

Swordsman 1111

Chapter 1111: Acquaintances

Jian Wushuang flew alone at a comfortable pace, passing the never-ending lofty mountains below.

He was using the Scarlet Eye Secret Skill as it gave him a broader view.

"To think there's such a peculiar elixir in the world." He appeared bewildered as he contemplated the existence of Life Elixirs.

"Humph! What's so surprising about them?" Gu King asked coldly. "You're so short-sighted. No one in the Eternal Chaotic World would even blink because there are so many more powerful ones there."

"Yes, but I'm now in the Green Fire World. Life Elixirs will be a great help to Green Fire Palace." Jian Wushuang retorted.

After all, one Life Elixir could create a Celestial Master.

If they found hundreds of Life Elixirs here, Green Fire Palace would welcome hundreds of new Celestial Masters. It would greatly enhance the might of the palace.

"Oh right. Life Elixirs could help people to integrate different Daos and create Dharma Bodies. Can I use it when I'm ready to become a Celestial Master in the future?" Jian Wushuang asked.

"You? It's impossible." Gu King laughed.

"Why?" Jian Wushuang was confused.

"It's true that Life Elixirs can help one become a Celestial Master but one's Dao will determine the chances of success in breaking through. If your three Dao are merely in the General Level, then I can say with certainty that the elixir can help you become a Celestial Master."

"However, if one of two of your Daos are in the Universe Level, your chances drop to 80 or 90 percent. If they're in the Creation Level, your chances are less than 50 percent!"

"You should at least develop the Strongest Sword Principle if you want to be a Celestial Master and form your Dharma Body. Life Elixirs have little effect on you, so it's impossible for you to become a Celestial Master with just the elixir," Gu King added.

"I see." Jian Wushuang smiled wryly.

He was unaware that Life Elixirs had a bearing on the level of Dao he had developed.

"Either way, I should try my best to get more Life Elixirs," Jian Wushuang said, clenching his hands.

He continued to fly above the mountains to search for the elixirs.

Five days had passed since.

"Hm? This smell..."

Jan Wushuang stopped midair when he smelled the unmistakable fragrance of elixir. It originated from the spot beside him. The smell was unique as it was the smell of blood.

"Over there." Jian Wushuang looked in a particular direction and rushed over at once.

After a while, he saw two scarlet elixirs floating in the Void.

"Two elixirs? Looks like I'm in luck." Jian Wushuang was so excited that he rushed to grab the two scarlet elixirs.

However, when he looked at the elixirs in his hands, a strange feeling hit him.

"These are Life Elixirs? Such a strong smell of blood!" Jian Wushuang commented in bewilderment.

"Life Elixirs are made out of warriors' Essence Blood. Of course, they'll emanate the aura of Essence Blood," Gu King explained.

"I see." Jian Wushuang nodded.

The strong aura of the two elixirs also attracted an elegant man dressed in a golden armor. The man also rushed to the source of the aura but he was much slower than Jian Wushuang.

He arrived just in time to see Jian Wushuang putting the two Life Elixirs away.

"Two Life Elixirs?"

"Damn it! Someone got to them earlier and to make things worse, it's a Green Fire Palace expert!"

His face darkened and his expression twisted into one of anger.

Soon, he got a clear look at Jian Wushuang.

"It's him!"?He stopped in midair with a frown.

Jian Wushuang, who had just placed the Life Elixirs into his Interspatial Ring, also noticed the man's presence. He was surprised when he looked up and saw who it was.

It was the Jin Kingdom expert that he met under the stone pillar with the word "Kill" on it earlier, as well as the first Jin Kingdom expert that he met since entering the battlefield.

The man possessed the strength of an advanced Celestial Master and was strong even among his same-level peers. He was, at least, much stronger than the purple-haired, burly man whom he defeated three days ago.

"The Life Elixirs fell into the youngster's hands."?The man stared at Jian Wushuang, contemplating. He then shook his head.

In their previous battle, he was defeated and even lost an arm. Jian Wushuang was evidently as strong as he was. Now that he was alone, it seemed unlikely that he would be able to steal those Life Elixirs from Jian Wushuang.

The man turned around to leave after a brief contemplation.

Just as he was about to leave...

“Haha! Where are you going, all anxious like that?”

Jian Wushuang’s cheerful laughter reverberated in the air as he flew toward the man.

The man stopped in his tracks and turned around to glare at Jian Wushuang. “I know I can’t kill you and have no way of taking the Life Elixirs from you, so I’m leaving. What else do you want me to do?” he shouted.

“What else do I want you to do?” Jian Wushuang sneered. “The grudge between Green Fire Palace and the Jin Kingdom dictates both sides never stop until the other is exterminated! Since I’ve stumbled across you now, how can I allow you to leave with ease? Take this!”

Jian Wushuang charged at the man like he was a Flowing Light.

A sword essence came out in an instant.

“You madman!”

There was raging fury in the man’s eyes. He had chosen to leave, knowing that he could neither defeat Jian Wushuang or steal Jian Wushuang’s Life Elixirs.

However, he never expected that Jian Wushuang would provoke and fight him.

Where did the kid get the courage?

“I didn’t want to waste any energy battling you the last time, but did you think that I was afraid of you?” the man asked coldly. Golden light flared from within him as four arms materialized, all equipped with a massive golden hammer.

He swung his hammers at Jian Wushuang with a lighting-speed motion.

In just several decades, Jian Wushuang once again fought a fierce battle with the golden-armored man!

Chapter 1112: Second Battle!

“Bang!”

The golden-armored man swung the massive hammers with his four arms. The hammers promptly turned into four golden lights. The lights converged and formed a straight line that aimed at Jian Wushuang one after another. Each of the Flowing Lights carried a strong momentum, making them seem impossible to block.

“You almost outdid me in terms of offensive power the last time but it might not be the same this time.”

Jian Wushuang stared emotionlessly at the golden lights that were flying toward him. His Blood Mountain Sword began to react.

Ancient God Power poured into the sword, causing it to explode with a mighty power. Jian Wushuang then swiftly thrust it at the man.

Just then, the golden thunderbolt on the Level Three of Divine Yin Thunder poured into his sword.

“Clang! Clang! Clang! Clang!”

Following the noise of collisions, Jian Wushuang and the man almost flew backward at the same time.

The man was shocked. *“To think that he managed to rival me in a direct collision!”*

“Once again!” Jian Wushuang was eager to fight again. He charged at the man as soon as he regained firm footing.

“Humph! I’m not afraid of you!” the man cried. His pupils appeared to be turning red as he threw himself at Jian Wushuang as well.

They fought against each other again. Jian Wushuang demonstrated his swordsmanship while the man used his giant hammer.

They spared no effort to exercise their powers.

“Bang! Bang! Bang! Bang!”

Horrific explosions resounded one after another, sending shockwaves through the air. The world began to shake, impacting the endless mountains. Some mountains were split into several parts, while others were reduced to dust.

“Haha! How exciting!”

Jian Wushuang growled, looking incredibly excited.

On the other hand, the man became more frightened as the battle progressed.

“How is this possible? When we fought 10 years ago, we were equal in speed but he was much weaker than I was. But now... How did he become strong enough to rival me in just a short time?” the man murmured.

Most of their battle had revolved around the confrontations between their power and might, with minimal displays of killing moves. Even so, he had collided with Jian Wushuang so many times. How was it that he still did not manage to gain the upper hand in their battle?

“It’s only been a short 10 years! It’s not unlike he has become a Dao Master, so how did he achieve such great progress?” The man was trembling with fear deep inside.

Once one arrived at the Celestial Master level, every improvement in strength was the result of an arduous process. He was one such example, for he had barely improved even after tens of thousands of years.

However, Jian Wushuang’s offensive power had been greatly enhanced in just 10 years.

To make things worse, Jian Wushuang was a mere Eternal Realm expert.

“What a monster.” Though the man looked at Jian Wushuang coldly, he was already making plans to escape.

He abruptly waved his four arms and produced an amazing power, strong enough to throw Jian Wushuang backward. He then took the opportunity to retreat and run.

“He ran?”

Jian Wushuang stood in place, watching the golden-armored man leave.

He had yet to use all of his tricks. For example, he had not completely exercised his speed. However, he knew that he would not be able to kill the man even if he tried his best.

“In terms of strength, the man has reached the top level among all advanced Celestial Masters. However, I’ve reached the Level Three of Divine Yin Thunder, and therefore am stronger in overall strength. Therefore, I can defeat many advanced Celestial Masters.” Jian Wushuang smiled faintly to himself.

He never once thought of fighting the golden-armored man to death.

He merely wanted a real battle with the man to get an idea of his own strength.

He had fought against a burly man with purple hair, an advanced Holy Master with weak battle strength, but that man escaped soon after the battle began. That left him unsatisfied.

However, he was very happy with this battle.

“Let’s keep going!”

Jian Wushuang continued to fly around the mountains in search of Life Elixirs.

“Whoosh!”

A golden Flowing Light flitted across the air before stopping on the top of a mountain. It was the man who fought Jian Wushuang earlier.

That man was Qu Yang, a famed Celestial Master of the Jin Kingdom.

Out of the many advanced Celestial Masters in the kingdom, he was strong enough to place fifth. He was absolutely one of the advanced Celestial Masters in terms of strength.

However, his current expression was grave. “Jian Wushuang... How did his strength increase so sharply in such a short time?”

“If he continues improving at such a rate, won’t he be the next Sunrise Sword Emperor?”

“We must keep a close eye on Jian Wushuang in the future!”

Therefore, Qu Yang immediately reported this to the high-level experts of the Jin Kingdom.

“I met a peerless genius from the Green Fire Palace called Jian Wushuang. He seems like a mere Eternal Realm expert but he’s talented indeed. Perhaps he’s using some kind of Secret Skill to hide his aura. When I met him last time, he used all sorts of skills to fight me but barely escaped with his life intact. Back then, his offensive power was much weaker than mine!”

“10 years later, when I meet him again today, his offensive power is on par with mine. He has greatly improved his strength.”

“We must kill someone this talented as soon as possible. Otherwise, he might turn out to be a formidable force of the Green Fire Palace.”

The high-level experts of the Jin Kingdom soon received the news.

Concerned as they were, they immediately ordered their experts hiding in the Green Fire World to investigate Jian Wushuang.

However, those experts faced a lot of limitations in the Green Fire World. Some of them might have information on Jian Wushuang but they had few opportunities to deliver their messages as they could not show up in public.

Therefore, those high-level experts could not get details of Jian Wushuang so soon.

Still, they sent messages to the other experts on the battlefield, requesting them to look out for a Sword Principle expert in the Eternal Realm and kill him if a chance presented itself.

Chapter 1113: Seventeen Years

Jian Wushuang’s name eventually came to be known among many Jin Kingdom experts who had been fighting on the battlefield.

“Isn’t Jian Wushuang someone who appears to be a mere expert of Sword Principle at the level of Eternal Realm? Yet his strength can rival an advanced Celestial Master, enough to make Qu Yang hold him in high regard?”

“I think he’s probably a Celestial Master. He can’t be a mere Eternal Realm expert.”

“Well, the world is full of wonders. He has only reached the level of Eternal Realm, but it’s entirely possible that he has come across some great fortune or possessed some special skills that gave him access to greater power. That would explain everything.”

Everyone had different opinions upon hearing the news about Jian Wushuang.

Meanwhile, when the Celestial Masters from the Jin Kingdom residing in the mountains that contained Life Elixirs heard the news, their expressions turned grim.

“Since Jian Wushuang has arrived in this area, it’s possible that we’ll run into him. We should be careful.”

Two medium Celestial Masters from the Jin Kingdom were discussing Jian Wushuang. “You’re right. If Qu Yang holds him in high regard, he must be on the same level as Qu Yang. Perhaps he has even surpassed Qu Yang. Considering our strength, we best be on guard if we run into him,” one of them said.

Of course, there were those who did not take the matter seriously.

One vulgar man standing in the middle of mountains sneered. “Jian Wushuang? Humph! I don’t care if he’s in the Eternal Realm! I better not see him or I’ll crush him into pieces.”

“Peerless genius? Even with such great talent, he’d be nothing once dead,” a graceful girl clad in golden armor said coldly.

Jian Wushuang’s name became widespread in the Jin Kingdom after high-level leaders spread the news.

However, Jian Wushuang was blissfully unaware of it. He continued to explore the area, looking for Life Elixirs all alone.

Occasionally, he would encounter Jin Kingdom experts and would never hesitate to fight and try his best to beat them. Even if he failed, he considered it a chance to practice his swordsmanship through fierce battles.

No opponent, except for Celestial Masters of the Exceptional Realm or a team of several advanced Celestial Masters, could threaten him. He was now stronger than ever.

In fact, those experts could only hurt him. They would be daydreaming if they thought they could kill him.

He was so confident in his strength that he had no qualms about openly flying around the mountains.

Before he knew, he had remained in this area for 17 years.

In the beginning of his time here, so few experts came to the area that it was highly unlikely for him to run into them. It also gave him a better chance of finding Life Elixirs.

Later on, however, more and more experts arrived. Obviously, it became easier to run into them and thus, the higher the chances of battle.

Now, he would essentially encounter an expert a month. He chose to fight each time, given that his opponent was not terribly strong.

In the past 17 years, he had fought dozens of fierce battles of varying magnitude in this area but killed only two in the process. Even then, it was their arrogance that led them to their death.

Besides experience gained from those battles, he also managed to acquire 11 Life Elixirs.

He found eight Life Elixirs on his own and obtained the rest from the two experts who had been killed off.

He could use those elixirs to create 11 Celestial Masters. If he were to pass them to the Fire Points Exchange Office, he could get 110,000 Fire Points in return. It was a great harvest for him.

“While these Life Elixirs are precious, the experience I gained for my Sword Principle within these 17 years is far more valuable.” Jian Wushuang flew slowly as he talked to Gu King.

There was a trace of a smile on his face. He was obviously pleased.

“Since you’ve developed three Daos of the Creation Level, your next step is to figure out a way to advance one of them to the strongest level,” Gu King said.

Jian Wushuang was stunned. “The strongest Sword Principle...”

Before he entered the battlefield, he had pushed both the Coalescence Sword Principle and Speed Sword Principle to the Creation Level. The Scarlet Yang Sword Principle remained at the Universe Level. However, he had discovered the method to break through into that level when he was in Tai Qing Palace.

While fighting alone on the battlefield all these years, he had also been meditating and working on the Scarlet Yang Sword Principle. He fought more Jin Kingdom experts than ever, especially after coming here. As a result, he eventually found the breakthrough for the Scarlet Yang Sword Principle.

Now, this Dao had completely combined Yin and Yang to form the Yin-Yang Sword Principle.

The Yin-Yang Sword Principle was the last of his Daos to be at the Creation Level. Not only did the power of his Sword Principle that he could exercise increase, but his overall strength had also improved significantly.

"I spent a lot of time and energy advancing the Daos to the Creation Level. God knows how long it will take if I want to further it to the strongest level." Jian Wushuang laughed while shaking his head.

"It's essentially difficult to develop the strongest Sword Principle since one at the Creation Level can hardly match up to it. Your father entered a Secret Land and cultivated for 100,000 years to complete this. Moreover, he also has an advantage in having the body of a Sword Spirit and exceptional talent. You're equally talented, but your cultivation time is still too short!"

"So, take it easy," Gu King said.

"I'm not too worried about advancing my Sword Principles but I won't be able to make a realm breakthrough if I don't develop a strongest Sword Principle. In fact, I can become a Dao Master right away, but I have to suppress it on purpose. It isn't exactly easy for me," Jian Wushuang said with a wry smile.

He had long met the requirements of becoming a Dao Master but he was ambitious. He wanted to first develop the strongest Sword Principle and made it his foundation. Doing so would mean that his potential and strength could go even further in the future.

"Hang in there. If you want to make progress, you must suppress your own realm. But you needn't worry about it much. You'll be able to break through your bottleneck once any of the three Sword Principles reaches the strongest level," Gu King explained.

"You only need to make one Sword Principle your foundation in order to become a Dao Master. Once you've made your choice, you won't be able to improve the chosen Sword Principle anymore but you can still work on the other two."

Chapter 1114: A Huge Commotion

Hearing those words, Jian Wushuang nodded in agreement.

He was very ambitious. If possible, he wished to advance his three Sword Principles to the strongest level. He could then integrate them and create an unprecedented Dharma Body.

However, he knew what a challenge it would be. Right now, he only wished to develop the strongest Sword Principle as his foundation and become a Dao Master. His strength would surely skyrocket afterward.

That feat was much easier said than done.

"Take it easy." Jian Wushuang tried to comfort himself.

Just as he was stewing in his thoughts...

"Buzz!"

Out of nowhere, a mighty aura erupted in the middle of the mountain range.

The moment it did, a rich aroma of elixir wafted out and began to fill the area. The Celestial Masters who were looking for Life Elixirs in the same area were shocked by the unexpected phenomenon.

"What happened?"

"The scent is so strong! How did it permeate the entire area?"

"Something big must have happened!"

...

Jian Wushuang also caught wind of the situation and his expression immediately turned serious.

"If I'm not mistaken, it must be the birth of a precious treasure! It could very well be some sort of elixir-related treasure. Go and have a look!" Gu King urged in a low voice.

Jian Wushuang nodded in response, and then quickly headed toward the source of the scent.

Simultaneously, other Celestial Masters from Green Fire Palace and the Jin Kingdom had also rushed over to the same spot.

Everyone knew that a rare treasure must have arrived for it to cause such a commotion.

It was likely that the treasure had something to do with the Life Elixirs that were scattered throughout this area.

Undoubtedly, the treasure had sparked the interest of many.

The scent could be traced to the center of the mountain range.

It took Jian Wushuang three days to arrive on the scene. Once there, he was surprised to find that the dense scent showed no signs of dissipating even after so many days.

He hovered high above as he overlooked the land before him. The ground had collapsed and sunk in to form a sinkhole. A faint golden light could be seen peeping out of the sinkhole. That was where the smell came from.

"As expected, a treasure has arrived," Gu King said excitedly.

"The treasure caused such a huge commotion and its scent hasn't dissipated even after three days. I wonder what it is," Jian Wushuang said, looking doubtful.

Just then, three figures flew toward Jian Wushuang and soon appeared before him.

Jian Wushuang greeted them with a smile. "Celestial Master Yi, Celestial Master Meng Long, and Celestial Master Jin Qu."

"My friend, Jian Wushuang," they said with great enthusiasm.

They had also rushed over after catching wind of the commotion. They were evidently not far from the sinkhole when they noticed and thus, arrived ahead of him.

"Did you find any Life Elixirs after searching this area for so many years?" Yi asked. He smiled so widely that his eyes narrowed into slits.

"Some. What about you?" Jian Wushuang asked.

"We managed to find some in the first few years, but later on... More and more experts came to this area and our chances were lowered. Even if we did manage to find it, other experts would hurry over and fight us for it. Luckily, the three of us joined forces in the fights and scraped through them, or else..." Yi sighed.

Jian Wushuang had nothing else to say for he knew that his friend was telling the truth. In the past 17 years, countless experts joined the search for Life Elixirs. Battles were unavoidable and they had only gotten more intense over the years. Though the three of them could work together, their combined strength was still pretty average compared to other experts in this area.

"Since you're around the area, do you know what happened in the sinkhole that day? Did a treasure appear?" Jian Wushuang asked.

"The treasure did appear but it's still in the early stage of incubation, so it's buried within. Two hours ago, a Green Fire Palace expert broke into the sinkhole out of curiosity. He couldn't see anything except a dazzling golden light. When he tried to approach the golden light, a defensive barrier stopped him," Yi answered.

"What?" Jian Wushuang's eyes lit up with surprise. "A golden light? A barrier?"

"Since the treasure is protected by a defensive barrier, it can only mean that it is controlled by some spirit. Judging from the rich aroma of elixir, the treasure is likely a palace treasure for storing elixirs," Gu King replied.

Jian Wushuang immediately understood his explanation.

"It's the same for Jin Kingdom experts. In the end, everyone came to the same conclusion that we should just wait patiently for the actual birth of the treasure. Once it's completely revealed, we will then fight for it," Meng Long added.

"Alright, let's just wait for it."

Jian Wushuang had no choice but to hover around and quietly await the birth of the treasure with his friends.

Before they knew it, a month had gone by just like that.

During this period, the scent of the elixir that emitted from the bottom of the sinkhole never once dissipated. The entire area was still saturated with the mighty aura.

But the treasure in the sinkhole had yet to be revealed.

In addition, experts from both Green Fire Palace and the Jin Kingdom, who were previously looking for Life Elixirs, had all come forth to gather around the sinkhole.

Everyone stayed put and quietly anticipated the birth of the treasure.

“There are so many experts here!”

Jian Wushuang could feel the different intense auras drifting in the air within his field of consciousness.

From what he could tell, there were over 30 Celestial Masters here. His field of consciousness was limited as he was only in the Eternal Realm. It could vaguely cover certain areas near the sinkhole but not anything further than that.

Fortunately, Jian Wushuang had the token of Green Fire Palace. With that, he could clearly know the number of their allies in the area.

“There’s a total of 42 experts from Green Fire Palace in this area?” Jian Wushuang was stunned.

They were all Celestial Masters!

Moreover, he was counting only his allies. The Jin Kingdom would always have the upper hand in the battle if they were to fight against Green Fire Palace. Obviously, they would have even more experts on their side.

That meant there were more than 42 experts from the Jin Kingdom here!

Chapter 1115: Birth

“I’ve received news that Celestial Master Yin Tong of the Green Fire World is now somewhere near the sinkhole,” Celestial Master Yi suddenly said.

“Celestial Master Yin Tong? He’s here too?” Celestial Master Meng Long’s eyes widened.

“Celestial Master Yin Tong is an expert in the Exceptional Realm! Coupled with the arrival of Celestial Master Qing Lang and Celestial Master An, there are three experts in the Exceptional Realm from the Green Fire Palace who have rushed here!” Celestial Master Jin Qu exclaimed in awe.

Experts in the Exceptional Realm were the most powerful out of all Celestial Masters.

The possibility for these experts reaching the level of Holy Master was very low.

For example, there were not even ten of such experts among all the Celestial Masters in the Green Fire Palace. Yet, three of them have now come here.

“Since the Green Fire Palace has sent so many experts here, the Jin Kingdom won’t be losing out either. I’m sure it’ll be a massive chaos once the treasure is born and the fight begins!” Yi said.

Jian Wushuang looked exceptionally grim after hearing those words.

He could already see the pandemonium when experts from both sides began battling for the treasure.

“Didn’t this battle come just at the right timing for you, Jian Wushuang?” Gu King suddenly said.

“The right timing? What do you mean?” Jian Wushuang replied, flabbergasted.

“Weren’t you discriminated against in the Green Fire Palace? Most experts of the palace reject you. If you want them to sincerely accept you the way they accept Yi and Meng Long, you need to prove your worth through earth-shattering success on the battlefield or even a bloody massacre!”

“The upcoming battle will be your best chance to prove yourself!” Gu King said.

Jian Wushuang’s pupils shrank after hearing Gu King’s words.

He was indeed suffering discrimination in the Green Fire Palace because of his mother.

Even Yi and Meng Long didn’t like him before. It was only after his display of absolute strength that both of them gained a new found respect for him.

Evidently, power spoke the loudest no matter where one was in the world.

It was the same for Yi and Meng Long, as were the other Celestial Masters in the Green Fire Palace.

“You’re right. This upcoming battle is a golden opportunity to prove myself!” Jian Wushuang clasped his hands tightly.

“That’s the spirit! You’re now much stronger now that your three Sword Principles are now in the Creation Level. Your swordsmanship is so strange and unpredictable too. If you try your best to kill your enemies, you’ll definitely be a terrifying force. The paralyzing effect you’ll have on your opponent will be significant too, enough to make those Celestial Masters of the Green Fire Palace look at you in a new light,” Gu King said with a laugh.

“I understand.” Jian Wushuang’s eyes turned razor-sharp.

The two groups of experts from the Green Fire Palace and the Jing Kingdom were both quietly waiting near the sinkhole.

Out of nowhere... “Boom!”

The aura that filled the air was already boundless and majestic in the first place, but at this moment, it once again increased sharply.

The golden light at the bottom of the sinkhole became increasingly dazzling.

“Kaboom!” The ground shook uncontrollably and the intensity only increased as time passed.

“The treasure is about to born!”

The numerous experts who were waiting near the sinkhole became agitated, their intense gazes focused on the inside of the sinkhole.

While the ground was still shaking, a towering golden palace slowly rose from within the bottom of the sinkhole until it left the sinkhole altogether to go up to the Void above.

There were two golden words hanging above the main entrance of the majestic golden palace.

“Loyalty Palace!”

The rich cinnabar fragrance, as well as the aura that pervaded the atmosphere, originated from this palace!

The experts’ eyes turned heated the moment they saw the palace and all of them rushed toward it at an astonishing speed in the following second.

The whole world erupted into a chaos.

“Hurry! We should go over there as well!” Yi cried as he immediately ran.

“Stay calm.” Jian Wushuang waved his hand to stop Yi.

“What’s wrong?” Yi, Meng Long, and Jin Qu frowned at him.

“This Loyalty Palace isn’t to be trifled with. Look,” Jian Wushuang said.

The three of them turned to look at the palace and saw a layer of pale golden Restriction stopping the experts from entering.

One of the experts tried to hack the layer of Restriction open. However, the Restriction showed no sign of budging no matter if he tried alone or went at it with other experts.

There was nothing they could do but helplessly wait outside the palace.

“What’s going on?”

“The treasure is already born. Why is there still a layer of Restriction?”

“We can’t break open the Restriction!”

The experts all felt vexed.

Gu King who resided inside Jian Wushuang chuckled. “There’s a spirit inside the palace as expected and it’s controlling the layer of Restriction. I’m sure that no one can enter without its permission.”

“No one can enter? Does that mean all our work will be in vain?” Jian Wushuang frowned.

“Don’t worry, now that the spirit shows up at this point and caused much stir, it must bear its own intentions. Just wait and see what happens.” Gu King said.

“Alright.” Jian Wushuang gave a small nod before glancing at the three Celestial Masters next to him.

“Let’s go.”

The four of them immediately went up to the palace.

The majestic and towering Loyalty Palace suspended quietly in the Void with its pale golden layer of Restriction stretching around it for a hundred miles, barricading against the numerous experts from both camps.

The experts from both camps looked at each other in dismay.

Just then...

“Crash!”

The main entrance of the palace opened.

The expressions of the experts barricaded outside changed as they stared into the interior of the palace through its open doors.

Their pupils rapidly shrunk when they saw what was inside.

Pellets of red-colored elixir were hovering in the air in the pitch-black darkness inside the palace. These pellets emanated a faint scent of blood. These were none other than the Life Elixirs.

Chapter 1116: Chaos!

The Life Elixir was what these experts from both the Green Fire Palace and the Jin Kingdom had been wantonly searching this area for all these years.

They had amassed a considerable amount of Life Medicine pellets after more than ten years of searching.

Thus, if what they saw inside the Loyalty Palace was several or even dozens of Life Medicine pellets, they wouldn't show such a reaction.

The fact was that there were more than hundreds of Life Elixir inside!

The number of Life Elixirs inside was enough to produce hundreds of Celestial Masters! To think that they would appear all at the same time.

The gazes of the experts on both camps turned heated.

“If the Green Fire Palace obtains all those Life Medicine pellets, we can increase our strength significantly!” Celestial Master Yi's gaze turned burning hot.

“One Life Medicine pellet is equivalent to 10,000 Fire Points. That means there are millions of Fire Points inside,” Celestial Master Meng Long said, licking his lips.

“We must try our best to take them all,” Celestial Master Jin Qu said passionately.

Jian Wushuang stood outside the layer of Restriction, observing everyone—including the three Celestial Masters with him—with a grave expression.

Suddenly, the hundreds of Life Medicine pellets hovering quietly inside the Loyalty Palace turned into flowing lights that projected in all directions. It was as if an unknown force had triggered their change.

The pellets shot out at the same time at a high speed, penetrating the layer of Restriction and appearing directly in front of the experts outside. Their hearts thumped violently when they saw this sight.

In a split second...

“Grab them!”

“Hurry up and grab them!”

“Oh God, there are so many Life Elixirs!”

“They’re mine! They’re all mine!”

The entire world erupted into chaos.

Mad!

Both camps had gone truly mad.

There was an outbreak of strong and ferocious Celestial Master’s auras as they took out their own magic weapons and joined the fight.

Celestial Masters Yi, Meng Long, and Jin Qu became frenzied as well.

“Be careful, you three!”

Jian Wushuang warned them. The Blood Mountain Sword was already in his hand as he eyed the two pellets of Life Medicine closest to him. In the next second, he dashed forward like an eagle swooping in from the sky above and arrived in front of the pellets.

There were two Jin Kingdom experts who had their eyes on the same pellets as well.

One was an advanced-level Celestial Master, while the other was a medium-level Celestial Master.

“Eternal Realm aura? He’s Jian Wushuang!”

The two Jin Kingdom experts recognized Jian Wushuang at once.

“Hmph! So what if your strength rivals Qu Yang’s? The two of us still killed him anyway!” the cold, severe-looking young man with a fire cloud pattern between his brows shouted.

“Well said!” The girl with bluish-green hair nodded heavily.

The three of them had appeared in front of the two pellets of Life Elixir at the same time.

The cold, severe-looking young man held a large and malevolent scarlet scythe. Bloody clouds surged in his body as he emanated a boundless and bloody aura. The fire cloud pattern between his brows radiated a dazzling light. He threw his scarlet scythe with a swing swift of his right hand. The sickle streaked the Void as if it had traveled through a long, endless river of blood.

The sickle arrived in front of Jian Wushuang in no time.

“Scram!”

Jian Wushuang roared, feeling the Ancient God Power pour into his body and the Blood Mountain Sword in his hand breaking out with overwhelming might. He thrust his sword.

This strong thrust carried the might of no less than three Sword Principles of Creation Level. It abruptly burst in power under the support of the Blood-killing Plate Armor.

“Clang!”

The sound of collision resounded loudly.

The long, endless river of blood immediately dispersed. The powerful collision also flung the scarlet scythe, directly impaling the cold and severe-looking young man.

“Pfft!”

Blood sprayed from the young man’s mouth and his expression immediately turned deathly pale.

Just then, a strange sword shadow appeared behind Jian Wushuang out of the blue.

The icy-cold sword light carried a ravaging aura as if it was a spirit serpent sliding through the Void. It flew toward Jian Wushuang in a bid to pierce his skull.

“You’re seeking death!”

Jian Wushuang’s eyes glinted when he detected the cold gale blowing behind him. Without even bothering to glance at what was behind him, he swung his sword in a casual manner.

“Buzz!” The moment a faint sword echo reverberated, the girl with bluish-green hair who used a strange swordsmanship to ambush Jian Wushuang had already encountered a terrifying consciousness attack. The girl was merely a medium-level Celestial Master with a fairly weak consciousness. She immediately sank into a state of muddleheadedness.

Jian Wushuang’s beautiful and shrill sword killed her without the least bit of resistance!

“What?”

“He’s that strong?”

The young man who was heavily injured after being flung away by the collision was deeply shocked.

Jian Wushuang had severely hurt him with a single sword strike and then casually killed another medium-level Celestial Master with another sword strike.

This sort of strength was clearly one realm beyond a typical advanced-level Celestial Master.

After killing the girl with bluish-green hair, Jian Wushuang grabbed the two pellets of Life Elixir as well as the girl’s Interspatial Ring. He then rested his cold gaze on the young man.

“You’re going to die as well!”

His killing intent surged high into the sky. He arrived in front of the young man with a single step and violently thrust his Blood Mountain Sword.

“Bladed Surge!”

He unleashed his terrifying killing move that contained secret strength.

“Oh no!”

The expression of the cold and severe-looking young man changed drastically. He brandished his blood-red sickle to try and block Jian Wushuang’s sword.

“Clang!”

Yet came another loud collision. Jian Wushuang struck the young man so hard that the latter sank. The young man felt his arm numbing but before he could do anything about it, the second layer of power hidden in the Bladed Surge exploded.

The second layer of power hit the wide-eyed young man with basically zero resistance. Disbelief colored the young man’s eyes as he breathed his last.

With a swing of Jian Wushuang’s large hand, he grabbed the young man’s Interspatial Ring as well.

Though it felt like some time had passed, he took less than the time it took for him to take a single breath.

Yet, in that short span of time, an advanced-level and a medium-level Celestial Master of the Jin Kingdom died in his hands.

Chapter 1117: Massacre!

“That fast?”

“How is that possible?”

The Jin Kingdom experts were all deeply shocked after witnessing how Jian Wushuang killed the cold and severe-looking young man and the girl with bluish-green hair.

In fact, they barely had any time to react to how quickly and effortlessly Jian Wushuang killed an advanced-level and a medium-level Celestial Master.

His eyes were steely and his killing intent was still strong. In the next second, he was once again displaying his power.

He appeared behind a Jin Kingdom expert.

The expert was a genuine advanced-level Celestial Master who had just obtained one pellet of Life Elixir. Two Green Fire Palace experts were currently besieging him and cornering him into a rather pathetic state.

Out of the blue...

“Die!”

The expert turned his head when he heard Jian Wushuang’s roar.

The only thing he saw was a dazzling sword light that was as slow as a snail. Even so, he felt as if he had no way of dodging it.

Simultaneously, Jian Wushuang launched a terrifying consciousness attack against the expert. His killing intent also charged at the expert.

The consciousness of this advanced-level Celestial Master was not that strong in the first place. Coupled with the fact that he was facing Jian Wushuang's sudden ambush, his consciousness instantly turned sluggish.

That sluggishness gave the sword light the opportunity to pierce his throat and crush his Life Core.

In the blink of an eye, another advanced-level Celestial Master had fallen.

"This..."

Everyone, including the two Green Fire Palace experts who had been working together to besiege the Celestial Master, was stupefied.

"That's an advanced-level Celestial Master, not some subpar trash! But he's dead in just the blink of an eye?"

"How can he be that strong? Even if he's a Celestial Master in the Exceptional Realm, how could he so easily kill an advanced-level Celestial Master?"

"He did it with a consciousness attack! Jian Wushuang's consciousness attack is incredibly terrifying!"

Startled and furious voices came one after another from experts of both the Green Fire Palace and the Jin Kingdom.

"Jian Wushuang, my friend..."

Celestial Masters Yi, Meng Long, and Jin Qu were equally stunned.

They did have some idea of Jian Wushuang's strength but seventeen years ago, he was only capable of defeating an advanced-level Celestial Master with ease. Yet now... It was like mere child's play for him to kill the advanced-level Celestial Master. Compared to his level of strength seventeen years ago, he was now evidently much stronger.

"He has become stronger, so much stronger at that!" Yi sighed.

"He's really a monster!" Celestial Masters Meng Long and Jin Qu could not help themselves from exclaiming in admiration.

It was utter chaos on the battlefield as the experts put their lives on the line to obtain some of the hundreds of pellets of Life Elixir. The lofty Celestial Masters who were rarely seen in the Green Fire Palace most days had thrown all of their esteem out of the window to fight for the Life Medicine.

In a matter of minutes, more than ten Celestial Masters from both camps had died.

Eight of them were from the Jin Kingdom, with three dead by Jian Wushuang's hands.

“Kill!” Jian Wushuang cried, his killing intent surging high. The dazzling and shrill sword light once again flared.

“Be careful!”

“It’s Jian Wushuang!”

“Be careful of his consciousness attack!”

“Here comes Jian Wushuang! Hurry up and run!”

Wherever Jian Wushuang went, he left behind a trail of cries and screams.

Ever since his three Sword Principles were promoted to the level of Creation Level, his overall strength had increased sharply. Compared to seventeen years ago, he was now a whole realm stronger. With his current power, he would be on par with a Celestial Master in the Exceptional Realm if he used full force. More importantly, his swordsmanship was unusual!

His Sheer Shadow swordsmanship hid a consciousness attack that was unimaginably swift and imbued with killing intent. Once he swung his saber, nothing but death awaited medium-level Celestial Masters with an ordinary consciousness.

Even among advanced-level Celestial Masters, there was a portion of them who were relatively weak. If they were confronted with Jian Wushuang’s consciousness attack, they would be greatly affected as well. Once their reaction slowed by just a beat, they would also die in his hands.

The experts from the Jin Kingdom who had witnessed firsthand the ferocity of Jian Wushuang’s consciousness attack began guarding against such attacks. However, even with sufficient mental preparation, it was difficult to block such attacks.

“Die!”

“Kill!”

Jian Wushuang’s gaze was razor-sharp as he showed the Jin Kingdom experts, who were wrestling with the Green Fire Palace experts, no mercy.

He moved so swiftly that his body was a blur as he weaved through the crowd, switching between grabbing the pellets of Life Elixir near him, killing the Jin Kingdom experts, and helping fellow Green Fire Palace experts who had fallen into peril.

Jian Wushuang displayed the full extent of his power.

He was like a storm that swept through the battlefield, leaving behind skeletons in his wake. The blade of his Blood Mountain Sword had been dyed red.

This was a massacre!

This could even be described as a ruthless slaughter!

This slaughter caused many experts on the battlefield to tremble in fear.

Of course, this frenetic slaughter soon drew the attention of all the Jin Kingdom experts. They watched a peer in the Exception Realm closest to them fall to the ground.

“Don’t be hasty, young one!”

The one who spoke was a tall and sturdy old man wearing a similar golden armor. He was armed with a heavy sword that was a whopping ten Chinese feet long and carried an unthinkable weight.

When the old man swung such a massive sword, he caused an outbreak of a gale with the sword. The sword was like a tsunami, sweeping Jian Wushuang from the front with a violent force.

“He’s a Celestial Master in the Exceptional Realm?”

Jian Wushuang’s eyes glinted and his mouth curved into a bloodthirsty smile as he took a step forward.

The moment he took the step, he immediately lifted the sword in his hand. Simultaneously, the old man lifted his heavy sword and swung it at Jian Wushuang at once.

The sword movement with the strongest offensive power... Earth-shattering!

“Clang!”

The terrifying sound of an explosion rang out in the middle of the battlefield. The aftermath of their collision rapidly swept their surroundings, forcing the Celestial Masters near them to retreat.

The collision threw Jian Wushuang off, forcing him several steps backward.

“This is indeed a Celestial Master in the Exceptional Realm! What formidable strength!”

Excitement flitted across Jian Wushuang’s eyes, not at all discouraged despite being at an absolute disadvantage. Once he regained firm footing, he once again charged at the old man.

“Die, young one!” The murderous desire in the tall and sturdy old man’s eyes was overwhelming as he once again thrust his heavy sword.

“Die, young one!” The murderous desire in the tall and sturdy old man’s eyes was overpowering as he once again thrust the heavy sword in his hand.

The two of them once again collided... “Clang! Clang! Clang! Clang!”

The resulting explosions caused frightening, ear-splitting booms, the madness spreading everywhere.

In the middle of the battlefield, Jian Wushuang and the old man confronted each other head-on.

The moment the two of them began fighting, their battle was already at its climax.

Chapter 1118: Massacre for Military Glory

A frenetic massacre unfolded on the battlefield.

There were too many experts who had been drawn here by the birth of the Loyalty Palace.

Forty-two alone came from the Green Fire Palace. There were even more who hailed from the Jin Kingdom.

Experts from both camps summed up to more than one hundred Celestial Master experts. They all participated in this chaotic battle.

There was already a deep grudge between the two camps in the first place. Naturally, their battle was even more ferocious.

Moreover, the number of Life Medicine pellets was only a little over a hundred. Many of the Celestial Masters got their hands on them with minimal effort after they flew out of the Loyalty Palace. Now that all the pellets were gone, the ferocious battle gradually subsided.

On the battlefield, experts from both camps had mostly stopped fighting.

There were only two figures clashing fiercely in the middle of the battlefield.

These two were none other than Jian Wushuang and the tall and sturdy old man who was a Celestial Master in the Exceptional Realm.

Someone whose battle prowess had reached Jian Wushuang's level would naturally be incredibly swift. In the blink of an eye, he and the old man had already exchanged hundreds of blows.

"Clang!"

Once again, an earth-shattering collision resounded. It was only then that the two of them finally separated from each other.

Jian Wushuang hovered high up in the Void, his breath still boundless and his battle intent overwhelming. His eyes glinted as he stared at the tall and sturdy old man.

The old man's face finally turned a little pale and there was even a faint blood stain on the corner of his mouth. In his eyes were unbridled anger.

When the experts from both camps saw this, they were deeply stunned.

"How is this possible?"

"That's a Celestial Master in the Exceptional Realm! Jian Wushuang managed to hurt him without getting injured himself?"

"How is this possible? This must be a joke!"

The Celestial Masters of the Green Fire Palace were all dumbfounded.

They were all familiar with Jian Wushuang and knew that when he first arrived, he possessed the battle prowess of a medium-level Celestial Master. However, they were hostile to him because of his mother.

Yet now... It hadn't even been that long since he first arrived in the Green Fire Palace!

Was a Celestial Master in the Exceptional Realm also helpless against him?

Even a Celestial Master in the Exceptional Realm was injured after a battle with him?

“Impossible!” The Jin Kingdom experts were also astonished and in great disbelief.

“This damned junior!” The tall and sturdy old man trembled as fiery hatred burned in his eyes. He felt incredibly sullen.

Yes, he was sullen!

If Jian Wushuang had depended solely on his strength to injure him, then he must admit that Jian Wushuang’s strength was above his.

However, the clincher was that Jian Wushuang’s strength wasn’t at all above his!

Jian Wushuang was indeed weaker than him.

Even Jian Wushuang himself concede this point.

Even though his strength had increased sharply ever since he elevated his three Sword Principles to the Creation Level, it was barely enough to put him on par with a Celestial Master in the Exceptional Realm. In a true battle, he was most certainly at a disadvantage.

Even though he has tried his best in the fierce battle with the robust elder, he was still at a disadvantage.

The reason for such a development was because Jian Wushuang still insisted on confronting the old man who was putting everything on the line. In a head-on collision, the old man was naturally unafraid.

In their exchange of blows, the aftermath of their attacks was equally devastating and affected them both. The only difference was that the old man received far less impact from the aftershock.

However, Jian Wushuang’s defensive measures defied heaven itself!

Even though the aftershock was incredibly powerful, it couldn’t injure him in the slightest. On the other hand, the comparatively lighter aftershock that the old man suffered ended up hurting him.

“This brat is clearly weaker than me but his defense is far superior to mine!” the burly old man muttered, clasping his hands.

The battlefield came to a complete standstill after Jian Wushuang and the burly old man ceased fighting.

The two camps of experts began determining their respective losses, as well as that of their enemies.

The Jin Kingdom experts flew into a rage once they found their answer.

“Impossible! How could this happen?”

“There were more than sixty experts from our Jin Kingdom; we have at least twenty more than the Green Fire Palace! The quality of our experts is better too! Logically speaking, we clearly had the upper hand and the number of our fallen peers should be lower than theirs. Yet why... why did our Jin Kingdom lose so many Celestial Masters?” another Celestial Master in the Exceptional Realm from the Jin Kingdom roared.

Other Jin Kingdom experts experienced the same level of fury.

On the other side, the Green Fire Palace experts were stupefied.

Under ordinary circumstances, their side ought to suffer more devastating results than the Jin Kingdom. However, reality proved differently.

After a quick calculation, they determined that they had lost thirteen Celestial Masters. This was most certainly a great loss for them.

The loss of the Jin Kingdom was somehow greater. They had lost more than twenty nine Celestial Masters! One more and that would make up a whopping thirty of them.

“How did it turn out this way?”

“Just what exactly is going on?”

Voices imbued with anger came from the group of Jin Kingdom experts. In the next moment, they all turned to look at the young man who wore a blood-soaked robe and carried a scarlet longsword —Jian Wushuang.

“It’s him!”

“It’s Jian Wushuang!”

“It’s him who bulldozed through the battlefield and ruthlessly slaughtered our experts!”

“I was near him earlier and saw very clearly how he, from the beginning of the battle, mercilessly slaughtered some twenty of our Celestial Master experts! Had Old Wu not stop him, I don’t know how many more of our experts would die in his hands! He’s the reason why we’re suffering such a massive loss!”

“Jian Wushuang!”

“Jian Wushuang!”

“It’s all because of him!”

“It’s this bastard who single-handedly exterminated twenty of our Jin Kingdom experts in a short time!”

Furious glares, one after another, burned upon Jian Wushuang.

These angry remarks dumbfounded the Green Fire Palace experts.

Single-handedly exterminated twenty of the Jin Kingdom experts in a short time?

Jian Wushuang did that?

Jian Wushuang’s robe billowed in the air and his already-red Blood Mountain Sword turned a darker shade after absorbing all of his enemies’ blood. There was still blood dripping from the tip of the sword blade.

On his handsome and cold face was a pair of steely eyes. The killing aura that enveloped him remained as overpowering as ever.

“From today onward, your name will strike fear in both the Green Fire Palace and Jin Kingdom experts!” Gu King’s solemn voice resounded inside Jian Wushuang’s heart.

“You’ve developed your reputation from this ruthless massacre!”

“Your massacre today will certainly be a bloody myth in the Green Fire Palace!”

Chapter 1119: Nirvana Elixir

“A bloody myth?”

Jian Wushuang shook his head. “But that’s not what I want. All I want is to let them accept me.”

“Well, in that case, you’ve succeeded.” Gu King smiled.

Jian Wushuang looked around and found those Green Fire Palace experts all looked thoughtful.

“He’s so strong, is that really Jian Wushuang?”

“I heard that he’s only been cultivating for more than 2,000 years. He actually has increased his strength to a level like this in such a short time, incredible!”

“His father Nan (Jian Nantian) is already formidable, however, Nan has been cultivating for 100 thousand years in a Secret Land. Jian Wushuang may be lesser than his father, but just a little. But when it comes to cultivation time, his one is really short!”

Celestial Masters from Green Fire Palace were all murmuring.

They had finally been convinced of Jian Wushuang’s potentials.

Maybe, Jian Wushuang would grow someday to complete his mother’s mission, and became a real leader of Green Fire Palace!

At that time...

Buzz!

Behind the open doors of the Restriction-covered Loyalty Palace, deep purple lights shot out.

It turned out that the six lights came from six deep blue pigeon-egg-sized elixirs.

The six elixirs were emitting an inviting fragrance. Anyone that smelled them could not help be lost in the aroma.

All the people shifted their gaze on the six deep purple elixirs.

“Those elixirs...”

Most of the Celestial Masters from both parties failed to recognize the six elixirs, including those who had a profound knowledge of elixirs. They all frowned in doubt.

Inside Jian Wushuang, Gu King just smiled at the sight of them. “This will be fun.”

“Gu King, do you know what that is?” asked Jian Wushuang.

“Of course.” Gu King smirked. “Didn’t I tell you that Life Elixir is worthless in the Eternal Chaotic World and so many other elixirs exceed it?”

“What you’re looking at right now is the Nirvana Elixir that exceeds the Life Elixir!”

“Nirvana Elixir?” Jian Wushuang could not hold back his surprise.

“As the name suggested, it can help Celestial Masters take the most important step to transform themselves.” Gu King explained.

“Take the most important step? You mean they can reach the Samsara Temple Master level with it?” Jian Wushuang goggled.

“Yes, they can. But it’s not as effective as Life Elixir. Normally, the medicine will increase the success rate by three tenths.” Gu King laughed.

“Three tenths?” Jian Wushuang gasped.

To reach the level where Void Temple Master, Samsara Temple Master, and Tang Emperor at.

Green Fire World had been existence for 40 million years. In the wide battlefield, there had only been one expert who crossed that level and numerous Celestial Masters.

That most important step to a Celestial Master was like Ancient World to Eternal World. The gap was too big.

No matter in Green Fire Palace or the Jin Kingdom, even in the Eternal Chaotic World, many Celestial Masters must have been trying to break through during their entire lives.

And the Nirvana Elixir could increase the success rate by three tenths?

How great was that!

Even if it was just one-tenth possibility, Jian Wushuang thought, Celestial Masters would scramble for it.

“In the Eternal Chaotic World, Nirvana Exilir doesn’t count as something extraordinary. But in Green Fire World, it’s something precious. Even the Jin Kingdom will take it seriously. Of course, it’s of no use to you.” Gu King continued.

“Understood.” Jian Wushuang nodded slightly, still staring at the elixirs.

It might be of no use to him, but would be useful to Green Fire Palace!

If he could obtain all six of them, unexpectedly, Green Fire Palace would have two more Palace Masters, which would bring their battle strength to an unprecedented level.

The puzzled experts started to recognize the elixirs as well.

“Nirvana Elixir in the legend?”

The crowd gasped and finally recognized the elixirs. All of a sudden, their eyes were filled with greed.

In the eyes of most Celestial Masters, madness revealed.

They became much crazier than when they saw several hundreds of Life Elixirs.

After all, Life Elixir was only useful to Dao Masters. They actually did not benefit from it. They only did it for their camps. However, Nirvana Elixir was completely another story.

Nirvana Elixir could help them take the step they had longed for.

It was such an enticement to them.

“Get ready, eyes on the six Nirvana Elixir. When they’re thrown out, we must do everything to get them!” A black-robed woman in the Green Fire Palace camp shouted.

She was Celestial Master An of Green Fire Palace.

Green Fire Palace had sent three Celestial Masters in Exceptional Realm, one of them was Celestial Master An. Moreover, she was the strongest one of the three.

Everyone was staring at the six deep purple elixirs.

Suddenly, one of the six elixirs transformed to a streak of purple Flowing Light and charged forward.

The purple light shot through the Restriction and floated among the crowd.

Seeing the floating light, the entire battlefield got into chaos.

“Get them!”

“Fast!”

“We must get them!”

Shouts burst out in the crowd. Then, they dived into a fight scrambling for the elixirs.

Both camps had gone truly mad, fighting each other for Nirvana Elixir.

However, in a moment, the battle was over.

Chapter 1120: Three Elixirs!

“Humph!”

A snort came with mighty aura. Like a storm, it stopped many experts.

Clad in gold armor, a middle-aged man stood in the center. There was a red thunder-shaped mark on his forehead. He held a double-edged giant ax, surrounded by crimson clouds like a War God.

In his other hand, it was the deep purple elixir, Nirvana Elixir.

“Damn it!”

“He’s got it!”

“He’s got the first Nirvana Elixir.”

Celestial Masters of Green Fire Palace all gritted their teeth at the sight of this.

Jian Wushuang felt regretful as well.

The elixir had stopped at a distant place. The moment he reached there, the fight was already over. It fell into the hands of the middle-aged man.

The man who carried a Giant Axe was a Celestial Master in Exceptional Realm from the Jin Kingdom. He was actually more capable than the strong elder that Jian Wushuang had fought.

He had got hold of the elixir, and no one dared to mess with him. After all, none of them was confident to kill him.

“It’s just the first one of the six Nirvana Elixirs.”

Green Fire Palace experts comforted themselves and looked back at Dan Xin Palace.

In the Void of the temple, floated the remaining five elixirs. Subsequently, a streak of purple light flashed, then, two deep purple lights shot out.

Following the first one elixir, two more elixirs were thrown out in different directions. One of them stopped near Jian Wushuang.

“Grab them!”

Jian Wushuang darted directly to the nearby Nirvana Elixir.

As the elixir flew out of the Restriction, a nearby Jin Kingdom expert rushed forward, trying to take it.

However, a sharp long spear that seemed to crumble the world emerged out of the blue.

“What is that?” An exclamation escaped the expert.

He was just a medium Celestial Master, but the long spear had come from a Celestial Master in Exceptional Realm. Moreover, the spear had been very fast. The expert was extinguished before he could act.

Then, a giant hand grabbed the Nirvana Elixir. The Flowing Light died down, and a figure appeared.

It was a slim young man, dressed in bronze armor, which was emitting a mighty aura. Apparently, he was wearing a strong protective treasure.

“Celestial Master Green Wolf!” With a hearty smile, Jian Wushuang appeared in the nearby Void, carrying his Blood Mountain Sword.

“Jian Wushuang?” The young man was another Celestial Master in Exceptional Realm. He smiled. “The Jin Kingdom experts won’t let me off easily, help me.”

“Understood.” Jian Wushuang nodded.

Although coveted, they soon withdrew in face of Jian Wushuang, Celestial Master Green Wolf, and other helping Green Fire Palace Celestial Masters.

Boom!

In a distant Void, an overwhelmingly strong power burst out.

In the Void, Dark Celestial Master was pushed backward carrying her two longswords. In front of her was a plump bald teenager. He held a golden machete with immense killing intent.

“Celestial Master An, unfortunately, you can’t beat me!”

The bald teenager shouted as he put a Nirvana Elixir into his Interspatial Ring.

Celestial Master An’s face went red with anger but did nothing.

There had been many experts from both palaces for the elixirs. But generally speaking, the Jin Kingdom was better. They had sent four Celestial Masters in Exceptional Realm, and the bald teenager was the only one she feared.

She fought him and lost. Her elixir was also taken.

“Well, at least we get one.” Celestial Master An let out a sigh of relief, looking in the direction of Jian Wushuang and Celestial Master Green Wolf.

There had been three Nirvana Elixirs, and they at least got one.

If they had not gotten anyone, that would be a total failure.

“There are three left. I believe they’ll be throwing out at the same time. We’ll get two of them at least.” Celestial Master An snorted coldly.

With two more Nirvana Elixirs, they would obtain the half of the six, which was reasonable.

“The last three!”

On the battlefield, all of them were staring at the remaining floating Nirvana Elixirs, with eyes wide open.

Then, as expected, all three of them were thrown out at one time.

They were shot in the same direction!

Both camps were stunned!

“Three in one direction?”

“All of them?”

“That means we can three at one time!”

The present Celestial Masters were all agitated and rushed in the direction of the three elixirs.

A scarlet-robed figure was standing in that direction.

When he saw the three Nirvana Elixirs were darting toward him, Jian Wushuang was shocked too.

Among the previous three elixirs, the first one was too far away and he did not even get a chance; the second and third one shot out together. He managed to help Celestial Master Green Wolf obtain one of them.

But never did he expect that the last three all darted toward him.

Shocked, Jian Wushuang still managed to open his palm and caught the three streaks of purple Flowing Lights.

He was holding the three Nirvana Elixirs.
