

# ALMIGHTY SWEET QUEEN IS REALLY RICH!

## Chapter 10: Spending Money to Chat with My Son

However, wearing school uniforms is not allowed during the high school entrance exams and college entrance exams.

So when Chu Lianxin looked at the white T-shirt that Su Li was wearing, her eyes were full of mockery.

Probably another cheap shirt for ten bucks, right?

Su Li, that pauper!

She felt extremely pleased inside. Su Li's current bad luck is karma for occupying someone else's nest for eighteen years!

Xu Haohao shouted with a gloomy face, "Zhong Anni, mind your own business!"

Chu Lianxin and Zhong Anni exchanged a smile, covered their mouths, and left.

Once the two women left, Xu Haohao and the drowsy Lu Xiaomian looked worriedly at Su Li.

"Xiao Li, let me give you some money first to buy some clothes, otherwise you'll be laughed at during the class gathering for the college entrance exam the day after tomorrow." Xu Haohao said with concern.

Although Xu Haohao's family was well-off, their family dynamics were complicated, and her parents hardly gave her any pocket money.

Su Li smiled and said, "It's alright, I can handle it myself."

The Chu Family's little princess has fallen, who knows how many people at Longhua High School are waiting to laugh at her.

Su Li bid farewell to Xu Haohao and Lu Xiaomian, then went to the bank. Looking at the nearly explosive numbers on the screen, Su Li felt a wave of dizziness.

She was really rich...

But... this money wasn't hers; it belonged to the future Feng Huaijin. Spending it felt weird for Su Li.

Su Li took out her phone and sent a WeChat message to Tuanzi, quickly inquiring about the situation between her and Feng Huaijin.

Seventh Master Feng would fall in love with her and marry her? This was simply unbelievable!

Feng Huaijin wasn't even her type!

[Tuanzi Loves Mama Most: Daddy and Mama never got married. Daddy and Mama accidentally ended up having Tuanzi.]

Upon seeing this response, Su Li felt her head spinning. In the future, she and Feng Huaijin weren't even in love? Feng Huaijin wasn't even her husband?

Then why did she keep calling him her husband before...

[Tuanzi Loves Mama Most: But Daddy gave eighty percent of his assets to Mama. Both Mama and Daddy passed away half a year ago, the bad uncle burned everything Mama owned, and only this hundred billion and me are related to Mama.]

[Tuanzi Loves Mama Most: Uncle King helped Tuanzi open a space-time channel so Tuanzi could chat with Mama. But if Mama doesn't spend money, Tuanzi won't be able to message you in the future T^T But Mama, this money can't be donated, donating won't generate space-time energy.]

Su Li looked a bit confused, so she sorted it out.

In the future, without love, she and Feng Huaijin had a cute baby named Tuanzi, Feng Huaijin gave her a hundred billion US dollars as compensation, but both she and Feng Huaijin died?

A bad guy burned all her possessions in the world, and in a few years, only Tuanzi and the hundred billion are related to her!

So, she has to keep spending money to continue sending WeChat messages with Tuanzi?

Su Li carefully looked at Tuanzi's profile picture, which was blank. When she opened his Moments, there was no information at all.

Su Li tried to initiate a voice call, but it was instantly disconnected, and WeChat notified her: "No signal."

Su Li discovered she could only send WeChat text messages to Tuanzi!

She couldn't even view Tuanzi's profile picture, Moments, voice messages, or voice (video) calls!

Does she really have to keep spending money to continue chatting with Tuanzi?

Su Li felt distressed; spending money was such a hassle.

However, Su Li was a bit perplexed. Why would the future Feng Huaijin, who didn't like her, give her eighty percent of his assets?

[Tuanzi Loves Mama Most: So, Mama, keep it up, spend money to make Daddy like you. Then our family can happily be together in the future. Tuanzi really wants to go to the amusement park with Daddy and Mama.]
