Chapter 39: Going All Out_I

He came out now, wasn't it because he was afraid that these bandits would target his sister?

He had just learned about the character of these bandits from Elder Yang and Elder Yang Si. How could his sister fight against them? Wouldn't she be throwing herself into the tiger's den? If his sister really suffered for him, what would be the point of his reincarnation?

Yang Jin He solemnly said, "Second Elder, Fourth Elder, how did you let Yang Chen pass?"

What were these two thinking? Didn't they know how important Yang Chen was to the Yang family? These bandits just specifically asked for Yang Chen, yet they didn't keep an eye on him, allowing Yang Chen to appear here!

"Clan Leader, it's our dereliction of duty!" The Second and Fourth Masters lamented.

The Third Master carefully looked at Yang Chen, and his fierce face revealed a slight smile: "You are Yang Chen?"

"Yes, it's me." Yang Chen calmly replied: "Since the Third Master wants me to compete with Xu Hu, how could I disappoint him? If the Third Master wants a competition, let's have one."

"Bao, what are you doing?" Yang Caidie's eyes were bloodshot.

"Sister, go down first," Yang Chen ordered. "Me?" Yang Caidie was confused.

"Go!" Yang Chen sternly said.

Yang Caidie was frightened by Yang Chen's aura, her delicate body trembled slightly, and she said bewilderedly: "Oh...Oh."

In the past, it was always Yang Chen who listened to her commands. Today, when Yang Chen suddenly became stern, she felt strange, and her body unconsciously retreated one step without control. By the time she reacted and wanted to stop Yang Chen, he was already like an arrow on a bowstring, ready to shoot.

The Third Master looked deeply at Yang Chen: "Very good, for someone so young, you have such demeanor, it's really not easy."

He praised on the surface, but there was already murderous intent in his heart.

He knew that facing his aura, Yang Chen was still calm and composed. Given time for this young man, who knew how far he could grow? There was definitely not much time left, and he would not allow anyone who could pose a threat to the gang to appear.

Yang Jin He saw that Yang Chen appeared, and the situation was no longer under his control. He furrowed his brows and said, "Yang Chen, how sure are you to face this Xu Hu?"

"I'm not sure," Yang Chen said with a wry smile.

He knew where his weakness was now.

That was the lack of actual combat experience.

He was confident in using his martial skills to suppress Xu Hu, but in terms of actual combat experience, Yang Chen knew that he would be at a disadvantage. So the odds of winning and losing were difficult to predict.

Yang Jin He took a deep breath: "Yang Chen, you must be careful when facing

Xu Hu. If you really find the opportunity, don't be merciful."

Even though he said so, his heart was actually filled with sorrow.

Xu Hu's cultivation level was at the Fifth Level of Body Refining Realm.

What about Yang Chen? He was only at the Fourth Level Peak of Body Refining Realm.

Though there seems to be a very small difference, in reality, it is a world of difference.

Considering the experience gap, how much chance did Yang Chen have of winning? He could not weigh it out himself. To say so was just holding onto a slim hope.

But now that Yang Chen had appeared, it would be impossible for Yang Jin He to ask him to retreat again.

"Clan Leader, I understand." Yang Chen agreed, then his eyes turned cold, and he looked at Xu Hu.

Xu Hu's mouth twitched, and he carefully looked at Yang Chen, seemingly aiming at an interesting prey.

The Third Master moved his lips slightly and whispered to Xu Hu: "Go, if you can, kill him. If you can't, cripple him."

"Don't worry, Third Master." Xu Hu twisted his neck and walked towards the empty battlefield.

"Young Lady, Young...Young Master, can he win?" Gu Ming Yue's beautiful face had turned pale due to Yang Wu's miserable situation earlier. Fearing that her Young Master's outcome would be the same as Yang Wu's, she couldn't help but ask Yang Caidie.

Yang Caidie clenched her fists tightly, biting her shell teeth lightly. For the first time, she felt that many things were far beyond her capabilities.

After her parents left, she had sworn that even if she died, she would protect her brother and not let him be wronged.

But at this point, she was weakly standing behind, letting her brother fight life and death with someone else.

Yes, fighting with Xu Hu was like gambling with life, wasn't it?

Had her younger brother ever killed anyone?

But Xu Hu had taken numerous lives. How could her brother's fight with him be considered a regular fight? It was more like a battle with a fierce wolf or tiger. "Caidie, your brother... "

"Caidie."

Yang Caidie's eyes were red, and she remained silent. However, she was prepared. If anyone dared to hurt her brother and leave their lineage extinct, she would make them pay with their lives. After all, if Yang Chen died, her lineage would be completely gone, and what would be the point of her being alive or dead?

"Begin!" Yang Jin He suddenly shouted.

With his rich experience, Xu Hu took advantage of the precise moment Yang Jin He's words fell to make his move.

It would be difficult for others to react to Xu Hu's timing. However, Yang Wu had already suffered a loss like this, and how could Yang Chen let his opponent take advantage of him again?

There was no way the same trick would work twice.

As soon as Xu Hu made his move, he demonstrated the strength of the Fifth

Level of Body Refining Realm. His arms were extremely powerful, accompanied by a howling fist wind, he threw a punch at Yang Chen as a probing attack.

“Bang!”

Yang Chen was not to be outdone, demonstrating the power of his

Cloud-Pulling Fist. With his elbow bent, his fist collided with Xu Huts.

As their fists clashed, the ground shook, and sand flew everywhere. Neither Yang Chen nor Xu Hu’s fists were damaged when they collided. Instead, they managed to suppress Xu Hu’s subsequent series of attacks. In the initial confrontation, Yang Chen had demonstrated strength on par with Xu Hu.

This strength astonished everyone present.

What did it mean to be evenly matched?

“Fifth Layer of the Body Refining Realm!”

“Yang Chen is also at the Fifth Layer of the Body Refining Realm!”

“Didn’t expect that!”

No one expected it.

When Yang Chen first took the assessment, he had displayed strength only at the Fourth Level Peak of the Body Refining Realm.

Who would have thought that Yang Chen had actually reached the Fifth Layer of the Body Refining Realm?

Yes, during the previous fight, Yang Chen wouldn't have been able to face Xu

Hu head-on without falling behind if he hadn't reached the strength of the

Fifth Layer of the Body Refining Realm. Everyone saw the clash just now, and Yang Chen did not retreat at all, revealing that his Martial Arts Cultivation had indeed reached the Fifth Layer of the Body Refining Realm.

This stunned the entire audience.

Not only the Third Master but also Yang Jin He was shocked..
