

ALMIGHTY SWEET QUEEN IS REALLY RICH!

Chapter 9 - 09: So Poor That Only a School Uniform Remains

As Su Li walked into the exam room, the boys inside couldn't help but glance at her a few more times.

With her soft, shoulder-length hair, a small face with delicate features, and a rosy cheeked face untouched by makeup, her luminous eyes blinked gently under long lashes, exuding an inexplicable allure.

What a beautiful girl!

The invigilator coughed a few times, then began distributing the exam papers after hearing the cue.

Su Li took a deep breath, picked up her pen, wrote down her name, and began the exam.

This college entrance exam had a standard structure, and Su Li thought she did well.

The two days of exams quickly passed.

Perhaps Tuanzi knew that Su Li was taking the college entrance exam and didn't want to disturb her, so no messages were sent during this time.

After the last English exam, Su Li successfully walked out of the exam room and couldn't help but look around.

A girl with long hair was supporting another girl with a tidy bob and glasses, who seemed half-asleep, as they approached.

Her close friend Xu Haohao said to Su Li, "How did it go? I thought it was really hard." As Xu Haohao spoke, her small face wrinkled up.

Su Li casually replied, "Not bad," and her gaze fell on the sleepy girl beside her, "How did you do, Xiao Mian?"

Lu Xiaomian lifted her glasses, rubbed her sleepy eyes, yawned, and obediently replied, "I didn't finish."

"I was too sleepy, did two-thirds and then slept."

Su Li and Xu Haohao were already used to this.

These were her close friends, Xu Haohao and Lu Xiaomian, along with another friend named Zhao Xiaoyan.

All four of them attended Longhua High School.

Xu Haohao was in the humanities class like her, but her grades were generally average, and she always seemed unlucky.

Lu Xiaomian was a gentle, slow-paced person who loved to sleep all day due to a lack of energy, never completing a test paper before dozing off. However, her grades never dropped out of the top ten in her year.

"Ha, serving a man all night, and you still have the energy to take exams these past two days, Su Li?" A sharp voice suddenly came from behind.

Su Li turned her head and saw Chu Lianxin and Zhong Anni coming out.

Su Li's lips curled up as she flashed a radiant smile: "Chu Lianxin, the dirtier you are, the dirtier you find others."

Chu Lianxin was momentarily stunned, her face turning red with anger:
"You—"

Zhong Anni shouted from the side: "Su Li, you're not a daughter of the Chu Family anymore, how dare an imposter like you act superior in front of the real deal?"

Xu Haohao, supporting the sleepy Lu Xiaomian, immediately retorted: "Zhong Anni, don't forget how you used to grovel like a sycophant in front of Xiao Li!"

Zhong Anni's face turned pale, her fingers tightly clutching her palm, wishing she could grind her teeth to pieces.

She used to like fawning over Su Li, but she couldn't understand why Su Li would be best friends with Xu Haohao, Lu Xiaomian, and that Zhao Xiaoyan, treating her as just an ordinary friend!

Su Li used to humiliate her, and now she finally had the chance to turn the tables.

Zhong Anni snorted and said, "Now that the college entrance exams are over, the whole class is having a party the day after tomorrow. Su Li, don't show up in your school uniform this time."

Chu Lianxin couldn't help but chuckle, a hint of schadenfreude flickering in her eyes.

After being taken back by the Chu Family, Chu Lianxin whined to make Su Li move back to the Su Family residence. Then, she immediately threw all of Su Li's clothes into the garbage dump.

Now Su Li was so poor she only had one set of school uniforms.

Since it was summer, the summer school uniform could be washed at night and dried by the next morning!

Truly pitifully poor!
