Eliminate harm for the people!

Fellow heroes!

It's all up to you now!

Luo Qingtong dashed quickly past the location of the soul masters and Martial Emperor experts.

Before she could catch her breath, she instantly heard a series of screams from behind.

Soon after, waves of intense attack aftermaths came from behind, one after another.

She looked back and instinctively gasped!

Oh my gosh!

In her Pupil Vision, the soul masters and Martial Emperor experts were swatted like flies by the Jie Tian Divine Beast, flying with just a few sweeps of its tail!

Instantly, they became the brightest star in the far distance!

Who knows if they left any whole bodies behind!

Is this Jie Tian Divine Beast just too strong?!

Luo Qingtong felt a twinge in her teeth.

Seeing those red-golden pupils looking over at her again, she quickly twitched her lips and hurriedly fled forward!

But running away like this is not a solution!

This Jie Tian Divine Beast is too formidable!

A Divine Beast!

And an adult one!

If it weren't for her Pupil Skill, Luo Qingtong would have died long ago!

Even with the Pupil Skill, she can't use it indefinitely!

Her spiritual power is limited!

And the Jie Tian Divine Beast is clearly getting closer!

Luo Qingtong looked at the approaching shadow, and immediately tightened her grip on the little fat pig in her hand!

"I'll give you three breaths to figure out a way to deal with this Jie Tian Divine Beast!

Aren't you supposed to be the Ancient Divine Pig?

Hurry up and display your divine power!"

Concubine can't do it!

The expression on the Little Fragrant Pig's face clearly conveyed this message!

It said with a look of indignation, "I've already told you my strength is sealed!

If I could do it, would I have needed to make a contract with you?"

It can still use some strength, but it can't beat the opponent!

Otherwise, why would it urge her to run earlier!

"Then just wait to die!

I'm going to throw you out now!

Maybe if it gets you, it won't chase me!" Luo Qingtong gritted her teeth.

Even though she knew this possibility was very small, after all, she already contracted with this pig!

The Jie Tian Divine Beast might not let her go.

But who knows unless you try?

"Ah?

No!" Seeing Luo Qingtong's expression turn cold, Little Fragrant Pig shouted at the top of its lungs.

"Alright!

At this point, I can only sacrifice the small me to save the bigger me!" it said with a martyr-like demeanor.

"..." Luo Qingtong looked at it skeptically.

How does this pig not look like it would do such a thing, no, pig?

"This way!" Little Fragrant Pig lifted a hoof to the right.

"I'll trust you this once!"

The lives of both the person and the pig are tied together.

Luo Qingtong could only trust it!

If it dared to deceive her, she would tear it apart and throw it to the Jie Tian Divine Beast!

"Swoosh!"

Under the guidance of Little Fragrant Pig, Luo Qingtong swiftly darted forward and then made a sharp turn.

"Left turn, right turn, then another left turn!"

Following its instructions, Luo Qingtong gathered her strength and ran desperately forward.

She could feel the speed of the power circulating inside her body getting slower and slower, almost exhausted!

Dammit!

Forgot to account for the strength of this body!

Her Pupil Skill can still hold, but the strength inside this body can't keep up!

Luckily, Luo Qingtong herself is an Alchemist!

Holding her breath, she grabbed a few energy-restoring herbs along the way, quickly crushed them into medicine liquid, swallowed it, and barely restored a bit of strength.

"How much longer?!" she asked through gritted teeth.

If it continues like this, she wouldn't hold on!

"It's here, it's here!"

"The savior is right ahead!" the Little Fragrant Pig pointed forward with its hoof.

Luo Qingtong looked up and instantly felt like strangling it!
