### Chapter 35: Is it Cheating or Not? 1

The reason for this climax, of course, was still Yang Chen.

At this moment, Yang Chen had completely replaced Yang Wu and become the center of attention. This was not difficult to see from Yang Caidie's awkward expression at the moment.

Ever since Yang Chen won the championship in the Giant Stone Assessment, the girls he called over could no longer maintain their composure.

"Well, Sister Caidie, does your brother need someone to warm his bed?" A girl who had a good relationship with Yang Caidie stammered.

Upon hearing this, Yang Caidie immediately replied, "Of course he... no, he doesn't."

The girl's intention was to ask if Yang Chen was married yet.

She initially planned to tell the truth, but thinking about it carefully, her brother was now the champion of the Yang Family's Coming of Age Ceremony. Did he still need someone to warm his bed? It was a joke. The bed-warmer had to be carefully chosen. Sisterly feelings were sisterly feelings, but the matter of her brother's bed-warmer was a lifetime event,

"Sister Caidie, I have a very beautiful younger sister, and I'll introduce her to your brother later. Of course, she's definitely not as pretty as me, haha. If your brother doesn't like my sister, I'm actually available too. Although I'm a few years older than your brother, age doesn't matter, doesn't matter." Another girl said.

"Go away, Caidie's brother belongs to me."

"No, you go away. Yang Chen is mine."

This scene was also a phenomenon of the Great Wild Hundred Clans.

There wasn't a single girl who didn't want her man to be a hero among the Great Wild Hundred Clans.

The astonishing talent they showed in their youth was undoubtedly the objects these girls admired and were happy to choose.

Of course, Yang Chen's performance hadn't conquered everyone present. There were still people who doubted his achievements. They thought that Yang Chen's remarkable results must be mixed with some trickery. Maybe Yang Chen had cheated?

The upcoming fighting assessment would show who was truly capable! The fighting assessment couldn't be faked.

Many people held this idea. At this moment, the old servant announced, "Now, the fighting assessment officially begins, and I will randomly select two people to compete in pairs."

"Yang Hong, Yang Jie!"

"Here!"

"Alright, begin." The old servant said.

Next, the competition between Yang Hong and Yang Jie officially began.

The martial arts cultivation level of these two little guys had reached the Body Refining Realm Second Layer. Although they were not the most outstanding geniuses in the Yang family, they were also the middle pillars of the Yang family. In the battle, they both demonstrated their excellent martial skills, and the fight was indeed quite exciting.

Eventually, Yang Hong seemed to be slightly more skillful. He won after punching Yang Jie in the body.

After that, the next quick round of matches began.

Selected by the old servant, the pairings were quickly formed.

Yang Chen wasn't in a hurry, but somehow, whether by coincidence or the old servant's intention, he was paired with Yang Heng.

"Yang Heng, against Yang Chen, the two of you step forward." The old servant said.

As the old servant's words fell, Yang Heng and Yang Chen stepped forward and stood on the ring of the Yang Family Martial Arts Arena.

Yang Chen was a little surprised by this outcome. After all, being paired with Yang Heng seemed more than just a coincidence to him. It looked like Yang Jin He and the old servant still had some doubts about his own strength. Otherwise, why would they specifically send an old rival to test him?

Yang Chen smirked. He was initially too lazy to settle the score with Yang Heng. But now, it seemed, he probably wouldn't have a choice.

Yang Heng apparently did not think that being paired with Yang Chen was a matter of bad luck. With a cold smile, he twisted his neck accompanied by the crackling sound of bone collisions, he said, "Yang Chen, you really have bad luck, running into me just like that."

"Really? I didn't think my luck was that bad." Yang Chen smiled slightly. "Your brother said the same thing to me just now. You two are really brothers." Yang Heng gritted his teeth and said, "Yang Chen, there's no need to pretend anymore. Other people may not know that your achievements were obtained through cheating, but do you think I wouldn't be able to see it? Don't worry, I'll expose your true colors soon enough and show you the difference between cheating and being a true genius!"

With these words, Yang Heng's rage immediately surged towards Yang Chen.

"It's the martial skill – Eight Gate Claw!"

Eight Gate Claw is an extremely lethal martial skill. Generally speaking, once this martial skill is used, blood is sure to flow.

Clearly, Yang Heng was determined to kill today.

“Yang Heng is actually using such a vicious martial skill.”

This was beyond the expectations of many people. After all, when fellow disciples compete, they generally show some restraint and consideration for each other. However, Yang Heng’s actions completely disregarded any bonds with his fellow clan members.

Yang Chen also narrowed his eyes, a trace of coldness flashing through them as he saw Yang Heng use the vicious Eight Gate Claw.

Since others already insulted him like this, there was no reason for him not to fight back.

“Yang Chen, you’ll see how powerful I am!” Yang Heng assumed the Black Tiger Heart Digging pose, his claw wind howling with an impressive momentum.

“Yang Chen is in trouble. If his achievements were really obtained through cheating, then this single claw attack would be enough to cripple him.” But did Yang Chen really obtain his achievements through cheating?

At this moment, facing the Black Tiger Heart Digging pose, the corner of Yang Chen’s mouth curled up.

In terms of martial skills, the Eight Gate Claw is indeed extremely lethal, but in the face of the Cloud-Pulling Fist, the Eight Gate Claw is like child’s play.

Furthermore, considering the gap in their martial arts cultivation, Yang Heng seemed more like a child wielding a sharp sword before Yang Chen, posing no threat at all.

“Die!” Yang Chen saw an opening, and in an instant, his fist slammed out, directly gripping Yang Heng’s arm.

Immediately after, Yang Chen’s fist wind howled like lightning, striking directly onto Yang Heng’s chest.

With a scream, Yang Heng spat out a mouthful of blood and was sent flying backward.

At this moment, any voices that had doubts about Yang Chen abruptly ceased.

Just now, when Yang Chen lifted the giant stone, it might have been considered cheating, but what about now? Effortlessly, Yang Chen defeated Yang Heng in just one move. To call it cheating now would be a stretch. Yang Chen achieved his results through true strength.

“Unbelievable!”

“Unexpectedly, the biggest dark horse of the Yang family’s Coming of Age

Ceremony is Yang Chen.”

“Yang Heng lost.”

“To be precise, Yang Heng was completely crushed by Yang Chen. We couldn’t even tell what martial skill Yang Chen used.”

“They’re not on the same level at all.”

“Father, you should go find Yang Caidie and tell her that during this Yang family’s Coming of Age Ceremony, I’ll choose Yang Chen as my man.”

“Daughter, it’s not that you choose him, and he becomes your man. It’s that he chooses you, then you can become his woman. We have to be clear about this order.”

At this moment, various discussions filled the air, making the entire scene lively..
