Chapter 85: The Trial Battle Begins

After this matter was resolved, Feng Changkong led Feng Xuewu and left the auction together.

Inside the carriage, Feng Changkong took a deep breath: "Xuewu, I privately arranged a marriage for you, you don't feel unhappy, do you?"

"Father, I know that you care about me. Actually, you asked for my opinion, and I didn't refuse." Feng Xuewu said with a smile.

"How do you feel about that kid?" Feng Changkong became curious.

"At first, I didn't feel anything, but later..." Feng Xuewu smiled slightly: "I always feel like I am not good enough for him. He gives the impression of a lofty sun, with a dazzling light that makes people can't help but gather around him, but, can only gaze from a distance."

"How could that be possible?" Feng Changkong was surprised.

Feng Xuewu smiled gracefully: "I think my grandfather was right, he can even be compared to Zhang Meiren from the Great Wilderness back then. That peerless genius. But no matter what, I still want to give it a try, even if trying to get close to that dazzling light might hurt myself."

As anticipated by the Yang family, the Gravity Pill became the most popular topic in the Great Wilderness. This topic also increased the pressure on Yang Jin He from various clans. The pressure came from foreign clan leaders who personally asked whether there were extra Gravity Pills available, which made Yang Jin He's mouth sore from constantly rejecting them.

This was also related to the Hundred Clans Trial Battle.

After all, whether it was the Great Tribes or Small Clans, who wouldn't want their Martial Arts Cultivation to improve before the Hundred Clans Trial Battle and achieve excellent results in the competition?

The Yang family certainly understood what the other clans wanted, but how could they release their trump card before the Hundred Clans Trial Battle? Selling Gravity Pills in bulk would enhance the strength of other clans, causing their own geniuses to be defeated in the Hundred Clans Trial Battle, which was not something Yang Jin He wanted to see.

So no matter what pressure came from the outside, Yang Jin He always gave the same answer: there were no extra Gravity Pills.

As for what happens next, it's none of the Yang family's business.

Later, the Yang family announced the closure of external access for the clan, and began to thoroughly prepare for the Hundred Clans Trial Battle. Because the Hundred Clans Trial Battle was approaching, it was not far away.

Yang Chen also began to prepare busily for this.

Now, Yang Chen was in his room, carefully examining the abundant resources in his storage bag. He sighed in admiration: "It seems that occasionally being high-profile is not a bad idea. At least I wouldn't have these resources if it wasn't for that."

The Heavenly Materials and Earthly Treasures in this storage bag were given to him by Yang Jin He to help him improve his Martial Arts Cultivation before the Hundred Clans Trial Battle.

"These resources came just in time. I've already felt the bottleneck of breaking through to the Seventh Layer of Body Refining Realm. Now, with these resources, I can break through the Seventh Layer in one fell swoop. Though, I am not sure if the Medicinal Bath made from these resources can push my cultivation level to what layer," Yang Chen thought to himself.

Then, he began to work on the preparation of the Medicinal Bath.

After a full day and a night, Yang Chen opened his bright and spirited eyes from the Medicinal Bath he had been soaking in.

“Incredible, I not only broke through to the Seventh Layer of Body Refining Realm but also reached its peak!” Yang Chen was delighted with his cultivation progress.

The Seventh Layer of Body Refining Realm, over two thousand pounds of force in a single punch, would cause the Earth to tremble.

Yang Chen revealed a satisfied smile: “I don’t know how many geniuses there will be in this Hundred Clans Trial Battle. However, no matter what, I must enter the inner area of Monster Beast Mountain. What I lack most now are resources. Since Monster Beast Mountain is considered a treasure land, I can’t miss it.”

His goal was not merely the Body Refining Realm, but the Spirit Martial Realm, Origin Martial Realm, and even the True Martial Realm above that!

Only when he reaches that level can he soar in the vast sky!

Today should also be the day the Yang family sets out for the Hundred Clans Trial Battle.” Yang Chen calculated the time and bitterly smiled: “I thought I’d have some more time to cultivate the Starflame Grass. If the Starflame Grass could bloom and produce seeds, ingesting it would grant me the Mysterious Star Flame... However, it’s not something that can be done overnight. I’ll have to prepare for it later.”

Yang Chen was not a hesitant person. Once he had thought it through, he immediately got ready to go.

As expected, when he walked out the door, the Yang family team heading to the Hundred Clans Trial Battle was already prepared.

“Yang Chen, you came just in time. My dad sent me to get you.” Yang Wu smiled with a grin.

“It’s okay, I’m not late. Yang Chen, are you all prepared?” Yang Yuan asked kindly.

“Uncle Yang Yuan, I’m all set and ready to go. By the way, the Yang family has two quotas. Who get’s the other one besides me?” Yang Chen asked in surprise. He originally thought it would be Yang Wu, but it seemed that Yang Wu wasn’t preparing for the battle.

“Brother Chen, it’s me.” Yang Yiming jumped out from somewhere and said cheerfully.

Yang Chen was stunned: “Yi Ming?”

Yang Yiming scratched his head: “After taking the Gravity Pill, my Martial Arts Cultivation has improved rapidly. Now, I’m already at the Fifth Level of Body

Refining Realm. Of course, I’m still far behind Brother Wu and you.”

“Hey, kid, the clan gave you the quota for the Hundred Clans Trial Battle, so don’t let me down.” Yang Wu said in an annoyed tone.

Yang Chen touched his chin: “What’s going on?”

Yang Yiming bitterly smiled: “It’s like this. I actually thought that Brother Wu should go, as he would be more suitable, but the clan decided against it because he lost an arm and his fighting strength might be reduced. They thought he wasn’t suitable, so they let me go instead.”

“So that’s how it is...” Yang Chen couldn’t help but smile.

The choice made by the Yang family was undoubtedly a huge mistake.

The Hundred Clans Trial Battle was a genuine battle of swords and knives, where fists and feet had no eyes and even casualties were possible. Although Yang Wu had lost an arm, he was not weak when fighting against bandits, while Yang Yiming lacked experience in this aspect.

However, having said that, it was normal for the Yang family to have concerns since Yang Yiming was in better physical condition with both arms intact..
