

Supreme MK 731

Chapter 731: Rescuing the Hostages!_1

When seeing Yang Chen, He QiuShui's body suddenly trembled. She quickly observed the surroundings, and with her wisdom, she could easily guess that Yang Chen seemed to be leading the army and negotiating with the Fire Essence Beasts, with herself as the subject of the negotiation.

Is Yang Chen trying to save her?

"Yang Chen!" He QiuShui couldn't help but shout out.

"He QiuShui senior, don't worry, I will save you soon," Yang Chen said softly.

He QiuShui nodded repeatedly, seeing Yang Chen now leading the Yuanshan Sect and capturing a Fire Essence Beast. Most importantly, He Shangfeng's embarrassed expression showed that he had suffered a lot in Yang Chen's hands.

"Humph, serves him right!" He QiuShui clenched her teeth in hatred. "He Shangfeng, one day you'll get your karma!"

He Shangfeng wanted to speak, but Yun Ge didn't give him a chance. Yun Ge was eager to rescue Hu Ke and said, "Yang Chen, I've already brought this woman, He QiuShui, to you. Can we release the hostage now?"

"Of course, but when we exchange people, the representative sent by your Fire Spirit Beast Group cannot be you. It's better to choose a Fire Essence Beast at the first level of the True Martial Realm. That would make me feel safer. Otherwise, if I feel too insecure, I might accidentally kill Hu Ke. I advise you, Commander Yun Ge, to think more clearly!" Yang Chen said with a kind smile.

His harmless smile infuriated Yun Ge, as Yang Chen was clearly threatening him.

And did this kid have special clairvoyance?!

Being manipulated by Yang Chen, Yun Ge's mind was filled with various strategies. During the hostage exchange, it would personally escort He QiuShui. When the exchange was about to succeed, it would instantly strike and kill Yang Chen with its formidable strength.

By then, no one would be able to react in time. It didn't believe that the headless Yuanshan Sect and those demonic beasts could stir any big trouble after killing Yang Chen!

It has to be said, Yun Ge's idea was perfect because no matter how strong Yang Chen was, he was still only at the Half-step True Martial Realm, with a considerable gap between him and the peak of the True Martial Realm.

Unfortunately, Yang Chen didn't fall for it.

Now that his scheme had been exposed, Yun Ge naturally wouldn't make a fool of himself and could only grit his teeth in frustration. Then, he picked a Fire Essence Beast at the first level of the True Martial Realm and said, "You, go exchange the hostage!"

"Yes!" A Fire Essence Beast at the first level of the True Martial Realm quickly stepped forward, grabbing He QiuShui with one hand.

Yang Chen, on the other hand, held Hu Ke, swiftly moving forward.

Both sides didn't bring their respective forces, but they were all harboring ulterior motives, ready to take action at any moment.

Yang Chen didn't know what Yun Ge thought, but he was constantly thinking about what to do next. To be honest, he was confident that he could instantly control this Fire Essence Beast at the first level of the True Martial Realm, save He QiuShui, and not return Hu Ke.

By then, Yun Ge would be furious, and might even lead the Fire Spirit Beast Tribe to attack the Yuanshan Sect's interior, thereby falling into his trap!

This plan was seamless!

However, upon closer thought, Yang Chen dismissed this idea.

“This Yun Ge is not that simple... It should know that I can kill a demonic beast at the first level of the True Martial Realm with a single move. Since it knows, and still dares to send a demonic beast at the first level of the True Martial Realm to exchange hostages with me, it must have ulterior motives. I cannot take action rashly, I must be patient!” Yang Chen thought for a long time and finally restrained himself.

In the end, both parties traded without any complications.

He QiuShui ended up in Yang Chen’s hands, while Hu Ke returned to Yun Ge’s side.

Yun Ge stared deeply at Yang Chen, increasingly realizing that this kid was no ordinary person. It had already prepared various precautions earlier, as long as Yang Chen dared to act, once Yang Chen killed its Fire Essence Beast, it would immediately make Yang Chen learn the meaning of death.

It would take time for Yang Chen to kill a Fire Essence Beast, and in that time, it would be enough to kill Yang Chen.

However, Yang Chen remained cautious and vigilant the whole time.

Thus, Yun Ge was left completely helpless.

Even if it wanted to kill Yang Chen, Yang Chen wouldn’t give it a chance.

Instead, He Shangfēng showed concern for Hu Ke after the exchange: “Sir Hu Ke, are you alright? Rest assured, now that we’ve returned, the day of this surnamed Yang kid’s death is near. Yang Chen, hehe, soon, you’ll know what a mistake it was to oppose the Fire Spirit Beast Tribe.”

Of course, he wasn't really concerned about the Fire Essence Beast; he just wanted to take revenge on Yang Chen.

He QiuShui clenched her silver teeth, "He Shangfēng, you beast!"

He Shangfēng snorted coldly, "He QiuShui, since you chose not to follow me and become my woman, be prepared to pay a painful price. I will make you realize how wrong your choice was. Soon, I will have you back in the palm of my hand again. Your departure now is only temporary!"

He wanted revenge, but Yun Ge had no intention of starting a war with Yang Chen just yet.

Yun Ge said solemnly, "Let's withdraw for now!"

"Commander Yun Ge, what does this mean?" He Shangfēng was puzzled.

"What, do you have an objection to this commander's decision?" Yun Ge rebuked harshly.

"No, no, not at all." He Shangfēng immediately sulked.

He felt his face swelling with pain. He had just been boasting moments ago, but now, he had swallowed his own words.

This made the elders of the Yuanshan Sect sneer and ridicule.

He Shangfēng could only leave dejectedly with the Fire Essence Beasts.

He Shangfēng didn't dare to ask on the way, while the other Fire Essence Beasts were curious: "Commander, what's the meaning of this? The exchange is over now, and we should be able to make a move on this surnamed Yang kid. Once this surnamed Yang kid dies, everyone will be happy. Your action..."

“Yes, Commander, with our current strength, we shouldn’t be afraid of this surnamed Yang kid.”

Yun Ge said coldly, “What do you know? This is the Yuanshan Sect’s territory. Who knows what scheme Yang Chen has now that he’s returned? It’s better to be cautious than to recklessly enter his territory.”

“But if we continue to drag it on like this,” the other Fire Essence Beasts couldn’t help but say.

“Dragging time is not a disadvantage for us. Now, the entire North Mountain County is sealed off by us. Anyone coming from outside the North Mountain County will be immediately controlled by us, and it’s impossible to leave. The entire North Mountain County is completely airtight. We have time to play slowly with this surnamed Yang, and we also have time to break the Guardian Spirit Array,” Yun Ge sneered and laughed.

Upon hearing this, the Fire Essence Beasts beside him said, “Commander Yun Ge is wise!”

“Commander Yun Ge is wise!”

Chapter 732: I Know My Limits!_1

At the same time, at Yuanshan Sect.

“Haha, these Fire Essence Beasts are really a bunch of cowards; they got scared as soon as they saw Young Sect Master!”

“Exactly, they don’t even dare to fight, such a bunch of scaredy-cats!”

“Of course, they’re naturally afraid. After all, our Young Sect Master has killed so many of their Fire Essence Beast brethren and even captured a powerful one. If it were me, I’d be scared too.”

Hearing this, Yang Chen shook his head with a smile, “It’s not like that. This Cloud Ge Commander didn’t choose to fight, but to leave. He wasn’t afraid of me, on the contrary, if he had chosen to fight, that would have been a foolish decision. By not fighting, it proves that Cloud Ge is a very dangerous existence, and we have to fight a long battle to win!”

“What do you mean?”

Many people were confused.

Only Mù Báishēng laughed and said, “Yang Chen already set up a great formation in the entire Yuanshan Sect, which you are all not aware of. As long as those Fire Essence Beasts dare to come in, they will be killed without a trace. It’s just a pity that Cloud Ge Commander was very clever and didn’t fall for it so easily.”

Yang Chen nodded, Mù Báishēng was right.

It’s just a pity that these Fire Essence Beasts didn’t choose to fight.

As for the matter of the great formation, not many elders within Yuanshan Sect knew about it. Only Mù Báishēng knew a little bit.

“This...”

“That’s really a pity.”

These elders learned the ins and outs of the situation and sighed in lament.

He QiuShui looked gratefully at Yang Chen and said, “Yang Chen, thanks to you, I was able to be saved. If my senior brother were still alive, he would be proud. His choice of you was the most correct decision of his life.”

Now that she thought about it, she couldn’t believe that the fate of North Mountain County was in Yang Chen’s hands.

It was undeniable that the fate of North Mountain County now lay entirely in Yang Chen’s hands.

If Yang Chen lived, North Mountain County would still have hope.

If Yang Chen died, no one would know if North Mountain County would fall into darkness again.

“Senior He QiuShui is too polite. I’m just doing what I should be doing. Let’s go inside Yuanshan Sect to talk. Be careful, walls have ears out here. Let’s go in and discuss our next strategy.” Yang Chen said slowly.

“Yes!”

“Let’s go!”

“Listen to the Young Sect Master!”

Nowadays, everyone in Yuanshan Sect admired Yang Chen wholeheartedly and had nothing to say.

The group of people entered the Yuanshan Sect together. Yang Chen and the others sat down and looked at each other. Then, everyone’s eyes fell on Yang Chen, including Mù Báishēng. He didn’t mind Yang Chen stealing his limelight at all.

When he chose Yang Chen as the Young Sect Master, it was because he saw Yang Chen’s extraordinary talent. He hoped Yang Chen would surpass him, although he didn’t expect Yang Chen to do it so quickly. Nevertheless, it was a good thing for him, especially since Yang Chen always gave him face. Why would Mù Báishēng have anything to say?

Nowadays, seeing Yang Chen’s ability to stand alone, he’s more than happy.

“Yang Chen, now that Beishan Main City is definitely still under the control of the Fire Essence Beasts, what’s your plan to deal with them?” Mù Báishēng asked.

Everyone’s eyes were on Yang Chen, waiting for his answer.

After a momentary pause, Yang Chen said, "To be honest, with the demon beasts I have now, plus the forces of Yuanshan Sect, it's still a bit difficult to resist the Fire Essence Beasts. If we really fight outside, our chances of winning won't exceed thirty percent!"

"That's so little!"

"Yang Chen, you have so many demonic beasts under your control, and you still can't beat the Fire Essence Beasts?"

"Yeah!"

Yang Chen sighed bitterly, "My esteemed elders, think about it. These Fire Essence Beasts were able to control the entire North Mountain County silently in such a short time; can their strength be ordinary? At the very least, it's not as simple as we initially imagined."

Mù Báishēng agreed, "Yang Chen is right; even if we can disregard our Yuanshan Sect, Beishan Main City has no shortage of people in the True Martial Realm. Although Great Executor Mo wasn't in Beishan Main City some time ago, there were still two other Great Executors stationed there. Even with all the formations and prohibitions protecting us in our own territory, we were still secretly controlled. It shows that the Fire Essence Beasts are more terrifying than we imagined."

"The key is that the Fire Essence Beasts have controlled the entire North Mountain County, and no news has leaked out," added He QiuShui.

Yang Chen nodded, "All seniors are right; the forces of the Fire Essence Beasts cannot be underestimated."

"So, what are we going to do?"

"Young Sect Master, your plan is...?"

Without any hesitation, Yang Chen said, "Now, the only way is to let these Fire Essence Beasts come to our territory and fight us. We will use the power of formations and prohibitions to fight against them, and our chances of winning will naturally be much higher."

As he said that, Yang Chen ordered, "Sect Leader, I need to set up a new large array within Yuanshan Sect, which will be completed by the Fishpeople Tribe under my control. It may require a lot of resources in terms of Spirit Stones; what do you think?"

"In terms of Spirit Stones, Yuanshan Sect will fully support you. Even if we have to empty Yuanshan Sect, I, Mù Báishēng, will not frown!" Mù Báishēng said decisively.

"Good, that's for the best. Senior Yun Lu, gather your Fishpeople Tribe members."

"Yes, Young Master!"

Yun Lu and the other Fishpeople jumped out of the Eight Extremities Flowing River Space.

Seeing Yang Chen's exquisite divine power in the Eight Extremities Flowing River Space, everyone was amazed. However, considering Yang Chen's current strength and ability, they had no doubt, even if they were surprised. They were confused but wouldn't ask. They knew they weren't on the same level as Yang Chen anymore and asking would be pointless.

"Young Master, are you going to build another great formation?" Yun Lu blinked.

"Yes, do your best to create a double layer of great formations. I want these Fire Essence Beasts to have no chance of turning the tables once they enter the formations." Yang Chen clenched his fists with determination.

Seeing Yang Chen's determination, the Fishpeople Tribe members agreed one after another, "Yes, Young Master!"

Seeing Yang Chen preparing to set up another great formation, these Supreme Elders were all puzzled. Even Mù Báishēng's eyebrows were filled with curiosity. They asked, "But, Young Sect Master, Cloud Ge

is no fool. How do we lure them into Yuanshan Sect to fight us? Based on today's experience, Cloud Ge is a very careful and cautious character."

Yang Chen showed a confident expression, and no one knew what he was planning, "Don't worry, I have it under control!"

What to say...

He had already made enough plans!

Chapter 733: Use Their Plan Against Them!_1

"So the young sect leader had a plan all along!"

"If that's the case, why should we worry? Haha, let's just follow the young sect leader's preparations!"

"Young Sect Master, make sure to give us any orders you have. Our old bones still have some use, and we'll handle the Fire Essence Beasts without hesitation!"

"Yes, Young Sect Master, just give us the word! We old fellows won't disturb you anymore!"

Seeing that Yang Chen already had a plan, these Supreme Elders didn't want to waste any more time. They bowed and took their leave, while Mù Báishēng also nodded to Yang Chen before departing.

Only He Qiushui remained, recounting various matters about the Fire Essence Beasts to Yang Chen, warning him to be vigilant. Yang Chen, knowing He Qiushui had been imprisoned and suffered greatly, sought to comfort him. After all, He Yunxiao had shown kindness to Yang Chen, so he had to treat He Qiushui well in return.

In the end, He Qiushui also got up and left.

Watching He Qiushui leave, Yang Chen sighed softly.

“Where did I get such a measure after all...” Yang Chen couldn’t help but laugh and cry.

His confidence and certainty earlier were entirely feigned. He knew very well that everyone was watching him now. If he panicked and his own side became disordered, everything would be over. He had to make everyone feel at ease and believe that they could win!

In reality, he hardly had any confidence in himself and hardly had any clear plan at the moment.

He did have some plans, but he couldn’t be sure of their usefulness or how viable they were. He needed to think it through carefully.

“Before making a plan, there’s one thing I need to confirm first.” Yang Chen paced back and forth on the spot, hands behind his back.

Time passed by quickly, and in the blink of an eye, five days had passed.

Nothing of note happened during these five days.

Yun Lu led a group of Fishpeople Tribe members to set up another Great Formation within the Yuanshan Sect.

At this moment, Yang Chen slowly arrived at the location of the Great Formation and saw Yun Lu and a few female Fishman busy at work.

“Young Master!”

“Young Master!”

Yang Chen nodded in satisfaction at the new formation, “You’ve been working hard!”

“Young Master, we’re not tired!” Yun Lu replied warmly.

“So, what kind of formation have you set up this time?” Yang Chen asked curiously.

Yun Lu explained carefully, “This formation is called the Dragon Water Array, and it is a water formation.”

“A water formation? What’s your plan?” Yang Chen couldn’t help but be puzzled.

Yun Lu happily revealed, “Young Master, at the beginning, we set up the Ancient Fire Refining Array to deal with the Fire Spirit Beast Group. But in reality, the only thing that can restrain fire is water. If we absorb the fire energy of the Fire Essence Beasts with the Ancient Fire Refining Array, and then pour it into this Dragon Water Array, the abilities of the Fire Spirit Beast Tribe within the formation could be greatly limited!”

“That’s excellent!” Yang Chen was very pleased, “Yun Lu, you let these Fishpeople finish up their work first, and come with me!”

“Yes, Young Master!” Yun Lu immediately complied.

Now that the Dragon Water Array was nearly complete, Yun Lu’s presence or absence no longer mattered. She returned to the Eight Extremities Flowing River Space.

Yang Chen and Yun Lu had grown accustomed to working together, so whatever he did, he would bring Yun Lu with him.

At this moment, he arrived at the boundary of the Yuanshan Sect. The scenery here was shrouded in mist, making it incredibly enchanting.

Yun Lu asked curiously, “Young Master, what brings you here?”

“Senior Yun Lu, can you use your Divine Soul Detection to see whether there are any Fire Essence Beast scouts here?” Yang Chen asked.

Despite her curiosity, Yun Lu quickly started her Divine Soul Detection and came up with a conclusion, “No, Young Master. When I first set up the formation, I deliberately checked for any hidden Fire Essence Beasts outside the Yuanshan Sect but found none.”

“Are you sure? Try to observe carefully again, and don’t miss any corners,” Yang Chen said with some anxiety.

Yun Lu couldn’t understand why Yang Chen was so cautious but still searched meticulously, taking about three hours.

After these three hours, Yun Lu suddenly exclaimed, “Young Master, how did you guess that there really were Fire Essence Beasts lurking in the shadows? And I don’t know what method they used to conceal themselves, but even my Divine Soul of the Earth Martial Realm could hardly detect them. I worry that had I not examined closely, even I would have had a hard time finding their presence. Let alone martial artists in the Second Level of True Martial Realm!”

After hearing this, Yang Chen murmured, “Indeed, Senior Yun Lu, thank you.”

“It’s no trouble at all, Young Master. I really admire you for discovering this. How did you figure out that the Fire Essence Beasts had eyes on our Yuanshan Sect? There were no signs,” Yun Lu said in amazement.

Yang Chen gave a wry smile, “I guessed it. It’s quite normal for the Fire Essence Beasts to have some means to avoid soul detection. As for why I guessed... In the end, I’ve never believed that the Fire Essence Beasts would let things rest. They must have left some eyes at the entrance of the Yuanshan Sect to observe our movements. By the way, how many Fire Essence Beasts are there?”

“Four, none with particularly strong strength, all at the Second Layer of the True Martial Realm,” Yun Lu replied.

Upon hearing this, Yang Chen rubbed his chin, deep in thought.

“Young Master, since these Fire Essence Beasts hide their intentions and plant spies here, how should we counterattack? Kill them?” Yun Lu asked.

“Kill them?” Yang Chen pondered.

Killing these few Fire Essence Beasts wouldn't be difficult for him.

However, why should he definitely kill these spies?

Yang Chen said, “Senior Yun Lu, we don't have to kill these spies. Since Yun Ge and the others want to observe the Yuanshan Sect so badly, we'll just let them know!”

“Young Master's meaning is...” Yun Lu was completely puzzled by Yang Chen's thoughts.

“What do you think would happen if these Fire Essence Beasts discovered a large group of demonic beasts leaving the Yuanshan Sect to attack Beishan Main City and rescue it? How would Yun Ge and the other Fire Essence Beasts react if they found out ahead of time through their spies?” Yang Chen asked.

Yun Lu pondered for a moment and then said decisively, “This group of Fire Essence Beasts would definitely abandon Beishan Main City. Beishan Main City is useless to them, their target is undoubtedly you, Young Master! If I were them, I would head straight for the Yuanshan Sect.”

“Yes, they will definitely come to the Yuanshan Sect. Once they enter the Yuanshan Sect, won't they be caught in our chain of formations?” Yang Chen said.

“This move of yours...” Yun Lu was astonished.

Yang Chen looked forward and laughed, “This move of mine is called... taking advantage of their strategy!”

Chapter 734: Chain of Events_1

Yun Lu carefully considered for a moment and said subconsciously, “Young Master, you’re right. There’s no need to kill these spies outside the Yuanshan Sect. However, if you send demonic beasts to attack Beishan Main City, the Fire Essence Beasts are not stupid, they will not act rashly!”

“They’ll definitely confirm that your demonic beasts are indeed attacking Beishan Main City before they come to deal with the Yuanshan Sect. By then, they’ll fall into the trap as you said. However, your troops will also be sent out and not in the Yuanshan Sect, and relying solely on the formation to win may not be easy.”

Yang Chen smiled slightly, “Senior Yun Lu, you have thought it through quite thoroughly this time.”

“Yun Lu is just curious.” Yun Lu smiled amiably, “After all, dealing with Fire Essence Beasts must be cautious, Young Master, you cannot be careless.”

“I know what you’re saying. Relying solely on the Double Array is not enough to deal with the Fire Essence Beasts. I must have all my troops under my control, along with this Double Array. Only then can I be sure of victory!” Yang Chen said.

“But how can the troops that are sent out return in a short time? It takes at least three days for these demonic beasts to attack Beishan Main City, while it only takes one day for the Canghai Sect’s Fire Essence Beasts to get here. By then, the Yuanshan Sect would have been trampled to pieces by the Fire Essence Beasts!” Yun Lu said.

Yang Chen replied gently, “Senior Yun Lu, haven’t you forgotten that Beishan Main City is actually quite close to the entrance of Tiandu Divine Country?”

Yun Lu’s eyes widened in surprise, “Young Master, do you mean...”

“It only takes one day for the Canghai Sect’s Fire Essence Beasts to arrive, and it takes only one hour for me to recall the troops I will send out. This one hour will be the time to determine victory or defeat.” Yang Chen’s expression grew heavier.

This move of his was actually a risky one.

First, he would send out his demonic beast troops, deliberately using these spies to reveal a false empty state inside the sect to make the Fire Essence Beasts think that he had no combat power to speak of, and consequently attack. Then, within an hour, he would recall all his troops.

The Fire Essence Beasts were very cunning.

The Fire Spirit Beast Commander named Yun Ge was even more cunning.

They had suffered losses before, so the Fire Essence Beasts could quickly communicate with each other and were on high alert. It was too difficult for him to succeed. Nowadays, the only way was to take a risky move.

“Time is ticking, and I, Yang Chen, can’t afford to wait. Regardless, I have to take a gamble. These Fire Essence Beasts are not ordinary opponents. How can I succeed without taking risks?” Yang Chen clenched his fists.

...

On the third day of the plan being finalized.

The several Fire Essence Beast spies guarding the outside of Yuanshan Sect were watching intently, afraid of missing anything.

“Brothers, stay alert!”

“Keep a close eye on the Yuanshan Sect, and there will be rewards from the Commander when we get back!”

“Alright!”

These Fire Essence Beasts were talking cautiously.

Suddenly...

“Brothers, take a look!”

They saw nearly a hundred demonic beasts flying in the sky at an extremely fast speed. In the blink of an eye, they vanished, not knowing where they were headed.

This made the Fire Essence Beast spies widen their eyes in shock, “What’s going on!”

“These demonic beasts are all under Yang Chen’s control. What is he planning to do by sending them all out now?”

“They seem to be heading towards Beishan Main City!”

“That’s right, definitely towards Beishan Main City. What does this Yang Chen want to do? Is he planning to save Beishan Main City and rescue the high-level True Martial Realm people there to increase his troops?”

“If that’s the case, we must quickly send the news back.”

“Hurry up and send the message!”

The several Fire Essence Beasts discussed and quickly relayed the news back.

At the same time, inside the Canghai Sect, the Fire Essence Beast Commander Yun Ge was sitting in a wooden house in the depths of the Sect, contemplating quietly.

At that moment, three Fire Essence Beasts jumped out and broke into the room, saying respectfully, “Commander, there’s a situation!”

As Yun Ge was thinking about strategies to deal with Yang Chen, he now opened his eyes in surprise and asked, "What's going on? Tell me in detail!"

The three Fire Essence Beasts hurriedly told him about Yang Chen sending out nearly a hundred demonic beasts.

"Haha, what does this Yang Chen want to do? He clearly wants to send demonic beasts to rescue Beishan Main City and then use Beishan Main City's troops to join forces with the Yuanshan Sect to resist us. But he's underestimating us, he obviously doesn't know that we have spies near the Yuanshan Sect. Haha!"

"Commander Yun Ge, please give instructions!"

Yun Ge narrowed his eyes, "Yang Chen is sending troops to rescue Beishan Main City? I can't be sure about this yet. This Yang Chen is as cunning as a fox, and many races have suffered at his hands. We can't be easily fooled. Unless there are indeed many demonic beasts fighting and besieging Beishan Main City, don't act rashly!"

"But..."

These Fire Essence Beasts looked at each other, and said bitterly, "Commander, this is a once-in-a-thousand-year opportunity!"

"That's right, Commander. With so many troops sent out, if we were to send our troops into the Yuanshan Sect now, this Surnamed Yang will be waiting for us to be slaughtered!"

Yun Ge snorted coldly, "This Yang Chen is full of cunning schemes, and if there's no fighting in Beishan Main City, it's very likely that this is a trap deliberately set by this kid. We can't rush things. We have to be patient when dealing with this guy. Buying time works in our favor, so let's wait!"

Although the other Fire Essence Beasts were anxious, since Yun Ge had said so, they dared not say anything more and waited for the results.

Three days later.

The Fire Essence Beasts under Yun Ge's command hurriedly broke into Yun Ge's room once more, exclaiming, "Commander, the results are out! The battle has begun in the sky above Beishan Main City! Hahaha! The Fire Essence Beasts we've planted in Beishan Main City have reported that a large number of demonic beasts are attacking Beishan Main City!"

"It's actually true." Yun Ge looked incredulous.

"Commander, we can't wait any longer. Our troops in Beishan Main City won't be able to hold off those demonic beasts for long. We must act now, seize the opportunity when the Yuanshan Sect is empty, and annihilate them and kill that Surnamed Yang!"

"Yes, Commander, we can't wait any longer. Time is running out!"

His subordinates knew what to do, and of course, Yun Ge knew as well.

However, he always felt something was off. "Something is wrong. I always feel that something is wrong. No matter if it's the memories passed down from our ancestors or my own understanding, this Surnamed Yang has always been treacherous and cunning. How could he have easily exposed such a major flaw?"

Chapter 735: Is Yang Chen Really a Traitor?_1

Hearing that Yun Ge was still hesitating, the Fire Essence Beasts became anxious.

In their eyes, if they missed this opportunity, there would definitely not be a second chance.

"Commander, now is not the time to think about these things. Wise men are bound to make mistakes; Yang Chen is just a young kid and is bound to make mistakes. We can't miss this precious opportunity. Otherwise, if Yang Chen really takes Beishan Main City and forms an alliance with the people there, it will be troublesome for us."

“Commander, seize the opportunity. If you don’t take action now, there won’t be such a good chance again.”

The Fire Essence Beasts were advising Yun Ge one after another, causing his brows to furrow in indecision.

After some time, Yun Ge couldn’t ignore the opinions of the Fire Essence Beasts and clenched his teeth, saying, “Alright, let’s take action now. Have the people of Beishan Main City delay for time while we’ll capture Yuanshan Sect. All tribe members, move out!”

As Yun Ge gave the order, the Fire Essence Beasts gathered and headed straight towards Yuanshan Sect.

...

Time dripped away.

Yang Chen had set up this plan, his heart filled with trepidation. He didn’t know if the Fire Spirit Beast Group would fall for it, nor did he know if the cautious Yun Ge would be caught in his trap.

But soon, a look of joy appeared on Yang Chen’s face.

“The Fire Essence Beasts are coming!” Yun Lu transmitted through soul, “They’re far away, but they’ll be at Yuanshan Sect in about a cup of tea’s time!”

Hearing this, Yang Chen’s face lit up with joy: “Good, the Fire Essence Beasts have indeed fallen for the trap!”

Yun Lu said, “Young Master, everything is within your plan!”

“This hour is most crucial, success or failure hinges on it. The Fire Essence Beasts are cunning, and we must not wait for them to enter the trap willingly. Mang Ge, I now command you to lead these dozen or so Demonic Beasts under your command and guard inside Yuanshan Sect. You must cooperate with the

formation and stall the Fire Essence Beasts for an hour. After an hour, it will be the end of the Fire Essence Beasts!” Yang Chen ordered the Golden Barbaric Bull under his command.

The Golden Barbaric Bull agreed quickly, “Young Master, leave it to Old Bull!”

“In that case, I’ll bring back the Demonic Beasts at Beishan Main City first.” Yang Chen waved his sleeve, “Senior Yun Lu, you stay here and suppress the situation!”

“No problem!” Yun Lu agreed.

Yang Chen activated the Teleportation Artifact and directly entered the Tiandu Divine Country.

His initial plan was just like this.

The entrance of Tiandu Divine Country in North Mountain County was not far from Beishan Main City, only the distance of a cup of tea’s time. Nearly a hundred Demonic Beasts attacked Beishan Main City, seemingly concentrating all forces there. However, the difference was that he could transfer them back and forth.

Using the Teleportation Artifact to enter Tiandu Divine Country, then from Tiandu Divine Country, going to the entrance of Beishan Main City’s section in Tiandu Divine Country, and then heading to Beishan Main City, collaborating with Eight Extremities Flowing River Space to take away all Demonic Beasts through Tiandu Divine Country, and returning to Yuanshan Sect.

This was something that only Yang Chen could do, and could only be done in North Mountain County, as Tiandu Divine Country was located within North Mountain County.

It was by making use of these factors that Yang Chen dared to have the confidence to lure the snake into the cave!

“I must hurry!” Arriving in the Tiandu Divine Country, Yang Chen swiftly controlled the prohibition.

In the blink of an eye, he was teleported to the entrance of Tiandu Divine Country in North Mountain County, and then hurried towards Beishan Main City at full speed!

In an instant, a cup of tea's time passed, and Yang Chen quickly arrived above Beishan Main City.

He saw nearly a hundred Demonic Beasts fighting against the Fire Essence Beasts, but according to Yang Chen's instructions, the Demonic Beasts were still holding back and had not fought the Fire Essence Beasts with their full strength. They were saving their energy for later.

But even so, dealing with the remaining Fire Essence Beasts in Beishan Main City was more than enough. Upon a closer look, there were many Fire Essence Beasts' corpses on the ground, with only three or five Fire Essence Beasts still struggling to survive.

At this moment, Yang Chen appeared, and because of the Servitude Restriction, these Demonic Beasts all sensed him.

"Young Master!"

"Young Master has arrived."

Yang Chen looked at these Demonic Beasts and slowly said, "Alright, it's time to end this. Kill the rest of these Fire Essence Beasts, and then we need to go back!"

"Yang Chen, how can you appear here!" The remaining few Fire Essence Beasts were shocked and frightened.

No matter what, they couldn't believe it.

It didn't make sense; there was no reason for Yang Chen to be here!

"Hehe, you want to know? Too bad, the secrets of our Young Master are not for you to know." The Demonic Beasts no longer held back and swarmed up.

In less than a hundred breaths' time, the surviving Fire Essence Beasts were caught in a single swoop by the Demonic Beasts.

After dealing with these Fire Essence Beasts, the Demonic Beasts asked, "Young Master, what should we do next?"

"These Fire Essence Beasts are definitely going to convey my arrival in Beishan Main City to the others, which is their special ability. Therefore, time is of the essence, and we must hurry back. Everyone, enter the Eight Extremities Flowing River Space." Yang Chen ordered.

"Yes, Young Master!" The Demonic Beasts all obediently entered the Eight Extremities Flowing River Space.

"Yang Chen!"

"Yang Chen!"

"Look, that's Yang Chen! These Demonic Beasts are all obeying Yang Chen!"

"What's going on? I heard Yang Chen is a traitor, right?"

The people of Beishan Main City were completely confused. They couldn't figure out the truth. If Yang Chen had no connection to the Demonic Beasts, why were they listening to him? But if Yang Chen was colluding with the Fire Essence Beasts, then he used the Demonic Beasts to eliminate the Fire Essence Beasts!

What exactly was going on?

The crowd felt uneasy, looking at Yang Chen in the sky, suddenly realizing that at this moment, Yang Chen had the power to control the lives of each one of them.

Yang Chen didn't bother to explain anything to the martial artists of Beishan Main City. He knew that the truth would come out sooner or later. What he needed to do now was to get rid of all the Fire Essence Beasts once and for all!

Perhaps it was fate.

The Tiandu Emperor once regarded Demonic Beasts as enemies, and as his disciple, sometimes it was necessary for him to shoulder this responsibility.

The next moment, Yang Chen turned around and left.

Seeing Yang Chen leave, the people of Beishan Main City became even more confused about what was going on.

But they knew that the Fire Essence Beasts oppressing them had all been killed.

"Was it Yang Chen who saved us?"

"Maybe it's Yang Chen and the Fire Essence Beasts turning against each other, exposing their collusion. I've heard that Yang Chen is a lapdog for the Fire Essence Beasts, and I think that's true."

"It's just as well that this dogfight gives us a good show to watch!"

"Whether Yang Chen has sided with the Fire Essence Beasts or not, none of you know. Those of you who are speaking ill of him had better figure out the situation before talking. At least for now, it's Yang Chen who saved us!"

For a moment, Beishan Main City was filled with heated debate!

Chapter 736: How did you do it!_1

Looking at the Fire Essence Beasts' side, when Yang Chen first left, it only took them the time for a cup of tea to arrive above the Yuanshan Sect.

“Commander, there’s hardly any defense inside the Yuanshan Sect, haha, let’s go in and capture that surnamed Yang!”

“Go, let’s go in!”

Yun Ge saw that these Fire Essence Beasts under his command had such thoughts. Although he had the power to decide, he had to obey the majority and nodded: “Alright, let’s go in!”

In an instant, the mighty Fire Essence Beasts entered the Yuanshan Sect.

“Kids of Yuanshan Sect, haha, aren’t you coming out to surrender to your grandpa? Just obediently take the Fire Spirit Worms, and we won’t take your lives!” The Fire Essence Beasts laughed loudly.

“Surnamed Yang, death is near, why don’t you come out quickly!”

The Fire Essence Beasts were shouting and clamoring, but only Yun Ge frowned.

He felt something was strange.

It was too strange.

Could it be that the Yuanshan Sect has no defensive measures and is completely unprepared for their Fire Essence Beasts, even though they have already arrived inside the Yuanshan Sect? The people of the Yuanshan Sect didn’t seem to notice them at all. This was simply beyond comprehension.

Just as Yun Ge was deep in thought, suddenly more than ten demonic beasts appeared one after another, led by the Golden Barbaric Bull arranged by Yang Chen. Their strength had already reached the True Martial Realm 8th Layer, with formidable power. The Golden Barbaric Bull stared at Yun Ge and the other Fire Essence Beasts with a fierce gaze.

“Huh? Golden Barbaric Bull, the information we got didn’t show you being under Yang Chen’s control. It seems like Yang Chen still has a hidden move!” Yun Ge said in a low voice.

“Commander, so what if he has a hidden move, haha, this Yang Chen really sent his troops out, leaving only a dozen demonic beasts to guard the house. How can they think that this little force can defend against our Fire Essence Beasts?” Many Fire Essence Beasts sneered, as if they could already see the dawn of victory.

The Golden Barbaric Bull snorted and said, “To deal with you, our numbers are enough!”

“Commander, this barbarian bull is really arrogant, leave them to us, let’s wipe them out!”

Yun Ge felt something was wrong, but since they had already entered the Yuanshan Sect, fighting was inevitable.

“Take action, don’t hold back, give it your all!” Yun Ge said.

“Yes!”

When these Fire Essence Beasts responded, it was as if they had been suppressing themselves for a long time. One by one, they spewed out flames heading straight for the Golden Barbaric Bull.

Seeing this, the Golden Barbaric Bull remained unmoved and showed no intention of defending itself.

“Seeking death?” Several Fire Essence Beasts sneered.

However, something surprising happened next.

Suddenly, the massive flames spewed out by the Fire Essence Beasts were unexpectedly absorbed. As these flames were being devoured layer by layer, the Fire Essence Beasts were completely dumbfounded. Their flames were only left with about thirty percent of their original power and hit the bodies of the Golden Barbaric Bull and other demonic beasts.

But what use does this thirty percent of the power have? It was meaningless. The bodies of the Golden Barbaric Bull and other demonic beasts were already strong. It seemed like they had been specially chosen as tough opponents. The Fire Essence Beasts' flames were reduced to just two or three times their original power, and where could they hurt the Golden Barbaric Bull and other demonic beasts?

"What? How is this possible!"

"What happened?" All the Fire Essence Beasts were at a loss.

"It's a Formation!" Yun Ge shouted in a low voice.

With his blood-red eyes, he was staring all around, seeing everything clearly.

He had underestimated the situation; he knew he had been careless.

Unbeknownst to him, a Formation had been set up all around, and when they first entered, the Formation had not been activated yet. The moment they entered, the Formation activated, trapping them inside with no chance to escape. Moreover, this Formation seemed to have been designed specifically to counter them and their Fire Essence Beasts!

"It's the Ancient Fire Refining Array!" Yun Ge, with his vast experience, angrily said, "Yang Chen really had a plot. However, he has underestimated our Fire Essence Beasts. This Formation indeed restrains us, but do you think that with these few of you combined with the Formation, you can contend against our Fire Essence Beast Group?"

As his words fell, Yun Ge suddenly took action.

His strength at the peak of the True Martial Realm was fully unleashed.

This extravagant display was enough to make countless fire waves cover the sky, and the flames were the Shapeshifting Liquid Fire. Moreover, this Shapeshifting Liquid Fire, like Yang Chen, was in the second stage.

With the appearance of the second-stage Shapeshifting Liquid Fire, its power was earth-shattering, tearing through layer by layer, causing the people's hearts to tremble in shock.

"The Fire Essence Beast Commander is too powerful, the Ancient Fire Refining Array can only absorb five percent of his power." Yun Lu was shocked.

She, who controlled the Ancient Fire Refining Array, felt it more clearly than anyone else. The Ancient Fire Refining Array had already absorbed three to five percent of Yun Ge's fire power, and what was left? The remaining five percent was still strong and fearsome. Even standing far away, she still felt a burst of terror.

"Activate the Dragon Water Array!" Yun Lu made a prompt decision.

As the Dragon Water Array was activated, the inner area of the Yuanshan Sect immediately underwent rapid changes. The Ancient Fire Refining Array, which had absorbed enough flames, suddenly spewed out the flames back at the Fire Essence Beasts. Then, the Dragon Water Formation also opened at the same time, enveloping a large number of water dragons and bursting out in one breath.

The water and fire appeared together, creating an electrifying scene that was enough to make one feel goosebumps.

"Brothers of the demonic beasts, the Dragon Water Array and the Ancient Fire Refining Array have time limitations. If we run out of Spirit Stones, the power of these two Formations will come to an end. You guys, take action quickly, don't let them leave the range of the Formation, and delay this for enough time!" Yun Lu was nervous and didn't look down upon any of it, directing the whole scene!

Of course, the demonic beasts would obey Yun Lu's orders, and they swiftly took action when commanded!

"Elders and Wood Master of the Yuanshan Sect, you should also take action!" Yun Lu said.

This battle was crucial to the survival of North Mountain County.

This battle was too important for Yang Chen!

She didn't dare to be careless at all!

Even if it was just one hour, she wanted to do her best to protect it for Yang Chen!

At this time, Yun Ge and the Fire Essence Beasts finally changed their expressions. Under the combined attack of water and fire, they were caught off guard and were also facing the attacks of many demonic beasts as well as the sneak attacks of many high-level Yuanshan Sect members. They were in a dire situation, unable to defend themselves.

Yun Ge clenched his teeth even harder.

He knew he had been tricked, not just tricked, but into a huge conspiracy.

Because just now, he received a sound transmission from several dying Fire Essence Beasts in Beishan Main City!

Yang Chen actually appeared in Beishan Main City!

There was no reason for this.

Who could tell him, how could Yang Chen appear so mysteriously in Beishan Main City under the watch of so many spies!

How did the other party do it!

Chapter 737: A Critical Moment!_1

All of this made no sense, but Yun Ge knew he had been fooled.

Yang Chen had set up a breathtaking trap, and Yun Ge had fallen for it.

Yun Ge was filled with burning anger!

Inside the Yuanshan Sect, the double array had already taken effect.

“Press the advantage, don’t give these Fire Essence Beasts a chance!”

“Hold them back, delay time, and wait for Young Master to return!”

These demonic beasts and the high-level members of the Yuanshan Sect, combined with the formation, seemed to possess the upper hand, forcing the Fire Essence Beasts to retreat!

“The momentum is very good.” Yun Lu commented with a sigh.

On the side of the Yuanshan Sect, their morale was high, constantly suppressing the Fire Essence Beasts.

However, good times did not last long.

Just when everybody thought that the Fire Essence Beasts would not be able to hold their ground for much longer, suddenly...

“Roar!”

Upon closer inspection, Yun Ge let out a deafening roar which shook the four directions, causing everyone’s heart to turn cold.

Immediately after, the temperature in the air began to rise rapidly.

It was as if the entire Yuanshan Sect had entered a volcano.

The surrounding air seemed as if it was about to ignite into flames – no, more accurately, it already had. The moment these flames appeared, they consumed both the water of the Dragon Water Array and the absorbed fire from the Ancient Fire Refining Array, completely overshadowing them!

Both layers of the formation were driven back by Yun Ge's wrath!

"Oh!" Yun Lu's expression turned pale from shock.

He and Yang Chen had already greatly overestimated the abilities of these Fire Essence Beasts, but they still underestimated their power!

The combination of the Ancient Fire Refining Array and the Dragon Water Array produced a significant suppressive effect, causing the hundreds of Fire Essence Beasts to suffer greatly. However, it was Yun Ge who single-handedly turned the tide.

The horror of a Fire Essence Beast at the peak of the True Martial Realm greatly surpassed everyone present and made their blood run cold!

In his anger, Yun Ge's flames spread out, directly forcing the two arrays into a disadvantaged position and causing the others, like the Golden Barbaric Bulls and high-level members of the Yuanshan Sect, to fall into disarray as well.

"So strong." Yun Lu's sweat fell as he realized that the double array would no longer have a significant suppressive effect.

If they couldn't suppress Yun Ge, the effect of the double array would be useless!

However, who could suppress Yun Ge!

“All those who stand against us Fire Essence Beasts shall die!” Yun Ge roared in anger as he took a massive step forward, intimidating everyone into taking a step back, not daring to compete with him.

With a single roar, the flames erupted and covered the sky, directly engulfing a demonic beast at the third level of the True Martial Realm.

In an instant, this defensively strong demonic beast had no ability to struggle in front of Yun Ge, and was slain by him!

The flames incinerated the demonic beast, leaving not even a trace behind!

Seeing this scene, the other demonic beasts turned pale in fear.

“Too strong, this Fire Essence Beast is too strong!”

“How can we fight against it!”

The Golden Barbaric Bull shouted in anger, “Retreat, retreat for now!”

Left with no choice, it made the decision, feeling the pressure from unimaginable strength. The terrifying power of Yun Ge was at the peak of the True Martial Realm, combined with the unique capabilities of the Fire Essence Beasts. With his power alone, he could turn the tables. The Golden Barbaric Bull was at the eighth level of the True Martial Realm, but even it was no match for Yun Ge!

Even several more of its kind would be helpless against a Fire Essence Beast at the peak of the True Martial Realm! Sweat dripped, and the moods of many demonic beasts fell into a trough.

“Ah!”

A scream rang out, and an elder of the Yuanshan Sect was burnt to ashes!

Yun Ge took action, and his fire was unstoppable, tearing through everything in its path, putting the Yuanshan Sect in grave danger.

“Hold on!” Yun Lu gritted her teeth and, along with several fishermen from the Fishpeople Tribe, worked together to maintain the formation.

The double array was the only guarantee to buy time now, and as long as they could hold out until Yang Chen returned, everything would be fine.

“Hmph, can a mere formation stop me?” Yun Ge roared, and the second stage of the Shapeshifting Liquid Fire swept through like waves of seawater. It was evident how terrifying his True Qi was.

It was for this reason that even though the Ancient Fire Refining Array and the Dragon Water Array were suppressing the flames simultaneously, there was no one who could withstand the fire wherever it passed — they didn’t even dare to get close. Moreover, as time passed, the two arrays showed signs of being forcibly broken by Yun Ge.

Every array has its limits, and the Ancient Fire Refining Array and Dragon Water Array were no exception!

Once the limit was reached, the array would naturally break.

And now, everyone could see that the array could hardly hold on any longer.

“Damn it!” Mù Báishēng gritted his teeth. He used his powerful True Qi to protect the elders, high-level members, and disciples, and he had already tried his best, but he had never imagined that the double array would actually be broken!

Neither had they expected that even with the combined power of the Ancient Fire Refining Array and Dragon Water Array, they still couldn’t suppress Yun Ge!

As the array was about to be broken, panic filled Yun Lu’s eyes!

If the array were to break, the Yuanshan Sect would be finished!

“Young Master, when will you return?!” Yun Lu cried out in her heart!

“Kill!” Yun Ge burst into laughter. There was no doubt that the Fire Essence Beasts had gained the upper hand by now!

As it single-handedly faced the suppression of the double array, the other Fire Essence Beasts also had a chance to catch their breath. Nearly a hundred Fire Essence Beasts rampaged completely within the Yuanshan Sect, burning and slaughtering without restraint. The entire Yuanshan Sect had turned from heaven to hell in an instant!

Everyone’s hearts were in their throats.

At this very moment, suddenly, an extra person appeared in the high altitude!

Under the dazzling sunlight, this person was particularly eye-catching.

Everybody looked up and saw clearly who it was.

“Young Master!”

“Young Sect Master!”

“The Young Master is back.” Mr. Huang’s heart, which had been in his throat, finally relaxed.

The person who suddenly appeared in the high altitude was none other than Yang Chen.

At this moment, Yang Chen was covered in crackling thunder and lightning, standing high in the sky, overlooking the scene below. He had just rushed back from the Tiandu Divine Country using a

Teleportation Artifact. However, he hadn't expected to underestimate the power of the Fire Essence Beasts this much.

When he returned, the Yuanshan Sect had already been reduced to this state!

"Yang Chen!" Seeing Yang Chen in the sky, Yun Ge was instantly filled with rage.

Yang Chen also looked down at Yun Ge now, clenching his fists!

He could not forgive the Fire Essence Beasts for causing such havoc in the Yuanshan Sect!

"Yun Ge!" Yang Chen roared.

The meeting of the two instantly ignited the spread of the flames of war!

Chapter 738: Wipe Him Out with My Power!_1

"Yang Chen, you've come out at the right time, hmph, I was worried I wouldn't be able to find you. I'll kill you first!" Yun Ge roared angrily, and the flames charged towards Yang Chen.

"Second Stage liquid fire!" Yang Chen squinted his eyes.

From his higher vantage point, he waved his hand, and in an instant, he released all the demonic beasts inside the Eight Extremities Flowing River Space.

When so many demonic beasts appeared, the two at the 8th Layer of the True Martial Realm stood in front, and the other demonic beasts joined forces. Yun Ge's fire power was undoubtedly strong, but it was still lacking when faced with so many demonic beasts defending together.

Although they managed to defend, Yang Chen frowned and murmured, "What a strong liquid fire power. Yun Ge's martial arts strength has reached the peak of the True Martial Realm, and it's really not a joke. With so many demonic beasts working together, they can barely block his single move. He alone, as a fire essence beast, is comparable to an army of fire essence beasts!"

Although Yang Chen had just set foot here, he could see how difficult it was to deal with Yun Ge.

“Yang Chen, you’re really not simple!” Yun Ge’s fierce fangs were on full display, and he was unable to kill Yang Chen with his attack!

Moreover, all of these things were closely connected to Yang Chen.

A moment ago, Yang Chen was still in Beishan Main City, and now, he had appeared here!

Who exactly is this Yang Chen?

“Young Master!”

“Young Master!”

High-level members and numerous demonic beasts of the Yuanshan Sect joined forces with Yang Chen.

“Young Master, your return is just in time.” Yun Lu, who was still holding the formation, transmitted her soul’s voice, “Young Master, what should we do next?”

Yang Chen took a deep look at Yun Ge but did not give a response.

“Young Master, this Yun Ge is the real trouble!”

“Young Master, how do we deal with this Fire Spirit Beast Commander!”

Yang Chen had a headache, but he knew very well that with so many demonic beasts and people from the Yuanshan Sect watching him, even if he had no solution, he had to come up with one.

“Senior Yun Lu, how long can the Ancient Fire Refining Array and Dragon Water Array last?” Yang Chen asked.

“Not much longer, they were just used to suppress Yun Ge. If they have to deal with the remaining fire essence beasts, they’ll be able to hold for an hour at best!” Yun Lu replied.

“What if I let you use these two arrays to suppress Yun Ge?” Yang Chen asked. “How long can these two arrays last?”

Yun Lu thought for a while, then said: “Young Master, Yun Ge is too strong. It’s even more difficult to suppress him alone with the double arrays than suppressing the other fire essence beasts combined. I’m afraid they can only last half an hour at most; this is the limit!”

“Half an hour, huh? If you suppress Yun Ge with full force, how much of his strength can you suppress?” Yang Chen asked.

“Yun Ge is different from the other Fire Spirit Beasts; if we use the double arrays to suppress him, I’m afraid we can only suppress about thirty percent of his strength,” Yun Lu answered.

Hearing this, Yang Chen heaved a heavy sigh.

“Only suppressing thirty percent...”

Yang Chen was not satisfied with this result.

However, there seemed to be no better choice at the moment.

With this in mind, he no longer insisted on anything and directly pointed at ten demonic beasts: “The few of you, stay!”

“Yes, Young Master!”

Among the ten demonic beasts chosen by Yang Chen, including the Golden Barbaric Bull, there were a total of three at the 8th Layer of the True Martial Realm, and the other seven were all at the 7th Layer. They gathered and stood by Yang Chen's side, ready to fight at any moment.

Yang Chen then ordered: "As for the remaining ones, and the elders and leaders of the Yuanshan Sect, I'll leave the other Fire Spirit Beasts to you. As for this Fire Spirit Beast Commander, let us handle it!"

Hearing this, the other demonic beasts didn't hesitate and began to attack the fire essence beast group directly.

In an instant, a fierce battle was about to erupt.

Yang Chen and the ten demonic beasts around him stared at the Fire Spirit Beast Commander Yun Ge.

Yun Ge said solemnly: "Yang Chen, you're underestimating me too much. Do you really think that just a few insignificant lackeys can defeat me? Hmph!"

With a cold snort, his voice echoed in all directions, and Yun Ge's imposing pressure was fully displayed.

The terrifying pressure of the True Martial Realm's peak swept through the area, coupled with the unique aura of the fire essence beasts. In this cooperation, Yang Chen and the ten demonic beasts were all terrified. Undeniably, Yun Ge's strength was much stronger than everyone else present.

Yang Chen knew that dealing with Yun Ge wouldn't be easy, but he had to face him head-on now!

"Senior Yun Lu, start suppressing him!" Yang Chen said.

"Yes, Young Master!"

In an instant, Yun Lu displayed the power of the two arrays. The water and fire rushed out together, heading straight for Yun Ge.

“Again with this damn formation.” Yun Ge roared.

Yang Chen seized the opportunity and shouted, “Attack together!”

The ten demonic beasts didn’t miss the opportunity, and they all attacked at the same time, using their unique skills to surround the Fire Spirit Beast Commander Yun Ge.

With the double array attacking simultaneously and the combined attack of the ten 7th layer and above True Martial Realm demonic beasts, the power of this attack was beyond doubt.

In just a short moment, both sides were engaged in an intense battle, with True Qi leaking out and a storm of energy swirling. Even Yang Chen was taken aback by such a spectacular scene. It had to be said that the higher one’s cultivation in the True Martial Realm, the stronger their strength would be.

At this stage, a battle wasn’t limited to just two individuals; it affected a larger area. If they continued to fight like this for three to five hours, the Yuanshan Sect might be destroyed.

Fortunately, there wouldn’t be any problems for a while. Yang Chen watched the battle closely, always observing the situation.

“This...” Yang Chen watched with his nerves on edge.

Incredibly, with the combined attack of the ten demonic beasts and the double arrays, they were still at a disadvantage against Yun Ge.

It was unbelievable, making it hard for people to accept that this was true!

Yang Chen clenched his fists, not knowing what to do, when the Slaughter God Spear in the Eight Extremities Flowing River Space suddenly shouted, “Haha, Yang Chen, quick, use me. These demonic beasts and Fishpeople Tribe are useless. What’s the use of relying on them for prohibitions and formations? Those are just auxiliary things; don’t take them too seriously. Use me, old man. The moment I come out, I’ll make sure to help you kill that bastard!”

Only then did Yang Chen realize that he hadn't severed his connection with the Eight Extremities Flowing River Space, allowing the Slaughter God Spear within to see everything happening.

Now, hearing the other party's words, Yang Chen was tempted to agree with the Slaughter God Spear for a moment.

Chapter 739: Eight Thousand Spirit Talismans!_1

It must be said that if Yang Chen used the Slaughter God Spear, even if it couldn't directly kill Yun Ge, seriously injuring him wouldn't be a problem. However, after careful thought, Yang Chen immediately dismissed this idea.

Nothing else but because of the extraordinary messaging ability of the Fire Essence Beast. If he used the Slaughter God Spear in front of the Fire Essence Beast, the news would immediately spread to the other Fire Essence Beasts' minds. As for the Starfire, he still thought these Fire Essence Beasts could calm down...

If it was the Slaughter God Spear, these Fire Essence Beasts would probably go crazy and seize it after they find out about it.

The existence of the Slaughter God Spear is truly astonishing.

"What do you think, Yang Chen? Would you consider my suggestion? Haha, let me tell you, listening to me is definitely the right choice!" The Slaughter God Spear said excitedly.

"Do you really want to see the outside world?" Yang Chen asked.

"Uh, I want to help you!" the Slaughter God Spear said.

Yang Chen stretched lazily: "Help me? No need!"

"Don't, Yang Chen, I want to get some fresh air, I really want to get some fresh air!" The Slaughter God Spear immediately changed its tone.

“Too late,” Yang Chen said coldly.

After saying this, Yang Chen directly cut off contact with the Slaughter God Spear. It’s not that he doesn’t want to put an end to everything with the Slaughter God Spear but that he can’t do so.

With this in mind, Yang Chen looked attentively at Yun Ge, pondering what to do next.

As of now, they were still at a disadvantage with ten demonic beasts and the suppression of the double array. If the fight continued, the situation for the Yuanshan Sect would be almost entirely unfavorable. It could be said that once the double array’s effect wore off, they would undoubtedly lose.

“I must find a way to change the situation...” Yang Chen took a deep breath, “Luckily, I came prepared, one way or another. I don’t know if these many spiritual talismans will be enough, and it’s almost all my savings on my way back.”

On his way back to North Mountain County, he didn’t idle. At least he made many Spirit Talismans.

Firstly, because he had enough materials, and secondly, to practice refining and increase his experience in refining Spirit Talismans.

That’s because Spirit-Talisman Martial Arts is different from other cultivation methods.

Spirit-Talisman Martial Arts requires refining Spirit Talismans in order to make small and ultimately perfect accomplishments in this cultivation method.

So, Yang Chen would refine Spirit Talismans whenever he had the chance. Without enough refining experience, even if he had the Blazing Fire Spirit Brush, refining those Forbidden Talismans would still be meaningless, because his skill level wasn’t high enough.

On his way back, he refined a total of eight thousand talismans.

“Eight thousand,” Yang Chen whispered. “I don’t know if these eight thousand Spirit Talismans will be enough. Killing Yun Ge is impossible, but hurting him should be no problem!”

These eight thousand Spirit Talismans were not made without meaning.

Because his experience in refining Spirit Talismans has become richer and richer, he can now refine eight thousand talismans in one month.

Speed and quality have both greatly improved.

He can even refine some ultra-high-level talismans now.

Yang Chen even believed that he could try to refine Forbidden Talismans soon.

With this in mind, Yang Chen’s gaze fell on Yun Ge again and secretly thought, “I only have one chance with these eight thousand talismans. Yun Ge is so cunning that he wouldn’t let his guard down around me. I need to cooperate with Senior Yun Lu to trick him!”

“Senior Yun Lu, leave the array control to the other Fishmen for now. I need to discuss something with you.” Yang Chen transmitted his voice.

“Young Master, what do you need?” Yun Lu asked.

“How confident are you in using your soul to interfere with Yun Ge?” Yang Chen asked.

Hearing Yang Chen, Yun Lu paused for a moment without much confidence.

After about a moment, she said, “Young Master, my soul limit can only reach the first level of the Earth Martial Realm, while Yun Ge is at the peak of the True Martial Realm. There’s only a small difference between us. I’m afraid I can’t interfere with him as easily as I can with others, at most just a breath’s worth of time. But with just one breath’s time, you can’t do much.”

“No, I can do a lot. Senior Yun Lu, don’t underestimate the value of the breath you create. For me, one breath is enough!” Yang Chen said with a grin, “Just follow my orders!”

Yun Lu was excited to know that her soul interference could create such a huge value with just one breath, but she never expected it to be so.

Yang Chen then explained his plan to the ten demonic beasts fighting the Fire Essence Beasts one by one.

Upon hearing Yang Chen’s plan, the ten demonic beasts looked stunned.

“Remember, just listen to my commands!” Yang Chen said no more and immediately used the Starfire.

As soon as the Starfire was used, Yang Chen went all-out towards Yun Ge.

Unfortunately, although his Starfire was powerful, the difference in strength between him and Yun Ge was too big. A half-step True Martial Realm against a Fire Essence Beast that is not far from the Earth Martial Realm, it was an enormous gap. Therefore, Yang Chen’s Starfire had no effect on Yun Ge at all.

On the contrary, Yun Ge’s Shapeshifting Liquid Fire directly repelled Yang Chen’s Starfire and then focused on Yang Chen with a fierce look, “Yang Chen, you haven’t attacked this commander yet. I almost forgot about you. Your actions have reminded this commander about you. Hmph, I will kill you first!”

For a moment, Yun Ge roared and circled around with layers of Shapeshifting Liquid Fire, and directly charged towards Yang Chen.

Seeing this, Yang Chen didn’t show any fear or panic; on the contrary, he was very excited.

What he wanted when he used Starfire just now was this effect.

It’s perfect that Yun Ge came to kill him.

“Senior Yun Lu, seize the opportunity!” Yang Chen shouted.

Yun Lu and Yang Chen’s cooperation was already perfectly in sync. She instantly used her soul powers, and in an instant, it entered Yun Ge’s soul like a needle, piercing fiercely.

The next moment, Yun Ge shuddered.

This breath’s time was the deciding factor for Yang Chen’s life and death.

“Eight thousand talismans!” With a wave of his hand, Yang Chen conjured up eight thousand talismans, suspended in the air.

Yang Chen activated the eight thousand talismans immediately.

“Explode!”

Boom!!!

It was like thunder, the sound echoing in all directions.

The astonishing power seemed to have a fuse, one layer after another, one link after another. They were interconnected and linked together.

As Yun Lu said, this soul control could only interfere with Yun Ge for one breath at most. This breath was the limit.

After the brief moment passed, Yun Ge regained consciousness.

Just as he woke up, Yun Ge was swept into the center of the explosion’s power.

“Not good!” Yun Ge exclaimed in horror.

Chapter 740: Time to Settle Accounts After the Incident!_1

Yun Ge felt a terrifying power that was enough to threaten death, and the horror of this power was definitely beyond what the ten demonic beasts could achieve. No, to be precise, these ten beasts could threaten his life, but they couldn't threaten his life within the span of a single breath.

It must be Yang Chen, it could only be Yang Chen.

Without time to think, the explosion rained down on Yun Ge like a downpour.

Pain, torment, Yun Ge felt as if his whole body was being burned alive.

His body was covered in injuries and no part of him was intact.

Just like that, the explosion continued for about a hundred breaths before it finally stopped.

When the explosion ended and the smoke cleared, everyone could see clearly.

Yun Ge's qi had obviously weakened a lot by now, and his body was covered in clear injuries.

However, even so, it could not conceal Yun Ge's hatred towards Yang Chen.

“Yang Chen, I want you dead!” Enraged, Yun Ge suddenly tried to charge towards Yang Chen.

“If you want to hurt the Young Master, you'll have to get through us first!”

Ten demonic beasts immediately stepped forward, heading straight for Yun Ge.

“Get out of my way!” Yun Ge went completely mad, controlling the Shapeshifting Liquid Fire and battling against the ten demonic beasts.

Yang Chen was also somewhat taken aback by this fight.

So, the Fire Essence Beast at the peak of the True Martial Realm was this strong.

It was wounded by eight thousand talismans, and even when fighting against the ten large demonic beasts, it barely fell into a disadvantage. It was only due to the cooperation of the two arrays of magic that it slightly fell into a disadvantage. If it wasn't for the double array, even if it was severely wounded, the ten demonic beasts still wouldn't be a match for it.

“Yun Ge is really powerful. Eight thousand talismans really aren't enough.” Yang Chen muttered, “But now, the more Yun Ge fights, the weaker he will become, which is not a bad thing for me. It's just that the double array won't last too long, so I still need to find a solution quickly.”

With this thought, Yang Chen clenched his fists, “I have prepared many trump cards along the way, and I didn't expect to have to use them all now. I've used up the eight thousand talismans in one go. Now it's time for this move... Although it's not as powerful as the eight thousand talismans, it's still my strongest move at the moment. With the help of the ten demonic beasts, it should be effective!”

As his thoughts settled, Yang Chen no longer paid attention to the fierce battle taking place, but instead closed his eyes as if he was gathering some power.

It was evident that there was the power of thunder and lightning flickering around Yang Chen. As this power of thunder swayed around Yang Chen, it seemed to change significantly.

Stronger and stronger!

Above Yang Chen's head, dark clouds filled the sky and thunder and lightning seemed to emerge!

“Huh?” Yun Ge looked mad, but he was actually very meticulous.

He knew that his situation was getting worse, and the most difficult thing was not the ten demonic beasts, but Yang Chen in his eyes.

Yang Chen's troubles were even worse than the ten demonic beasts.

He had been paying close attention to Yang Chen, and his nerves were tense when he saw Yang Chen's change.

"What's happening?"

Not only Yun Ge but also the demonic beasts were confused.

They had never seen Yang Chen's move before and didn't know what he was trying to do.

And at this moment, Yang Chen suddenly opened his eyes.

"Yun Ge, it's over," Yang Chen said in a deep voice.

Yun Ge roared, "Yang Chen, what have you done!"

Yang Chen stretched out his hand, directly pointing at Yun Ge with his index finger, and the volume of his voice skyrocketed, "Twenty-four Thunder Annihilation!"

As soon as these words fell, there was the sound of rolling thunder. Suddenly a thunderbolt fell from the sky! Not just one, but a second, third, fourth, fifth... and it was not stopping.

Each thunderbolt was stronger and thicker than the last, and twenty-four thunderbolts struck in a row!

When the twenty-four thunderbolts fell, the whole space seemed quiet, as if it was living up to the word Annihilation!

At this moment, Yun Ge was standing there, barely breathing, without any vitality in his body.

Watching this, Yang Chen's expression remained the same. This was his latest researched technique, and after refining the second Heavenly Thunder Origin, he had comprehended the technique after reaching the great success of Thunderbolt Style. The "Twenty-four Thunder Annihilation", as the name suggests, is a technique with nineteen more thunderbolt powers than the Five Thunder Righteous Method.

This move is not simply nineteen thunderbolt powers stronger than the Five Thunder Righteous Method!

Yang Chen's face was pale now. He had absorbed so much power from the Sky Thunder Pool that he was almost drained.

"Yang... Yang Chen!" Yun Ge said with difficulty.

Yang Chen took a deep breath — Yun Ge was just too strong. After launching two powerful moves consecutively and using up the eight thousand talismans and the Twenty-four Thunder Annihilation, together with the double array and the combined attack of the ten demonic beasts, he still hadn't completely killed Yun Ge.

Looking at Yun Ge's hatred and anger, Yang Chen could understand his hatred. But he would not show mercy to an enemy.

Yun Ge wanted to kill him now, but it was just not possible.

"Kill it!" Yang Chen ordered.

At this point, Yun Ge was not dead yet, but he had already lost 90% of his strength, and could not exert any of his remaining power. The ten demonic beasts were eager to gain credit and attacked one after another.

Blood splattered, and Yun Ge couldn't resist under the siege of the ten demonic beasts. His body was broken and shattered, and he eventually dissipated in the air.

Seeing Yun Ge's complete death, Yang Chen finally let out a long sigh of relief.

Looking around, the battles between the other Fire Essence Beasts and his demonic beasts had also reached white-hot intensity. The two sides fought, and his own demonic beasts seemed to be slightly ahead, but it would be difficult to win in a short period of time.

But now that Yun Ge was dead, no matter how hard the remaining Fire Essence Beasts fought, they were ultimately just stubbornly resisting. What they needed to do next was just a matter of wrapping things up.

Yang Chen ordered them to go all out, and about three hours later, the Fire Essence Beasts were completely annihilated and taken down by Yang Chen.

Yang Chen did not leave any chance for these Fire Essence Beasts and killed them all!

After this victory, the Yuanshan Sect was overjoyed, and everyone entered a state of cheer and excitement.

They had won, and they had completely won.

Yang Chen was naturally overjoyed as well, because the victory was hard-won, and it meant that they had defeated the Fire Essence Beast Clan.

"Young Master, now that the Fire Essence Beasts have been wiped out, what do we do next?" Yun Lu asked.

Yang Chen with his hands behind his back, said, "We must hunt down the remaining Fire Essence Beasts in North Mountain County and eliminate them completely without leaving a single one. After we have dealt with all of this, it will be time to settle the score with He Shangfeng!"
