

Swordsman 1671

Chapter 1671: Ancient Past

Shock!

Jian Wushuang's mind was filled with shock.

The earth-shaking battle in the video had completely exceeded Jian Wushuang's expectations.

The commotion and power generated from the battle were enough to show that it was a world-destroying battle.

There was also a huge number of experts who had fallen during the battle. Although Jian Wushuang did not participate in the battle, he could still feel that among the experts who had fallen, any one of them would definitely be a super expert who stood at the top of the pyramid if they were placed in the current Eternal Chaotic World. Moreover, it was also unknown as to whether the Eternal Chaotic World still contain super experts of that caliber.

Furthermore, it would be impossible for such a great battle to occur in the current Eternal Chaotic World.

"Ancient Past!"

"Great Battle of the Ancient Past!"

Jian Wushuang understood at once.

Ancient Past... that was an era that was so long ago that it had become a legend.

Jian Wushuang had also heard of some rumors about the Ancient Past. It was said that in the Ancient Past, there were innumerable experts, as well as plenty of super experts, who could destroy the universe and it was not an era that could be compared to the current Eternal Chaotic World.

However, after the great battle, the Ancient Past collapsed. Moreover, countless experts of that era were on the brink of extinction and even the universe had changed greatly. After the ancient past, another era seemed to have passed and the world had slowly developed into the current Eternal Chaotic World.

The Ancient Past was extremely long ago. Furthermore, the gap between the experts of that era and the experts of the current era was too huge. Hence, the Ancient Past became a legend.

However, after looking at the video, Jian Wushuang could confirm that the video was showing the Great Battle of the Ancient Past!

The Seven Star Black Sect had probably disappeared during the Great Battle of the Ancient Past. As for the Master of the Crystal Palace, he was the black-robed man within the coffin which was in front of Jian Wushuang, and he was a super expert of the Ancient Past.

Apart from the great battle, the thing that had caused Jian Wushuang to be shocked the most were the loud shouts from the black-robed man during the great battle.

Jian Wushuang heard the name that he had mentioned in his loud shouts clearly.

“Xuan Yi! Xuan Yi!”

“It’s all because of you!”

It should be known that the name of Jian Wushuang’s Master was Xuan Yi as well.

With two similar names, Jian Wushuang could not help but guess that the Xuan Yi who the black-robed man mentioned was the same person as his Master.

Could his Master be a super expert who came from the Ancient Past, just like the black-robed man?

“Jian Wushuang.”

The strange old man Long Qi, who was dragging his golden tail, looked over, “You should have seen that video right? How do you feel? Do you feel very shocked?”

“Yes,” Jian Wushuang nodded his head subconsciously.

“Haha. It’s normal for you to be shocked. Not to mention a little kid like you who is in the Pure Sun Realm, if it had been anyone else who saw that kind of great battle, he would also be extremely shocked,” Long Qi chuckled.

“Lord Long Qi, did you also participate in that battle?” Jian Wushuang could not help but ask.

“Of course I participated. Even though that earth-shaking battle was many years ago, it still causes me to feel fearful. My Master was an unbelievable person. However, he nearly died during that battle. Up till now, he has been in a deep sleep and it is unknown when he will wake up again. Moreover, it’s a pity that my abilities were too low and I was unable to help Master at all during that battle,” Long Qi sighed.

“Lord Long Qi, your abilities were considered extremely low during that battle?” Jian Wushuang’s heart twitched. After taking a deep breath, he continued to ask: “Lord, do you know what caused that battle?”

“No idea.” Long Qi shook his head, “I am a Dragon Turtle and I have always been sleepy. Hence, I have always spent the years in deep sleep. It is only when Master calls for me that I will show myself and fight side by side with him. However, I have never asked Master about his personal life. Moreover, the battle back then came about abruptly. Not to mention me, even many fallen immortal existences were not sure about the cause of the battle up until the moment that they died.”

“Even without knowing the cause, all those super experts died?” Jian Wushuang was shocked. After that, he asked again, “Lord Long Qi, in that video, your Master mentioned the name Xuan Yi. Do you know that person?”

Jian Wushuang was expressionless. He naturally could not tell Long Qi that his own Master was called Xuan Yi.

“I don’t know about him.” Long Qi shook his head like before, “Although I don’t know who Xuan Yi is, I know that the cause of that shocking great battle is definitely related to him.”

Jian Wushuang was shocked.

He knew that when he had heard the furious roar from the black-robed man in the video.

He could tell that the black-robed man hated Xuan Yi.

Jian Wushuang did not know whether the cause of the great battle was related to Xuan Yi. However, he could confirm that the destruction of the Seven Star Black Sect was definitely highly related to Xuan Yi.

"I wonder if the Xuan Yi who the black-robed man mentioned is the same person as my Master Xuan Yi. If it's the same person, then my Master..." Jian Wushuang could not help but clench his fists.

He had already guessed that the background of his own Master was not normal.

However, he had never linked him to the Ancient Past.

Ancient Past... it was really too far away from that very moment.

"Jian Wushuang." All of a sudden, Long Qi looked toward Jian Wushuang, "You have cultivated the Secret Skill of Seven Star and have also come to the place where Master is in a deep sleep. This means that fate has brought you and Master together. Please go and greet my Master."

"Understood," Jian Wushuang nodded his head.

The black-robed man lying in the coffin in front of him was a super expert from the Ancient Past. Moreover, the Secret Skill of Seven Star which he had cultivated was also from the Seven Star Black Sect. Hence, Jian Wushuang found it worth it to greet the black-robed man in front of him.

Jian Wushuang came before the coffin, took a deep breath and paid respect to the black-robed man who was in the coffin immediately.

He paid respect to the black-robed man for two breaths' time before standing up.

"Jian Wushuang, please follow me."

After talking, Long Qi brought Jian Wushuang to the deepest part of the Crystal Palace.

Jian Wushuang naturally followed him obediently.

In a split second, Long Qi brought Jian Wushuang to a lofty palace.

The big palace was also composed of crystals. However, what was different was that the crystals were black in color.

The whole area was also in complete darkness and not even the slightest bit of light could be seen.

"Lord Long Qi, this place is...?" Jian Wushuang questioned doubtfully.

"Don't be anxious, look carefully," Long Qi said nonchalantly.

Jian Wushuang stopped asking and looked ahead of him quietly with great concentration.

The Crystal Palace was in complete darkness. However, bright starlight started to light up from the black crystals which were in front of Jian Wushuang.

There was a total of seven rays of starlight.

The seven rays of starlight were arranged in an extremely special way and in no time, they became a dazzling Seven Star Pattern.

...

Chapter 1672: Seven Star Picture, Eta Ursae Majoris!

The huge Seven Star Picture was displayed before Jian Wushuang in a unique way. Jian Wushuang looked at the seven stars in the picture but he didn't understand anything from it.

"Lord Long Qi, this picture is..." Jian Wushuang asked subconsciously.

"This is the Seven Star Picture that only Seven Star Black Sect has. The experts of Seven Star Black Sect use it to comprehend the order of heaven and earth, and also rules of auxiliary treasure.

"The order of heaven and earth? The rules?" Jian Wushuang was astonished.

"Of course, these things for you, who are in Pure Sun Realm, are too far beyond. However, considering the fact that you were quite respectful when you greeted Master just now, I will give you an opportunity to comprehend. After all, one who cultivates the Secret Skill of Seven Star is hard to come by. Someone who was related to Master came, I can't let them leave empty-handed," Long Qi said.

"An opportunity to comprehend?" Jian Wushuang was filled with excitement.

Although he didn't know what was so special about the Seven Star Picture, the picture was useful to the experts in ancient times, so he believed it was definitely useful.

"Lord Long Qi, how do I comprehend this Seven Star Picture?" Jian Wushuang asked.

"In Seven Star Picture, there is a total of seven stars. The seven stars are Alpha Ursae Majoris, Beta Ursae Majoris, Gamma Ursae Majoris, Delta Ursae Majoris, Epsilon Ursae Majoris, Zeta Ursae Majoris and Eta Ursae Majoris. Every star has a unique orbit and evolution. Among the seven stars, Alpha Ursae Majoris's orbit and evolution is the most unfathomable, while Eta Ursae Majoris has the easiest orbit and evolution. With your current power, you can only barely comprehend Eta Ursae Majoris.

"Remember this. You only have this one chance to comprehend. As for how much you can comprehend, that comes down to your capability.

Long Qi said and moved towards the last star on Seven Star Picture.

Suddenly, the other six stars disappeared while the star that Long Qi tapped on was quickly magnified in Jian Wushuang's eyes.

"Cherish this opportunity."

Long Qi drew back his palm before he turned and walked out of the hall.

In the hall, there was only Jian Wushuang alone with the huge star before him.

The star was extremely huge. Jian Wushuang looked at the star as though he saw a huge world. His entire mind and body were immersed into the star.

At the beginning, the star had yet to complete and was under the breeding process. As time flew past, the star began to perfect and grow slowly.

Just like a human, from growing on the placenta, to being born and growing up. From a baby that grew up into a teenager, a young adult and finally entered adulthood.

The evolution of the star was the same. However, the time taken was longer than a human by a few folds.

A star would take at least tens of millions of years to be born.

"This is a star's orbit and evolution?"

"Too unfathomable, too magical."

Jian Wushuang was in unprecedented shock.

He knew that he needed to comprehend but the orbiting and evolution of star was far beyond his imagination. He couldn't feel the thing at the depths but he could only feel a rough orbit.

But even though Jian Wushuang could only feel something rough, it was a drastic transformation.

The time flew past.

Since human birth till adulthood, and in the end, growing old and dying.

The star followed a similar fashion.

After a star was born, until it became perfect, it would have to face a breakdown and an extermination in the end.

With the aid of Seven Star Picture, Jian Wushuang saw the progress of a star's birth to extermination clearly.

The entire process took more than hundreds of millions of years, but comprehension in reality only took ten years.

Ten years later, the star broke down and turned into dust. The comprehension of Seven Star Picture ended as well. However, Jian Wushuang continued to sit in the hall. His consciousness was still indulged in the transformation process of the star and he continued to understand and comprehend.

Three months later, Jian Wushuang slowly came back to reality.

"Phew!"

Jian Wushuang let out a breath of relief and there was shock in Jian Wushuang's eyes.

"It's too magical. The transformation progress of the star is too magical. It's a pity that I could only see something so superficial," Jian Wushuang found it a regrettable matter.

He had once been to many unique places and comprehended some magical things.

However, anything that he had comprehended previously couldn't be compared favorably with Seven Star Picture.

Even the twenty-seven scroll paintings in Fairy Palace in Sanctuary Alliance were too different from Seven Star Picture.

"Mm, my comprehension towards Reincarnation Doctrine has heightened!"

Jian Wushuang suddenly looked surprised. He could feel that he had used the power of Reincarnation and it had improved tremendously. He reckoned that his Reincarnation Doctrine could possess the power to pass through the fifth level in Doctrine Palace.

As for Spacetime Doctrine, it was the same too.

Although his comprehension of Spacetime Doctrine had yet to pass through the sixth level in Doctrine Palace currently, he wasn't far from it. Out of the twenty-seven scroll paintings in Spacetime Fairy Palace, he had definitely already comprehended sixteen paintings. Even the seventeenth painting, he had comprehended more than half of it.

In merely ten years of comprehension, he had merely comprehended the evolutionary process of Eta Ursae Majoris, which was the lowest in Seven Star Picture, and he could merely see the superficial things. But in the end, his comprehension towards doctrines had improved tremendously.

What Jian Wushuang found unbelievable was that not only did the ten years of comprehension helped him to improve the power and comprehension towards the power of Heaven Way, but he had also improved tremendously in soul power via comprehension.

"My current soul strength should have reached the level of Chaotic Real God and the extremely strong kind of Chaotic Real God!"

Jian Wushuang clenched his hand and felt the soul fire in the sea of his consciousness.

The soul fire was much bigger than before.

In terms of size itself, it was three times bigger.

One should know that Jian Wushuang's soul power was at the standard of an ordinary Eternal Real God.

With one time of comprehension, it had instantly increased so much?

The Seven Star Picture...

"It lives up to the reputation of a treasure that helped superb experts in ancient time in comprehension!" Jian Wushuang muttered.

Jian Wushuang sighed and slowly got up to walk out of the hall.

Just as he walked out of the hall, Jian Wushuang saw Long Qi, who was waiting for him while leaning against a crystal pillar.

Long Qi opened his eyes and looked at Jian Wushuang, "Young man, you look like you have gained quite a bit, huh?"

Jian Wushuang smiled at his comment.

His reward was not only quite a bit, it was great.

Chapter 1673:

A Presumptuous Request

“Comprehending that Seven Star Pattern has indeed caused my abilities to skyrocket. However, even with that, I am still not confident that I can leave safely,” Jian Wushuang’s expression turned grave.

“I have already given you the opportunity. As for whether you can leave this place alive, that’s none of my business.” Long Qi said indifferently, “Of course, if you really have no confidence, you can continue training in this palace for a period of time and leave when you are powerful enough.”

After hearing what was said, Jian Wushuang frowned.

He was sure that outside the standalone space, there were a huge number of Star Demons. As soon as he went out, he would definitely be hunted down by the Star Demons crazily. Moreover, with his current abilities, it was totally impossible for him to escape from the Dark Region with those Star Demons besieging him.

It would only be possible if he could make a breakthrough and become a Stage Two Ultimate Real God.

However, to reach that stage, he would need to accumulate a huge amount of Divine Power. Furthermore, it would take a long time for the Divine Power to accumulate.

By just relying on his own training, he would still be unable to make a breakthrough even after a hundred thousand years’ time.

Moreover, to him, a hundred thousand years’ time was too long.

“The space and time of the Dark Region is special. Hence, I cannot send a message out. With that, I am also unable to request for help from the Lineage of Star,” Jian Wushuang muttered to himself.

Even the Lineage of Star did not know that he had chased Real God Zi Ye to the Dark Region.

At that moment, the Lineage of Star was probably looking for his whereabouts anxiously. However, it was near to impossible for the Lineage of Star to expand their search all the way into the Dark Region.

Since he was unable to rely on the Lineage of Star, he could only rely on himself.

“Just relying blindly on my own training to accumulate Divine Power will waste too much time. The only shortcut is to find a way to get more Demon Cores,” Jian Wushuang clenched his fists tightly.

He was in the Dark Region which was the place that was most concentrated with Star Demons as well as the place with the most powerful Star Demons. Hence, it would be extremely difficult to go on a killing spree wantonly in such a place to obtain Demon Cores. However, it was not impossible.

“Lord Long Qi, I would like to make a presumptuous request,” Jian Wushuang said respectfully.

"Tell me your request," Long Qi shot a glance at Jian Wushuang.

"For the next period of time, I will try to go outside and hunt for Star Demons. Thus, I would like to have the right to enter this standalone space freely," Jian Wushuang felt a bit nervous.

After all, there were no friendly relations between him and Lord Long Qi. Previously, Long Qi had only saved him as he had cultivated the Secret Skill of Seven Star as well. Moreover, Long Qi also gave him an opportunity. All these actions were just Long Qi being kind. However, at that moment, he still requested Long Qi to give him the right to enter the standalone space freely.

The standalone space was the sleeping place of Long Qi's Master, who was the black-robed man lying in the coffin.

"I can agree to this. However, it will be limited to one thousand years. After one thousand years, you have to leave," Long Qi said.

"One thousand years?" Jian Wushuang muttered to himself and he nodded his head immediately, "That's more than enough."

"Alright. I will create a space passage that links this place to the outside world. For the next one thousand years, you can use that space passage to enter and exit this place freely," Long Qi said.

"Lord, thank you very much," Jian Wushuang was delighted.

"You can take your time and train here." After talking, Long Qi's body disappeared with a flash.

After Long Qi left, Jian Wushuang sat down with his legs crossed right away.

"If I wish to leave this place quickly, I have to obtain a huge number of Demon Cores so that I can make a breakthrough. As for the way to obtain Demon Cores..." Jian Wushuang clenched both his fists tightly. He already had a plan in his mind.

"There's no rush. Let me first absorb the pure power from the Demon Cores that I currently have."

Jian Wushuang laughed apathetically. With a wave of his big hands, a huge number of Demon Cores appeared in front of him.

Those Demon Cores were obtained by Jian Wushuang from Real God Zi Ye's Qian Kun Ring.

Real God Zi Ye had been travelling in the core area of the Eighth Lair throughout the years and he had been doing so for more than thousands of years. Thus, during the thousands of years, he had naturally obtained many Demon Cores from hunting Star Demons. However, after Jian Wushuang had killed him, those Demon Cores had naturally landed in the hands of Jian Wushuang and there were hundreds of them.

Of course, among the hundreds of Demon Cores, most of them were Grade One Demon Cores and Grade Two Demon Cores. As for Grade Three Demon Cores, there were very few of them.

Moreover, among the Demon Cores, the highest-grade Demon Core was a Crimson Core.

This Demon Core was obtained by Jian Wushuang after using his trump card to kill a Three-Horned Crimson Star Demon.

The amount of pure power that the Crimson Core contained was extremely shocking.

“Let’s begin.”

Jian Wushuang started to absorb the pure power from the Demon Cores with great concentration immediately.

However, he did not know that Lord Long Qi was secretly observing him from somewhere within the Crystal Palace.

He was observing each and every action of Jian Wushuang.

“This little kid is absorbing the power within the Demon Cores?” Long Qi frowned, “The power within the Demon Cores are exceptionally pure and it is a great idea to absorb them. However, the Divine Power that this little kid possesses is extremely strange!”

Jian Wushuang possessed the Ultimate Divine Power, which was completely different from the Divine Power of a normal Real God.

The only thing was that normal experts would not be able to tell such a kind of special Divine Power apart. Within the Eternal Chaotic World, even many Almighties would be unable to tell it apart. They would at most think that Jian Wushuang’s Divine Power was many times stronger than someone else who was of a similar realm to him.

As for Long Qi... as an expert from the Ancient Past, he could tell that Jian Wushuang’s Divine Power was not normal.

“Even though he has just entered the Pure Sun Realm, his Divine Power is so strong. The cultivation techniques that this little kid cultivates are not normal. Moreover, I can also feel a very peculiar treasure from him. What will this treasure be?”

...

It would require time to absorb the Demon Cores.

The higher the level of the Demon Core, the slower the absorption speed.

With hundreds of Demon Cores and even a Crimson Core, Jian Wushuang only finished absorbing all the pure power from the Demon Cores after a total of eleven years.

Moreover, after he was done with the absorption, his body, which had originally contained five droplets of Ultimate Divine Power, had managed to form the sixth droplet at that moment. Furthermore, he was very close to forming the seventh Ultimate Divine Power Water Droplet.

“A little bit more, just a little bit more and the seventh Ultimate Divine Power Water Droplet will be formed.”

Jian Wushuang clenched both his fists tightly and his eyes were glowing brilliantly.

He could feel very clearly that he was getting closer and closer to Stage Two Ultimate Real God.

"I have finished absorbing all the Demon Cores that I have obtained from Real God Zi Ye. Next, it's about time for me to execute my plan," Jian Wushuang muttered to himself. At the next moment, he stood up slowly, stretched his body and headed out of the palace immediately.

After walking out of the Crystal Palace, what Jian Wushuang saw was still the giant standalone space and, at the end of his field of vision, there was a space passage.

Without much hesitation, Jian Wushuang's body turned vague and he entered the space passage straight away.

Chapter 1674: Hunting Plan!

The Space Tunnel connected the independent space to the outside but it was still the bottom of the dark river.

Jian Wushuang, who had returned to the bottom of the river, spread his soul power at the first instant.

After twenty years, the dark river settled down entirely. The Star Demons that chased after Jian Wushuang to the bottom of the river back then had already returned to the shore.

Jian Wushuang slowly got closer to the shore.

Although he was underwater, Jian Wushuang's soul power covered everything on the shore.

"As expected, the Star Demon didn't return to the underground," Jian Wushuang's face grew solemn.

The Star Demon Clan was very unique.

Previously, when Jian Wushuang had chased after Real God Zi Ye and come into the dark region, the Star Demons were hidden deep in the underground. However, since they were startled, the Star Demons had climbed up from the underground. In a short time, they wouldn't return to the underground. Jian Wushuang naturally couldn't leave the dark region in silence.

"There are so many of them," Jian Wushuang exclaimed in surprise.

Merely within the coverage of his soul power, there were more than thousands of Star Demons.

Among the thousands of Star Demons, almost all were adult Star Demons who possessed demon cores. There were many Two-Horned and Three-Horned Star Demons.

Jian Wushuang aimed at the region with the most densely populated Star Demons, then he moved towards the region underwater.

At the same time, there was a scroll painting that appeared in Jian Wushuang's hand. When he got closer to the region, he threw the scroll painting into the dark void above.

The scroll painting instantly flowed into the dark void.

Rumble. Heaven and earth shook.

The Star Demons at the scene, including those strong Three-Horns Green Star Demons and Three-Horns Crimson Star Demons had yet to respond but the dark void above took a drastic change.

A huge, enchanting scroll painting world surfaced. The scroll painting world covered the entire sky like water flowing gracefully.

In the scroll painting, there were nine pieces of land.

The boundless aura spread across from the scroll painting world that attracted the Star Demons below to notice it and they let out groans and roars.

There was a large number of Star Demons roaring but there was no Star Demon that noticed Jian Wushuang who was hiding in the water.

Until the boundless divine power swept out from Jian Wushuang's body to evaporate the surrounding river water and caused a huge movement, the Star Demons slowly noticed his existence.

"Human, human cultivator!"

"Eat!"

"Kill! Kill!!"

A large number of Star Demons instantly swarmed over and charged at Jian Wushuang.

On the other hand, Jian Wushuang was also soaring with murderous intention.

"Mountain river as palm and nine-province as print!"

"A seal breaks heaven!"

Jian Wushuang uttered every single word coldly and every word contained a special magic power.

In the scroll painting world, the nine lands suddenly became alive. One of them even surfaced from the scroll painting world gradually.

A terrifying pressure pressed over madly.

The Star Demons that were within the coverage of the land felt the pressure and their roars became more shrill and mad.

"Begone!"

There was a sharp gleam in Jian Wushuang's eyes.

The lofty land finally descended and pressed onto the vast land before Jian Wushuang.

In an instant, the tens of thousands of miles of vast land was crushed by the lofty land while the Star Demons roared in madness.

A terrifying power exploded entirely and those Star Demons almost instantly crushed them into pieces under the pressure of the lofty land.

Rumble. A terrifying power formed into storm that dispersed in all directions.

Very soon, everything settled down. The Mountain River Map rolled up and Jian Wushuang kept it.

Jian Wushuang stood in the void and swept his soul power out. He could clearly see within the expanse of tens of thousand miles crushed by the lofty land before him, it had originally had a large number of Star Demons but then there were only three Star Demons that were alive.

The three Star Demons were Three-Horns Crimson Star Demon, which could be compared favorably with an expert on human Real God ranking list. They could barely survive the crush of the lofty land.

But besides the three Crimson Star Demons, the rest of the one thousand Star Demons were dead. In the huge land, rays of black light glowed. The lights were demon cores. In a glance, there were at least a thousand of them.

“So many demon cores. I’ll see how many can I get.”

Jian Wushuang licked his lips and there was a flash of heat in his eyes. The next moment, he soared up into a statue of dark gold Ancient God and the statue revealed four heads and eight arms at the same time. The divine power in Jian Wushuang started burning with madness and, in the next moment, he gave full play to the secret skill of Dragon Blood to his limit.

Swoosh!

There was a ray of golden lightning suddenly sweeping out and it barged into the expanse of tens of thousands of miles that was crushed by Sky Breaking Seal. That ray sucked in the floating demon cores into his Qian Kun ring.

In the coverage of the tens of thousands of miles, the three Green Star Demons that weren’t killed earlier saw Jian Wushuang’s movement and they immediately let out a sad and shrill scream. Then, they plunged towards Jian Wushuang in an instant.

Besides, in the expanse of tens of thousands of miles, there were still Demon Stars that were charging over madly.

Among the three Crimson Star Demons, the one who was closest to Jian Wushuang only needed at most two breaths to get to Jian Wushuang.

Jian Wushuang tried his best to take in as many demon cores as possible within the two breaths.

“Take! Take!”

Jian Wushuang seized the time to collect them.

Two breaths’ time passed in the blink of an eye. The first Crimson Star Demon had already arrived.

Jian Wushuang was shocked at the sight and acted without hesitation,

“Escape!!”

Under the amplitude of the secret skill of Dragon Blood, Jian Wushuang’s speed was shockingly fast and he cast a lot of shadows at the same time. Although the shadows couldn’t confuse the Crimson Star Demons, Jian Wushuang’s speed increased slightly with the aid of his martial art motion.

As he ran at full speed, Jian Wushuang arrived at the black river again after a short while and he instantly dived down into the river.

The Star Demons naturally dived down into the river as well. They were chasing after Jian Wushuang madly.

In the deepest bottom of the river, there was a space tunnel. Jian Wushuang snuck into the space tunnel and vanished before the Star Demons that were chasing after him.

Swoosh!

A dark golden flowing light burst out from another end of the space tunnel and appeared in the independent space again.

The dark golden flowing light dispersed and Jian Wushuang's body was slowly revealed.

At that very moment, he looked surprised.

"Done!"

"My hunting plan worked out!"

Jian Wushuang clenched his hands and he was really excited.

...

Chapter 1675: Stage Two Ultimate Real God!

As he was trapped within the standalone space due to the Star Demons, he naturally needed to find a way to leave.

However, Jian Wushuang was dissatisfied with relying on himself to accumulate Divine Power by training for many years. Hence, he had to hunt down the Star Demons and get their Demon Cores.

However, there were too many Star Demons and they were extremely powerful. Thus, it would not work if he were to use normal hunting techniques.

Therefore, Jian Wushuang drafted a plan to hunt them.

Frankly speaking, the plan was very simple.

He would use the First Move, Split the Heavens Seal, of the Mountain River Map's Nine-province Seal and do his best to kill the Star Demons.

As he currently had a great amount of Divine Power, when he unleashed the Split the Heavens Seal with his full power, the power that it brought forth would be so powerful that it would make him rank at the front of the Real God ranking list. When such an attack was used as a large-range attack, it would be able to kill a great number of Star Demons.

Moreover, this had been proven to be true.

Within a range of tens of thousands of miles, among the thousands of Star Demons with unequal abilities, apart from the three Crimson Star Demons which were the strongest, all the other Star Demons were exterminated by the Split the Heavens Seal.

After killing them, Jian Wushuang made his move with lightning speed and in a short amount of time, he would do his best to collect as many Demon Cores as possible. When the other Star Demons finally reacted and headed toward him, he would run back to the standalone space immediately. As long as he escaped into the standalone space, the Star Demons would not be able to do anything against him.

Everything happened as Jian Wushuang had expected.

If there were something that he felt was a pity, it would be that he only had two breaths' time and it was too short. Hence, he did not manage to collect a lot of Demon Cores. The number of Demon Cores he collected was probably less than one-fourth of what was available.

It should be known that when Jian Wushuang had used the Split the Heavens Seal moments ago, he had killed thousands of Star Demons in one go. Even though he did not manage to collect one-fourth of what was available, he had still managed to collect more than three hundred Demon Cores.

After returning to the Crystal Palace, Jian Wushuang sat down with his legs crossed in a big palace immediately. With that, he started to do an inventory check on the number of Demon Cores that he had collected within the two breaths' time.

"Eight Grade Three Green Demon Cores."

"Twenty-one normal Grade Three Demon Cores."

"Fifty-two Grade Two Demon Cores."

"The type of Demon Core that I have the most is the Grade One Demon Core with a total of two hundred and thirty-four of them."

"By adding all the Demon Cores together, I will have a total of three hundred and twenty-two Demon Cores. Haha~~~"

After checking his inventory, Jian Wushuang was pleasantly surprised at the results.

It should be known that the number of Demon Cores that Real God Zi Ye had obtained after travelling in the core region of the Eighth Lair for thousands of years was comparable to what he had at that moment. Moreover, in terms of quality, Real God Zi Ye's Demon Cores were inferior to his. With only one extermination, his gains were greater than Real God Zi Ye's, who had travelled in the core region of the Eighth Lair for thousands of years.

"Previously, after absorbing Real God Zi Ye's Demon Cores, I was about to form the seventh Ultimate Divine Power Water Droplet. And now, if I absorb all these Demon Cores, I will definitely be able to form the seventh Ultimate Divine Power Water Droplet, and even the eighth droplet as well," Jian Wushuang's eyes were glowing brilliantly.

"Let's begin!"

Without much delay, Jian Wushuang started to absorb the pure power within the Demon Cores with great concentration.

At the same time as Jian Wushuang was absorbing the power of the Demon Cores, Lord Long Qi's eyes, which were glowing with a special light, were looking at Jian Wushuang from somewhere within the Crystal Palace.

Although he had been staying within the standalone space, he still paid attention to everything that had happened in the outside world moments ago.

"This little kid... Previously, I could tell that he possessed a special treasure that even I was able to detect, and it was as I had expected. However, I did not expect the treasure that he possessed to actually be the Mountain River Map!"

"During the battle back then, the Mountain River Map should have been torn into pieces and it was seriously damaged. However, when the little kid took it out, the Mountain River Map has been patched up completely. Who is the person who patched it up?"

Long Qi was filled with doubts.

He was certain how badly damaged the Mountain River Map had been after the battle back then. Thus, he also knew how difficult it was to patch it up.

However, at that moment, Jian Wushuang took out a Mountain River Map, which was completely intact.

"No matter who is the person who patched it up, since this little kid has the Mountain River Map, this means that... he is indeed very closely related to the Seven Star Black Sect that Master is in! Hence, I absolutely cannot let such a little kid die here."

As Long Qi murmured to himself, his voice could be heard for a long time in the palace.

...

In a flash, another ten years passed.

Once again, Jian Wushuang had finished absorbing the pure power from the Demon Cores that he had obtained.

As for the Ultimate Divine Power Water Droplet in his body, the seventh droplet had formed as he wished and he was also very close to forming the eighth droplet.

"This is exactly as I thought. I am already very close to forming the eighth Ultimate Divine Power Water Droplet. Next... time to continue."

Jian Wushuang's eyes glowed brilliantly. After that, he began his second hunt.

In a split second, Jian Wushuang returned to the Crystal Palace again.

It was the same hunting technique as before. Although Jian Wushuang did not obtain as many Demon Cores as before, he still obtained more than two hundred and eighty of them.

Once again, Jian Wushuang started to absorb the pure power within the Demon Cores.

Just like that, Jian Wushuang repeated the cycle of hunting and absorbing. Although every hunt was extremely risky, Jian Wushuang's luck was considered not too bad.

After many rounds of hunting, he obtained an innumerable number of Demon Cores. By absorbing these Demon Cores, they became the Ultimate Divine Power in his body.

Time passed by and in the blink of an eye, sixty years had passed.

During the sixty years, Jian Wushuang went on a hunt five times. Although he got his way all five times, the number of Demon Cores that he obtained decreased with every hunt.

After all, although there were many Star Demons near the river, they were unable to withstand his repeated massacre. Thus, their numbers naturally decreased.

At that moment, when Jian Wushuang went out for a hunt, he could at most obtain over hundred Demon Cores on each hunt.

Although there were fewer Demon Cores, it was still enough for Jian Wushuang.

Within the Crystal Palace, Jian Wushuang was sitting down alone with his legs crossed and he was slowly absorbing the pure power from a Grade Three Green Demon Core in his hands.

As he absorbed the pure power, the Ultimate Divine Power in his body continued to rise. Moreover, at the start, his Ultimate Divine Power was gathering madly. However, in the end, it formed a new Ultimate Divine Power Water Droplet.

At the moment that the Ultimate Divine Power Water Droplet was formed, Jian Wushuang opened his eyes fiercely and stopped absorbing the Demon Core immediately.

"The tenth Ultimate Divine Power Water Droplet has been formed!"

Jian Wushuang was over the moon.

At that moment, there was a total of ten Ultimate Divine Power Water Droplets floating in his body quietly. When they were linked together, they formed a complete circle.

Straight away after that, buzz~~~ Jian Wushuang's body shook violently. At that moment, his body and his Ultimate Divine Power started to undergo a transformation.

Such a transformation was purely a transformation in terms of quality where the Divine Power and body would rise to a new level.

The transformation process was not complicated, and the time that it took was not very long either.

After just a short while, the transformation was complete.

As for Jian Wushuang, by just clenching both his fists tightly, frightening power burst forth abruptly and crushed the void easily.

"I have achieved Stage Two Ultimate Real God!!!"

...

Chapter 1676: Soul Attack Divine Weapon

Stage Two Ultimate Real God was equal to an Eternal Real God of an ordinary cultivator. However, the distance was vast.

A Stage One Ultimate Real God himself, Jian Wushuang's divine power and divine body was at the level of Chaotic Real God. Then, he reached stage two and his divine power and divine body instantly jumped to Almighty level!!

It was Almighty, an existence on the top of the pyramid in Eternal Chaotic World.

"This is the power that an Almighty possesses?"

Jian Wushuang clenched his hands and felt the strength in his hand. He wasn't sure how much stronger it was compared to his strength before.

"Strong, unbelievably strong."

"No wonder the Almighties could be high above. Merely the divine power and divine body itself is far beyond a Chaotic Real God."

Jian Wushuang sighed.

Of course, he was only at stage two. Hence, his divine power and divine body was only the first level among the Almighties!

The Almighties were also segregated into three different levels. The three levels had their own names. The first level was called Sir God!

The second level was called Emperor God!

The third level, also the highest level in Eternal Chaotic World, was Great Emperor!

Among the three levels of Almighties, Sir God was naturally the most common, followed by Emperor God, and Great Emperor was the rarest.

Like the owner of Sky Sword Mountain, Gu Tong King and Gu Yi King, the two seven-star Ancient Gods were Sir God level.

The Star Palace Master, Luo Zhen King and Gu You King, the two eight-star Ancient Gods were Emperor God level.

As for Great Emperor, Jian Wushuang had yet to see one but he knew of Purple Moon Emperor, the master of Purple Moon Sanctuary.

Of course, Purple Moon Sanctuary had a super existence of a Great Emperor. Jian Wushuang believed that the other Sanctuaries should have super existences of Great Emperor level as well.

However, including the entire Sanctuary Alliance, experts who were of Great Emperor level were definitely extremely few.

Jian Wushuang's divine power and divine body then was at the level of an ordinary Sir God.

"Divine power and divine body are considerable. Compared to an ordinary Sir God, my disadvantage should be in comprehension of Power of Heaven Way. If my comprehension of Power of Heaven Way reaches the standard of the seventh level in Doctrine Palace, I could totally fight against an ordinary Almighty," Jian Wushuang muttered and he was filled with excitement.

Just then, vroom. A shadow suddenly appeared next to Jian Wushuang.

"Lord Long Qi," Jian Wushuang bowed politely.

"You broke through?" Long Qi stared at Jian Wushuang.

"Yes," Jian Wushuang nodded.

"From Pure Yang initial success stage to great achievement stage, although it is just a small breakthrough, your divine power and divine body went through such a drastic change. Your cultivation methods are quite unusual. Even I have never seen such method," Real God Long Qi's voice was calm.

Pure Yang initial success stage to great achievement stage that he had mentioned was actually referring to Void Real God turning into Eternal Real God. It was just that the way Eternal Chaotic World and ancient times referred to realms differently.

"I am an inverse cultivator so my method is different," Jian Wushuang smiled.

"Inverse cultivator? I have never heard of it," Long Qi shook his head. There were no inverse cultivators back in ancient times.

"Don't bother about that. Young man, I suddenly recalled that there is something that you might be able to use," Long Qi suddenly said. At the same time, there was an item that popped into his hand.

"Mm?" Jian Wushuang immediately looked at the item in Long Qi's hand.

It was a dark gold rod. The dark gold rod was long but extremely thin.

Under normal circumstances, an expert who was good with rods wouldn't opt for a thin long rod to be his weapon.

"Lord Long Qi, this is?" Jian Wushuang looked confused.

The dark gold rod was probably unsuitable for an expert who was good at rods while Jian Wushuang was a sword cultivator. A rod wouldn't be of any use to him.

"This is Hong Jun Divine Rod. Of course, it is imitated," Long Qi said.

"An imitated divine weapon?" Jian Wushuang was surprised.

"Hong Jun Divine Rod wasn't an attack divine weapon but a... Soul attack divine weapon," Long Qi glanced at Jian Wushuang and threw the dark gold rod at Jian Wushuang at the same time.

Jian Wushuang caught the rod automatically.

He originally thought such a thin, dark gold rod shouldn't carry much weight so he caught it with one hand. However, the moment he caught the dark gold rod...

An unprecedented strength pressed onto his hand and his palm instantly bent from the sudden pressure. His body too grew heavy and he quickly extended his other hand.

Using two hands at the same time, Jian Wushuang held the dark gold rod with difficulty.

"So heavy!"

"Too heavy. My divine power is at the level of an Almighty. In the end, I still find it strenuous to carry the rod with two hands."

Jian Wushuang found it unbelievable.

Just how strong was an Almighty's divine power?

Forget about the rod, he could break or lift up a hundred million jin mountain easily.

But then, the dark gold rod in his hand made him feel heavy and strained?

"Soul attack divine weapon? In other words, the rod was driven with soul power?" Jian Wushuang asked.

"Yes, you can give it a try now," Long Qi said.

Jian Wushuang didn't hesitate and instantly let his boundless soul power flow out to cover the dark gold rod. Then, Jian Wushuang slowly hid his palms and let his soul power carry the dark gold rod. He let it float in the air in silence.

"It's still very heavy," Jian Wushuang muttered.

His soul power already reached the level of a Chaotic Real God. However, it was still strenuous to carry the dark gold rod before him.

It was difficult to even carry it up. It would be total extravagant hope to manipulate the dark gold rod to kill his enemy.

"You try to control Hong Jun Divine Rod to move forward and see how far it can go," Long Qi said.

Jian Wushuang nodded and did as what Long Qi had instructed to control the dark gold rod to move forward. However, even though he gave his all, the dark gold rod was still trembling in balance and traveling at an extremely slow speed.

After a while, the dark gold rod only traveled forward for a hundred meters and the moment it reached a hundred meters, bang! The dark gold rod directly landed on the crystal ground below and made a tremendous noise. Luckily, the material of the crystal palace was unusual. Otherwise, with the weight of the dark gold rod, it could easily break the crystal ground.

"The further the distance of soul power, the more difficult it becomes to control it. My current limit is only to control Hong Jun Divine Rod to travel for a hundred meters," Jian Wushuang said bitterly.

"Hundred meters, barely."

Long Qi muttered and waved his hand. Before Jian Wushuang, there was instantly a miniature gold turtle.

Chapter 1677: Familiarization Training

“This is...?” Jian Wushuang looked at the palm-sized golden Dragon Turtle with surprise.

“This is a gadget that I made.”

After explaining, Long Qi pointed in four different directions. With that, light beams rose from the four corners and became a seal instantly. The range that such a seal covered was not big and it could only cover less than one third of the big palace that Jian Wushuang was in.

At the same time, another circular seal appeared around Jian Wushuang and covered him.

“From today, you will stay inside this circular seal and practice manipulation of the Hong Jun Divine Rod. You can only leave this seal when you are able to destroy the little gadget that I have made,” Long Qi said.

“You want me to manipulate the Hong Jun Divine Rod to destroy this small Dragon Turtle?” Jian Wushuang was stunned. However, he understood in the next moment that Long Qi wanted him to practice the control of the Long Jun Divine Rod so that he would become more proficient in it.

With a wave of Long Qi’s hands, the Hong Jun Divine Rod flew in front of Jian Wushuang.

“You may begin.” After speaking, Long Qi disappeared.

In the whole palace, only Jian Wushuang and the palm-sized golden Dragon Turtle remained. However, they were within two different seals.

“Let me have a try.”

Although Jian Wushuang did not understand Long Qi’s intentions, he still followed Long Qi’s instructions and started to practice using the Hong Jun Divine Rod.

Buzz~~~ Under the control of Jian Wushuang’s Soul Power, the tottering Hong Jun Divine Rod started to move. However, it’s speed of movement was so slow that it was pathetic.

When Jian Wushuang finally managed to control the Hong Jun Divine Rod to move behind the golden Dragon Turtle, the golden Dragon Turtle realized its presence. Upon realizing the Hong Jun Divine Rod’s presence, its four legs moved at the same time and it moved more than two hundred meters away instantly.

“This speed...” Jian Wushuang opened his eyes wide.

The speed of the golden Dragon Turtle was not very fast. At the very least, it was considered very slow in Jian Wushuang’s eyes. If not for Jian Wushuang being unable to leave the circular seal around him, he would be able to catch the golden Dragon Turtle easily by taking one step.

However, no matter how slow the golden Dragon Turtle's speed was, it was still a lot faster than the Hong Jun Divine Rod's movement, which was controlled by Jian Wushuang's Soul Power.

It was at least ten times faster.

"I should take it slow. I have only just begun to control the Hong Jun Divine Rod and I am not proficient in it. As such, its speed is slow. After I have become proficient in controlling it, its speed will definitely rise. In addition, the heavy weight of the Hong Jun Divine Rod will serve as training for my Soul Power. As long as my Soul Power becomes more powerful, it will naturally become easier for me to control the Hong Jun Divine Rod."

Jian Wushuang was not discouraged. Instead, he continued to familiarize himself with controlling the Hong Jun Divine Rod.

The fact was indeed as Jian Wushuang had expected. At the start, it was indeed very difficult for him to control the Hong Jun Divine Rod. The speed of movement of the Hong Jun Divine Rod was extremely slow and the Hong Jun Divine Rod also shook while moving. However, as Jian Wushuang continued to practice controlling the Hong Jun Divine Rod, he became more proficient in it. At the very least, the Hong Jun Divine Rod was stable when it was moving.

Next, Jian Wushuang needed to think of a way to increase the speed of movement of the Hong Jun Divine Rod.

Time passed.

Jian Wushuang stayed within the big palace and practiced controlling the Hong Jun Divine Rod repeatedly.

As he practiced controlling, he gradually got used to the weight of the Hong Jun Divine Rod. Putting it another way, it could also be said that his Soul Power had increased under the heavy pressure of the Hong Jun Divine Rod.

In just a short three years' time, Jian Wushuang could control the Hong Jun Divine Rod stably.

After that, another eleven years passed.

In addition to the three years that he had used back then, he had used a total of fourteen years.

Within the big palace, swoosh! The golden Dragon Turtle's four legs were crawling madly and it was moving around the one thousand meter range that the seal covered. Moreover, a long, dark golden tail was following behind the golden Dragon Turtle and it was moving at a slightly faster speed.

Although the speed was only a slight bit faster that was not even worth mentioning, it still closed the distance between the two of them.

Finally...

"Be destroyed!"

After a cry from Jian Wushuang, the dark golden Hong Jun Divine Rod finally caught up with the golden Dragon Turtle and it smashed the golden Dragon Turtle into pieces straight away.

"I have succeeded!"

Jian Wushuang's eyes brightened up and his face was filled with happiness.

Buzz~~~ Long Qi's body appeared beside him quickly. After taking a glance at the golden Dragon Turtle which had been destroyed, he nodded his head, "You have only used fourteen years to achieve this stage. You are not too bad."

After hearing what was said, Jian Wushuang gasped.

Although it was only fourteen years, he was certain how difficult the process had been during the fourteen years. As the Hong Jun Divine Rod was too heavy, it gave him a lot of pain when it exerted its pressure on his Soul Power. At present, Jian Wushuang still felt that it was a bit taxing on him to control the Hong Jun Divine Rod.

"Lord Long Qi, why did you make me familiarize myself with controlling the Hong Jun Divine Rod for the past fourteen years? Could it be that you wish for me to control the Hong Jun Divine Rod to kill my foes in the future? Wouldn't that be too difficult for me?" Jian Wushuang questioned with a frown.

The Hong Jun Divine Rod was special.

Jian Wushuang could also feel that the power of the Hong Jun Divine Rod was frightening.

However, it was really too heavy. Although Jian Wushuang had familiarized himself with controlling the Hong Jun Divine Rod for fourteen years with great concentration, he could only barely control the Hong Jun Divine Rod to catch up with the golden Dragon Turtle. However, the speed of movement of the Hong Jun Divine Rod was still extremely slow to the point that it was equivalent to a snail in the eyes of Universe Gods. Even though such an attack technique had shocking power, it would still be useless as its speed was too slow and it would be impossible to even touch the enemies.

"Even if my Soul Power were to make a huge breakthrough in the future to achieve the level of an Almighty, I would probably still be unable to control the Hong Jun Divine Rod to fight," Jian Wushuang said.

Long Qi naturally understood Jian Wushuang. With a wave of his hands, he kept the Hong Jun Divine Rod and his eyes looked down at Jian Wushuang, "I merely lent you the Hong Jun Divine Rod for you to familiarize yourself with controlling it. As for what I really want to give you, it's this."

With a flip of his hands, a sword-type weapon which had an extremely peculiar shape appeared in front of Jian Wushuang at once.

"A sword?" Jian Wushuang's eyes moved.

What Long Qi had taken out was indeed a sword. However, the sword was strange. The whole sword was completely gold in color and its length was four Chinese feet. However, the most important thing was that there was no handle.

That's right. The sword only had a sword blade and no sword handle. Its two ends were extremely sharp and their edges were glowing with a cold light.

Similarly, the blade of the sword was very thin, just like the Hong Jun Divine Rod from before.

“This is the Hong Jun Golden Sword. Of course, it is only an imitation. As for its use, it is similar to the Hong Jun Divine Rod. Since you have already learnt how to control the Hong Jun Divine Rod, you can now try to control the Hong Jun Golden Sword,” Long Qi tossed the Hong Jun Golden Sword toward Jian Wushuang.

With the experience of catching the Hong Jun Divine Rod from before, Jian Wushuang had learnt to be smart and he caught the Hong Jun Golden Sword with both his hands at the same time.

However, when he caught the Hong Jun Golden Sword, his expression changed.

Chapter 1678: Hong Jun Golden Sword

“Hong Jun Golden Sword is so light?”

Jian Wushuang carried Hong Jun Golden Sword with one hand. Although he found it heavy, it was so vastly different compared to Hong Jun divine rod.

Then, he immediately drove his soul power to cover Hong Jun Golden Sword and controlled it like he controlled Hong Jun divine rod. In the end, Hong Jun Golden Sword instantly turned into a ray of golden light and flew out. Its speed was a dozen times faster than Hong Jun divine rod.

“This...” Jian Wushuang was shocked.

“Hong Jun Golden Sword is similar to Hong Jun divine rod. Although they are divine weapons that are driven with soul power, the difference is that Hong Jun divine rod focuses on momentum and focuses on power. Hence, it is very heavy and it is very difficult to control. On the other hand, Hong Jun Golden Sword leans towards speed and sharpness. It relies on the sword blade and the tip of the sword to kill your opponent. As a result, the weight is naturally much lighter and much easier to control.

Long Qi looked at Jian Wushuang, “Previously, I let you get used to controlling Hong Jun divine rod for you to familiarize yourself with the manipulation method of soul power, also to enhance your soul strength. You familiarized and controlled it for fourteen years, and you can barely control Hong Jun divine rod. Hence, it is naturally much easier to control Hong Jun Golden Sword.”

“I see.” Jian Wushuang understood.

It was true. If Long Qi were to pass him Hong Jun Golden Sword right at the beginning, he could familiarize himself with it, but due to the difference in weight, he definitely wouldn’t feel as significantly at ease when he was controlling Hong Jun Golden Sword after fourteen years of familiarizing himself with it and controlling it.

Yes, he was at ease.

Just like when a commoner carried stones. At first, he would be carrying a few hundred jin stone and he would get used to the weight. One day, if he suddenly went to carry a dozen jin stone, he would naturally feel at ease.

Jian Wushuang was in that situation.

“Besides, the way you control Hong Jun Golden Sword is merely the simplest soul control but Hong Jun Golden Sword is performed via soul power in collaboration with Power of Heaven Way,” Long Qi took out a token backhandedly. “In this token, it recorded Hong Jun Golden Sword’s first form of skill. Read it carefully.”

Jian Wushuang took the token and started browsing through.

As he read, his pupils contracted in shock.

“Spacetime!”

“Hong Jun Golden Sword is performed using Spacetime Power?”

Jian Wushuang couldn’t help but revealed a thrilled expression.

Yes, Hong Jun Golden Sword was performed via soul power in flawless collaboration with Spacetime Doctrine. It was mainly focusing on Spacetime Power and soul power was only a means to control it. Besides, not only Spacetime Doctrine, but also Reincarnation Doctrine that Jian Wushuang comprehended could also be merged into Hong Jun Golden Sword to enhance the power of Hong Jun Golden Sword.

The skill recorded in the token was the method to perform Hong Jun Golden Sword perfectly.

“With my current soul strength, relying on merely soul to drive Hong Jun Golden Sword, the speed isn’t fast. However, with this skill to merge Spacetime Power flawlessly into Hong Jun Golden Sword...” Jian Wushuang was getting excited from the thought of it.

“The first form of Hong Jun Golden Sword had a total of nine levels. You can control an extra Hong Jun Golden Sword when you level up. So, I prepared a total of nine Hong Jun Golden Sword for you,” Long Qi said. Then he took out another eight Hong Jun Golden Swords that looked identical.

“These nine Hong Jun Golden Swords are for you. You can take your time to familiarize yourself with it and control it at your own pace.”

Then, Long Qi’s body turned illusionary and vanished into thin air before Jian Wushuang again.

Jian Wushuang put the eight Hong Jun Golden Swords into Qian Kun ring and he was confused.

He could tell that Hong Jun Golden Sword was unusual. Any one of them should be a priceless treasure, just like treasures that Jian Wushuang carried. Besides River Mountain Map, he reckoned there shouldn’t be any treasure that could be compared favorably with Hong Jun Golden Sword. It was hard to even say if Blood Mountain Sword could be compared favorably.

Such treasures, Long Qi took out nine in one go and gave them to him as a gift straightaway.

Why was Long Qi treating him so well out of a sudden?

One should know that Long Qi was very cold to him previously. He didn’t even care if he was dead or alive and let him run his own course.

But, he suddenly took out treasures like Hong Jun Golden Sword for him and purposely taught him how to use it.

Jian Wushuang felt that he didn't do anything. He had merely broken through and become a stage two ultimate Real God, wasn't the change of his attitude too much?

"Whatever. In short, Hong Jun Golden Sword is no doubt a treasure to me. With it, my power definitely could increase by a few levels!" Jian Wushuang clenched his hands.

Jian Wushuang immediately started to drive Hong Jun Golden Sword according to the recorded skill.

In the hall.

Swoosh!

A gold flowing light lit up and the very end of the void in the hall, which was at least a dozen miles away from Jian Wushuang, suddenly cracked.

"This speed... is so fast!"

Although he was mentally prepared, Jian Wushuang still got a shock when he saw the speed when Hong Jun Golden Sword launched.

The speed was too fast. It was even faster when he gave his all to perform martial art motion. The power was also terrifyingly shocking too.

It was only the first time Jian Wushuang had controlled Hong Jun Golden Sword using Spacetime Power.

"Continue, continue to familiarize!"

Jian Wushuang was excited and he immediately started to practice Hong Jun Golden Sword.

In the hall, there were constantly gold flowing lights flashing but never the substantial form of the gold flowing light.

In the blink of an eye, it had been twenty years.

In twenty years, Jian Wushuang had been familiarizing himself to perform with Hong Jun Golden Sword.

He practiced frequently every day. For the past twenty years, he didn't know how many times he had practiced.

From the practice, the first level of Hong Jun Golden Sword in the first form, which was also the first Hong Jun Golden Sword, had finally been performed completely.

His soul power, comprehension of Spacetime Doctrine, and comprehension of Reincarnation Doctrine were merged into Hong Jun Golden Sword.

When he wielded Hong Jun Golden Sword, it was already extremely terrifying.

"I have almost mastered the first Hong Jun Golden Sword, but I mostly practice alone. Next, I should bring Hong Jun Golden Sword to an actual fight," Jian Wushuang smiled.

In the dark region, the opponent the Jian Wushuang want to fight against was naturally the Star Demons.

Jian Wushuang immediately entered the black river through the space tunnel.

Then, he didn't hide in the river and massacre the Star Demons using River Mountain Map but he instantly plunged from the water and landed on the shore.

Back when Jian Wushuang was chased to the black river, the number of the surrounding Star Demon had been terrifying. However, after Jian Wushuang's six massacres in the past hundred years, the remaining Star Demons were obviously fewer.

Chapter 1679: Massacre!

Atop the dark land, there were a few Star Demons scattered about. When Jian Wushuang spread his Soul Power out wantonly, he only saw the existence of hundreds of Star Demons and there were less than a thousand of them.

In actual fact, hundreds of Star Demons were already a lot. However, it was still considered very few compared to the thousands of Star Demons which were gathered there at the very start.

When Jian Wushuang appeared on the ground, the scattered Star Demons looked toward him immediately.

"Human cultivator!"

"Kill, kill!"

Without hesitation, the hundreds of Star Demons charged toward Jian Wushuang and their violent auras rose.

If it were back then when he had not made a breakthrough to Stage Two Ultimate Real God yet, Jian Wushuang would definitely choose to escape without hesitation if he were to see such a number of Star Demons charging toward him.

However, at present...

Jian Wushuang crossed his hands and stood at his position calmly. As he looked at the Star Demons which were storming toward him from all directions, he wore an indifferent smile.

Buzz!

A golden light floated beside Jian Wushuang. It was the Hong Jun Golden Sword.

At that moment, tens of Star Demons with unequal abilities appeared beside him.

"Let me see how strong the true power of the Hong Jun Golden Sword is," Jian Wushuang's eyes were filled with excitement.

Swish!

A golden ray of light moved fiercely. Although the golden ray of light had only just appeared, it had already pierced through the bodies of tens of Star Demons nearby.

Swish! Swish! Swish! Swish! Swish!

Soft sounds could be heard. As for the tens of Star Demons which included a Three-Horned Green Star Demon, they were killed right away without even being able to give a horrible shriek.

There was no room for them to struggle.

After seeing that, Jian Wushuang's eyes brightened up at once.

It should be known that a Three-Horned Green Star Demon could rival a top Chaotic Real God of the human cultivators. However, there was also no room for it to struggle.

Moreover, the most important thing was that Jian Wushuang had held back some of his Divine Power.

"I have merely used Divine Power that is comparable to that of a normal Chaotic Real God and it is similar to the time before I made a breakthrough. However, by relying on the Hong Jun Golden Sword, I can kill Green Star Demons instantly," Jian Wushuang murmured and he was extremely excited.

Swoosh! Swoosh! Swoosh! Swoosh! Swoosh!

A great number of Star Demons besieged Jian Wushuang crazily.

However, Jian Wushuang stood still and did not move at all. Just like before, he was only controlling the Hong Jun Golden Sword.

The speed of the Hong Jun Golden Sword was exceptionally fast and it pierced through the bodies of the Star Demons easily. Moreover, the Star Demons could not even react to it.

Even after some time, not even one Star Demon was able to get near to Jian Wushuang. As for those that came close to him, there was always a small distance between them and Jian Wushuang. Hence, they were killed by the Hong Jun Golden Sword mercilessly. For this period of time, more than half of the hundreds of Star Demons had been killed by the Hong Jun Golden Sword that was controlled by Jian Wushuang!

"The speed of the massacre using the Hong Jun Golden Sword is too fast," Jian Wushuang muttered.

He could only control one Hong Jun Golden Sword nimbly. If he were to achieve the peak of the first stage of the Hong Jun Golden Sword where he could control nine Hong Jun Golden Swords, he would become even more frightening during the massacre.

Just then, a crimson, glittering light appeared vigorously.

"A Crimson Star Demon?" Jian Wushuang's eyes squinted. Under the control of his Soul Power, the Hong Jun Golden Sword turned around fiercely and headed toward the Crimson Star Demon ruthlessly like a shooting star.

A Crimson Star Demon could rival human experts who were in the Real God ranking list and its ability to react was also stronger than the other Star Demons.

When the Hong Jun Golden Sword transformed into a golden shooting star and headed over, the Crimson Star Demon swung its sharp claws with lightning speed.

When both of them clashed, the Crimson Star Demon was sent flying and it could be faintly seen that its palm was bleeding.

“Haha, even by using Chaotic Real God-level Divine Power to control the Hong Jun Golden Sword, I can still send the Crimson Star Demon flying.” Jian Wushuang’s laughter became louder, “Next, let me try unleashing all my Divine Power.”

Jian Wushuang’s eyes glowed with a shrill light and the Hong Jun Golden Sword-transformed golden shooting star was shot out again. This time round, the golden shooting star’s speed and power were obviously greater than before.

The Hong Jun Golden Sword clashed with the Crimson Star Demon head-on again.

Bam!

A loud sound could be heard and the whole arm of the Crimson Star Demon was blown into pieces by the impact. After that, the power of the Hong Jun Golden Sword remained unchanged and it continued to pierce the body of the Crimson Star Demon.

The Crimson Star Demon was killed straight away.

“By controlling it with all my Divine Power, the Crimson Star Demon cannot even take one blow,” Jian Wushuang’s eyes glowed brilliantly.

He could already tell back then that the Hong Jun Golden Sword was extremely powerful and it could raise his abilities greatly.

However, after mastering it for real, he knew that he was still underestimating the Hong Jun Golden Sword.

“Let’s continue the massacre.”

Jian Wushuang laughed. As the Hong Jun Golden Sword moved around, it pierced through the bodies of the Star Demons easily.

Even Crimson Star Demons were considered weak in front of the Hong Jun Golden Sword. Although there were many normal Three-Horned Star Demons as well as Two-Horned and One-Horned Star Demons, they were completely helpless in the face of the Hong Jun Golden Sword’s massacre.

In no time, the hundreds of Star Demons which were near the dark river were all massacred by Jian Wushuang and only one of them remained.

The last Star Demon was a Three-Horned Crimson Star Demon.

Jian Wushuang left this Three-Horned Crimson Star Demon to the end as he had felt something strong within its body.

Jian Wushuang knew that the Blood Mountain Sword that he had lost in this piece of land back then was with this Three-Horned Crimson Star Demon. Moreover, there was a high possibility of it being in its stomach.

Star Demons had always liked to eat.

Moreover, they liked to eat anything.

Be it human cultivators or their treasures, which included various kinds of weapons, they would be able to swallow them straight away. This was also the same for their fellow comrades.

For example, during the six massacres by Jian Wushuang back then where he had killed a huge number of Star Demons, he did not manage to get many of the Demon Cores. However, when he came for his next massacre, those Demon Cores had already disappeared and it was obvious that they had been eaten by the other Star Demons.

As for the Blood Mountain Sword that Jian Wushuang had lost in the Dark Region, it was naturally eaten by the Three-Horned Crimson Star Demon in front of him.

While standing in front of the Three-Horned Crimson Star Demon, Jian Wushuang could feel the shocking sword essence and anger from the body of the Three-Horned Crimson Star Demon.

“Die.”

Jian Wushuang did not hesitate and he activated the Hong Jun Golden Sword immediately. By controlling it with his full power, the Hong Jun Golden Sword stabbed the body of the Three-Horned Crimson Star Demon.

The Three-Horned Crimson Star Demon was killed on the spot. After its body was destroyed, what appeared at the same time as its Demon Core was a long sword which was shaking madly and releasing an infinite amount of sword essence.

The sword was Jian Wushuang’s Blood Mountain Sword.

“Little thing, please come over.”

With a wave of Jian Wushuang’s hands, the Blood Mountain Sword flew over immediately and it was caught by Jian Wushuang tightly.

Chapter 1680: Leave

“Oh, you even know to blame me?” Jian Wushuang’s smile spread wider.

Blood Sword Mountain was an embryo sword and it was very intelligent. Its sword soul was exactly like a child.

Previously, Jian Wushuang had no choice but to lose it in order to make an escape. In the end, it was eaten by a Crimson Star Demon. It was in the Crimson Star Demon’s mouth for a hundred years so it of course was upset.

“Alright, I wouldn’t lose you again,” Jian Wushuang reassured it.

As he reassured it, Jian Wushuang collected the surrounding demon cores.

The massacre was the most complete massacre. The Star Demons surrounding the river were killed and he naturally received a lot of demon cores.

After he collected them, Jian Wushuang returned to the independent space.

“Lord Long Qi,” Jian Wushuang bowed politely and the unbelievable mountain before him.

The mountain didn’t move an inch but the weird elderly with the golden tail that Long Qi had taken the form of suddenly appeared before Jian Wushuang.

“What’s the matter?” Long Qi looked at Jian Wushuang.

“I’m here to bid farewell to you, Lord Long Qi,” Jian Wushuang said.

“Oh? You’re ready to leave?” Long Qi sounded cold as usual.

“Yes,” Jian Wushuang smiled, “Thank you for taking care of me all this time, Lord Long Qi.”

“Don’t mention it. I only helped you because of your connection with Seven Star Black Sect,” Long Qi waved his hand and then exhorted, “Jian Wushuang, remember this. Do not reveal this place where Master is in a deep sleep after you left. It’d be best if you do not bring up whatever you come across here to another person. I do not want anyone to come and disturb Master’s sleep.”

“I will remember this,” Jian Wushuang nodded solemnly, then he asked, “Oh yeah, regarding Hong Jun Golden Sword, according to what Lord Long Qi said, I only received the skill for the first form of Hong Jun Golden Sword. Is there a second form?”

“A second form? Of course! However, only the real Hong Jun Golden Sword could perform it, not the nine imitation swords that I have given to you. I do not have the real Hong Jun Golden Sword. So, even if I give you the skill of the second form, you won’t be able to use it,” Long Qi said.

“I see,” Jian Wushuang understood. “If so, I shall leave.”

“Go ahead,” Long Qi waved.

Jian Wushuang bowed at Long Qi again. At the same time, he bowed at the lofty crystal palace as well. Then, he left through the space tunnel.

When he arrived at the other end of the space tunnel, which was at the bottom of the black river, Jian Wushuang realized that the tunnel had already vanished. Obviously, Lord Long Qi had closed the space tunnel. In the future, even Jian Wushuang might not be able to return to the independent space.

“The independent space belongs to the master of Long Qi. It is where the ancient super expert is sleeping and no one knows when the superb existence is going to wake up. He might wake up very soon. But, he might not even wake up after I pass away, after the Eternal Chaotic World collapses and after it enters a brand new era,” Jian Wushuang muttered.

“Regardless, I received a great opportunity in the independent space. I also found out some secrets in ancient times. I am content.”

“In the future, unless my power reaches the level of the experts’ in ancient times, or I find out a method to wake the experts, I definitely will not step foot here again.”

Jian Wushuang smiled faintly and turned to leave.

The core region of Eighth Lair, the dark region.

The black river that Jian Wushuang was in was actually not the deepest place in dark region. It was still considered to be the border. It wasn't far outside of the dark region.

Previously, due to the hindrance of Star Demons, Jian Wushuang couldn't leave even though he knew the way to exit.

But then... the Star Demons that were after Jian Wushuang were already massacred. Even if there were some remaining, none would be able to stop Jian Wushuang. On the contrary, they might be killed by Jian Wushuang.

Jian Wushuang returned according to the route he had used to enter the dark region. He didn't run into any hindrances along the way.

Very soon, Jian Wushuang walked out of the dark region.

"I'm finally out!"

Looking at the void where the black fog was obviously much thinner, Jian Wushuang stretched his body as he sighed emotionally.

"Real God Zi Ye, I forced you into a desperate situation back then. You had no choice but to run into the dark region and explode yourself to startle Star Demons to come after me. Your only goal was for us to meet our deaths together!"

"Even as an enemy, your method is simply admirable. If I were to be in the same desperate situation, I might do the same thing that you did. It's a pity that you got dealt a bad hand. Not only did you fail to bring our deaths together, you also led me to more opportunities!"

"Speaking of which, I really have to thank you."

Jian Wushuang smiled.

If Real God Zi Ye hadn't led him to the dark region, he definitely wouldn't have broken through and become a stage two Ultimate Real God so soon, nor would he find the sleeping place of Lord Long Qi's master. Also, he wouldn't find out about Seven Star Black Sect and he wouldn't have received so many opportunities.

For instance, comprehension of Seven Star Picture and Hong Jun Golden Sword, both were great opportunities.

Of course, Jian Wushuang had to thank Real God Zi Ye. It was a pity that Real God Zi Ye had died so soon.

"Back when Real God Zi Ye and I went into the dark region, Real God Zi Ye died and I lost contact with the Lineage of Star entirely. The experts in Lineage of Star must be worried sick," Jian Wushuang muttered and he immediately took out a token.

"Hall Master Yuan, how do you do?" Jian Wushuang reported to Hall Master Yuan about his safety.

"Jian Wushuang? Finally, we have news from you. I thought you died!" Hall Master Yuan immediately replied and his voice couldn't conceal his excitement.

Just as Jian Wushuang had expected, when Jian Wushuang and Real God Zi Ye lost contact with the outside world, both Lineage of Star and Soaring Heaven King Palace had been anxious.

Especially Lineage of Star, they were especially anxious.

After all, Jian Wushuang was the top genius in the history of Lineage of Star. As long as he didn't die, he would be at the level of Real God Wu Bei at the weakest. One could well imagine his importance.

As for Real God Zi Ye, he was merely a top Chaotic Real God. There were quite a few Chaotic Real Gods like him Soaring Heaven King Palace. Although there would be heartache if they lost him, it wouldn't be too huge of a loss to Soaring Heaven King Palace overall.

"My life is tough. How can I die so easily?" Jian Wushuang joked.

"Tell me, what happened? Where's Real God Zi Ye?" Hall Master Yuan asked.
