Chapter 80: Promoting Gravity Pill

Time passed in the blink of an eye and a month quietly went by. The Gravity Pill, after being refined by the Yang family, had already become popular within the family. Now, most of the Yang family members had taken the Gravity Pill, and their Martial Arts Cultivation had noticeably increased.

This was a cause for joy for the entire Yang family, because the Gravity Pill had significantly strengthened the overall strength of the family.

After the Gravity Pill raised the average level of the Yang family, Yang Jin He had a discussion with Yang Chen. They finally decided to sell the Gravity Pill to the outside world.

The method they used was not much different from what Yang Chen had proposed before: the Li Family Commerce Group would hold an auction, and finally, through the auction, they would determine the significance of the Gravity Pill for various families and households.

When Li Youyan learned of this news, he was both surprised and delighted. Originally, there was still a long time before the Li Family Commerce Group was to hold an auction, but after learning about the Gravity Pill, they immediately announced the news and held an auction in the near future, promoting the miraculous effect of the Gravity Pill.

The Gravity Pill undoubtedly became the finale treasure of this auction held by the Li Family Commerce Group.

The spread of such news undoubtedly caused a great response from the various clans. In an instant, many tribes were full of doubts about the Gravity Pill and sent people to inquire and attend the auction.

Today was the day the auction began.

It should be noted that the status of their Li Family Commerce Group among the Great Wild Hundred Clans was not high. Normally, when they held an auction, at most a dozen neighboring tribes would send people, and the significance was not great. However, ever since the news of the Gravity Pill had spread, the tribes far from the Li Family Commerce Group had sent people over as well.

In the blink of an eye, it seemed as if their Li Family Commerce Group had held a grand gathering.

“Eldest Brother, don’t you think the Yang family is being a bit stingy? They’re only giving us a 10% profit from the Gravity Pills, even though we’re allies!”

Li Youyan laughed out loud, “The Yang family is already being generous. I’ve inquired about it. The Gravity Pill can be sold in bulk, even if they only give us a 10% share, it’s a blessing for our Li Family Commerce Group. You have to know that the pill formula is owned by the Yang family, and if they sell it, other trading companies in the Great Wilderness would probably fight to obtain the agency rights for the Gravity Pill. It’s already a good thing that they give us a 10% share, let alone more. The Yang family is treating us well.”

“True, the effect of this Gravity Pill is astonishing it can unconditionally increase the cultivation of Body Refining Realm martial artists by one level. It’s simply unheard of. Just at this auction, the number of tribes that we brothers have received is at least more than sixty,” said Li Youren. “It’s really strange. Where did the Yang family get this Gravity Pill?”

Li Youyan took a deep breath, “It’s not something the Yang family obtained, but something they created.”

“Created? Creating a pill formula, how is that possible?” Li Youren exclaimed in shock.

“Nothing is impossible. I have traveled throughout the Great Wilderness and although I haven’t seen all the spirit elixirs and miraculous medicines, I’ve never heard of the name Gravity Pill. The Yang family claiming to have created it themselves also makes sense,” said Li Youyan.

“This is indeed strange. Elder Yang’s alchemy level in the Yang family is passable at best. Of course, it’s just passable, how could he create a new pill formula?” Li Youren scoffed.

Li Youyan stroked his chin, “Speaking of which, you might find it hard to believe that the creator of this pill was not Elder Yang.” “Then who?” Li Youren was completely puzzled.

“It was Yang Chen.” Li Youyan spoke slowly.

“What? How is that possible? He’s just a young kid!”

Li Youyan stood with his hands behind his back, “At first, I also thought it was impossible, but this kid has accomplished too many impossible things. At least according to the information I’ve gathered, even Yang Jin He has to look at the kid’s face when dealing with the Gravity Pill. From this, we can see that the Gravity Pill was indeed created by Yang Chen.”

“This is incredible, simply incredible! If this kid can really create such a spirit elixir and miraculous medicine, then compared to the so-called alchemy geniuses, he’d be nothing!” Li Youren couldn’t help but curse.

Li Youyan said, “It’s not surprising that you’re saying that. This kid has even dabbled in the Pill Doctor’s Way, so comparing the alchemy geniuses of the Great Wilderness to him would be like comparing apples to oranges.”

Li Youren was horrified, “Speaking of which, the auction is about to begin, so why haven’t the Yang family members arrived yet?”

“Aren’t they here now?” Li Youyan squinted his eyes and looked ahead, just as a large group of people arrived impressively.

This group of people was naturally the Yang family and others.

With Yang Jin He leading the way, they dismounted and immediately saluted,

“Elder Brother Li, I apologize for making you wait.”

“Haha, speaking of Cao Cao, and Cao Cao arrives! Little Brother Yang, you have come just in time, the auction is about to begin. Speaking of which, you have brought a great gift to our Li Family Commerce Group.” Li Youyan said with great joy.

Yang Jin He coolly laughed, "Elder Brother Li, you are too kind. It was Yang Chen who proposed giving the Gravity Pill to the Li Family Commerce Group to handle, not me. If you want to thank someone, you should thank Yang Chen."

Today was the first day the Gravity Pill was being sold externally, so it was natural that Yang Chen had also come along with the Yang family members.

Hearing Yang Jin He's words, Li Youyan immediately understood, "Yang Chen, my young friend, you have amazed me once again."

"The creation of the Gravity Pill was just a fluke for me, and it's not worth mentioning," Yang Chen said modestly.

"If this is not worth mentioning, then I don't know what is worth showing off in my entire life. Hahaha, alright, let's not speak of pleasantries. Yang Chen, you created the Gravity Pill, so whether to publicize the creator is actually up to you."

Li Youyan said with his hands behind his back, "If you don't want to publicize it, our Li Family Commerce Group has an obligation to keep the origins of the Gravity Pill a secret from outsiders."

Yang Chen considered for a moment and then exchanged a look with Yang Jin He.

Yang Jin He conveyed his thoughts with his eyes, even without speaking, Yang Chen understood what he meant.

Immediately, Yang Jin He smiled and said, "There's no need for a young man to be so secretive. Elder Brother Li, just say that the creator of the Gravity Pill was Yang Chen. Let the outsiders know about the genius of our Yang family."

"Good, Little Brother Yang is an open-minded person. When the news of Yang Chen being the creator of the Gravity Pill spreads, I don't know how shocked the major tribes will be. I can't help but look forward to seeing the expressions of those great tribes. Hahaha!" Li Youyan laughed heartily..
