Chapter 83: Want to Decompose His Elixir?

“Unconditionally increase the cultivation of Body Refining Realm martial artist by one level?” “Is that a joke?”

“How is this possible!”

“If this is true, with this elixir, my Martial Arts Cultivation can be upgraded from Body Refining Realm 8th level to the 9th level. In this case, I might still have the chance to break through the Spiritual Martial Realm in my lifetime.” “This treasure was created by a young man from the Yang family?”

“Yang Chen, that Yang Chen!”

“Are you kidding? A youngster can create an elixir with such an effect?”

There was a flurry of discussion among the audience, Li Youyan’s words undoubtedly stirred up the crowd.

In the loft occupied by the Feng family, Feng Xuewu and her father Feng Changkong were also paying attention to the auction’s every move.

After hearing about the Gravity Pill, Feng Changkong laughed out loud: “Hahaha, this kid is really beyond people’s expectations, Gravity Pill, tsk tsk, this is a rare treasure. If it can be mass-produced, the overall strength of an entire clan will be enhanced as a result. I wonder how many people will be envious of this treasure when it comes out.”

Because of this, the Yang family would become a hot commodity.

“Father, is this Gravity Pill really created by Yang Chen?” Feng Xuewu couldn’t help but feel incredulous.

Feng Changkong muttered: "In my heart, I actually can't believe it either, but when I think about it carefully, there are too many impossible things about that kid. Maybe, he really created this Gravity Pill. However, the effect is still uncertain, so whatever the case, we must first win the auction."

As he spoke, Feng Changkong turned to look at Feng Xuewu: "Xuewu, father wants to ask you something."

"Father, please speak." Feng Xuewu said gently.

"You don't have any aversion to this kid, right?" Feng Changkong asked.

"No." Feng Xuewu's face flushed red to the neck upon hearing this.

"As long as you have no aversion to him..." Feng Changkong sighed.

This Yang Chen had an astonishing Martial Arts Cultivation talent, was a Dan Medical expert, and had now created the Gravity Pill...

He suddenly felt that his own precious daughter might not even be worthy of Yang Chen.

But if his own daughter wasn't worthy of him, who in the Great Wilderness could be worthy of Yang Chen?

His thoughts had gradually settled down.

At this moment, the auction had already entered a noisy state.

"Everyone, quiet down, just give me, Elder Wang, some face, alright?" Suddenly, an old voice came from a pavilion. The voice was powerful and suppressed the clamor of the audience, showing the strength of the speaker's Martial Arts Cultivation.

“Wang Family Ancestor?”

Many insightful people were taken aback.

“The Wang Family Ancestor has actually come out.”

“It’s the Wang Family Ancestor, it’s rumored that his Martial Arts Cultivation has reached the Spiritual Martial Realm 5th Level.”

Yang Jinhe was also shocked, saying, “Yang Chen, your Gravity Pill can’t be kept low-key today, even the Wang Family Ancestor has been attracted. This old fellow hasn’t appeared in public view for several years. No one from our Yang family has reached the Spiritual Martial Realm 5th Level yet.”

At this moment, as soon as the Wang Family Ancestor spoke up, the noise below the stage stopped immediately.

The Wang Family Ancestor then said, “Elder Li, I’d like to ask you a few questions about this Gravity Pill, you don’t mind, do you?”

“Haha, Elder Wang’s presence in our Li Family is an honor, so naturally, I will answer any question about the Gravity Pill completely and honestly. Besides,

I’m supposed to provide a detailed explanation about the Gravity Pill anyway.”

Li Youyan laughed loudly. “Well, let me ask you this. With such effects of Gravity Pill, there must be some side effects, right? We both know that a medicine is always a bit poisonous, and elixirs without side effects are extremely rare,” said Wang Family Ancestor.

“Haha, Brother Wang, you must be joking. This Gravity Pill has no side effects, and I, Li Youyan, can guarantee it with the reputation of the Li Family Commerce Group!” Li Youyan said with a faint smile.

“What!” Wang Family Ancestor could hardly maintain his composure: “Are your words true?”

“True,” Li Youyan answered without hesitation. “However, although there are no side effects, you should not assume that you can take this elixir indefinitely. This elixir only has the best effects when used for the first time, and it can unconditionally increase the cultivation of Body Refining Realm martial artist by one level. But the second and third times, the effects won’t be as good. Moreover, three times is the limit. The fourth time, the pill will have no effect.”

When Wang Family Ancestor heard this, he stroked his beard, his tone revealing urgency: “I see, even so, the effect of this Gravity Pill is still astonishing. You say that this elixir was created by Yang Chen of the Yang Family. Haha, it turns out that we have such a genius in Da Huang. It seems that I will have to visit the Yang Family personally. As for now, Brother Li, can we start the auction?”

Li Youyan certainly wouldn’t hesitate, saying, “If everyone has no doubts, the Gravity Pill auction can begin now, starting at 1,000 Spirit Stones!”

The shout of 1,000 Spirit Stones immediately put off many Small Clans’ ideas of vying for the Gravity Pill.

However, the Great Tribes wouldn’t give up so easily.

What does 1,000 Spirit Stones mean to the Great Tribes?

“2,000 Spirit Stones,” suddenly, Feng Changkong of the Feng Family also shouted.

“2,200.”

“2,300!”

Seeing such a scramble, Yang Jin He’s face revealed a look of surprise: “Hahaha, wonderful! In the blink of an eye, it’s more than 2,000 Spirit Stones. Now, the rise of the Yang Family is in sight.”

Honestly speaking, Yang Chen was also a little surprised by this outcome. In his previous life, his Gravity Pill was only sold for just over 1,500 Spirit Stones. He didn’t expect that in Da Huang, the price could be doubled. It seems that indeed rarity makes something valuable.

“3,400 Spirit Stones,” Wang Family Ancestor, with a red face and thick neck, lowered his voice: “Feng Family’s kid, if your father Feng Wuyang were here, I, Wang Dachui, would have no problem giving up this Gravity Pill. But you, a junior, also want to compete with your senio?”

Feng Changkong chuckled twice before backing away: “Since Elder Wang loves this Gravity Pill so much, this junior will no longer compete with him.”

“Father, are we just giving up like this?” Feng Xuewu couldn’t help but ask.

Feng Changkong sighed, “What can we do if we continue to fight? The Wang Family Ancestor is determined to win this Gravity Pill. Most likely, he wants to take it back and dissect it with the intention of refining it himself. If we really fight for it, with Wang Dachui’s domineering nature, we can’t steal it, we will only attract enemies. Moreover, we don’t just have this one way. Compared with Wang Family Ancestor, we still have some shortcuts.”

“What shortcut?” Feng Xuewu asked in surprise.

“This... Xuewu, with your intelligence, you must understand what your father means.” Feng Changkong said with a smile: “Your relationship with the kid from the Yang Family is good. If you ask him, it’s not a problem to owe him a favor. Besides, getting closer to this kid and establishing a good relationship can also be beneficial.”

Upon hearing this, Feng Xuewu was slightly taken aback. Then, she said, not knowing whether she was happy or worried, “Father, daughter understands.”

Having heard Feng Changkong’s concession, Wang family Ancestor grinned, “Humph, that’s more like it! 3,400 Spirit Stones, nobody else is competing, the pill is mine!”

In the end, Wang family Ancestor’s imposing manner still suppressed everyone, and the Gravity Pill fell into his hands at 3,400 Spirit Stones. This made Yang Jin He sigh in relief: “This is a bit unfavorable.” “Clan Leader, what’s wrong?” Yang Chen asked in surprise.

“Wang Family, as a Great Tribe, is actually the number one Great Tribe in alchemy. And this Wang Family Ancestor, Wang Dachui, is the first alchemy master in the Wang family, even perhaps the first alchemy master in the entire Da Huang. He has reached the Third Grade Alchemist. Letting him take away the Gravity Pill so soon, he will likely try to break down the Gravity Pill and then study the alchemy method of the Gravity Pill,” said Yang Jin He frowning: “This could greatly affect the interests of our Yang Family.”

Yang Chen heard this, first puzzled, then laughed bitterly: “Clan Leader, you are worrying too much. This Wang Family Ancestor, no matter what, cannot analyze any useful results.”

Joking aside, the elixir that he crafted wanted to be dissected? It might be possible, but it’s definitely not something that could be accomplished by a Third Grade Alchemist.
