Chapter 50: Enemy Breaking, Thunder Rush, Mountain Breaking, Mixed Yuan_I

Zhou Huaiyi's matter was nothing more than an unpleasant interlude for Yang Chen. He didn't take it to heart, as there was no possibility of him going soft on those who betrayed him. However, Zhou Huaiyi's affair reminded him of his not-so-beautiful memories with Hua Wanru.

It was precisely the recollection of Hua Wanru that motivated him to crave even more strength.

The stronger his power, the more Yang Chen could understand the gap between him and Hua Wanru. Indeed, Hua Wanru of his previous life was a genius, and not only was she outstandingly talented, but her wisdom was also unparalleled.

Moreover, with his personal cultivation, Hua Wanru's Martial Arts Cultivation far exceeded that of her peers, and her strength was not something that could be understood at the level of the Great Wild Hundred Clans.

As for himself, there was an enormous gulf between him and Hua Wanru.

Of course, Yang Chen believed that with time, he would inevitably use his own efforts and means to reduce this gap until it disappeared completely.

At this thought, Yang Chen began to examine the Heavenly Materials and Earthly Treasures given to him by Yang Jin He closely.

"The Yang Family Patriarch is indeed generous, while Elder Yang is slightly inferior. These resources and treasures would indeed be difficult for others to achieve great results within a short time. But in my hands, the meaning is different." Yang Chen looked at the resources in the storage bag and revealed a satisfied smile.

He was confident that combined with these resources, he could make his Martial Arts Cultivation breakthrough again.

“These resources can also provide me with another Medicinal Bath to temper my physique.” Yang Chen thought to himself.

With this idea in mind, Yang Chen immediately took action, taking out most of the treasures from the storage bag.

It took more than half an hour to complete the preparation of the Medicinal Bath!

And Yang Chen happily jumped into the Medicinal Bath.

In the blink of an eye, one day and one night had passed.

Yang Chen, who was sitting in the Medicinal Bath, suddenly opened his energetic eyes.

His body had become even stronger than before, a sign of the growth in his Martial Arts Cultivation, which gradually brought a smile to his face as he muttered, “Not bad, although this Medicinal Bath is far from the ideal effect I had in mind, it still took me from the Fifth Level of the Body Refining Realm, directly leaped, and reached the Sixth Level of the Body Refining Realm!”

Yes, his current Martial Arts Cultivation had astonishingly and transgressively crossed a realm from the Fifth Layer to the Sixth Level.

If the others within the Great Wild Hundred Clans knew about this leap, they would undoubtedly be shocked.

Everyone must understand that the higher the Body Refining Realm level, the more challenging it was to increase one’s power level.

The human body has limits.

On this path of limits, it might be easy at first, but the higher it gets, the harder it becomes.

A case like Yang Chen, who advanced directly from the fifth level to the sixth level in just one day, would be hard to believe if it were circulated.

No matter what, the Yang Family Members would never have imagined that Yang Chen's horrifying Fifth Level of the Body Refining Realm could have progressed to the Sixth Level in such a short time.

Yang Chen didn't dare to publicize this matter, after all, if the Yang Family Members knew that he was at the Fifth Level of the Body Refining Realm just some days ago and now he is at the Sixth Level, it would be too astonishing.

"These Lingcao resources are still not enough." Yang Chen thought bitterly in his heart. "Although I have entered the Sixth Level of the Body Refining Realm, all the resources provided by Chief Yang have been used up. Fine, since that's the case, I might as well start practicing the Mixed Yuan Spear Technique."

Since he had chosen the path of spear technique, Yang Chen had to be familiar with it.

With that thought, Yang Chen quickly got up, dressed, and said, "Ming Yue, stop tidying up the room, let's go to the Practice Field!"

The Practice Field was a place for the Yang family martial artists to practice and cultivate their skills. There, they could freely indulge without worrying about running out.

"Yes, Young Master." Gu Mingyue happily nodded.

Now, her favorite thing to do was to follow Yang Chen around.

In the blink of an eye, at the Practice Field.

Young men were sweating under the sunlight.

Yang Chen gripped the spear, the silver spear like a dragon, each thrust carrying a fierce wind.

“I feel like there’s still something missing.” Yang Chen muttered to himself,

“The Mixed Yuan Spear Technique has four major stages. These four stages are Enemy Breaking, Thunder Rush, Mountain Breaking, and Mixed Yuan. With my talent, it’s so difficult to comprehend even the Enemy Overcoming stage!”

“The Enemy Overcoming Style is all about speed. So fast that it can follow the wind and create a shadow when the spear is unleashed!” Yang Chen thought.

Of course, it was too difficult to achieve.

Gu Mingyue watched Yang Chen’s diligent spear practice, her big eyes blinking and full of admiration. She propped up her cheek and sat there, carefully looking at Yang Chen’s distinct face, unconsciously fantasizing about their future together.

Whenever she thought about the future, Gu Mingyue’s face turned red and she began to stutter, “I, I shouldn’t have such chaotic thoughts. How could the Young Master be as filthy as I imagine?”

No one knew what this little girl was thinking, but soon Gu Mingyue heard some messy voices near her ear.

“It’s Yang Chen!”

“Yang Chen is the strongest genius of our Yang Family!”

“He’s practicing spear technique!”

“I didn’t expect Young Master Yang Chen to be so diligent despite his achievements. No wonder I couldn’t shine at the Coming of Age Ceremony. Just looking at his effort, I am ashamed compared to him.”

“Stop talking and learn. Young Master Yang rarely comes to the Practice Field to train. It’s a great opportunity for us to learn by watching him practice. We might improve a lot.”

Many young men from the Practice Field had discovered Yang Chen in the corner, making a noisy commotion and gathering to watch him practice. For them, watching Yang Chen practice was a rare enjoyment.

“What a pity, I practice swordsmanship!”

“I practice saber technique, which is different from Young Master Yang’s!” “Haha, when my father saw Yang Chen choose the spear technique, he immediately asked me to learn it too. You guys don’t stop me, I need to learn from Elder Brother Yang.”

This scene was commonplace. In an instant, the news of Yang Chen coming to the Practice Field spread far and wide. In the blink of an eye, the Practice Field was packed with people, even many young girls from nearby foreign clans had rushed to the Yang family.

These young girls had no reason to enter the Yang family directly, so they chose to climb over the wall.

“Brother, hold me up a bit more, I’m about to see Yang Chen. Ah, I see Yang Chen, brother, I see him! He looks exactly like in the legends.”

“Younger sister, you have to push harder, our Mu family has nothing else but closeness to the Yang family. Seize the opportunity! If you could seize Yang Chen, your brother would be blessed for life. Ouch, younger sister, why are you getting heavier?”

Yang Chen was initially focusing on his practice, but soon the whispers around him entered his ears. Even if he tried to pay attention, it was impossible to ignore them.

At this moment, Yang Chen felt very awkward. Glancing around, he saw that the Practice Field was packed with people. There were even some young girls climbing over the wall, their big eyes staring at him, chattering and not knowing what they were discussing.

Yang Chen glanced at them, and in an instant, the girls' hearts bloomed. A few of them almost lost their footing and fell..
