Chapter 47: When Has the Yang Family Ever Given Me Anything?_I

Monster Beast Mountain is truly a treasure trove.

No force can resist the desire for Monster Beast Mountain.

“The reason why those big tribes can maintain their prosperity is that they can enter Monster Beast Mountain year after year to collect resources. Heavenly Materials and Earthly Treasures all fall into the hands of the big tribes, making it difficult for small and medium-sized tribes to obtain them. After a hundred years, they are still at a standstill.”

“If the Yang family wants to rise up, they must enter Monster Beast Mountain as much as possible.”

Hearing these discussions, Yang Chen naturally understood their importance.

Seeing the expectant gazes on him, Yang Chen knew the burden on his shoulders. He said gently, “Clan Leader, if the clan needs me, there is no reason for Yang Chen to refuse. However, I still have some doubts about the Hundred

Clans Trial Battle!”

Yang Chen was not so kind to simply contribute to the clan.

He agreed so readily mainly because of the treasures in Monster Beast

Mountain. If he could represent the Yang family in entering Monster Beast Mountain, even if he had to hand over a lot of resources afterward, it would still be a considerable treasure for him as long as he could keep a part of it.

“Don’t hesitate to speak.” Yang Jin He sensed Yang Chen’s doubt and said.

Yang Chen thought for a moment and said, "The inside of Monster Beast Mountain should be much more dangerous than the outside, right? I only know that even my sister might face danger on the periphery of Monster Beast Mountain. Isn't the inside much more dangerous? If we young disciples enter the Monster Beast Mountain, won't we be eaten alive by those demonic beasts?"

"Hahaha, Yang Chen, you are worrying too much. If you have considered this, how could the various clans not have considered it? The demonic beasts inside Monster Beast Mountain have been wiped out by the clans many years ago.

Refining Realm Seventh Layer."

Yang Jin He smiled lightly, "This is specially prepared for the genius trial. Although there is some life hazard, it will not send you to your death. In fact, you young people also need some dangers to temper yourselves."

"I understand now." Yang Chen finally felt relieved.

It turned out that the inside of Monster Beast Mountain was controlled by the various clans.

Thinking of this, Yang Chen couldn't help but ask, "Then, Clan Leader, the Great Wild Hundred Clans are all going to enter Monster Beast Mountain. What about the Red Robe Bandit Gang? This Monster Beast Mountain is a treasure trove, and they should not ignore it, right?"

"How could they possibly ignore it? However, the Red Robe Bandit Gang is different from the Great Wild Hundred Clans. They can send five geniuses unconditionally, bypassing the trial battle and entering Monster Beast Mountain directly." Yang Jin He sighed, and it was true that people compared to people, were very disappointing. They were simply incomparable to the Bandit Gang.

They racked their brains and could only get two people in at most.

But the Bandit Gang could easily send five people in without any effort.

Of course, the more people the better when it came to collecting resources.

Yang Chen didn't think this was strange, as the strength of the Bandit Gang required the cooperation of the Twelve Great Tribes to resist. This meant that the Twelve Great Tribes had to give face to the Bandit Gang, and it was quite normal for them to have such privileges.

With these thoughts in mind, Yang Chen gradually got to the point. With a serious look, he said, "There is one more question that might be a bit presumptuous, but I think it's better to clarify it in advance."

"Let's hear it." Yang Jin He didn't know what question Yang Chen was going to ask.

After a few moments of thought, Yang Chen said solemnly, "If I can represent the clan and get into the top 30, and enter Monster Beast Mountain to collect resources, then how much of these resources can I get?"

When the words fell, the high-level members of the Yang family in the room began to show mixed expressions.

Although there were people who praised Yang Chen at first, when he started discussing interests with the clan's high-level members, many of their faces turned ugly. After all, discussing interests with the clan's high-level members upfront was not something that could be accepted by any high-level member.

Yang Jin He, on the other hand, was calm and not as repulsive as other high-level clan members. He spoke unhurriedly, "It depends on your ranking in the Hundred Clans Trial Battle. If you can get into the top 30, I can decide to let you choose any three treasures obtained from inside Monster Beast Mountain!" "If you can achieve a rank within the top 20, I will let you choose 10 items; if you can achieve a rank within the top 10, I might consider giving you one-tenth of the resources from Monster Beast Mountain, and if you can achieve even better results, giving you two-tenths is not out of the question."

Yang Chen spoke with a hint of doubt, "Clan Leader, what different significance does each rank have?"

"Of course, the Hundred Clans Trial Battle is not very friendly to families outside of the Great Tribes. If middle-ranking tribes or small clans can only achieve a rank within the top 30, they have to hand over two-tenths of the resources from Monster Beast Mountain to the Twelve Great Tribes; if they achieve a

rank within the top 20, they have to hand over one-tenth. Only if they achieve a rank within the top 10 do they not need to hand over anything!” Yang Jin He said, his face full of helplessness.

Yang Chen’s mouth twitched a few times. The Twelve Great Tribes certainly knew how to exploit others.

A rank within the top 10?

It must be as difficult as reaching the sky for middle-ranking tribes and small clans to achieve this. Even achieving a rank within the top 30 would be a stroke of luck.

Yang Jin He shook his head, “This is a matter without a choice, the Twelve

Great Tribes have an overwhelming strength, and the middle-ranking tribes and small clans can only endure it.”

Yang Chen nodded.

He now understood that not only the Horse-thief Gang but also the Twelve Great Tribes are quite adept at exploiting others.

“So, how much you can get depends on your rank. If you can achieve a rank within the top 3, there will be special rewards from the Twelve Great Tribes, and the clan will not demand those rewards. However, the resources provided to you will never exceed two-tenths. You should know that you wouldn’t be able to enter Monster Beast Mountain at all if it weren’t for the clan.” Yang Jin He said earnestly.

Yang Chen did not have the intention to haggle and respectfully said, “Thank you, Clan Leader!”

During his conversation with Yang Jin He, the other high-level members of the Yang family listened clearly.

Some people felt that Yang Jin He was being too polite to Yang Chen. Among them, Eighth Master Yang was the most resentful.

Eighth Master Yang, his face expressionless, said, "Clan Leader, whether Yang Chen can enter Monster Beast Mountain, he is representing our Yang family.

Discussing the distribution of resources now, I fear, might be a bit premature. Since Yang Chen belongs to our Yang family, he should contribute his part to our family. As for the matter of resource allocation for him, I think we should skip it!"

When Yang Chen heard this, his eyebrows raised, and he happily replied, "Oh, Eighth Elder, tell me, why should the issue of resource allocation for me be skipped?"

At first, he had some respect for the Eighth Elder, after all, the other party was an elder.

However, the elder's attitude towards him has been discriminatory from the start. Even if he had a good temper, at this point, he no longer wanted to endure it.

Elder Yang Ba snorted coldly and said righteously, "Yang Chen, without the support of the Yang family, your achievements today would be impossible. The Yang Family has given you cultivation resources, provided you with cultivation methods, and painstakingly cultivated you to where you are today. This is the time for you to contribute. The one time we finally let you contribute, you negotiate with the family on-the-spot. Do you know the meaning of the family? Have we been cultivating you for nothing?"

Eighth Master Yang's words undoubtedly aroused a chorus of echoes.

"Yes, Yang Chen, the Yang family has painstakingly cultivated you, not to raise you for nothing."

"Without the Yang family, could you have today?"

Hearing these accusations, Yang Chen shook his head.

Hasn't even entered Monster Beast Mountain yet, and these high-level members were already dissatisfied with the distribution of benefits for him. If he were to enter the Monster Beast Mountain, wouldn't these people fight him over it?

Thinking about this, Yang Chen no longer hid anything, and said coldly, "Eighth Elder, everyone, since you all claim that the Yang family has cultivated me, given me cultivation resources. Then, I, Yang Chen, will ask you today. May I know, when has the Yang family ever given me cultivation resources?"

As soon as these words were asked, these Yang family high-levels suddenly fell silent..
