

Swordsman 2281

Chapter 2281 Insanity!

There were two people who stepped out of the passageway. The first was a smiling bald man in a white cloak. He was bathed in sunlight as there was white lights that were sparkling around him. It gave people the impression that he was a gentleman. The other woman was in crimson cloak. She looked ordinary, but she had an incredibly cold aura. It was as though everyone had to worship her and she was out of reach.

Jian Wushuang's irises constricted when he saw the two experts.

He had seen these two people before!

He had seen them in the Ancient Display inside the gigantic head.

In the Ancient Display, the owner of the head, the bold man who could battle the Heavens, the Earth and all sentient beings, had been forced into a desperate situation by trillions of Divine Demons.

There were three people in the lead, and two of them were these two figures who had appeared.

These two led trillions of Divine Demons with another man. The other man was an unmatched Demon King. He rode a crimson dragon and penetrated the heart of the bold man with a spear.

These two were definitely Masters of the Holy Land!!

"Hehe, Seria. You really value this disciple of yours. Not only did you ask both of us to help you open this passageway, you also paid a huge price for both of our consciousness embodiments to descend upon this world?" The bald man in the white cloak laughed heartily.

"Is this your precious disciple? White hair with grey irises. Haha. She has the same unique constitution as you," the woman in crimson clothes said casually.

Even though both of them spoke normally, their voices were heard not only within the area covered by the black mist, but across the entire battlefield.

The beautiful lady squinted her eyes and said with a deep voice, "Stop wasting time, save my disciple."

"Naturally." The bald man smiled.

"Leave it to us," the woman in crimson clothes said confidently.

They were Masters of the Holy Land. They were absolutely confident in their own abilities.

The bald man in white clothes and the lady in crimson clothes looked over at the space where Jian Wushuang and Leng Ruxue were.

Leng Ruxue had just escaped into the area covered in black mist. She was trying her best to get close to the passageway with Jian Wushuang hot on her tail. He was closing in on her quickly.

Leng Ruxue could have been faster than Jian Wushuang given how eerie her martial art movement was. It should have been difficult for Jian Wushuang to catch up to her.

However, after casting the Golden Flame three times, Leng Ruxue was severely injured. She lost most of her fighting power. Of course her speed would be slower as well.

However, Leng Ruxue saw hope.

She saw the two figures who appeared at the edge of the passageway. Without a doubt, her master had asked both of them to help her.

“Stop.”

The bald man smiled as he said indifferently. He did not move at all.

He only opened his mouth and told Jian Wushuang to stop.

Right after he said these words, Jian Wushuang felt an unbelievable amount of power pressuring him.

This power did not have any substance to it. It was neither aura nor pressure. It was purely to suppress one's will!

It was pure willpower, yet it was incredible and absolute.

Under this pressure, Jian Wushuang was tempted to kneel. The desire to stop flashed across his mind.

Immediately, a ray of killing intent flashed across his irises.

“It is just will. How can it stop me?”

Jian Wushuang's face turned red as he roared. He stopped for a split second before continuing to dash towards Leng Ruxue.

“Huh? This little one has such a strong will.” The bald man was surprised.

“Having a strong will is one thing. More importantly, the Restrictions of Heaven and Earth here are far too powerful. You can barely use your willpower.” The woman in crimson clothes smiled.

“That is true.” The bald man laughed silently before his eyes turned cold. “No one should go against my will. Since this little one has gone against it, he shall die.”

Once the bald man finished speaking, a brilliant white light lit up the space around him.

This light was extremely bright and warm. It lit both him and the area covered in black mist up. One could feel at peace simply by looking at him.

However, Jian Wushuang's irises constricted when he was covered by the white light.

He clearly saw a white spear appear in front of him, threatening to pierce through his divine body.

“This power...” Jian Wushuang was shocked.

He could feel that the power within this white spear was far stronger than that of a Chaotic Realm expert. It was probably near the peak power of a Divine Demon.

Even though Leng Ruxue's master was also a Master of the Holy Land, her attacks were not nearly as powerful.

Of course, this didn't mean that the bald man was much more powerful. It was because the bald man was standing within the black mist. Here, the Restrictions of Heaven and Earth were much weaker.

The area covered in black mist was where the Eternal Chaotic World met the Absolute Beginning Divine World. Here, the Restrictions of Heaven and Earth were the weakest. Now that the passageway was open, the Restrictions of Heaven and Earth were further weakened. This enabled the two Masters of the Holy Land to be much more powerful within this area.

Jian Wushuang was sure that the two Masters of the Holy Land could at least use the power of a Divine Demon, maybe even more!

The power that Jian Wushuang could use was also at the level of a Divine Demon, but he felt his power was far weaker than that of the bald man in white clothes.

There was no way Jian Wushuang could beat him when both his power and techniques were far inferior.

Jian Wushuang instantly felt that his life was in danger when he saw the white spear.

"I cannot be stopped by these two Masters of the Holy Land. If I am..." Jian Wushuang fixed his eyes on Leng Ruxue who was still trying her best to escape his chase.

He was extremely close to Leng Ruxue. He would be able to catch up to her and suppress her almost instantly, give that she had no fighting power left.

If he was stopped by this spear, Leng Ruxue could use the time to dash beside the two Masters of the Holy Land. Jian Wushuang would not stand a chance against them.

Jian Wushuang's eyes turned bloodshot when he thought of this.

Madness was written all over his face. He made a headstrong decision.

Instantly, star power started to boil within his body.

Chapter 2282 Soul!

Jian Wushuang cast his strongest trump card, Secret Skill of Star Palace. Once he had cast the third scripture of the Secret Skill of Star Palace, star power surrounded his body as his overall power skyrocketed by a thousand times!!

His power indeed increased by a thousand times. Of course, without the support of Emperor Thirteen's blood essence, he could only use this power for a single attack.

However, this single attack was more than sufficient for Jian Wushuang.

"Get lost!"

Jian Wushuang roared as he swung his sword fiercely.

This sword formed a vast ocean of sword essence.

Under the frenzied assault of the ocean of sword essence, the white light that lit up the area covered in black mist disappeared.

The white spear that was headed for Jian Wushuang was also deflected.

“What?”

“No!”

The bald man and the woman in crimson clothes turned pale.

The bald man was especially shocked. He was a Master of the Holy Land. Within the area covered with black mist, the Restrictions of Heaven and Earth were much weaker and he could use the power of a Divine Demon. Under these circumstances, he attacked an expert in the Chaotic Realm.

No matter how unbelievable an expert in Chaotic Realm might be, the bald man thought the expert would be stopped easily.

He had not taken Jian Wushuang seriously.

He had never expected that Jian Wushuang could deflect his attack head on.

After deflecting the white spear, Jian Wushuang did not stop at all. He continued chasing Leng Ruxue as he appeared behind her almost instantly.

Now it was impossible for even the two Masters of the Holy Land to stop him.

“Damn it!”

Leng Ruxue turned pale. She could see that Jian Wushuang had made a majestic mountain using the sword in his hand.

At the bottom of the mountain, there was a dark hole that had a large amount of secret restrictions. The mountain was headed for her.

She had already cast Golden Flame thrice. With her current condition, there was no way she could do anything to resist Jian Wushuang.

She was about to be completely suppressed.

Suddenly...

“Jian Wushuang, look at this!!!”

Leng Ruxue turned around as a unique ball of light appeared out from her body.

This ball of light appeared in front of her and she held it tightly in her hands.

When Jian Wushuang saw the ball of light, his irises constricted. His actions stopped for a brief moment.

He stared at that ball of light.

He sensed a familiar aura that he had been dreaming of for a very long time.

A soul was within the ball of light!!

“Don’t you want the soul of your wife? I shall give it to you, catch.”

Leng Ruxue roared as she threw the ball of light into the space at the side. At the same time, a grey energy burst forth from her other palm, heading for the ball of light, trying to destroy it and the soul of Leng Ruxue.

Seeing this, Jian Wushuang turned pale.

He forgot about suppressing Leng Ruxue as he dashed towards the ball of light, trying to catch it.

The moment he caught the ball, Jian Wushuang's heart trembled slightly. He blocked the grey energy with his divine body.

Jian Wushuang stood there looking at the ball of light in his hands, sensing the soul within it.

It really was his wife's soul.

"Rushuang, I have finally, finally found you!!" Jian Wushuang felt an excitement and joy like never before.

It was a pity that Leng Rushuang's soul was in deep slumber. She could not detect Jian Wushuang's presence and had no reaction at all.

Jian Wushuang was not worried. As long as he had Leng Rushuang's soul, he could find a way to wake her up from her slumber. It would not be difficult for him to find her another body.

Under her veil, Leng Ruxue's face was extremely cold as she looked at Jian Wushuang, who was overjoyed.

Unless absolutely necessary, she would never give Leng Rushuang's soul up.

After all, Leng Ruxue and her had originally been one. They were still connected in many ways and had yet to completely separate from one another.

If Leng Rushuang's soul were to die, or to leave her body, there would definitely be effects on her unique constitution and foundation.

This was why after so many years, Leng Ruxue had kept Leng Rushuang's soul safe from all harm. When she broke through to the level of an almighty, Leng Rushuang's consciousness evolved into a soul.

Leng Ruxue planned on returning to the Absolute Beginning Divine World to ask her master for help to cut the connection between her and Leng Rushuang. This way, removing her from her body would not have any negative effects on her anymore.

But now...

She had been forced by Jian Wushuang to break her connection with Leng Rushuang's soul.

If she did not do this, she might be suppressed by Jian Wushuang.

If not, she would be at risk of being suppressed by Jian Wushuang.

Once she had been suppressed by Jian Wushuang, her life and death would be controlled by Jian Wushuang.

“Do you think both of you will have a happy ending when you rescue her soul? I won’t allow it,” Leng Ruxue said coldly. She turned to the two Masters of the Holy Land and said, “Lords, please kill him!!”

“I would have done it even without you asking.” The bald man wiped the smile off his own face.

The woman in crimson clothes also looked at Jian Wushuang coldly.

Jian Wushuang had almost managed to suppress Leng Ruxue due to their mistake.

They felt ashamed as Jian Wushuang had managed to suppress someone whom the both of them, as Masters of the Holy Land, wanted to protect.

Jian Wushuang’s actions angered both of the Masters of the Holy Land.

“Young one, you are too cheeky!”

The bald man looked at Jian Wushuang before dashing forward.

Jian Wushuang saw a flash of white light. Before he could react, the bald man appeared beside him.

“What kind of speed is this?” Jian Wushuang was shocked.

He knew that he achieved his goal by getting Leng Rushuang’s soul. He did not know if he could leave here safely.

Chapter 2283 Annihilation

“Die, young one.” The bald man said coldly. He pointed his right index finger at Jian Wushuang.

From the tips of his fingers, a ray of brilliant white light erupted and headed for Jian Wushuang’s heart.

Jian Wushuang could not react when the bald man was at such a close distance and the light was traveling at a terrifying speed.

Pfft!

The white light pierced through his heart and destroyed his heart.

Jian Wushuang could not even resist before his divine body started to crumble.

Not too long after his divine body had crumbled, a large amount of divine power gathered as Jian Wushuang’s divine body reformed at a space not too far away.

After his divine body had reformed, he started dashing out of the area covered in black mist without any hesitation.

“Too powerful. Thirty thousand years ago, the Blood Emperor shook Heaven and Earth with the Opposing Blood Formation which allowed him to have the power of a Divine Demon. The two Masters of the Holy Land could use even greater amounts of power compared to the Blood Emperor. They must be at least ten times stronger!” Jian Wushuang was terrified.

During the battle against the Blood Emperor, he had used the blood essence given to him by Emperor Thirteen and casted the Secret Skill of Star Palace for a long time. This had enabled his combat power to be a thousand times more powerful, yet he barely been evenly matched.

He had finally killed the Blood Emperor using the Mountain River Map and with the help of his master, Xuan Yi.

Now, there were two Masters of the Holy Land who were ten times more powerful than Blood Emperor. Jian Wushuang had no way of beating them.

More importantly, he could not cast the Secret Skill of Star Palace like he had back then.

He did not have Emperor Thirteen's blood essence.

"Escape! Escape!"

Jian Wushuang was trying his best to escape.

His eyes were fixed on the area outside where the dark mist didn't reach.

He knew that both Masters of the Holy Land would only have such an insane fighting power inside an area covered in dark mist.

Once they had left the area covered by dark mist, their fighting power would be around the same as that of Emperor Thirteen and Leng Ruxue's master.

Even though they would still be more powerful than Jian Wushuang at that power level, it would be too difficult to kill him then.

This meant that Jian Wushuang would survive if he could escape to the area not covered in the black mist.

The bald man knitted his eyebrows when he saw Jian Wushuang reform his body and continue to try and escape. He muttered to himself, "Is that the Body of Undying?"

The bald man did not chase after Jian Wushuang as he noticed that the woman in crimson clothes had disappeared.

Jian Wushuang continued to escape and was already at the outermost area of the black mist. He was about to exit this area.

Suddenly...

"Little one, where are you rushing off to?" He heard a mocking voice.

Jian Wushuang realised that the lady in crimson clothes was standing in front of him.

"This speed..." Jian Wushuang shook his head.

He thought that the speed the bald man had was already incredible. He could not even react when the bald man attacked him at that speed.

Now, he realised that this woman was even faster than the bald man.

"Haha. A mere expert in the chaotic realm has the Body of Undying and such an abundance of divine power. I am interested in you. How about this, I lack a male servant. I will Soul Control and bring you to

the Absolute Beginning Divine World and find out all of your secrets.” The lady in crimson cloak smiled. Her smile seemed magical.

The woman did not move, but a wave of terrifying soul power crashed towards Jian Wushuang.

Jian Wushuang felt as though there was a vast ocean of soul power crashing towards him.

It was too vast and overbearing.

Jian Wushuang thought that his soul power was already very powerful after taking so many Ice Soul Elixirs.

Compared to this ocean of soul power, his soul power was nothing.

This soul power rushed towards his sea of consciousness.

“You want to soul control me? Dream on!!”

Jian Wushuang yelled. Power started rushing out from the Five Gem Armor and the Soul Swallowing Pearl within his body as they tried to defend against the ocean of soul power.

At the same time, Jian Wushuang formed many layers of defence using his soul power within his sea of consciousness.

Boom~~~

Under the impact of such a powerful wave, Jian Wushuang started to tremble before he spat out a mouth of blood. However, his eyes were still burning with determination.

“I failed? Then so be it. Since I cannot control you, just die.”

Rays of beautiful crimson light were emitted from the woman as they formed sharp crimson swords. They immediately descended upon Jian Wushuang.

Jian Wushuang tried to deflect them using the Blood Mountain Sword. However, these crimson swords avoided his blade easily before piercing his divine body.

Countless crimson swords pierced numerous holes in Jian Wushuang’s divine body. His body crumbled quickly.

Just as Jian Wushuang was about to reform his divine body, the woman in crimson clothes stared at him with her iris. Immediately, waves of crimson divine power swept out and formed a vast ocean of red. This ocean of red divine power wrapped around the divine power left behind by Jian Wushuang as they tore it apart.

“Be annihilated.”

The woman in crimson clothes said softly as the ocean of red divine power started to hunt down what remaining divine power that Jian Wushuang left behind.

“This is bad.”

Even though Jian Wushuang's divine body had crumbled, he could still think clearly. He wanted to reform his body. He was shocked that the amount of divine power he had was shrinking under the effects of the ocean of red divine power. If this continued, all of his divine power would be destroyed.

If that happened, he would definitely die.

"Is this the end?"

Jian Wushuang muttered to himself, unwilling to resign himself to his fate.

Of course he was unwilling to be resigned to this fate!

Since the day he started cultivating, he had broken through countless barriers and gone through countless hardships to get to where he was today.

Now, he had finally got back his wife's soul. Before he could take it out safely to awaken her, he was going to die. They would not have a proper reunion.

How could he be willing to resign himself to his fate?

No matter what he was feeling, there was nothing he could do as his divine body had already crumbled and he could not even reassemble it.

Chapter 2284 Reincarnation Passage

"Is Jian Wushuang finally going to die?"

Leng Ruxue was pale and her aura was extremely weak. She watched what was happening extremely coldly.

"An expert in the Chaotic Realm who has the Body of Undying is indeed unique. However, having the Body of Undying does not mean one cannot be killed. Back in the Absolute Beginning Divine World, there were many Undying Saints who had the Body of Undying who died. During the battle against Seven Star Black Sect alone, many Undying Saints passed on." The bald man smiled lightly.

Indeed, just like this bald man had said, having the Body of Undying did not mean that one would never die.

Within the Absolute Beginning Divine World, there were many ways to kill an Undying Saint. Out of the many, there were three very popular ways.

The first way: when there is a great difference in power level and divine power, one could destroy the other's divine body and cover it up using their own divine power to annihilate them.

The second way: trap the person you want to kill and destroy his divine body and force him to reform his divine body over and over again. When he runs out of divine power, he'll be dead.

As for the third and most simple way: use a soul attack.

Body of Undying only meant the divine body could be reformed. It did not mean that their soul power could be. If one's soul died, the Body of Undying could not help them.

The method the woman in crimson clothes used to try and kill Jian Wushuang was the first method.

She was a Master of the Holy Land. The power she could use within this area covered in black mist was the peak of Divine Demons. On the other hand, the power that Jian Wushuang could use was that of the weakest Divine Demon. The gap in divine power was extremely big.

Furthermore, given the amount of methods she had as a Master of the Holy Land had, she could annihilate Jian Wushuang easily.

No matter if it was the woman in crimson clothes, the bald man or Leng Ruxue, they thought that Jian Wushuang was definitely dead in this situation.

In reality, that was true. Even Jian Wushuang thought that he was dead meat.

Just then, an abnormality occurred!

The ocean of red divine power annihilated everything there was, including Jian Wushuang's divine body and divine power. Even the treasure that Jian Wushuang had on him was annihilated. Only the Five Gem Armor and the Blood Mountain Sword survived the annihilation.

Jian Wushuang's Qian Kun Ring could not withstand the power and broke apart.

Boom! His Qian Kun Ring broke apart as all of the treasures within his ring spilled out into the open. These were treasures obtained from all of the experts that Jian Wushuang killed.

There were numerous treasures. If they had appeared in the Eternal Chaotic World, countless experts would have died to have them. However, to a Master of the Holy Land, these were trash. The woman in crimson clothes could not be bothered by it and allowed the ocean of red divine power to annihilate these treasures as well.

Countless treasures turned into dust.

What she did not know was that there was a unique treasure within his Qian Kun Ring.

This treasure was the Reincarnation Pearl, given to him by One Star Man three-thousand nine-hundred years ago!

Reincarnation Pearl contained a miniature reincarnation within it. It was extremely beneficial for Jian Wushuang to meditate to understand Reincarnation Rules of Order.

Jian Wushuang used this pearl to greatly deepen his understanding of reincarnation. He had even created an extremely powerful sword skill called Samsara.

Jian Wushuang never doubted the purpose of this pearl.

He thought it could only be used to help him understand Reincarnation Rules of Order.

Under the destructive power of the woman's ocean of red divine power, the Reincarnation Pearl broke.

Hum~~~

A unique energy swept forth.

This energy was purely Reincarnation Rules of Order. A miniature reincarnation had originally been contained within the Reincarnation Pearl. Now, it had appeared in this Heaven and Earth.

Once it appeared, it stirred the surrounding Power of Heaven and Earth as the miniature reincarnation soon enlarged into a complete reincarnation passage!

Yes, a complete Reincarnation Passage had been formed.

It was completely different from the passageway that the Masters of the Holy Land had opened.

The passageway they opened led to Absolute Beginning Divine World. This Reincarnation Passage led to Samsara.

“Reincarnation Passage?”

“What... Why would a Reincarnation Passage appear here?”

The faces of the woman in crimson clothes and the bald man turned dark.

This was completely beyond their expectations.

When the Reincarnation Passage was finally complete...

“Is it finally time?”

A deep and magical voice was heard.

When this voice echoed out, everyone stopped and looked. No matter if it was the woman in crimson clothes, the bald man, Leng Ruxue, Leng Ruxue’s master, Emperor Thirteen, One Star Man, Bing Shan, Emperor Bai, Elder She Hua and Saint Soul, all of them stopped what they were doing and looked over.

They were searching for the source of the voice.

Even in the space far away, the great emperors from the Eternal Chaotic World looked over.

There, right below the beautiful picture scroll world, a blurry figure appeared.

It was a well built man in white clothes. He looked gentle and smiled lightly. His smile made people feel at peace.

He stood there and radiated no aura at all. It was as though he was of air.

However, once these experts looked at him, they could not take their vision off him anymore.

“It is him!”

The great emperors from the Eternal Chaotic World managed to recognize this man immediately.

During the final battle against the Three Emperors World, it had been this man who had appeared at the final, critical moment and helped Jian Wushuang kill Blood Emperor.

They all knew that this mysterious man was Jian Wushuang’s master!!

“He is here. It is finally starting!”

When Emperor Thirteen and One Star Man saw who it was, they were overjoyed.

Even Emperor Thirteen, who was usually cold and quiet, got extremely emotional. It was as though his eyes were shooting rays of excitement.

Chapter 2285 Spacetime Reversal

In contrast to Emperor Thirteen and One Star Man, the beautiful woman, the bald man and the woman in crimson clothes stared right at the man. All three of them were enraged and in disbelief. "Old man, it is you!!"

The beautiful woman roared with shock in her eyes.

There was also a hint of fear in her eyes.

Yes, fear!

As a Master of the Holy Land, she was already on an equal level to Heaven's Will. By rights, there should be nothing in this world that she would fear. However, Xuan Yi was an anomaly!

"Damn it. You should already be dead. How are you in this world?" roared the woman in crimson clothes.

"Yes. He is dead. This is probably a consciousness incarnation. If I am not wrong, he has been scheming in this Heaven and Earth for a long time. This passageway should also be part of his plan," the bald man said.

"You are smart. I indeed have died. Even though my divine body was destroyed, my will was not!"

As he spoke, the aura that Xuan Yi had completely changed.

He was originally a gentle, ordinary man who had a warm smile. Instantly, he turned into the most powerful man in the world.

He stood there coldly. It was as though he was a mountain of ice. His eyes seemed so deep it was as though they contained trillions of stars. There was a will within his eyes that made the Heaven, the Earth and all sentient beings bow down to him.

No one could compare to him, even Masters of the Holy Land.

It felt like he could take on the Heavens, fight the Earth and dominate all sentient beings.

Even Heaven and Earth would submit to him.

If Jian Wushuang had still been awake and seen Xuan Yi, he would have been shocked.

The aura that Xuan Yi had now was the exact same as the bold man Jian Wushuang had seen in the Ancient Display within the gigantic head. The bold man who could battle the Heavens, fight the Earth and dominate all sentient beings. Even Heaven's Will backed off when facing him!

That's right. Xuan Yi was the bold man.

He was the owner of the gigantic head around the Green Fire World!!

He was the protagonist of the Great Battle of the Ancient Past aeons ago.

In the space around Heaven's Horizon, within the area covered in grey mist, a passageway and a reincarnation passage had opened.

The entire Heaven and Earth fell silent.

All of the experts present widened their eyes and stared at Xuan Yi.

Countless experts felt compelled to bow down to Xuan Yi even though it was just a consciousness incarnation.

A consciousness incarnation was different from a consciousness embodiment. A consciousness embodiment had a portion of the person's fighting spirit. The beautiful woman and the other two Masters of the Holy Land sent their consciousness embodiments here.

On the other hand, a consciousness incarnation was mere will. Under normal circumstances, it would not possess any power at all.

Even so, countless experts felt compelled to worship Xuan Yi's consciousness incarnation and the three Masters of the Holy Land shuddered in fear.

Whoosh! Whoosh!

Two figures appeared beside Xuan Yi. They were Emperor Thirteen and One Star Man.

"After so many years of hard work, we have finally reached where we are today," Emperor Thirteen said coldly. Even so, one could clearly see the excitement in his eyes.

"Yes, I had forgotten how long we have planned and prepared for this day. Luckily, everything is going as planned. There have not been any major screw ups. Of course, I have to thank both of you for this," Xuan Yi said with a deep voice.

"Both of us know what we should be doing. As long as the plan can come to fruition, our sacrifices will be worth it, no matter what we have to do. However, can we actually realise the plan?" Emperor Thirteen knitted his eyebrows and said.

"I have no idea. However, this is our last chance." Xuan Yi said.

Emperor Thirteen and One Star Man fell silent.

Just like Xuan Yi said, this was indeed their last chance.

It was the last hope for the Seven Star Black Sect and this Heaven and Earth.

Xuan Yi stopped talking. The Picture Scroll World that was fused into Heaven and Earth turned back into the small Picture Scroll World and appeared in his hand. He then looked at the area covered in black mist where Jian Wushuang died.

There was only a large reincarnation passage there. No figures nor auras could be felt.

All of Jian Wushuang's divine power had been annihilated under the ocean of red divine power.

Jian Wushuang died.

He had indeed died. Everyone saw it unfold before their very eyes.

Xuan Yi also knew that Jian Wushuang had died. He started to radiate a unique energy.

Xuan Yi pointed at where Jian Wushuang was with his right index finger.

The unique energy instantly filled the entire space.

“Spacetime Reversal!”

Xuan Yi said softly.

Instantly, changes started to occur to the spacetime in that area.

The entire spacetime, apart from the reincarnation passage, started to reverse.

Within moments, the spacetime showed the moment that Jian Wushuang was annihilated by the ocean of red divine power.

At this moment, a ray of excitement flashed through Xuan Yi’s eyes.

“Freeze!”

Two rays of light glowed in the reversed spacetime.

The two rays of light were two souls.

One of them belonged to Jian Wushuang while the other belonged to Leng Ruxue.

“Come here.”

Xuan Yi waved his hands as the two souls flew into Xuan Yi’s hand.

The entire process occurred within moments. The three Masters of the Holy Land watched the entire process unfold before their eyes, yet they could not do anything to stop Xuan Yi.

Even if they wanted to, they could not.

Spacetime Reversal was such an incredible technique that even they would have needed certain conditions to have pulled it off back in the Absolute Beginning Divine World when they were at their primes. There was no way they could pull it off or cast this technique in this Heaven and Earth with the presence of the Restrictions of Heaven and Earth.

If they tried to stop Xuan Yi by force, their consciousness embodiments would crumble instantly.

Hence, all they could do was watch Xuan Yi cast Spacetime Reversal to reform Jian Wushuang and Leng Ruxue’s souls.

Chapter 2286 Awaken Part 1

“Cast Spacetime Reversal to revive that little one?” The beautiful lady stared at Xuan Yi and said, “It looks like your consciousness incarnation cannot completely revive him. You can only revive his soul. I am curious: what are you trying to achieve?”

The three Masters of Holy Land could not guess the purpose behind Xuan Yi’s actions.

“Wait, in your current condition, it is not easy to cast Spacetime Reversal. After you cast it, your consciousness incarnation will disappear immediately. Even so, you still chose to revive this little one. Before this, you also opened a reincarnation passage. Are you trying to send this little one’s soul into Samsara?” The bald man turned pale.

“Send him into Samsara?” The beautiful lady and the woman in crimson clothes were stunned.

“Indeed, you are the smartest among the few Masters of the Holy Land.” Xuan Yi smiled coldly before he fell silent. He continued after a few moments, “I have to thank all three of you. If the three of you had not paid a hefty price to open the passageway, it would not have been possible for this reincarnation passage to appear as well.”

Xuan Yi spoke the truth.

The reason why the reincarnation passage was able to appear was all thanks to the three Masters of the Holy Land.

“You planned all of this from the start. You even planned for us to open the passageway so that you could open the reincarnation passage? Why are you doing this?” the beautiful lady said as she shook her head. She clenched her teeth tightly as she was utterly surprised.

“Even though that little one is talented, what exactly is it about him that would make you be willing to pay such a hefty price and plan over all these aeons just to send him into Samsara?”

The beautiful lady and the other two Masters of the Holy Land were confused.

What was the point of sending an expert in the Chaotic Realm into Samsara?

Was he hoping that this little one could become one of the strongest men in the Absolute Beginning Divine World, or even save this Heaven and Earth?

Was that possible?

“Haha. You guys will never guess.” Xuan Yi smiled and did not elaborate at all.

“Humph. We do not need to guess what you are planning. However, I know that no matter what you want to do, the three of us will give our all to stop you. You want to send him into Samsara? We will stop him outside of the Reincarnation Passage and destroy his soul once again. I want to see if you can still cast Spacetime Reversal again in that condition!” the beautiful lady said coldly.

“Do you think the three of you can stop me?” Xuan Yi said coldly in a condescending tone.

“We shall see,” the bald man spoke.

The three Masters of the Holy Land were prepared to stop Xuan Yi.

Even though they were mere consciousness embodiments, Xuan Yi had it worse. He was only a consciousness incarnation. He should not have had any fighting power at all. Only Emperor Thirteen was near the same power level as them. It was almost impossible for him to send Jian Wushuang’s soul into the incarnation passage.

When Xuan Yi saw this, he fell silent. He then shook his head, "it is useless. You underestimated me. I have been planning for this date for aeons. How can I not have a perfect plan thought out?"

The three Masters of the Holy Land turned pale.

All of a sudden, Xuan Yi looked up and said with a majestic voice, "People of the Seven Star Black Sect, awaken!"

This majestic voice was not very loud. However, it fused into the restrictive formation within this Heaven and Earth.

His voice could be heard across the entire Eternal Chaotic World.

It was strange as the ordinary people and countless cultivators who were considerably weak could not hear this voice at all.

Even the extremely powerful people like great emperors or almighties who were close to the realm of great emperors could barely hear it.

His voice was transmitted to every single corner of the Eternal Chaotic World, including Ancient Mystery Land and the respective ancient battlefields.

Instantly, the ancient battlefields started to shake.

The most important battles of the Great Battle of the Ancient Past had taken place around the ancient battlefield around the Green Fire World.

Ever since this ancient battlefield had been found, many almighties began to go there and explore all year round.

After all these years, countless opportunities and treasures had been found.

However, no one had found the true secrets hiding beneath this ancient battlefield.

At the centre of the battlefield was a unique place. It was a gigantic volcano.

This volcano stretched across numerous mountains. At the centre of the battlefield, there was a sea of fire.

The flames within this sea of fire were extremely terrifying. Many almighties ventured there and wanted to go deeper into the sea of fire to explore.

However, they could only step foot into the outermost area of his sea of fire before they would be forced out.

They had no way in. The outermost flame could easily burn any expert in the chaotic realm into ash. Even great emperors could not take the heat.

After all these years, no one knew what was inside the sea of fire.

No one dared or had the ability to explore.

Just then...

“People of the Seven Star Black Sect, awaken!”

The majestic voice was heard there through the restrictive formation.

Instantly, the sea of fire that lit up the mountains started to weaken at an incredible speed.

The sea of fire started to weaken and disappear. All that was left was the earth, glowing amber.

At the centre of this place, the centre of the sea of fire, stood a figure three meters tall.

He was wearing crimson armour. His helmet, boots, and even his skin were crimson red.

He radiated no aura at all. It was as though this three-meter-tall figure was like a battle puppet.

Suddenly, he opened his eyes. The moment his eyes opened, a blazing flame was lit and started to burn within his eyes. It was as though he could burn everything with a single thought.

This crimson red figure raised his head and looked into the sky above.

There, Heaven and Earth stirred as a huge Space Tunnel was formed.

The crimson red figure took a step and disappeared instantly inside the tunnel.

Chapter 2287 Awaken Part 2

Ever since the first era, countless experts had ventured into the Ancient Mystery Land. Over time, most of the opportunities and treasures had been found.

After the ancient battlefield around the Green Fire World was found, most of the experts chose to go there to explore. The Ancient Mystery Land had started to become quiet.

At a humble corner within the Ancient Mystery Land was a barren hill.

This hill was extremely large. However, there was no life on this hill at all. It was a completely barren hill.

Over the years, many experts had passed it, but they had never noticed it.

Even though there were some who had noticed it stayed and searched the place, nothing was ever found.

It was a completely normal, barren hill.

That is, until Xuan Yi's voice was heard there through the restrictive formation. The barren hill started to change.

Large amounts of rocks collapsed rapidly. It was as though the barren hill was stripped of its outer clothes before its true features were seen.

It was not a hill, it was a human!

A giant who was incredibly big.

The giant sat there cross-legged. The hill had been formed because he had not moved for trillions of years.

At the next instant, the giant opened his eyes. His irises radiated fierceness, just like those of a savage beast.

He then stood up and used his hands to tear the air above him. Under his force, Heaven and Earth was torn apart as a giant Space Tunnel big enough to fit him inside appeared.

The giant entered the space tunnel without any hesitation.

...

Eighth Lair!

At the bottom of a river found within the Dark Region, there was a hidden stand-alone space.

The giant Crystal Palace stood quietly above the back of Long Qi. A giant coffin floated at the centre of the Crystal Palace.

A man lay peacefully within the coffin.

This man with black hair was over five meters tall. He wore a long golden cloak.

He had a gentle look. He was so handsome that he seemed bewitching.

“People of the Seven Star Black Sect, awaken!”

Xuan Yi’s majestic voice was heard.

At that instant, the handsome man sleeping peacefully within the coffin opened his eyes.

He had deep, shiny eyes. They looked like sparkling gems.

Crack~~ Crack~~

Cracks started to form on his coffin before it finally crumbled.

The beautiful man landed on the ground softly.

Whoosh!

A figure appeared so fast he seemed to have teleported. He appeared beside the handsome man. This figure was a strange old man who had a long, golden tail.

This old man was Long Qi.

At this moment, his eyes were burning with excitement and fanaticism as he looked at the beautiful man with black hair.

“Master, you are finally awake!” Long Qi said, trembling.

“Yes.” The handsome man with black hair nodded his head before he commanded, “Long Qi, follow me.”

The handsome man waved as a gigantic space tunnel appeared. The handsome man and Long Qi disappeared into the tunnel.

Similar events were happening throughout the Eternal Chaotic World, one after another.

Heaven's Horizon, in front of the passageway and the Reincarnation Passage. Xuan Yi stood there calmly, holding two souls in his hands.

Even when he was standing against three Masters of the Holy Land, Xuan Yi was calm and composed. He seemed absolutely confident.

The three Masters of the Holy land knitted their eyebrows tightly.

They knew that Xuan Yi has always been unpredictable. He had been this way back when he was alive, and even as a consciousness incarnation after death.

Right when everyone was wondering what would happen...

Boom!!!

A giant crack appeared in Heaven and Earth. A crimson figure stepped out from within the crack.

He wore crimson red armour, helmet and boots. Even his skin was crimson red.

The moment he appeared, an unprecedented wave of scorching heat swept out in all directions and shrouded the entire battlefield.

All experts present felt as though they were in the middle of a sea of fire. It was not any ordinary sea of fire.

To them, the three-meter-tall man in crimson armor was not a cultivator, but a flame that could burn everything in this world.

When he appeared, he drew the attention of every single expert there.

"That man..."

Bing Shan, who was standing behind the Masters of the Holy Land, was shocked.

"It's him! One of the Seven Stars of the Seven Star Black Sect, Fire God Zhu Yuan!" Bing Shan roared in a low voice.

"One of the Seven Stars?" The three Masters of the Holy Land frowned.

When the Seven Star Black Sect had been around, the Seven Stars had been seven top-tier experts who were all extremely well known throughout the Absolute Beginning Divine World.

The most powerful of them all was Emperor Thirteen, who could go even against Masters of the Holy Land.

Even though the other six were not as powerful as Emperor Thirteen, they were of similar power levels.

In this Heaven and Earth, under the powerful Restrictions of Heaven and Earth, an expert with the fighting power of that of one of the Seven Stars was still a threat to the Three Masters of the Holy Land.

To make matters worse, the appearance of Fire God Zhu Yuan was only the beginning.

The space was soon torn apart again. A giant who was hundreds of feet tall walked out of the torn spacetime.

This giant was extremely fierce, just like a savage beast.

“Xiong Jue, one of the Seven Stars!” Bing Shan cried out once again.

The space was repeatedly torn apart and figures walked out of their own space tunnels.

Within moments, eight people appeared on the battlefield.

These eight people each radiated an overbearing aura.

“Oh my! Out of the most well-known Seven Stars from the Seven Star Black Sect, three of them have appeared. Including the most powerful Emperor Thirteen, a total of four of them are gathering here?”

“The remaining five are Divine Punisher Elders from the Seven Star Black Sect!”

Many of the experts from the ancient past trembled in fear.

Even the three Masters of the Holy Land looked grim.

They know exactly how powerful the Seven Stars from the Seven Star Black Sect were. They were only inferior to an expert in the realm of Master of the Holy Land.

As for Divine Punisher Elders... Back in its prime, the Seven Star Black Sect had had a Divine Punishment Palace.

Within the Divine Punishment Palace, there had been a total of ten Divine Punishment Elders. All of these Divine Punishment Elders were top tier experts. Even though they were weaker than the Seven Stars, their fighting power was not too far off. One Star Man was one of the Divine Punishment Elders.

During the Battle of the Ancient Past, no matter if it was the Seven Stars or these Divine Punishment Elders, they were the most powerful people from the Seven Star Black Sect.

Now, eight of the most powerful people from the Seven Star Black Sect had gathered!

Chapter 2288 Help Me

“Are these the only people from the Seven Star Black Sect who managed to awaken?” Emperor Thirteen looked at the eight people indifferently. Too many experts died during the Great Battle of the Ancient Past. Even Divine Punishment Elders and the Seven Stars.

Not many people survived. All of these experts went into slumber over the aeons. Many died in their sleep, while others found it difficult to awaken. There were only a few people who heard Xuan Yi, awakened and rushed over.

“There is one more. He should be here soon,” Xuan Yi said.

As he finished speaking, another gigantic crack appeared in the dark space in front of him.

The crack in spacetime was much bigger than the eight before it. The power was even more terrifying.

Under the gaze of all of the experts present, a gigantic thing appeared from the crack.

It was trillions of feet long and its body was covered in golden scales. It had a gigantic dragon head.

Dragon Turtle, it was a gigantic Golden Dragon Turtle!

If Jian Wushuang was there, he would definitely have recognized it. This Golden Dragon Turtle that was trillions of feet long was Long Qi, who he had met in the Eighth Lair!

While everyone was amazed about its size when Long Qi appeared on this battlefield, they also noticed a handsome man who was stood on Long Qi's back.

When the Divine Punishment Elders saw the man, their faces were painted with respect.

As for the three Masters of the Holy Land and Bing Shan, they were in disbelief.

"Xuan Yan!"

The three Masters of the Holy Land stared right at the man who had just appeared solemnly.

"Divine Punishment Palace Master, it is the Divine Punishment Palace Master from the Seven Star Black Sect!"

"Oh my god! It's him?"

"This is a real Master of the Holy Land. Reportedly, he is of equal standing with the Seven Star Sect Master. He is alive?"

The experts from the ancient past trembled in fear when they recognized the handsome man.

The Seven Star Black Sect was the most powerful overlord in the Absolute Beginning Divine World. Even the Three Big Holy Lands could not match him.

There were numerous top-tier experts within the Seven Star Black Sect.

Anyone part of the Seven Stars or the Divine Punishment Palace could run amok within the Absolute Beginning Divine World without worry.

They had two Masters of the Holy Land.

The first man was the Sect Master of the Seven Star Black Sect. He was an incredibly old and powerful man.

The second was the Palace Master of the Divine Punishment Palace, Xuan Yan!

These two were in the realm of Master of the Holy Land. There were people like Emperor Thirteen who had the fighting power of a Master of the Holy Land, but his realm was not there yet.

As for Xuan Yi, he was a special case.

He was so special and unique that no one knew what realm he was truly in.

No one knew if he was part of the Seven Star Black Sect.

Back in the ancient past, when the Seven Star Black Sect had been at its prime, Divine Punishment Palace Master Xuan Yan had been there!

Now Xuan Yan had awakened and stood before everyone on top of the Golden Dragon Turtle.

Many people held their breaths.

“Greetings, Palace Master!”

“Greetings, Divine Punishment Palace Master!”

The experts from the Seven Star Black Sect who were present, such as the Divine Punishment Elders and the experts who were part of the Seven Stars, greeted him.

Even the leader of the Seven Stars, Emperor Thirteen, greeted him with respect.

The beautiful man who stood on top of the Golden Dragon Turtle looked down and scanned the crowd. His eyes looked as though they contained trillions of stars.

He nodded his head at the Divine Punishment Elders and the Seven Stars. Soon, he locked his vision on one man.

The man who he locked his vision onto was Xuan Yi!

“Xuan Yi!!!”

The handsome man with black hair looked at Xuan Yi codly, rage burning in his eyes.

Anger!

Xuan Yan was extremely furious.

Xuan Yi was the reason why he was so furious!

“Xuan Yan, it has been a long time.” Xuan Yi smiled lightly and gently. The overbearing aura Xuan Yi had had was gone.

It was the same gentleness he had when he spoke to Jian Wushuang.

“You dare to appear in front of me? You have the guts to awaken me?” Xuan Yan clenched his fists. It was as though he was about to explode in rage.

The experts present felt odd when they saw this scene.

They were curious: wasn’t Xuan Yi part of the Seven Star Black Sect? Then why did the Divine Punishment Palace Master Xuan Yan look like he hated him so much and seem as though he was about to kill him?

Shouldn’t they be on the same side?

The three Masters of the Holy Land watched everything unfold coldly.

The three Masters of the Holy Land knew the reason behind the great battle. They understood why Xuan Yan would be enraged and seem to hate Xuan Yi so much when he saw him

“Xuan Yan, I know you still blame me for that great battle. You created the Seven Star Black Sect with Xuan Yu over many aeons and through great effort. You made this sect become the overlord of the

Absolute Beginning Divine World. However, the Seven Star Black Sect took an unprecedented and disastrous hit because of me.”

“I understand that you are angry. However, no matter how much you hate me or complain about me, it has already happened. I am trying to fix everything. Hence...”

He stopped before he looked into Xuan Yan’s eyes and said, “The reason why I woke you from your sleep is because I need the help of you and every other expert here to send this little one into Samsara!”

“Please help me!”

Xuan Yi then bowed down to Xuan Yan and the experts from the Seven Star Black Sect.

After he bowed down, he remained in that posture.

In front of Xuan Yi, Xuan Yan and the other eight top tier experts from the Seven Star Black Sect knitted their eyebrows tightly and fell silent.

They knew who Xuan Yi was and how incredible his techniques and fighting powers were.

Without a doubt, he was an extraordinary expert.

He could battle the Heavens, the Earth and all sentient beings. He had never bowed down to or begged anyone before.

Today, however, he had bowed down to them in front of numerous experts from the ancient past and requested their help.

They have never thought that Xuan Yi could put down his pride.

Even Xuan Yan was caught by surprise.

Chapter 2289 Escort to Samsara

The earth fell quiet.

Dead quiet.

The pinnacle experts of the Seven Star Black Sect were all looking at Xuan Yan on the golden Dragon Turtle.

Xuan Yan pondered for a long time before finally saying, “Xuan Yi, I’ll trust you one last time.”

“Thank you.” Xuan Yi heaved a sigh of relief, and slowly stood up.

Xuan Yan on the golden Dragon Turtle shifted his gaze towards the three Masters of Holy Land.

“You three can scram now!” Xuan Yan’s cold cry reverberated across the lands.

“Insolence!” The two-metre tall beauty, the white-robed bald man, and the crimson-robed woman were instantly furious.

Scram?

Simple words were enough to display how much he looked down on them.

When had the three Masters of Holy Land ever been looked down upon?

“Xuan Yan, you think things are still the same?” the white-robed bald man asked coldly.

“You were stronger than us in the beginning, but not by a lot. So many years have passed since, and you were only sleeping, whereas the three of us have improved immensely. Under these conditions, you dare ask us to scram?” the crimson-robed woman said as well.

“If you all don’t scram, I’ll simply destroy the consciousness embodiment of yours.” Xuan Yan was determined. “Long Qi, let’s go!”

An angry roar was made by the Golden Dragon Turtle. Long Qi was only but a mount under Xuan Yan, his power was enough to go against a Divine Punisher Elder.

Its large body pounced with great might towards the three Masters of Holy Land.

The elite experts of the Seven Star Black Sect followed right behind Xuan Yan.

“Go as well,” Xuan Yi said.

“Understood,” Emperor Thirteen and One-Star Man nodded.

The two of them moved out at once.

War broke out.

The three Masters of Holy Land looked unsightly upon realising what was coming for them.

They may have been highly reputable Masters of Holy Land, but they were going against the Seven Star Black Sect experts, two of them with Master of Holy Land fighting powers, the rest close to that.

If it had been at their pinnacle period, they would not have feared them at all, but under the restrictions, they were still stronger, but not by much.

Their fighting power had decreased immensely.

Hong!

Hong!

Hong!

An earth-shattering force exploded upon impact from both sides, leaving the Eternal Chaotic World Great Emperors dumbfounded.

To those Great Emperors, the Chaotic Divine Demon Ancient Era experts were already extremely terrifying, but now they were nothing against those elite experts.

Upon contact, the three Masters of Holy Land were immediately put at a disadvantage and suppressed.

Under those circumstances, Xuan Yi made his move.

He gradually stepped out towards the reincarnation passage.

The Master of Holy Land trio sensed Xuan Yi making his move, but had no way to intervene with the Seven Star Black Sect experts in the way.

There was no way they could get help from Absolute Beginning Divine World experts either.

They had already paid too high a price for their consciousness embodiments to come down. If they sent experts over, they would have to sacrifice their own lives.

That obviously would not happen.

They could stare at Xuan Yi approaching the reincarnation passage.

Xuan Yi opened his palm and revealed two intact souls floating, but neither awakened.

Xuan Yi stared at Jian Wushuang's soul peacefully and stretched out his index finger, allowing for boundless information to enter Jian Wushuang's soul.

Xuan Yi smiled and tossed his hand out.

"Go, little guy!"

With Xuan Yi's guidance, Jian Wushuang's soul made its way towards the reincarnation passage and disappeared.

He threw the Mountain River Map and Blood Mountain Sword along as well.

Afterwards, Xuan Yi looked at Leng Rushuang's soul.

"Might as well send the other. I hope you both can find each other on the other side," Xuan Yi said as he tossed Leng Rushuang's soul into the reincarnation passage as well.

In the blink of an eye, both souls entered the reincarnation passage.

Xuan Yi finally revealed a relieved smile.

The reincarnation passage began to slowly dissipate.

Within a moment, the large reincarnation passage had disappeared as well.

"Did we do it?" Emperor Thirteen, One-Star Man and the others were overjoyed.

The Master of Holy Land trio's faces, on the other hand, turned extremely ugly.

"We let him succeed. What was the reason behind Xuan Yi doing all of this, sacrificing so much just to send him into the tunnel?" the two-metre tall beauty asked.

"Who knows, but the kid has secrets. It's a pity we did not block it," the white-robed bald man said.

"Forget it, there is no point staying here anymore, let's go," the crimson-robed woman said.

The Master of Holy Land trio reached an agreement.

Without hesitation, the three consciousness embodiments went straight for the link passage and left.

Xuan Yan, Emperor Thirteen and the rest did not stop Bing Shan, Leng Ruxue and the others from leaving either.

As the Ancient Era experts left, the link passage disappeared.

The peace at Heaven's Horizon was restored.

In the dark Void in front of the Heaven's Horizon, the Seven Star Black Sect experts gathered in front of Xuan Yi.

Xuan Yi's figure was gradually turning transparent.

"After so many years, your will is finally collapsing?" Emperor Thirteen asked Xuan Yi calmly.

Xuan Yi smiled.

He knew his condition.

He had died a long time ago, back at that Ancient battlefield. Only his willpower was left.

His willpower had survived for so many years, and after completing his purpose, he was now finally collapsing.

The super-existence that had stirred heavens and multiple worlds was about to meet its end!

...

Chapter 2290 Legend

"Xuan Yi!"

The black-haired man on the golden Dragon Turtle looked at Xuan Yi with mixed feelings.

Indeed, Xuan Yan hated Xuan Yi to the core.

Seven Star Black Sect had met its doom mainly due to Xuan Yi.

But at the same time, they were best friends, blood-forged brothers!

Xuan Yan's heart felt heavy at the sight of Xuan Yi's willpower collapsing.

"I have no regrets after sending that lad into the reincarnation passage." Xuan Yi smiled with no regard to his own thinning body. "I've made all the preparations. All that's left is for the boy to understand it, it's time for me to leave," Xuan Yi said as he looked at Xuan Yan.

"Xuan Yan, my brother, goodbye."

Xuan Yi finally disappeared without a trace.

The heaven-shaking super-existence was finally gone!

Xuan Yan was heavy at heart and said nothing as Xuan Yi gradually disappeared. After some time, he heaved a long sigh.

"Forget it, he's gone, no reason to hold any more grudges. Xuan Yi, so long."

After sighing, Xuan Yan tore through space and left.

The other Seven Star Black Sect experts all sighed.

Soon the Seven Star Black Sect experts, such as Emperor Thirteen and One-Star Man, left.

The restrictions on the earth were too great that if they stayed for any longer, the environment would have a detrimental impact on their health. Now that Xuan Yi's plan had succeeded, they would continue to sleep.

They would all spend their remaining time in slumber, Emperor Thirteen included.

In a moment, the experts at Heaven's Horizon all left, all except for the Eternal Chaotic World experts headed by Emperor Bai.

Emperor Bai, Abysmal Saint Master, and many more fell quiet.

After some time, Ancestor Tian Chen asked, "Is it over?"

"Yes, it is. Those that desired to return have done so, those who did not have gone back to sleep. The Eternal Chaotic World will not see any Ancient Era experts for a long time. Peace is finally restored."

The Great Emperors around looked at each other but were not happy at all.

Peace had indeed been restored at Eternal Chaotic World, but after the battle, the Great Emperors were full of awe and longing for the Absolute Beginning Divine World instead.

Unfortunately, that would not be possible now.

They lived in a restricted land that protected them from Absolute Beginning Divine World experts.

But similarly, they could never leave.

"Sword Emperor should have survived right?" Abysmal Saint Master frowned.

"He did," Emperor Bai nodded. "He had died, but his master Xuan Yi took great efforts to revert spacetime and revived his soul, and sent it down the reincarnation tunnel. If I am not wrong, he sent him to the reincarnation tunnel towards Absolute Beginning Divine World!"

They had all guessed it.

Xuan Yi's intention was to use the tunnel to send Jian Wushuang to the Absolute Beginning Divine World.

But with the lands completely under the control of those Absolute Beginning Divine World experts, he could not rely on the link passage to send him towards the Absolute Beginning Divine World. He used all means to send him there via the reincarnation passage instead.

"Turning back time, and sending him into the reincarnation passage, how powerful was that man?"

"Is that what the Absolute Beginning Divine World experts can do?"

"Amazing."

“We may be Great Emperors of this earth, admired by many, but we are no more than frogs trapped in a well.”

“Our trapped vision will never let us see the vast lands of the Absolute Beginning Divine World. I wonder when we can go there.”

The Great Emperors all longed for the place.

But they could not go to it.

Unless the expert Xuan Yi revived and built another reincarnation passage for them, it was impossible.

“Listen up.”

Emperor Bai’s gaze turned solemn. “Nothing about today can be divulged to the outside world. Absolute Beginning Divine World must never be mentioned within the Eternal Chaotic World.”

The Great Emperors flinched but nodded.

They understood Emperor Bai’s purpose.

Absolute Beginning Divine World was too vast, even the Great Emperors had no chance to interact with it, much less the normal cultivators.

It was better to hide it and let the Eternal Chaotic World cultivators live in bliss and ignorance.

“As for Sword Emperor...” Emperor Bai paused, and said, “You can inform his parents and his close friends about what really happened to Sword Emperor, but publicly, Sword Emperor died during the battle between the Sanctuary Alliance and Ancient Era experts, understood?”

“Understood,” the Great Emperors nodded once again.

“Although the Sword Emperor is no longer here, his achievements and sacrifices for the Sanctuary Alliance and the Eternal Chaotic World can never be surpassed. No one will ever lay their hands on his hometown Green Fire World and Lineage of Stars. Anyone who does that will be the enemy of the Sanctuary Alliance, an enemy of me!” Emperor Bai’s voice was stern as he stared at those Great Emperors.

Those words were for the Great Emperors in front of him.

The Green Fire World and Lineage of Stars were powerful by themselves – no one would have dared touch it without the help of a Great Emperor. Emperor Bai had to deter the Great Emperors from thinking otherwise.

The Great Emperors looked at each other. They dared not think otherwise with Emperor Bai and Jian Wushuang’s remaining influence around.

“Let’s go.”

The Great Emperors soon left.

Word of the Sword Emperor collapsing spread like wildfire across the Eternal Chaotic World.

Countless cultivators sighed for the loss of such a genius, a legend.

Once one has collapsed, no matter how glorious his past was he would eventually be forgotten and become no more than a legend.

Sanctuary Alliance Great Emperors knew that he was not dead.

Perhaps one day Jian Wushuang would return.

But that would be many, many years later.
