

Supreme Pupillary Master: Peerless Eldest Miss

11: Chapter 11 Who Took Advantage of Whom 11: Chapter 11 Who Took Advantage of Whom Editor: Henyee Translations "Cough, cough, cough!"

Someone really does have substantial assets!

Luo Qingtong tried hard to pull her eyes away from the other person.

But the rich presence of that person kept making waves in her mind!

This is just maddening!

Her lifelong reputation!

You should know, although Luo Qingtong usually has a sharp tongue and seems charmingly devilish and strong, this was actually the first time she's seen that part of a man!

The feeling is truly indescribable!

Clearly, she was the one being taken advantage of, yet she had nowhere to complain and inexplicably felt guilty.

Unbelievable!

But even so, her hand gripping the jade hairpin, pressing against the other's nether region, remained steady without a trace of laxness!

No matter who took advantage of whom, she's definitely not letting go now!

The power in the spring water was being absorbed rapidly.

Luo Qingtong's strength was also quickly recovering.

Feeling the surge of power within her, Luo Qingtong squinted her eyes with a smile.

But soon, she restrained her smile.

Because she felt that the dangerous aura from the man was getting stronger.

Her injuries had healed, which probably meant the man was almost recovered as well.

Luo Qingtong figured the people outside should have gone far, so she prepared to leave immediately.

After all, she had just forcefully held this seemingly extraordinary man by the spring, threatened him a bit, and even teased his little brother...

alright!

That was an accident!

But he obviously didn't believe it!

Oh, and she also took his healing spring water!

Luo Qingtong calculated in her mind that if she were in his shoes, the first thing after recovering would be to teach her opponent a good lesson immediately!

She better leave quickly!

Thinking so, she stowed away the jade hairpin and elegantly pinned it back into her hair, then leaped gracefully from the spring water.

"Bye-bye!

Handsome, we part ways here, and we shall meet no more!

This bit of compensation, take it to calm your nerves!

Also, I really touched you just now by mistake; it wasn't on purpose to tease you!"

This remark directly caused Ye Qianming, who had been focusing on assessing his internal injuries with his eyes closed in the spring water, to open his eyes immediately, glowering at her with a cold and angry gaze.

"Haha..." Luo Qingtong gave a dry laugh, waved at him, and muttered under her breath, "Why so serious!"

Although I saw you completely, I also suffered a loss!"

That thing is so ugly, who wants to look at it!

Although the male charms are okay, they don't include that thing!

This comment successfully made Ye Qianming's face change completely.

"Good!"

Very good!"

Luo Qingtong assumed no one could hear her ranting, unaware that Ye Qianming heard it all!

This woman saw him naked, yet felt like she had lost out?!

Ye Qianming glared angrily in the direction Luo Qingtong had left, the flames of anger in his eyes burning even hotter than the fiery clouds in the sky!

Especially after seeing the so-called compensation Luo Qingtong tossed his way, his gaze turned even more furious.

Those were things Luo Qingtong scavenged off those Black-clothed Men, considered quite decent in Dongli Country.

But for Ye Qianming, it was inferior even to the rubbish found on the street.

This is the compensation that woman gave him?

Ye Qianming laughed in anger!

Never before had any woman treated him in such a way!

No woman dared to come close to him, nor did he allow any near him!

That woman just now was unbelievably audacious!
