

ALMIGHTY SWEET QUEEN IS REALLY RICH!

Chapter 5: Your Eyes Are Really Beautiful

Feng Huaijin?

Su Li locked eyes with the man's calm gaze, suddenly screaming: "Feng Huaijin? Seventh Master Feng of An City?!"

Feng Huaijin seemed quite satisfied with her horrified expression, his breath falling on her face as he chuckled playfully: "You know me?"

Su Li was scared to tears.

Of course!

Even though she lived in Jiang City, a third-tier small city, she had heard of Seventh Master Feng.

Haohao kept talking about the Feng Family's news by her ear all day.

The Feng Family, a top-tier noble clan of An City, had numerous family members, among whom the most widely discussed was this Seventh Master Feng.

Playful and unruly, ruthless and merciless, a super Great Demon King.

Su Li trembled in fear, wondering how she could have a child with such a man. Could Tuanzi really not be lying to her?

The man's finger slid to her eyes, and his thin lips curled slightly: "Your eyes are really beautiful."

Seeming to shimmer with a faint purple glow.

Su Li was so terrified that she immediately shut her eyes, blocking out Feng Huaijin's probing gaze, not letting him see the abnormality in her eyes.

Feng Huaijin's finger stroked her eyelid, lightly saying: "I once encountered a pair of eyes even more beautiful than yours."

But he never saw them again, no matter how long he searched.

Su Li stiffened, not daring to breathe.

The man seemed to have gotten bored and sat up.

Su Li remembered she had to take the high school exams and hurriedly got up.

She cautiously looked over, Feng Huaijin picking up clothes nearby and putting them on; even the act of dressing held a touch of elegance on this man.

Smug just by birth made others feel inferior by comparison.

Su Li quickly lifted the quilt, looked at the hotel's white sheets, and found nothing peculiar.

Waking up from Feng Huaijin's bed, Su Li almost thought she had been... by him.

He still has some conscience.

Su Li picked up her mobile phone nearby, checked the time, her face turning pale: "It's ten past eight! I have to take the high school exam today."

The teacher kept emphasizing warnings, arriving at the examination room forty to fifty minutes early, but she had just woken up!

Su Li hurriedly scrambled up from the bed, and in a rush dashed into the hotel bathroom to freshen up, taking less than ten minutes in total.

"Let's go." Feng Huaijin turned back, grinning enigmatically at her.

Go?

Where to?

Feng Huaijin reached out to grab her, pulling her to walk outside, "Last night you saved my life, I'll take you to the exam venue."

Su Li, thinking of the high school examination, didn't care that he was the rumored Great Demon King, immediately got into Feng Huaijin's car.

"To Jiang City No. 1 High School's exam point." Feng Huaijin instructed the driver again, "Speed up, quickly."

"...Alright, Brother Qi." The young man looked at Su Li through the rearview mirror with a peculiar expression.

...

At the high school exam venue entrance, candidates steadily entered the exam center.

A pair of well-dressed middle-aged couple stood at the entrance, craning their necks, their brows filled with concern.

"Dad, Mom, you don't need to wait for sister." Chu Lianxin concealed the smugness in her eyes, saying.

Chu Lianxin smirked scornfully, who knows if Su Li, that little slut, is still lying with the restaurant manager, why would she come to take the high school exams?

"Sister is really something, daring to casually be late for such an important event like the high school exams, unnecessarily worrying you two, Dad and Mom."
