### **Chapter 2161 Ancient Blood Tribe**

Finally, Jian Wushuang and the Emperor Beast stopped.

“What a rush!”

Jian Wushuang’s eyes were sparkling brightly, the Emperor Beast having fired him up.

Indeed, it was an exhilarating battle for Jian Wushuang. He showed no restraint during the fight, demonstrating his full power.

The Emperor Beast was tough as well. Although it had seemed that Jian Wushuang was on par with him during the fight, Jian Wushuang himself knew that he was at a complete disadvantage.

That was despite Jian Wushuang having already obtained the authentic Hong Jun Golden Swords, holding the Emperor Beast down.

If not for that, Jian Wushuang would have been completely crushed.

The Emperor Beast’s crimson eyes were dead on Jian Wushuang.

The Emperor Beast was furious as Jian Wushuang had killed many of his own people.

But after the battle, he knew that he could not stop Jian Wushuang.

He could not take down Jian Wushuang. Even if the entire Ancient Blood Tribe had gathered together to resist him, the chances of actually stopping him were slim.

Furthermore, he could no longer fight anymore.

The Ancient Blood Tribe was an extremely tyrannical tribe indeed.

The tribe was extremely powerful in terms of strength, speed and defence powers. But the tribe had weaknesses.

If they had no weaknesses, they would not have been a B-class exotic beast tribe during the Ancient Era.

The Ancient Blood Tribe had one obvious weakness – they had no stamina!

Beasts of the Ancient Blood Tribe consumed a tremendous amount of strength whenever they fought. An ordinary Ancient Blood Beast would only last ten breathes, whereas the formidable Ancient Blood Emperor himself could last no more than an hour.

Half an hour had already passed, and he did not have enough strength.

“Human!” the Ancient Blood Emperor spoke. He spoke with a heavy human accent.

“He talked?” But Jian Wushuang was not surprised.

The Ancient Blood Emperor’s spiritual wisdom would have already been unlocked at that level of fighting power. Perhaps the limitations of being an exotic beast prevented him from taking a human form, but he could definitely speak the human tongue.

"Human, you slaughter my people. What purpose do you have here?" Ancient Blood Emperor asked coldly.

"Slaughtering your people?"

"They came for me, I had to make my move," Jian Wushuang replied indifferently.

"This is my tribe's territory. Of course, we will exterminate all trespassers!" The Ancient Blood Emperor's voice was low. "According to the agreement between my tribe and you humans, no Peak Chaotic Realm experts are allowed here! If you want to reach the Blood Emperor Sanctuary Grounds, you all need to make a detour! But you, you are a Middle Stage Chaotic Realm expert, yet even I cannot defeat you. You have broken the agreement between the tribes!"

"Human, you wish to start a war with the Ancient Blood Tribe?"

Jian Wushuang's gaze shifted.

He had learnt a lot from the conversation.

Firstly, the crimson beasts were part of the Ancient Blood Tribe. The Ancient Blood Forbidden Grounds belonged to them, and the Ancient Blood Emperor was their leader.

Secondly, the Ancient Blood Tribe had reached an agreement with the Three Emperors World humans in the past, where the human Great Emperors were not allowed inside the tribe's territory.

Thirdly, and most importantly, the Ancient Blood Emperor had mentioned a certain Blood Emperor Sanctuary Grounds.

Blood Emperor Sanctuary Grounds?

Jian Wushuang had never heard of it in the Three Emperors Worlds. But now he knew that if he wanted to reach the Blood Emperor Sanctuary Grounds he would need to go through the Ancient Blood Tribe territory.

"Ancient Blood Emperor, I am not aware of the agreement, I did not even know of the existence of your tribe. Of course, I have no intention of starting a war with you," Jian Wushuang smiled.

He was speaking the truth.

He had indeed never heard of the Ancient Blood Tribe before entering their Forbidden Grounds.

"If that is the case, please leave now, and never step onto our grounds from this moment onward," the Ancient Blood Emperor said.

Jian Wushuang had slaughtered many of his people. If he could, the Ancient Blood Emperor would not hesitate to kill Jian Wushuang there.

Like just now, he had tried to kill Jian Wushuang without a word.

But after a vigorous battle, he realised he could not take him down, even if the whole army was gathered there. Naturally, he had to let Jian Wushuang go.

“You want me to leave?” Jian Wushuang touched his nose. “No rush. Ancient Blood Emperor, I have a question. Where are this Blood Emperor Sanctuary Grounds you speak of? Is it within the Ancient Blood Forbidden Grounds?” “You do not know of the Ancient Blood Forbidden Grounds?” Ancient Blood Emperor’s cold eyes glanced at Jian Wushuang. He was puzzled.

In his opinion, Jian Wushuang had to be a leader amongst the human tribes, with his strength. Not only should he know about the place, he should be one of the few leaders of the Blood Emperor Sanctuary Grounds! But...

Jian Wushuang did not know about the agreement either. That made the Ancient Blood Emperor suspicious of him.

“I do not know where you come from. You have killed so many of my people, and yet you still want me to answer your questions? Scram, human!” the Ancient Blood Emperor shouted. A horrifying aura was building up.

The thousands of crimson exotic beasts beside the Ancient Blood Emperor had their gaze dead on Jian Wushuang as well.

As long as the Ancient Blood Emperor ordered it, the beasts would tear Jian Wushuang up without hesitation.

“Take it easy, no need to be angry,” Jian Wushuang smiled. “I’m willing to compensate you for the people I slaughtered, but I still hope you will be willing to answer my question, if not...”

“If not what?” Ancient Blood Emperor asked coldly.

“If not, I’ll not leave this place. I’ll kill a hundred of your men every single day. Let’s see if you all can withstand that or not,” Jian Wushuang smiled cunningly.

“You dare!” the Ancient Blood Emperor immediately became furious.

“You want to try it out?” Jian Wushuang asked.

## **Chapter 2162 Compromise**

Jian Wushuang had no grudges against the Ancient Blood Tribe and, naturally, he did not want to provoke them. But the Blood Emperor Sanctuary Grounds the Ancient Blood Emperor posed great importance to the Eternal Chaotic World. Jian Wushuang needed to get to the bottom of it.

Jian Wushuang had to be more forceful about it.

The Ancient Blood Emperor remained quiet.

The Ancient Blood Tribe contained thousands of people, each of them comparable to a Middle Stage Chaotic Realm expert. They had nine Peak Chaotic Realm experts as well. Coupling himself, a Third Stage expert, the Ancient Blood Emperor’s forces were formidable.

Still, he had no confidence that he could slay the human in front of him.

If the human indeed planned to slaughter his people every day, there would be nothing the tribe could do.

The Ancient Blood Emperor could only make a compromise.

"Human, if I am not wrong, you are not friendly with the people at the Blood Emperor Sanctuary Grounds, right?" Ancient Blood Emperor asked.

"Indeed," Jian Wushuang did not deny it.

"Hngh, you humans do fight a lot," the Ancient Blood Emperor said coldly. "I can bring you to the Blood Emperor Sanctuary Grounds on the condition that you do not harm anyone in my tribe."

"Rest assured, as long as they do not initiate the attack, I will not do anything," Jian Wushuang smiled.

"Follow me."

Without saying much, the Ancient Blood Emperor made his way deeper into the Ancient Blood Forbidden Grounds.

Jian Wushuang followed.

The Ancient Blood Emperor brought Jian Wushuang through miles and miles of forest, and after taking almost the entire day, they finally made it to the deepest part of the Ancient Blood Forbidden Grounds.

"There, that's where the Blood Emperor Sanctuary Grounds are," Ancient Blood Emperor said.

Jian Wushuang looked up to get a good look of the region in front of him.

The region was masked by a thick crimson fog. What surprised Jian Wushuang was a thin crimson layer around the surrounding Void. Without a doubt, that was a formation.

"There's a formation here. Could they be here?" Jian Wushuang's eyes lit up.

Ancient Blood Emperor continued, "The Blood Emperor Sanctuary Grounds were taken over by you humans a long time ago. Although our territory lies right beside the Sanctuary Grounds, we have made a pact to never step into your grounds, and vice versa."

He could tell that the Blood Emperor Sanctuary Grounds were indeed a gathering spot for human experts. There should be a space tunnel linking the Blood Emperor Sanctuary Grounds and the outside domains.

The Three Emperors World experts could access the Ancient Blood Forbidden Grounds without trespassing the Ancient Blood Tribe grounds.

As the Eternal Chaotic World made its move against the Three Emperors World experts, the experts had escaped to the Ancient Blood Forbidden Grounds. A hidden Space Tunnel that led to the Blood Emperor Sanctuary Grounds existed near the surrounding Void, Jian Wushuang simply was not able to locate it, and instead stumbled his way into the Ancient Blood Tribe's grounds.

"The Ancient Blood Forbidden Grounds is the Three Emperors World's top Forbidden Grounds. I did not expect their experts to open up Sanctuary Grounds here," Jian Wushuang could not help but be amazed.

He guessed that only the highest ranks and Great Emperors of the Three Emperors World knew about the Blood Emperor Sanctuary Grounds.

The Sir Gods and Emperor Gods most likely were unaware.

Only after the raid on the Three Emperors World did their leaders decide to open the Blood Emperor Sanctuary Grounds for the experts to hide.

“Now that I have found their hiding spot, the rest is easy,” Jian Wushuang smiled and asked Emperor Jiu Qiao inside his Blood Mountain Sword to report to Emperor Bai.

“The experts were indeed hiding at the Ancient Blood Forbidden Grounds!” Emperor Bai was elated after receiving the news.

“Finally, we found it,” Ancestor Tian Chen heaved a sigh of relief.

They had been searching frantically throughout the entire Three Emperors World for the remaining experts. At last, they had found it.

Since the location had been made known, the next course of action was to send in the army.

“Jiu Qiao, let Jian Wushuang know that I will bring the Eternal Chaotic World army over to the Ancient Blood Forbidden Grounds. For before that can be done, he must settle it out with the Ancient Blood Tribe,” Emperor Bai glanced at Emperor Jiu Qiao.

“Understood,” Emperor Jiu Qiao nodded.

He relayed the message to Jian Wushuang.

Jian Wushuang was in a dilemma.

He knew that the Eternal Chaotic World army needed to go through the Ancient Blood Tribe’s territory in order to reach the Blood Emperor Sanctuary Grounds.

But if they ran into some friction with the Ancient Blood Tribe...

That was a tribe with a Third Stage Great Emperor, nine First and Second Stages, and a thousand Emperor Gods.

Even the Eternal Chaotic World forces would need to fight their way through. It would not be an easy fight.

“Ancient Blood Emperor.”

Jian Wushuang looked towards the Ancient Blood Emperor with a warm smile on his face. “I have a favour I hope you would be gracious enough to grant me.”

“My people will reach the Ancient Blood Forbidden Grounds soon. They will definitely need to pass by your grounds, so... I hope you will do us a favour and grant us safe passage,” Jian Wushuang said.

“Your people?”

“Looks like another fight’s about to break out within the Ancient Blood Forbidden Grounds,” Ancient Blood Emperor said coldly.

“Yes, and it will be ugly, a fight to the death. Certainly, the Ancient Blood Tribe wants nothing to do with the fight?” Jian Wushuang smiled.

Ancient Blood Emperor thought for a while and nodded. “I will grant you a safe passage for your troops towards the Blood Emperor Sanctuary Grounds. I don’t want my people getting involved in this.”

“I will get them to control themselves. My people will not spill any of your peoples’ blood. I dare not promise about the people at the Blood Emperor Sanctuary Grounds, however,” Jian Wushuang said.

“Ancient Blood Emperor glanced at Jian Wushuang silently.

“Emperor Jiu Qiao, tell Emperor Bai to bring the forces in,” Jian Wushuang instructed.

...

### **Chapter 2163 Blood Emperor Sanctuary Grounds**

At the Imperial City, once Emperor Bai and the rest were informed of the Three Emperors World experts’ hiding spot, they made their preparations. Within two days, the Eternal Chaotic World army gathered once again.

They headed straight for the Ancient Blood Forbidden Grounds.

Kaiser Blood, located at the deepest part of the Ancient Blood Forbidden Grounds, was the first to sense the entry of the army.

“The Eternal Chaotic World army is here,” Kaiser Blood said.

“They managed to find us in the end?” Lord Fen and Demon King Chen Yu were not surprised, however.

They knew even though the Ancient Blood Tribe and its Ancient Blood Emperor were extremely formidable, they were not allies with the Three Emperors World at the end of the day. It would be wishful thinking to assume the tribe would block Jian Wushuang for them.

The army would eventually make its way towards the Blood Emperor Sanctuary Grounds.

It was simply faster than they had imagined.

“Kaiser Blood, how are your preparations going?” Lord Fen looked over.

“It’s almost done. We simply need to sacrifice the items mentioned in the plan, and it’ll be done,” Kaiser Blood said coldly.

Lord Fen, Demon King Chen Yu, and Leng Ruxue’s eyes drooped.

They knew what needed to be sacrificed.

“We have no choice, this is for our final objective,” Kaiser Blood said coldly. “Go, make your preparations. The Eternal Chaotic World’s army will arrive soon.”

Under the dark Void was Kaiser Blood, sitting.

He had a grin on his face, a grin so sinister that anyone that caught their eyes on it would feel shivers down their spine.

“Hehe, the plan I’ve crafted for years is finally beginning!”

The Ancient Blood Forbidden Grounds were dangerous, but actually the only dangerous part of it was the Ancient Blood Tribe.

But after the Ancient Blood Emperor’s compromise, providing Jian Wushuang safe passage towards the Blood Emperor Sanctuary Grounds, the Eternal Chaotic World army did not encounter any danger along the way, and swiftly arrived at its destination.

“The Three Emperors World experts are hiding here?”

Countless Eternal Chaotic World experts had their eyes glued on the domain covered by a formation.

Even with the formation’s blockade, they could still feel a thick aura coming from within.

Without a doubt, there were many experts hiding inside.

“Who would have thought they would hide at the top forbidden ground of the Three Emperors World,” Abysmal Saint Master sneered.

“Luckily the Sword Emperor was able to convince the Ancient Blood Tribe to step back, if not it would have been extremely difficult for our troops to enter here,” Red Dragon King laughed.

The surrounding Great Emperors all looked towards Jian Wushuang in admiration.

After countless battles, Jian Wushuang’s status within the Eternal Chaotic World had risen to the very top.

The Great Emperors were all sincerely convinced.

“Everyone, although we have found their hiding spot, we must remain vigilant,” Jian Wushuang said.

“The Three Emperors World’s forces are no weaker than ours. Even though we scored a major victory at the Imperial City, they still have many experts and more.”

“They were unprepared the previous time. But now will be different. It will be a tough fight for us.”

Hearing this, the surrounding Great Emperors all nodded, their faces ever so serious.

Even though they had destroyed the Three Emperors World forces in the previous battle, they dared not let their guard down.

The battle was too important.

If they lost, the Eternal Chaotic World would be finished.

“According to what I know, the Blood Emperor Sanctuary Grounds has a Space Tunnel linking to outside domains. The Three Emperors World experts have definitely sensed our arrival, yet they have not left. From the looks of it, they wish for a final battle against us here,” Jian Wushuang said coldly.

“The Blood Emperor Sanctuary Grounds has been under the Three Emperors World for the longest period of time. With the added formation... the grounds are not in our favour. But at this juncture, it is impossible for the Three Emperors World forces to initiate the fight. In order to secure a victory, we need to wipe out their entire forces once and for all,” Ancestor Tian Chen said.

"If that is the case, let us fight!" Emperor Bai's voice sent out chills. "Send the message, attack head-on, and destroy the formation!"

Soon Soul Power surrounded the entire Eternal Chaotic World army.

In an instant, the many experts, Great Emperors included, made their move.

Waves and waves of powerful attacks, though not amplified with special formations, attacked in the same direction.

Hong!

A terrifying howl was let out.

Within the Blood Emperor Sanctuary Grounds, the Three Emperors World experts had already gathered the moment the Eternal Chaotic World army had arrived.

The Three Emperors World forces were originally no weaker than the Eternal Chaotic World.

But after the battle at the Three Emperors World, along with the raid on the Three Emperors World, they had suffered heavy losses.

The experts that had gathered at the Blood Emperor Sanctuary Grounds totalled no more than three thousand.

Less than three thousand Sir God and Emperor Gods.

There were only twenty-odd Great Emperors.

Their strengths could not be compared to the Eternal Chaotic World forces.

Hong!

As the terrifying howl was let out, the Three Emperors World experts' faces turned serious.

"Have they started attacking the formation?" Kaiser Blood stood at the top and watched the formation shake in front of his eyes.

"The elixirs I gave you all, consume them now."

### **Chapter 2164 Final Battle!**

At the Blood Emperor Sanctuary Grounds, the three thousand-odd experts held red elixirs in their hands. The pill was given to them by Kaiser Blood. Each of them had one.

Kaiser Blood had only mentioned that it would be effective during the upcoming battle but did not describe the exact effects.

As the battle was about to begin, they hesitated as Kaiser Blood commanded them to consume the elixir.

"What are you waiting for? Consume it now!" A low roar came from Demon King Chen Yu, along with a terrifying aura.

The Three Emperors World's experts froze.

They were not sure what the elixir would do exactly, but some consumed the elixir immediately out of worship and trust of the Three Emperors.

The rest followed.

Even the twenty-odd Great Emperors consumed the elixirs one by one.

Seeing this, Kaiser Blood and Demon King Chen Yu smiled with satisfaction.

Hong!

An unprecedented roar could be heard.

The surrounding array around the Blood Emperor Sanctuary Grounds was extremely solid. Even a Third Stage Great Emperor would have difficulty bringing it down.

But now, there were more than four thousand Eternal Chaotic World experts attacking at the same time.

Even without an attack superposition formation, a simple attack was already extremely formidable.

After two waves, the array was about to collapse.

Immediately, the third wave of attacks began!

Peng!

The array finally fell apart.

"Charge!" Emperor Bai's grand voice echoed.

"Charge!"

"Charge!" The Eternal Chaotic World experts charged in like bees.

The three thousand-odd Three Emperors World experts that had just consumed the elixir charged out as well under the leadership of the Great Emperors.

There were a total of seven thousand-odd Almighties in the battle, of which more than fifty of them were Great Emperors.

They had collided head-on in the blink of an eye.

The final battle that determined the life and death of each other's worlds had finally broken out!

"Haha, die!"

Abysmal Saint Master had morphed into a dark beast, his boundless darkness covered nearly one-fifth of the battlefield. The endless darkness formed several sharp spikes and pierced almost ten experts, killing them instantly.

At the final battle, Abysmal Saint Master and the other Great Emperors no longer cared for their statuses and used their full power. They killed everyone in their way, regardless of if they were Sir Gods, Emperor Gods, or Great Emperors.

The same was true of the Three Emperors World Great Emperor experts.

Those Great Emperors tended to stick together on the battlefield.

Not long after the Abysmal Saint Master charged into the battlefield, a beast-like bald man appeared in front of him. It was one of the Second Stage Great Emperors of the Three Emperors World – Ling Zong.

“You?” Abysmal Saint Master’s eyes were fixated on Ling Zong and smiled coldly. “When I first saw you, I was only but a First Stage Great Emperor. Now, I have reached the Second Stage, let’s see how’ll you handle me!”

After saying that, Abysmal Saint Master made his move.

Suddenly, he was engaged in fierce combat with Ling Zong.

On other battlefields, Underworld God, Red Dragon King, King Chen Xing, Black Dragon Emperor and other Second Stage Great Emperors, along with many First Stage Eternal Chaotic World Great Emperors, were engaged in similar combat with the enemy Great Emperors.

For the ordinary Sir Gods and Emperor Gods, their battle was even fiercer.

“Prepare the Heaven Piercing Arrows!” Ancestor Tian Chen suddenly issued the order.

Three ballistae appeared at the edge of the battlefields, along with ten-odd Almighties to load the arrows.

In an instant, the three Heaven Piercing Arrows were launched.

At an incredible speed, the arrows struck three Three Emperors World Great Emperors.

Two Great Emperors were destroyed immediately. The other Great Emperor was left severely injured.

“Activate the Star God Puppets!”

“Prepare the Dragon Imprisoning Formation!”

With Ancestor Tian Chen’s command, the Eternal Chaotic World’s trump cards were all used with the purpose of striking the Three Emperors World where it would hurt the most.

Of course, the Three Emperors World forces had their own set of trump cards.

They simply had no time to prepare during the previous battle.

Now was different.

“Blood Bone Dragon, go!”

Howl!

Howl!

Howl!

Howl!

A chain of ear-shattering roars could be heard from afar. Ten gigantic crimson dragons appeared, but only their exoskeletons could be seen.

Then ten gigantic crimson dragons each had a strong aura and had the fighting power of a great emperor.

There were ten dragons there.

“Destruction Divine Weapon, go!”

Hong!

There were three loud bangs on the battlefield, and three behemoths descended from above.

The three behemoths were in full black. They were human in black armour holding black spears. They were extremely large, and thousands of feet tall.

An aura so strong it could destroy the heavens exuded from the trio.

The Destruction Divine Weapon was a weapon from the Ancient Era.

Although the three divine weapons were of a low level, they minimally needed an Early Stage Chaotic Realm expert to control it.

Once controlled, the three Destruction Divine Weapons possessed the Second Stage Great Emperor powers, therefore able to counter Jian Wushuang!

Blood Bone Dragon, Destruction Divine Weapon... The Three Emperors World were throwing out their trump cards as well.

In fact, they had had more trump cards, but they had lost them at the previous battle. They were no longer able to retrieve them from the Imperial City.

The decisive battle was fought intensely for days.

The entire Blood Emperor Sanctuary Grounds was in ruin.

Even the Ancient Blood Tribe’s territory was affected.

The aura released by many experts had already reached the Ancient Blood Tribe’s grounds.

Fortunately, most of the tribe under the Ancient Blood Emperor’s lead were brought to the edge of the Ancient Blood Forbidden Grounds, so they were not involved in that dark war.

“The internal battles of humans can get really intense.”

Ancient Blood Emperor stood there, sensing the aura and might that came from the battlefield. Even he was taken aback.

**Chapter 2165 Something’s Not Righ**

At the Void near the edge of the battlefield, Jian Wushuang, Emperor Bai, and Ancestor Tian Chen stood side by side. Jian Yi stood behind Jian Wushuang. "The Three Emperors World has so many trump cards, not bad," Jian Wushuang looked at the three Destruction Divine Weapons from afar, and could not help sighing.

"This is even after we conquered the Imperial City. Imagine what they could pull if we had not," Ancestor Tian Chen said. "The trump cards they possess now are comparable to ours, but ours beats them slightly. In terms of fighting strength, our side has the absolute advantage."

Putting the trump cards aside, regardless of the Sir Gods and Emperor God's battles, or the Great Emperor level duels, the Eternal Chaotic World held the absolute advantage, and that advantage was increasing consistently.

There was a significant gap in the quantity and quality of experts on both sides from the very beginning.

If the fighting continued, they would take no more than half a day to decimate the Three Emperors World forces.

"It is too early to say. The Three Emperors World leaders have not made their moves yet," Emperor Bai said. "In terms of the highest Third Stage fighting power, we are not as good as them." Ancestor Tian Chen and Jian Wushuang nodded.

Third Stage Great Emperor fighting powers... only Emperor Bai and Jian Wushuang possessed that in the Eternal Chaotic World.

On the other side, the Three Emperors World had Kaiser Blood, Lord Fen, Demon King Chen Yu, and Ba Su, making it four people.

Among them, Kaiser Blood's strength was estimated to be close to Emperor Bai's, and Lord Fen was definitely stronger than Jian Wushuang. It would be easier to handle Demon King Chen Yu and Ba Su.

"Kaiser Blood's methods are unfathomable. Even I do not have absolute confidence in winning. If we were to really fight, I'm afraid he alone could keep me busy," Emperor Bai said.

"If I put in my best, I could block Lord Fen and Demon King Chen Yu together, but it'll be hard. Ba Su's the weakest. Jian Yi, could you block him?" Jian Wushuang looked towards Jian Yi.

Jian Yi himself was at pinnacle Second Stage fighting powers and an Ancient Era expert.

"I can try," Jian Yi said.

"We can think of ways to block these four Third Stage Great Emperors, but there is one more person besides them, have you all realised?" Emperor Bai asked.

Jian Wushuang's eyes turned towards the Void.

A fifth figure stood there.

In addition to Kaiser Blood, Lord Fen, Demon King Chen Yu, and Ba Su, there was one more person.

It was a veiled woman with a perfect figure!

“Leng Ruxue!” Jian Wushuang’s eyes flickered with astonishing sharpness, his gaze fixated on the only woman amongst the others.

That Leng Ruxue seemed to have felt Jian Wushuang’s gaze as well and smiled at him.

“Something’s wrong,” Jian Wushuang’s face sunk.

“What’s wrong?” Emperor Bai and Ancestor Tian Chen looked towards him.

“Don’t you feel that the Three Emperors World leaders are too calm?” Jian Wushuang asked.

“Too calm?” Emperor Bai and Ancestor Tian Chen frowned and squinted at the leaders.

Indeed, the leaders were very calm.

All of them were indifferent, and one could not sense any form of anxiety from them.

“That’s strange, the Three Emperors World forces are about to lose at any moment. But they don’t seem to be in a hurry,” Ancestor Tian Chen’s eyebrows frowned.

The battle concerned the life and death of the two camps.

Jian Wushuang, Emperor Bai, Ancestor Tian Chen and the rest were anxious to defeat their enemy.

They only hope to defeat them.

But Kaiser Blood and the rest?

It seemed like they were in no hurry at all.

“You mean, they don’t care that they were losing?”

“Or perhaps they had another trump card,” Jian Wushuang said.

“The Three Emperors World had carefully planned and prepared for so many years, their methods unfathomable. Maybe they have other trump cards that could turn the tables around, we must be careful,” Emperor Bai looked coldly. “Tian Chen, send a message, get our army to be on their guard, even the Great Emperors as well.”

“Understood,” Ancestor Tian Chen nodded his head, and said, “Rest assured, even if they have other tricks up their sleeve, so do we. We still have three Emperor Tokens unused.”

The Emperor Token was crafted by him personally, and contained a full blow!

However, his power was too strong. The Eternal Chaotic World was simply unable to create a token that could contain his full blow. They could not even create one that could contain the full blow of a normal Great Emperor. Even if they managed to create one, there was still a high probability of failure within it.

Therefore, there was almost no token with Great Emperor powers within the Eternal Chaotic World.

The most they could do was to use some special treasures, sacrifice a great portion of Great Emperor Divine Power, and find another capable Great Emperor to guide the power, and only then could they barely create the token. Jian Wushuang had encountered similar attacks in the past, but it was nothing compared to the full blow of a Great Emperor.

The fact that Emperor Bai was able to create the Emperor Token was due to the ten high-level tokens he had found in ancient battlefields.

He had spent a long time experimenting, finally creating three. The remaining tokens were wasted and destroyed.

"The three Emperor Tokens are held by two Great Emperors and one pinnacle Emperor God now. The three of them are separated into different corners of the battlefield as well, for them to use anytime they need to," Ancestor Tian Chen said.

"Good," Emperor Bai nodded.

But Jian Wushuang's face was still cold.

He felt that there was more behind the calmness of the Three Emperors World leaders.

### **Chapter 2166 Demon**

At the Void near the edge of the battlefield, the Three Emperors World leaders stood there indifferently, despite the position they were in. "It is about time. The elixir should work now," Kaiser Blood murmured.

"It should start now," Lord Fen nodded.

Their eyes contained a hint of expectation.

At the centre of the battlefield.

"Hngh!" Abysmal Saint Master sneered and turned into a headless giant in an instant, surrounded by boundless darkness. The headless giant held a large black spear. Under the Abysmal Saint Master's control, the black spear was thrown out.

Hong!

The Void had been pierced to form a large hole, and terrifying power was heading for it.

"Scram!" Abysmal Saint Masters's opponent, the beast-like bald man Ling Zong, had turned into a real beast by now.

His eyes were bloodshot with frenzy as he held a battle-axe in his hands.

The battle-axe struck down with a swing as if he were about to split the heavens.

With a large bang, the black spear in the headless giant's hands started to fall apart; a great portion of the giant was reduced to darkness.

"What?" Abysmal Saint Master was shocked. "His abilities have improved?"

From the beginning of the battle, both had already demonstrated their full capabilities and were on par in terms of power.

But now, Abysmal Saint Master could feel Ling Zong exerting greater pressure on him.

Without a doubt, Ling Zong's power had risen compared to in the beginning.

Next...

“Die!” Die!” “Die!”

Ling Zong swung his axe again and again in frenzy.

The power from within the giant axe was rising as well.

Abysmal Saint Master’s face darkened and he did his best to block his attack, but he was struggling at every passing moment.

“What is happening?”

“He’s getting more terrifying!”

And it was not just him.

All the experts of the Eternal Chaotic World, including the Great Emperors, could feel their opponents getting stronger.

“What is happening?”

“Their powers are getting stronger, but not naturally. They must have used a treasure or elixir.”

“Damn it, that Great Emperor was getting whooped by me a moment ago. Now, he’s on par on me, perhaps even stronger!”

The battlefield was being riled up.

At the edge of the battlefield, Jian Wushuang, Emperor Bai, and Ancestor Tian Chen were watching.

The change in the strength of the Three Emperors World experts were all caught in their eyes.

“The strength of those experts has begun to improve?”

“Not only the Great Emperors, even the normal Sir Gods and Emperor Gods have improved significantly as well, what is going on?” Ancestor Tian Chen yelled.

“From the looks of it, they must have consumed some sort of elixir. But they are Almighty level experts, elixirs that can improve their powers in short periods of time are extremely rare, furthermore, it seems like they all consumed it?”

“But they did not consume any elixir in the battlefield,” Emperor Bai frowned.

“Something’s not right,” Jian Wushuang suddenly said.

“What’s wrong?” Emperor Bai and Ancestor Tian Chen looked over.

“Their eyes, they seem to be losing their sanity, turning into demons,” Jian Wushuang said.

Emperor Bai and Ancestor Tian Chen immediately looked towards those experts and were stunned.

Indeed, they saw it as well.

The fighting power the experts were displaying was much more powerful than before, and it was not stopping. Yet the look in their eyes was increasingly menacing, obviously losing their sanity as their powers increased.

Many people had completely lost it and were slaughtering each other.

They could not differentiate friend from foe.

At the centre of the battlefield.

“Die!” A frenzied yell could be heard from far. A burly man whose eyes were completely red slashed his sword at the man beside him.

He was attacking a fellow Three Emperors World expert.

Pu!

Blood was spattered. The victims’s head flew straight off.

“This is...”

The two Eternal Chaotic World Sir Gods completely froze.

“They’re killing their own people, they’ve lost it!”

“Crazy!”

“Have they lost their minds?”

Indeed, many Three Emperors World experts on the battlefield had lost their minds.

They could not tell friend from foe, wantonly killing each other.

Some were holding on, but barely.

“What is happening to me?” The bald-headed man Ling Zong, as a Second Stage Great Emperor, was able to keep his consciousness intact, but not for long.

At that moment, he had the uncontrollable desire to slaughter everything in his path.

The more he fought the urge, the faster the elixir’s effects were stimulated.

His sanity was disappearing rapidly.

“Even a Second Stage Great Emperor cannot resist it?” Abysmal Saint Master stood in front of Ling Zong, his eyes displaying a trace of pity. “What a pitiful guy, your leaders simply do not care if you live or die.”

“AHHHHHH!”

A hysterical roar burst from Ling Zong’s mouth.

Second Stage Great Emperor Ling Zong had completely lost it. He swung his axe desperately towards Abysmal Saint Master.

Under this state of madness, Ling Zong's abilities had improved significantly. His power was nearing pinnacle Second Stage.

"Die!" Die!" "Die!"

Crazy roars kept echoing around the battlefield.

If even Second Stage Great Emperor Ling Zong had lost it, one could only imagine the other Three Emperors World experts.

A terrifying slaughter was about to begin.

### **Chapter 2167 Self-Explosion**

"Emperor Bai, order our men to retreat immediately!" Ancestor Tian Chen yelled. "It's too late. This battle is too intense and our experts are spread out all over the place. It is impossible to retreat now." Jian Wushuang said.

This was the deciding battle!

One side had to die!

Both sides were mentally prepared to fight till then end and defeat their enemies.

The experts from both sides were spread out all over the battlefield.

Under these circumstances, it was basically impossible for any expert to retreat unharmed.

Furthermore, the experts from the Three Emperors World had entered a demonic state. They could not differentiate friends from foes. They became even more powerful and attacked all they saw in a frenzy.

Under the frenzied attacks, one would have to pay a huge price in order to back off.

"Jian Wushuang is right, it is too late to retreat. We should find a way to kill all of these demonic experts! They have entered a demonic state and cannot think properly. We will exploit the fact that they cannot differentiate friends from foes and make them fight amongst each other!" Emperor Bai said coldly.

"Yes." Ancestor Tian Chen nodded his head as he gave the order.

"They are so fast. Quick, let's work together and defeat them!"

"Let's not be so anxious about killing them. Keep our trump cards and let these demons fight amongst themselves first. We will clean up after they are weakened!"

"Protect yourself well and do not act on impulse. Think clearly!"

The experts from the Eternal Chaotic World executed their plan immediately.

The experts from the Three Emperors World who had fallen into a demonic state were extremely powerful. However, they fought head on without any technique, and so they were destined to die.

On the other hand, the experts from the Eternal Chaotic World merely worked with each other to keep themselves safe. The best plan for them was to allow the demons to fight among themselves.

On the battlefield, the experts from the Eternal Chaotic World worked together as one.

Under their influence, the experts from the Three Emperors World started to battle amongst themselves.

The situation on the battlefield was once again under control.

"Is the situation finally under control? We shall wait for these demons to be severely injured, then our men will attack and kill them all." Ancestor Tian Chen heaved a sigh of relief.

"It might not be that easy." Jian Wushuang said as he shook his head.

Emperor Bai, who stood beside him, looked grim.

No matter if it was Jian Wushuang or Emperor Bai, they weren't looking at the battlefield. Both of them were looking at the leaders of the Three Emperors World who were standing at the edge of the battlefield.

"What are they trying to do?" Emperor Bai wondered.

"They are really evil and heartless to make their subordinate fall into this demonic state and kill others heartlessly." Jian Wushuang clenched his fist as a unique emotion flashed across his eyes.

This was because one of the few leaders of the Three Emperors World was Leng Ruxue.

"This is probably their trump card." Ancestor Tian Chen said.

"There should be more than this. After all, there is no way they can win if they simply make their experts turned into this demonic state and try to kill other people. They must be up to something." Jian Wushuang muttered.

Kaiser Blood, Lord Fen and Demon King Chen Yu simply stood there coldly as they watched their subordinates fight.

"The leaders of the Eternal Chaotic World are smart. They ordered their men to protect themselves and will wait till our experts get severely injured before cleaning up the battlefield." Kaiser Blood smiled.

"Humph. They think that's all there is to our plan?" Lord Fen smirked in disdain.

As time passed, the demonic experts started to get stronger.

Their power became even more violent and crazy.

This power filled the entire battlefield.

What followed was... Boom! Boom! Boom!

The entire space was basically a storm of energy after the explosions.

The radius of the storm was so large that many experts from the Eternal Chaotic World were caught in it.

In an instant, at least ten experts were dead, and many others got severely injured.

This scene made the experts from the Eternal Chaotic World turn pale.

“Self-explosion?”

“These demons chose to cast self-explosion?”

“On no!”

“Watch out!!”

Boom! Boom! Boom! Boom!~~

What followed were numerous explosions as the sound made nearly deafened people in the immediate vicinity.

One would only cast self-explosion only when one knew that they were definitely dead and wanted to do the most damage to their opponents. This would cause them to release a terrifying amount of energy and destroy everything in the way.

In reality, everyone here was in the Chaotic Realm. They were top tier experts that had cultivated step by step until they got where they were today.

Unless there was no hope left, who would be willing to cast self-explosion?

Furthermore, the power of self-explosion would be around twice the power of their strongest attack. The power would not be concentrated and the amount of damage it could deal was limited. No matter if it was in the Eternal Chaotic World or the Three Emperors World, it was rare for an expert to cast self-explosion.

However, the expert from the Three Emperors World who entered the demonic state had chosen to cast self-explosion one by one.

The amount of energy within these experts was at the peak as the divine power raged violently. This caused the power of their self-explosion to be ten times more powerful.

For example, when a sir god cast self-explosion, the power level would be around that of a top-tier sir god.

In their demonic state, a sir god’s self-explosions would be equal to an emperor god.

If an emperor god chose to cast self-explosion, it would reach the power level of a great emperor.

If a great emperor cast self-explosion... That would be even more terrifying.

There were around eight hundred experts from the Three Emperors World, ten of which were great emperors and hundreds of which were emperor gods.

All of these experts had chosen to cast self-explosion under the demonic state?

Devastating!

Boom! Boom! Boom! Boom! ~~~

The sound explosion reverberated throughout the battle as divine power swept the entire battlefield.

Those experts who were at the centre of the battlefield were baptised by this wave of violent energy. Many shrill screams and yells could be heard everywhere around the battlefield.

### **Chapter 2168 Tragic Death of experts!**

At the edge of the battlefield. Jian Wushuang, Emperor Bai and Ancestor Tian Chen looked at the battlefield which was covered in a violent storm of divine power and listened to the occasional sounds of explosions.

All they could do was stare angrily and helplessly.

They wanted to go and save the experts, but they knew they wouldn't make it in time.

This battlefield was far too large. A minimum number of experts could be saved even if they tried.

Large numbers of experts from the Eternal Chaotic World started to die right in front of their eyes.

"Emperor God Jue Xian!" Jian Wushuang squinted his eyes and looked at him.

Emperor God Jue Xian had tried his best to break through into the realm of Great Emperor by paying a great price to enter the Heaven Repairing Palace, but he had failed in the end.

After the battle started, Emperor God Jue Xian fulfilled his promise and charged right at the front and fought in the centre of the battlefield.

Three of the experts very close to him casted self-explosion. One of them was an ordinary Emperor God, one was close to the realm of peak Emperor God, and the last was a Peak Emperor God.

Emperor God Jue Xian and another Emperor God died immediately under the power of self-explosion.

On the other side, the almighties from the Lineage of Star had gathered together.

Amongst them were familiar faces: Hall Master Gu Xin, Emperor God Jiu Yin, Emperor God Xuan Wu and his lineal disciple in the realm of sir god were in the battlefield.

They had formed a battle formation and were fighting on the battlefield.

A nearby emperor god, sir god and a great emperor who was not too far away all cast self-explosion together. Some of the energy affected them.

Under the overbearing energy, their battle formation fell apart.

"Oh no!"

Jian Wushuang turned pale.

After the battle formation fell apart, the overbearing energy swept towards the experts from the Lineage of Star.

Even though the experts from the Lineage of Star had tried their best to defend against the energy storm, Emperor God Jiu Yin, Emperor God Xuan Wu and Hall Master Nie Yun had died instantly. On the other hand, Hall Master Gu Xin and He Xiu had barely survived but were severely injured.

“Jiu Yin, Nie Yun, Xuan Wu...” Jian Wushuang was devastated. All he could do was hold himself back.

Emperor Bai and Ancestor Tian Chen were also doing the same.

The same scene happened everywhere across the battlefield.

Large numbers of experts had died under the self-explosion of the demons. There were Great Emperors among them!

There were many great emperors from the Three Emperors World who went into the demonic state.

When these great emperors cast self-explosion, even great emperors found it difficult to defend against it.

“Yan Zun!” Jian Wushuang looked at a large man who had red skin. His holy body fell apart and died.

That large man was one of the great emperors from Sanctuary Alliance, Yan Zun.

After Jian Wushuang had broken through to the seventh step of inverse cultivation, he’d fought Yan Zun and severely beaten him up.

They were both members of the Sanctuary Alliance and were allies.

Now, Yan Zun was dead.

“Master Wu!” Jian Wushuang looked at another man.

It was Master Wu.

He was not originally part of the Sanctuary Alliance. After the Eternal Chaotic World fell into a crisis, he joined the Sanctuary Alliance without hesitation and fought alongside everyone else.

Even though his performance was not the best in this battle, he had tried his best.

However, one of the great emperors had cast self-explosion about ten meters away. He took on about ninety percent of that power and died immediately.

“King Zhan Cang!” Jian Wushuang trembled.

Not just the human Sanctuary Alliance, the Special Tribes Alliance too were hit hard.

King Zhan Cang was one of the nine star Ancient Gods.

Even though he had just broken through, he was extremely powerful given the natural advantage that Ancient Gods had. Now, he was dead.

Every famous great emperor had incredible power and was very difficult to kill.

Under the self-explosion of hundreds of experts from the Three Emperors World Who were in the demonic state, almost everything was destroyed.

It was difficult to defend against this overbearing momentum, even for great emperors.

The cluster of self-explosions only lasted for a few seconds before it died down.

The entire battlefield was left in an horrifying state.

Violent divine power filled every single corner of the battlefield. It only started to dissipate after some time.

Silence!

The entire battlefield turned silent.

Jian Wushuang, Emperor Bai and Ancestor Tian Chen all scanned the battlefield with their bloodshot eyes.

At the start of the battle, the Eternal Chaotic World had had around four thousand excerpts, while the Three Emperors World had had around three thousand.

But now, there were only around two thousand experts left alive.

Every single expert from the Three Emperors World, including great emperors, had died.

The stage-two great emperor, Ling Zong, had also died as he had used self-explosion.

The remaining two thousand experts were from the Eternal Chaotic World. Compared to the number they started with..... Half of them had died!

The remaining two thousand experts who had survived were all weak and severely injured. It seemed that they could die at any moment.

No one was in prime condition.

Even people like Abysmal Saint Master, Red Dragon King, Underworld God, King Chen Xing and Black Dragon Emperor, who were stage two great emperors, were severely injured.

The Black Dragon Emperor had already been injured before the battle. She had participated in the battle before she'd recovered and was not in a terrible state. The other great emperor from her clan had sadly died.

Every Great Emperor was severely injured!

"Bastard!"

Emperor Bai trembled as he squeezed these two words out of his mouth.

"Damn it!" Jian Wushuang shook with anger as a terrifying killing intent erupted.

Both of them looked at the space that the leaders of the Three Emperors World stood in.

Not just them, but Ancestor Tian Chen and the surviving experts from the Eternal Chaotic World looked up in anger.

Five people stood in that space.

These five people were responsible for planning all this!

**Chapter 2169 Opposing Blood!**

Under the angry stares of the experts from the Eternal Chaotic World, the five people other than Ba Su looked cold. "Hehe. It seems that many people died." Kaiser Blood exclaimed as he gave a sadistic smile.

"The Three Emperors World took so long to accumulate these experts. But now..." Demon King Chen Yu sighed lightly but looked indifferent.

"Back then, we sacrificed so much to create this world. It was to prepare for this day. Even though these experts died, they should be at peace since they fulfilled their purposes." Lord Fen said.

"You guys are really cruel." Leng Ruxue said as she scanned those three men.

"Cruel?"

"Hehe. Before you comment about us, think of who you really are. If your Unique constitution was fully exploited, that destruction might be even greater than the one I have just caused." Kaiser Blood smirked.

Leng Ruxue squinted her eyes but said no more.

"Alright Kaiser Blood. Is the amount of Blood Qi sufficient after so many sacrifices?" Lord Fen asked.

"Humph. It barely met the requirements." Kaiser Blood smiled.

Hearing this, Demon King Chen Yu and Lord Fen were elated.

"Looks like we can finally use that move." Lord Fen smiled coldly.

On the other side, Jian Wushuang kept the expression of Kaiser Blood and friends in mind.

When he saw the smile Kaiser Blood had on his face, he had a bad feeling about what was going to happen.

"What are these bastards trying to do?" Jian Wushuang roared.

To use a special method to cause his subordinates to turn into a demonic state so that they become stronger and killed more people. They would eventually die, unknowingly, a painful death.

This was an extremely inhumane act.

At the same time, he knew that there had to be a reason why Kaiser Blood did that.

There had to be more to it than just causing mass damage and pain to the army from the Eternal Chaotic World.

There must be something else he was hiding, or he was preparing.

Emperor Bai and Ancestor Tian Chen both looked dark as they also knew this.

Right then, whoosh!

Kaiser Blood finally moved in front of all the remaining experts.

He took a few steps and appeared at the centre of the battlefield. The experts from Eternal Chaotic World had already retreated to the outskirts of the battlefield behind Jian Wushuang and Emperor Bai.

On the battlefield, Kaiser Blood stood alone with his hands behind his back. He had a creepy smile.

“Emperor Bai, Jian Wushuang, do you still remember what I said to you inside the Imperial City?” Kaiser Blood asked loudly.

Jian Wushuang and Emperor Bai both raised their eyebrows.

They definitely remembered what Kaiser Blood had told them.

“Haha. I said that I would prepare a surprise for both of you when we met again. How was it? Are the two of you happy with it?” Kaiser Blood smirked.

Jian Wushuang and Emperor Bai fell silent. Their killing intents started to rise.

“Kaiser Blood, let us not waste time on useless talk. Do what you planned on doing.” Emperor Bai said coldly.

“Moves?”

“Of course I have more up my sleeves. You will see soon enough.” Kaiser Blood smiled playfully.

The ground beneath him started shaking vigorously after he started laughing.

“What is this?” The experts from the Eternal Chaotic World turned pale.

“What is happening beneath the ground?” Jian Wushuang looked down as his soul power seeped deep into the ground.

Soon, he found the reason behind the shaking.

Deep underground was a large, blood red formation.

This formation rose up slowly.

It was originally thousands of feet underground. Now, it was less than a thousand, and still on the rise.

Not long after, it was less than a hundred feet from the surface.

“When did this formation appear?” Jian Wushuang wondered grimly.

“This is an extremely bizarre formation. I used my soul power to scan the entire Blood Emperor Sanctuary Grounds, including deep underground. I did not realise that this formation was there,” Emperor Bai said coldly.

Emperor Bai was an inverse cultivator and the strongest expert from the Eternal Chaotic World. His fighting power was mysteriously powerful.

The strength of soul was even greater than that of Jian Wushuang.

Even so, he had not sensed this formation when he had scanned the underground of the Blood Emperor Sanctuary Grounds. The formation was well hidden.

Hum!

A loud hum came from underground as a large, blood red formation emerged.

This blood red formation was saturated with Blood Qi. On closer look, this energy was in droplet form.

No matter if it were Jian Wushuang, Emperor Bai or any expert who was good with formations, they could not tell what formation this was.

“What is this formation? I have never seen it before!” An emperor god who excelled in formation cried out.

“This formation doesn’t seem dangerous, but why do I feel so agitated?”

“This is no ordinary formation.”

Discussion was made by the experts from the Eternal Chaotic World.

The experts from the Eternal Chaotic World started to take it seriously.

“Emperor Bai. Do you know why I created a Blood Emperor Sanctuary Grounds here? Do you know why I picked this place as the location for the final battle?” Kaiser Blood said out loud.

Emperor Bai widened his eyes as he exclaimed, “Was it because of this formation?”

“Smart. Allow me to introduce this formation. This formation did not originate from the ancient past or the Eternal Chaotic World. I created this formation after over the years. I had never thought of a suitable name but now I have one for it. It will be called Opposing Blood Formation!” Kaiser Blood smiled.

“Opposing Blood Formation?”

Emperor Bai, Jian Wushuang and the remaining experts finally understood the origins of the formation.

It was no wonder they could not recognize his formation. It had been created by Kaiser Blood not too long ago and it did not even have a name.

However, they still did not know what the formation was used for. From the looks of it, it did not look good.

## **Chapter 2170 Golden Armour**

Emperor Bai looked at the blood-red formation coldly and muttered, “I do not need to know what this formation does. All I have to do is destroy it.” As soon as he finished speaking, an incredibly powerful aura started to erupt.

At this moment, he took a step out.

Boom~~~ An endless ocean of golden divine power surged out and covered the entire sky. The battlefield turned into a large golden divine power sea.

Emperor Bai was located at the centre of this ocean as a ten thousand foot tall golden shadow appeared behind him.

The giant golden shadow hovering over the battlefield was majestic and made people feel dread when looking at it.

Within moments, Emperor Bai appeared in front of the blood-red formation.

He clenched his fist and harnessed the power of the endless divine power sea within his hands.

“Haha, Emperor Bai. Do you wish to destroy the formation? You’ll have to pass me first.”

Kaiser Blood blood laughed as he blocked Emperor Bai before he could attack the formation.

“I shall kill you first, then I will destroy the formation.” Emperor Bai said in a dominant way.

Emperor Bai punched his fist, which was encompassed in divine power, at Kaiser Blood.

This punch immediately made a gigantic hole in the sky. The aura was so terrifying that the experts from the Eternal Chaotic World widened their eyes.

As the most powerful man from the Eternal Chaotic World, how strong could Emperor Bai?

They were seeing it with their own eyes.

“The aura really is terrifying. If that is the case...” a flash of seriousness went across Kaiser Blood’s eyes as he pointed with his finger.

Instantly, a large amount of blood-red light surged as a giant statue of a divine demon appeared.

This statue was even larger than the golden shadow behind Emperor Bai. It radiated an ancient aura.

A few deep bell sounds were heard as the hands of the statues moved.

One hand turned into a fist while the other hand turned into a palm.

The blood-red fist, which contained an enormous amount of power, dropped from the sky as it punched out. It felt like it could destroy everything in its way.

The palm turned large as it covered the entire sky, including the divine power sea.

The fighting power of Kaiser Blood was clearly seen there.

In the air, Emperor Bai collided with the large statue head on.

Boom! Boom! Boom! Boom! Boom! Boom! Boom! Boom! Boom!

Nine loud collisions were heard.

Each of these collisions made the divine power and the blood-red energy explode outwards in all directions.

These energies turned into a storm that strangled everything in its way.

At the centre of the storm, where the two men fought, the space turned into nothing. An area of void was formed.

In that void, two figures stood tall.

The aura of Emperor Bai was still overpowering. The golden light from the golden shadow became even brighter as the dense divine power sea surged even more.

As for Kaiser Blood, his gigantic statue was much less intimidating compared to Emperor Bai.

“You are worthy of being called the strongest man in the Eternal Chaotic World. I have already displayed the fighting power of a top tier stage great emperor but I still lost to you despite you having weaker understanding of Rules of Order. It must be because of your incredible inverse cultivation.” Kaiser Blood smiled.

Emperor Bai did not speak as he looked at the blood-red formation behind Kaiser Blood.

During the short exchange of blows with Kaiser Blood, the aura that radiated out affected the formation.

However, the formation was completely unaffected. It seemed like the formation could not be destroyed with just the aura emitted during a fight.

“Emperor Bai, you must really want to destroy this formation. But you will not be able to do it. Even though I am weaker than you, I can still stop you from doing what you want.” Kaiser Blood mocked.

“Is that the case?” Emperor Bai raised his eyebrows. At that moment, the divine power sea started to collapse on itself and covered Emperor Bai. His body started to grow to a hundred feet tall.

His large body was surrounded by a thick layer of golden light.

This golden light was like extraordinary golden armor. The moment it appeared, the overpowering aura Emperor Bai had started to skyrocket once again.

“Golden armour? This is the Nine Star Armour from one of the secret skills that the Seven Star Black Sect had. You successfully cultivated this secret skill?”

“Furthermore, you cultivated the golden armour scripture?”

Even Kaiser Blood was shocked when he saw the golden armour that Emperor Bai was wearing.

He was originally an expert from the Ancient Past. He had participated in the Great Battle of the Ancient Past and was very knowledgeable about secret skills.

On the ancient battlefield, there were countless experts. However, the main character of that battle was Seven Star Black Sect!

Seven Star Black Sect had been one of the superpowers from back in the Ancient Past.

This kind of superpowers had many extremely powerful secret skills.

The Secret Skill of Seven Star was a famous secret skill.

This Secret Skill of Seven Star was only one of most powerful secret skills the sect had. Nine Star Armour was another secret skill on par with Secret Skill of Seven Star in terms of power level.

It was one of the secret skills that could make the experts from the ancient past go crazy.

It was a pity that this secret skill was incredibly valued by the leaders of the sect. Besides some core disciple, no one had the chance to learn it.

There was no talk at all about this skill as it was kept top secret.

However, Emperor Bai had managed to successfully cultivate Nine Star Armour and reached the level of Golden Armour Scripture, which was high level.

“Humph. I want to see if you can still stop me.” Emperor Bai grunted as his battle power reached a whole new level.

If his power level had been between stage three and stage four previously, his power level now was definitely of a stage four great emperor.

“Fight!” Emperor Bai roared in anger as he continued the attack. No matter his aura or momentum, both reached an even higher level.

Seeing this, Kaiser Blood turned pale.

In the space not too far away, Lord Fen squinted his eyes before charging into the battlefield to assist Kaiser Blood.
