Chapter 1571: A Stranded Dragon Rises To The Sky!

“How is this possible?” Ming Ba was completely stunned.

After all, he was a Void Real God.

However, at that very moment, just a gaze at him alone had actually caused him to be terrified and his expression to turn ghastly pale?

What kind of ability was this?

Even if Jian Wushuang had really regained the abilities of his peak, he should still not be so frightening, right?

“Could it be that not only did his abilities recover, he also achieved a great breakthrough and became a Real God?”

“But his aura is still that of a Universe God?”

Ming Ba was filled with amazement.

Jian Wushuang possessed a treasure manufactured by the Star Palace Master. However, that treasure could only allow Jian Wushuang to pretend to have the aura of a Universe God and not a Real God.

In other words, since he had already made a breakthrough to the Universe God of the Third Heaven, the aura that was released from his body was also that of a Universe God of the Third Heaven.

At the same time that Ming Ba was shocked, an indifferent voice could be heard.

“Although I have not interacted with you much, for the past eighteen thousand years in the Qing Tian Mystery Land, I want to thank you for looking after me secretly. There are a hundred million Chaos Gems here and they are for you. From now on, you do not need to follow me anymore.”

Jian Wushuang’s voice felt as if it possessed some magical power. When it echoed in Ming Ba’s ears, his eyes became misty, he looked as if he were drunk and he was sleepy.

It was only after the voice disappeared for a long time that he woke up with a start abruptly. When he looked down again, he realized that Jian Wushuang had disappeared from the peak of the mountain ages ago and what was left was only a Qian Kun Ring.

“What a horrifying consciousness attack. It merely made my consciousness sleepy and did not make me completely unconscious. Moreover, it did not harm me at all. Such abilities... looks like Jian Wushuang’s abilities have really achieved a great breakthrough. However, he was already ranked third in the Universe God ranking list previously. At the very moment, how powerful is he?” Ming Ba exclaimed and shook his head.

After he had picked up Jian Wushuang’s Qian Kun Ring, he made his way back to the Green Feather Pavilion.

He knew that Jian Wushuang did not need him to observe him secretly anymore. Even if he wanted to observe Jian Wushuang, he did not have the ability to do so.

...

Atop the vast sky, Jian Wushuang wore the Blood Feather Reincarnation Armor that was made as a blood robe again. He then carried the Blood Mountain Sword on his back and moved slowly.

During his journey, he could not help but stretch himself.

“This feels so good!” Jian Wushuang laughed. It was obvious that he was over the moon.

“Jian Wushuang, you finally feel comfortable now. During the previous twenty-one thousand years, hehe, you were even inferior to a normal person and you almost died an upsetting death,” the King of Venomous Worms gasped in admiration.

“Haha. A cultivator has his own joys and a normal person also has his own benefits as well,” Jian Wushuang laughed,

For the past twenty-one thousand years, minus the thirteen thousand years that he had become a hard rock, he had lived his life as a normal person for eight thousand years and these eight thousand years had given him many feelings.

“No matter what, you have already cleared the Inverse Cultivation Test for the final Heaven. Hence, you have gotten past your greatest obstacle and your journey from now on will be a lot more relaxing. As such, I can set my mind at ease,” the King of Venomous Worms laughed, “Also, you must make the best use of your time to think of a way to make a breakthrough earlier to become a Real God. As soon as you make a breakthrough to a Real God, your Ancient God Power will achieve the sixth star and I will evolve along with you.”

“Five-star Ancient God and the Six-star Ancient God are both great thresholds. As soon as you get past them, your abilities would undergo an earth-shaking change. This change also applies to me. When you become a Six-star Ancient God, I will undergo a great change. At that time, I will be able to unleash a fair bit of my fighting capabilities and I will not need to stay in your body like now and die a depressing death.”

“Haha. Don’t worry. Since I have achieved the Universe God of the Third Heaven, Real God won’t be too far away as well,” Jian Wushuang laughed.

In no time, Jian Wushuang returned to the Divine Light Dynasty again.

The Divine Light Dynasty was the place that he had first set foot in when he arrived in the Qing Tian Mystery Land.

Within the Divine Light Dynasty, there was another person; he was Chen Hu.

Having stayed in the Qing Tian Mystery Land for so many years, he had interacted with quite a number of people. However, among these people, the only person who Jian Wushuang was concerned about was Chen Hu.

Divine Light Dynasty, Rising Sun Palace.

Even though eighteen thousand long years had passed, the Rising Sun Palace still existed and it was even more powerful than it was in the past.

In addition, the current Palace Master of the Rising Sun Palace was Chen Hu!

Over the past eighteen thousand years, his abilities had risen greatly. At that very moment, not only was he recognized as the strongest person by the Divine Light Dynasty, he also possessed the right to stand at the top in the whole Qing Tian Mystery Land.

“Compared to the past, this little kid has become more mature and sedated. He really has the look of a Sect Master,” Jian Wushuang was floating high up in the skies of the Rising Sun Palace Sect. As he looked at everything below him, he had already released his Soul Power and observed everything within the Rising Sun Palace a long time ago.

Naturally, he also saw Chen Hu, who was reprimanding two Elders in the lofty palace.

“Hu Zi,” Jian Wushuang opened his mouth.

The voice passed by the void and many halls into the highest part of the towering palace into Chen Hu’s ears.

Chen Hu, who was scolding the two Elders, could not help but be stunned.

Hu Zi?

It had been very long since someone had called him by that name.

It had been about eighteen thousand years. Ever since his Master, who he was greatly indebted to, had left the Rising Sun Palace, no one had called him by that name again.

At that very moment... A familiar voice and a familiar way of addressing him.

“Master, Master!”

“Is it really you?”

Hu Zi stood up straight away and his voice was extremely emotional.

This caused the Elders in the big palace to become stupefied.

They were all pleading for their lives and they did not know what had happened to the Palace Master.

As for the Master who he had mentioned?

Some Elders who had served in the Rising Sun Palace for a very long time thought of a person. The person was a supreme person who had appeared unexpectedly within the Divine Light Dynasty.

However, the supreme person had left ages ago. At that very moment, could he have returned?

“Master,” Chen Hu was still extremely emotional and he did not care about how the Elders would change their perceptions of him.

“Hu Zi, listen up.”

Jian Wushuang's voice echoed in Chen Hu's ears, "You were the first person I saw when I first appeared in this world. At the same time, you are also the only person in this world who has interacted a lot with me. Although you and I are not Master and disciple, you are still considered to be my partial disciple. Today, I am about to leave. However, before I leave, let me tell you something. If you have the time, return back to your previous home to your mother and little sister's burial ground. I have left some opportunities as well as a test there for you!"

"If you have the ability to clear the test in the future, I will accept you as my disciple for real. Moreover, I will also bring you to the vast world that I am in. However, if you are unable to clear it, this means that we are not destined to be together. With that, please take care of yourself."

After his speech, Jian Wushuang's voice disappeared completely.

As for Chen Hu, he became stupefied at his position and at the next moment, his eyes started to glow brilliantly.

He could not help but clench his fists as well.

"Master, don't worry. I will definitely pass the test and obtain your approval!"

...

Chapter 1572: Brother In Danger

After leaving the opportunity and the test behind, Jian Wushuang let out a breath of relief.

"I've done what I wanted to. Young man, it depends on you if you can grab the opportunity," Jian Wushuang muttered.

The test that he left behind for Chen Hu wasn't exactly difficult. It was already Jian Wushuang's lowest standard.

If Chen Hu couldn't even pass through that test, it would be difficult for him to achieve something when he got to Eternal Chaotic World with his guidance. He might as well stay in Qing Tian Mystery Land for the rest of his life.

If Chen Hu were to pass the test and if he was willing to, Jian Wushuang could bring him to Eternal Chaotic World and teach him patiently. No matter how badly he did, he should be able to become a top Universe God. He might even stand a chance to become Real God.

After he found out about Chen Hu, Jian Wushuang had no more reason to miss Qing Tian Mystery Land. He immediately left.

In Star land, Green Feather Pavilion.

The Master of Green Feather Pavilion and the few elderlies, including Ming Ba, were waiting there in silence.

Very soon, Jian Wushuang stepped out of the space tunnel gradually.

The moment they saw Jian Wushuang, the Master of Green Feather Pavilion and the rest of the elderlies were shocked.

They realized that Jian Wushuang had truly recovered.

“Master of Green Feather Pavilion, thank you for your hospitality over the past years,” Jian Wushuang glanced at the master of Green Feather Pavilion.

“Haha, you’re welcome. I have to congratulate you that you have finally resumed to your peak,” the Master of Green Feather Pavilion smiled.

“I have to request Master to not spread this news just yet,” Jian Wushuang said.

“Oh?” The Master of Green Feather Pavilion raised his eyebrows. Although he didn’t know Jian Wushuang’s intention, he nodded in agreement.

“Farewell.”

Jian Wushuang didn’t stay in Green Feather Pavilion and left very soon.

In Green Feather Pavilion, the Master of Green Feather Pavilion and the other elderlies including Ming Ba gathered.

“Elder Ming Ba, you said that not only did Jian Wushuang recovered to his peak, his power became even stronger?” The Master of Green Feather Pavilion looked at Ming Ba, “How did you know he became stronger? Unless you fought with him?”

“We didn’t fight, but I could feel it,” Ming Ba immediately shared what had happened to him.

“With just one glance, it struck fear into you?”

“His voice made you dizzy and unconscious but never caused you any harm?”

The Master of Green Feather Pavilion and the other elderlies exchanged a look and there was astonishment in their eyes.

“It seems that Jian Wushuang really became scarier. He told us not to spread the news. It seems that he didn’t want to attract any attention,” the Master of Green Feather Pavilion sighed.

At the same time, they were also glad that they didn’t mistreat Jian Wushuang when he lost all his power back then. Otherwise, if Jian Wushuang were to resent it, Green Feather Pavilion would be in big trouble.

...

After leaving Green Feather Pavilion, Jian Wushuang immediately took out a communication token.

“Hall Master Yuan, I already came out from Qing Tian Mystery Land.”

Hall Master Yuan immediately replied when he received the message, “The Master of Green Feather Pavilion sent me a message earlier too. He said that you have recovered. In other words, you have passed through your third inverse cultivation test?”

“Yes, I’ve passed through it,” Jian Wushuang said.

“That’s great!” Hall Master Yuan was delighted.

One should know that Jian Wushuang had been in the state of passing his test for the past twenty-one thousand years but Hall Master Yuan had endured heavy pressure on behalf of Jian Wushuang.

For instance, Jian Wushuang’s position as a disciple of Star Palace, there were a large number of disciples in Lineage of Star, including some elderlies who were upset, but Hall Master Yuan took the pressure and was yet to take away Jian Wushuang’s right as a disciple of Star Palace.

Plus, over the years, he had been paying close attention to Jian Wushuang. Everything that Jian Wushuang had encountered in Qing Tian Mystery Land, he had made Green Feather Pavilion report to him every once in a while.

He himself had been constantly looking for information about the third inverse cultivation test.

He had been living in worry for the past years. Until then, when he had found out that Jian Wushuang finally passed the third inverse cultivation test, and he could once again be at ease.

Then, he was naturally thrilled!

Once he had passed the third inverse cultivation test, Jian Wushuang’s potential became extraordinary.

To Lineage of Star, it of course brought unbelievably great benefits.

Soon, Hall Master Yuan calmed down and asked, “Jian Wushuang, as you’ve passed through the third inverse cultivation test, your power should have increased tremendously, right?”

“Power?” Jian Wushuang laughed.

Every single inversion cultivation test that he had passed through had brought about a transformation with tremendous changes.

His transformation during the third inverse cultivation test was the greatest and his power had increased at terrifying speed.

“Hall Master Yuan, my Power did increased on a huge scale but if I don’t fight with anyone, I can’t gauge to what level my power has reached,” Jian Wushuang replied.

“Is that so?” Hall Master Yuan understood.

“Hall Master Yuan, I shall return to Lineage of Star now. I’ll discuss it with you in detail after I come back?” Jian Wushuang said.

“No, you don’t have to rush back,” Hall Master Yuan shook his head.

“Why not?” Jian Wushuang was shocked.

“Jian Wushuang, I have something to tell you,” Hall Master Yuan’s face grew solemn, “Thirty years ago, there was an incident that happened at Four Symbol Land in Colored Glaze Sanctuary. A Universe God killed an outstanding core disciple of Four Symbol Mansion at Four Symbol Land before all cultivators. The Four Symbol Mansion was curious and started chasing after the Universe God.”

“Just that? What does it have to do with me?” Jian Wushuang looked confused.

“Of course, it’s related to you! Because the Universe God who chased after was the top genius that wandered with you in Wu Bei’s cave and the one very close to you... Duan Lingfeng!”

“What?” Jian Wushuang’s face suddenly changed.

Duan Lingfeng?

Duan Lingfeng was being hunted?

“How is he doing now?” Jian Wushuang asked closely as he grew anxious.

He stepped foot into Eternal Chaotic World for more than tens of thousands of years. During the years, he had a few close friends, like Fiery King, Ling Feibai and him.

However, among his close friends, the one who had really been through life and death situations with him and shared a tight-knitted relationship like brothers, was really just one person.

And that person was Duan Lingfeng!

Back when he had first met Duan Lingfeng, in Ancient Stars Sea long ago, Duan Lingfeng and he had joined forces to kill a Peak Universe God in the Third Heaven from Sky-devouring Clan.

Later, in Wu Bei’s cave, when they met again, they had also joined forces to deal with one dangerous situation after another.

In the end, Duan Lingfeng had even given him a White Blaze Fruit Tree directly.

Back then, Jian Wushuang asked him to not reject him if he were to need any favour from him in the future.

Jian Wushuang had also promised that, as long as it didn’t violate his principles, he wouldn’t refuse under any circumstances.

Then he found out that Duan Lingfeng was being chased after for the past thirty years?

How could he not be worried!!!

Chapter 1573: Four Symbol Mansion

“Don’t worry. Although Duan Lingfeng’s current situation is terrible, his life is not in danger,” Hall Master Yuan said.

“That’s good,” Jian Wushuang heaved a sigh of relief and he calmed down immediately. He then asked: “Hall Master Yuan, what’s going on?”

“I am not sure of the details myself. However, Duan Lingfeng has indeed killed that core disciple of the Four Symbol Mansion in front of everyone. The Four Symbol Mansion is the overlord of the Four Symbol Land and its position is similar to the Lineage of Star’s in the Star Land. If the core disciples under them were unfortunate and killed while training in the outside world, they could only blame their disciples for

being too weak and not anyone else. Hence, the Four Symbol Mansion would not go out of their way to kill the other party in order to avenge their core disciples.”

“For example, when Wu Bei’s cave appeared back then, many Universe Gods died. Among the Universe Gods who died, some of them were disciples of some big sects and big powerhouses. However, since they were killed by others in a fair competition for the White Blaze Fruits, the big sects and big powerhouses could not say anything.”

“But now, Duan Lingfeng has killed the core disciple of the Four Symbol Mansion under the nose of the Four Symbol Mansion in the Four Symbol Land. Due to this, the Four Symbol Mansion got furious and they immediately sent out experts under them to kill Duan Lingfeng. Fortunately, Duan Lingfeng himself is powerful and his ability to keep himself alive is quite decent as well. Hence, even though he was chased around by many experts, he still managed to escape to the Burning Demon Region.”

“Burning Demon Region?” Jian Wushuang was stunned.

“The Burning Demon Region was left behind by an Almighty a long time ago. Although many years have passed and many opportunities and treasures were plundered, many different kinds of seal still existed in the Burning Demon Region. There are both weak and powerful seals as well as seals that are useful for hiding. In any case, there are so many seals that it is uncountable.”

“After Duan Lingfeng escaped to the Burning Demon Region, he probably found a place to hide himself. For the past years, the experts of the Four Symbol Mansion have been searching for him in the Burning Demon Region. However, up till now, they were still unable to find him. Furthermore, the Four Symbol Mansion also posted an extravagant reward of a thousand-million Chaos Gems and this has attracted quite a number of Real Gods within the Four Symbol Land to join the search for Duan Lingfeng in the Burning Demon Region.”

“With so many experts looking, no matter how well Duan Lingfeng hides himself, he will be found by someone eventually,” Hall Master Yuan said.

Jian Wushuang’s expression turned grave.

He could tell that although Duan Lingfeng himself was alright, his situation was very bad.

The moment his hiding place was found by someone, he would be besieged by a large number of experts from the Four Symbol Mansion. As a Universe God, no matter how strong Duan Lingfeng was, he would definitely be unable to stop so many experts.

“When the Lineage of Star obtained this piece of news previously, we acted immediately. After all, Duan Lingfeng is your good friend and he also gave you that White Blaze Fruit tree back then. The Lineage of Star owes him a favour and if we could help, we would naturally help.”

“However, that place is ultimately the Four Symbol Mansion’s territory. Hence, over there, the Lineage of Star is restricted in every sense and we cannot do anything at all. I have even sent Lei Chao over personally. However, Lei Chao could only stay at the edge of the Four Symbol Land. As soon as he makes a move to help Duan Lingfeng, his actions will definitely cause him to clash with the Four Symbol Mansion head-on immediately!”

“Even though Lei Chao is an expert in the Real God ranking list, confronting the Four Symbol Mansion within the Four Symbol Land head-on was too risky. As such, we did not do anything up till now,” Hall Master Yuan said.

After listening, Jian Wushuang nodded his head.

He also knew that the Lineage of Star had many scruples and he could understand.

“Jian Wushuang, the Lineage of Star is unable to take action openly in this matter. However, you are different. Duan Lingfeng and you are good friends in both life and death. Since everyone knows this clearly, it would be reasonable for you to take action. With this, the Four Symbol Mansion would be unable to put the blame on the Lineage of Star. Moreover, you have just cleared the Inverse Cultivation Test for the Third Heaven and your abilities have risen greatly. Therefore, you should be able to help Duan Lingfeng,” Hall Master Yuan said.

“I understand. I will now head to the Four Symbol Land,” Jian Wushuang said.

“Ok,” Hall Master Yuan also nodded his head and said: “Remember this. Although Duan Lingfeng is your good friend and you should rescue him, if there is really no choice, you must give up on him.”

“I will absolutely not give up on him,” Jian Wushuang shook his head without hesitation.

Even then, he still remembered the words that Duan Lingfeng had said back in Wu Bei’s cave when Zi Dongwang, Xin Zhu and the rest of people came to kill him.

“From the start of my training until now, I do not have many friends. However, Jian Wushuang is one of them. If all of you want to kill him, then that is equivalent to wanting to kill me as well!”

Jian Wushuang had remembered his words thoroughly.

Although the situation back then had not reached the stage where he had no other alternative, Jian Wushuang was still touched.

After hearing Jian Wushuang’s words, Hall Master Yuan forced a smile and said immediately, “Alright. After you reach there, you should get in touch with Lei Chao. I have instructed him to wait outside the Burning Demon Region. If you really reach a stage where you have no choice, you can send a message to him and he will act straight away. No matter what, the Lineage of Star will not allow anything to happen to you even if we have to shed all pretence of cordiality with the Four Symbol Mansion and have a big fight with them.”

“Understood, thank you very much!” Jian Wushuang laughed with gratitude. However, he understood very well in his mind.

Sending a message to Lei Chao would be his last resort if he really had no other choice.

Unless necessary, he would not get the Lineage of Star involved.

Jian Wushuang increased his speed and headed for the Four Symbol Land at once.

After passing through the wormhole of the island, Jian Wushuang arrived at the Four Symbol Land.

After that, Jian Wushuang travelled at full speed. When he arrived at the edge of the Burning Demon Region, a month had passed.

Over the past month, Jian Wushuang also requested for Hall Master Yuan to relay information of the Burning Demon Region to him continuously.

It was really fortunate. The number of experts in the Burning Demon Region had increased over the past one month. However, until then, no one had managed to find Duan Lingfeng.

At that moment, Jian Wushuang took out Duan Lingfeng's transmission token.

"Duan Lingfeng, tell me your current location," Jian Wushuang sent a message straight away.

"Jian Wushuang? I heard that you have gone to a mystery land that many ordinary people live in. And now, you have come out of that mystery land?" Duan Lingfeng's voice was still indifferent.

"That's right, I have come out. Moreover, I am currently right outside the Burning Demon Region," Jian Wushuang said.

"Burning Demon Region?" Duan Lingfeng's voice turned gloomy, "What did you come here for?"

"You asked what I came here for?" Jian Wushuang said furiously, "Cut the crap and tell me your location quickly."

After muttering to himself for some time, Duan Lingfeng sent his current location.

Jian Wushuang then took out the map of the Burning Demon Region that Hall Master Yuan had sent him.

The map had marked every corner of the Burning Demon Region. At the same time, it also included the locations of a number of seals. However, there were still a small number of seals in the Burning Demon Region that even the Lineage of Star did not know of.

In no time, Jian Wushuang found the place that Duan Lingfeng was at.

Chapter 1574: Jian Wushuang Is Here

"It's here. Even Lineage of Star didn't know that there was a secret trap here. No wonder the experts couldn't find him after so long."

Jian Wushuang smiled and instantly sent Duan Lingfeng a message, "Just you wait. I'll rush over to meet up with you really quickly."

"Mm," Duan Lingfeng nodded faintly.

Jian Wushuang immediately entered the Burning Demon Region and flew in the direction where Duan Lingfeng was swiftly.

On his way there, he met a lot of experts who were searching for Duan Lingfeng in Burning Demon Region.

These experts were also Universe Gods, but there was quite a number of Real Gods too.

They saw Jian Wushuang too.

“Isn’t that Jian Wushuang?”

“It’s really him!”

“How could it be? Didn’t the rumor say that he lost all his power and became a disabled person? But from the looks of it, he has recovered all his power?”

The experts were astonished.

Many years ago, Jian Wushuang’s name had spread across Ten Cultivation Sanctuaries. Even though most of the experts in Ten Cultivation Sanctuaries never saw him in person, they at least watched the video or image of him launching an attack. Hence, they could recognize Jian Wushuang at first glance.

Very soon, the news about Jian Wushuang arriving in Burning Demon Region spread. The experts in Burning Demon Region who were searching for Duan Lingfeng were shocked.

After all, everyone knew that Jian Wushuang and Duan Lingfeng were best friends.

The experts who had seen Jian Wushuang said that he had plunged over and there was a fluctuation of divine power. Hence, he most likely had already recovered his power.

That’s why he came to Burning Demon Region – to help Duan Lingfeng to get out of the difficult situation.

Four Symbol Mansion received the update and instantly asked about it with Hall Master Yuan in Lineage of Star.

Hall Master Yuan’s reply was simple, “Jian Wushuang and Duan Lingfeng were best friends and he definitely would lend a helping hand to his friend. There’s nothing we, Lineage of Star, can do to stop him.”

“If so, I hope Lineage of Star doesn’t get involved. As for Jian Wushuang, we Four Symbol Mansion will try to ensure his life. Of course, if he were to kill our experts in Four Symbol Mansion, we Four Symbol Mansion will kill him without hesitation,” one of the higher-ups in charge in Four Symbol Mansion said.

“No problem,” Hall Master Yuan agreed straightforwardly but wasn’t worried about it.

...

In Burning Demon Region, it was covered with countless volcanoes and the territory covered a vast expanse.

Jian Wushuang, who carried his sword on his back, was plunging forward at full speed. On the way, although he met experts in Four Symbol Mansion, the experts in Four Symbol Mansion didn’t make it difficult for him.

However, some tailed behind Jian Wushuang and wanted to find Duan Lingfeng through Jian Wushuang. Unfortunately, Jian Wushuang was too fast, any ordinary Universe God, or even a Void Real God, couldn't keep up with his speed.

Very soon, Jian Wushuang flew through the vast expanse and he was close to where Duan Lingfeng was.

Just then...

"Huh?"

Jian Wushuang suddenly lifted his head and saw at the end of his sight that two figures were charging over.

He knew one of them.

"Haha, Jian Wushuang, we meet again!"

There was a burst of malicious laughter from the void ahead and the two figures stopped before Jian Wushuang.

One was a middle-aged man in red armor. The middle-aged man was carrying an axe on his back and he was obviously a Void Real God and he was quite powerful.

As for the other person, he was a cold-looking, purple-haired man. It was Zi Dongwang, who had fought against Jian Wushuang in Wu Bei's cave previously. The malicious laughter belonged to him.

Zi Dongwang was originally in the second place on Universe God ranking list, second to God Destroying King.

However, after the fight in Wu Bei's cave, he had fallen to the fourth place, behind Jian Wushuang and Duan Lingfeng.

However, as Jian Wushuang had lost his power entirely before, his ranking on the Universe God ranking list had vanished. Hence, Zi Dongwang had returned to third place.

Zi Dongwang stood in the void as he glared at Jian Wushuang. He felt Jian Wushuang's aura and the fluctuation of divine power in him. There was a glimpse of coolness in his eyes, "It seems that your power has really recovered?"

Zi Dongwang was arrogant and unwilling to admit defeat. Back when he had found out that Jian Wushuang had lost all his power and become a disabled person, Zi Dongwang had been gratified by his misfortunes.

He was thrilled by the fact that he had returned to the third place on Universe God ranking list.

Then, Duan Lingfeng was facing life and death danger, and he immediately rushed over. Not only for the one billion Chaos Gem bounty that Four Symbol Mansion offered, but he also wanted to see Duan Lingfeng be killed with his own eyes.

He harbored deep hatred against Jian Wushuang and Duan Lingfeng.

He wanted them to be dead.

“Zi Dongwang, I have other matters to attend to. I have no time to spare to talk nonsense with you. Move away,” Jian Wushuang glared at Zi Dongwang before him with his pair of cold eyes.

“Hehe, go ahead if you want to leave. I will not stop you,” Zi Dongwang sneered.

Jian Wushuang moved without hesitation and detoured around Zi Dongwang to continue to plunge forward in the void.

Zi Dongwang didn’t stop him, but just as Jian Wushuang passed by him...

“Jian Wushuang definitely knows the location of Duan Lingfeng. Let’s go, let’s follow behind him. We can definitely find Duan Lingfeng if we tail him,” Zi Dongwang looked at the Void Real God who carried an axe on his back next to him.

Then, they followed behind Jian Wushuang.

The two of them were extraordinarily powerful and rather good at traveling speed. They could totally keep up to Jian Wushuang’s speed.

Looking at the two followers behind him, Jian Wushuang squinted his eyes.

“Zi Dongwang, I have no time for you. Go away!” Jian Wushuang bellowed.

“Haha, Jian Wushuang, I didn’t stop you. You can go wherever you like. As for if I want to follow you, that’s my own business. Who are you to interfere?” Zi Dongwang scoffed.

Jian Wushuang immediately stopped and turned around to look at Zi Dongwang.

Zi Dongwang immediately stopped too and looked at Jian Wushuang as they maintained a distance of more than a thousand miles.

“Zi Dongwang, let me ask you one last time. Are you leaving or not?” Jian Wushuang asked in a low voice.

“I’m not leaving. What can you do about me?” Zi Dongwang teased.

Forget about the fact that Jian Wushuang’s power had recovered to his peak, even so... Jian Wushuang at his peak was much stronger than him, but not that much stronger.

Plus, there was a void Real God who was extremely strong next to him. If they were to team up, they could totally fight evenly with Jian Wushuang, or even suppress Jian Wushuang.

If so, what was there to be afraid of?

That was what Zi Dongwang thought.

However, what he didn’t know was that Jian Wushuang’s peak condition that he thought of had remained at the level twenty-thousand years ago when they were in Wu Bei’s cave.

But then, twenty-thousand years later, Jian Wushuang already passed the third inverse cultivation test!

Chapter 1575: One Stroke!

“Not going to leave?”

Jian Wushuang’s eyes turned cold and the Blood Mountain Sword behind him was unsheathed slowly.

“Why, you wish to fight? Do you think that I will be scared of you?” Zi Dongwang still did not care about Jian Wushuang.

“Since you are unwilling to leave, you can stay here forever.”

Jian Wushuang’s voice turned indifferent the instant when his words left his mouth.

Whoosh!

Eighteen shadows appeared at the same time.

Every shadow of the eighteen shadows was as fast as a ghost and they flew in front of Zi Dongwang quickly.

The eighteen shadows swung the long swords in their hands.

It was obvious that it was only a normal stroke and Unique Skills that were shocking were not used. However, this stroke... was too fast.

The smile on Zi Dongwang’s face disappeared completely and he stared at the icy-cold sword light which appeared in front of him persistently. In his eyes, the sword light was becoming bigger and bigger. He then did his best to make a move to block the attack. At the very least, he needed his palm to be before the sword light to block it.

However, in actual fact, he was too slow. When he had just raised his palm, the sword light had already swept past his neck.

Swoosh!

A big head was sent flying.

Zi Dongwang opened his eyes big. His consciousness did not dissipate completely right away. However, he could only look on as his head was separated from his body as he could not do anything.

“How is this possible?”

“Why did this happen?”

Zi Dongwang’s mouth was still muttering something. After that, his eyes started to fade out completely.

Jian Wushuang then unleashed an impact and reduced Zi Dongwang’s body which had lost any form of life to fine powder. After that, his eyes looked toward the Void Real God who was carrying a big axe.

Swoosh!

The Void Real God, who was carrying a big axe, was so frightened that he retreated quickly and immediately.

Jian Wushuang looked at the Void Real God coldly and shouted: “If you still dare to follow me, you will end up like Zi Dongwang.”

"I dare not, I dare not," the Void Real God shook his head repeatedly.

This was no joke. Although Zi Dongwang was only a Universe God, he was strong enough to be in the top four of the Universe God ranking list. His abilities were also stronger than that of a normal Void Real God and he was very close to a Peak Void Real God. As such, he was not weaker than a Void Real God. However, he was still killed by Jian Wushuang.

Hence, why would he dare to follow Jian Wushuang?

"Hmph."

Jian Wushuang gave a cold hum. In no time, his body disappeared from the line of vision of the Void Real God.

Seeing that Jian Wushuang had left, the Void Real God, who was carrying a big axe, heaved a sigh of relief. When he raised his head again, his eyes were filled with astonishment.

"Amazing!"

"This is Zi Dongwang, a peak expert who is ranked third in the Universe God ranking list. And that Jian Wushuang is merely a Universe God. However, in the end..."

After taking a deep breath, the Void Real God spread the news hastily.

"Zi Dongwang who ranked third in the Universe God ranking list has been killed by Jian Wushuang in the Burning Demon Region. Moreover... he was killed with one stroke instantly!"

As soon as such simple news got out, in less than an hour, it caused an uproar in the Burning Demon Region, Four Symbol Land and the ten Cultivation Sanctuaries.

At a pavilion in the middle of a lake, amidst continuous mountains within the East Royal Sanctuary of the ten Cultivation Sanctuaries.

A thin, weak young man who looked ill with a pale expression stood up vigorously.

"Zi Dongwang was actually killed by Jian Wushuang with one stroke?"

"Just one stroke?"

"How is this possible?"

From the moment the God Destroying King, who was ranked first on the Universe God ranking list got his first position, this was the first time that he had revealed a shocked expression.

It must be known that even if it were him and he unleashed all his abilities instantly, he had no guarantee that he could kill Zi Dongwang with one stroke of his spear.

However, Jian Wushuang managed to do it.

Moreover, according to the Real God who witnessed that scene, Jian Wushuang was very relaxed when he killed Zi Dongwang and it looked as if he did not use his full power as well.

“Jian Wushuang. Back then, he lost all his abilities abruptly due to unknown reasons and became a disabled person. Moreover, it is said that he even went to the mystery land that ordinary people lived in. When I heard this news, I felt that it was a pity for this top genius. However, looking at it now... This Jian Wushuang definitely lost his abilities temporarily due to him practicing some sort of special secret skill. Now, his secret skills are complete and not only did his abilities recover, his abilities also rose terrifically!”

“Killing Zi Dongwang with one stroke. His current abilities might have surpassed even mine!”

At the very moment, the God Destroying King could only say that Jian Wushuang might have surpassed him.

After all, he did not fight with Jian Wushuang for real. It might just be the Void Real God who saw Jian Wushuang fighting making an overstatement.

No matter what, he was clear that the exceptional genius with abilities that had overpowered him before during the fight in Wu Bei’s cave and also caused him to be extremely shocked had returned for real!

...

At the Lineage of Star, inside the cave that Hall Master Yuan was in.

“Haha~~~”

The Hall Master Yuan of the very moment was laughing heartily and his laughter reverberated through the whole cave.

“This Jian Wushuang has only just entered the Burning Demon Region. Even before coming into contact with Duan Lingfeng, he has already caused such a huge commotion.”

“Killing Zi Dongwang with one stroke, hehe... Moreover, he has definitely not unleashed his full power yet.”

Hall Master Yuan understood that since Jian Wushuang had cleared the Inverse Cultivation Test for the Third Heaven, his abilities had definitely risen greatly compared to the past. Hence, he could confirm that Jian Wushuang’s current abilities were no doubt greater than the God Destroying King’s, who ranked first in the Universe God ranking list. As for how much stronger Jian Wushuang had gotten, he was unable to tell.

However, killing Zi Dongwang with one stroke was definitely not Jian Wushuang’s full fighting capabilities.

“Hmph, for the past few years, quite a number of deacons in the Lineage of Star always thought that I favored Jian Wushuang and that I was too kind toward him. Little did they imagine that Jian Wushuang would be the top genius of the Lineage of Star and that it would be worth all our effort and resources to nurture him.”

“For the past few years, they even looked for me one by one to discuss this matter. Now, I really wish to see what else they will say.”

After laughing apathetically, Hall Master Yuan informed the deacons in the Lineage of Star of this matter immediately.

In no time, the Lineage of Star was in an uproar.

Within the Burning Demon Region, Jian Wushuang was still alone by himself and he was hurrying in the direction of the place that Duan Lingfeng was. During his journey, his expression became unusually cold.

“Since back then in Wu Bei’s cave, I already couldn’t tolerate that Zi Dongwang. However, it’s a pity that my abilities were not high enough at that time and I could only defeat him at best, as killing him would have been too difficult. However, the present is different from the past. As of now, if I’m not wrong, I could even kill the God Destroying King. Hence, even though he is merely Zi Dongwang, he still dares to be arrogant in front of me. He is really courting death!”

Jian Wushuang was full of murderous intent.

In Wu Bei’s cave, both of them were fighting for the White Blaze Fruit. Therefore, even though Zi Dongwang had found trouble for him by trying to kill him, he would not bear any grudge or take revenge against him intentionally.

However, at present, Zi Dongwang acted recklessly and came looking for him with trouble. This was indeed being very foolish.

Chapter 1576: Hello, Duan Lingfeng

Burning Demon Region was left behind by an Almighty after all. It was a vast expanse.

Although Jian Wushuang knew Duan Lingfeng’s location, he required some time to rush over.

Jian Wushuang had spread his soul power across long ago to ensure no one was behind him. Then, he came to where Duan Lingfeng was hiding.

He was at a volcano made of crimson rocks. The volcano looked ordinary but in actual fact, there was a hidden mystery in it.

“Duan Lingfeng, I found it,” Jian Wushuang sent a message and informed him.

“You should have noticed the prohibition outside, right? I do not control the prohibition, you can only barge in forcefully,” Duan Lingfeng said.

“I Understand,” Jian Wushuang nodded faintly.

Blood Mountain Sword immediately appeared in his hand while his body instantly barged through the prohibition before him.

Not only did the prohibition before him have a concealing function, it also had a decent force. An ordinary Void Real God would find it difficult to pass through the prohibition using force itself. However, Jian Wushuang only spent very little time before he passed through it.

In an ordinary cave dwelling after the prohibition, Jian Wushuang finally saw Duan Lingfeng.

Duan Lingfeng looked cold but he seemed to be in good condition.

“Duan Lingfeng, it is rare to see someone corner you like that,” Jian Wushuang joked.

“You aren’t ashamed to talk about me, huh? When you lost all your power previously, you probably looked more in a fix than I am now. As you’re here, I’m guessing you have recovered your power?” Duan Lingfeng pouted and asked.

“Mm, I just recovered not long ago. I heard that you were in danger so I rushed over,” Jian Wushuang smiled faintly and he sighed emotionally.

Luckily, he had already passed through the third inverse cultivation test. Otherwise, with his previous condition, he would be in no position to do anything if he were to find out about Duan Lingfeng’s situation.

“Oh yeah, what happened? Why did you opt to kill the core disciple of Four Symbol Mansion in Four Symbol Land itself?” Jian Wushuang asked.

Four Symbol Mansion was the overlord of Four Symbol Land.

Just like Lineage of Star in Star land.

To kill the core disciple of Four Symbol Mansion within the territory of Four Symbol Mansion wasn’t a wise choice.

“Jian Wushuang, when we first met in Ancient Star Sea, I already told you that I have an enemy. I have always been chased after by that enemy and even brought Brother Luo Yan to death. And that enemy was a huge force in a Holy Kingdom,” Duan Lingfeng started explaining.

“After I become more powerful, I returned to destroy the force. However, the one who I harbored deep-seated hatred among the force, also the Universe God who I wanted to kill the most, came to Ten Cultivation Sanctuaries long ago. I entrusted Vientiane Tower to look for this person and they finally found the Universe God in Four Symbol Land, also the core disciple of Four Symbol Mansion.”

“He’s the person you killed?” Jian Wushuang looked at Duan Lingfeng.

“Yes,” Duan Lingfeng nodded, “At first, I intended to wait and kill him when he left Four Symbol Land to wander outside. However, he reached the turning point to breakthrough and become a Real God. Hence, he didn’t plan to leave Four Symbol Land during the time but stayed back to prepare for the breakthrough. Plus, he was a genius disciple in Four Symbol Mansion. Once he breaks through and becomes a Real God, he will be a Peak Void Real God. Then, he will permanently reside in Four Symbol Mansion. By then, it would be even harder for me to kill him.”

“I have no alternative but to take action in Four Symbol Land. I seized the opportunity and killed him when he went to prepare for auxiliary treasure.”

“As for what happened later on, you should have known.”

“I see,” Jian Wushuang nodded after he heard the story.

He knew that Duan Lingfeng wouldn't go haywire and kill a core disciple of Four Symbol Mansion in Four Symbol Land for no reason.

From what it seemed, he really had no choice.

If he were to not kill his enemy then, he didn't know how long he would have to wait till he got the chance to kill him in the future.

"If I were him, I would definitely make the same choice," Jian Wushuang thought to himself.

"Duan Lingfeng, your situation now isn't great. If I hadn't rushed here, would you be hiding behind this prohibition and waiting for death?" Jian Wushuang said curiously.

"Wait for death? Of course not," Duan Lingfeng shook his head and his voice became deeper, "I am betting that I would already break through and become a Real God before the experts in Four Symbol Mansion found me!"

"Break through and become a Real God?" Jian Wushuang was stunned and looked at Duan Lingfeng in shock, "You're going to break through?"

"When I was chased after, I really did see a chance to break through. Although I didn't prepare much, I could only risk everything and try. When I am hiding behind this prohibition, I have been trying to break through and become a Real God but I have yet to. However, I have a feeling that I will definitely break through and become a Real God if you give me more time!"

"Once I break through and become a Real God, I am confident I can rush out from Burning Demon Region!" Duan Lingfeng clenched his fists.

Jian Wushuang heard this and he was astonished.

He thought Duan Lingfeng had no way out and that was why he had barged into Burning Demon Region for his final struggle.

From what it seemed, Duan Lingfeng wasn't fighting like a cornered beast but he was cutting off all means of retreat to show his determination to push ahead and grab the chance.

"He lives up to his reputation as a top genius in Eternal Chaotic World," Jian Wushuang complimented.

"When I was behind this prohibition alone, I had to keep my guard high although I was trying to breakthrough. Hence, the efficiency of breaking through wasn't high. But then, you're here and it's different now. Jian Wushuang, do me a favor. Don't let anyone interrupt me," Duan Lingfeng said solemnly.

"Okay," Jian Wushuang nodded with a smile, "Go ahead and break through in peace. Let me take care of this. Unless I die, I'll definitely not let anyone disturb you."

"Thank you," Duan Lingfeng looked at Jian Wushuang thankfully but he entered the depth of the cave dwelling to continue to breakthrough without hesitation.

He had to seize the time.

Then, Jian Wushuang left the cave dwelling and sat outside.

After he sat down, he couldn't help but look at the cave dwelling behind him. He sighed, "I never thought that at such a crucial moment, Duan Lingfeng would have a chance to breakthrough. So impressive!"

"He's very calm, as calm as you," King of Venomous Worms' voice rang in Jian Wushuang's head, "You and him are very similar in this aspect. You are the same. The more dangerous it is, the calmer you are and the more likely you are to grasp the slim chance of survival in a certain-death situation."

"True," Jian Wushuang nodded faintly.

He calmed down very quickly.

"This place where Duan Lingfeng is hiding is quite secretive and the surrounding prohibition is quite unfathomable. The experts in Burning Demon Region will need some more time to find this place. I should prepare myself during the wait!" There was a glimpse of light in Jian Wushuang's eyes.

Chapter 1577: Narrowing Down The Search Area

Right after Jian Wushuang had cleared the Inverse Cultivation Test for the Third Heaven and became a Universe God of the Third Heaven, he went to the Burning Demon Region immediately.

During his journey, he did not seclude himself in meditation or do any training.

However, it must be known that for his abilities, most of them would become a lot more powerful as soon as he achieved the Universe God of the Third Heaven.

For example, his Sword Principles...

His Sword Principles had reached the maximum level for a Universe God of the Second Heaven a long time ago. Moreover, he already possessed higher levels of understanding of Sword Principles and comprehension. In particular, the accumulated understanding of Sword Principles from solving the one thousand moves of the Scattered Stars Game in Wu Bei's cave had allowed him to possess the ability to create stronger Unique Skills. However, he was still unable to create them.

At the very moment, his realm finally made a breakthrough to the next level. As such, his Sword Principles would naturally skyrocket and he would be able to create Unique Skills that were many levels stronger than before.

However, the problem was that he had not studied his Sword Principles or tried to create new Unique Skills yet.

It wasn't until that very moment when he was inside the seal. For the next period of time before the experts found them, he could let his mind settle down and enhance his own Sword Principles.

"Let's begin."

Jian Wushuang closed his eyes and started his first training after clearing the Inverse Cultivation Test of the Third Heaven.

Time passed slowly.

In the blink of an eye, fifteen years had passed by.

During the fifteen years, within the Burning Demon Region, the experts of the Four Symbol Mansion and the experts who came for the reward of one thousand million Chaos Gems still had not given up on the search for Duan Lingfeng.

Moreover, after searching for the past few years, the search area had become smaller and smaller.

Up till the very day.

Swoosh!

A middle-aged man wearing green armor flew past the volcano.

The middle-aged man was a Void Real God of the Four Symbol Mansion. At that very moment, he was moving and chatting with another Void Real God via the transmission token at the same time.

“That Duan Lingfeng really knows how to hide. Although the Four Symbol Mansion has so many experts and we have also searched the Burning Demon Region for tens of years, we are still unable to find him,” the middle-aged man curled his lips and said.

“Haha. There is no rush. Since we can confirm that Duan Lingfeng is still hiding within the Burning Demon Region, we will find him eventually. As soon as we find him, he will definitely be killed. Now, he is merely waiting for death,” laughter could be heard from the other party using the transmission token.

“That’s true.”

The middle-aged man nodded his head. However, at that very moment, his expression changed abruptly and he stopped moving.

“Eh?” the middle-aged man turned around and looked at the volcano that he had just passed through.

The volcano looked normal. If one were to look at it with his naked eyes, he would not be able to see anything unusual. However, since the middle-aged man flew past the skies of the volcano, he felt a special sensation.

The middle-aged man then headed toward the mountain slowly. When he reached the sky above the mountain, he started to investigate thoroughly.

After some time, he got his answer.

“There’s actually another seal hidden here?” the middle-aged man raised his eyebrows and sent a message to the party on the other side of the token: “I have discovered a hidden seal and I will go in and take a look first. We shall continue our conversation later.”

“Alright, please be careful. If you come across Duan Lingfeng, do not confront him. Instead, escape straight away and send a message to us,” the party on the other side of the token warned.

“Don’t worry, although Duan Lingfeng is strong, it will not be that easy to kill me.”

The middle-aged man giggled and he quickly charged into the seal that covered the volcano.

His abilities were not weak. Although he had not achieved the peak of a Void Real God, he was already very close to it. Moreover, even though the seal covering the volcano was considered powerful, it would still be very difficult to stop him. After just a short amount of time, he had bypassed many obstacles and was only left with the last obstacle.

After getting past the last obstacle, he would be able to observe the real view of the volcano clearly.

“Haha, break!” the middle-aged man swung the big hammer on his hands and was about to smash the final obstacle.

However, all of a sudden... an invisible strength headed toward him.

The middle-aged man’s body shook and his consciousness turned sleepy immediately. After that, an icy-cold sword light lit up and swept past the middle-aged man’s neck.

It was only when his life was about to come to an end that his consciousness woke up.

“I, I...”

As the middle-aged man murmured, his eyes were filled with fright. However, at the final moment, his consciousness still managed to send out a message.

“Duan Lingfeng is at...”

The middle-aged man was only able to send a four-word message out. After that, the light in his eyes faded away completely.

At the volcano covered by the seal, Jian Wushuang was still sitting down with his legs crossed and he was putting the Blood Mountain Sword in his hands back into the scabbard. After that, he raised his head and looked in the direction of the middle-aged man.

Due to the seal’s interference, Jian Wushuang could see what was happening in the outside world. However, the middle-aged man was unable to see him.

Jian Wushuang’s expression turned grave.

“Someone has found this place. Although he was killed by me straight away, there is no guarantee that he didn’t send a message out before he died. In other words, the location that Duan Lingfeng and I are in will most likely be exposed. Hence, the experts of the Four Symbol Mansion would hurry over in no time,” Jian Wushuang frowned and glanced at the cave behind him immediately.

For the past fifteen years, Duan Lingfeng had secluded himself in meditation all the while. Jian Wushuang had also stood guard outside the cave so that Duan Lingfeng would not be disturbed in the slightest.

However, it was not easy to make a breakthrough to Real God. Up till the very moment, Duan Lingfeng was still in the midst of making a breakthrough.

“I hope that he is able to make it in time. If not...” Jian Wushuang’s eyes glowed with coldness and he closed his eyes again immediately.

At the same time, when the middle-aged man was killed by Jian Wushuang, at a corner that was within the Burning Demon Region, a black-haired, bold old man's body stopped moving abruptly.

There was a token on his hands and the four words of the middle-aged man were sent over.

"Duan Lingfeng is at..."

However, the message stopped there. The black-haired old man also sent a message with the intention to question him immediately. However, there was no reply at all.

"He's dead. Real God Qing Ling is already dead!"

"He has definitely found the hiding spot of Duan Lingfeng. Thus, he was killed by Duan Lingfeng straight away."

The black-haired old man thought that it was Duan Lingfeng who had killed Real God Qing Ling.

He then sent a message to the Real God experts of the Four Symbol Mansion at once to inform them of this matter.

Apart from being furious, the experts of the Four Symbol Mansion locked on to a particular area within the Burning Demon Region.

"Real God Qing Ling has been communicating with me all the while. I have also asked for his location and he said that he had just passed by the Earth Fire Demon Lair (a special area within the Burning Demon Region). After that, he continued to talk to me for a short while. Thus, in such a small amount of time, he will definitely still be somewhere close to the Earth Fire Demon Lair and that was where he died.

"As long as we conduct a search thoroughly within the range of a thousand million miles of the Earth Fire Demon Lair, we will definitely be able to find Duan Lingfeng!" the black-haired, bold old man was very sure.

Thus, the Four Symbol Mansion narrowed down the range of their search area at once.

Initially, it would be very difficult for the Four Symbol Mansion to find Duan Lingfeng as there were countless seals within the vast Burning Demon Region.

However, at that very moment, the search area had been narrowed down to only one thousand million miles. Thus, it would be much easier for them to find Duan Lingfeng.

Chapter 1578: Found!

The experts in Four Symbol Mansion scattered around Earth Fire Demon Lair within a ten billion mile range and searched.

Merely five days later.

There were two Void Real God from Four Symbol Mansion that stopped in the air above the volcano which Jian Wushuang and Duan Lingfeng were in.

The two Void Real Gods overlooked the volcano below them.

"I never knew that there was another prohibition here," a lady in black smiled faintly.

"Real God Huan Ling, it's your call," the cold-looking bald man next to her said.

"Let me take care of this," the lady in black smiled faintly and immediately started to resolve the prohibition.

Burning Demon Region was left behind by an Almighty and there were many traps. As such, among the experts that were sent by Four Symbol Mansion to chase after Duan Lingfeng, many had high attainment in formation and prohibitions. The lady in black, Real God Huan Ling, was one of them.

As Real God Huan Ling was resolving the prohibition, in the volcano that was covered by the prohibition, Jian Wushuang squinted his eyes.

"It seems like we can't continue to hide. We have to fight head-on," Jian Wushuang stood up.

He knew that once the prohibition at the surrounding of volcano was resolved entirely, Duan Lingfeng and he would be revealed before Four Symbol Mansion.

Then, the experts from Four Symbol Mansion wanted to barge in and Jian Wushuang wouldn't be able to stop them. After all, the experts in Four Symbol Mansion could totally ignore him and charge into the cave dwelling to kill Duan Lingfeng.

Hence, he had to take action before the prohibition was resolved.

Blood Mountain Sword appeared in Jian Wushuang's hand.

Whistle!

Jian Wushuang flew out in silence.

In the void above, the lady in black was still resolving the prohibition attentively. As for the bald man, he stood next to her.

Just then, there was suddenly a burst in the air.

Although the burst in the air was extremely soft, the bald man instantly noticed.

"Real God Huan Ling, watch out!" The bald man shouted while he immediately wielded a saber.

"What?" The lady in black was frightened.

Wow!

A brilliant sword light suddenly exploded and the sword light was so fast that no one could see the trace.

"Humph!" The bald man humphed and the saber in his hand slashed out like a lightning. It was as though there was thunder from nowhere.

The saber collided with the sword light directly and there was an explosion of fierce power. The bald man retreated from the impact while the lady in black, Real God Huan Ling, retreated too.

The two of them retreated far away before they steadied themselves again. The moment the bald man steadied himself, he immediately took out a communication token, "Found them. Here's where they are!"

In that instant, the experts from Four Symbol Mansion who were looking for Duan Lingfeng within the ten billion mile range were thrilled with excitement.

"Found him!"

"Finally found him!"

"He's really around the Earth Fire Demon Lair."

"Go, hurry up and go!"

A large number of experts hurried over.

In a short while, there were more than forty experts from Four Symbol Mansion in the void surrounding the volcano that came.

Among the experts who came, besides the few Universe Gods, the others were all Void Real Gods!

"There's quite a number of Real Gods."

Jian Wushuang held his sword with one hand as he stood in the void and watched the group of Real Gods before him. He licked his lips slowly.

For a force like Four Symbol Mansion, ordinary Void Real Gods were nothing.

Just like Lineage of Star, although there weren't many core Real Gods, Real Gods who were an appendage to Lineage of Star were quite many.

They could easily gather ten or even hundreds of Void Real God to Earth Fire Demon Lair.

Then, the Real Gods from Four Symbol Mansion fixed their gazes on Jian Wushuang.

Although Jian Wushuang didn't reveal himself, they were certain that Duan Lingfeng was definitely behind the prohibition behind Jian Wushuang.

"Jian Wushuang, do you really want to get involved in what happened today?" The cold-looking bald man asked in a deep voice.

"Nonsense! If I am not getting involved, why am I here?" Jian Wushuang sneered, "Duan Lingfeng is my best friend. If you want to kill him, you have to kill me first!"

"You have guts!" The bald man roared.

"Don't waste time with him. If I'm not mistaken, Real God Qing Ling should have died by Jian Wushuang's hands," the old and strong black-haired elderly spoke.

Real God Qing Ling was a Void Real God close to the peak after all. But in the end, he was killed in an instant without any struggle.

Duan Lingfeng definitely couldn't do that but Jian Wushuang could. He killed Zi Dongwang with one stroke.

"He killed Four Symbol Mansion's Real God. Although he was the top genius from Lineage of Star, we definitely can't just let this slip. We need to capture him alive and bring him back to the mansion. Hall Master Yuan from Lineage of Star has to come and apologize personally," the old and strong black-haired elderly said.

"Alright," the bald man nodded and he looked at the three Void Real Gods next to him who had stronger auras and said, "Jian Wushuang killed Zi Dongwang in one stroke. He is powerful. Real God Tong Yi, Real God Zhong Huo, Real God Bai Hao, the three of you and I team up and suppress him!"

"No problem," the three Void Real Gods nodded.

The three of them and the bald man were Peak Void Real Gods. They were the strongest four among the Real Gods at the scene.

If the four of them team up, even if they were to fight against a weaker Eternal Real God, they definitely could be evenly matched.

"Let's go!"

The bald man bellowed. Then, the four fierce auras suddenly exploded and the four figures plunged forward instantly.

Jian Wushuang continued to stand there but he could feel the pressure that the four fierce auras ahead brought about. However, there was no fear nor worries on his face. On the contrary, there was a glimpse of light in his eyes.

"I went through the third inverse cultivation test for twenty-one thousand years!"

"During the twenty-one thousand years, I never fought with anyone, let alone fight a life-and-death battle."

"My body was asleep for too long. I almost forget the feeling of a massacre."

"But now... I can finally fight a battle heartily!"

Jian Wushuang clenched his hands and the blood all over his body was boiling.

His intention to fight was billowing!

He stared at the four people who were charging at him.

"Fight, let's fight!"

"Let me see just how strong I am now!"

With boundless excitement and passion, Jian Wushuang's figure grew illusory.

Vroom!

Eighteen shadows were cast simultaneously.

The eighteen shadows under the influence of the power of spacetime pierced through the void easily. The speed of it... The four void Real Gods from Four Symbol Mansion moved before Jian Wushuang much earlier but Jian Wushuang rushed to them faster than they did to him.

Wow! Wow! Wow! Wow!

The eighteen shadows wielded their swords altogether and swung.

It looked as though there were really eighteen people launching an attack at the same time.

Chapter 1579: Four Void Real Gods!

Jian Wushuang had drawn his sword at the same time as the four Void Real Gods. However, his Sword Principles still clashed with the attacks unleashed by the four Void Real Gods first.

Clang! Clang! Clang! Clang!

Four sounds of metal clashing could be heard continuously. The strong power pulverized the void across the area and the bodies of the four Peak Void Real Gods from the Four Symbol Mansion could not help but retreat.

“This little kid. What a strange martial art motion,” Real God Tong Yi said shockingly.

“Don’t underestimate him. Back then in Wu Bei’s cave, he was recognized as the number one in martial art motion among the Universe Gods. Now, since his abilities have grown stronger, his martial art motion would naturally be more frightening,” the bald man said earnestly.

Buzz!

Eighteen shadows appeared again. However, this time around, Jian Wushuang appeared directly in front of the four of them.

As he raised the Blood Mountain Sword in his hands, the Divine Power in his body flowed into the long sword continuously.

It must be known that back then when Jian Wushuang was still a Universe God of the Second Heaven, he was a Universe God who possessed the three strongest Sword Principles. Combined with the Ancient God Power, as well as the fact that he was an Inverse Cultivator, his full power was stronger than many of the Universe Gods of the Third Heaven. Furthermore, with the secret skill of the Blood Feather Reincarnation Armor, his power was not too far from that of a Void Real God.

When he achieved the Universe God of the Third Heaven, not looking at other components, his Divine Power alone had multiplied tens of times.

At that very moment, just his Divine Power alone had achieved the highest peak of a Real God.

“One Stroke of No Regrets!”

Boom!

A great amount of sword essence, which contained a faithful will that would not disappear until death, appeared and it wished to destroy the whole heaven.

The void froze and it was extremely cold.

When the void was completely frozen, a swordlight appeared.

One Stroke of No Regrets!

Jian Wushuang had been training within the volcano for fifteen years. For this Unique Skill, it was created from using his accumulation of Sword Principles from the past and combined with his own comprehension toward the Reincarnation Doctrine and Spacetime Doctrine.

Real God-level Unique Skills were similar to those of a Universe God and they were split into three stages.

The first stage was equivalent to a Void Real God, the second stage was equivalent to an Eternal Real God and the third stage was equivalent to a Chaotic Real God.

By comparing the levels, Jian Wushuang's stroke was the strongest Unique Skill of the first stage of a Real God.

In a situation where Jian Wushuang unleashed his full power at such a close distance, the giant and boundless swordlight appeared in front of the four Void Real Gods of the Four Symbol Mansion with a flash.

"This stroke!"

The four Void Real Gods revealed shocked expressions.

All of them could feel a great pressure from the stroke and they also had a sense that they would not live through the stroke if they were alone.

"Quick, let's work together to block this stroke!" the bald man shouted fiercely at once.

The four Void Real Gods acted right away.

The bald man swung his saber straight away. At the moment he swung his saber, the shadow of a giant Exotic Beast appeared behind him. Both the hands of the shadow also raised the saber fiercely and a towering saber shadow descended mightily.

Real God Tong Yi's eyes turned icy-cold and he was holding a black, old épée. The black épée contained a huge amount of power. When Real God Tong Yi unleashed his Divine Power, he created a fierce, giant wave which was similar to that of a tsunami.

Real God Zhong Huo's body was covered by an enormous amount of flames. His palms inside his gloves had also turned completely red. With a shout from him, he clapped his hands once. The flames then turned into a giant fire lion and started to attack madly at once.

As for Real God Bai Hao, he stabbed the void with his longspear. The void collapsed with whooshing sounds and a giant black hole which was rotating crazily appeared fiercely. The black hole could swallow everything in the universe and it was launched at that moment abruptly.

Jian Wushuang and the four Void Real Gods had only started to fight and they had only faced each other for second time. However, the four Void Real Gods had already unleashed their full power and used their ultimate moves.

Four strong attacks that contained a great amount of power clashed with the giant swordlight that Jian Wushuang unleashed instantly.

Bam!

A frightening, earth-shaking, thunder-like sound could be heard.

The sound echoed across the whole universe and it was extremely loud.

The frightening Divine Power then became a Divine Power storm that had never existed before.

Within the Divine Power storm...

The person who was at the front was the bald man who had unleashed a towering saber shadow. When it clashed with Jian Wushuang's swordlight, it was broken into pieces at once. The bald man's arms trembled and his saber almost slipped out of his hands.

After that, the swordlight collided with the tsunami.

Swoosh!

The giant tsunami was split into two sections and the expression of Real God Tong Yi, who was holding the black old épée turned pale. He then staggered about and retreated by three steps.

The swordlight continued to sweep across the area mercilessly and it tore the giant fire lion apart. Real God Zhong Huo was extremely shocked and his palm experienced an unprecedented amount of pain.

Lastly, the swordlight struck the giant black hole which was rotating madly and it twisted into pieces. Real God Bai Hao opened his eyes wide as he realized that the swordlight continued to head toward his head after smashing his black hole apart. In a flurry, he swung the longspear in his hands to block the attack.

Clang!

Real God Bai Hao's body shook and he retreated in a miserable state.

At that moment, Jian Wushuang's eighteen shadows burst forth again and one of them appeared behind Real God Bai Hao like a ghost.

With a swing of his longsword, the Blood Mountain Sword left behind a strange mark on the void and it was so fast that Real God Bai Hao did not have time to block it.

Swoosh!

His head was sent flying and a Peak Void Real God died on the spot.

"Hiss~~"

"What?"

“How is this possible?”

Voices of surprise could be heard across the area.

The Real Gods of the Four Symbol Mansion were looking at the scene fearfully.

Even though four Peak Void Real Gods of the Four Symbol Mansion had teamed up to deal with Jian Wushuang, who was alone, after facing each other twice, three of them were actually forced to retreat while one of them was killed on the spot?

Moreover, it was one Universe God alone who had achieved this feat!

“Jian Wushuang!!!”

The bald man, Real God Tong Yi and Real God Zhong Huo, who were forced to retreat, were extremely furious.

They had never expected this to happen. Even though the four of them had teamed up, Jian Wushuang had still managed to kill one of them instantly.

Moreover, when Jian Wushuang was fighting them, he did not seem worried at all.

“How dare you!”

“Previously, you killed Real God Qing Ling of the Four Symbol Mansion. Now, you have killed Real God Bai Hao. Do you really think that as a top genius of the Lineage of Star, the Four Symbol Mansion won’t dare to kill you?”

The bald man was extremely furious. His voice was filled with a bit of madness and he shouted:

“Everyone, Jian Wushuang killed the Real Gods of the Four Symbol Mansion again and again. This shows that he does not care about the Four Symbol Mansion at all. Since this is the case, we do not need to show him any mercy. All of us are to attack together and kill him!!!”

“Kill!”

“Kill him!”

The eyes of the surrounding Real Gods of the Four Symbol Mansion started to turn a scarlet color.

In no time, a total of close to forty Void Real Gods attacked at the same time!

Chapter 1580: Butcher A Large Number

The Real Gods from Four Symbol Mansion didn’t launch an attack together because they were concerned about Jian Wushuang’s identity.

Jian Wushuang was the most outstanding disciple of Lineage of Star. If they were to kill Jian Wushuang, Lineage of Star would definitely get mad. Four Symbol Mansion didn’t want to put aside all considerations of face. Hence, when they knew that Jian Wushuang might have killed Real God Qing Ling, they didn’t intend to kill Jian Wushuang and only wanted to capture him alive.

Besides, Jian Wushuang was only a Universe God after all. It was already ridiculous that they had sent four Peak Void Real Gods to team up to suppress him. If all the Real Gods were to hemmed him in, it would be a joke if it were to spread.

But then... Seeing Jian Wushuang's power and Jian Wushuang's conduct of killing all their men without hesitation, the Real Gods from Four Symbol Mansion were furious.

No one cared about his identity, nor did they care about courtesy anymore.

The Real Gods charged forward and launched an attack against Jian Wushuang from all directions.

Jian Wushuang stood there and watched coldly.

He harbored no resentment against Four Symbol Mansion personally but they wanted to kill Duan Lingfeng.

Duan Lingfeng was his best friend. Whoever wanted to kill Duan Lingfeng, he would kill them with no mercy.

"Killing one is considered murder, killing a bunch is considered murder too. If so, I might as well butcher a large number!"

Jian Wushuang's cold voice reverberated the universe. A soaring murderous intention exploded from his body.

Blood Mountain Sword in his hand was shivering in madness. It was as though it was cheering for the upcoming massacre.

The next moment, Jian Wushuang moved!

Vroom!

The swarm of shadows were suddenly cast.

"What?"

"So many shadows?"

"This... which one is real and which one is fake?"

The bunch Real Gods were shocked at the sight.

They looked at the void before them and the shadows were shuttling to and fro creepily. It looked like there were a hundred shadows at one glance!

One must know that Jian Wushuang's martial art motion that casted eighteen shadows at the same time were described as terrifying and the Void Real Gods already found it threatening.

Then, there were a hundred of them?

The Real Gods were dumbfounded.

Then, Jian Wushuang's original body already appeared next to a Real God and he wielded Blood Mountain Sword.

Vroom. A faint sword whistle was heard. When he heard the whistle, the Real God's consciousness became sleepy.

After he passed the third inverse cultivation test, Jian Wushuang's soul power increased tremendously. Then, he had already reached the limit of a Void Real God. Whatever soul attack he performed, even without the secret skill of Tian Yuan but merely blended in Sword Principle, would also require one to possess consciousness strength of a Peak Void Real God to withstand.

An ordinary Void Real God wouldn't be able to withstand it.

Sword light glided through easily. The Real God didn't even have the ability to struggle but died on the spot.

Then, Jian Wushuang's original body appeared next to the second Real God and similarly, the sword light whistled and the outcome was the same.

Suddenly, there were two Real Gods killed while Jian Wushuang's body continued to move.

Third, Fourth, Eighth...

Massacre!

There was a crowd of almost forty Real Gods that pounded forward with the intention of killing Jian Wushuang but they were massacred by Jian Wushuang brutally.

Jian Wushuang's martial art motion was too creepy. There were almost a hundred figures and they couldn't determine where Jian Wushuang really was. They could only see Jian Wushuang appear next to one Real God after another and strike to kill them.

Under Jian Wushuang's soul attack, the Real Gods were like silly men. No one could withstand Jian Wushuang's stroke.

Every stroke he swung would kill one Real God.

There were almost forty Real Gods but they were like Jian Wushuang's single living target at that moment.

Jian Wushuang killed them but they didn't even lay a finger on Jian Wushuang. Occasionally, there were Real Gods who attacked out of anger and fear but they only slashed Jian Wushuang's shadow. Their attacks only affected their own men in their surroundings.

A situation where they became living targets struck fear in the Real Gods.

"Run, hurry up and run!"

"Run, quickly!"

Suddenly, those Real Gods who were alive immediately ran backwards. All of them were running desperately and there were still a few Real Gods who were killed by Jian Wushuang brutally during the process.

After a while, the Real Gods finally ran far away.

Then, the Real Gods gathered and looked at the dead bodies all over the floor in the void. Then, they looked at the few Real Gods that were left around them. The Real Gods were suddenly silent.

Seven!

Yes, the Real Gods who survived Jian Wushuang's mad massacre and escaped, including the bald man, Real God Tong Yi, Real God Zhong Huo, there were only seven of them!

One should know that the time from when the crowd of Real Gods had swarmed in until seven Real Gods had escaped to the void, only two breaths had passed.

Two breaths were just an instant.

But in the end, in the short period of time, almost forty Real Gods were massacred by Jian Wushuang and there were only seven of them left!

Silence!

The universe was in silence!

There was only faint breeze whistling in the air. The breeze blew over the bodies all over and the air was filled with pungent blood smell.

At the surroundings of the battlefield, there were experts hiding.

The experts weren't from Four Symbol Mansion but they came for the bounty of ten billion Chaos Gems. When Four Symbol Mansion locked down Jian Wushuang and Duan Lingfeng's location within the ten-billion mile range around Earth Fire Demon Lair, the experts came searching around too. Once they noticed the movement there, they naturally hurried over.

They saw the earlier scene too.

A Universe God, in two breaths, had fought against almost forty Real Gods and there were only seven of them left.

It stirred a great commotion in the experts' hearts.

"The earlier scene, did you record it with the mirroring image?" A man with tanned skin asked a red-headed maiden.

"Yes, I did," the red-headed maiden nodded faintly and there was astonishment in her eyes.

"That's great," the man with tanned skin nodded heavily as there was light shimmering in his eyes.

On the battlefield, it was still silent.

Jian Wushuang held the sword with one hand. From the tip of the Blood Mountain Sword, blood was flowing down faintly.

"I underwent the inverse cultivation test for twenty-one thousand years. I was truly just a commoner. Not only did I have no power at all, I also couldn't feel the existence of any doctrines. But once I passed the inverse cultivation test, I naturally understood more in terms of the power of Heaven Way. The Reincarnation Doctrine and Spacetime Doctrine that I comprehended improved tremendously!"
