

Swordsman 2661

Chapter 2671: Wu Xin

The strong wave of Heaven Ultimate God's divine power suppressed Jian Wushuang's body like a tsunami.

The burly man called Wu Xin's cold staring toward Jian Wushuang with both his eyes were like two rays of explosive lightning. "Are you sure you want to challenge me?"

"Definitely." Jian Wushuang smiled indifferently and seemed extremely at ease under Wu Xin's suppressive aura.

"How much would you like to bet?" Wu Xin asked.

"My bet just now with Leng Xing was already two hundred Divine Elixir Pills. You're a Heaven Ultimate God so your bet needs to be higher. Let's agree on five hundred Divine Elixir Pills," said Jian Wushuang.

"Alright, I agree." Wu Xin directly nodded. "We maintain the fight on laws and principles understanding while I'll take note to hold back my divine power. Let's begin."

Wu Xin did not waste time after he finished speaking with his extremely cold voice as his body started moving.

Hum!!

The same situation happened as a large number of apparitions appeared.

These Dragon Phoenix Pavilion Heavenly Prides came to the Sacred Palace because of the Space-time Beast as all of them had meditated on the Space-time Law.

It was without a doubt that Wu Xin had the highest understanding among them in Space-time Law.

The apparitions that concurrently appeared overwhelmingly blotted out the entire void and ground as Wu Xin had conjured 1,000 apparitions at that moment!!

1,000 apparitions were the limit for apparitions cultivation. Achieving this step meant that Wu Xin's Space-time Law understanding had reached the peak of the first stage with his next improvement being achieving the second stage—Space-time Strangulation.

Such a level of understanding was definitely extremely strong among Heaven Ultimate Gods. Many Peak Heaven Ultimate Gods were also unable to achieve the second stage Space-time Strangulation after all.

"You have quite a good understanding of Space-time Law." Jian Wushuang only smiled indifferently as 1,000 apparitions also appeared following a slight twitch of his body.

A large number of apparitions filled the entire battlefield as both of them were moving at high speeds and soon clashed head-to-head with each other.

Clank!

Loud clanking sounds of metal on metal could be heard as the people surrounding the battlefield immediately looked towards the sound's origin but only to see two strong divine powers fighting against each other before another loud humming sound could be heard at another void not far from that location.

An Earth Ultimate God Sacred Palace disciple could not control himself and ask, "C-can you guys see where their true bodies are at?"

"I can't. I can only see these apparitions while following the sounds."

"I can't see them too."

"They are moving too... Too fast!!"

"This is true speed. I've seen two Primary-level Heaven Ultimate Gods fighting and their speeds were also extremely surprising. However, there's a huge difference between them and these two."

"Even if hundreds of worked together, they'll only be easily killed by those two under such extreme speed if this was a real battle as Peak Earth Ultimate Gods' attacks won't be able to touch those two under such scary speed in addition to having so many apparitions."

The surrounding Sacred Palace disciples stood there in shock as they looked at Jian Wushuang and Wu Xin bumping into each other in the middle of the battlefield.

However, they only saw them fighting unstoppably with nobody capable of seeing clearly their true bodies' location.

Sounds of exclamation naturally could be heard expanding.

Even the three heavenly prides of Dragon Phoenix Pavilion were also making noises as they saw the course of events before their eyes.

Two figures were slowly walking over in the void far away from the battlefield.

"Brother Si Zhen, I'm sorry for troubling you this time." A black-robed elder with eagle-like eyes was smiling softly. "My Dragon Phoenix Pavilion disciples have met with some bottlenecks in their Space-time Law understanding and the Space-time Beast in your Sacred Palace is quite intriguing. They must be able to learn something after meditating for one month in front of the Space-time Beast in your Sacred Palace."

"Haha... It's no trouble at all. Brother Teng, there's no need to be so polite with me. You've paid a certain price after all." Palace Keeper Si Zhen was also smiling.

At this moment, continuous humming noises could be heard from the void in front of them.

"Hmmm?" The black-robed elder and Palace Keeper Si Zhen were both surprised.

"I specifically asked your disciples from the Dragon Phoenix Pavilion to take action and teach my Sacred Palace disciples a lesson. However, their interaction should have long finished as so much time passed. Why are they still fighting until now?" Palace Keeper Si Zhen was slightly surprised.

"Let's go over and have a look," said the black-robed elder with a smile.

The duo immediately increased their speed and soon arrived at the void outside the Space-time Palace only to notice the battle in front of them.

“Wu Xin actually took action?” The black-robed elder squinted his eyes when he saw the battlefield’s scene. “The person fighting with him is...a Peak Earth Ultimate God. However, his speed isn’t any weaker than Wu Xin and is equal with Wu Xin in this fight?”

The black-robed elder asked, “Palace Keeper Si Zhen, who’s this young guy?”

He had no idea that Palace Keeper Si Zhen was slightly stunned at that moment.

He definitely recognized the person fighting Wu Xin and it was none other than Jian Wushuang.

However, Jian Wushuang had been training in retreat as per his knowledge. When did he come out?

He knew slightly about Jian Wushuang’s strength.

He purposely requested those heavenly prides from the Dragon Phoenix Pavilion to teach the Sacred Palace disciples a lesson at that time so that his disciples would understand the limits of their abilities on top of wearing down their inner ignorance and create awareness that there were stronger people out there in the world.

However, he had not previously considered these Dragon Phoenix Pavilion disciples would end up fighting with Jian Wushuang.

Palace Keeper Si Zhen replied upon hearing the black-robed elder’s question, “This guy is Jian Yi and had just become one of the Sacred Palace’s disciples. He had been keeping a low profile ever since and had been training in seclusion. I wonder why he suddenly came out from his seclusion today and got involved in the fight against these Dragon Phoenix Pavilion’s people.”

The black-robed elder praised, “Jian Yi? This youth is quite good. Although he’s just a Peak Earth Ultimate God, his Space-time Law understanding has reached the first stage’s peak. He’s as good as Wu Xin on top of being so brilliant in swordsmanship.”

“Brother Si Zhen, who would have expected you to have such a strong genius in your Sacred Palace?”

Palace Keeper Si Zhen could only embarrassingly smile.

“He has a high understanding of Space-time Law but is sadly only a Peak Earth Ultimate God. There’s still a slight difference between him and Wu Xin.” The black-robed elder smiled indifferently. “Look, Wu Xin is starting to take things seriously.”

Palace Keeper Si Zhen immediately looked over.

Sure enough, the duo who were fighting furiously on the battlefield distanced themselves from each other before Wu Xin took out a smaller and thinner golden-purple staff apart from the dark-gold staff he initially held in his hand. This golden-purple staff had a very unique aura that was surrounded by a surging Space-time Law power.

Chapter 2672: Another Bet?

“That’s the... Evolving Sky Godly Staff?” Palace Keeper Si Zhen squinted his eyes as he recognized the staff.

There were all sorts of mystical weapons that suited various laws in the Ancient God Domain. The Hongjun Golden Sword that Jian Wushuang once controlled was a weapon suitable to be used with Space-time Law.

The Evolving Sky Godly Staff Wu Xin presented at this moment was also suitable for Space-time Law and was as well-known as the Hongjun Golden Sword.

The Evolving Sky Godly Staff immediately changed into a ray of golden-purple light under Wu Xin’s control as it travelled through the void toward Jian Wushuang.

That ray of golden-purple light travelled extremely fast, but the most crucial point was its equally strong power.

Jian Wushuang waved his Blood Mountain Sword and collided with the golden-purple light twice which forced his body to move slightly backwards after the collision.

“You are losing!” Wu Xin said with his cold voice as he stared at Jian Wushuang.

He admitted that Jian Wushuang’s laws perception was much stronger than himself. However, it was still within the manageable range.

Hum!

The golden-purple ray once again attacked Jian Wushuang with even more power than before.

“This is interesting.” Jian Wushuang smiled indifferently before also waving his hand.

A total of nine black-coloured Infernal Crimson Divine Swords appeared at the void in front of him and quietly floated.

“Go.” Those nine Infernal Crimson Divine Swords turned into nine huge black holes upon Jian Wushuang’s finger-pointing before shockingly attacking the golden-purple ray. They met the golden-purple ray head-on within the blink of an eye and caused loud booming sounds.

Clank! Clank! Clank! Clank!

Several muffled clunking noises were heard. Although the nine Infernal Crimson Divine Swords had the number advantage, it was still repeatedly sent flying over by the golden-purple ray upon knocking into each other.

“It’s useless. Although your nine divine swords are quite powerful, their strength is too dispersed and not fast enough. Although I only have one Yantian Godly Staff, it’s enough to entirely crush you,” Wu Xin said.

“Really?” A playful smile appeared on Jian Wushuang’s face before he pointed his right hand again.

“Swords, combine!”

Hum!!

The black holes formed from the nine Infernal Crimson Divine Swords immediately overlapped each other as a vast Reincarnation Passage appeared out of nowhere. At the end of the Reincarnation Passage, a black divine sword covered in infinite Samsara Strength abruptly travelled outward.

This black divine sword had a sky-high aura and was extremely fast. It once again knocked into the golden-purple ray of light in the blink of an eye.

Clank!

It resulted in another huge explosive noise. However, the golden-purple light on the Evolving Sky Godly Staff had immediately turned dull upon that collision. The golden-purple light ray abruptly flew outward due to the collision while the black divine sword once again travelled outward as though it was unaffected.

Clank! Clank!

After another two head-on collisions, the light on the Evolving Sky Godly Staff was almost gone as its power was reduced to almost nothing.

“How’s this possible?” Wu Xin was shocked.

He had no idea that despite his Evolving Sky Godly Staff being strong, it was just a standard weapon generally found in the Ancient God Domain.

However, the extremely strong Transmigration Sword Formation shown by Jian Wushuang was created by Sword Lord Tong Xin. In addition, Jian Wushuang had an extremely high Transmigration Law understanding of having already reached the peak of the first stage and was not lower than Wu Xin’s Space-time Law understanding.

Both were law understanding where the Space-time Law was faster but its power fell short when being compared with Transmigration Law.

The most important point was Jian Wushuang’s Transmigration Sword Formation mastery being higher with frequent usage than Wu Xin’s Evolving Sky Godly Staff mastery.

It was natural for Jian Wushuang’s Transmigration Sword Formation to easily crush Wu Xin’s Evolving Sky Godly Staff with the combination of all those three points.

“Time for you to lose.” Jian Wushuang smiled indifferently before the black divine sword formed from the Transmigration Sword Formation once again exploded outward and directly hit Wu Xin’s divine body this time.

Jian Wushuang naturally did not use any strength as the black divine sword did not even break Wu Xin’s divine body defence.

However, the results of this battle had been decided upon arriving at this point.

“He... He’s lost?”

“Senior Brother Wu Xin lost?” The three Dragon Phoenix Pavilion disciples stood there in disbelief.

Wu Xin was one of the publicly recognized top geniuses in the Dragon Phoenix Pavilion after all. His talents were sufficient for him to be in the top ten among all those Dragon Phoenix Pavilion geniuses. In addition, his realm was one level higher than Jian Wushuang. How could Wu Xin still lose under such circumstances when both parties were competing in the understanding of laws and principles?

“Transmigration Sword Formation. What Jian Yi just used should be the Transmigration Sword Formation, right?” The black-robed elder stared at Jian Wushuang with electrified eyes.

“Yes.” Palace Keeper Si Zhen nodded as he also recognized it.

“Congratulations to you, Brother Si Zhen. It’s been some time since such a clever genius appeared in your Sacred Palace,” said the black-robed elder.

“I’m just lucky... Just lucky.” Palace Keeper Si Zhen could only laugh.

Wu Xin gritted his teeth as he stared at Jian Wushuang somberly in the void in front of them.

“Transmigration Law... Who knew you’ll have such a high understanding of the Transmigration Law apart from your Space-time Law understanding that has reached the peak of the first stage. In addition, you have such a powerful sword formation. My loss in this battle isn’t an injustice.”

Wu Xin was not a narrow-minded person.

He admitted both his defeat and also his law understanding not being as good as Jian Wushuang even though Jian Wushuang’s cultivation realm was a whole level lower than himself.

“Here’s five hundred Divine Elixir Pills.” Wu Xin flipped his hand and gave Jian Wushuang an Interspatial Ring.

Jian Wushuang scanned the ring after receiving it as a calculative look flashed through his eyes.

He only received less than 200 Divine Elixir Pills. Although he made bets and won against the Ancient Witch and Leng Xing during the previous two battles, he only received 300 pieces of Divine Elixir Pills as the rest were replaced with precious items of the same value.

However, the five hundred Divine Elixir Pills he received from Wu Xin were ready-made Divine Elixir Pills as Wu Xin did not use any same-valued precious items to replace them. This made Jian Wushuang quite happy.

“Dragon Phoenix Pavilion disciples are really rich,” mumbled Jian Wushuang and suddenly rolled his eyes as an idea emerged from the bottom of his heart.

“Your name is Wu Xin, right?” Jian Wushuang once again looked towards Wu Xin.

“Yes.” Wu Xin nodded.

“You have an extremely high understanding of the law and are really talented. You must be one of the top geniuses in the Dragon Phoenix Pavilion. You must be unreconciled with your loss today as we did only competed on laws and principles understanding without showing any of our other skills after all. Why don’t we make another bet?” Jian Wushuang said with a smile.

“Another bet?” Wu Xin turned and stared at Jian Wushuang.

The people around them also looked at Jian Wushuang in astonishment.

Chapter 2673: All Out

Jian Wushuang had fought against three Dragon Phoenix Pavilion disciples in a row since the beginning of the gamble-fight and even won against his strongest opponent—Wu Xin.

‘He wants to fight again?’

“Jian Yi, I admit you’re a talented genius but don’t take it too far.” Wu Xin coldly eyed Jian Wushuang.

“Haha, let’s hear how we’ll go about this gamble-fight first,” suggested Jian Wushuang with a faint smile. “Though I’ve defeated you in the earlier fight, we were fighting based on the perception of laws and principles only while you didn’t even get the chance to display your true strength. Let’s change the rules this time where both of us can make our best effort without any scruples in this battle. You can fully display your divine power and various techniques. How about that?”

“Are you asking me to do my best?” Wu Xin’s eyes narrowed.

He had confidence in his status and abilities as Heaven Ultimate God after all. Although Jian Wushuang earlier defeated him, he had been maintaining his divine power at the Peak Earth Ultimate God level while not using his many methods and techniques—purely competing based on the perception of laws.

If he was able to go all out without restrictions...

“How many Divine Elixir Pills would you like to bet on in this battle?” Wu Xin asked.

“We bet on five hundred Divine Elixir Pills just now, so we have to do at least one thousand Divine Elixir Pills this time,” said Jian Wushuang in a deep voice before stretching out a finger.

1,000 Divine Elixir Pills... He actually wanted to bet more, but he was worried betting too many Divine Elixir Pills would scare Wu Xin off and made him reluctant to fight.

Wu Xin’s face sank slightly when he heard the 1,000 Divine Elixir Pills bet and said, “I can’t fork out a thousand Divine Elixir Pills.”

He was telling the truth as he had lost 500 Divine Elixir Pills which was all he had.

It was impossible for him to further take out 1,000 Divine Elixir Pills.

However...

“Wu Xin, go ahead and agree with him,” said a gentle voice.

The black-robed old man approached alongside Palace Keeper Si Zhen.

“Elder Teng.”

Wu Xin, Ancient Witch, and Leng Xing immediately made obeisance respectfully.

“Palace Keeper Si Zhen.” The many expert disciples of the Sacred Palace also made obeisance to the Palace Keeper Si Zhen.

"A thousand Divine Elixir Pills is nothing for the Dragon Phoenix Pavilion. You just have to do your best," said the black-robed old man.

"Yes," Wu Xin nodded and immediately looked at Jian Wushuang. "We're fine with a thousand Divine Elixir Pills. Let's fight."

"Sure, I'm ready." Jian Wushuang beckoned to Wu Xin.

Anger was brewing in Wu Xin's eyes as his unbridled Heavenly Ultimate God divine power finally erupted. His Evolving Sky Godly Staff which had gone dim after colliding several times with Jian Wushuang's Transmigration Sword Formation lit up once again with much stronger power and brightness than before.

Wu Xin's divine body also began to change at the same time.

He was originally the size of a normal human, but had very quickly grown and soared to nearly five yards tall while his skin and hair had completely turned purple such that even his pupils were dazzling in a strange purply luster.

An inexhaustible purply divine power surrounded him and he looked like a tall purple demon deity.

"This is one of Dragon Phoenix Pavilion's six secret techniques—Purple Blood Demon Deity. Based on Wu Xin's divine power breath, he has practiced it up to the secret technique's third volume. Amazing!" Palace Keeper Si Zhen was admiring the Purple Blood Demon Deity that Wu Xin formed.

Palace Keeper Si Zhen had seen some of Dragon Phoenix Pavilion's top-secret techniques.

An ordinary Primary-level Heaven Ultimate God was usually able to practice up to the second volume of the Purple Blood Demon Deity secret technique, but Wu Xin had made it to the third volume which only spoke volumes of his extraordinary talent.

"He was originally a Primary-level Heaven Ultimate God with a solid foundation and extremely powerful divine power. His combat prowess is comparable to a High-level Heaven Ultimate God. Now that he has turned into a Purple Blood Demon Deity which skyrocketed his overall strength on top of coupling with his perception of Space-time Law and Evolving Sky Godly Staff!" Palace Keeper Si Zhen said in a low voice.

Wu Xin was indeed emanating a powerful divine power at that instance which obviously exceeded the powers of a Primary-level Heaven Ultimate God.

Moreover, Wuxin had also fought against a High-level Heaven Ultimate God before. Although he was defeated in that battle, the fight that had carried on for a long time only further proved his fighting capabilities against High-level Heaven Ultimate Gods!

He was not shocked or frightened by the 1,000 Divine Elixir Pills that Jian Wushuang betted upon having such powerful strength as his backing.

"Jian Yi, you're so full of yourself!"

Wuxin's purple eyes were extremely cold as he stared at Jian Wushuang and spoke with a loud voice.

“Maybe.” Jian Wushuang merely smiled faintly with a calm expression.

“Humph!”

Wu Xin did not waste more time talking as he snorted and fiercely charged forward.

Buzz!

There were almost a thousand apparitions in action once again.

The five-yard-tall Purple Blood Demon Deity apparition flooded all corners of the battlefield while the Evolving Sky Godly Staff turned into a stream of purply golden fleeting light in the battlefield’s center with a long tail dragging its back whilst it fiercely launched at Jian Wushuang.

Wu Xin had previously only used the power of a Peak Earth Ultimate God to perform the same method.

The purple golden fleeting light’s penetrating power was several folds stronger than before after he used much stronger divine power to perform the same technique.

“Too strong, this power is way too strong!”

“I think such terrifying power is on par with a High-level Heaven Ultimate God’s power. How could Jian Yi parry off the attack?”

“He’ll lose for sure. Definitely.”

“I don’t even know why Jian Yi is so courageous. How dare Jian Yi challenge Wu Xin who is giving his all in the fight? He even bet a thousand Divine Elixir Pills.”

Many experts from the Sacred Palace who gathered around secretly marveled at Wu Xin’s skill.

All of them felt an irresistible power from the purply gold fleeting light Wu Xin displayed.

Its power was extremely strong.

However, Jian Wushuang merely smiled faintly when he looked at the densely packed Purple Blood Demon Deity apparitions before him and the purply gold fleeting light that came swooping down at him.

With a wave of his hand...

“Space-time Strangulation!”

Buzz! The world was shaken up.

A huge strangling force instantly exploded and engulfed the entire battlefield.

The vigorous strangling force violently strangled everything within its reach and instantly strangled the almost a thousand Purple Blood Demon Deity apparitions on the battlefield before all of them went poof and disappeared. The battlefield was finally left with Wu Xin who stood there in awe.

Jian Wushuang then made another move.

He did not use the Transmigration Sword Formation, but just very casually wielded his own Blood Mountain Sword without adding in any complicated sword techniques.

Nonetheless, the sword movement contained a part of divine power coming from Jian Wushuang and also two Space-time Blades!

Chapter 2674: Won!

Space-time Blade Technique was a secret technique that one could master after reaching the second stage Space-time Law. It was an extremely powerful technique.

Theoretically, a single Space-time Blade was enough to easily kill a Primary-level Heaven Ultimate God. Jian Wushuang made a breakthrough in his perception of Space-time Law and mastered his first Space-time Blade nine years ago. In the following nine years, he spent time cultivating the A Finger Pointing Heavenly Technique while also improving in his Space-time Law perception which somehow allowed him to display his second Space-time Blade during that period.

His ordinary sword movement became extremely terrifying when two Space-time Blades had been condensed in his sword.

Clang!

There was a loud noise and soon the purple-golden fleeting light that was madly charging forward immediately went dim such that even the Evolving Sky Godly Staff was thrown off.

Jian Wushuang then did a simple body jerk.

It was just a simple jerk without any apparition discharged but his figure teleported across and appeared next to Wu Xin.

“Why is it so fast?” Wu Xin looked astonished without even having time to react.

Jian Wushuang’s longsword struck.

Snap!

Wu Xin was sent flying away and the fight was over even though he was uninjured.

“Thank you.” Jian Wushuang withdrew his Blood Mountain Sword and smiled faintly.

Wu Xin on the other hand did not manage to react at all.

The people that were watching their fight were shocked and became speechless.

They were shocked when they saw Wu Xin’s real strength with thoughts that Wu Xin’s strength was too strong and Jian Wushuang probably had no chance of winning at all.

They were even more shocked when Wu Xin was defeated in the blink of an eye!

He was defeated too fast.

He was able to fight head-on with Jian Wushuang for a long time when he was relying on his laws perception and principles understanding. Why would he be defeated in such a jiffy when he did his best?

What could that possibly reflect?

“This Jian Yi...”

“A Peak Earth Ultimate God unexpectedly defeated a not ordinary Primary-level Heaven Ultimate God, but the pride of Dragon Phoenix Pavilion whose combat prowess was estimated to be comparable with High-level Heaven Ultimate Gods. That’s so unbelievable!”

“Jian Yi... Jian Yi, I feel like I’ve heard of this name before. Oh, I’ve recalled.” A Heaven Ultimate God expert from Sacred Palace suddenly exclaimed in horror. “It’s him. He’s the Northern Darkstar Territorial Lord, Jian Yi. He managed to resist attacks from three Primary-level Heaven Ultimate Gods while having the cultivation base of a Peak Earth Ultimate God decades ago who not only didn’t lose miserably but also made both Life and Death Tower and Divine Demon Sect offer a reward of hundred million Primordial Stones to capture him!”

“Yes, it’s him!”

There was an uproar from the battlefield following Jian Wushuang’s identity announcement by the Heaven Ultimate God.

The black-robed old man from the Dragon Phoenix Pavilion—Elder Teng was closely staring at Jian Wushuang from the surrounding void, dumbfounded. “It’s Space-time Blade. It turns out to be the Space-time Blade!”

“Jian Yi...” Palace Keeper Si Zhen also stared at Jian Wushuang in awe.

They were startled by the technique that Jian Wushuang displayed.

The Space-time Blade was a secret technique that one could master only after reaching the second stage Space-time Law.

Many Peak Heaven Ultimate Gods had never reached the Space-time Strangulation of the second stage Space-time Law, yet a Peak Earth Ultimate God such as Jian Yi managed to do it?

“He isn’t only well versed in Space-time Law, but he has also reached the second stage. His divine power also isn’t any weaker than an average Primary-level Heaven Ultimate God.” The black-robed old man’s expression looked cold. “This kid! His strength is far above Wu Xin, but was hiding his true potential from the beginning and gradually set his traps—allowing Wu Xin to fall victim in his plan to get a large number of Divine Elixir Pills from Wu Xin! What a cunning brat!”

Even the black-robed old man—Elder Teng who had reached the Grand Ultimate God level thought Jian Wushuang was cunning.

He had agreed with the 1,000 Divine Elixir Pills bet because he never thought Jian Wushuang could beat Wu Xin.

As a result, they fell into Jian Wushuang’s trap and were tricked into giving away so many Divine Elixir Pills.

“Although he’s cunning, it’s undeniable he’s indeed very powerful. It’s unbelievable that a Peak Earth Ultimate God like him can reach this level of strength. This kid is an exceptional genius and much better than most of the experts from our Dragon Phoenix Pavilion. I’m afraid only one person from our Dragon Phoenix Pavilion can be his match,” murmured the black-robed old man.

Jian Wushuang had already stretched out his palm in the void up front. "Now, hand over one thousand Divine Elixir Pills."

Wu Xin shuddered as he turned and searched for the black-robed old man's gaze.

The black-robed old man frowned and slowly walked up.

"Young man, are you Jian Yi?" The black-robed old man studied Jian Wushuang.

"Yes." Jian Wushuang nodded and behaved humbly around the Grand Ultimate God.

the black-robed old man asked, "You're indeed very powerful. Are you interested in joining my Dragon Phoenix Pavilion?"

Palace Keeper Si Zhen who was next to him grunted his dissatisfaction when he heard that. "Brother Teng, aren't you a bit too much? It's so hard to finally have such a genius in my Sacred Palace and you still want to take him away?"

"Haha, I just casually asked. Palace Keeper Si Zhen, don't be angry just yet. This young man here may not be willing." The black-robed old man smiled.

"I'm really not very interested in joining the Dragon Phoenix Pavilion, so I'd better stay in the Sacred Palace," replied Jian Wushuang conveniently.

The black-robed old man's face stiffened and could only smile awkwardly at the situation.

"Brother Teng, you'll have to give away the Divine Elixir Pills. A thousand Divine Elixir Pills are nothing but a drop of water in the bucket for the Dragon Phoenix Pavilion," said Palace Keeper Si Zhen.

"Of course." The black-robed old man smiled before taking out an Interspatial ring and handed it to Jian Wushuang. "Little guy, these are the one thousand Divine Elixir Pills you've just won. A thousand Divine Elixir Pills are nothing to the Dragon Phoenix Pavilion. Perhaps you can reconsider it carefully. You'll have everything you need if you join the Dragon Phoenix Pavilion. You can have as many resources as you need."

"Brother Teng." Palace Keeper Si Zhen's face sank and was getting a little annoyed.

"Haha, alright. Alright!" The black-robed old man waved his hand again.

The black-robed old man then led Wu Xin into the Space-time Palace whilst Jian Wushuang happily left upon receiving his Divine Elixir Pills.

At the Space-time Palace.

"Elder Teng, I'm useless. I'm sorry to have let you down." Wu Xin blamed himself.

"This matter isn't your fault and you're not useless. You met an extraordinary opponent. He's genuinely an exceptional genius and perhaps only one person in the entire Nine Realms of Golden Crow could defeat him," said the black-robed old man.

"You mean Junior Sister Leng?" Wu Xin was startled.

"It's her, but it's a pity your Junior Sister Leng is too talented. She's not someone my Dragon Phoenix Pavilion can house." The black robe old man secretly sighed.

Chapter 2675: Muddy the Waters

Jian Wushuang stood in the Sacred Palace's void with a mischievous smile on his face while holding an Interspatial Ring in his hand.

"I went to the Space-time Palace to see if I can gain something but didn't expect to meet those people from Dragon Phoenix Pavilion. They're so good that they send me so many Divine Elixir Pills."

Jian Wushuang had decided to challenge the Dragon Phoenix Pavilion disciples to a gamble-fight on a whim, but the outcome was clear.

What a joke! Although he was only a Peak Earth Ultimate God, his combat power was definitely at the Peak Heaven Ultimate God level. How can he possibly lose a gamble-fight with the Dragon Phoenix Pavilion disciples?

"Unfortunately, these one thousand eight hundred Divine Elixir Pills are still not enough to help me to make a breakthrough from a Peak Earth Ultimate God to Heaven Ultimate God," mumbled Jian Wushuang.

Jian Wushuang had absorbed and refined more than 1,200 Divine Elixir Pills to make a breakthrough from High-level Earth Ultimate God to Peak Earth Ultimate God. Besides that, he had also used the divine power he accumulated for decades. Therefore, he would need much more divine power to make a breakthrough from Peak Earth Ultimate God to Heaven Ultimate God.

The Divine Elixir Pills Jian Wushuang had accumulated were a far cry from enough as he estimated that he probably needed 5,000 to 6,000 Divine Elixir Pills.

"I won't be able to make a next-level breakthrough anyway, so I don't need to absorb and refine these Divine Elixir Pills in a hurry. Perhaps I can use it for some other purposes later."

Jian Wushuang kept the Interspatial Ring, but his gazes gradually became sharper.

"My strength should have reached the peak now. It's almost impossible to make any large progress in a short period, so it's useless for me to stay in the Sacred Palace. I should start my next plan."

Jian Wushuang left the Sacred Palace on the same day.

...

In a hidden secret chamber, Jian Wushuang had once again disguised himself as Su Han and used the black stone to cover up his real divine power breath in his body. He was originally only a Peak Earth Ultimate God but his divine power had already reached the High-level Heaven Ultimate God level.

He was carefully looking at a document with detailed information in his hand.

It was the information of various powerful sects in the Danyang Continent.

Danyang Continent was the core of the Danyang Holy Domain where experts gathered. The activities within Danyang Continent were complicated as there were countless sects, forces, and clans involved regardless of their size.

The top five forces are the Crimson Stone Fort, Nanwu Palace, Divine Demon Sect, Life and Death Tower, and the Dongfang Clan.

Jian Wushuang had seen information about the five forces before so he naturally did not need to read further.

He was looking at the information of the first-rate, second-rate, and even third-rate forces in the Danyang Continent.

Those forces must not be trifled with since they were able to occupy a place within Danyang Continent whereby Grand Ultimate Gods were respected, Heaven Ultimate Gods were plentiful, and Earth Ultimate Gods everywhere.

Take those first-rated forces as an example...

There were as many as twelve first-rated forces on the Danyang Continent and each of those forces had extraordinary strength. At the very least, they had at least two to three Grand Ultimate Gods and many experts under their leadership.

Anyone of those first-rated forces was not weaker than a small faction within Crimson Stone Fort.

The second-rated forces were able to secure a foothold within Danyang Continent from having Grand Ultimate Gods and a lot of Heaven Ultimate Gods with quite a few Peak Heaven Ultimate Gods—some as many as ten.

The third-rated forces were much weaker. The weaker ones generally had one or two Grand Ultimate Gods in charge and up to as many as twenty to thirty Heaven Ultimate Gods under their command.

Moving down below was the much weaker but larger number of third-rated forces. They could be destroyed very quickly.

‘There are five top forces and twelve first-rated forces with many second-rated and third-rated forces. The Danyang Continent has no less than a few hundreds of forces and sects if I add them all up together.’ Jian Wushuang pondered.

“The Danyang Continent is huge with matters looking good when the Crimson Stone Fort had absolute power during his tenure, but it’s now equivalent to a big pie that everyone is trying to get a share, yet all hell did not break loose? I guess it must be the five top forces that kept matters in check, right?”

Jian Wushuang had studied the situation in Danyang Continent for a long time.

The current Danyang Continent was indeed very peaceful. Contention between the forces was inevitable but fights between various forces to rake in profit were scarce.

The Danyang Continent managed to establish such a balance because of the top five forces’ deterrence effect.

Jian Wushuang planned to destroy the balance!

‘The reason Crimson Stone Fort is falling apart is due to their internal disputes being too chaotic with seven factions frantically competing within a single entity. I’ll be surprised if Crimson Stone Fort remained strong despite all that. The top four forces namely the Nanwu Palace, Divine Demon Sect, Life and Death Tower, and Dongfang Clan are all sitting back and relaxing while waiting to reap easy benefits. They are waiting for Crimson Stone Fort to wither away before striking and destroying the Crimson Stone Fort when the opportunity arises!’

Jian Wushuang smiled faintly. ‘They are currently living so comfortably. I can’t let these top forces stay at ease, keep accumulating their power, and get stronger if I want to help Yin Su’er. I’ll have to muddy the waters and make things chaotic for the entire Danyang Continent as Crimson Stone Fort cannot be the only force in chaos. The more chaotic the better.’

‘Only when the entire Danyang Continent is completely messed up will the four top forces—Nanwu Palace, Divine Demon Sect, Life and Death Tower, and Dongfang Clan be pressured. They have their attention divided which will relieve some stress off Yin Su’er.’

Jian Wushuang thought carefully.

He had to find ways to instigate competition between various forces to muddy the waters in Danyang Continent. He needed manpower and authority to do so as he could not do it alone.

In other words, he needed to be in control of a powerful force.

It was too late for him to build up step-by-step as he had to take shortcuts and exercise absolute strength to forcefully subdue one of those forces.

That was why he was carefully looking at the information of each force and sect—seeking a suitable target.

“The easy ones are those who aren’t influential. I can easily subdue one or two of those forces with my strength, but they usually have weak foundations and very few experts.”

Chapter 2676: Dragon Divine Sect

Many of those mediocre forces were randomly formed by a few Heaven Ultimate Gods. However, they did not have foundations or territory, hence Jian Wushuang felt it was pointless to bring those forces under his control. He would like to target the third-rated forces or above at the very least.

However, the third-rated forces in Danyang Continent were not weak either as any of them had one or two Grand Ultimate Gods in charge with a bunch of High-level and Primary-level Heaven Ultimate Gods under their command. It was not going to be easy for Jian Wushuang to work on them.

He had to comb through the forces’ information he had on hand in search of a suitable target.

A name popped up after some thorough research.

“Dragon Divine Gang?” Jian Wushuang narrowed his eyes.

Dragon Divine Gang...was obviously a gang from its name. There were a few like them in Danyang Continent.

However, the reason Jian Wushuang shortlisted the Dragon Divine Gang was not only because it was relatively weak among the many third-rated forces, but most importantly the only leader in the Dragon Divine Gang who reached the Peak Ultimate God level fought with someone not long ago and was beheaded on the spot by his opponent.

The Dragon Divine Gang was in a frenzy without a leader, hence it was a good time for Jian Wushuang to step in and gain control.

"The Dragon Divine Gang's foundation isn't weak and at least has occupied a city in Danyang Continent," murmured Jian Wushuang—quite satisfied with the Dragon Divine Gang.

They had a foundation and base. Although they were very weak, they seemed to have the complete package with also a substantial amount of Heaven Ultimate Gods in Dragon Divine Gang.

"Let's go and check it out."

Jian Wushuang put away the information and headed toward the city occupied by the Dragon Divine Gang.

The city was called Dragon City.

The Dragon Divine Gang's lair was in the center of Dragon City.

A huge black castle made of blood gems could be seen with its surface covered with various unusual beast patterns. There was also a black dragon sculpture kept in the castle's middle while circling it with its head slightly raised just above the black castle.

The facade made the black castle look quite majestic.

"This place looks quite imposing."

Jian Wushuang stood above the void and looked down at the black castle below before taking action and went straight into the castle without bothering the castle guards.

At that instance, nearly thirty figures were gathered in a magnificent hall in the deepest part of the black castle.

Those figures were emanating a tyrannical divine power breath at the level of Heaven Ultimate God.

Most of them were Primary-level Heaven Ultimate Gods with five High-level Heaven Ultimate Gods among the group of thirty.

That was the entire Dragon Divine Gang Heaven Ultimate Gods level's strength.

They used to have a leader at the Peak Heaven Ultimate God but unfortunately was beheaded not long ago.

"Everyone."

A graceful red-clothed woman stood up and glanced at the people around her before slowly saying, "We're three days away from the one-month deadline given to us by the Purple Beast Alliance. I'm uncertain if all of you have thought about it. Are we going to fight or surrender?"

The expressions of the many Heaven Ultimate Gods present turned a bit ugly when they heard the woman.

"Let's just surrender." A purple-haired middle-aged man—one of the five High-level Heaven Ultimate Gods present—stood up. "Our current strength isn't a match for the Purple Beast Alliance ever since our Sect Master was killed. The Purple Beast Alliance Master alone is enough to slaughter all of us. We won't end well if we're still stubborn under such circumstances."

"Yes, the Purple Beast Alliance Master could have wiped us all out, but choose not to. He instead gave us a month to consider. I think he's already really good to us. We're just being ignorant if we don't surrender."

"Let's just surrender. Our current strength will not be able to resist the attack from the Purple Beast Alliance. We'll all die if the battle continues."

"I also agree that we should surrender."

Many people immediately agreed with the purple-haired middle-aged man.

The Dragon Divine Gang was in a dire situation and thought their best option was to surrender.

However...

"Humph!"

A cold grunt sounded without warning came from a bald old man called Long Shan who was and had always been the recently deceased Dragon Divine Gang Master's most loyal servant.

"A bunch of useless scum." Long Shan stood up and cursed.

"Long Shan, what did you say?" The purple-haired middle-aged man's face turned sullen.

Both of them were High-level Heaven Ultimate Gods. The purple-haired middle-aged man might watch out how he behaved around Long Shan when the Sect Master was still alive. However, he no longer showed even the slightest respect for Long Shan at that moment.

"Was I wrong?" Long Shan sounded cold. "Sect Master was not bad to you, was he? Ninety percent of the various annual benefits we got from Dragon City were distributed to every one of us here and he only kept ten percent to himself. He had also tried his best to help all of you here to get whatever you wanted so that you could focus on improving your strength."

"The Sect Master has just been killed by the Purple Beast Alliance Master not long ago but all of you are giving up on avenging him and surrender at the feet of the Purple Beast Alliance. What are you if all of you aren't some useless scum?"

"Long Shan, you're not entirely right." The graceful red-clothed woman frowned and said, "Of course, we want to avenge our sect master but you have realized our current situation. How on earth can we

fight against the Purple Beast Alliance Based on our current strength? We're just committing suicide if we act rashly and carry on with the fight."

"That's right. Long Shan, We won't stop if you're loyal to the Sect Master and want to go crazy with revenge, but don't bring all of us down together with you," the purple-haired middle-aged man bellowed in a low voice.

"You..." Long Shan was anxious but he did not know what to say.

A figure suddenly appeared in the hall out of thin air without any signs.

"It's quite lively here."

A hearty laugh echoed in the hall as soon as the person appeared.

Many Dragon Divine Gang's Heaven Ultimate Gods in the hall were shocked and turned to look at Jian Wushuang one after another.

"Who are you? How dare you break into our Dragon Divine Gang's lair." The purple-haired middle-aged man stared at Jian Wushuang with seemingly angry electrified eyes.

"A High-level Heaven Ultimate God?" The graceful red-clothed woman squinted slightly before softly said, "Are you from the Purple Beast Alliance?"

"Purple Beast Alliance? No, I'm not." Jian Wushuang smiled slightly before swiftly moving his figure and then sat down on the hall's main seat.

The seat which was used to be occupied by the Dragon Divine Gang Master.

A domineering voice also suddenly resounded after he sat down.

"My name is Su Han. I'll be the new leader of the Dragon Divine Gang from today onwards. I wonder if any one of you disagree?"

Chapter 2677: No Chance to Survive Even Though Surrendered!

"I'll be the new leader of the Dragon Divine Gang from today. I wonder if any of you disagree?"

Jian Wushuang's voice rang in the ears of everyone present—making all the Dragon Divine Gang's Heaven Ultimate Gods astonished.

A hint of anger rose from the bottom of their hearts after a brief moment of stupor.

It was not surprising they were agitated by a stranger who came out of nowhere and broke into the hall before claiming to be their new Dragon Divine Gang Master.

They would feel better if the person was a Peak Heaven Ultimate God, but Su Han who plunged into the Gang Leader's seat was only emanating the aura of a High-level Heaven Ultimate God.

Did that person who was just a High-level Heaven Ultimate God want to be their leader?

What a joke!

“Your Excellency is too full of yourself. Although the Dragon Divine Gang is just an ordinary third-rate sect, not anyone can just barge in and bully us,” said the graceful red-clothed woman in a deep voice.

The purple-haired middle-aged man shouted in a very low voice, “Humph, you’re just a High-level Heaven Ultimate God while we still have five High-level Heaven Ultimate God here, you won’t make it into the list even if we were to vote for a new leader. Get lost!”

The others were also glaring fiercely at Jian Wushuang.

“It seems that all of you are not willing. If that’s the case...” Jian Wushuang smiled indifferently and just cracked a smile. Buzz... He discharged an earth-shaking sword intent before completely displaying his 10,000 miles Sword World.

The terrifying Sword World oppressed the audience and shocked all of them.

There were nearly thirty people present with all of them being at the level of a Heaven Ultimate God, yet their expressions changed drastically under the Sword World’s shock and oppression.

“It’s Principle World!”

“What a terrifying Principle World. It’s only at Profound Realm, but gives me the feeling that it’s no less than a Complete Principle World Realm!”

“Oops, the deterrent effect of this Principle World is so strong that it has greatly restricted my strength.”

“Is Su Han going to attack us?”

All the Heaven Ultimate Gods were frightened and were ready to take action.

Jian Wushuang made a move under their gaze.

Buzz!

His figure disappeared out of thin air and reappeared next to the purple-haired middle-aged man as though he teleported.

“This speed...” The purple-haired middle-aged man’s eyes went wide. He was a dignified and honorable High-level Heaven Ultimate God, yet incapable of reacting to Jian Wushuang’s terrifying speed.

Jian Wushuang casually tapped his sword against the purple-haired middle-aged man’s divine body before his figure became blurry and faded away again.

Jian Wushuang’s phantom-like body hurtled around the hall as he appeared and disappeared next to all the Heaven Ultimate Gods like a flickering star. Those Heaven Ultimate Gods failed to capture Jian Wushuang or organize any attacking strategy.

Clang! Clang! Clang! Clang! Clang!

There was a series of low grunting sounds when Jian Wushuang’s Blood Mountain Sword tapped on all the Heaven Ultimate Gods. However, Jian Wushuang did not use his divine power—he just wanted to make them tremble.

Jian Wushuang was back in the main seat again after a while with his Blood Mountain Sword sheathed as the Sword World that flooded the hall slowly vanished. Jian Wushuang wore a faint smile and commented, "Am I qualified to be your leader now?"

The hall fell silent.

Almost 30 Heaven Ultimate Gods were staring at Jian Wushuang in horror.

It was too fast. Jian Wushuang was too fast. They were incapable of reacting in time.

In that very short time, Jian Wushuang used the body of his longsword to tap on each of them once.

They would have died in that short time if Jian Wushuang used his sword's edge to cut their heads instead of the flat side.

"T-too strong!"

"It was too fast. He can kill us like killing chickens with this terrifying speed. Not only the Primary-level Heaven Ultimate Gods but even the High-level Heaven Ultimate Gods won't be spared."

"He's only a High-level Heaven Ultimate God. How can his speed possibly be so fast?"

"It's Space-time Strangulation. His perception of the Space-time Law must have reached the second stage Space-time Strangulation, otherwise, he won't be so fast. In addition, he's assisted from the great shocking effect of his Sword World..."

"Although he looked like just a High-level Heaven Ultimate God, he's more terrifying than a genuine Peak Heaven Ultimate God. It's not easy for a Peak Heaven Ultimate God to kill us, but he can easily kill us."

The Dragon Divine Gang Heaven Ultimate God looked at Jian Wushuang in awe.

Experts were highly respected in the world. It was the same in Dragon Divine Gang.

They initially thought just a High-level Heaven Ultimate God such as Jian Wushuang was not qualified to be their leader, but no one dared to think as such at that moment.

"Surrender or die—choose for yourself."

Jian Wushuang spoke again with his cold voice at that moment as a faint killing intent filled the hall.

The Dragon Divine Gang's High-level Heaven Ultimate Gods shuddered.

"Long Shan is pleased to meet the Gang Leader!"

Long Shan—the bald old man was the first to bow down to Jian Wushuang and surrendered to Jian Wushuang.

"This old thing... didn't he insist we should fight the Purple Beast Alliance Master just now?"

The graceful red-clothed woman and the purple-haired middle-aged man were both irritated.

They did not know that Long Shan was not courageous but only loyal to the deceased Dragon Divine Gang Master and wanted to avenge his leader who was killed by the Purple Beast Alliance Master. He was of course not willing to surrender.

However, Long Shan chose to surrender to Jian Wushuang without hesitation because Jian Wushuang had nothing to do with the Purple Beast Alliance on top of being incredibly powerful.

“Those who don’t surrender—are you seeking death?” Jian Wushuang’s cold eyes glanced at the graceful red-clothed woman and the purple-haired middle-aged man.

“Master Su Han.” The graceful red-clothed woman took a deep breath and solemnly said, “Dragon Divine Gang has always respected the strong. Anyone powerful could be the leader. Master, you are indeed qualified to be our leader based on your strength. However, do you know of the Dragon Divine Gang’s current situation?”

“Your current situation? Tell me about it.” Jian Wushuang looked down.

“Our Gang Leader was beheaded by the Purple Beast Alliance Master who gave us a one-month deadline to submit to them. Otherwise, he’ll kill all of us as he wants to wipe the Dragon Divine Gang out...” The graceful red-clothed woman did not continue her words.

“So, that’s the situation.” Jian Wushuang smiled indifferently. “It’s easy. I’ll handle the Purple Beast Alliance and dismiss them when they are here.”

Chapter 2678: Purple Beast Alliance

“Dismiss them?” The Heaven Ultimate Gods from the Dragon Divine Gang stood gazing at each other.

“We have already planned on yielding to the Purple Beast Alliance. Our Dragon Divine Gang will naturally honor you as our leader If you manage to resolve the Purple Beast Alliance,” said the graceful red-clothed woman.

The purple-haired middle-aged man and the rest standing beside them also nodded—having the same thoughts as the graceful red-clothed woman.

“How much time is left from the due date the Purple Beast Alliance gave you?” Jian Wushuang asked.

“We still have three days. A huge group of masters from the Purple Beast Alliance will arrive after three days if I’m not mistaken. The Purple Beast Alliance Master will also be here in person,” said the graceful red-clothed woman.

“I’ll come again three days later if that’s the case.” Jian Wushuang smiled indifferently and immediately left with his apparitions.

A racket immediately started in the meeting hall after Jian Wushuang left.

“Everybody, let’s discuss this. Can this person really get rid of the Purple Beast Alliance three days later?” The Heaven Ultimate Gods started discussing amongst themselves.

“Dong Xue, what do you think?” The purple-haired middle-aged man looked at the graceful red-clothed lady.

"I have no idea." The graceful red-clothed lady shook her head. "Although this Su Han is only a High-level Heaven Ultimate God, all of you've seen his strength displayed to the extent we're unable to resist his attacks at all. He's too fast and it's very simple for him to kill us.

"He definitely can go up against an ordinary Peak Heaven Ultimate Gods with his speed. However, all of you know the Purple Beast Alliance Master's strength. Not only is he a true Peak Heaven Ultimate God, but he's also very powerful such that our previous gang master died in his hands. Su Han won't have a high possibility of winning if he goes against the Purple Beast Alliance Master but he'd at least be qualified to fight him."

"Aren't you just wasting your breath?" The purple-haired middle-aged man rolled his eyes.

"Haha... I cannot judge if this Su Han can really defeat the Purple Beast Alliance Master and make the alliance leave. However, I'm sure of one matter—it's something between him and the Purple Beast Alliance while the Dragon Divine Gang retains its middle-ground. It has nothing to do with us if he's really defeated or died in the hands of the Purple Beast Alliance Master. We only need to surrender to the Purple Beast Alliance after everything ends."

"We'll only need to surrender to him if he's really strong and can make the Purple Beast Alliance leave with his power. Our Dragon Divine Gang won't suffer any losses no matter the outcome," said the graceful red-clothed woman called Dong Xue.

"That's true." All the Heaven Ultimate Gods around her nodded in agreement.

Three days passed in the blink of an eye.

The experts from Purple Beast Alliance really came attacking them once their time was up.

The Purple Beast Alliance was much stronger than the Dragon Divine Gang with almost 40 Heaven Ultimate Gods when it came to overall strength. The Purple Beast Alliance had gone all out at that moment. The Purple Beast Alliance Master had personally led around 40 Heaven Ultimate Gods along with many Peak Earth Ultimate Gods and arrived at the void on top of Dragon City.

More than 100 densely packed figures were standing in the void.

The Purple Beast Alliance Master was a more than two meters tall burly man with purple-colored armor. He was casually sitting on a huge purple-colored throne while engrossingly looking at the black fortress underneath him.

A petite old man asked, "Alliance Master, one month has gone by and there's still no news from the Dragon Divine Gang. It looks like they don't plan to surrender. Shall we directly take action?"

"There's no hurry." The Alliance Master waved his hand. "This Dragon Divine Gang is a third-rated clan. Although I've killed their gang leader, they still have many Heaven Ultimate Gods under their control. It'll be a waste if we kill all these Heaven Ultimate Gods. We'd be able to include them into our Purple Beast Alliance if they proactively surrender and therefore once again increase our overall strength. Our Purple Beast Alliance will be considered extremely strong among the third-rated clans in the Danyang Continent by then.

“How about this, let’s give them another hour. We shall directly take action and wipe them out if they still aren’t making any moves within the next hour.”

“Noted.” The petite old man nodded before opening his mouth and spoke in an austere manner. “Those from the Dragon Divine Gang—your one-month time limit is up. Let us know if you choose to surrender or we’ll wipe you out. My alliance master has given his orders to grant you another hour. Our alliance will take action and wipe out your Dragon Divine Gang if you don’t respond after the hour.”

The austere voice which came from the Heaven Ultimate God’s mouth echoed mightily throughout the entire Dragon City.

Many Dragon Divine Gang experts gathered in a castle surrounded by the huge dragon located in the center of Dragon City. Each of them had a serious expression on their faces after hearing that voice.

“We only have one hour left, what should we do?” The purple-haired middle-aged man was extremely worried.

“Don’t panic, let’s see if Su Han will take action. We can just surrender in the end if he doesn’t,” said the graceful red-clothed woman, Dong Xue.

The Dragon Divine Gang experts could only suppress their fear and continued waiting there.

However, their wait did not last long as a figure slowly rose upward in Dragon City.

That figure’s appearance immediately caught those Dragon Divine Gang experts’ attention.

“It’s Su Han!!”

“He has finally appeared!”

“Let’s see if he can chase away the Purple Beast Alliance.”

The Dragon Divine Gang experts looked on in anticipation.

At the bottom of their hearts, they preferred surrendering to Su Han as the Purple Beast Alliance had previously killed their gang leader—making them resistant to the alliance as their previous gang leader had always treated them well.

Jian Wushuang had already appeared in the void and before those Purple Beast Alliance experts.

The Purple Beast Alliance experts also looked towards him but none paid him much attention as they noticed the divine power spreading from Jian Wushuang’s body was only at the High-level Heaven Ultimate God while their alliance had several High-level Heaven Ultimate Gods.

“You’re the Purple Beast Alliance Master?” Jian Wushuang had an indifferent smile on his face as his sight directly landed on the Alliance Master sitting on the throne right in the middle of the crowd.

The Alliance Master glanced at Jian Wushuang but was too lazy to reply to him.

The petite old man beside the Alliance Master shouted in a deep voice. “You aren’t one of the High-level Heaven Ultimate Gods from the Dragon Divine Gang. Who are you?”

Jian Wushuang replied, "I'm Su Han. Unfortunately, I've set my eyes on the Dragon Divine Gang, hence the Purple Beast Alliance can only return to whence you came from."

Jian Wushuang spoke as though nothing mattered. However, the petite old man immediately gave him a strict glance and said, "How dare you!!"

"Reckless idiot!"

"Where did this idiotic young man come from?"

The expressions of the Purple Beast Alliance experts turned cold.

The Purple Beast Alliance Master calmly said, "Kill him."

Chapter 2679: One Slash Kill!

"Kill him!" Two figures took action at the same time upon the Purple Beast Alliance Master's order.

Those two were the petite old man while the other was an evil-looking woman in black clothes—the left and right guardian of the Purple Beast Alliance. They were both extremely strong High-level Heaven Ultimate Gods.

Hiss~

The void seems as though it had been pierced open as a black sword appeared beside Jian Wushuang and quietly pierced toward his heart.

On the other hand, the petite old man with a golden hammer in each hand directly attacked Jian Wushuang.

However, the black sword and golden hammers failed to touch Jian Wushuang's actual body but travelled through his figure instead.

Whoosh!

It was unknown when but Jian Wushuang's body had appeared in a nearby void.

"He seems to have good speeds." The petite young man and the evil black-clothed woman immediately looked toward Jian Wushuang.

"I'm not interested in mediocre people." Jian Wushuang mocked but his eyes were fixated on the Purple Beast Alliance Master.

"The Purple Beast Alliance Master had extremely strong combat power among the Peak Heaven Ultimate Gods and is especially good at attacking and killing but his physical protection capabilities can only be considered normal," mumbled Jian Wushuang softly.

He also obtained detailed information about the Purple Beast Alliance Master and his experts' true strength.

He only dared to appear openly because he had all that information.

“The Dragon Divine Gang isn’t weak whilst this Purple Beast Alliance is slightly stronger. I can subdue both forces, but I’ll have to show my absolute strength to make both forces’ experts surrender willingly.”

“I have to kill this Purple Beast Alliance Master neatly!” Jian Wushuang had a cold look in his eyes while the magnificent divine power on his body had already expanded while a huge amount of golden divine power coagulated like crazy behind his back. The 3,000-meter-tall Golden God Shadow appeared behind Jian Wushuang in the blink of an eye.

The Golden God Shadow was extremely majestic as it looked down at everything in heaven and earth.

At the same time, the Seven Stars Secret Technique in Jian Wushuang’s body was also unleashed outward.

The divine power on his body had immediately skyrocketed the moment he used the Seven Stars Secret Technique!

Those below Undying Saint could directly elevate their strength by an entire realm with the Seven Stars Secret Technique Scroll Two.

Jian Wushuang was only a Peak Earth Ultimate God, but his realm was directly raised to the Primary-level Heaven Ultimate God after displaying the Seven Stars Secret Technique. The divine power he emitted was that of a Peak Heaven Ultimate God stage under the black stone’s disguise!!

“His aura...has strengthened!!”

“Peak Heaven Ultimate God—it’s a Peak Heaven Ultimate God’s divine power!” The expressions of many Purple Beast Alliance experts darkened.

Even the Purple Beast Alliance Master who initially did not pay much attention to Jian Wushuang also looked at him with a peculiar expression.

Jian Wushuang’s combat power had been raised to an astonishing level after using both the Seven Stars Secret Technique and Divine God of Punishment.

‘These two secret techniques should be more than sufficient to kill this Purple Beast Alliance Master.’ Jian Wushuang secretly smiled.

He then directly made his move.

Hum!

His figure had only slightly moved forward but it ended up with him directly crossing the lengthy distance and appearing in front of the crowd. The speed he burst out in that instant staggered the crowd.

“This speed...” The Purple Beast Alliance Master was also startled.

Bang!

The Purple Beast Alliance Master banged on his throne’s armrest as his divine power was immediately unleashed. His figure was like a primitive beast as he attacked Jian Wushuang.

“So what if you’re fast? The battle between experts has never relied on speed,” said the Purple Beast Alliance Master coldly as a domineering axe appeared in his hand. The axe could be identified as a high-level Heavenly Treasure as it looked extremely powerful.

As the Alliance Master was about to wave the axe in his hand...

Jian Wushuang smiled indifferently before him as he slowly stretched out his palm and pointed at the area Purple Beast Alliance Master was located!

“A Finger Pointing Heavenly Technique!”

Hum~~

A simple finger pointing had evoked the Space-time Energy around that area.

The Alliance Master’s figure paused in the middle of the air without any warning.

Although his body paused, his face still had that hideous expression along with his one hand raised while still maintaining the action of waving his axe. However, the space-time he was in had already completely paused.

A Finger Pointing Heavenly Technique—the divine technique Jian Wushuang comprehended for nine years before he barely grasped it.

Although he had only barely grasped the technique and his strength was too low, fully displaying that skill with his perception of the Space-time law at that moment was not something a usual Peak Heaven Ultimate God could pull off. He could make the space-time an ordinary Peak Heaven Ultimate God was to fall into an extremely short stasis.

The period was extremely short. It was just a moment that was even shorter than the blink of an eye. However, this short moment was enough to decide lots of matters in a fight between experts.

It could be seen that Jian Wushuang’s figure was unaffected at all and had already appeared in front of the Purple Beast Alliance Master. The latter remained in his axe waving position but without the axe landing the entire time. The space-time where the Alliance Master was in only returned to normal when Jian Wushuang had waved his longsword. The Blood Mountain Sword had attacked toward the Alliance Master like a poisonous snake and was only half a centimetre away from the Alliance Master’s head.

The Purple Beast Alliance Master could not react in time despite space-time around him having already recovered.

Slurp!

The cold sword flitted through mercilessly and the Alliance Master’s head had flown outward as his life had started to fade away.

The Purple Beast Alliance Master still had that frightened expression on his face just before he died.

“How can he be so fast?” The corners of his mouth were still mumbling softly.

He was in a situation where both space-time and his consciousness was stagnant. He had no idea about what happened during the time his consciousness was stagnant.

Therefore, he still thought that Jian Wushuang killed him with incredible speed.

He had no idea Jian Wushuang had used divine techniques. Although Jian Wushuang was fast, it was not so exaggerated.

“My divine power and Space-time law perspective are sufficient to fight with an ordinary Peak Heaven Ultimate God. I’m the strongest among the experts of the Peak Heaven Ultimate God stage once I display the Seven Stars Secret Technique and Divine God of Punishment. It’s very easy to kill an ordinary Peak Heaven Ultimate God with this almost god-like ‘A Finger Pointing Heavenly Technique’.” Jian Wushuang smiled indifferently.

The Purple Beast Alliance experts surrounding them looked extremely stunned.

In their impression, their Alliance Master was extremely strong since the previous Peak Heaven Ultimate God Dragon Divine Gang Leader was directly killed by their Alliance Master.

However, their powerful Alliance Master died in someone else’s hands at that moment?

In addition...it happened so fast!

Chapter 2680: Surrender

It was really too fast!

In just a short face-to-face moment, their alliance master’s head had already been chopped off by somebody even before they had time to react.

Cleanly and neatly killed by a sword cut!!

“Why did this happen?”

“Is this an illusion?”

“How is it possible the Alliance Master was so easily killed. Could this Su Han be a Grand Ultimate God?”

Multiple pairs of horrified eyes were glued on Jian Wushuang’s body as the Purple Beast Alliance experts were completely stunned.

They were not the only ones as the Dragon Divine Gang experts inside the black fortress were also completely stunned.

Although they already knew that Jian Wushuang was strong from early on and could fight the Purple Beast Alliance Master, they only thought he could fight against him with a small chance of winning. The result...was the Purple Beast Alliance Master being killed in a short moment.

A Heaven Ultimate God in the Dragon Divine Gang said, “Did you guys notice how the Alliance Master seemed to pause for a short moment just now as though he was completely stunned on the spot?”

“Yes, Su Han must have displayed some sort of secret skill to cause this if I guessed correctly. The Purple Beast Alliance Master was completely powerless to resist and was directly killed because of this secret skill.”

“What secret skill is that—it can make a person stop completely?”

“I don’t know but it should be a secret skill regarding space-time.”

The Heaven Ultimate Gods from the Dragon Divine Gang were discussing among themselves. All of them noticed that Jian Wushuang displayed a secret skill but nobody knew which secret skill it was. They only knew it was an extremely special secret skill and played a huge part in the Purple Beast Alliance Master’s instant death.

It was indeed the truth.

A Finger Pointing Heavenly Technique was too frightening.

“Although I’ve previously barely grasped this skill, I’ve never used it against anybody yet and never totally understand its might. I’ve finally learned about it now.” Jian Wushuang stood in the void as he was slightly shocked.

He made a move to kill the Purple Beast Alliance Master for two reasons. Firstly, he wanted a clean kill to instigate the best shocking results; secondly, he wanted to measure the power of the ‘A Finger Pointing Heavenly Technique’.

Jian Wushuang discovered that he had belittled that secret skill after he used it.

The Purple Beast Alliance Master was a Peak Heaven Ultimate God! He was considered one of the strongest among the Peak Heaven Ultimate Gods yet failed to withstand the attack after Jian Wushuang displayed the A Finger Pointing Heavenly Technique and entered a stagnated state before inexplicably killed by Jian Wushuang!

‘This skill is really too powerful. Using it with just my current power, nobody among the Peak Heaven Ultimate Gods will be able to withstand it, apart from those who also have a high insight towards the Space-time Law. I’ll be able to directly kill them as they will be my target once they fail to withstand this skill of mine and enter a temporarily stagnated space-time state!’

‘I’ll be able to wipe out ninety percent of the Peak Heaven Ultimate Gods with this skill. If I include my large collection of skills and hidden tricks, I can be considered invincible among the Ultimate Heaven Gods!!’ Jian Wushuang tightened his grips as the piercing look in his eyes intensified.

The Purple Beast Alliance Master was dead but the Alliance’s Heaven Ultimate Gods were still there.

Many among those Heaven Ultimate Gods were close subordinates of the Alliance Master such as the petite old man who used hammers and were loyal toward the Alliance Master.

These Heaven Ultimate Gods snapped out of their shock after a short while and reacted.

“He killed the Alliance Master! Kill him to avenge the Alliance Master!!”

“Attack!” Many Heaven Ultimate Gods immediately took action and attacked Jian Wushuang under the petite old man’s leadership.

However, several people did not make any movements.

Jian Wushuang glanced across these people as the look in his eyes turned cold.

Boom!!

The scary Sword World was directly extended as the Heaven Ultimate Gods attacking Jian Wushuang immediately felt his Sword World's suppression.

They also activated their Principle World in hopes to withstand the Sword World. Although their Principle World was almost at the Profound Achievement, their Profound Achievement Worlds would still crumble like chicken coops under the suppression of Jian Wushuang's perfect Sword World that stretched for 50,000 kilometers.

Jian Wushuang moved his body following that.

His ghost-like figure moved as though he was teleporting and appeared beside every Heaven Ultimate God before attacking with the Blood Mountain Sword in his hand.

These primary-level and high-level Heaven Ultimate Gods were incapable of reacting under that scary speed.

The Heaven Ultimate Gods were mercilessly killed by Jian Wushuang one at a time. The sword slashed out as heads were cut off one by one like harvesting wheat.

The Dragon Divine Gang experts in the black fortress felt shivers travel through their spines as they observed the occurrences.

They were extremely familiar with this scene as Jian Wushuang had attacked them as such three days ago but with reserved strength at that time. However, at that moment...

"Massacre! This is a total massacre!"

"It's just like killing chickens!"

"If Su Han had attacked us intending to kill three days ago, we'd also have been slaughtered by him." The people from the Dragon Divine Gang discussed among themselves with bated breaths.

Within less than two breath's time, the Heaven Ultimate Gods who wanted to avenge the Purple Beast Alliance Master—apart from a small number of people who escaped when they saw the situation—had been killed by Jian Wushuang. Among them included the petite old man.

The void above Dragon City was covered in a huge amount of blood with the entire place painted a crimson red color. Bodies fell one by one and landed on the ground below before being laid spread across the ground while Jian Wushuang stood alone in the middle of the void with the Blood Mountain Sword in his hand—blood still slowly dripping from the blade's edge.

He had a cold expression on his face as his cold eyes swept through the experts of the Purple Beast Alliance who escaped to their surroundings.

"Surrender or prepare to be wiped out!" Jian Wushuang's demon-like voice echoed around the void above the Dragon City.

Many of the remaining experts looked at each other when they heard Jian Wushuang's words and were secretly frightened.

The evil black-clothed woman who previously attacked Jian Wushuang was the first to walk forward and respectfully said. “Lord Su Han, I—Hei Yan along with the Purple Beast Alliance experts are willing to surrender and honor you as our new alliance master.”

The remaining Purple Beast Alliance’s Heaven Ultimate Gods also said in awe, “We’re willing to surrender!!”

The Purple Beast Alliance and Divine Dragon Gang were only gangs—not sects nor clans. They only believed in honoring the strongest as their master as they were formed by a large group of experts with no ideals of absolute loyalty.

Anybody strong could be their leader.

The remaining people surrendered willingly once Jian Wushuang had shown his absolute frightening strength by killing those loyal to the previous Alliance Master like the petite old man.
