

Swordsman 1421

Chapter 1421: Finally Passed The Test!

The cloud over Jian Wushuang lingered for ten years.

“It’s been ten years.”

“It’s the first time I’ve seen someone’s God Test should last ten years!”

Even Hall Master Yuan and Lei Chao, who had stayed for a long time in the Firmament World, felt surprised by Jian Wushuang’s God Test.

Ordinary practitioners’ God Tests, even the longest, usually lasted for only several days.

But now, it had been ten years since the beginning of Jian Wushuang’s God Test and it was still going on.

“His mind has been on the verge of collapse for ten years. He is truly resilient.” Hall Master Yuan Palace praised Jian Wushuang.

“Even Real Gods of the vast Eternal Chaotic World, including you and me, would have gone mad from staying in such a torture for ten years, but Jian Wushuang has endured.” Lei Chao was also surprised.

This kind of test was really painful.

Almost every breath was a kind of suffering. Ordinary practitioners, who could only maintain for several days, were considered to be good.

But Jian Wushuang had resisted for ten years. No wonder Hall Master Yuan and Lei Chao couldn’t help but admire him.

Just then...

“Huh?” Hall Master Yuan felt that Jian Wushuang’s breath was calming down.

“Maybe the God Test is coming to an end.” Lei Chao said.

For ten years, the breath of Jian Wushuang had been violent, just like a mad man.

But now, the breath of Jian Wushuang had quickly calmed down.

In just a moment, his breath had completely calmed down, and his grim face gradually relaxed.

In the heavens, the cloud gradually dissipated.

A golden light suddenly appeared, illuminating the whole heaven.

“Divine Light!”

Hall Master Yuan and Lei Chao looked at each other and smiled.

“Haha, the God Test is over!” Hall Master Yuan was excited.

“Our ten years’ wait has been rewarded!” Lei Chao said happily.

Divine light was the light that only appeared after the God Test was finished.

When Jian Wushuang passed his first God Test there was a similar Divine Light, so this time, the light showed that Jian Wushuang has succeeded!

Bang!

A golden light came down to Jian Wushuang in nine rays, and in an instant he was completely enveloped by the warm light.

Like the first God Test, the light came in nine rays, which were now embracing Jian Wushuang.

Hall Master Yuan and Lei Chao were waiting and watching the whole process.

The baptism of the Divine Light did not last long, and it soon ended.

As soon as it was over, the clouds dispersed, and the whole sky was again bright.

After being embraced by the light, Jian Wushuang slowly opened his eyes.

The moment he opened his eyes, a powerful light burst from his eyes. The light was so powerful that it flashed and tore apart an island in the distance directly.

“The God Test is over now!”

Jian Wushuang held his hands tightly with his heart full of joy.

“Congratulations.” King of Venomous Worms said. He also felt relieved for Jian Wushuang’s success.

During the ten years when Jian Wushuang endured the torture, King of Venomous Worms always feared that Jian Wushuang could go mad.

“Jian Wushuang. Come on.” Hall Master Yuan came to Jian Wushuang.

Jian Wushuang said hello to Hall Master Yuan and Lei Chao respectfully.

“Congratulations, you have passed the God Test!” Hall Master Yuan smiled, “Now you only have to pass another God Test and then you will be a top genius in the future!”

“I’m looking forward to that day, too.” Lei Chao also laughed.

Jian Wushuang was delighted.

Jian Wushuang had passed two thirds of the God Test, each round of which was risky.

There was still only the last step, and also the most difficult one.

“Jian Wushuang, what happened to you in the God Test?” Hall Master Yuan asked.

Lei Chao also looked at Jian Wushuang curiously.

They did not know what Jian Wushuang had experienced, but they could feel the danger of the process.

After a while, Jian Wushuang said, "I went through the Nine Lives Reincarnation Test!"

"Nine Lives Reincarnation Test?" They were curious about the details.

Then Jian Wushuang recounted his experience in a simple way.

Through the simple description, Lei Chao and Hall Master Yuan could still feel how dangerous it was and they were shocked.

"Nine Lives Reincarnation?"

"You had to integrate the memory of the nine different lifetimes, and even the illusory consciousness, into your own consciousness?"

"What a terrible torture!"

Hall Master Yuan and Lei Chao couldn't help exclaiming.

This was absolutely the most unusual and dangerous God Test they had ever heard of.

"Nine memories and consciousness were imposed on me, and they were beyond what I can control. I was on the verge of madness but, fortunately, I reached the first level of the mind status from the experience in the Mind Cliff. As such, I could remain clear-minded, which was the most important thing!"

"In these ten years, every moment was a torture of life and death for me because I had to fight with an illusion. I had to stay alert or I would collapse. Honestly, I feel proud of myself" Jian Wushuang smiled.

He knew how difficult the God Test was.

Even Real Gods found it hard to overcome, but Jian Wushuang had survived.

It was a kind of unimaginable resilience and perseverance that had enabled him to survive.

"Though, without the appalling thunderstorm, the second round of the God Test was far more difficult than the first one." Jian Wushuang said.

Chapter 1422: Universe God In The Second Heaven!

It was true that it was a thousand-fold more dangerous than his first Inverse Cultivation Test.

"However, regardless of how dangerous it was, I passed through the second Inverse Cultivation Test," Jian Wushuang smiled faintly.

"Jian Wushuang," Hall Master Yuan looked, "Now that you have passed through your second Inverse Cultivation Test and became a real Universe God in the Second Heaven, your power must have improved tremendously, right?"

"Power?" Jian Wushuang lifted his eyebrows and a smile was revealed on his face.

From a Universe God in the First Heaven to the Second Heaven, there was originally a huge gap. Any ordinary cultivator who managed to break through the threshold would naturally go through a transformation in power.

Jian Wushuang, who was an inverse cultivator, naturally had an even more terrifying power increase.

"I feel that I could currently fight against Ling Feibai without using Soul Power at all. It might even be difficult to call it a victory," Jian Wushuang smiled.

Ling Fengbai, the genius of the geniuses.

Due to the emergence of three Strongest Sword Principle, Ling Feibai, who was just a Universe God in the Second Heaven, could be compared favorably with an advanced Universe God in the Third Heaven when his divine power erupted. Plus, he cultivated some secret skills and created unique skills. Hence, he could stand firmly on his feet among the Peak Universe Gods in the Third Heaven when it came to fighting power.

In the previous fight, Jian Wushuang could only rely on his Soul Power. He had put all of his tricks to play and could only be evenly matched with Ling Feibai. In the end, he was still defeated.

But then... Although they were both Universe Gods in the Second Heaven who had merged three Strongest Sword Principles, Jian Wushuang was an inverse cultivator and he possessed the Ancient God bloodline.

Even though he had passed through his second Inverse Cultivation Test and was still a five-starred Ancient God, he was now on the second stage of being a five-starred Ancient God. His Ancient God power had increased tremendously as well.

His divine power eruption alone was sufficient for him to fight against any Peak Universe Gods in the Third Heaven. With the aid of Blood-killing Plate Armor and the divine power eruption, no ordinary Peak Universe God in the Third Heaven could win against him.

The eruption of divine power was so fierce. Even though he was weaker in unique skills, it could be compensated for.

Hence, Jian Wushuang had the guts to say that he could evenly match Ling Feibai without putting his Soul Power to play. It wasn't a lie.

"I'm not sure how much more powerful you are now but I can sense that your overall power has increased tremendously," Hall Master Yuan smiled, "And, as you have passed through your second Inverse Cultivation Test, you will appear as a Universe God in the Third Heaven in Lineage of Star. As you're a Universe God in the Third Heaven, you can take a look at our most precious Real God Hall in Lineage of Star."

"Real God Hall?" Jian Wushuang was surprised.

Real God Hall was quite famous in Lineage of Star.

Among all resources in Lineage of Star, it was the most precious kind.

It was a pity that the prerequisites for entering Real God Hall were extremely high. Not only did one have to be a disciple of Star Palace, but they must also be a Universe God in the Third Heaven.

Before Jian Wushuang had passed through his second Inverse Cultivation Test, he hadn't been qualified to enter Real God Hall. But now, he was qualified.

"Real God Hall has great opportunities. If you were to grasp them properly, they would be enough for you to take your power to a whole new level. Plus, the opportunities in Real God Hall not only focus on power. They will be influential to your growth in the future," Hall Master Yuan explained.

Jian Wushuang listened, getting more and more excited.

"Besides Real God Hall, Scripture Depository... As your second Inverse Cultivation Test was approaching, you had no time to cultivate your second secret skill. But now, you can take time to pick one from the remaining three secret skills and cultivate it. Any one of them would be extremely beneficial to you," Hall Master Yuan said.

"Mm," Jian Wushuang nodded.

He had been yearning for the remaining three secret skills in Scripture Depository since long ago.

Especially when he had seen Ling Feibai performing Supreme Heaven during the battle. Ling Feibai defeated him because of that secret skill.

"Jian Wushuang, I'll give you a hundred years to cultivate the second secret skill from Scripture Depository. Be prepared. I will assign you your Ultimate Disciple Task a hundred years later," Hall Master Yuan said.

"Ultimate Disciple Task?" Jian Wushuang stunned.

"In a hundred years? Isn't that too soon?" Lei Chao looked at Hall Master Yuan in shock.

"To the others, it might be too early. But to him, it's not that early," Hall Master Yuan smiled faintly.

Jian Wushuang's face grew solemn.

He had stayed in Lineage of Star for so long. Of course, he knew about the Ultimate Disciple Task.

Lineage of Star focused on nurturing geniuses, but geniuses only grow during difficulty and massacre. Lineage of Star knew that well.

Hence, Lineage of Star often passed down training tasks to their disciples. Among all the training tasks, the most dangerous and highest-level one would be the Ultimate Disciple Task.

The Ultimate Disciple Task could only be assigned to disciples who were Universe Gods in the Third Heaven, and only disciples who were Universe Gods in the Third Heaven were qualified to complete the task.

The moment the task was given, the disciples couldn't refuse and had to complete it within the given time. If one couldn't complete it, the punishment would be severe.

Of course, the task would come with extra gifts. The extra gifts would also be a chance that was hard to come by. Hence, the strong disciples who were Universe Gods in the Third Heaven in Lineage of Star were dying to receive the task.

But because the difficulty of the final task was high, there were many disciples that died on the way to their journey. As such, under normal circumstances, only when disciples who were Universe God in the Third Heaven had reached a certain level would the task be assigned.

For one who had just passed their Inverse Cultivation Test and immediately received their Ultimate Disciple Task like Jian Wushuang, it would be quite rare. Only an absolute genius would receive such treatment.

“Come on, it’s time to return,” Hall Master Yuan smiled.

Jian Wushuang, Hall Master Yuan and Lei Chao departed back to Lineage of Star immediately.

...

In the boundless Milky Way, in Lineage of Star’s old lair.

Jian Wushuang parted ways with Hall Master Yuan and Lei Chao the moment they returned.

Among the buildings, Jian Wushuang walked casually and came across many disciples in Lineage of Star on the way.

“Senior Jian Wushuang!”

“Greetings, Senior!”

The ordinary disciples saw Jian Wushuang and bowed politely.

Jian Wushuang found the sight strange.

“Before the battle, none of the disciples looked up to me. Forget about greeting me, they even looked at me in disdain. But now...” Jian Wushuang shook his head and sighed.

Power. It was all about power!

Ever since the battle where he had proved himself with his power, the doubts about him as a disciple of Star Palace in Lineage of Star had vanished into thin air.

The disciples utterly submitted to him and even revered him.

Chapter 1423: The Four Supreme Doctrine, Nine Divine God Doctrine!

The news about Jian Wushuang returning to Lineage of Star stirred a commotion in Lineage of Star.

Jian Wushuang had suddenly came across a thunder test during the battle.

Many disciples made guesses that Jian Wushuang should be going through his God’s Test in the Third Heaven.

Then, when Jian Wushuang had returned to Lineage of Star, his aura obviously went through a drastic change.

Because of the treasure that the founder of Lineage of Star had bestowed on him, Jian Wushuang was obviously giving out an aura of a Universe God in the Third Heaven.

Hence, the news of Jian Wushuang had passed through God's Test in the Third Heaven and the news that he had become a Universe God in the Third Heaven spread across the entire Lineage of Star like wildfire.

There weren't many Universe God in the Third Heaven in Lineage of Star. Universe God in the Third Heaven who were disciples of Star Palace were even rarer.

...

Jian Wushuang passed through the buildings and arrived before a golden palace with an imposing aura.

At the entrance of the golden palace, there was an engraving of a Real God Pavilion.

"Real God Pavilion."

Looking at the golden palace with its imposing aura, Jian Wushuang lifted the corners of his mouth and walked forward.

There was a white-haired elderly who sat at the entrance of the golden palace. The white-haired elderly had his eyes closed like an old monk in meditation.

"Elderly."

Jian Wushuang bowed slightly at the white-haired elderly.

The white-haired elderly slowly opened his eyes and took a glance at Jian Wushuang with his murky eyes, "Jian Wushuang?"

The white-haired elderly had gone to watch the battle previously and he had seen Jian Wushuang's magnificent performance.

"Oh, you became a Universe God in the Third Heaven?" The white-haired elderly fixed his gaze on him.

"Elderly, I'd like to go into Real God Hall," Jian Wushuang said straightforwardly.

"You are a Universe God in the Third Heaven and also a disciple of Star Palace, you are qualified to enter. However, I have to remind you that it isn't easy to open the Real God Hall every time. The price to pay is terrifyingly high too. Even a disciple of Star Palace only has one chance to enter for free. To enter for a second time, one would be required to complete a training task and receive an additional grant," the white-haired elderly said.

"I see?" Jian Wushuang creased his eyebrows. He never knew about this before.

"You can give further thought as to whether you want to enter now," the white-haired elderly said with a smile as he waited for Jian Wushuang's answer.

Jian Wushuang hesitated for a short while before he came to a conclusion.

“My ultimate disciple task will come in another hundred years. Once I have completed my ultimate disciple task, I will receive an additional grant. By then, I will have a chance to enter the Real God Pavilion again,” Jian Wushuang smiled faintly and said, “Elderly, I shall enter now.”

“Alright, I will open it for you. You can enter directly. Remember, you can only stay in Real God Hall for one month during each visit. In that month, you should appreciate your time and not waste the opportunity,” the white-haired elderly exhorted.

Jian Wushuang nodded faintly. After the white-haired elderly opened the door to enter Real God Hall, he took a huge stride into Real God Hall.

It was a vast starry sky.

Jian Wushuang stood right in the middle of the starry sky and looked around suspiciously.

“Real God Hall, the most precious land of opportunities on Lineage of Star. What kind of opportunities are there here?”

Jian Wushuang was curious.

Just then... Wah! There was a huge, tempestuous river that appeared at the end of the starry sky, and it was soaring towards him at a terrifying speed.

The river flowed so swiftly that Jian Wushuang didn't manage to respond in time but was swallowed entirely.

In the depths of the river, Jian Wushuang couldn't feel any impact and could only feel a unique strength from all direction.

“This... this is...?” Jian Wushuang was astonished.

He could tell that the huge river was formed by these unique strengths.

The unique strengths, Jian Wushuang couldn't determine what they were.

“Such incredible strength.”

Jian Wushuang extended his hand and touched the river water that was formed by the unique strengths.

He couldn't see or touch the strengths, he could only feel them.

“These strengths, some I am familiar with but most of them are very new to me. What are they?” Jian Wushuang creased their eyebrows.

Just then, King of Venomous Worms suddenly spoke, “Jian Wushuang, the strength that you can feel now is the purest and also the strongest power in Eternal Chaotic World. Its births and heaven ways exist in the cycle of heaven ways. It is... Power of Heaven Way!”

“Heaven Way?” Jian Wushuang stared.

“Heaven Way is the beginning of all living things in the universe. Eternal Chaotic World that we are in, the Ten Cultivation Sanctuaries, to the next Eternal World or even Aeons World, they are all nurtured by

Heaven Way. The cycle of Heaven Way was formed by thirteen types of strengths in total!” King of Venomous Worms explained.

“These Power of Heaven Way are shrouded in mystery. They are extremely fierce. Many cultivators in Eternal Chaotic World are dying to get the fierce Power of Heaven Way.”

“Hence, there are cultivators who have tried to comprehend the Power of Heaven Way, which then derived the process of the Four Supreme Doctrine, Nine Divine God Doctrine.”

“The cultivators in Eternal Chaotic World, through comprehension of the Four Supreme Doctrine, Nine Divine God Doctrine, with the aid of Power of Heaven Way, could release even stronger and more impressive power. However, because the Power of Heaven Way is too mysterious, only experts above the level of Real God are qualified to comprehend under normal circumstance. As for Universe God...”

“Any ordinary Universe God isn’t qualified to comprehend such strength. Only some true geniuses or incredible existences could try to comprehend one of the doctrines after they become Universe God in the Third Heaven. It is extremely rare. I reckon that there shouldn’t be many in the entire Eternal Chaotic World.”

“Jian Wushuang, do you still remember the genius, Duan Lingfeng, that you met on Ancient Star Sea back then? I told you that you met the real genius then. The reason why I said so was that I could tell that he already understood Massacre Doctrine in the Nine Heaven God Doctrine!”

“Duan Lingfeng?” Jian Wushuang couldn’t help but think of the genius that he was friends with in Ancient Star Sea.

Back then, King of Venomous Worms had said that Duan Lingfeng took the step.

Jian Wushuang didn’t understand the ‘step’ that King of Venomous Worms was talking about. But, then, he understood.

It turned out that Duan Lingfeng was a super genius who comprehended the Power of Heaven Way when he was just a Universe God.

“Back when we saw Duan Lingfeng, he had just passed his God’s Test in the Third Heaven. But his comprehension of Massacre Doctrine was extremely high. In other words, he had already understood a slight bit of massacre doctrine when he was a Universe God in the Second Heaven. A genius like him was hard to find, even in the Ten Cultivation Sanctuaries,” King of Venomous Worms continued.

Chapter 1424: Reincarnation Doctrine!

Jian Wushuang was even more amazed by Duan Lingfeng’s talent after he heard what King of Venomous Worms said.

In Eternal Chaotic World, Universe Gods in the Third Heaven who could comprehend a slight bit of Power of Heaven Way could be considered as a monster among monsters. There weren’t many of them.

However, Duan Lingfeng understood a slight bit of Massacre Doctrine when he was only a Universe God in the Second Heaven. No wonder King of Venomous Worms had complimented him back then.

“The Supreme Four Doctrine, the Nine Heaven God Doctrine... either one of them would be extremely difficult to grasp. However, Lineage of Star lives up to its name of overlord in Purple Moon Sanctuary. They made great efforts to create a river solely with the Power of Heaven Way. The River of Heaven Way included the Supreme Four Doctrine, the Nine Heaven God Doctrine. When you’re in the river, you can feel these Powers of Heaven Way clearly!”

“The clearer you can feel them, the easier you will be able to comprehend them.”

“The Real God Hall deserves to be the most precious land of opportunities in Lineage of Star. It’s too useful,” the King of Venomous Worms sounded surprised.

Obviously, even with his broadness of vision, he had never seen such great effort and such an amazing place for comprehension of the Power of Heaven Way.

“Jian Wushuang, the Real God Hall has an unforeseeable benefit to you. You only have a month’s time. Don’t waste it. Use the time to understand,” King of Venomous Worms said in a hushed voice.

“Mm,” Jian Wushuang nodded.

He had found out the existence of the Supreme Four Doctrine and the Nine Heaven God Doctrine. After Jian Wushuang had found out that Duan Lingfeng took the leap because he comprehended a slight bit of Massacre Doctrine, he yearned for the Power of Heaven Way.

But Real God Hall was the best place to comprehend the Power of Heaven Way. It shouldn’t be missed.

In the river that was made up of the Power of Heaven Way, Jian Wushuang sat down. He closed his eyes and felt the Power of Heaven Way surrounding him.

Jian Wushuang felt that parts of the Power of Heaven Way were extremely familiar.

“The strength should be the Power of Space, right?” Jian Wushuang felt one of the strengths.

That was the strength that made him feel extremely familiar.

One should know that one of the three Strongest Sword Principle that Jian Wushuang opened up was the Spacetime Sword Principle and it involved the Power of Spacetime.

He understood the Power of Spacetime to a certain level but it had not involved Heaven Way yet.

But then, he felt the Power of Spacetime in the river of Heaven Way.

“Spacetime Doctrine was one of the Four Supreme Doctrine!”

“Out of the Four Supreme Doctrine and the Nine Heaven God Doctrine, the former is slightly longer and more difficult to understand. The latter is the reverse. However, overall, it isn’t much different.

“Jian Wushuang, if you were to find that you were more familiar with the power of Spacetime, it would mean that you’re more suitable to comprehend this doctrine but not those that you don’t find familiar. You will find it rather difficult to comprehend them,” the King of Venomous Worms’ voice was heard in Jian Wushuang’s head.

“Understood,” Jian Wushuang nodded faintly, “If merely based on intimacy, I feel that there are two Heaven Ways that I found closest to me. One is Spacetime Doctrine while the other unique strength should belong to Reincarnation Doctrine.”

Reincarnation Doctrine – it involved reincarnation!

Among the three Strongest Sword Principles that Jian Wushuang had opened up, there was a Reincarnation Doctrine!

Besides, the most important part was that he had just passed his second Inverse Cultivation Test and had experienced the Nine Lives Reincarnation Test!

He had just experienced the Nine Lives Reincarnation Test and his understanding of reincarnation was beyond anyone’s comparison.

Then, he could feel the surrounding Power of Reincarnation and he realized that he was comprehending the Reincarnation Doctrine. He found it even easier than the Spacetime Doctrine.

“The Four Supreme Doctrine and the Nine Divine God Doctrine... the easiest should be the Reincarnation Doctrine,” Jian Wushuang smiled.

“If so, what are you waiting for? In this one month, seize the time and spend all your effort in understanding the Reincarnation Doctrine. As for the Spacetime Doctrine and the others, you can put them aside for now,” King of Venomous Worms said.

“Mm,” Jian Wushuang nodded as he understood himself.

He could only enter Real God Hall once and he could only stay for one month on each visit. Hence, the time was extremely precious.

If he were to be distracted and try to comprehend both Reincarnation and Spacetime Doctrine at the same time, one month would obviously be insufficient.

He might as well focus entirely on Reincarnation Doctrine only.

In Real God Hall, Jian Wushuang had already started comprehending the doctrine wholeheartedly.

“Reincarnation...”

“The combination of Yin and Yang, the life and death cycle, it is reincarnation...”

Half a month flew past.

“It’s done!”

Jian Wushuang sat in Real God Hall and he suddenly opened his eyes. There was excitement in his eyes. Along with a clap of his hands, a unique strength slowly gathered.

The strength, it was the Power of Reincarnation!

“Reincarnation Doctrine, beginner?” King of Venomous Worms found it unbelievable, “How could it be so easy?”

King of Venomous Worms was astonished.

“King of Venomous Worms, didn’t you say it would be extremely difficult to understand the Power of Heaven Way? But why...” Jian Wushuang was surprised too.

He never thought that he could understand the Reincarnation Doctrine so quickly and so easily.

In just half a month’s time, he had mastered a slight bit of Power of Reincarnation.

Although the Power of Reincarnation was weak, Jian Wushuang had actually become a beginner on Reincarnation Doctrine.

“Luck!”

King of Venomous Worms complimented, “Back when you opened up Reincarnation Sword Principle, you already possessed the basis of comprehending Reincarnation Doctrine. However, you’re lucky that you happened to experience Nine Lives Reincarnation Test during your second Inverse Cultivation Test. After you experienced Nine Lives Reincarnation Test, your understanding of reincarnation was far beyond anyone else’s. Besides, you’re in Real God Hall and you get to feel the Power of Reincarnation clearly... Most importantly, you are a quick learner.”

“Thanks to all of that, you comprehended one bit of Power of Reincarnation within half a month!”

“Half a month. Tsk tsk. If the others were to find out that it only took you half a month from getting in touch with Heaven Way to mastering the Power of Reincarnation, they would definitely be jealous!”

“One must know, in Eternal Chaotic World, there were many Real Gods that spent a long time and invested great effort but couldn’t grasp the Power of Heaven Way!”

“Well, comparing one to another does piss people off!”

Hearing King of Venomous Worms’ compliment, Jian Wushuang smiled.

“I just mastered a slight bit of Power of Reincarnation and I am considered only a beginner in Reincarnation Doctrine but there is a space for improvement. For the remaining half of a month, I have to use the time to improve the mastery of Power of Reincarnation,” Jian Wushuang thought and continued to comprehend the doctrine.

The one-month time limit was over really soon.

...

Chapter 1425: Four Secret Skills of Lineage of Star

“Phew!”

Jian Wushuang let out a breath as he walked out of the Real God Hall.

“Jian Wushuang, how did it go?” The white-haired elderly outside Real God Hall casually asked.

“Not bad,” Jian Wushuang smiled as he replied.

In actual fact, his visit to Real God Hall was better than not bad. With the aid Real God Hall, he had mastered a slight bit of Power of Reincarnation and become a beginner of Reincarnation Doctrine. What he achieved was definitely something countless Real Gods would be jealous of.

Then, Jian Wushuang walked towards Scripture Depository.

In Scripture Depository.

“Elderly,” Jian Wushuang looked at the deacon elderly who was guarding in Scripture Depository.

“Jian Wushuang?” The deacon elderly took a glance at Jian Wushuang, “If I’m not mistaken, you have yet to pass the third floor of Star Tower.”

“Yes,” Jian Wushuang nodded, “However, I have passed Illusionary Mind Sea’s nineteenth floor. Hall Master Yuan said that I am qualified to cultivate the second secret skill.”

“I see,” the deacon elderly understood and immediately pointed at the four secret rooms behind him.

“These four secret rooms, each room has a secret skill. You already cultivated the secret skill of Star Palace, so you can skip the first room on the left. Out of the remaining three secret rooms, you can choose whichever one you like.”

Jian Wushuang immediately walked before the three secret rooms.

There were descriptions about the secret skill in the secret room at the entrance of each door.

The second secret room was Supreme Heaven that Ling Feibai cultivated.

Supreme Heaven transformed one into demonic God and one’s power would increase tremendously in a short period of time.

The secret skill was of a high level. However, similarly, the cultivation threshold was terrifyingly high. Plus, Supreme Heaven was actually using an extremely unique Power of bloodline. He himself was already a cultivator who possessed Power of bloodline. Hence, he was destined to be unable to cultivate it.

“Supreme Heaven, although it is extremely fierce, I already possess Ancient God blood. That means I have the prerequisites to cultivate it.

Jian Wushuang sighed.

Back when Ling Fengbai performed Supreme Heaven at the crucial moment, he had been envious of the terrifying power that he showed.

Previously, he had made a decision. If he were to also have a chance to cultivate the secret skill... However, the opportunity was before him but he couldn’t cultivate it.

Jian Wushuang shook his head and walked towards the third secret room.

In the third secret room was an extremely powerful secret skill of defense. It was called Xuan Mie Golden Body.

“Secret skill of defense?” Jian Wushuang was intrigued.

His divine body was originally far stronger than cultivators of the same level and once cultivated secret skill of defense. However, it was Golden Image Secret Skill from Green Fire World.

Although the Golden Image Secret Skill was quite decent and had provided great assistance to Jian Wushuang previously, Jian Wushuang grew more powerful and the Golden Image Secret Skill barely met his standards. Plus, the Xuan Mie Golden Body that was before him, as one of the four secret skills in Lineage of Star, was definitely one of the top secret skills of defense.

To Jian Wushuang, such a secret skill of defense was very useful.

“Jian Wushuang, when you wander in Eternal Chaotic World and want to gain a foothold in Ten Cultivation Sanctuaries and gradually come to prominence, the most important thing to do is to save your own life. As long as you’re alive, everything is possible. The defense power is naturally crucial.”

“I have heard of Xuan Mie Golden Body before. It is really a powerful secret skill of defense. The secret skill is such that a Universe God in the Third Heaven is barely qualified to cultivate this secret skill. Plus, once it’s refined, even if one is only a beginner, his divine body of Universe God in the Third Heaven would be enhanced tremendously. He could even be compared favorably to a Real God!” King of Venomous Worms said.

Jian Wushuang was shocked.

As long as a Universe God in the Third Heaven became a beginner in Xuan Mid Golden Body, his divine body could be compared favorably with a Real God’s.

So impressive.

“It seems that Xuan Mie Golden Body is really a great choice for me. However, there’s no rush. I shall see what the last secret skill is before I make a decision,” Jian Wushuang smiled and then came to the fourth secret room, which was also the last secret room.

Jian Wushuang’s fixed his gaze on the description of the last secret skill before the fourth secret room.

The last secret skill, it was called... Secret Skill of Dragon Blood!

“What?” Jian Wushuang was shocked when he saw the name itself.

Then, he continued to read the simple introduction about the secret skill. Suddenly, Jian Wushuang’s gaze became strange.

The last secret skill among the four secret skill in Lineage of Star was the secret skill of Dragon Blood which he had cultivated long ago!

Exactly the same!

The secret skill of Dragon Blood was passed on to him by his Master Xuan Yi, in order to protect his life during crucial times.

The secret skill had saved him countless times.

He also knew that the secret skill was extraordinary. Previously, merely by igniting his Soul Power, his speed would increase by a hundred folds under the eruption of power.

Then, he became Universe God and possessed divine power. Once his divine power ignited, his speed would be even faster, even more furious!”

But after he became a Universe God, there was never such a life and death situation. Hence, he had yet to perform the technique with his all in Eternal Chaotic World.

But Jian Wushuang never thought that the secret skill of Dragon Blood that his master taught him would be one of the four secret skills of Lineage of Star!

“The four secret skills in Lineage of Star are commonly entrusted to the person’s memory directly and the person wouldn’t be able to pass it on to someone else. In other words, the four secret skills should be leaked. However, your mysterious master possesses this secret skill and passed it on to you. Hehe, so interesting,” King of Venomous Worms laughed.

Jian Wushuang had a strange look on his face.

He didn’t know how his master got the secret skill of Dragon Blood. However, the techniques that he performed were unfathomable. He could never figure him out.

“I never thought that I had actually already cultivated two of the secret skills in Lineage of Star,” Jian Wushuang blinked.

The secret skill of Star Palace and the secret skill of Dragon Blood were both secret skills in Lineage of Star. However, as the secret skill of Star Palace possessed the Power of Star, the higher-ups in Lineage of Star could tell that he had cultivated it before. However, no one could tell that he could do the secret skill of Dragon Blood.

Even experts like Hall Master Yuan and Lei Chao, or even founder of Lineage of Star, if Jian Wushuang didn’t proactively perform it, they wouldn’t know that Jian Wushuang had cultivated the secret skill long ago.

Hence, he was given the chance to visit Scripture Depository to choose the second secret skill.

In actual fact, he should be choosing the third secret skill.

“Whatever, the secret skill of Dragon Blood was passed on to me by my master, I didn’t get it from Lineage of Star,” Jian Wushuang shrugged and went into the third secret room.

Of the four secret skills, there were two that he had already cultivated and there was one that he couldn’t cultivate. Hence, he was only left with one choice.

The secret skill was Xuan Mie Golden Body!

...

Chapter 1426: Star Pavilion

In the secret room, Jian Wushuang stood alone. In front of him, there was a bead that gave out deep and serene light.

Under the cover of Jian Wushuang's Soul Power, there was suddenly a wealth of information that surged towards him.

The information was, shockingly, the cultivation method of Xuan Mie Golden Body. It was imprinted in his head via inheritance.

Xuan Mie Golden Body, there was three volumes in total.

The very first volume itself required one to be a Universe God in the Third Heaven to qualify for cultivation. After the first volume, the divine body of a Universe God in the Third Heaven could be compared favorably to a Real God!

"The Xuan Mie Golden Body is really strong, but the threshold of cultivation is extremely high. Just the first volume itself would require one to be a Universe God in the Third Heaven and it would require the assistance of nine types of bloodline powers in order to succeed," Jian Wushuang squinted his eyes.

Although he was only a Universe God in the Second Heaven, as an inverse cultivator, regardless of if it was divine power or divine body, he could be compared favorably with a Universe God in the Third Heaven. He could just about reach the first requirement.

However, for the second requirement, there were nine types of bloodline power, and the higher level they were, the better. Jian Wushuang didn't have that then.

"Jian Wushuang, you only need to know the cultivation method. As for the nine types of bloodline power, it's easy. The assistance of nine types of bloodline power is nothing but some blood from a strong bloodline. Although you don't have them, they are sold in the market outside. They are not rare. From what I have estimated, as long as one can assemble nine types of first-rate bloodline's blood, it will be more than enough to cultivate Xuan Mie Golden Body," King of Venomous Worms said.

In Eternal Chaotic World, there were quite a number of clans with unique bloodlines.

These bloodline clans were divided into strong and weak too.

The weakest was a third-rate bloodline clan, followed by a second-rate bloodline clan.

The first-rate bloodline clan was an extremely ferocious and unruly clan in Eternal Chaotic World.

Of course, like Jian Wushuang's Ancient God bloodline, it was at the peak of Eternal Chaotic World. It already exceeded the first-rate bloodline clan's coverage. It belonged to the peak of the bloodline clan.

"I understand," Jian Wushuang nodded slowly.

After he had memorized the three volumes of Xuan Mie Universe God cultivation method, Jian Wushuang left Scripture Depository.

In the Sword Star where Jian Wushuang was staying.

"Qiu Yue, how have you been over the ten years that I've not been around?" Jian Wushuang looked down .

"Mister, your performance during the battle ten years ago shocked everyone. All the disciples in Lineage of Star revered you and no one dared to bully us maids and servants from Sword Star. Even when we

had some conflict, the moment we brought up Sword Star, those servants in Lineage of Star or even the ordinary disciples would be courteous enough to not find trouble with us,” Qiu Yue said.

“That’s great,” Jian Wushuang nodded faintly and asked, “Qiu Yue, you’re a Universe God in the Third Heaven. You have stayed in Star land for so many years and you definitely have rich experience. I need some blood of the first-rate bloodline. Do you know where I can find it?”

“The blood of first-rate bloodline clan?” Qiu Yue was stunned, then continued, “There’s Star Pavilion under the Lineage of Star. It can be found all over Star land. They sell various kinds of rare treasures. It naturally includes blood of some bloodline clan. Master can pay them a visit.”

“Star Pavilion?” Jian Wushuang nodded faintly.

Then, Jian Wushuang departed that very day.

Jian Wushuang shot from the boundlessness towards the busiest city, Snake Soul City.

Star Pavilion was located in Snake Soul City.

It was located in a busy city that was full of experts. Jian Wushuang came before the Star Pavilion directly.

“This is Star Pavilion. It looks rather magnificent.”

Jian Wushuang looked at the huge, delicate pavilion that was about nine floors high in astonishment.

Although Star Pavilion could be compared favorably to Vientiane Tower, which was the top one in the Ten Cultivation Sanctuaries, it could be considered as the top store in Star land.

There were many treasures collected here.

In Star Pavilion, in a private, secret room.

An elderly in purple robes stood before Jian Wushuang.

The elderly in purple robes had an imposing aura. He was be a Real God. However, the Real God behaved rather politely towards Jian Wushuang.

“Mister Jian Wushuang, I wonder what I can do for you.” The elderly in purple robes smiled.

Although he was a Real God, he was just an expert outside of Lineage of Star. He was naturally polite when he came across the disciples from Star Palace, which was located in the core of Lineage of Star.

“I need some blood of a first-rate bloodline clan,” Jian Wushuang stated straightforwardly.

“There are many kinds of first-rate bloodline clans. I wonder which clans does the master want, and how much of them?” The elderly in purple robe asked.

“As long as it’s a first-rate bloodline clan, any will do. The clans don’t matter. As for volume, please give me three drops of each,” Jian Wushuang said.

During the process of cultivating Xuan Mie Golden Body, if everything were to go smoothly, it would only require a drop of blood from the nine different bloodline clans. However, just in case, Jian Wushuang prepared three drops of each.

“Every drop of first-rate bloodline clan’s blood costs five hundred thousand Chaos Gems. You wanted nine types of bloodline, three drops of each type. It is a total of twenty-seven drops. In total, it would require thirteen million and five hundred thousand Chaos Gems,” the elderly in purple robes smiled.

“So expensive?” Jian Wushuang was shocked.

Thirteen million and five hundred thousand Chaos Gem was much higher than many Peak Universe God in the Third Heaven’s entire properties.

“Expensive?” The elderly in purple robes smiled, “Everyone knows that not only is the first-rate bloodline clan’s blood rare, but it is also widely used. Hence, its value is naturally high. Plus, as you’re a disciple from Star Palace, you are able to buy a drop of first-rate bloodline clan’s blood at the price of five hundred thousand. If it were to be anyone else, it would cost a million for a drop.

“Is that so?” Jian Wushuang was lost for words. He waved and took out the Qian Kun Ring, “I don’t have so many Chaos Gems, and I can only offer these treasures instead. Can you see how much these treasures cost?”

The elderly in purple robes nodded. He took over the Chaos Gems and started calculating. Very quickly, there was a result.

“Mister, the treasures in this Qian Kun Ring are valued at a total of about eight million Chaos Gems,” the elderly in purple robe replied.

“Only worth this much?” Jian Wushuang creased his eyebrows.

The Qian Kun Ring that he took out contained the items that he had kept from the years where he had killed others.

It could be said that ninety-nine percent of his treasures were in the Qian Kun Ring. He never thought that it would only be worth eight million. It was still quite far away from the thirteen million and five hundred thousand Chaos Gems required.

Chapter 1427: Auction

“I have a few treasures. Take a look,” Jian Wushuang took out another Qian Kun ring.

There were merely a few treasures in the Qian Kun ring and they were the most precious few that Jian Wushuang accumulated for all the years. Among them, there were two that he had got from Bei Xiu in Tian Ling Mystery Land.

The elderly in purple robe briefly went through them and replied, “Mister, these few treasures are valued at five million Chaos Gems.

Jian Wushuang creased his eyebrows.

He had already taken out all his treasures that he had accumulated and he had only kept those that he could use. In the end, he was short of five hundred thousand Chaos Gem.

“Jian Wushuang, you’re so dumb,” King of Venomous Worms suddenly spoke, “Those first-rate bloodline clans’ blood essence are so precious and you owned the royal ancient god’s blood essence which is higher than those first-rate bloodline clan’s blood. Wouldn’t your blood be more valuable than the first-rate bloodline clan’s blood?”

“My blood essence?” Jian Wushuang was stunned and then understood.

He used his willpower and a drop of dark gold blood essence appeared in his palm.

The drop of blood essence was the ancient god blood that he had accumulated for the past few years.

Although he was an Ancient God, it wasn’t easy to accumulate Ancient God blood essence. For the past few years, he had accumulated three drops in total. The three drops could be used at a crucial time.

Then, he took one drop out.

“Look, the drop of blood essence, how much is it worth?” Jian Wushuang passed his Ancient God blood essence over.

The elderly in purple robe took the blood essence and examined carefully.

At first, the elderly in purple robe was calm. Very soon, his facial expression was replaced with an unprecedented terror.

“This... this is Ancient God blood essence?”

“And among the Ancient God clans, the highest bloodline of all, the Royal Ancient God’s blood essence?”

The elderly in the purple robe was astonished and he couldn’t help but look at Jian Wushuang.

“It is really the Royal Ancient God’s blood essence. Could you see how much is it worth?” Jian Wushuang smiled.

The elderly in the purple robe took a deep breath and suppressed the shock in him when he replied, “The drop of Royal Ancient God’s blood essence, the Star Pavilion would normally have the price of fifteen million Chaos Gems.”

“Fifteen million?” Jian Wushuang was overjoyed.

In order to cultivate Xuan Mie Golden Body, he needed nine types of bloodlines, at a total of twenty-seven drops of blood essence. The value of thirteen million and five hundred thousand Chaos Gem couldn’t even compare to his one single drop of blood essence.

“Mister, the drop of Royal Ancient God blood essence, if you were to sell to Star Pavilion directly, you can get fifteen million Chaos Gem but you could also opt to auction it out on the auction that is taking place three days later. You might be able to get more Chaos Gems then,” the elderly in purple robe replied.

“Auction?” Jian Wushuang was convinced, “Three days later, there will be a huge auction in Star Pavilion?”

“Yes,” the elderly in the purple robe nodded, “Every once in a while, we Star Pavilion hold an auction. There will be a huge number of unique treasures that appear during the auction. At the same time, it will attract many experts. If you were to be interested, you can participate in the auction too. After all, the first-rate bloodline’s blood essence that you requested will require a period of time to gather.”

“As you have explained, I am now interested,” Jian Wushuang smiled faintly.

He had to wait for those first-rate bloodline clans’ blood essence to arrive at Star Pavilion. He was free anyway, he might as well take a look at the auction.

“Then, put this drop of Royal Ancient God’s blood essence up for auction. Besides, the few treasures that I gave you earlier, if possible, put them up for auction too,” Jian Wushuang said.

“No problem,” the elderly in the purple robe replied.

Then, Jian Wushuang waited for three days in Star Pavilion.

Three days later, the auction in Star Pavilion started.

The auction in Star Pavilion in Snack Soul City was a huge event and it attracted many experts.

Not only did it include a large number of Universe Gods, but there were even more than twenty Real Gods.

Most of the Real Gods stayed in the independent rooms on the second floor.

In one of the rooms, Jian Wushuang sat in silence.

“Tian Shi, you don’t have to take care of the auction affairs?” Jian Wushuang looked at the elderly in purple robe next to him, Tian Shi.

“No,” Tian Shi shook his head and smiled.

To him, the auction’s affairs were not as important as Jian Wushuang’s.

After all, Jian Wushuang was a disciple of Star Palace and he was a Universe God in the Third Heaven. He was destined to be the higher-ups in Lineage of Star in the future while Tian Shi who was only a Real God outside the region. If he were to be on good terms with Jian Wushuang, it would be a great opportunity.

Looking at Tian Shi refusing, Jian Wushuang lifted his eyebrows but didn’t push it.

The auction below had started long ago. There were already a hundred over treasures sold.

Among the hundreds of treasures auctioned, there were some of high value and even treasures that would attract Real Gods. However, Jian Wushuang had yet to see any that were useful to him.

“Mister, soon, it will be the Royal Ancient God’s blood essence,” Tian Shi said.

Jian Wushuang looked and he began to look forward to it.

Very soon, someone took the jade bottle up. The lady in red robe who was the host of the auction shouted, "Everyone, the treasure up for auction next's value could be in the top ten for this auction and, as for its rarity, it is definitely top!"

"The treasure, if you were to miss it, I dare say that you might not have a chance to see it again."

The lady in the red robe spoke and there was suddenly a commotion at the auction.

The cultivators in the auction, including those Real Gods who had come for the auction, were excited.

The lady in the red robe didn't blab further but quickly took out the dark gold blood essence from the jade bottle.

The moment the drop of dark gold blood essence revealed itself, the Universe Gods who didn't know what was going on were calm in the open area. However, the Real Gods in the independent rooms on the second floor were roaring from the bottom of their hearts.

"That is... Ancient God's blood essence!"

"It is Ancient God's blood essence, and it is the top clan among Ancient Gods. The highest Royal Ancient God's blood essence!"

"Oh my, the Royal Ancient God's blood essence is here in this auction?"

"It's a pity that the drop of Royal Ancient God's blood essence power isn't too strong. If I'm not mistaken, its owner should only be a five-starred Ancient God but yet to pass God's Test to become a six starred Ancient God. Otherwise, the drop of Royal Ancient God's blood essence would be really impressive. I reckon many powerful Real Gods would be tempted!"

"Even though it is only the blood essence of a five-starred Royal Ancient God, it is still very rare!"

Chapter 1428: The Painting of Understanding Sword via Reincarnation

There were many gasps from the room. They were obviously preparing to bid.

The lady in the red robe started the auction for the blood of a Royal Ancient God. The base price of the auction was already ten million Chaos Gems.

"The base price itself was ten million Chaos Gems. Isn't it too high?" Jian Wushuang creased his eyebrows and said.

"Mister, you belittled the rarity of the blood of Royal Ancient God. For such precious blood, even if the base price was twenty million, there would be people bidding for it, let alone the base price of ten million. If there were to be someone who needed such blood, he would buy it no matter how high the price," Tian Shi smiled.

As expected, not long after the lady in the red robe had announced the base price, there were people bidding.

"Twelve million Chaos Gem!"

“Thirteen million!”

“Fifteen million!”

Very soon, it exceeded the price that Star Pavilion offered and it continued to soar.

In the end, there was a Real God in the private room on the second floor who bought the drop of Royal Ancient God blood for the price of twenty-three million Chaos Gems.

“Twenty-three million Chaos Gems,” Jian Wushuang’s eyes were beaming with joy.

From what he knew, an ordinary Real God’s entire property was about forty million Chaos Gems. Twenty-three million Chaos Gems were already half of a Real God’s entire property.

“It’s a pity that it isn’t easy to accumulate Ancient God blood. I only accumulated three drops over such a long period of time. If it were easy, I would like to get a few more drops to auction off,” Jian Wushuang smiled.

Then, the auction continued.

Jian Wushuang glanced at the treasures that were auctioned but almost nobody made any offer.

Two days later.

“The next treasure that is up for auction is extremely unique. In terms of value, at this auction, it could be in the top three!”

The lady in the red robe spoke and every cultivator at the auction suddenly looked over.

The auction in Star Pavilion didn’t tend to save the best for last. Those previous treasures appeared randomly as they wanted.

The treasure that was going to be up for auction then was obviously one of the most precious treasures in the auction.

The lady in red robe took out the treasures. It was a scroll painting. It had yet to be opened but it had a terrifying sword intention that dispersed.

“Huh?”

Jian Wushuang, who was in the private room, saw the scroll painting and he immediately squinted.

He was interested in any treasure that was related to Sword Principle. The scroll painting was obviously related to Sword Principle.

The lady in the red robe continued to speak, “Everyone, as you’re wandering in Star land, I believe that there should be many of you who have heard of a Real God named Jue He?”

“Real God Jue He?”

“Real God Jue He who fell six million years ago?”

Hearing Real God Jue He’s name, many Real Gods in the private rooms revealed a surprised look.

“Real God Jue He?” Jian Wushuang creased his eyebrows. He had just got to Star land not long ago so he naturally had never heard of Real God Jue He.

Then, Tian Shi by his side spoke, “Real God Jue He was once the Real God experts on the peak of Star land. His fame was not only in Star land but throughout the entire Ten Cultivation Sanctuaries. When he was still alive, he occupied a space in the Real God ranking list!”

“Real God Ranking?” Jian Wushuang moved.

He didn’t know much about Real Gods. He never knew how to differentiate the power between Real Gods.

But he knew about the Real God ranking list.

On the Real God ranking list was gathered a bunch of top Real Gods in Ten Cultivation Sanctuaries. These Real Gods possessed a fighting power that could massacre a bunch of Real Gods easily.

For example, Lei Chao from Lineage of Star was an expert on Real God ranking list.

And because of Lei Chao’s strong power and his high position in Lineage of Star, he could even call Hall Master Yuan by his name. The other deacon elderlies in Lineage of Star would greet Hall Master Yuan politely.

Noticing the commotion at the auction, the lady in the red robe smiled faintly. She immediately continued, “The scroll painting for auction was the Painting of Understanding Sword via Reincarnation that the Real God expert formed with his understanding towards Reincarnation Doctrine and his terrifying Sword Principle.

The entire auction was in silence.

The next moment, the crowd burst into an uproar.

Swoosh!

Jian Wushuang who was in private, stood up directly. There was a light that fixed on the scroll painting below.

“The Painting of Understanding Sword via Reincarnation?”

“To flawlessly merge Reincarnation Doctrine with Sword Principle?”

“This...”

Jian Wushuang looked dumbfounded.

He had just become a beginner in Reincarnation Doctrine and mastered a slight bit of Power of Reincarnation with the aid of Real God Hall.

Hence, it was a true Sword Principle cultivator and he was good at Sword Principle.

It was because of the battle to become a disciple of Star Palace previously, and due to the press of time, even if he improved tremendously in Sword Principle, it would be very difficult for him to safeguard his position as a disciple of Star Palace. Hence, he had focused on Soul Attack for the past years.

Regardless, Jian Wushuang had a swordsman living in him.

He was a born swordsman.

Regardless of the improvement on his Soul Attack, he was still best at Sword Principle.

Especially then, he had just become a beginner in Reincarnation Doctrine and mastered a slight bit of Power of Reincarnation. Then, what he needed the most was to merge his Sword Principle and the Power of Reincarnation flawlessly. So that he could create an even stronger and more impressive unique skill. In turn, his understanding of Sword Principle increased tremendously.

It was the most pressing matter for him. He had originally planned to cultivate the first volume of Xue Mie Golden Body, then spend the rest of the time improving his swordsmanship.

Who would ever have thought that the Painting of Understanding Sword via Reincarnation which merged Reincarnation Doctrine with Sword Principle would appear when he needed it the most!

The Painting of Understanding Sword via Reincarnation was simply tailor-made for him.

“Jian Wushuang, you were just a Universe God in the First Heaven previously. You were in too low of a realm and you were restricted naturally. To be able to create an advanced rank three unique skill was already your limit. But now that you have broken through your realm and mastered a slight bit of Power of Reincarnation, it means that you have removed your shackles. Your swordsmanship is in an eruption period!”

“The eruption period is extremely hard to come by. If you were to get the aid of the Painting of Understanding Sword via Reincarnation, you would prove to be even more amazing. So... For your power, get the Painting of Understanding Sword via Reincarnation at any cost!” King of Venomous Worms’ voice rang in his head.

“I understand.”

Jian Wushuang nodded faintly. He squinted his eyes as he held his fists tight.

He knew how much help the Painting of Understanding Sword via Reincarnation would be to him. He couldn’t miss such a treasure.

...

Chapter 1429: Got It

“The Painting of Understanding Sword via Reincarnation, the starting price is twenty million Chaos Gems. No increment should be lesser than one million. The auction starts now!” The lady in the red robe announced straightaway.

The entire auction was suddenly bustling.

“The starting price is twenty million Chaos Gems?” Jian Wushuang’s face grew grave.

One must know that his Royal Ancient God’s blood essence was only twenty-three million Chaos Gems.

“Twenty-five million Chaos Gems!”

“Thirty million Chaos Gems!”

Merely two bids had kicked the price of the Painting of Understanding Sword via Reincarnation to thirty million Chaos Gems.

Jian Wushuang’s face instantly grew grave.

“The Chaos Gem I had earlier is allocated to purchase the first-rate bloodline clans’ blood essence. Now, I only have the twenty-three million Chaos Gems that I made from auctioning the drop of Royal Ancient God’s blood essence. It is obviously not enough,” Jian Wushuang squinted his eyes, “I still have another two drops of Royal Ancient God’s blood essence. Even if I sold them to Star Pavilion, it’d only be worth thirty million Chaos Gems. Add it to the twenty-three million Chaos Gem earlier... I have a total of fifty-three million!”

Jian Wushuang was determined and he immediately shouted.

“Fifty-three million Chaos Gem!”

Jian Wushuang shouted the amount that he could pay straightaway.

From the original thirty million Chaos Gems, it suddenly got bumped up to fifty-three million. He was obviously determined to win!

Soon after the price was shouted...

“Fifty-five million Chaos Gems!”

There was another deep voice opposite Jian Wushuang’s independent room.

In that independent room, a cold-looking man who was more than two meters tall and brawny in size was seated. His eyes were twinkling with a gem-like brightness, “I have reached the bottleneck of comprehension in Reincarnation Doctrine. The Painting of Understanding Sword via Reincarnation might be sufficient for me to break through the bottleneck. I don’t care about just fifty over million Chaos Gems!”

The cold-looking man also seemed to be determined to win.

When the price was overtaken, Jian Wushuang’s eyebrows were tightly knitted and he felt helpless.

If he were to shout another price, he could pay it, but he would have to trade in his precious treasures in exchange, such as Blood-killing Plate Armor, Blood Mountain Sword and so on.

These treasures were important to Jian Wushuang. He couldn’t just give them up in exchange for other treasure.

Just as Jian Wushuang was becoming deeply distressed, the elderly in the purple robe next to him, Tian Shi spoke, “Mister Jian Wushuang, you look like you really want to get the Painting of Understanding Sword via Reincarnation?”

“Yes,” Jian Wushuang didn’t hide it, “The Painting of Understanding Sword via Reincarnation is very useful to me. It’s a pity that I can’t fork out more Chaos Gems, otherwise...”

“As long as you want it, we of Star Pavilion can figure it out for you,” Tian Shi said.

“Huh?” Jian Wushuang looked towards Tian Shi.

“Mister, don’t forget that Star Pavilion is under the control of Lineage of Star and you are a disciple of Star Palace. Star Pavilion, naturally, has to provide you the greatest service,” Tian Shi smiled faintly, “Mister, please hold on. Let me talk to Elderly Song about this.”

Elderly Song, the deacon elderly from Lineage of Star. Star Pavilions around Snake Soul City were all under the jurisdiction of Elderly Song.

In just an instant...

“Mister, Elderly Song mentioned that you can transfer a million Chaos Gem from Star Pavilion. Then, pay it back slowly. If it were to be more than a million, you’ll have to apply directly to Hall Master Yuan and receive approval from Hall Master Yuan,” Tian Shi said.

“A million Chaos Gems? That’s enough!” Jian Wushuang was overjoyed and he quickly shouted, “Sixty million Chaos Gem!”

In the room opposite, the brawny cold-looking man creased his eyebrows and followed, “Sixty-five million!”

“Seventy million!”

Just as the cold-looking man called, Jian Wushuang shouted another price again.

The moment he shouted the price, the auction gasped.

Seventy million was definitely an astronomical figure to a Universe God. Even to a Real God... Any ordinary Real God would find it difficult to pay this amount of Chaos Gem.

“Seventy million?”

The brawny cold-looking man grew distressed, “Although the Painting of Understanding Sword via Reincarnation it precious, seventy million Chaos Gem isn’t a small figure.”

The cold-looking man suddenly spoke after a moment of silence, “I wonder which Real God is opposite, I wonder if you could spare consideration to me, An Yuan.”

“An Yuan?”

It suddenly stirred a commotion at the auction.

“Real God An Yuan, it’s him?” Tian Shi was shocked too.

“Real God An Yuan is very famous?” Jian Wushuang looked at Tian Shi.

“Quite famous,” Tian Shi nodded, “He is from a great influence in Star land, the second elderly of the great influence. Not only does he possess great influence, but his power is also impressive. It is beyond any ordinary Real God’s.”

“He spoke now for you to reconsider. If you were an ordinary Real God, you might stop fighting over the painting with him. However, you are a disciple of Star Palace. Although Real God An Yuan has a strong background, he’s nothing to you. You can totally ignore him.”

Jian Wushuang raised his eyebrows.

In Star land, Lineage of Star was the definite overlord. As a disciple of Star Palace, which was the core of Lineage of Star, he wasn’t someone any ordinary Real God could offend.

“Although Real God An Yuan wouldn’t dare to do anything to me, there’s no need for me to offend him,” Jian Wushuang smiled. Then, he spoke, “Real God An Yuan, I am Jian Wushuang from Star Palace. The Painting of Understanding Sword via Reincarnation is very useful to me. So, excuse me.”

Jian Wushuang’s voice reverberated at the auction and many gasped in surprise.

“Star Palace?”

“Disciple of Star Palace!”

“Disciple from the core of Lineage of Star, the genius of the geniuses, such a favored man has joined this auction too?”

Everyone was astonished.

Even Real God An Yuan was surprised.

“He’s a disciple of Star Palace?”

Real God An Yuan muttered to himself as he shook his head, “Disciple of Star Palace, although his power might not be at my level now, once he grows, he is destined to be stronger than I am. I can’t offend such a figure. Forget it, it isn’t definite that the Painting of Understanding Sword via Reincarnation could help me break through the bottleneck. As the disciple of Star Palace wants it, I shall let him have it.”

“Jian Wushuang, I give up the Painting of Understanding Sword via Reincarnation.”

Real God An Yuan said.

“Thank you.”

Jian Wushuang expressed his gratitude.

Real God An Yuan didn’t continue to fight with Jian Wushuang. Jian Wushuang got the Painting of Understanding Sword via Reincarnation with seventy million Chaos Gems.

...

Chapter 1430: Battle

Then, there were another hundred treasures up for auction before it ended.

In the secret room.

“Mister, this is your Painting of Understanding Sword via Reincarnation.”

The elderly in a purple robe, Tian Shi, sent the scroll painting to Jian Wushuang, “Mister, the blood that you needed, Star Pavilion has prepared them. You can come and collect them tomorrow.”

“Very good,” Jian Wushuang nodded faintly. He was delighted.

He could finally complete the first volume of Xuan Mie Golden Body and possess a divine body of a Real God after he got the blood.

With the aid of the Painting of Understanding Sword via Reincarnation, his power could definitely be improved to another level before the Ultimate Disciple Task.

Just then, Tian Shi suddenly moved and smiled, “Mister, I have just received news. There will be a battle on the battlefield of Snake Soul City. If you have time, you can come and take a look.”

“Whose battle?” Jian Wushuang asked.

“Two Universe Gods in the Third Heaven. One of them is Lin Xue, an extremely famous Universe God in the Third Heaven on Star land. She’s also one of the most outstanding disciples among disciples who are Universe God in the Third Heaven from Dark Phoenix Pavilion. Hou Yi, who she is challenging, isn’t famous. He seems to have popped out from nowhere. However, he is very powerful. He defeated Lin Xue’s junior with just two slashes of his axe,” Tian Shi said.

“Dark Phoenix Pavilion, Lin Xue?” Jian Wushuang lifted his eyebrows.

He had dealt with Dark Phoenix Pavilion before and he had also fought a few geniuses there before. But he had only visited Dark Phoenix Pavilion as Universe God in the Second Heaven back then. Hence, he had only fought the disciples who were Universe Gods in the Second Heaven from Dark Phoenix Pavilion. As for disciples who were Universe God in the Third Heaven, he didn’t know them.

However, judging by geniuses like Qiu Ling and Liu Shaer who had fought with him, the disciples who were Universe Gods in the Third Heaven from Dark Phoenix Pavilion were outstanding. They were all true geniuses.

A battle among geniuses. Jian Wushuang was, of course, interested.

“Let’s go and take a look,” Jian Wushuang smiled faintly.

Under the guidance of Tian Shi, Jian Wushuang came to the biggest battlefield in Snake Soul City.

The battlefield then was crowded. There were many cultivators in the city who were attracted by the battle.

Jian Wushuang and Tian Shi found a seat and sat. They were looking at the two figures who had appeared on the battlefield.

Among the two of them, the beautiful lady in a snow-white robe should be Lin Xue who was a Universe God in the Third Heaven from Dark Phoenix Pavilion.

The one who stood opposite was a purple-haired young man in a crimson robe and he looked cold. The purple-haired young man was carrying an axe on his back.

“That’s Hou Yi. He wasn’t famous at all previously, but the moment he appeared, he defeated a Peak Universe God in the Third Heaven easily,” Tian Shi said.

During the fight, Jian Wushuang watched attentively.

Vroom!

There was a strong force of Sword intention that flurried. There was suddenly snow falling on the battlefield. The snowflakes gathered and formed a huge snow dragon at one end.

The snow dragon was terrifying.

Then, Hou Yi slammed his axe. The moment the axe was revealed, the sky changed color and it was extremely imposing.

“These two...”

Jian Wushuang squinted the moment the two of them started the fight.

“Real God unique skills. The two of them created Real God unique skills!” Jian Wushuang exclaimed in silence.

Unique skills. Above rank three Strongest Unique Skill was Real God unique skill. Real God unique skill was similar to Universe God unique skill and there were a few levels to it.

Then, although Lin Xue and Hou Yi were only performing an ordinary Real God unique skill, it was much stronger than a Universe God unique skill.

“They created a Real God unique skill. They live up to their reputation,” Jian Wushuang complimented.

Bang! Bang! Bang! Bang!

The two of them on the battlefield were becoming white-hot.

In terms of power, the two of them were obviously evenly matched. Their battle was naturally ferocious.

Just then... Rumble! A terrifying aura soared up from Lin Xue.

“Lin Xue is going to use her trump card!”

“After all, as the core disciple of Dark Phoenix Pavilion, she, of course, has a trump card.”

“Hou Yi is going to be in trouble.”

On the battlefields, everyone was in discussion.

Just as everyone thought Hou Yi was going to lose.

Wow!!

Something eye-catching suddenly appeared and Hou Yi took out two axes and wielded them crazily.

“My God.”

“This Axe Principle...”

“Such a terrifying Axe Principle!”

Everyone was shocked at Hou Yi’s Axe Principle. Even Jian Wushuang was surprised.

“It’s so strong! The Axe Principle is so strong!” Jian Wushuang’s hands were tightly clenched.

He knew clearly that his Sword Principle was far behind Hou Yi’s Axe Principle.

Too amazing. Although he had only created Real God unique skill, his understand of Axe Principle was beyond everyone’s imagination.

After the shocking Axe Principle, although Lin Xue gave full play to her trump card, she couldn’t resist and lost very quickly.

“You lost!”

Hou Yi held a huge axe with both of his hands as he looked at Lin Xue with soaring murderous intention.

Lin Xue clenched her teeth, obviously unhappy with the result.

“Don’t be upset with the result. You made me play the double axes trick and you did well. You could be considered the top among Universe Gods in the Third Heaven in Dark Phoenix Pavilion.” Hou Yi sounded cold, “I’ve made a deal with Leng Jun that we will have a fight ten years later. Until I defeat him, you’ll understand that it isn’t shameful to lose to me.”

Hou Yi didn’t lower his voice when he spoke. The people on the battlefield could hear him clearly.

Suddenly, it stirred a commotion.

“Leng Jun?”

“Did he say Leng Jun just now?”

“The super genius who is famous in Purple Moon Sanctuary, the expert on Universe God ranking list, Leng Jun?”

Countless cultivators were astonished.

“You wanted to challenge the Universe God ranking list?”

“Of course,” Hou Yi tightly gripped his hands as his eyes twinkled with joy.

Then, Lin Xue didn’t look unhappy anymore.

She knew that the person before her had the guts to challenge the Universe God ranking list. He definitely had absolute power to support him. His power naturally could easily defeat her.

After the battle, Hou Yi and Lin Xue left, one after another.

The battlefield was still in astonishment.

In one of the corners of the battlefield, Jian Wushuang sat side by side with Tian Shi.

“The Universe God ranking list!”

There was light in Jian Wushuang’s eyes as he muttered.

He came to the Ten Cultivation Sanctuaries for eight hundred years so he sort of knew bits and pieces about the Ten Cultivation Sanctuaries.

He naturally knew about the Universe God ranking list and Real God ranking list that was spread through the Ten Cultivation Sanctuaries.
