

## Swordsman 1431

### Chapter 1431: Universe God Ranking List

Talents listed in the Real God ranking list were all the top, genius Real God in the Ten Cultivation Sanctuaries who could easily slaughter a group of ordinary Real Gods.

Like Lei Chao, he was on the list.

The Universe God ranking list was similar. It gathered a group of top Universe Gods in the Ten Cultivation Sanctuaries.

Without incomparable skills of the Third Heaven level, or overwhelmingly powerful strength, talents could never be listed in the Universe God ranking list.

Like Lin Xue who just fought with Hou Yi.

She was the top genius of Dark Phoenix Pavilion's Universe God in the Third Heaven and had numerous skills, as well as unique skills for a Real God, but she wasn't on the list.

"On the list, even the weakest one acquires extraordinary unique skills for Real Gods, which enables them to defeat a group of Peak Universe Gods in the Third Heaven. And those who are even better are people who understand The Power of Way of Heaven, including you." King of Venomous Worms said.

Jian Wushuang understood. Anyone who had acquired The Power of Way of Heaven was absolutely, incomparably powerful.

The majority in the Universe God ranking list were incomparably powerful.

The top twenty of the list were the best among the best.

As for Leng Jun that Hou Yi had mentioned, he was only at the bottom.

Hou Yi also knew that he himself was at the bottom, so he didn't dare to challenge those who were better than him.

"The Lineage of Star is full of geniuses, and there are many gifted Universe Gods in the Third Heaven, but only two are on the list and not among the top!" Jian Wushuang felt amazed.

Only disciples from the Star Palace like Jian Wushuang could enter the Real God Palace for cultivation. And even if they were allowed to enter, not all talents could understand the Power of Way of Heaven.

Therefore, only two of the five disciples of the Star Palace could understand the Power of the Way of Heaven and they were both on the list.

"Jian Wushuang, now you have understood part of the reincarnation power. As long as you return to the Star Palace and use The Painting of Understanding Sword via Reincarnation to improve your swordsmanship, you should not be weaker than those in the list." King of Venomous Worms said.

Jian Wushuang nodded.

Indeed, not everyone on the list had acquired the power of the way of heaven. So when Jian Wushuang returned to the Star Palace and used The Painting of Understanding Sword via Reincarnation to improve his swordsmanship, and developed powerful unique skills, he could rival the talents on the list.

He went back to the Star Pavilion and waited for a night.

Tian Shi sent back the first-class Blood essence to him the next day.

“Thank you very much.” Jian Wushuang said.

Then, he returned directly to the Sword Star.

Now he was sitting down in the Sword Star

“Let’s get started.”

After taking a deep breath, Jian Wushuang waved his hand, and nine drops of blood were suspended in front of him.

Subsequently, Jian Wushuang, according to the instruction of the Xuan Mie Golden body, began to practice the first volume.

The process of cultivation was rather complicated and there were many steps. If there was just one mistake in these steps, all previous efforts would be discarded, and the nine drops of blood would be wasted.

Jian Wushuang was not anxious. Instead, he did it step by step.

Three years had passed.

“Hum!”

With a muffled hum, Jian Wushuang opened his eyes, but then he frowned.

“Failed.”

“Fortunately, I’ve prepared three copies of my blood. It’s nothing to fail once. There are two more chances.”

With a faint smile, the sword has recovered and reached its peak, and he immediately began to practice for the second time.

This second practice took twelve years.

This time, although Jian Wushuang encountered some troubles in his practice, he passed through them one by one.

“The first volume of the Xuan Mie Golden Body has been finished!”

Jian Wushuang held his hands tightly and looked at his own Divine Body excitedly.

He could clearly sense the strength of his own Divine Body.

After he had passed the second Inverse Cultivation Test, he got more powerful than a Peak Universe God in the Third Heaven. And now, after finishing the first volume of the Xuan Mie Golden Body, his Divine Body had reached the level of a Real God!

Now, even without any other means of protecting the body, he could resist the attack of an ordinary Peak Universe God in the Third Heaven with his own Divine Body.

Don't forget, he still had the Blood-killing Plate Armor!

The defensive ability of the Blood-killing Plate Armor, when combined with Jian Wushuang's Divine Body, could totally rival one to two Real Gods.

"King of Venomous Worms, you're right. For practitioners, the most important thing is the defending ability. Only with this ability can we resolve crisis after crisis and have the opportunity to constantly improve our strength. Now, I have Xuan Mie Golden Body and Secret Skill of Dragon Blood. I think few Universe Gods can rival me now."

Jian Wushuang was full of confidence.

His defensive ability was incomparable among Universe Gods.

Even King of Venomous Worms admitted that.

"Now I have to find ways to improve my swordsmanship." Jian Wushuang then took out The Painting of Understanding Sword via Reincarnation.

The Painting of Understanding Sword via Reincarnation was a perfect combination of incarnation and swordsmanship.

Jian Wushuang unrolled the painting.

"Well, there are nine patterns in this The Painting of Understanding Sword via Reincarnation. These nine patterns contain different skills and perceptions of reincarnation. Now, according to my swordsmanship, I can only understand the first three patterns!"

Without hesitation, Jian Wushuang began to study the first three patterns of The Painting of Understanding Sword via Reincarnation.

Chapter 1432: Task Assigned!

Hall Master Yuan gave Jian Wushuang a hundred years to prepare himself.

In the past hundred years, besides the first ten years that Jian Wushuang used to cultivate Xuan Mie Golden Body, he spent the rest of the time on comprehending the Painting of Understanding Sword via Reincarnation.

On Sword Star, swoosh! A figure suddenly descended.

"Jian Wushuang!"

The thick, deep voice was heard in every corner of Sword Star. The maids and servants on Sword Star immediately grew frightened while Jian Wushuang who was cultivating in the secret room was frightened too.

“Hall Master Yuan,” Jian Wushuang immediately appeared before Hall Master Yuan.

“How did your preparation go over the past hundred years?” Hall Master Yuan looked at Jian Wushuang.

“Not bad,” Jian Wushuang smiled faintly.

“I heard that you bought the Painting of Understanding Sword via Reincarnation left behind by Real God Jue He at a great price from the auction in Star Pavilion. It seems that you are planning to comprehend Reincarnation Doctrine in the future?” Hall Master Yuan asked.

“Yes,” Jian Wushuang nodded as he thought to himself, Hall Master Yuan had yet to find out that he was already a beginner in Reincarnation Doctrine.

“Reincarnation Doctrine falls under the Supreme Four Doctrines. Compared to the other Nine Heaven God Doctrines, they are much more difficult. As you have already opted for that doctrine, you will have to work harder,” Hall Master Yuan exhorted.

“Yes,” Jian Wushuang nodded again.

“Alright, I shall cut the bullshit. The purpose of my visit is to assign you the ultimate disciple task. I mentioned to you a hundred years ago that you should prepare yourself!” Hall Master Yuan suddenly grew solemn, “The ultimate disciple task is assigned to you by myself personally. It is divided into three parts.”

“Three parts?” Jian Wushuang stunned.

“Three parts of the task, and every task comes with a different reward. Among the tasks, one of the rewards is one million Chaos Gems,” Hall Master Yuan said.

Jian Wushuang’s eyes beamed with joy.

If it was during Star Pavilion, he wouldn’t mind much about Chaos Gems. He probably wouldn’t even be bothered if he had heard of the one million Chaos Gem then.

But, after the auction in Star Pavilion he had earned a debt of tens of millions in Star Pavilion. Completing the first part of the task happened to make him able to clear his debt.

“This is the first part of the task. It’s in the token. When you complete the first part of the task, send me a message and I will tell you the second part of the task,” Hall Master Yuan said.

“I understand,” Jian Wushuang understood.

“The ultimate disciple task is no trivial matter. You have to be careful in your journey. Go ahead,” Hall Master Yuan waved.

“Yes.”

Jian Wushuang immediately departed.

After he left Lineage of Star, Jian Wushuang immediately read the details of the first part of the task.

“Mm, boundless void?” Jian Wushuang looked surprised.

Outside Ten Cultivation Sanctuaries, the boundless void was where bandits ran wild and massacres took place in extreme madness.

It was the nightmare of many Universe Gods.

Many experts from every region and Holy Kingdom of Eternal Chaotic World died in the boundless void before they managed to even step foot in Ten Cultivation Sanctuaries.

When Jian Wushuang had come to Ten Cultivation Sanctuaries previously, he took the risk in the boundless void too. Now, Jian Wushuang’s first part of the task took place in the boundless void.

The context of the task was for him to kill eleven bandits on the run in the boundless void!

The eleven bandits were from Star land. They had committed great offenses in Star land and they couldn’t return. Hence, they had decided to run amok in the boundless void.

The bandits were all Peak Universe God in the Third Heaven, which was extremely powerful.

After Jian Wushuang knew the context of the task, he immediately left Purple Moon Sanctuaries through the wormhole on the island and came to the boundless void.

Two years later.

“Mister, that’s Ancient Moon Island, where Universe Zhu Xin stays,” a person in a black robe stood politely next to Jian Wushuang.

“Mm.”

Jian Wushuang nodded while his gaze looked towards the end. There was a floating island. The surface area of the island wasn’t huge, but there was a fierce aura that the island carried.

Jian Wushuang needed to kill his first target, Universe God Zhu Xin. He was on the island then.

“Luckily, Lineage of Star found the location of the eleven people long ago. Otherwise, if I were to have to search through the boundless void to find the eleven people it would be like finding a needle in a haystack,” Jian Wushuang joked.

“Wait here,” Jian Wushuang glared at the person in a black robe next to him.

“Mister, it is more than just Universe God Zhu Xin alone who is a bandit on Ancient Moon Island. There are a total of hundreds of Universe Gods. Among them, there are five Peak Universe Gods in the Third Heaven. If you were to barge in like this, it would...” the person in a black robe creased his eyebrows, but didn’t finish his sentence.

“You want to say that I have overrated my abilities?” Jian Wushuang smiled.

The person in a black robe stiffened and revealed a humble expression.

“Just you watch,” Jian Wushuang smiled and plunged towards Ancient Moon Island.

When he got closer to Ancient Moon Island, his Soul Power spread and covered the entire island.

He could see everything on Ancient Moon Island clearly.

“There’s a total of three hundred and sixty-six Universe God on the island. Among them, there are five Peak Universe God in the Third Heaven, thirty-one Universe Gods at the rank of advanced and beginner. The remaining ones are Universe Gods in the First and Second Heaven,” Jian Wushuang smiled faintly.

Actually, the information was given in the description of the task that Hall Master Yuan gave. He was only confirming it.

According to the information that Hall Master Yuan had provided him with, the five Peak Universe Gods in the Third Heaven were merely ordinary Peak Universe Gods in the Third Heaven. None of them possessed extraordinary fighting powers.

“I can wipe off such bandit force alone. There’s no need for beating around the bush.”

Jian Wushuang smirked, then he appeared in the void above Ancient Moon Island. The moment he appeared, he formed a force using an enormous amount of divine aura to suppress the entire island.

There was a sudden commotion on Ancient Moon Island.

Swoosh! Swoosh! Swoosh! Swoosh! Swoosh!

There were many figures that plunged out of the buildings on the island and appeared in the void above. There were a few hundred of them and they were led by five people.

“How dare you behave atrociously on my Ancient Moon Island?”

A loud, raging voice reverberated through the void. The one who spoke was a middle-aged man with a beard and tan skin. The middle-aged man had a soaring, fierce aura and carried a huge ax on his back. The person was the strongest among the first Peak Universe God in the Third Heaven on Ancient Moon Island.

At that moment, the bearded middle-aged man and the Universe Gods around him fixed their gazes on Jian Wushuang.

These people’s gazes were filled with murderous intention.

Chapter 1433: Ancient Moon Island

Almost all the bandits were made up of Universe Gods and few were Real Gods.

After all, Real Gods enjoyed a high status so they don’t need to be bandits.

Under this circumstance, Ancient Moon Island, which was home to five Universe Gods in the Third Heaven, was already a power in the universe. That was why they could occupy a whole floating island.

But now, Jian Wushuang had intruded into the island, so the bandits were naturally very angry.

“Who are you?”

The middle-aged man with a beard stared at Jian Wushuang.

Jian Wushuang did not answer but took out a token and his deep voice sounded all over the Ancient Moon Island.

“Universe Zhu Xin, 60,000 years ago, you were a guard in the Green Sea City. Three-hundred years after that, you accompanied The Duke of the Green Sea City to explore, but because you coveted the treasure of the duke, you joined the bandits, killed the rest thirty one Universe Gods, and fled here!”

“Today, on behalf of the Lineage of Star and the Green Sea City, I will give you the death penalty and carry it out immediately!”

As Jian Wushuang was speaking, he stared at a man in black in the crowd.

He was Universe Zhu Xin, who Jian Wushuang had come for.

“Sir, did you hear that? This guy comes for you and announces your death sentence. Should he execute it immediately? A middle-aged man in the crowd laughed ironically.

Universe Zhu Xin laughed too, “He doesn’t know what he is talking about. An ignorant, proud guy who brings himself trouble.”

The bandits beside them all laughed.

They might fear a Real God.

But Jian Wushuang was obviously only a Universe God in the Third Heaven.

So, what did they have to fear?

“Boy, don’t you understand? It’s the ancient moon island here, a paradise for us bandits. It doesn’t work here, whether you represent the Green Sea Island or the Lineage of Star. And you, only a Universe God in the Third Heaven dare to come here alone and sentence me to death? It’s a joke. You’d better think about whether you can survive here on the island or not.” The middle-aged man laughed wildly.

“I only come for Universe Zhu Xin. You can continue to be bandits and do whatever you want, but, if you don’t, all the bandits here will die!” Jian Wushuang said to the middle-age man aggressively.

Jian Wushuang didn’t like the bandits wandering in the endless void. After all, he had almost died in the hands of these bandits several times when he first went to the ten cultivation sanctuaries. Now, if these bandits dared to stand in the way, he would not hesitate to kill them.

“Well, we all have to die? It’s a joke. Do you think you’re a real God, or the strongest talent in your world? Even a strong man on the Universe God ranking list dares not say so in front of us on my ancient moon island.” The middle-aged man with a beard snorted.

“Don’t talk nonsense to this kid. Go ahead and kill him!” Next to the middle-aged man, a Universe God in the Third Heaven got impatient and started to attack Jian Wushuang.

With his action, a large number of bandits directly rushed to Jian Wushuang in an instant.

In a moment, Jian Wushuang’s soul power burst out.

Bang!

With a piercing, hoarse sound, Jian Wushuang generated a scarlet, blood-colored phoenix, which comprised of his soul power, and appeared in the heaven.

This red phoenix was enormous. Once it formed, it spread its wings and plunged out with great power.

When approaching the bandits, the Power Germs of the Phoenix feathers turned into dozens of flashes of scarlet light. The flashes of light were so fast and went directly into the body of the bandits, who could not resist them at all.

Without any sign, these bandits who had just been rushing crazily to Jian Wushuang, were blocked by a mysterious power.

The next moment, a large number of bandits all fell directly to the ground, like raindrops, without any sound.

Under the attack of Jian Wushuang, only nine bandits out of a 366-member group survived.

These nine people were all Universe Gods in the Third Heaven with great consciousness skills, three of which were even Peak Universe Gods in the Third Heaven.

At that moment, the nine survivors were shocked.

“Consciousness attack!”

“A powerful consciousness attack!”

They didn’t look down at Jian Wushuang any more.

And Jian Wushuang remained calm.

More than three hundred bandits were all killed by a man out of the Universe God ranking list? For Jian Wushuang, who was good at consciousness attacks, it was easy.

In the Eternal Chaotic World, consciousness was known to be able to kill countless enemies.

Because consciousness attacks could cover a large area at one time, and there was no way to block it.

Talents extremely good at consciousness attack could kill all living creatures in a whole territory!

And Jian Wushuang, after his God Test, had greatly enhanced his power.

With his great power, now he could easily deal with a group of Universe Gods in the Second or Third Heaven with the Crimson Phoenix in the Five Beast Soul Manipulation Knack.

Now there were still nine enemies.

At that moment, Jian Wushuang took out his Blood Mountain Sword, preparing for the next attack.

Chapter 1434: Massacre

Swoosh!

Jian Wushuang's body and mind hovered like a ghost.

"What?"

"Sword?"

The bearded middle-aged man, Universe God Zhu Xin, and the others were shocked.

When they saw Jian Wushuang's techniques, they determined that Jian Wushuang was an expert with a terrifying consciousness attack. But then, Jian Wushuang plunged forward with his sword.

"Be careful!" The bearded middle-aged man suddenly roared.

Jian Wushuang's ghostly figure had already appeared before the Peak Universe God in the Third Heaven who stood closest to him. Then, Blood Mountain Sword was wielded silently.

"So fast!" The Peak Universe God in the Third Heaven was shocked. He quickly blocked with a long spear.

Hua!

The sword light fell down in silence.

The swing wasn't of a high level but Jian Wushuang performed it perfectly with his divine power. Most importantly, the swing contained a slight bit of Power of Reincarnation.

Even though it was just a bit, it was the supreme Power of Heaven Way after all. That instant, the power of the sword increased by countless orders of magnitude.

Dang!

A low clashing noise was heard and the long spear flew off while the swordlight continued to slash the body of the Peak Universe God in the Third Heaven without diminishing force.

The Peak Universe God in the Third Heaven couldn't resist any further and was killed directly.

"Third!"

"Bastard!"

The bearded middle-aged man and the others were caught by surprise.

"You killed our third, you have to die too!" The bearded middle-aged man bellowed.

Just as Jian Wushuang was wielding his sword like the 'Third', the bearded middle-aged man, Universe God Zhu Xin, and the others launched their attack at Jian Wushuang.

A few fierce strokes of force were charging at Jian Wushuang from all directions. At such a close distance, Jian Wushuang wouldn't be able to resist.

Clank! Clank! Clank! Clank!

There were noises of metal collision. The forces that the bearded middle-aged man and the few others made hit Jian Wushuang's body directly. For instance, the bearded middle-aged man's ax hit Jian Wushuang's head, but Jian Wushuang was covered by a layer of crimson armor. The attacks were

weakened by the crimson armor before it transmitted through Jian Wushuang's divine body. It didn't manage to affect Jian Wushuang at all.

Jian Wushuang continued to wield his sword.

"Xie Yue!"

The cold sword technique was a unique skill that Jian Wushuang had created through the years he comprehended the Painting of Understanding Sword via Reincarnation. It was a Peak rank three unique skill.

The sword light approached at an unbelievably fast speed.

"How is this possible?"

The bearded middle-aged man stared while the cold swordlight continued to magnify in his eyes.

Psst!

The swordlight pierced through the bearded middle-aged man's skull and instantly killed him.

That scene frightened the few other bandits.

"Run!"

"Hurry up and run for your lives!"

Without hesitation, the few bandits started running.

With a short exchange of blows, Jian Wushuang's power had made them terrified.

They knew clearly that Jian Wushuang could easily kill them all.

So, they could only run for their lives.

Looking at the bandits running away, Jian Wushuang's gaze turned cold and aimed at Universe God Zhu Xin immediately. He then chased after him.

"Run, run!"

Universe God Zhu Xi had terror plastered across his face. As he ran, he muttered continuously, "Too strong, too scary!"

"An extremely strong consciousness attack. Just a few techniques and he almost wiped out all Universe Gods below the level of Peak Universe God in the Third Heaven. His swordsmanship is even scarier. Just a casual swing, but both the eldest and the third couldn't resist it. The scariest part is his defense power. We are four Peak Universe Gods in the Third Heaven and an advanced Universe God in the Third Heaven, our full blows didn't affect him at all. Even if he's a Real God, his defense power shouldn't be so strong, right?"

"Universe God ranking list, yes, he definitely has the fighting power of an expert on the Universe God ranking list. But why isn't he there on the Universe God ranking list?"

The bandits living in the boundless void had a certain level of understanding towards experts on the Universe God ranking list. They were certain that Jian Wushuang wasn't on the list but the power he used wasn't any weaker than the experts on the Universe God ranking list.

"He's another hidden, infamous monster!" Universe God Zhu Xin clenched his fists.

Just then...

"Are you still thinking of running away?"

He heard a cold voice. He then saw a huge, blazing quicksand flowing towards him from the nearby void. Suddenly, Universe God Zhu Xin was covered by it.

Along with the tremendous increase in Jian Wushuang's power, the blaze quicksand region naturally expanded too.

Universe God Zhu Xin, a Peak Universe God in the Third Heaven, drowned in the eruption of blazing quicksand and his speed was weakened by half!

But Jian Wushuang appeared behind Universe God Zhu Xin in an instant.

"No!" Universe God Zhu Xin let out a shrill scream.

Jian Wushuang slashed and it was like how he had killed Xie Yue. The slash had carried a slight of Power of Reincarnation, but it oppressed Universe God Zhu Xin entirely. With one slash, Universe God Zhu Xin became a cold, dead body.

"The first target, eliminated!"

Jian Wushuang overlooked Universe God Zhu Xin's body but his gaze was cold and without pity.

As for the few bandits that had run away, Jian Wushuang didn't go after them.

"Come here." Jian Wushuang sent a message to the man in black who was waiting outside Ancient Moon Island.

The man in black quickly arrived at Ancient Moon Island.

The moment he arrived at Ancient Moon Island, he looked at the dead bodies all over and his face grew grave.

He thought Jian Wushuang barging into Ancient Moon Island openly was an act of overrating his ability, but then...

"He lives up to his name as a disciple of Star Palace from Lineage of Star. His power is impressive. I wonder how far away is he from the Universe God ranking list?" The man in black thought to himself.

"This is the dead body of Universe God Zhu Xin, am I right?" Jian Wushuang threw Universe God Zhu Xin's body before the man in black.

The man in black looked for a while and nodded, "Yes."

"Alright, let's go to the second target then," Jian Wushuang spoke.

“Yes,” the man in black nodded.

Jian Wushuang and the man in black departed again after a simple clean up.

The rest of the time, Jian Wushuang found one target after another under the lead of the man in black. Then, Jian Wushuang had used the thunder trick to kill them. With Jian Wushuang’s power, as long as he didn’t come across any Real Gods, he could run wild in the boundless void.

He had read through the eleven targets in his tasks long ago. They weren’t hard to deal with.

Jian Wushuang wiped out everyone and carried out massacres. In thirty years, he finished his first part of the task, which was to kill all eleven targets.

Plus, in the thirty years, most of the time was spent simply travelling in the boundless void, while hardly any time was used for the actual executions.

Chapter 1435: The Second Part of The Task

“In thirty years, he completed the first part of the task?”

When Hall Master Yuan received the news, he was shocked.

Although the first part of the task was the simplest among the three, Hall Master Yuan thought Jian Wushuang could use some time and effort to complete it.

After all, although the eleven targets were easy, most of them were among bandit groups. To kill them among the bandit groups wasn’t that easy.

Under normal circumstances, Jian Wushuang could first pretend to be a bandit and blend in with the bandit group. Then, he could seize a chance to kill the target. But, in the end, it obviously wasn’t carried out like that.

“This young man swept all the bandit groups with ferocious power one after another. It seems that after he passed through his inverse cultivation test, his power increased to be much greater than I’d imagined,” Hall Master Yuan complemented and he then sent Jian Wushuang a message.

“Jian Wushuang, you’ve completed your first part of the task. The one billion Chaos Gems, I’ll give them to you after you return to Lineage of Star.”

“Now, I’ll assign you your second part of the task. Listen carefully.”

Jian Wushuang listened attentively.

“At the border of the boundless void, there was a huge piece of floating land called Floating City. In Floating City, there was a Universe God named Su Hong waiting for your arrival. Your task is to escort the Universe God across the boundless void into Purple Moon Sanctuary,” Hall Master said.

“Escorting?” Jian Wushuang first stunned then he creased his eyebrows, “Only escorting across the boundless void? It’s so simple?”

“Simple? No, the second part of the task is far more difficult than the first. Plus, there is a very high reward for it. The reward for completion of your second part of the task is to stay in Real God Hall for one month,” Hall Master Yuan said.

Jian Wushuang beamed with joy.

Real God Hall!

It was the most precious land of opportunities in Lineage of Star. The reason that he could master a slight bit of Power of Reincarnation was due to Real God Hall.

It was a pity that the terms to enter Real God Hall were too exacting. Even disciples of Star Palace would only have one chance to enter for free and could only stay for one month per visit.

Then, the reward for the second part of the task was to enter Real God Hall again. The reward was much more precious than one billion Chaos Gems.

With such an abundant reward, the difficulty of the task would definitely be far beyond the first part of the task.

“I’m only telling you the requirement of the task. As for the exact cause and reason, meet up with the owner of Floating City and Universe God Su Hong when you arrive at Floating City and they will clarify everything with you,” Hall Master Yuan said.

“I understand,” Jian Wushuang nodded.

He cut off his communication with Hall Master Yuan. Then, Jian Wushuang took out the map.

“Floating City, it’s there... It’s not that far from me. With my speed, I should be able to get there in twenty years!”

Jian Wushuang waved and a huge spaceship appeared from nowhere.

Jian Wushuang got the spaceship from a Peak Universe God in the Third Heaven when he was completing the first part of his task. It was of a much higher level spaceship compared to his own, the travel speed was much faster too.

Jian Wushuang drove the spaceship towards Floating City directly and he arrived at Floating City before the twenty years was up.

Floating City was at the border of the boundless void.

To be able to take up such a huge plot of floating land there showed that the owner of Floating City was a man with remarkable power.

When Jian Wushuang arrived at the city owner’s palace and met the owner of Floating City, Jian Wushuang understood.

The owner of Floating City was a Real God expert and he was extremely strong among Real Gods. Although he couldn’t be compared with Lei Chao, who was an expert on the Real God ranking list, he wasn’t any weaker than the deacon elderlies in the Lineage of Star.

In a lofty hall.

“Disciple of Star Palace?”

A good looking middle-aged man dressed in luxurious clothes, also the owner of Floating City, looked Jian Wushuang up and down, “Well done. He hired a disciple of Star Palace from Lineage of Star. The ancestor of Su Family is quite capable.”

“Ancestor of Su Family?” Jian Wushuang looked confused.

He came before he accepted the disciple task of Lineage of Star. As for the ancestor of Su Family, he had no idea about it.

“I called Su Hong over,” the owner of Floating city smiled faintly.

Soon, a black-haired man in singlet walked into the hall.

“City owner,” the black-haired man bowed politely at the owner of Floating City.

“Su Hong, the person who will escort you to Purple Moon Sanctuary is here. It’s this person next to you,” the owner of Floating City said.

The black-haired man named Su Hong immediately turned to look at Jian Wushuang.

“Su Hong, greetings. I wonder, what’s your name, mister?” Su Hong asked humbly.

“I’m Jian Wushuang,” Jian Wushuang smiled.

“Jian Wushuang?” Su Hong tried to think quickly in his head but he had never heard of Jian Wushuang’s name. He then creased his eyebrows.

“Su Hong, you should be glad. Your ancestor at home thinks quite highly of you. He even paid an outstanding price to hire a disciple of Star Palace to escort you,” the owner of Floating City smiled.

“Disciple of Star Palace?” Su Hong had his eyes wide-open and he immediately revealed a happy expression.

He was originally from Purple Moon Sanctuary and he knew the overlord of Purple Moon Sanctuary, Lineage of Star. At the same time, he also knew just how impressive the disciple of Star Palace from Lineage of Star was.

A Universe God in the Third Heaven, who was a disciple of Star Palace, was definitely one of the top among Universe Gods in the Third Heaven.

“City owner Universe God Su Hong, although I received the escort mission, I have no idea what I might come across during the process of escorting. I don’t think the issue is bandits that are wandering in the boundless void, right?” Jian Wushuang asked.

“If it was just to deal with the bandits, there would be no need for you, a disciple of Star Palace, to come,” the owner of Floating City smiled as he replied. He looked towards Su Hong and said, “Su Hong, you should tell him.”

"Yes," Su Hong nodded and started explaining, "Mister Jian Wushuang, to be frank with you, I am a descendant of the direct line of Su Family in the Land of Fire and Ice in Purple Moon Sanctuary. We, Su Family, have been businessmen through generations. We have many properties in the Land of Fire and Ice, and can be considered a force with decent power."

"However, among Su Family, there is another hidden sect. The sect shares a different surname and is under the control of a person with different surname. They have been rather rampant recently and they have been trying to overwhelm the voice of the host. Especially when there was an accident not long ago, the head of the Su Family passed away and there was no one among the direct line of descendants who was qualified to inherit the position. Hence, the ancestor of Su Family selected me, who has been wandering outside to return to Purple Moon Sanctuary to inherit the position as the head of the Su Family."

"So, the sect with the different surname naturally wouldn't let me return to the Su Family after they found out about the news."

#### **Chapter 1436: Hong Ri Mercenary Group**

"In other words, not only would we encounter bandits in the boundless void, but we would also possibly meet the experts sent by the other sect that doesn't share the same surname, that intend to kill you?" Jian Wushuang looked at Su Hong.

"Yes," Su Hong nodded, "However, the sect under a different surname, also known as Chu Sect, their core force is under the watch by us, the Su Family. They can't send anyone over. The most that they can do is to hire some Universe Gods to kill me at a high price."

"I understand," Jian Wushuang nodded, "When do we depart?"

"Anytime," Su Hong said.

"If so, let's not delay any further. Let's go now," Jian Wushuang said.

"Alright," Su Hong nodded and turned to look at the city owner of Floating City, "Sorry for the trouble. Thank you."

"I'm friends with your old man in Su Family. It's nothing. Don't mention it," The city owner of Floating City waved.

Su Hong expressed his gratitude once again before leaving the hall with Jian Wushuang.

The palace where the city owner of Floating City resided had a troop formed by a dozen people waiting there.

When they saw Su Hong walk over, a brown-haired man who was supposedly the leader greeted, "Su Hong, we have been here for a dozen years. When do we depart?"

"Now. Immediately," Su Hong replied.

“Oh?” The brown-haired man raised his eyebrows, then he noticed Jian Wushuang. He couldn’t help but ask, “Who is he?”

“He is a helping hand I called for. He will be escorting me to Purple Moon Sanctuary along with all of you,” Su Hong smiled and replied.

“You found help?” The brown-haired man’s face changed, “Su Hong, you don’t trust us, the Hong Ri Mercenary Group?”

“No, no,” Su Hong shook his head as he denied, “An extra person will give an extra guarantee. Don’t worry, the commission won’t be a penny less than what I promised.”

“Then it’s fine,” the brown-haired man nodded and stole a glance at Jian Wushuang. Then, he called his soldiers to get ready to depart.

“Jian Wushuang, excuse me,” Su Hong looked at Jian Wushuang in embarrassment.

“These people are the mercenary soldiers that you hired?” Jian Wushuang looked cold.

“Yes,” Su Hong nodded and said, “After I received my old man’s message, I rushed over from Purple Moon Sanctuary. I have to thank Hong Ri Mercenary Group for the journey. The person earlier was the leader of Hong Ri Mercenary Group, Yu Gang. We have to pass through the boundless void soon. There are countless bandits in the boundless void. With Hong Ri Mercenary Group, at least the ordinary bandit groups won’t dare to make trouble with us.”

“Mm,” Jian Wushuang understood.

He knew about mercenary groups.

The mercenary soldiers made their way through the dangerous place. They especially opted to do escorts or other dangerous missions in order to make a profit.

Hong Ri Mercenary Group was complete and not too shabby in power.

As they were wandering into the boundless void, having a powerful mercenary group around them would definitely save a lot of trouble.

Very soon, everything was ready.

“Let’s go.”

Su Hong said and the huge spaceship drove out from the Floating City and towards the boundless void immediately.

After the spaceship drove out, two figures gathered at the corner of Floating City.

“Hehe, the mercenary group has finally departed.”

“They stopped at Floating City for ten years. I thought they’d never leave. It seems like they have to go through the boundless void anyway.”

They laughed as they chatted.

“Quick, inform the boss about this. Let our people keep an eye on this troop. This troop hired a complete mercenary group to escort. The owner of the troop should be quite significant. If we succeed, we will definitely gain bountiful harvest!”

“This is a great deal. If boss were to find out, he would definitely be thrilled!”

...

In the boundless void, the huge spaceship was plunging forward.

Even though there were some bandits sweeping out their consciousness occasionally during the journey, the moment the bandits looked clearly at the group formation, they ran away immediately.

After all, this troop had a complete mercenary group.

There were dozens of Universe Gods in the mercenary group. Among them, there were twelve who were Universe God in the Third Heaven. There were even four Peak Universe Gods in the Third Heaven.

With such a mercenary group, no ordinary bandit would dare to provoke them.

It was a rather quiet journey.

On the deck of the spaceship, the Universe Gods in Hong Ri Mercenary Group gathered in small groups. Yu Gang was among them too.

“Leader, wasn’t Mister Su Hong alone all this while? Why is there another person with him out of a sudden?” A Universe God in the Third Heaven asked.

“He is someone Su Hong has specially requested help from. He said that he is going to escort him to Purple Moon Sanctuary with us,” Yu Gang said calmly.

“Help?” The surrounding Universe Gods in Hong Ri Mercenary Group creased their eyebrows.

“He already hired Hong Ri Mercenary Group, isn’t that enough? He requested more help? Su Hong doesn’t trust us? Don’t forget that it had always been us Hong Ri Mercenary Group who escorted him here,” one of the Universe Gods commented unhappily.

“Who knows. Anyway, he promised that the price that we agreed upon wouldn’t be any less. That’s enough. As for who else he asked help from, it has nothing to do with us,” Yu Gang couldn’t be bothered.

“True,” the Universe Gods understood.

“Oh yeah, leader, what’s the name of the person Su Hong hired?” Someone asked again.

“I think it’s Jian Ke,” Yu Gang replied.

“Jian Ke, humph, I can tell it’s an alias.”

“He doesn’t even use his real name. I don’t think he should be that powerful. He must be much weaker than our leader.”

"That's for sure. Our leader is at least a genius from a Holy Kingdom. He's not a person that some random person like that could be compared to favorably."

"I wonder what Su Hong was thinking. If he were to hire someone on the Universe God ranking list, it would be fine, but he hired someone that we have never heard of. I heard he paid a huge price. Tsk tsk. He might as well give it to us so we can go all out with our work."

The people from Hong Ri Mercenary Group sneered and chatted.

In the cabin, Jian Wushuang was sitting opposite Su Hong. There was wine on the table before them.

"Jian Wushuang, you heard the conversation outside, right?" Su Hong looked at Jian Wushuang.

"Mm," Jian Wushuang nodded.

"Actually, the moment you announce your identity as a disciple of Star Palace, none of these people will dare to make such comments," Su Hong smiled and said.

"It's not necessary," Jian Wushuang was cold, "They can speak as they wish and think as they wish. It has nothing to do with me. My task is to escort you to Purple Moon Sanctuary. That's all I want. Plus, I it is better to not announce my identity in order to ensure your safety."

#### **Chapter 1437: Hei Longshan**

"For my safety? What do you mean?" Su Hong looked doubtful.

"You have stayed in the Floating City for a total of ten years time with Hong Ri Mercenary Group and, if I'm not mistaken, Hong Ri Mercenary Group should have recruited some new members in the past ten years. Am I right?" Jian Wushuang asked.

"Yes," Su Hong nodded, "Hong Ri Mercenary Group escorted me to Floating City and they encountered danger too and lost some men. Hence, during the ten years we stopped at Floating City, they recruited more men. Not many; about ten of them."

"Exactly."

Jian Wushuang said coldly, "The boundless void was huge. Finding the existence of our troop in the boundless void is like looking for a needle in a haystack. If I were to be an expert from the Chu Sect in Su Family, I'd definitely keep an eye on you since you arrived at Floating City. I would also assign experts to blend into your troop. Then, even when you're in the boundless void, the expert that Chu Sect sent would be able to find you easily and kill you!"

"What?" Su Hong was shocked, "You mean there's a possibility that the expert that Chu Sect sent is among the people in Hong Ri Mercenary Group?"

"Not possibly. Definitely," Jian Wushuang stole a glance at Su Hong, "That's also why my identity and power naturally should be kept secret. Then, when the expert that Chu Sect sent appears, I can at least take the initiative."

Hearing what Jian Wushuang had said, Su Hong's face grew grave, "Jian Wushuang, according to what you said, the expert that Chu Sect sent could interrupt and kill us at any time. Aren't we in danger?"

"Exactly. But you shouldn't be worried. My task is to escort you to Purple Moon Sanctuary safely. Before you arrive in Purple Moon Sanctuary, I won't let anyone hurt you," Jian Wushuang said.

Su Hong looked at Jian Wushuang and recalled his identity. He then nodded heavily.

There was a disciple of Star Palace escorting him personally, he felt at ease.

The spaceship continued to plunge forward in the boundless void.

That very moment, a far distance from the spaceship, there were countless figures standing in the vast void.

These people were Universe Gods. The one leading was a bald man carrying a saber on his back.

Although the bald man was just a Peak Universe God in the Third Heaven, his aura was much fiercer than anyone of the same level.

"Mu Tao, this should be the first time you're out for a hunt after you joined Hei Longshan, right?" The bald man looked at the purple-haired young man who was pale.

"Yes," the purple-haired young man nodded faintly.

"We Hei Longshan is different from the Ancient Moon Island that you were at. If we were to take action later, you'd better watch closely and learn. Then, you might have a chance to take the position to be head," the bald man smiled widely.

"Yes," the purple-haired young man nodded again.

The purple-haired young man was peak Universe God in the Third Heaven who just joined Hei Longshan.

Before that, the purple-haired young man was one of the heads in Ancient Moon Island. Unfortunately, Ancient Moon Island was destroyed not long ago.

"Oh, yeah, I'm curious," the bald man spoke again, "Although Ancient Moon Island couldn't be compared with Hei Longshan, you're one of the strong forces among bandit groups in the boundless void. Who was the one who destroyed all of you? Could it really be a Real God expert that took action?"

"Not a Real God, merely a Peak Universe God in the Third Heaven. However, the Peak Universe God in the Third Heaven is definitely one of the scariest Universe Gods that I've ever seen!" Mu Tao said as his face filled with unconcealed terror.

"Oh?" The bald man raised his eyebrows but didn't ask further.

Just then...

"Boss, the prey is here."

A message was sent and the bald man beamed with joy when he received the message.

"Haha, everyone, follow me!"

As the bald man laughed maliciously, the crowded figures plunged forward to the void before them.

On the huge spaceship, Universe Gods of Hong Ri Mercenary Group were still chatting when Jian Wushuang, who was sitting in the cabin with his eyes closed, suddenly opened his eyes.

“What happened?” Su Hong looked at Jian Wushuang.

“Someone is coming. Many people.” Jian Wushuang said calmly. His Soul Power could sense a large amount of aura approaching.

“Many?” Su Hong’s face grew grave, “Would they be the experts that Chu Sect sent? They reached us so quickly?”

“Not sure if they are experts that were sent, or bandits that are in the boundless void. In short, they have no good intentions,” Jian Wushuang said.

Su Hong’s face grew solemn and he immediately got out from the cabin.

“Group Leader Yu Gang!”

Su Hong came before Yu Gang and said, “Quick, be prepared. There’s an incoming enemy.”

“Incoming enemy? Where? Why don’t I see them?” Yu Gang immediately looked out at the void. He spread his consciousness but he couldn’t sense any figures.

Universe Gods in Hong Ri Mercenary Group looked confused too.

“This...” Su Hong creased his eyebrows. He didn’t see anyone outside too.

“Su Hong, are you getting too nervous?” Yu Gang joked.

“No, no. Jian Ke said it,” Su Hong explained.

“Him?” Yu Gang sneered, “We at the decks didn’t even see any shadows of the incoming enemy. How could he know from the cabin? Don’t listen to his nonsense.”

“But...” Su Hong wanted to say something.

Vroom. Suddenly, there was a crowd of darkness approaching from the void faraway. They were churning forward like a dark cloud.

Then, everyone on the spaceship noticed.

“There’s really someone?”

“Many – so many of them, and they’re all Universe Gods!”

“This, this is...”

Then, the members of Hong Ri Mercenary Group looked terrified.

There were too many of them. There was at least two thousand of them when they looked over the crowd.

The aura of the two thousand people was strong. None of them was lower than a Universe God. Among the dark clouds, there were hundreds of Universe Gods in the Third Heaven with stronger auras.

There were even eighteen Peak Universe Gods in the Third Heaven!

It was a terrifying formation!

The dark cloud was obviously coming at them. Very soon, they stopped before the spaceship.

There was a formation with a total of two thousand Universe Gods blocking before the spaceship, which blocked their way.

There were a few thousand gazes looking at the spaceship.

The members of Hong Ri Mercenary Group saw the scene outside the spaceship and they gulped. There was a tinge of fear from the bottom of their hearts.

Even the group leader of Hong Ri Mercenary Group, Yu Gang, looked rather distressed.

...

## **Chapter 1438: Hunt!**

“Leader, what should we do?”

The people in Hong Ri Mercenary Group were terrified.

“What’s there to panic about? Stay calm!”

Yu Gang bellowed as he took a step forward. His bright, loud voice traveled well. “I am from Hong Ri Mercenary Group, Yu Gang. I wonder who you are and whether you could show us some consideration and let us pass?”

The voice transmitted through the spaceship to the outer void then to the crowd.

“Hong Ri Mercenary Group?”

The leader of the crowd was a bald man. He scoffed, “You’re only some random mercenary group. How are you qualified to ask me, Hei Longshan, to show consideration?”

“Hei Longshan?”

“He’s really Hei Longshan?”

On the spaceship, there was a commotion.

Hong Ri Mercenary Group often travelled back and forth in the boundless void. They were familiar with bandit forces that were extremely strong.

In the boundless void, there were four strongest bandit forces. Hei Longshan was one of them!

It was said that Hei Longshan had more than ten thousand Universe Gods. Among, them were hundreds of Universe Gods in the Third Heaven. Over the years, they had been moving about in the boundless void and they definitely deserved their titles as overlords in the boundless void.

Hong Ri Mercenary Group had heard of the name Hei Longshan long ago, but they had never crossed paths before.

It was their first time!

After finding out their enemy's identity, Yu Gang knew that it would definitely be impossible for their troops to slip past Hei Longshan in peace.

"We, Hong Ri Mercenary Group, are willing to pay five million Chaos Gems as toll fee. I hope that you will all let us through," Yu Gang offered.

Five million Chaos Gems wasn't a small figure.

After all, an ordinary Universe God's entire wealth would only be about forty to fifty million Chaos Gems.

"Haha, five million Chaos Gems? You're trying to dismiss us? Listen up. If you, Hong Ri Mercenary Group, really want to buy your way out, at least show some sincerity. Fifty million Chaos Gems – no less. Otherwise, you will become souls of the deceased by Hei Longshan's hands!" The bald man shouted.

"Fifty million?"

Yu Gang and the Universe Gods in Hong Ri Mercenary Group grew grave.

"A Real God would only have forty million. Now, he's asking for fifty million Chaos Gems as a toll fee? He's demanding an exorbitant price!" Yu Gang sounded cold as he looked around, "Turn around. With the speed of our ship, Hei Longshan might not be able to catch up with us!"

Vroom!

The huge spaceship immediately turned in another direction. He didn't bother with the experts from Hei Longshan before him, but opted to plunge forward through the void by the side.

Looking at the sight, the bald man smirked but didn't chase.

After the spaceship had traveled forward in a different direction for a while, he realized that at the end of their trajectory was an enormous amount of experts surging forward too.

Not only that, in the other two directions, there were also huge numbers of figures.

From all directions, there were shadows. In addition to the two thousand people that they saw, there was at least ten thousands of Universe God.

"What?"

Yu Gang's face grew grave. Everyone in Hong Ri Mercenary Group was terrified too.

"Hei Longshan, this is Hei Longshan!" Yu Gang quivered in fear.

The leader of Hei Longshan, the bald man, appeared once again before the spaceship. His malicious laugh was heard ringing out, "Haha, you're trying to run away? We Hei Longshan had been eyeing your troop when you were in Floating City. Why would we give you a chance to flee?"

"What should we do? Leader, what do we do?" The Universe Gods in Hong Ri Mercenary Group looked terrified.

Yu Gang looked cold as he spoke with a deep voice, "I paid a great price to get this spaceship. The structure of the spaceship is extremely solid. Although there are many Universe Gods in Hei Longshan, it isn't that easy to break through the spaceship. We can rely on the structure and force our way out!"

"Run!"

Yu Gang made a decision and there was a ray of light that exploded. The very next moment, the faint purple film at the border of the spaceship shined out brilliant rays of purple light. Then, the spaceship suddenly traveled at a terrifyingly fast speed and plunged towards the crowd ferociously.

"They're asking for death!"

The leader of Hei Longshan, the bald man saw the scene and he burnt with rage. He waved and commanded, "God Slayer Guards, prepare yourselves!"

Behind the bald man were a dozen figures standing in line and holding on to a pitch-black bow that gave out an extermination aura.

The bows were controlled by Universe Gods in the Third Heaven. Along with the stretch of the bowstring, the extermination aura shook the universe.

"This is..."

The people in Hong Ri Mercenary Group noticed the existence of the extermination aura.

"It's God Slayer Bow, God Slayer Bow!"

"D\*mn it. Hei Longshan is just a bandit force, how could they have so many God Slayer Bows?"

Yu Gang's face grew grave.

The God Slayer Bow was famous in Ten Cultivation Sanctuaries. Some extremely strong forces would build a soldier troop equipped with God Slayer Bow.

The fighting power of the troop would also be very terrifying.

But then, Hei Longshan was just a bandit force. How could he form a troop with a dozen God Slayer Guards?

"Humph, Hei Longshan has been called an overlord in the void for so many years. We are not just a name," the bald man smiled savagely.

Swoosh! Swoosh! Swoosh! Swoosh!

Along with the arrows that the God Slayer Guards shot, dozens of extermination lights shot towards the spaceship.

The dozens of lights hit the heavy-duty structure of the spaceship simultaneously. The spaceship was really solid so although it shook, it withstood the attack.

“They resisted the attack? Humph, do it once more!” The bald man’s voice was cold.

The dozens of God Slayer Guards pulled their bows once again and there were dozens of exterminating auras that gathered again.

“We’re doomed!”

On the spaceship, the Universe Gods in Hong Ri Mercenary Group, including Yu Gang, went as pale as a sheet.

In the cabin, Su Hong, who stood in front of Jian Wushuang, became nervous too.

Jian Wushuang still looked rather cold. His Soul Power was spreading over the area and he could see the situation outside clearly.

“At first, I wanted to wait until the expert from Chu Sect revealed himself before I take action, but it seems like I will have to take action ahead of schedule.”

Jian Wushuang squinted. The next moment, he appeared on the deck of the spaceship.

That very moment, the God Slayer Guards shot their arrows for the second time and were already flying towards the spaceship.

Jian Wushuang didn’t hesitate anymore when he saw the scene. He held his Blood Mountain Sword and took a huge stride to appear outside of the spaceship. He stood right before the exterminating arrows.

### **Chapter 1439: The Ten Kings**

Swoosh! Swoosh! Swoosh! Swoosh!

There was a total of ten destroying lights spurting over.

Jian Wushuang looked calm. He wielded his Blood Mountain Sword and there was a sudden eruption of terrifying divine power.

Rumble. The boundless divine power with the slight bit of Power of Reincarnation that Jian Wushuang had comprehended instantly substantiated and formed a huge, lofty mountain before Jian Wushuang.

The mountain was a few hundred zhang long. It blocked Jian Wushuang himself and the spaceship behind him entirely.

Those destroying lights spurted over and hit on the lofty mountain. In an instant, the mountain shattered and crumbled but the power of the destroying lights dispersed as well.

“What?”

The head of Hei Longshan’s face grew grave.

On the spaceship, the Universe Gods in Hong Ri Mercenary Group were delighted as they escaped from the disaster. At the same time, they looked at Jian Wushuang, who was outside the spaceship.

“It’s Jian Ke!”

“It’s the helper that Mister Su Hong hired?”

“He blocked the God Slayer Guard’s arrows for us?”

The Universe Gods in Hong Ri Mercenary Group were shocked.

There was a flash of murderous intention in Jian Wushuang’s eyes and his ghostly figure plunged.

The scene shocked all the Universe Gods from Hei Longshan.

Hei Longshan was made of tens of thousands of Universe Gods. The Universe God in the Third Heaven before their eyes had charged towards them alone?

“I wonder where this idiot came from. Kill him!” The bald man roared.

Among the crowd from Hei Longshan, there was a large cloud of figures that charged towards Jian Wushuang.

“Humph!”

Jian Wushuang humphed and his Soul Power swept out and instantly became a huge crimson phoenix.

The crimson phoenix wailed and its feathers turned into flowing light as it plundered. Without any hindrance, they immersed into the bodies of the experts from Hei Longshan.

In silence, a few hundred figures fell directly.

The scene shocked all Universe Gods from Hei Longshan, as well as from Hong Ri Mercenary Group.

In Hei Longshan camp, the purple-haired young man, Mu Tao, who stood next to the bald man, stared.

The scene before his eyes was too familiar.

Back then, he had seen the exact scene on Ancient Moon Island.

Exactly the same!

Not only was the outcome the same, the movement and pattern was the same too.

Mu Tao’s eyes were locked dead on the ghostly figure in the void before.

He saw clearly. He finally saw the face of the ghostly figure clearly.

In that instant, Mu Tao was frightened out of his wits!

“It’s him!”

“It’s really him!”

Mu Tao stared with his wide-open eyes and his face was filled with terror and fear.

He would never forget the scene on Ancient Moon Island. He would also never forget the person who swept out of Ancient Moon Island alone.

“Run, hurry up and run!”

Mu Tao muttered. His voice was extremely soft, as though he had no strength.

The bald man next to him heard his voice and he looked over, “Mu Tao, what are you talking about?”

“It’s him, the demon!” Mu Tao muttered.

“Demon?” The bald man’s face grew grave but immediately responded, “Would this be the Universe God who destroyed Ancient Moon Island?”

Mu Tao didn’t reply but the bald man got his answer through his expression.

“I see. No wonder he could destroy Ancient Moon Island alone. It turned out that he was an expert who was good at consciousness attacks. Before an expert who was good at consciousness attacks, the amount wouldn’t matter,” the bald man squinted his eyes, then he smiled coldly, “It’s a pity that we Hei Longshan is different from Ancient Moon Island!”

“Ten Kings, come and kill this boy for me!”

Swoosh! Swoosh! Swoosh! Swoosh! Swoosh! Swoosh! Swoosh! Swoosh! Swoosh! Swoosh!

Ten piercing noises were suddenly heard. Among the crowd, there were ten figures that plunged forward.

The ten of them were wearing bronze armor and they had soaring murderous intentions. They stood in a line before Jian Wushuang as their boundless auras pressured Jian Wushuang.

“It’s the ten Kings!”

“The ten Kings are launching attacks altogether?”

“This boy is going to die.”

The Universe Gods from Hei Longshan saw the ten figures and there was immediately a commotion being stirred up among the crowd.

The ten Kings were second to the few heads of Hei Longshan.

The ten of them were Peak Universe Gods in the Third Heaven who were extremely powerful and the head of Hei Longshan had paid a huge price to build them up. The divine weapons that they were using and the armor that they were wearing were outstanding. The ten of them had even cultivated a war formation especially to join their forces to fight against their enemy.

With the ten of them joining forces, besides the experts on Universe God ranking list, there shouldn’t be any other Universe God who could win against them.

“Die!”

The ten Kings were extremely quick to action. They appeared before Jian Wushuang instantly.

Then, there were attacks from all directions that landed on Jian Wushuang one after another.

Jian Wushuang looked calm and composed while he wielded his Blood Mountain Sword with a light bit of Power of Transformation.

Dang! Dang! Dang! Dang!

The ten attacks were blocked by Jian Wushuang and Jian Wushuang merely took one step back. Then, Blood Mountain Sword slid through the void like a snack and hit the body of two Kings. The two Kings were protected by the bronze armor but they flew backwards when they were hit by the sword light.

“Huh?”

“He could easily block our attacks and instantly counterattack!”

“This boy has strong swordsmanship!”

“One-on-one, none of us is his match. Let’s use war formation!”

The ten Kings discussed and reached a mutual attack style.

Hong!

A terrifying aura soared up. A demonic dragon knight who was a hundred zhang tall and covered under bronze armor appeared in the void.

The demonic dragon knight had soaring murderous intention that struck fear into the surrounding people.

“Formation?” Jian Wushuang looked.

He knew about war formation long ago when he was in Green Fire World. He knew the advantage of the war formation.

Although the individual power of the ten Kings wasn’t strong, when the ten of them joined forces and moved into a war formation, it brought significant pressure to Jian Wushuang.

“Interesting.”

Jian Wushuang smiled and in the next moment, his figure suddenly magnified and became a hundred zhang tall too. His body gave out a dark gold luster and there were five four-angled stars in between his eyebrows, which were shimmering.

“Come on!”

Jian Wushuang laughed and his huge divine God body took a huge stride forward. Then, Blood Mountain Sword in his hand that had increased in size too gave out terrifying power.

The demonic dragon rider shook, and the demonic dragon let out a shrill roar. Suddenly, the two huge figures collided together.

**Chapter 1440: Whoever Blocks Me Will Die!**

Bang! Bang! Bang! Bang!

Shockingly loud thunder could be heard on the horizon. Along with the thunder, there was a savage power that swept over from all directions.

Suddenly, the earth shattered.

The surrounding spectators were terrified!

“Humph, I paid a great price to nurture the ten Kings. Not only are they powerful, but when they are united in a formation, besides experts on Universe God ranking list, no one else will be evenly matched. Although he is strong, he is dreaming of being able to fight evenly with the ten Kings,” the leader of Hei Longshan, the bald man, said.

As he spoke, the huge, demonic dragon suddenly let out a raging roar. Then, it wielded the long spear in its hand and suddenly a boundless flame that covered the entire universe spurted out. The flame formed into demonic dragon knights and they charged towards Jian Wushuang.

Suddenly, Jian Wushuang was in a fix.

Looking at the scene, Universe Gods in Hei Longshan suddenly looked delighted.

Only Mu Tao wasn't. Ever since Mu Tao had seen Jian Wushuang, there was only fear in his eyes. When he saw Jian Wushuang in a pinch, he shook his head, “It's useless. It can't stop him. No one can stop this demon!”

He knew well how scary Jian Wushuang was.

Back then when he was on Ancient Moon Island, not only had Jian Wushuang performed terrifyingly great swordsmanship and a scary consciousness attack, the thing that had made them hopeless was his unbelievable power of defense.

Back then, when a few Peak Universe Gods launched a full attack and hit Jian Wushuang's body directly, it didn't affect Jian Wushuang at all.

That was the scariest part about Jian Wushuang.

With such a terrifying divine body, he was destined to not fail.

As expected, on the battlefield, even though he was facing the attack of demonic knights and in a pinch, his aura wasn't weakened at all. On the contrary, he grew even stronger.

“I don't want to waste any more time on you.”

A cold voice was heard from Jian Wushuang's mouth. In Jian Wushuang's eyes was a chilly gleam.

There was also a significant crimson light erupting from the Blood Mountain Sword in his hand.

“Reincarnation Sword Principle... The bleeding technique!”

Rumble!

A terrifying crimson light suddenly erupted, the entire, vast void suddenly drowned in a crimson ocean. In the crimson ocean, a ray of swordlight penetrated the void and slashed at the demonic knight. There was a sudden explosion of Power of Reincarnation.

The demonic knight too immediately resisted with the long spear.

However, it collided with the crimson light.

Psst!

The spear was broken into two directly. The crimson swordlight wasn't hindered but plunged at the body of the demonic knight.

That very moment, the entire universe went quiet.

The demonic knight collapsed immediately and fell apart. The ten Kings in it were revealed.

The ten Kings look terrified.

They had never expected that when the ten of them united to transform into a demonic knight with formation, they would be defeated by a Universe God.

Just then, Jian Wushuang suddenly showed a flash of murderous instinct.

"Reincarnation Sword Principle... Bleed to the end of the world!"

Wah!

A shrill, crimson sword light filled the air. In the dark void, it was like writing a crimson yet tragic and soul-stirring route to the end of the world.

It looked extremely eye-catching.

The route to the end of the world passed before the ten Kings.

Psst! Psst! Psst! Psst! Psst! Psst! Psst! Psst! Psst!

The ten Kings' eyes were wide-open as their heads were chopped off.

With that one swung, the famous ten Kings in Hei Longshan lost their lives in an instant.

So impressive!

The tens of thousands of Universe Gods in the surrounding void were in a sudden, unprecedented shock.

Jian Wushuang was murderous. After he had killed the ten Kings, his gaze was redirected to the leader of Hei Longshan, the bald man.

"Before shooting the rider, one should shoot the horse first. Before capturing the thief, one should capture the King first!" There was coldness in Jian Wushuang's eyes. The next moment, his figure moved and charged towards the bald man.

"Sh\*t!"

The bald man felt Jian Wushuang's intention to kill, his face grew grave.

Although he was the leader of Hei Longshan and he was the number one among all bandits in Hei Longshan, he knew clearly that when the ten Kings united, they could oppress him easily even if they didn't perform a formation. However, Jian Wushuang had defeated the ten Kings' demonic dragon knight in an instant and killed all ten of them.

He was such a terrifying existence. How could he be his match?

"Quick, hurry and block him for me!"

The bald man roared and commanded the surrounding bandits to block Jian Wushuang while he ran towards the void behind.

"Trying to run away?" Jian Wushuang sneered as a vast Soul Power stirred.

Vroom.

Without performing a Five Beast Manipulation Knack, without performing crimson Phoenix, with mere Soul Power, he swept out and covered the void before him, then started suppressing with Soul Power.

The terrifying Soul Power pierced into the surrounding Universe Gods' head like a thorn instantly.

Suddenly, hua la la la. Like raindrops, more than a thousand Universe Gods' corpses fell down before Jian Wushuang.

Before Jian Wushuang, there was immediately a broad route. Another boundless Soul Power swept out. Jian Wushuang performed the secret skill of Tian Yuan directly.

The first technique in secret skill of Tian Yuan, Inextinguishable Light!

A silent soul-light caught up to the bald man at an incredibly fast speed and was absorbed into his body.

"Ah!!!" The bald man cried out. His body stopped and his hands were on his head as he screamed in pain.

The bald man was a true Peak Universe God in the Third Heaven, after all. With Jian Wushuang's current Soul strength, performing Inextinguishable Light would at most make him feel pain and affect his movement. However, it wouldn't be possible if Jian Wushuang intended to kill the bald man with Inextinguishable Light.

The moment the bald man stopped, Jian Wushuang immediately appeared behind him. He swung out a swordlight and the bald man's head flew off.

Jian Wushuang lifted his hand to catch the bald man's skull.

In the void, Jian Wushuang held his sword in one hand and held the bald man's head in the other. He looked around at the Hei Longshan experts surrounding him. He exerted strength in his palm and the bald man's head exploded in his head. Then, Jian Wushuang spoke in a cold voice.

"Whoever blocks me... will die!!!"
