

Swordsman 1911

Chapter 1911: The Powerful Emperor God Tian Ling

“Jian Wushuang, Emperor God Tian Ling is really powerful!” Qian Mingzi said.

“Mm, I can tell,” Jian Wushuang had already stopped then.

He had seen the way Emperor God Tian Ling had attacked earlier.

He could feel Emperor God Tian Ling’s terrifying spear techniques.

In a far distance, he tore spacetime and attack. Such techniques required one to have high comprehension of Spacetime Doctrine, at least much higher than Jian Wushuang’s comprehension towards Spacetime Doctrine.

Besides, the power of the spear...

One should know that Qian Mingzi had been under Purple Moon Emperor all this while. His power was powerful and also possessed the fighting power of a top twenty on Heaven and Earth Supreme ranking list.

Among Emperor Gods in Eternal Chaotic World, Qian Mingzi should be able to be in the top five.

Plus, Qian Mingzi had Chaotic Divine Treasure level armor to protect his body.

Even so, with merely two moves Qian Mingzi was severely injured by Emperor God Tian Ling.

Even then, if it wasn’t for Hall Master Yuan, who had helped using the galaxy formation, Qian Mingzi’s life would be at risk.

“Emperor God Tian Ling, it seems that everyone has belittled you,” Jian Wushuang squinted his eyes and stared at Emperor God Tian Ling.

Emperor God Tian Ling had yet to attack anyone for a long time. Over the years, he had been wandering in the Second Lair and he had hardly shown up.

Back when Jian Wushuang had cornered Soaring Heaven King Palace to a miserable situation, Emperor God Tian Ling had never once left the Second Lair. Then, Jian Wushuang had even suspected that Emperor God Tian Ling found an opportunity and was cultivating at crucial time. It seemed that the truth was so.

Emperor God Tian Ling’s power was much more powerful since the last time he had attacked in front of anyone.

“Emperor God Tian Ling...”

Palace Master Wu Luo, Number One Divine King, the Master of Real Martial Art Divine Church were looking at Emperor God Tian Ling in shock.

In shock, there were more elements of surprise.

Even though they had been teasing one another earlier, they were on the same side after all.

Then, Star Extermination Alliance was at an absolute disadvantage and they were on the brink of collapsing. At such a crucial moment, Emperor God Tian Ling stood out.

To Star Extermination Alliance, it was naturally a great surprise, a good surprise.

“Let me take care of Jian Wushuang and Qian Mingzi. The three of you, go and help the surrounding battlefield,” Emperor God Tian Ling’s voice was cold.

“With you alone, you can handle them both at the same time?” Palace Master Wu Luo creased his eyebrows.

“Hehe, they are merely two bigger ants. Not only I can handle them, it is also rather easy for me to just kill the two of them,” Emperor God Tian Ling sneered. Both his hands exerted strength suddenly and the black spear in his hand quivered. There was a strange exotic beast’s roar reverberated in the void.

Vroom!

The void shook and the space in front of Jian Wushuang and Qian Mingzi shattered.

The black spear brought boundless power and constantly magnified in Jian Wushuang and Qian Mingzi’s eyes.

“The spear...” Jian Wushuang’s eyes dilated in shock.

“Such terrifying power!” Qian Mingzi was terrified.

“Ancient God, the Eighth Finger!”

Jian Wushuang roared and Ancient God’s Eighth Finger suddenly pressed out.

Qian Mingzi’s body grew tremendously and became a devil. The crimson axe in his hands swung out.

The two of them gave their all.

Bang! Bang!

There were two loud bangs!

Then, Jian Wushuang and Qian Mingzi were forced to retreat from the impact. However, the both of them had joined forces after all. It wasn’t like before, when Qian Mingzi had been alone. Hence, it was slightly easier to withstand it.

However, the collision also fully displayed that Emperor God Tian Ling had the upper hand, even if he were to fight alone against two.

Most importantly, Emperor God Tian Ling performed his spear technique rather casually. Obviously, he had yet to go all out.

“Too strong! Emperor God Tian Ling is too powerful. I feel like he isn’t much weaker than Underworld God,” Qian Mingzi roared.

“Underworld God?” Jian Wushuang stunned.

Underworld God, the sixteenth place on Heaven and Earth Supreme ranking list.

In Eternal Chaotic World, he was widely recognized as the number one!

He was extremely powerful. It was said that even if he ran into an ordinary Great Emperor, he could give it a try to fight.

Then, Qian Mingzi said that Emperor God Tian Ling was not much weaker than Underworld God.

“Qian Elder has been following Purple Moon Emperor all these years. He is definitely clear with Underworld God’s power. He might even fought with him once. If he said so, he definitely wouldn’t be lying, Emperor God Tian Ling...” Jian Wushuang’s face grew grave.

In the middle of the galaxy, Emperor God Tian Ling, with snow-white hair, held his spear in one hand. The aura soaring from his body grew intense and suddenly escalated to a brand new level.

Such an aura was enough to suppress anyone at the scene.

Palace Master Wu Luo, Number One Divine King, the Master of Real Martial Art Divine Church were dumbfounded.

They were previously upset with Emperor God Tian Ling’s teasing and disdainful treatment earlier. But then, Emperor God Tian Ling’s had his power as a basis.

“Haha, brother, go all out and kill Jian Wushuang!”

“You must kill him!”

In the other corner of the battlefield, Emperor God Tian Xiao noticed the happenings and immediately laughed wantonly.

Emperor God Tian Ling’s face was cold as he stared at Jian Wushuang and walked to him step by step.

“Jian Wushuang, back then, I wasn’t back and you behaved wildly at Soaring Heaven Land and massacred the experts in Soaring Heaven King Palace!”

“Today, I will kill you and wipe out Lineage of Star to take revenge on behalf of the people in Soaring Heaven King Palace!”

“You have to die!”

A cold voice was heard from Emperor God Tian Ling and he sounded determined.

Everyone around the battlefield quivered when they heard him and they didn’t dare to be in doubt.

Needless to say, Emperor God Tian Ling really did possess the capability to kill Jian Wushuang and destroy Lineage of Star.

However, looking at Emperor God Tian Ling getting closer, the power spreading from Emperor God Tian Ling’s body was getting stronger too. However, Jian Wushuang didn’t look fearful at all.

Nor did he feel anxious.

“Emperor God Tian Ling, you are really strong!”

"I never thought that your power would be this powerful. You're right. Even if Qian Mingzi and I team up, we wouldn't be your match."

"It's a pity that your opponent isn't me."

Jian Wushuang said calmly.

"Huh?" Emperor God Tian Ling's eyebrows creased.

There were people surrounding that looked at Jian Wushuang subconsciously.

Emperor God Tian Ling's opponent wasn't him? Who else?

"I originally wanted to wait until I had defeated Star Extermination Alliance, then only use this trump card when we fought against Supreme Ten Alliance or Almighty Alliance. But it seems that it won't work. So... Jian Yi, go!"

Jian Wushuang's voice reverberated.

Chapter 1912: Jian Yi Took Action

"Jian Yi, go!"

Hearing what Jian Wushuang said, the surrounding crowd was suspicious.

Who was Jian Yi?

"Could Lineage of Star have more hidden experts?" The Master of Real Martial Arts Divine Church muttered.

"But then, there was a sudden change which happened in the Master of Real Martial Arts Divine Church.

There was an evil-looking Taoist-robed elder who appeared behind the Master of Real Martial Arts Divine Church.

The way he appeared was too fantastical. Although the Master of Real Martial Arts Divine Church was a Peak Emperor God, he didn't notice any difference.

The Taoist-robed elderly extended his palm. His palm contained unique magic power and moved closer to the Master of Real Martial Arts Divine Church's head and he was terrified.

"Sh*t!"

The Master of Real Martial Arts Divine Church's face changed and he struggled to withstand it. However, the palm moved too quickly and too mysteriously.

Bang!

The palm hit the Master of Real Martial Art Divine Church's head directly.

A terrifying power spread.

The armor on the surface of the Master of Real Martial Arts Divine Church was also at the Chaotic Divine Treasure level. It diminished the power of the palm by half at the first instant.

The remaining power took effect and shook the Master of Real Martial Arts Divine Church's body. It was as though his head was going to explode.

Merely with this palm only, he still barely withstood it.

However, just as the Master of Real Martial Art Divine Church intended to run away, there was suddenly a large cloud of crimson fog that swept out from the Taoist-robed elder. The cloud of crimson fog was like an exotic beast that opened its mouth. Without giving the Master of Real Martial Arts Divine Church any time to respond, it engulfed the Master of Real Martial Arts Divine Church.

The crimson fog spread and no one could see the scenery within the crimson fog.

Even Soul Power couldn't probe through it.

In a short instance, in the blink of an eye, the exotic beast that was transformed from crimson fog that had filled the air already dispersed.

The energy retreated gradually and revealed the scenery within.

The scene made everyone opened their eyes wide.

Previously, they had seen the sudden appearance of a Taoist-robed elder standing in the void while there was a cold dead body floating in silence next to him.

The dead body was the Master of Real Martial Art Divine Church.

The Master of Real Martial Art Divine Church was a Peak Emperor God. In a short while, he had been killed on the spot!

"How is it possible?"

"This, this..."

"He was a Peak Emperor God!"

The people who saw the scene were in disbelief.

Especially Palace Master Wu Luo and Number One Divine King.

The two of them were Peak Emperor Gods as well. Their power wasn't much different to a Master of Real Martial Arts Divine Church's but merely his defense power was slightly stronger.

As a Peak Emperor God, even if his defense power was weak, he wasn't one who could be killed by just anyone. Plus, he had been killed easily without any power to counterattack.

Just how strong was the Taoist-robed elder that had suddenly appeared?

Just as everyone was shocked and astonished.

Swoosh!

The Taoist-robed elder moved his body and appeared behind Jian Wushuang. At the same time, he revealed reverence and passion in his eyes.

“Master,” the Taoist-robed elder spoke and he didn’t lower his voice.

Everyone at the scene heard the way he addressed Jian Wushuang.

“Master?”

“The Taoist-robed elder who killed the Master of Real Martial Art Divine Church with thunderous measure referred to Jian Wushuang as Master?”

“Such a terrifying expert is willing to recognize Jian Wushuang as his master?”

Everyone was shocked.

But Palace Master Wu Luo quickly shook his head, “It’s impossible. Although Jian Wushuang is talented and he has high potential, his power has yet to reach that level after all. The Taoist-robed elder is a terrifying existence that could kill the Master of Real Martial Art Divine Church easily. He definitely wouldn’t be willing to take him as his master. From my viewpoint, there’s an eighty percent chance that Jian Wushuang controlled him using a special technique, and it is through soul control!”

“Soul control?”

Once the term was brought up, everyone at the scene quivered in fear.

That was definitely a vicious method.

Jian Wushuang could soul control such an expert. It fully showed that he was a capable person.

Everyone at the scene was shocked when they saw Jian Yi, while Jian Wushuang felt satisfied and secure.

Jian Yi, his servant, was definitely loyal to him. And in terms of power... He was from ancient times.

His fighting power at his peak had reached the extreme limit of Chaotic Realm, which was equal to the Great Emperor in Eternal Chaotic World and the top of the Great Emperor.

Such an expert, although he had only recovered to the top of middle stage Chaotic Realm, his fighting power was still unusually strong.

Jian Wushuang knew that Jian Yi’s fighting power was extremely strong, at least much stronger than his.

Hence, he had been making Jian Yi in Lineage of Star constantly recover his power but never let Jian Yi fight.

His goal was to let Jian Yi suddenly take action during a war like this. to bring about severe damage.

In actual fact, Jian Wushuang was rather happy with the results.

The Master of Real Martial Art Divine Church, a Peak Emperor God, also the strongest fighting power from Star Extermination Alliance.

However, just as Jian Yi did a surprise attack. He didn’t manage to put any skills to play and was killed instantly.

“At first, I thought, even if Jian Yi were to take action in silence, he would at most injure a Peak Emperor God and make him lose fighting power, which would be sufficient for me. Who knew Jian Yi could kill the

Master of Real Martial Art Divine Church directly? An expert from ancient times is really impressive,” Jian Wushuang muttered.

The Master of Real Martial Art Divine Church had Chaotic Divine Treasure level armor. Although his personal defense power was the weakest among the Peak Emperor Gods at the scene, it was also extremely difficult to kill him.

However, when Jian Yi took action, he did it with ease.

“Emperor God Tian Ling, this is the opponent I found for you. What do you think?” Jian Wushuang smiled faintly as he looked at Emperor God Tian Ling before him.

Emperor God Tian Ling already stopped his footsteps. He was still holding onto his spear but his eyes locked upon Jian Yi.

From Jian Yi’s action, he could tell that Jian Yi was extremely strong and definitely not any weaker than him.

After all, even if he took action, he might not be able to kill the Master of Real Martial Arts Divine Church so quickly.

“Jian Wushuang, I belittled you. I wonder where you found such an expert and how you soul controlled him,” Emperor God Tian Ling roared coldly.

“Emperor God Tian Ling shouldn’t be worried about where I found him or how I soul controlled him. As long as you know that he is your opponent, that will do,” Jian Wushuang smiled faintly and looked to Jian Yi, “I shall pass you Emperor God Tian Ling.”

“Yes,” Jian Yi nodded politely. Then, he took a stride and appeared before Emperor God Tian Ling.

Vroom!!!

There was a fierce aura that soared from Jian Yi’s body. The strength of the aura wasn’t any weaker than Emperor God Tian Ling but slightly stronger.

Jian Yi appeared and Emperor God Tian Ling felt a strong pressure.

Chapter 1913: Secret Skill of Real Dragon

“Your name is Jian Yi, right?”

Emperor God Tian Ling stared at Jian Yi as his gaze gradually burned with fire, “At first, I thought among Emperor Gods in this world, only Underworld God was qualified for me to go all-out. However, from what it seems now, it isn’t so.”

“However, that’s better too. After I defeat you, I will go and challenge Underworld God!”

The moment Emperor God Tian Ling’s comment spread, the surrounding crowd was surprised.

Challenge Underworld God!

In Eternal Chaotic World then, only Emperor God Tian Ling, who had improved tremendously, had the guts to make such a remark.

Vroom. A strange aura suddenly soared and there were huge dragon shadows that appeared behind him one after another.

Every one of the huge dragon shadows were big in size and they crowded behind him. In one glance, there seemed to be no less than a thousand of them.

Emperor God Tian Ling stood right in the middle among the thousands of huge dragon shadows, as though he was their ruler.

“Secret Skill of Real Dragon! When Emperor God Tian Ling wandered in ancient mystery world, he received an ancient secret skill, Secret Skill of Real Dragon!”

“It is said that the secret skill draw support from the power of real dragons in order to increase one’s power. The secret skill could only be cultivated and performed by Emperor God Tian Ling, who once absorbed a drop of real dragon blood essence. The others wouldn’t be able to cultivate it even if they obtain the secret skill. It could be described as Emperor God Tian Ling’s strongest secret skill!”

“The last time I saw Emperor God Tian Ling fight, there were only hundreds of huge dragon shadows when he performed the Secret Skill of Real Dragon. Now, he could substantiate over a thousand of them.”

Palace Master Wu Luo, Number One Divine King, Emperor Gods who knew Emperor God Tian Ling, were surprised.

Emperor God Tian Ling was famous in Eternal Chaotic World and the Secret Skill of Real Dragon that he exclusively possessed was naturally well-known by the public as well.

Previously, Emperor God Tian Ling had fought with Qian Mingzi and Jian Wushuang, but he had never performed the secret skill.

But then, it was obvious that he felt pressure fighting against Jian Yi. Hence, he went all out and performed the secret skill.

Over a thousand huge dragon shadows substantiated behind Emperor God Tian Ling and Emperor God Tian Ling’s face was cold, like he was an emperor high above.

He gripped the spear in his hand tightly. Every move he took brought about the power of over a thousand huge dragon shadows.

“Fight!!”

A low roar and Emperor God Tian Ling took action.

The spear in his hand stabbed in the void in front of him. Then, the thousands of huge dragon shadows behind him roared simultaneously and shook the earth.

Hualala. The space broke and there was a whirlpool tunnel.

The spear shadow that contained the power of over a thousand huge dragon shadow went through the whirlpool tunnel and appeared before Jian Yi.

That terrifying spear seems to be able to shatter hundreds of millions of rivers and mountains.

Wherever that the spear shadow passed was left barren.

Looking at the spear shadow that plunged over, there was a tinge of chilly gleam in Jian Yi's eyes.

His body had yet to move, but his palm slowly extended and pointed at the spear shadow that was flying over.

The moment he pointed, heaven and earth were distinguished!

A black light burst out.

Although the size of the light wasn't huge, the power that it contained was terrifying!

Back in Green Fire World, when Jian Wushuang had fought with Jian Yi, he had also performed the same finger to Jian Wushuang. Although Jian Wushuang had blocked the hit with his all, he had still been injured.

Then, Jian Yi's power was much stronger than before. His strength was also much more powerful than before.

The power of the point was given full play then.

Bang!

There was a terrifying bang and it was as though two worlds had collided ferociously.

After the loud bang, bang! Bang! Bang! Bang! There were a few other low explosions.

On the black spear shadow, the power of huge dragon shadows dispersed and the black spear quivered. Emperor God Tian Ling, who was holding the spear, couldn't help but take three steps back.

Every single step was a tens of millions of miles apart. Every step caused a huge black hole in the boundless galaxy.

"Huh?" Emperor God Tian Ling creased his eyebrows and there was shock in his eyes.

He never thought that he would still have the lower hand when he performed Secret Skill of Real Dragon with his all to fight with Jian Yi.

"Again!"

Emperor God Tian Ling's intention to fight increased tremendously. There was no one else in his eyes, there was no other battlefield, only Jian Yi alone.

He wanted to fight a battle with Jian Yi and win.

Jian Yi moved his body and immediately greeted his attack.

The two, who could easily suppress any other Peak Emperor God and could even be faintly compared to Underworld God favorably, were starting a fight in the middle of the battlefield.

The terrifying movements that they made shocked the surrounding people and no one dared to go any closer.

Looking at the scene, Jian Wushuang revealed a faint smile.

Jian Yi's power didn't disappoint him at all. The large amount of resources that he had spent all these years to help Jian Yi recover his power didn't go to vain.

Emperor God Tian Ling was occupied with Jian Yi and he didn't have any bandwidth. As for Lineage of Star, regardless of whether it was Jian Wushuang or Qian Mingzi, they were both free then.

Next...

"Elder Qian, how much fighting power do you have left?" Jian Wushuang asked.

Qian Mingzi had been severely injured by Emperor God Tian Ling earlier.

"Fifty percent," Qian Mingzi replied.

"Fifty percent?" Jian Wushuang smiled faintly, "In addition to the supporting power of the galaxy formation, that's seventy percent. That's enough!"

"Elder Qian, there are only two Peak Emperor Gods left in Star Extermination Alliance, which are Palace Master Wu Kuo and Number One Divine King. Let's take action together to kill these two!"

"Yes," Qian Mingzi nodded heavily.

"Die!"

There was a flash of murderous intention in his eyes and his body instantly burst out.

Just as they moved, Jian Wushuang resurfaced his seven heads and fourteen arms again. The four Hong Jun Golden Sword quivered and then appeared before Palace Master Wu Luo at the first instant.

"D*mn it!"

Looking at the four Hong Jun Golden Swords plunging at him, Palace Master Wu Luo's face grew grave.

Even if it was in the outside world, Jian Wushuang's four Hong Jun Golden Sword was enough to suppress him.

But then, Jian Wushuang had the support of the galaxy within the galaxy formation. On top of that, Jian Wushuang had not only charged at him with four Hong Jun Golden Swords, but he had also charged at him in person.

"We were suppressed when we fought with him in a team of three. Now, one-on-one?" Palace Master Wu Luo's face grew pale.

As for Number One Divine King, he was fighting with Qian Mingzi. Qian Mingzi's fighting power was damaged. Hence, it was difficult to have the upper hand when he was fighting with Number One Divine King. However, Qian Mingzi didn't have the lower hand either.

Number One Divine King tried to figure out a way to provide assistance to Palace Master Wu Luo.

It was obvious that Palace Master Wu Luo couldn't match evenly with Jian Wushuang alone.

"Die!"

Jian Wushuang was soaring with murderous intention.

Chapter 1914: Massacre!

Bang! Bang! Bang! Bang! Bang!

There were loud bangs continuously as four Hong Jun Golden Swords flew out. Jian Wushuang's close combat skill could explode entirely.

Palace Master Wu Luo couldn't fight evenly. He had been suppressed since the beginning of the fierce fight.

Such suppression continued for a while, the Sword Principle that Jian Wushuang had performed hit Palace Master Wu Luo thrice.

Although Palace Master Wu Luo's defense power was strong, his body was majorly affected from a direct hit.

"Irresistible. I couldn't resist Jian Wushuang at all!"

"I will definitely die if this continues!"

Palace Master Wu Luo was anxious.

At the same time, he noticed his surrounding battlefield.

On the battlefield, Star Extermination Alliance was already at the brink of collapse.

Under the besiegement of Lineage of Star's experts and Dao soldiers in collaboration with the galaxy formation, there were more than twenty deaths from the original almost seventy Almighties.

On the contrary, the experts and Dao soldiers that Lineage of Star had lost were rather few.

The difference in the power of both parties were getting bigger.

The experts in Star Extermination Alliance were panicking.

"Hurry up and figure out a way. Otherwise, we will be doomed!"

"Run, hurry up and run!"

“There’s no use trying to run. We are in the galaxy, the trap that Lineage of Star purposely set up. They intentionally let us barge in. If I’m not mistaken, the entrance that we came in from is entirely sealed and we can’t escape.”

There were panic-stricken voices spreading all across the battlefield.

The experts in Star Extermination Alliance’s eyes were bloodshot.

They weren’t stupid. The situation in front of them was clear.

Star Extermination Alliance was already defeated. They were crushed.

They had even lost the power to counter attack. They would only be massacred by Lineage of Star if they continued to stand.

At such a crucial moment, they were also trying to figure out a countermeasure. Very soon, they realized that they had no way at all.

It was a trap that Lineage of Star set up. As it was a trap, its exit was definitely sealed off.

They couldn’t escape.

The only possibility was for someone to help.

For instance, the other two alliances that harbored wicked intentions towards Lineage of Star.

“D*mn it. The space was sealed and our message couldn’t be sent out. It is impossible for us to contact the other two alliances. The other two alliances have definitely gathered outside the galaxy, but they didn’t know what has happened inside.”

“What to do? What should we do?”

“The two alliances definitely would take action against Lineage of Star. They are only waiting for an opportunity. They wanted to wait until Lineage of Star was almost taken over by us Star Extermination Alliance, only then will they take action. But we here only could hope for the two alliances to come into the galaxy formation soon.”

“Yes, if only!”

“Hold on. Try to hold on until the other two alliances barge in. By then, our danger will be resolved. At the same time, Lineage of Star could be routed!!!”

On the battlefield, there was a hubbub.

The expert in Star Extermination Alliance already viewed the other two alliances as their life savior.

They were trying their best to drag on longer to allow for the two alliances to barge in.

Of course, the progress was extremely torturous. There was a large number of experts that were killed by Lineage of Star.

The number of Almighties from Star Extermination Alliance was diminishing at a shocking speed.

Originally, there were almost seventy Almighties. But then, there was already only fifty left and it continued to decrease.

Less than forty...

Less than thirty...

It continued to decrease.

On the other side, they were outside the galaxy formation, the two alliances who were viewed as life saviors had already gathered there.

Supreme Ten Alliance, many Emperor Gods gathered.

The two strongest fighting power of Supreme Ten Alliance, also one of the Peak Emperor God, Emperor Sword Sect Master said, "Star Extermination Alliance has been in the galaxy for quite a while. If I'm not mistaken, the experts in Lineage of Star should be almost gone."

"Mm, although Lineage of Star was powerful, compared to Star Extermination Alliance, they were far weaker. As long as the formation is broken, they have no power to counterattack. At most, they are fighting back like a cornered beast. They shouldn't be able to last long," Another Peak Emperor God, Emperor God Wu Yao said.

"If so, what are we waiting for? Hurry up and attack!"

The surrounding Emperor Gods were all raging in anger. There was soaring hatred in their eyes.

Among the three alliances, Star Extermination Alliance and Supreme Ten Alliance harbored great resentment against Lineage of Star.

Many harbored deep-seated resentment. They would stop at nothing.

Although to let Star Extermination Alliance destroy Lineage of Star and just share a portion from it was a good option, their deep-seated resentment made them want to take action personally.

"As no one can wait anymore, let's depart."

The Emperor Sword Sect looked at everyone and commanded. Immediately, the entire Supreme Ten Alliance were a total of over ten Almighties. They approached the Universe Galaxy together.

Very soon, the experts of Supreme Ten Alliance had gathered at a corner near the galaxy.

"The people in Star Extermination Alliance entered from here?" The Master of Emperor Sword Sect Master looked at everyone.

"Yes, I saw it with my own eyes. The experts from Star Extermination Alliance broke a hole here. Now, the hole has recovered," A Real God from Emperor Sword Sect reported.

"Humph. So what if it recovered? As Star Extermination Alliance could break the formation, Supreme Ten Alliance can do the same," the Master of Emperor Sword Sect smiled.

The experts from Supreme Ten Alliance took action.

There were continuous attacks that hit the weakest point of the galaxy one after another. Suddenly, the entire galaxy was shaking vigorously.

In the depths of Universe Galaxy.

Hall Master Yuan had been hiding there and had constantly created an advantageous situation for experts from Lineage of Star with the galaxy formation.

But suddenly... Hong! The entire galaxy suddenly shook.

"Mm?" Hall Master Yuan's face changed, "We finally can't hold back anymore?"

"Luckily, it's only Supreme Ten Alliance."

Hall Master Yuan immediately send a message to Jian Wushuang, who was suppressing Palace Master Wu Luo and had already injured him on the battlefield.

"Palace Master, Supreme Ten Alliance took action. They are attacking the formation,' Hall Master Yuan's voice was cold.

"Only Supreme Ten Alliance alone? How about Almighties Alliance?" Jian Wushuang immediately asked.

The galaxy was fully controlled by Hall Master Yuan. The experts from Star Extermination Alliance couldn't communicate on the battlefield but Jian Wushuang could.

"Almighties Alliance has yet to take action," Hall Master Yuan said.

"Very well. Star Extermination Alliance is almost done. As Supreme Ten Alliance is courting death, I shall take care of them all together!" Jian Wushuang's eyes were cold.

"Let Supreme Ten Alliance in!"

...

Chapter 1915: Dumbstruck

Rumble. The formation shook and there was a huge opening right in front of the experts from Supreme Ten Alliance.

The experts from Supreme Ten Alliance passed through the opening and entered the galaxy as they wished.

"I hope that Lineage of Star could hold on a little longer so we can make it in time."

"Don't worry. It hasn't been long. Lineage of Star shouldn't have been wiped out entirely yet. We definitely stand a chance to attack."

"Hehe, I can't wait!"

The experts from Supreme Ten Alliance were chatting casually as they plunged inside the galaxy.

Very soon, they arrived at the core region of the galaxy formation, the battlefield.

The moment they arrived at the battlefield, they saw the battlefield in front of them. Everyone who had been chatting leisurely immediately grew shocked.

The war was ongoing before them.

However, the war looked extremely tragic.

It was one-sided. It was definitely a one-sided war.

Even the word 'war' couldn't describe the situation, it should be called a massacre instead!

Looking at the large number of Dao soldiers, along with the experts from Lineage of Star, they constantly swarmed in and besieged the people who were hemmed in.

There were continuous murders and the experts from Star Extermination Alliance who were hemmed in were constantly killed. Their numbers were decreasing.

By then, there was less than twenty people. Even of those who were alive, they were mostly severely injured.

"How could it be?"

"Am I dreaming?"

"Shouldn't Lineage of Star be the one who is completely suppressed and massacred, to the point where there is no space to counterattack? How could the situation be the total opposite?"

"Star Extermination Alliance was massacred by Lineage of Star?"

Dumbstruck.

Everyone looked at the battlefield and they were dumbstruck.

They had never expected the war to be in such a state.

Previously, they hadn't worried about Lineage of Star at all.

However, with the situation of the war then, Star Extermination Alliance was obviously defeated and massacred!

"Supreme Ten Alliance, the people from Supreme Ten Alliance are here!"

On the battlefield, the remaining experts from Star Extermination Alliance were thrilled with the arrival of Supreme Ten Alliance.

There were even people who immediately shouted, "Supreme Ten Alliance, hurry up and attack. Wipe out Lineage of Star with us!"

"Hurry up. Otherwise, if Star Extermination Alliance were to be wiped out, Supreme Ten Alliance alone wouldn't be able to do anything about Lineage of Star."

"Hurry up and help!!!"

There were shrill screams along with some roars that reverberated on the battlefield.

The experts from Supreme Ten Alliance exchanged a look.

“What do we do?”

There were gazes that fixed upon the Master of Emperor Sword Sect and Emperor God Wu Yao, the two Peak Emperor Gods.

On the way in, they had been thinking about how to destroy Lineage of Star.

When they arrived in the galaxy and saw the sight, it was entirely different from what they had imagined. Hence, their original plan naturally wouldn't work.

The Master of Emperor Sword Sect had a cold look. “They are right. If Star Extermination Alliance were to be wiped out, Supreme Ten Alliance alone wouldn't be able to do anything to Lineage of Star. Seize the time when Star Extermination Alliance still has some power and Lineage of Star just went through a war. Let's attack immediately!”

“Mm, this is our only chance,” Emperor God Wu Yao nodded heavily.

“Die!”

There was a low roar then the Master of Emperor Sword Sect and Emperor God Wu Yao took the lead to attack first.

The experts from Supreme Ten Alliance saw and they didn't hesitate and plunged out to kill too.

Supreme Ten Alliance joined the war!

“Great.”

Jian Wushuang wasn't angry at the sight but he smiled, “Everyone, go all-out and wipe out Supreme Ten Alliance as well!”

Jian Wushuang's voice reverberated in the void on the battlefield.

The guest elders of Lineage of Star heard and they couldn't help but roar. There was excitement and passion burning in their eyes.

Before they fought with Star Extermination Alliance, they were anxious and worried that they couldn't match evenly with Star Extermination Alliance.

But who could have known that Star Extermination Alliance had had the lower hand since the very beginning of the war. In the end, they were even being massacred.

The guest elders felt reassured and it gave a boost to their morale and kept them on an unprecedented high.

Then, even though Supreme Ten Alliance had arrived, they showed no fear.

Plus, Lineage of Star still had strong fighting power. They could totally be fearless to fight against Supreme Ten Alliance.

“Die!” “Die!”

“Kill all of them!”

“Haha, it’s been a while since I have such a hearty massacre.”

There were earth-shattering roars resounding in the air. The experts and Dao soldiers from Lineage of Star immediately fought with the people from Supreme Ten Alliance.

Among the crowd.

“Jian Wushuang!” There was a sudden angry bellow.

Jian Wushuang turned to look at the source of the voice. Just as he saw the person who let out the angry roar, the corner of his lips lifted into a cold smirk, “I see. It’s the Master of Emperor Sword Sect. I saw through you long ago, Master of Emperor Sword Sect. You harbor a deep-seated grudge. Once Lineage of Star is in danger, you definitely will attack Lineage of Star without hesitation. From what it seems, I’m right.”

“Humph. If you had wiped out Emperor Sword Sect back then, you wouldn’t have this scene now.” The Master of Emperor Sword Sect humphed, “Today will be the day we of Emperor Sword Sect wash away our humiliation.”

“Is that so? We shall see if you are capable enough.”

Jian Wushuang sneered and moved his willpower. The four Hong Jun Golden Swords burst out at the Master of Emperor Sword Sect like lightning.

At the same time, Jian Wushuang took a huge stride forward. His fourteen arms wielded a sword each and sword intention swept across and pressed at the Master of Emperor Sword Sect.

The Master of Emperor Sword Sect knew that Jian Wushuang was powerful and didn’t dare to act recklessly.

He immediately gave full play to his swordsmanship to withstand Jian Wushuang’s attack.

Dang! Dang! Dang! Dang! Dang!

There were a few ferocious clashes. Merely a few clashes and in a short time, the Master of Emperor Sword Sect fell back from Jian Wushuang’s attack and he seemed to be in a fix.

“Jian Wushuang is really strong,” the Master of Emperor Sword Sect muttered.

“Master of Emperor Sword Sect.”

There was a voice and Palace Master Wu Luo appeared next to him.

“Jian Wushuang’s power is far beyond us. Earlier, Number One Diving King, the Master of Real Martial Art Divine Church and I teamed up but we were suppressed by him. It’d be impossible if you want to match evenly with him alone. Only if you and I and Emperor God Wu Yao team up can we fight against him.”

Palace Master Wu Luo’s voice was soft. If one took a closer look, they could see that Palace Master Wu Luo’s face was pale and there was a bloodstain at the corner of his lips.

It was obvious that he was forced into a miserable situation when he fought with Jian Wushuang alone. If it wasn't for Supreme Ten Alliance's arrival, he might have been killed by Jian Wushuang.

Chapter 1916: Three Alliances Are All Here

"Three Peak Emperor Gods teamed up and you could only match evenly with him?" The Master of Emperor Sword Sect was shocked and his expression grew unusually solemn.

Emperor God Wu Yao also appeared next to the Master of Emperor Sword Sect.

"Emperor God Wu Yao, the three of us teamed up to fight with Jian Wushuang," the Master of Emperor Sword Sect said.

"Alright," Emperor God Wu Yao nodded heavily.

Suddenly, the three Peak Emperor Gods instantly took action.

"Three against one again? Haha, come on then," Jian Wushuang was fearless.

In an instant, Jian Wushuang got closer to the three Peak Emperor Gods.

The experts from Supreme Ten Alliance and Star Extermination Alliance gathered and fought with the experts from Lineage of Star fiercely.

Both parties were in a fierce fight.

In a short time, it would be unrealistic to call victory or defeat.

However, just as both parties were fighting fiercely.

Hong!

There was a terrifying explosion from afar. The entire Universe Galaxy was shaking vigorously. It was trembling in balance.

"Sh*t."

Hall Master Yuan who was hiding in the depths of the galaxy suddenly grew solemn and he instantly sent Jian Wushuang a message about what he saw on the outside of the galaxy.

"Palace Master, Almighty Alliance is attacking too!" Hall Master Yuan sounded anxious.

"Almighty Alliance?" Jian Wushuang's eyes dilated.

Among the three alliances who eyed Lineage of Star, the strongest was Almighty Alliance.

However, Almighty Alliance and Lineage of Star shared no resentment. They were merely coming after the Secret Skill of Star Palace. Hence, they weren't harboring strong murderous intentions against Lineage of Star.

Previously, Emperor God Xiu Luo visited with his consciousness embodiment and declared their terms and condition with Lineage of Star, but Lineage of Star never replied.

In actual fact, Lineage of Star had made a decision long ago. The reason why they didn't reply was merely to steady the Almighties.

Alliance didn't manage to hold back but started to attack at such a crucial moment.

"We are almost done with Star Extermination Alliance. In addition to Supreme Ten Alliance, Lineage of Star could deal with them. Plus, we have the support of the formation, we have at least a sixty percent chance of winning. However, if Almighties Alliance were to join in..." Jian Wushuang's face grew grave.

The experts from the two alliances felt the surrounding galaxy quiver.

They could guess the reason of the quiver.

"It's Almighties Alliance. Almighties alliance took action!"

"Almighties Alliance finally couldn't hold back anymore."

"Lineage of Star is too powerful. Even if our two alliances team up, we might not stand an absolute chance to win. However, although Almighties Alliance doesn't hold a grudge against Lineage go Star, they are here for the Secret Skill of Star Palace after all. To get the secret skill, they have to stand by our side!"

"Hurry up, let's attack the formation as well to work together with Almighties Alliance so that they can enter."

The two alliances immediately made a decision.

Very soon, the experts from both campsites attacked the galaxy formation.

"Sh*t!" Hall Master Yuan's face was cold, "With Almighties Alliance attacking outside, there is already great pressure. Now that the experts from both alliances are attacking from the inside, the galaxy has yet to recover from major damage after all..."

"Palace Master, I can't hold on any longer!"

On the battlefield, Jian Wushuang, who was fighting with the three Peak Emperor Gods, received Hall Master Yuan's message and his face grew solemn.

He knew that Hall Master Yuan had already done his best.

"As you can't hold back, let the experts from Almighties Alliance come in," Jian Wushuang said coldly.

"Let them come in?" Hall Master Yuan stunned and there was another terrifying hit on the galaxy formation before he could react.

There was a really huge opening on the vast galaxy formation.

The experts from Almighties Alliance immediately swarmed in. With their traveling speed, they arrived at the border of the battlefield in a really short period of time.

The experts from Alimghies Alliance were also shocked when they saw the situation of the battlefield in front of them.

Especially when they saw Emperor God Tian Ling and Jian Yi fighting in one of the corners of the battlefield.

The two terrifying fighting powers swept out wantonly in the galaxy. The power that was displayed could even strike fear into a Peak Emperor God.

There was no one who dared to get close within a one hundred million mile range of the battle between the two.

“Star Extermination Alliance, Supreme Ten Alliance has already attacked and they are only evenly matched with Lineage of Star?”

“Lineage of Star is terrifyingly powerful.”

There were many experts from Almighty Alliance who were exclaiming in surprise.

Just then...

“Hall Master Yuan, send me to the experts from Almighty Alliance,” Jian Wushuang commanded.

“Yes,” Hall Master Yuan nodded.

There was immediately a space wormhole that appeared from nowhere behind Jian Wushuang. He immediately gave up the fight with the three Peak Emperor Gods in front of him and leapt into the space wormhole.

There was a flash of light and when it reappeared, Jian Wushuang had already come before the experts from Almighty Alliance.

As the strongest alliance among all three alliances, the experts from Almighty Alliance were gloating in the galaxy but had yet to join the war.

The Almighty Alliance were looking at the figure that had suddenly substantiated in front of them.

The figure was naturally Jian Wushuang.

“Lineage of Star has so many Dao soldiers and you have fighting power that isn’t second to any alliances but you have been showing the white feather. Even when Star Extermination Alliance stood outside the galaxy to humiliate you verbally, you didn’t respond at all. Only now, you finally took action for real. Sword Emperor, you are really wise in fighting.”

Emperor God Xiu Luo from Almighty Alliance spoke with a low voice but it spread out in the universe, “This time, if we Almighty Alliance were to be any slower, I’m afraid Star Extermination Alliance and Supreme Ten Alliance would have been wiped out at Lineage of Star’s hands, right?”

“Since Star Extermination Alliance and Supreme Ten Alliance came to wipe out Lineage of Star, we naturally won’t hold back. If there’s an opportunity, we of course would like to wipe out the two alliances. On the contrary, Almighty Alliance shares no resentment with Lineage of Star. I wonder if everyone could consider Lineage of Star, leave and not get involved in this. When this is resolved, Lineage of Star will definitely express their heartfelt gratitude with abundant gifts,” Jian Wushuang said humbly.

“You want us to just leave?”

Palace Master Xiu Luo sneered, “Sword Emperor, I brought up the terms and conditions with you before. As long as Lineage of Star is willing to hand out the inheritance of the Secret Skill of Star Palace, we of Almighties Alliance naturally will back off and not interfere with Lineage of Star at all. As for the existence of the other two alliances, it has nothing to do with us.”

“Alright, I can promise to let all of you receive the inheritance of the Secret Skill of Star Palace, but I’d like to have all of you leave for now,” Jian Wushuang said coldly.

Hearing what Jian Wushuang had said, the experts from Almighties Alliance were surprised.

Chapter 1917: Fighting Alone

Agreed?

Jian Wushuang had agreed to pass them the inheritance of the Secret Skill of Star Palace?

But the question was whether he really agreed, or was he was just putting them off?

“Sword Emperor, merely a verbal agreement, it’s useless. You could totally change your mind after this,” Emperor God Xiu Luo said in a low voice, “By then, you will have already taken care of the two alliances. Against Almighties Alliance alone, Lineage of Star could totally be fearless. We of Almighties Alliance could do nothing about you.”

“So, what do you want?” Jian Wushuang’s eyes were cold.

“Very simple. I want you to pass us the inheritance of the Secret Skill of Star Palace now. Before this, I will ask Star Extermination Alliance and Supreme Ten Alliance to stop. Until you pass us the Secret Skill of Star Palace and we left, you can continue to fight. What do you think?” Emperor God Xiu Luo said.

“That’s a great idea but it’s a pity that Almighties Alliance thought it too well,” Jian Wushuang smirked and lifted his head to look at the expert of the Almighties Alliance. His gaze was extremely cold.

In his hand, Blood Mountain Sword quivered and the blade shot at Almighties Alliance directly.

“Listen, either Almighties Alliance leave now or... stay back entirely!”

The cold voice was heard from Jian Wushuang and it resounded through the entire galaxy.

Listening to what Jian Wushuang said, even the experts from Star Extermination Alliance and Supreme Ten Alliance had their eyes wide open and looked at Jian Wushuang in shock.

“He... what is he trying to do?”

“If Almighties Alliance doesn’t leave, he will make Almighties Alliance stay back entirely? Where did his courage come from?”

“Almighties Alliance is the strongest among the three alliances. The number of Almighties are more than a hundred of them.”

“Haha, Jian Wushuang is courting death!”

Almighties Alliance, over a hundred Almighties, their faces grew cold after hearing what Jian Wushuang said.

“Jian Wushuang, aren’t you too courageous?” Emperor God Xiu Luo grew grave.

“Emperor God Xiu Luo, as he is courting death, let’s fulfill his death wish. Let’s attack!” There was an Emperor God who said that next to him.

“Yes, with the Almighties’s power, in collaboration with Star Extermination Alliance and Supreme Ten Alliance, we can totally wipe out Lineage of Star. By then, the Secret Skill of Star Palace will still be ours!”

“Let’s attack!”

The experts from Almighties Alliance complemented.

There was a flash of decisiveness in Emperor God Xiu Luo’s eyes too. He had already made up his mind.

“It’s absolutely impossible for us to just leave like this,” Emperor God Xiu Luo’s loud and bright voice resounded across the battlefield.

“This is your decision?” Jian Wushuang’s face was cold as he glared at the experts from Almighties Alliance, “If so, don’t blame me. The people from Almighties Alliance have to die today!!!”

All have to die!!!

The remark instantly stirred an unprecedented commotion in the entire galaxy.

Everyone heard and they were terrified.

They couldn’t understand how was Jian Wushuang courageous enough to make such a remark in a situation like that.

Would Lineage of Star still have any other impressive trump card?

Just as everyone was confused, Jian Wushuang took a step forward slowly and walked in front of Almighties Alliance.

“He... what is he trying to do?”

No one knew what was happening when they saw the scene.

“It seems that he wants to match evenly with the entire Almighties Alliance with his power alone? Is he joking?”

“Fighting Alone?”

“Idiot. He thinks he is a Great Emperor? Or he thinks he was Master of Star Palace back then?”

Everyone was exclaiming in surprise.

However, Jian Wushuang didn’t stop his footsteps but got closer to Almighties Alliance gradually.

Almighties Alliance had a total of more than one hundred Almighties. There were over a hundred pairs of eyes that watched Jian Wushuang's arrival. Although he did come alone, he struck fear into the Almighties when he walked to them with billowing aura.

They even got their alert up subconsciously.

"Would Jian Wushuang really have any other trump card?" Emperor God Xiu Luo started thinking about the possibility as well.

Just then, Jian Wushuang stopped moving.

About ten thousand miles away from the experts from Almighties Alliance, Jian Wushuang stopped in the void.

His eyes were cold without any emotion and he glanced at the experts from Almighties Alliance. He clenched Blood Mountain Sword tight in his hands and the sword was quivering vigorously.

Rumble. A terrifying sword intention swept out.

The sword intention was supreme!

It was like the reigning emperor of heaven and earth. Every living thing before it had to yield.

That was the sword intention that an Emperor, a Monarch possessed.

Jian Wushuang then was like the highest ruler in the universe.

The entire heaven and earth, the entire universe, all living things should yield to him.

The sword intention was too supernatural.

"This, this is..."

The Master of Emperor Sword Sect from Supreme Ten Alliance stared at Jian Wushuang with his eyes wide opened. To be exact, he was staring at the sword intention that was soaring from Jian Wushuang's body.

As the Master of Emperor Sword Sect, he was naturally familiar with the sword intention of the supreme Emperor.

At the same time, he also realized the Sword Principle that Jian Wushuang was going to perform.

"Emperor Sword Principle!"

"This is Emperor Sword Sect's strongest Emperor Sword Principle!"

"D*mn it. As expected, Jian Wushuang has comprehended Emperor Sword Principle and he already mastered it and is able to perform it!"

The Master of Emperor Sword Sect roared.

"Emperor Sword Principle?"

The experts on the scene were surprised.

Legend said that Emperor Sword Sect's Emperor Sword Principle was from one of the superb experts from the first era, Sword Emperor Dugu.

Sword Emperor Dugu seemed to have gotten the Sword Principle from ancient times too. Because of the Sword Principle, Sword Emperor Dugu was able to remain in the top three among the experts in the first era.

The power of the Sword Principle was extraordinary.

However, it was obviously impossible to match evenly with over a hundred Sir Gods and Emperor Gods from Almighty Alliance with merely Emperor Sword Principle alone.

Jian Wushuang's face was cold and Blood Mountain Sword was raised high.

Just like an Emperor who raised the Sword of Emperor.

Once it slashed, there would be thousands of heads being chopped.

There was a terrifying imposing sword aura that concentrated in the universe.

Just as the sword aura was going to be activated, there was boundless power of star that instantly swept out from Jian Wushuang.

Jian Wushuang's strongest trump card, the third volume of the Secret Skill of Star Palace was triggered.

Jian Wushuang's bloodshot eyes revealed boundless murderous intention.

"All of you share no resentment with Lineage of Star. But, too bad, you're too greedy."

"You shouldn't have cast greedy eyes over the Secret Skill of Star Palace, nor should you have cornered Lineage of Star!"

"Now, for Lineage of Star, all of you... have to die!!!"

Chapter 1918: The Power of One Stroke

"All of you... die!!!"

What Jian Wushuang said shook heaven and earth like sacred lightning from the highest heaven!

His voice reverberated in everyone's ears. Whoever heard him revealed a terrified expression and they were roaring in their hearts.

After Jian Wushuang said that, he raised the Emperor Sword high in the sky and suddenly slashed.

Guang!

There was a terrifying sword light that was instantly magnified and engulfed tens of thousands of miles.

The sword light was shimmering in gold and extremely eye-catching.

The experts from Almighty Alliance were engulfed in the sword light then.

At the same time, the experts from Almighty's Alliance suddenly showed an unprecedented fear across their faces.

Terrified!

Yes, they were terrified!

Previously, they didn't care much about Sword Principle that Jian Wushuang performed.

They thought no matter how strong Jian Wushuang's Emperor Sword Principle was, it wouldn't be able to shake more than a hundred Almighty's.

However, then... when the sword light swung out.

They could feel the power of the stroke at the first instance.

Emperor Sword Principle was the strongest Sword Principle from ancient times. Although the Sword Principle was only the first move, its power was still earth-shattering.

With Jian Wushuang power, although the power of the stroke that was performed with his all couldn't be compared to a Great Emperor's, it was extremely close to one. At least, Emperor God Tian Ling's full-force hit wouldn't be comparable to a Sword Principle of such power.

The Sword Principle wasn't the most crucial part.

The most crucial part was when Jian Wushuang performed the Sword Principle, he cast the Secret Skill of Star Palace as well!!!

The third volume of Secret Skill of Star Palace, his strongest trump card, would instantly increase the power of the stroke by a thousand times!!!

It was originally a stroke that was extremely close to the power of a Great Emperor and it was then instantly increased by a thousand times!!

Just how high of a level had it reached?

"Many years ago, the Master of Star Palace killed many with the second volume of Secret Skill of Star Palace. Many major forces and experts were terrified. As long as the Master of Star Palace was alive, there were no experts who dared to cast greedy eyes over Lineage of Star!"

"And I, in terms of power, am much stronger than the Master of Star Palace and the Secret Skill of Star Palace that I was performing was the third volume! It could increase the power by a thousand times. Even though it is just one stroke, the one stroke is enough to wipe out everything!!!"

There was light that burst out of Jian Wushuang's eyes. The power of Emperor Sword Principle that he had performed with full force exploded.

The power of the sword principle exploded and instantly engulfed the entire galaxy.

The region of Almighty's Alliance was engulfed by the power of the sword principle entirely.

Heaven and earth were silent.

In that region, there were only noises of sword light sweeping across and destroying everything.

As for Almighties Alliance, there were experts groaning and screaming in pain but the noises that the sword light made covered everything.

In the surrounding region, the guest elders from Lineage of Star, the remaining experts from Star Extermination Alliance and Supreme Ten Alliance, including Emperor God Tian Ling who was in a fierce fight far from Jian Yi, looked over.

Their gazes were filled with shock and fear, an unprecedented scruple.

The stroke was a stroke that made everyone at the scene feel hopeless.

It was the strongest stroke that some of them had ever seen!

Before the power of the stroke, a Great Emperor was nothing.

Rumble. The sky shattered and the Earth split.

In the galaxy, there were huge space whirlpools that appeared in the sky from nowhere and they were swallowing up everything.

The entire galaxy was quivering vigorously. The galaxy formation was shattering to pieces and finally collapsed.

“The formation collapsed?” Hall Master Yuan who was hiding in the depths of the galaxy felt helpless at the sight.

The galaxy formation was extremely powerful. Unless a Great Emperor come personally, no one could break it.

For instance, he purposely let Star Extermination Alliance and Supreme Ten Alliance in.

Almighties Alliance and the other two alliances worked together and only broke an opening at the formation.

But it was only an opening and the opening could be recovered very easily.

But then...

Hall Master Yuan never expected that the three alliances would team up but had never got to break the galaxy formation. However, the current Palace Master of Lineage of Star, Jian Wushuang, had broken it with the repercussion of the stroke he had performed earlier.

Yes, only the repercussion.

Jian Wushuang's stroke was terrifying!

Everyone at the scene was curious too. With such a terrifying stroke, how did Almighties Alliance do?

One should know that the repercussions of the stroke broke the galaxy formation while its main power was covering the experts from Almighties Alliance.

Vroom vroom vroom!!!

Boundless power exploded. The explosions of the sword light's power continued for a few breaths' time.

Finally, the power subsided gradually.

However, after everyone saw the region that was engulfed in the sword light earlier, the universe became pitch quiet.

Dead silence!

It was dead silent!

There was no sound, only angry roars and groans.

Everyone stared at the void that the sword light covered earlier in fear.

The void was where the experts from Almighty Alliance originally gathered. There were more than a hundred Almighties and all of them were powerful.

But then... they were gone!

The entire void shattered entirely but there was no trace. It was pitch black without any light.

Similarly, in the darkness, the scene where all experts towered in the void was long gone.

There weren't any corpses, nor blood that filled the air.

All gone.

The void was gone along with Almighty Alliance's over a hundred experts. They were all gone.

No, not entirely. At least there was one who survived.

The person was Emperor God Xiu Luo.

But Emperor God Xiu Luo then didn't look like an Emperor God expert at all.

His hair was messy and his face was pale. He was covered in blood like a bloody man and the Chaotic Divine Treasure level armor that was on the surface of his body let out a crisp sound and there were cracks on it.

It was a Chaotic Divine Treasure!

A Chaotic Divine Treasure level armor was hard to damage even if a Great Emperor launched a full hit, but then... it was damaged?

"Demon!!"

"You are a demon!!!"

Emperor God Xiu Luo looked terrified as he stared at Jian Wushuang as though he was looking at a monster while his body shivered vigorously.

The surrounding experts from Star Extermination Alliance and Supreme Ten Alliance couldn't contain the fear in their hearts anymore.

“Is he human?”

“Demon, he’s a demon!!!”

“My goodness, we are fighting against a demon?”

The experts from the two alliances, including some Emperor Gods were screaming in despair.

They were terrified.

It was an alliance formed by over a hundred Almighties. They were extremely strong.

However, Jian Wushuang had only performed one stroke!

With one stroke, the powerful Almighties Alliance then... vanished into thin air!!!

Chapter 1919: Another Incident

Almighties Alliance was gone.

The large amount of experts vanished into thin air under Jian Wushuang’s one stroke.

Only Emperor God Xiu Luo barely survived under the sweep of sword light due to his strong power and strong defense. However, it was pushing his limits.

Swoosh! Swoosh! Swoosh! Swoosh!

There were four resplendent golden lights that burst out simultaneously. Emperor God Xiu Lui’s eyes were wide open but he couldn’t counterattack at all.

The golden light pierced his head directly. Emperor God Xiu Luo was killed on the spot.

Then, all experts from Almighties Alliance were all dead.

The scene struck fear in all experts from Star Extermination Alliance and Supreme Ten Alliance.

“Almighties Alliance is gone and you’re next,” Jian Wushuang’s eyes were cold and he glanced at the experts from the other two alliances.

They understood Jian Wushuang’s cold gaze and the experts from the other two alliances lost all will to withstand him.

“Run!”

“Hurry up and run!”

“The demons are coming for us!”

The experts from the two alliances were terrified by Jian Wushuang’s terrifying stroke.

Their pride as Almighties was then non-existent.

At that very moment, they weren't experts who were high and mighty. They were merely commoners, or not even commoners, but a nonentities.

What they wanted to do then was survive.

They only wanted to survive.

As for their resentment or the Secret Skill of Star Palace, they couldn't be bothered about it then.

They didn't dare to even think about it. They were dumbstruck by Jian Wushuang's stroke.

Although there were still people who were rational in the two alliances, they knew that Jian Wushuang had performed the Secret Skill of Star Palace earlier that heightened the power of the stroke to that level.

In a short period of time, he definitely couldn't perform another stroke.

They themselves knew that but they couldn't stop the other experts who were terrified.

"Come back, hurry up and come back!!!" Palace Master Wu Luo roared.

"Calm down. We still have fighting power!" The Master of Emperor Sword Sect roared too.

Emperor God Wu Yao and Number One Divine King also wanted to turn the situation around.

But it was useless. The experts who were terrified already couldn't hear what they were saying.

They felt devastated and they were defeated.

Then, if there were to be an only option to turn the situation around, it'd be someone's arrival to kill Jian Wushuang on the spot.

As long as Jian Wushuang died, the experts could calm down and continue to fight.

But the crucial question was who could kill Jian Wushuang among the two alliances.

Emperor God Tian Ling?

He was occupied by Jian Yi. On top of that, since the beginning of the fight, Jian Yi had performed countless techniques and skills. In terms of power, Jian Yi was finally stronger than him.

With Jian Yi around, he didn't have any chance to attack.

As for the others, it was impossible for them to kill Jian Wushuang.

"Lost, we've lost!!!" Palace Master Wu Luo muttered.

Although he wasn't willing to admit it, he knew that they'd lost.

With three alliances, the fighting power of a total of over two hundred Almighties suffered a crushing defeat by Lineage of Star.

Under Jian Wushuang's shocking stroke, they were terrified.

They were heavily defeated in the war!

They were in a fix.

“Let’s leave too. If we don’t go now, our lives will be threatened.”

Emperor God Wu Yao and the Master of Emperor Sword Sect stood side by side as they sighed.

Without hesitation, the few Peak Emperor Gods started running too.

The two alliances were defeated!

“Haha, everyone, kill them!”

The guest elders from Lineage of Star started chasing after them under the lead of Emperor God Jiu Yin.

Although they found it hard to calm themselves down, they knew that Jian Wushuang was on their side.

With such an amazing existence, they felt even more confident.

“Kill! Die!!!”

The guest elders roared madly.

Before the war started, they never thought that Lineage of Star could defeat all three alliances alone.

They had never expected it, nor had they imagined it.

But then, it became reality.

The experts from the other two alliances were fleeing while Lineage of Star chased them out. As both parties shuttled to and fro in the galaxy, they arrived at the border of the galaxy very soon.

The galaxy formation collapsed when Jian Wushuang gave full play to his Emperor Sword Principle. It couldn’t recover in a short period of time. Hence, the experts from the two alliances had a chance to escape.

If that weren’t so, Hall Master Yuan could totally take control of the galaxy formation and make all the experts from the two alliances stay back.

But then, he could only watch as the experts from the two alliances ran outside the galaxy.

However, just as Lineage of Star intended to continue to chase after them...

In an ordinary void outside the galaxy, there was a figure in a black robe standing there in silence.

He was covered by the black robe and his appearance was unclear. The surrounding void was also filled with boundless darkness.

“Jian Wushuang is really capable. He could kill all one hundred of experts from Almighty Alliance with one stroke...” The black-robed figure muttered. “The sword principle he performed just now was Emperor Sword Principle. However, when he performed Emperor Sword Principle, he also played the Secret Skill of Star Palace. Looking at the power exploded from the sword principle, he should have successfully cultivated the third volume of the Secret Skill of Star Palace!”

“The third volume increases power by a thousand times!

The black-robed figure couldn't help but clench his fist.

The Secret Skill of Star Palace was very scary.

Because it was scary, the experts in Eternal Chaotic World, including some Great Emperors, were tempted by the secret skill.

Then, Jian Wushuang gave full play to the true scariness of the Secret Skill of Star Palace through the terrifying stroke earlier.

"That earlier stroke already reached the limit of a Great Emperor. Among the Great Emperors in Eternal Chaotic World, besides Emperor Bai, there shouldn't be anyone else who could give play to the similar power. Even I can't do it," the figure in a black robe muttered to himself. Through his remark, he affirmed the Secret Skill of Star Palace.

"Such a powerful secret skill fell into Lineage of Star's hands. It is too wasteful. Let me carry on and promote this secret skill!"

Just as he spoke, the black-robed figure had already moved forward in the void.

In the void outside the galaxy, the chase continued. The two alliances had already paid an extremely heavy price during the chase. However, Lineage of Star did not intend to let them go.

But suddenly... Rumble.

There was boundless darkness that suddenly flowed out.

The entire universe instantly drowned in boundless darkness, like Abysmal Acheron!

At the very core of the boundless darkness, a black-robed figure slowly stepped out.

Looking at the newcomer, everyone was shocked and there was fear in their eyes.

Jian Wushuang's eyes also dilated in shock.

"Abysmal Saint Master!!!"

...

Chapter 1920: Great Emperor's Arrival

The boundless darkness swept across.

Everything was engulfed in total darkness. The darkness seemed to have existed since ancient times.

The experts from the two alliances, who were originally running in madness, the guest elders and Dao soldiers from Lineage of Star, involuntarily stopped.

All of them looked at the source of the darkness. At the core of the boundless darkness, there was a figure in black robe.

Everyone was attracted by the figure in the black robe.

At that moment, the figure in the black robe was the ruler of the boundless darkness.

“It’s Saint Master. Saint Master is here!!!”

Palace Master Wu Luo from Abysmal Palace and a few remaining experts from Abysmal Palace were thrilled with excitement when they saw the incomer.

“Abysmal Saint Master!!!” Jian Wushuang’s face grew grave.

Abysmal Saint Master had revealed his intention to kill Jian Wushuang long ago.

For instance, the reason why Abysmal Palace would fight with Lineage of Star had been instigated by Abysmal Saint Master.

Then, Abysmal Saint Master revealed himself.

On top of that, it wasn’t just Abysmal Saint Master’s consciousness embodiment, it was his original body!!!

Abysmal Saint Master came personally with his original body.

“Great Emperor visits personally?”

Everyone at the scene was dumbfounded.

Jian Wushuang took a deep breath and forced himself to calm down. Then, he said politely, “Jian Wushuang greets Abysmal Saint Master. I wonder why did Saint Master come to visit personally?”

Although Jian Wushuang knew his purpose for visiting, he couldn’t just flip at him after all.

Jian Wushuang didn’t want to give Abysmal Saint Master any excuse to attack either. He bowed as he should, he displayed reverence as he should.

“Jian Wushuang, do you know you are guilty?” Abysmal Saint Master was standing at the core of the darkness as a cold gaze burst out from the figure in black robe.

“Guilty?” Jian Wushuang was stunned and shook his head, “I don’t know.”

“Don’t know? You massacred wantonly previously. Many Sir Gods and Emperor Gods from Sanctuary Alliance died by your hands. However, as you have great potential and you are gifted, we of Sanctuary Alliance have been rather forgiving. We never thought that you would behave even more wildly. In today’s war, you killed over a hundred Almighties from Sanctuary Alliance!!”

“Over a hundred Almighties, you made Sanctuary Alliance suffer such a great loss and you dare say you don’t know your wrongdoing?”

“Today, I will punish you on behalf of Sanctuary Alliance!” Abysmal Saint Master’s cold voice reverberated in the dark universe.

His speech was tainted with undoubted dignity.

Especially the part where he said he would punish him struck fear in the surrounding experts.

“Punish?”

“Abysmal Saint Master wants to punish Jian Wushuang?”

There were many experts that were stunned. Some were shocked and some were excited.

Especially the experts from the two alliance, they were instantly filled with happiness.

With the terrifying stroke earlier, Jian Wushuang had wiped out over a hundred Almighties from Almighties Alliance.

The terrifying scene continued to replay in the experts’ head and couldn’t be pushed aside.

In their hearts, Jian Wushuang had already become a demon. He had already become true Death, a terrifying existence.

They were terrified by Jian Wushuang’s power. With Jian Wushuang was around, their pride and courage as an Almighty was nowhere to be seen.

The two alliances’ defeats derived from it as well.

But then, Abysmal Saint Master wanted to punish the demon, the supreme Death. How could they not feel excited? How could they not find it comforting?

The experts from Lineage of Star were naturally angry.

Suddenly... Vroom. There was a boundless aura that slowly soared.

Everyone immediately looked and saw Qian Mingzi gripping a token tight. He had already smashed the token into pieces.

Only Jian Wushuang knew Qian Mingzi’s true identity, Purple Moon Emperor’s servant.

The token that Qian Mingzi had smashed was naturally Purple Moon Emperor’s.

As expected, the moment the token was smashed, a consciousness embodiment substantiated in the universe.

His purple hair and cold, evil-looking face with a faint smile was simply enchanting.

“Purple Moon Emperor!”

“It’s Purple Moon Emperor!”

“Purple Moon Emperor’s consciousness embodiment has descended too.”

The experts at the scene exclaimed again.

Abysmal Saint Master, who was like the ruler of darkness, looked, “Purple Moon, what are you doing here?”

“Abysmal Saint Master, this belongs to Purple Moon Sanctuary. As you can visit, why can’t I, the owner of Purple Moon Sanctuary, be here too?” Purple Moon Emperor smiled as he replied.

“That’s true,” Abysmal Saint Master nodded faintly, “As you are here, you can be a witness for me. I am going to punish Jian Wushuang personally now.”

“Punish? Abysmal Saint Master, how did Jian Wushuang offend you so badly that you would come personally in your original body to punish him?” Purple Moon Emperor asked in a deep voice.

“Humph. He never offended me. However, all these years, he massacred wantonly in Eternal Chaotic World. He massacred a large number of experts previously. Today, he was even more ridiculous. He exterminated over a hundred Almighties from Sanctuary Alliance with his power alone. It’s not even enough if I were to kill such a vicious man a hundred times over and over again,” Abysmal Saint Master said in a cold voice.

“From what I know, the experts that Jian Wushuang killed were either those who shared deep-seated resentment against Lineage of Star or those who cast greedy eyes over the Secret Skill of Star Palace. They took the initiative to charge to Lineage of Star. In other words, he did not massacre wantonly. He shouldn’t be considered to be violating Sanctuary Alliance’s rules, right?”

Purple Moon Emperor squinted his eyes and said, “Abysmal Saint Master, how about this? I already sent a message to Ancestor Tian Chen and East Royal Emperor. The incident that happened over the years in Sanctuary Alliance is in their control. When they arrive, let’s discuss and decide if Jian Wushuang has broken the rule and if he massacred wantonly. By then, it won’t be too late to take action.”

“Jian Wushuang has gone mad. Any extra moment he lives might bring a disaster to Sanctuary Alliance. It’s unnecessary to wait for them. As I said, he violated the rules, he did. I say he should die, so he should,” Abysmal Saint Master burst out a chilly stare, “Purple Moon, move aside.”

“Abysmal Saint Master, this is Purple Moon Sanctuary. This is my territory. Aren’t you too barbaric in conduct?” Purple Moon Emperor roared in anger.

“Barbaric? Hehe. If you were to come in your original body, you might qualify for me to consider this again. However, with just your consciousness embodiment, you want to stop me? Go away!!!” Abysmal Saint Master’s gaze was cold.

There was a sudden roar and the roar contained boundless power, like the roar of heaven and earth.

It instantly formed a terrifying space storm and spun to the void where Purple Moon Emperor’s consciousness embodiment was.

The void instantly shattered along with Purple Moon Emperor’s consciousness embodiment.

“Abysmal, how dare you...” Purple Moon Emperor was furious. However, he had yet to finish his sentence and his consciousness embodiment dispersed.

The surrounding people saw what had happened and they looked shocked.

No one had ever expected that they were both Great Emperors but Abysmal Saint Master didn’t bother with Purple Moon Emperor at all.

He even extinguished Purple Moon Emperor’s consciousness embodiment directly before everyone.
