

Swordsman 1761

Chapter 1761: Killed With A Flip Of His Palm

“Get the person behind you to come out. Your Thunder Rolls Palace does not have the resolve and guts to provoke the Soaring Heaven King Palace.”

A cold voice could be heard from Sir God Chi Xing. Although his voice seemed to be soft, it echoed within the minds of everyone present. Moreover, it created waves in their minds and they almost drowned in it.

“What a frightening move, is this a Sir God?” the people present cried out in alarm.

After Sir God Chi Xing’s voice was heard, a crimson-robed figure walked out from the Vientiane Tower normally.

He was carrying a sword. When he appeared, he naturally attracted the attention of everyone present.

Even Sir God Chi Xing could not help but look at him.

“A Real God? A mere Real God can actually exert such a huge amount of pressure on me?” Sir God Chi Xing’s eyes shrank fiercely. After that, he looked at Jian Wushuang’s looks and attire carefully, “Crimson robe, carrying a sword and so young...”

“You are Jian Wushuang!!!”

A voice which contained an infinite amount of coldness could be heard from Sir God Chi Xing and this caused the site to be in a huge uproar.

“Jian Wushuang! He is Jian Wushuang!”

“The number one on the Real God ranking list. The Jian Wushuang who had once competed against an Almighty head-on and even caused that Almighty to suffer huge losses!”

“So it’s him.”

The scene was in a tumult.

The weak could use the names of the strong to protect themselves.

At that time, Jian Wushuang had a great reputation in the Eternal Chaotic World. Although he was only a Real God, none of the Almighties dared to underestimate him.

“Hmph, no wonder the unimpressive Thunder Rolls Palace dares to take the initiative to provoke the Soaring Heaven King Palace. It’s because of you supporting them from the back,” Sir God Chi Xing snorted coldly. His eyes then glowed with lightning and he looked at the Thunder Rolls Palace Master, “Thunder Rolls Palace, how fortunate you are.”

“Sir God Chi Xing.” The Thunder Rolls Palace Master said fearfully, “For the matter this time around, the Thunder Rolls Palace was threatened by Jian Wushuang and we had no choice but to do this. If we have offended you, I, Lei Tao, ask for the forgiveness of Mister Sir God, as well as all of you here who are from

the Soaring Heaven King Palace. In addition, I will add on another ten thousand Doctrine Gems as a form of apology.”

The Thunder Rolls Palace Master was extremely sincere and respectful. However, such an attitude from him was expected of by everyone else.

“For this matter which concerns the Thunder Rolls Palace, I will settle it with you after this.” Sir God Chi Xing’s voice was icy-cold and he looked at Jian Wushuang, “Jian Wushuang, you actually dared to come to the Sea Continent alone and also take the initiative to provoke the Soaring Heaven King Palace. You are really very courageous and I wonder, who lent you their courage? Was it the Lineage of Star?”

“However, it’s a pity. In the Sea Continent, even if the Soaring Heaven King Palace were to kill you, the Lineage of Star would probably not dare to say anything.”

“I have come here by myself. In addition, the grudge between me and the Soaring Heaven King Palace is my own matter and it is unrelated to the Lineage of Star.” Jian Wushuang laughed indifferently, “As for my motive this time around, I naturally want to give bad luck to the Soaring Heaven King Palace and you shall be the first expert of the Soaring Heaven King Palace who I kill on my trip this time around!”

“You are merely bragging. Don’t think that just because you wounded Sir God Qian Lan seriously back then, you can really be unafraid of Almighties. The abilities of the Almighties are not as simple as you think and today, I shall let you have a taste of it,” Sir God Chi Xing’s eyes were ice-cold. After his words left his mouth, a frightening aura which belonged to Almighties spread across the area and placed a huge pressure on the whole place.

Countless experts which was inclusive of many Real Gods present almost suffocated under the pressure of the aura.

While these people were extremely shocked, they looked at Jian Wushuang with sympathy.

Jian Wushuang had a great reputation. However, his reputation was still stopped at the point where he injured Sir God Qian Lan seriously.

At that time, many experts in the Eternal Chaotic World only knew about that accomplishment of him. As for later on when he killed His Highness Mu Hong at the Divine Pond of Absolute Beginning and when he competed with Sir God Liu Yin in the Holy Kingdom of Real Wushu head-on, those pieces of news did not spread. As for the battle in the Buddhist Demon Sea, no one had seen it.

Naturally... no one knew what Jian Wushuang’s current abilities were and they thought that at that time, Jian Wushuang could at most compete against Sir God Qian Lan.

As for Sir God Chi Xing at the scene, although he had not reached the level of a top Sir God, he was still slightly stronger than Sir God Qian Lan.

If he were to take action personally, would there be a possibility of Jian Wushuang surviving?

“Little kid, die!”

Sir God Chi Xing attacked right away.

He did not move at all. Instead, only the walking stick with a snake's head that he was holding on to hit the ground and at once, a great amount of Divine Power emerged. At the same time, a vast amount of Dark Power appeared as well.

Hazy black mist burst forth and covered the universe. Within the black mist, swish! All of a sudden, a gigantic black python that was ten thousand feet long appeared with a frightening amount of power.

The black python pierced the void and caused the surrounding space and time to freeze completely. Moreover, in the areas that it passed through, the space cracked open.

Seeing that the black python was heading over, many cultivators, including the Real Gods present, all revealed a terrified expression.

"These are the abilities of an Almighty?"

"It's too strong. There is almost no way to stop this power."

"This is the end. No matter what, Jian Wushuang is only a Real God. Even if he is the number one in the Real God ranking list, he will definitely be unable to block this attack."

Quite a number of people had already cried out in alarm.

However, when Jian Wushuang saw the black python which was heading over, disdain flashed in his eyes.

"Sir God Chi Xing's abilities are only as such?"

"Too weak."

"Such a level of attack has no right to even make me draw my sword. It just so happens that I have comprehended a palm skill from the shocking palm that the One-Star Man has left me. Today, I can try using it to test its power."

Jian Wushuang murmured. When the ten thousand foot long black python came to the void in front of him, some Divine Power emerged from the palm of his right hand and it was filled with an infinite amount of Reincarnation power.

Boom!

He attacked with his palm and the universe went silent.

What the Reincarnation Palm contained seemed to be the perfect Reincarnation Doctrine.

Rumble~~~ A frightening amount of power burst forth and the black python which was originally filled with a great amount of power and was wreaking havoc madly dissipated with a shocking speed the moment it clashed with the palm print of the Reincarnation Palm. As a result of the attack, the giant black python burst open completely and an enormous amount of Divine Power spread in all directions.

As for the Reincarnation Palm, its power did not decrease at all and it continued to head toward Sir God Chi Xing.

"What?"

Sir God Chi Xing opened his eyes wide. Even though he was looking at the giant palm print which was heading toward him, he could not pluck up any power to resist at all.

The giant palm print covered him completely. Without even giving a horrible shriek, Sir God Chi Xing's body was completely smashed into blood mist and only his walking stick as well as his Qian Kun Ring remained. As for everything else, they had been turned into nothingness.

Sir God Chi Xing, an Almighty of the Soaring Heaven King Palace.

With the flip of a palm, he was killed!

Chapter 1762: Big Trouble

Silence!

In the void outside of Vientiane Tower, the entire Sea City was in a dead silence.

Stunned! Astonished!

Everyone was lost for words in amazement.

Sir God Chi Xing had revealed shocking power earlier and every cultivator at the scene was amazed. However, in an instant, Sir God Chi Xing had been killed by Jian Wushuang with one palm. It was too much of a contrast and everyone had yet to respond.

Sir God Chi Xin was an Almighty and he was so powerful. To kill him with one palm... just how much more powerful was Jian Wushuang?

"This, this... how is it possible?"

The people from Soaring Heaven King Palace were dumbfounded and they stood there in shock. Real God Xue Kong was staring with his eyes wide.

"Can't even withstand one hit," Jian Wushuang pouted. Then, he looked at Real God Xue Kong and the others, "Sir God Chi Xin died and it's your turn next."

Jian Wushuang said and there were two resplendent golden lights that soared up from both of his sides.

The two golden lights were like two golden suns. They gave out a magical power. The moment they appeared, they burst out at a terrifying speed.

The two Hong Jun Golden Swords shuttled to and from the experts from Soaring Heaven King Palace under the control of Jian Wushuang.

Psst! Psst! Psst! Psst!

The figures were pierced instantly with no mercy. The Real Gods from Soaring Heaven King Palace looked terrified.

"Run!"

"Hurry up and run!"

Jian Wushuang killed an Almighty with one palm. The Real Gods didn't even think about counterattacking and started fleeing.

However, no matter how fast they ran, they were much slower than the Hong Jung Golden Sword.

The difference was too vast.

The two golden lights shuttled back and forth the void. They caught up with the experts from Soaring Heaven King Palace who were fleeing and killed them with ease.

In a short time, probably less than one breath time, the Real Gods from Soaring Heaven King Palace who were running away were all killed besides Real God Xue Kong.

But Real God Xue Kong was alive because Jian Wushuang had intentionally let him stay alive.

"Do you know why I kept you alive?" Jian Wushuang put away the Hong Jun Golden Swords and walked to Real God Xue Kong as though he was taking a leisurely stroll in the garden.

"Demon, demon!" Real God Xue Kong looked at Jian Wushuang with a horrified expression. Even since he had cultivated, it was his first time being so terrified.

The person before him was too strong.

He was so strong that it made him feel hopeless.

Jian Wushuang stopped at about ten meters away from Real God Xue Kong. He smirked, "I kept you alive because I hope you can bring a message back to Soaring Heaven King Palace. Tell them that I remember very clearly the besiegement in the Eighth Lair previously and the attack at the border of Buddhist Demon Sea where I was badly injured. Now, it's time for me to settle our accounts."

"Sir God Chi Xing is only the beginning!"

"Next, the massacre will continue. Tell them to clean their necks and be prepared to get slaughtered."

Jian Wushuang spoke with a cold voice and he didn't lower his volume. Not only did Real God Xue Kong hear him, the surrounding cultivators also heard him clearly too. They gasped in surprise.

"Go back," Jian Wushuang waved at Real God Xue Kong.

Real God Xue Kong gulped, suppressed the fear in him, and turned around stiffly to leave. In a short while, he disappeared from everyone's sight.

Jian Wushuang smirked coldly at the sight. Then, his figure turned illusory and vanished into thin air.

Until Jian Wushuang left, Sea City that was in dead silence for a short while let out an uproar again.

The countless cultivators in the entire Sea City were bubbling with excitement.

One should know that they had witnessed an Almighty's death with their own eyes and he had been killed with just one palm!

It was difficult for them to even see an Almighty normally, let alone watch one being killed.

Besides, from their viewpoint, they reckoned that the battle between Jian Wushuang and Soaring Heaven King Palace was even more vigorous than their previous fight in the Eighth Lair.

“There’s going to be big trouble!”

Everyone understood that.

Forget about how the battle between Jian Wushuang and Soaring Heaven King Palace would develop. Jian Wushuang, a Real God, he had killed Sir God Chi Xing, an Almighty, with just one palm. The news itself could stir up a great commotion in the entire Eternal Chaotic World.

The news naturally spread like wildfire.

The entire Eternal Chaotic World was shocked at the news.

It was bedlam in Thunderbolt Island.

Countless experts were surprised and they found it unbelievable.

It was an Almighty. Plus, Sir God Chi Xing wasn’t weak among Sir Gods. In the end, Jian Wushuang had killed him with one palm. Just how powerful was Jian Wushuang?

At the peak of Sir God? Close to Emperor God? Or he could already compare favorably with Emperor God?

He was only a Real God after all.

As they were in astonishment, experts from all forces were anticipating what was going to happen next.

Jian Wushuang had barged into Sea Continent alone and killed Sir God Chi Xing and many Real Gods in front of everyone. Not only had he embarrassed Soaring Heaven King Heaven, but he had also come into their territory. Soaring Heaven King Palace would definitely respond.

Plus, Jian Wushuang had also said that Sir God Chi Xing was only the beginning. Then, there would be an even more ferocious massacre. There might even be other Almighties who would die.

Everyone was looking forward to it.

But no one knew that just as the news spread, the main character of the story, Jian Wushuang, had already arrived at Soaring Heaven Mansion alone.

Soaring Heaven Mansion was the supreme headquarters of Soaring Heaven King Palace on Sea Continent. Although it couldn’t be compared to the true lair of Soaring Heaven King Palace on Soaring Heaven Land, it was definitely a taboo place that no one dared to provoke within Sea Continent. At least, Soaring Heaven King Palace had the power to intimidate all forces in Sea Continent.

Jian Wushuang was already in the void outside of Soaring Heaven Mansion.

“I want to take revenge. I want Soaring Heaven King Palace to erupt, I want them to pay a heavy price. So, I have to try my best to kill all their higher-ups and the higher-ups of Soaring Heaven King Palace will mainly gather in these two places. One is their old lair in Soaring Heaven Land and the other one is Soaring Heaven Mansion,” Jian Wushuang smiled.

To take revenge and attack a force, was there any other more satisfying way than barging into their supreme headquarters directly and kill a large number of their experts?

The two supreme headquarters of Soaring Heaven King Palace, the old lair on Soaring Heaven Land, was the most important place and would be more powerful. With Jian Wushuang's power, he wasn't confident that he could break through. However, Jian Wushuang was extremely confident if it was Soaring Heaven Mansion on Sea Continent.

"I let Real God Xue Kong bring back the news saying Sir God Chi Xing is only the beginning. They surely thought I would continue to stay in Sea Continent to seize an opportunity to kill more of their experts. They never thought I would charge into their supreme headquarters straight away." There was a glimpse of light in Jian Wushuang's eyes.

Chapter 1763: Soaring Heaven Mansion

The Soaring Heaven Mansion was a giant city.

A wise old man had brought his disciple outside the Soaring Heaven Mansion.

"My disciple, listen to this. When you enter the Soaring Heaven Mansion later on, you must be extremely careful in whatever you do. Even if you were to get in a disagreement with someone else, do your best to bear with it. One more thing. You must absolutely not break the rules of the Soaring Heaven Mansion. If not, no one will be able to save you," the wise old man warned.

"Master, our Five Spirit Sect is a big sect in the Sea Continent. Moreover, you are an Elder of our sect. Hence, even if it were the Soaring Heaven King Palace, they would give you some face. Thus, is there a need for us to be so careful?" the red-robed young lady who was the disciple of the wise old man said.

"You fool. How can our Five Spirit Sect be compared to the Soaring Heaven King Palace? If the Soaring Heaven King Palace were to send out an Almighty, it would be enough to destroy the Five Spirit Sect," the wise old man said in a deep voice. "In addition, the Soaring Heaven Mansion is a big base of the Soaring Heaven King Palace in the Sea Continent. Here, the Soaring Heaven King Palace has absolute power and they are God!"

"Therefore, who would dare to go against the rules that they have set here?"

"Don't say that I am an Elder of the Five Spirit Sect. Even if the Sect Master or Great Elder were to come here personally, as soon as they break the rules of the Soaring Heaven King Palace, the Soaring Heaven King Palace will also take action and kill them without hesitation."

"They are that unreasonable?" the red-robed young lady was shocked. At the same time, she could not help but ask: "When will our Five Spirit Sect catch up to the Soaring Heaven King Palace?"

"Catch up to the Soaring Heaven King Palace?"

The wise old man became stunned for some time. After that, he shook his head and sighed lightly: "The Soaring Heaven King Palace is a super powerhouse and it is a great deterrent in the Eternal Chaotic World. Hence, it is a powerful overlord. Take the Soaring Heaven Mansion as an example. The Soaring Heaven Mansion is only a portion of the Soaring Heaven King Palace's power. Moreover, even though it

has been in the Sea Continent for many years, no one dared to provoke it. Therefore, how much power do you think it possesses?”

“Catching up to such a kind of super powerhouse... haha. Let’s wait for an Almighty to be born in our Five Spirit Sect first before we think of this. As for now, we are too far away.”

As he spoke, the two of them came before the door of the Soaring Heaven Mansion.

Over there, there were quite a number of cultivators from each and every corner of the Sea Continent and they were all queuing up to enter the Soaring Heaven Mansion.

“There’s so many people,” the red-robed young lady was looking at the long queue in front of her.

“The Soaring Heaven Mansion’s first rule is that it forbids flying. If we wish to enter the mansion, we will have to enter through the door obediently. As a form of respect to the Soaring Heaven King Palace, no one dares to break the rules that the Soaring Heaven King Palace has set,” the wise old man said.

“Impressive,” the red-robed young lady exclaimed with admiration.

However, just then, a crimson-robed figure came over quickly from the void behind them. Moreover, he swept through the void, over the wise old man and the red-robed young lady.

“Eh?” The red-robed young lady revealed a surprised expression, “Master, didn’t you say that flying is forbidden in the Soaring Heaven Mansion? But this person...”

“This is weird. Even if it were experts of the Soaring Heaven King Palace who need to queue to enter the Soaring Heaven Mansion, they would normally stop when they reached the entrance of the mansion. As for this person...” the wise old man frowned.

It was not just the two of them. Many cultivators before the Soaring Heaven Mansion who were queuing to enter the mansion had also witnessed the arrival of the crimson-robed figure.

The crimson-robed figure ignored everyone and flew straight to the front. In the end, he was stopped by a giant formation which covered the Soaring Heaven Mansion.

“A formation?” Jian Wushuang laughed indifferently.

Every powerhouse and sect had their own big protective formation. The formation was probably extremely powerful.

The Soaring Heaven Mansion was equivalent to the second base of the Soaring Heaven King Palace. Hence, it naturally had a big protective formation.

Clang!

The sword that Jian Wushuang was carrying on his back had left its scabbard.

“He has drawn his sword!”

“Drawing his sword in front of the entrance of the Soaring Heaven Mansion? What is he trying to do?”

“Who is this person?”

Many cultivators before the door of the mansion looked at Jian Wushuang with great surprise.

They had absolutely no idea what Jian Wushuang was trying to do.

It was only when Divine Power emerged from the body of Jian Wushuang and a shocking sword essence spread in all directions that the expressions of the cultivators who were present changed.

Jian Wushuang had already swung the Blood Mountain Sword in his hands.

Swish!

A gigantic sword light which contained power that could destroy the world struck the big protective formation of the Soaring Heaven Mansion with fury directly.

“The sword has struck the big formation!”

“He is actually attacking the big formation?”

“Is he crazy?”

Many cultivators who were present were extremely terrified.

“Master, didn’t you say that for many years, no one dared to provoke the Soaring Heaven Mansion?” the red-robed young lady asked her own Master.

“Who knows? This person is probably crazy. Even though he is only a Real God, he still dared to attack the big protective formation of the Soaring Heaven King Palace. He is really courting death,” the wise old man said in a deep voice.

However, just when his words left his mouth:

Boom!!!

A loud booming sound resounded across the universe and frightening power spread across all directions like tidewater.

The power was so great that many cultivators who were present became visibly moved and they revealed terrified expressions.

The Soaring Heaven Mansion’s giant protective formation then shook madly.

“What?”

“The Soaring Heaven Mansion’s protective formation is actually shaking?”

“A Real God only unleashed one stroke and it actually managed to shake the big protective formation of the Soaring Heaven Mansion?”

The cultivators who were present found it unbelievable.

However, at that moment, Jian Wushuang was squinting his eyes. After that, his sword essence, which was already unreasonable and shocking to begin with, achieved a whole new level again.

He unleashed the Divine Power in his body without holding back.

The Blood Mountain Sword in his hands were shaking and a great amount of Reincarnation Power burst forth.

“Reincarnation Sword Principle, First Move!”

Buzz!

Sword light was swung again and this time around, the sword light was not as big as before. Instead, it was more dazzling.

As soon as the sword light appeared, the dazzling light caused many cultivators, as well as the Real Gods who were present, to have no choice but to close their eyes.

The sword light struck the big formation and the big formation, which was already shaking crazily and was on the verge of collapsing to begin with, gave off a violent booming sound. The big formation then split open and fell apart completely.

“The big formation has been broken through?”

Everyone opened their eyes wide and they were looking at the scene with disbelief.

The Soaring Heaven Mansion had existed for many years in the Sea Continent and it had terrorized all the powerhouses with fear. As such, it was a leviathan-level super existence. Moreover, the protective formation that it had deployed was extremely powerful and it was said that even normal Almighties were unable to break the big formation apart with force. However, at that moment, the big formation had been destroyed by a Real God in two strokes!!

As soon as the big formation collapsed, the Soaring Heaven Mansion was no longer covered up and it was completely exposed in front of Jian Wushuang.

Upon seeing that, Jian Wushuang wore a bloodthirsty smile. An ice-cold voice then came out of his mouth and reverberated across the area.

“Soaring Heaven King Palace, I have come... to demand the repayment of a debt!”

Chapter 1764: Deliver Himself To Their Doorstep

In Soaring Heaven Mansion, in the hall located right in the middle.

There was an independent space in the hall where lofty thrones towered. There were four of them in leading positions.

The four of them gave out strong auras, far beyond the rest of the people's. The four of them were Almighties.

“Xue Kong, Chi Xing was really killed by Jian Wushuang with just one palm?”

A brawny man who was raging like an ancient beast said. His voice contained boundless murderous intention.

"Yes," Real God Xue Kong's face was twitching in agony. He looked terrified under the pressure of the brawny man, "He killed Sir God Chi Xing and wanted me to bring back a message. He said that this is only the beginning. He wants the experts in Soaring Heaven King Palace, including everyone here, to clean our necks and wait."

"How dare he!" The brawny man slammed his arm rest and the throne he was sitting on immediately broke. He stood up and roared, "Jian Wushuang really thinks that we of Soaring Heaven King Palace can't do anything about him?"

All the experts' faces grew grave but most of them were astonished.

He had killed Sir God Chi Xing with one palm.

An Almighty had died in one move. There wouldn't be many who Sir Gods who could do that.

"Qing Fu, among the four of us, you are the strongest as you have already reached the peak of Sir God. If you were to fight with Chi Xing, do you think you could kill him instantly?" An Almighty asked.

Everyone immediately looked at Qing Fu.

Qing Fu was a young man in a green robe. Although he looked young, he was actually the most ancient one among all experts and he was also the strongest. He had already lived for tens of thousands of years.

"To kill Chi Xing with one move?" Sir God Qing Fu thought, "If I were to prepare ahead and launch the strongest hit with my all, I couldn't kill Sir God Chi Xing directly. However, when Sir God Chi Xing fought with Jian Wushuang, he didn't prepare ahead of time but straight away sent out his palm that break Sir God Chi Xing's attack and kill him."

"He might be even stronger than I am!"

The experts creased their eyebrows tightly as they heard what Sir God Qing Fu said.

Sir God Qing Fu was already the strongest among them but he wasn't confident that he could win against Jian Wushuang, let alone the rest of them.

"B*stard, how long has it been? Jian Wushuang has already improved to this level?" The ancient, beast-like brawny man roared.

"The inverse cultivator is too scary!"

"Jian Wushuang was so talented. Back when he was in the Eighth Lair, Soaring Heaven King Palace should have gone all-out. We should have paid a price and killed him."

"It's already too late now. Let's think about what to do."

Everyone started discussing in the hall but they couldn't figure out any countermeasures.

Jian Wushuang was too powerful and he could kill an Almighty with just one palm. Relying on his power, if he were to start massacre wantonly in Seat Continent, Soaring Heaven King Palace couldn't do anything about Jian Wushuang with their power on Sea Continent.

"I have already report this to Emperor God Tian Xiao. Emperor God Tian Xiao will figure out a way. After all, Soaring Heaven King Palace has been the overlord for so many years. Our foundation and power isn't shakeable by Jian Wushuang alone. By then, Jian Wushuang will definitely have to pay a great price for his arrogance!" Sir God Qing Fu said.

Everyone heard and nodded in agreement. They were obviously very confident in Soaring Heaven King Palace's power.

Just then...

Hong!

There was a sudden loud thud. Along with the noise, a great power swept in.

The cultivators in Soaring Heaven Mansion were shaken. The higher-ups of Soaring Heaven King Palace in the hall were naturally frightened as well.

Why?"

"This movement... It spread from the Protective Array. Someone is attacking our Protective Array?"

The experts were first stunned then instantly raged with anger.

"How dare he!"

As everyone cursed, large number of figures plunged out from Soaring Heaven Mansion. The four Almightyies in the lofty hall and the top Chaotic Real Gods flew out. Before they could even leave Soaring Heaven Mansion to find out who it was, a sword light swung out.

The sword light was too brilliant. Even with the Protective Array, everyone could feel how scary the sword light was.

As the sword light descended, the Protective Array of Soaring Heaven Mansion collapsed completely.

Then, a cold voice was heard.

"Soaring Heaven King Palace, I came... to take revenge!"

The voice was deafening and it constantly reverberated in Soaring Heaven Mansion.

There was boundless coldness in the voice and it struck fear into the hearts of many experts of Soaring Heaven King Palace.

The higher-ups of Soaring Heaven King Palace, including Sir God Qing Fu, their faces grew grave when they heard him.

"Take revenge?" Real God Xue Kong's eyes were wide. "It's Jian Wushuang! It's him!!"

"Jian Wushuang?"

Many experts of Soaring Heaven King Palace were surprised.

"He has guts! Soaring Heaven King Palace was having a headache trying to seize a chance to kill him. He took the initiative and visited us instead?"

“He’s only a Real God and he dares to barge into Soaring Heaven Mansion. He’s courting death!”

An angry voice continued to reverberate.

“Let’s go!”

Sir God Qing Fu’s glare was cold and it contained boundless murderous intention. He waved and plunged to the source of the voice along with the higher-ups of Soaring Heaven King Palace.

The moment they reached the entrance, the experts of Soaring Heaven King Palace was the figure in a crimson robe who looked unyielding in the void before them.

He was alone and he held a crimson sword in his hand with billowing sword intention. He saw the experts of Soaring Heaven King Palace came out together but he wasn’t afraid.

Looking at Jian Wushuang in front of them, everyone from Soaring Heaven King Palace was filled with murderous intentions.

Just like how the elder from Five Spirit Sect had mentioned at the mansion gate before, Soaring Heaven King Palace held sway over Sea Continent. Ever since they had built Soaring Heaven Mansion, there had been hardly anyone who had dared to provoke the dignity of Soaring Heaven Mansion over the years. Those who had were instantly killed by Soaring Heaven Mansion with thunderous skill and their sect had been exterminated.

It had always been like that.

Due to the massacres over the years, Soaring Heaven Mansion had had definite authority on Sea Continent.

But then... Jian Wushuang had come to Soaring Heaven Mansion alone and broken the Soaring Heaven Mansion’s Protective Array.

Jian Wushuang, alone with one sword, had delivered himself to their doorstep.

It was also the first time someone had delivered themselves to Soaring Heaven Mansion doorstep since they were established.

“There is a road to heaven and you won’t go; There is no door to hell but you barged in. Jian Wushuang, no matter how capable you are, you are going to die, without a doubt!”

Chapter 1765: Flowers Bloom And Fade

“I will definitely die? From just the few of you?” Jian Wushuang laughed nonchalantly and disdain flashed in his eyes.

At that moment, although there was a total of four Almightyies standing in front of him, among the four of them, only Sir God Qing Fu who stood in front had the right to catch his attention. As for the other three, they were merely normal Sir Gods. Hence, such a lineup was unable to make Jian Wushuang feel worried.

“The four of us are enough to kill you.”

Sir God Qing Fu had a great amount of aura. After giving a furious cry, his body was the first to move.

At the same time that he moved, a double-edged, giant axe appeared in his hands. While releasing Divine Power, Sir God Qing Fu held the giant axe with both his hands and raised it high in the air.

Rumble~~~ A towering axe shadow appeared out of thin air at the top of the void.

The axe shadow then swung out and it looked as though it could split heaven and earth apart.

When the axe shadow was swung, the whole universe became dead silent.

Everyone present was staring at the axe shadow persistently and their eyes were filled with shock.

As for Jian Wushuang, he wore an indifferent smile. After taking a glance at the giant axe shadow which was heading toward him, he swung the sword in his hands immediately.

He did not unleash a strong sword move. He merely swung his sword which was imbued with Reincarnation Power and most importantly... his Ultimate Divine Power.

Bam!

With a loud sound, the giant axe shadow shook violently and dissipated right away.

Within the sea of dispersed Divine Power, an ice-cold sword light was still moving heartlessly and it headed straight to Sir God Qing Fu.

Sir God Qing Fu's expression changed greatly and he placed his giant axe in front of his chest immediately.

Clang!

Another loud sound could be heard and Sir God Qing Fu's body was sent flying instantly. While he was flying, he rolled about continuously and it was only after a long time that his body stopped moving.

After stopping, Sir God Qing Fu's body shook and he spit out a huge mouthful of blood with a "wa" sound. His expression turned pale at once.

When everyone from the Soaring Heaven King Palace saw such a scene, all of them turned pale with fright.

Among the many experts of the Soaring Heaven King Palace present, Sir God Qing Fu was one of the most powerful people and he was a top Sir God.

Even though the experts from the higher-ups of the Soaring Heaven King Palace knew that Jian Wushuang had unleashed shocking abilities to kill Sir God Chi Xing with one palm, they had still thought that Sir God Qing Fu could suppress Jian Wushuang. Moreover, no matter what, he would still be able to fight with Jian Wushuang head-on at the very least.

However, when the both of them fought for real... with one face-off, Sir God Qing Fu had sustained serious injuries!!

"Too strong. His power is too strong!" Sir God Qing Fu exclaimed with admiration.

He did not know that as soon as Jian Wushuang had achieved Stage Three Ultimate Real God, his abilities and body underwent a transformation and both of them had achieved the level of an Emperor God.

In other words, in terms of power alone, he was not inferior to an Emperor God at all.

Previously, in the Sea City, for him to be able to kill Sir God Chi Xing with a palm, apart from the fact that the Reincarnation Palm was already powerful to begin with, the most important thing was the suppression in terms of power.

Emperor Gods and Sir Gods were one step away from one another. However, the difference in terms of their powers was like heaven and earth!

“Jian Wushuang’s abilities are too frightening and they are definitely not inferior to that of a real Emperor God. In a one-to-one fight, no one among us is his opponent. Quick, use that move!” Sir God Qing Fu suppressed his blood and Qi with force and shouted furiously.

The three remaining Sir Gods of the Soaring Heaven King Palace reacted. Together with Sir God Qing Fu, they unleashed a special hand print toward the ground below them.

“Big formation, rise!”

Rumble~~~

The ground shook.

At that moment, the whole Soaring Heaven Mansion seemed to be alive.

Crack, crack!!!

Cracks appeared on the ground and green vines came out of them.

There were a huge number of vines and they were spreading with shocking speed. In an instant, they covered the ground of the whole Soaring Heaven Mansion completely and brilliant green light illuminated the area. At the same time, a great amount of life emerged and the whole universe became filled with life.

“A formation?” Jian Wushuang was looking at the scene below him as well as the infinite amount of murderous intent around him. He raised the corners of his mouth immediately, “Interesting.”

Jian Wushuang was not worried in the slightest bit.

It should be known that back then in the Buddhist Demon Sea, even though five Sir Gods had teamed up and unleashed the Killing Formation of Nine Cuts, they were unable to do anything against him in the end. Instead, they were defeated by him and he had even killed one person on the spot.

At that moment, Jian Wushuang’s abilities were greater than before.

The four Sir Gods of the Soaring Heaven King Palace were standing on the ground which was covered by the green vines and just like before, Sir God Qing Fu was standing in front. Moreover, their bodies were covered by the green vines and it looked as if they had fused with the big formation. With that, the only thing that was revealed were the eyes of the four of them.

These four pairs of eyes were currently staring at Jian Wushuang closely and they were filled with an infinite amount of murderous intent.

“Jian Wushuang, I admit that you are very powerful. However, it’s a pity that you are too arrogant!” an ice-cold voice could be heard from Sir God Qing Fu.

“By staying somewhere in the Sea Continent, even if you were to kill the experts of the Soaring Heaven King Palace wantonly, the Soaring Heaven Mansion will be unable to do anything against you with its power. However, it’s a pity that you have taken the initiative to come to us. In the Soaring Heaven Mansion, with the aid of the big formation, the four of us can even fight against a real Emperor God. And you... will die for sure!”

“Die!”

Sir God Qing Fu’s eyes glowed with a shrill light.

“Flowers, bloom!”

Buzz~~~ Amidst the uncountable number of vines, a brawny green vine appeared.

The speed of that vine was extremely fast. When it appeared in front of Jian Wushuang, it started to transform straight away.

An exceptionally beautiful, giant green lotus flower bloomed and it contained an unbelievable amount of aura of life. As soon as it bloomed, it covered the whole Soaring Heaven Mansion.

“Eh?” Jian Wushuang’s eyes squinted. When he looked at the green lotus flower below him, he did not feel that the green lotus flower was dangerous.

At that moment, Sir God Qing Fu shouted again.

“Flowers, fade!”

Boom!

The universe shook.

The Soaring Heaven Mansion, which was originally filled with life, was replaced by an infinite amount of dead energy in a split second.

The innumerable number of vines on the ground below him started to wither immediately. At the same time, the gigantic green lotus flower withered. However, as the green lotus flower withered, it drew everything to itself fiercely. Naturally, Jian Wushuang was drawn in as well and the green lotus flower became a flower bud.

The flower bud withered at an extremely fast speed and even its life was depleting madly.

“My life force is being depleted quickly?” Jian Wushuang’s expression changed fiercely.

He finally understood the strange thing about the big formation. The formation possessed the ability to transform life into death.

"If I am unable to destroy this lotus flower completely and get out, even if it's me, my life will be totally sucked dry and I will die here," Jian Wushuang muttered.

Although his body contained the King of Venomous Worms who could help him to recover, the King of Venomous Worms' recovery ability was obviously incomparable to the speed that his life was being depleted at.

Chapter 1766: Thunderous Rout!

"Humph!"

A cold humph and a boundless divine power instantly exploded from Jian Wushuang.

At the same time, Jian Wushuang's divine body magnified at a terrifying speed. Ten zhang! Hundred zhang! Thousand zhang! Ten thousand zhang!

A huge dark gold Ancient Gold body grew tremendously in size. In addition to the ravages of divine power, he forced the wrapped green lotus flower to break and a hole appeared.

Jian Wushuang held a sword in one hand and slashed at the hole. Then, the green lotus flower broke apart.

"What?"

The four Sir Gods in the formation looked shocked.

The move that they had performed using the formation, even an ordinary Emperor God would find hard to shake it off. However, Jian Wushuang had resolved it so easily.

"Don't waste time with him. Let's use the strongest move!" Sir God Qing Fu bellowed.

"Alright," the other three Sir Gods nodded heavily.

In the eyes of the four Sir Gods, there was a cyan shimmer while boundless divine power flowed into the formation.

"Life Force, Continuous Reincarnation... Last Forever!"

Hong!

The withering became full of vigor again and the vines were gathering at an insane speed. Then, they formed an ancient green tree. The ancient green tree looked as though it had existed since ancient times. It constantly grew and extended to the sky.

Just as the ancient green tree formed its shape, the extremely thick branch... Wow!

A green branch swept at Jian Wushuang.

Everyone on the scene looked surprised at the green branch.

Jian Wushuang's eyes dilated in shock subconsciously. From his viewpoint, it equaled a Sir God's full hit.

“This is your final reliance?”

Jian Wushuang smiled faintly. His huge Ancient God body had shrunk to only ten zhang tall but he gripped Blood Mountain Sword tightly in his hand.

Jian Wushuang’s eyes let out a faint light and boundless reincarnation power swept out.

“Reincarnation Sword Principle, the second move!”

There was a flash of murderous intention and Blood Mountain Sword was suddenly swung out along with boundless reincarnation power.

Reincarnation Sword Principle... Jian Wushuang had created it via his understanding of the palm One-star Man had left in his head during the few thousand years when Jian Wushuang had been recovering in seclusion.

Jian Wushuang had created a total of two moves for the sword principle.

He had performed the first move earlier and it broke Soaring Heaven Mansions’ protective array.

Then, he was performing the second move.

Bang!

The sword light with boundless reincarnation power hit the green branch and a terrifying power exploded.

In an instant, it was dark all around!

A boundless divine power suddenly swept out in all directions and everyone gulped in shock.

Suddenly...

Kacha!

It was only a soft crack but Sir God Qing Fu and the other three Sir Gods’s eyes dilated in shock. Then, before their dumbstruck gazes, the green branch that they were driving with the formation cracked from the middle. Then, a sword light pierced the green wood and it broke into two.

The sword light quivered and continued to move in the direction of the four of them.

Sir God Qing Fu harrumphed coldly and the life force instantly gathered in front of them and formed layers of defense. With difficulty, they managed to block the sword light. However, just then, two resplendent golden lights suddenly lit up and they appeared behind the four of them.

“Sh*t!”

The four of their faces grew grave.

Of course they knew about the golden lights. They were the two Hong Jun Golden Swords that Jian Wushuang controlled. They had just withstood the sword light that Jian Wushuang had struck and the two Hong Jun Golden Sword had suddenly attacked them from behind. The four of them didn’t respond in time.

Psst! Psst!

The resplendent golden light instantly pierced two heads. As for the remaining two, they fled in panic.

The Formation of Everlasting Green that covered the entire Soaring Heaven Mansion collapsed.

“Hehe, I thought the four of you teaming up would bring me joy. From the looks of it, you’re only so-so,” Jian Wushuang smiled and the two golden lights twinkled next to him.

In the void far away, Sir God Qing Fu and the beast-like man stared at Jian Wushuang.

They had never expected that they would be defeated by Jian Wushuang when the four of them teamed up to form the Formation of Everlasting Green. On top of that, Jian Wushuang had killed two of them.

One should know that they were confident to even fight with an ordinary Emperor God with the formation.

But Jian Wushuang was only a Real God.

Since the Formation of Everlasting Green collapsed and the four Sir Gods were heavily defeated. Then...

“I told Real God Xue Kong to bring you a message earlier for you to clean your neck. Now...” There was a flash of murderous intention in Jian Wushuang’s eyes.

Swoosh!

He suddenly moved and appeared among the surrounding crowd. The crowd were experts from Soaring Heaven King Palace. Many of them were Real Gods of Soaring Heaven King Palace and there were many Universe Gods as well.

However, Jian Wushuang showed no mercy.

“Die!”

He swept the sword across and a sword light was swung out brutally. A total of thirteen Real Gods from Soaring Heaven King Palace, along with three top Universe Gods, couldn’t even react before the sword light swept past them. They were instantly killed. As the same time, two resplendent golden light suddenly swept out and shuttled through the crowd.

The power of Hong Jun Golden Sword wasn’t something Real God or Universe God could withstand. Plus, its speed was so fast and there were two swords.

Psst! Psst! Psst! Psst! Psst! Psst!

There were continuous noises and the void instantly turned into a living hell.

“No!!!”

“Hurry up and run!”

“Spare me. Don’t kill me!!!”

The experts in Soaring Heaven King Palace gave out a blood-curdling scream simultaneously.

Sir God Qing Fu and the beast-like brawny man in the void faraway were furious at the sight.

“B*stard!”

The brawny man let out an angry roar and charged at Jian Wushuang.

“Don’t act on impulse!” Sir God Qing Fu wanted to stop him but the brawny man was in complete madness and his eyes were bloodshot.

Jian Wushuang was terrified but thrilled at the brawny man’s arrival.

“No matter how many Real Gods I killed, how could it be more satisfying than killing an Almighty?” Jian Wushuang smiled and murderous intention filled his eyes. As the brawny man arrived, the two golden lights shuttling to and from the crowd suddenly changed their directions and aimed at the brawny man.

“Die!”

The brawny man wielded a saber and hit the two golden lights.

Dang!

A loud thud and the power of the first Hong Jun Golden Sword made the brawny man retreat and spit a mouthful of blood. Then, the second Hong Jun Golden Sword immediately pounded and pierced the brawny man’s head.

Then, the four Sir Gods in Soaring Heaven Mansion, Jian Wushuang had already killed three of them!

Chapter 1767: The Arrival Of An Emperor God

“Ah!”

Seeing that the brawny man was killed easily, although Sir God Qing Fu was in great sorrow, he felt even more helpless.

Even with the Formation of Everlasting Green that was unleashed with four Sir Gods teaming up, Jian Wushuang was still able to break through it. At that moment, there was no power within the Soaring Heaven Mansion which could stop Jian Wushuang.

As for Jian Wushuang, he continued his massacre and even Almighties were easily killed by him. Hence, the Real Gods of the Soaring Heaven King Palace were even more powerless and more than half of them were massacred after a short amount of time.

“Stop it!!!”

A furious cry could be heard and it resounded across the universe.

When Sir God Qing Fu, who had a ghastly-pale expression and was filled with sorrow, heard the cry, he raised his head immediately and his eyes shone brilliantly.

“He’s here. He’s finally here!” Sir God Qing Fu clenched both his fists tightly and he cried tears of joy.

After the loud cry was heard, three figures which emitted shocking aura flew over hastily and they appeared in the sky of the Soaring Heaven Mansion in a split second.

Among the three of them, the person in front was a golden-robed man. The golden-robed man had a huge amount of aura and it was many times more than the aura of anyone who was present. He was one of the two important people of the Soaring Heaven King Palace... Emperor God Tian Xiao.

As for the two people behind Emperor God Tian Xiao, they were the other two top Sir Gods of the Soaring Heaven King Palace.

Jian Wushuang had gotten reliable information since a long time ago. He knew that in the Soaring Heaven King Palace, apart from the two Emperor Gods, there were three top Sir Gods and Sir God Qing Fu was one of them.

At that moment, the Soaring Heaven King Palace's Emperor God Tian Xiao, as well as its three top Sir Gods, were all present.

However, when they arrived, the Soaring Heaven Mansion was already stained with so much blood that a blood river could be formed and it was filled with bodies. It was just like the Asura Hell!

Among many experts of the Soaring Heaven King Palace who were inside the Soaring Heaven Mansion, three of the four Sir God experts who were of a high level were killed on the spot and only Sir God Qing Fu remained alive.

As for the remaining Real Gods and Universe Gods, more than seventy percent of them were killed by Jian Wushuang and only a small number of them managed to escape.

Upon seeing that, the three figures who had arrived were extremely terrified. In particular, the bodies of the three Almightyies were worrisome.

The Soaring Heaven Mansion was the second base of the Soaring Heaven King Palace. Moreover, it was an existence which oversaw a land and it was extremely important to the Soaring Heaven King Palace.

When they knew that Jian Wushuang had appeared in the Sea Continent and that he had also killed Sir God Chi Xing with a flip of his palm, the Soaring Heaven King Palace paid close attention to him. Previously in the base of the Soaring Heaven King Palace, Emperor God Tian Xiao was discussing how to kill Jian Wushuang. However, never did they expect Jian Wushuang to take the initiative to charge into the Soaring Heaven Mansion before they could even take action.

Moreover, after just a short amount of time, he had completely defeated all the power that the Soaring Heaven Mansion had by himself and massacred everyone wantonly.

Even though Emperor God Tian Xiao had hurried over via a wormhole at once, he was still too slow in terms of speed.

An unprecedented blow had already been dealt to the Soaring Heaven King Palace.

It was alright for those Real Gods and Universe Gods to die. After all, the Soaring Heaven King Palace had a great background. Hence, losing some Real Gods and Universe Gods were considered nothing as they would recover from it completely after some time of nurturing. However, it was different for Almightyies.

During this battle, Jian Wushuang had killed three of their Almightyies. By adding Sir God Chi Xing from before, it was a total of four of them.

It should be known that there was only a total of eleven Almighties in the whole Soaring Heaven King Palace and any of them was a super existence who could frighten everyone. However, in just a short amount of time, Jian Wushuang had killed more than one third of them!

Since the Soaring Heaven King Palace was founded, when had they ever suffer such huge losses?

“Emperor God Tian Xiao, you were really slow in coming here,” Jian Wushuang stood while holding his sword and he was looking at the three experts who had come proudly.

Even though Emperor God Tian Xiao had come personally, he was still not fearful in the slightest.

“Jian Wushuang, I swear that I will definitely skin you alive, tear open your bones, throw you into the ninth level of the Soaring Heaven King Palace’s prison and torture you for millions upon millions of years so that it is possible for you to neither live nor die!!!” An extremely cold voice could be heard from Emperor God Tian Xiao and an unprecedented amount of murderous intent burst forth from him.

“Haha, skin me alive and tear open my bones? With just the few of you?” Jian Wushuang’s eyes were filled with contempt.

Among the many Almighties of the Soaring Heaven King Palace, only Emperor God Tian Ling, who travelled in the Second Lair throughout the year, could make Jian Wushuang feel fearful. As for the other people, which included the Emperor God Tian Xiao who was in front of him, they were unable to make Jian Wushuang feel fearful.

“Little kid, die!”

Emperor God Tian Xiao did not say any unnecessary things and an infinite amount of murderous intent burst forth from him. In an instant, the whole universe was as if it had entered a storm that was composed of murderous intent.

As Emperor God Tian Xiao’s body moved, an ancient hammer which glowed with dim, green light appeared in his hands.

The green hammer was emitting thick power and it made Jian Wushuang squint his eyes as soon as it appeared.

“Emperor God Tian Xiao is rumored to have two Chaos Divine Treasure. One of them is the armor that he is wearing and the other should be the big hammer that he is holding,” Jian Wushuang muttered and he was not frightened in the slightest.

Swish! Jian Wushuang’s body moved instantly.

“Secret Skill of Da Leiyuan, Star Destroying Thunder!”

Emperor God Tian Xiao gave a furious cry and the ancient hammer in his hands emitted a great amount of green light.

Rays of green light flooded the universe and they became a giant shadow. The shadow was filled with thunderbolt power and it was just like an unmatched thunder god. He was holding a big hammer with one hand tightly and as the big hands moved, an infinite amount of thunderbolt power gathered. After that, the big hammer was swung out fiercely.

Rumble~~~ The heavens fell and the earth cracked.

For the large number of cultivators who had already retreated extremely far away, when they saw the green big hammer being swung down, all of them were shocked and dumbfounded.

“This is the power of an Emperor God!!!”

“An Emperor God, a real Emperor God!”

“Too strong, this power is too strong.”

Countless people cried out in alarm.

Even Sir God Qing Fu as well as the other two top Sir Gods from Soaring Heaven King Palace exclaimed in admiration.

Although Sir Gods and Emperor Gods were only one step away from one another, the gap between them was like heaven and earth.

For example, for the Formation of Everlasting Green which was unleashed previously when Sir God Qing Fu had teamed up with the three Sir Gods who had already fallen, it could only barely compete against a normal Emperor God. However, such an Emperor God referred to those Emperor Gods who had just made a breakthrough and their abilities were considered the weakest among the Emperor Gods.

As for Emperor God Tian Xiao, as one of the founders of the Soaring Heaven King Palace, he possessed many powerful Secret Skills and his abilities were considered extremely out of the ordinary among the Emperor Gods. In addition, he possessed two Chaos Divine Treasures. As such, he could definitely be considered someone powerful among the Emperor Gods.

With such a super existence taking action personally, Sir God Qing Fu and the two other Sir Gods became even more confident.

“No matter how strong Jian Wushuang is, he is still a Real God in the end. Although an Inverse Cultivator is nature-defying, it does not mean that he is invincible. Hence, killing many Sir Gods while being a Real God should be his limit. Therefore, as soon as he encounters an Emperor God... no matter what trump card he has, he will no doubt die!”

“That’s right. This Jian Wushuang is dead for sure!”

“Since Emperor God Tian Xiao has taken action personally, there will no longer be any room for him to struggle!”

Chapter 1768: Versus Emperor God Tian Xiao

An Emperor God’s attack was earth-shattering.

The cultivators on the scene firmly believed that Jian Wushuang stood no chance of living.

When Jian Wushuang saw the unrivaled Thor swung his hammer, he smirked while his eyes gave out a battle intention.

“Back in Buddhist Demon Sea, I flashed all my trump cards when I was fighting with Emperor God Xue Gu but I still couldn’t be evenly matched. But now, I am different from before. An Emperor God does not strike fear in me anymore!” Jian Wushuang clenched his fists, “Today, let me see just how strong an Emperor God is.”

“Fight!”

Jian Wushuang spat the word and a terrifying aura soared from his body. Jian Wushuang’s Ancient God body changed again. His muscular Ancient God arm wielded Blood Mountain Sword.

The boundless sword intention swept out.

“Reincarnation Sword Principle, the second move!”

Hong!

He slashed and the earth shook as though he was going to break the sky.

Bang!

There was a loud thud and Jian Wushuang’s body quivered. He took three steps back and every single step was about ten thousand apart. The boundless divine power dispersed and countless palaces and pavilions shattered into dust.

Emperor God Tian Xiao took one step back as well. That one step was sonorous and vigorous. He stomped and the void below broke.

“Humph!”

Emperor God Tian Xiao let out a cold humph. His body was covered in green lightning that crackled. Then, there was a Thor shadow that soared from his body and roared. His roar shook the earth and a thousand mile wide black hole instantly appeared from nowhere. In the black hole, the thunderous, huge hand extended its grip toward Jian Wushuang like lightning.

The thunderous, huge hand contained terrifying power that could burst any Sir God’s body with its grip.

Jian Wushuang smirked in disdain and pointed with his index finger. Then, a boundless divine power revolved.

It tore another huge hole in the void. From the hole, there was a huge, ancient hand that extended out. The hand concentrated all its power on one finger and the point was terrifying. It was the Sixth Finger of Ancient God, Sun Corrosion.

The thunderous hand and the ancient finger collided. The two bolts of terrifying power pushed against one another but the thunder hand was shaking vigorously and looked like it was going to break

Bang!

There was a loud bang and the thunderous, huge hand broke apart.

“Emperor God Tian Xiao, I already took two of your attacks. Now, it’s your turn to take my own palm,” Jian Wushuang let out a hearty laugh and took a huge stride forward.

His huge stride brought about terrifying power that could destroy the universe. On Jian Wushuang's right palm, boundless divine power crystalized and he slammed.

Reincarnation Palm!

The palm brought along boundless reincarnation power.

This palm derived from Jian Wushuang mimicking the terrifying palm that One-star Man sealed in his head the other days. In terms of power, Reincarnation Palm was actually stronger than the other two moves of Reincarnation Sword Principle.

Back in Sea Continent, Jian Wushuang had killed Sir God Chi Xing with this palm.

Jian Wushuang didn't go all-out back then.

He never once let his divine power explode entirely until then... His divine power of Sir God level had exploded and he performed the palm with all his strength.

The huge palm pressed down. Everywhere that it passed turned into ashes. The people who were watching the battle couldn't help but gulp.

Even Emperor God Tian Xiao was shocked at the sight.

"Break!"

Emperor God Tian Xiao roared. Then, there were space cracks in the void under his feet and they spread across like a spiderweb. The green hammer in his hand was covered in green lightning. The hammer was instantly magnified by a few folds and in the end swung out in attack brutally.

Dong!

The low thud resounded across the vast universe and fell into a divine power storm. Suddenly, a figure plunged out from the divine power storm and stood in the void.

Although Emperor God Tian Xiao was still carrying murderous intention, his gaze grew extremely solemn, Jian Wushuang, I belittled you. I never thought that you would already have the requisite to fight with an Emperor God!"

The surrounding cultivators were shocked at the comment.

Emperor God Tian Xiao spoke himself. He said that Jian Wushuang had the power to fight with an Emperor God.

A Real God, could he really fight with an Emperor God?

"Hehe, Emperor God Tian Xiao, an Emperor God expert, your power shouldn't be just this level, right?" Jian Wushuang smiled.

He had once fought with Emperor God Xue Gu and Emperor God Xue Gu was extremely powerful. Even if he fought with Emperor God Xue Gu again, he would feel pressured.

Although Emperor God Tian Xiao couldn't compare to Emperor God Xue Gu, their powers would be extremely close. Hence, his power definitely wouldn't just be at that level.

“Humph, you’re smart. I shall show you what an Emperor God is today!” Emperor God Tian Xiao voice shook the earth.

Just as he spoke...

Rumble. Heaven and earth shook as boundless thunderous power swept out and formed an ocean of lightning.

In the ocean of lightning, large amount of green sacred lightning crackled and filled a range of ten thousand miles.

Everyone at the scene could feel the power that could destroy the universe from the ocean of lightning.

The strength of the power could make any Sir God feel hopeless!

Fighting power of an Emperor God was on full display then.

“Now, this is interesting,” Jian Wushuang smiled as he beamed with excitement.

“Secret skill of Da Leiyuan, Eternal Ocean of Lightning!”

There was green lighting that burst out of Emperor God Tian Xiao’s eye too. Suddenly, the terrifying ocean of lightning that covered an expanse of ten thousand miles covered Jian Wushuang.

Even if over ten Sir Gods teamed up in the ocean of lightning, they would instantly melt into nothingness as well.

“Sacred lightning secret skill, I happen to know of them too. I wonder whose is stronger?” Jian Wushuang smiled and instigated with his right hand.

“Come on, lightning...”

Hong!

In the sky above, there was suddenly a huge crack.

The huge crack parted the universe into two. From the crack, hualala!!! A terrifying Life Destroying Sacred Thunder suddenly descended.

Every single strike of Life Destroying Sacred Thunder was as thick as the mountain. Every single strike contained terrifying power that struck fear into a Sir God.

At that moment there were about a hundred strikes of Life Destroying Sacred Thunder that descend simultaneously.

After about a hundred strikes of Life Destroying Sacred Thunder descended, it immediately merged together at terrifying speed and became a huge Life Destroying Sacred Dragon that stretched over ten thousand miles.

The Life Destroying Sacred Dragon bellowed. Suddenly, the green ocean of lightning flooded in.

One of the three Ancient God secret skills, Thunder Attracting Skill!

To fight sacred lightning with sacred lightning!

Both collided.

Chapter 1769: Scheme

Boom!

The universe shook and the Life Destroying Thunder Dragon which stretched across a distance of tens of thousands of miles charged into the sea of thunder and moved around violently, causing the sea of thunder to be in disarray.

However, after a short amount of time, the infinite amount of green sacred thunder in the sea of thunder tore apart the Life Destroying Thunder Dragon.

“Eh?” Jian Wushuang raised his eyebrows.

Although the Thunder Attracting Skill was one of the Three Secret Skills of the Ancient God Clan and its power would be out of the ordinary if it were unleashed with Jian Wushuang’s current Divine Power, in the end, this Secret Skill would only be more powerful if it were unleashed with Ancient God Power. Moreover, Jian Wushuang had not fully mastered this Secret Skill yet. Hence, it was normal for him to not be able to match the sea of thunder which Emperor God Tian Xiao had unleashed.

When the thunder dragon was destroyed, the sea of thunder continued to head toward Jian Wushuang. At the same time, Emperor God Tian Xiao himself was heading over.

“Break!”

Jian Wushuang’s Blood Mountain Sword left its scabbard. The sword light was sharp and it was swung out while imbued with Reincarnation Power.

The sea of thunder which was already in disarray after the attack of the Life Destroying Thunder Dragon was split open by force and it started to spread in all directions immediately.

However, Emperor God Tian Xiao’s body came out of the crack of the sea of thunder fiercely. Along the way, three boundless thunder lights emerged and they formed three figures beside him.

The three figures were exactly the same as Emperor God Tian Xiao. All of them were holding a big hammer each and they had a huge amount of aura.

“Forming three clones at the same time. Moreover, their abilities are all so strong?” Jian Wushuang was surprised.

The Secret Skill that Emperor God Tian Xiao had just unleashed was indeed exceptional.

The three thunderbolt clones that he had created should have fifty percent of his real body’s fighting capabilities. If they were to team up, they would certainly pose a threat.

“Jian Wushuang, die!” Emperor God Tian God with filled with an immeasurable amount of murderous intent.

“Haha, who is afraid of whom!?”

Jian Wushuang laughed heartily. When Emperor God Tian Xiao and his three thunderbolt clones attacked, Jian Wushuang's body shook violently. After that, heads and arms started to appear from his stalwart Ancient God body.

In an instant, Jian Wushuang changed into a state where he had five heads and ten arms.

His ten arms were each holding a sword.

After that, he attacked right away and clashed with Emperor God Tian Xiao head-on.

Shocking booming sounds could be heard repeatedly and the sounds were extremely loud.

Jian Wushuang's swift and huge sword light as well as Emperor God Tian Xiao's fierce big hammer which contained an infinite amount of thunderbolt clashed in the void head-on.

Every time they clashed, the power generated from the clash would shake the universe and this caused many of the cultivators present to shiver with fear.

In the surrounding void, countless cultivators' throats felt restless and they were observing the shocking battle between the two experts in front of them with their eyes opened wide.

The battle had caused the place to plunge into chaos and caused it to be filled with darkness.

The surrounding people had already been overwhelmed by it since a long time ago.

It was unknown how much time had passed...

"Piss off!"

Jian Wushuang gave a furious roar and his Blood Mountain Sword expanded into a towering sword immediately. It was then swung fiercely.

"What a joke," Emperor God Tian Xiao laughed coldly and his big hammer was swung out mightily to intercept the towering sword.

Boom!

With a loud sound, the bodies of Jian Wushuang and Emperor God Tian Xiao were both sent flying.

After they regained their posture, Emperor God Tian Xiao still had a huge amount of aura like before. As for the three thunderbolt clones beside him, they were uninjured.

As for Jian Wushuang, he originally had five heads and ten arms. However, at that moment, two heads had already burst and there were some marks of thunderbolts sweeping past his body. It was obvious that he looked a bit miserable.

Emperor God Tian Xiao was indeed an Emperor God-level super expert. By unleashing a Secret Skill to create three thunderbolt clones to team up with him, even though Jian Wushuang possessed five heads and ten arms and had combined that with his attack skills, he was still at a disadvantage.

"Jian Wushuang, I admit that your abilities are already enough for you to stand on equal footing with a normal Emperor God. However, you are still very far away from being able to compete with me," Emperor God Tian Xiao said in an icy tone.

“Is that so?” Jian Wushuang gave a weird laughter, “Emperor God Tian Xiao, as one of the founders of the Soaring Heaven King Palace, you must have collected information about me before taking action against me. Hence, you should know this. When I fought with an Almighty for the first time, which is when I fought with Sir God Qian Lan of the Soaring Heaven King Palace, what did I use to suppress him?”

Upon hearing that, Emperor God Tian Xiao’s expression changed abruptly. At the same time, he could hear two sounds of intense wind coming from behind him.

The two sounds of wind were two brilliant rays of golden light and they were dragging their long golden tails along with them. They then swept past the void and headed for his head with lightning speed.

For the two Hong Jun Golden Swords, Jian Wushuang had been hiding them intentionally. Ever since he had started to fight with Emperor God Tian Xiao, he had not used them. Even when he was at a disadvantage in close-quarters combat, he still did not use them. It was not until then that the two Hong Jun Golden Swords appeared behind Emperor God Tian Xiao quietly...

This was a killing move that Jian Wushuang had concealed and prepared carefully to the best of his abilities.

Two rays of golden light moved quickly and they contained an enormous amount of power.

It was too fast and too sudden.

When Emperor God Tian Xiao realized it, there was no time for him to dodge or block it. However, at that critical moment, Emperor God Tian Xiao gave a cold snort and the golden robe that he wore changed into golden armor instantly. The golden armor started to spread quickly and it covered his whole body in a split second. Naturally, his head was covered.

Clang! Clang!

The two Hong Jun Golden Swords struck Emperor God Tian Xiao’s head in succession. Moreover, they struck the same position.

As there was a great amount of attack power, Emperor God Tian Xiao’s body was sent flying and it was only after a long time that he regained his posture. After that, Emperor God Tian Xiao turned his head and revealed a face that was slightly pale. At the same time, there was some blood at the corners of his mouth and his eyes were filled with flames of fury.

“Jian Wushuang, from the very start, you have hidden these two golden swords intentionally. You are really scheming and it is a great move. If not for me possessing defensive armor, I would have fallen to your scheme,” Emperor God Tian Xiao said furiously.

Jian Wushuang’s eyes shrank.

“Is that golden armor Emperor God Tian Xiao’s second Chaos Divine Treasure?” Jian Wushuang murmured. There was nothing that he could do.

Emperor God experts were extremely powerful and it was not easy to kill them.

Jian Wushuang had known that since a long time ago. Hence, he had hidden his Hong Jun Golden Swords at the start. After that, he would have found the perfect opportunity to launch a surprise attack and attempt to deal a heavy blow to Emperor God Tian Xiao.

However, it was a pity that Emperor God Tian Xiao possessed a Chaos Divine Treasure-level defensive armor. With his armor bearing the impact of his Hong Jun Golden Swords' attack, he got off with light injuries.

"As expected of one of the founders of the Soaring Heaven King Palace. With that defensive armor, even if top Emperor Gods were to attack you personally, they would probably be unable to kill you as well," Jian Wushuang laughed.

"Hmph, while you are unable to kill me, I am able to kill you," Emperor God Tian Xiao's eyes turned ice-cold. The moment his words left his mouth, he flipped his palm abruptly and a pitch-black, long arrow appeared on his hand. The surface of the pitch-black, long arrow was covered with a layer of dim light and the dim light looked unusually strange.

The moment Emperor God Tian Xiao took out the long arrow, Jian Wushuang's eyes shrank fiercely.

Chapter 1770: Shake His Sleeves And Leave

"That arrow..."

Jian Wushuang stared at the black arrow in Emperor God Tian Xiao's hand. He could feel a strong sense of crisis from the black arrow.

It was obvious that the arrow wasn't ordinary.

"Soaring Heaven King Palace has been an overlord in Eternal Chaotic World for so long and they have a solid foundation. Not only do they have many experts, they also have many trump cards. This arrow must be one of Soaring Heaven King Palace's trump cards," Jian Wushuang said in a deep voice.

In the entire Soaring Heaven King Palace, in terms of experts, there was only Emperor God Tian Ling who was constantly wandering in the Second Lair who he had scruples about.

Besides the experts, Soaring Heaven King Palace had some trump cards that shouldn't be belittled.

As such, Jian Wushuang didn't barge into Soaring Heaven King Palace's old lair directly but opted for Soaring Heaven Mansion instead.

"Jian Wushuang, the arrow is extraordinary. You have to deal with it carefully," King of Venomous Worms' voice suddenly rang in Jian Wushuang's head.

"Mm," Jian Wushuang nodded heavily.

In the void before him, Emperor God Tian Xiao flashed a malicious smile after he took out the arrow. Then, he flipped his wrist and a bow appeared in his hand.

The bow had a threatening aura as well. However, it was far from a Chaotic Divine Treasure.

Then, Emperor God Tian Xiao placed the arrow to the bow before countless experts.

As he pulled the string and aimed the black arrow at Jian Wushuang, he could feel that he was completely locked onto by magical power.

Regardless of where he ran to, the power would catch up with him and destroy him.

“Jian Wushuang, you should be proud to make me use a God Slayer Arrow on you,” Emperor God Tian Xiao spoke coldly as he stretched the string on the bow. The magical power that was holding onto Jian Wushuang grew stronger.

“Die!”

With a deep bellow, the extremely tense bowstring was let loose.

A black extermination light burst out and the black arrow broke the moment it was shot.

Although the arrow broke, the power that it displayed was extremely terrifying.

“A one-use disposable item?” Jian Wushuang was surprised.

The arrow’s power was overwhelming and it broke when it was shot. All the power was concentrated in the arrow and Emperor God Tian Xiao intended to kill him with that arrow.

“Such terrifying power.”

The people who were watching in the surrounding could feel the power and their faces changed.

It was too powerful.

The power that was displayed by Emperor God Tian Xiao and Jian Wushuang was much stronger.

It was a killing arrow!

“Humph!”

Jian Wushuang humphed coldly and his eyes shined. The divine power in his body continued to flow out madly.

“Ancient God unique skill, Eight Divine Mountains!”

Clang! Clang! Clang! Clang! Clang! Clang! Clang! Clang!

A total of eight tall, golden, lofty divine mountains descended from nowhere.

The eight golden, lofty divine mountains appeared in front of Jian Wushuang and formed eight layers of defense.

It was the strongest defense unique skill of Ancient God tribe. Along with the improvement of Jian Wushuang’s power, the eight golden lofty divine mountains’ defense power grew tremendously strong as well.

However, the eight divine mountains might be able to block a full blow by an Emperor God, but to block the God Slayer Arrow that was shot to kill, they seemed to be slightly too weak.

Bang! Bang! Bang!

The black arrow brought along extermination aura as it pierced one golden divine mountain after another.

In the blink of an eye, the ten thousand zhang tall divine mountains were pierced.

The black arrow continued to shoot at Jian Wushuang.

“King of Venomous Worms!” Jian Wushuang roared.

“Let me take care of this,” King of Venomous Worms’ voice rang in Jian Wushuang’s head. The muscles on Jian Wushuang’s Ancient God body wriggled vigorously and a huge monster suddenly appeared.

“Secret skill of Plenilune, Ten Thousand Cirri!”

Countless cirri swept out and gathered together at a terrifying speed. It instantly formed a huge, towering hand.

The huge hand extended slowly and greeted the God Slayer Arrow that was aiming at Jian Wushuang.

Both parties collided... Hualala. The huge hand was breaking down quickly and the countless cirri shattered at the power of the God Slayer Arrow.

In the end, the God Slayer Arrow pierced the entire huge hand. However, due to the hindrance of the huge hand, the power of the God Slayer Arrow was diminished greatly.

Bang!

God Slayed Arrow finally reached its goal and hit Jian Wushuang. His divine body shook vigorously and he fell back. It took a while before he stopped.

In the void, Jian Wushuang stood on his feet again. He touched his chest and he saw that there was a clear white spot on his chest.

“It’s such a terrifying killer move,” Jian Wushuang muttered.

It pierced Eight Divine Mountains and the huge hand that King of Venomous Worms had performed via secret skill. Then, it finally hit him. In the end, his divine body was merely slightly impacted.

The power of God Slayer Arrow was comparable to a hit of a top Emperor God.

“He didn’t die?”

Emperor God Tian Xiao was shocked.

God Slayer Arrow was one of Soaring Heaven King Palace’s trump cards. Soaring Heaven King Palace only had three God Slayer Arrows and they used one on Jian Wushuang.

The God Slayer Arrow was shot out by him, an Emperor God, personally. Theoretically, it should even be able to kill an Emperor God, but Jian Wushuang had survived and his aura was still as magnificent as before. It was obvious that his injury wasn’t bad.

“Emperor God Tian Xiao, was the arrow earlier your last trump card?”

Jian Wushuang looked at Emperor God Tian Xiao as he spoke coldly. "The power of the arrow was not too shabby. But unfortunately, it can't kill me. As you have defense armor at the level of Chaotic Divine Treasure, I can't kill you either. However, if I want to kill the experts from Soaring Heaven King Palace, you can't stop me."

Emperor God Tian Xiao's eyes dilated in shock.

That was what he was worried about the most.

He had defense armor at the level of Chaotic Divine Treasure. He wasn't afraid of Jian Wushuang. However, the other people in Soaring Heaven King Palace didn't.

If Jian Wushuang intended to kill them, he couldn't stop him.

"Jian Wushuang, what is it that you want exactly?" Emperor Tian Xiao roared.

"What I want?" Jian Wushuang chuckled coldly, "I said this before. I am here to take revenge on Soaring Heaven King Palace. Only the blood of the experts from Soaring Heaven King Palace can quell the anger in me. The battle with Soaring Heaven Mansion today, although I killed three Sir Gods, many Real Gods and Universe Gods from Soaring Heaven King Palace, it's not enough, It's far from enough!"

"There will be plenty of time. I will stay back and have a lot of fun with you."

"Haha."

The hearty laughter reverberated in the universe and everyone revealed a horrified expression.

After he laughed, Jian Wushuang turned around. He had obviously made up his mind to leave.

Watching Jian Wushuang walk away, Emperor God Tian Xiao's gaze was gloomy yet helpless.

He knew clearly that he couldn't make Jian Wushuang stay with his power alone.
