40: Chapter 40: Legacy?

Not Interested!

Editor: Henyee Translations "Blind in the eyes but not in the heart, what's so hard about breaking the formation?"

She said lightly.

"Hahaha!

Good!

Interesting!

A blind eye but a heart that sees!

I like straightforward girls like you!

Much better than those who call me 'senior' in respect but secretly wish me dead!

Hahaha!"

The man's voice was very sinister, with a touch of madness, but Luo Qingtong did not speak.

Whether the other party was a madman or not had nothing to do with her.

"Little girl, looking at you, you must have been harmed by someone, right?"  
The man laughed a few times, then his tone suddenly changed, looking at her with a sinister voice.

"The poison in your eyes won't last more than twelve hours!

Your clothes are exquisite and gorgeous, but they're tattered!

It seems you've been schemed against by someone, and it's someone close to you."

The voice sneered coldly.

"So what?"

Sooner or later, I will return it all."

Luo Qingtong said coldly.

Her embarrassment was not something anyone could see.

"Haha!

Good!

Return it all!

I like arrogant little girls like you!"

The voice went mad again.

The next second, his tone suddenly shifted.

"Little girl, seeing as we are fated, do you want to inherit my sect's legacy?

I don't ask you to do anything, just to clear our name of the Slaughter Immortal Palace in the future!"

"Not interested."

Luo Qingtong's voice was indifferent.

This old man, digging a hole for her to jump in?

The name of the Slaughter Immortal Palace had such a fierce aura, it was either an evil cult or had been wronged!

If keeping their name clear was required, it was obviously the latter!

Seeing the grand momentum when that magnificent palace appeared, along with that powerful Jie Tian Divine Beast, their enemies were definitely not ordinary!

She would be mad to take on such a big trouble!

"Hahahaha!"

Her words seemed to make the voice even happier!

"Good good good!"

I didn't misjudge you!

If you had said you wanted it, you'd already be a corpse by now!

Hahaha!"

The voice was crazed, half laughing half crying, sinister and sharp, sending chills down one's spine.

Luo Qingtong was not bothered.

She had heard sounds a hundred times scarier than this before, what was this?

"Little girl, you are great!

I am very fond of you!

Don't be in a rush to refuse!

Do you know what kind of existence our Slaughter Immortal Palace is?

It is the Holy Land of the Immortal Sect!"

"Once you gain the legacy of our Slaughter Immortal Palace!

No one here can stop you!"

"The Northern Seven Wilds, the Three Islands of Penglai!

These entities you revere as gods are nothing in front of our Slaughter Immortal Palace!"

As the voice spoke, it became more and more arrogant!

Luo Qingtong didn't want to tell him that she didn't understand a word of what he was saying!

The original owner's memory didn't have any of these things.

However, the Holy Land of the Immortal Sect sounded quite formidable!

Too bad, my destiny is controlled by me, not by heaven!

Whatever she wanted, she would get herself!

What she didn't want, no one could force on her!

"Old man, save your breath!

I'm really not interested in your Slaughter Immortal Palace's legacy, so please open the door and let me out.

I bet many people are rushing over here right now; there must be someone who suits your taste better."

This big trouble, she'd rather respectfully decline.

"No way!

I've set my eyes on you!"

The voice almost exploded in anger at her words.

That little brat!

Had everything he just said been spoken in vain?!

"Do you even know the benefits of inheriting our Slaughter Immortal Palace's legacy?

It could make you stand atop this world!"

And have your enemies from a more powerful world chase her down?

No thanks!

She really didn't need it!

Luo Qingtong's eye twitched, just about to speak, when the old man's voice rang out again.
