Chapter 38: Yang Chen Takes Action_I

Clearly, this had achieved the desired effect for the Bandit Third Master, as his original goal was to cripple a few of the Yang family's talents. After all, a middle-ranking tribe like theirs, teaming up with the Twelve Great Tribes, posed a significant threat to the Red Robe Bandit Gang.

"Oh dear, Clan Leader Yang, I apologize. Accidents can happen during battles; it's really unfortunate that I've broken the arm of a genius in your clan." The Bandit Third Master grinned with a mocking expression.

He was extremely satisfied with Xu Hu's performance.

However, the Yang family members couldn't be happy. They all felt a rush of anger but dared not speak, their eyes turning red with rage.

Even if Yang Chen and Yang Wu didn't have a good relationship, they were still part of the Yang family, and seeing Yang Wu in such a miserable state dampened his mood. He didn't harbor any schadenfreude thoughts about Yang

Wu's fate.

"Clan Leader...I, 1...'

Yang Wu couldn't believe what was happening before his eyes. As he gazed at his broken arm, tears fell, and he trembled with fear, completely losing his usual arrogant demeanor.

Yang Jin He's entire body shook with anger as he gritted his teeth and said, "Liu

San, the Third Leader, the people under your command are really ruthless."

The Third Master didn't show any signs of fear and casually laughed, "Yes, don't worry. I'll teach Xu Hu a lesson later. How could he have been so reckless? But honestly, accidents are inevitable in a fight. This little guy has already lost his arm and is now useless anyway. There's no need to waste medical resources on him."

Yang Wu had managed to stay conscious, but hearing he was now considered useless, his whole body trembled, and he passed out in fright.

Yang Wu's fiancée, Yu family's young lady, trembled as she grumbled, "Father, I want to call off the engagement. I absolutely cannot marry someone who's useless. No way!"

Yu Family Clan Leader stood with his hands behind his back and sighed at the sight of the unfortunate events that had befallen the Yang family today. "It's truly unexpected that this would happen, and it's really a shame for Yang Wu. But he is no longer a suitable husband for our daughter. It's time to consider calling off the engagement."

After all, nobody wanted their daughter to marry a useless man. Yang Wu had undoubtedly hit rock bottom after his fall from grace.

"It's so infuriating!" Elder Yang Si gritted his teeth.

As the Yang Family Patriarch, wouldn't Yang Jin He feel the same way?

However, facing the Red Robe Bandit Gang's strong presence, they had no choice but to swallow their anger, even though it required crushing their own teeth. What could they do even if Yang Wu had been rendered useless? Would they dare confront the Red Robe Bandit Gang? If they did, it would be the Yang family who would ultimately suffer.

"Third Master, are you satisfied now? Can you leave now?" Yang Jin He said coldly.

Bandit Third Master rubbed his brows and replied, "That doesn't seem right. Just now Xu Hu mentioned that he hasn't even warmed up yet. Why don't we do this? You pick another person and give Xu Hu a chance to warm up."

Extremely overbearing.

Absolutely overbearing.

The Third Master's intention was obvious.

They had to choose a few more decent competitors for Xu Hu to warm up; otherwise, he would cripple them. "Clan Leader, let me go!"

"Clan leader, let me do it."

There were a few spirited young men in the Yang family who came forward, unable to hold back.

Yang Jin He yelled, "All of you, get back!"

Subsequently, in a frosty voice, Yang Jin He said, "Third Master, your little

apprentice Xu Hu has already reached the Fifth Level of Body Refining Realm. Our Yang family's youngsters can only reach the Fourth Level of Body Refining

Realm at most. I don't think this competition is necessary."

Third Master folded his arms and responded: "Oh my, Clan Leader Yang, what kind of expression is that? If I'm not mistaken, this Yang Wu doesn't seem to be your Yang family's most outstanding genius, right? According to my information, the most outstanding performer at your Yang family's Coming of Age Ceremony should be a young man named Yang Chen. Am I right?" Hearing this, Yang Jin He felt like vomiting blood from anger.

What did this Third Master want to do?

Did he want to kill all of the promising seeds in the Yang family?

Moreover, how did the Third Master know about the specific matters of the Coming of Age Ceremony?

Quickly, his face slightly changed, understanding that the bandits had been targeting the Yang family earlier today. Among these foreign people, there must be the Red Robe Bandit Gang's running dogs.

Just now, someone must have told the Third Master about the specific details of the Coming of Age Ceremony.

The Third Master knew that the Yang family had outstanding geniuses, so why wouldn't he want to cripple them? After all, what the bandits feared the most was their middle-ranking tribes developing into the great tribes, and at that time, they would break free from the control of the horse-thief gang.

But having Yang Chen fight, how could it be possible? Xu Huts strength was already very obvious. He was young, not to mention at the fifth level of the Body Refining Realm, and also had extensive combat experience. With Yang Wu now crippled, the Yang family only had a few promising seeds left, like Yang Chen. How could he let Yang Chen go and die again?

More importantly, Yang Chen was the critical link between the Yang family and the Li Family Commerce Group. Li Youyan came here today, obviously for Yang Chen. If he didn't protect Yang Chen, the Yang family would suffer a huge loss today...

Thinking of this, Yang Jin He adopted a resolute attitude and said, "Third

Master, let's spare someone when it's possible."

The more Yang Jin He protected Yang Chen, the more the Third Master wanted to know what kind of role Yang Chen played. He absolutely wouldn't allow the middle-ranking tribes to grow secretly. With a sneer, he said, "What if I don't spare anyone today?"

"My younger brother has already left. If you want to cause trouble, just come at me. Third Master, you and everyone here, if you really want to cause trouble, just come at me." Just as the Third Master was not willing to let it go, a delicate yell suddenly entered everyone's ears.

A slim figure appeared in everyone's line of sight. Wasn't this Yang Caidie?

Of course, only Yang Caidie would say such fiercely protective words.

"Yang Caidie, you!" Seeing Yang Caidie appear, Yang Jin He stomped his foot anxiously.

"Caidie, calm down, don't do anything stupid."

Yang Caidie's sisters hurriedly advised.

It was a joke. Although Yang Caidie was the number one genius among the girls in the Yang family, her speech just now was too arrogant.

Not to mention the strength of the Third Master, which even the Yang Family Patriarch didn't dare provoke, this group of people was enough to level the entire Yang family. Who dared to utter a sound? Only Yang Caidie clenched her fists, fearless, and dared to confront this group of fierce and malicious bandits for her younger brother.

Only Yang Jin He could understand Yang Caidie's feelings. Yang Caidie was willing to risk her life for her younger brother.

On the other hand, the Third Master stared straight at Yang Caidie. From the moment he noticed her, he couldn't take his eyes off her.

"Such a beautiful girl, haha." The Third Master licked his lips, "Little girl, if you're willing to accompany us, the competition between your brother and Xu Hu can naturally be postponed."

"There is no need to postpone." The moment after Yang Caidie stepped forward, Yang Chen's voice suddenly sounded.

"Yang Chen, how did you come out?" Yang Jin He and Yang Caidie both shouted almost in unison.

Yang Chen sighed. Originally, he didn't intend to come forward. He thought these bandits wouldn't force the Yang family to bring him out. But who knew his sister would suddenly show up?

The fifth watch is delivered, more than ten thousand words, all quality. Here, I wish everyone a Happy New Year in advance.

Also, please reward, please reward, please reward. It's important to say three times..
