

Swordsman 1491

Chapter 1491: Fighting A Real God!

“A Real God!”

Jian Wushuang clenched both his fists tightly and his eyes glowed with excitement.

He had fought with Real Gods before. Moreover, ten of them had fallen by his hands.

However, the Real Gods were those within the Sky Sword Prison. Hence, their Divine Power was restricted to a great extent and they were unable to display the true abilities of a Real God.

But at that very moment, the Seven Planet Palace Master in front of him was not under any restrictions. It would be the real fighting capabilities of a Real God!

Jian Wushuang also wished to experience exactly how strong a genuine Real God was.

“Let’s fight!”

With a shout, Jian Wushuang’s figure changed magically and nine shadows appeared immediately.

The nine shadows plunged across the void with amazing speed and appeared beside the Seven Planet Palace Master. At the same time, they also swung their swords.

Crimson lightning came forth at once.

Real God’s Unique Skill, Crimson Light!

The Seven Planet Palace Master’s eyes squinted slightly. A great amount of Divine Power moved about and became a thick layer of black light on his body. The black light was like black armor which covered the Seven Planet Palace Master’s body completely. At the same time, a black long gun appeared on the Seven Planet Palace Master’s hands. By cocking the gun and exerting strength upon it, the Seven Planet Master shot the black light directly.

Boom!

It was as if the universe around the area was affected by the black long gun and a giant, jaw-dropping black vortex appeared abruptly.

The Seven Planet Palace Master also used the Unique Skill of a Real God. Moreover, he had also unleashed his full abilities.

Go head-to-head!

A head-on confrontation!

Bam!

The pitch-black long gun and the crimson lightning clashed and the space broke into pieces. The terrifying Divine Power then became shockwaves which swept past all areas in a frenzy.

This was due to the head-on collision which generated reverse shockwaves and they headed toward Jian Wushuang and the Seven Planet Palace Master at the same time.

Jian Wushuang's body shook and he resisted the reverse shockwave easily.

"What?" The Seven Planet Palace Master's expression changed. At that moment, he could not help but retreat a step.

It was this retreated step that caused the power of the Seven Planet Palace Master's long gun to be utterly defeated.

"He is merely a Universe God. In a head-to-head battle with one another, he is actually stronger than me?" the Seven Planet Palace Master raised his head and looked at Jian Wushuang with shock.

He did not know that Jian Wushuang was a Universe God of the Second Heaven. However, due to his Inverse Cultivation, his Divine Power had already achieved the peak of a Universe God of the Third Heaven.

Moreover, he also possessed the Blood Feather Reincarnation Armor. By activating the secret skill of the Blood Feather Reincarnation Armor, the power that he had released was not very different from a normal Real God.

The most important thing was still his comprehension of the Reincarnation Doctrine.

His comprehension of the Reincarnation Doctrine had already reached the stage where he could clear the first level of the Doctrine Palace. But what about the Seven Planet Palace Master? He belonged to Real Gods of the lowest end and he had never comprehended even a small portion of Power of the Heaven Way before.

With the amplification by the Reincarnation Power, the full power that Jian Wushuang had released was a tad stronger than the Seven Planet Palace Master!

On the battlefield, Jian Wushuang grinned. His Blood Mountain Sword followed along the pitch-black long gun of the Seven Planet Palace Master. By slanting his sword slightly, he struck the Seven Planet Palace Master's hands like lightning.

The Seven Planet Palace Master was so astonished that he shuddered. Although he wanted to retreat, with a random stride of Jian Wushuang, he appeared in front of the Seven Planet Palace Master.

"This martial art motion!" the Seven Planet Palace Master was astounded.

Jian Wushuang had already launched his next attack.

His body had changed into a sharp sword. His body served as the back of the sword whilst the Blood Mountain Sword served as the edge of the sword.

Whoosh!

With a simple front pounce, the sword light came forth like the sharp claws of a ferocious beast.

Clang!

The Seven Planet Palace Master swung his gun continuously to block with difficulty. However, Jian Wushuang turned his body nimbly and the longsword headed straight for the Seven Planet Palace Master's head.

Clang! Clang! Clang! Clang! Clang!

Intense sounds of collision resounded across the void. Jian Wushuang had either changed into a sharp sword or a ferocious beast. By combining his transformation with the secret skill Flowing Light Phantom, he displayed his ability to fight in close combat.

It must be known that he had used a few thousand years to hone his close combat abilities in the Sky Sword Prison.

Moreover, he could still combine it with the Flowing Light Phantom, a secret skill of the martial art motion. By using them together... It could be said to be stunning.

"To... Too fast!"

"His speed is too fast. His Sword Principles are also fast. One stroke after another, continuous and unending. This does not give me any opportunity at all. Moreover, his body is abnormal!"

"A Real God like me actually cannot find an opportunity to counter-attack."

The Seven Planet Palace Master's face with filled with fright. He had already displayed the strongest abilities that he had as a Real God.

His Divine Power and Unique Skill, as well as his gun motion, had been unleashed thoroughly.

In spite of that, he was still being pushed back by Jian Wushuang!

Yes, he was being pushed back!

Moreover, he was pushed back in all areas. The Seven Planet Palace Master retreated continuously whilst being pushed back and he was in an extremely difficult position, to the point that he did not have any chance to counter-attack.

On the sidelines of the Heavenly Fire Summit, millions of cultivators were looking at the fighting scene with awe.

A Universe God was fighting with a Real God. However, the result was a one-sided match with the Real God being pushed back!!

How is this possible?

"Ahhhhhhh!!!"

The Seven Planet Palace Master was infuriated by Jian Wushuang's crazy suppression. With a furious howl, the 'black armor' that the Seven Planet Palace Master wore grew abruptly. In no time, it had transformed into a black, giant Exotic Beast. The black Exotic beast had three heads and it was extremely hideous.

The Seven Planet Palace Master's eyes turned completely back. The long gun in his hands was brimming with appalling power and he cocked the gun.

"Dark Heavenly Song!"

Boom!

The whole universe turned completely black.

Not even the slightest bit of light could be seen.

The long gun that had been cocked abruptly became the only focal point of the universe. It was extraordinarily powerful and earth-shaking.

"Haha, bring it on!"

Jian Wushuang laughed loudly and an enormous amount of Soul Power erupted, forming a giant golden Divine Ape.

As soon as the golden Divine Ape appeared, it roared fiercely. The giant longsword in its hands followed Jian Wushuang's movement and was swung abruptly at that very moment.

Among the three Real God's Unique Skills that Jian Wushuang created, the skill with the greatest power... Ninth Heaven Stroke!

A Nemesis Sword which carried supreme sword essence descended again.

The Nemesis Sword and the black long gun clashed.

Boom!

The universe shook.

The minds of everyone by the sidelines of the battlefield could not help but ring with the terrifying sound.

After the sound had disappeared...

"Ah!"

The Seven Planet Palace Master gave a groan and some blood came out of the corners of his mouth. He retreated in an extremely sorry state.

As for Jian Wushuang, although he had experienced an extremely strong shockwave, the shockwave was weakened by his Blood Feather Reincarnation Armor. By the time it reached his body, it was unable to affect him at all.

He still stood firmly in the void and did not move. His aura remained tremendous and it did not look like it had weakened.

The Seven Planet Palace Master had lost the battle!

...

Chapter 1492: His Name Is Well Known In The Universe!

“Lost, lost?”

“Seven Planet Palace Master, a Real God, lost?”

More than a million cultivators at the scene were dumbfounded by the outcome.

When Jian Wushuang defeated Ling Dan with one stroke, they were already astonished.

But then, Jian Wushuang had defeated a Real God directly, a true Real God!

“Top twenty!”

“Fighting power of a top twenty on Universe God ranking list!”

“Definitely do. Only experts in the top twenty on Universe God ranking list have the power to fight against a Real God face to face and be at an advantage, and even defeat a Real God!”

“This Jian Wushuang turns out to be a super genius that is qualified to be listed in the top twenty on Universe God ranking list. He’s a superb expert!”

Everyone at the scene, there was a commotion stirred in the bottom of their heart.

Universe God ranking list was full of experts.

However, to be listed in the top twenty on Universe God ranking list, every one of them were monstrous monsters!

Such a monster, they didn’t normally get a chance to witness. But then, the cultivators on the spot saw him and witness the battle of a rising monstrous expert!

They saw Jian Wushuang’s thundering manner and how he had defeated Ling Dan with their own eyes. They also witnessed how he had defeated the Real God expert, Seven Planet Palace Master.

They could only imagine Jian Wushuang’s name would definitely be famous all across Ten Cultivation Sanctuaries and across the entire Eternal Chaotic World.

...

In the void, Jian Wushuang stood coldly and Blood Mountain Sword was sheathed in his scabbard.

His gaze was cold as he glanced at Seven Planet Palace Master from afar and said, “Seven Planet Palace Master, this is a lesson for you. If there is a next time... you’ll suffer Lineage of Star’s true rage. The dignity of Lineage of Star definitely isn’t something that anyone could provoke.

Jian Wushuang’s voice reverberated in the universe and didn’t disperse until much later.

Seven Planet Palace Master forcefully recovered the churning vital energy and blood in his body and stole a glance at Jian Wushuang. He heaved a sigh of relief.

Although he had lost to Jian Wushuang before everyone and he had been discredited, the incident came to an end regardless. At least, Lineage of Star wouldn't find trouble with them in the future. Discrediting in exchange of Seven Planet Palace, in exchange for his life, Seven Planet Palace Master was grateful for Jian Wushuang.

Seven Planet Palace Master immediately bowed politely before Jian Wushuang to show his respect.

Jian Wushuang smiled faintly at his action and didn't bother with Seven Planet Palace Master, but walked towards Elder Qiu and Hu Feng.

"Elder Qiu, it has been done. I shall return," Jian Wushuang stood before Elder Qiu.

"Mm," Elder Qiu nodded, his gaze full of admiration.

Then, Jian Wushuang immediately left without giving a second look to the surrounding spectators.

At the end, Jian Wushuang took another look at Hu Feng.

Hu Feng was still in amazement. Until Jian Wushuang had walked far away, he finally came back to reality. He said in surprise, "Elder Qiu, Jian Wushuang... No, Senior Jian Wushuang, how can he be that strong?"

Lineage of Star, one speaks with his power.

They were both disciples of Star Palace. Jian Wushuang's power was obviously not something he could compare to favorably. He naturally had to refer him as Senior Jian Wushuang.

"Strong? Why didn't you look up to him earlier then? You even commented that he wasn't your match. Why? Your attitude has changed entirely," Elder Qiu said playfully.

"Elder Qiu, don't tease me. How should I know? Senior Jian Wushuang broke through and became Universe God in the Third Heaven not too long ago. Plus, he isn't famous at all but he is so strong. I reckon even Elder Qiu didn't expect it yourself, right?" Hu Feng said.

Previously, he had really held Jian Wushuang in contempt.

However, he had his reasons. After all, Jian Wushuang really did have too short of a time for growth. Forget about him, among disciples who were Universe Gods in the Third Heaven in Lineage of Star, he reckoned not many would be bothered about Jian Wushuang's power.

"That's true," Elder Qiu nodded. She admitted that although she believed in Hall Master Yuan's arrangement, she was in doubt of Jian Wushuang's power.

Until then, she had only understood when Jian Wushuang revealed his true power.

"Oh yeah. How's Ling Dan? Is he dead?" Elder Qiu looked down into the ruin that Heavenly Fire Summit had become. Long Dan was still in the ruin, not knowing if he was alive or dead.

"Humph, he had the guts to provoke Lineage of Star, who cares if he's alive or dead?" Hu Feng smirked coldly, "But Senior Jian Wushuang is really amazing. He defeated Hu Feng with one stroke and defeated a Real God head on – a true Real God!"

“If not mistaken, with Senior Jian Wushuang’s power, he is already qualified to be listed in the top twenty on Universe God ranking list.”

Elder Qiu smiled and replied, “On Universe God ranking list, only geniuses in the top twenty are capable of defeating a Real God. When Jian Wushuang was fighting against Seven Planet Palace Master earlier, he was on the winning side the whole time. With such power, he definitely can be listed in the top twenty!”

“Vientiane Tower should receive the news very soon. Then, they’ll amend the ranking on Universe God ranking list.”

“This young man will also be well known in the universe!”

...

Fame was based on absolutely compelling battle achievements.

Just like four thousand years ago in the boundless void, when Jian Wushuang had met Zhao Han and they had had a vigorous fight.

Not many people saw the fight and the fight was too close to call.

Those who watched the battle couldn’t determine if Zhao Han had used all his power too. Hence, even if the news travel, no one could determine if Jian Wushuang possessed the fighting power of one on Universe God ranking list. Let alone putting Jian Wushuang on Universe God ranking list after the battle.

That was why Jian Wushuang still wasn’t famous after the battle.

However, it was different then.

Then, there were a million cultivators. Before a million pairs of eyes, Jian Wushuang defeated Ling Dan with one stroke and he was also on a winning streak and had defeated Seven Planet Palace Master who was a Real God.

Everyone approved of Jian Wushuang’s battle achievements and his power naturally could be determined.

Just as Elder Qiu had said, on the day Jian Wushuang defeated Seven Planet Palace Master, Vientiane Tower received the news and there were even images of the battle.

Vientiane Tower covered all manifestations of the universe. It held an extremely special position in Ten Cultivation Sanctuaries.

The Universe God ranking list and Real God ranking list were created by Vientiane Tower.

Then, after they had obtained the image of Jian Wushuang in the battle, the higher ups in Vientiane Tower watched carefully and determined that Jian Wushuang really did possess the fighting power of one in the top twenty on Universe God ranking list.

Hence, very soon, a brand new Universe God ranking list appeared.

The brand new Universe God ranking list listed Jian Wushuang as the twentieth member!

Along with the announcement of the brand new Universe God ranking list, Jian Wushuang's name spread across every single corner of Ten Cultivation Sanctuaries.

Jian Wushuang became truly well known in the universe because of this!

Chapter 1493: Number Twenty Of The Universe God Ranking List!

Inside a cave created by special gems in the Lineage of Star.

Hall Master Yuan and the ten deacons of the Lineage of Star had gathered together.

"Everyone, this is the most updated Universe God ranking list by the Vientiane Tower, please take a look," Hall Master Yuan smiled and passed down a ranking list.

The deacons looked through the ranking list.

After some time, they focused their attention on the name in the twentieth position of the Universe God ranking list.

"Jian Wushuang is ranked twenty on the Universe God ranking list?"

"Jian Wushuang? That little kid in our Lineage of Star?"

"Number twenty, how can this be?"

After the deacons had seen the rankings, none of them were able to remain calm.

"Jian Wushuang. During the previous battle to become a disciple of the Star Palace, we saw him display his outstanding talent among the disciples who were Universe Gods of the Second Heaven. After he made a breakthrough and became a Universe God of the Third Heaven later on, we thought that he would still need a period of time before he could get into the Universe God ranking list. But now... In less than five thousand years, he got into the Universe God ranking list. Moreover, he got into the twentieth place straight away?"

"According to our information, Jian Wushuang defeated the Seven Planet Palace Master. We know that although the Seven Planet Palace Master belonged to the lowest end of the Real Gods, he was still a genuine Real God."

"Haha, top twenty of the Universe God ranking list. How long has it been since a genius disciple who could get into the top twenty of the Universe God ranking list appeared in the Lineage of Star? The previous appearance of such a disciple was three million years ago. When Elder Wu was still a Universe God, he got into the top twenty of the Universe God ranking list before. I remember that Elder Wu was ranked nineteenth back then, one rank above Jian Wushuang now."

"That Elder Wu remained Universe God of the Third Heaven for a total of three hundred thousand years. Moreover, it was only because of him obtaining many opportunities and treasures that he got into the nineteenth position of the Universe God ranking list. However, how long has it been since Jian Wushuang made a breakthrough to the Universe God of the Third Heaven? Comparing talent, it is obvious that he is more talented than Elder Wu."

"This little kid has an unimaginable future."

Many deacons were gasping with admiration and the whole cave was filled with delighted laughter and cheerful voices.

As for Hall Master Yuan, who was the leader, he was also over the moon.

Previously, he knew that Jian Wushuang had killed ten Real Gods in the Sky Sword Prison and thought that Jian Wushuang had fighting capabilities to get into the top thirty of the Universe God ranking list. However, looking at it at then, Jian Wushuang was obviously stronger than he had thought.

“It is rare for such a genius to appear in the Lineage of Star. This is great news. However, keep in mind that we must always protect Jian Wushuang. After all, although the ten Cultivation Sanctuaries at moment look peaceful, they have actually been doing something behind the scenes. The Lineage of Star also has some dangerous enemies. Hence, there is no guarantee that they will not lay their hands on the geniuses of our Lineage of Star and, naturally, Jian Wushuang will be the first to be affected,” Hall Master Yuan warned.

“Naturally.”

All the deacons present nodded their heads in succession.

The Lineage of Star had always paid great attention to their disciples, especially the most outstanding Star Palace disciples. Hence, there should be no problem in terms of protection.

“By the way, Jian Wushuang himself might not even know the news about him making into the twentieth position of the Universe God ranking list. Let me send him a message,” Hall Master Yuan chuckled and sent this piece of news to Jian Wushuang, who had just returned to the Lineage of Star.

Inside a secret room in the Sword Star, the complete list of the Universe God ranking list was floating in front of Jian Wushuang.

In particular, he was looking at his own introduction.

“Jian Wushuang... In the Heavenly Sky Summit, he defeated Ling Dan, who was ranked thirty-ninth on the Universe God ranking list, with one stroke. Afterwards, he had an intense battle with the Seven Planet Palace Master, a Real God expert. He pushed back the Seven Planet Palace Master throughout the whole battle and finally defeated him in the end. Such powerful abilities have allowed him to get into the top twenty of the Universe God ranking list.”

“However, as he has never fought with the other top twenty experts, he will be ranked in the twentieth position in the Universe God ranking list temporarily!”

...

“Ranked twentieth temporarily?” Jian Wushuang felt strange.

“Jian Wushuang, with the abilities that you displayed, you should be able to get into the sixteenth or seventeenth position of Universe God ranking list. However, you have never fought with an expert in the sixteenth and seventeenth position. In addition, the Vientiane Tower has always been conservative when it comes to the ranking of the Universe God ranking list. Hence, they only placed you at the twentieth position.”

“Afterall, if they had placed you in the sixteenth or seventeenth place based on your fighting results, they would be unable to get the trust of everyone. However, by placing you at the twentieth position, no one will say anything.”

“As for the temporary part, the Vientiane Tower probably hope that you will come across experts that are of a higher rank and, after going through a fight, they will raise your ranking,” the King of Venomous Worms’ voice echoed in Jian Wushuang’s head.

“I see,” Jian Wushuang understood.

Back then when he had fought with the Seven Planet Palace Master, he had more or less used his full power. Although he still had trump cards remaining, there were not many of them...

If he had shown all his trump cards, there might be a chance that his fighting capabilities would bring him into the top fifteen of the Universe God ranking list.

However, top fifteen was his limit. He still lacked the power to get into the top ten.

“According to the information on the Universe God ranking list, the top ten experts of the list have accomplished the feat of killing a Real God,” Jian Wushuang clicked his tongue.

He had also killed Real Gods. However, the Real Gods that he had killed were those whose Divine Power was restricted and they were unable to display their full prowess. Hence, it was different.

As for the Real Gods that the experts in the top ten of the Universe God ranking list had killed, all of them were able to release their power to its full extent. However, they were still killed in the end.

Therefore, it could be seen how frightening the ten people in the top ten of the Universe God ranking list were.

The Universe God ranking list had also named them the ‘Ten Monsters’!

“Compared to the ten monsters in the top ten of the Universe God ranking list, I am still quite a distance away right now. Moreover, I am merely a Universe God of the Second Heaven. There is still room for my abilities to rise,” Jian Wushuang laughed.

He was extremely confident in his own abilities.

The Jian Wushuang of the very moment was under the restriction of being a Universe God of the Second Heaven. Hence, his Unique Skills could no longer be improved. Otherwise, he might be able to compete with the Ten Monsters.

Moreover, as soon as he got past the Third Heaven’s Inverse Cultivation Test and become a real Universe God of the Third Heaven, he would be able to go against the Ten Monsters easily.

“My journey is still long. Let me continue to train,” Jian Wushuang giggled and put the Universe God ranking list away.

As for that Ling Dan.

Previously, after taking one stroke of Jian Wushuang’s, he was seriously wounded. However, he did not die. Due to the fact that he had fought a few times previously, the audience took note of him. The

experts of the Vientiane Tower also felt that Ling Dan had the fighting capabilities to get into the top forties of the Universe God ranking list. Hence, he was ranked thirty-ninth.

For the next period of time, be it the Lineage of Star or the movements in the outside world as a result of getting news about Jian Wushuang, Jian Wushuang did not bother about them.

He stayed on the Sword Star to meditate in seclusion so that he could train.

In the blink of an eye, another four hundred years passed.

The battle to become a disciple of the Star Palace in the Lineage of Star had arrived.

Chapter 1494: Not In The Least Bit Suspenseful

The battle to become a disciple of the Star Palace was held at Titanic Star located in the middle of the Milky Way.

The rules of the battle were the same as they had been previously. It was segregated into two parts.

The first part was to go through Supreme Tower.

The second part was to fight rotation battle.

It first began with the disciples who were Universe Gods in the First Heaven.

Lineage of Star, where many geniuses gathered. The battle to become a disciple of the Star Palace among disciples who were Universe Gods in the First and Second Heaven went extremely ferociously. It lasted for more than half a day's time until it ended.

Then, it was finally the disciples who were Universe Gods in the Third Heaven.

Hualala. There was a large number of figures that appeared on Titanic Star.

In Lineage of Star, disciples who were Universe Gods in the Third Heaven were obviously many more compared to Universe Gods in the First and Second Heaven.

Among the disciples, there was one who was extremely conspicuous. It was Jian Wushuang.

"Jian Wushuang?"

"That's Senior Jian Wushuang!"

"The superb existence of a top twenty member of the Universe God ranking list."

Outside of Titanic Star, many Universe Gods in the First Heaven and Second Heaven looked over at Jian Wushuang in admiration and reverence.

While surrounding Jian Wushuang, the disciples who were Universe Gods in the Third Heaven were staring at Jian Wushuang.

“Hu Feng, when Jian Wushuang fought against Ling Dan and Seven Planet Palace Master, you were there too. Is he really strong enough to deserve being placed in the top twenty on Universe God ranking list?” A brawny man in red armor asked.

The brawny man was the one who was previously in the first place among disciples in Lineage of Star, Long Ya. He was also an expert on Universe God ranking list and at number fifty-one. He was widely recognized as the top member in Lineage of Star.

However, due to the rise of Jian Wushuang, the top place in Lineage of Star had naturally fallen to Jian Wushuang.

“How can I put this? Senior Jian Wushuang should be even stronger than his given ranking on Universe God ranking list,” Hu Feng said solemnly, “I watched the fight between Senior Jian Wushuang and Seven Planet Palace Master with my own eyes. He, who is just a Universe God, cornered Seven Planet Palace Master and caused him to be in a fix. He forced Seven Planet Palace Master to perform his strongest unique skill. Even so, he was defeated by Senior Jian Wushuang head-on!”

“If it wasn’t for the fact that Senior Jian Wushuang has never fought against the top twenty geniuses on Universe God ranking list, he could even be on the sixteenth or seventeenth on Universe God ranking list!”

“That amazing?” Long Ya and Xuan Yi next to him exchanged a look and both shook their heads in silence.

“Jian Wushuang only broke through and became a Universe God in the Third Heaven for less than five thousand years and he has already become this strong. In the future, he definitely has extremely great room for improvement. Who knows, he might stand a chance to stand side by side with the ten monsters!” Long Ya complemented.

“It’s really possible. At least, he isn’t someone both of us could match evenly,” Xuan Yi agreed.

The two of them were experts on Universe God ranking list too. However, they well understood the difference in the rankings of Universe God ranking list.

The top ten, top twenty and those below rank fifty were three entirely different tiers.

“Jian Wushuang.”

Someone called. The elegant-looking Ling Feibai walked before Jian Wushuang, “You amaze the world with a single brilliant feat. I asked you if you were confident about the battle to become a disciple of the Star Palace previously and you told me you were sort of confident. But in the end, you gained fame in one battle and got listed in the top twenty on Universe God ranking list.”

Ling Feibai complemented as he sighed emotionally in his head.

When he heard the news previously about Jian Wushuang being listed in the top twenty on Universe God ranking list, he had got a shock.

One should know that he had fought against Jian Wushuang during the last battle to become a disciple of the Star Palace. Then, both of them had broken through and became Universe God in the Third Heaven. Ling Feibai thought that although Jian Wushuang would become stronger, he thought the

distance between them wouldn't be so vast. But who knew that Jian Wushuang would amaze the world with his great achievements!

"Ling Feibai, I finally understand your feelings when you participated the battle to become a disciple of the Star Palace five thousand years ago," Jian Wushuang joked.

Ling Feibai raised his eyebrows and teased, "How is it? A great feeling, huh?"

"So-so," Jian Wushuang shrugged.

In the battle to become a disciple of the Star Palace five thousand years ago, out of disciples who were Universe God in the Third Heaven, Ling Feibai was widely recognized as the number one. His power made the rest of the disciples who were Universe Gods in the Second Heaven hopeless. They didn't blindly strive to keep up with Ling Feibai. Things was lonely at the top back then.

But Jian Wushuang was at the same state as Ling Feibai then.

Compared to the other disciples who were Universe God in the Third Heaven around him, he was at a totally different level. No one had the intention to compete with him.

Even Long Ya and Xuan Yi had no intention to contest and see who was better.

"To me, the battle to become a disciple of the Star Palace is meaningless. It'd be best if it ends sooner," Jian Wushuang thought to himself.

Very soon, the battle to become a disciple of the Star Palace for disciples who were Universe God in the Third Heaven started.

The disciples took turns to enter Supreme Tower and Jian Wushuang naturally went in too.

In the end, Jian Wushuang stayed in Supreme Tower for a total of one hundred and three breaths before he came out. Compared to Long Ya, who was second, he had stayed for forty extra breaths.

"There's a difference of forty breaths. The distance is too vast," Long Ya shook his head in silence.

Hall Master Yuan outside of Titanic Star in Milky Way and the other deacon elderlies saw the scene of Jian Wushuang going through Supreme Tower clearly. They were all astonished by the sight.

"This Jian Wushuang is impressive when it comes to close combat!"

"Yes, not only that, his techniques are very amazing. Most importantly, his comprehension towards Reincarnation Doctrine is too high!"

"If I'm not mistaken, his comprehension towards Reincarnation Doctrine should already be able to pass through the first level of Doctrine Palace!"

"He's really amazing."

After passing through Supreme Tower, it was followed by rotation battle.

The rotation battle ended in merely four hours.

Jian Wushuang naturally won nine out of nine battles and took first place. No one was shocked by the result.

Everything was natural, not in the least bit suspenseful.

In the cave dwelling.

Jian Wushuang stood before Hall Master Yuan.

“Jian Wushuang, according to the rules in Lineage of Star, those who performed outstandingly in the battle to become a disciple of the Star Palace will receive an extra bonus. During the previous battle to become a disciple of the Star Palace, I gave you the Exquisite Mirror as a reward to help you pass through the second Inverse Cultivation Test. This time, your reward... Is a month's cultivation time in Real God Hall. What do you think?” Hall Master Yuan looked at Jian Wushuang.

“Sure,” Jian Wushuang nodded without hesitation.

A chance to cultivate in Real God Hall was hard to come by in Lineage of Star.

“Previously, when I completed the Ultimate Disciple Task, I received three month's cultivation time in Real God Hall. In addition to this one month's time, I have a total of four months. It is not a short time at all. Maybe I can head to a Real God Hall for cultivation,” Jian Wushuang was beaming with joy.

After he left Hall Master Yuan's, Jian Wushuang came to Real God Hall directly.

The deacon elderly guarding Real God Hall had already received Hall Master Yuan's message and knew that Jian Wushuang would be qualified to enter Real God Hall for cultivation. He naturally didn't stop Jian Wushuang.

Chapter 1495: The Mysterious White Fruit

Jian Wushuang was sitting with his legs crossed in the vast Heaven Way River in the Real God Hall. He could feel that his surroundings were filled with a tremendous amount of the Power of Heaven Way.

The Supreme Four Doctrine and the Nine Heaven God Doctrine were all within the Heaven Way River.

“Previously, I only stayed at the Real God Hall for a month and I comprehended a portion of the Reincarnation Power. Hence, my abilities skyrocketed. This time round, I have four months, which is a lot more time. In these four months, I cannot even waste a second.”

Jian Wushuang's eyes were glowing brilliantly. He closed his eyes soon after and began his comprehension with great concentration.

During his comprehension, time passed by.

...

The Eternal Chaotic World was boundless and had no limits. Hence, it contained all kinds of wonderful things.

Within this far-reaching land, an extremely valuable treasure was hidden.

The Red Dragon Sanctuary of the ten Cultivation Sanctuaries!

There was a vast sea with waves surging forward with great momentum. This sea was a big, perilous place in the Red Dragon Sanctuary and it was known as the Wind Fire Sea.

The Wind Fire Sea was extremely dangerous and even the sea water was dyed the color of blood.

At that moment, within a normal island that no one was aware of in the middle of the Wind Fire Sea –
Boom!

A piercing voice burst forth fiercely and the whole island shook violently, as if the universe was shaking.

Under the tremendous shaking, whiz, whiz, whiz! Three shadows plunged out from the deepest part of the island and it was only until they were in the void millions of miles away from the island that they stopped.

Among the three of them, there were two men and one woman. At that very moment, they were puffing and panting. At the same time, they were also looking in the direction of the island with an extremely horrified look.

“Too frightening, that place is too frightening!” among the three of them, the red-clothed woman, who was the only woman, muttered.

“Third Sibling, Fifth Sibling and the Sixth Sibling have died. Only the three of us walked out alive,” the slim, bald young man clenched both his fists tightly. His face was filled with sorrow.

“This is all my fault. I underestimated how dangerous that place was. Previously, I thought that that was only a cave left behind by a normal expert, but who could expect that...” among the three of them, the old man, who was the leader of the group, was wearing silver armor and he had the ghastliest expression.

Both the red-clothed woman and the bald young man looked at the silver-armored old man. However, they could only shake their heads.

They knew that this matter was decided by the three of them and it was not the idea of the silver-armored old man alone.

“Since things have already become as such, there is no use regretting it. Second Brother, didn’t you get a fruit just now? Take it out and let us have a look,” the red-clothed woman said.

The bald young man’s expression changed. With a wave of his hand, he took out a sweet-smelling white fruit. The white fruit was extremely delicate and pure.

“It’s this fruit that got the three of them killed,” the bald young man stared at the white fruit and his eyes were glowing fiercely.

“We have never seen nor heard of this fruit before. However, I have a feeling that this fruit is special!” the silver-armored old man said.

“I have this feeling as well,” the red-clothed woman nodded her head as well.

“First Brother, what do we do with this fruit?” the bald young man looked toward the silver-armored old man.

The silver-armored old man muttered to himself for some time and spoke after that, “We have no idea what this fruit is, nor its uses. Hence, it would be a waste to keep it with us. Therefore, we should sell it to someone who knows about it.”

“Someone who knows about this fruit?” both the red-clothed women and the bald young man each revealed a puzzled expression.

“The Vientiane Tower!” the silver-armored old man’s eyes were glowing brilliantly.

...

In a secret room of the Vientiane Tower.

The silver-armored old man took out the mysterious white fruit and handed it over to the branch owner of the Vientiane Tower for inspection.

However, even the owner did not know about the background of the mysterious white fruit.

“My guests, please wait a moment. I will send the information of this fruit to the higher-ups and the high-level experts of the Vientiane Tower will appraise the fruit personally,” the branch owner of the Vientiane Tower said.

“Understood,” the silver-armored old man pocketed the mysterious white fruit and waited at his position quietly.

After an hour, the branch owner of the Vientiane Tower took out a token and broke it into pieces.

Boom!

A strong aura burst forth and became a big and dim shadow. Next, a pair of sharp eyes which could pierce through everything appeared.

“This, this is Tower Master Qi Fu of the Vientiane Tower, the second-in-charge of the Red Dragon Sanctuary?” the branch owner himself who took out the token was surprised as well.

The second-in-charge of the Red Dragon Sanctuary?

Tower Master Qi Fu?

He was an expert of the highest level of the Vientiane Tower and his consciousness had actually come down personally?

“Greetings to Tower Master Qi Fu!” the branch owner bowed and greeted him immediately.

“Where is that fruit?” an extremely dignified voice could be heard from the enormous shadow.

“My Lord, the fruit is with me.”

The silver-armored old man took out the mysterious white fruit and his voice was very respectful. He could tell that the big shadow was a super expert who could shake the world.

“As expected, it’s that fruit!”

When the big shadow saw that mysterious white fruit, his eyes glowed with a substance-like light immediately. After that, he shot a glance at the silver-armored old man and frowned, “A Universe God?”

“Yes,” the silver-armored old man felt a bit fearful.

He was indeed a Universe God. However, he was a Universe God who stood at the peak of the Third Heaven. However, he was still very far away from the Universe God ranking list.

“A mere Universe God can actually find such a treasure?”

After muttering to himself for some time, the big shadow said with dignity: “I will give you two choices now. Firstly, hand this fruit over to the Vientiane Tower. In addition, tell us everything you know about this fruit, including how and where you obtained it. After that, the Vientiane Tower will give you two hundred million Chaos Gems. As for you, you must forget everything you know about this fruit from today onward.”

“Secondly, the fruit will still remain in the Vientiane Tower, but you refuse to say anything. The Vientiane Tower will not blame you for that. However, after you leave, I guarantee you that countless experts from the ten Cultivation Sanctuaries who stand at the top will think of all kinds of ways to find you and get you to spit out information of the fruit, even if they have to hack you into pieces.”

“Among these two choices, pick one of them!”

“My Lord, I choose the first choice,” the silver-armored old man picked the first choice without hesitation.

He could also tell how important the fruit was. Hence, he would naturally not dare to withhold any information. Even though he knew that the fruit was extraordinarily valuable and it could not be compared to a mere two hundred million Chaos Gems, he agreed without hesitation and dared not bargain at all.

“Two hundred million Chaos Gems is more than all the family keepsakes and valuables of a Real God. For a Universe God like me to obtain so many Chaos Gems is more than enough. If I were to ask for more, I would just be asking for death!” the silver-armored old man was clear about this point.

“Speak.”

...

Chapter 1496: Emergency Summon

After he had shared everything he knew about the mysterious white fruit, the silver-armored old man took the two hundred million Chaos Gems and left.

After that, he and his two brothers found a concealed place to hide. For a hundred thousand years, they would be off the trail.

In a lofty tower, Tower Master Qi Fu, who had only revealed his consciousness shadow in Vientiane Tower's sub-branch previously was standing there in person.

"White Blaze Fruit!"

"It's really White Blaze Fruit. According to what the Universe God said earlier, the place where he got the White Blaze Fruit is most likely a cave dwelling that was left behind by an expert!"

There was light shimmering in Tower Master Qi Fu's eyes. He thought for a while and he took out one token after another.

"Holy Emperor Jiu You, weren't you looking for a White Blaze Fruit all this while? Vientiane Tower found one for you."

"Emperor Chi Yun, let me tell you good news. It's about White Blaze Fruit!"

"Owner of Sky Sword Mountain..."

Tower Master Qi Fu sent out a dozen messages in a short while.

The people that he sent messages to were all top experts on high positions in Eternal Chaotic World.

For instance, Holy Emperor Jiu You, Emperor Chi Yun, Owner of Sky Sword Mountain. They were all Almightyies!.

After they received the messages, the dozens of Almightyies were all excited.

"The news has spread. Vientiane Tower has already received enough advantages. As for how the Almightyies want to fight for it, that is their concern," Tower Master Qi Fu smiled maliciously.

"Go ahead and fight. The fiercer the fight, the more ferocious the fight, the better."

"Vientiane Tower will be here watching all of you fight!"

"Haha."

...

In Lineage of Star, after the battle to become a disciple of the Star Palace ended, Jian Wushuang entered Real God Hall to cultivate.

In the blink of an eye, four months' time flew past.

The door of Real God Hall opened and Jian Wushuang walked out slowly.

When he walked out of the Real God Hall, Jian Wushuang was obviously smiling and he was rather delighted.

"At first, during the time of comprehension of four months, I wanted to improve my comprehension level of Reincarnation Doctrine. Who would have guessed... I didn't improve much on Reincarnation Doctrine but achieved beginner level in Spacetime Doctrine!" Jian Wushuang smiled faintly.

Back when he had entered Real God Hall to comprehend the doctrine for the first time, he could feel that his response towards Reincarnation Doctrine was the clearest. It was also the easiest to

comprehend. Hence, he had fully concentrated and comprehended Reincarnation Doctrine for one month. In turn, he had mastered a slight bit of Power of Reincarnation.

However, besides Reincarnation Doctrine, the other clearest response he had received was towards Spacetime Doctrine.

During the four months' time of comprehension, he was finally at the beginner level of comprehension of Spacetime Doctrine and he had mastered a slight bit of Power of Reincarnation.

In other words, he then understood both Reincarnation and Spacetime Doctrines simultaneously. He had mastered two Power of Heaven Way at the same time.

"Spacetime Doctrine is about spacetime. It is unfathomable. Although I have only mastered a slight bit of Power of Spacetime and it is far behind my understanding towards Reincarnation Doctrine, the slight bit of Power of Spacetime is sufficient to increase my moving speed, swordsmanship, and many other aspects tremendously. Even in terms of power, when the two Power of Heaven Way are amplified together, it will also increase madly!" Jian Wushuang clenched his fists.

Comprehension of an extra doctrine no doubt brought about a huge improvement in his overall power.

Spacetime Doctrine could cover many different areas and lead to an increase in power in various aspects.

"Previously, I was not confident enough to compete with the ten monsters in the top ten on Universe God ranking list. But now..." Jian Wushuang lifted the corners of his lips while he gave a chilly smile.

"Jian Wushuang."

A hoary voice was heard and the one who spoke was the deacon elderly who guarded Real God Hall, "Hall Master Yuan sent me a message earlier and commanded me to inform you to see him immediately after you came out of Real God Hall. He is looking for you for an urgent matter."

"Oh?" Jian Wushuang was surprised.

For the past four months, he had stayed in Real God Hall for cultivation and Hall Master knew about it. Hence, Hall Master Yuan didn't send any messages to him or bother him but told the deacon elderly to inform him instead.

Jian Wushuang, of course, didn't delay any further but immediately departed to the cave dwelling that Hall Master Yuan resided in.

In the cave dwelling made of unique crystals.

"Jian Wushuang, how did the cultivation in Real God Hall for four months go?" Hall Master Yuan smiled and asked Jian Wushuang.

"Not bad. My power has increased compared to before," Jian Wushuang replied.

"Your power increased again?" Hall Master Yuan looked delighted and he continued, "That's great. There's something that I need you to do. The stronger you are, the higher the chance."

"Hall Master Yuan, what is it about?" Jian Wushuang asked.

“The story starts from a unique treasure. The treasure is a fruit, named White Blaze Fruit. Have you heard of it?” Hall Master Yuan looked down.

“White Blaze Fruit?” Jian Wushuang shook his head but King of Venomous Worms in his body was caught by surprise, “White Blaze Fruit? There’s a White Blaze Fruit?”

“King of Venomous Worms, you know about White Blaze Fruits?” Jian Wushuang asked.

“Of course, it is a very precious and rare treasure,” King of Venomous Worms sounded excited.

Hall Master Yuan continued, “This White Blaze Fruit is very precious. Even to Almighties, it is rather useful. There are countless genius treasures in Eternal Chaotic World, but out of all of them, White Blaze Fruit is absolutely in the top ten!”

“What?” Jian Wushuang was astonished.

One that could be in the top ten among all genius treasures in the entire Eternal Chaotic World?

Extremely useful to Almighties.

The White Blaze Fruit was so precious?

“The more precious and the more useful a treasure is, the more difficult it is to nurture. During an ancient time that was far away, there was once a White Blaze Fruit Tree. The White Blaze Fruit Tree ripened and fell in various corners in Eternal Chaotic World. Later on, the White Blaze Fruit Tree was destroyed. Since then, White Blaze Fruit has been near to extinction. Over the years, we found one or two occasionally, but very rarely.

“A few thousand years ago, in a unique environment, there was a brand new White Blaze Fruit Tree and it was only a sapling...”

“Once the news spread, it immediately attracted a large amount of experts, including many Almighties. They participated in the fight for the sapling of the White Blaze Fruit Tree. After a ferocious battle, the sapling of the White Blaze Fruit Tree was won by Real God Wu Bei in the end.”

“Real God?” Jian Wushuang was shocked, “A battle among many Almighties but the sapling had fallen into the hands of a Real God? How was that possible?”

“If he was an inverse cultivator?” Hall Master Yuan looked at Jian Wushuang and said.

Jian Wushuang stunned.

Inverse cultivation was beyond comparison with one on the same level.

A Real God who was an inverse cultivator taking the treasure from the hands of many Almighties... it wasn’t impossible.

“Real God Wu Bei happens to be an inverse cultivator on the Real God level. He was extremely strong and no weaker than the Almighties. After the battle, he took the sapling of the White Blaze Fruit Tree under the watch of all Almighties. The Almighties couldn’t do anything to him,” Hall Master Yuan said.

Chapter 1497: Wu Bei’s Cave

“After acquiring the sapling of the White Blaze Fruit tree, Real God Wu Bei went into hiding and no one knew where he was. Naturally, no one knew what had happened to the sapling of the White Blaze Fruit tree either. It wasn’t until later on that a great battle broke out and it lasted for a long period of time. Real God Wu Bei lost his life in this great battle and the information regarding the sapling of the White Blaze Fruit tree was gone.”

“Up until now, when millions of years have passed, no one knew where that sapling of the White Blaze Fruit was.”

“However, a month ago, the Vientiane Tower obtained a White Blaze Fruit. At the same time, they found out that the White Blaze Fruit was found in a cave that was concealed cleverly. There is a high possibility that that cave was left behind by Real God Wu Bei. As soon as the news got out, many Almighties in the ten Cultivation Sanctuaries were astounded,” Hall Master Yuan said.

Jian Wushuang could imagine the situation.

The White Blaze Fruit was already so precious. Hence, the sapling of the White Blaze Fruit tree was more than enough to cause many Almighties to fight for it crazily.

Since the cave left behind by Real God Wu Bei had been discovered and the sapling of the White Blaze Fruit might be inside, it would be strange if the Almighties were not shaken up.

“Since so many Almighties had been shaken up, the fight for the sapling of the White Blaze Fruit tree would definitely be between them. Hence, how is this related to us?” Jian Wushuang said doubtfully.

So many Almighties were participating in the fight for the sapling and he was merely a Universe God. Hence, why would he head to the cave and fight with the Almighties?

“This matter is not as easy as you think,” Hall Master Yuan laughed and said: “I have just said that Real God Wu Bei’s abilities are extraordinary and he has many tricks up his sleeve. Now, it has been confirmed that the cave was left behind by him. However, he set up a very special seal. The seal is extremely high-class and it is not known where it came from. Moreover, the Almighties in the Eternal Chaotic World are completely helpless against the seal as they cannot break it!”

“Due to the presence of the seal, Almighties and Real Gods are unable to enter the cave. Only Real Gods and below, meaning Universe Gods like you, are permitted to enter.”

“Only Universe Gods are permitted to enter?” Jian Wushuang was surprised, “Why did Real God Wu Bei leave behind this kind of seal?”

“Who knows? Since the Almighties are blocked off from the cave, they have no choice but to allow Universe Gods like you to enter the cave and fight for the White Blaze Fruit. The most important thing is to fight for the White Blaze Fruit tree,” Hall Master Yuan said.

“Understood. Hall Master Yuan, you looked for me this round as you wanted me to enter Real God Wu Bei’s cave and fight for the White Blaze Fruit,” Jian Wushuang said.

“That’s right. White Blaze Fruit is very useful to Almighties. My family’s Palace Master has some use for it as well. Since there is an opportunity to obtain it, we would naturally not miss it,” Hall Master Yuan

chuckled, "Also, even if there were no White Blaze Fruits in the cave that Real God Wu Bei left behind, you would still have to make a trip there."

"You're right," Jian Wushuang nodded his head.

Real God Wu Bei was an Inverse Cultivator. By relying on the Inverse Cultivation Methods, he had achieved the peak of a Real God and could even compete with the Almighty.

As for Jian Wushuang, the Inverse Cultivation Method Heavenly Creation Skill that he possessed could only be honed to the level of the Universe Gods!

He had never possessed training methods higher than that of the level of Universe Gods.

Without the method, even if his abilities were enough, he would forever be unable to make a breakthrough and become a Real God.

Previously, Jian Wushuang had already made plans. After making it through the Third Heaven's Inverse Cultivation Test, he would depend on the Lineage of Star and the Vientiane Tower to find the cultivation method for the Heavenly Creation Skill of the Real God's level.

At that very moment, Real God Wu Bei's cave was in sight. Inside the cave, Jian Wushuang might have a chance to obtain what he wanted.

"All right, if there is nothing else, you should make a move immediately," Hall Master Yuan said.

"Understood," Jian Wushuang nodded his head. Without any delay, he made a move and headed toward Wu Bei's cave.

...

The Wind Fire Sea of the Red Dragon Sanctuary. The cave which was originally unheard of was filled with people at that moment.

Many experts gathered in the island.

Those experts include a great number of Real Gods and a decent number of Almighty.

However, it was a pity that Wu Bei's cave had only allowed Universe Gods to enter. Hence, even though the Real Gods and Almighty possessed exceptional abilities, they could only stay outside the cave and watch. The most they could do was send some Universe Gods into the cave and help them fight for the White Blaze Fruit.

Rustle!

When Jian Wushuang arrived at the island, he was surprised by the situation on the island.

"So many experts."

Jian Wushuang spread his Soul Power and he could feel that in the island, hundreds of Real Gods had gathered. In addition, most of the Real Gods were extremely strong.

As for the Almighty... Jian Wushuang's Soul Power was still unable to sense the existence of the Almighty.

Aside from being filled with admiration, Jian Wushuang focused his attention on a space passage in the deepest part of the island.

“That is the entrance to enter Wu Bei’s cave?”

After mumbling to himself, Jian Wushuang flew up and plunged toward the entrance.

Quite a number of people on the island had noticed the arrival of Jian Wushuang.

“Another Universe God has come!”

“By the looks of this Universe God, it seems to be Jian Wushuang who is ranked twenty on the Universe God ranking list!”

“Yes, it’s Jian Wushuang, a Star Palace disciple of the Lineage of Star.”

“Hehe. The Lineage of Star is far away at the Purple Moon Sanctuary. However, they are also interested in Wu Bei’s cave. Previously, they sent Long Ya and Xuan Yi, the two disciples who have made it onto the Universe God ranking list. At the very moment, they have also sent Jian Wushuang over. Could it be that they are not scared that the three of them will die in this fight?”

Some of the experts on the island were sighing. However, they were not too concerned.

This fight for the White Blaze Fruit involved many Almighties. With these Almighties taking action, many experts on the Universe God ranking list were invited.

Although Jian Wushuang was ranked in the top twenty on the Universe God ranking list, among the experts of the Universe God ranking list who were participating in this fight, there were a few of them with rankings higher than his.

Buzz!

After passing through the entrance in the deepest part of the island, Jian Wushuang arrived in a vast and independent space.

The independent space was similar to the outside world. There was a sun in the sky. Mountains, forests and water were present as well.

“Jian Wushuang, Long Ya and Xuan Yi entered Wu Bei’s cave a month ago. I have also tidied up some information and sent it to you. Please take a look. This information contains what happened to Long Ya and Xuan Yi in Wu Bei’s cave over the month, as well as the basic situation of this cave,” Hall Master Yuan messaged.

“Also, Lei Chao is about to go to the island personally. At that time, he will pay attention to what is happening outside from time to time. This includes which experts of the Universe God has come as well as the changes in the cave. He will also send all this information to you immediately.”

“Understood,” Jian Wushuang nodded his head and cut off the transmission.

“Although a special seal exists in Wu Bei’s cave, communication with the outside world is not completely cut off. Within this cave, we are still able to communicate with the people in the outside world,” Jian Wushuang muttered.

Chapter 1498: Grand Banquet

Many mystery lands and some unique places, such as Sky Sword Prison, had sealed off connection with the outside world entirely.

But Wu Bei's cave obviously hadn't.

Jian Wushuang immediately started going through the information that Hall Master Yuan had sent over.

Very soon, he had a rough idea about Wu Bei's cave.

Firstly, regarding the experts.

Since the news about Wu Bei's cave had spread until then, there were many Almighties that were shaken by the news. However, the Almighties couldn't enter Wu Bei's cave personally. Hence, they could only make use of their influence and send the Universe Gods under their command to enter Wu Bei's cave.

Some Almighties had even paid a high price to hire experts on Universe God ranking lists, including Universe Gods who were extremely famous, to participate.

Each and every force and sect in the Ten Cultivation Sanctuaries did the same too.

Besides, there were even people passing a message that they had promised to give a Real God Chaos Unique Treasure in exchange for White Blaze Fruit. The Real God Chaos Unique Treasure was not limited by category. In other words, one could also request a Real God Chaos Unique Realm Treasure with one White Blaze Fruit. Many forces were willing to do the trade.

As such, countless Universe Gods in Ten Cultivation Sanctuaries heard the news and came, including a large number of solo experts. Regardless of if they were famous or not, they all participated in the battle for White Blaze Fruit. It had only been one month's time since the news had spread, but there were more than a hundred thousand Universe Gods who entered Wu Bei's cave.

The hundred thousand Universe Gods were not any ordinary Universe Gods. Every one of them was confident in their power. The weakest among them should be a Peak Universe God of the Third Heaven. As for the stronger ones, experts who were listed on the Universe God ranking list, there were at least sixty of them in the place and there were many who were on their way there.

It could be described as a grand fight banquet of Universe Gods in Ten Cultivation Sanctuaries!

An unprecedented grand banquet.

"Almost a hundred thousand top Universe God are gathered here, and there are many more Universe Gods on their way here?"

Jian Wushuang looked around and sighed in amazement.

In the Eternal Chaotic World, probably only when the involvement of the Almighties and also the temptation of Real God Chaos Unique Treasure could attract so many top Universe Gods.

"If I'm not mistaken, some of the Universe Gods aren't here for White Blaze Fruits, but for fame. This grand banquet attracted half of the experts on Universe God ranking list that are hard to meet on normal days. With all eyes watching, with all experts gathered, one only need to slightly reveal their power to be famous all over the universe. Plus, some might even be looked upon by Real Gods and Almightyies outside of the cave dwelling, and become their disciples. To many Universe Gods who aren't famous, it is a great attraction for them," King of Venomous Worms said.

"If I have never joined Lineage of Star and I am not famous, I'll definitely participate in this grand banquet without hesitation. After all, it is the grandest banquet for Universe Gods level in Eternal Chaotic World. If one were to miss the grand banquet, it would be a chance hard to come by again in the future," Jian Wushuang smiled.

"Jian Wushuang, you're quite famous now. As you came to Wu Bei's cave, I'm afraid many people might eye you. It is inevitable that there will be people who come to challenge you. You'd better be prepared," King of Venomous Worms.

"I prepared long ago. Tell them to bring it on," Jian Wushuang smiled.

Almost a hundred thousand Universe Gods. It was a large number, but they were then scattered all over Wu Bei's cave.

The Universe Gods were scattered all around the cave dwelling to look for an exotic beast, Iron Wing Beast.

The exotic beast was very rare in Eternal Chaotic World too. However, there was quite a large number of them in Wu Bei's cave. No one knew how Real God Wu Bei had got them.

In the Iron Wing Beast's body, there were very few who had a Qian Kun ring with them and there was White Blaze Fruit in the Qian Kun ring.

The Universe Gods in Wu Bei's cave was then looking for those Iron Wing Beasts wantonly and trying to kill them to get the Qian Kun ring in the Iron Wing Beasts' bodies.

"He put White Blaze Fruits in the stomach of those Iron Wing Beasts? On top of that, not every Iron Wing Beast carries them? Real God Wu Bei is quite strange," Jian Wushuang muttered. Then, he started searching the cave dwelling too.

Vroom.

A boundless Soul Power spread recklessly and permeated the surrounding ten thousand mile range. The ten thousand mile range that he had covered appeared before Jian Wushuang clearly.

"Within the ten thousand mile range that I covered, there are eight Universe Gods. It is so crowded," Jian Wushuang frowned.

Although the cave dwelling was spacious, it was naturally crowded when a hundred thousand people were scattered all around.

"In such a crowded environment, even if I found an Iron Wing Beast first, the very moment I launch an attack, my movement will definitely attract the surrounding Universe God. By then, a fight will be inevitable. That'd be a little troublesome," Jian Wushuang thought to himself.

In the independent space, he was at an extremely great advantage. His advantage was because of his Soul Power.

According to the information that Hall Master Yuan had sent, the aura of Iron Wing Beast was unique. One would not notice them if they only covered the area with consciousness and only probed inch-by-inch with consciousness carefully. However, the process of probing inch-by-inch was very slow.

Just like back then in Sky Sword Prison when Blood Emperor had invited Heartless King to help to look for Jian Wushuang within the one billion mile range.

Even Heartless King, who was a Real God and good at consciousness attacks, required a long time to probe a million mile range inch by inch. It was naturally even more difficult if the Universe Gods in the independent space wanted to probe inch by inch. Hence, even though there were more than a hundred thousand of Universe Gods who had stayed for more than a month but they didn't probe many places. Many Iron Wing Beasts remained hidden.

On the other hand, if Jian Wushuang were to probe using Soul Power, it would definitely be easier by a thousandfold for him than the other Universe Gods.

It was a pity that in the situation where the experts were scattered and so densely populated, even if he was the first who found the Iron Wing Beast, it wouldn't be easy to get the Qian Kun ring in the Iron Wing Beast.

"Regardless, let's find an Iron Wing Beast first."

Jian Wushuang smiled faintly and immediately started searching wantonly in the independent space.

Swoosh!

Jian Wushuang's figure pierced the void like a flowing light. While he plunged through the void, his Soul Power probed the surrounding thousands of miles and he confirmed that there weren't any Iron Wing Beasts.

While Jian Wushuang traveled at such terrifying speed, Universe Gods that he flew by were shocked.

"Such a swift speed... This person can't be looking for Iron Wing Beasts. Otherwise, he wouldn't be traveling at that speed!"

The Universe Gods didn't know that when Jian Wushuang flew past them, he had already swept through their surrounding area.

Chapter 1499: Iron Wing Beast

At the island where Wu Bei's cave was situated.

Swoosh!

A red-robed woman with a bewitching figure arrived.

The red-robed young girl was carrying a giant black sickle. After taking a glance at the entrance of the cave, she plunged into it immediately.

On the island, many experts revealed a shocked expression after seeing the red-robed young girl.

“That’s Demon Girl Ling Luo!”

“It’s her.”

“She actually came as well?”

Those experts sent a message to the Universe Gods in the cave immediately.

Jian Wushuang also received Lei Chao’s message in a split second.

“Demon Girl Ling Luo? The monster ranked number three on the Universe God ranking list?” Jian Wushuang’s eyes twinkled slightly.

When the news of Wu Bei’s cave got out, many Universe Gods came in succession. Even the ten monsters in the top ten of the Universe God ranking list were attracted as well.

From the start, four of the top ten of the Universe God ranking list had come. Demon Girl Ling Luo had the highest ranking as of the very moment.

“The person ranked third has come. I wonder if the two monsters ranked first and second respectively will come?” Jian Wushuang laughed indifferently. He was filled with a bit of anticipation.

On the fourth day after Jian Wushuang entered Wu Bei’s cave.

“Eh?”

Jian Wushuang stopped on a void. The Soul Power that he had released had detected the presence of an Iron Wing Beast that was ten thousand miles away in front of him.

“After entering this cave, I have been using Soul Power to search. In three days, the distance that I have covered has already exceeded hundreds of millions of miles and finally, I have discovered an Iron Wing Beast,” Jian Wushuang laughed apathetically. He wanted to check if the body of the Iron Wing Beast still contained a Qian Kun Ring.

However, before his Soul power was able to permeate the Iron Wing Beast, it was blocked by a special power.

“I can’t check it now,” Jian Wushuang frowned slightly.

As his Soul Power was unable to seep into the body of the Iron Wing Beast, he was unable to determine if the body of the Iron Wing Beast still contained the White Blaze Fruit.

Moreover, Jian Wushuang also realized that in the surrounding area, there were seven other Universe Gods apart from him.

Among the seven Universe Gods, the one furthest away from him was more than thirty thousand miles away, while the one closest to him was less than five thousand miles away. In such a close vicinity, as soon as he attacked the Iron Wing Beast, the seven Universe Gods would realize immediately and rush over rapidly.

“Although it’s troublesome, there’s no other way. I have to do it.”

Jian Wushuang's eyes shone fiercely. In the next moment, his body had already made a beeline for the Iron Wing Beast that his Soul Energy had marked.

The Iron Wing Beast had got its name due to the fact that its whole body was filled with completely black scales like pieces of iron. The scales covered its whole body just like a layer of iron armor. However, it did not have wings.

The Iron Wing Beast had a small body and four hooves. At that moment, there was an Iron Wing Beast strolling about in a thick forest.

Jian Wushuang hid his own presence and showed up in the forest quietly. As he looked at the Iron Wing Beast, which was only hundreds of meters away from him, he took out the Blood Mountain Sword and headed over silently.

Jian Wushuang naturally covered the hundreds of meters in an instant.

However, when Jian Wushuang was ten miles behind the Iron Wing Beast, the Iron Wing Beast, which was taking a walk leisurely, became terrified abruptly and turned vigilant instantly.

"Die!"

Jian Wushuang stopped concealing his aura. His frightening sword essence burst forth and the Blood Mountain Sword on his hands became crimson lightning instantly.

His Divine Power was released as well.

Real God's Unique Skill, Crimson Light!

"Roar!"

The Iron Wing Beast gave off a furious and loud roar. It then turned its body swiftly. While it was turning its body, one of its front claws attacked quickly as well.

Likewise, its front claws were composed of the pitch-black scales. In spite of that, it was exceptionally sharp like a saber.

Clang!

The sounds of metals colliding with one another could be heard. The black scales on the front claws of the Iron Wing Beast were cut off. The crimson lightning that Jian Wushuang unleashed paused for a short moment and struck the Iron Wing Beast's body soon after.

"Roar!!!"

A shrill neigh could be heard from the Iron Wing Beast and this voice was very unconventional. With its small body, the Iron Wing Beast retreated immediately.

"It's actually not dead?" Jian Wushuang's eyes turned grave.

Previously, he had obtained some information. Hence, he knew that the Iron Wing Beast had strong defense. Moreover, they were very agile. As such, a normal Peak Universe God of the Third Heaven would be helpless against them, even if they were to come across one.

However, Jian Wushuang did not expect the Iron Wing Beast's defense to be so strong.

He had released all his Divine Power, which was combined with Reincarnation Power. With that, he unleashed the Crimson Light. However, he still didn't manage to kill the Iron Wing Beast.

Swoosh!

A black, glittering light appeared quickly. It was the Iron Wing Beast.

"Trying to escape?"

Jian Wushuang's expression turned cold. He unleashed his speed and at the same time, the Blaze Quicksand Gourd flew over and used all its power to prevent the iron Wing Beast from escaping.

"This Iron Wing Beast's speed is faster than that of a normal Universe God of the Third Heaven," Jian Wushuang squinted his eyes slightly and the first stage of the Secret Skill of Dragon Blood was already activated.

At that moment, when Jian Wushuang attacked the Iron Wing Beast, his shocking sword essence and vast Divine Power started to spread around.

Within tens of thousands of miles of Jian Wushuang, the seven Universe Gods sensed the sword essence and Divine Power at the same time.

"What a strong sword essence. Someone is fighting in this area. Over there!"

"Could it be two cultivators fighting or could it be... Someone has found an Iron Wing Beast?"

"No matter what, I have to head there straight away!"

The seven Universe Gods did not hesitate and hurried over to the forest instantly.

Swoosh! Swoosh!

Two figures, one in front and one behind, plunged out of the forest in a flash. However, the distance between the both of them was closing at an amazing speed.

"It's an Iron Wing Beast!"

"Haha, I have finally come across one!"

"One person alone is actually able to push back the Iron Wing Beast to the point that it is trying its very best to escape?"

The seven Universe Gods who rushed over had already realized the existence of the Iron Wing Beast.

Previously, the Iron Wing Beast stayed inside the forest. If they had not passed by the forest or done a thorough check, they would definitely be unable to discover the existence of the Iron Wing Beast. However, at that moment, the Iron Wing Beast had dashed out of the forest and trying its best to escape. As a result, they found the Iron Wing Beast immediately.

"I wonder if the body of this Iron Wing Beast contains a White Blaze Fruit?"

"I hope there is."

The seven Universe Gods' eyes were burning with excitement and they were also approaching Jian Wushuang and the Iron Wing beast at an amazing speed.

At that moment, Jian Wushuang, who had unleashed the first stage of the Secret Skill of Dragon Blood which would increase his speed by tenfold, had already caught up with the Iron Wing Beast.

"Die!"

This time around, Jian Wushuang did not hold back. The same Sword Principle Crimson Light had been used and it was completely filled with Reincarnation Power. Moreover, Jian Wushuan had also activated the secret skill of the Blood Feather Reincarnation Armor.

Rustle!

Sword light erupted and with just one attack, the layer of black scales on the body surface of the Iron Wing Beast was shattered into pieces and this caused a bloody wound to appear on the body of the Iron Wing Beast. What followed after was another stroke which went along the bloody wound and penetrated the body of the Iron Wing Beast.

Chapter 1500: The First White Blaze Fruit

The moment the Iron Wing Beast died, the layer of black scales on its surface lost its spirituality and its defense power was reduced tremendously. Jian Wushuang flipped his wrist and his divine power shattered the body of the Iron Wing Beast.

After the body of Iron Wing Beast shattered into pieces, a Qian Kun ring hidden in his body revealed itself.

"Qian Kung ring?"

Jian Wushuang was surprised. He quickly picked up the Qian Kun ring and swept it with consciousness. He then saw a White Blaze Fruit floating in the Qian Kun ring quietly.

"White Blaze Fruit!"

Jian Wushuang gripped tightly and there was light in his eyes, "I'm quite lucky. The very first Iron Wing Beast that I came across had a White Blaze Fruit in it."

Only some of the Iron Wing Beasts in Wu Bei's cave carried a White Blaze Fruit. Most of them didn't have one.

It led to a situation whereby some Universe Gods found an Iron Wing Beast and went through the trouble to kill it but all the effort was in vain.

From how it seemed, Jian Wushuang was quite lucky.

Just then... Swoosh! Swoosh! Swoosh! Swoosh!

A few figures plunged over simultaneously and appeared around Jian Wushuang. They were the seven Universe Gods.

“He killed the Iron Wing Beasts.”

“I was the closest to him earlier. I saw clearly that he really did take out a Qian Kun ring from the Iron Wing Beasts!”

“In other words, he has a White Blaze Fruit with him!”

The seven Universe Gods naturally fixed their gazes on Jian Wushuang.

“Crimson robe, carrying a sword, this look... you’re Jian Wushuang!” One of the blue-haired old ladies recognized Jian Wushuang.

“Jian Wushuang? A top expert in the top twenty on Universe God ranking list?”

“A White Blaze Fruit is in his hands?”

The few Universe Gods’ faces grew grave.

If it was an ordinary Universe God who had gotten the White Blaze Fruit, they definitely would take action to fight for it without hesitation.

However, the one who had the White Blaze Fruit was Jian Wushuang.

He was in the top twenty on Universe God ranking list. A person’s name could protect them, just like a tree’s shadow could shelter one from heat. The few Universe Gods naturally were reluctant.

“Humph, so what if he’s an expert on? Universe God ranking list? We are all Universe Gods and I don’t think these people on Universe God ranking list are stronger. They could kill Peak Universe Gods in the Third Heaven easily and I can do that too. Plus, there are seven of us. What’s there to be afraid of?” A middle-aged man with dark skin bellowed.

Hearing what he had said, the other Universe Gods looked at each other in surprise and started hesitating.

“If you want to take action against an expert on Universe God ranking list, it’s your choice. I’m not interested,” the blue-haired lady said and retreated.

“That’s great. We have one less person to fight with us,” the middle-aged man with dark skin smirked coldly, “He’s just an expert on the Universe God ranking list and he is only at the twentieth rank. He’s not even a Real God. With the six of us joining forces, why should we be afraid of him?”

The few hesitating Universe Gods suddenly shimmered with joy and they nodded heavily after giving some thoughts.

“Jian Wushuang, give us the White Blaze Fruit and we will let you off,” the middle-aged man with dark skin roared.

“Pass us the White Blaze Fruit!”

“Don’t make us take action against you.”

The remaining five Universe Gods fixed their gazes upon Jian Wushuang and cornered him.

Jian Wushuang smirked at the sight. He flipped and took out the Qian Kun ring he had got from the Iron Wing Beast's body.

"The White Blaze Fruit is here. If you are capable enough, come and take it," Jian Wushuang said calmly.

Looking at the Qing Kun ring in Jian Wushuang's hand, there was madness in the six Universe Gods' eyes.

The middle-aged man with dark skin sounded cold, "As he is courting death, let us grant his death wish. After we kill him, we shall fight for the White Blaze Fruit with our own power."

"Alright," The other five Universe Gods nodded simultaneously.

Then, swoosh!

The six figures plunged towards Jian Wushuang to launch an attack at the same time.

There was a murderous intention that flashed in Jian Wushuang's eyes. His figure turned illusionary and he appeared before the middle-aged man with dark skin who was at the far front. Then, he wielded the Blood Mountain Sword.

Fast, too fast!

At least to the middle-aged man, it was extremely unbelievable. He couldn't react at all and his throat was pierced by Jian Wushuang's sword light.

"How could it be that fast?"

Before he died, the middle-aged man's eyes were wide-open.

After he killed the middle-aged man with one stroke, Jian Wushuang's figures became illusionary again.

Swoosh! Swoosh! Swoosh! Swoosh! Swoosh!

Jian Wushuang's figures appeared in five different positions creepily and he performed the same Sword Principle when he appeared.

It looked like an ordinary stroke, but because it contained a slight bit of Power of Spacetime, the Sword Principle was so swift that the five Universe Gods were unable to respond in time.

Psst! Psst! Psst! Psst! Psst!

The sound of five blades piercing into bodies was heard. In an instant, the entire universe quieted down.

The six Universe Gods who had coveted Jian Wushuang's White Blaze Fruit and taken action against him were killed by Jian Wushuang's quick attacks.

After killing the six Universe Gods, Jian Wushuang slowly reined in his sword and stole a glance at the blue-haired old lady who had retreated far away. The blue-haired old lady who was covered in fear and astonishment, noticed Jian Wushuang's gaze and she immediately bowed politely at Jian Wushuang.

Jian Wushuang didn't make it difficult for the blue-haired old lady. He moved and immediately left.

The blue-haired old lady stood in the void as she watched Jian Wushuang leave. She then let out a breath of relief as she looked at the six dead bodies scattered on the ground. There was disdain in her eyes.

“These six idiots didn’t even know who they were. They had the guts to take action against an expert in the top twenty on Universe God ranking list. Just how stupid were they?” The blue-haired old lady said, but she also knew that the six Universe Gods definitely belonged to those solo experts who weren’t experienced. They cultivated to that point and they might not see any true experts on Universe God ranking list.

Usually, they would only hear legends about experts on the Universe God ranking list.

But hearing legends and witnessing with one’s own eyes were two different matters. Most of them didn’t believe in legends.

Naturally, they were in doubt of an expert on Universe God ranking list’s power. To the point where they thought that even if they weren’t as strong as the experts of the Universe God ranking list, they shouldn’t be too far off.

Just like the middle-aged man with dark skin earlier, who had reckoned so.

She was different. She came from a medium-sized sect in Red Dragon Sanctuary. She once saw an expert on Universe God ranking list in action. The expert was only seventieth on the Universe God ranking list, but he was extremely powerful. She felt totally hopeless and didn’t have any intention to counter-attack.

The one earlier who had appeared before them was a superb existence from the top twenty.

Such an existence could match evenly or even defeat a Real God. How could the few Universe Gods join forces and expect to be able to match evenly with him?

The blue-haired old lady was glad that she hadn’t taken action. Otherwise, she definitely would be the same as the other six people and have become one of the dead bodies scattered on the ground.

She sighed with emotion. Then, the blue-haired old lady took out a token.

“Sect Master, there’s a White Blaze Fruit here.”
