Chapter 1481: Leaving

In the dark red sky, cold wind was swirling.

Swoosh! Swoosh!

Two shadows, one in front and one behind, swept past the void.

“Real God Kong Ling, it is impossible for you to escape!” Jian Wushuang’s eyes were filled with murderous intent. He was staring at the shadow in front of him which was escaping, and he had already used the Secret Skill of Dragon Blood.

“Jian Wushuang, I am not one of the Blood Emperor’s men and I have never depended on the Heartless King. Moreover, I have never had any dealings with you before. Why must you be so ruthless?”

Real God Kong Ling’s furious voice could be heard from the front.

“Ruthless?” Jian Wushuang laughed coldly, “Everyone, including you and I, have been thrown into the Sky Sword Prison involuntarily. I need to kill ten Real Gods so that I can leave. As such, I’m sorry!”

As soon as his words left his mouth, the Divine Power that was already burning in a frenzy in Jian Wushuang’s body intensified even further.

With the second stage of the Secret Skill of Dragon Skill, Jian Wushuang’s speed increased by a hundredfold immediately and he caught up with Real God Kong Ling instantly.

“Die!”

Jian Wushuang did not hesitate due to pity in the slightest bit and he attacked straight away.

After some time, Real God Kong Ling, who belonged to the third stage of Real Gods, was killed by Jian Wushuang.

“The tenth Real God!”

Atop the void, Jian Wushuang looked down at Real God Kong Ling’s body with his eyes glowing brilliantly.

From the time he had started his massacre in the Darkness Mountain up to the current moment, it had been two years.

And finally, he had killed the tenth Real God.

Initially, Jian Wushuang had planned to release his power against the Blood Emperor and the Heartless King. Hence, the ten Real Gods who had died at his hand should have been experts under the two Kings.

However, it was a pity that the experts under the command of the two Kings were not idiots. Since it was only him executing the massacre, the experts had already left the territory of the two Kings and

found themselves a hiding place in the Sky Sword Prison. As such, Jian Wushuang had no choice but to kill those Real Gods who had never offended him.

Buzz! Buzz!

In the void, a peculiar power gathered all of a sudden.

“They have come?” Jian Wushuang’s eyes were glowing with delight.

At the moment that the peculiar power gathered, all the experts in each and every corner of the whole Sky Sword Prison felt it.

Within the purple, exquisite attic, Universe God Tian Feng and Universe God Gu Tong raised their heads.

“This power! Someone is about to leave the Sky Sword Prison.”

“If I’m not wrong, the person who is leaving is Jian Wushuang, right?”

“Apart from him, the Sky Sword Prison does not have anyone else who has fulfilled the conditions to leave.”

“Hehe, he left the Sky Sword Prison after less than five thousand years. I am envious of him.”

...

Within the crimson fortress in the Darkness Mountain.

“That little kid Jian Wushuang has finally left,” the Blood Emperor clenched both his fists. However, his eyes were filled with mixed feelings.

Initially, he had planned to kill Jian Wushuang and acquire the Blood-killing Plate Armor. With this, he would have a chance to leave the Sky Sword Prison.

However, in the end... Jian Wushuang’s speed of growth had completely stunned him.

Hence, he had given up hope of acquiring the Blood-killing Plate Armor a long time ago.

When he saw Jian Wushuang leaving at that moment, he heaved a sigh of relief.

...

The Fiery King sat within a sea of fire at the bottom of a lofty volcano in the Fiery Prison. At that moment, he could not help but raise his head.

“This little kid has met the conditions?”

The Fiery King murmured and his face wore a smile.

“Fiery King,” a message was delivered.

“Jian Wushuang, you’re about to leave?” the Fiery King questioned.

“Yes,” Jian Wushuang chuckled: “I am bidding my farewell to you before I leave. Thank you for taking care of me for the past few years. After I get out, I will definitely find a way to get you out.”

“Haha. Don’t think of trying to get me out. The chances are slim. You should continue training outside. For my Lineage of Scarlet to have a junior like you, I can die without any regrets,” the Fiery King laughed heartily.

“No matter what, I will do my best.”

After Jian Wushuang repeated himself, the peculiar power in front of him took the form of a giant hand and grabbed Jian Wushuang with lightning speed.

Jian Wushuang had no way of defending himself against it and had also never even thought of defending himself against it. He was caught by the giant hand and sent into a wormhole that had opened temporarily.

As the wormhole disappeared, the Sky Sword Prison settled down quickly.

...

Within a dim cave.

The space opened up and with a glowing light, Jian Wushuang’s body appeared in the cave.

“This place is...”

As soon as he appeared, Jian Wushuang’s eyes surveyed the area. In no time, his attention was focused on a shadow sitting with its legs crossed in the area in front of him.

He was a middle-aged man who carried three longswords and he looked like a unique, fierce sword.

This middle-aged man caught Jian Wushuang’s attention due to the cruel sword essence that he was releasing.

This sword essence had caused even Jian Wushuang to be terrified.

Suddenly, the middle-aged man opened his eyes. In a split second, a vast amount of sword essence burst forth and his cold eyes locked on to Jian Wushuang immediately.

At that moment, Jian Wushuang only felt as if his neck had been strangled with great force by someone. He could neither speak nor breathe.

This caused him to experience fear that he had never experienced before.

The good thing was that this condition only lasted for a moment before it was undone.

Jian Wushuang heaved a sigh of relief and he greeted the middle-aged man respectfully at once, “I am Jian Wushuang. Greetings to the owner of the Sky Sword Mountain.”

What a frightening sword essence. Just a simple gaze was enough to deter Jian Wushuang from having any ideas of resisting him. This middle-aged man must be an Almighty.

This caused the identity of the middle-aged man in front of him to surface immediately.

“Little kid, how was your experience in the Sky Sword Prison?” the owner of the Sky Sword Mountain asked casually.

“Not bad,” Jian Wushuang replied indifferently.

“Oh?” the owner of the Sky Sword Mountain shot a glance at Jian Wushuang, “That’s right. You have been in the Sky Sword prison for more than four thousand years. Moreover, you have also continued to improve yourself during the four thousand years. Hence, you will not find it uninteresting. To you, this prison has become a good training place.”

After hearing what was said, Jian Wushuang laughed within himself.

Most of the cultivators in the Sky Sword Prison had been imprisoned for many years. During these years, their abilities had risen to their maximum a long time ago. Hence, there was not much hope for them to raise their abilities any further even if they wanted to. Moreover, they were unable to leave the prison. Naturally, this was a form of suffering to them.

However, Jian Wushuang was completely different.

“In the past, you killed one of the white deacons in my Sky Sword Mountain. Moreover, you killed him within the Sky Sword Mountain, ignoring the rules of my Sky Sword Mountain!” the voice of the owner of the Sky Sword Mountain turned cold.

Jian Wushuang became stupefied.

“However, I have already imprisoned you in the Sky Sword Prison as it is a rule of the Sky Sword Mountain. Since you were able to leave the Sky Sword Prison by yourself, no matter what feuds you had with my Sky Sword Mountain in the past, all of them are written off. You... can leave!”

Chapter 1482: Jian Wushuang’s Request

When Jian Wushuang saw that the owner of Sky Sword Mountain had allowed himself to leave, he was delighted but he didn’t move at all.

“Why, what’s up?” The owner of Sky Sword Mountain sounded cold.

Jian Wushuang thought for a while and said politely, “Senior, to be frank with you, I have two requests. I hope that senior will agree.”

“Haha.” The owner of Sky Sword Mountain suddenly laughed. The laughter sounded casual but as it reverberated, the entire cave dwelling shook vigorously. Jian Wushuang was standing in the middle of the cave dwelling and his face went pale immediately. Luckily, he had already reached the first level of state of mind. Hence, he could continue to stand on his feet in the laughter.

If it were to be any ordinary person, even a Real God, as long as they wasn’t on the first level of state of mind, they might have knelt on the ground.

The owner of Sky Sword Mountain stopped laughing and his face grew cold.

“Such a joke!”

“I am willing to let you go and I’m nice enough to do so. You have the guts to request something from me?”

Jian Wushuang's face grew grave. His mind and soul were quivering madly under the huge pressure that the owner of Sky Sword Mountain imposed. However, he clenched his teeth and persisted.

"Humph, as you're a disciple of Star Palace, tell me about it," the owner of Sky Sword Mountain glanced at Jian Wushuang.

Jian Wushuang was delighted. He took a deep breath and started saying, "The first thing is that I have an enemy over the years that I've spent in Sky Sword Prison. His name is Blood Emperor!"

"Blood Emperor is one of the four Kings in Sky Sword Prison. I've come across him twice and I'm definite that he's from Holocaust Sect!"

"Hence, I'd like to request that you, senior, eliminate him!"

"Holocaust Sect?" The owner of Sky Sword Mountain looked at Jian Wushuang and he looked shocked.

He previously thought Jian Wushuang was stupid to ask for something at a crucial moment.

But from how things were looking...

"Holocaust Sect is the public enemy of countless cultivators in Eternal Chaotic World. Regardless of when, as soon as an expert of Holocaust Sect is found, he must be exterminated immediately. However, are you sure that Blood Emperor is from Holocaust Sect?" The owner of Sky Sword Mountain stared at Jian Wushuang.

"Yes," Jian Wushuang nodded heavily.

"Alright then. Wait for a bit," the owner of Sky Sword Mountain said, and then he closed his eyes.

Sky Sword Prison, Darkness Mountain, in the crimson castle.

Blood Emperor was lying leisurely on a crimson bed.

"Now Jian Wushuang has left, my Darkness Mountain has finally resumed its tranquility," Blood Emperor muttered to himself. He had already sent a command to all the experts, who had left Darkness Mountain to avoid Jian Wushuang previously, to return.

After all, he was one of the overlords in Sky Sword Prison.

If those experts who were an appendage to him weren't around, he wouldn't feel like an overlord at all.

In Sky Sword Prison, in such a dull and fearless environment, his only happiness was derived from his feeling as an overlord.

Suddenly... Vroom vroom. A strange force condensed in the void above Crimson Castle.

"This force? What's going on?"

"Could it be that someone is leaving Sky Sword Prison again?"

Blood Emperor was still in astonishment but the void above substantiated into a towering hand and grabbed him at lightning speed.

Blood Emperor had no strength to resist but was caught by the huge hand. At the same time, there was a terrifying, forceful strength that flushed into Blood Emperor's body and marched unhindered in his body.

"It's... it's the owner of Sky Sword Mountain," Blood Emperor had fear spread across his face.

"Humph, it seems like what Jian Wushuang said was right. You're really from Holocaust Sect."

A cold voice traveled across the universe. At the same time, it rang in Blood Emperor's head.

Blood Emperor stiffened in an instant.

"Jian Wushuang, it's Jian Wushuang?"

"He met the owner of Sky Sword Mountain and told him about my identity!"

"No, no!"

"The owner of Sky Sword Mountain, please let me off! Please show mercy!"

Blood Emperor immediately roared and pleaded.

"You're a lackey from Holocaust Sect and you want me to show mercy? Die!"

Then, the huge hand exerted strength and it was like pinching an ant to death. The hand crushed Blood Emperor's body into pieces.

Blood Emperor's aura immediately dispersed too.

After that, the huge hand gradually vanished into thin air too.

The universe resumed its original state.

However, in the shattered ruins of Crimson Castle, the lady in green, who was appendage to Blood Emperor, felt an overwhelming billow in her heart.

"Blood Emperor is from Holocaust Sect. The owner of Sky Sword Mountain found out about his identity and killed him?"

"Jian Wushuang. Is it because of Jian Wushuang?"

...

In the dim cave dwelling, the owner of Sky Sword Mountain opened his eyes again.

"Jian Wushuang, you're right. Blood Emperor was really from Holocaust Sect and I've exterminated him."

As the owner of Sky Sword Mountain spoke, there was rage in his eyes, "These people from Holocaust Sect, they deserve to die. They lurk among various cultivators in Eternal Chaotic World. If they do not reveal some tricks from Holocaust Sect, no one would be able to tell their identity. Even if it was me. You helped me this time. Otherwise, I wouldn't know that I had imprisoned an expert from Holocaust Sect in Sky Sword Prison!"

“Tell me, what’s your second request?”

Jian Wushuang felt touched.

He could clearly feel that the owner of Sky Sword Mountain was treating him slightly better than earlier.

Maybe it was because he took a huge risk to request Blood Emperor’s death. From the owner of Sky Sword Mountain’s point of view, it wasn’t a request but a helping hand from Jian Wushuang. Hence, he had a better feeling about Jian Wushuang.

“Another request is that I hope senior can release one of the four Kings, Fiery King, from Sky Sword Prison,” Jian Wushuang said with extreme care.

“Fiery King?” The owner of Sky Sword Mountain stole a glance at Jian Wushuang and smiled faintly, “You and Fiery King are related?”

“Yes,” Jian Wushuang nodded, “He took good care of me when I was in Sky Sword Prison. Plus, he and I are from the same lineage originally. He could be considered as one of my seniors. I naturally want him to be released. Of course, if senior were to have any request in return, I would try my best to fulfill it.”

“Oh?” The owner of Sky Sword Mountain immediately waved his hand, “If it was an ordinary Real God or Universe God, I would allow it because you helped me unearth an expert from Holocaust Sect earlier. However, Fiery King is one of the Kings in Sky Sword Prison. He is quite useful to me, so... Please return.”

“Senior...” Jian Wushuang panicked.

“Return first. In the future, if my Sky Sword Mountain needs assistance from Lineage of Star, we can discuss it then,” the owner of Sky Sword Mountain said and then closed his eyes.

Hearing that, Jian Wushuang was convinced. He didn’t bother the owner of Sky Sword Mountain further but bowed politely to him before he turned to leave.

...

Chapter 1483: Receiving His Awards

After the owner of the Sky Sword Mountain had left the cave, Jian Wushuang did not stay on and he left the Sky Sword Mountain straight away.

“I have finally left the Sky Sword Mountain.”

Jian Wushuang looked at the giant Sky Sword Mountain behind him and he felt reluctant.

It should be known that he had been imprisoned in the Sky Sword prison for four thousand and four hundred years.

During Jian Wushuang’s training to date, this was the place that he had stayed for the longest period of time.

“I should send a message to Hall Master Yuan first,” Jian Wushuang took out Hall Master Yuan’s transmitting token.

However, when he looked at the token, Jian Wushuang's expression turned strange.

From his point of view, he was a disciple of the Star Palace. In order to fulfill the Ultimate Disciple Task, he killed someone in the Sky Sword Mountain. Hence, he had broken the rules of the Sky Sword Mountain and was imprisoned in the Sky Sword Prison by the owner of the Sky Sword Mountain himself. Such a matter must have reached the ears of the Lineage of Star by now.

Under normal circumstances, Hall Master Yuan would have shown himself and thought of ways to get Jian Wushuang out.

However, even though a total of four thousand years had passed, Jian Wushuang continued to remain in the Sky Sword Prison and, in the end, he had depended on his own abilities to get out.

Moreover, when he met the owner of the Sky Sword Mountain previously, he did not mention anything about it.

"Hall Master Yuan," Jian Wushuang sent a message and he got a reply promptly.

"Jian Wushuang, you got out of the Sky Sword Prison so quickly?" Hall Master Yuan's voice was filled with a bit of surprise, "Previously, I had thought that you would be able to get out within fifty thousand years. Looking at it now, I was too conservative. In less than five thousand years, you left the Sky Sword Prison with your own hard work."

"The Sky Sword Prison is extremely dangerous. My luck must have been good as well. Otherwise, I might not have a chance to send a message to you again, Hall Master Yuan," Jian Wushuang said.

"Haha. It is obvious that you are trying to blame it on me. However, you must understand that the Sky Sword Mountain is not a small force. Moreover, you were imprisoned by the owner of the Sky Sword Mountain himself. In my Lineage of Star, the owner of the Sky Sword Mountain might only be willing to give some face if the Palace Master showed himself. However, the Palace Master is always meditating in seclusion throughout the year. You know this," Hall Master Yuan said.

"Understood," Jian Wushuang nodded his head.

"All right, since you have come out, return back here and meet me so that you can receive the additional rewards for completing the Ultimate Disciple Task," after finishing speaking, Hall Master Yuan cut off the transmission.

Jian Wushuang kept his token. However, his gaze was abnormal.

"Jian Wushuang, if my guess is not wrong, when Hall Master Yuan arranged the third part of your task, he had already guessed that you would be imprisoned in the Sky Sword Prison. In other words, you could also say that he arranged for you to be imprisoned in the Sky Sword Prison," the King of Venomous Worms' voice echoed in Jian Wushuang's head.

"I have also thought of this point," Jian Wushuang smiled indifferently.

In actual fact, when he was just imprisoned in the Sky Sword Prison, he had already had suspicions.

After all, back then when he was about to face Universe God Mo Yan, he had made ample preparations and the process had been executed perfectly.

Although those Real Gods near Universe God Mo Yan did not realize it, the owner of the Sky Sword Mountain, who was in a distant cave, had actually realized it and took action personally.

For this to happen, the owner of the Sky Sword Mountain must really possess remarkable powers. Even though he was meditating in seclusion, he still had everything that was going on in the Sky Sword Mountain in his eyes.

However, there was another possibility. And that was that the owner of the Sky Sword Mountain had had his eyes on the Sky Sword Mountain for that period of time. More accurately, he had his eyes on Jian Wushuang.

“As long as I make a move, the owner of the Sky Sword Mountain will show up immediately and imprison me in the Sky Sword Prison,” Jian Wushuang shook his head and giggled.

Of course, he knew that Hall Master Yuan had done this to train him and it was out of good will.

Moreover, although he was imprisoned for over four thousand years in the Sky Sword Prison, in terms of abilities, he had improved greatly.

“Let’s return to the Lineage of Star.”

Jian Wushuang headed for the Purple Moon Sanctuary immediately.

...

Within the dazzling galaxy of the Star Land in the Purple Moon Sanctuary.

“I have returned.”

Jian Wushuang appeared in the vast galaxy. As he looked at the neighboring galaxies, he could also faintly see a Meta Beast playing in the galaxy from the corners of his eyes. Hence, he could not help but wear a smile.

In no time, Jian Wushuang returned to within the Lineage of Star. As soon as he had returned, he went to see Hall Master Yuan.

“Jian Wushuang, after not seeing you for over four thousand years, your abilities must have risen considerably, right?” Hall Master Yuan looked at Jian Wushuang with a smile.

“About there,” Jian Wushuang said.

“I also know a bit about the rules of the Sky Sword Prison. Since you left the Sky Sword Prison with your own abilities, you must have killed a sufficient number of experts. Tell me, how many experts have you killed? Are they Universe Gods or Real Gods?” Hall Master Yuan questioned.

“I killed ten Real Gods,” Jian Wushuang did not hide the truth.

“Real Gods?” Hall Master Yuan’s eyes brightened. “Although the Real Gods in the Sky Sword Prison have their Divine Power restricted to some extent, their bodies and unique skills did not weaken. For you to be able to kill ten such Real Gods, haha, seems like you must possess the power to rank in the top thirty of the Universe God ranking list.”

“Should be,” Jian Wushuang nodded his head.

In actual fact, Hall Master Yuan only knew that he had killed ten Real Gods. However, he did not know that it was done in a very short period of time.

Moreover, among the ten Real Gods, some of them had already comprehended a small portion of the Power of Heaven Way and belonged to the second stage of Real Gods. In addition, Jian Wushuang’s power might even be able to rival that of the four Kings in the Sky Sword Prison.

For him to be able to do this much, Jian Wushuang’s abilities could totally earn him a place in the top twenty, or even higher, on the Universe God ranking list!

“All right. There is no need for unnecessary words. Now, I shall give you the additional rewards for completing the Ultimate Disciple Task,” Hall Master Yuan became stern.

“Firstly, the additional reward for the first part of the task, a hundred million Chaos Gems.”

“For these one hundred million Chaos Gems, due to the fact that you owe the Star Pavilion forty-seven million Chaos Gems, you will only receive fifty-three million Chaos Gems.”

Hall Master Yuan took out a Qian Kun Ring and handed it to Jian Wushuang.

After Jian Wushuang received the ring, he swept his eyes past it normally and kept it after that.

Although fifty-three million Chaos Gems was not a small sum, to Jian Wushuang just then, it was not a lot.

It should be known that within the Sky Sword Prison, he had killed ten Real Gods. Among the ten Real Gods, there were weak ones as well as strong ones. By killing the Real Gods, all their valuables and family keepsakes had fallen into his hands. By adding all of them up, the Chaos Gems that he possessed had already exceeded a thousand million.

“For the second and third parts of the task, you have acquired the opportunity to enter the Real God Hall.”

“For the second part of the task, you are allowed to enter for a month. For the third part of the task, you are allowed to enter for two months. By adding them up, you are allowed to enter for a total of three months.”

“I have already sent a message to inform the deacon who is in charge of guarding the Real God Hall. You can go there directly,” Hall Master Yuan said.

“Understood,” Jian Wushuang nodded his head.

“Lastly, there is another additional reward... Real God-level Chaos Unique Treasure!”

Chapter 1484: Blood Feather Reincarnation Armor

Jian Wushuang beamed with joy.

Real God level Chaos Unique Treasure was extremely hard to come across and it was an extremely valuable treasure.

Even among Real Gods in Eternal Chaotic World, there was hardly any who owned Real God level Chaos Unique Treasure.

For instance, when Jian Wushuang killed ten Real Gods in Sky Sword Prison and retrieved their Qian Kun rings, there was only one Real God who owned a Real God level Chaos Unique Treasure and the Real God level Chaos Unique Treasure that the Real God owned was a long spear.

The long spear was an divine attack weapon.

Jian Wushuang used a sword. Even if he received a Real God level Chaos Unique Treasure which was a spear, he could only look at it.

But then, he received a bonus reward from completing the Ultimate Disciple Task in Lineage of Star. The bonus reward was aimed for him. The Real God level Chaos Unique Treasure was definitely something he could use.

“Jian Wushuang, first tell me which segment of Real God level Chaos Unique Treasure you’d like,” Hall Master Yuan looked at Jian Wushuang.

“This...” Jian Wushuang thought for a while then he lifted his head and answered, “To me, the most useful thing will be a Real God level Chaos Unique Treasure in forming realm.”

“Forming realm?” Hall Master Yuan stunned.

“Yes,” Jian Wushuang nodded.

He knew clearly how useful a realm treasure would be.

In an evenly matched situation, a person with a realm treasure would definitely be at an advantage.

Plus, even if one were in danger, he could use a realm treasure to suppress his enemy and make an escape easily.

Hitting when one pleased and leaving when one wished. That was the biggest advantage of realm treasure.

Jian Wushuang had always possessed a realm treasure, blazing quicksand gourd. It was a pity that the stronger his power grew, the less useful the blazing quicksand realm would be to him.

For instance, when he was in Sky Sword Prison, he gave his all to performing blazing quicksand realm, but it only had suppressing power to Universe God in the third and fourth level to a certain extent. To Universe Gods who were stronger, the effect was rather unnoticeable.

Hence, he naturally wanted to get another stronger realm treasure.

However, after hearing Jian Wushuang’s reply, Hall Master Yuan’s expression grew strange. He said, “Jian Wushuang, how dare you? Out of various kinds of treasure, realm treasure is no doubt the rarest and hardest treasure to come by. Comparing the Real God level Chaos Unique Treasures, a realm Chaos Unique Treasure could equal a few divine attack weapons.”

Jian Wushuang was speechless.

Hall Master Yuan shook his head and continued, "Forget about Real God level realm Chaos Unique Treasure for now. I shall prepare two treasures and you can choose from them carefully."

Then, Hall Master Yuan waved. A green sword and crimson armor that gave out a strange aura appeared in the void before him.

Jian Wushuang immediately looked at the two treasures.

"You should be able to see for yourself. The green sword is a divine attack weapon while the crimson armor is a defense treasure. Look..." Hall Master Yuan looked at Jian Wushuang.

"Jian Wushuang, pick the crimson armor," King of Venomous Worms' voice rang in Jian Wushuang's head.

"Of course," Jian Wushuang smiled faintly, "Hall Master Yuan, I pick the armor."

"You're quite smart," Hall Master Yuan smiled too, "Among treasures of the same kind, although armor couldn't be compared to realm treasure, it is more valuable than a divine attack weapon. The crimson armor is named Blood Feather Reincarnation Armor and I specially picked it for you."

"Blood Feather Reincarnation Armor?" Jian Wushuang beamed with joy.

The armor's name included the word 'reincarnation'.

"Jian Wushuang, you should have comprehended Reincarnation Doctrine from the four Supreme Doctrines, right?" Hall Master Yuan looked at Jian Wushuang with interest.

"Yes," Jian Wushuang nodded and admitted it straightaway.

"That's it, then. Not only is Blood Feather Reincarnation Armor great in defense power, it contains a secret skill that can enhance one's power. The secret skill requires the power of Reincarnation to trigger it. The higher one's comprehension towards Reincarnation Doctrine is, the stronger the power triggered from the secret skill. However, relying on your current comprehension level, it should still be rather difficult to trigger the secret skill," Hall Master Yuan said.

Jian Wushuang grabbed the Blood Feather Reincarnation Armor straight away.

He touched the armor gently with his palm. Jian Wushuang could even faintly resonate with the armor.

Then, Jian Wushuang's smile grew even wider.

"Oh yeah, as you already have Blood Feather Reincarnation Armor. Please pass me the Blood-killing Plate Armor," Hall Master Yuan looked over.

"Blood-killing Plate Armor?" Jian Wushuang creased his eyebrows.

"Blood-killing Plate Armor is Holocaust Sect's treasure after all. Previously, you were weaker in power and there was no better treasure. You had no choice but to use Blood-killing Plate Armor, but now..."

"Your power had increased tremendously and you have got yourself a stronger Blood Feather Reincarnation Armor. It's best to not keep Blood-killing Plate Armor with you. The experts from

Holocaust Sect possess a certain sensory power to Blood-killing Plate Armor after all. If you were to wander in Eternal Chaotic World with Blood-killing Plate Armor with you, you might catch the attention of the people from Holocaust Sect,” Hall Master Yuan explained.

“Mm,” Jian Wushuang nodded faintly.

In Sky Sword Prison, he had been under Blood Emperor’s watch because of Blood-killing Plate Armor.

In Eternal Chaotic World, there were definitely more hidden Holocaust Sect experts. There definitely were experts stronger than Blood Emperor but he had never come across one before.

It was naturally best to pass Blood-killing Plate Armor to Hall Master Yuan.

Jian Wushuang removed the owner recognition on Blood-killing Plate Armor then passed it to Hall Master Yuan.

“This Blood-killing Plate Armor saved my life countless times.”

Jian Wushuang sighed. Although he loathed to hand it over, he had no choice.

Blood-killing Plate Armor was Holocaust Sect’s treasure after all.

Very soon, Jian Wushuang left Hall Master Yuan’s and returned to Sword Star where he resided.

He saw Qiu Yue on Sword Star and briefly asked about how the internal affairs in Lineage of Star had been over the past four thousand years. Then, Jian Wushuang opted to cultivate in seclusion.

In the secret room, Jian Wushuang sat down while the crimson Blood Feather Reincarnation Armor floated before him.

“Start owner recognition!”

There was a glimpse of light shimmering in Jian Wushuang’s eyes and he started the owner recognition process.

Blood Feather Reincarnation Armor was a Real God level Chaos Unique Treasure after all. It wasn’t easy for it to recognize a new owner, but fortunately, Jian Wushuang comprehended Reincarnation Doctrine and he was a person of quick comprehension. There wasn’t any accident in the process of owner recognition. A month later, Blood Feather Reincarnation Armor turned into a crimson robe and was put on by Jian Wushuang.

After owner recognition, Jian Wushuang started studying the secret skill in Blood Feather Reincarnation Armor.

Jian Wushuang was surprised when he started to study it.

“Haha, Hall Master Yuan only knew I comprehended Reincarnation Doctrine but he didn’t know how much I comprehended Reincarnation Doctrine. Its beginner level requires one to possess comprehension level towards Reincarnation Doctrine that could pass through the first level of Doctrine Palace!”

“And I, happen to reach the prerequisites!”

Chapter 1485: Challenging The Star Tower Again

The secret skill of the Blood Feather Reincarnation Armor indeed required a very high level of the Reincarnation Doctrine.

Just the beginner level alone would require the power to clear the first level of the Doctrine Palace.

However, Jian Wushuang had an extremely high level of comprehension of the Reincarnation Doctrine. During the four thousand years in the Sky Sword Prison, he had been studying the Painting of Understanding Sword via Reincarnation intensively. As a result, he had completely understood the first three paintings of the Painting of Understanding Sword via Reincarnation. Hence, he possessed the power to clear the first level of the Doctrine Palace.

In just a short while, Jian Wushuang managed to get the hang of the secret skill.

Within the secret room, Jian Wushuang continued to sit with his legs crossed. However, he had already fully activated the secret skill of the Blood Feather Reincarnation Armor.

“Gosh, this power...”

Jian Wushuang clenched both his fists tightly and felt the enormous amount of power in his hands.

It was the full release of his Divine Power. However, after he had activated his blood and the secret skill of the Reincarnation Armor, his Divine Power increased greatly compared to the past!

“As of now, my Divine Power is unable to rival that of a Real God. However, the distance between us is no longer as huge as before,” Jian Wushuang sighed.

The difference in Divine Power between a Real God and Universe God was extremely great.

Previously, in the Sky Prison Tower, it was because of the fact that the Real Gods’ Divine Power was restricted that Jian Wushuang could kill them.

If not for the restriction, he could only fight with the weakest of the Real Gods.

However, at that very moment... With the secret skill of the Blood Feather Reincarnation Armor, the difference in Divine Power between him and the Real Gods had been reduced greatly.

“Not only does this Blood Feather Reincarnation Armor increase my defense greatly, it has also caused my abilities as a whole to skyrocket,” Jian Wushuang chuckled and he was elated.

After getting the hang of the secret skill, Jian Wushuang walked out of the secret room.

Next, he walked toward the Star Tower.

The Star Tower was one of the three training grounds of the Lineage of Star and Jian Wushuang had only cleared its first level.

Within the second level of the Star Tower.

Swoosh!

Jian Wushuang summoned nine shadows and unleashed his Sword Principles. He was extremely swift and fierce.

The long-bearded, strict middle-aged man who fought with him also swung his longsword and clashed with Jian Wushuang's attacks continuously.

However, it was obvious that Jian Wushuang's Sword Principles were faster and fiercer. Their power was also a lot greater.

"Go down!"

Jian Wushuang gave a shout and a sword light struck the body of the strict middle-aged man like lightning and caused him to retreat.

The second level was cleared.

As for the third level... The third level was a lot more difficult than the second level. By relying on his own Sword Principles and his close combat abilities, he was not the stern middle-aged man's opponent. In the end, Jian Wushuang had no choice but to use the Reincarnation Doctrine that he had learnt.

By adding Reincarnation Power to the Sword Principles, their power rose sharply and he cleared the third level straight away.

After clearing the third level, Jian Wushuang did not continue. Instead, he left.

"I have already learnt three of the four secret skills of the Lineage of Star. For these three secret skills, the Secret Skills of Star Palace could be learnt when one becomes a disciple of the Star Palace. As for Xuan Mie Golden Body, I only managed to learn it after I cleared the nineteenth level of the Illusionary Mind Sea. However, I am still unable to explain the origin of the Secret Skill of Dragon Blood."

"But now... I have cleared the third level of the Star Tower. Hence, I am able to learn another secret skill. Thus, it is logical that I am able to learn the Secret Skill of Dragon Blood."

As Jian Wushuang walked across the tall buildings alone, he wore an indifferent smile.

"Senior Wushuang!"

"Greetings, Senior."

During his walk, the disciples of the Lineage of Star, who Jian Wushuang had met, all greeted him modestly.

As for some of the disciples, they were talking in whispers.

"Senior Wushuang demonstrated his extraordinary skills in the previous battle to become a disciple of the Star Palace and he is almost on par with Ling Feibai. Later on, he went out to the outside world alone for training and this journey alone was for over four thousand years. It is only until when the next battle to become a disciple of the Star Palace is about to reopen again that he finally returned."

"Say, do you think Senior Wushuang will be able to retain his position as a disciple of the Star Palace in the battle to become a disciple of the Star Palace this time round?"

“No idea.”

“This is hard to say. If Senior Wushuang remains a Universe God of the Second Heaven, then there will be no problem. However, at that moment, he and the equally famous Ling Feibai back then will have both become Universe Gods of the Third Heaven. The battle between the Star Palace disciples who were Universe Gods of the Third Heaven will be more intense.”

“However, Senior Wushuang is extremely talented. Even if he were to be reduced to a normal disciple in the battle this time round, by waiting for another five thousand years for the next battle to become a disciple of the Star Palace, he would definitely be able to climb up the ranks.”

“That is true.”

...

“Jian Wushuang,” a voice could be heard.

Jian Wushuang stopped walking and turned his head. When he saw the person walking over, he wore a smile.

“Long time no see, Ling Feibai,” Jian Wushuang laughed happily.

“It is because of the fact that you keep on immersing yourself in training in the outside world,” the elegant and smart youth Ling Feibai came to the front of Jian Wushuang.

Ling Feibai was one of the top geniuses of the Lineage of Star.

During the previous battle between the geniuses of the Star Palace disciples, at the Universe God of the Second Heaven’s level, Ling Feibai could be said to be unrivalled.

Even Jian Wushuang had lost to Ling Feibai in that battle.

After over four thousand years, Ling Feibai had already passed the God’s Test for the Third Heaven and become a Universe God of the Third Heaven.

“Just a while more and the battle to become a disciple of the Star Palace that occurs once every five thousand years will begin again. Do you have confidence this time round?” Ling Feibai looked toward Jian Wushuang.

“The battle to become a disciple of the Star Palace?” Jian Wushuang was stunned.

Back then, when he had first come to the Star Palace, he had paid close attention to the battle to become a disciple of the Star Palace.

After all, if he were unable to keep himself within the top five, he would be reduced to a normal disciple. In the Lineage of Star, the difference in treatment between a normal disciple and a Star Palace disciple was extremely huge.

However, at that moment, Jian Wushuang was no longer that interested in the battle to become a disciple of the Star Palace.

“Looking at the time, the battle to become a disciple of the Star Palace is indeed about to begin soon,” Jian Wushuang chuckled and spoke again immediately, “I am quite confident. How about you?”

“I have no confidence at all,” Ling Feibai shook his head and forced a smile: “Jian Wushuang, ever since you made a breakthrough to the Universe God of the Third Heaven, you have been living in the outside world. Hence, you have never fought with the disciples who are Universe Gods of the Third Heaven before. As such, there are some things that you do not know.”

“Give me an example,” Jian Wushuang spoke with interest.

“Then I shall tell you. Within the Universe God disciples of the three levels of the Lineage of Star, the number of disciples who are Universe Gods of the Third Heaven is the greatest,” Ling Feibai said.

“Oh?” Jian Wushuang raised his eyebrows and he understood quickly.

All the disciples in the Lineage of Star were real geniuses and a normal God’s Tests were unable to stop them. Hence, those disciples would usually not stay at the same level for long as they would be able make a breakthrough. They would make a breakthrough from Universe God of the First Heaven to the Second Heaven, and then, from the Second Heaven to the Third Heaven.

However, after reaching Universe God of the Third Heaven...

Chapter 1486: Look For Someone

There was a huge threshold between Universe God in the Third Heaven and Real God.

Unlike leveling up to Universe God in the Second Heaven from the First Heaven. When the time came, it’d happen when one passed the God’s Test.

There were many Universe Gods in the Third Heaven in Eternal Chaotic World. Even in a smaller world, they could give birth to Universe God in Third Heaven and more than one of them.

However, Real Gods... compared to Universe Gods, there were much lesser Real Gods.

Countless Universe Gods would stop at the level of Universe Gods in the Third Heaven for their entire life.

Under such conditions, it was normal that the number of disciples of Lineage of Star who were Universe Gods in the Third Heaven would be more than Universe Gods in the First and Second Heaven.

“Because there are too many disciples who are Universe Gods in the Third Heaven, the fight is the most vigorous, especially to fight for the quota as disciples of Star Palace,” Ling Feibai explained, “Then, among the disciples of Lineage of Star who are Universe Gods in the Third Heaven, the top two are listed in Universe God ranking list!”

“Besides the two of them, the others who are close to having fighting power like one on the Universe God ranking list, and even those who have fighting power like one on the Universe God ranking list, are almost a dozen of them. The duration that I’ve been a Universe God in the Third Heaven is too short. In terms of power, I might not be in the top twenty among the disciples.”

“You mean, when the fight for the quota as disciple of Star Palace starts, I might not be able to retain my position as a disciple of Star Palace?”

Jian Wushuang was quiet.

Ling Feibai was a genius through and through. However, it was a short time since he had broken through and become a Universe God in the Third Heaven. His power had yet to increase to its extreme limit. He still couldn't fight against the genius disciples who had been trapped at the level of Universe God in the Third Heaven for many years.

“With your gifted talent, even if you became an ordinary disciple, when the next fight comes, you can easily take it back, no?” Jian Wushuang smiled.

“That's true,” Ling Feibai nodded with confidence, “Alright, I shall leave first. I have business to attend to.”

Ling Feibai left very quickly.

Jian Wushuang continued to walk forward but his facial expression grew strange.

“Battle to become a disciple of the Star Palace?”

“If Ling Feibai didn't remind me, I would have forgotten about it.”

“However, with my current power, I might play the bully if I were to participate the battle to become a disciple of the Star Palace.”

Jian Wushuang laughed from the bottom of his heart.

Four thousand years ago, when he had first passed his Inverse Cultivation Test in the Second Heaven and comprehended a slight bit of power of reincarnation, he had fought against an expert on Universe God ranking list, Zhao Han. Back then, his fighting power wasn't much weaker than Zhao Han's.

Then, after he went through four thousand years of training in Sky Sword Prison, his power had increased tremendously.

Previously, Hall Master Yuan never once see him when he launched his full power. He merely heard about him killing ten Real Gods in Sky Sword Prison and determined that he possessed the fighting power of the top thirty on Universe God ranking list.

One should know that the two most outstanding people from the disciples who were Universe Gods in the Third Heaven, their ranking on Universe God ranking list was not in the top forties. Hence, neither were Jian Wushuang's match.

Hence, Jian Wushuang felt like a bully to participate the battle to become a disciple of the Star Palace with the other Universe Gods in the Third Heaven.

“The current me, in Lineage of Star, or even Ten Cultivation Sanctuaries, already stands steadily on my feet. Plus, I have many resources to hand, I can go and do that now.”

Jian Wushuang's eyes gave out a gleam.

...

Vientiane Tower, also known for covering all manifestations of the universe.

Its force covered every single corner of Ten Cultivation Sanctuaries.

In the secret room of Vientiane Tower on Star land, Jian Wushuang sat in his crimson robe with a sword on his back. There was tea served before him too.

"I wonder what Vientiane Tower can do for you?" A purple-haired elderly stood before Jian Wushuang with a smile.

"I want you, Vientiane Tower, to look for someone for me," Jian Wushuang said.

"Look for someone?" The purple-haired elderly was surprised.

"I know Vientiane Tower does all kinds of deals. Looking for someone should be one of the deals, right?" Jian Wushuang lifted his head to look at the purple-haired elderly.

"Of course. In Vientiane Tower, as long you can afford to pay, there's nothing Vientiane Tower cannot do for you," the purple-haired elderly smiled faintly and then asked, "I wonder what's the name of the person you're looking for and where is he from?"

"Her name is Leng Ruxue, or maybe Leng Rushuang. She's a lady from Snow Kingdom, an ordinary Eternal World. She only arrived in Eternal Chaotic World in the past recent ten thousand years," Jian Wushuang said.

"The level of her power?" The purple-haired elderly asked.

"I don't know," Jian Wushuang shook his head, "Maybe a Universe God, also she may have broken through and became Real God."

"You don't know the level of her power?" The purple-haired elderly thought and continued to ask, "Do you know the person's other characteristics?"

"And... she's an inborn sinner!" Jian Wushuang said in a low voice.

"What?" The purple-haired man's face changed and immediately creased his eyebrows.

"Why, is there a problem?" Jian Wushuang asked.

"Yes, a little," the purple-haired elderly nodded, "You should know that inborn sinners represent calamity. The experts in Eternal Chaotic World deep-seated hatred against inborn sinners, not much better than Holocaust Sect. Hence, as long as the inborn sinners aren't stupid, they will intentionally hide their identity and they will keep a low profile. They won't even use their name. Hence, it'll be rather difficult for us to look for them."

Jian Wushuang squinted his eyes slightly. He knew what the purple-haired elderly said was true.

After Leng Ruxue (Leng Rushuang) left Green Fire World, theoretically, she should first depart to Dayu World.

However, when Jian Wushuang was wandering in Dayu World, he once requested for the overlord of Dayu World, Dayu Palace and Scarlet Island to search for Leng Ruxue's carefully. However, after the search, there found no trace.

Over the years, he had been looking for ways to find Leng Ruxue's whereabouts, but he had achieved nothing.

He knew that it wasn't easy to look for Leng Ruxue. Hence, he had come to Vientiane Tower.

In the entire Eternal Chaotic World, he reckoned that only Vientiane Tower had the ability to look for Leng Ruxue for him.

"Vientiane Tower is also known to be formidable. No matter how well she has hidden, you should be able to find her," Jian Wushuang stared at the purple-haired elderly as he spoke.

"That's true," the purple-haired elderly smiled, "However, to find a person who has tried all ways to hide her identity in the boundless Eternal Chaotic World and without the knowledge of the inborn sinner's power level, it is really not easy. Hence, the payment required is extremely expensive."

"How much?" Jian Wushuang asked coldly.

"One billion Chaos Gems. Vientiane Tower can guarantee that we will find Leng Ruxue's whereabouts in ten thousand years time!" The purple-haired elderly said with full confidence.

"Ten thousand years?" Jian Wushuang creased his eyebrows, "Ten thousand years, is a little too long."

...

Chapter 1487: The Fight For Prestige

Jian Wushuang was not too concerned with a thousand-million Chaos Gems.

What he was concerned about was time.

After all, his wife had been completely suppressed by Leng Ruxue.

Moreover, it had been a very long time since Leng Ruxue left the Green Fire World. In that period of time, he had absolutely no idea how Leng Rushuang was doing.

Did her circumstances become worse?

Jian Wushuang was as anxious as a burning fire.

Naturally, it was better for Leng Ruxue to be found as early as possible.

"Ten thousand years is already considered short," The purple-haired old man said. All of a sudden, his expression changed, "By the way, do you have a picture of Leng Ruxue, or portrait-related items?"

"I have her portrait," Jian Wushuang nodded his head.

He would naturally have a portrait of his own wife. Even if he didn't, he could rely on his own memory and draw one on the spot.

After receiving the portrait, the purple-haired old man swept his eyes past it. Afterward, he revealed a smile, "What a great beauty. In the whole Eternal Chaotic World, there are not many people with such good looks. This makes it easier for us to find her. How about this? The cost will remain unchanged at a thousand million Chaos Gems. My Vientiane Tower will do our best to give you an answer within three thousand years."

"Three thousand years?" Jian Wushuang's eyes squinted, "No problem. This is the three hundred million Chaos Gem deposit. When there is news, I will give you the remaining amount."

"Alright," the purple-haired old man accepted the Chaos Gem heartily.

Jian Wushuang left his own transmission token behind and left.

...

Inside a pub, Jian Wushuang sat on a side desk and drank wine by himself.

"Shuang'er..."

An extremely beautiful figure that could move people appeared in Jian Wushuang's mind.

"Three thousand years... No matter where you are, I will definitely find you!"

Jian Wushuang clenched both his fists tightly and his eyes glowed brilliantly.

Leng Rushuang was his wife, as well as the love of his life!

"Jian Wushuang," a message was sent over abruptly.

"Hall Master Yuan," Jian Wushuang replied immediately.

"Where are you? Are you within the Lineage of Star?" Hall Master Yuan questioned.

"Nope, but I am about to go back now," Jian Wushuang said.

"Don't return first, I need your help for a small matter," Hall Master Yuan said.

"Oh?" Jian Wushuang revealed a surprised expression.

"This is what happened," Hall Master Yuan spoke.

"Within our Star Land, there is a weak, small sect known as Green Lightning Sect. The Green Lightning Sect is under the charge of the Lineage of Star. Not long ago, Green Lightning Sect and its opponent Seven Planet Sect agreed on a duel between their disciples. Naturally, this duel concerned the benefits the sects would get respectively. Hence, both sides had a tacit agreement to invite experts from the outside."

"Naturally, the Green Lightning Sect requested the aid of the Lineage of Star at once. The Lineage of Star had never declined before and we sent a Star Palace disciple over."

"Initially, with a Star Palace disciple who is a Universe God of the Third Heaven, it would be easy to help the Green Lightning Sect win the duel. However, the Green Lightning Sect lost the duel."

"Oh?" Jian Wushuang shuddered.

All of the Star Palace disciples were geniuses among geniuses. A Star Palace disciple who was a Universe God of the Third Heaven should have fighting capabilities nearing that of the Universe Gods on the Universe God ranking list. However, the Universe God of the Third Heaven had actually lost to a disciple of the Seven Planet Sect?

“Could it be that the Seven Planet Palace invited an expert from the Universe God ranking list?” Jian Wushuang questioned.

“It would be good if the Seven Planet Palace invited an expert from the Universe God ranking list. After all, all the experts in the Universe God ranking list were extremely famous and they would be recognized straight away. The Lineage of Star and the Green Lightning Sect would be able to take precautions. However, the main point is that the person whom the Seven Planet Palace invited is a Universe God that has never been heard of before. His name is Ling Dan. Before this, Ling Dan did not have any reputation. However, he is extremely powerful,” Hall Master Yuan said.

“When that duel began, one of the deacons was present. The deacon believed that although the Universe God whom the Seven Planet Palace invited had no reputation, looking at his abilities, he could be ranked within the Universe God ranking list. Moreover, he might be in the top fifty, or even the top forty!”

Jian Wushuang became stupefied at once.

Top forty of the Universe God ranking list... The two most outstanding Star Palace disciples of the Lineage of Star were unable to rank in the top forty of the Universe God ranking list.

“The disciple of our Lineage of Star was defeated in that duel. Moreover, the defeat was extremely tragic. Initially, this was nothing. However, the key point was that during the duel between Ling Dan and the disciple of the Star Palace, Ling Dan used every possible means to humiliate the disciple. Moreover, he spoke of the Star Palace and Lineage of Star many times...”

“After that duel ended, he also mentioned that he would stay within the Seven Planet Palace for this period of time and wait for the Lineage of Star to send an even more outstanding student to fight him. Moreover, this was said in front of many cultivators. What do you think he is trying to do?” Hall Master Yuan questioned.

“That is very simple. He wishes to use our Star Palace disciples as a stepping stone and make a name for himself in the Eternal Chaotic World so that he can get into the Universe God ranking list,” Jian Wushuang replied.

“That’s right,” Hall Master Yuan laughed, “He wishes to make a name for himself by using the Star Palace disciples as a whetstone. How can my Lineage of Star allow that? If he really gets his way with it, would our Lineage of Star still have face?”

“Understood, you wish for me to go to the Green Lightning Sect and defeat that Ling Dan head on?” Jian Wushuang giggled.

“That’s right. Ling Dan’s strength is very impressive. Among the Star Palace disciples, you should be the only one with the power to defeat him,” Hall Master Yuan spoke: “Moreover, letting you take action is not merely for the Lineage of Star’s face. It is also for yourself.”

"You already have the fighting capabilities to be in the Universe God ranking list. However, within the ten Cultivation Sanctuaries, you remained silent and unknown. This is the opportunity for you to prove yourself."

"I do not wish to prove myself. Being unknown to public might not be bad," Jian Wushuang said.

"If you were an expert by yourself, it would be fine even if you didn't have a reputation. However, you are a disciple of the Lineage of Star. Since the Lineage of Star has such a splendid disciple, how can we not let the people know about it? Hall Master Yuan said.

"At the end of the day, isn't it for prestige?" Jian Wushuang said.

"Since you understand, all is well. Stop with the unnecessary complaints, please go."

After finish talking, Hall Master Yuan terminated the transmission.

"Jian Wushuang, do you feel that you have no choice? Although you are unwilling to make a reputation for yourself, the Lineage of Star has forced you to do so." The King of Venomous Worms' voice, which was filled with interest, echoed in Jian Wushuang's head, "Actually, this is very normal. To a sect, especially a great force like the Lineage of Star, there is no longer any huge benefit to fight for. Hence, they can only fight for prestige."

"By having a very powerful disciple under them, it is beneficial to the Lineage of Star in terms of recruiting other exceptional disciples or in terms of other areas."

"I know," Jian Wushuang nodded his head. As he knew the thought process of the highest administration of the Lineage of Star such as Hall Master Yuan, he could understand.

"Since Hall Master Yuan has given an order personally, I shall make a trip to the Green Lightning Sect. At the same time, I will fight for the Lineage of Star's prestige!"

Jian Wushuang moved his body immediately.

Chapter 1488: Jian Wushuang's Arrival

Green Lightning Sect, in a lofty palace.

There were two figures sitting together. One was an elegant man with long purple hair while the other was an old lady in black robe.

"Elder Qiu, is there any update from Hall Master Yuan?" The elegant man with long purple hair asked.

"Yes," the old lady in black robe answered, "Hall Master Yuan has already arranged for his disciple to come over."

"Do you know who the disciple is?" The elegant man with long purple hair asked.

"No idea," the lady in black robe shook her head, "However, with Ling Dan's ability, among disciples of Lineage of Star, there should only be the two strongest, Long Ya and Xuan Yi, who are qualified to fight against him. Hall Master Yuan should have sent one of the two."

"I hope the one who came is Senior Long Ya. He's number fifty-one on Universe God ranking list. If he were to take action personally, he could definitely defeat Ling Dan," the elegant man with long purple hair said.

The old lady in a black robe creased her eyebrows slightly when she heard that.

She was the deacon elderly from Lineage of Star. She watched the fight between the elegant man with long purple hair and Ling Dan clearly.

She was the one who had determined that Xuan Yi had the fighting power of one on the top forty on Universe God ranking list.

From his point of view, even if Long Ya were to fight Ling Gan, he would be out of the running.

"I wonder where did Ling Dan popped out of. I've never heard of him previously. However, he is so strong," the elegant man with long purple hair clenched his fists.

He had fought with Ling Dan but he was heavily defeated.

"There are countless experts in Eternal Chaotic World and there are many geniuses that aren't famous but very strong. Ling Dan is just one of them. However, Ling Dan has the guts. How dare he use the disciple of Star Palace as his stepping stone," the old lady in a black robe had rage in her eyes.

She really wanted to kill Ling Dan personally.

"Just you wait. When Hall Master Yuan was talking to me earlier, he sounded rather at ease. He should have a solution for this," the old lady in black robe said.

In a few days time.

"Mm, he's here!"

The old lady in a black robe and the elegant man with long purple hair who were waiting in the palace stood up simultaneously.

They already sensed the existence of the disciples token on the figure outside of Green Lightning Sect.

"It is the disciple token of disciple of Star Palace. It is definitely Senior Long Ya," the elegant man with long purple hair exclaimed in surprise.

"Let's go. Let's go and greet him," the old lady in black robe revealed a smile.

The two of them immediately got up and came outside of Green Lightning Sect very soon.

From afar, they saw a figure in a crimson robe who stood calmly in the void.

"Mm? Not Senior Long Ya?" The elegant man with long purple hair creased his eyebrows.

When the two of them got closer, they finally get to see the face of the figure in a crimson robe.

"Jian Wushuang?" The elegant man with long purple hair couldn't help but gasp in surprise.

"It's him?" The old lady in black robe was extremely shocked.

They originally thought it would be the strongest among disciples of Star Palace, who was also the fifty-first on Universe God ranking list, Long Ya.

Even if it wasn't, it should be Xuan Yi, who was eighty-second on Universe God ranking list.

But in the end, it was one who had no fame at all in Ten Cultivation Sanctuaries, one who was never listed on Universe God ranking list, one who had broken through and become Universe God in the Third Heaven. It was Jian Wushuang.

Swoosh! Swoosh!

The old lady in a black robe and the elegant man with long purple hair appeared before Jian Wushuang.

"Elder Qiu, Senior Hu Feng," Jian Wushuang greeted them. He knew both of them.

"Jian Wushuang, Hall Master Yuan sent you?" The old lady in a black robe, Elder Qiu asked.

"Yes," Jian Wushuang smiled as he nodded.

"Just you alone? Senior Long Ya or Senior Xuan Yi isn't here together?" The elegant man with long purple hair, Hu Feng, asked in a deep voice.

"Just me alone," Jian Wushuang was still smiling.

"Hall Master Yuan is joking, right?" Hu Feng's face grew grave, "Ling Dan is so powerful and he could definitely be listed on Universe God ranking list. He might even be quite high up in Universe God ranking list. If I am not his match, you have no chance, Jian Wushuang."

"Since when did Hall Master Yuan not worry much about Lineage of Star's reputation?"

"Senior Hu Feng," Jian Wushuang's face grew dim and unhappy, "Hall Master Yuan is one of the three hall masters in Lineage of Star. How could he not bother about Lineage of Star's reputation? As he sent me, he naturally has his own intentions."

"What intentions? Could it be that you could really defeat Ling Dan? Forget about Ling Dan, I'm afraid you won't even stand a chance against me!" Hu Feng stared at Jian Wushuang.

"How will you know if you don't try?" Jian Wushuang stole a glance at Hu Feng.

"Alright," Elder Qiu finally spoke, "I believe in Hall Master Yuan. However, Ling Dan is really strong. From what I can see, he could be listed in the top forty on Universe God ranking list. Jian Wushuang, are you really confident?"

"Yeah," Jian Wushuang nodded.

"That's great. We'll look for Ling Dan now. How about that?" Elder Qiu said.

"Okay," Jian Wushuang immediately agreed.

Immediately, Elder Qiu brought Jian Wushuang towards where Ling Dan was.

As for Hu Feng, although he didn't believe that Jian Wushuang could fight evenly with Ling Dan, he followed as well.

Heavenly Fire Summit, where Green Lightning Sect fought against the disciple of Seven Planet Palace. After Ling Dan defeated Hu Feng, he stayed back at Heavenly Fire Summit and waited for the other disciples of Lineage of Star to come forth.

When Jian Wushuang came near to Heavenly Fire Summit, his Soul Power instantly sensed the existence of countless cultivators' aura.

The number of cultivators gathered around Heavenly Fire Summit just then was definitely more than a million people.

"Why are there so many people?" Jian Wushuang creased his eyebrows.

"A bunch of people are here to enjoy the excitement. They came because Ling Dan intentionally spread news to attract them," Elder Qiu said, "Because he attracted a large crowd, we of Lineage of Star didn't dare to flagrantly take action. Otherwise, Ling Dan would have died over and over again. However, he wouldn't be happy for too long. When this is solved, Lineage of Star will keep watch of him. We will kill him with our own hands once we get the chance to."

Hearing that, Jian Wushuang complimented in silence. He could feel the murderous intentions of Elder Qiu.

"Merely to gain fame and be listed on Universe God ranking list, he could have challenged whichever experts on Universe God ranking list. Of all things, he decided to tease Lineage of Star and provoke us flagrantly. This Ling Dan is so irrational. Or maybe, his provocation isn't simply just to gain fame?" Jian Wushuang muttered.

"Who knows?" Elder Qiu pouted.

"Regardless, let's go and meet him."

With a smile on his face, Jian Wushuang's figure plunged towards Heavenly Fire Summit.

"Ling Dan!"

A low bellow was heard from Jian Wushuang and it reverberated through the universe.

...

Chapter 1489: Ling Dan

Inside a cave that had been opened temporarily in the Heavenly Fire Summit.

Two shadows sat upright in front of a long narrow table. They were chatting and drinking wine.

"If nothing goes wrong, the disciple that the Lineage of Star has sent should be arriving soon," a young man whose face emitted a slightly evil aura chuckled. This evil man was Ling Dan.

"Mister Ling Dan, the Lineage of Star contains countless geniuses. They even have two experts in the Universe God ranking list. Are you sure that you can take them on?" a bald-headed old man beside Ling Dan frowned. He was the master of the Seven Planet Sect. However, at that moment, he felt restless.

After all, Ling Dan stayed on purely because he was willing to do so and it had nothing to do the Seven Planet Palace.

Even in that duel between the Seven Planet Palace and Green Lightning Sect previously, it was Ling Dan who had invited himself in. He said that he would fight for the Seven Planet Palace and he would do so for no cost.

At that moment, the Seven Planet Palace Master (the same person as the Seven Planet Sect Master) felt extremely suspicious. However, when he thought about the benefits, he gave the green light. However, he had never thought that Ling Dan would actually provoke the Lineage of Star after the duel. They were in the Star Land and the Lineage of Star was the overlord. Who would be able to live a good life after offending the Lineage of Star?

However, things had already become as such. Even if the Seven Planet Palace Master were to regret it, it was too late.

"The Lineage of Star contains countless geniuses?" Ling Dan laughed loudly, "The Lineage of Star contains many geniuses. However, in this generation, there isn't a genius who is very exceptional. Moreover, only two of them managed to make it into the Universe God ranking list. For the two of them, one of them ranked fifty-first on the Universe God ranking list while the other ranked eighty-second. Hence, I do not think anything of them!"

"In other words, among the disciples of the Lineage of Star of the current moment, there is no one who can fight against me!"

"That is what you think. However, that is the Lineage of Star. Mister Ling Dan, now you actually wish to use the Lineage of Star as a stepping stone to build your reputation. This would offend the Lineage of Star greatly and after that..." the Seven Planet Palace Master did not manage to finish his speech.

"After that? We shall talk about what happens after that another time," Ling Dan grinned.

On the surface, Ling Dan looked as if he did not care. However, he knew everything clearly from the bottom of his heart.

"According to that great person's agreement, as long as I can make the Lineage of Star lose their prestige and use my own abilities to make it into the Universe God ranking list, he will agree to take me on as his disciple," Ling Dan's eyes were glowing brilliantly, "He is an expert in the Real God ranking list. Moreover, he is an extraordinary existence that is in the top five of the Real God ranking list and is almost able to compete with an Almighty. If I could be under the supervision of such an expert, how lucky would that be? Now, the opportunity is right in front of me. Even though there is some risk involved, how is it significant?"

The Lineage of Star was one of the overloads of the Purple Moon Sanctuary. Hence, they were definitely one of the great forces in the ten Cultivation Sanctuaries.

However, the Lineage of Star also had its own enemies. Among the enemies, one of them was a Real God who was so frightening that he could get into the top five of the Real God ranking list.

Ling Dan had seen the Real God before and even had an agreement with him.

As such, he did not hesitate to spend a great amount of energy and use the duel between the disciples of Seven Planet Palace and the Green Lightning Sect as an opportunity to provoke the Lineage of Star.

In other people's eyes, they thought of him as an idiot who aspired to be famous and only wished to use the Star Palace disciples of the Lineage of Star as a stepping stone.

"Just look on, I will definitely get myself accepted by that great person!"

Ling Dan clenched his fists tightly and felt extremely eager.

At that moment...

"Ling Dan!!!"

A shout resounded across the universe and naturally, it also travelled to the inside of the cave.

"They have come," Ling Dan stood up and he wore an icy-cold smile. He moved his body at once and he appeared outside the cave.

As for the Seven Planet Palace Master, he was frowning. He then gave a sigh and followed after Ling Dan.

The vast sky stood Jian Wushuang with a cold expression. At the same time, many cultivators had also appeared by the side of the Heavenly Fire Summit.

The cultivators were all looking at Jian Wushuang and talking to one another.

"Who is this person? I have never seen him before."

"Looks like he is also a disciple of the Lineage of Star."

"The people with the rights to challenge Ling Dan should only be Long Ya and Xuan Yi, the two experts in the Universe God ranking list. However, this person in front of us is obviously not either of them."

Amidst the talking voices, a fluttering light was shot onto the Heavenly Fire Summit.

A loud, hearty laugh reverberated across the universe at the same time.

"Haha, they have finally come. I thought that the disciples of the Lineage of Star were a bunch of cowards!"

It was obvious that this voice was filled with disdain. Ling Dan's body also appeared in the void and he was standing in front of Jian Wushuang.

"Oh?" as Ling Dan looked at Jian Wushuang, he raised his eyebrow, "I have seen the portraits of Long Ya and Xuan Yi before. You are not them."

"Senior Long Ya and Xuan Yi are busy with their work. Hence, do you think they have the time to fight with you?" Jian Wushuang chuckled, "Moreover, not just any average guy can pick a fight with the both of them randomly."

"Oh?" Ling Dan's gaze turned cold and he laughed indifferently: "You have a sharp tongue. Tell me, who are you?"

“Jian Wushuang of the Star Palace!” Jian Wushuang said magnanimously.

“Jian Wushuang? I’ve never heard of this name before,” Ling Dan shook his head, “However, since you are a Star Palace disciple, you should be capable. Go ahead and make your move.”

“As you wish.”

Jian Wushuang raised the corners of his mouth slightly. His Blood Mountain Sword had already appeared in his hands and remarkable sword essence rose slowly.

Swish!

As soon as Jian Wushuang moved his body, nine shadows appeared at the same time. At the next moment, he had already appeared beside Ling Dan.

“Yes, this speed and martial art motion are both not too bad,” Ling Dan chuckled and he remained unconcerned. A large hammer could be seen appearing in his right hand and he swung it with a swing of his hand.

Although the swing looked random, it contained an extremely shocking strength.

In the places that the big hammer passed through, the air rumbled.

Jian Wushuang’s body stretched and became a huge bow. As for the Blood Mountain Sword, it became an arrow and shot forward abruptly.

Clang!

With a loud sound, the quake caused by the collision of great strengths caused Ling Dan’s body to shake and he could not help but retreat a step.

Ling Dan raised his head with surprise. He then realized that Jian Wushuang had already turned his body around and a bright sword light appeared with a whistle.

“Ten Thousand Shadows!”

Swoosh! Swoosh! Swoosh! Swoosh! Swoosh!

Countless sword lights appeared and headed toward Ling Dan. Every sword light was extremely fast and its power was shocking.

Ling Dan’s expression changed and he immediately swung his big hammer to block crazily. This resulted in heavy collision sounds one after another. At that moment, Jian Wushuang’s eyes glowed.

“Go down!”

Swish!

A scarlet sword light which looked like a crimson lightning in the sky was unleashed.

Real God’s Unique Skill... Crimson Light!

The crimson lightning pierced the big hammer and struck Ling Dan’s body.

“Puff!”

Ling Dan spit out a huge mouthful of blood straight away and he retreated pathetically.

...

Chapter 1490: Defeat

The originally noisy voice suddenly turned deadly quiet.

It was dead silent.

There were more than a million cultivators spectating Heavenly Fire Summit. Every one of them was surprised at the sight.

“How could he?” Hu Feng stood there with his eyes wide opened.

As for Ling Dan himself, he was dumbfounded too.

Three moves!

From when Jian Wushuang had started taking action until then, he had only made three moves. In a short time, like the blink of an eye.

Ling Dan spurted blood and retreated.

What did it mean?

“Ling Dan, you lost!”

Jian Wushuang held his sword with one hand as he towered in the void and he looked at Ling Dan.

“Lost?”

“What kind of joke is that!”

“I was merely careless and you seized the opportunity. You think you’re stronger than I am? That’s a joke!”

Ling Dan’s face was distorted in agony and his gaze towards Jian Wushuang was cold. As he bellowed, there was a terrifying aura that his body gave out.

“Jian Wushuang, die!”

Ling Dan’s figure turned illusionary as he took action again. This time, his action brought about a terrifying murderous intention, just like a furious beast with raging anger.

Jian Wushuang’s face grew cold as he saw the sight.

Ling Dan was already defeated, but he didn’t accept failure. He wanted to fight again.

“Humph!”

A cold harumph and Jian Wushuang took a step forward. The moment he took a step, Blood Mountain Sword in his hand let an imposing sword intention and suddenly swung out.

“Ninth Heaven Stroke!”

Hong!

A boundless sword intention soared out of Ninth Heaven and a huge, towering sword shadow suddenly appeared in the void out of nowhere.

The sword shadow brought along sword intention. Just like Nemesis Sword, it struck at Ling Dan like lightning.

At the same time, the secret skill from the Blood Feather Reincarnation Armor that Jian Wushuang was wearing was triggered and Jian Wushuang’s power was instantly pushed to a brand new, explosive level!

Earlier, when Jian Wushuang had been fighting against Ling Dan, he didn’t trigger the secret skill of Blood Feather Reincarnation Armor.

But then...

Bang!

A low thud and in the instance, the surrounding void shattered into pieces from the force.

A terrifying divine power storm swept out. From such divine power storm, a crimson figure that was covered in fresh blood suddenly plunged out.

Everyone could see clearly that the explosion was from Ling Dan.

Then, Ling Dan’s aura was extremely weak and he was just like a dead dog when he was slammed back at Heavenly Fire Summit.

Rumble. Heavenly Fire Summit was instantly pierced while Ling Dan fell under a ruin. He didn’t move an inch and no one knew if he was dead or alive.

In the middle of the battlefield, the divine power storm gradually dispersed and revealed Jian Wushuang’s figure.

“Such an idiot!”

Jian Wushuang glared at the ruin where Ling Dan was as his anger soared to the air.

It was deadly quiet in Heavenly Fire Summit!

Dead silent.

If they were to say that Jian Wushuang had severely injured Ling Dan three moves earlier, it might be Ling Dan who was careless.

But then... merely with one stroke!

Ling Dan had obviously gone all out. However, with one stroke, no one knew if he was dead or alive. He was in an even more pathetic state than before.

What was going on?

The people on the scene were not fools. They could see clearly.

“One stroke and he defeated Ling Dan?”

“This Jian Wushuang is so strong?”

“The funniest part is that Ling Dan regarded himself as infallible. He said that he was careless but now he has been defeated by one stroke.”

“Too strong. This Jian Wushuang is too strong!”

Countless exclamation was heard in the air. The millions of cultivators surrounding Heavenly Fire Summit were in unprecedented shock.

Hu Feng who was not far behind Jian Wushuang had his eyes wide opened. He couldn't believe the sight before him.

While Elder Qiu who was next to Hu Feng clenched her fists tight as her eyes beamed with joy.

In the universe, everyone's focus was on Jian Wushuang.

Right then, Jian Wushuang's figure suddenly became illusionary. When he reappeared, he was already before Seven Planet Palace Master.

“Seven Planet Palace Master!”

A bright, loud voice was heard from Jian Wushuang and it reverberated through the entire void.

“Seven Planet Palace Master is definitely involved in this. So... fight!” Jian Wushuang pointed at Seven Planet Palace Master with his sword.

Suddenly, the entire universe was in shock.

“This Jian Wushuang challenged Seven Planet Palace Master after he had defeated Ling Dan?”

“Seven Planet Palace Master, he is a true Real God expert!”

“This Jian Wushuang, he wants... He wants to challenge Real God?”

Stunned!

Everyone was stunned.

Seven Planet Palace Master was stunned on the spot too.

“I, I...” Seven Planet Palace Master stuttered and he then explained, “Jian Wushuang, this is a misunderstanding. Our Seven Planet Palace never once thought of provoking Lineage of Star, nor do we have the guts or capability to do so.”

“You save your bullshit to explain yourself to the higher-ups in Lineage of Star. Now, you have two options before you. Either you give your all and defeat me or... or I'll kill you and exterminate Seven Planet Palace. You can make your own decision,” Jian Wushuang sounded cold.

On the way there, Jian Wushuang had thought clearly.

He fought to save Lineage of Star's reputation. However, Hall Master Yuan also told him to display his power.

As he had already decided to display his power, he might as well make a scene.

So what if he defeated Ling Dan.

His goal was Seven Planet Palace Master!

He wanted to... challenge a Real God!

Hearing what Jian Wushuang had said, the Seven Planet Palace Master's face grew grave.

"Seven Planet Palace Master, as you're not moving, I will not be courteous."

Jian Wushuang said and his figure immediately turned illusionary.

Wow!

A sword shadow suddenly wrecked havoc next to Seven Planet Palace Master and slashed towards Seven Planet Palace Master's head.

Seven Planet Palace Master's face changed and he moved backwards to dodge the sword light.

Then, Jian Wushuang dashed forward and lifted the tip of Blood Mountain Sword in his hand. In the void before him, there were three crimson snowflakes.

Swoosh! Swoosh! Swoosh!

The three sword lights aimed in between Seven Planet Palace Master's eyebrows, throat and his heart at the same time. Every angle was extremely critical.

Seven Planet Palace Master moved his body and made a narrow escape from the three sword lights.

"Seven Planet Palace Master, why aren't you moving?"

Jian Wushuang wielded his sword again as he roared.

"If you do not try your best to kill me, I will kill you without hesitation!"

"You, have no choice!"

Jian Wushuang's roar reverberated in Seven Planet Palace Master's ears and his face grew grave. Then, there was madness that flashed through his eyes.

Rumble!!!

Boundless aura that only a Real God expert could give out exploded from Seven Planet Palace Master's body.

Seven Planet Palace Master finally wanted to fight back.

Looking at the scene, Jian Wushuang's eyes brightened.
