

Swordsman 1251

Chapter 1251: Leaving the Green Fire World

The force was incredibly odd and unique, and Jian Wushuang was unable to stop it from entering into his body.

“Is this the curse that she spoke of?”

Jian Wushuang could feel the odd force brooding inside himself as he asked, “Gu King, can you get rid of this curse?”

“No, I can’t.” Gu King shook his head. “This level of curse needs to be dispelled by one that is highly skilled. It requires expertise above that of a Universe God. If there’s no one helping you dispelling it, you can only let it dissipate by itself. Considering that woman’s resentment, it’ll take at least hundreds of thousands of years for it to fade away.”

“Hundreds of thousands of years?”

Jian Wushuang was dumbfounded, he did not want to stay in the Green Fire World for another hundreds of thousands of years to wait for the curse to dissipate before heading towards the Eternal Chaotic World.

“Jian Wushuang, you shouldn’t kill her. You could have suppressed her with your Blood Mountain Sword first and kill her when you grow stronger and don’t need to fear the Holy Prefecture behind her,” said Gu King.

“To wait till that moment?” Jian Wushuang shook his head, “How can the soul of the Sunrise Sword Emperor rest in peace if she does not die?”

Gu King was rendered speechless.

“Now, Master’s ritual formation has fallen on this battlefield, and the woman from the Holy Prefecture has also been killed. Although a few Universe Masters from the Jin Kingdom managed to survive, they’re not be able to pose any threat to us. My Green Fire World will have a peace of mind and it’s time for me to head off to the Eternal Chaotic World,” Jian Wushuang muttered.

With these words, Jian Wushuang used his fastest speed to return to Green Fire Palace.

The moment he arrived at Green Fire Palace, he immediately mustered the other Palace Masters and told them his decision.

Knowing that Jian Wushuang was preparing to head towards the Eternal Chaotic World, Palace Masters felt surprised, but this thing was also within their expectations.

After all, Jian Wushuang was still so young, his potential was still far beyond imaginable.

If he continued to stay within the Green Fire World, it would waste his talent.

Besides the Green Fire World was in peace now. Jian Wushuang did not have to stay here.

Fifteen years after the end of the ultimate battle, numerous people gathers on the vast battlefield again to see Jian Wushuang off. Among them, there were Jian Wushuang's parents, his friends Wang Yuan, Yang Zaixuan and Su Rou and many Palace Masters such as Tang Emperor, Palace Master Yun, Xue Lingtian and Emperor Xiao.

Many Holy Masters of the Green Fire Palace also came here.

"Father, Mother." Jian Wushuang looked at his parents.

"Shuanger, in my whole life, my proudest moment is to have you as my son." Jian Nantian smiled weakly at Jian Wushuang while feeling an immense sense of pride. His son was publically recognized and known as the leader of the Green Fire Palace and the one who had saved everyone during the ultimate battle.

He was also the most talented youth in the history of the Green Fire World!

"Shuanger, please be very careful." Ji Wumeng looked warmly upon Jian Wushuang.

"Yes I know." Jian Wushuang smiled lightly.

"Tang Emperor."

Jian Wushuang stood before Tang Emperor again and handed over a token to him, "This token contains 3 set of powerful sword skills. I've spent a long time refining and perfecting it. I want to hand it over to you now, in case of any emergency."

Tang Emperor accepted the token and nodded heavily, "Jian Wushuang, this road to inverse cultivation will not be easy. You have to be careful with your every step. You must not follow in Xiaoqing's footsteps.

"Eldest Senior Brother." Jian Wushuang came to Xue Lingtian. "Master may have gone but he put a lot of effort into creating the Ancient Sect. Please take care of the Ancient Sect after I leave."

"Don't worry. The Ancient Sect will be alright with me around." Xie Lingtian laughed.

"Uncle Xiao." Jian Wushuang came to Emperor Xiao. "I'll definitely bring Shuanger back from the Eternal Chaotic World!"

"Alright, be careful." Emperor Xiao nodded slightly while beaming with confidence towards Jian Wushuang.

Lastly, Jian Wushuang came to his three good brothers.

"Haha, the three of you..." Jian Wushuang looked at them.

"Third Brother."

Wang Yuan, Yang Zaixuan and Su Rou looked at Jian Wushuang, feeling a little down.

"That's enough. We'll meet again. Soon, I'll be back here drinking with all of you." Jian Wushuang laughed.

"Of course." Wang Yuan, Yang Zai Xuan, Su Ruo nodded their heads.

Sadness was a natural part of a farewell.

Fortunately, Jian Wushuang had no regret.

“Everyone, goodbye!

“The Green Fire World, goodbye!”

Jian Wushuang cupped his hands in front of himself to bid farewell to everyone before turning around to leave for the faraway void. Over there, Palace Master Yun had already made a portal for Jian Wushuang to access the outer world.

Under the gaze of everyone, he entered the portal and soon disappeared.

Underneath the dark sky, a portal appeared out of nothing, and a figure flew out of the portal rapidly.

“Woosh!”

Jian Wushuang managed to stop himself, looking quite haggard.

After he stabilized himself, he turned to look back.

“Wow, is this the spacetime storm that wraps up my Green Fire World and the huge battlefield?”

Jian Wushuang looked into the distance and saw the completely distorted spacetime.

That distorted spacetime was extremely big and seemed boundless. Although he was far away from it now, the sight still filled him with awe.

A spacetime storm in the Eternal Chaotic World indicated a disaster.

Such a huge spacetime storm was no doubt a catastrophe.

However, it was also because of the dreadful spacetime storm, no one else dared to get close to this place and the Green Fire World could occupy the battlefield for all this time.

If the experts of the Jin Kingdom had never been drawn into this spacetime storm by accident, they would have never discovered the battlefield.

“In a sense, this spacetime storm is like a protective shield to my Green Fire World, so actually my Green Fire World should be thankful for its existence.” Jian Wushuang laughed weakly.

“Jian Wushuang, you have to remember the location of this spacetime storm clearly. If there’s nothing else, we’ll set off,” said Gu King.

“Alright.” Jian Wushuang nodded slightly as he waved his hand to summon a spaceship, which appeared out of nowhere.

To travel in the Eternal Chaotic World, one could not simply rely on his or her legs. Taking a spaceship is the best way of getting round in this world.

The spaceship Jian Wushuang summoned was originally from Dao Yuanzi.

He sat on the spaceship and sped away, excitedly.

“The Eternal Chaotic World, I am...coming!”

Chapter 1252: The Fifth Step

Woosh!

An ancient Spaceship whisked across the dark void. Without a clue of its actual speed but definitely faster than any of the Universe God.

Inside this Spaceship, Jian Wushuang simply sat cross-legged. In front of him, a grey stone gem levitated in front of him.

Ever since his announcement on leaving Green Fire World, Tang Emperor has given this grey stone gem to him.

As for this grey stone gem, it was not distant to Jian Wushuang but in fact very familiar.

Today, the reason why he is able to walk the path of cultivators, was in fact due to this grey stone gem which contained the Heavenly Creation Skill of Cultivation Method.

Previously, with only two of the grey stone gem, Jian Wushuang's Cultivation Strength reached to only the fourth step. This was in defiance with the natural order which was to attain the level of Eternal Supremo. As of now, the fourth step was akin to the level of Dao Master among cultivators.

Now levitating right in front of Jian Wushuang, the grey stone gem was the third one which contained the fifth step to cultivate the Heavenly Creation Skill against natural order.

“With the fourth step against natural order being so excellent, what then encompass the fifth step?”

Holding onto a glimpse of hope, Jian Wushuang's soul powers instantaneously seaped into the grey stone gem and began browsing the next Heavenly Creation Skill for Cultivation Strength.

Seemingly momentarily, Jian Wushuang finished his reading. Upon completion, he opened his eyes but his expression turned very solemn.

“The fifth step, it is actually an Inverse Cultivation Test?” Jian Wushuang frowned deeply.

He originally believed that the fifth step would be the same as the former which would encompass him with special abilities. Incredulously, the fifth step against natural order was an arduous thousand year cultivation. For this Inverse Cultivation, it would be the toughest yet necessary in overcoming this hurdle.

“Inverse Cultivation Disaster!” Jian Wushuang clenched his teeth tightly.

Gu King that was inside of Jian Wushuang's body, similarly browsed the information of that grey stone gem. After a brief moment of silence, Gu King spoke, “This step, I did previously guessed this.”

“Actually, not only the Inverse Cultivation, all the cultivators in the world would have to go through this hurdle when they reach the level of a Universe God.”

"I have already told you previously, becoming a Universe Master only means you are immortal but it has not transformed your Divine Power. To transform your Divine Power and become a Universe God, you will have to suffer from this disaster and get divine baptism."

"Unfortunately, overcoming the Disaster is not an easy one. Even in the Eternal Chaotic World, it has always been many of the cultivators' nightmare. Among a hundred Universe Master, it is almost impossible to have one to survive from it but you have to pass this hurdle in order to become a Universe God. It is inescapable."

"Frankly speaking, this Disaster is simply a test to divide the strong and the weak. Overcoming it meant becoming a warrior. Failing or constantly being afraid to challenge, you end up being a weakling for the rest of your life."

"Is that so?" Jian Wushuang realised in shock.

He knew previously that being a Universe Master was only taking half a step but he did not know how exactly to surpass the other half of it.

Now, he understands, that is to pass the Disaster!

Only by overcoming the hurdle can he be a true Universe God.

"Even an ordinary cultivator would have to pass the Disaster to become a Universe God, not to mention the Inverse Cultivation. Inverse Cultivation against natural order is obviously a lot more dangerous than the ordinary cultivation. I once saw a Universe Master making a breakthrough, during the process, the level of difficulty was definitely one hundred times tougher than what an ordinary cultivator would have gone through." Gu King said.

"What?" Jian Wushuang was taken aback.

Exactly by hundred times?

That Disaster was uncomparably scary, manifesting fear in many of the cultivators, viewed as an absolute nightmare.

Yet, Inverse Cultivation Disaster is even more scary by a hundred times?

"Even an ordinary cultivator would have to pass the Disaster to become a Universe God, not to mention the Inverse Cultivation. Inverse Cultivation against natural order is obviously a lot more dangerous than the ordinary cultivation. I once saw a Universe Master making a breakthrough, during the process, the level of difficulty was definitely one hundred times tougher than what an ordinary cultivator would have gone through." Gu King said.

"Emperor Qing?" Jian Wushuang internally shaken.

He has heard of Emperor Qing from Tang Emperor.

Indeed, at that time, Tang Emperor did say that Emperor Qing died during Inverse Cultivation.

Now it seemed that Emperor Qing's death, at that time, was probably caused by the Inverse Cultivation Disaster.

When they separated previously, Tang Emperor had specifically warned him that it would be a difficult journey towards Inverse Cultivation and that he should be very careful. Apparently, this was what the Tang Emperor was worried about – the Inverse Cultivation Disaster.

“The cultivate technique of the Inverse Cultivation initially had belonged to the Tang Emperor who then taught it to Emperor Qing. After the death of Emperor Qing, there remained only two of the grey stone gems and the third one had always been on Tang Emperor all along even though he denied. If it wasn’t for me who wanted to explore the Eternal Chaotic World, I am afraid he still would not have given to me that third grey stone gem willingly!”

“He must have been worried that I would follow into the footsteps of Emperor Qing.”

Jian Wushuang wore a grave expression as he now understood what Tang Emperor was worried about.

Tang Emperor was simply worried about his safety which was why he did not give the third grey stone gem to him before.

“Jian Wushuang, this path of Inverse Cultivation is full of thistles and thorns. The Eternal Chaotic World massively boundless, has breed countless Inverse Cultivators across endless time, but those who pass it are extremely rare. Once this hurdle is passed though, those victors become extraordinary.”

“I hope that you can be extraordinary too, instead of being like the majority of the Inverse Cultivators, who died in this path.” Gu King said.

With a stern expression, Jian Wushuang asked, “Gu King, do you know how many tests the Inverse Cultivation Disaster will have?”

“To be a Universe God, there is a total of three levels, therefore the God Disaster should also have three tests. Should you fail any one of the tests, you will be completely destroyed!” Gu King answered gravely.

“Besides, your tests will not be as easy as the typical Inverse Cultivation tests. You have the bloodline of an Ancient God as well as the highest level of Imperial Bloodline which means that you may have to go through the Ancient God Disaster all at once!”

Upon those words, Jian Wushuang’s heart sank. He felt the burden inside him becoming increasingly heavier.

Soon enough, he calmed himself down.

“The Inverse Cultivation Disaster and the Ancient God Disaster, either of them are horrible. Of course, a combination of two must definitely be more dangerous. Every single level could easily destroy me, even so there is still a chance for me to survive and not just die!”

“If I were to fear the disasters in front of me, that would mean that I am extinguishing that very last strand of hope.”

“I, Jian Wushuang, would never do such a silly thing.”

Jian Wushuang smiled slightly, but his eyes gleamed with determination.

Chapter 1253: The Dayu World, The Snow Kingdom

“Gu King, around when would that Inverse Cultivation Disaster arrive?” Jian Wushuang asked.

“If it were for normal cultivators who have just managed to attain the level of Universe Master, it will likely take a long time for the Disaster to strike. Given that you are an Inverse Cultivator, I am not sure exactly when then it will strike but when it does, you will definitely feel it. Since you do not sense anything right now, this means that there is still some time before it strikes!”

“Of course, even so, you can start your preparation for the Inverse Cultivation now.” Gu King commented.

“Okay, I got it.” Jian Wushuang nodded slightly.

Soon enough, Jian Wushuang continued to probe Gu King with more questions regarding the God Disaster and Inverse Cultivation Disaster while they hurried on their journey.

He had no choice but to pay attention with the Inverse Cultivation Disaster being one of the greatest hurdles to pass. It was not in his place to turn away from it.

Time flies, three years passed in a blink of an eye.

The Spaceship travelled across the boundless and endless void for a total of three years. At last, on this day, Jian Wushuang’s Strength of Soul sees a floating vast land at a far distance.

That piece of vast land seemed to extend endlessly. In comparison with the Green Fire World, it was unsure how far the land expanded.

“Have we finally arrived at the place where cultivators reside in?” Jian Wushuang stared at the distant land, secretly amazed inside.

One have to acknowledge that he spent a good three years in the Spaceship to rush down to the place even with the incredulous speed of the Spaceship.

Without the Spaceship, it would take him no lesser than a few hundred years to rush here by feet.

Upon approaching the vast land, Jian Wushuang has already placed the Spaceship back into the Interspatial Ring before advancing onto the floating land. Without long, a city on the land appeared.

The city was heavily guarded by a magical force field. Unable to trespass with his powers, Jian Wushuang can only enter through the city gate.

When he arrived at the gate, he found several long queues waiting to enter the city. Each queue had at least thousands of people waiting in line.

“There are so many people, and they are all so powerful.”

Jian Wushuang’s Strength of Soul has since curled out and detect all of those people’s aura clearly.

Most of the people in line were at the level of a Holy Master and the amount of those who were Universe Masters were comparable. As for those in line who were Dao Masters, they were the least, only several of them.

Those beneath the level of a Dao Master were in fact none.

“Of course, even so, you can start your preparation for the Inverse Cultivation now.” Gu King commented.

“Is that so?” Jian Wushuang realised.

“Just wait in line. The Eternal Chaotic World pay more attention to rankings in terms of power. If you were a powerful Universe God, perhaps you would not need to follow the rules of this city but you are only a mere Universe Master as of now.” Gu King advised.

Jian Wushuang shrugged. Guess he had no choice but to simply wait in line.

The Eternal Chaotic World’s efficiency was extremely high. In less than an hour, it was soon Jian Wushuang’s turn.

“One Chaos Gem to enter the city.” The city guard said coldly.

“One Chaos Gem?” Jian Wushuang startled.

In Green Fire World, the value of a Chaos Gem was nearly all a Rank Three Dao Master had owned. Here, it was just a fee to enter the city.

“That sure is expensive. There must be at least ten thousand people entering the city every day, a Chaos Gem for a person, that would be ten thousand Chaos Gem in a day. The master of the city sure is evil enough.” Jian Wushuang sighed before giving the city guard a Chaos Gem to enter the gate.

Inside of the city, the streets were bustling with people, filled with a lively atmosphere.

Just like what Gu King has said, most of the city people were Holy Masters. In terms of ranking, he almost couldn’t find any Dao Master.

As for Universe Gods, in the words of Gu King, even in the Normal Realm, the Universe God is already the highest ranking warrior which was already rare to be seen. As such, it would also be rare here.

This city was actually similar to the one inside Green Fire World. They both had a variety of shops, except the scale for those here was obviously bigger.

Jian Wushuang aimlessly walked around the city for a while and entered some of the shops. The treasures sold in the shops were apparently of a higher grade compared to those in Green Fire World.

After half a day, Jian Wushuang sat inside a bar.

He held up his wine glass and thoughtlessly sipped on the wine. After just two sips, he began to frown.

“The wine in the Eternal Chaotic World is uncomparable to that of my hometown.” Jian Wushuang shook his head before turning to a waitress at the side and asked, “Does your house bar sell information?”

“Of course.” The waitress who was at the level of a Holy Master smiled, “Not sure what kind of information do you need, Sir?”

"I want information about this realm, as detailed as possible. Best if the information includes the forces of the parties here, and who are the stronger ones to take note of." Jian Wushuang answered.

"The most detailed information, we do have but the price is rather expensive, it would take 500 Chaos Gems." Eyes in the shape of crescent moons, the waitress smiled.

A usual Holy Master would have owned a wholly of around 20 Chaos Gems.

Even a Universe Master would typically have several hundred Gems. Those who actually can give out 500 Chaos Gems were extremely rare.

"Here's 500 Chaos Gems, you can count them." Jian Wushuang tossed an Interspatial Ring over.

The waitress's eyes lit up. After going over them carefully for a bit, she reverently said, "Please wait a minute, Sir."

Not long after, the waitress offered Jian Wushuang the most detailed information about the city in no time. While continuing to drink, Jian Wushuang leafed through the document.

"The Dayu World belongs to Snow Kingdom?" Jian Wushuang let out an expression filled with confusion.

At this moment, Gu King spoke again, "Jian Wushuang, the structure of the Eternal Chaotic World overall can be classified into four levels."

"The first level which is also the lowest, are the countless Eternal World, just like the Green Fire World which you have lived in. It is just that its geographical location is a little unique, that's all."

"The second level would be the Realm Domain!"

"The Realm Domain refers to an extensive field which exists numerous Eternal Worlds with their land gathering people who come from all over the world. Generally speaking, every Realm Domain is controlled by one strong warrior or by a large force."

"The third level would then be the God Kingdom!"

"The God Kingdom is made up of hundreds of the Realm Domains. A God Kingdom, by itself is extremely massive, yet in the vast Eternal Chaotic World, there still exists many of them."

Chapter 1254: One King and Three Hegemons!

Upon hearing what the Gu King had said, Jian Wushuang was shocked.

He had just left the Green Fire World, and in his eyes, a domain consisting of countless places as large as Eternal World was indeed very vast.

However, a kingdom was a thousand times bigger than a domain.

Moreover, there were many Kingdoms in the Eternal Chaotic World.

"It's... It's so vast!"

"The Eternal Chaotic World is vast beyond my imagination," Jian Wushuang said in amazement.

Suddenly, he recalled something and asked, "The kingdoms are just of Level Three. What about the places of Level Four?"

How vast could a place at Level 4 be?

"Level Four is the core of the Eternal Chaotic World, and also the ten Cultivation Sanctuaries with the most experts," Gu King answered.

"Cultivation Sanctuary? Ten! ! ! " Jian Wushuang's eyes widened.

"There are ten Cultivation Sanctuaries in the Eternal Chaotic World, each of them covering a small area and no larger than a Kingdom. However, they are the core places of the Eternal Chaotic World. Cultivating there will be more efficient than in other places, so they attract the most experts.

"Many geniuses from the kingdoms, domains, and even the Eternal World all have gone there to cultivate.

Jian Wushuang, you are the core member of the Star Bloodline. It is in one of the Cultivation Sanctuaries as well," Gu King answered.

"Star Bloodline is in one of the Cultivation Sanctuaries as well?"?Jian Wushuang was surprised.

"Besides that, the Star Bloodline is the main force in that Cultivation Sanctuary and is famous in the whole Eternal Chaotic World." Gu King answered. "You have just come out of the Green Fire World, and the best choice for you is to go to where the Star Bloodline is now. There, you can rely on their resources and become stronger, but we're so far away from that place."

"How far?" Jian Wushuang immediately asked.

"I have no idea."

Gu King shook his head. "When I adventured in the Eternal Chaotic World with King Luo Zhen, I had visited many kingdoms, but I never heard of the Snow Kingdom, so I'm sure this kingdom is not near the ten Cultivation Sanctuaries and might be somewhere in the corner. Therefore, if we set off from such a place to the ten Cultivation Sanctuaries, it will take us a rather long time.

"Not only that, there are a lot of dangerous places in the void outside the kingdoms, and there are even countless bandits. With your current strength, it is not realistic for you to go to the ten Cultivation Sanctuaries now!

So, I think you should stay in the Dayu Region to improve your power at first, and when you've passed the first Inverse Cultivation Test and become a Universe God in the First Heaven, you can set off."

"I see." Jian Wushuang nodded slightly.

He also knew that he should not hurry now.

With his current strength, it was indeed impossible for him to make it to the Cultivation Sanctuaries all by himself.

He had better set off after he had made some breakthrough in his power.

Jian Wushuang continued reading the information on the Dayu Region.

Though the region was only a normal domain of the Snow Kingdom, it was still vast with many experts there, and most of those experts were gathered on the land that Jian Wushuang was standing on.

Among all the sects in the region, there were four dominating forces.

They were the Dayu Palace, the Scarlet Island, the Golden-sun Sect, and the Holy Prefecture.

Those four forces were addressed as One King and Three Hegemons.

One King referred to the Dayu Palace, the local tyrant of the region.

As the name suggested, the Dayu Palace was the ruler of the Dayu Region. The master of that palace was recognized by the Snow Kingdom, and at the same time, he was also the number one expert in the region and one of the three Universe Gods in the Third Heaven.

The Three Hegemons referred to the Scarlet Island, the Golden-sun Sect, and the Holy Prefecture. They were powerful, and their forces were deep-rooted in that region.

Jiu Xi, who Jian Wushuang had killed in the Green Fire World, was a Core Disciple of the Holy Prefecture, and her grievance had been on Jian Wushuang since then. If Jian Wushuang met another Core Disciple of the Holy Prefecture, that person would know that Jian Wushuang had killed one of his companions.

"The Holy Prefecture is really powerful."

Jian Wushuang praised inwardly while reading the information on the Holy Prefecture.

There were four Mansion Masters in the Holy Prefecture, and they were all the Universe Gods in the Second Heaven. Jiu Xi's master was among them.

There were also more than 20 Universe Gods of the First Heaven in the prefecture, and one of them had even caught Jian Wushuang's attention.

That person was Universe God Qing Yang.

He was the number one genius of the prefecture, and he was said to have cultivated for less than ten thousand years before he passed the God Test to become a Universe God in the First Heaven. He was also rumored to have almost reached the peak of that realm.

*"Before her death, that woman had said that her master was a Mansion Master of the Holy Prefecture and her Senior Brother was the number one genius—Universe God Qing Yang. I didn't pay much attention to her words at that time, but now it seems that I'm in big trouble."*Jian Wushuang sighed.

Although he was as powerful as the Universe God in the First Heaven, there were three kinds of Universe Gods: elementary, advanced, and Peak.

At best, he could battle an advanced Universe God. By displaying a Secret Skill, he could make himself as powerful as a Universe God in the Peak of the First Heaven. Therefore, there were some people in the Holy Prefecture who were still able to kill him.

As for that Universe God Qing Yang, Jian Wushuang was no match for him.

"It seems that I have to be careful from this moment on. If I'm targeted by Holy Prefecture, I'll be killed."?Jian Wushuang murmured.

He then continued reading the information on the Golden-sun Sect.

"The Golden-sun Sect is even more powerful than the Holy Prefecture."?Jian Wushuang gasped inwardly in admiration.

There were more than 30 Universe Gods in the Golden-sun Sect, and the master of the sect was said to be a Universe God at the peak of the Second Heaven.

There were also countless experts in the sect.

Suddenly, Jian Wushuang's eyes narrowed when he glanced at the information on an expert of the Golden-sun Sect.

The information read: "The monarch of the Jin Kingdom—Jin Feng!"

He had killed this person in the Green Fire World, and he never thought that this person would be the monarch of the Jin Kingdom as well as an expert of the Golden-sun Sect. According to the information, Jian Wushuang also learned that the monarch had a good relationship with the Sect Master and was said to be the master's brother.

Chapter 1255: Invincible Universe Master

After Jian Wushuang read the information on the monarch of the Gold Kingdom, his expression became very strange.

"God, it turns out that I not only provoked the Holy Prefecture, but also provoked Golden-sun Sect. It is rumored that the monarch of the Gold Kingdom is the younger brother of the Lord of Golden-sun Sect. Even if the rumor is false, it means that they have a good relationship. If the Lord of Golden-sun Sect knows that I killed the monarch of the Gold Kingdom, he will definitely try to kill me," Jian Wushuang sighed anxiously.

He had killed the monarch of the Gold Kingdom in the Green Fire World, where there were Formations isolating them from the outside world. Before the monarch died, he could never pass on the message of who killed him, so as long as Jian Wushuang keep that confidential, the Golden-sun Sect would not know.

"Although the chances are small, I'd better watch out for the Golden-sun Sect," Jian Wushuang reminded himself.

"The best way to build a firm foothold in the Dayu World is to join a big force. The Dayu Palace is highly regarded, and life will be too easy and comfortable if I join it, which isn't what I want,"?he secretly reflected.

"The Three Hegemons often fight against each other, and occasionally even wars will break out. They are worthy of me to join. However, in the Three Hegemons, Holy Prefecture and Golden-sun Sect both have grudges with me, so I could only join the last hegemon, the Scarlet Island!"

The Scarlet Island was also one of the hegemons in the Dayu World, and its overall strength was no worse than that of the Golden-sun Sect. In the past few years, within the Dayu World, Scarlet Island and the Golden-sun Sect were constantly embroiled in the fiercest battles.

"You, come here," Jian Wushuang waved at a tavern attendant not far away.

"What can I do for you, Your Excellency?" the attendant came to him and asked respectfully.

"Is there any way for me to join the Scarlet Island?" Jian Wushuang asked.

"Join the Scarlet Island?" the attendant smiled, "Your Excellency, the Three Hegemons in the Dayu World have been fighting all year round, and a great number of experts have died. Naturally, they need a lot of experts to supplement the loss, so it's not hard to join them. Strong Celestial Masters can join easily. As for Universe Masters, it's much easier."

"However, if you want to master certain powers in the Three Hegemons, the threshold will be higher. With your strength, it is easy for you to join the Scarlet Island, Your Excellency," the attendant added and smiled.

He had already found that Jian Wushuang was a Universe Master. That was why he acted with great respect.

"Oh, I see," Jian Wushuang replied with an arched brow.

"It's much easier to join the Scarlet Island, because the city where you are now is within the control of the Scarlet Island, and there is a recruitment office for the Scarlet Island in this city," the attendant said.

"Oh?" Jian Wushuang laughed, took out a Interspatial Ring, and said, "Take me to the recruitment office, and then the Chaos Gems in this Interspatial Ring is yours."

The attendant cast a fleeting glance at the Interspatial Ring and saw 20 Chaos Gems inside the Interspatial Ring. With a hint of joy in his eyes, he took the ring and deferentially said, "Your Excellency, please come with me."

Afterwards, Jian Wushuang paid the money and followed the attendant to the center of the city. There was indeed a recruitment office for the Scarlet Island.

There was a sea of people in the recruitment office, forming two long queues. Obviously, there were a great deal of people who wanted to join the Scarlet Island.

"Your Excellency, the two lines are for the recruitment of Celestial Masters and Universe Masters respectively. Look, the longer line is for Celestial Masters, and the other is for Universe Masters. Your Excellency, you can go to the line with fewer people," the attendant explained.

"Okay, thank you. You may leave now," Jian Wushuang said and waved to the attendant.

"Excuse me," the attendant bowed and took his leave.

Then, Jian Wushuang went to the line for Universe Masters.

When lining up, he found that the way to recruit cultivators was simple: after briefly judging the applicant's strength, the recruiter would give the applicant a token, and the recruitment was over. Then, the applicant who got the token went to the place where he or she was arranged.

Those Universe Masters applicants were absolutely overlords in the Eternal World, but they were extremely humble in this recruitment office without putting on airs.

It was not long before Jian Wushuang's turn came.

"Tell me your name and strength."

A white-haired elder who was in charge of handing out tokens took a glance at him.

At the first sight of Jian Wushuang, he found that Jian Wushuang's aura was much stronger than other Universe Masters', but he did not care.

Over the years of recruiting, he had met countless Universe Masters, many of whom were more powerful than Jian Wushuang was.

"Is there any way for me to join the Scarlet Island?" Jian Wushuang asked.

"Well, the Scarlet Island has always valued strength. That is to say, the stronger you are, the higher your position will be. and the higher your status will be on the Scarlet Island," the white-haired elder explained in a deep voice.

"Oh, I see." Jian Wushuang smiled and pondered for a second before saying, "I am an Invincible Universe Master."

"Invincible Universe..." the white-haired elder murmured, but he suddenly paused and looked up at Jian Wushuang aghast before finishing his words.

Instantly, everyone behind him and in the other line stared in Jian Wushuang's direction.

They all heard Jian Wushuang say "Invincible Universe Master".

"What, what did you say?" the white-haired elder asked in amazement, "You are an Invincible Universe Master? Are you sure?"

Jian Wushuang's expression turned eccentric at his question.

In terms of battle strength, he was equal to a Universe God at the First Heaven. However, he had just come to the Eternal Chaotic World, and he did not want to be too ostentatious. That was why he said he was an Invincible Universe Master, but he did not expect such a reaction from the white-haired elder and those around him.

He did not know that there were plenty of Universe Masters in the Dayu World.

If he had told the elder that he was a Universe Master at the peak, the elder would not have been so startled, because the Universe Master at the peak was not rare in the Dayu World, but the Invincible Universe Master was different.

Within the entire Dayu World, Invincible Universe Masters were very rare, even rarer than the Universe God.

That was because the Invincible Universe Master had to create unique skills, and if a Universe Master could create unique skills, he was definitely a real genius.

Even the local tyrant Dayu Palace and the Three Hegemons took such geniuses seriously!

Chapter 1256: Personally Verify

"I said I'm a Universe Master. What's the matter?" Jian Wushuang asked in a deep voice.

"No, nothing." The white-haired elder shook his head repeatedly, realizing his gaffe. Then, he politely said, "Your Excellency, our Scarlet Island stipulates that experts who are Invincible Universe Masters and above must be verified by our Universe God, and then assigned by them, so please wait a little while here."

"The Universe God will verify me personally?" Jian Wushuang asked with a strange look. "How long do I have to wait?"

"Our Universe God Fei Yu is in this city. I've already sent him a message. It will not be long before he arrives. I have to remind you that the temper of the Universe Gods is very eccentric. When he arrives, if the strength you show is not up to the level of Invincible Universe Master, it will anger Universe God Fei Yu," the white-haired elder warned.

"I know." Jian Wushuang smiled. "Then I'll wait for a while."

The white-haired elder instantly asked him to the side in a deferential manner.

In the corner of the city stood a grand black castle. In the core hall of the castle, two people sat face to face.

"Fei Yu, this matter depends on you." A cold middle-aged man in black smiled slightly.

"Haha, no problem, Chen. Don't worry about it," the other man said with a laugh. He was a handsome young man, wearing a luxury robe, and he was Universe God Fei Yu and the owner of the black castle.

The middle-aged man was Universe God Chen, another Universe God of the Scarlet Island. He was a famous Universe God.

As they were talking, Universe God Fei Yu's expression suddenly changed.

"What's wrong, Fei Yu?" asked Universe God Chen.

"The recruitment office reported that there is a person claiming to be an Invincible Universe Master, and I have to come there to verify," Universe God Fei Yu replied.

"An Invincible Universe Master?" Universe God Chen's eyes lit up. "Invincible Universe Masters are rarer than Universe Gods, and they are very useful. They do everything Universe Gods cannot. Besides, there

are not so many Invincible Universe Masters on the Scarlet Island. Therefore, every time an Invincible Universe Master comes, it is a good thing for us.”

“Indeed.” Universe God Fei Yu nodded and asked, “Chen, if you’re free, why not go there with me?”

“Okay,” Universe God Chen agreed.

Then they left the black castle and went to the recruitment office.

As soon as the two Universe Gods arrived at the recruitment office, their terrifying auras spread out, and the entire recruitment office went silent.

Besides Jian Wushuang, all the Holy Masters and Universe Masters who participated in the recruitment were in awe.

“He’s Universe God Fei Yu, and the other seems to be Universe God Chen!”

“The two Universe Gods came personally!”

“They must be here for Jian Wushuang.”

Many people in the recruitment office whispered.

“Universe God Chen?” Jian Wushuang took a glance at Universe God Chen.

He had already read the information on many powerful Universe Gods in the Dayu World, and he had recognized the two Universe Gods.

Among the two Universe Gods, Universe God Fei Yu had mediocre strength, barely reaching an advanced level of the First Heaven.

On the other hand, Universe God Chen was very formidable. It was said he had broken through to the peak of the First Heaven.

Also, Universe God Chen was skilled in swordsmanship.

With the arrival of the two Universe Gods, the white-haired elder came to them immediately and saluted respectfully.

“Who is the Invincible Universe Master that I have to verify?” Universe God Fei Yu asked directly.

Jian Wushuang immediately came to them and bowed slightly, “I’m Jian Wushuang. Greetings, Universe Gods!”

Although his words were humble, his manners did not reveal much awe.

It was because these two were only Universe Gods of the First Heaven. Even if Universe God Chen was at the peak of the First Heaven, he was not much stronger than him. Thus, they could not inspire his awe.

The two Universe Gods did not mind it.

Every Invincible Universe Master was a genius, and it was normal for a genius to be arrogant.

“Jian Wushuang, meaning your Sword Principles are unparalleled. You really have a good name. How about your Sword Principle?” Universe God Chen glanced at Jian Wushuang with a smile.

“The recruitment office reported that there is a person claiming to be an Invincible Universe Master, and I have to come there to verify,” Universe God Fei Yu replied.

“Here?” Jian Wushuang asked in bewilderment, “How do I show it?”

The two Universe Gods exchanged glances, and then Universe God Chen took a step forward, and said, “Jian Wushuang, you’re good at Sword Principle, and so am I. So, I’ll be your opponent. Display your full strength. Don’t worry, I’ll control my forces and keep it at the level of ordinary Universe Master. I will be measured and will not hurt you.”

“Fight with you, Universe God Chen?” Jian Wushuang’s eyes brightened with surprise.

He was a Universe God at the First Heaven, and he was skilled in Sword Principle.

It was a rare opportunity for Jian Wushuang to fight with such an expert.

“Then, please, Universe God Chen,” he said and cupped his hands towards Universe God Chen. Then, the Blood Mountain Sword appeared in his hand.

“Bring it on.” Universe God Chen stood where he was with an indifferent smile, but he did not even take out his sword.

Jian Wushuang sighed and squinted. *“Since he deliberately controls his forces and keep it at the level of an ordinary Universe Master, then I’ll only perform at the same level and fight with him relying on my swordsmanship!”* he thought.

Jian Wushuang did not intend to display all his strength.

His foundation was poor. If he revealed his full strength... as a Universe Master whose battle strength could be compared with that of the Universe God, it would be a little cocky.

However, he could deliberately control the power of his forces and only reveal his swordsmanship.

“Start.”

Jian Wushuang’s eyes lit up abruptly, and he violently stepped forward.

The moment he lifted his foot, a gust of wind burst out.

The overwhelming sword shadows were caught in the wind, forming a real sword storm, sweeping towards Universe God Chen.

It was the move of Spell of Disturbance that Jian Wushuang created.

However, Jian Wushuang did not launch the Soul Attack this time.

He totally counted on his swordsmanship.

“Your swordsmanship is interesting.”

Seeing the sword storm sweep over, Universe God Chen smiled slightly, used his fingers as a sword and swung directly.

“Break!”

Universe God Chen’s chilly voice echoed between heaven and earth, and a scarlet sword light surged and broke the sword storm in a flash.

Chapter 1257: Universe God Chen

“What?”

Jian Wushuang was shocked to see that his Spell of Disturbance was broken by Universe God Chen easily.

Since the Spell of Disturbance was created, it had never be broken and at most completely resisted, unless the opponent was much stronger than him.

Now, Universe God Chen broke it with the power of an ordinary Universe Master. What was more, he did not even use his sword.

“Three Waves!”

Jian Wushuang’s eyes turned chilly, but he showed no anxiety. As the Spell of Disturbance was broken, he wielded the Blood Mountain Sword swiftly.

Universe God Chen blocked the three sword lights easily as well.

“This is not enough for me to pull out the sword. Show all your strength!” Universe God Chen shouted in a low voice.

Hearing his words, Jian Wushuang stopped hesitating.

“Stroke of Dawn!”

BUZZ!

The world darkened suddenly, and in the endless darkness, a ray of light suddenly appeared.

It was a sword light, but it was stunning like the first light before dawn!

Also, it exploded with a terrifying power.

Universe God Fei Yu’s eyes were alight with surprise by the sword light. He saw that this strike had reached the level of unique skills.

Universe God Chen also smiled. “That’s more like it!”

As he finished speaking, he turned his hand and conjured a scarlet longsword.

Then, Universe God Chen lightly waved his sword. It sent a very slight blow, causing no wave in the void. However, when the sword light fell, the light in the endless darkness was gone.

Jian Wushuang was forced to take several steps back violently, each step leaving a big pit on the ground.

Fortunately, the land of the Dayu World was far more stable than that of the Eternal World, the Green Fire World and the vast Void outside the land. In addition, both of them deliberately controlled their forces, so they did not bring much damage to the recruitment office.

"He's so formidable!"

After regaining footing, Jian Wushuang looked up at Universe God Chen and felt his heart tense.

"My Stroke of Dawn is a unique skill, but it seemed so weak that it was broken by Universe God Chen with a single blow. His understanding of swordsmanship is obviously far deeper than mine,"?Jian Wushuang sighed in his heart.

At this moment, Universe God Chen also looked at him and said, "Jian Wushuang, any other skills? The strike just barely made me pull my sword, but it is not powerful enough to let me perform my swordsmanship."

"Again!"

There was a hint of excitement in Jian Wushuang's eyes.

Although he was defeated, he was not discouraged at all, but raised his Blood Mountain Sword again.

Crash!

The sword light swept out again.

This time, Jian Wushuang displayed the second move he created, the Nirvana!

"Oh?"

When the dazzling sword light, which seemed to carry infinite hope and vitality, emerged, Universe God Chen's eyes too were alight.

"This strike is good. I can display my swordsmanship now."

Universe God Chen smiled faintly. Then his wrist twisted in a weird way, and a scarlet sword light swept like a fan.

Bang!

The two sword lights collided. As a result, Jian Wushuang was defeated again.

Since Universe God Chen had always controlled his strength, this blow did not bring Jian Wushuang more damage after he was defeated.

A silence hung over the recruitment office.

"Jian Wushuang, that's all."

Universe God Fei Yu said and came forward.

Thus, Jian Wushuang and Universe God Chen stopped.

“Brother Chen, how is he?” Universe God Fei Yu asked and looked at Universe God Chen, smiling.

“Very good. Although his force is not outstanding, only at the level of the ordinary Universe Master, his swordsmanship is good. He has created two kinds of unique skills, and the last unique skill he displayed has reached the higher level of Rank One. In terms of battle strength, he is definitely an Invincible Universe Master. If his force can be stronger, he will be an extremely terrifying Invincible Universe Master,” Universe God Chen concluded with a smile.

Jian Wushuang did not show any emotion when he heard this, but he felt weird in the heart.

Universe God Chen thought that he had gone all out, but in fact, when he knew that Universe God Chen deliberately suppressed his power and only used the power of the ordinary Universe Master, he also deliberately suppressed his power.

He was an Inverse Cultivator, and his body had been integrated with the strongest three Sword Principles. Moreover, Jian Wushuang was the Four-star Imperial God at the top level.

In terms of force, he was more than 10 times more powerful than an ordinary Universe Master. However, he had just been suppressing his force and did not use the power of Blood-killing Plate Armor.

As a result, Universe God Chen thought his force was at the level of the ordinary Universe Master.

As for the unique skill that Universe God Chen mentioned, it was true.

The unique skills of Universe Gods were divided according to the Three Heaven of Universe Gods, including Rank One to Rank Three.

In the two unique skills that Jian Wushuang created, the Stroke of Dawn was an elementary unique skill at Rank One, which was very common, and the Nirvana was an advanced unique skill at Rank One.

“Now that Universe God Chen thought you have the battle strength of the Invincible Universe Master, you have passed the verification. Jian Wushuang, from now on, you’re one of the Scarlet Island,” Universe God Fei Yu said.

“Thank you for your instruction, Universe God Chen, and thank you, Universe God Fei Yu,” Jian Wushuang thanked them. He did benefit a lot from the fight with Universe God Chen.

Universe God Fei Yu waved his hand and said, “The Scarlet Island is one of the Three Hegemons in the Dayu World, but there aren’t so many Invincible Universe Masters, and each of them occupy an important position. Jian Wushuang, you joined our Scarlet Island as an Invincible Universe Master, so we will arrange an appropriate position for you too.”

“Come with me.”

Then, Universe God Fei Yu and Universe God Chen led Jian Wushuang to that black castle in a corner of the city.

However, as soon as the three of them left, the recruitment office burst into turmoil.

“Is the Universe God who fought with Jian Wushuang Universe God Chen? He’s so formidable!”

"I heard that Universe God Chen is at the peak of the First Heaven, and he is in the top five on the Scarlet Island. Besides, his swordsmanship is much more excellent. Of course he is formidable."

"Universe God Chen is formidable, but Jian Wushuang forced him to take out his sword and perform swordsmanship. Jian Wushuang is powerful too."

"Jian Wushuang joined the Scarlet Island as an Invincible Universe Master. What position can he get?"

"The Invincible Universe Master on the Scarlet Island usually acts as a Supervisor or a Divine General. Jian Wushuang should also be a Supervisor."

Many of the Universe Masters and Celestial Masters in the recruitment office chatted furiously.

For these people, Universe Gods were unattainable, and Invincible Universe Masters were big shots that they could only look up to.

Chapter 1258: The Seventh Divine General

In a grand hall of the black castle.

Universe God Feiyu and Universe God Chen sat side by side.

"Jian Wuhshuang, generally speaking, there are two positions on Scarlet Island for an advanced Universe Master to choose from, Supervisor and Divine General," Universe God Feiyu told Jian Wushuang.

"A Supervisor is responsible for the inspection of our territory and some special places. Many people dream of this job, because no one dares to offend a Supervisor in his local territory. So if you become a Supervisor, you can lead an easy life and make personal fortunes."

Feiyu was telling the truth.

A Supervisor in Scarlet Island did have a lot of chances to make money.

"The Divine General would go to Nine Star Sea, the Perimeter of our territory, where there are a great deal of experts. Also, you have to come in contact with other forces like Golden-sun Sect and Holy Prefecture. Fierce battles are inevitable!"

"A Divine General needs to fight wars in the name of Scarlet Island. It's more dangerous than a Supervisor, but you will gain more opportunities."

"You should decide which one is better for you. I'll give you three days to make a choice," Universe God Feiyu said.

"Not necessary. I can make my choice now. I want to be a Divine General," Jian Wushang replied.

"Oh?" Universe God Feiyu and Universe God Chen smiled at each other.

They were not surprised.

When Jian Wshuang fought with Universe God Chen, they found he was aggressive.

An aggressive person like him would never choose to be a Supervisor.

Such was the fact.

At present, Jian Wushuang wanted to practice more in order to face Inverse Cultivation Disaster .

He would not join Scarlet Island if he wanted to have an easy life.

“Here is your ID Token. Take it and find commander Man Yi in Nine Star Sea. He will arrange everything.” Universe God Feiyu tossed a token to Jian Wushuang.

Jian Wushuang took the token and put it into his Interspatial Ring. Then, he bowed and walked away.

He walked out of the black castle and left for Nine Star Sea.

Nine Star Sea, the Perimeter of Scarlet Island, was a boundless sea that engulfed the whole Dayu World.

Scarlet Island was one of the Three Hegemons outside the Dayu World. It controlled a vast territory. The city where Jian Wushuang stayed was distant from Nine Star Sea. Since this land was unique, he was unable to reach there by spaceship, so Jian Wushuang spent six months walking to Nine Star Sea.

After he arrived at the military base in Nine Star Sea, he went to see Commander Man Yi.

Commander Man Yi was second only to the Lord in strength and influence. All the experts in Nine Star Sea were under the command of him.

“I’m Jian Wushuang, Your Highness.”

Jian Wushuang saw the Commander in a palace.

The strapping man was about three meters high. With whiskers on the cheeks, he looked like a brown bear. The aura he released was very tyrannical.

“You are Jian Wushuang?”

He glanced at Jian Wushuang, “Feiyu mentioned you not long ago. He said you were good at swordsmanship. You even displayed advanced unique skills at the First Realm. With only the strength of Universe Master, Chen had to defeat you by a sword!”

“He went easy on me,” Jian Wushuang replied humbly.

“Good.” Commander Man Yi had a cold look on his face. “It’s amazing for an advanced Universe Master to display unique skills at the level of Universe Master, but few of geniuses like you become Universe Gods. If you are frivolous, I’m sure you will suffer the God Test!”

“I got it.” Jian Wushuang nodded.

“How long have you cultivated, Jian Wushang?” the Commander asked.

“Well,” Jian Wushuang hesitated for a while and answered, “nearly ten thousand years.”

In fact, he had cultivated for less than five thousand years. He was unwilling to attract attention, so he said a longer time.

“Do you mean less than ten thousand years?” Looking at Jian Wushang in astonishment, Commander Man Yi asked him, “Were you born in Dayu World or Eternal World?”

"I was born in Eternal World and recently left my hometown." Jian Wushuang answered honestly.

"Recently? So you have reached the level of an advanced Universe Master on your own in the ordinary Eternal World in less than ten hundred years. You're a true genius." Commander Man Yi nodded and said, "In Nine Star Sea, there are six Divine Generals under my command. From now on, you're the seventh."

"Thank you." Jian Wushuang said immediately.

"This is your ID token. It contains unique aura from which experts on Scarlet Island can know you for a Divine General." Commander Man Yi added, "Now I have a mission for you."

"The mission is simple. You can use it for practice."

"Well, somebody call the Second and the Fifth Divine General!"

Commander Man Yi ordered peremptorily without giving Jian Wushuang any time to ask questions.

Soon, two figures came in.

"Your Highness."

They were a man and a woman. The man was handsome and looked a little defiant.

The woman was extremely attractive, but her aura was extremely tyrannical.

"Jian Wushuang, they are the second Divine General Lin Dong and the fifth Divine General Mo You." the commander introduced both sides briefly. "This is Jian Wushuang, the person who has just joined our Scarlet Island."

The two Divine Generals nodded at Jian Wushuang.

"Both of them already know about the mission. Just ask them later, Jian Wushuang." Commander Man Yi said in a loud voice and then turned toward Lin Dong and Mo You. "It's a simple mission. Give him a chance to practice."

"Understood, your Excellency." Lin Dong and Mo You nodded gravely.

"Well, go prepare for the mission."

The commander waved his hand. Then, the three Divine Generals left.

Chapter 1259: Extermination Mission!

In the camp.

Jian Wushuang, Second Divine General Lin Dong and Fifth Divine General Mo You headed a team.

"Jian Wushuang, you just arrived at Nine Star Sea, so we should have held a welcome feast for you. However, you just got a mission, so we have to delay the feast. Now, let me explain the mission to you," Lin Dong said.

Jian Wushuang listened carefully.

"The big commander said it was an extermination mission," Ling Dong said.

"Extermination mission?" Jian Wushuang was shocked. "Who will be exterminated?"

"The big commander said it was an extermination mission," Ling Dong said.

Jian Wushuang was stunned.

He knew what the Red Water Alliance was. It was a powerful force in the Dayu World.

Based on what he knew, although this alliance was not as good as the Three Hegemons, it ranked right behind them. In the Red Water Alliance, there were six Universe Gods. Even though none of them were Second Heaven Universe Gods, they were also very powerful.

Now, they three had to exterminate this alliance?

How?

"Don't worry, Jian Wushuang. Although the Red Water Alliance sounds very strong, it has become history," Ling Dong laughed and said reassuringly.

"History?" Jian Wushuang was shocked.

Ling Dong looked at Mo You, and then Mo You said, "Not long ago, while the Red Water Alliance was having a fierce battle with the Golden-sun Sect in our Scarlet Island, they sneakily attacked us but failed. The Master of Scarlet Island was furious, so he led a group of Universe Gods to attack their lair and wiped out all the advanced battle strength in the alliance!"

"The six Universe Gods and some stronger Universe Masters were all killed. Now, there are only some ordinary Universe Masters and Holy Masters in it, so it is a good time for us to exterminate them and take over their area."

"That's it?" Jian Wushuang understood.

If Red Water Alliance were at its peak, they three would definitely be killed when they battled with them.

However, since the alliance lost their advanced battle strength, it would be much easier.

"No wonder Man Yi commander said it was a simple task. After losing the advanced battle strength, even though there are still many Universe Masters and Dao Masters in the Red Water Alliance, it has become an empty shell." Jian Wushuang slightly smiled.

"Although this task is not difficult, the Red Water Alliance still occupies a vast area. We have to break through the cities one by one, so it will take us a long time. Let's confirm the people first. The Second Army and Fifth Army have already got another task, so they can't help. You have to assign the Seventh Army to join this battle," Lin Dong said and looked at Jian Wushuang.

"Jian Wushuang, I'm afraid that you haven't got a chance to meet your sergeants in the Seventh Army so far. Let us take you there."

"Alright." Jian Wushuang nodded.

He was the Seventh Divine General and in charge of the Seventh Army.

Soon, Lin Dong and Mo You led him to meet his sergeants in the Seventh Army.

Half a day later, Jian Wushuang, the Second Divine General Lin Dong and the Fifth Divine General Mo You set out with the sergeants from the Seventh Army.

There were 30,000 people in one army in Scarlet Island.

Among them, the weakest ones were Holy Masters, and the captains were usually Universe Masters.

The battle formation of this army was terrifying in the Eternal World, but in the Eternal Chaotic World and the Dayu Region, it was not a big deal.

After all, there were numerous Holy Masters and Universe Masters here.

Therefore, Holy Masters were not very valuable.

In half a month, Jian Wushuang led the Seventh Army to in the first city that was controlled by the Red Water Alliance.

The mighty army stopped in front of the giant city.

“This is the first city that we need to exterminate, but there are numerous inner cultivators in it. While we are killing, how can we recognize which experts belong to the Red Water Alliance?” Jian Wushuang frowned and asked.

“Don’t worry about that. We will kill all the cultivators in the city!” Lin Dong shook his head, and a hint of Killing Intent flashed in his eyes.

“What? Kill all the people?” Jian Wushuang frowned.

“Seventh Divine General, it seems you are new in the Eternal Chaotic World, so you don’t really know how cruel it is.”

Lin Dong and Mo You both smiled. They could understand Jian Wushuang’s reaction.

When they just got here from their hometowns, they both were stunned when they realized how monstrous the Eternal Chaotic World was.

“Jian Wushuang, you just arrived at Nine Star Sea, so we should have held a welcome feast for you. However, you just got a mission, so we have to delay the feast. Now, let me explain the mission to you,” Lin Dong said.

“Jian Wushuang,” King Gu’s voiced was suddenly sounded, “when you were in the Green Fire World, I already told you that you couldn’t imagine how cruel the Eternal Chaotic World was. A mass killing in a city is just a small case. Before, when King Luo Zhen and I wandered here, we saw people slaughtering others from the Eternal World without any reason!”

“This is a small case. Often times, entire Realms or even Kingdoms are slaughtered.”

“A slaughter in a Realm or a Kingdom?” Jian Wushuang was stunned.

A Realm... Dayu World was a Realm. It was not only a giant land, but there were numerous people from the Eternal World staying here.

The Realm already included a great number of people. What about a Kingdom, which was formed by thousands of Realms?

"The people who are confident to wander in the Eternal Chaotic World should be ready for it. Most of them have killed lots of people as well. After all, this is a place for experts, so none of the cultivators here are innocent!"

"It's fine if you sympathize with the weak and don't want to slaughter here, but you need to remember that you can't hesitate when you have to kill them. Even though some of them are innocent, you must do it when it's necessary!" King Gu said.

"I understand." Jian Wushuang nodded and looked at the two Divine Generals. "Besides launching a slaughter, do we have another choice?"

Lin Dong and Mo You looked at each other, and then Mo You said, "Seventh Divine General, don't worry. Although Scarlet Island is effective, we are not like the evil ones who kill innocent people"

Chapter 1260: Jian Wushuang, Your Turn to Shine

With slight hesitation, Mo You continued, "One month ago, in the Red Water Alliance's territory, we already announced that we were going to launch a slaughter in the city today. We've given the people who don't belong to the Red Water Alliance one month to leave this place, so who do you think those who still stay are?"

Jian Wushuang's expression shifted.

The people who knew this news but still did not want to leave should be the experts in the Red Water Alliance.

"I understand. So, we don't need to waste time. Let's do it." Jian Wushuang's expression turned cold.

"Seventh Army, to action! Inside the city, kill all the people that you see!"

Given the order, the sergeants of the Seventh Army immediately swarmed into the city.

There was a Formation around the city, but it was not strong. There were many people who were good at Formations in the Seventh Army, so it took only a couple minutes for these 30,000 sergeants to break through the Formation and slash into the city.

Violent explosions soon sounded in the city.

Obviously, the sergeants in the Seventh Army already started the battle with the experts from the Red Water Alliance.

The entire giant city was filled with war.

In the void outside the city, Jian Wushuang, Lin Dong and Mo You were supervising. These three Divine Generals did not take any action yet.

For them, it was not valuable to kill the ordinary Holy Masters and Universe Masters.

“Seventh Divine General, the commander said you only spent less than ten thousand years cultivating and then you left your hometown to explore the world?” Lin Dong looked at Jian Wushuang.

“Yes.” Jian Wushuang nodded indifferently.

“So have you got any experience in fighting with any Invincible Universe Masters so far?” Lin Dong asked.

“Yes, in my hometown, I did meet an opponent who was an Invincible Universe Master,” Jian Wushuang said.

He was talking about Long Xu King.

“Only one?” Lin Dong looked odd.

“Yes.” Jian Wushuang nodded again.

He had met only one Universe God yet, and that was Long Xu King. However, he had met two Universe Gods. Chen Universe God was for Jian Wushuang to verify his invincible Universe Master battle strength, so he did not count him as one. However, he had killed Jin Feng of the Jin Kingdom, who was a First Heaven Universe God.

After Jian Wushuang answered, Lin Dong frowned and scoffed, “No wonder the commander asked us to take good care of you and give you more chances to practice!”

“What’s the matter?” Jian Wushuang was surprised.

“Seventh Divine General, you might not really know that we Divine Generals have been in the Nine Star Sea for a long time. Even the Sixth Divine General has been here for thousands of years. During this period, we have been battling with Golden-sun Sect and Holy Prefecture, so we’ve got lots of killing experience!” Mo You smiled.

“I’ve fought more than 14 invincible Universe Masters and have met some of them several times, so I’ve had more than one hundred battles with the Universe Masters!”

“Lin Dong is even better. He has met more than 20 Invincible Universe Masters and has experience in killing hundreds. There were many cases in which he fought two or three Universe Masters at the same time.”

“However, you’ve only had one fierce battle with an invincible Universe Master, so don’t you think we need to take care of you?”

Mo You and Lin Dong smiled wordlessly.

Meanwhile, Jian Wushuang was shocked.

Indeed, according to killing experience, he was not as good as these two Divine Generals.

"This task is pretty simple. It would be good enough if only Mo You and I took control, but the commander also assigned you to join the battle. If I am not wrong, the commander wants you to practice more, and then you can adapt to the Eternal Chaotic World and get used to battling with experts soon," Lin Dong said.

"I see." Jian Wushuang raised his eyebrows, and he felt even more confused.

At this moment...

Bang!

A powerful aura rose up at the corner of the city.

"Hmm?"

Jian Wushuang, Lin Dong and Mo You all sensed this aura and instantly looked towards it.

In the void where the aura was rising up, a stalwart elder donned in scarlet armor was waving a scarlet sledgehammer that exploded with strong power. His eyes turned red and were full of Killing Intent.

There were many Universe Masters in the Seventh Army fighting the scarlet elder. Some of them were even Peak Universe Masters.

However, the elder's sledgehammer exploded with tremendous power. Seeming completely unfazed, he slammed the Universe Masters with his sledgehammer and killed them one by one.

In only a couple minutes, five Universe Masters in the Seventh Army were killed by the elder.

"That is... an Invincible Universe Master?" Jian Wushuang looked at the elder in surprise.

"He is the Universe Master Bei in the Red Water Alliance!" Lin Dong and Mo You both frowned. Obviously, they recognized him.

"When the Master of Scarlet Island led his army to kill all the Universe Gods in the Red Water Alliance, they even killed several Invincible Universe Masters. However, two of them were pretty lucky and escaped. These two were Gu Nan Young Alliance Master and Universe Master Bei!"

"Universe Master Bei is very famous here, and his strength is also extremely strong. He ranks first in the Red Water Alliance. That is why the commander asked me to come here," Lin Dong said.

He was the Second Divine General in the Scarlet Island, and his strength ranked second among the Divine Generals, so his battle strength was better than Universe Master Bei's.

"Before, we thought that if all the Universe Gods were killed, Universe Master Bei would lay low for a while after escaping. To my surprise, he's in the first city that Scarlet Island wants to take over. He really has guts," Mo You said, "Lin Dong, based on your strength, you will be the only one who can defeat him. You should take action."

"No rush." Lin Dong shook his head and looked at Jian Wushuang, "The commander asked us to give you more chances to practice, so Jian Wushuang, I will leave Universe Master Bei to you. You can just try your best to battle with him. When you can't keep up any longer, you can send me a message."

“Sure.” Jian Wushuang nodded. Without hesitating, he glided forward to the city.

Lin Dong and Mo You were still standing there and looking at him.
