Chapter 2731: The Secret Realm's Spirit

The gray-robed old man stood in front of Jian Wushuang and the others, but they felt that the old man was intangible as though he had blended into the void around him like he was one with the secret realm.

The old man indifferently swept his gaze across at the group of five—stopping at each of them to take a good look.

He slowly said after a long time, “Kids, welcome to my master’s secret realm. I’m the steward. You can call me Old Gu, or Master Gu.”

“Did you say that this is your master’s secret realm? Are you the secret realm’s spirit?” Saber Master narrowed his eyes and stared at the gray-robed old man called Old Gu.

“Yes.” Old Gu nodded and admitted.

Jian Wushuang and the others gave their countenance.

It must have cost a lot to set up the secret realm.

The person who set up the secret realm was unmistakably a pinnacle expert in Ancient God Domain.

The secret realm’s spirit was most probably bestowed by the expert and probably had its consciousness which allowed the spirit to control the secret realm.

The old man was the secret realm’s spirit.

“My master has created this secret realm for a long time with none who has been able to reach here until now. You have good luck as Grand Ultimate Gods.” Old Gu smiled faintly. “Come with me.”

Old Gu turned around and headed toward the end of the cemetery.

Jian Wushuang and the others looked at each other before immediately going after the old man.

“Old Gu, these experts in the coffins must’ve been extraordinary during their lifetime?” Jian Wushuang curiously asked.

“These experts?” Old Gu smiled. “Yes, they were very good with all of them being rather extraordinary, which was the reason their bodies can stay here.”

Old Gu began explaining about the secret realm. “My master is someone extraordinary. As for his name and cultivation realm, all of you don’t have the right to know. My master is fond of collecting experts’ corpses during his lifetime—especially those experts whom he killed.”

“This cemetery you’re in now has dozens of experts’ corpses who were my master’s prized possessions with all of them killed by my master. They must possess remarkable strength during their lifetime to be killed and kept in this cemetery by my master, hence they were at least an Undying Saint and exceptionally outstanding among their peers.”

Jian Wushuang and the others in the group were impressed.

Only the best among the best Undying Saint or above corpses could stay in the cemetery.

“Just like this woman...” Old Gu pointed to the saint-like woman next to him.

It was the woman Jian Wushuang and the others first saw.

“She is called White Lotus Saint—an Undying Saint who was invincible even amongst experts in Third Heaven with her strength at the Peak Undying Saint. She was once besieged by ten remarkable Undying Saints who tried to kill her but were single-handedly killed by her instead.

“Her strength had reached the very pinnacle of what an Undying Saint could achieve. She was indeed powerful but unfortunately too proud and complacent. My master met her and intended to take her as a concubine, but she did not cherish her great opportunity and blatantly rejected my master. My master was furious and killed her on the spot with a single finger movement,” said Old Gu.

He sounded so casual as though it was the most natural matter.

However, his words sounded completely different in Jian Wushuang and his group’s ears.

An invincible Undying Saint capable of defeating 10 powerful Undying Saints single-handedly was killed just because she refused to be the concubine of Old Gu’s master?

Old Gu’s master was rather overbearing, was he not?

In addition to being overbearing, his action reflected his brute strength and capabilities.

How powerful was the master capable of killing an Undying Saint with a finger?

“This person here is Lord Goldsnow. He was stronger and more famous than White Lotus Saint.” Old Gu pointed to a middle-aged man in snow-white armor laying in a stone coffin next to him.

“Lord Goldsnow was one of the most phenomenal Undying Saints who came from a remarkable background. He was from the Eight Heavenly Sect whose master was indomitable in the Ancient God Domain. Unfortunately, he was too ostentatious and arrogant. He disdained my master and thought my master wouldn’t dare to kill him. As a result, my master killed him right in front of his master.

“His master was furious and wanted to avenge him, but my master’s excellent life-saving methods allowed him to easily escape. Lord Goldsnow’s master and the entire Eight Heavenly Sect could do nothing to my master.”

Old Gu looked proud as he narrated the event.

Saber Master, Hong Chen, Long Xianzi, and Devilish Wind King might not know much about the Eight Heavenly Sect which Old Gu mentioned but Jian Wushuang knew a great deal about the sect.

The Seven Stars Black Sect was the paramount sect in Ancient God Domain.

However, the Seven Stars Black Sect had been destroyed with the next in line being Three Great Sacred Realms, Four God Tribe, and Eight Heavenly Sect.

Those were the recognized top forces in Ancient God Domain.

Those forces were overlords who held great prestige in the Ancient God Domain's core and were incomparable to those sects and forces in Danyang Holy Domain or the Nine Realms of Golden Crow.

One could simply imagine the strength of the Eight Heavenly Sect for being able to be one of the Ancient God Domain's great overlords.

The Eight Heavenly Sect could not avenge Lord Goldsnow despite being so.

It just shed light on how powerful Old Gu's master was.

"This person..."

Old Gu was introducing other experts in the remaining stone coffins to Jian Wushuang and his group along the way.

There was no doubt those experts were remarkable figures in Ancient God Domain with any one of them enough to frighten the group of five.

Unfortunately, they became corpses laid in the cold stone coffins.

"My master had killed countless experts but those qualified to be remembered and placed in this secret cemetery are these. Although there are only a few dozen of them here, they were truly powerful and not someone an ordinary Undying Saint can compete with.

"The most famous Undying Saint my master encountered was Sword Lord Tong Xin when my master first arrived at this territory. He was a rather powerful Undying Saint but unfortunately didn't qualified to be kept here."

Chapter 2732: One More Opportunity

Old Gu was chattering away casually while Jian Wushuang and the other four were stunned to hear his stories.

Old Gu was telling the group how powerful those experts around them were but they were unable to fathom that knowledge since they could not imagine those expert's strength level.

The group finally grasped the idea of how powerful those deceased experts were when Sword Lord Tong Xin was mentioned.

Everyone in the group of five had heard of Sword Lord Tong Xin—he was an unrivaled Undying Saint.

Especially Jian Wushuang, he knew a little more about Sword Lord Tong Xin compared to the others since Jian Wushuang owned the first four stages of the Transmigration Sword Formation.

It was not an exaggeration to claim that Sword Lord Tong Xin was the most powerful Undying Saint borne in the territories of Nine Realms of Golden Crow in millions of years.

However, such an existence was looked down upon by Old Gu.

Sword Lord Tong Xin did not even have the qualifications to be placed in the cemetery.

In other words, any of those dozens of experts in the cemetery were much stronger than Sword Lord Tong Xin.

However, they were killed easily by Old Gu's master.

"Old Gu's master must've surpassed the Undying Saint realm," muttered Jian Wushuang.

The group of people soon reached the front of the cemetery and saw two stone coffins that were obviously taller and more unique than the rest.

Those two Stone coffins were more than 30 feet long. Not only were they larger in size, but also came with a lot of restrictions around them.

There were also two cold corpses laid to rest in the two stone coffins, but they were unable to see the corpses' appearance because of the restrictions in place.

"Old Gu, did your master kill these two experts as well?" Jian Wushuang asked.

"Yes, both of them were killed by my master. They were much stronger than the ones you just saw as they are both Law Lords." Old Gu smiled.

"Law Lords?" Jian Wushuang was surprised to hear that.

Saber Master was also shocked.

They might not have heard of Law Lords but they figured that Law Lords must have been above Undying Saints.

They had no idea how powerful a Law Lord was but they figured that Law Lord must be much more powerful than an Undying Saint.

Old Gu's master not only had killed those invincible Undying Saints but also killed two Law Lords. The master's cultivation realm was obviously at the Law Lord realm at least and possibly a top-rated Law Lord.

Old Gu leaped forward and a towering throne soon appeared out of thin air. He sat on the throne while looking down at Jian Wushuang and the others with interest.

"Now, the five of you must've come to this secret realm for the many opportunities and treasures left by my master, right?" Old Gu smiled.

"Yes." The group of five did not deny the fact.

"Haha, my master did leave behind many opportunities when my master created this secret realm such that even his greatest inheritance is here. However, my master's realm is too high and you are merely at the Grand Ultimate God realm. Let's not talk about my master's inheritance, you're not even qualified to go through the tests left behind by my master. It's out of pure luck that you can get up till here," said Old Gu.

Jian Wushuang and the rest turned slightly pale.

“Don’t be upset. What my master left behind isn’t something minor Grand Ultimate Gods like you can handle—those trials included. You must at least be an Undying Saint to undergo the trials and even then only extremely powerful Undying Saints that meet my master’s requirement can go through a level or two. However, none of you are qualified to do so.

“If I wasn’t bored and deliberately made it easy for all of you, you won’t even be able to get through those several places of crisis set up along the way. You won’t even be able to make it up to here,” added Old Gu.

Jian Wushuang was startled.

He finally understood all the dangers they encountered along the way were controlled by Old Gu.

Every type of danger they encountered was in Old Gu’s palm. In the first cemetery, Old Gu was the one who decides whether they would encounter any corpse puppets including the type of corpse puppets.

As for the two Interspatial Rings they got at the beginning, Old Gu must have deliberately placed them there.

Old Gu continued after a short pause. “In fact, there are many opportunities my master left behind in this secret realm. For example, this cemetery you’re in now has dozens of experts in the coffins. Apart from the experts that my master particularly valued, the treasures that used to belong to these experts are kept in place. You can get them if you’re capable but unfortunately, none of you are powerful enough to get close to the coffins.”

Jian Wushuang and the others exchanged embarrassed looks with each other as they agreed with Old Gu.

They had indeed failed to reach out for the great opportunities laid before them.

“Don’t be disheartened. Each of you has previously gotten an opportunity. As for now...I’ll give you one more opportunity because of the difficulties you went through to get here,” said Old Gu casually.

Jian Wushuang and the rest had their eyes lit up all of a sudden.

Old Gu smiled and flipped his hand as an Interspatial Ring appeared in his hand.

Old Gu asked, “Can you see this? The items in this Interspatial Ring will be the last you can get from this secret realm. They were nothing to my master, but are definitely considered great treasures to Grand Ultimate Gods such as you and even ordinary Undying Saints. Now...”

Old Gu cracked a strange smile before he slid one hand across the air and a spatial passage appeared out of thin air before Old Gu threw the Interspatial Ring into it.

“I’ve thrown the Interspatial Ring into the other end of the spatial passage somewhere in a vast dark void. The five of you can enter this spatial passage and start searching in the dark void. I’ll give you three hours, whoever finds the Interspatial Ring and brings it out within three hours shall be the new owner of the Interspatial Ring.

“However, don’t blame me if you fail to locate the Interspatial Ring within three hours.”

Old Gu smiled indifferently as the spatial passage grew bigger under his control.

“Now, go on.”

Chapter 2733: The Search!

The five exchanged looks at the enlarging spatial passage before skimming into the spatial passage.

The corner of Old Gu’s mouth curled up, revealing a playful smile after the five entered the spatial passage. “It’s been a long time since I saw a cultivator and finally you came. I hope you’ll let me have some fun.”

The other end of the spatial passage was indeed a vast expanse of darkness.

Jian Wushuang and the rest emerged one after another from the spatial passage that remained in place.

“I guess this void must be huge. Otherwise, Master Gu won’t have given us three hours,” said Saber Master.

“Master Gu is the spirit of this secret realm and has full control over it. He seems to have casually thrown the Interspatial Ring, but the ring was thrown quite far away. It could be somewhere deep in the darkness and emptiness either in the center or the end of this dark void,” said Grand Ultimate God Hong Chen.

“We only have three hours, so we can’t delay too much. All five of us better spread out and look for it. Whoever is lucky will get it,” said Devilish Wind King.

“Yes,” agreed Long Xianzi.

“I agree too.” Jian Wushuang also nodded.

“We’d better get going if that’s the case.”

Saber Master suggested and the five of them immediately went off in different directions and began their search alone in the dark void.

The five of them firmly believed the Interspatial Ring was in the dark void as not only did they see Old Gu throw the Interspatial Ring into the dark void with their own eyes, but also felt that Old Gu would not deceive them.

Even if Old Gu wanted to fool or make fun of them, he had to throw some bait.

The Interspatial Ring was the bait and the treasures within must be something highly sought after.

Jian Wushuang was extremely fast in the boundless dark void while his soul power was at work sweeping and scanning his surroundings.

“Fortunately, this dark void has no restrictions on soul power and I can still use it to investigate my surroundings,” mumbled Jian Wushuang.

As a Perfect Chaotic Creature, he had the most perfect soul power despite being only a High-level Heaven Ultimate God. His soul power was extremely powerful and had a wide coverage area. It was

even considered stronger when compared to those other Grand Ultimate Gods who went along with him into the dark void.

With his powerful and wide sensing ability on top of his astonishing speed, it seemed very advantageous for him to locate the Interspatial Ring.

He kept walking toward the depths of the dark void but was disappointed to have no sight of the Interspatial Ring after searching for more than an hour and scanning almost the entire dark void.

He had no choice but to return to the starting point and pick another route.

Jian Wushuang met Devilish Wind King along the way.

“Alliance Master Su Han.” Devilish Wind King came right next to Jian Wushuang. “Have you found it?”

“No.” Jian Wushuang shook his head. “I’ve gotten right to the end of this void, yet still haven’t found it. I guess it’s normal as this dark void is huge after all. Have you found it?”

“Of course not.” Devilish Wind King shrugged.

“Neither you nor I found it. I wonder if the other three luck out,” said Jian Wushuang.

“Hmph, I’m afraid they’ll pretend not to have found it even if they did. I guess no one will be willing to split the treasures in the Interspatial Ring with the rest.” Devilish Wind King coldly snorted.

Jian Wushuang understood.

People were selfish in such circumstances and he was no exception.

He would also deny that he found it if he happened to chance across the Interspatial Ring when the five of them gathered.

“Alliance Master Su Han, why do you think Old Gu chunked the Interspatial Ring in here and told the five of us to look for it?” Devilish Wind King squinted his eyes skeptically.

Jian Wushuang shook his head. “I don’t know, but it’s not that simple.”

“Of course it’s not simple. He could’ve just given it to us directly if he wanted to give us an opportunity instead of having us searching for it based on our luck. I think he wants us to fight against each other to test our abilities,” said Devilish Wind King.

“That could be the case.” Jian Wushuang did not deny it.

“Alliance Master Su Han, you and I are the only two Primary-level Grand Ultimate Gods after Yi Shen’s death in the first cemetery. Both of us are at an absolute disadvantage, so we should really gang up if anything happens. Saber Master, Hong Chen, or Long Xianzi—either one of them could easily crush us,” said Devilish Wind King solemnly.

“I know, don’t worry. The two of us will be on the same side if something happens,” said Jian Wushuang reassuringly.

Devilish Wind King smiled. “That will do. Okay, there’s still some time so let’s go and find it,” said Devilish Wind King before he left.

Jian Wushuang's eyes narrowed as he watched Devilish Wind King leave.

"From the very beginning, Devilish Wind King has been really good to me and told me many things in this secret realm. He had also given me a Corpse Poison Pill that he prepared and also repeatedly told me that we should join forces, but I've always felt something is wrong with him," murmured Jian Wushuang.

He could not pinpoint the fault in Devilish Wind King at that moment.

Jian Wushuang had instinctively thought that Devilish Wind King was behaving strangely.

The Primary-level Grand Ultimate God Devilish Wind King was the weakest among the six adventurers. However, he had miraculously survived being chased by a Gold-armored Corpse Puppet. Jian Wushuang thought it was weird.

"All these people who came to the secret realm seem cooperative, but all of them have their agendas. Each of them wants to get the most out of this trip, so I can't be foolish and believe any of them—especially Devilish Wind King." Jian Wushuang smiled before continuing his search in the dark void.

Jian Wushuang did not find the Interspatial Ring even after searching around for a long time, so he had no choice but to return to the spatial passage's location.

Three hours were almost up and the other four had also returned to the starting point one after another.

Devilish Wind King was the last to return.

"Devilish Wind King, have you found the Interspatial Ring?" Saber Master looked over his shoulder.

Devilish Wind King asked, "No, how about you all?"

Saber Master, Hong Chen, Long Xianzi, and Jian Wushuang shook their heads.

None of them admitted to finding the Interspatial Ring.

Chapter 2734: In Saber Master's Hand

"No one found it?" Grand Ultimate God Hong Chen looked dejected.

"This dark void is really huge on top of the time given to us being too short. Although the five of us scattered around in search for the Interspatial Ring, we've probably only searched half of this area after three hours with the other half remaining unchecked. It's normal if we don't find it, but it's a pity." Saber Master looked a little disappointed.

"Unfortunately, Old Gu has given us a chance, but we didn't get anything." Long Xianzi also shook her head.

"Time's up. Let's go out," said Saber Master.

He immediately skimmed toward the spatial passage that stayed open nearby.

Hong Chen and Long Xianzi looked at each other as both of them were ready to go after Saber Master.

However, Jian Wushuang and the Devilish Wind King did not move.

“Alliance Master Su Han and Devilish Wind King, both of you aren’t going?” Saber Master looked puzzled.

Jian Wushuang did not answer but only stared at Saber Master with a strange luster in his eyes.

Devilish Wind King squinted his eyes slightly and commented in a low voice, “Saber Master, Old Gu’s Interspatial Ring should be in your hands am I right?”

“What?”

Saber Master was surprised as he stopped dead in his tracks.

Hong Chen and Long Xianzi also stopped and looked over their shoulders in surprise.

“Devilish Wind King, what do you mean that I have the Interspatial Ring?” Saber Master’s gaze was a little cold.

“It’s very simple—I’m just speculating.” Devilish Wind King smiled indifferently. “Although we aren’t close before and I don’t know much about you but I know one matter for sure—you’re extremely powerful and ambitious. Otherwise, you wouldn’t have become one of the faction’s leaders in Crimson Stone Fort.”

“It’s possible that none of us found the Interspatial Ring today. However, it’s also likely that one of us found it but refused to admit it. I won’t be so easygoing if I were you in such circumstances. I would’ve questioned everyone here one by one and possibly even kill the other four people.

“Kill the four of us and then check whether we have the Interspatial Ring so you will be certain if we have Old Gu’s Interspatial Ring. It’s the safest way. Even if you are worried about failing to kill the four of us, you’d also think of other ways such as stirring up suspicion against each other so that we start fighting internally, but now...

“You trust us too much as though you believed we didn’t get the Interspatial Ring. You didn’t have any doubts and neither did you try to find out more from us as you just wanted to leave here as quickly as possible.

“It’s entirely normal if this happens to the four of us because we aren’t as powerful as you with nothing much we can do even if we have our doubts, but this doesn’t seem right for someone of your stature.

“At the very least, I won’t have let the rest leave here so easily if I were you.”

Hong Chen and Long Xianzi’s expression changed after hearing Devilish Wind King’s lengthy explanation.

Previously, it had not crossed their mind but they agreed with Devilish Wind King’s words. Saber Master was behaving oddly.

It might not be true when the five of them claimed to have not located the Interspatial Ring—what if one of them was lying?

Not only did Saber Master not doubt anyone, but also wanted them to leave quickly. Something smells fishy.

"In conclusion, there's only one possibility which is you must have found Old Gu's Interspatial Ring and kept it. That's why you didn't care about the four of us and didn't even think about forcing us to tell the truth as it was unnecessary, was it not?"

"Saber Master, I wonder if my deduction is correct?" Devilish Wind King looked at Saber Master with a sly smile.

Jian Wushuang's expression was also very strange.

He did not leave immediately because he saw right through Saber Master as well.

He and Devilish Wind King shared the same doubts.

Hong Chen and Long Xianzi both gave a side glance to Saber Master as soon as Devilish Wind King finished talking.

"Saber Master, is it true?" Hong Chen was staring at Saber Master.

Saber Master denied, "Nonsense! I didn't persecute or attack any of you because we have gone through thick and thin in this secret realm together. Why are all of you suspecting me now?"

"Haha, Saber Master, is that really the truth? Although we came to this secret realm together, we're here only for our interests. Everyone knows quite well the length our friendship extends to or rather the lack of it. Even if we do, no one will be able to withstand the temptations, right?" Devilish Wind King sneered.

Hong Chen, Long Xianzi, and Jian Wushuang had cold expressions on their faces.

"Saber Master, is Old Gu's Interspatial Ring really in your hands?" Long Xianzi was staring at Saber Master.

"No," said Saber Master coldly.

"No one will believe that. Let's do it this way, you should take out your Interspatial Ring and let all of us skim through it. We'll apologize to you if Old Gu's ring is truly not there. How about that?" Grand Ultimate God Hong Chen suggested.

Saber Master smirked. "What a joke. I said I didn't have it and that's it. Who do you think you are to make me put my Interspatial Ring up for investigation? Are all of you Undying Saints? Even if you're Undying Saints, there's no way I'll obediently hand over my Interspatial Ring for an inspection!"

"Don't blame the four of us if this is the case." Grand Ultimate God Hong Chen sounded gloomy before he immediately looked at the three people beside him. "Long Xianzi, Su Han, and Devilish Wind King, what do the three of you think?"

"We can only try some harsher methods since Saber Master chose not to cooperate," said Long Xianzi with her green spear already out.

Jian Wushuang and Devilish Wind King were staring down at Saber Master.

The four people did not communicate too much but had nonetheless reached a consensus.

They were almost certain that Old Gu's Interspatial Ring was with Saber Master and extremely eager for the opportunities contained therein.

Therefore, the other four members had decided to gang up and force Saber Master into handing the Interspatial Ring over!

Chapter 2735: Oppression

"The four of you want to fight me?" Saber Master's cold gaze swept across Jian Wushuang and the other three Grand Ultimate Gods as a terrifying breath of aura started brewing in his body.

It felt like he was far more powerful than the average High-level Grand Ultimate Gods such that both Hong Chen and Long Xianzi felt inferior.

Jian Wushuang and the other three were in a stand-off against Saber Master.

Even though it was four against one, the four of them were aware of Saber Master's much stronger strength when compared to the average High-level Grand Ultimate Gods.

In that case, the four of them might have a slim chance of winning against Saber Master by teaming up.

"Be careful and don't be careless," Grand Ultimate God Hong Chen reminded the other three.

"Of course, look what I've received." Long Xianzi's eyes narrowed before flipped her hand to reveal a bronze mirror.

The bronze mirror started to be filled with a faint golden mist in which Long Xianzi then pointed her finger.

Buzz!

The bronze mirror was emitting fulgurant golden lights.

Each stream of the golden lights was extremely dazzling and bright. The countless light streams then started to come together densely at an astonishing speed.

In the blink of an eye, those golden light rays filled the surrounding void and superimposed each other to instantly form a Golden Light Domain.

"Domain Oppression!"

Long Xianzi announced in a thunderous voice as the Golden Light Domain unleashed a powerful force against Saber Master.

Saber Master quivered slightly with a strange luster flashed in his eyes. "A Domain Treasure? Judging from its power, this must be a Pinnacle Heavenly Treasure! Long Xianzi, you've got a great gift from this secret realm."

Long Xianzi merely smiled faintly.

Ordinary Heavenly Treasures served no purpose to Heaven Ultimate God or Grand Ultimate God cultivators.

Even a High-level Heavenly Treasure was nothing in the eyes of Grand Ultimate Gods.

On the other hand, Pinnacle Heavenly Treasures were rather precious.

An Offensive Divine Weapon Pinnacle Heavenly Treasure would attract the attention of ordinary Grand Ultimate Gods whereas a Defensive Armor Pinnacle Heavenly Treasure was coveted by many Grand Ultimate Gods. Long Xianzi had taken out a very special Doman Treasure Pinnacle Heavenly Treasure!

A Domain Treasure was much more precious than a defensive armor.

Long Xianzi's bronze mirror's value was extraordinary. It was impossible for a High-level Grand Ultimate God such as herself to possess such a valuable treasure under normal circumstances. She was likely to have gotten that treasure from the secret realm.

Each of them received an Interspatial Ring when they first arrived at the ancient castle in which it came with previous treasures. For instance, Jian Wushuang had gotten five Huangji Golden Pill.

The four of them except Jian Wushuang were at the secret realm 50 years ago and had also received an Interspatial Ring each.

In other words, Long Xianzi had at least two treasures with the bronze mirror being one of them.

"The treasure is good, but your divine power is mediocre. The domain oppression won't have much effect on me." Saber Master's voice was cold. His breath of aura had weakened but not by a lot despite under the Golden Light Domain's oppression—his breath of aura was still rather strong nonetheless.

Jian Wushuang took a step forward.

"Long Xianzi, let me help you."

A majestic golden divine power surged behind Jian Wushuang while Jian Wushuang spoke. In the blink of an eye, a 10,000-foot-tall Golden Emperor was formed behind him.

The Golden Emperor wore golden armor that looked intimidating as though it ruled over everything beneath him.

Jian Wushuang then pointed his finger.

Whoosh!

The golden divine power sea hit with strong propelling force.

Although the golden divine power sea came like a tidal wave, it did not hit the Golden Light Domain but instead overlapped with the Golden Light Domain under Jian Wushuang's careful control and instantly conjured a huge Golden Prison within Heaven and Earth with the golden lights enshrouded the Golden Prison.

Golden Light Domain and Prison of Punishment—the double domain oppression had superimposed.

Jian Wushuang's Divine God of Punishment had reached a height of 10,000 feet—it was the technique's third level. The Prison of Punishment was being displayed once again with its power being much stronger than before as it came with even more impressive domain oppression.

Saber Master's face sank under the pressure of the double domain oppression that was building up over his body that in turn increased the oppression acting on him.

"A Domain Secret Technique? Haha, not bad! Is there any more?" Saber Master jeered.

"There is of course." Jian Wushuang smiled indifferently before his sword intent rose to the heavens as he displayed his 100,000 mile Sword World.

"Principle World?" Saber Master smiled contemptuously as he too discharged saber intent and formed a terrifying Principle World.

The two Principle Worlds collided.

It was only a matter of seconds when... Swoosh! The Principle World conjured by Saber Master was completely crushed, shrunk, and eventually collapsed.

Saber Master was horrified. "What? Both of us performed a complete Principle World. In addition, I achieved my Complete Principal World much earlier than him so my principle world should be more stable. Why did it crash when mine collided with his?"

"How incredible is his Principle World?"

Saber Master had no idea that Jian Wushuang's Principle World was at 100,000 miles.

Jian Wushuang was the only person who could perform that level of strength.

The horrifying Principle World could suppress much higher leveled opponents. For example, Jian Wushuang's Principle World could already suppress Profound Sword Worlds while still at the Merit level. Jian Wushuang and Saber Master both had Complete Principal World and stood at similar levels. However, he could easily defeat Saber Master's Principle World when Jian Wushuang displayed a small portion of his power.

After Saber Master's Principle World had collapsed, Jian Wushuang's Sword World started oppressing Saber Master.

It was equivalent to Saber Master being triple-oppressed at the moment. The triple-oppression power was extremely powerful such that Saber Master showed a twisted expression as he struggled to ward off the oppression.

Saber Master was powerful indeed. However, his strength was weakened to a very low level under the triple oppression.

Of course, Jian Wushuang had conserved his power as he was capable of performing a fourth suppression which was the extremely powerful Star Armor Domain of the Nine Sparkle Star Armor, but he did nothing as such.

Hong Chen and Devilish Wind King who were in the void had noticed the tremendous oppression Saber Master had been subjected to and were overjoyed.

"Alliance Master Su Han, good work." Long Xianzi glanced at Jian Wushuang.

"It's great." Grand Ultimate God Hong Chen added.

"Saber Master can only probably exert less than seventy percent of his usual powers. You guys can go ahead." Jian Wushuang smiled.

Chapter 2736: A Fierce Battle

Boom! Boom!

Hong Chen and Long Xianzi directly took action.

The Grand Ultimate God Hong Chen had an extremely wild aura and the moment his aura came storming outward, his figure also grew three meters tall. He became extremely strong and burly like a small mountain and even had on completely black armor that looked like beasts' scales. The armor looked extremely cold as it covered his entire body while his burly body came hitting Saber Master ferociously.

An illusory shadow of an extremely huge beast that looked imposing and ferocious also appeared behind him.

Long Xianzi controlled the Golden Light Domain and also came attacking speedily. She appeared beside Saber Master like a ghost as a wave of terrifying aura coagulated on the green spear in her hands as though it was prepared to carry out a fatal attack.

On the other hand, Jian Wushuang and Devilish Wind King were only Primary-level Grand Ultimate Gods on the surface so they could not rush forward and fight face to face with Saber Master, hence they searched for an opportunity from the side. For example, Jian Wushuang had nine of his Infernal Crimson Divine Swords floating there with all of them combined to form a huge black divine sword.

"Attack!" Grand Ultimate God Hong Chen's ruthlessness exploded and was the first to appear beside Saber Master as his mountain-like figure went knocking into the latter.

"Humph." The Saber Master humphed coldly as his combat power was still extremely strong even though he was being suppressed by three parties with his output only at less than 70 percent.

He could be seen suddenly striding forward as he waved the purple battle saber in his hands outward. An overpowering saber-light went sweeping forward with burning purple flames and looked like it intended to burn the entire void down.

Boom!

The humongous purple fire sea slightly shook after Grand Ultimate God Hong Chen knocked into it.

However, the burning temperature in the sea of fire also caused Grand Ultimate God Hong Chen's facial expression to slightly change as his body came to a direct pause.

Whoosh!

A rotating spear shadow with incomparable strength and power came stabbing toward Saber Master's head like a dragon coming forth from its lair.

The Saber Master was aware earlier of what was going on. His body slightly trembled before unleashing an attack with his saber which directly sent the spear shadow flying outward and Long Xianzi stumbling backward.

'What a strong wave of power. He still has such an overpowering force even though he's being suppressed by three forces?' Long Xianzi was completely stunned.

However, a black divine sword came rushing towards him like a mountain drill the moment Saber Master fought off Long Xianzi.

The black divine sword not only carried the power of Transmigration Law but also emitted a strong aura of destruction.

The first sword formation of the Transmigration Sword Formation—Heaven's Edge!

"How dare a firefly to contend with the sun or moon's brightness!" The Saber Master smiled in disdain as he did not even pull his saber when facing the sword formation. He only slightly moved his body before a huge wave of divine power coagulated into a huge fiery beast in the void ahead of him. The fiery beast managed to send the black divine sword flying with only a forward pounce.

"Great." Jian Wushuang spoke with uncontrollable admiration, but a smile soon appeared at the corners of his mouth. "Let's try this then..."

Jian Wushuang's divine power exploded as the power of Transmigration Law had also been unleashed.

The black divine sword that was sent flying backward suddenly dismantled into nine Infernal Crimson Divine Swords amid the void before quickly combining again.

However, the swords did not turn into the black divine sword but became a black blunt object that looked like a huge piece of black-colored wood.

The huge black wood was still in the shape of a sword.

Boom!!

The huge black wood once again attacked Saber Master under Jian Wushuang's control.

The huge black wood was much slower compared to the black divine sword but had even more terrifying power concealed within it.

The second sword formation of the Transmigration Sword Formation—All Sank!

The Saber Master's eyes froze when facing the huge black wood and chose to swing his saber at that moment.

Bang!!

Purple flames filled the entire space as the terrifying saber shadow directly knocked into the huge black wood.

A low collision sound could be heard as the huge black wood slightly trembled before it resumed its attacks.

"Hmmm?" The Saber Master's facial expression darkened. "It looks like I've underestimated you. You may have been lucky when you killed Fo Yi as a Peak Heaven Ultimate God but you're really quite strong. At the very least, the power from this sword formation you're showing right now is already comparable to ordinary High-level Grand Ultimate Gods.

"Unfortunately, all of you are still very far off if you want to get rid of me using such methods!!" The Saber Master's voice was so loud that the sky trembled. His body was soon covered in burning purple flames.

At that moment, the dark void around them was completely engulfed in a sea of purple flames.

The purple flames were pounding around madly which caused a certain effect toward Jian Wushuang's Prison of Punishment and Long Xianzi's Golden Light Domain.

The Saber Master had also completely erupted.

He swung the purple saber in his hands over and over again. Every wave was accompanied by raging fires and ferocious power. The power of his saber skill was still suffocatingly strong under the three parties' suppression.

He had transformed into a King of Flames and also a Saber Master. He and his saber alone could sweep and destroy everything in the Heavens and Earth.

Jian Wushuang, Hong Chen, Long Xianzi, and Devilish Wind King who had been looking for an opportunity to attack did not have any advantage despite working together. On the contrary, they were being forced into a disadvantageous position.

"He's really powerful. He's truly one of the top three High-level Grand Ultimate Gods in the Danyang Continent. His current show of power is after being suppressed by three parties. We won't be his opponent even if the four of us work together if his power completely erupted without any suppression," said Long Xianzi in a low voice.

"Humph, so what if he's powerful? He has to die if he doesn't hand over the Interspatial Ring!!" Grand Ultimate God Hong Chen humphed coldly before moving his body and suddenly waved his hand the moment he collided with Saber Master.

Whoosh! Whoosh! Whoosh! Whoosh!

Four cold figures suddenly appeared in the void beside them.

Those four figures looked like humans but were cold and lifeless. Apart from that, they had a layer of bronze-colored light covering their body surface.

"These are...Corpse Puppets?" Jian Wushuang's facial expression changed.

“Four Bronze-armored Corpse Puppets?” Long Xianzi and Devilish Wind King also looked at Grand Ultimate God Hong Chen in surprise.

“Grand Ultimate God Hong Chen, how did you obtain Bronze-armored Corpse Puppets? Could it be...” Long Xianzi’s facial expression changed as she thought of a possibility.

She obtained two Interspatial Rings from the secret realm respectively and got her hands on two special treasures. One of them was the bronze mirror that unleashed the Golden Light Domain.

Grand Ultimate God Hong Chen had also obtained two Interspatial Rings. He might have obtained several Bronze-armored Corpse Puppets from those rings.

“Attack!!” Four Bronze-armored Corpse Puppets appeared in the void as Grand Ultimate God Hong Chen gave an order.

In the blink of an eye, those four Bronze-armored Corpse Puppets immediately attacked Saber Master.

Chapter 2737: Holy Treasure Purple Bell

Boom! Boom! Boom! Boom!

All four Bronze-armored Corpse Puppets were extremely ferocious and completely obeyed Grand Ultimate God Hong Chen’s order as they directly turned into four lightning bolts before appearing in front of Saber Master.

The Saber Master smiled in disdain when he saw that. “What can a mere four Bronze-armored Corpse Puppets do to me?”

The Saber Master was extremely vigorous as he moved forward before taking his battle saber out of its sheath which by then a sea of purple flames had completely covered the four Bronze-armored Corpse Puppets.

All of them had previously come across Bronze-armored Corpse Puppets that only had the combat prowess of ordinary High-level Grand Ultimate Gods. Therefore, the Saber Master did not pay much attention to them even if there were four Bronze-armored Corpse Puppets. He waved the battle saber in his hands in a powerful manner the moment the sea of purple flames covered the Bronze-armored Corpse Puppets.

Whoosh~~

The horrendous saber-light tore through heaven and earth as it came cutting down with its terrifying power.

Even the purple flames sea was broken by the saber-light. However, he discovered all four Bronze-armored Corpse Puppets had merged into one before the saber-light managed to reach the four Bronze-armored Corpse Puppets. The combined puppet punched forward and directly broke the saber-light into pieces.

“What?” The Saber Master was puzzled.

“Haha... Saber Master, do you really think I only got those four Bronze-armored Corpse Puppets from this secret realm? In truth, not only did I obtain these four Bronze-armored Corpse Puppets, but I’ve also got a simple corpse puppet formation. This formation allows for those four Bronze-armored Corpse Puppets to combine and display combat prowess comparable or stronger than Silver-armored Corpse Puppets!” Grand Ultimate God Hong Chen laughed out loud and said.

The Saber Master’s facial expression slightly darkened as he initially did not pay much attention to these four Bronze-armored Corpse Puppets moments ago.

However, the four Bronze-armored Corpse Puppets combination had brought him some pressure.

“Attack!”

“Let’s attack together and kill him!” Hong Chen, Long Xianzi, and Devilish Wind King were filled with the intent to kill.

Naturally, Jian Wushuang also took action and manipulated his Transmigration Sword Formation to carry out attacks. However, he held back some of his power in every attack and had been hiding his true strength the whole time even until that moment—the power he had shown was only of an ordinary High-level Grand Ultimate God’s.

Not only the Saber Master, but Hong Chen and the others had also not suspected anything out of the ordinary when they witnessed that.

The pressure placed on the Saber Master increased as the combination of those four Bronze-armored Corpse Puppets through the use of a formation joined the battle. Hong Chen and Long Xianzi took the opportunity to take action which caused a huge part of the Saber Master’s strength to be suppressed. It was obvious the Saber Master could not endure their attacks under such circumstances and seemed as though he was going to lose.

“Haha... He won’t be able to continue for much longer. Fight with greater strength and kill him!” Grand Ultimate God Hong Chen looked extremely excited.

“Saber Master, we’re willing to cease our attacks if you obediently hand over the Interspatial Ring. However, if you continue to act so stubbornly—you’ll definitely die today!” Long Xianzi also yelled out coldly.

“Humph, you must be joking.” Although Saber Master was in a slightly embarrassed state, the look in his eyes was still extremely cold.

“Die!!” Long Xianzi no longer held back!

Hum!!

The huge black wood formed from the nine Infernal Crimson Divine Swords once again attacked Saber Master.

Saber Master resisted with his full might but accidentally revealed a flaw that Long Xianzi happened to spot.

“Die!!” The green spear in Long Xianzi’s hand directly pierced forward like a green rainbow with a strong whistling sound.

The green spear pierced through the void and was about to hit Saber Master’s head.

At that moment...

Hum!!

The sound of an ancient clock could suddenly be heard and the purple halo covering the outer skin layer of Saber Master’s body suddenly rose upward. The purple halo was a huge purple clock that completely covered Saber Master. Long Xianzi’s green spear had stabbed onto that purple clock which caused the clock to tremble slightly while giving out a crisp sound.

The clock’s sound was extremely ghostly such that even Long Xianzi’s soul was slightly affected as the sound spread.

“How’s this possible?” Long Xianzi was surprised.

She found a great opportunity to take action with such difficulties and originally thought that even if her attack could not kill Saber Master, she would be able to injure him badly. Unfortunately, the purple clock engulfing Saber Master’s body had completely blocked the attack.

“The purple clock has such strong defensive power!” Hong Chen and Jian Wushuang also looked seriously at the purple clock engulfing Saber Master’s body.

“Humph! Do you think you’re the only ones who have gotten precious items from the secret realm? Do you think I’ve received nothing?” Saber Master had a cold smile even though he was being covered by the purple clock. “I got this purple clock from the secret realm fifty years ago and was already extremely delighted because of it. However, the item I obtained from the secret realm this time is even stronger!”

Jian Wushuang, Hong Chen, Long Xianzi, and Devilish Wind King squinted.

They were able to recognize the purple clock was extremely strong and should be a precious Pinnacle Heavenly Treasure. Its value was definitely not lower than Long Xianzi’s bronze mirror.

However, the Saber Master mentioned the precious item he obtained from the secret realm at that time was even more precious than the purple clock?

What precious item could that be?

The Saber Master swept past the group of four with a cold look in his eyes. He then flipped his hand as the purple battle saber in his hands disappeared.

A crimson-colored battle saber that was covered in burning red flames replaced it.

The battle saber’s color was entirely crimson such that when Jian Wushuang and the rest took a look at it, they felt like they had seen a boundless sea of blood where everything was dyed in red.

They could feel the mystical weapons in their hands tremble the moment the battle saber appeared in Saber Master’s hand.

"This is..." Hong Chen and Long Xianzi fixated their gaze on the crimson-colored battle saber.

"This battle saber is definitely not a Heavenly Treasure. An Ordinary-level Heavenly Treasure won't make us feel this way—not even one at the peak." Devilish Wind King even had a horrified look on his face.

"This isn't a Heavenly Treasure, it's so much stronger than one such that even my Blood Mountain Sword trembled slightly. The battle saber should be a Holy Treasure!" Jian Wushuang coldly said.

Holy Treasure...

Those two simple words had caused Hong Chen, Long Xianzi, and Devilish Wind King's facial expression to darken.

The Holy Treasures were precious items that even Undying Saints paid high importance toward.

The cultivation of any Holy Treasure was extremely difficult. Its value and power were outrageously strong. It was not something comparable with Heavenly Treasures.

Many Undying Saints with ordinary strength still did not have a suitable mystical weapon of the Holy Treasure level with many still only using Pinnacle Heavenly Treasures.

The power displayed by an Undying Saint that owned a Holy Treasure and one that used Heavenly Treasures was vastly different under circumstances where both had similar personal strength.

It was the reason a Holy Treasure would be so highly valued by others.

However, the Saber Master actually owned a Holy Treasure that many powerful Undying Saint did not have at that moment?

Chapter 2738: Swept Away

Holy Treasure.

A Holy Treasure in the hands of an Undying Saint was rumored to be capable of releasing earth-shattering power.

Even though Saber Master was not an Undying Saint and unable to truly unleash the Holy Treasure's potential power, it would still be extremely terrifying for him to even unleash part of its power.

"I previously obtained Master Gu's Interspatial Ring and was quite satisfied with my gains of the purple clock and this battle saber so I did not think about attacking you to snatch your precious items. Unfortunately...you came to me by yourself, hence you cannot blame me for what's about to happen next." Saber Master smiled coldly as he looked at them snarkily with his eyes.

"So it's true that he obtained Master Gu's Interspatial Ring," Devilish Wind King growled slowly.

"He has finally admitted to it?" Hong Chen and Long Xianzi also had darkened expressions on their faces.

"Haha...so what if I've admitted to it? Do you guys plan to snatch the Interspatial Ring from me?" The Saber Master scoffed. "You guys should think about how to survive my attacks first."

A murderous intent flashed through the Saber Master's eyes once he finished speaking.

Boom!

Saber Master moved with the purple clock still engulfing his body as he held the crimson battle saber in his hands while burning flames rose.

The crimson battle saber attacked Grand Ultimate God Hong Chen in an imposing and unstoppable manner like it was the king of sabers!

"Block him!!" Grand Ultimate God Hong Chen realized it was not a good idea to trifle with the Saber Master at that moment, hence he did not proactively move forward to engage the Saber Master. He instead ordered the four Bronze-armored Corpse Puppets to form the corpse puppet formation and faced the attack.

"Shoo!" The Saber Master shouted angrily and waved his crimson battle saber.

Hum!!

A wave of horrendous power suddenly arrived.

Saber Master's strength did not experience any great elevation as he was still under the Golden Light Domain, Prison of Punishment, and Sword World's triple suppression.

The saber skills he displayed were one he previously displayed with the only difference being the changed mystical weapon in his hands.

Previously, it was only an Offensive Divine Weapon at the Pinnacle Heavenly Treasure level which was switched to a Holy Treasure level at that moment.

There was a huge difference between both items.

Bang!

Heaven and Earth trembled following a loud bang.

The violent divine power formed a storm and unscrupulously swept towards its surrounding.

Amid the divine power storm, the corpse puppet formation formed by the four Bronze-armored Corpse Puppets instantly collapsed with two of the four Bronze-armored Corpse Puppets killed on the spot while the remaining two were sent flying away.

"What?" Grand Ultimate God Hong Chen's facial expression immediately changed when he saw that.

The corpse puppet formation's combat power formed by the four Bronze-armored Corpse Puppets was slightly stronger than a Silver-armored Corpse Puppet but they were instantly destroyed in the end by Saber Master in a single attack? Saber Master's strength had been elevated to such a level?

"Haha... Die!!" Saber Master laughed out loudly as he continued to attack Grand Ultimate God Hong Chen after defeating those four Bronze-armored Corpse Puppets.

"Shit!" Grand Ultimate God Hong Chen was shocked and tried to escape in a crazed manner.

Long Xianzi and Jian Wuhuang who were alongside him also tried everything they could to stop Saber Master.

However, Saber Master was extremely peremptory and completely unaffected. He already arrived behind Grand Ultimate God Hong Chen with just a couple of strides.

The crimson battle saber once again swung outward.

A crimson saber-light directly traveled forward brightly and dazzlingly.

The saber-light even carried burning flames around it.

Grand Ultimate God Hong Chen had a crazed look in his eyes when he saw the crimson saber-light coming toward him. Waves of dull lights also suffused from the black-colored armor covering his body like beast scales as a wave of ancient aura was unleashed.

Grand Ultimate God Hong Chen had wanted to forcefully endure the saber attack by relying on his Divine Body and the defensive armor covering his body.

However...

The crimson saber-light instantly cut the black armor following with some clanking sound before numerous scales on the armor immediately split apart before Grand Ultimate God Hong Chen's Divine Body was also directly cut open.

Whoosh!

The saber-light flew through Grand Ultimate God Hong Chen's body and reappeared from the other side.

Saber Master also appeared behind Grand Ultimate God Hong Chen with a cruel smirk at the edge of his mouth.

"How... How is this possible?" Grand Ultimate God Hong Chen's eyes glared openly with a disbelief expression.

He indeed felt the whole situation was unbelievable.

After all, the defensive armor he had on was a Pinnacle Heavenly Treasure he obtained from the secret realm.

The defensive armor was extremely precious with astounding physical protective capability. He was quite confident in the defensive armor hence he chose to forcefully endure Saber Master's attack in his moment of helplessness.

He felt he should be able to withstand the attack or at worst—badly wounded by it.

He was even prepared to be badly injured. However, he did not expect his Pinnacle Heavenly Treasure defensive armor would be immediately cut open by the battle saber.

The Pinnacle Heavenly Treasure defensive armor seems as though it was made out of paper before the Holy Treasure crimson battle saber?

“A Holy Treasure is truly a Holy Treasure.”

Grand Ultimate God Hong Chen smiled bitterly at the bottom of his heart but his chances of staying alive had been destroyed.

Long Xianzi next to him was also horrified when she saw the situation.

Saber Master took out the Holy Treasure battle saber and defeated all those four Bronze-armored Corpse Puppets with one move before also killing Grand Ultimate God Hong Chen with a single attack.

It had to be known that Grand Ultimate God Hong Chen was the strongest amongst them apart from Saber Master.

In addition, Grand Ultimate God Hong Chen had a Pinnacle Heavenly Treasure defensive armor but was still killed with a single hit. At that moment, if Saber Master wanted to kill them, would it not be...

“Run!!” Long Xianzi did not hesitate as she was already frightened out of her mind and dared not continue fighting with Saber Master. Instead, she immediately turned around and wanted to escape.

“You want to escape?” Saber Master still smiled coldly as he had been focusing on Long Xianzi since early on.

Although the four of them joined forces during the battle alongside the four Bronze-armored Corpse Puppets that besieged him, Hong Chen and Long Xianzi were the ones who had been confronting him head-on. Jian Wushuang and Devilish Wind King had been looking for opportunities to attack him, hence both of them were quite far away.

He had killed Grand Ultimate God Hong Chen at that moment, hence his next target would naturally be Long Xianzi.

“Die!” Saber Master was extremely hostile and moved speedily.

Although he was suppressed by domains, he was still much faster than Long Xianzi and had already caught up with Long Xianzi within moments.

He did not give Long Xianzi any chances to escape once he caught up to her.

“Saber Master, I don’t want Master Gu’s Interspatial Ring anymore. Please spare me,” cried Long Xianzi out in a shrill voice.

“Spare you? Haha... It’s too late now!!” The Saber Master smiled coldly.

He previously did not take action toward Long Xianzi and the rest as he had already gotten what he wanted. However, how could he stop at that moment since he had already taken action and killed Grand Ultimate God Hong Chen?

Chapter 2739: Deeply Hidden

Boom!

Saber Master’s aura was extremely violent as he gradually got closer to Long Xianzi.

“Saber Master, don’t you force me. You’ll have a terrible time if you push me too hard.” Long Xianzi suddenly yelled out loudly with a black bead in her hand. The black bead looked like a normal steel ball.

However, Saber Master was not the only one who could feel the horrendous destructive power from this black bead once it appeared. Even Jian Wushuang and Devilish Wind King in the void further away felt so.

“What’s that?” The Saber Master was stunned.

“This is the second precious item I’ve obtained from this secret realm—a Meteorite Bead. The first item is the Bronze Mirror that can release the Golden Light Domain while the other one is this Meteorite Bead. The Meteorite Bead is a domineeringly powerful single-use precious item. Its power is comparable to a full-strength blow of a Peak Grand Ultimate God. Saber Master, try it if you dare. The most terrible ending is a life and death struggle between the two of us!!” Long Xianzi acted as if she was crazy.

“Haha... A life and death struggle between us? You think too highly of yourself if you plan to scare me off by simply taking a bead out. What a joke? It’s best if you just accept your death.” Saber Master laughed loudly and did not slow down his speed.

Finally, he arrived behind Long Xianzi and waved the crimson battle in his hands.

Long Xianzi’s facial expression changed drastically as her beautiful eyes were filled with unprecedented madness and despair.

“Let’s die together then!!” A wretched scream could be heard reverberating across the sky as Long Xianzi activated her divine power with the black bead in her hand that floated some distance forward.

A wave of horrendous destructive power then immediately exploded from the black bead!!

The skies and land were ruined!!

The entire dark void was completely covered by the wave of destructive energy.

The humongous golden prison Jian Wushuang created was instantly destroyed at that moment.

The horrendous power was still crazily sweeping across such that it even affected Jian Wushuang and Devilish Wind King who were at the edge.

Jian Wushuang and Devilish Win King’s expression drastically darkened as they had to immediately retreat in a risky way to avoid the power.

The black void in front of them had been destroyed and was in complete silence.

“Such power!” Jian Wushuang could not help but exclaim.

Devilish Wind King exclaimed, “Long Xianzi was right. Meteorite Bead’s explosive power just now was comparable to a Peak Grand Ultimate God’s full-strength attack. It’s really powerful! I only wonder if Saber Master had died under such dangerous circumstances.”

Both Jian Wushuang and Devilish Wind King focused on the void in front of them.

The area’s situation soon appeared in their line of sight.

The dark void had regained its peace with Long Xianzi completely disappeared in the middle of the void. She had disappeared from being completely crushed by the horrendous power.

However, Saber Master was still standing in the void.

It could be seen that Saber Master was slightly pale with some blood trickling on the edge of his mouth. However, the aura on his body had not been weakened. The purple clock was still engulfing his entire body despite growing dull from withstanding the crazy attack just moments ago.

It could be seen that Saber Master had managed to withstand the terrifying power just moments ago and was not badly hurt.

The Bronze Mirror and Long Xianzi's Interspatial Ring fell into the Saber Master's hands with the wave of his hand.

Saber Master's cold eyes then looked over to Jian Wushuang and Devilish Wind King with killing intent.

"Hong Chen and Long Xianzi are dead. Both of you will be next." Saber Master had a snicker on his face.

Jian Wushuang and Devilish Wind King had darkened expressions on their faces.

"Alliance Master Su Han, don't hide any means that you have and use them all. Both of us might then have a chance to survive if we fight together," Devilish Wind King yelled from the side.

"Fight together?" Jian Wushuang smirked before his body trembled and completely unleashed his understanding of Space-time Law as he instantly retreated.

"Alliance Master Su Han!!" Devilish Wind King was startled before mumbling to himself, 'What a scum!!'

He originally thought Jian Wushuang would join him and try their best to fight Saber Master but did not expect Jian Wushuang would choose to immediately escape.

Saber Master laughed heartily when he saw that. "Haha... Su Han is really smart. He's well-versed in Space-time Law so he's quite fast. I'm not confident in killing him if he truly wants to escape in this dark void. However, Devilish Wind King—you don't plan to run even when Su Han escapes?"

Saber Master looked at Devilish Wind King with great interest.

Devilish Wind King initially looked grim but soon had some slight changes to his facial expressions.

He seemed to be extremely frightened previously as though he was intimidated by Saber Master's power. However, his expression had softened at the moment he was left alone to face Saber Master despite Hong Chen and Long Xianzi being killed while Jian Wushuang chose to escape from the fight.

A soft smile even started to grow on his face.

Devilish Wind King coldly said, "Saber Master, you've thought too highly of yourself. How are you worthy of forcing me to escape?"

Saber Master narrowed his eyes. "Oh, Devilish Wind King? Although you're only a Primary-level Grand Ultimate God, you're quite famous in the Danyang Continent. However, you've always been extremely

cunning which seems to be the truth. You must've some last resort that you've never used despite encouraging others to take action."

"You've been observing from the side previously when Hong Chen, Long Xianzi, and Su Han joined forces to kill me. You even wanted to make Su Han fight me with his full strength after I've shown my true strength by killing Hong Chen and Long Xianzi. Haha... You keep making us fight each other while you gain profits without doing anything. What a great plan.

"I just wonder if your last resort is strong enough and if you're planning to face me alone." Saber Master stared at Devilish Wind King but dared not underestimate him.

He was able to see the Devilish Wind King had been scheming against them since the beginning.

He had been encouraging them to fight but never showed any of his methods.

Devilish Wind King planned to only show his means at the moment Hong Chen and Long Xianzi died while Jian Wushuang escaped to the distant void.

The Saber Master was certain the Devilish Wind King relied on something but he had no idea what it was.

"Saber Master, you aren't too stupid. Unfortunately, the others aren't as smart as you." Devilish Wind King smiled lightly and waved his hand.

A figure appeared beside him out of nowhere.

Saber Master's originally quite calm facial expression suddenly changed when he saw the person's sudden appearance. "Devilish Wind King, you've hidden your intentions so deeply!!!

Chapter 2740: Devilish Wind King's Backing

"Devilish Wind King, you've hidden so deeply!!!" Saber Master tightened his fists as his eyes were filled with anger while he stared at Devilish Wind King and the figure that suddenly appeared beside him.

However, Devilish Wind King only smiled coldly.

On the other hand, the figure beside him was a bald man that was almost two meters tall. The bald man seemed lifeless without a hint of vitality and was another corpse puppet.

However, gentle golden lights were being released from his body.

Gold... Gold-armored Corpse Puppet!!

The bald man was a Gold-armored Corpse Puppet!!

Previously, they chose to run without any hesitation when they were in the cemetery as they did not dare to fight a Gold-armored Corpse Puppet whenever they came across one.

Every Gold-armored Corpse Puppet had the combat power of a Peak Grand Ultimate God.

However, the Devilish Wind King had waved his hand and taken out a Gold-armored Corpse Puppet at that moment?

“Saber Master, I have to admit that both items that you previously obtained during these two trips to the secret realm—the purple clock on your body and the Holy Treasure battle saber are extremely rare. The precious items you obtained must be the best compared to the rest. Unfortunately, my luck is better than yours!!” Devilish Wind King smiled.

“The first item I obtained fifty years ago when I came to this secret realm with all of you is this Gold-armored Corpse Puppet. The item I obtained this time is also a corpse puppet.” Devilish Wind King once again waved his hand as he spoke before another figure appeared beside him.

It was another corpse puppet but with a gentle silver light being released from its body. It was a Silver-armored Corpse Puppet.

A Gold-armored Corpse Puppet and a Silver-armored Corpse Puppet stood next to the Devilish Wind King with one on the right while the other on the left. Devilish Wind King had a ghastly smile on his face.

Saber Master’s expression had grown extremely dark.

He never imagined the two precious items Devilish Wind King obtained from the secret realm were two corpse puppets. The Silver-armored Corpse Puppet was still fine but he even obtained a Gold-armored Corpse Puppet which had the combat power comparable to a Peak Grand Ultimate God.

“No wonder... No wonder you tried your best to get them to kill me. You wanted to get rid of the others with my power before dealing with me using your full strength,” said Saber Master in a low voice.

Devilish Wind King also directly admitted, “Indeed, if I directly took action when Hong Chen and Long Xianzi were still here, I’ll still be able to overpower all of you with the Gold-armored Corpse Puppet. However, if you were able to keep the Gold-armored Corpse Puppet occupied for a moment, Hong Chen and Long Xianzi would be able to take action and could’ve easily killed me as I’m quite weak.

“However, Hong Chen and Long Xianzi have died while Su Han escaped—leaving just the two of us. Apart from that, the power from Long Xianzi’s Meteorite Bead just now had wounded you. Under such circumstances, the Gold-armored Corpse Puppet from my two corpse puppets would be enough to kill you while the Silver-armored Corpse Puppet will be guarding me—leaving you with no opportunities!

“You’re sure to die!

“Kill!” Devilish Wind King yelled coldly and ordered the Gold-armored Corpse Puppet beside him.

The two meters tall Gold-armored Corpse Puppet’s horrendous aura was immediately unleashed. Its humongous body transformed into a stream of golden light before directly attacking Saber Master.

Saber Master’s facial expression darkened as he immediately swung the battle saber in his hands. A glaring crimson saber-light fiercely slashed outward.

Saber Master had activated a huge portion of the Holy Treasure’s power.

However, the Gold-armored Corpse Puppet did not retreat when seeing the crimson saber-light. It also had a huge saber in his hands and straight-forwardly slashed forward fiercely.

Clank!

The crimson saber-light immediately dimmed down with a loud bang as Saber Master was sent flying backward.

“The power of a Peak Grand Ultimate God...” Saber Master’s facial expression darkened.

It was true that he was extremely strong and considered one of the top powerhouses among High-level Grand Ultimate Gods. He was almost invincible among High-level Grand Ultimate Gods when combined with his Holy Treasure. Ordinary High-level Grand Ultimate Gods such as Hong Chen and Long Xianzi were easily defeated by him even though they had used many means and precious items.

However, he was unable to compete against a true Peak Grand Ultimate God regardless of how powerful he was.

The Gold-armored Corpse Puppet indeed had the combat power of a Peak Grand Ultimate God.

Apart from that, the Gold-armored Corpse Puppet was too peremptory.

He was much more brutal compared to Saber Master and was extremely fast as the Gold-armored Corpse Puppet rushed toward Saber Master. The saber in his hands was extremely strong as he waved it crazily, purely suppressing Saber Master with his strength.

The saber-light was swift and carried thunderous power as it completely locked onto Saber Master. Saber Master could only helplessly withstand the attack with his saber.

However, he was completely crushed by the Gold-armored Corpse Puppet’s terrifying power during every collision with the residual power affecting the purple clock on the surface of his body.

Every collision carried such results and after dozens of times, the purple color of the purple clock on the surface of his body had become extremely dull as though it was going to completely break.

“D*mn it, I can’t hold it anymore.” Saber Master’s complexion had turned slightly pale.

Although the purple clock was a powerful defensive item, it was not completely invincible.

The purple clock soon reached its endurance limit after repeatedly facing such strong impacts over and over again under such collision and overpowering strikes.

Finally, the purple clock covering Saber Master’s body directly broke with a loud bang.

A strong collision directly impacted Saber Master’s divine body and caused him to let out a muffled humph as blood immediately trickled from the corners of his mouth.

“Haha... He finally fails to withstand the attack. Gold-armored Corpse Puppet, kill him!!” Devilish Wing King had been observing from a void not far away and was delighted when he saw the purple clock on Saber Master’s body surface had broken down.

Saber Master naturally entailed strenuous effort to withstand the Gold-armored Corpse Puppet without the purple clock’s protection.

His divine body had also failed to withstand the continuous collisions, hence his wounds worsened while his aura grew weaker.

Saber Master had undoubtedly been forced to his very limits.

'I'll die if this continues.' Saber Master looked at the dark voids around him with cold eyes. It was not that he did not want to escape but he was different from Jian Wushuang. He was unfamiliar with Space-time Law and could not travel speedily. Apart from that, the Gold-armored Corpse Puppet was much faster than him and would not give him any chance to escape.

He also thought about killing Devilish Wing King but the Gold-armored Corpse Puppet blocking him was giving huge pressures—disabling him to do anything else. The most important matter was Devilish Wind King still had a Silver-armored Corpse Puppet by his side. Even if he was lucky enough to get rid of the Gold-armored Corpse Puppet and arrived in front of Devilish Wing King, Devilish Wing King could still stop him by getting the Silver-armored Corpse Puppet to take action.

Just when Saber Master was forced into desperation and thinking hard to form countermeasures.

"Hmmm?" Saber Master's expression suddenly wavered because he noticed a figure had arrived in the void not far behind Devilish Wind King.
