Chapter 541: Massacre!_1

“Nobody move!” Tu Ao instructed the remaining troops around him.

He was very clear that if they acted recklessly, these troops would also disappear like a mirage in the formation in an instant.

In this white fog, his vision could only see about ten feet in front of him, which was already the limit. When his divine soul tried to explore, it would also be hindered. This white fog had the ability to cut off divine soul power and visual ability. Only hearing and smell could play a weak role for now.

Of course, it was only a weak effect.

Tu Ao was puzzled in his heart.

It didn't make sense, absolutely no sense.

How did he fall into Yang Chen's formation trap? Completely silent.

Tu Ao didn't know that even Yang Chen himself would have his divine soul and vision restricted in this formation.

Now Yang Chen was like blind, but compared to Tu Ao and the other Fire Essence Beasts, he had an advantage because he had Yun Lu's help!

Yun Lu's Divine Soul Realm was as strong as Earth Martial Realm, which is one, and she was the creator of this formation, so she knew this formation better than anyone else.

Now Yun Lu was in the Eight Extremities Flowing River Space, smiling and saying, “Young Master, walk about ten feet to the left, then about two feet forward, and you should be close to the position where you can use the God Piercing Nail.”

“Oh?” Yang Chen listened to her words without question, stepping to the position Yun Lu had pointed out.

After arriving at this position, Yun Lu said, “Southeast direction, Young Master, use the God Piercing Nail!”

As she spoke, Yun Lu deliberately jumped out of the Eight Extremities Flowing River Space, showing Yang Chen the specific direction.

Once he knew the direction, everything else was simpler.

With Yun Lu’s guidance, Yang Chen nodded slightly, looked ahead, and without a word, held the God Piercing Nail!

The next moment, the God Piercing Nail activated instantly.

Just as the God Piercing Nail activated, with a poof sound,

On Tu Ao’s side, a Fire Essence Beast with martial cultivation at the third layer of the Origin Martial Realm fell in an instant!

When the Fire Essence Beast fell, Tu Ao’s expression changed dramatically, “What just happened!”

The other Fire Essence Beasts next to him were also dumbfounded.

Because their divine souls were unable to detect anything, even if they were back to back in this white fog, it would be useless. As for where Yang Chen’s God Piercing Nail came from, they had no idea. Compared to Yang Chen, they were completely in the dark. How could they fight Yang Chen?

In an instant, these Fire Essence Beasts became even more fearful.

“This white fog should have a time limit. Don’t panic. This white fog will disappear soon,” Tu Ao was also horrified in his heart, but compared to the other Fire Essence Beasts, he was the leader and exceptionally calm.

Listening to Tu Ao’s reassurance, the Fire Essence Beasts finally calmed down.

Yang Chen couldn’t see the other parts of the white fog, but he could hear Tu Ao’s loud voice.

“Tu Ao is right.” Yun Lu said gently, “The white fog has a time limit, Young Master, let’s hurry.”

“I know, but there should be enough time to get rid of these Fire Essence Beasts before the white fog dissipates.” Yang Chen grinned.

There was a time limit for the God Piercing Nail, and he had just used it once. If he forced it again, it might damage the internal structure of the God Piercing Nail.

Yang Chen naturally wouldn’t be careless, but he had already prepared a backup plan and started gathering the Five Thunder Righteous Method from the beginning.

Now, after the God Piercing Nail initially claimed a Fire Essence Beast’s head, his Five Thunder Righteous Method had almost been gathered.

“With my current Five Thunder Righteous Method, I can either take down the Sixth Level Fire Essence Beast in one go or eliminate all the other Fire Essence Beasts. I need to choose one!” Yang Chen murmured to himself, pondered for a moment, and made a decision, “Let’s keep the Sixth Level Fire Essence Beast, it would be perfect for me to practice my Transforming Demon Fire!”

The next moment, Yang Chen waved his hand.

In an instant, the power of the Sky Thunder was directly drawn into the location of Tu Ao and several Fire Essence Beasts.

Boom.

The heavenly thunder fell without warning, and its speed was astonishing!

The first one, a Fire Essence Beast fell.

The second one, another Fire Essence Beast was turned into ashes.

After a series of five, Tu Ao stood there, his body stiff, his fierce fangs ferocious, and roared.

It was because all the other Fire Essence Beasts were completely wiped out, except for him.

“No!” Tu Ao’s pupils shrank dramatically.

At this moment, the surrounding white fog slowly dissipated, and it seemed like the sky was clearing up. Tu Ao’s divine soul receded, and he found that he could observe his surroundings.

Seeing the clear sky, Tu Ao searched for Yang Chen and quickly locked onto the man in the sky, roaring, “Yang Chen, Yang Chen...hahaha, you never expected this, did you? You couldn’t kill me, and now, it’s your turn to die!”

“Kill me?” Yang Chen muttered to himself.

Tu Ao laughed loudly, “How about it, Yang Chen? Do you think you, a mere Third Layer of the Origin Martial Realm, can defeat me? Yang Chen, die for me, you must pay with your life for killing my Fire Essence Beasts.”

The next moment, Tu Ao was engulfed in layers of flames and charged over.

Yang Chen did not choose to retreat and dodge as he had done the last time. This time, he used the Fire Essence Beasts' most potent demon fire to counter Tu Ao.

Last time, he was challenging the Fire Essence Beasts with fire, but this time, who was challenging them?

As these thoughts raced through his mind, Yang Chen suddenly erupted with a large amount of fire, which gathered together like a liquid, dripping and thick as it congealed. The moment the liquid fire congealed, it overwhelmed Tu Ao's flames and shocked him with severely contracted pupils, almost unable to believe his own eyes.

"Transforming, Transforming Fire, you!" Tu Ao shuddered all over, hardly believing his own eyes, and even gave up resisting for a moment.

How could it be possible?

The Fire Essence Beasts had to be at True Martial Realm in order to master the transformation of demon fire, and Yang Chen had achieved it in the Origin Martial Realm, and with a human identity. Why, what was the reason!

When he came to his senses, Yang Chen's Liquid Fire had completely devoured Tu Ao's flames!

Then, he manipulated the viscous liquid fire, sweeping it mercilessly towards Tu Ao's body.

Tu Ao finally came to his senses and desperately tried to struggle against it, but in front of Yang Chen's Transforming Liquid Fire, his actions were futile. Wrapped in Yang Chen's viscous liquid fire, it only took a moment's effort, and his huge body was completely devoured.

Upon seeing this, Yang Chen was also shocked, "What a powerful Transforming Liquid Fire!"

He had easily killed the fire essence beast that was three levels stronger than him with this liquid fire.

Chapter 542: Reorganizing the Great Wilderness_1

For humans, especially for geniuses, it's not difficult to defeat opponents with three levels of Martial Arts Cultivation higher. The difficulty lies in defeating the demonic beasts. The general perception among humans is that it is very difficult to face the demonic beasts of equivalent cultivation level, especially the Fire Essence Beasts, which are a famous demonic beast group.

The fact is that at the same level, demonic beasts are far superior to humans in both physical strength and ability.

Yang Chen has many methods, so it's not difficult for him to kill demonic beasts that are two or three levels higher in Martial Arts Cultivation since he has faced so many of them before. However, it is somewhat shocking that he defeated a Fire Essence Beast with a cultivation level of the Sixth Layer of the Origin Martial Realm using just one of his methods.

"This Shapeshifting Liquid Fire can definitely become one of my trump cards," Yang Chen sighed in awe.

Now that he had sniped this group of Fire Essence Beasts clean, Yang Chen also instructed Yun Lu to dismantle the formations around them.

Looking at the scattered Fire Essence Beast corpses, Yang Chen finally breathed a sigh of relief. Now that he had dealt with these Fire Essence Beasts, all that was left were those in the Beast Mountain Inner Circle.

However, it would still not be easy to deal with them all at once. He had the aid of formations in the outside world, but inside the Beast Mountain Inner Circle, without the help of formations, it would be almost impossible for him to face so many Fire Essence Beasts alone, especially the terrifying Eighth Layer Elemental Martial Realm Fire Essence Beast.

Knowing this, Yang Chen did not rush to take action.

Either these Fire Essence Beasts would come out to find him and let him weaken them one by one, or, once he figured out how, he could venture into the Beast Mountain Inner Circle later without being late.

Of course, now that so many Fire Essence Beasts had just been killed in one go, he felt that the Fire Essence Beasts within the Beast Mountain Inner Circle shouldn't come out too easily.

With this thought in mind, Yang Chen fell from the sky, and the people from the Feng family, including Yang Wu, who had been watching the battle from behind, ran up to him.

“Yang Chen, this...” Looking at the numerous Fire Essence Beast bodies on the ground, Yang Wu and the people from the Feng family all took a deep breath.

Yang Chen smiled slightly: “Clan Leader, Fourth Elder, I told you, these Fire Essence Beasts are not that scary. By the way, Miss Feng, Yang Wu, there are a few things I’ll need you to do in the coming days. Although the crisis with the Fire Essence Beasts has not been completely resolved for the time being, the trouble will not start again immediately. Since this is the case, I need to reorganize the Great Wilderness.”

“Reorganize the Great Wilderness?” Hearing Yang Chen’s words, Yang Jin He and the others looked at each other in dismay.

Yang Chen nodded: “I’ve been away for two full years. The Great Wilderness has suffered greatly from the harassment of the Fire Essence Beasts, and many people’s bodies have been infested with Fire Spirit Worms. I’m going to help them remove them one by one. Besides, traitors who betrayed their clans and joined the Fire Essence Beast Group! These people must be killed without mercy!”

Yang Chen’s words revealed a strong evil spirit.

Hearing Yang Chen’s words, Yang Wu’s eyes shot out a thick killing intent: “Yang Chen, leave this to me!”

“Dapeng, follow him. Yang Wu, if you need to take action, let Dapeng take the shot!” Yang Chen said.

Yang Wu knew how formidable the Black-winged Dapeng bird was and didn’t dare to be overconfident, so he agreed.

Thus, the news of reorganizing the Great Wilderness gradually spread.

The rumor was that Yang Chen had returned to the Great Wilderness, dealt with the Fire Essence Beasts, and called on the leaders of the various clans to gather at the Feng family residence.

Most of the clans had already observed the movements of the Feng family, and seeing that Yang Wu could openly speak ill of the Fire Essence Beasts without any harm, they knew that something was amiss. They started to believe the rumors and decided to gather at the Feng family residence in two days to discuss the matter.

While things were going smoothly, they couldn't be said to be completely smooth.

That's because there were always a few rotten apples causing trouble.

Yang Wu rode on the Black-winged Dapeng and arrived at the Zhou Family.

The Zhou Family was originally a middle-ranking tribe in the Great Wilderness, but after the arrival of the Fire Essence Beast group, they joined the Fire Essence Beasts.

If it was just joining, it would be fine. However, like Chen Family, the Zhou Family took advantage of the Fire Essence Beasts' reputation to oppress others.

Upon hearing that Yang Wu had arrived and said that the Fire Essence Beasts had been dealt with by Yang Chen, the members of the Zhou Family sneered.

"Haha, Yang Wu, has your brain gone bad? How long has it been since Yang Chen has come back? Are you dreaming? Even if Yang Chen comes back, Lord Fire Essence Beast is invincible and sacred. How can Yang Chen do anything?" The Zhou Family Clan Leader sneered coldly.

Yang Wu stood in front of the Zhou family's door, clearly harboring great hatred towards the Zhou family. He snarled, "In that case, Clan Leader Zhou, you are not going to join me at the Feng family gathering to discuss the matter?"

"Humph, humiliate Lord Fire Essence Beast? You want me, Zhou, to go? Hehe, Yang Wu, don't question my loyalty to Lord Fire Essence Beast," sneered the Zhou Family Clan Leader.

“Yeah, Clan Leader, since Yang Wu is here, let’s not let him leave. He dared to slander Lord Fire Essence Beast!”

Zhou Family Clan Leader twisted his neck: “Right, Yang Wu has been disrespectful to Lord Fire Essence Beast. Seize him!”

Seeing this, Yang Wu sighed, “If you want to die, don’t blame me.”

The next moment, he whistled, and the hidden Black-winged Dapeng suddenly appeared in the rear.

“What is that!”

“What’s going on!”

As the giant bird appeared, its wings covering more than half of their field of vision, the members of the Zhou Family were frightened.

“Who are they?” The Black-winged Dapeng asked coldly.

Yang Wu pointed: “Him, him, and him!”

He pointed at several of them, and the Black-winged Dapeng gently blew out a breath. In an instant, Zhou Family Clan Leader and the others, who had been shouting the most fiercely earlier, turned into corpses. Seeing this, Yang Wu had no pity. He knew that for these traitors, this was a well-deserved fate.

Yang Wu said expressionlessly: “Now, does anyone else have any objections?”

The Zhou Family was silent.

...

In this way, for those who resisted, Yang Wu, following Yang Chen's orders, let the Black-winged Dapeng take action and had a great time!

Two days later, the high-level members of the various clans had also almost all gathered at the Feng family's residence. Both those who had betrayed the human race and those who hadn't were sitting there nervously discussing the situation.

At this moment, Yang Chen also came out with Yang Wu and a few others.

"It's Yang Chen!"

"Indeed, it's Yang Chen. Even though several years have passed, he hasn't changed much!"

"Yang Chen is here."

Seeing Yang Chen's appearance, these clan leaders knew that the matter of reorganizing the Great Wilderness was likely not a joke anymore.

Chapter 543: Do You Have an Opinion?_1

The sound of discussion around him, Yang Chen stepped into the hall and sat in the main seat.

He didn't deliberately release his aura, but the faint sense of composure he exuded had already affected the surrounding family leaders, making them curious about the veracity of the recent rumors and what kind of power Yang Chen possessed.

Many people didn't believe that the Fire Spirit Beast was so easily destroyed, and they had come here purely to learn the truth behind the rumors, as not every family had witnessed the formidable power of the Black-winged Dapeng.

As such, when Yang Chen sat down, the surrounding family leaders all fell silent, their eyes fixed on him.

Yang Chen calmly gestured: "Everyone, please introduce yourselves."

Hearing Yang Chen's words, the family leaders began to announce their identities one by one.

"I am the Clan Leader of the Zhu Family, Zhu Menwei!"

"I am the Han Family Clan Leader..."

"The Wu Family!"

In this way, these family leaders began to introduce themselves one by one.

The attitude of these family leaders varied; some were courteous to Yang Chen, some were indifferent, and some even didn't bother to spare Yang Chen a glance.

This was normal; while Yang Chen had a prominent reputation before leaving the Great Wilderness, it had been three or four years since then. Who could remember his prowess from back then? Furthermore, when Yang Chen left, his Martial Arts Cultivation was not at an invincible level, and many people didn't take him seriously.

As for the guards in Liaocheng, they all knew that with so many changes within the city, who could spare the time to care about them? Most likely, Yang Chen had returned because he could no longer stay in Liaocheng.

Seeing the attitudes of these family leaders, Yang Chen remained calm, neither angry nor showing any intention of doing anything.

However, through this simple introduction, he had already roughly grasped the situation.

"It seems that the Fire Spirit Beast has indeed left a lot of fear among these clans, with at least 20% of the family leaders not attending," Yang Chen rubbed his brow.

Yang Wu must have gone to invite them, but even he couldn't get these family leaders to attend.

At this thought, Yang Chen's mouth curled up and he shook his head.

How interesting, they couldn't even be invited?

He could see that these major families still harbored fear towards the Fire Spirit Beast. Many of those who came to introduce themselves were watching with an observant attitude, mostly holding a half-believing, half-doubting stance toward the words he had released days ago. Some even outright dismissed his words, with a lazy, disdainful attitude.

Some didn't even send a representative.

At this, Yang Chen's anger turned to laughter.

Not taking his words seriously, huh?

"It seems that my decision to reorganize the Great Wilderness is not a mistaken choice after all," Yang Chen muttered to himself.

Initially, he had decided to reorganize the Great Wilderness out of a sense of responsibility, as he was from the Great Wilderness himself. Now that it had fallen into chaos under the persecution of the Fire Spirit Beast, it was necessary to reorganize it. But now it seemed that the place had been in such a mess from the persecution of the Fire Spirit Beast, that it had to be reorganized regardless.

With this thought, Yang Chen leisurely said: "Yang Wu, at least 20% of the family leaders are absent, right?"

"I have already invited all of them," Yang Wu said, puzzled.

Even though these family leaders had agreed on the surface, they still had their own double-faced agendas.

“The Zhou Family hasn’t arrived either,” Yang Chen said slowly.

He knew quite well about the Zhou Family, being one of the few major clans that had chosen to side with the Fire Spirit Beast.

Yang Wu was also full of confusion: “I taught them a lesson just yesterday. In theory, they shouldn’t be so stubborn and unenlightened. What are they planning by not showing up today?”

“Oh? That’s interesting; let’s put this matter aside for now, I’ll go and take a look later,” Yang Chen said unhurriedly.

“Yes,” Yang Wu replied.

After that, Yang Chen scanned the surroundings with his usual expression and said: “Let’s put the absentees aside for now. I just want to clarify one thing with those of you who are here. As you all probably know, the reason I invited you here today is to reorganize the Great Wilderness. Under the persecution of the Fire Spirit Beast, it has become chaotic, and it is necessary to reorganize it!”

“Well, young friend Yang Chen, reorganizing may sound simple, but how do you plan to do it?”

“Yes, young friend Yang Chen, how do you plan to reorganize?”

“Pfft!”

“He even wants to reorganize the Great Wilderness?”

“Is this a joke?”

In an instant, the family leaders expressed their varying opinions and attitudes.

Some were respectful, some disdainful, and some even taunted him.

Yang Chen remained calm, his composed demeanor as he spoke: "Reorganizing the Great Wilderness is simple; all it takes is to eliminate the parasites within it. Then, the families that suffered from the persecution of the Fire Spirit Beast and had their interests affected will be compensated. Different families will also gain different benefits! Rest assured, the Fire Spirit Beast is no more; everyone, the interests of the Great Wilderness will naturally have to be distributed by us!"

"Young friend Yang Chen, what about those families who haven't come?"

"Yes, what about those absent families?"

Yang Chen calmly said: "It's simple; since they haven't come, it means they don't take my words seriously. They have no qualifications to share in these interests. Whether they live or die in the Great Wilderness, suffer humiliation, or otherwise, it has nothing to do with me, Yang Chen. I wonder, does anyone have any objections?"

For a moment, there was an eerie silence in the surroundings.

Distribute interests?

Everyone was unsure if the Fire Spirit Beast was dead or alive, and they didn't know how the situation currently stood. How could they talk about distributing interests? Who would dare? They couldn't possibly believe that the Fire Spirit Beast had fallen due to Yang Chen's one-sided account.

The people looked at each other, and as for the current situation, no one truly agreed with Yang Chen's idea, nor did anyone truly take him seriously.

At this moment, a sudden sneer rang out from the crowd: "Yang Chen, are you thinking too much? Whose Great Wilderness is it now? It's Lord Fire Essence Beast's! You, Yang Chen, what kind of bullshit are you? You want to distribute the interests of the Great Wilderness? Are you qualified to do so?"

Yang Chen looked unhurriedly at the speaker, naturally having an impression of him.

This man was the Clan Leader of the Wu Family, named Wu Hai. According to Yang Wu, he was similar to the Zhou Family, choosing to side with the Fire Spirit Beast and being one of the most oppressive forces against others.

Yang Chen glanced at Wu Hai indifferently, able to sense his cultivation level.

“Interesting, Ling Wu Realm Seventh Layer? The Wu Family used to be a middle-ranking tribe, with the clan leader’s cultivation not far from that of the Yang Family Patriarch. But now it has reached the Seventh Layer of Ling Wu Realm, apparently thanks to the promotion from the Fire Spirit Beast. That’s right, there are many ways to promote Martial Arts Cultivation through excessive growth.”

Yang Chen briefly glanced at Wu Hai and almost immediately knew where his arrogance came from.

This made Yang Chen express a slight smile: “How is it, Clan Leader Wu, do you have any objections to my idea?”

Chapter 544: Never Owed Anything_1

Wu Family’s Patriarch, Wu Hai, stood with his hands behind his back and spoke expressionlessly, “Hmph, objections? Yang Chen, I admit that you, kid, have some abilities and talent. But don’t you think it’s ridiculous for you to want to govern the Great Wilderness by yourself? The Great Wilderness belongs to the Fire Essence Beast. Our Wu Family has received great favor and rewards from the Fire Essence Beast Lord. Persecution? Who’s persecuting us? I think the Great Wilderness is fine as it is now. You want to reorganize the Great Wilderness? Hmph, our Wu Family is the first to disagree. And who the hell are you, Yang Chen? Do you really think your Yang Family is still that super-powerful clan you once led?”

Although Yang Chen didn’t say it explicitly just now, it was already very clear.

Eliminate the parasites within the Great Wilderness.

Isn’t it obvious who these parasites are referring to?

Wu Hai didn't know what the Fire Spirit Beast Group was up to, but he didn't think Yang Chen could single-handedly dominate the Great Wilderness now. Because this is not the Great Wilderness of a few years ago, nor the one where the Yang Family could once dominate. Yang Chen couldn't control everything!

So, Wu Hai stood up!

He felt that Yang Chen couldn't control him, and besides, there was no way the Fire Spirit Beast Tribe could be defeated by Yang Chen.

Perhaps this was a test given to them by the Fire Essence Beast? As long as they remained loyal, they might receive more rewards from the Fire Essence Beast.

With this in mind, Wu Hai sneered: "Everyone, I've been holding back for a long time. Don't be deceived by Yang Chen's bewitching words. Defeat the Fire Essence Beast? Hmph, the Fire Spirit Holy Worm that the Fire Essence Beast Lord planted in our bodies hasn't disappeared yet. This means the Fire Essence Beast is still protecting the Great Wilderness and still protecting us! Yang Chen's words are self-defeating!"

"Yes, the Holy Worm is still in our bodies."

"The Fire Essence Beast Lord is still watching us and protecting us!"

"This Great Wilderness still belongs to the Fire Essence Beast!"

Wu Hai often used the power of the Fire Essence Beast to bully other clans, so naturally many people hated him. However, there were some who tried to curry favor with the Fire Essence Beast, and they quickly echoed Wu Hai's words.

Hearing these people's words, Yang Chen couldn't help but be amused.

These people's faces were really interesting. The Fire Essence Beast planted Fire Spirit Worms in them, but they changed their tune and called them Holy Worms just because the Fire Essence Beast was powerful, and said that the Fire Essence Beast protected the Great Wilderness.

It's really an eye-opener for him, Yang Chen, to see that people can be so shameless.

Not wanting to waste any more time, Yang Chen simply said, "Wu Hai, I don't think I made myself clear earlier. Let me explain it to you again. Anyone who has betrayed the Human Race and joined the Fire Essence Beast's high-level will be on this purge list. In simple terms, no mercy!"

"What do you think you are!" Wu Hai couldn't sit still anymore, "Eliminate me? Hahaha! Yang Chen, you should take a good look at yourself!"

"That's right, that's us recognizing the situation. Since ancient times, those who recognize the situation are the wisest, how can this be considered betraying the Human Race? The Fire Essence Beast is powerful and protects the Great Wilderness. Is there anything wrong with us admiring the powerful?"

These treacherous high-level clansmen were mocking and disdainful of Yang Chen's words.

Yang Chen didn't bother to say anything else, he simply spread his hand, and swiftly grabbed.

In an instant, electric light flashed out with a crackling sound.

"Ah!"

But within a moment, screams rang out one after another.

Along with Wu Hai, several other clamoring high-level clansmen were instantly enveloped by the electric light. Then, they turned into lifeless corpses, falling to the ground with disbelief and unwillingness in their eyes, as if they couldn't believe Yang Chen's strength was this strong.

At this point, Yang Chen no longer hid his true power, calmly releasing his aura all around him.

Instantly, there was a loud rumble. The powerful aura oppressed everyone present, making them all feel suffocated!

“So strong!”

“This, this aura!”

At this point, these high-level clansmen no longer dared to show any dissatisfaction or complaints towards Yang Chen.

They had felt Yang Chen’s strength.

Those who had just joined Wu Hai in mocking Yang Chen also gulped and didn’t dare to question Yang Chen any further. Initially, they had disagreements with Yang Chen because they had become domineering and arrogant in the Great Wilderness due to the help of the Fire Essence Beast, feeling that no one could do anything to them.

But who knew, Yang Chen was so formidable that in front of him, the once-powerful and unstoppable Feng Wuyang cultivation level was nothing but a scream before meeting death.

Yang Chen’s gaze swept over everyone before finally landing on the high-level members of the clans who had betrayed the Human Race and joined the Fire Essence Beast, causing those high-level members to immediately cry out for mercy: “Yang Chen, Yang Chen, spare us, we didn’t know any better!”

“Yang Chen, don’t kill us.”

Seeing how powerful Yang Chen was, these high-level clansmen yelled and pleaded desperately.

Yang Chen coldly said, “As I mentioned before, traitors will be shown no mercy. But I’m not in a hurry right now. If you have taken advantage of the Fire Essence Beast, you’d better give it back. After that, I will find each of you to settle the score.”

He didn't rush to kill these traitors because they were still useful, but the ultimate outcome would be the same.

This frightened the traitorous high-level clan members to death.

The most terrifying thing is not death itself.

It's knowing that you're going to die, but you can't die yet!

And this is the torture Yang Chen gave them!

At this moment, Yang Chen spoke sternly, "Now, let's get back to the point. In the end, it's all about reorganizing the Great Wilderness, which simply means allocating benefits. You don't need to believe me about the Fire Essence Beast, and I don't expect you to. All you need to do is follow my orders. Of course, if you have any objections, feel free to raise them."

Hearing Yang Chen's words, everyone fell silent, and no one dared to speak up. Who would dare to have any objections?

That was exactly the reaction Yang Chen wanted, and he didn't bother to waste any more words now.

He came to save the Great Wilderness and reorganize it, not to harm it.

What's the result?

When he took action and did good, everyone held a wait-and-see attitude. The traitors were hateful, but were the others blameless? There wasn't a single one willing to stand up for him or believe that he, Yang Chen, was right. The Fire Spirit Worms were frightening, but not to the point where they could never think of defying the Fire Essence Beast.

He felt betrayed.

When the Fire Essence Beast oppressed them, they were all respectful, but when he came to save them, he had to be courteous to them?

Why should he?

He didn't owe anyone in the various clans of the Great Wilderness a thing!

Chapter 545: Start Reorganizing_1

Demonstrating strength always works better than being kind and talking to others.

After Yang Chen killed Wu Hai, the surrounding people's gazes towards Yang Chen changed completely. Some even took the initiative to flatter him: "Young friend Yang Chen, however you decide to allocate resources, we will listen to you."

"Yes, young friend Yang Chen, whatever you say, we'll do."

"We believe that young friend Yang Chen will give us the fairest and most appropriate treatment."

These high-level members smiled so much that their mouths couldn't close, treating Yang Chen with such respect. It was a far cry from their initial wait-and-see attitude when Yang Chen first arrived, even ignoring him altogether. They were now as polite as they could be.

With one person speaking up, others followed. These high-level members who hurriedly praised Yang Chen had already begun to believe the story of the Fire Essence Beast's destruction.

Yang Chen saw this and gave a cold snort, slowly speaking: "Everyone, be quiet!"

Yang Chen's words were very effective. After recalling his shocking aura, everyone didn't dare to question his orders.

With a deep voice, Yang Chen continued: "The matter of resource allocation is very simple. The Fire Essence Beast entered the Great Wilderness two years ago. I know of the arrangements of various clans before it entered the Great Wilderness from Yang Wu. In this instance, I will try my best to help you recover the losses caused by the Fire Essence Beast!"

"Of course, those who have benefitted from the Fire Essence Beast and have become arrogant will be killed without mercy!"

These chilling words shocked everyone present.

Except for a few traitors who were scared to tears, most clan high-levels were relieved.

They looked at the traitors with joy and satisfaction.

It must be said that most of the losses were actually caused by these clans who had betrayed and sided with the Fire Essence Beast. These clans had cozied up to the beast, causing other families to suffer huge losses while reaping huge profits themselves.

What Yang Chen did was to readjust the balance.

At this moment, Yang Chen had already made up his mind on the matter. He looked at a high-level member of a clan not far away: "Sun Clan Leader, I've heard about your clan's persecution by the Fire Essence Beast from Yang Wu. I will try my best to help you recover those losses. Let's start with 100,000 Spirit Stones, and the territories you lost, which seem to have been occupied by the traitorous Yu family? Don't worry, they'll be yours again in the future."

Sun Clan Leader was filled with gratitude. Yang Chen didn't have to do these things at all.

He respectfully said: "I, Old Man Sun, thank you, young friend Yang Chen. Words cannot express our gratitude. In the future, our Sun family will follow the Yang family and accept their command."

"Sun Clan Leader, you don't have to be so formal." Yang Chen waved his hand. He had always been like this; treating others with kindness if they were kind to him.

Sun Clan Leader was overjoyed upon hearing they would receive 100,000 Spirit Stones and their lost territories back.

Yang Chen continued to give orders: "Mu Family, let's temporarily replenish 120,000 Spirit Stones."

"Cao Family... Elder Cao, it seems your clan leader didn't come today." Yang Chen narrowed his eyes.

This caused Elder Cao's body to tremble.

Their clan leader didn't think much of this matter and didn't take it seriously, so he sent an elder with little importance to check things out. But who would have thought that the rumors were true, and Yang Chen even planned to compensate for all the previous losses of the various clans?

Elder Cao stumbled with his words, not knowing what to say.

Yang Chen knew what Elder Cao was thinking. Many families present didn't take his words seriously and didn't send any important figures. For example, the Cao Family sent an elder with only the seventh layer of the Ling Wu Realm. What, did they think they could fool him, Yang Chen?

Yang Chen didn't need to please these people. In a stern voice, he said: "Elder Cao, you seem to be very indifferent about this matter. In that case, let's give your Cao Family 10,000 Spirit Stones."

"I-" Elder Cao felt like crying.

All other families received tens of thousands of spirit stones, but the Cao Family only got 10,000?

Elder Cao couldn't help feeling wronged. He sighed, blaming their clan leader for making a wrong decision.

"Zhang Family..." This time, Yang Chen focused on the Zhang Family.

He had an impression of this family, as the descendants of Zhang Xuelian.

The head of the Zhang family was none other than Zhang Rufeng.

However, at this moment, Zhang Rufeng felt a bit ashamed. The Zhang family had some connection to Yang Chen, but he hadn't dared to stand up for Yang Chen earlier when he was facing doubts. Now that it was time for resource allocation, he hoped that Yang Chen would take Zhang Xuelian into account and give them more resources.

Deep down, Yang Chen was disappointed in Zhang Rufeng. But when he looked over, he saw the delicate Zhang Yingruo standing next to Zhang Rufeng.

Zhang Yingruo...

When thinking of this woman, who had some connection to him, Yang Chen's heart softened.

Zhang Yingruo looked at Yang Chen with her eyes filled with sorrow. She knew that she and Yang Chen lived in two different worlds. At least, even her own clan leader had to look up at Yang Chen right now.

Yang Chen sighed and thought of Zhang Xuelian, then said: "Yang Wu, it seems that the Zhang family's territory was taken over by the traitorous Han family, right?"

"Yes, that's exactly what happened." Yang Wu answered.

Yang Chen knew all of this because he had talked about it with Yang Wu.

"The territory originally belonging to the Zhang family will be returned to them, as well as an additional 300,000 Spirit Stones," Yang Chen said.

Yang Chen quickly took notes.

In this way, Yang Chen gave instructions one after another. Many large and small clans had suffered greatly from the Fire Essence Beast's tyranny.

Yang Chen was well aware of all of this and gave clear allocations to the clans' high-ranking members.

After about an hour, Yang Chen finished allocating resources and said, "Mo Family, replenish 50,000 Spirit Stones. Alright, everyone present, the distribution of lost benefits is almost over. Yang Wu, you'll handle these matters. Oh, and the Spirit Stones should be taken from these traitorous clans—there should definitely be enough!"

These betraying clans had devoured countless Spirit Stones, which would be sufficient for the compensation.

Chapter 546: The Big Cleanup!_1

Yang Wu quickly agreed, as he had already discussed these matters with Yang Chen earlier and knew what to do.

As for the other great tribes, they didn't dare to express too much dissatisfaction with this. Although they might feel a bit unhappy, they were fortunate to get anything at all. Who would dare to say anything against Yang Chen?

However, there was one more thing that the high-levels of these tribes hesitated to bring up, not knowing whether it was appropriate or not.

"Yang Chen, my friend, what about the Fire Spirit Worms issue..." The high-levels of these clans mentioned it with great difficulty.

Yang Chen knew that they would ask about this, so he slowly said, "You don't need to worry about it. In a few days, the Fire Spirit Worms will disappear on their own inside your bodies."

The various high-ranking members of the tribes seemed doubtful but didn't dare to say anything on the matter.

Yang Chen never intended to make these high-levels of various tribes believe him.

There were too many Fire Spirit Worms, and an unknown number had been planted in the high-levels within a single clan. It would be too much trouble to wipe them out all at once with his power. Instead, it would be better to directly kill the master of the Fire Spirit Worms, and then the worms would be gone. Yang Chen didn't know who the master of the Fire Spirit Worms was, but he must be in the Great Wilderness.

Simply put, as long as he dealt with all the Fire Essence Beasts, everything would be over.

"You all can leave now." Yang Chen waved his hand. "By the way, those of you who have joined the high-levels of the Fire Essence Beast group, stay here for now."

"In that case, Yang Chen, my friend, we will take our leave."

"Yes, Yang Chen, my friend, we're leaving now."

These high-levels of the clans all showed obsequious smiles and gave Yang Chen their utmost respect. After finishing their courteous gestures, they dared to leave.

However, in the blink of an eye, these high-levels of the clans all left one after another.

Just as they left, Feng Xuewu walked into the room holding her skirt, accompanied by Feng Changkong.

When he saw Feng Changkong, Yang Chen felt slightly surprised. Feng Changkong had indeed helped him a lot, and looking at him now, it reminded Yang Chen of their past experiences in the Great Wilderness. He couldn't help but say, "Uncle Feng!"

"Yang Chen..." Nowadays, Feng Changkong's appearance was somewhat unkempt, and he seemed very hesitant when facing Yang Chen.

Having learned about Yang Chen's current strength, Feng Changkong knew he was in the Origin Martial Realm, a level that he could only look up to. How could he be as casual as before, speaking freely to Yang Chen like a junior and not controlling his words at all?

Seeing Feng Changkong's restrained attitude and his unkempt appearance, Yang Chen couldn't help but ask curiously, "Uncle Feng, what's going on?"

Feng Xuewu gently supported her father, "When the Fire Spirit Beast group attacked, my grandfather died in battle, and my father escaped and hid. The Fire Essence Beasts didn't pay any attention to him. However, the Chen Family has been hunting my father, and he hasn't shown his face in the past two years, until he recently learned that you had returned, my friend."

Feng Changkong choked up and said, "Xuewu, it's my fault for being useless and causing you to suffer."

"Father, you can't say that. You've been wandering around and couldn't get revenge for the past two years, but that deep suffering in your heart is something I can't even imagine." Feng Xuewu sighed softly.

Feng Changkong was touched, "Yang Chen, my friend, I'm sorry for the embarrassment. I've been in a terrible state these two years. Now that I'm back at the Feng family, it's not what it used to be. I only hope that during this catastrophe, you can look after the Feng family more. I, as an uncle, am asking you for a favor."

"Uncle Feng, how can you say that? Of course, I will take care of the Feng family as much as I can." Yang Chen smiled, "Not only will I take care of it, but I also guarantee that Feng family will definitely become a super sect in the Great Wilderness after this catastrophe!"

"Yang Chen, my friend, are you serious?" Feng Changkong couldn't believe it.

Yang Chen smiled and said, "Of course it's true!"

"Yang Chen, with your words, I can rest assured." Feng Changkong said, "Xuewu, let's say goodbye."

Feng Xuewu nodded, gave Yang Chen a meaningful glance, sighed softly, and chose to leave. She and Feng Changkong had discussed this earlier. Unfortunately, her father had told her it was impossible for her and Yang Chen. Indeed, she knew herself too well.

She and Yang Chen were simply impossible.

Yang Chen watched Feng Xuewu's departing figure, knowing all too well what she was thinking. Feng Xuewu, one of the Three Great Beauties of the Great Wilderness, had become even more charming and impressive in the three years that they had not seen each other. However, the paths he and Feng Xuewu walked were different.

As Feng Xuewu and her father left, Yang Jinhe, who was at the side, asked, "Yang Chen, you didn't have to give such good distribution of benefits to these clans. Even if you didn't give it to them, no one would dare to say anything with your current strength."

Yang Chen shook his head with a smile, "Clan Leader, if I really did that, what would be the difference between me and those Fire Essence Beasts?"

"This..." Yang Jinhe was speechless and couldn't refute Yang Chen's words.

Indeed, if Yang Chen really did that, what would be the difference between him and the Fire Essence Beasts?

"Yang Chen, what should we do with these people?" Yang Wu shouted coldly, staring at these high-levels who had betrayed the human race and sided with the Fire Essence Beasts.

He had no good feelings for these high-levels at all.

Hearing Yang Chen's intention to deal with them, these high-levels were terrified and pleaded loudly, "Yang Chen, spare our lives!"

“Yang Chen, my friend, I was just momentarily possessed by a demon. Please spare me! I’ll give you all the young women of my family for your pleasure. Just spare me, however you want is fine!” These high-levels cried out in desperation.

Of course, Yang Chen was already immune to these pleadings. He ordered coldly, “Dapeng Bird, follow Yang Wu from now on. Yang Wu, these people are all left to you to deal with. After that, you will be in charge of cleaning up all the betrayers. There is no need to eliminate all the members of the betraying clans, but those high-levels are to be killed without mercy.”

“After cleaning up these betraying clans, distribute the stolen Spirit Stones and other resources to the other tribes!”

Yang Wu immediately replied, “Yes!”

Upon hearing this, Yang Chen nodded and left the room.

“Yang Chen, where are you going?” Yang Wu and Yang Jinhe asked in confusion.

Yang Chen replied, “I’m going to check on the Zhou family!”

Just yesterday, the Zhou family had been taught a lesson by Yang Wu and the Black-winged Dapeng. Yang Wu had even purposely mentioned it to him. However, to his surprise, they were still stubborn today. This made him curious. What exactly did the Zhou family want to do?

Chapter 547: Regret, Too Late!_1

With his speed, it only took him an instant to reach the Zhou family.

When he set foot in the Zhou family, it was already empty, with no trace of a single person. This made Yang Chen narrow his eyes and release his soul, which then suddenly found a weak prohibition in the Zhou family’s main hall nearby.

Although this prohibition could be called a prohibition, it was just the lowest level, the kind that one could create after a little learning, without any special features.

Yang Chen waved his hand, and the prohibition was lifted.

Exactly when the prohibition was lifted, a male voice suddenly burst into laughter, “Yang Chen? Yang Wu, you want to deal with us? Although I don’t know what you did in the Great Wilderness, Fire Essence Beast Lord is still not something you can contend with. Our Zhou family has now gone to the Monster Beast Mountain Inner Area, hehe. Yang Chen, if you have the guts, just enter the Beast Mountain Inner Circle. Don’t worry, even if you don’t come, the Fire Essence Beast Lord will come out sooner or later and wipe out your Yang family in one fell swoop.”

Hearing these words, Yang Chen’s eyebrows furrowed, and he laughed in anger.

How interesting.

So that’s the Zhou family’s choice, huh? It seems they no longer position themselves as humans? They’re completely aligned with the Fire Essence Beasts now?

Many times, a family’s character cannot be completely defined by one trait.

But the Zhou family really did side with the Fire Essence Beasts. Yang Wu had already killed the high-level members of the Zhou family, and now the rest of the Zhou family had gone to the Beast Mountain Inner Circle. If everyone in the clan wasn’t fully committed to the Fire Essence Beasts, how could they have so quickly left the Great Wilderness and entered the Beast Mountain?

“It seems that after betraying the Human Race and siding with the Fire Essence Beasts, the Zhou family has tasted sweetness,” Yang Chen narrowed his eyes. “Do they think that by hiding in the Beast Mountain Inner Circle and joining forces with the last few Fire Essence Beasts, I would be unable to touch them?”

With that thought, Yang Chen grinned.

He had said that traitors would be killed, no matter where they fled to, even if it’s to the ends of the Earth.

...

Having learned about the Zhou family's situation, Yang Chen didn't care about it and returned to the Yang family. Upon his return, he locked himself in his old home within the Yang family compound, with Gu Mingyue cleaning the courtyard while he concentrated on refining Spirit Talismans inside the house, just like the past years.

Yang Chen had chosen to close himself off right after returning to the Yang family not because of anything else but for refining Spirit Talismans.

During his last visit to the Trial Tower in the Beishan Main City, his materials had been almost exhausted, but fortunately, he had brought quite a lot of them back from his trip to the Tiandu Divine Country. These materials, made into Spirit Talismans, were more than enough to help him deal with the Fire Essence Beasts.

He was now prepared to abandon defense and choose a direct attack, targeting the Demonic beasts inside Beast Mountain.

It must be said, this was a maddening move.

But Yang Chen had no other choice.

By now, several days had elapsed since Yang Chen had killed Tu Ao and the other Fire Essence Beasts. However, there was still no movement from the Beast Mountain Inner Circle, indicating that the remaining few Demonic beasts inside weren't planning to come out and deal with him.

This meant that the Fire Essence Beasts in the Inner Circle of Beast Mountain were already aware that they couldn't just attack him. He couldn't waste his time here since he had to deal with the Black Dragon Sect in the Beishan Main City. So, there was no time left here!

Fast, decisive battles were the only option now.

However, if he was to confront the Fire Essence Beasts directly, there was no chance of victory. The only way was to refine Spirit Talismans. With these Spirit Talismans as a support, it would be much easier for him to deal with these Fire Essence Beasts using his own power.

And so, Yang Chen took out the Blazing Fire Spirit Brush and began refining Spirit Talismans in large quantities.

Five days passed in a row.

After five days, Yang Chen decided to leave seclusion.

As soon as he left seclusion, Yang Chen saw Yang Jin He and Elder Yang Si, who seemed to have been waiting for a long time.

Seeing the two waiting like this, Yang Chen curiously asked, "Clan Leader, Fourth Master, what are you..."

Yang Jin He looked at Yang Chen and laughed, "It's like this, there are some people here who came looking for you."

"Oh? Who?" Yang Chen was puzzled.

"You'll find out if you come and see." Yang Jin He said.

Without asking further, Yang Chen followed Yang Jin He to the Yang family's guest reception courtyard.

As soon as he arrived, Yang Chen saw about twenty or thirty people of various ages standing there, anxious and waiting pitifully. When they saw Yang Chen, they all greeted him politely and fawningly, "Yang Chen, my friend!"

"It's Yang Chen, my friend."

“Haha, Yang Chen, my friend, you’ve finally arrived.”

Seeing their enthusiasm, Yang Chen frowned, “Clan Leader, who are these people?”

“These are the high-ranking members of the families who didn’t show up after you announced the rectification of the Great Wilderness a few days ago. Now they’re here.” Yang Jin He spoke with a stiff tone, obviously not having a good impression of these high-level members of the families, but he didn’t say anything harsh for the sake of saving face.

Hearing Yang Jin He’s words, Yang Chen raised his eyebrows and laughed.

So these were the high-level members of the families who had acted like big shots and not taken his words seriously when he announced the rectification of the Great Wilderness a few days ago. They hadn’t shown up and had stood him up.

Yang Chen said coldly, “What do you all mean? The rectification of the Great Wilderness has ended, and our Yang family is now refusing outside guests. What do you mean by gathering together like this?”

“Yang Chen, my friend, we’ve all suffered from the oppression of the Fire Essence Beasts too and dared not speak up. This distribution of benefits...”

“Yes, Yang Chen, my friend, we are all victims.”

These high-level families started talking, their words filled with grievance.

As the saying goes, there’s something hateful about pathetic people. Yang Chen’s words didn’t contain any tact, and he scolded, “So what? I made it very clear at the time that we would gather and discuss everything within five days. But at the time, all of you had such big tempers and high statuses that neither my invitations nor my words reached you. Now you know that others have gotten benefits and you’re jealous, so you want to come? It’s too late!”

Did they think they could take all the good things?

What a joke!

When they were asked to come, they didn't come. When everything's done and they found out about the benefits, they wanted to come? What were they doing at that time? Did they think they could just get the good stuff by reaching out and swallowing it? It's not that simple!

Hearing Yang Chen's words, the high-ranking family members' faces changed dramatically, and they awkwardly toughed it out, "Yang Chen, my friend, we didn't refuse to go, we were just afraid. The Fire Essence Beasts are powerful, and although we wanted to go in our hearts, we just couldn't."

These high-ranking family members were now regretting so much that their intestines had turned green.

Seeing the other families receiving compensation and benefits, what about them? Just a single empty pole. Not only had they suffered losses under the oppression of the Fire Essence Beasts, but they also hadn't received any benefits at all!

Chapter 548: Setting Off to the Beast Mountain Inner Circle_1

"Yang Chen, give us another chance, it was totally unintentional back then."

Yang Chen sneered: "Dare not? Hahaha, what a dare not! It's precisely because you dare not that I, Yang Chen, ignored your call. In theory, you seem to be the victims, but what does it matter to me? All I know is that I have no obligation to entertain you now. Alright, everyone, disperse. I won't see you off."

Hearing these words, the clan high-level officials sighed and regretted missing their chances.

"Yang Chen, others were oppressed by the fire essence beasts and suffered losses, but why can't we get compensation? This land in the Great Wilderness, this soil, these resources belong to the Great Wild Hundred Clans, not just something you, Yang Chen, can control. How can you say you'll deprive us?" A high-level member of a clan pointed at Yang Chen's nose and shouted.

This made Yang Chen turn around, then turn back quickly with great interest.

Yang Jin He lowered his voice and said, "This man is the Clan Leader of the Fu family!"

Yang Chen nodded, seeing the Fu Clan Leader clamoring like this, he didn't say anything in a hurry and waited for the Fu Clan Leader to continue.

Seeing that Yang Chen didn't pay attention to him, the Fu Clan Leader thought Yang Chen was afraid and became much more confident. He clamored incessantly: "What do you all think of what I said? The Great Wilderness is not all up to Yang Chen. We were also oppressed back then, and we have the right to take back what was taken from us."

The Fu Clan Leader indeed had a good idea.

He thought that after his speech, the other clan high-level officials would join forces with him, forcing Yang Chen to compromise. They believed they were entitled to reclaim their lost interests. After all, no matter how powerful Yang Chen was, could he deal with so many people?

He thought he was making perfect sense, and other high-level officials should stand with him and support him.

But soon, he found out that he was wrong, incredibly wrong.

Those high-level clan members looked at him as if they were looking at an idiot when he spoke like this.

For a time, no one echoed the words of the Fu Clan Leader.

Because they were all very clear about what they would face if they did so.

Seeing that no one echoed his words, the Fu Clan Leader was surprised and broke out in a cold sweat, but now that the situation was difficult, he still stubbornly shouted, "Yang Chen, I've said my piece. This land of the Great Wilderness is not all up to you."

"You're right, the land of the Great Wilderness is not decided by me, Yang Chen alone." Yang Chen's tone was cold, "But, I do have the right to decide on the distribution of benefits. You ask why? Hehe,

when the Fire Essence Beast Group oppressed you, why didn't any of you dare to say a word? Who stood up?"

"Now, it's me, Yang Chen, who has solved the Fire Essence Beast problem. Now, it's me who has made those Fire Essence Beast groups, who betrayed and oppressed you, bow their heads. I did all of this, so naturally, I have the final say on the distribution. Yes, you have indeed lost a lot due to the oppression of the Fire Essence Beast, but why are you to blame when you should have taken it from the Fire Essence Beast?"

He originally thought that after the last incident with the Horse-thief Gang, these Da Huang people would have learned their lesson.

But he didn't expect that these high-level leaders of Da Huang still had a few who had issues with their brains.

Your interests?

Bullshit!

When the Fire Essence Beast came, you were all very well-behaved, and none of you dared to speak up. Now that Yang Chen came and saw that he was a fellow human, your courage suddenly increased and you dared to come and ask for things? If he didn't give it to you, you would be angry and find it amusing.

It seemed that his reputation was not enough!

As the Fu Clan Leader listened to Yang Chen's words, he couldn't find a reply for a while. What Yang Chen said... was not wrong.

But how could he lower his head like this? He said fiercely, "Yang Chen, you keep mentioning the Fire Essence Beast. Well, if you do this, what's the difference between you and the Fire Essence Beast? And what's the difference between you and those demonic beasts who kill without blinking an eye?"

He didn't believe Yang Chen would dare to kill him. With so many clan high-level figures here, if Yang Chen attacked him, it would cause collective indignation.

"Oh? Fine, today I'll show you that there's indeed no difference between me and them." Yang Chen was too lazy to explain anything more to the Fu Clan Leader.

With a flick of his finger, a Thunder Snake shot through the air.

The next moment, the Fu Clan Leader's forehead was pierced with a bloodline by the Thunder Snake, as he breathed his last.

To the end, the Fu Clan Leader couldn't believe that Yang Chen would actually dare to kill him.

Looking at the body of the Fu Clan Leader, the surrounding high-level officials showed no pity, nor did they feel that Yang Chen had done anything heinous. The Fu Clan Leader was simply looking for death. Didn't he know about Yang Chen's Martial Arts Cultivation, or how influential he was? Dare to provoke him?

Not to mention just one person, even if all the high-level officials of the Great Wild Clans came, they wouldn't dare to speak like this to Yang Chen.

Group indignation?

In front of Yang Chen, group indignation was useless.

Yang Chen was much stronger than the Fire Essence Beast; he didn't oppress people at least. You guys thick-skinnedly demanded things, already touching the bottom line. Afterward, you shamelessly tore your faces with him? If Yang Chen didn't kill you, then who would he kill?

These high-level officials were afraid that the bad luck would rub off on them, and they quickly said, "Yang Chen, my young friend, we'll take our leave now."

“Yes, we’re leaving first!”

And just like that, these high-level clan officials left without a word.

In the blink of an eye, these high-level officials scattered and disappeared completely.

Elder Yang Si said unhappily, “These people only care about their own interests. When we invited them back then, they were all afraid of this and that, and didn’t dare to come. Now that they know there are benefits, they all come running.”

“Don’t worry about them. Opportunities only come once, and if they can’t seize them, they can’t blame our Yang family for not giving them a chance.” Yang Chen said, “Speaking of that, Clan Leader, Fourth Master, I also plan to go to Monster Beast Mountain Inner Circle.”

“Yang Chen, you’re going to the Inner Circle of Monster Beast Mountain? That’s the main base of the Fire Essence Beast. Think about it carefully!” Elder Yang Si said worriedly.

Yang Chen sighed deeply, “Second Master’s life and death hang by a thread in the hands of those Fire Essence Beasts. If I delay for one day, Second Master’s life is at risk for one more day. Besides, it’s better to start the war sooner rather than later. Sooner or later, I and those Fire Essence Beasts will have to fight to the death! I can’t find peace with those Fire Essence Beasts around.”

“But, Yang Chen...” Yang Jin He and Elder Yang Si were still worried.

Yang Chen smiled and said, “I know what you’re worried about. I have a sense of measure in this matter. How can a true man be afraid of this or that? Alright, I’m setting off!”

Chapter 549: Resolute Decision_1

Looking at Yang Chen’s lonely figure, Yang Jin He and Elder Yang Si both sighed softly. The high-level leaders of the tribes in the Great Wilderness only cared about their interests; did any of them ever consider the burden this young man shouldered alone? It was him who saved the Great Wilderness from the peril of water and fire, and it was him who killed those evil Fire Essence Beasts.

Today, for the sake of the Great Wilderness, Yang Chen was once again putting his life on the line and venturing alone into the Inner Area of Monster Beast Mountain, to engage in a deadly battle with the Fire Spirit Beast group!

All of this was done by Yang Chen.

Who could understand?

Yang Chen had no intention of getting others to understand his actions. At this point in his life, if his actions and path were just to gain recognition from others, then he would be a complete failure.

Just like the Tiandu Emperor, who, for the sake of those geniuses, hunted and gathered countless items from demonic beasts. Could those geniuses truly understand him? Aren't there many who misinterpreted the Tiandu Emperor's good intentions, believing him to be unfair?

For many things, it's enough to be true to oneself.

Yang Chen understood this well, knew that the Fire Essence Beasts must be killed, and that he had to stop their plot. When he was young, he used to fear the Fire Spirit Beast Group's deterrence power, but now, he was not afraid at all. He was well aware that no one else was going to do these things, only he, Yang Chen, could.

If everyone is afraid and lives in fear, where would the future lie?

In this way, Yang Chen came alone to the Monster Beast Mountain.

When he arrived, Yang Chen was slightly taken aback.

He thought no one would pay attention to what he was going to do, nor knew what he planned to do next.

However, he didn't expect that when he arrived at the Monster Beast Mountain, he found that many people had gathered in front of the mountain.

The high-level officials of various clans were present, led by Feng Xuewu and Feng Changkong from the Feng Family.

"It's Yang Chen."

"Young friend Yang Chen is here."

"Yang Chen is here!"

At a glance, Yang Chen saw that there were at least thirty or more groups of people gathered here. When the young descendants of their tribes looked at him, their expressions were full of admiration, and quite a few familiar faces could be seen.

Upon seeing this, Yang Chen's face showed a puzzled expression.

He asked, "What are you all doing here?"

Feng Changkong smiled kindly: "Actually, I didn't expect all of this at first. It was Xuewu, who carefully calculated that there must be more than fifty Fire Essence Beasts in the Inner Area of Monster Beast Mountain, and only about twenty-something appeared last time. There must still be quite a few inside. Knowing that you would surely take action, she didn't want you to go into the mountain alone, so she gathered everyone to wait here. Young friend Yang Chen, you have the right to have us waiting here for you!"

"Yes, young friend Yang Chen, we didn't think about all this at the beginning. Now that we think about it, the credit for eliminating the Fire Essence Beasts belongs solely to you. We can't do much to help, but we can't let you go in alone."

"Young friend Yang Chen, we'll wait for you outside Monster Beast Mountain. Whenever you come out, we'll disperse."

Seeing this scene, Yang Chen showed a smile, looking at Feng Xuewu with slight gratitude for her actions.

No matter whether these tribes were here to please him or for other reasons, at least it meant that he wasn't going to fight the Fire Spirit Beast Group alone.

It also made him feel that everything he had done was not meaningless.

"Yang Chen, you must kill those Fire Essence Beasts!"

"Go, Eldest Brother Yang Chen!"

Hearing these cheering voices, Yang Chen couldn't help but smile.

Feng Changkong laughed loudly: "Yang Chen, it's a pity that I, Feng Changkong, am powerless against the Fire Essence Beasts, and can't help you. If I had your skills, I would fight the Fire Essence Beasts to the death, even if my life were at stake. Unfortunately..."

He paused, looking slightly melancholy, and said: "Yang Chen, tell me honestly, how confident are you this time?"

Yang Chen smiled slightly: "Uncle Feng, speaking of confidence, I, Yang Chen, can't really say for sure. However, unless the Fire Essence Beasts are eliminated, I will not leave Monster Beast Mountain!"

Hearing this, the young descendants of the surrounding tribes became boiling with excitement.

Even the senior clan members who had been indifferent for a long time became impassioned because of Yang Chen's words.

They knew very well that Yang Chen wasn't going into the mountain for fun, but to fight the Fire Spirit Beasts.

It was possible that he would not come back alive.

Of course, they hoped Yang Chen could succeed because if he did, the Great Wilderness would finally be at peace.

In an instant, the cheers from the various clans grew louder and louder, but Yang Chen didn't savor them any longer. He turned around, ready to enter Monster Beast Mountain.

However, just then, Feng Xuewu suddenly spoke up: "Young Master Yang, in my heart, you will always be the best. You must come out of Monster Beast Mountain alive!"

Hearing this, Yang Chen paused for a moment, then sighed, and without turning around, he stepped directly into Monster Beast Mountain.

He vividly remembered the first time he came to this place was during a trial when he was young.

Now, it was his second time here, just a few years later.

The environment was the same, only time was different, and he was different too.

Yang Chen sighed softly, no longer hesitated, stepped forward, and went straight into the Inner Area of Monster Beast Mountain.

Soon, Yang Chen arrived at the border between the Inner Area and the Outer Area.

At this border, unlike before, there were no high-level elders from various clans guarding it. It was only natural, as the Fire Essence Beasts were in the Inner Area, so how could there be clan elders guarding the place? This made the passage into the Inner Area unobstructed. Although there were still some obstacles, they were nothing serious for Yang Chen.

With a little effort, he stepped into the Inner Area of Monster Beast Mountain.

As soon as he entered, Yang Chen immediately ordered Yun Lu: "Senior Yun Lu, be alert with your soul at all times! The Fire Essence Beasts are intelligent and may have set up an ambush waiting for me to come in!"

No sooner had his words fallen than Yun Lu suddenly said: "Young Master, be careful!"

Yang Chen was well-prepared. He saw a thick blast of flames coming toward him and dodged quickly, but who would have known, the flames were relentless and came at him from all directions. This forced Yang Chen to immediately summon the Shapeshifting Liquid Fire!

It was at that moment, as the Shapeshifting Liquid Fire was used, the surrounding flames were instantly devoured by Yang Chen's Liquid Fire.

Immediately after, the flames vanished completely.

Then, a series of gigantic figures appeared in their place!!

With more than twenty in number, Yang Chen's gaze was primarily fixed on the largest Fire Essence Beast among them. If he was not mistaken, this giant should be the one that had reached the Eighth Layer of the Elemental Martial Realm.

Chapter 550: The Great Killing Spree!_1

The Eighth Layer of Elemental Martial Realm, with such a Martial Arts Cultivation level, was considered a top-tier master in North Mountain County.

This Fire Essence Beast at the Eighth Layer of Elemental Martial Realm within the group was called Yuan Meng, who was also the captain of this operation. They were slowly weakening the Guardian Spirit Array here, not for any other reason, but trying to create a gap that would allow the army from Demon Beast Mountains and Rivers to march into Human Territory again.

Unfortunately, their plan was discovered by Yang Chen.

“Captain Yuan Meng, you guessed right, Yang Chen has really come.” A Fire Essence Beast with fierce fangs grinned nearby.

Yuan Meng showed his fangs. “That’s natural. You know, the Elder Yang that Yang Chen admires most is in our hands. As long as it’s like this, we’ll have the initiative and force Yang Chen to appear here, letting us take control!”

Although he was in the Demon Beast Mountain, he had some knowledge of the outside world.

They were demonic beasts, not humans. Even if they were separated by a distance, they could still pass messages between them.

Before Tu Ao died, he had already passed the message to Yuan Meng. Then, the news from the Zhou Family entering the Demon Beast Mountain also made him know that the target of all this was none other than Yang Chen.

When he knew it was Yang Chen, Yuan Meng had been preparing ever since.

“Now that I think about it, Captain Yuan Meng was right. Yang Chen was able to capture Tu Ao, and he must have used some formations or tricks that humans are good at. We don’t have to go out at all. We will just wait for him to come in.” The other Fire Essence Beasts laughed.

Upon hearing those words, Yuan Meng also secretly admired his wisdom.

At the beginning, the other Fire Essence Beasts had been eager to take revenge for Tu Ao’s death, but Yuan Meng had been very cautious about it. He understood that if Yang Chen could defeat Tu Ao and his gang, even if Yuan Meng would be stronger than Tu Ao, it wouldn’t be by much.

Since Elder Yang was in his hands, why should he go out to fight Yang Chen? It would be better just waiting for Yang Chen to come in, right?

At this moment, seeing Yang Chen enter, Yuan Meng could not help but sigh at his own wisdom. He snorted, thunderously speaking: “Yang Chen, it’s incredible. I heard from the message Tu Ao sent that you can actually use the Shapeshifting Liquid Fire. I didn’t expect it to be true.”

“Tu Ao should have given you some more information. He should have said that when I, Yang Chen, come here, I will take the lives of all you Fire Essence Beasts,” said Yang Chen.

He sneered and asked coldly, “Where is Elder Yang?”

Yang Chen had clearly heard their previous conversation in human language, and his eyes narrowed, revealing a cold indifference.

Feeling the coldness emanating from Yang Chen, Yuan Meng laughed and said, “Yang Chen, are you asking about that Elder Yang? It seems you two have really deep feelings. Well, Ba Hu, let’s show this kid his revered Elder Yang!”

“Yes, Captain.” The Fire Essence Beast named Ba Hu lifted a dying old man, showing him to Yang Chen’s sight.

Yang Chen could see clearly.

It was none other than Elder Yang.

When Yang Chen saw Elder Yang, he clenched his teeth: “Elder Yang!”

Elder Yang still had a breath left in him. Hearing someone call out his title, he couldn’t help but raise his head.

When he saw it was Yang Chen, Elder Yang’s whole body trembled: “Yang Chen, you... you should leave quickly!”

With this shout, he used up all his strength. The next moment, the Fire Essence Beast Ba Hu slapped him: "You old piece of shit, don't talk so much! Shut up!"

The slap caused Elder Yang to spit blood, making Yang Chen's heart furious. It was all because of him that Elder Yang had been captured by the Fire Essence Beasts and subjected to such pain.

With anger rising in his heart, Yang Chen coldly said, "Fire Essence Beasts, huh..."

"Yang Chen, don't worry, we are very generous. We'll let you see your family member before you die. But it's just a glance. Now that you've seen him, you can die obediently." Yuan Meng's voice turned cold.

He certainly didn't let Yang Chen see Elder Yang just out of generosity, he did it only to make Yang Chen angry, to make him agitated and irrational. It's just a pity that he didn't know that an angry Yang Chen was the most terrifying Yang Chen of all.

Yang Chen's anger would never be just that. The angrier he was, the calmer he would be.

Just as Yuan Meng finished speaking, the surrounding Fire Essence Beasts all attacked at once.

From all sides, with no dead angles, they launched a bombardment on Yang Chen.

Theoretically, from this position, Yang Chen would have no hope of winning if he wanted to fight head-on. The wave of attacks was ten or even a hundred times stronger than the first wave he had faced before.

However, Yang Chen had not come here unprepared.

The Fire Essence Beasts relied on numbers.

Yang Chen could also rely on numbers

But while the Fire Essence Beasts relied on their numbers, he relied on the number of Spirit Talismans.

“Everyone, open up!” Yang Chen took out all the Spirit Talismans he had made in these five days and nights.

The Spirit Talismans appeared, and Yang Chen cast them out.

They burned, and Yang Chen waved them away.

“Out!”

In an instant, a powerful force was born from the talismans. Whether it was mountains, water, wind, or fire, the combined power of the talismans formed a strong flame storm that directly rolled towards all four directions, swallowing everything in the vicinity in an instant.

“Huh?” When Yuan Meng saw this, his face changed drastically. He never expected Yang Chen could unleash such an overbearing power under the siege of many Fire Essence Beasts.

Feeling such an overwhelming force, he was shocked, and in his fright, he shouted, “Retreat, everyone retreat!”

But by the time he said this, it was already too late!

First, one Fire Essence Beast was swallowed by the storm, then the second one, and the third one.

In an instant, the engulfed Fire Essence Beasts turned to ashes, and they all fell without even having a chance to scream.

What’s more, Yang Chen’s talismans hadn’t fully unleashed their power yet. As the storm swept in, the power of the other talismans surged in different directions, and soon the number of Fire Essence Beasts began to drop rapidly.

When Yuan Meng regained consciousness and led four or five Fire Essence Beasts to retreat, he found that apart from the four or five beasts he saved, all the other Fire Essence Beasts had been wiped out.

“Yang Chen, I’ll kill you!” Yuan Meng was furious, watching so many of his brothers die in one go, and fire surged throughout his body.

The fire was no different from Yang Chen; it was also Shapeshifting Liquid Fire.
