Chapter 3491 - Who Has Entered the Dodao Period?_1

Show no mercy, it's better that way.

Yang Chen, he likes to be ruthless.

Of course, now he can slow down a bit.

Seeing Ji Tian Dao aim at Ling Bie Dao Zu, and Ling Bie Dao Zu turned and ran, desperately fleeing in panic, Yang Chen said: "Brother Ji Tian Dao, spare this man's life for now."

Ji Tian Dao's sword was about to fall, almost shattering the Tianyuan Star into pieces. However, because of Yang Chen's words, it suddenly stopped.

After stopping, Ji Tian Dao's figure flickered, and in an instant, he arrived in front of Ling Bie Dao Zu.

Ling Bie Dao Zu had just exhausted many means to deal with Yang Chen.

At his peak, he was no match for Ji Tian Dao, let alone in his current state.

The faint display of his law techniques was torn apart like thin paper, and then his own techniques were unable to resist Ji Tian Dao's brute force. In an instant, he was pressed against the vault of heaven by Ji Tian Dao. He wanted to escape but couldn't, and he wanted to die but couldn't.

"Yang Chen, just kill me if you want to. What do you want to do?" Ling Bie Dao Zu was terrified.

He was a Daoist Ancestor Expert after all. Knowing that he couldn't escape, he might as well provoke Yang Chen.

After all, compared to Yang Chen, who really didn't want to kill him, there must be a more torturous way to die.

Yang Chen coldly smiled: "Ling Bie Dao Zu, you want to die? It's not that easy. When you chased me to the ends of the earth back then, what were you thinking? Let me tell you, it's not that easy to die. I'm going to take you to the Earth Spirit Hall, and there, let everyone know what kind of treachery you have committed!"

Ling Bie Dao Zu knew Yang Chen's purpose, and he shuddered all over, knowing full well the consequences and price of betraying the human race and being brought to the Earth Spirit Hall.

He would be tortured by punishment, tortured to death after the torment, even if he was a Daoist Ancestor, he would not be an exception.

Thinking of this, Ling Bie Dao Zu was completely panicked.

Yang Chen didn't waste any words, and directly used spacetime to create hundreds of layers of prohibition, injecting them into Ling Bie Dao Zu's body, both inside and outside.

In this state, he did not believe that Ling Bie Dao Zu could still escape.

"Ling Bie Dao Zu, obediently follow me back to receive punishment." Yang Chen said in a deep voice.

When the conversation ended, with a wave of his sleeve, he put Ling Bie Dao Zu into his own world.

"Many thanks to Brother Ji Tian Dao." After the matter was accomplished, Yang Chen looked at Ji Tian Dao and thanked him.

Ji Tian Dao said calmly, "No need to thank me, you and I have made a fair trade. A thousand years later, if I help you again, it's not too late to thank me. Now, I should be at your service; speaking of which, this Heavenly Dragon Armor is yours."

Yang Chen flicked his sleeve: "Brother Ji Tian Dao, you're too kind. You seem to need this Heavenly Dragon Armor quite a lot, so I'll just give it to you."

Ji Tian Dao's pupils shrank, amazed at Yang Chen's generosity.

What Yang Chen gave away was not an ordinary treasure, but the Heavenly Dragon Armor, an ancestral divine artifact.

"This is a treasure, I think you should know it well. Do you really want to give it to me?" Ji Tian Dao asked.

"Of course, if I said I would give it, I would give it. Now, it seems that you need it more than I do. Besides, you are also a part of my combat power, so why should I be stingy?" Yang Chen laughed.

Ji Tian Dao narrowed his eyes. Such a thing was easy to say but difficult to do. It was really not easy to be as light-hearted as Yang Chen.

"In that case, I shall accept this ancestral divine artifact. After this great battle, I will return to your world and rest for a while." Ji Tian Dao said.

"No problem." Yang Chen replied.

After Ji Tian Dao left, Yang Chen also released the True Dragons in his world.

These Dragon Clan powerhouses had a clear view of the outside world from within the world.

Now seeing the Tianyuan Star completely split in half, they knelt down in the sky, tears streaming down their faces.

"Tianyuan Star, my hometown..."

These elderly dragons had feelings for Tianyuan Star, and it was devastating to see it destroyed like this.

Yang Chen shook his head: "Everyone, don't worry. To be honest, today's situation would make it impossible for you to stay here even if Tianyuan Star was intact. Killing a Spirit God Race Daoist Ancestor, would the Spirit God Race powerhouses still allow your Tianyuan Star to exist? Only by leaving with me sooner can the fire of your group survive."

Hearing the future of their group, those senior dragons dared not object anymore despite their feelings for the Tianyuan Star.

"No problem, we will follow Brother Yang Chen's instructions." The elderly dragons all agreed.

"Enter my world, let's leave first and talk later." Yang Chen said.

Several old dragons nodded, and the group of powerhouses no longer hesitated, and they entered Yang Chen's world one after another.

Meanwhile, Yang Chen also quickly left the Tianyuan Star.

...

As Yang Chen left the Tianyuan Star, there were subtle changes in the deep and inscrutable chaos laws of the vast Universe Starry Sky.

These changes are hardly perceptible to ordinary strong people, even ordinary Heavenly Extreme Realm people can hardly detect them. Only the top experts who have reached the Heavenly Extreme Realm Dao Creator can sense them.

But for those who can sense it, not a single one can feel happy about it.

In the eyes of these mighty strong people, this fluctuation will make the entire universe restless.

For the Human Race, within the Earth Spirit Hall, an immortal powerful figure, who has always been hidden in the depths of the Earth Spirit Hall and has never appeared in others' sight.

He is Taiqiu Dao Ancestor, the only Dao Creator Realm expert of the Grand Abyss Palace, and the entire Human Race, the founder of the Nine Sects.

Taiqiu Dao Ancestor never appeared, always in closed-door cultivation, only because he was vying for the Great Dao and trying to break through to the peak realm.

The final realm of Heavenly Extreme Realm, Dodao Period.

He knew very well that whoever broke into the Dodao Period first would have the qualifications to stand at the top of the universe, invincible.

But now, his aged eyes were filled with shock: "The chaos laws suddenly fluctuated, and according to the ancient books, this is a sign of entering the Dodao Period. Who has entered the Dodao Period? Is the balance of the Five Directions finally going to be broken?"

...

In the Ruthless Beast Race, in an ancient star domain interface, Taiqiu Dao Ancestor also discovered the unusual taste hidden in the Universe Starry Sky.

Taiqiu Dao Ancestor is the oldest Dao Ancestor in the Universe Starry Sky, with a longer cultivation period than any other Dao Ancestor. Some even rumored that he was a powerful survivor from the earliest times of the previous era.

His body contained endless mysteries...

"Dodao Period, has someone reached the Dodao Period?" Taiqiu Dao Ancestor, said in a deep voice.

...

At the Spirit God Race, outside Bi Shuangxing, Ye Xiu, the Spirit God Race King who guarded the Heavenly Prison Star and always observed the movements of Bi Shuangxing, suddenly shuddered.

"Impossible... How could someone break into the Dodao Period before me? Who is it?" Ye Xiu's eyes flashed a hint of horror.

At this moment, the entire universe became uneasy.

Chapter 3492 - Yang Chen's Deterrence_1

Meanwhile, Yang Chen had successfully returned to the Taiyuan Star System.

Once back in the Taiyuan Star System, Yang Chen entered a brief period of retreat again. The issue regarding Spiritual Separation Dao Ancestor was temporarily set aside, which marked the end of a Chapter.

Given the current situation, it seemed a bit premature to pass judgment on Spiritual Separation Dao Ancestor.

But Yang Chen wasn't in a hurry either.

Upon his return, he first settled the Dragon Clan under his wing. With his current prestige, placing a race within the Shen Ye Sect was simply a piece of cake.

After all, nearly all powerhouses regarded Yang Chen as a 'Quasi Heavenly Extremity Realm'. In the absence of Dao Ancestors, Yang Chen could even command everyone.

On one hand, Yang Chen had genuine abilities, on the other hand, it was because of his status as the Guardian Emperor.

Just like that, ten years flashed by.

Yang Chen hadn't expected that the strife in Bishuang Star would last for such a short time.

It was only ten years, and the conflicts among various races had already come to an end.

After ten years, the Human Race's powerhouses all returned home. The Heavenly Extreme Realm powerhouses from the Shen Ye Sect, Tai Yuan Palace, and Heavenly Melody Mountain returned back to their own sect.

In Bishuang Star, even they, the Heavenly Extremity Realm powerhouses, were forced to be busy. One could say, the intensity of the struggle was unprecedented.

However, for the powerhouses of the Shen Ye Sect, things were good as they were definitely on the most advantageous side.

After all, Yang Chen had obtained many treasures in Bishuang Star. This time, their Shen Ye Sect was definitely the biggest winner.

Consequently, the powerhouses of the Shen Ye Sect couldn't have been happier.

But it wasn't as fortunate for Heavenly Melody Mountain and Tai Yuan Palace. They fought desperately in the underground of Bishuang Star against other races, especially the Spiritual God Clan who fought them bitterly like madmen.

Following this battle royal, both the Heavenly Melody Mountain and Tai Yuan Palace suffered significant losses, and yet they didn't gain much advantage.

Just when they thought they could rest for a few days upon returning, they didn't expect that before they could even start to rest, Yang Chen sent a letter summoning the Heavenly Extremity Realm powerhouses of the Three Major Powers to be the guests in Shen Ye Sect. He claimed that he had an important announcement to make.

This baffled the powerhouses like a monk who couldn't fathom what was happening. They really didn't know what had happened.

However, the demeanor of the Shen Ye Sect didn't seem like joking at all. Without any choice, the powerhouses could only set off to Shen Ye Sect.

Like this, within a few days, the Shen Ye Sect had become bustling.

The entire Taiyuan Star System knew that something significant had happened inside Shen Ye Sect, causing all the Dao Ancestor powerhouses to gather in the Shen Ye Sect.

Just like this, ten days later, in Shen Ye Sect, at the Round Moon Palace.

Around ten to a dozen Dao Ancestor powerhouses divided into three groups.

One group from Tai Yuan Palace, one group from Shen Ye Sect, and one group from Heavenly Melody Mountain. The numerous Heavenly Extremity Realm powerhouses were mutually glancing at each other but in the end, all gazes turned to Yang Chen who was sitting not far away.

"Young friend Yang Chen, you summoned us here today, saying there's a major matter. Don't deceive us," a white-bearded elder from Heavenly Melody Mountain said.

Yang Chen knew his name and chuckled, "Dao Ancestor Tian Jia, don't worry. The matter is indeed serious. If it wasn't, I wouldn't dare to deceive our seniors. Please look."

While speaking, Yang Chen directly released Spiritual Separation Dao Ancestor from within his world.

When Spiritual Separation Dao Ancestor came out and was inspected by everyone, they all showed surprised expressions.

"Spiritual Separation Dao Ancestor..."

"What happened!"

"Yang Chen, why have you imprisoned Spiritual Separation Dao Ancestor? What do you mean by this?"

Many people didn't understand the situation, only Xuan Yang Palace Master had a glint of strangeness in his eyes. His expression had a touch of panic, indicating some unease.

This anxiety was precisely seen by Yang Chen.

Without showing any emotions, amid the doubts of the various powerhouses, Yang Chen said: "Elders, please don't misunderstand. There's a reason why I imprisoned Spiritual Separation Dao Ancestor. Earlier in the underground of Bishuang Star, this Spiritual Separation Dao Ancestor even tried to attack me. Considering myself as the Guardian Emperor who has contributed greatly to the Human Race, and him, Spiritual Separation Dao Ancestor still daring to attack me. Elders, please judge, who is right and who is wrong?"

"This, it is indeed wrong for Spiritual Separation Dao Ancestor to attack you, young friend Yang Chen. But we don't know what happened in the process. And now, you have imprisoned Spiritual Separation Dao Ancestor like this..." a Dao Ancestor expressed their doubts.

Yang Chen knew that these powerhouses wouldn't easily jump to conclusions, so he directly waved his sleeve and extracted a part of his memory.

"All you need to do is look at this part of the memory. Furthermore, Senior Wen Qi can also testify for me. If it is not enough, Spiritual Separation Dao Ancestor is here, you can search his memory. Even if I'm really powerful, I can't possibly tamper with his memories. Moreover, once you have finished reading, you will know that it's not just as simple as him attacking me, but he has also colluded with the Spiritual God Clan to plot against me. If I didn't have some aces up my sleeve, today, I might not have been able to meet all the seniors."

As every word of Yang Chen fell, all the powerhouses couldn't help but gasp.

Because someone had already checked the memory sphere that Yang Chen had extracted. When they looked at it, they all showed shocked expressions. They saw the scenes that happened between Yang Chen and Spiritual Separation Dao Ancestor.

First was the scene where Yang Chen, teamed up with Princess Wen Qi aggressing Spiritual Separation Dao Ancestor.

That wasn't all, later, Yang Chen fought again with Spiritual Separation Dao Ancestor on the Heavenly Origin Star, ultimately summoning an Asura that beheaded two Dao Ancestors.

One of them was a Dao Ancestor of the Spiritual God Clan.

This sent a shiver down everyone's spine. All of them sitting here were Dao Ancestors, full of arrogance, and they believe their own abilities to be at the peak of the universe, unreachable by others.

But now, the memory that Yang Chen had shown, completely smashed their blind confidence. If Yang Chen can imprison Spiritual Separation Dao Ancestor, he can also suppress them.

Because of this, an invisible sense of awe appeared in the faces of the powerhouses when they looked at Yang Chen.

At this point, if they still didn't know how to face Yang Chen, they would be idiots.

"Young friend Yang Chen, this memory is undeniable. I didn't expect Spiritual Separation Dao Ancestor to stoop so low."

"Working with the Spiritual God Clan to plot against their own race, especially against a Guardian Emperor, indeed their crime is unforgivable."

"Today we are all present here, young friend Yang Chen, what do you intend to do?"

Xuan Yang Palace Master's eyes whirled around. Initially, he intended to stir up trouble in this matter a bit, to avoid the fact that he collaborated with Spiritual Separation Dao Ancestor from being exposed.

But now, he saw that a group of powerhouses from Heavenly Melody Mountain, even those Dao Ancestors from his own Tai Yuan Palace, started to echo Yang Chen then. The direction of the wind had completely turned towards Yang Chen, so he didn't dare to say anything hastily.

"Elders, I plan to bring Spiritual Separation Dao Ancestor to Earth Spirit Hall for a trial," said Yang Chen.

Xuan Yang Palace Master shivered, "Er, young friend Yang Chen, I think it would be better if we just execute Spiritual Separation Dao Ancestor directly here, since all the powerhouses are gathered here today. Why wait for another place!"

Chapter 3493 - Xuanyang Palace Master's Thoughts_1

Spirit Separation Ancestor is now suppressed and unable to speak, but that doesn't mean he isn't conscious.

Now, he looks coldly at Xuanyang Palace Master, his eyes filled with anger, wishing to fight Xuanyang Palace Master to the death.

He knows very well that Xuanyang Palace Master wants him to die quickly, so as to eliminate future problems immediately.

It is precisely because of this that he got angry just now.

Xuanyang Palace Master naturally knows these, but now that it involves his own safety, he won't bother to give any face to Spirit Separation Ancestor.

Yang Chen knows Xuanyang Palace Master's meaning very well, and the more so, the more he can see Xuanyang Palace Master's guilty conscience.

He's not anxious or impatient, and calmly says, "Palace Master Xuanyang, it seems that only Earth Spirit Hall can truly judge the Heavenly Extreme Realm. It's a bit too hasty for us to kill a Daozu in the Taiyuan Star System. Anyway, with Spirit Separation Ancestor's ironclad evidence here, whoever comes to me, Yang Chen, will be absolutely clear of any guilt, and going to somewhere else for trial is just a matter of taking a few extra steps."

Hearing this, Xuanyang Palace Master wanted to persuade again. For him, delaying could lead to unforeseen changes.

However, with Yang Chen's words reaching this point, if he insists on persuading again, everyone present is wise, and it's inevitable that people will become suspicious.

In an instant, Xuanyang Palace Master can only clench his teeth and temporarily give up, and think of other ways.

"Indeed, it seems that this Spirit Separation Ancestor is so evil that killing him would be too lenient. Whether he wanted to take action against my young friend Yang Chen or collaborate with the Spirit God Race and betray his group, each one is an undeniable ironclad crime," someone immediately echoed.

"Going to Earth Spirit Hall to make a decision is not too late, Palace Master Xuanyang. We know that you are upright and can't tolerate any wrongs, but this kind of thing will be judged correctly by Earth Spirit Hall," said some of the Daozus.

Many Daozus spoke one after another, making Xuanyang Palace Master's face even more embarrassed.

Yang Chen said, "Three days later, I plan to send Spirit Separation Ancestor to Earth Spirit Hall. If anyone wants to go with me, you can rest at the Divine Night Sect for three days. If you don't want to go, I won't force you."

Most of the Daozus are just here for the excitement. Since they are in the Divine Night Sect, there are naturally some who follow Yang Chen.

However, some of them are not interested in this matter and leave one after another.

As for Xuanyang Palace Master, as expected by Yang Chen, he stays in the Divine Night Sect, planning to go to Earth Spirit Hall together with Yang Chen.

This isn't a long time. After three days, Yang Chen, along with the three Daozus of the Divine Night Sect, led Spirit Separation Ancestor to Earth Spirit Hall.

In addition, there are three Daozhus from the Grand Abyss Palace, and two from Heavenly Melody Mountain.

As for Earth Spirit Hall, Yang Chen is quite familiar with it. It takes at most half a month for a group of Daozhus to go there.

Yang Chen is very leisurely during this half a month, but Xuanyang Palace Master is not the same.

His heart is burning with anxiety.

He knows very well that once they reach Earth Spirit Hall in half a month, the strongmen of Earth Spirit Hall will surely carry out a Soul Search on Spirit Separation Ancestor.

The strongmen of Earth Spirit Hall are impartial and have never liked the Daozhus who turtle in the rear. If they really find any crimes, they will not be lenient.

How can he not be afraid, not flustered!

Xuanyang Palace Master has been looking for opportunities all the way, but Yang Chen puts Spirit Separation Ancestor into his own world, leaving no chance at all.

As a result, Xuanyang Palace Master has completely run out of ideas. He can't take action against Spirit Separation Ancestor, and he absolutely can't kill Yang Chen under the eyes of so many powerful people.

In an instant, he can only find an excuse, "Daoist friends, I suddenly remembered that there is important business to deal with in my palace, and I need to go back immediately, so I may not be able to go to Earth Spirit Hall with you."

The other powerful ones didn't have any suspicions and said, "Oh? Daoist Xuan Yang has important matters? In that case, don't delay, go and deal with it quickly."

Many people thought that Xuanyang Palace Master couldn't bear to see his fellow sect member being judged, so he left early.

Only Yang Chen knows what Xuanyang Palace Master is thinking.

He smiles gently and says lightly, "Senior Xuanyang, what do you do in such a hurry to go back?"

"This is business for the palace and is not convenient to mention to you, Yang Chen."

Yang Chen touched his chin and said, "That's true, I shouldn't have asked about it. However, it's only three days' journey to Earth Spirit Hall, and if you rush back here now, even if you ride a fast horse, it will take at least ten days, right?"

"Yes, that's the case," said Xuanyang Palace Master.

Yang Chen smiled indifferently, "If that's the case, it doesn't matter. I, Yang Chen, am skilled at space-time, and everyone here knows it. If Senior Xuanyang is really in a hurry, I'll set up a spacetime formation, and we'll be able to reach Earth Spirit Hall in just one day. At that time, I'll wait for you to go back alone, and it will only take about five days, so the round trip will only take six days. Anyway, it's faster than Senior Xuanyang going by himself."

Xuanyang Palace Master's figure paused, and he wanted to curse at Yang Chen.

At the same time, his heart tightened, sensing that Yang Chen had probably discovered the clues on his body, so he was giving him trouble repeatedly.

This made Xuanyang Palace Master feel bad.

Now he probably can't go back to the Grand Abyss Palace, but if he follows Yang Chen to Earth Spirit Hall, he might lose his life.

Seeing this, Xuanyang Palace Master could only laugh awkwardly on the surface, "Alright, in that case, I'll have to trouble Daoist Yang Chen."

He thought so in his heart, and had made up his mind in secret, to find a chance to slip away...

However, he underestimated Yang Chen's spacetime technique.

Yang Chen's world power unfolds, and its spacetime divine power is like a formation. It's easy to enter the range of this world power, but if you want to go out, Yang Chen will definitely sense it. Unless you forcefully break out, it's hard to escape.

But if he forcefully breaks out, will Yang Chen give him the chance?

Xuanyang Palace Master felt even more uneasy, but no one gave him more time to think.

In just one day, with Yang Chen's space-time power in full force, they arrived at Earth Spirit Hall.

When the powerful people arrived in the Ancient Divine Realm, the Heavenly Extreme Realm of Earth Spirit Hall felt their arrival and quickly got up to greet them.

"How did Daoist friends come to our Earth Spirit Hall?"

"Haha, Yang Chen, you kid is here again." Ye Shan Dao Ancestor, who is familiar with Yang Chen, came forward and patted Yang Chen on the shoulder. With a single pat, Ye Shan Dao Ancestor was greatly surprised, "Good kid, your cultivation level has improved again, reaching the Destiny Realm Late-stage. Good, good, good, this trip has come at just the right time."

Chapter 3494 - The Judgment of the Nine Sect Founder_1

Yang Chen has always been observant, and hearing what the other party said, he asked curiously: "Ye Shan Senior, has something happened?"

Upon hearing Yang Chen's words, Ye Shan Daozu's expression became serious, as if Yang Chen had guessed right.

He sighed a little worriedly and said quickly, "Something indeed happened, and it's a long story. I'll explain it to you later. By the way, why did you all come to the Earth Spirit Hall with such a big fanfare?"

Yang Chen replied, "Ye Shan Senior, let's talk about it first."

Not knowing what was in Yang Chen's mind, Ye Shan Daozu didn't press the issue and followed him to the Earth Spirit Hall.

Along the way, Ye Shan Daozu quickly gathered a group of powerful cultivators.

Once again, Yang Chen entered the conference hall of the Earth Spirit Hall.

However, this time, there were eight Daozu present, a significantly larger force than last time, and it was quite shocking.

Upon seeing this, Yang Chen immediately bowed and said, "Junior pays respects to the Senior Daozu."

Yang Chen knew that these powerful Daozu had not all been present before. Even now, it might not be the entirety of the Earth Spirit Hall's Daozu combat power.

These Daozu were all quite familiar with Yang Chen, after all, he had broken through all of their secret realms and they could not help but know about Yang Chen.

As for Yang Chen, when he was observing the eight Daozu, his expression suddenly became serious as he noticed the Daozu sitting in the center.

This Daozu's strength was clearly different from the others. At least the Qi that Yang Chen felt from him was not like that of ordinary powerful people.

At this moment, when Yang Chen was curious, the Xuan Yang Palace Master seemed to see the Daoist as a lifesaver and immediately tried to curry favor with him, saying: "Ninth Brother, why did you come out of seclusion?"

The other powerful cultivators who had come with Yang Chen also looked serious when they saw this Heavenly Extreme Realm cultivator.

At this moment, Yang Chen realized that the person in front of him might be the legendary one and only strong cultivator who had reached the Heaven-appointed Realm Chuangdao Period among the Human Race, the Nine Sect Founder Daozu.

As Yang Chen stared at the Nine Sect Founder Daozu, the latter also seemed quite curious about Yang Chen.

As he looked at Yang Chen, the corner of his mouth emitted a gentle smile, while to the Xuan Yang Palace Master he only gently nodded.

Yang Chen had an expression mixed with suspicion and confusion, not understanding what the nine Sect Founder's intentions were.

"What reason do you all have for coming here this time?" asked a Daozu.

Seeing the Nine Sect Founder, Yang Chen did not feel comfortable to reveal the Spirit Separation Daozu. However, after careful consideration, he did not need to be afraid of being tarnished and did not need to worry about these matters.

Yang Chen made up his mind and brought out the Spirit Separation Daozu.

The many strong cultivators present all showed expressions of surprise, not knowing what Yang Chen intended.

Yang Chen did not waste time and explained the ins and outs of the matter clearly.

Upon hearing the explanation, the powerful cultivators finally understand the situation.

Ye Shan Daozu stroked his beard and said coldly, "This Spirit Separation Daozu is really bold and reckless, daring to make a move on our Earth Spirit Hall's meritorious cultivator. I heard that you, Yang Chen, had a conflict with him earlier, right?"

"That's true," Yang Chen said, "The matter dates back a long time, and the seniors of the Taiyuan Star System present here are all well aware of it."

Spirit Communication Daozu said, "I am also aware of this matter. Initially, Yang Chen came to the Earth Spirit Hall because he was forced to by the Spirit Separation Daozu. I didn't expect that even with the status of Protector Emperor personally granted by our Earth Spirit Hall, he would still be so arrogant and overbearing. Of course, we cannot simply listen to Yang Chen's side of the story, so it is best to perform a Soul Search."

"Spirit Communication Daozu, there's no need for a Soul Search. I can testify that this is absolutely true. The Earth Spirit Hall only needs to conduct a fair trial," said the Xuan Yang Palace Master suddenly.

"Oh?" Spirit Communication Daozu said: "Since Daoist Xuan Yang has said so, I naturally have no problem with it. I just don't know what the other Daoist friends here think."

"Since those from Taiyuan Palace have spoken, there is no need for us to say anything," many of the powerful cultivators present, upon seeing Xuan Yang Palace Master suddenly opening their mouths and taking such a righteous stance, felt somewhat puzzled.

However, since the other party has spoken, it would be inappropriate for them to say anything more.

Seeing that the powerful cultivators had agreed, the Xuan Yang Palace Master was so frightened that he was sweating profusely.

Now it seems that he has barely escaped one disaster.

Even Yang Chen, seeing the Xuan Yang Palace Master's timely remark preventing the powerful cultivators from trying to carry out a Soul Search, his eyes narrowed slightly, thinking, is he being fooled by the Xuan Yang Palace Master just like that?

However, just when both the Xuan Yang Palace Master and Yang Chen thought they had escaped one disaster, the Nine Sect Founder Daozu, who had been sitting motionless and silent in his chair, suddenly said, "A Soul Search is still necessary. How can the severity of the crime be determined without a Soul Search, and how can the crime be determined. Since this person is from my Taiyuan Palace, let this old man personally perform the Soul Search."

Hearing the Nine Sect Founder step forward, the crowd of powerful cultivators was somewhat surprised.

Xuan Yang Palace Master shuddered all over, wondering why his senior brother was going against him.

But since the Nine Sect Founder was the one to perform the Soul Search, the matter would probably be easily settled.

The Soul Search by the Nine Sect Founder was as fast as lightning. In a short while, it seemed that he already finished the search.

It was just after the completion of the Soul Search that the Nine Sect Founder fiercely slapped his palm down, and in the next moment, the Spirit Separation Daozu vanished under his palm.

"The crime of Spirit Separation Daozu should have been punishable by death according to the law, but now that time is pressing, this punishment will be spared. Moreover, besides Spirit Separation Daozu, someone else also tried to harm Yang Chen, my friend. This old man cannot tolerate it!" The Nine Sect Founder said coldly.

After he said this, the Xuan Yang Palace Master, who had just breathed a sigh of relief, felt his heart rise to his throat again.

The Nine Sect Founder said, "Xuan Yang, tell me what you did."

"Brother, what are you talking about, I don't understand!" Xuan Yang Palace Master gritted his teeth, still unwilling to believe it.

"If one does not want others to know, one must not do it oneself. You know very well what you have done, and you have been involved in the plot with Spirit Separation Daozu to harm Yang Chen. Do you want me, your senior brother, to cover up the truth for you?" The Nine Sect Founder said coldly.

The Xuan Yang Palace Master shuddered and realized that he could not hide the truth any longer, so he pleaded, "Senior Brother, spare me, Senior Brother, spare me."

He saw the fate of Spirit Separation Daozu just now clearly.

"If you want to be forgiven, you should ask Brother Yang Chen." The Nine Sect Founder said, "Tell Yang Chen about those things you did!"

Chapter 3495 - Peeking into the Dodao Period_1

Xuanyang Palace Master didn't know what his senior brother was up to, but he didn't dare defy his brother's command. He gritted his teeth and said, "Yang Chen, back then I schemed against you with Ling Bie. However, I only offered advice from the sidelines, and I later regretted it. I know it's meaningless to say this now, but I hope you can spare my life. For that, I am willing to pay any price to satisfy you."

Upon hearing the Palace Master's words, Yang Chen finally understood the intentions of Nine Sect Founder.

It seemed as though Nine Sect Founder wanted Xuanyang Palace Master to beg for mercy, but in reality, he was implying that Yang Chen should spare the palace master for the founder's face's sake.

But this kind of approach was mostly used among those who saw each other as equals. As for Yang Chen, even if Nine Sect Founder didn't reveal this, what could Yang Chen say?

Unable to figure out what Nine Sect Founder's real plan was, Yang Chen said, "You harbored ill thoughts against me and should be punished accordingly. However, since you didn't take direct action against me, I'll overlook the open punishment. As for the rest, let's see how Nine Sect Founder sees fit to handle it."

Xuanyang Palace Master breathed a sigh of relief, not daring to have any thoughts of opposing Yang Chen.

Nine Sect Founder said, "Xuanyang, haven't you thanked Yang Chen yet?"

"Thank you, Yang Chen, my friend," Xuanyang Palace Master couldn't believe that he had to beg for mercy and even thank someone in the Heaven-appointed Realm like Yang Chen.

Furthermore, the matter wasn't that simple.

Nine Sect Founder spoke solemnly, "Xuanyang, upon returning, you'll be confined for a million years. During this million years, you're not allowed to leave Taiyuan Palace without my permission. Otherwise, the punishment from Earth Spirit Hall still stands. You weigh it yourself."

Xuanyang Palace Master shuddered in fright. A million years of confinement was no joke.

At this moment, he could only gladly accept Nine Sect Founder's punishment and say, "Thank you, senior brother, for your mercy."

"Alright, let's consider this matter settled for now, Brother Yang Chen. You don't have any objections, right?" Nine Sect Founder said.

Yang Chen nodded. With Nine Sect Founder giving him so much respect, there was little left for him to say.

"Junior has no objections," Yang Chen said.

Nine Sect Founder finally changed the topic, "Nowadays, the situation of the Human Race, no, more precisely, the entire Universe Starry Sky, is delicate. I don't want any internal conflicts among humans at this time. If there are any, this old one will definitely not let it go easily. This statement applies to everyone present here. If anyone wants to challenge the authority of the Earth Spirit Hall, I will definitely not be polite."

Hearing this, Yang Chen became more and more curious about what had happened. From what he had heard from Ye Shan Dao Ancestor, it seemed that something was about to happen.

"Nine Sect Founder, what has happened?" asked White Eyebrow Ancestor of the Divine Night Sect, who had accompanied Yang Chen.

"It's a long story. Let me start from the beginning. In the Netherworld, there's already a Ghost Ancestor who is likely to have entered the Dodao Period," Nine Sect Founder said.

Yang Chen was taken aback, "Dodao Period? Netherworld? Could it be Yan?"

"You know about Yan too, Brother Yang Chen? Well, it seems that it's most likely him right now," Nine Sect Founder said indifferently.

"If Yan enters the Dodao Period, won't that break the current balance of power among the five major factions?" exclaimed Princess Wenqi in shock.

Nine Sect Founder nodded, "Indeed, although it's not yet confirmed to be Yan, it's very likely to be him. But no matter what, we must now prevent him from entering the Dodao Period."

"Prevent?" A Daozu asked in confusion.

Nine Sect Founder nodded, "Many of you may not know that for a Dao Creator Realm expert to enter the Dodao Period is not an overnight process. Before entering the Dodao Period, the universe will show signs of change. After these changes and signs appear, it may still take a long time for a Dao Creator Realm expert to enter the Dodao Period. This length of time could even last a lifetime."

"So, you're saying that Yan may not necessarily be able to enter the Dodao Period?" some powerful ones inquired.

"That's right, but even if he doesn't enter the Dodao Period, his current realm has already surpassed all of us Dao Creator Realm experts. If he truly enters the Dodao Period, things would be terrifying... So, under any circumstances, we must stop him. The key is to join forces and eliminate him."

"Over the past ten years, our Earth Spirit Hall has been relentlessly attacking the Netherworld to hinder Yan's advancement into the Dodao Period. Not only our Human Race but also other races have joined us."

The powerful ones present took a deep breath, feeling the seriousness of the situation.

"No wonder the Spirit God Race retreated so easily from Bi Shuangxing this time. They've been fighting for ten years, and now this big thing happened in the Netherworld."

The powerful ones of Taiyuan Star System reacted to the news.

Then, a Daozu from Heavenly Melody Mountain curiously asked, "Nine Sect Founder, if Yan really enters the Heavenly Extreme Realm Later Stage, what would be the outcome?"

Nine Sect Founder frowned, "You should all know that I am a Heavenly Extreme Realm Mid-Stage expert."

The other powerful ones had no choice but to admit that Nine Sect Founder's strength was evident.

"If Nine Sect Founder takes action, none of us here would be a match for you..."

"We can only admire the authority of Nine Sect Founder."

These powerful ones felt inferior.

Nine Sect Founder said, "Indeed, with my current realm, if I were to take action, I wouldn't be afraid of facing you all together. I may not be invincible, but I could easily escape unharmed. If Yan truly enters the Heavenly Extreme Realm Later Stage, then even if all of us Dao Creator Realm experts join forces, we would still stand no chance."

"Why doesn't Nine Sect Founder contact other Dao Creator Realm experts from different races?" asked a powerful one.

Nine Sect Founder shook his head, "Do you think I haven't tried? But Yan is still only glimpsing the Dodao Realm, he has not yet entered it."

"So, these Dao Creator Realm experts have a way to deal with him?"

Nine Sect Founder said, "It's not that they have no chance of winning, but the probability of victory is lower if they fight alone."

"Why not join forces then..." A Daozu asked in wonder.

"Because of pride," Nine Sect Founder shook his head, "Each of these Dao Creator Realm experts has cultivated for countless years and stand at the pinnacle of humanity. How can they join forces against one? Especially Ye Xiu, his pride reaches the heavens, he would never agree."

Chapter 3496 - Trust from the Nine Sect Founder_1

"What should we do about this?" the powerful ones discussed.

After all, it was related to the future of their entire group, and they couldn't ignore the matter.

Nine Gates Ancestor said: "We can only take advantage of Yan Luo's current cultivation state and join forces to stop him and interrupt his cultivation. In any case, allowing him to cultivate for such a long time would not be a good thing."

"That's why I said, it was timely for you Daoist friends to come. Originally, attacking the Netherworld seemed to be insufficient in manpower, but with you here, it's just right." Ye Shan Dao Ancestor said.

"If the four clans work together, won't there be enough manpower?" A powerful one asked.

"Our four clans fundamentally cannot unite. We can't form a cohesive force and fight individually in the Netherworld. We'll basically end up being manipulated by others in a circle. It's not easy to gain any

advantage. In the end, we have to rely on ourselves, not others." Spirit Communication Ancestor echoed.

This made the powerful ones feel the gravity of the situation. Who could have thought that they would have to attack the Netherworld after coming to Earth Spirit Hall?

The reason they stayed in Taiyuan Star System was mostly out of fear of danger, but now they were being coerced to go to the Netherworld, which naturally left them feeling displeased.

However, they were all Daoist Ancestor Experts, and they would not show the dissatisfaction openly. Even if they were unhappy inside, they appeared cheerful on the surface.

Nine Gates Ancestor said: "For the Netherworld matter, you all must exert as much effort as you can. It is related to the future changes of our entire group, so you must not underestimate it or disregard it. As for now, Yang Chen, my friend, you come with me for a while. There are some important matters the old man needs to discuss with you."

Yang Chen was surprised at his words. He had felt earlier that the Nine Gates Ancestor seemed quite interested in him.

Now that the other party had come to him, Yang Chen became even more perplexed.

Despite his doubts, Yang Chen still got up and followed the Nine Gates Ancestor.

This made the powerful ones even more puzzled, wondering what the Nine Gates Ancestor's intentions were for calling Yang Chen alone.

Even Ye Shan Dao Ancestor and others didn't know what the Nine Gates Ancestor's purpose was. They had never heard him say anything about wanting to talk to Yang Chen about something before.

Yang Chen and Nine Gates Ancestor arrived together at an unoccupied small house in the Earth Spirit Hall.

The place was chosen at random, but clearly, the Nine Gates Ancestor's words were not simple. He waved his hand and isolated the entire house.

Yang Chen didn't sense any hostility from Nine Gates Ancestor. It was precisely because of this that he became even more curious about the Nine Gates Ancestor's intentions.

"Nine Gates Senior, what is this?" Yang Chen asked, puzzled.

Nine Gates Ancestor said with his hands behind his back: "Yang Chen, do you know why I called you over like this?"

Yang Chen furrowed his brows, and after some speculation, he said: "Is it related to the Netherworld matter that Senior Nine Gates mentioned earlier?"

Nine Gates Ancestor nodded: "You are smart. Yes, the reason I want to see you is related to the Netherworld matter. Isn't it strange that I would discuss something with you, a little guy in the Heaven-appointed Realm, alone?"

"Indeed, that is the case," Yang Chen said.

"Let me start from the beginning. As I mentioned outside earlier, we must stop Yan from entering the Dodao Period," Nine Gates Ancestor said.

"Yes, that's right," Yang Chen replied.

When Nine Gates Ancestor mentioned Yan, his expression suddenly became serious: "However, I didn't mention one thing earlier, which is planning a retreat for our human race."

"Planning a retreat?" Yang Chen asked, puzzled.

Nine Gates Ancestor sighed: "Although it seems that the various clans are going to besiege Yan now, who can guarantee that the outcome will be advantageous for the other clans? It is hard to say whether Yan taking the opportunity to counterattack, resulting in a heavy blow to the other clans."

"Didn't the Nine Gates Senior just say that it isn't an overnight task for Yan to enter the Dodao Period?" Yang Chen asked.

"It's not easy to enter the Dodao Period. Even if Yan were given a million years, he might not necessarily enter the Dodao Period. But even if he only comprehends a trace of the Dodao Period's essence, he has already left us old fellows far behind. No one knows about Yan's current strength; even if we add up all the Dao Creator Realm Experts, we may not be able to kill him. Not to mention, we still can't unite."

Nine Gates Ancestor said gravely: "That's why we need to prepare for the worst. If one day our human race encounters any problems, we need someone to stand up."

Yang Chen was astonished at the Nine Gates Ancestor's ideas: "With senior's strength, how could there be any problems..."

"You don't know. The stage of breaking through from the Dao Creator Realm to the Dodao Period is very mysterious. Just by retreating, it is difficult to break through the realm. The best way to break through the realm is through battle; otherwise, why would it be called the Dodao Period? Only by breaking the Dao during battle can one truly break through to this realm," the Nine Gates Ancestor said coldly.

"Yan has already understood part of the essence, and if he wants to enter the Dodao Period, he will definitely not spare us old fellows."

"What are senior's chances of winning?" Yang Chen asked.

"If I can understand the Dodao, naturally I will win. But if I can't, then naturally I lose," Nine Gates Ancestor said.

At this point, Yang Chen understood a little and couldn't help saying: "Senior Nine Gates, do you want to fight Yan as well?"

"Those Dao Creator Realm experts didn't want to join forces to bully Yan, so why wouldn't I want to? Yang Chen, when you reach my realm, you'll know. The hardest thing is that the peak is right in front of you, within reach, but forever untouchable. It's a complete mist, so I also want to impact this realm, and this fight is an opportunity for me," Nine Gates Ancestor said.

Yang Chen said: "So senior wants to make preparations in advance for possible defeat?"

"As for specifics, it's still unclear now. These are just my personal judgments, but it's always a good idea to be prepared in advance," Nine Gates Ancestor patted Yang Chen's shoulder and said, "Besides, this epoch is coming to an end. If this epoch passes, how long I can live is an unknown, so I'll entrust everything to you."

Yang Chen was astonished and couldn't help but say: "Junior just thinks..."

"Just thinks what?" Nine Gates Ancestor laughed, stroking his beard.

Yang Chen said: "Junior just thinks that I've seriously injured two Daoist Ancestors under senior's jurisdiction earlier, one dead, and one confined. Moreover, junior is only in the Heaven-appointed Realm, it shouldn't be that senior wants to entrust me with this."

Nine Gates Ancestor laughed heartily, looking at the cunning Yang Chen, and said: "You little guy, even getting wary of me. Do you think there's any difference between the sect divisions in my realm? If I still cared about the divisions between the Grand Abyss Palace and the other major powers, how could I hold the position at the peak of humanity?"

Chapter 3497 - Attacking the Underworld_1

Upon hearing this, Yang Chen could not deny the words of Jiu Men Dao Zu.

Indeed, if Jiu Men Dao Zu was still sitting in this position and worrying about some petty benefits of the Grand Abyss Palace, the overall situation of humanity would not be as peaceful as it is now.

From his long-time guarding of the Earth Spirit Hall, it was clear that Jiu Men Dao Zu had no favoritism towards the Grand Abyss Palace.

"I, Jiu Men, have done enough for the Grand Abyss Palace. Its future does not depend on me. If I strive for more, it can only be by exploiting the human race. From the human race to the Grand Abyss Palace, I understand this principle well," said Jiu Men Dao Zu.

Yang Chen respectfully bowed: "Senior's understanding of the greater good is truly admirable."

"Alright, no need to flatter me. In this lifetime, I, Jiu Men, have done things with a clear conscience," Jiu Men Dao Zu calmly said, "I can distinguish between right and wrong. Ling Bie's death was his own fault. I have checked his memory, and there are no issues. If I were to take my anger out on you because of this, then I would have wasted all these years."

Yang Chen said, "Senior's thoughts are truly admirable, but as a junior with only Destiny Realm cultivation, I don't quite understand how I can shoulder such a heavy responsibility."

Jiu Men Dao Zu shook his head, "Yang Chen, you doubt yourself, but you don't understand my perspective. If I don't entrust this great responsibility to you, who else can I entrust it to?"

Yang Chen, full of doubt, asked, "Senior Jiu Men, do you mean..."

"I know something about your strength. At first, I hesitated to entrust the great responsibility of the human race to you. But now, I think my choice is not a problem. You, boy, could capture Ling Bie Dao Ancestor alive with just the late-stage cultivation of the Destiny Realm, which shows your formidable strength."

Jiu Men Dao Zu continued, "During the Soul Search, I saw your actions in Ling Bie Dao Ancestor's memory. I approve of your strength. If you can already achieve such strength at the Destiny Realm, it's unimaginable how strong you will be when you reach the Heavenly Extreme Realm with more time."

"Senior, you overpraise me." Yang Chen replied.

Jiu Men Dao Zu waved his sleeve, "Yang Chen, let's not be modest between us. We're discussing the matters of the human race now."

Seeing this, Yang Chen scratched his head, "Alright, Senior Jiu Men, you're right. I can't say how strong I'll be when I reach the Heavenly Extreme Realm, but with my current strength, killing an early-stage Heavenly Extreme Realm powerhouse would not be a problem."

Since Jiu Men Dao Zu was so candid with him, it would be pointless for him to continue hiding.

Yang Chen didn't hesitate to express his true strength level.

Jiu Men Dao Zu laughed heartily, "Hehe, that's the kind of words I wanted to hear. With your strength and that Asura of yours, you're already strong enough to be unrivaled in the human race. As for the other Daoist Ancestor experts, by now, I haven't seen anyone capable of entering the mid-stage of the Heavenly Extreme Realm. If only someone could, I might have had some other thoughts. Unfortunately... Yang Chen, now you understand."

Upon further thought, Yang Chen could not deny this fact.

Indeed, there aren't many among the human race who can rival him. A normal early-stage Heavenly Extreme Realm expert would be lucky enough not to be killed by him.

Jiu Men Dao Zu, with his keen insight, saw all of this and entrusted him with such a heavy responsibility.

Yang Chen took a deep breath and said, "I understand."

"Yang Chen, turbulence is bound to come in this Universe Starry Sky. If there comes a day when I truly lose, you must guard the human race well. This matter is only known between you and me today. I don't know when that day will come, but you must always remember my words," Jiu Men Dao Zu said.

In his heart, Yang Chen actually wanted to refuse. After all, he had never been fond of such matters.

However, when the words reached his lips, he didn't know how to say it.

The stronger one's strength, the greater the responsibility.

If he also shirked this matter, who else could shoulder such a heavy responsibility?

No one!

"Junior will keep it in mind," Yang Chen said solemnly.

Only then did Jiu Men Dao Zu laugh, "That's good. I have now put my mind at ease. As for now, let's go to the Dark Flow Universe."

Of course, Yang Chen had no objection and left with Jiu Men Dao Zu.

When they came out, many people were curious about what Yang Chen and Jiu Men Dao Zu had discussed.

The powerful ones of the Divine Night Sect were also curious and began to ask questions. However, Yang Chen casually made up an excuse and put them off.

The powerful ones of the Divine Night Sect were even more curious, but they didn't ask more, as it wasn't their place to interfere with the secrets between Yang Chen and Jiu Men Dao Zu.

Afterward, Yang Chen stayed in the Earth Spirit Hall and waited silently!

It wasn't long before the human race began their next plan - to attack the Dark Flow Universe.

In just a few days, the human race once again assembled numerous powerful people and launched an attack on the Dark Flow Universe.

Among them were more than a dozen Heavenly Extreme Realm experts, displaying the intent of a full-scale clan war.

This massive lineup headed for the Dark Flow Universe, making an astonishing momentum.

Yang Chen was at the forefront, alongside many Heavenly Extreme Realm powerhouses.

Everyone had no objections to the fact that Yang Chen was teaming up with many Heavenly Extreme Realm powerhouses. Both his status and strength qualified him for this.

Even if some Daoist Ancestor strongmen had doubts and disapproval towards Yang Chen, they hid it in their hearts, for his identity as Protector Emperor was not a joke.

It didn't take long for all the powerful ones to arrive in the Dark Flow Universe.

In less than half a year, all the powerful ones had gathered near the Dark Flow Universe.

"The periphery of the Dark Flow Universe has been shattered by various clans. Most of the damage has been done due to Yang Chen's uproar last time. The outer Dark Flow Universe has hardly any military strength left, and will soon collapse under the power of the various clans," Ye Shan Dao Ancestor said.

Jiu Men Dao Zu held his hands behind his back and said, "However, the periphery of this Dark Flow Universe has never been its true core. The core is the Inner Area. Most of the Heavenly Extreme Realm Ghost Ancestors are also in the inner part of the Dark Flow Universe. We must not take it lightly just because the Outer Area has been conquered. At least this Inner Area has already made many powerful ones suffer."

Upon hearing the words "Inner Area," Ye Shan Dao Ancestor and the others couldn't help but show a serious expression.

Yang Chen couldn't help but ask curiously, "Why is the Inner Area so difficult to deal with?"

"Yang Chen, my young friend, you'll know when you get there," said Spirit Communication Ancestor.

Chapter 3498 - Casual Shuttle_1

With astonishment in his heart, Yang Chen, along with a group of powerful cultivators, headed straight to the direction in front of him.

Having gone over, the entire periphery of the Dark Flow Universe had indeed been attacked by various tribes. No Netherworld Ghosts could be seen in the periphery of the Dark Flow Universe now.

But the key was still in the inner area.

Yang Chen soon sensed the presence of many auras in the periphery of the Dark Flow Universe. These auras were all different, and it was not difficult to guess that they belonged to different groups.

Sensing these foreign race people, Yang Chen became even more curious. According to his senses, these foreign race people stopped at the outer area and didn't intend to enter the inner area of the Dark Flow Universe.

Soon, under the leadership of the Nine Sect Founder, Yang Chen and others had to stop moving forward.

"What's going on..."

"Why did we stop here?"

"The periphery of the Dark Flow Universe should be up ahead."

A group of Heavenly Separated Realm and Heavenly Fate Realm experts looked at each other in confusion.

Only these Daoist ancestors stared straight ahead, seemingly discovering something peculiar.

"Fellow Daoists, you must have figured out something by now. As you all can see, this inner area has a protective Formation, like a protective film. It's not easy to enter it," the Nine Sect Founder explained.

"This Formation is indeed quite profound. Old man, let me give it a try first." Inside the Heavenly Melody Mountain, a Daoist ancestor expert made a move to try it out.

Upon the bombardment, the shocking power of law made the surrounding chaos unstable and earth-shattering.

However, this attack had little effect when it hit the mysterious Formation. The Formation only trembled slightly, then it returned to its original state.

Upon witnessing this, many powerful people slightly narrowed their eyes, sensing the subtlety of this Formation.

Although Yang Chen was silent, he was constantly observing the intricacies of this Formation. He couldn't figure it out in an instant, but it wasn't hard to judge that the reason why most of the foreign race powerhouses were stationed outside and only a few entered was mainly because of this Formation.

Now, the Daoist ancestor expert from Heavenly Melody Mountain couldn't help but be shocked when he went all out with an attack and saw no effect.

"How... how is this possible!" This Daoist ancestor suddenly changed color.

The Nine Sect Founder said indifferently, "Fellow Daoist Cloud Pavilion, this Formation can't be broken by brute force as you think. If it was so easy to break open, do you think each of us would be frowning and clueless about what to do?"

"This..." Cloud Pavilion Dao Ancestor thought about it and said, "Nine Sects Dao Brother, what's the deal with this Formation? Does that mean we're stuck here?"

The Nine Sect Founder sighed, "This is the brilliance of the Netherworld. I even suspect that Yan had set up this Formation many years ago, planning for his entry into the Dodao Period and anticipating today's situation. Otherwise, all these coincidences are just too uncanny. This Formation is not entirely indefensible for us, but it's very troublesome."

A Daoist ancestor expert asked, "Nine Sects Dao Brother, so what exactly are we to do? You don't have to keep us guessing."

The Nine Sect Founder sighed, "This Formation is like a water barrier, and it's not impossible to break through it completely. It can, however, be done if all our clans join hands. But the difficulty is almost insurmountable. Each tribe will fight each other and secretly not contribute, ultimately wasting our own time."

"Although this Formation is hard to break open, it's not without its flaws. The flaw is that we can still find a way to enter it even if we don't break it open."

"How can we enter?" asked a Daoist ancestor.

"As long as we slowly infiltrate using the Law, it will be possible. But infiltrating is difficult. Just passing through this Formation and entering the inner area would consume one-third of a Daoist ancestor expert's Law," said the Nine Sect Founder.

"Thirty percent? That's still reasonable. With our numerical advantage, we won't be afraid of causing a huge commotion in the inner area of the Dark Flow Universe," a powerhouse said coldly.

The Nine Sect Founder immediately denied, "Leaf Boat Dao Friend, you're taking this matter too lightly. It is true that entering would only cost us thirty percent of our Law, but what about getting out?"

Hearing this, many powerful people suddenly realized the issue.

Yes, if entering is like this, what about getting out?

"Fellow Daoists, getting out would also cost thirty percent of the Law. In this case, you would only have forty percent left to use. With what's left, how much combat power do you think each of you could display if you're constantly worried about coming back?" the Nine Sect Founder said.

"This..."

The powerful people hesitated, not daring to take any rash actions with only forty percent of their Law left to use.

"So, this is the brilliance of Yan. Just with this Formation, he has already eliminated more than half of the threat from the attacking powerhouses of various tribes. So far, the powerful people from various tribes haven't gained any advantages," said the Nine Sect Founder.

"Nine Sect Dao Brother, there must be some way to deal with this Formation, right? Otherwise, we can't just stand idly by while Yan concentrates on his cultivation," Princess Wenqi bit her lips and said.

The Nine Sect Founder stroked his beard, "There is, of course. You can rest assured and enter the inner area. Once inside, you can also display your might without worrying about the consumption of Law. When you come out, this old man will have a way to help you return without consuming your Law. But, I can only support five Daoist ancestors at a time. If there are too many, I won't be able to manage."

"Only five?" The powerful people asked.

"Yes, only five. The rest of you will have to calculate your remaining strength." The Nine Sect Founder was also quite helpless, "Alright, let's not delay any further. You all can display your own divine powers, and this old man will help you pave the way."

Hearing the Nine Sect Founder's words, the powerful people no longer hesitated and took action one after another, using the Law to cover the mysterious Formation, trying to forcibly infiltrate it and enter.

However, this infiltration was obviously not that easy. Even with the powerful people displaying their divine powers, there was no significant progress.

As Yang Chen was on an equal footing with these Heavenly Extreme Realm powerhouses and was highly valued and entrusted by the Nine Sect Founder, he naturally wouldn't hide himself and shrink to the back.

When these Heavenly Extreme Realm powerhouses took action, Yang Chen followed closely and came to the mysterious Formation.

Seeing them struggling like this, Yang Chen was very curious and immediately unleashed his Space-Time Law.

It was at this moment that a miracle took place in the blink of an eye.

The Formation, which was originally like a thick wall, making it completely impenetrable for many powerful people, became like a sheet of thin paper under Yang Chen's hands, easily pierced through and penetrated in an instant.

Chapter 3499 - Watching the Great Battle_1

Yang Chen himself was also secretly surprised. After all, each of these powerful individuals had exhausted looks on their faces, and still had not managed to get through.

Obviously, it seemed like a task that required a lot of effort. But in Yang Chen's hands, it was accomplished effortlessly. Even Yang Chen himself felt incredibly astonished.

However, Yang Chen soon understood.

No matter how profound the Array and Restriction Techniques of the world are, they are all just variations of the same core.

These arrays may be able to resist ordinary spatial means, but in front of true spacetime techniques, no matter how formidable the array is, it would be of no use.

He had spacetime at his disposal. If he wanted to pass through, he could do so easily and effortlessly, according to his will.

Yang Chen had now arrived at the other side of the array, and a group of powerful individuals stared at him in amazement, speechless.

"This..."

"Hahaha!" The Nine Sect Founder laughed heartily: "Too interesting, too interesting."

He now believed more firmly that his choice was correct.

"Brother Yang Chen's spacetime law is indeed infinitely useful, and he can pass through so casually."

"This is really enviable."

A group of powerful individuals had gleaming eyes, but unfortunately, they couldn't learn such exquisite means even if they wanted to.

But Yang Chen had never been one to hog everything for himself. After he passed through, he naturally wouldn't give up on these powerful individuals.

Yang Chen tried, and as soon as his Space-Time law unfolded, it instantly covered the bodies of these experts.

These powerful experts were all intelligent and experienced individuals, knowing why Yang Chen did this. Yang Chen wanted to cover them with spacetime power, using it to transport them to the other side of the array as well.

Doing this would naturally make them happy, as it would save time and effort.

However, this array was obviously not entirely useless. Although Yang Chen could use spacetime to pass through, it wasn't so simple to cover these experts with spacetime power and bring them to his side too.

Yang Chen tried for a while but failed to succeed, making him shake his head in despair, "All seniors, this junior has tried his best. However, these spacetime techniques are not all-powerful, and it's hard for me to help with this array."

Seeing Yang Chen's spacetime power having no effect, these experts could only give up.

"Never mind, Friend Yang Chen, don't blame yourself. You've already tried your best. Since this method doesn't work, let's just follow the procedure," they said.

"Yang Chen, be careful when you go alone, and don't be too aggressive," Princess Wenqi said worriedly.

White Eyebrow Ancestor also said, "Yang Chen, you might as well wait for all of us."

Yang Chen was now their Divine Night Sect's treasure, and these two people didn't want him to have any mishaps.

Yang Chen couldn't wait for these experts to enter. If they were to enter, he didn't know how long it would take.

Moreover, he had always been accustomed to being alone, so he said, "You don't have to do that. I believe I have some means to preserve my life. You seniors don't need to worry about me."

"Ah... alright, but you must be careful," White Eyebrow Ancestor and Princess Wenqi couldn't persuade him otherwise, so they said no more.

With that, Yang Chen leaped away from the place and went deeper into the Inner Area of the Dark Flow Universe.

For Yang Chen, having the Asura Jitian Dao in him, he was indeed not inferior to any Heavenly Extreme Realm Powerhouse. Even if several Heavenly Extreme Realm powerhouses attacked him together, it was not certain that they could do anything to him.

It was precisely because of this that Yang Chen was so confident.

And so, with his spacetime power, he moved forward unobstructed.

Soon, Yang Chen heard some sounds and stopped.

In front of him were two experts from the Spirit God Race, engaged in fierce battle, and their opponents were three Ghost Ancestor level experts.

These two sides were evenly matched, making the battle inevitable.

Seeing this, Yang Chen was happy to watch the battle without rushing to intervene.

"Yang Chen!"

Two Ancestors of the Spirit God Race quickly noticed Yang Chen and their faces turned pale.

The three Ghost Ancestors also noticed Yang Chen.

When the five Daoist Ancestor experts saw Yang Chen, a Destiny Realm Late-stage cultivator, coming, they didn't show any relaxation but instead looked solemn and serious, as if facing a great enemy.

The two Ancestors of the Spirit God Race snarled: "Yang Chen, we don't have time to settle our accounts with you now. Nowadays, all races are united against the common enemy, the Netherworld. We may not be friends, but don't interfere in our business."

"Rest assured, I, Yang Mou, have always been a straight and upright person. You guys fight your own battles, and even if I stab someone in the back, it will be them," Yang Chen said with a slight smile.

This scared the three Ghost Ancestors to shiver all over.

However, one Ghost Ancestor quickly said with a deep voice, "What's there to be afraid of? Even if Yang Chen is powerful, will we, the Heavenly Extreme Realm cultivators, be afraid of him?"

The three Ghost Ancestors didn't know, but these two experts from the Spirit God Race knew clearly how terrifying Yang Chen was.

However, they had always been proud, so after hearing Yang Chen's words, they immediately said, "No need, just three Ghost Ancestors, the two of us can handle it."

Yang Chen didn't reply anymore, watching the fight while touching his chin and enjoyed the spectacle.

The two sides continued to fight, but it seemed even more anxious due to Yang Chen's sudden appearance.

Yang Chen, in his observations, found out a thing or two.

He had to admit that he was quite emotional seeing how the group advantage of the Spirit God Race became more and more minimal when they reached the Heavenly Extreme Realm.

Two Spirit God Race Ancestors fought against three Ghost Ancestors from the Netherworld, and they didn't have the upper hand. Instead, they were at a disadvantage, and if they continued to fight, defeat was only a matter of time.

The two Spirit God Race Ancestors brought out the Asura Soul Body as well.

However, unfortunately, the usefulness of the Asura Soul Body wasn't as amazing as they'd imagined when they reached the Heavenly Extreme Realm. Firstly, Asura was meant for the soul body, and secondly, its strength and Heavenly Extreme Dao were much weaker.

The more they fought, the more difficult it became for the two Spirit God Race Ancestors to resist.

Seeing this, Yang Chen could only shrug and say, "You two bragged quite a lot, but when you really fought, you seemed to have a hard time handling it. If both of you can't handle it, don't just stand there doing nothing. Let me, Yang Chen, deal with it."

When the conversation ended, Yang Chen's spacetime domain suddenly expanded, and the power of the world instantly covered the entire scene.

All three Ghost Ancestors were within Yang Chen's world power range.

"Destiny Realm Late-stage, you've entered the Destiny Realm Late-stage!" The three Ghost Ancestors suddenly paled.

As for Yang Chen, he didn't waste any more words. He directly used the power of the world to slow down the three Ghost Ancestors' movements.

Seeing this chance, the two Spirit God Race Ancestors swiftly took action, overly excited, and tried to strike down one of the Ghost Ancestors first.

Chapter 3500 - Perfect Cooperation_1

Seeing the intentions of these two Spirit Gods, Yang Chen couldn't help but sneer.

These two Spirit Gods were really clever, seizing the opportunity to use the benefits brought by his control of time and space to attempt to kill these Ghost Ancestors.

Of course, Yang Chen couldn't just let these Spirit Gods easily kill the Ghost Ancestors.

After all, these Ghost Ancestors still had great uses for him.

That was precisely why Yang Chen had just adjusted time and space, originally to speed up the Spirit Gods, but now suddenly reducing their speed. Instead, he helped speed up the Ghost Ancestors.

The attacked Ghost Ancestor, with Yang Chen's help, instantly found an opportunity to escape and avoid the attacks of the two powerful Spirit Gods.

Then, Yang Chen waved his sleeve, and time and space returned to normal, not helping anyone.

"Yang Chen, what are you doing!" The two Spirit Gods looked at Yang Chen angrily.

Yang Chen lazily replied, "Gentlemen, I helped you accelerate through time and space, but whether or not to kill these Ghost Ancestors still requires my consent. I never said I wanted you to kill them, so it seems like adjusting time and space a bit is within my freedom."

The two Spirit Gods growled, "Yang Chen, what do you mean?"

They quickly understood his intention: "I see, Yang Chen, you want to claim credit, huh? Fine. We'll each get half of the corpses of these two Ghost Ancestors. How about that?"

They had already witnessed Yang Chen's capabilities and knew that the rumors were not false. They dared not underestimate Yang Chen.

Yang Chen's mouth curled up, "You two misunderstand my intention; I am not interested in the bodies of these Ghost Ancestors."

The two Spirit Gods were anxious; such a delay could easily lead to unexpected changes. After all, this was the territory of the Netherworld.

"Yang Chen, what exactly do you want to do? You can have two, and we'll take one. How about that!" One of the Spirit Gods angrily said.

The other Spirit God was unwilling to agree, "Why should we give him two?"

"Don't talk. If it weren't for Yang Chen, we wouldn't necessarily be able to fight these three Ghost Ancestors. These Ghost Ancestors have somehow had their abilities greatly enhanced fighting in the Dark Flow Universe!" The other Spirit God scolded.

The other Spirit God couldn't deny it. Indeed, their joint forces had a hard time dealing with these three Ghost Ancestors.

Being held in such negotiations by the two Spirit Gods, Yang Chen shrugged his shoulders and shook his head, "I'm afraid I can only disappoint you."

"Yang Chen, what do you mean? We have already made the biggest compromises. Without our help, you alone can't handle these three Ghost Ancestors." The Spirit God Ancestor roared angrily.

Yang Chen shook his head, "You misunderstood me. I don't want to kill these Ghost Ancestors but keep their lives for other uses. Besides, I have a way to deal with these three Ghost Ancestors. If the two of you really can't handle them, it's better to get out of the way early to avoid wasting time."

Hearing Yang Chen's words, the two Spirit Gods were furious but helpless.

It was a fact they couldn't handle the three Ghost Ancestors in front of them and had no way to refute it.

For a moment, the two could only say, "Fine, Yang Chen, you're ruthless. We really want to see how you'll handle three on one."

They didn't believe that Yang Chen could handle the three Ghost Ancestors with his own strength.

At this point, the three Ghost Ancestors were also burning with anger. They were being looked down upon and were being discussed by Yang Chen and the two Spirit Gods about who would deal with them.

They were powerful Ghost Ancestors!

"Yang Chen, with your Heaven-appointed Realm, you want to take on the three of us? I think you've been daydreaming too much. Fine, today, the three of us will send you on your way." The three Ghost Ancestors, furious, seeing that Yang Chen had fallen out with the two Spirit Gods, immediately attacked him without hesitation.

As far as they were concerned, Yang Chen was also a thorny problem. The sooner they dealt with him, the better. They weren't afraid of the commotion Yang Chen could stir up.

Yang Chen saw the three Ghost Ancestors attacking and shook his head, "You all got it wrong. I never said I was going to deal with these three Ghost Ancestors alone. Instead, it's two of us."

When the conversation ended, Yang Chen waved his sleeve, and a huge figure suddenly appeared in the entire starry sky.

This figure appeared with golden Heavenly Dragon Armor and held a Sword of Laws in his hand. The oppressive aura shocked the universe.

Even the two Spirit Gods couldn't help but shudder, their pupils contracting as they couldn't believe what they were seeing.

The person in front of them was...

Asura.

"Daoist friend Extreme Heavenly Way, can you help me subdue and capture these three alive?" Yang Chen said.

"Killing them is easy, subduing and capturing them alive is a bit difficult," said Extreme Heavenly Way indifferently: "I can only promise to do my best."

"No need to worry, I'll use time and space to assist you," Yang Chen smiled.

Hearing Yang Chen's words, Extreme Heavenly Way narrowed his eyes, recalling the marvelous skill with which Yang Chen controlled the Space-Time Law.

If he had such a law to assist him, the difficulty of subduing the enemies would be greatly reduced.

"With the assistance of time and space, it's not a problem," Extreme Heavenly Way replied calmly, his figure speeding off towards the three charging Ghost Ancestors.

The three Ghost Ancestors didn't recognize Extreme Heavenly Way at first glance, but they were amazed and sensed the terror of his aura.

"What the hell is this thing!" The three Ghost Ancestors cursed.

At this point, it was too late for them to back down. They were determined to kill Yang Chen first.

Dealing with the three Ghost Ancestors was indeed difficult for Yang Chen, but if they wanted to kill him, they first had to face Extreme Heavenly Way.

Now, Extreme Heavenly Way was about to slash down with his Sword of Laws but suddenly remembered Yang Chen's reminder.

He changed the law in his hand into an invisible giant hand and directly attempted to suppress one of the Ghost Ancestors in the void.

Feeling the suppression of this giant hand, the strong Ghost Ancestor immediately fought back.

However, when the power of the world collided with the laws, it was shattered.

This made the Ghost Ancestor's face change drastically. Seeing that the hand of laws was about to press down, he didn't have time to use his World Treasure and had to dodge first.

But when he tried to dodge, he found that his speed was completely out of his control.

"It's Yang Chen," The Ghost Ancestor quickly realized.

With Yang Chen perfectly coordinating with Extreme Heavenly Way from the rear, the Ghost Ancestor's speed was completely dragged down. Extreme Heavenly Way's hand also firmly grasped the Ghost Ancestor's body.

"One down!" Yang Chen rejoiced in his heart.
