickly found a piece of Origin Essence.

Now that he had obtained the Origin Essence, Yang Chen was even more sure that this place had infinite similarities to the Forbidden Spirit Palace.

"What exactly is this underground of Bi Shuangxing..."

Yang Chen thought to himself.

With the same Origin Essence, he could even sense the presence of World Treasures nearby.

Even in terms of size, the underground of Bi Shuangxing seemed to be even better. His soul here was not greatly restricted, but he couldn't seem to explore the whole underground of Bi Shuangxing.

As Yang Chen expanded his soul, he proceeded forward at the same time.

As he moved, he used the bracelet to sense and contact the other three Heavenly Fate Realm experts of the Divine Night Sect.

First, find these three people, perhaps when they are found, they could provide some information about Zhang Xuelian's whereabouts.

Yang Chen quickly made contact and communicated the positions of the three Heavenly Fate Realm experts, then sped up and headed straight for their locations.

"It's in the northeast direction. With my speed, it'll take about one hour. The location seems to be a huge forest. Judging from the tone of these three people, this forest seems to be a World Treasure?" Yang Chen murmured to himself.

He didn't think much and rushed all the way.

The hour passed in a flash, and as Yang Chen had guessed, he arrived above the forest an hour later.

Standing here, Yang Chen looked down. He saw a group of powerful people gathered here, in a tense standoff, with no one taking the initiative to attack.

Among this group of people were the three great Heavenly Fate Realm experts of the Divine Night Sect, followed by a Heavenly Fate Realm expert from the Grand Abyss Palace, as well as Heavenly Fate Realm experts from other large and small tribes.

These small foreign race people might not have a Heavenly Extreme Realm Daoist Ancestor expert guarding them, but they did have experts in the Heavenly Fate Realm.

The underground of Bi Shuangxing had not shaken the human race, but many of these small tribes had been shaken. So much so that, at first glance, their forces seemed to surpass those of the human race.

"This forest is indeed a World Treasure, and it seems like a fight is about to break out." Yang Chen muttered to himself.

He looked around at the forces first.

The foreign race people were roughly divided into four directions, but in his eyes, these foreign race people and the powerful ones in the Taiyuan Palace were on the same side.

There were a total of three World Stage experts and three Early Destiny Realm experts.

"Yang Chen Emperor Lord, it seems like a fight is about to break out down there, what should we do?" Han Bo asked anxiously.

"Don't worry, I'll take action," Yang Chen said calmly.

Han Bo didn't expect Yang Chen to be so confident, as he was only a World Stage expert, could he really turn the situation around?

There were three World Stage experts down there, after all.

Yang Chen didn't rush to take action but first looked at the peculiarities of this forest treasure.

Upon looking, Yang Chen raised an eyebrow with interest. However, having seen the Origin Treasure before, the forest didn't catch much of his Dharma Eye.

Chapter 3470 - No Need to Take Action_1

However, what does not catch one's eye might be different for others.

Usually, it is difficult for a group of powerful people to even see a decent world treasure, let alone the excellent one in front of them.

Moreover, this world treasure is obviously refined, and its preciousness is beyond their expectations.

In an instant, the group of powerful people was on edge, yearning for the world treasure and eyeing others coldly.

"I say humans, it's better not to interfere in this forest. We several clans have already negotiated. If we really have to fight later, we will clear the idle people first. If you are sensible, go elsewhere for now; but if you are not, don't blame us for being rude." A foreign race expert in the Heavenly Fate Realm scolded coldly.

The three heavenly destiny realm cultivators from the Divine Night Sect glanced at each other, their expressions cold. They certainly knew the intentions of the foreign race people.

These foreign race people were smart enough to join forces first to fight against their Divine Night Sect and Grand Abyss Palace.

In terms of combat power, they were at a disadvantage. If it really came down to a fight, they would be the ones in trouble.

However, just now they heard that a fellow expert in the Heavenly Fate Realm World Stage would come to help, so they naturally wouldn't submit easily.

Although they didn't know much about this expert, they unconditionally trusted their contact through the bracelet.

"He Fengyang, isn't your Minghe Clan getting ahead of yourselves? It's not your turn to take charge. A Heavenly Destiny Realm expert scolded.

He Fengyang just laughed: "Right, I can't argue that. As powerful as you humans are, you have not yet become the dominant force in the Universe Starry Sky. We Minghe Clan are backed by the Spirit God Race, enjoying the support. On the other hand, it seems that you didn't quite understand my words earlier. We small clans have no choice but to unite and fight."

"Enough, the Clan Leader of the Minghe Clan, don't waste your breath on these humans. They are overconfident, sending only a few people to compete with us for treasures. There is no need for words, just strike directly."

The other foreign race people shouted one after another, and within a moment, several foreign race people were already ready to strike fiercely.

This surprised the Divine Night Sect's cultivators and the experts from the Grand Abyss Palace.

If it really came down to a fight, they would undoubtedly be at a disadvantage, so they had to leave quickly.

However, to just give up like this was truly unacceptable in their hearts.

Just as they were in such a dilemma, suddenly, a force of the world hurriedly intervened.

This world power appeared impressively, directly forming a domain that covered the whole scene, and at the moment when it emerged, everyone in the foreign race who was about to act couldn't help but be astonished. They had to stop their actions and look around.

"Who is it?"

"Who's sneaking around and hiding? Come out now."

These foreign race experts in the Heavenly Destiny Realm seemed calm, but in their hearts, they felt a bit uneasy.

This world power naturally belonged to Yang Chen.

Yang Chen didn't hide himself. As soon as the foreign race people asked him to show himself, he did.

Yang Chen appeared with his hands behind his back, appearing in front of everyone.

"From the Divine Night Sect?"

These foreign race people looked at Yang Chen with even colder expressions.

"Is it the Daoist friend from the bracelet earlier?"

These several experts in the Heavenly Destiny Realm looked at Yang Chen and felt both familiar and unfamiliar. It seemed that this figure should not appear in front of them as someone in the Heavenly Destiny Realm.

"It is exactly me. Greetings, fellow Daoist friends." Yang Chen turned around, looked at the people from the Divine Night Sect, and smiled.

"Yang Chen!"

Upon seeing Yang Chen, the several experts recognized him.

After all, Yang Chen's reputation in the Divine Night Sect was quite well-known. But their impression of Yang Chen was only at the Heaven-separated Realm level, so how could he appear here, showing strength even more profound than theirs in the Heavenly Fate Realm Middle Stage?

Yang Chen saw their surprise and was not surprised. It must be understood that these people had already come here before he returned, and it was difficult for them to access the news of his arrival. So it was normal for them to know nothing about him.

Yang Chen casually said: "Fellow Daoist friends, the matter of me entering the Heavenly Destiny Realm is a long story. I will discuss it with you later. Now, let's deal with the matter at hand."

"Yes, it's better this way." The attitude of the three experts in the Heavenly Destiny Realm was firm. When they turned their heads to face the foreign race people, there was no doubt that they had more confidence.

The group of foreign race people looked at Yang Chen in surprise.

"Yang Chen... Isn't this the same Yang Chen who caused chaos in Bi Shuangxing back then?"

"He seems to be a top genius among humans. How could he reach the Heavenly Destiny Realm?"

"Wait a minute, it seems that the Spirit God Race has a special note on Yang Chen. We must be careful, careful, and more careful when encountering this youngster. Do not act rashly."

He Fengyang said coldly: "What are you all panicking about? The Spirit God Race's special note to be careful of Yang Chen is for his cultivation in the Heaven-separated Realm. We Heavenly Destiny Realm old fellows aren't afraid of him. Let's test his skills first. I don't believe that a kid from just a hundred years ago can be that impressive now."

Yang Chen's mouth curled up with a sneer and said, "Do you really want this?"

"What, are you afraid?" He Fengyang mocked.

"I won't say afraid, but my point is, you can all come at me together. No matter if you really want to make a move or just test me, I will assume it's an attack on me and respond. Once I strike back, it might be too late for you all to regret it." Yang Chen said with a light smile.

He Fengyang was obviously hot-tempered. Seeing Yang Chen's contemptuous remarks, he immediately snarled viciously: "Stop bluffing, Yang Chen, I want to see what you're capable of."

When He Fengyang finished speaking, he directly took the first strike.

With this move, the other foreign race people naturally wouldn't stand idly by. In a moment, the horn of battle was sounded, and they were about to fight Yang Chen.

Yang Chen shook his head. It seemed that he had just demonstrated too little power of the world.

But it was also good. If he really let these foreign race people go, he would be too polite.

At this moment, seeing these experts taking action, the three experts of the Heavenly Destiny Realm behind Yang Chen also prepared to fight.

However, as soon as they were about to take action, they had to stop.

Because Yang Chen had already displayed the power of the world, and in an instant, he had control over the entire scene.

It seemed that they didn't need to take action anymore.
