

Swordsman 1581

Chapter 1581: Real God Xue Wu

“Although I am not sure how much the Reincarnation Doctrine and Spacetime Doctrine have grown, I feel that both of them have already reached a stage where they could clear the second level of the Doctrine Palace. Moreover, this is only a safe estimate of mine!”

Jian Wushuang chuckled.

For the twenty-one thousand years that he took to clear the Inverse Cultivation Test for the Third Heaven, it was not wise to say that he had neither trained nor comprehended anything.

After clearing the Inverse Cultivation Test, every area of him grew greatly and it was the same for his comprehension of the Heaven Way.

The growth of the Reincarnation Doctrine had caused the power of his Sword Principles to skyrocket. At the same time, the power from the activation of his Blood Feather Reincarnation armor was also great.

As for the growth of the Spacetime Doctrine, it would affect the Power of Spacetime and cause the speed of his Sword Principles as well as body movement to go up crazily.

Furthermore, there was still a Flowing Light Phantom, a secret skill of the martial art motion.

The Flowing Light Phantom had always required the use of the Power of Spacetime. With greater comprehension toward the Spacetime Doctrine, this secret skill would become more frightening when used.

When he was travelling and fighting in Wu Bei’s cave, he had only just comprehended a small bit of the Spacetime Doctrine. With that, he could unleash the power of the third stage of the Flowing Light Phantom and create eighteen shadows.

However, after clearing the Inverse Cultivation Test, his comprehension of the Spacetime Doctrine could make it past the second level of the Doctrine Palace at the very least. By using his Power of Spacetime in its current state, he could achieve the fourth stage of the Flowing Light Phantom.

As soon as the Flowing Light Phantom was unleashed, a total of ninety-nine shadows would be created.

Ninety-nine shadows were many times more frightening than eighteen shadows.

He could deal with close to forty Void Real Gods of the Four Symbol Mansion when they teamed up. Moreover, he would also be not too afraid even if he were to come across an Eternal Real God.

Hence, with Jian Wushuang’s martial art motion, there was only room for the Real Gods to be massacred mercilessly!

In just two breaths’ time, the Real Gods were massacred until only seven of them were left!

Moreover, if the seven of them did not escape immediately, Jian Wushuang had guaranteed that he could wipe out the Real Gods completely.

“Killing over thirty Real Gods in one go. As expected, my Blood Mountain Sword is about to grow as well,” Jian Wushuang’s eyes brightened abruptly.

He could feel that the Blood Mountain Sword was trembling madly at that moment and its power was increasing continuously.

In just a short while, the power that the Blood Mountain Sword delivered had achieved a new level.

The Blood Mountain Sword was an embryo sword that would grow continuously during battles and it had been very useful to Jian Wushuang over the years.

In particular, Jian Wushuang had integrated the Unique Skills created by him into the longsword continuously. As such, the power of the Blood Mountain Sword also grew continuously.

Back then, the Blood Mountain Sword had grown to become a Chaos Unique Treasure which had reached the level of the peak of a Universe God. Moreover, it could even rival a Real God-level Chaos Unique Treasure.

At the very moment...

“Real God-level!”

Jian Wushuang was delighted.

He could feel that the Blood Mountain Sword had achieved the level of a Real God-level Chaos Unique Treasure and this meant that the power of the Blood Mountain Sword would rise again.

At that very moment...

“Eh?” Jian Wushuang’s expression changed abruptly and his eyes also looked in one direction.

His Soul Power had detected very clearly that in that direction, a strong aura was hurrying over. Moreover, the speed at which the aura was coming was very shocking.

In just a short amount of time, the shadow appeared in front of everyone.

The shadow was a grey-robed old man and his face looked as if he had experienced many vicissitudes of life. Although his eyes were turbid, they still looked bright and full of expression.

The aura that his body had emitted was stronger than anyone else’s who was present.

This person was an Eternal Real God!

“Lord Xue Wu.”

When the seven Real Gods who had fortunately survived Jian Wushuang’s massacre saw the arrival of the old man, they were over the moon.

In order to kill Duan Lingfeng, the Four Symbol Mansion had sent many experts to the Burning Demon Region. However, most of the them were Void Real Gods.

As for Eternal Real Gods, the Four Symbol Mansion had only sent two of them.

After all, Duan Lingfeng was merely a Universe God and he did not possess the power to get experts of the Four Symbol Mansion who were at the level of Chaotic Real God to act. Moreover, sending two Eternal Real Gods and many Void Real Gods already meant that they were not belittling him.

The grey-robed old man Xue Wu in front of Jian Wushuang was one of the two Eternal Real Gods who were sent by the Four Symbol Mansion.

Real God Xue Wu and the other Eternal Real God of the Four Symbol Mansion had also stayed within a thousand million miles of the Earth Fire Demon Lair. The two of them were not searching wantonly like the Void Real Gods. Instead, they stationed themselves at two different areas. As such, as soon as the experts of the Four Symbol Mansion discovered the location of Duan Lingfeng, they would hurry over immediately and ensure that Duan Lingfeng had been killed.

Real God Xue Wu had just received the message and he rushed over right away. However, as he was very far away, he only managed to arrive at the very moment.

“What happened here?”

The moment Real God Xue Wu appeared, he saw the ground in front of him which was filled with bodies straight away. Those bodies still had remnants of a strong aura. Although the bodies were all of Real Gods, the most important thing was that there were tens of them.

“Lord Xue Wu, it’s Jian Wushuang. He fought with us and massacred more than thirty Real Gods of the Four Symbol Mansion!”

“Those dead Real Gods of the Four Symbol Mansion were all killed by him alone!”

“Lord Xue Wu, you have to avenge the dead Real Gods of the Four Symbol Mansion. Please kill Jian Wushuang!”

“That’s right. Kill him!”

“He has to die!”

The seven Real Gods, who were staring at Jian Wushuang furiously, were all roaring and their eyes which were looking at Jian Wushuang were filled with hatred. It looked as if they wanted to drink Jian Wushuang’s blood and eat Jian Wushuang’s flesh.

“What? He killed all of them alone?”

Real God Xue Wu looked toward Jian Wushuang with a bit of shock.

He could tell that Jian Wushuang was obviously a Universe God.

A Universe God had actually massacred more than thirty Real Gods of the Four Symbol Mansion?

“Jian Wushuang, how dare you!” Real God Xue Wu became infuriated at once.

To the Four Symbol Mansion, thirty Void Real Gods were an outstanding force.

For example, there were many weak and small powerhouses within the ten Cultivation Sanctuaries and each of these powerhouses contained either one or two Real Gods.

Although the Four Symbol Mansion was the overlord of one of the lands, they would also be extremely distressed if more than thirty of their Real Gods were to die at once.

“You have massacred so many Real Gods of the Four Symbol Mansion. Don’t say that you are a genius disciple of the Lineage of Star. Even if you are the founder’s disciple, you would still have to die!” Real God Xue Wu’s voice shook the heavens and the energy that he was emitting also raised his grey robe. His eyes which were looking at Jian Wushuang were also filled with astonishing murderous intent.

“Is that so?” Jian Wushuang squinted his eyes slightly and he was filled with fighting intent.

At that very moment, his fighting capabilities were much greater than they had been in the past.

As for how much stronger he had gotten, he had no idea either.

Thus, he wished to fight with a real expert so that he could know the extent of his own abilities.

However, it was a pity that the experts of the Four Symbol Mansion were merely Void Real Gods. Although there were many of them, they were unable to force him to use his full power.

It was not until the moment that Real God Xue Wu arrived that he felt he had an opportunity.

“Eternal Real God... I hope that you can force me to use my full power!”

Jian Wushuang’s mind was filled with excitement.

...

Chapter 1582: Fighting Against An Eternal Real God

“Die, boy!”

An angry roar spread across the universe. Real God Xue Wu, who was giving out a soaring aura, had an ancient silver hammer in his hand.

A silver hammer looked just as huge as a mountain and it was unusually heavy.

Real God Xue Wu held the hammer with one hand and he revealed himself in silver armor. He turned into an unrivaled warrior and pierced through the air before him to charge against Jian Wushuang directly.

Jian Wushuang put his divine power to full play too as light shimmered in his eyes.

“I’d like to see just how strong an Eternal Real God is!”

With boundless excitement, Jian Wushuang plunged forward too.

Two flowing lights collided instantly head-on.

To meet force with force!

“One Stroke of No Regrets!”

Hong!

A soaring sword intention that seemed to remain until death instantly swept out. It was as though it was going to break heavens.

The void became still and cold.

“Hammer Down!”

Real God Xue Wu wielded his huge hammer and he was going on a stronger offensive than Jian Wushuang.

The silver hammer slammed down from the void and the power had yet to be on full display. However, there was already a huge hole in the void.

It seemed as though the entire sky was going to break.

Bang!

There was an earth-shattering noise. Just as the noise echoed, there was instantly a boundless ripple of divine power that swept out.

Jian Wushuang’s face grew distressed. Just as the huge, silver hammer hit his Blood Mountain Sword, he could clearly feel a bolt of power transmitted. The power went through weakening by Blood Feather Reincarnation Armor and hit his divine body. It caused his energy and blood to churn in him. The hand that was holding Blood Mountain Sword went numb too.

Jian Wushuang’s body fell back from the attack. He fell back for a few hundred miles until he regained steadiness again.

“Such strong power!” Jian Wushuang couldn’t help but exclaim in surprise.

Although they were all Real Gods, an Eternal Real God who was on the second stage was much stronger compared to a Void Real God who was on the first stage.

Merely in the aspect of divine power explosion, they definitely won hands down.

“Real God Wu Xue, I’m afraid he has yet to give his all,” Jian Wushuang said.

At that very moment, Real God Xue Wu, who was in silver armor and had rage soaring into the air, took a huge stride, wielded the ancient silver hammer, and charged at Jian Wushuang again.

The boundless aura pressed over like billowing waves.

“I am not his match to meet force with force.”

“However, when two parties fight, power is not the only factor.”

Jian Wushuang smirked and suddenly moved.

A total of ninety-nine shadows were cast simultaneously.

Every one of them was swift in action like a ghost. They moved around the void easily to charge against Real God Xue Wu. Even Real God Xue Wu couldn’t determine which one of the shadows was the real Jian Wushuang.

“This martial art motion?”

Looking at the crowded shadows that flooded in, Real God Xue Wu was shocked.

Vroom!

A faint, air-piercing noise was heard. It was soft but Real God Xue Wu heard at the first instance.

“Behind me!” Real God Xue Wu focused and turned around suddenly. He happened to see the stroke that Jian Wushuang was going to stab through his heart from the back.

“Go away!”

As Real God Xue Wu bellowed, the huge, silver hammer in his hand turned into a bolt of silver lightning and struck.

The silver lightning broke the void and exploded Jian Wushuang’s body before him with ease.

“Shadow?” Real God Xue Wu’s face stiffened.

“Your speed is too slow.”

There was a cold voice next to Real God Xue Wu’s ears. Then, there was a shrill stroke that hit Real God Xue Wu’s silver armor all of a sudden.

The silver armor was a Real God level Chaos Unique Treasure, which was extremely strong in defense. Under the attack of the sword light, there was a faint silver light. Real God Xue Wu only took one step back and he immediately stood still. Just as he was going to counter-attack, Jian Wushuang’s body disappeared before his eyes again.

“This young man’s martial art motion is too creepy,” Real God Xue Wu creased his eyebrows. Then, his body quivered and there were four muscular arms that extended out of his body suddenly. He had six arms then and every one of them was holding a hammer.

“Six arms?” Jian Wushuang was surprised.

“Kill!” Real God Xue Wu roared and instantly pounded forward as his six arms waved.

Jian Wushuang had already put his martial art motion to full play. However, although his martial art motion was creepy, Real God Xue Wu moving his six hands at the same time could safely endure the attack that Jian Wushuang’s martial art motion attack. Plus, every counter attack could corner him.

“I won’t waste time with you!”

Real God Xue Wu’s eyes suddenly turned cold and there was a tall ancient shadow that appeared behind him out of nowhere. The ancient shadow looked like an exotic beast but also like a giant. The appearance was vague. Then, As Real God Xue Wu opened his mouth, the tall ancient shadow opened his mouth too.

“Roar!”

An earth shattering roar suddenly reverberated in the air.

The furious roar brought about terrifying soundwaves that shattered the surrounding void, while Jian Wushuang, who was around Real God Xue Wu, had no choice but to block the impact of the soundwaves by putting his hand before him. As for the ninety-nine shadows, they vanished into thin air with the attack of the sound waves.

“Young man, I found your real body.”

Real God Xue Wu lifted the corner of his mouth and laughed malignantly. His cold gaze locked onto Jian Wushuang.

The very next moment, he took a huge stride.

In his six arms, the six hammers gave out billowing power.

Just like a warrior descending.

“Eighteen Heavenly Fires!”

Under the drive of strong divine power by Eternal Real God, the six hammers were thrown out ferociously at the same time.

A strike followed closely by another.

In an instant, there was a total of eighteen strikes. On average, every arm threw out three strikes.

Every strike had the power to kill an ordinary Void Real God easily.

They were eighteen continuous strikes but they struck at Jian Wushuang at almost the same time.

“It’s Eighteen Heavenly Fires!”

“It is Mister Xue Wu’s strongest unique skill!”

The few Real Gods from Four Symbol Mansion looked shocked.

On the other hand, Jian Wushuang concentrated and there was a boundless sword intention that soared up. It was as though it was going to tear heaven and earth apart.

Then, he wielded his longsword ferociously too.

Bang! Bang! Bang! Bang! Bang!

The tremendous noise reverberated in the universe.

Every loud clash, every collision made the surrounding void Real Gods gulp.

They knew clearly that, if they were to encounter such collisions with their power, they would most likely not survive.

Chapter 1583: Jian Wushuang’s Strongest Ability

Apart from gasping in surprise, the Real Gods were all curious.

Would Jian Wushuang survive such a frightening attack?

“This is Lord Xue Wu’s strongest attack and even the top Void Real Gods are unable to block it. No matter what, Jian Wushuang is still a Universe God. Faced with such an attack, he will definitely not survive!”

“That’s right. He’s dead!”

The few Void Real Gods who had survived were talking to one another. It was obvious that they were very confident in Real God Xue Wu’s moves.

However, at that very moment...

“Roar!”

A furious howl shook their ears to the extent that they almost went deaf, and could be heard from the core of the battle as it reverberated across the horizon.

This furious howl drowned all the voices on the battlefield and it caused the people observing the battle to become quiet.

Right after that, the audience saw that, at the core of the battlefield, a lofty golden Divine Ape had emerged abruptly.

The golden Divine Ape was extremely huge. Moreover, its aura was so strong that it caused everyone to suffocate. Furthermore, its body was covered by a layer of golden armor, its head wore a golden helmet and it also had a commanding presence.

At the moment it rose up, the void around the area burst open. As for the strongest attack that Real God Xue Wu had used, the eighteen hammers disintegrated before they could unleash their full power completely. Moreover, the energy wave from the Divine Ape gave off such an impact that Real God Xue Wu had no choice but to retreat a few steps.

“How can this be?” Real God Xue Wu revealed an astonished expression as he looked at everything that was happening in front of him.

In front of him, Jian Wushuang was holding his sword in one hand and standing in the void. Moreover, the golden Divine Ape, which was emitting a shocking aura, shrouded his body.

The strongest move of the Five Beast Soul Manipulation Knack, Divine Ape!

What was different from the past was that when Jian Wushuang unleashed this move with his full power at that moment, there was an additional golden armor and helmet on the golden Divine Ape.

This was the form that the golden Divine Ape took after Jian Wushuang had completely mastered the Five Beast Soul Manipulation Knack and it was at its strongest. Combined with Jian Wushuang’s Soul Power, which had achieved the highest level of a Void Real God, its power was something that even an Eternal Real God could not underestimate.

“Real God Xue Wu.”

Jian Wushuang’s hair was blown back and he stared at Real God Xue Wu with burning eyes, “Since I made a breakthrough, you are the first one to force me to unleash my full power.”

“Today, let us have a good fight!”

Jian Wushuang’s voice was filled with unlimited excitement. While he was speaking, a big crimson sea of fire flowed from his body.

The crimson sea of fire covered ten thousand miles in an instant and transformed it into a sea of fire. Within the sea of fire, apart from Real Gods who were able to stand, all the vegetation had been burnt into ashes.

As for Jian Wushuang, he was standing in the middle of the sea of fire as its emperor.

The Five Beast Soul Manipulation Knack had achieved perfection and with that, the Divine Ape, the strongest move, was unleashed. During this process, Jian Wushuang’s Soul Power and Divine Power had combined wonderfully.

In addition, there was also the secret skill Scarlet Kingdom, which had also achieved its peak.

Since his secret skills had achieved their peaks, the power of these two secret skills would rise greatly as well.

The Jian Wushuang of the very moment had finally used his full power!

In the void, Real God Xue Wu had an ugly expression.

He could feel that Jian Wushuang, who was standing in front of him at that moment, was giving him a lot more pressure compared to before.

As for the Void Real Gods who were observing the battle, every one of them opened their eyes wide as they were surprised.

It was only then that they understood that Jian Wushuang had been holding back previously.

However, as of the very moment, Jian Wushuang had released his full power for real.

“Let’s fight!”

Jian Wushuang gave a shout and his body stepped on the void fiercely.

Bam! Bam! Bam!

Jian Wushuang’s feet stepping on the void step by step and every step would easily cause the void below his feet to burst open.

Just like this, Jian Wushuang walked step by step and got nearer to Real God Xue Wu. However, he was not moving very quickly.

When he appeared a thousand miles away from Real God Xue Wu, his hands held the Blood Mountain Sword and he raised it high up.

Following his actions, the extremely lofty golden Divine Ape, which shrouded him, wore a golden armor and a helmet, also raised the illusory golden long sword above its head.

At that very moment, the whole universe turned completely dark.

The vast sky was only left with the golden longsword.

Real God Xue Wu's expression was grave and he looked on as Jian Wushuang walked over. However, at the moment Jian Wushuang raised the longsword in his hands...

"Eh?"

Real God Xue Wu's eyes shrank. He could clearly feel frightening sword essence moving toward him from all directions as if he had been locked onto by hundreds of millions of sword shadows at the same time. He even had a feeling that there was no way to block or dodge the attack.

It was as if, in the next moment, he would lose his life to the terrifying stroke.

"This is... Sword Realm?" Real God Xue Wu murmured.

Finally, the longsword that Jian Wushuang had raised very high was swung down.

A giant Startled Swan appeared.

The void was sliced into two halves mercilessly and instantly. After that, the attack appeared in front of Real God Xue Wu.

This stroke was known as Reincarnation of the Highest Heaven!

This was the strongest stroke that Jian Wushuang had created while training in the volcano's cave for fifteen years by using his understanding of the Sword Principles combined with the Reincarnation Doctrine that he had comprehended.

Comparing its power, it was a lot more powerful than the One Stroke of No Regrets that he had unleashed previously!

"This is... stage two? Stage two Unique Skill of a Real God?" Real God Xue Wu opened his eyes wide.

Stage two Unique Skill of a Real God was the Unique Skill at the level of an Eternal Real God.

Under normal circumstances, only Eternal Real Gods were able to create such Unique Skills. For example, Real God Xue Wu had become an Eternal Real God for quite a long period of time. However, he had only created one stage two Unique Skill of a Real God, which was the Eighteen Heavenly Fire that he used previously.

However, at that very moment, Jian Wushuang, a Universe God, actually unleashed a stage two Unique Skill of a Real God?

"Hmph!"

Without having time to care about his amazement, Real God Xue Wu gave a cold hum and his six arms exerted power at the same time.

Silver light appeared and in no time his strongest move Eighteen Heavenly Fire was unleashed again and it clashed with the giant Startled Swan head on.

However, this time around...

“What?”

Real God Xue Wu’s expression changed abruptly. He could only look on as his own attack was pushed back and then dissipated. Moreover, it happened in an instant.

The remaining power from the remnants of the Startled Swan continued to attack his body. Even though he had Real God-level armor protecting his body, Real God Xue Wu still felt that the Qi and blood in his body were shaking crazily. His expression also turned slightly pale and his body retreated quickly. He was in a really miserable state.

“His power has actually increased so much so abruptly?” Real God Xue Wu was stunned.

However, he did not know that Jian Wushuang had only combined the Divine Power from his body and the Ancient God Power to launch his attack previously. Moreover, in this state, his strength had achieved the highest level of a Void Real God.

However, at that very moment, his Soul Power had been completely unleashed as well.

With the perfect combination of Soul Power at the highest level of a Real God and the Divine Power from his body, his power had managed to achieve a whole new level.

By further combining them with the Scarlet Kingdom, which was also at its highest level, Jian Wushuang’s abilities rose again. Hence, at the aspect of power, Jian Wushuang was no longer weaker than an Eternal Real God like him.

Chapter 1584: One Against Two

In terms of power, they were evenly matched. As for unique skill...

Jian Wushuang’s Reincarnation of the Highest Heaven and Real God Xue Wu’s Eighteen Heavenly Fire were both beginner rank two Real God unique skills. Their power was about the same.

However, Jian Wushuang’s Reincarnation of the Highest Heaven was an instant explosion of power after the power of Sword Principle gathered as one. It exploded the stronger power in an instant.

On the other hand, Real God Xue Wu’s Eighteen Heavenly Fire were segregated into eighteen continuous attacks and the power was spread. If they were to meet force with force, how could it be evenly matched with Jian Wushuang’s Reincarnation of the Highest Heaven?

Naturally, it would only be suppressed.

When they fought head-on, it wouldn’t win against Jian Wushuang. Then, Jian Wushuang immediately launched his martial art motion.

Shadows flashed in madness and appeared next to Real God Xue Wu occasionally to perform Sword Principle.

“His speed is getting even faster.”

Real God Xue Wu had six arms and carried a hammer in every arm. But then, he was shocked.

Previously, he had dealt with Jian Wushuang's martial art motion with ease with his six arms. However, Jian Wushuang's martial art motion was obviously much faster than before.

Even though he had six arms, it was rather difficult to keep up with Jian Wushuang's speed.

Most importantly, when Jian Wushuang performed a Sword Principle, there was consciousness attack too.

The consciousness attack was very fierce, even he found it difficult to withstand.

With such combination, he was stifled in the battle with Jian Wushuang.

Suppress!

He was steadily losing ground!

The surrounding experts who were watching the battle saw the sight and everyone looked in disbelief.

"A Universe God can press against an Eternal Real God? How is it possible!!!"

"I can tell that Real God Xue Wu already gave his all, but he is still cornered."

"Jian Wushuang... is too scary!"

Scary.

The people who were watching the battle could only use the word scary to describe Jian Wushuang.

Just as Real God Xue Wu was steadily losing ground from Jian Wushuang's attack and was near defeat, there was a crimson figure that plunged over the void from afar. He arrived at the battlefield very soon.

"It's Real God Chi Huo!"

"Four Symbol Mansion's second Eternal Real God in Burning Demon Region!"

"Mister Chi Huo is here!"

It immediately stirred a great commotion around the battlefield.

Jian Wushuang creased his eyebrows and looked at the visitor.

The person was an elderly in a crimson long-robe. He had a pair of blade-like eyebrows. At that very moment, the pair of blade-like eyebrows were faintly knitted as he looked in the direction of Jian Wushuang.

"A Universe God suppressed Xue Wu head-on?" If he didn't see it with his own eyes, Real God Chi Huo wouldn't believe it.

"This young man is extremely strong. Chi Huo, team up with me to kill him," Real God Xue Wu who was suppressed by Jian Wushuang shouted.

Real God Chi Huo squinted his eyes but he didn't hesitate and barged into the battlefield instantly.

"Another one," Jian Wushuang wasn't afraid. With the combination of his martial art motion and soul attack, he fought against the two Eternal Real Gods head-on.

He fought against two alone.

In the end... he only had the lower hand by a slight bit.

“This young man, he was only a Universe God. But when his power exploded, it felt like he isn’t much weaker compared to us Eternal Real Gods!”

“His martial art motion was too creepy. And his comprehension towards doctrines is too high!”

Real God Chi Huo and Real God Xue Wu were complimenting in silence.

In terms of power, they weren’t afraid of Jian Wushuang.

Jian Wushuang put all his tricks to play in collaboration with his secret skills and he barely increased his power to the level of an ordinary Eternal Real God standard.

One should know that the two Eternal Real Gods also knew secret skills that increase their power. If they were to perform it, they would definitely be more powerful than Jian Wushuang.

The reason why Jian Wushuang wasn’t afraid of them and couldn’t fight against them head-on was that Jian Wushuang’s comprehension towards the power of Heaven Way was too high.

“If I’m not mistaken, his comprehension towards Reincarnation Doctrine and Spacetime Doctrine has already surpassed the second level in Doctrine Palace, and not even that far away from the third level. With such a comprehension level, one could be categorized as monstrous, even among Void Real Gods, let alone the fact that he is only a Universe God,” Real God Chi Huo found it unbelievable.

One must know that the comprehension of power of Heaven Way would be more difficult at a later stage.

An ordinary Void Real God would only need to possess comprehension towards the power of Heaven Way that could pass the first level in Doctrine Palace and he will be categorized as the peak among Void Real God.

As for the second level in Doctrine Palace... It was the standard of an ordinary Eternal Real God. Many Eternal Real Gods’s comprehension of doctrines stopped at that level and most of the time were only limited to one single doctrine.

How about Jian Wushuang? He comprehended two doctrines also and has already reached the standard of an Eternal Real God, or maybe even higher.

Besides, the Reincarnation Doctrine and Spacetime Doctrine that he comprehended were both Supreme Doctrines. Comprehension of Supreme Doctrines is much more difficult compared to a Nine Heaven God Doctrine.

After a ferocious fight, although Real God Chi Huo and Real God Xue Wu gave full play to their power and put Jian Wushuang at a disadvantage, the situation was only confined to that. If they intended to cause severe damage to Jian Wushuang or to kill him, it was impossible.

Just then...

Vroom!

The entire void suddenly quivered.

At the back of the battlefield, at the volcano that everyone had forgotten about, the prohibition that covered the volcano suddenly collapsed.

A large amount of power dispersed with the prohibition. As it dispersed, there was a faint blade light that rampaged.

The sudden change of circumstances attracted everyone's attention.

Even Jian Wushuang, Real God Chi Huo, and Real God Xue Wu, who were fighting, looked towards the source of the movement.

"Finally?" Jian Wushuang looked delighted.

Real God Chi Huo and Real God Xue Wu creased their eyebrows.

At the end of their sight, also the middle of the prohibition that was dispersing, there was a cold figure that was taking a stride forward slowly.

He was in a white robe, carrying a saber on his back. His face was cold, yet extraordinarily handsome.

Then, on the battlefield, everyone's attention was caught by the figure in a white robe that was taking a huge stride forward.

"That is... Duan Lingfeng!"

Then, the experts at the scene recalled that the direct cause of the incident wasn't Jian Wushuang but Duan Lingfeng.

But Jian Wushuang displayed a terrifying power, an insane massacre and everyone's attention was caught. On the contrary, they were distracted from Duan Lingfeng.

Until then, Duan Lingfeng only revealed himself before everyone.

Then, the experts at the scene could faintly feel the aura that was given out by Duan Lingfeng's body.

"That's a... Real God?"

Suddenly, everyone was stunned.

Chapter 1585: Real God Duan Lingfeng!

"Real God?"

"Duan Lingfeng has made a breakthrough?"

"How is that possible?"

Apart from Jian Wushuang, everyone else present was extremely shocked.

It must be known that when Duan Lingfeng was escaping from the Four Symbol Mansion previously, he was only a Universe God. In just tens of years' time, which was considered short, he had actually made a breakthrough to a Real God?

Was Real God so easy to make a breakthrough to?

Swoosh!

Jian Wushuang shook himself free from Real God Chi Huo and Real God Xue Wu easily and went to Duan Lingfeng.

"Took you long enough to make a breakthrough; that's really slow," Jian Wushuang chuckled, "If you were a bit slower, I would have stolen your limelight."

"It is not easy to make a breakthrough to a Real God," Duan Lingfeng spoke and his eyes looked around the area soon after.

When Duan Lingfeng saw the ground, which was filled with bodies of Real Gods, he raised his eyebrows and his eyes were filled with surprise.

Straight after that, he looked at Real God Chi Huo and Real God Xue Wu, who were in front of him.

"Two Eternal Real Gods?" Duan Lingfeng's eyes shrank.

"Indeed, there are two of them," Jian Wushuang said.

"How strong are they?" Duan Lingfeng questioned.

"They should be normal Eternal Real Gods and their abilities are not too strong. If you really want to know who is stronger, that Real God Chi Huo is slightly stronger," Jian Wushuang said.

Jian Wushuang had fought with the two Real Gods before. Hence, he naturally had a rough estimation of their abilities.

"Since that's the case, leave Real God Chi Huo to me and I shall leave the other one to you," Duan Lingfeng said.

"No problem," Jian Wushuang shrugged his shoulders without a care in the world.

Duan Lingfeng then walked over to Real God Chi Huo immediately while being observed by many experts around the area.

Although he was walking slowly, his steps were heavy and filled with strength. As such, every step was like a drumstick hitting Real God Chi Huo's heart ruthlessly.

The expressions of Real God Chi Huo and the experts of the Four Symbol Mansion who rushed over became unusually grave.

In the Eternal Chaotic World, those who were able to get into the top ten of the Universe God ranking list, even though they were only Universe Gods, had abilities very close to that of a Peak Void Real God.

As for those who were able to get into the top three of the Universe God ranking list, they definitely possessed the fighting capabilities of a Peak Void Real God.

Previously, Duan Lingfeng had been one of the top three of the Universe God ranking list.

When he was still a Universe God, his fighting capabilities had been equivalent to that of a Peak Void Real God.

However, at that moment, he had made a breakthrough to a Real God. Hence, how strong could he be?

Would he be able to compete against an Eternal Real God?

As the audience thought about it, Duan Lingfeng made his move.

“The fifteenth!”

The saber behind Duan Lingfeng was unsheathed and he held it tightly in his hands. After giving a shout, and with a surge of Real God-level Divine Power, buzz! Buzz! Buzz! Many towering crimson saber shadows appeared out of thin air from the higher part of the sky.

Every saber shadow was extremely huge.

Moreover, the power that every saber shadow emitted was enough to make a normal Void Real God terrified.

However, a total of fifteen crimson saber shadows had appeared in the higher part of sky.

After the fifteen crimson saber shadows appeared, they came together and fused at a frightening speed. In just a short amount of time, the fifteen saber shadows had completely fused into one saber shadow.

This saber shadow was scarlet in color, dazzling and unparalleled.

Under the fearful gaze of the two Eternal Real Gods, Real God Chi Huo and Real God Xue Wu, the saber shadow descended and its target was Real God Chi Huo.

Real God Chi Huo had already blown up his two dashing eyebrows and he had a grave expression. In addition, his eyes were glowing brilliantly.

At that moment, a great amount of red flames rose from his body and his two palms went completely red.

With a wave of his right hand, he moved the red flames around him and in the next moment...

“Emperor-level Blood Fire Destruction!”

Boom, boom!!!

An extremely tall giant wave, composed of only red flames, appeared.

The sea of fire was monstrous and it was burning everything in the universe crazily.

Straight after that, the tall and enormous red fire wave clashed with the scarlet, dazzling crimson saber shadow head-on.

As soon as they clashed, a great amount of saber shadow and red flames dissipated at once and spread through the surroundings madly.

The void and ground around the area welcomed a storm that would bring about the end of the world.

However, all of a sudden, at the core of the clash between the two attacks, another crack formed at the center of the tall and enormous red fire wave abruptly.

At the start, the crack had been very small. However, it started to spread at an incredible speed.

In a short amount of time, the tall, enormous red fire wave split into two.

Within the crack, the crimson saber shadow that Duan Lingfeng had unleashed was still glowing brilliantly with a crimson light and it headed straight for Real God Chi Huo.

“Puff!”

Real God Chi Huo gave a groan and his expression turned pale at once. Moreover, some blood had flowed out from the corners of his mouth and his body retreated miserably.

Duan Lingfeng raised his head, shot a glance at Real God Chi Huo and swung his palm immediately.

“Darkness Region.”

All of a sudden, unlimited darkness enshrouded the whole universe and Duan Lingfeng was like the emperor of the darkness.

His eyes glowed with a shrill light and with a change of his body, he appeared in front of Real God Chi Huo. Right after that, frightening murderous intent burst forth abruptly.

A vast blood mist then changed into a sea of blood which covered him and Real God Chi Huo completely in an instant.

Jian Wushuang and many experts from the Four Symbol Mansion were watching from the sidelines. However, at that moment, they could only see the sea of blood and hear crazy clashing sounds which came from the sea of blood continuously. However, they were unable to see what was happening within the sea of blood.

There was an intense clash and insane sounds of thunder.

In just an instant, which was even less than a breath’s time, the sea of blood which had filled the sky dispersed. Duan Lingfeng and Real God Chi Huo’s bodies then appeared in front of everyone again.

However, when the audience saw the conditions of the both of them at that moment, they were all surprised.

At that moment, Duan Lingfeng was still in his white robe and he was extremely indifferent. Although he was in the sea of blood, his body did not have any bloodstains and his aura was extremely strong.

As for Real God Chi Huo, his hair was in a mess and his face was filled with blood. At the same time, one of his palms was cut off and he had lost his five fingers. Such a condition was really very tragic.

“Real God Chi Huo, an Eternal God, was actually forced into this state in such a short amount of time?” the people in the area who were observing the battle became stupefied.

Even Jian Wushuang’s eyes shrank.

He had fought with Real God Chi Huo moments ago and his abilities were indeed not too bad. At the very least, he was slightly stronger than Real God Xue Wu.

In a one-to-one match, Jian Wushuang had confidence that he could suppress Real God Chi Huo. However, if he wanted to force Real God Chi Huo into such a tragic state and even cut off half of his palm in such a short period of time, he was sure that he could not do it.

However, Duan Lingfeng had managed to do it.

“After making a breakthrough to a Real God, Duan Lingfeng’s abilities should be slightly stronger than mine,” Jian Wushuang thought.

Chapter 1586: Identity Exposed?

“Duan Lingfeng!!!”

Real God Chi Huo, who was cornered, had fire in his eyes as he stared at Duan Lingfeng and bellowed, “What happened today, we at Four Symbol Mansion, definitely won’t let it slip so easily. No matter where you go, we at Four Symbol Mansion will definitely hunt you down!”

“And you, Jian Wushuang!”

Real God Chi Huo looked at Jian Wushuang and the hatred in his eyes grew stronger, “You killed thirty Void Real Gods in Four Symbol Mansion. Even if you have Lineage of Star to back you up, don’t think they can shield you.”

“Humph!”

“Let’s go!”

Then, Real God Chi Huh turned to leave immediately.

Although the experts of Four Symbol Mansion refused to admit defeat, they had no alternative.

They knew clearly that, with their current formation, it was impossible to keep Jian Wushuang and Duan Lingfeng. On the contrary, they might be massacred instead.

The other experts from Four Symbol Mansion would be rushing over but it definitely required time. During that time, Jian Wushuang and Duan Lingfeng definitely would have left. Who would be silly enough to stay back at the same spot?

As they couldn’t kill the two of them, they, of course, could only leave.

Jian Wushuang and Duan Lingfeng stood there coldly as they watched the experts of Four Symbol Mansion leave. What Real God Chi Huo had said continued to reverberate in their ears but they didn’t worry.

The two of them were top geniuses and they rose abruptly in adverse circumstances. They experienced countless challenges and failures. They naturally wouldn’t be bothered by the threat that Four Symbol Mansion pulled.

“Jian Wushuang, thank you!” Duan Lingfeng looked at Jian Wushuang.

“Between you and I, it’s necessary,” Jian Wushuang smiled faintly and said, “Let’s make a move first. This is still within Four Symbol Land, in Four Symbol Mansion’s territory after all. Although the experts of Four Symbol Mansion left, it is hard to say if they would charge against us again. By then, experts like Chaotic Real God might attend to us personally.”

Regardless of Jian Wushuang or Duan Lingfeng, they knew their limitations.

They could only be evenly matched with an ordinary Eternal Real God at most. If they were to run into Eternal Real God who was slightly stronger or on the peak, they could only flee.

If they were to run into Chaotic Real God... whichever Chaotic Real God they sent could easily kill the two of them.

“Let’s go,” Duan Lingfeng nodded.

Very soon, the two of them left.

The experts of Four Symbol Mansion, Jian Wushuang and Duan Lingfeng left one after another. The remaining were the experts who came because of the ten billion Chaos Gem bounty.

Then, there was bedlam among the experts.

They had witnessed a shocking battle with their own eyes.

From their point of view, the battle was unbelievable!

...

In the void, outside Four Symbol Land.

“Phew, we’re finally out.”

Jian Wushuang and Duan Lingfeng let out a breath of relief.

In no time, a figure appeared before Jian Wushuang.

“Mister Lei Chao,” Jian Wushuang smiled faintly at the person.

Duan Lingfeng looked humble too.

“I originally thought I have to take action personally. But from what it seems, I belittled the two of you,” Lei Chao looked at Jian Wushuang and Duan Lingfeng, and flashed a rare smile.

Jian Wushuang laughed in silence.

The message for Lei Chao to take action was a plan for the worst. It would definitely cause the relationship between Four Symbol Mansion and Lineage of Star to break entirely.

However, although Jian Wushuang had killed many Real Gods of Four Symbol Mansion, it was considered Jian Wushuang’s individual act. Four Symbol Mansion could at most reprimand Lineage of Star, but not to the point where they would instigate war against Lineage of Star.

"Let's go. Let's return first," Lei Chao said.

"Mm," Jian Wushuang nodded and he sent a message to Hall Master Yuan to inform him of the ins and outs of the story.

"As long as you leave alive. As for Four Symbol Mansion... don't worry so much. As long as you don't go into Four Symbol Land, they can't do anything to you," Hall Master Yuan chuckled.

"Oh yeah, Hall Master Yuan, I have to tell you something," Jian Wushuang's voice became solemn.

"What is it?" Hall Master Yuan asked.

"In Burning Demon Region, I did not conceal my power and aura. I am only a Universe God after all, but I revealed my fighting power to be far beyond what the scope of a Universe God could achieve. So... I'm afraid my identity of an inverse cultivator won't be secret anymore," Jian Wushuang said.

"Is that so?" Hall Master Yuan nodded faintly, "Actually when you were heading to Burning Demon Region earlier, I had already thought of that."

"No choice. The treasure that Palace Master refined for you could only allow you to conceal your aura as a Universe God at most, but it won't allow you to pretend to be a Real God. After all, Real Gods and Universe Gods are entirely different. Hence, unless you continued to hide your power and not fight, you will definitely expose your identity when you launch an attack."

"Well, let it be then. You'll expose yourself one day anyway. It doesn't matter!"

"Plus, you have become more powerful. Even when you run into danger, you can deal with it. You will just have to be more cautious in the future."

"Yes," Jian Wushuang nodded and let out a breath of relief in his heart.

He knew that once his identity as an inverse cultivator was revealed, he would definitely draw a lot of trouble.

However, the trouble would come anyway. He had mentally prepared long ago.

...

In Four Symbol Land, in Four Symbol Mansion.

In a lofty hall, the higher-ups of Four Symbol Mansion gathered. Real God Chi Huo and Real God Xue Wu were among them too, but the two of them looked slightly anxious.

On the high seat of the hall, there was a man with an imposing manner in a purple robe seated there.

At that very moment, the imposing man looked around and his cold voice reverberated in the hall.

"Two Eternal Real God and dozens of Void Real Gods launched attack simultaneously. In the end, you are heavily defeated by two Universe Gods. There were thirty Void Real Gods that died. We at Four Symbol Mansion are so embarrassed."

Hearing what the imposing man said, everyone at the hall's faces grew grave.

Four Symbol Mansion became a laughing stock.

“Chi Huo, Xue Wu, you are the two persons involved. Tell me what happened,” the imposing man overlooked the two of them.

Real God Chi Huo and Real God Xue Wu exchanged a look. Then, the former took a deep breath and said solemnly, “Mansion Master, what happened today is my and Xue Wu’s mistake. We cannot push away the blame. Regardless of how Mansion Master plans to punish us, we have no comment. But before that, I’d like to explain.”

The experts in the hall looked at Real God Chi Huo.

“Firstly, both Duan Lingfeng and Jian Wushuang were both top geniuses. In terms of gifted talent among Universe Gods in Eternal Chaotic World, they are really at the peak. Even as Universe Gods, their powers shouldn’t be belittled. Secondly, when we found Duan Lingfeng, he had already broken through and become a Real God. In terms of power, he is definitely above me.”

Chapter 1587: Inverse Cultivator?

“Oh?”

Many experts within the big hall revealed a surprised expression and one of them spoke straight away: “Real God Chi Huo, Duan Lingfeng is definitely a genius. However, he has only just made a breakthrough to a Real God. Hence, no matter how impressive he is, it’s still not possible for him to be stronger than you, right?”

“Haha. Many of you are clueless. Within the Burning Demon Region back then, as soon as Duan Lingfeng made a breakthrough, he fought with me straight away. Moreover, it was a close-quarters battle and I did my best. In the end, in just a short amount of time, at best two or three breaths’ time, he forced me into a miserable state and even cut half my palm off,” Real God Chi Huo said.

“That...” the experts within the big hall had puzzled expressions.

“When I fought Duan Lingfeng, I could tell that he had a high comprehension of the Massacre Doctrine and Darkness Doctrine. If I’m not wrong, they have both reached the stage where they could clear the second level of the Doctrine Palace. Moreover, his saber skills are very shocking and his secret skills are extremely powerful. I am indeed not his opponent,” Real God Chi Huo said.

No one could help becoming silent.

Real God Chi Huo was an Eternal Real God and he would definitely feel a bit arrogant. Thus, he would naturally not lie and acknowledge that he was inferior to someone who had just made a breakthrough to a Real God.

“In actual fact, compared to Duan Lingfeng, that Jian Wushuang... is more frightening!” Real God Chi Huo said.

“Eh?” the experts looked over immediately.

"Jian Wushuang is merely a Universe God. However, his abilities are so strong that they have achieved the level of an Eternal God as well. This is very impressive as he has completely exceeded the realm of a Universe God. If my guess is not wrong, Jian Wushuang should be an Inverse Cultivator!" Real God Chi Huo said earnestly.

"What?"

No one in the big hall could remain calm and a few people stood up directly.

Even the intimidating purple-robed man, who was at the highest part of the big palace, looked at Real God Chi Huo immediately.

"Chi Huo, you said that Jian Wushuang is an Inverse Cultivator? On what basis?" the intimidating man questioned.

"It's just my own prediction. I have a video of Jian Wushuang fighting in the Burning Demon Region. All of you can take a look as well," Real God Chi Huo took out a token and with a thought, the video that the token recorded appeared at the center of the big hall immediately.

The high-level experts of the Four Symbol Mansion were also watching carefully.

The first thing they saw was Jian Wushuang fighting with four Peak Void Real Gods. In the end, after facing each other twice, one of them was killed and three of them were forced to retreat.

After that, many Void Real Gods of the Four Symbol Mansion besieged Jian Wushuang at the same time. However, they were massacred by Jian Wushuang mercilessly.

Next, it was Jian Wushuang fighting with Real God Xue Wu and finally, with one against two, he fought against both Real God Chi Huo and Real God Xue Wu at the same time.

After watching the video, the big hall became completely silent.

It was deathly silent!

Completely silent.

The high-level experts of the Four Symbol Mansion were completely stunned.

It could not be helped. Even they were unable to believe what had happened in that video.

A Universe God had massacred a big group of Void Real Gods easily and also pushed back an Eternal Real God.

Finally, with one against two, he had fought against two Eternal Real Gods fiercely and was only at a disadvantaged position?

Was that really a Universe God?

"Looking purely at his abilities alone, Jian Wushuang has definitely exceeded the realm that it was thought he could achieve. Over the many years in the Eternal Chaotic World, apart from a few Inverse Cultivators, there has never been a Universe God with abilities that have achieved such a level. However, from just this point alone, we still cannot say for sure that he is an Inverse Cultivator. There is

also a possibility of him getting a very huge opportunity which will result in his abilities surpassing all the Universe Gods in history,” the intimidating man said.

“From this point alone, we are indeed unable to confirm for sure. However, not to forget, not long ago, Jian Wushuang was reduced to a disabled person?”

“Not long after going through the fight in Wu Bei’s cave, news of him being poisoned by a potent poison and losing all his abilities was spread. This piece of news had been confirmed a long time ago. Moreover, there were even quite a number of people who had seen with their very eyes that Jian Wushuang was merely a white-haired old man and he did not have any Divine Power in his body at all.”

“After that, there was a rumor that he went to a mystery land where ordinary people lived and it seemed like he had planned to stay in that world forever. That was definitely his most miserable period of time and he stayed in that state for more than twenty thousand years. It is only in the present day that he reappeared in front of us. However, when he reappeared, not only did his abilities recover, his abilities also skyrocketed. What does this mean?”

Real God Chi Huo’s eyes looked around at the surroundings.

“Inverse Cultivation Test!” The intimidating purple-robed man, who was at the highest part of the big hall, squinted his eyes slightly.

“That’s right. It’s the Inverse Cultivation Test!” Real God Chi Huo laughed coldly, “The Lineage of Star said that some people had plotted against Jian Wushuang and caused him to be poisoned by a potent poison. However, who has heard of such a matter? It must have been made up by the Lineage of Star themselves. Moreover, even if he were to be poisoned by a potent poison, why would he lose all his abilities and be reduced to a normal old man? I have never heard of such a poison before. Even if it does exist, it must be an extremely frightening and high-level poison in the Eternal Chaotic World that has disappeared a long time ago.”

“However, if it’s really that kind of poison, how did the Lineage of Star cure it for him? Not to mention raise his abilities greatly as well.”

“Hence, there is only one possibility that caused him to lose his abilities completely and that is the Inverse Cultivation Test!”

“As for him recovering his abilities, that’s because he cleared the Inverse Cultivation Test and made a breakthrough. With that, his abilities would naturally skyrocket as well!”

“In other words, back then when he had been roaming around in Wu Bei’s cave, Jian Wushuang was only a Universe God of the Second heaven and it was only until not long ago that he made a breakthrough to become a Universe God of the Third Heaven.”

Everyone at the big palace looked at one another and nodded their heads.

It was obvious that they agreed with Real God Chi Huo’s words.

Only the Inverse Cultivation Test could explain everything that had happened to Jian Wushuang. With this, it was enough to explain why a Universe God like Jian Wushuang would possess such frightening

abilities. It was because of the fact that he was an Inverse Cultivator and it was not something that could be explained with normal understanding.

"The Lineage of Star actually has a disciple who is an inverse cultivator? Moreover, he has already grown to such a level. They have really hidden him well," the intimidating purple-robed man spoke with a low voice.

"Hmph!"

With a cold hum, the intimidating man stood up straight away and his eyes were extremely cold.

"Originally, the Lineage of Star had no connection with us. However, this time round, their disciple has killed more than thirty of our Real Gods. Therefore, we cannot let this matter pass just like this."

"Isn't Jian Wushuang an Inverse Cultivator? With just that point alone, there should be many people in the Eternal Chaotic World who want to kill him, especially those who see the Lineage of Star as their enemy. After all... everyone knows how much potential an Inverse Cultivator has. As such, we shall let all these people take care of Jian Wushuang!"

"Make the news of Jian Wushuang being an Inverse Cultivator public immediately!"

"I want to let the whole Eternal Chaotic World, including those dark powerhouses who are hidden in the darkness, know about this piece of news!"

"I will make sure that he will not dare to take even half a step out of the Lineage of Star ever again!!!"

...

Chapter 1588: All Parties Shocked

There were many solo experts where the battle in Burning Demon Region took place. Hence, the news about the battle couldn't be contained even if they wanted it to be.

After the battle ended, it immediately spread at a terrifying speed, like wildfire.

Especially the mirror image of the battle...

The mirror image recorded clearly that Jian Wushuang had massacred many Real Gods of Four Symbol Mansion with his power of Universe God. There was even a scene where he had suppressed an Eternal Real God.

As the image spread, whichever experts saw the images were astonished.

"There were almost forty Void Real Gods that hemmed in a Universe God at the same time, but they were massacred instead?"

"This, this... how could it be?"

"Is he really just a Universe God? In the history of Eternal Chaotic World, was there any Universe God this scary?"

Everyone found it unbelievable.

Vientiane Tower even amended and announced the latest Universe God ranking list at the first instant. As Jian Wushuang had lost all his power previously, his name was removed from the Universe God ranking list long ago.

But then, when the new Universe God ranking list was announced, he was listed in the first place directly.

There was no doubt about the ranking. Everyone found it right and reasonable.

Even though he had never fought against God Destroying King, who was in the first place, from the terrifying power and the result that he displayed in the battle at Burning Demon Region, he was far beyond God Destroying King. After all, although God Destroying King was a top genius, he couldn't fight against an Eternal Real God head-on, let alone corner him.

"Monster!"

"Monstrosity!"

"In the history of the entire Eternal Chaotic World, he is a superb monster that is hard to come by."

All kinds of names were given to Jian Wushuang, and Jian Wushuang became a synonym for monster.

However, Four Symbol Mansion also spread other news.

Jian Wushuang was an inverse cultivator!

The news was simple, but it was like a stone that created thousands of ripples. The higher-ups and experts in Ten Cultivation Sanctuaries, even a number of Almighties were startled by the news.

The higher-ups and experts were all knowledgeable and they quickly determined that the news was a fact!

They could tell from the power that Jian Wushuang displayed and also from the incident where he lost all his power temporarily.

Jian Wushuang was no doubt a true inverse cultivator.

Only the legendary inverse cultivator could possess such unbelievable power at the stage of Universe God.

Inverse cultivator!

The Eternal Chaotic World was the scariest and most unique existence.

They were born to go against the world, they were born to be different.

The potential of an inverse cultivator was far beyond an ordinary cultivator.

If it was an inverse cultivator who had yet to pass through inverse cultivation tests, they might not need to be worried. After all, inverse cultivation tests were the biggest threshold as an inverse cultivator.

Among ten inverse cultivators, there might not even be one who could pass through. But once he passed through three inverse cultivation tests, his potential... would be unboundedly great!

Sky Sword Mountain, under the nine lofty sword mountains, in the secretive cave dwelling.

"Haha, Jian Wushuang is an inverse cultivator?"

The owner of Sky Sword Mountain, who carried three swords on his back, looked just like an enduring, fierce sword. He received the news and let out a hearty laugh.

"An Inverse cultivator, and one who already passed all inverse cultivation tests. Such potential... another Wu Bei!"

"Back when Wu Bei rose up at an unbelievably fast speed, he shocked all Almightyies in Eternal Chaotic World. It is a pity that there was an unexpected incident that led him to his deathbed. Otherwise... Unless the few Almightyies from Sanctuary Alliance teamed up, in Ten Cultivation Sanctuaries, there wouldn't have been anyone who could have made him yield."

"Jian Wushuang seems to be even more outstanding than when Wu Bei was a Universe God."

The owner of Sky Sword Mountain complimented as he smiled.

He was involved with Jian Wushuang and could just about say that they shared a relationship. Hence, he naturally was delighted to see Jian Wushuang's growth.

...

In a crimson territory, there was an overlord. He was Huo You.

Not only was Huo You an Almighty, but he was also considered one who was extremely strong among the Almightyies. He could be on an equal footing as the founder of Lineage of Star, Star Palace Master.

"Haha, Star Palace old man, I followed our agreement and never exposed the young man's identity. In the end, he was the one who exposed himself. I can't be blamed."

In the lofty crimson hall, Huo You, who had a unicorn on his forehead, laughed wantonly.

"Tsk tsk. An inverse cultivator and he passed through all inverse cultivation tests. Lineage of Star has obtained an impressive little guy."

...

It was a dark, starry night. There was a piece of dark land floating in the starry night.

In the dark land, there were lofty mountains and all the mountains were hundreds of thousands of zhang high. Even the smaller ones were more than ten thousand zhang high.

Right in the middle of the countless mountains, there was a dark palace in the air.

In the spacious hall, a figure in a black robe suddenly appeared in the hall. He shouted anxiously, "There's an important report."

On both sides of the hall, guards who were engulfed in the dim light immediately looked at the figure in black robe. There were some who glanced with a furious gaze.

“What report makes you so anxious?”

A low yet hoarse voice reverberated in the hall. The voice was coming from all directions but no one knew where the person who was speaking was.

The figure in a black robe had already knelt down and looked politely at the empty throne right in front of the hall, “Master, I have received the news that the genius Jian Wushuang, who was removed from the must-kill name list in our tribe previously, his power has recovered. Not only did he recover his power, but he has also become even stronger than before.”

“With his power as a Universe God, he suppressed an Eternal Real God. Vientiane Tower in Ten Cultivation Sanctuaries listed him on the first place on Universe God ranking list. On top of that, I receive a piece of credible news that Jian Wushuang is an inverse cultivator. The reason he lost all his power entirely was that he was in the progress of passing through his third inverse cultivation power. Now, he has already passed through it.”

“Inverse cultivator?” The hoarse voice spoke again, “An inverse cultivator who has already passed inverse cultivation tests and suppressed an Eternal Real God with his power as Universe God?”

“Isn’t this Jian Wushuang more monstrous than Real God Wu Bei back then?”

“Yes,” the figure in a black robe nodded continuously, “Many experts in Ten Cultivation Sanctuaries, including the Almighty said that Jian Wushuang could totally be compared favorably with Real God Wu Bei or even surpass Real God Wu Bei and be compared favorably with the few higher-ups in Sanctuary Alliance.

“No way!”

A low bellow suddenly burst through the dark hall.

“Real God Wu Bei is within the range that our tribe can accept, but the few higher-ups in Sanctuary Alliance... Such experts, any extra headcount can increase Sanctuary Alliance’s power tremendously. We definitely can’t let Jian Wushuang have a chance to reach that level!”

“Send down my command. Immediately list Jian Wushuang in the top must-kill name list.”

Chapter 1589: New Deacon

“Level one?” the black-robed man could not help but be stunned.

In the ten Cultivation Sanctuaries, many top geniuses and experts were on their list of must-kills.

Moreover, the list of must-kills was split according to different levels. In particular, the highest level was level one and this class of people was made up of people who they wished to kill the most.

Before this, there were only three people on level one of the list of must-kills. However, at that very moment, another person was added to the list.

...

At the same time as the experts of the whole Eternal Chaotic World were shocked by the abilities that Jian Wushuang displayed and his identity as an Inverse Cultivator, Jian Wushuang and Duan Lingfeng had already left the Colored Glaze Sanctuary.

"Jian Wushuang, let's part here," Duan Lingfeng said.

"Alright. In any case, there is still the transmission token. If you come across any trouble in the future, you can just send a message to me," Jian Wushuang said.

"Yes," Duan Lingfeng nodded his head slightly. After that, he left alone.

As for Lei Chao who was by the side, he was looking on quietly. It was only after Duan Lingfeng left that he murmured: "This Duan Lingfeng is indeed a very outstanding genius. However, it's a pity that he dislikes being bound to a sect."

During the period of time where they were travelling, Lei Chao had tried to invite Duan Lingfeng to join the Lineage of Star. However, he was rejected by Duan Lingfeng.

"There are pros and cons of joining a sect. However, Duan Lingfeng is quite unsociable and he does not want to join a sect. That is pretty normal as well," Jian Wushuang said.

From knowing Duan Lingfeng and interacting with him, Jian Wushuang knew what kind of person Duan Lingfeng was.

"Let's return to the Lineage of Star. I have not gone back for a very long time," Jian Wushuang laughed.

"Yes," Lei Chao nodded his head.

The two of them headed toward the Lineage of Star at once.

At the Lineage of Star, inside the cave that was created by special gems.

Hall Master Yuan and more than ten deacons of the Lineage of Star had gathered together and they were staring at the video in front of them in detail.

The video was currently playing the scene where Jian Wushuang unleashed his killing spree in all directions of the Burning Demon Region.

"This martial art motion is amazing!"

"A total of close to one hundred shadows. Gosh."

"Look, the Real Gods of the Four Symbol Mansion have become stupefied one by one. They have all been surprised by the abilities that Jian Wushuang displayed."

The deacons were talking and all their eyes were glowing brilliantly.

It was only after a long time that they finished watching the video.

What followed after that was a sigh.

“Previously, we still felt that it was such a pity that Jian Wushuang had lost all his abilities and was reduced to a disabled person. However, who could have thought that Jian Wushuang was actually an Inverse Cultivator and he was undergoing the Inverse Cultivation Test previously!”

“I did not expect the Lineage of Star to actually have an Inverse Cultivator as its disciple. Moreover, this Inverse Cultivator has also cleared all the Inverse Cultivation Tests.”

“It must be our luck. Perhaps many big powerhouses in the ten Cultivation Sanctuaries will all be envious of us now.”

All of the deacons had excited expressions.

“Hmph, when Jian Wushuang lost all his abilities back then, all of your attitudes were not like this.”

Hall Master Yuan’s dissatisfied voice could be heard and this caused the deacons present to become embarrassed at once.

Human beings were all pragmatic.

In the past, when Jian Wushuang had lost all his abilities, the deacons no longer had a good opinion of Jian Wushuang and they had even tried to get Hall Master Yuan to give up on Jian Wushuang by not giving him many resources.

However, at that moment, after knowing the full details of the matter, the deacons naturally felt a bit diffident.

“Hall Master Yuan, if my guess is not wrong, you have known Jian Wushuang’s real identity since a long time ago, right?” a red-clothed woman asked.

“Yes, I know,” Hall Master Yuan nodded his head.

“That explains it,” the deacons understood immediately.

It was no wonder that Hall Master Yuan had always treated Jian Wushuang well. For example, even though Jian Wushuang had lost all his abilities for such a long period of time, he still withstood the pressure for Jian Wushuang forcefully.

It was actually due to the fact that he knew Jian Wushuang was undergoing the Inverse Cultivation Test a long time ago.

“Eh?” Hall Master Yuan’s expression changed abruptly and he looked around the surroundings straight away, “Jian Wushuang and Lei Chao have returned. Everyone, do you want to follow me to welcome the both of them back?”

All the deacons looked at one another and nodded their heads immediately.

With Hall Master Yuan at the front, tens of deacons headed to the entrance of the Endless Milky Way at once. This also attracted the attention of many Star Palace disciples right away.

“What’s going on?”

“By the looks of it, Hall Master Yuan and the deacons are planning to go to the entrance of the Endless Milky Way. Why are they going there?”

“Let’s go and take a look as well.”

A number of disciples of the Lineage of Star followed at once. It was only when everyone reached the entrance of the Endless Milky Way that they stopped moving.

In no time, two shadows appeared in the lines of vision of everyone.

Be it the deacons or the disciples, all of them knew the two of them.

“It’s Lord Lei Chao and the other person is... Jian Wushuang!!”

“It’s Senior Brother Wushuang. From the looks of it, he has recovered from his poison.”

“Indeed, he has recovered. I can feel the Divine Power from his body.”

“The exceptional genius from the past has returned?”

The disciples of the Lineage of Star caused a commotion straight away.

From Jian Wushuang’s battle in the Burning Demon Region to that moment, only tens of days had passed. Although the news of that battle had already spread, most of the normal Star Palace disciples did not know about it. As such, they were naturally surprised when they saw Jian Wushuang at that moment.

Swoosh!

Hall Master Yuan and his group of people welcomed Jian Wushuang and Lei Chao back at once.

“Jian Wushuang, welcome back,” Hall Master Yuan wore a smile on his face.

“Hall Master Yuan. Deacons,” Jian Wushuang spoke modestly.

“No need to stand on ceremony,” Hall Master Yuan waved his hands and said, “Today, the deacons and I have come here together so that we can welcome you back. Secondly, we have come to announce something.”

“Oh?” Jian Wushuang’s expression changed.

The deacons around the area, as well as the disciples who were observing from a distance away, all revealed a puzzled expression.

“From today onwards, the Lineage of Star will have another deacon and he is... Jian Wushuang!”

Hall Master Yuan’s voice was extensive. By spreading it with Divine Power intentionally, his voice spread to each and every corner of the Lineage of Star. With that, almost every disciple of the Lineage of Star heard the announcement.

Atop the Milky Way, the deacons behind Hall Master Yuan looked at one another and nodded their heads.

As for Jian Wushuang, he had a confused expression.

“Let’s go. We shall continue this inside the cave,” Hall Master Yuan laughed.

Jian Wushuang nodded his head and the group of them headed to the cave that Hall Master Yuan had mentioned immediately.

However, at that moment, the big Lineage of Star was in a complete uproar.

Many disciples were totally dumbfounded.

“What’s going on? Why did Jian Wushuang become a new deacon out of nowhere?”

“Isn’t he still in the Qing Tian Mystery Land and living the life of a normal person? Moreover, there were rumors a long time ago saying that there’s no chance of him ever making a comeback. However, now... Could it be that his abilities have recovered?”

“Even if his abilities have recovered, that doesn’t mean that he can become a deacon directly, right?”

Chapter 1590: Threshold of Real God

In Lineage of Star, deacon elderlies were generally Eternal Real Gods.

The disciples could clearly see that there was really a fluctuation of divine power in Jian Wushuang. However, the aura that he gave out was only a Universe God’s.

A Universe God acting as a deacon elder?

Are you kidding me?

Just as the disciples were in shock and confusion, the latest Universe God ranking list finally spread among them.

They instantly found out about the shocking result that Jian Wushuang had displayed in the battle that took place in Burning Demon Region.

At the same time, they found out Jian Wushuang’s identity and knew that he was an inverse cultivator.

On top of that, they also found out that during the two times when Jian Wushuang had participated in the battle to become a disciple of the Star Palace, he had concealed his true realm.

Firstly, he had participated in a battle to become a disciple of the Star Palace among Universe God in the Second Heaven when he was a Universe God in the First Heaven. He had won against many disciples in Lineage of Star and was only second to the most outstanding Ling Feibai among Universe God in the Second Heaven.

Secondly, Jian Wushuang had participated in a battle to become a disciple of the Star Palace among Universe God in the Third Heaven when he was a Universe God in the Second Heaven. Then, he was the first place without a doubt.

He had joined battles in a cross-ranking but he had suppressed all the other geniuses in the end.

The disciples in Lineage of Star finally understood Jian Wushuang was a scary monster.

When they found out about the ins and outs of the matter, most of the disciples were dumbfounded.

...

In the cave dwelling that was made of unique crystals.

"Jian Wushuang, this is the token of a deacon elderly. Keep it properly. From today, you're no longer a disciple of Lineage of Star but one of the higher-ups of Lineage of Star," Hall Master Yuan passed the token to Jian Wushuang.

Jian Wushuang took it and held it in his hand. He looked confused.

The surrounding deacon elderlies shared a look but there was no grievance.

Jian Wushuang had already proved himself using his result. He had the fighting power of an Eternal Real God. If so, he, of course, could become a deacon elderly and stand side by side with them.

"Elder Wushuang, from today onwards, you're one of us."

"Elder Wushuang..."

The surrounding deacon elderlies greeted him.

"Everyone is so courteous," Jian Wushuang replied with a smile.

"Alright, dismissed. I have something to talk to Jian Wushuang about," Hall Master Yuan said.

Many deacon elderlies, including Lei Chao, left.

In the cave dwelling, only Jian Wushuang and Hall Master Yuan were left.

Hall Master Yuan looked and said, "Jian Wushuang, your power could be compared favorably with an Eternal Real God's. In Ten Cultivation Sanctuaries, you are considered one of the top experts. However, I have to remind you to be extremely cautious in action. After all, your identity as inverse cultivator has been revealed. There will be quite a few people in Eternal Chaotic World who want to kill you."

"Hall Master Yuan, who are the people who want me dead? They are enemies of Lineage of Star?" Jian Wushuang asked.

"Lineage of Star's enemies are just a part of them. These grievances are public and are easier to deal with. The ones that I'm warning you about are the hidden forces that are secretive," Hall Master Yuan squinted.

"Hidden forces?" Jian Wushuang was surprised.

"These hidden forces specialize in assassinating geniuses and experts in Ten Cultivation Sanctuaries. An inverse cultivator like you is definitely on their must-kill name list. You might even be really high in ranking. The hidden forces' assassination measures are impressive and it is hard to prevent. They usually don't take action, but when they do, even Lineage of Star will find it difficult to protect you," Hall Master Yuan said.

"There's such forces out there?" Jian Wushuang's face changed.

A force that had specialized in assassinating geniuses and experts in Ten Cultivation Sanctuaries. Theoretically, such hidden forces should be a public enemy of Ten Cultivation Sanctuaries since long ago. But they had yet to be exterminated. The factor alone showed the hidden forces weren't ordinary.

"In short, be careful at all times. Of course, the hidden forces only conceal themselves in the dark. If there wasn't definite confidence, they wouldn't take action recklessly. Hence, don't let them find any opportunity," Hall Master Yuan said.

"I understand," Jian Wushuang nodded and he grew solemn.

"Oh yeah, you just passed through the third inverse cultivation test. You should have great room for improvement in terms of your power, right?" Hall Master Yuan suddenly asked.

Hearing that, Jian Wushuang smiled and replied, "I do have some space for improvement."

"If so, seize the time to increase your power. Power is the most important thing to fall back on. If you were to be powerful enough, and you are already close, as long as you reach the level of Real God Wu Bei, the hidden forces who intend to take action against you will have scruples. With your potential, you can totally achieve the standard of Real God Wu Bei and even higher," Hall Master Yuan said.

"Mm," Jian Wushuang nodded heavily, "Hall Master Yuan, I should be able to cultivate the second episode of Xuan Mie Golden Body but I'll need some auxiliary treasure. I hope you can prepare them for me."

"No problem, I'll send it over in a few days," Hall Master Yuan promised straightforwardly.

Jian Wushuang immediately returned to Sword Star.

"Mister, you're back!"

Qiu Yue and the other maidservants saw Jian Wushuang and were thrilled when they found out that not only had Jian Wushuang recovered his power, he had also become a deacon elderly of Lineage of Star.

"Qiu Yue, you should have remained in the realm of Universe God in the Third Heaven for very long, right?" Jian Wushuang looked at Qiu Yue.

"Mm, it has been hundreds of thousands of years," Qiu Yue nodded faintly.

"Hundreds of thousands of years, within Lineage of Star where she gets extra resources, but she didn't break through and become a Real God?" Jian Wushuang shook his head in silence. He knew that Qiu Yue had a slim hope to break through and become a Real God.

In the Eternal Chaotic World, after a Universe God passed through his three God's tests, Real God would aim to break into the realm of a Real God.

However, it wasn't that easy to break through and become a Real God.

There were countless Universe God in Eternal Chaotic World and there were countless Universe Gods in the Third Heaven, but more than ninety-nine percent of them wouldn't be able to break through and become Real Gods among the Universe Gods.

It was because the threshold of Real God was extremely high.

Previously, Jian Wushuang heard from King of Venomous Worms. For a Universe God to break through and become a Real God, he had to fulfill four conditions.

First, create a Real God unique skill.

Second, have consciousness at the Real God level.

Third, increase his power to his limit, to the point where there was no room for improvement.

Fourth, have a chance to break through.

Of the four conditions, not a single one could be omitted.

However, out of the four conditions, merely the first and the second conditions itself could stop ninety percent of Universe Gods.

After all, most of the Universe Gods had limited natural abilities. To be able to create a Real God unique skill at the level of Universe God, or for one's consciousness to reach a Real God's level, it was a wild wish.
