Chapter 931: The Climax Begins_1

The main family members' attitudes were so arrogant for a reason, as the competition from the top 32 to the top 16 was almost no different from an internal battle among the main family members.

From the first battle to the fourth battle in a row, it was all internal fights among the main family members. Only in the fifth round did a branch family member finally step up to participate.

This branch family member was Bai Juefeng, whose strength was not insignificant, as he had reached the Third Layer of the True Martial Realm at a young age. In his first match against a main family member, he won after a tough struggle.

However, this round his luck was terrible, as he faced Bai Zhen Nan, the number one genius of the Bai family's main branch.

The result was clear, Bai Zhen Nan had overpowered Bai Juefeng in the martial arts, adding the Extreme Ice Divine Body factor, and defeated Bai Juefeng with one move. There was no suspense in the outcome.

Yang Chen watched Bai Zhen Nan and Bai Juefeng's match, and when he saw it end, he gained some understanding of Bai Zhen Nan's strength. Although Bai Zhen Nan did not exert much effort, it was enough for him.

Soon, it was the eighth round.

Yang Chen stepped forward without hesitation, the eighth round was his stage!

What surprised him was that when he stepped onto the ring, he discovered that his opponent was actually Bai Shanxiao, whom he had encountered before!

Bai Shanxiao had fought against him with Jade Gloves before the clan gathering, only to be easily and swiftly defeated by him, and later admitted his own inferiority.

Unexpectedly, he would encounter Bai Shanxiao in the competition for the top 32 to the top 16.

Bai Shanxiao's strength in the Bai Family's main branch was not bad, and as soon as he stepped up, there were many cheers from the audience. Many main family members shouted, "Bai Shanxiao, kick Bai Yunfei off the ring. Let him know how powerful our main family is!"

"Bai Shanxiao, we leave it up to you, tell those branch families, let them know the gap between us!"

"Bai Shanxiao, crush Bai Yunfei!"

Many main family members started shouting.

On the other hand, the branch family members also cheered for Yang Chen, shouting loudly to support Yang Chen, hoping to rely on him to defend the last dignity of the branch families.

Yang Chen himself was calm, looking at Bai Shanxiao with a smile, "Brother Shanxiao, shall we start?"

Since Bai Shanxiao stepped onto the ring and saw that his opponent was Yang Chen, his expression had been extremely awkward.

How could he not know what others didn't? From the initial Jade Gloves exchange to all of Yang Chen's actions just now, how could he not be aware that he was no match for Yang Chen at all?

"Bai Yunfei, I admit defeat." Bai Shanxiao said without hesitation, turning and stepping down. He had promised Bai Yunfei that if he met him in the ring, he would admit defeat directly.

Now, he had fulfilled that promise. He knew he was no match for Yang Chen, so he might as well be straightforward about it.

This result undoubtedly left the main and branch family members staring in disbelief. They were all eager to watch a fierce battle, but they didn't expect such a result. Bai Shanxiao, the famous outstanding genius of the Bai Family, admitted defeat directly after seeing Yang Chen.

Yang Chen was not surprised by this, as Bai Shanxiao had already evaluated his strength to some extent, and admitting defeat proved that the latter had made a correct choice.

After the referee announced the result, Yang Chen jumped off the ring.

The whole audience was in an uproar, with the branch family members naturally supporting Yang Chen. Seeing Bai Shanxiao directly admit defeat out of fright, they laughed. However, the main family members were furious, cursing at Bai Shanxiao, who simply ignored them and left.

He knew very well that once Yang Chen fully demonstrated his strength, the main family members would realize that his choice to admit defeat today was actually a very wise decision. There was no point in giving any more explanations now.

The main family members felt that Bai Shanxiao had disgraced them, but soon they regained their sense of pride, for the reason was that in the following five matches, the other two geniuses of the branch families were brutally eliminated.

This meant that in the competition from the top 32 to the top 16, all the geniuses from the branch families, except for Yang Chen, were defeated.

This, in turn, gave the main family members, who had been humiliated because of Bai Shanxiao, a few more points of confidence.

As for the branch family members, they placed all their hopes on Yang Chen.

Yang Chen did not notice much of this, as his gaze was focused entirely on the ring. The duel on the ring caught his attention involving Bai Jueming and another outstanding Bai Family genius, Bai Qianhang.

Bai Qianhang was already considered an outstanding genius of the Bai Family, ranking at the same level as Bai Shanxiao, as he reached the Fifth Level of the True Martial Realm at a young age.

As for Bai Jueming, his position in the Bai Family was rather awkward, so many geniuses didn't support him at all, and they kept cheering for Bai Qianhang.

However, to everyone's surprise, Bai Jueming, who everyone thought would be defeated, never lost. On the contrary, Bai Qianhang, who should have been able to crush Bai Jueming, never defeated him.

Others didn't see the trick, only thinking that Bai Qianhang performed poorly, but Yang Chen saw it clearly.

"What a Bai Jueming, hiding really deep," Yang Chen looked deeply at Bai Jueming, "Bai Jueming's martial arts strength is probably not worse than mine, he seems to be suppressed by Bai Qianhang, but in fact, Bai Qianhang has always been at a disadvantage, Bai Qianhang has been played by him. No matter what Bai Qianhang does now, it's all within Bai Jueming's control. Only absolute strength can do this. Which genius is Bai Jueming?"

With this in mind, Yang Chen's gaze locked onto the three Emperor-Level powerful ones in the sky.

Looking at these three Emperor-Level powerful ones, Yang Chen had a clue, "That's right, if Emperor Bai Wei could see me and use me as a trump card, wouldn't the other few Emperor-Level powerful ones have some trump cards too? I just don't know whose trump card Bai Jueming is."

In the end, as Yang Chen expected, the result of Bai Jueming and Bai Qianhang's battle surprised everyone. Bai Qianhang was finally exhausted, while Bai Jueming seemed to defeat him by a fluke. Many people felt it was a pity because they thought Bai Qianhang had many chances to defeat Bai Jueming.

Many people were even confused after watching the match.

After Bai Jueming, the sixteen matches ended in succession. Yang Chen, as the only one from the branch families, entered the top eight knockout competition.

“Next is the battle to qualify for the top eight. The opponents are still decided by drawing lots. However, the difference is that after the draw, the opponents will be announced directly, and then the groups will be formed!” Bai Luosheng said.

As his words fell, Yang Chen and the other geniuses from the main family stepped forward to draw their lots.

“Three!” Yang Chen had no concept of the number and simply handed over the lot number, waiting to find out who his opponent was.

“Number one, Bai Yanglin versus...”

“Number two...”

“Number three, Bai Yunfei, facing Bai Zhen Nan!”

When the announcement ended, the whole audience instantly erupted into excitement.

Chapter 932: Still Not Enough_1

Yang Chen was the hope in the eyes of all the branch family members, not because they had a good relationship with him, but because his existence was their last fig leaf.

As long as Yang Chen did not lose, they still had a shred of dignity. If he lost, their remaining dignity would be gone. Of course, none of them wanted Yang Chen to lose!

Similarly, Bai Zhen Nan was the pride of the Bai Family’s main branch.

At a young age, he possessed the heaven-defying level of the True Martial Realm’s Sixth Level, and as the owner of the Extreme Ice Divine Body, his strength was far beyond that of ordinary martial artists at the same level. This was the reason why Bai Zhen Nan was the number one genius of the Bai Family’s main branch.

In the main family, he was an unbeatable existence among the younger generation.

The clash between the main family's ace and the branch family's hope was a collision of the strongest of both families. Whoever lost would lose everything. Naturally, everyone was looking forward to it, and no one expected Yang Chen and Bai Zhen Nan to clash so soon!

"Hmph, this will teach those branch family members a lesson, as they always regard Bai Yun Fei as their last hope. Hmph, they won't realize how stupid their hopeful thoughts are until their confidence is shattered!"

"Once Zhen Nan makes a move, Bai Yun Fei will learn the difference between them."

"Zhen Nan has never lost in the main family, right? That wild genius from the branch family wants to compare with Zhen Nan?"

Many main family members were discussing and sneering. In their hearts, they didn't think Yang Chen had any chance of winning.

Yang Chen didn't care about others' opinions. He just stood quietly in place, waiting for the competition to continue.

Bai Luo Sheng didn't say much and announced the start. Then, the two contestants with the corresponding numbers came out to fight.

Both contestants were from the main family, and the branch family members weren't interested at all. Only the main family members were cheering.

Yang Chen wasn't particularly interested either. The only two main family members he was interested in were Bai Jue Ming and Bai Zhen Nan.

Because besides these two being more difficult to deal with, the other Bai Family members didn't pose much difficulty for him and Bai Wei's deal.

Like this, two ring battles ended quickly.

In the blink of an eye, it was the third round.

The third round was Yang Chen versus Bai Zhen Nan.

Yang Chen didn't say much and came up to the ring. Likewise, Bai Zhen Nan also stood on the ring. As the two entered the ring and looked at each other, they didn't show any particular emotions. However, the surrounding atmosphere instantly ignited.

"Bai Zhen Nan, teach this branch family member a lesson and let them know the gap between the branch and us main family members. Let them stop deluding themselves about surpassing us."

"That's right, let him know how powerful we main family members are!" Many people shouted with clenched fists.

"Bai Zhen Nan, it's up to you now. You better be more promising than Bai Shan Xiao!"

Main family members supported Bai Zhen Nan while branch family members cheered for Yang Chen.

Seeing this, Bai Zhen Nan helplessly cupped his hands in greeting: "Bai Zhen Nan!"

"Bai Yun Fei!" Yang Chen said the same.

Bai Zhen Nan wasn't as arrogant as the other main family geniuses. It couldn't be denied that Yang Chen had come this far as the number one genius of the Bai Family. He had a remarkable achievement.

He was not self-centered and arrogant like other geniuses. Instead, he politely said, "Bai Yun Fei, although you are from the branch family, I have seen your performance just now. You are very strong. If you were born in the main family, who knows which of us would be the number one genius? I admire you, but I still have to defeat you!"

"I feel the same." Hearing Bai Zhen Nan say this, Yang Chen gave a slight smile, having a little appreciation for Bai Zhen Nan in front of him.

Not arrogant or impatient, humble in demeanor, Bai Zhen Nan would certainly become a pillar of the Bai Family in the future. It seemed that the top genius of the Bai Family was truly extraordinary!

Hearing Yang Chen's words, Bai Zhen Nan didn't say anything more. He took two steps to the left and right: "In that case, I will make my move."

"Please, Brother Zhen Nan." Yang Chen said straightforwardly.

Bai Zhen Nan didn't underestimate his opponent, and in an instant, he released his True Qi. As everyone had known beforehand, he had a strong strength, just a hair's breadth away from entering the Seventh Level of the True Martial Realm.

As he released his True Qi, the air temperature seemed to drop by a degree.

"So cold!"

"Every time Zhen Nan makes a move, it's like this. He has the talent of the Extreme Ice Divine Body, and his True Qi carries a cold aura. Once he releases his True Qi, the surrounding air temperature will be affected. Fortunately, I am also a martial artist, otherwise I might have been frozen stiff."

The main family members of the Bai Family quickly implemented a formation to prevent the spectators from being affected.

They were right in taking action because the area around the ring had already turned into scattered ice cubes due to Bai Zhen Nan's release of True Qi. Many places had already frozen over.

"Bai Yun Fei, I have studied your abilities. Using the Shapeshifting Liquid Fire, a technique of the Fire Essence Beast, you have reached the level of a master of alchemy. It's really good. However, if it's just these techniques, you can't win against me!" Bai Zhen Nan shouted loudly.

The moment Bai Zhen Nan made his move, two ice dragon wings rose behind him. Then, he simply pointed his finger towards Yang Chen.

The direction he pointed was precisely at Yang Chen.

“Hm?” Yang Chen clearly felt the temperature around him drop rapidly, and he felt as if his body was about to be bound by the icy cold temperature.

Yang Chen knew very well that this was Bai Yun Fei’s technique, and if he didn’t take action quickly, he would definitely be bound by Bai Yun Fei’s technique.

“The Extreme Ice Divine Body is indeed extraordinary!” With this thought, Yang Chen released the Shapeshifting Liquid Fire, enveloping himself. The high temperature of the Shapeshifting Liquid Fire directly changed the surrounding temperature.

“I told you, Bai Yun Fei, if it’s just the Shapeshifting Liquid Fire, it’s not enough! I have already changed the temperature around you. This is the ability of my Ice Divine Body! My divine body talent is naturally incapable of cultivating other methods, but I am skillful in handling ice and snow Cultivation Techniques! Freeze, seal!” Finally, Bai Zhen Nan shouted out the two words.

Immediately, layers of ice formed into tiger, lion, and dragon ice sculptures, and then directly sealed Yang Chen and his Shapeshifting Liquid Fire inside!

Yang Chen was wrapped in ice, completely unable to move.

At this moment, Bai Zhen Nan’s words rang true: the Shapeshifting Liquid Fire alone was not enough!

Chapter 933: The Ice Demon God!_1

“Hahaha!!” In the high altitude, Emperor Bai Zang, one of the three Great Emperors, slapped his thigh with laughter, extremely delighted. He said, “Bai Wei, I told you not to get too happy too early, not to get too happy too early. Now you know, right? Bai Zhen Nan, as the genius personally nurtured by me and my trump card player, do you think he’s a pushover?”

Bai Wei squinted his eyes and frowned upon seeing Yang Chen's predicament, but he was still confident that Yang Chen would not fail so easily. He said, "What's the hurry? The competition may not be over yet!"

"Not over yet? Alright, Bai Wei, stop trying so hard. This Bai Yun Fei is indeed brilliant. If he had seized the initiative and gone all-out from the beginning, he might have had a chance against Bai Zhen Nan. But this kid is obviously inexperienced. Haha, he really thought that the Seventh Layer of the True Martial Realm would make him invincible? Although Bai Zhen Nan's Martial Arts strength is a bit inferior, he has the Extreme Ice Divine Body, and it's not difficult for him to defeat him across levels. Now that the kid is sealed by Zhen Nan's techniques, where can he escape? I think you'd better hurry up and tell Luo Sheng to admit defeat as soon as possible, lest Bai Yun Fei encounters any issues if the frozen seal lasts too long."

At this moment, everyone seemed to feel that the competition was over.

After all, Yang Chen had already been frozen and sealed, and the thick layers of ice made it impossible for him to move.

This made the main family members show ecstatic expressions, happy that they still had a sense of superiority in front of the branch family members.

However, the branch family members couldn't be happy at all, and some even felt pain. They couldn't help but doubt themselves.

Was it true, as the main family members said, that their branch family was innately inferior to the main family members?

At the same time, Bai Zhen Nan said, "Referee, can we announce the end now...?"

Before he could finish his sentence, Bai Zhen Nan suddenly heard several cracking sounds.

Then, a surprising scene appeared.

Yang Chen, who was supposed to be frozen and sealed, suddenly seemed alive, producing flames with the color of the starry sky from an unknown source. The flames did not emit any astonishing heat upon appearing, but they quickly corroded the ice until nothing remained.

The ice sculpture formation that had sealed Yang Chen was instantly broken by the Starry Sky Flame, and Yang Chen casually freed himself from the seal, dusting off his sleeves.

Bai Wei was amazed and said, "A strange fire, good kid, he still has Strange Fire. Hahaha, Bai Zang, didn't I tell you not to get too happy too early? Now, with a Strange Fire in hand, do you still dare to say your precious disciple can win? The Extreme Ice Divine Body is indeed powerful, but there is the mutual restraint of all things, and the Strange Fire is the king of fire. What can the Extreme Ice Divine Body use to win?"

Bai Wei was quite surprised, he thought Yang Chen had a hidden card, but he didn't know that Yang Chen's hidden card was, in fact, the Strange Fire. After all, Strange Fire was too rare, and it was precisely what countered Bai Zhen Nan the most.

Bai Zang's face suddenly turned awkward, and he gritted his teeth, "Don't get too happy too early!"

Yang Chen's revival and recovery, like fireworks, instantly illuminated the hope of all the branch family members who had initially fallen into the darkness and hit rock bottom.

Bai Zhen Nan was also frightened, exclaiming in astonishment, "Strange Fire, Bai Yun Fei, you are indeed extraordinary!"

"You flatter me," said Yang Chen. "Brother Zhen Nan, since you've finished your move, it's my turn. Let me return your words to you — if your moves are limited to this, then you can't win this match!"

As soon as he finished speaking, Yang Chen revealed his strength without any reservation.

Boom! Seventh Level of True Martial Realm.

This was a rare occasion when he showed his true strength. Before this, he had never fully unleashed his power during every confrontation. In addition, he was low-key most of the time, always concealing his aura, so his true strength was a mystery to many.

Now, as his strength was fully displayed before everyone's eyes, it frightened everyone.

"True Martial Realm Seventh Level!"

"This Bai Yun Fei is indeed as amazing as the rumors say, his Martial Arts strength is astonishing!"

"Didn't they say that Bai Yun Fei was only at the Sixth Stage of the True Martial Realm? Now it seems as though his Martial Arts strength has greatly improved."

"Damn, his strength is even greater than Bai Zhen Nan of the main family!"

As Yang Chen revealed his aura, he quickly controlled the Shapeshifting Liquid Fire and the Starfire with all his strength, attacking Bai Zhen Nan from two directions.

Bai Zhen Nan manipulated the moisture in the air, rapidly turning it into ice, transforming its power into a defense against Yang Chen's onslaught.

This confrontation had become a duel of ice and fire, dazzling everyone's eyes and stirring up intense emotions.

However, as Yang Chen said, if Bai Zhen Nan's moves were only limited to these, then he couldn't win. In the contest between his Extreme Ice Divine Body and the Mysterious Fire Star, his Starfire clearly had the upper hand!

Wherever Yang Chen's Starfire went, the ice was completely corroded and melted, leaving no trace behind.

In the blink of an eye, Bai Yun Fei went from having the upper hand to being on the back foot, feeling somewhat cornered!

The branch family members instantly ignited their hope, while the main family members became more and more nervous.

“Bai Zhen Nan, you have nowhere to go!” Yang Chen shouted.

At this moment, his Shapeshifting Liquid Fire and Starfire had cornered Bai Zhen Nan from both sides, locking him down.

Bai Zhen Nan saw this and suddenly changed color, then in the next moment, he seemed to make a decision.

“Bai Yun Fei, you’re indeed formidable, forcing me to use this move. There’s indeed something extraordinary about you. But it’s over now; you can’t possibly defeat me!” Bai Zhen Nan revealed a hint of madness in his eyes.

He had his confidence that the branch family members couldn’t possibly defeat him.

In an instant, Bai Zhen Nan cut his finger, and the essence blood flowed out. He quickly formed a strange hand seal, and a terrible aura instantly emanated from Bai Zhen Nan’s body.

“Demon God, appear!” Bai Zhen Nan roared with bloodshot eyes.

Behind him, a giant Demon God emerged. Initially, the Demon God was just a phantom, but when Bai Zhen Nan manipulated the ice to create an icy armor for the Demon God phantom, it became a tangible object.

Similarly, Bai Zhen Nan also fused with the Demon God phantom.

The Demon God phantom, wielding an Ice Spear and wearing Ice Armor, stood in the ring, ten zhang tall. As it appeared, a slap scattered the Shapeshifting Liquid Fire and the Starfire that Yang Chen had conjured.

“Roar!” The Ice Demon God roared loudly, deafening everyone.

Chapter 934: Collapse!_1

This scene astonished everyone, many people did not know that Bai Zhen Nan had this ability. No one even knew what kind of move this was, Bai Zhen Nan had completely disappeared, turning into a giant ice demon god!

Others might not know, but the three Emperor-level strong people could see it clearly.

Bai Wei narrowed his eyes: “Well, Bai Zang, you actually kept such a trump card, no wonder you are so confident!”

Bai Zang chuckled: “How about it, this Demon God Dharma Manifestation, it is created by me personally. I went to the abyss to hunt this demon god just to help create this Dharma Manifestation. This kind of demon god is naturally immune to all kinds of fire, and after its death, I kept this ability, integrated it with Zhen Nan’s cultivation method, and created this demon god. It was to prevent Zhen Nan from being restrained by Strange Fire, hehe, Ice Demon God, huh, its strength at least is comparable to the Ninth Layer of the True Martial Realm, your Bai Yunfei’s various flames are useless, there is no chance of winning. But I admit, that Bai Yunfei does have some skills, he lost but also lost gloriously. If I hadn’t created this means for Bai Zhen Nan today, he really would not be a match for that kid.”

Bai Wei stroked his beard: “Do you think Bai Zhen Nan is bound to win? Don’t be too greedy!”

...

The Ice Demon God rampaged on the ring, every move brought out astonishing power!

“I understand, interesting. Bai Zhen Nan first summoned the Demon God Dharma Manifestation through blood sacrifice, and then merged his entire strength with the Demon God Dharma Manifestation, wearing weapons and armor for the Dharma Manifestation, turning it into a solid substance. It exploded

with a strength far beyond its Sixth Stage of the True Martial Realm! Bai Zhen Nan's body possesses the peak strength of the Sixth Stage of the True Martial Realm, and when fused with the Dharma Manifestation, the strength that bursts out is at least comparable to the Ninth Layer of the True Martial Realm!" Yang Chen calculated silently.

Immediately, he dodged quickly, and the attack of the Ice Demon God came once again.

The Ice Demon God held an Ice Spear in his hand, constantly attacking, each attack containing shocking power. Either freezing everything around or destroying things beyond recognition.

What's more critical is that Shapeshifting Liquid Fire and Starfire have no effect on it. This Ice Demon God seemed to have an immune body, with a slap, both flames were dispersed.

"In that case, it seems that I can only fight head-on! You have strong power, so try this." Yang Chen was also inspired to fight.

The next moment, he directly took out the Hongyan Spear and fell.

Mountain Collapsing Style!!

Boom.

Terrible power burst out from the Hongyan Spear, the tremendous force instantly swept across the entire ring. The released power even shook the surrounding isolation formations, making Bai Luosheng and the main family members' faces change drastically.

Even the three Great Emperors Bai Zang changed color at the sight of this move.

"What is this!"

As his voice fell, the power of the Mountain Collapsing Style reached its peak.

The Ice Demon God had a huge body, but how could he dodge? In addition, it seemed that he wasn't very skilled in turning into this state, and his head wasn't very smart. He didn't dodge at all, instead thinking of using his explosive power to confront the Mountain Collapsing Style head-on.

However, the result was self-evident. How could his power be comparable to the Mountain Collapsing Style? After a brief stalemate, the Ice Demon God let out a painful scream, and in an instant, fell into the whirlwind of the Mountain Collapsing Style's power, and the ice armor wrapped around its body was shattered layer by layer.

With the ice armor dissipated, all that was left was the phantom of the Demon God Dharma Manifestation.

Yang Chen had many means to deal with Dharma Manifestation moves!

"Black Mountain Dark Cloud Palm!" Yang Chen's giant palm attacked, creating an astonishing bloodline suppression, which is the bloodline of the Black Mountain Black Bear, the bloodline of the Demonic Beast King!

"Bang!"

When this bloodline suppression appeared, the Demon God Dharma Manifestation let out a painful scream, and the moment it was hit by Black Mountain Dark Cloud Palm, it instantly vanished like smoke.

As for Bai Zhen Nan who was left behind, he fell completely unconscious, obviously due to the failure of the Ice Demon God and suffered a backlash.

This scene left the crowd dumbfounded, and the main family members did not know what to say at all.

"This, this, this!" Bai Zang gulped down his saliva: "How is this possible!"

The Ice Demon God was cracked, and it was cleanly cracked. Yang Chen's means were endless.

Bai Wei laughed loudly: “Bai Zang, I just want to ask you if you admit defeat!”

He was also very happy in his heart, doing business with Yang Chen was so delightful, Yang Chen promised to help him teach a lesson to other main family geniuses, and he really did it, crushing them all the way.

On the ring, Bai Luosheng was also shocked, and he still couldn't believe it. The main family's number one genius, their Bai family's pride Bai Zhen Nan, actually lost like this, losing to a little-known branch family member.

However, losing was a fact, Bai Luosheng had to sigh: “Bai Yunfei, wins and advances to the next round!”

“We won!”

“We won!”

Branch family members became completely crazy, many branch family women showed a mad admiration for Yang Chen, and even screamed out their love for Yang Chen.

Main family members were completely dumbfounded.

They couldn't believe their eyes and even didn't think this was true. Their confident, invincible Bai Zhen Nan lost just like this?

Of course, this was not the most critical point. The most critical point was that their sense of superiority they had over the branch family had collapsed instantly, and they were no longer superior in front of the branch family.

At first, they enjoyed this feeling very much and even thought it was a fact. But now, they have no excuse or reason to show that it is true!

Indeed, there was only Yang Chen among the branch family who had made it to the top sixteen, but one person was already enough!

“Didn’t you main family members always feel superior? Who said that we branch family members are not as good as you main family members? Our branch family’s Bai Yunfei defeated you main family members!”

“Now, who is the trash?” The branch family members who had been holding their anger for a long time vented their angry fire, while the main family members were completely wilted, trying to rebut something, but they didn’t know what to rebut!

Yang Chen calmly stepped down from the stage, but as he walked down, he found that the people of the branch family seemed to worship him to a certain extent. Especially those female martial artists, they even screamed and tried to surround him.

This scene was seen by Bai Jueming, who was quite low-key in the crowd, making Bai Jueming’s eyes flash with cruelty and jealousy.

“Emperor Yu’di...you’ve always let me hide, but fortunately, you said today is the time for my strength to fully unfold. In that case, I’ll defeat this Bai Yunfei first. Do you really think that defeating Bai Zhen Nan is the end!” Bai Jueming said coldly, “Bai Yunfei, defeating you, everything you have now, will become mine!”

Chapter 935: Dragon-Tiger Divine Art_1

Yang Chen had been vigilant of Bai Jueming throughout the entire time, even when he had defeated Bai Zhen Nan. In his eyes, Bai Zhen Nan was just a shrimp. The real difficult character was Bai Jueming.

No matter how strong Bai Zhen Nan was, or how powerful his techniques were, he wasn’t a threat to Yang Chen. Bai Jueming, however, was.

As expected, not long after his match ended, Bai Jueming took the stage.

By now, only the experts were left. Bai Jueming's opponent was a genius who had reached the early phase of the True Martial Realm Sixth Stage. Upon exchanging some moves, Bai Jueming finally showed his true strength.

When Bai Jueming revealed his strength, everyone present was completely shocked.

His strength was also in the True Martial Realm Seventh Level. Even more surprising, his strength exceeded that of Yang Chen's, reaching the Seventh Level Peak!

The most crucial point was the cultivation method that Bai Jueming used, which contained the sound of dragon's roar and tiger's cry. When he made a move, his force was overbearing, seemingly unstoppable.

The members of the Bai Family's main branch were all familiar with this cultivation method. Everyone was shocked when Bai Jueming used it because the creator was none other than the number one person in the Bai family, Bai Yudi.

This cultivation method was called 'Dragon-Tiger Divine Art', which was Bai Yudi's signature technique. It was the reason he was the strongest member of the main branch. It could be said that even Emperor-Level fighters of the same level have a difficult time challenging Bai Yudi once this technique was used.

If even Emperor-level powerhouses were like this, one could imagine how powerful the Dragon-Tiger Divine Art would be in the True Martial Realm stages.

Seeing this scene, Bai Wei's expression changed dramatically.

Bai Zang laughed heartily, "Bai Wei, I told you that you celebrated too early, haha! I didn't expect this. Well, that's right, if my Bai Zang has a hidden card, then Yudi, how could you not have your own methods? From the beginning, I shouldn't have believed that you were truly not interested in the title of first place in the Clan Gathering."

"How can I not be interested?" Bai Yudi grinned, "Whoever wins first place represents which of the three branches has more strength. Why would I give up the competition?"

Bai Wei clenched his teeth, "Bai Yudi, you really hid well."

Indeed, Bai Zhen Nan was nurtured by Bai Zang. As a competitor to the Bai Family Main Branch during the Clan Gathering, how could Bai Yudi not have any preparation?

When he told Yang Chen to teach a lesson to the other geniuses of the main branch, he actually didn't mean it. He didn't want Yang Chen to compete for the championship on his behalf. Hence, his Bai Wei's followers would have a smoother development in the future.

It was the usual practice of the main branch. Whoever competed for the first place in the Clan Gathering, the other two would give way. After all, they were all members of the same family and would not kill each other.

Bai Yudi said, "Aren't your preparations for this hidden card also impressive? In a mere seven years of cultivation, you reached the True Martial Realm Seventh Level. At first, I thought that Bai Jueming's Dragon-absorbing Divine Body in twenty years of cultivation, and my personal training would make him reach the True Martial Realm Seventh Level. Yet you found someone even more heaven-defying than my Bai Jueming. However, it is not in vain that Bai Jueming has hidden for so long, Bai Wei. The championship that you have consciously won, I am going to take it."

There was confidence in Bai Yudi's words, but surprisingly, Bai Wei did not retort this time. He clenched his teeth tightly and didn't know how to speak.

Dragon-absorbing Divine Body.

He was shocked by these four words.

If Bai Jueming really had the Divine Body Talent, even if Yang Chen's cultivation speed was a bit better, in essence, he could not defeat Bai Jueming at all.

"Damn it, I have to observe carefully," Bai Wei looked at Bai Jueming.

With one glance, he found that Bai Yudi wasn't lying. Bai Jueming indeed had the Dragon-absorbing Divine Body Talent.

He didn't expect the Bai Family Main Branch to have such a heaven-defying genius, and Bai Yudi hid him so deeply for the sake of winning the championship.

At this thought, his eyes revealed a trace of helplessness.

...

At the same time, the main branch members, who had initially given up their hopes, suddenly reignited. They saw hope again, the hope to mock the branch family members once more. This hope lay in the newly rising genius with the Dragon-Tiger Divine Art: Bai Jueming.

"Bai Jueming!"

"Bai Jueming!"

The main branch members shouted Bai Jueming's name, pushing him to the highest point. They were used to the position held by the main family members and used to the fact that the branch family was not as good as their main family. How could they allow the branch family members to dominate them?

Having never experienced such a sweet taste before, Bai Jueming, who had been low-key and patient for many years, became a bit complacent.

His eyes looked at Yang Chen, the corners of his mouth raised, and he revealed absolute self-confidence. It seemed as if he was telling Yang Chen to wait and see.

The round of sixteen quickly ended!

Next was the round of eight.

Everyone was watching, whether from the branch family or the main family. Unfortunately, in the round of eight, Yang Chen and Bai Jueming coincidentally did not face each other.

Yang Chen and Bai Jueming's opponents were other elite geniuses of the Bai Family main branch. Although these two geniuses were excellent, they were no match for Yang Chen and Bai Jueming. In the end, they had to helplessly leave the ring, defeated in a fierce battle.

After they had defeated their respective opponents, everyone's hearts tightened.

The round of four ended, and what followed was the championship battle.

"Bai Yun Fei, come on!"

"Bai Yun Fei!"

"Bai Jueming, Bai Jueming!"

Main branch members and branch family members roared and cheered for their respective contestants. But the more it came to this point, the slower the time seemed to pass. The geniuses defeated by Yang Chen and Bai Jueming had to compete for the third place.

After a fierce battle, the third place was won by a genius of the Bai Family, who had reached the early phase of the True Martial Realm Sixth Stage.

When the battle for third place was over, Bai Luo Sheng announced: "Next is the battle for first place. Bai Yun Fei, Bai Jueming, you guys step onto the ring!"

Without a word, the two of them went up to the ring from their respective sides.

Two directions, representing the two sides of people.

On one side were the main branch members, and on the other were the branch family members. They held each other's expectations and all their pride.

"Bai Yun Fei, I admit you are strong. As a part of the branch family, it's really unexpected that you could reach this step. However, it's a pity that you can only get this far today. I will make you lose cleanly, but don't be discouraged. Losing to me is not a shameful thing," Bai Jueming said coldly.

Soon, it would be time for him to take back all the honors that originally belonged to Yang Chen. He felt that these should have belonged to him in the first place, but they were just temporarily lent to Yang Chen to enjoy for a moment.

Chapter 936: You Are Not My Match_1

Everything seemed natural in his eyes.

Even if Yang Chen lost to him and handed over all the honors, it would be considered natural.

However, Yang Chen would never agree with Bai Jueming's idea. Hearing Bai Jueming's words, he shrugged and said, "If you really want to defeat me, just go ahead."

"Heh, Bai Yunfei, it seems you have a lot of confidence," Bai Jueming sneered, "In that case, let you taste the power of my Dragon-Tiger Divine Art."

The moment his voice fell, more than a dozen golden auras appeared around Bai Jueming's body. These golden true qi represented more than a dozen astonishingly powerful forces, sweeping across the entire ring when they appeared.

"This is Dragon and Tiger Divine Power; each golden aura represents one Dragon and Tiger Divine Power. It is said that Emperor Bai Yudi himself cultivated thousands of Dragon and Tiger Divine Power. Wrapped in these thousands, he could swallow mountains and rivers with his aura, shatter the void with a punch, and crush the earth."

"It is said that it was the Dragon-Tiger Divine Art that allowed Emperor Yu'di to hold the main family's position and become the top master in our main family. The Dragon-Tiger Divine Art, invincible in the world!"

“Although Bai Jueming has only cultivated a dozen or so, and is far behind the Emperor himself, it should be more than enough to defeat Bai Yunfei.”

When everyone saw Bai Jueming display more than a dozen Dragon and Tiger Divine Powers, they all shouted out, greatly admiring him.

“Bai Yunfei is undoubtedly doomed to lose this time, and our main family is sure to win. Bai Yunfei is bound to lose!”

“Bai Jueming cultivated the Emperor’s Divine Technique; how can Bai Yunfei win?”

It must be said that the Dragon-Tiger Divine Art was indeed powerful. The Dragon-Tiger Divine Power surrounded Bai Jueming’s body, and when Bai Jueming made a move with the Dragon-Tiger Divine Power, it contained the essence of the Dragon-Tiger Divine Art, infinitely powerful.

With a casual punch, Bai Jueming vibrated the ring, and the formidable power made Yang Chen also frown slightly.

“This Dragon-Tiger Divine Art is really powerful; it seems that the divine technique created by the Great Emperor is indeed extraordinary. With just these dozen or so Dragon-Tiger Divine Powers, Bai Jueming can both attack and defend, and it’s really hard to deal with him with ordinary means. If that’s the case, let’s see what his limit is first!” Yang Chen thought.

As the words fell, he immediately used the Shapeshifting Liquid Fire and then unleashed the Thunderbolt Style, attacking Bai Jueming from two directions with crackling sounds.

“Humph, petty tricks, Bai Yunfei, do you really think these tricks can do anything to me?” Bai Jueming shouted, his eyes full of confidence in his own abilities.

Boom.

A loud rumbling sound echoed, and everyone could see Yang Chen's Thunderbolt Style and Shapeshifting Liquid Fire stopped in front of the dozen or so Dragon and Tiger Divine Powers, unable to break through the divine power and reach Bai Jueming's body.

Bai Jueming sneered and punched down, combined with the Dragon and Tiger Divine Power, his fist shattered Yang Chen's Shapeshifting Liquid Fire. With another punch, he also completely shattered Yang Chen's Thunderbolt Style.

"What a domineering Dragon and Tiger Divine Power, it can actually crush my Thunderbolt Style and Shapeshifting Liquid Fire with bare hands. They indeed have some skills. In addition to Bai Jueming's martial arts strength, he is even better than me. If I don't use other means to break this Dragon and Tiger Divine Power, it will be tough for me to win this match!" Yang Chen thought.

He had to admit that he was now suppressed by the Dragon and Tiger Divine Power.

"Haha, the outcome is already decided," Bai Zang said with a smug tone, "The Dragon and Tiger Divine Power is the most barbaric and overbearing, and Bai Jueming's cultivation of this divine technique was personally taught by Emperor Yu'di. It's needless to say how powerful it is. As long as Bai Jueming stands there, Bai Yunfei can't break through the Dragon and Tiger Divine Power, not to mention Bai Jueming must have other means besides the Dragon and Tiger Divine Power!"

Bai Wei tried hard to refute but when he recalled the overbearing Dragon and Tiger Divine Power of Bai Yudi, he took a deep breath. If it were just these, it would be fine, but the key was that Bai Jueming had the Dragon-absorbing Divine Body.

This Dragon-absorbing Divine Body was an unprecedented top-tier divine body talent, most suitable for cultivating the Dragon-Tiger Divine Art. In addition to that, it also had another terrifying ability.

Thinking of this, Bai Wei couldn't figure out what Yang Chen could use to defeat Bai Jueming!

Bai Jueming became more and more ferocious in battle. Laughing, he said, "Bai Yunfei, I told you from the beginning that you are no match for me!"

His Dragon and Tiger Divine Power unfolded, securing his advantage.

At this time, Yang Chen felt more and more wrong.

“Strange, very strange!” Yang Chen murmured, “My techniques, whether it’s the Thunderbolt Style or the Shapeshifting Liquid Fire, seem to be somewhat lacking in power. Although his Dragon and Tiger Divine Power is strong, it doesn’t necessarily mean that these two big moves combined are unable to break his Dragon and Tiger Divine Power!”

Yang Chen felt that no matter if it was his Shapeshifting Liquid Fire or the Thunderbolt Style, as long as they touched Bai Jueming, their power could not be fully unleashed.

Indeed, that was the reason why he couldn’t exert all his power.

“It must have something to do with Bai Jueming, I just need to analyze it more carefully. In that case, let me try it with the Starfire.” As Yang Chen waved his sleeve, he directly used the Starfire.

The Starfire rushed towards Bai Jueming at an extremely fast speed, and Bai Jueming laughed, “I said it’s useless, useless, break it!”

At the moment the Starfire touched Bai Jueming, it immediately dimmed a lot, then Bai Jueming punched out directly, breaking the Starfire.

Seeing this, Yang Chen was finally certain.

“I finally know what’s going on,” Yang Chen squinted, “If it’s just Bai Jueming having the Dragon-Tiger Divine Art, it won’t be a problem that I can’t solve. The key is that Bai Jueming actually has the Dragon-absorbing Divine Body. If I’m not wrong, the reason why my Shapeshifting Liquid Fire and the Thunderbolt Style together can’t deal with Bai Jueming is because of this Dragon-absorbing Divine Body!”

The Dragon-absorbing Divine Body, a very rare and unparalleled divine body talent, equivalent to an Innate Divine Body. This divine body talent was born to have a sensitive effect on spiritual energy and true qi.

Those with the Dragon-absorbing Divine Body can absorb spiritual energy with twice the results and half the effort.

In addition, they can also absorb true qi.

This absorbing true qi was the most terrifying divine art; in other words, all techniques related to true qi, as long as they touch Bai Jueming's body, their power will be greatly reduced. This reduction is about half of their power.

Just now, whether it was his Shapeshifting Liquid Fire, Thunderbolt Style, or even the Starfire, when they touched Bai Jueming, their power was instantly reduced by half.

Chapter 937: Beyond Expectations_1

This is the most terrifying aspect of the Dragon-absorbing Divine Body, any technique that comes into contact with it will instantly lose half of its power. There's no way out because the martial artist's techniques are inextricably linked with their True Qi. It is impossible not to be restrained by the Dragon-absorbing Divine Body.

"It's seamless." Yang Chen furrowed his brows and said, "The Dragon-absorbing Divine Body, combined with this Dragon-Tiger Divine Art, is nothing special on its own, but when used together, they are simply perfect and flawless. It's indeed worthy of being an emperor's trump card. However, it will be difficult to defeat me like this."

Yang Chen's eyes were firm, showing no trace of despair or signs of giving in.

If the Dragon-absorbing Divine Body absorbed half of the power, then he would defeat Bai Jueming with half of the power.

"Bai Yunfei, do you still not give up?" Bai Jueming laughed loudly. After a brief period of suppression, he had basically determined that Yang Chen was bound to lose.

After all, he couldn't think of any means by which Yang Chen could break through his Dragon-absorbing Divine Body and Dragon-Tiger Divine Art.

Yang Chen remained silent and only waved his palm when Bai Jueming charged towards him.

"Five Thunder Righteous Method!" Yang Chen directed it at Bai Jueming.

Although Bai Jueming was arrogant and conceited, he had endured for many years and had an extraordinary state of mind. In an instant, he sensed the power sweeping down from the Sky Thunder Pool and quickly used his Dragon-Tiger Divine Power to protect the top of his head, facing the first thunderbolt!

Boom!

Five thunders, one, two, three, instantly fell.

Bai Jueming laughed loudly, "Bai Yunfei, I've told you before, your methods are meaningless to me and useless."

"Really? Then try this!" Yang Chen said coldly.

As soon as his words fell, he had already taken out the Hongyan Spear at some unknown time and slammed it down heavily.

"Mountain Collapsing Style!"

Yang Chen's understanding of the Mountain Collapsing Style was not very deep at the moment, but even a shallow understanding was enough. Mountain Collapsing Style, one spear was a complete destruction. When Yang Chen used the Mountain Collapsing Style, its power instantly swept every inch of space in the ring.

“Not good!” Seeing the continuous attacks, Bai Jueming suddenly paled. He had just used his Dragon-Tiger Divine Power to protect the top of his head, so where would he have time to redirect the Dragon-Tiger Divine Power when facing the Mountain Collapsing Style?

Yang Chen took advantage of this gap, and the power of the Mountain Collapsing Style instantly exploded. As expected, half of it was directly absorbed by Bai Jueming.

This brought joy to Emperor Bai Wei’s face, who was watching from above, while Bai Yudi’s expression turned gloomy.

Although half of the Mountain Collapsing Style’s power was absorbed, it undeniably hit Bai Jueming solidly. Bai Jueming coughed up a mouthful of blood, his face turning extremely pale.

It took a while before the surrounding wolf smoke finally dispersed.

Wiping the blood from the corner of his mouth, Bai Jueming said, “Bai Yunfei, good, very good. It’s really unexpected that you can hurt me. If it were just relying on these dozen or so Dragon-Tiger Divine Powers, I wouldn’t be able to do anything about you. In that case, taste this move.”

The moment Bai Jueming’s voice fell, a dragon and a tiger appeared on either side of his body. The dragon was an Azure Dragon, and the tiger was a White Tiger. Both guarded Bai Jueming on either side, appearing as illusions but seeming as real as life.

“Is this a dharma manifestation? No, it’s not dharma manifestation, it’s power coming from Bai Jueming’s body!” Yang Chen narrowed his eyes, “Bai Jueming actually got the blood of the Azure Dragon and White Tiger and cultivated the Dragon-Tiger Divine Art using their blood!”

It would be difficult to summon the illusion of the Azure Dragon and White Tiger without them.

Yang Chen was very surprised but soon let go of his astonishment. There was nothing to be surprised about. After all, Bai Jueming’s background was that of an emperor-level strong. The blood of dragons and the White Tiger was precious indeed, but it wasn’t necessarily impossible for an emperor-level strong to obtain it.

“Yang Chen, this is another method of the Dragon-Tiger Divine Art, called ‘Dragon-Tiger Mountain Suppression’. From now on, my attacks will be accompanied by the power of the Dragon and Tiger. My power will be at least three times stronger than before, and if you don’t have any other means, you are bound to lose.” Bai Jueming licked his lips and then gave a loud shout.

As the illusions of the Dragon and Tiger roared, Bai Jueming let out a roar as well. The sound echoed in all directions, causing many spectators to feel their ears go numb.

Bai Jueming did not think Yang Chen would have any other means.

However, he was disappointed.

At this moment, Yang Chen took out a brush, which was the Blazing Fire Spirit Brush!

“Bai Yunfei, what’s the point of taking out a broken brush at this time? Although this brush is a Xuan Tian treasure, you don’t really think that relying on an insignificant Xuan Tian treasure you can win against me.” Bai Jueming sneered, thinking that Yang Chen’s brain had completely broken down at this point.

Yang Chen calmly replied, “Well, you’re right. It is indeed a subpar brush. But who said it was going to be used alone?”

As his words fell, a ball of fire floated in Yang Chen’s left hand.

The fire blazed and bubbled, spewing magma. Upon close inspection, wasn’t it the Blazing Sky Sacred Fire?

At this moment, Yang Chen held the Blazing Sky Sacred Fire in his left hand and the Blazing Fire Spirit Brush in his right hand.

This was the first time he had revealed these two items together in front of others since completing the set. Yang Chen coldly said, “The brush and ink must be used together, and it just so happens that the

Strange Fire Blazing Sky Sacred Fire is the ink for this brush. Honestly, I'm not quite sure about the combination's limit of power, Bai Jueming, so I'll use you as a test!"

Bai Jueming's eyes grew cold, and he did not expect Yang Chen to have any more means. He shouted lowly, "Alright, alright, Bai Yunfei, in that case, let's see who's stronger!"

"Roar!"

The Dragon and Tiger roared simultaneously, and Bai Jueming didn't want to endure any longer. He directly raised his arm and tore towards Yang Chen.

As he raised his hand, the Dragon and Tiger also raised their claws and opened their fierce fangs.

Upon seeing this, Yang Chen didn't hesitate at all. He directly dipped the Blazing Fire Spirit Brush in the Blazing Sky Sacred Fire. In an instant, the Blazing Fire Spirit Brush was full of flames. Yang Chen swung the brush and ink, hurling it straight out.

Boom, the air was filled with words formed by magma, colliding with Bai Jueming.

Boom, boom, boom...

On one side were Yang Chen's brush and ink techniques, and on the other side were Bai Jueming's Dragon and Tiger illusions.

Yang Chen continuously waved the brush and ink, while Bai Jueming frenziedly revealed his fangs and claws. The two were locked in a stalemate, and no one knew who would be the final winner.

However, it was clear that both Yang Chen and Bai Jueming were now completely caught up in the heated phase. Neither could do anything about the other!

This scene was beyond Emperor Bai Yudi's expectations, as he initially thought that Yang Chen wouldn't be able to hold out for so long against Bai Jueming.

Chapter 938: Defeating the Powerful Enemy!_1

A sudden change in one part of the plan could mean that there might be a sudden change in the second part. Bai Yudi furrowed his brow, feeling a growing sense of unease. He could sense that Bai Jueming had become increasingly far-fetched in dealing with Yang Chen.

“Bai Yunfei, why do you insist on doing this? Why won’t you just let me win? What’s the point of struggling?” Bai Jueming roared madly. He had to win, and he desperately wanted to do so.

However, Yang Chen was equally unyielding, and he coldly said, “Sorry, but I don’t owe you that much.”

As the two spoke, the clash of their powers reached a peak in an instant.

Neither Yang Chen’s Blazing Heaven Holy Fire Ink nor Bai Jueming’s Dragon and Tiger Illusion could create any more powerful force. When both reached their limit, a loud explosion was heard. In an instant, Yang Chen and Bai Jueming were both forced to retreat due to the explosive impact.

Both had been brought into an awkward situation because of their previous clashes, which could be seen from their pale faces.

Bai Jueming spat out a mouthful of blood, but very quickly, he began to laugh madly.

“Hahahaha!” Bai Jueming stood up and shouted, “Bai Yunfei, I’ve won. Both you and I have exhausted our True Qi, but I still have the Dragon and Tiger Divine Power in my body. The Dragon and Tiger Divine Power that I cultivated is my core strength, not part of my True Qi. You can’t beat me.”

“You’re wrong,” Yang Chen said. His face was indeed pale, and he had exhausted his True Qi, but there was no panic on his face.

Because what had exhausted his True Qi was not the Blazing Heaven Holy Fire and the Blazing Fire Spirit Brush, but another means.

“Twenty-four Thunder Annihilation!” Yang Chen yelled.

The moment his words fell, a series of thunderous bolts struck down at lightning speed!

“What?!” Bai Jueming couldn’t believe what was happening before him, and he screamed in horror, “How can this be?! How could you have kept a hidden card? I don’t believe it!”

Whether he believed it or not, all twenty-four thunderous bolts had fallen at this moment.

Twenty-four thunderbolts struck Bai Jueming’s body, and even though Bai Jueming’s Dragon and Tiger Divine Power were extremely powerful, being hit by twenty-four thunderbolts in succession left him scorched and covered in black smoke.

Bai Jueming fell to the ground like a defeated man, his charred face brightening his eyes. It was not difficult to see the unwillingness and despair in his exhausted gaze.

Though Bai Jueming was still conscious, his Dragon and Tiger Divine Power had been broken. He wanted to get up but lacked the power to do so.

This scene left everyone watching dumbstruck.

The most shocked of them all was Bai Yudi, who had believed that he was certain to win.

Now, Bai Yudi was completely speechless at the scene before him. He couldn’t help but stand up and mutter, “Impossible!”

Bai Zang was also stunned.

Similarly, Bai Wei was not much stronger than the two, as a supporter of Yang Chen. From the beginning, he didn’t dare to believe that Yang Chen could win. However, Yang Chen had surprised him time and time again, and this time was no exception. His opponent had actually used a powerful technique to defeat Bai Jueming.

“The miraculous ‘little guy’ who has been able to escape from so many forces is truly extraordinary. No wonder so many people want to kill him. This kid is too outstanding,” Emperor Bai Wei sighed softly. To be honest, facing such an outstanding youngster, he was somewhat reluctant to let him go.

Such a genius, if truly developed to their full potential, would have boundless prospects. The only problem was that he couldn’t afford the gamble. If Yang Chen didn’t produce a suitable reward for his efforts, the Bai Family might be dragged into unnecessary trouble as a result.

However, these concerns were not what he needed to consider right now. All he knew was that Yang Chen had won, which meant that he had won too.

“Haha, Brother Yudi, I’m sorry, but your hard-trained Bai Jueming does have some skills. I have to admit that. However, it’s clear that my trump card was still superior. Yang Chen’s talent has never been inferior to anyone else!” Bai Wei said slowly.

Bai Yudi slumped back in his chair, deep in thought for a moment before saying, “Bai Wei, I concede defeat this time. You really lucked out with this demon-like genius. Sigh, this Clan Gathering hasn’t been a good thing for me. However, it doesn’t matter anymore. In the end, they are all geniuses of our Bai Family, and the outcome is no longer important.”

“Haha, it’s good that you can see it that way, Yudi. The outcome is indeed not important, as they are all members of the Bai Family and geniuses in their own right,” Bai Zang advised from the side.

On the ring, even if Bai Luosheng didn’t want to announce the result, the facts were crystal clear. He had no choice but to say, “Bai Yunfei is the winner!”

“Woohoo!”

“We won, haha, we won! Our branch family can finally hold our heads high.”

“Bai Yunfei, you defeated all the geniuses of the main family today. You’ve claimed the top position as the number one genius of the main family. Who says that we ‘branch family members are worthless’? Bai Yunfei is our role model!”

“If anyone dares to say we’re worthless in the future, I’ll bring up Bai Yunfei and see what they have to say.”

Many branch family martial artists were overjoyed, while the main family members were not happy. With sullen faces and heads hanging low, they didn’t know what to say. They had lost all qualifications to ridicule the branch family members.

Despite having worse cultivation conditions than the main family members, the branch family members still possessed greater strength. What pride did the main family members have left?

At Bai Luosheng’s invitation, Yang Chen stepped forward.

“Bai Yunfei, as the champion of this competition, you will now lead all of the competitors from both the main and branch families into the Bai Family Ancestral Temple for a bloodline detection ceremony,” Bai Luosheng said with a smile.

“Ancestral Temple?” Yang Chen was somewhat confused.

Bai Luosheng explained, “It’s normal that you don’t know. Entering the Ancestral Temple means paying homage to the ancestors and founders of our Bai Family. If you can gain their approval, then you will officially become a member of the Bai Family.”

Yang Chen didn’t understand at first, but after thinking about it, he quickly realized.

This was a bloodline detection ceremony.

Gaining the approval of the dead was just superficial talk; the deeper implication was undoubtedly bloodline detection. After all, the main family was not stupid and would naturally be on guard against the long-lost branch family.

He was somewhat flustered since he was not a member of the Bai Family.

Fortunately, Emperor Bai Wei stepped forward and said, "Bai Luosheng, you can step aside for now. Bai Yunfei's bloodline has already been personally tested by me, so there is no need to see the other ancestors. There are some urgent matters I need to attend to with him. You don't have any objections, do you?"

"No, since you, Ancestor, have personally tested his bloodline, there is naturally no need for him to go see the other ancestors," Bai Luosheng hastily said with a fawning smile.

Chapter 939: Farewell_1

No one knew what Emperor Bai Wei was up to, and Bai Yudi and Bai Zang were just as puzzled. The two exchanged glances and laughed, "It seems that Bai Yunfei won, and he can't wait to sing praises."

Bai Zang shrugged, "It can't be helped. I guess Bai Wei never thought Bai Yunfei could win. It's perfectly normal for him to want to praise him right away!"

They didn't think too deeply and wouldn't consider the fact that Yang Chen was not actually from the Bai family.

They were all wrong. Emperor Bai Wei left with Yang Chen not to praise him.

In a blink of an eye, with Emperor Bai Wei's speed, he led Yang Chen to an unknown location within the Bai family. It was very secluded and Bai Wei casually set up a complex prohibition, making it impossible for others to eavesdrop on their conversation.

"Emperor Senior," Yang Chen said respectfully.

Bai Wei looked at Yang Chen kindly, his face full of satisfaction and approval, but it didn't last long. He sighed deeply, full of regret, "Yang Chen, Yang Chen, how great would it be if you were truly a member of my Bai family and had our blood flowing through your veins? In that case, even if other forces wanted to kill you, or even if the royal family wanted to touch you, our Bai family would have the moral high ground to protect you. Alas, you don't have the Bai surname, and the blood flowing through your veins is not from our Bai family. We can't protect you!"

Yang Chen could see that Bai Wei meant to protect him, but unfortunately, this matter was too far-reaching, and it was already quite difficult for Bai Wei to do this much.

Bai Wei said, "Yang Chen, now that the Clan Gathering is over, our transaction is as well. As you said beforehand, I will completely conceal your information and not reveal it to anyone else. However, you need to leave the Bai family as soon as possible. I will arrange an external task for you as quickly as possible, and then, it's all up to you."

"Yes, Emperor Senior," Yang Chen replied, taking a deep breath.

"Do you have anything else to say?" Bai Wei asked.

Yang Chen pondered for a moment before saying, "If possible, Emperor Senior, could you please shelter the Eastern Branch? Not completely, just a partial shelter."

"Yang Chen, it seems you are a man of loyalty and righteousness. You followed the Eastern Branch all the way here and haven't forgotten them when you leave. Alright, I promise you, this isn't a difficult matter. You've done me a huge favor, and this is nothing in comparison," Bai Wei said.

Yang Chen nodded only after hearing Bai Wei's promise.

Bai Wei immediately asked, "Do you have any other requests?"

"No," Yang Chen replied.

Seeing that Yang Chen had no other requests, Bai Wei continued, "Three days later, come to my Cave Mansion. Use these three days to settle all your other affairs. I will arrange everything for your departure within these three days!"

"Yes, Emperor Senior!" Yang Chen agreed.

Leaving the Bai family left Yang Chen feeling quite emotional. After all, no matter how things turned out, staying in the Bai family for one more day meant an extra day of security. Once he left the Bai family, he would have to step back onto the path of fleeing for his life.

With that in mind, Yang Chen's thoughts filled with melancholy.

It must be said that he had become a well-known figure in the Bai family. Both main and branch family members wanted to get to know him and exchange some experiences with him.

Yang Chen didn't pay attention to these people and went straight to Bai Yishan.

Now, Yang Chen and Bai Yishan were in the same room, surrounded by tight prohibitions to prevent anyone from eavesdropping.

"Yang Chen, what is this?" Bai Yishan couldn't help but ask, seeing how serious Yang Chen was.

With a heavy tone, Yang Chen said, "Elder Bai, I came to see you alone because I wanted to say goodbye."

"Goodbye? Yang Chen, what's going on? You've been doing well in the Bai family, and you even have Emperor Bai Wei as your protector. Why do you suddenly want to say goodbye? Where are you going?" Bai Yishan didn't understand.

Yang Chen couldn't help but chuckle. He explained the whole story to Bai Yishan.

Upon hearing Yang Chen's description, Bai Yishan suddenly realized. He stared at Yang Chen in astonishment and exclaimed, "So, you actually made a deal with Emperor Bai Wei, and he wants you to leave."

"It's not that strange, Elder Bai. After all, Emperor Bai Wei isn't obligated to clean up my mess," Yang Chen said with a bitter smile. "Besides, my situation can't involve the Bai family. Leaving is inevitable. However, I have already spoken with Emperor Bai Wei. The Bai Wei Ancestor has agreed to take care of you, the Eastern Branch. But the number is limited, so Elder Bai Yishan must seize this opportunity."

Bai Yishan suddenly changed color upon hearing this and exclaimed, “Yang Chen, you...you brought this up to Emperor Bai Wei? And he even promised to take care of us?”

He knew the true meaning and significance of this.

Being cared for by the Great Emperor was tantamount to having the support of the Great Emperor himself. Even if he only cared for a few people, the Eastern Branch could possibly stand firm within the main family. This was the charm of the Great Emperor, how many Great Emperor powerhouses were in the main family?

Upon thinking this, Bai Yishan’s voice trembled, and he looked deeply at Yang Chen, unable to help but say, “Yang Chen, you are... I am truly grateful for your great kindness. How could I, Bai Yishan, deserve such a favor from you?”

Yang Chen laughed, “Elder Bai, don’t worry about it. It’s just a small gesture. However, I still need you to promise me one thing.”

Bai Yishan hurriedly responded, “Yang Chen, rest assured, I swear that I will not reveal any part of your information to outsiders.”

“That’s not it. I trust you, Elder Bai. My purpose in coming to you this time is to ask you to take care of Miss Jiang,” Yang Chen said.

Bai Yishan couldn’t help but feel puzzled. “Do you mean you don’t plan to take Miss Jiang with you when you leave?”

“Elder Bai, think about it. When I leave, the journey will be dangerous, and my life will be at risk at any moment. I can’t let Miss Jiang follow me on such a dangerous adventure. So, Elder Bai, you must take good care of Miss Jiang. All I ask is that you keep her safe and sound,” Yang Chen said.

Bai Yishan clasped his hands together, “Leave that to me!”

Jiang Caiying's strength was not strong, so it was natural for Bai Yishan to have no hesitation in agreeing to look after her.

With that settled, Yang Chen felt relieved.

Jiang Caiying's identity wasn't as obscure as Yang Chen's. Leaving her under Bai Yishan's protection would be more than enough. Now that Jiang Caiying's situation was settled, it was time for Yang Chen to meet with Emperor Bai Wei.

Chapter 940: Luosheng Gate_1

Three days passed in just a blink of an eye. Three days later, Yang Chen arrived at Emperor Bai Wei's Cave Mansion.

There were multiple layers of restrictions in front of Emperor Bai Wei's Cave Mansion. However, when Yang Chen arrived, the envoy quickly and proactively helped Yang Chen remove the prohibitions, allowing him to smoothly arrive in front of the cave.

Now, the envoy treated Yang Chen with great respect because he had learned about many things, such as Yang Chen's performance at the Clan Gathering. Even if he was stupid, he knew that Yang Chen was now a favorite in front of Emperor Bai Wei. Although he was in the Heaven Martial Realm, he still couldn't put on airs in front of Yang Chen.

As soon as Yang Chen arrived, the envoy said with a smile, "Young friend Yun Fei, are you here to see Ancestor?"

"Yes, I hope the envoy could inform him." Yang Chen replied.

The envoy immediately showed a smile, thinking that Yang Chen was polite and said nothing more. When Yang Chen mentioned informing, it showed that he was giving the envoy enough face. At least, it meant that Yang Chen was thinking of him in his heart. If Yang Chen didn't take him seriously, he could just go in directly, and no one could stop him.

This act of informing was a representation of the envoy's value.

How could the envoy not give face? He immediately laughed and said, "Young friend Yun Fei, you're joking! To see the Ancestor, you don't need to inform him. Just go in!"

"If that's the case, thank you, Envoy Senior." Yang Chen said, exchanging a few pleasantries before entering the cave.

Emperor Bai Wei did not exude an oppressive aura, allowing Yang Chen to enter the cave smoothly.

"You have arrived," Emperor Bai Wei's voice came from afar.

Entering the cave, Yang Chen saw Emperor Bai Wei sitting on the cushion and quickly said, "Junior pays his respects to Emperor Senior!"

"Well, Yang Chen, since you're here, I will arrange a task for you. It will ensure that you can leave smoothly!" Emperor Bai Wei said calmly.

Upon hearing this, Yang Chen's eyes lit up, and he couldn't help but say, "Thank you, Emperor Senior!"

Emperor Bai Wei arranging a task for him meant he could use the task to protect himself. This already showed the kindness of Emperor Bai Wei. Otherwise, if he were to simply let Yang Chen leave, there would be no way for Yang Chen to do anything.

Emperor Bai Wei calmly said, "Hundreds of years ago, when I had not yet become an emperor-level powerhouse, I went out for training and founded a sect called 'Luosheng Gate'. Bai Luosheng's name has some connection to this."

Yang Chen listened quietly, not knowing what Emperor Bai Wei meant.

Emperor Bai Wei continued, "Unfortunately, although I founded it myself, the sect is a sect after all and does not carry the blood of my Bai family. So, after I became the emperor, I let it fend for itself. However, to my surprise, Luosheng Gate still exists hundreds of years later. Now, Luosheng Gate is far

from Changfeng County, and its location is close to the Central Region. Its power there is neither strong nor weak.”

“Emperor Senior means...” Yang Chen couldn’t help but ask.

“You are now a sought-after person in the Bai family. Bai Zang and Bai Yudi, those two old fellows, are always watching you. If I let you go so easily, they will surely become suspicious. So, I have to arrange a suitable task for you. The key to the task lies in Luosheng Gate!” said Bai Wei.

“What does Emperor Senior want me to do?” Yang Chen asked calmly.

Emperor Bai Wei stood up, put his hands behind his back, and said, “Since you are under my command, it’s only natural for you to take charge of Luosheng Gate, which I founded. Using training as an excuse, nobody will say anything or notice anything. Luosheng Gate has been without a leader for a long time. As soon as you go there, no one would dare to not let you be the sect leader. However, there are some things I need to make clear to you as well!”

Yang Chen nodded and said, “Please explain, Emperor Senior!”

“The internal relations of Luosheng Gate are complex, and I haven’t returned there for a long time. Although my deterrent power can still work, you should understand the saying that the distance makes the emperor’s power remote. There are powerful beings in the Earth Martial Realm inside Luosheng Gate, and they have ambitions that may not necessarily take my words seriously. After all, I only sent a message, and I didn’t appear in person. In short, if you can use this power well, it can protect you. If you can’t use it well, it might lead you to an irreversible land. Do you understand what I’m saying?” Emperor Bai Wei stared at Yang Chen, wanting to see his reply.

This young man had an amazing talent, but he didn’t know how he fared in other aspects.

He initially thought he would be disappointed, but Yang Chen turned out to be surprisingly calm, nodding and saying, “I understand what Senior is saying, and I thank you for arranging such an identity for me.”

“No need to worry, it’s just a small favor. When you leave for Luosheng Gate, whether with your identity as Yang Chen or Bai Yun Fei, take the token I give you. It can represent that you were sent by me. From then on, you will have nothing to do with my Bai family. In the future, whether you want to stay in Luosheng Gate or go to other places, it will have nothing to do with us!” said Bai Wei.

When Yang Chen heard this, he took a deep breath and said, “Yes, Yang Chen will remember!”

Emperor Bai Wei wanted to say something else, but thousands of words turned into a sigh.

He finally said, “Yang Chen, let’s not talk about idle matters anymore. In this Storage Bag, there is the location of Luosheng Gate and some miscellaneous items you might need on the way. Keep them with you, and they might be of help to you on your long journey. Tomorrow evening, you will take action, and I have already arranged everything for you.”

With that, Emperor Bai Wei handed Yang Chen a Storage Bag.

Yang Chen took the Storage Bag, scanned it with his divine soul, and saw that there were quite a few treasures inside, which were incredibly useful for his journey.

Feeling touched, he couldn’t help but thank him, “Junior will always remember today’s kindness from Emperor Senior!”

“Hehe, if you can remember that I am helping you instead of chasing you away, it proves that I haven’t misjudged you, kid. Alright, we should never meet again, and from now on, we should not mention each other to others. You go.” With a wave of Bai Wei’s hand, his True Qi stirred, directly pushing Yang Chen out of the cave mansion.

“Young Friend Yun Fei,” the envoy looked at Yang Chen in surprise, “You’re out so soon?”

Yang Chen smiled faintly and said, “Yes, the emperor gave me some instructions, and I hurried out. Speaking of which, it’s getting late, Envoy Senior, so I bid you farewell.”

As the envoy watched Yang Chen leave, he couldn't help but sigh, "Such a young age, with powerful strength, amazing talent, and polite manners, our Bai family is truly fortunate."

He watched Yang Chen leave, oblivious that Emperor Bai Wei was also watching Yang Chen as well.

However, their thoughts were different.

"Yang Chen, oh Yang Chen, Ling Nvzong's pursuit of you is of great significance, much more terrifying than other superpowers. I hope you can survive." Emperor Bai Wei closed his eyes, sat down on the cushion to cultivate, and said nothing more.
