

Swordsman 2811

Chapter 2811: Blood Solidification

— —

There were countless secret techniques in the absolute beginning divine realm.

There were those that could increase one's strength and power, and those that could increase one's protective ability. Naturally, there were also secret techniques that could increase one's speed.

The Marquis of Three Yin in front of him should have cultivated a very powerful secret technique that could increase one's speed.

With the help of the secret skill, his speed and his attack speed were greatly improved.

Otherwise, his speed would not be so fast.

"Damn it, he is so fast that even I can't resist him." Jian Wushuang frowned.

He had fought with Marquis of Three Yin hundreds of times, so Marquis of Three Yin was faster than him. Under such circumstances, he was under more and more pressure and could not hold on any longer.

Clang!

There was another sound of metal colliding. Jian Wushuang's blood mountain sword was forced to move to the side.

"A flaw!"

Marquis of Three Yin's eyes narrowed. He waved his right hand, and a sharp scarlet claw tore through the air and directly attacked Jian Wushuang's divine body.

Jian Wushuang could not defend against this claw with his blood mountain sword.

However, just as the scarlet claw was about to touch his divine body, a hazy purple light suddenly burst out from Jian Wushuang's body.

The purple light continued to expand, forming a layer of purple barrier in an instant. At the same time, a faint ancient bell sound echoed.

It was Jian Wushuang's protective treasure, the Purple Emperor Bell.

The claw grabbed the purple bell, causing it to emit a clear bell sound. The color of the bell dimmed slightly, but the power of the claw was completely blocked by him.

"Huh?" Marquis of Three Yin's face darkened. He quickly retreated and pulled away from Jian Wushuang.

Standing in the void far away, the Marquis of Three Yin looked at Jian Wushuang again.

“A protective treasure? And it seems to be quite powerful?” The Marquis of Three Yin murmured.

He did not know that the Purple Emperor Bell was obtained by Jian Wushuang after he killed Saber Master in the secret realm. It came from that secret realm.

The secret realm was left behind by the rule master, so any treasure that appeared from there was nothing special.

The Purple Emperor Bell’s protective ability was, of course, very strong.

“With such a protective treasure in hand, I’m afraid such an attack can’t do anything to you. In that case, I’ll have to use my killing move.” The Marquis of Three Yin’s eyes were filled with a fierce light, and there was a layer of blood-red mist surrounding his body.

Without any warning, the Marquis of Three Yin appeared directly in front of Jian Wushuang.

He waved the sharp claw in his right hand again.

It looked no different than before, and Jian Wushuang subconsciously waved his blood mountain sword to block it.

However, just as the blood mountain sword was about to collide with the sharp claw, the sharp claw disappeared in front of him.

“Is this... a phantom?” Jian Wushuang’s face changed.

Marquis of Three Yin sneered and condensed the divine power in his hand. “Divine heart-gouging claw!”

“Chi!!”

The blood-red claw grabbed Jian Wushuang’s heart with blood-red power.

The barrier formed by the Purple Emperor Bell was still in front of the blood-red claw. However, as soon as the blood-red claw touched the Purple Emperor Bell, it opened its five fingers.

The five streams of light were like five sharp sword rays, and a terrifying power burst out.

Crack!

Cracks appeared in the place where the blood-red claw touched the previously indestructible barrier of the Purple Emperor Bell.

Then the entire barrier of the Purple Emperor Bell was completely broken.

“It broke my Purple Emperor Bell in one strike?” Jian Wushuang was shocked.

He immediately understood that this claw was the ultimate skill created by the Marquis of Three Yin. It was extremely powerful and extremely ghostly.

“Die!”

The blood-red claw broke the barrier of the Purple Emperor Bell and continued to attack Jian Wushuang’s divine body.

However, Jian Wushuang's body-protection ability was not limited to the Purple Emperor Bell. His own body-protection ability was extremely powerful. The claw had already used up about 80% of the Purple Emperor Bell's power, leaving only 20% of its power, it was only enough to break through the dark golden armor formed by the nine luminaries star armor.

Whoosh!

Jian Wushuang was still sent flying heavily, but he soon regained his footing.

He stood in the void and stared at Marquis of Three Yin with a grave expression.

"As expected of the invincible divine master. He's really strong!" Jian Wushuang sighed inwardly.

"Just this claw alone can't hurt him?" The Marquis of Three Yin looked at Jian Wushuang and frowned slightly.

That claw was indeed one of the ultimate skills he had created, but it obviously could not hurt Jian Wushuang. It had only broken the Purple Emperor Bell on his body.

"It seems that I have to use my last move."

Marquis of Three Yin murmured, but his expression became extremely cold.

"Sword One, you can only be proud of being able to force me to use my strongest move, even if you die on the spot." The Marquis of Three Yin's voice echoed throughout the world.

Upon hearing this, Jian Wushuang's face could not help but darken.

"This guy actually has some tricks up his sleeve?"

"I thought that claw just now was his strongest move, but he actually has an even stronger move?"

"If I'm not mistaken, that claw just now should be the ultimate skill, and now he has an even stronger move. In other words, he created two ultimate skills at the same time?"

The experts of the Sword Alliance were also trembling in fear.

From the beginning of this battle, they knew that this battle was not something they could interfere with.

Even Elder Tong was not qualified to participate in such a big battle. They could only stand in the distance and watch quietly.

The Marquis of Three Yin did not say any more nonsense. His expression was cold, and the vast blood-colored fog on his body swept out crazily.

The blood-colored fog began to become extremely dense, like blood clouds that covered half of the world.

In the blink of an eye, the blood-colored fog that filled the sky formed a huge creature in the void.

It was a blood-colored giant wolf that was hundreds of meters tall and awe-inspiring.

This blood-colored giant wolf had scarlet fur, scarlet eyes, and scarlet fangs. The most eye-catching part was its four sharp claws.

Each of the four sharp claws was several meters long. Under the illumination of the light, they looked extremely cold and frightening.

The giant blood-red wolf appeared in front of Jian Wushuang and stared at him with its scarlet eyes.

Jian Wushuang stood there and could not help feeling a little frightened when being stared at by the giant blood-red wolf.

At this moment, the Marquis of Three Yin, who was covered by the giant blood-red wolf, suddenly had a cold look in his eyes.

“Swish!”

The giant blood-red wolf rushed forward and raised one of its four sharp claws high up in the air.

A scarlet claw shadow, which seemed to be condensed from blood, kept enlarging in the depths of Jian Wushuang’s eyes.

“Blood-condensed claw!”

The Marquis of Three Yin also spoke coldly.

Chapter 2812: Nothing Could Be Done

(Third update!)

—

Whoosh!

The giant blood-red wolf’s sharp scarlet claws swept down.

This claw seemed to tear heaven and earth in half, and the sound of air being torn apart was extremely loud.

Seeing this claw coming, Jian Wushuang’s face was also unusually solemn.

Buzz, buzz, a large amount of divine power swept up crazily.

The blood mountain sword was also trembling crazily.

The next moment, Jian Wushuang made his move...

He just casually swung his sword. It looked like an ordinary person swinging a wooden sword.

However, as soon as he swung his long sword, a sword light immediately lit up.

This sword light was extremely weak, dim, and incomplete.

It was a broken light, a remnant light!

However, as soon as the remnant light appeared, there were at least hundreds and thousands of remnant lights everywhere.

Under the gaze of many experts present, the original Jian Wushuang who displayed the sword skill suddenly turned into hundreds and thousands of people!

It was the eighth move of the space-time sword skill, thousand-sided remnant light!

It was also an ultimate skill.

In the blink of an eye, the two ultimate skills collided head-on.

Sizzle, sizzle, sizzle. Endless divine power collided with each other crazily.

It was obvious that Jian Wushuang's sword light was at an absolute disadvantage.

This was very normal. The power of the ultimate skill also varied. Jian Wushuang had created the space-time swordsmanship by combining the power of the space-time rules. The most terrifying part of this sword was its unparalleled speed, but when it came to the collision of power and power... this sword was at most similar to the Marquis Three Yin's heart-gouging divine claw.

But compared to the blood-congealed divine claw, it was far inferior.

Boom!

The giant blood-red wolf's sharp claw only paused for a moment before it crushed down with a crushing force.

The void where Jian Wushuang was was completely covered by a large amount of blood-red divine power, which was crazily annihilating everything.

Marquis of Three Yin had stopped what he was doing and stood in the void quietly watching.

Blood-condensing claw was his most powerful move.

It was much more powerful than the heart-gouging claw.

He was very confident in this move. In his opinion, if Jian Wushuang still had the purple bell barrier, he might have been able to resist this move. But now, the Purple Emperor Bell barrier had been defeated by him, with his own protective ability, he would at least be seriously injured by this claw.

But at this moment...

Whoosh!

A towering sword shadow appeared out of thin air. The sword shadow swept across everything with great power, completely dispersing the blood-red divine power in front of him.

After the blood-red divine power faded, a figure slowly stepped out of the void.

It was Jian Wushuang.

At this moment, although he was in a sorry state, his face did not change at all, and his aura was still very strong.

“Marquis of Three Yin, do you have any more powerful skills?” Jian Wushuang stood there and sneered.

“He is not injured?” The Marquis of Three Yin frowned and stared at Jian Wushuang.

His perception was also very strong. Under his perception, Jian Wushuang was not injured at all. Moreover, Jian Wushuang’s aura was still at the peak level, so it could not be faked. He was indeed not injured.

“I can’t even hurt him with my strongest move. It would be wishful thinking to kill him. I’d better leave first and think about it later.” The Marquis of Three Yin had made up his mind.

“Sword One, your protective ability is beyond my imagination. You’re lucky today, but it won’t end like this. Soon, we’ll fight again.” The Marquis of Three Yin sneered, then he turned around and left.

He was very calm. He was not worried that Jian Wushuang or the experts of the Sword Alliance would keep him.

Jian Wushuang had no intention of keeping him.

After all, his strength was above everyone else’s.

After the Marquis of Three Yin had walked away, many high-level experts of the Sword Alliance immediately surrounded him.

“Alliance Master, are you okay?” Snake Elder asked.

“I’m fine.” Jian Wushuang shook his head, but his face was very serious.

“Marquis of Three Yin...” Jian Wushuang muttered to himself.

Although the Marquis of Three Yin could not do anything to him in this battle, Jian Wushuang knew very well that the Marquis of Three Yin was stronger than him in terms of real strength. Although he did not use his full strength in this battle... he did not use the mountain and river map.

However, Jian Wushuang knew that even if he used the mountain and river map and the thousand treasures great world with his full strength, he would still not be able to defeat the Marquis of Three Yin.

He could be considered the best and strongest among the Peak Divine Masters, but there was still a gap between him and the real Invincible Divine Master. He did not know this gap before, but today, when he fought with the Marquis of Three Yin, he completely understood it.

“What is the background of the Marquis of Three Yin? Why did he come to fight with me?” Jian Wushuang frowned for a long time..

“You stay in the Sword Alliance. I’ll go to Crimson Rock Castle.”

Jian wushuang instructed and immediately headed to Crimson Rock Castle.

...

In the void far away from the Sword Alliance’s nest.

The Marquis of Three Yin, who had just left the Sword Alliance, stopped here. Whoosh! Whoosh! Whoosh! Whoosh!

Several figures appeared around the Marquis of Three Yin. They were the people from the Heaven Void Palace led by Chen Kong.

“Sir, that Sword One...” Chen Kong asked carefully.

“He’s still alive. I didn’t manage to kill him,” the Marquis of Three Yin said.

“Didn’t manage to kill him?” Chen Kong and the others could not help but be startled.

“Although this Sword One’s strength is not bad, he is still a distance away from the invincible reverent god. I can easily suppress him in a head-on battle. However, his protective ability is extremely formidable. It can even be considered abnormal. I have already used many methods, including my strongest ultimate move, but in the end, I was unable to injure him. With such a terrifying protective ability, unless the Palace Master personally acts, no one in our Heavenly Void Temple, including the entire Heavenly Void Realm, can kill him,” the Marquis of Three Yin said.

Chen Kong’s expression changed.

He was very clear about the Marquis of Three Yin’s methods. Since the Marquis of Three Yin had said so, then Sword One’s protective ability was really strong.

“If the Sword One doesn’t die, then it will be extremely difficult for us to conquer the Pill Sun Sacred World,” Chen Kong said.

“Yes, this Sword One is very difficult to deal with. Even if I use my full strength, I won’t be able to do anything to him. On the other hand, he can rely on his domain methods and his protective ability to tangle with me. With his strength, if he is determined to tangle with me, I might not have the chance to free up my hands. Without me, it would be impossible for you people to conquer the Pill Sun Sacred World,” the Marquis of Three Yin said.

“That how to do? Should we give up on this?” Chen Kong could not help looking over.

Chapter 2813: Determined

—

“Give up?”

The Marquis of Three Yin shook his head. “The Palace Master has been eyeing the Pill Sun Sacred World for a long time. Previously, it was because the Dragon God World was watching from the side that the palace master did not dare to do anything to the Pill Sun Sacred World. He could only secretly send a part of his forces to infiltrate the world. But now... The Dragon God World was fighting with the other world not long ago, and the two sides are now in a heated battle. They have no time to care about what is happening here.”

“How can we miss such a rare opportunity?”

“My lord, you mean...” Chen Kong looked at the Marquis of Three Yin.

“The Sacred Pill Sun World must be conquered, but my lord, because of the agreement and comfort of the Nine Realms of the Golden Crow, you can’t come here personally. It’s definitely not enough for you to conquer the Sacred Pill Sun World, but if the heavenly void army under my lord can be mobilized, it doesn’t need to be all of them. Half of them should be enough to sweep the Sacred Pill Sun World,” the Marquis of Three Yin said.

“Heavenly Void Army!” Chen Kong could not help but be startled.

The Heavenly Void Army was the strongest army under the control of that Palace Master of the Heavenly Void Palace.

That Heavenly Void Palace Master had once relied on the Heavenly Void Army to expand his territory. This was definitely one of the top armies of the Golden Crow Nine Realms.

If the Heavenly Void Army were to be mobilized... then with the current strength of the Sacred Pill Sun World, they definitely would not be able to withstand it.

“I’ll send a message to Palace master now.” Marquis of Three Yin made up his mind and immediately took out his token to send a message to the palace master.

On the other side, after Jian Wushuang fought with the Marquis of Three Yin, he immediately went to Crimson Rock Castle.

Soon, he met Yin Su’er.

In the towering palace, besides Yin Su’er who sat on the highest throne, Yun Shan and palace master Si Zhen stood on both sides.

“Sword One, have a seat.”

Yin Su’er was still very polite to Jian Wushuang and did not put on any airs. She directly ordered someone to bring a throne to sit in the palace.

“I wonder why you are here today, Sword One?” Yin Su’er asked.

“Doesn’t Castle Master Su’er know why I’m here? Haven’t you received any news?” Jian Wushuang asked in puzzlement.

Many experts in the Sword Alliance, including those outside the Sword Alliance, knew about the battle between him and the Marquis of Three Yin in the nest of the Sword Alliance.

If Yin Su’er had planted spies in the Sword Alliance, she should have received the news at once.

But it seemed that Yin Su’er did not.

“I really don’t know why you’re here, Sword One, and I haven’t received any news.” Yin Su’er was telling the truth.

She did not place any spies in the Sword Alliance. In fact, palace master Si Zhen and Yun Shan both minded her doing so, but she rejected them.

She did not want Jian Wushuang to have any grudges against her. At present, Crimson Rock Castle still needed the Sword Alliance, and specifically, Jian Wushuang's help.

"It's like this. Just now, an expert came to the Sword Alliance and fought with me. I lost this battle," Jian Wushuang said.

"What?" Yin Su'er, Yun Shan, and palace master Si Zhen were all shocked.

Jian Wushuang had killed Palace Master Nan Wu in a head-on fight, and he was widely recognized as the number one expert in the Pill Sun Continent.

He was even very close to the legendary Invincible Divine Master. How could he lose in a one-on-one fight?

"Is it because of the Invincible Divine Master?" Yin Su'er immediately looked over.

"Yes, he is a real Invincible Divine Master, and he is very powerful. His name is the Marquis of Three Yin. Do you know him, Castle Lord Su'er?" Jian Wushuang looked at Yin Su'er.

He had never left the Pill Sun Sacred World, but he did not know about the background of the Marquis of Three Yin.

However, Yin Su'er was different. She was the Fort Master of Crimson Rock Castle and had been the ruler of the Pill Sun Sacred World for many years. She often traveled in the outside world, so she must know more about the experts than Jian Wushuang, that was why Jian Wushuang came to ask.

"Marquis of Three Yin?"

Upon hearing the name, Yin Su'er's expression became extremely solemn.

Yun Shan, who was beside her, immediately frowned. It was obvious that he had heard of the Marquis of Three Yin.

"It seems that Castle Lord Su'er knows of Marquis of Three Yin?" Jian Wushuang smiled faintly.

"Yes, I know of him." Yin su'er nodded slightly, "Marquis of Three Yin is a very famous expert in the Nine Realms of the Golden Crow. He is also a genuine Invincible Divine Master. Most of the ordinary Invincible Divine Masters have only created one ultimate skill, but he has created two at the same time. Moreover, the second skill is exceptionally powerful. It is much more powerful than the ordinary ultimate skill.

"Because of this, Marquis of Three Yin can do whatever he wants in the Golden Crow Nine Realms. As long as he is not stupid enough to provoke the Immortal Saint, no one can do anything to him. If an ordinary Divine Realm expert met him in the outside world, he would respectfully call him 'Sir'."

"Why would such an expert come to our Pill Sun Sacred World and take the initiative to look for me?" Jian Wushuang asked.

"It's easy to understand. The Marquis of Three Yin came from the Heaven Void World. He is a member of the Heaven Void Palace and the most trusted person of the master. He is the real arm of the master.

When the Master of the Heaven Void Palace is not convenient to handle many things in the Golden Crow Nine Realms, he is usually the one to handle them,” Yin Su’er said.

“People from the Heaven Void Palace?” Jian Wushuang immediately understood.

The Heaven Void Palace had participated in the previous battle.

It was obvious that the Heaven Void Palace was targeting the Pill Sun Sacred World. The Master of the Heaven Void Palace wanted to attack the Pill Sun Sacred World.

Unfortunately, because of Jian Wushuang, the Heaven Void Palace was defeated and their people escaped.

Now that the Marquis of Three Yin had come in person, it was obvious that the Heaven Void Palace did not intend to stop there. Marquis of Three Yin came to him because he wanted to kill him, the strongest expert in the Pill Sun Continent, and then he could easily wipe out the Sword Alliance and Crimson Rock Castle.

At that time, the Heavenly Void World did not need to send too many forces to easily occupy the Pill Sun Sacred World.

However, the Marquis of Three Yin had not been able to kill him. If the Heavenly Void Palace wanted to occupy the Pill Sun Sacred World, they would need to use even more methods.

“Previously, they sent Chen Kong and the others to infiltrate and even colluded with the Blood Thunder King. Now that the Marquis of Three Yin has come in person, it seems that the Heavenly Void Palace Master is determined to annex the Pill Sun Sacred World.” Yun Shan said coldly.

“Hmph, swallow our Sacred Pill Sun World? Doesn’t he think that his appetite is too big!?” Palace Master Si Zhen said in a low voice.

“No, if the heavenly void realm is really determined to take action against our Sacred Pill Sun World, then with our current strength, I’m afraid we won’t be able to resist..” Yin Su’er frowned.

Chapter 2814: Heavenly Void Army

—

“The Heavenly Void realm was originally larger and more powerful than our Pill Sun Sacred World.”

Yin Su’er’s voice echoed throughout the entire hall, “When father was still alive, our Pill Sun Sacred World was at its peak. Compared to the Heavenly Void Realm, our Pill Sun Sacred World was slightly weaker. Moreover, the strength of the Heavenly Void Palace Master was also slightly stronger than father.”

“Since my father died, our Pill Sun Sacred World’s overall strength has plummeted. In recent years, we have been engaged in internal battles. During the internal strife, our Crimson Rock Castle has even lost control of the entire sacred world. It can be said that our sacred world has suffered a great loss

“Although the internal strife has subsided and our sacred world has regained its absolute control, our sacred world’s strength has not recovered. It is still at its lowest point. If the Heaven Void World takes the opportunity to attack us, our sacred world will have a hard time contending against it.”

Hearing this, Jian wushuang, Yun Shan, and Palace Master Si Zhen’s faces darkened.

“Don’t the Nine Realms of the Golden Crow have some potential agreements and agreements? Does the Heaven Void Palace really dare to invade our Saint Realm?” Palace Master Si Zhen asked.

“It’s true that there are agreements between the Nine Realms of the Golden Crow, but most of them only restrict the Immortal Saints of each realm. As for the forces under their control, there are no restrictions. Therefore, as long as the Heaven Void Palace Master doesn’t show himself, he will let his experts fight to expand the territory. This is not a violation of the agreement,” Yin Su’er said.

At this moment...

Yin Su’er’s expression suddenly changed. “Oh no!”

“What’s Wrong?” Jian Wushuang, Yun Shan, and Palace Master Si Zhen immediately looked over.

“I just received a message from a good friend,” Yin Su’er said in a low voice, “I met this good friend when I was adventuring in the outside world. He’s from the Heavenly Void World, but he’s not from the Heavenly Void Palace. He just learned that the Master of the Heavenly Void Palace has personally issued an order and has begun to gather the Heavenly Void Army. It seems that he’s making a big move.”

“The Heavenly Void Army?” Jian Wushuang was puzzled.

“It is the strongest army under the control of the Heavenly Void Palace, just like the Crimson Rock Army in our Crimson Rock Castle. But the Heavenly Void Army is even stronger than the Crimson Rock Army!” Yin Su’er said solemnly, “As far as I know, the Heavenly Void Army has always maintained the size of 2,000 people and has many experts. Even if it is just an ordinary soldier, he is usually an Advanced Divine Master or even a Peak Divine Master. The captain of the 10-man team is usually a Great Divine Master!”

“What?” Jian Wushuang was also shocked.

In a 2,000-man army, the weakest ordinary soldier was an Advanced Divine Master.

The captain of the 10-man team was a Great Divine Master?

Did that mean that there were 200 Great Divine Masters in the 2,000-man Heavenly Void Army?

“How is it possible that there are so many Great Divine Masters and Divine Masters under the command of the Heavenly Void Palace?” Jian Wushuang exclaimed.

“Of course it’s possible,” Yin Su’er said directly. “The Heavenly Void Palace has always been the leader of the Heavenly Void World. The Master of the Heavenly Void Palace controls everything, and the territory of the Heavenly Void World is much larger than that of our Pill Sun Sacred World. Naturally, more than 80 percent of the experts are under the command of the Master of the Heavenly Void World. There are also various forces in the Heavenly Void World, but the experts of these forces follow the lead of the Heavenly Void Palace. Many experts in the Heavenly Void Army come from these forces.”

“It can be said that the Heavenly Void Army is formed by gathering the power of the entire Heavenly Void Realm. It’s not difficult to find 200 Great Divine Masters in such a huge Heavenly Void Realm.”

Jian Wushuang nodded secretly.

Indeed, take the current Pill Sun Sacred World for example.

Even though it had been in internal strife for many years and its vitality had been greatly damaged, the Great Divine Masters in the Pill Sun Sacred World... Crimson Rock Castle, Sword Alliance, the four top forces, as well as many first-rate forces on the Pill Sun Continent, and even a large number of solitary experts... adding them all up, there were still quite a number of them.

It was just that these forces were currently unable to be completely controlled by the Crimson Rock Castle.

However, in the Heavenly Void World, many great Divine Masters were mostly under the command of the Heavenly Void Temple Master.

He had formed such a tyrannical Heavenly Void Army, so it naturally became a reality.

“The Heavenly Void Army’s combat strength is extremely tyrannical,” Yin Su’er continued.

“Even at its peak, there is still a huge gap between the Crimson Rock Army formed by thousands of elite Divine Masters and dozens of Advanced Divine Masters and the Heavenly Void Army. Now, the combat strength of the Crimson Rock Army is not as good as before. Let’s not talk about the Advanced Divine Masters. Just the Divine Masters... There are still a few people in the Crimson Rock Army formed by Peak Divine Masters. They can’t compare to the Heavenly Void Army at all.”

“The Heavenly Void Army rarely makes a move in the Heavenly Void realm, even on a small scale. However, according to the information I got this time, the Heavenly Void Army has made a huge ruckus. Half of the 2,000-man army seems to have gathered... a 1,000-man Heavenly Void Army can’t be here to deal with the internal changes in the Heavenly Void Realm. It must be for a war!”

“Considering the arrival of Marquis of Three Yin, the Heavenly Void Army is most likely coming for our Pill Sun Sacred World.”

Hearing this, Jian Wushuang and Palace Master Si Zhen’s expressions became unusually heavy.

The Heavenly Void Army’s combat strength was too terrifying.

Even if half of the 2,000-man army had come, there would still be over a hundred Great Divine Masters. If such an army came to the Pill Sun Sacred World and was personally led by the Marquis of Three Yin, it would be impossible to wipe out the current Pill Sun Sacred World, it was not impossible.

“What should we do?” Palace Master Si Zhen was extremely anxious and immediately thought of a countermeasure.

“What should come will come, and there’s nothing we can do to change it. Now, we can only think of a way to deal with the Heavenly Void Army.” Yun Shan narrowed his eyes.

“Right.” Yin Su’er nodded. “Actually, we are already considered lucky. Fortunately, Mister Sword One was strong enough to get rid of the Marquis of Three Yin. The Marquis of Three Yin probably knows that he can’t do anything to Sword One. Once he attacks, Sword One can completely stop him, which is why he asked the Heavenly Void Palace Master to gather the Heavenly Void Army.”

“If Sword One did not stop the Marquis of Three Yin, the Marquis of Three Yin would have killed all the higher-ups of our Crimson Rock Castle with his own strength. However, he only needed to bring people to take over the territory of our Pill Sun Sacred World.”

“And now, even though the Heavenly Void Army is extremely powerful, it will still take some time to gather them. Our Pill Sun Sacred World still has some time to prepare.. As long as we think of a way to unite all the factions and experts of the Pill Sun Sacred World, we might have a chance of winning even if we fight the Heavenly Void Army head-on.”

Chapter 2815: Sending the Buddha to the West

—

“That’s true, but after so many years of internal strife in the Sacred Pill Sun World, Crimson Rock Castle’s prestige toward the experts of various factions has long since fallen. Although Crimson Rock Castle has regained control of everything, it’s easier said than done to unite all the experts of those factions within a short period of time.” Yun Shan frowned.

“It’s not easy, but it’s the only way. No matter what, we have to do our best to fight for it. Even if we have to pay a big price for it, we won’t hesitate,” Yin Su’er said in a low voice, then she looked at Jian Wushuang and said, “Sword One, I’m afraid we’ll have to rely on you and the Sword Alliance in this crisis. I hope you can help us.”

Yin Su’er was very sincere.

She really needed Jian Wushuang and the Sword Alliance.

Especially Jian Wushuang. Without him, no one in the Pill Sun Sacred World could compete with the Marquis of Three Yin!

“Sure.” Jian Wushuang nodded slightly and did not refuse.

Soon, Jian Wushuang left the Crimson Rock Castle.

But after leaving Crimson Rock Castle, his heart was heavy.

“Heavenly Void Palace, Heavenly Void Army...”

Even Jian Wushuang felt a great pressure when he learned of the strength of the Heavenly Void Army and knew that they were gathering to attack the Pill Sun Sacred World.

“Yun Shan is right. Although Crimson Rock Castle has regained control of everything in the Pill Sun Sacred World, its prestige has long been lost. It will not be easy to regain it in a short time. Even if the

entire Pill Sun Sacred World is in danger, Crimson Rock Castle will not be able to gather many experts to participate in the battle,” Jian Wushuang thought to himself.

To the many factions of the Pill Sun Sacred World, including many solitary experts, it did not matter much whether the Pill Sun Sacred World was annexed or not.

Even if the Pill Sun Sacred World was annexed by the Heavenly Void World, it would only change its name. It would not affect the interests of the experts of these factions.

Especially the four top factions. They were currently being forced by the Crimson Rock Castle to a miserable state. Many experts of their own were working under the Crimson Rock Castle, suffering unspeakably.

At this moment, they hoped that the Heavenly Void Palace would attack them so that they could regroup.

“It seems that Crimson Rock Castle has encountered a real crisis.” Jian Wushuang narrowed his eyes, but he began to hesitate.

He was hesitating whether he should help Crimson Rock Castle to solve this crisis.

To be honest, he did not have any feelings for the Crimson Rock Castle, nor did he have much sense of belonging to the Pill Sun Sacred World.

The reason why he had helped Crimson Rock Castle and Yin Su’er was pure because of the agreement he had made with Crimson Rock Saint.

However, he had already done a lot to help Yin Su’er obtain victory in the battle and allow her to perfectly control the Pill Sun Sacred World. Its value had already surpassed that of a heaven-sealing scroll. Therefore, even if he did not care about Crimson Rock Castle now, he could just leave, he could feel at ease.

However, Jian Wushuang was not the kind of person who would give up a burden so easily.

“A good man does what he has to do. Back then, Saint Crimson Rock gave me a scroll of the heaven-sealing map to help Yin Su’er solve the crisis and stabilize Crimson Rock Castle and the Pill Sun Sacred World. Now, I have only done half of it. Although what I have done far exceeds the value of a scroll of the heaven-sealing map, since I have agreed to it, I have to complete it even if I have to suffer a little loss.”

“What’s more, the Crimson Rock Saint gave me a heaven-cleaving token, asking me to help Yin Su’er breakthrough to the Immortal Saint realm. If I don’t care about this and let her die, then I’ll get the heaven-cleaving token for nothing. It doesn’t conform to my principles.”

Jian Wushuang pondered, but he had already made a decision in his heart.

The Heavenly Void Army was coming. He would try his best to help Yin Su’er in this crisis.

“The Heavenly Void Army is too powerful, and Marquis of Three Yin is in charge. With the help of Crimson Rock Castle and the Sword Alliance, even if we gather a group of experts in the Pill Sun Sacred

World, we won't be able to fight the Heavenly Void Army head-on. If I want to help Yin Su'er solve this crisis, there's only one way..."

"Phew! I have to go there again."

Jian Wushuang took a deep breath and immediately set off.

A dense ancient forest filled with a large amount of gray fog and a gloomy and mysterious aura.

This was the infamous boneyard on the Pill Sun Continent!

There were countless dangers here, and very few people dared to venture here.

However, Jian Wushuang knew that there was a big secret hidden in the bone burial ground.

The secret realm of Heaven and Earth created by a rule master was hidden in the bone burial ground.

The bone burial ground was extremely dangerous, but with Jian Wushuang's current strength, as long as he did not enter the deepest and most dangerous place, it was not too risky. Jian Wushuang continued his journey, before long, he arrived at an inconspicuous small valley.

"Here I am again."

Jian Wushuang looked at the valley in front of him, but a faint smile appeared on his face.

He knew that this valley was the entrance to the secret realm.

Jian Wushuang flipped his palm, and a black sword appeared in his hand.

The black sword was originally divided into six parts. Previously, Jian Wushuang and his group of six went to the secret realm together, and each of them had a broken sword.

The six broken swords were the complete keepsake to open the secret realm.

However, Jian Wushuang was the only one who survived the adventure in the secret realm. Other than the winged god who died in the cemetery, all the treasures of the remaining five people fell into Jian Wushuang's hands, naturally, the broken sword in their hands was also included.

The broken sword in the winged god's hand was also given to him by Spirit Valley Elder when Jian Wushuang left the secret realm.

Therefore, Jian Wushuang now had a complete keepsake, so he could easily open the secret realm.

At this moment, as Jian Wushuang took out the complete keepsake, a unique aura spread from the black sword's body.

Buzz buzz.

The valley in front of him trembled slightly under this unique aura. Then, a space passage slowly appeared in the void in the center. This space passage was extremely dark and mysterious, it was impossible to know what was at the other end of the passage with the naked eye.

However, Jian Wushuang had been here once before, so he was very familiar with it.

Without any hesitation, Jian Wushuang leaped and directly entered the space passage.

Light flashed and when he appeared again, Jian Wushuang had already arrived in a huge dark void.

This dark void was boundless, and there was not a trace of light.

Jian Wushuang sped up and directly rushed toward the end of the dark void in front of him, which was the depths of this secret realm.

Chapter 2816: The Test

— —

There were many dangerous places in the secret realm, but these places were determined by the strength of the cultivator.

Jian Wushuang was only a Divine Master, so the danger he encountered was naturally only for Divine Masters.

He kept moving forward. With his current strength, he easily passed through the first and second dangerous places.

Even in the third danger zone, which was in the cemetery, Jian Wushuang encountered many corpse puppets along the way. Some golden-armored corpse puppets even appeared, but they were all easily taken care of by Jian Wushuang.

Soon, Jian Wushuang arrived at the core of the secret realm, where the invincible Immortal Saints and the bodies of the two rule masters were located.

When he arrived...

Buzz!

A strange light suddenly condensed in front of Jian Wushuang.

The light was gray and gradually condensed into a human figure.

It was a simple-looking gray-robed elder. He was Elder Gu, the spirit of the secret realm.

“Greetings, Elder Gu.”

Jian Wushuang immediately bowed humbly when he saw him.

“Little guy, you’re here again.”

With his hands behind his back, Elder Gu fixed his indifferent eyes on Jian Wushuang. “Before you left, I told you to come back after you broke through to become an Immortal Saint. But now, you’re obviously far from becoming an Immortal Saint.”

“I did, but this time, my world has encountered a great crisis. I have no choice but to come here again. I want to ask for your help, Elder Gu,” Jian Wushuang said.

“You want me to help you?” Elder Gu could not help but smile. “Little guy, are you mistaken? I’m just a spirit of the secret realm. I can’t leave this secret realm, so how can I help you?”

“Yes,” Jian Wushuang said, “I know you control everything in this secret realm. Like the cemetery I walked through before, those corpse puppets are also under your control. I came here this time to ask for some corpse puppets from you so that I can fight for my world.”

“Is that so?” Elder Gu asked, “I do have corpse puppets, but they were refined by my master when he was alive. They are all my master’s things. I have been guarding this secret realm according to my master’s instructions. Everything has to be done according to the rules. If you want to get the treasures in this secret realm, you have to pass the corresponding tests, even for these insignificant corpse puppets.”

“I know, but what kind of test do I need to pass to get these corpse puppets?” Jian Wushuang asked directly.

“If it’s a test...” Elder Gu began to ponder. After a moment, he spoke again, “Master has left many tests in this secret realm, but most of them are aimed at the Immortal Saint and above. You are only a Divine Master after all. The chances of you passing even the simplest test left by master are very slim. Moreover, these tests are life-and-death tests. If you are careless, you will be doomed. Therefore, I advise you not to try.”

“Is the probability of passing very low?” Jian Wushuang frowned, but then he said seriously, “Time is tight, and I can’t think of any other way to resolve this crisis. I have no choice but to try.”

“Are you really going to try?” Elder Gu narrowed his eyes, “Su Han, it’s not that I look down on you, but Master’s methods are far beyond your imagination. The simplest test he left is aimed at the soul. If you are not careful, your soul will be completely destroyed. If you don’t listen to my advice and try, the probability of you getting out of the test is much lower than 10%!”

Elder Gu obviously had some expectations for Jian Wushuang, so he did not want Jian Wushuang to choose this road that was close to death.

His words were also obviously with an air of persuasion.

However, he did not know that his persuasion made Jian Wushuang even more determined.

“A test on the soul?” Jian Wushuang smiled in his heart. “Elder Gu, I have decided to accept this test.”

“Since you’re so determined, I won’t force you.” Elder Gu waved his hand and a space passage appeared in the void.

“This space passage leads to the place where you’ll be tested. You can accept the test as long as you can endure the test for six hours. If you don’t die after six hours, you’ll pass.”

“Take care of yourself.”

Elder Gu sighed.

Jian Wushuang bowed slightly to Elder Gu and then stepped into the space passage without any hesitation.

Seeing Jian Wushuang enter the space passage, Elder Gu shook his head secretly.

In his opinion, Jian Wushuang should not be able to pass this test. However, since Jian Wushuang wanted to hold on, he could not stop him.

“I hope this little guy is lucky.” Elder Gu could only think so.

...

After entering the space passage, Jian Wushuang directly appeared in a dark void.

The dark void was boundless, just like the dark void where Elder Gu had asked him to compete with the Saber Master and the others for the universe.

As soon as Jian Wushuang entered the dark void, he did not have time to check his surroundings.

Boom!

A strong soul power surged up crazily.

The soul power was extremely powerful. It suddenly appeared in the dark void and was almost solid.

In an instant, a huge soul storm took shape in the dark void. The soul storm was still expanding at an alarming speed.

“What’s this?”

Looking at the soul storm in front of him, Jian Wushuang’s pupils constricted. He was about to dodge, but he found that the same soul power had burst out in several places nearby, forming the same soul storm.

The soul storm appeared in every corner around him, completely blocking his escape route, leaving him no room to escape.

As the soul storm continued to expand, Jian Wushuang was instantly sucked into the soul storm.

Rumble!

As soon as he fell into the storm, a large amount of soul power immediately rushed toward him crazily.

The soul power from all directions poured into his mind and crazily rushed toward the material soul in his sea of consciousness.

“It’s a soul attack!”

“And it’s a continuous soul attack.”

Jian Wushuang’s face was solemn. When he sensed the soul power rushing toward him, a purple bell immediately rose from the surface of his body.

The Purple Emperor Bell was not only a protective treasure, but it also had a certain defensive effect against soul attacks.

Now, the power of the surrounding soul power was greatly weakened after passing through the Purple Emperor Bell.

Chapter 2817: Death?

— —

After being weakened by the Purple Emperor Bell, the remaining power entered Jian Wushuang's sea of consciousness and was blocked by the exquisite pagoda.

The defense ability of the exquisite pagoda against Jian Wushuang's soul was more than ten times stronger than the Purple Emperor Bell.

The impact of the soul power on the exquisite pagoda was like a drop of water dropping into the sea, without causing too much of a ripple.

Even if the soul power continued to attack, the exquisite pagoda could easily withstand it.

"Is this the extent of the soul test?" Jian Wushuang muttered, but his expression suddenly changed, "No, it's not that simple. The soul power is getting stronger. Yes, the crazy soul power is getting stronger!"

Jian Wushuang had already sensed it.

As time passed, the spiritual power was getting stronger and stronger.

Previously, the spiritual power was weakened by the Purple Emperor Bell and then rushed to the exquisite pagoda, so it could not cause too much of a stir. However, in just 15 minutes, the spiritual power was also coming through the Purple Emperor Bell, it was enough to cause the exquisite pagoda to tremble slightly.

An hour later, the exquisite pagoda was trembling crazily, and it was even on the verge of collapsing.

"Oh No." Jian Wushuang's face turned ugly.

The exquisite pagoda was his strongest soul defense method. Once the exquisite pagoda collapsed, the soul power could recklessly attack his physical soul, which was only at the level of an ordinary first-grade great divine master, although his soul was much stronger than his peers because he had lived two lives and was a perfect chaotic creature, he could not withstand the continuous soul attack.

Bang!

Finally, under the continuous soul attack, the exquisite pagoda in Jian Wushuang's spiritual sea completely collapsed.

Once the exquisite pagoda collapsed, the continuous soul power directly attacked Jian Wushuang's physical soul.

"Humph!"

Jian Wushuang let out a muffled groan, but he began to rely on his physical soul to resist the soul power.

However, it was obviously very difficult to resist.

Outside the dark void, Elder Gu stood quietly with his hands behind his back, his eyes extremely turbid.

Although he was not in the dark void, he clearly saw what happened in the dark void.

Elder Gu shook his head when he saw that Jian Wushuang's soul defense had collapsed and he could only rely on his own soul to resist the soul attack.

"After all, this is a test left by my master. Although it's the simplest and easiest, to pass it, one must have a soul that is infinitely close to that of the Immortal Saint and has a powerful soul defense technique. His soul must be extremely tough and can withstand the wear and tear. As for him... his soul defense ability is not weak, but his own soul level is too low!"

"He is only a junior great divine master, but he is still far from being a senior great divine master. Even though his soul is extremely tough, it will be completely crushed under the continuous impact of the soul power."

"What a pity for such a genius."

Elder Gu sighed secretly.

He felt that it was not worth it for Jian Wushuang and felt that it was a pity.

The last time Jian Wushuang came to this secret realm with the Saber Master and the others, he saw that Jian Wushuang was extremely talented and had big secrets. He was also very curious about Jian Wushuang and looked forward to his growth.

Therefore, before Jian Wushuang left, he specifically told Jian Wushuang to come to this secret realm again when he broke through to become an Immortal Saint.

But now, with great talent and promise, he is determined to try the test his master left behind.

As a result...

"He is dead for sure, it's only a matter of time," the old man said to himself.

In the Dark Void, as time went by, Jian Wushuang, who was in the middle of the soul storm, found it harder and harder to resist the soul attack. His real soul, under the impact of the soul power, became weaker and weaker.

In the blink of an eye, two hours had passed.

However, elder Gu had said that Jian Wushuang would last six hours in the test space. Now, only one-third of the time had passed, but Jian Wushuang was obviously unable to hold on any longer.

Buzz.

The physical soul in Jian Wushuang's sea of consciousness became weaker and weaker. Finally, there was no room for struggle.

In just a moment, Jian Wushuang's physical soul completely collapsed.

“Is he dead?”

“Two hours...”

Elder Gu shook his head secretly.

He had already seen Jian Wushuang’s soul completely destroyed.

Under such circumstances, even those Immortal Saints with immortal bodies were doomed to die. Elder Gu naturally thought that Jian Wushuang was already dead.

He was ready to withdraw from this test, but suddenly...

In the boundless dark space, Jian Wushuang opened his eyes with a solemn expression.

In his sea of consciousness, the substantial soul, which had been completely destroyed, condensed again at an astonishing speed. In the blink of an eye, it was condensed again. An intact substantial soul appeared there again, at the same time, it started to resist the soul attack again.

“What?”

Even Elder Gu was shocked when he saw this scene. His eyes were wide open.

“He, he didn’t die?”

“His soul was clearly completely annihilated. How could he not die?”

“Not only did he not die, but his soul was also completely restored? How is this possible?”

Elder Gu could not believe what he was seeing.

He was the spirit of the secret realm, and his master was a high and Mighty Master of Laws.

His knowledge was also vast. He knew many strange things in the absolute beginning divine realm. Logically, nothing could make him lose his composure like this.

However, this scene really shocked him.

A cultivator’s soul was completely annihilated. How could he not die?

He even recovered in the blink of an eye?

How was this possible?

“Impossible! Impossible!!”

“Although the absolute beginning divine realm is vast and has countless experts when I followed my master to battle, I saw many world-shaking super experts. However, those experts used their souls as the core. If their souls weren’t destroyed, they wouldn’t die. If their souls were completely annihilated, unless someone used a heaven-defying method to reverse time and space, they would be resurrected. But this man...”

“He didn’t need any means, let alone the so-called reversal of time and space. He just casually recovered the soul that had been annihilated?”

....

Chapter 2818: The Anomaly!

— —

Elder Gu was completely stunned.

This was normal because he had indeed seen something 'impossible'.

This was completely against the common sense of the heavenly axiom and was unreasonable.

But it had indeed happened.

After Jian Wushuang's real soul recovered in the boundless dark void, he continued to resist the soul attack.

At this moment, a faint smile appeared on Jian Wushuang's face.

"I heard from Elder Gu that this test is aimed at the soul. So I knew that I could pass this test. Now, it seems that it's not very likely, but I can definitely pass it," Jian Wushuang muttered.

The test aimed at the soul... to put it bluntly, he had to find a way to resist the soul attack that had always existed.

The soul attack was indeed potent and was getting stronger. It was almost impossible for a divine master, even an invincible divine master, to pass the test. However, it was not difficult for Jian Wushuang.

Yes, he could not resist the soul attack forever.

But he did not need to resist it. Even if the soul attack destroyed his physical soul, he could rely on his divine power to recover it completely in the next moment. Then... he could continue to rely on his physical soul to block it.

After repeating this process, to him, it was nothing more than the consumption of divine power. However, his divine power was vast and boundless. The divine power used to recover his physical soul was nothing compared to his vast divine power. Let alone recovering once or twice... even if he recovered dozens of times, it was nothing to him.

He only needed to stay in this space for six hours, and he could easily survive it.

"Although the soul impact can't do anything to me, it does suppress my soul. So it's just right to temper my soul strength." Jian Wushuang smiled and began to use the soul impact. He continued to temper his soul strength.

Time continued to pass.

Jian Wushuang's real soul was destroyed for the second time, but he immediately recovered and resisted the soul impact.

“Recovered again?”

Elder Gu, outside the void, saw this scene, and his expression was exciting.

“Monster, this kid is definitely a monster!”

“No, he can’t be called a monster. No matter how powerful a monster is, it is still within the common sense of the heavenly axiom. However, this kid has completely defied the common sense of the heavenly axiom. Therefore, he can’t be described as a monster. He should be called an outlier!”

“Yes, it’s an outlier, an outlier of the heavenly axiom. It’s filled with the heavenly axiom. Therefore, it shouldn’t exist!”

Elder Gu roared, his voice hoarse.

In the dark void, Jian Wushuang’s real soul was destroyed twice, thrice, and then restored. After six hours, Jian Wushuang’s soul had been destroyed seven times. He also recovered seven times.

Finally, after six hours, the continuous soul impact in the surroundings completely dissipated.

“Is it over?”

Jian Wushuang stood in the dark void and felt the retreat of the surrounding space-time impact, but he felt a little regretful.

He actually wanted to stay under the soul impact for a while longer. Anyway, the soul impact could not do anything to him. Instead, it gave him soul power, which had a great tempering effect. In these six hours, he clearly felt that his soul strength had increased a lot.

Unfortunately, now that the test was over, the soul impact was gone.

Buzz!

The void slightly twisted, and a space passage appeared in front of Jian Wushuang.

Along the space passage, Jian Wushuang appeared in the cemetery again, in front of Elder Gu.

Seeing Elder Gu again, Jian Wushuang found that Elder Gu’s expression was quite interesting.

Seeing this, Jian Wushuang was not surprised.

He knew that Elder Gu should have seen his performance in the dark void just now. Although, naturally, he also saw his physical soul being destroyed again and again, which was against the common sense of heaven. It would be strange if Elder Gu were not surprised.

“Su Han, I’m more and more curious about what kind of big secret you have.” Elder Gu stared at Jian Wushuang with a bright light in his eyes.

“I do have a secret, but even if you know it, it won’t be of any use to you or even your master. On the contrary, it might even bring disaster. Believe me. I’m not lying,” Jian Wushuang said in a deep voice.

Elder Gu looked at Jian Wushuang deeply, but he did not deny it.

He knew that if Jian Wushuang could do such a thing that went against the laws of nature, he must have a world-shaking secret. Even if his master were still alive, let alone the spirit of the secret realm... even a rule master would not be able to come into contact with such a secret.

Such a big secret must have involved the highest level of the divine beginning world.

Those who were qualified to participate must be super experts at the level of Saint Realm Masters!

“No wonder you dared to take this test before. It turns out that you have a lot of confidence in yourself,” Elder Gu said.

Jian Wushuang smiled and did not comment.

If it were anyone else, they would have given up when they heard Elder Gu’s kind advice and knew that the test was so difficult and that there was a high chance of them dying.

However, Jian Wushuang was different. He was too confident in his ability.

As a perfect chaotic creature with a perfect immortal body, it was not easy to kill him?

Not to mention that it was only a test left by a rule master, even if the rule master who created this secret realm were still alive and standing in front of Jian Wushuang, he would not be able to kill Jian Wushuang, at most, he could suppress him while he was still alive.

Because of this, Jian Wushuang was not afraid at all.

Because he knew that he would not die in this test.

“Forget it. Let’s not talk about this.”

Elder Gu waved his hand. “You survived for six hours in that space. Although you used an unusual method, you did pass the test. Therefore, according to the agreement, I can give you some of the corpse puppets in this secret realm.”

Jian Wushuang’s eyes lit up immediately. “Thank you, Elder Gu.”

“Wait here for a while. Then, I’ll go and prepare them for you,” Elder Gu said, but his figure disappeared in front of Jian Wushuang.

Jian Wushuang was not in a hurry. He just waited here quietly.

....

Chapter 2819: Corpse Puppet Army

—

Not long after, Elder Gu appeared in front of Jian Wushuang again.

“I’ve checked carefully. There are only a few corpse puppets left in the secret realm, except for those who must stay in the secret realm to stop the cultivators,” Elder Gu said.

“Not many? How many?” Jian Wushuang asked.

“I tried my best to select 100 corpse puppets for you. I don’t know if I can help you,” Elder Gu said.

“100?” Jian Wushuang’s eyes lit up.

“Look.” Elder Gu waved his hand and streams of flowing light shot out. They appeared in the surrounding void and condensed into ice-cold figures.

These figures were all dead. There were a total of 100 corpse puppets standing in the surrounding void.

Jian Wushuang immediately looked around.

These corpse puppets were no different from the ones Jian Wushuang had seen before. They were all copper-armored, silver-armored, and gold-armored corpse puppets.

More than half of the copper-armored corpse puppets had the battle strength of an ordinary Advanced Divine Master. There were more than 60 copper-armored corpse puppets in the surrounding 100 corpse puppets.

There were 30 silver-armored corpse puppets with the battle strength of an Advanced Divine Master.

The remaining 10 were gold-armored corpse puppets!

“10 gold-armored corpse puppets, 30 silver-armored corpse puppets, and 60 bronze-armored corpse puppets!” Jian Wushuang was extremely excited.

100 corpse puppets meant 100 Great Divine Masters’ battle strength.

The weakest among them was an Advanced Great Divine Master, and there were 10 gold-armored corpse puppets, which was the battle strength of a Peak Great Divine Master.

All of them added together, this was a powerful corpse puppet army!

Yes, it was a corpse puppet army!

“There are 200 Great Divine Masters in the Heaven Void Temple’s army of 2,000 people. However, their strength is uneven. I’m afraid that many of them are Elementary Great Divine Masters, and there are definitely a few Advanced Great Divine Masters. As for Peak Great Divine Masters, there must be even fewer!”

“This time, only half of the Heavenly Void Palace Army, or 100 Great Divine Masters, gathered under the orders of the Master of the Heavenly Void Palace. The corpse puppet army standing in front of me now also has 100 Great Divine Masters. Their numbers are equal, but in terms of quality, the corpse puppet army clearly has the absolute advantage!”

“With the corpse puppet army in hand and the strength of Crimson Rock Castle and our Sword Alliance, our camp will definitely have the absolute advantage if we fight against the Heavenly Void Army now!”

Jian Wushuang clenched his hands, but he was pleasantly surprised.

At this time, Elder Gu looked at him again and asked, “Su Han, are you satisfied with the 100 corpse puppets?”

“Yes, very satisfied.” Jian Wushuang nodded and said.

“In fact, these corpse puppets are nothing. They are just small things that master refined when he was alive. Master could refine saint-level corpse puppets when he was alive, but unfortunately, there are not many of them left in this secret realm. I can’t give you saint-level corpse puppets, but I have one corpse puppet with me, so I can give it to you,” Elder Gu said.

“There’s another one?” Jian Wushuang looked at Elder Gu in surprise.

Elder Gu smiled mysteriously and waved his hand again. In an instant, a streak of blood-red light shot out.

In front of Jian Wushuang, a corpse puppet in blood-red armor with skin that looked like it was made of blood appeared.

This corpse puppet was also lifeless. Since it had not attacked, Jian Wushuang could not immediately determine its strength.

“Elder Gu, what is this?” Jian Wushuang could only ask.

“It’s above the golden-armored corpse puppet. The blood-armored corpse puppet is also a corpse puppet at the divine master level. However, among divine masters, the blood-armored corpse puppet is invincible!” Elder Gu said.

“Invincible among Divine Masters? Invincible Divine Master?” Jian Wushuang was shocked.

“Yes. According to the realm of the primordial divine world, his battle strength is comparable to that of the extremely rare Invincible Divine Master,” Elder Gu said with a smile.

Upon hearing this, Jian Wushuang was overjoyed.

With the army of corpse puppets formed by 100 corpse puppets, he was confident that he could fight against the Heaven Void Army. The only problem was the invincible Divine Master of the Marquis of Three Yin.

He had been unable to find a way to fight against Marquis Three Yin, but now Elder Gu had given him a higher-level blood-armored corpse puppet that was comparable to the Invincible Divine Master. How could he not be surprised?

“Thank you, Elder Gu!”

Jian Wushuang took a deep breath and thanked Elder Gu immediately.

“You’re welcome. You deserve all the tests that your master left for you, and they’re just some corpse puppets. They’re nothing to the numerous opportunities in this secret realm,” Elder Gu said with a faint smile, but then he continued to look at Jian Wushuang.

“Su Han, I can give you another treasure in addition to these corpse puppets. That treasure should be of great use to you, but you have to agree to one condition.”

Jian Wushuang was stunned and looked at him subconsciously. “What’s the treasure that’s of great use to me?”

“I can show it to you first.”

Elder Gu smiled, but with a flip of his hand, a dark green jade bottle appeared in his hand.

He opened the cork of the bottle and immediately a green elixir the size of an adult thumb appeared in Elder Gu’s hand.

“This is... an elixir?” Jian Wushuang’s expression changed as he stared at the green elixir.

He did not know this elixir, but since it was made by Elder Gu, it was definitely not an ordinary item.

However, Jian Wushuang did not know what effect it could have on him.

“Have you heard of the Saint Ascension Elixir?” Elder Gu looked at Jian Wushuang with a smile.

“Saint Ascension Elixir?” Jian Wushuang was stunned and subconsciously shook his head.

He had never studied alchemy. All he knew was some widely known elixirs in the Nine Realms of the Golden Crow.

As for this Saint Ascension Elixir, he had never heard of it.

“It’s normal that you don’t know. This Saint Ascension Elixir is located in the center of the absolute beginning divine realm. It’s quite famous in the third sky of your realm. However, outside the third sky, in this remote territory of yours, this Saint Ascension Elixir should only belong to the legends. Naturally, not many people know about it.” Elder Gu smiled faintly.

“It doesn’t matter if you haven’t heard about it. I can tell you about its effects now.”

Jian Wushuang listened carefully.

“As its name suggests, the Saint Ascension Elixir is an elixir that leads to the path of a saint. Its effects are actually similar to the royal gold core of a Divine Master.”

“The royal gold core can help a Divine Master breakthrough to become a Great Divine Master, and it can help a Great Divine Master break through his own realm. The Saint Ascension Elixir... can help a Peak Great Divine Master who has been stuck at a bottleneck for a long time breakthrough to the level of an Immortal Saint!”

Just as Elder Gu said this, Jian Wushuang’s eyes widened!

Help a Peak Great Divine Master breakthrough to the Immortal Saint level?

That was the Immortal Saint level!

....

Chapter 2820: Saint Ascension Elixir

—

“What’s the chance?” Jian Wushuang immediately asked.

“10%,” Elder Gu said, “Of course, for those ordinary Divine Masters who are unprepared, they still have a 10% chance of breaking through to the Immortal Saint-level after taking the Saint Ascension Elixir. But for those powerful Divine Masters who are well prepared and have great potential, there’s at least a 30% chance of breaking through to the Immortal Saint-level after taking the Saint Ascension Elixir.”

Hearing this, Jian Wushuang was even more shocked.

Without any preparation, there was a 10% chance of a breakthrough.

With sufficient preparation, there was a 30% chance of a breakthrough?

A 30% chance!

After all, the aurous core of the royal realm could make a Senior Great Divine Master breakthrough to be a Peak Great Divine Master, which was also very small. Even so, it was enough to make many Great Divine Masters fight for it and even kill each other.

For example, Elder Tong and Ba Xiong, who had been killed by Jian Wushuang, had directly broken through to be a Peak Great Divine Master by taking a gold core of the royal realm.

A gold core of the royal realm was worth at least 100 times or even 1,000 times more than just normal cultivation.

Jian Wushuang had no doubt that once the news of the gold core of the royal realm spread, the entire Pill Sun Sacred World and even the entire Golden Crow Nine Realms would be shocked.

Countless Great Divine Masters and top experts would fight for the elixir at all costs.

Even an Invincible Divine Master like the Marquis of Three Yin would not be able to resist the temptation of the elixir, let alone a Peak Great Divine Master.

After all, it was too difficult for an ordinary Peak Great Divine Master to break through to become an Immortal Saint.

Take the Pill Sun Sacred World as an example. The vast sacred world had an incomparably vast territory, but after so many years, the Pill Sun Sacred World had given birth to an undying sage, and that was the Crimson Rock Sage.

However, there were quite a few experts at the great deity level in the Pill Sun Sacred World. There were even some Peak Great Deity level experts, but they were unable to truly breakthrough to become an undying sage, however, it was difficult to break through to become an undying sage.

And once an elixir with a 30% chance of breaking through was placed in front of these Great Divine Masters, it would be strange if these Great Divine Masters did not go crazy.

“Su Han, your talent is extremely high. Although you haven’t reached the Peak Great Divine Master level yet, you’ll reach it sooner or later. At that time, you’ll probably encounter a bottleneck. Even if you can breakthrough, it’ll definitely take a long time. And this sacred elixir will help you when the time comes.”

“With your talent and skills, as long as you’ve accumulated enough divine power, you’ll have at least a 50% chance of becoming an Immortal Saint with the help of the elixir.” Elder Gu smiled.

“I can give you the pill now, but you have to agree to one condition.”

“What condition?” Jian Wushuang asked.

“It’s simple. I want you to agree to it. To be exact, I want you to swear that if you break through to the Immortal Saint level, you will come to the secret realm and try your best to accept the test left by the master and get the mantle left by the master. How about that?” Elder Gu said.

“That’s the condition?” Jian Wushuang was stunned.

He had thought that Elder Gu would make such a harsh condition, but it turned out that he just wanted him to try his best to accept the test left by the master of the secret realm.

In fact, even if Elder Gu did not say anything, Jian Wushuang would definitely come back to the secret realm after he broke through to become an Immortal Saint.

After all, this secret realm was left by a powerful rule master and contained endless opportunities. Jian Wushuang also had a certain yearning for opportunities in this secret realm.

“I agree to this condition. I can swear it now...”

Jian Wushuang made an oath right in front of Elder Gu.

Of course, this oath was not very binding for Jian Wushuang. Even if he broke it later, there would be no harm.

However, given Jian Wushuang’s character, since he made an oath, he would definitely do his best to fulfill it.

Seeing Jian Wushuang make an oath, Elder Gu could not help but smile. Then he waved his hand and handed the Saint Ascension Elixir directly to Jian Wushuang.

Jian Wushuang carefully put the Saint Ascension Elixir into his interspatial ring, but he was delighted.

Elder Gu was wrong. The Saint Ascension Elixir had some effect on Jian Wushuang, but it was not very useful.

He had no choice. He was a perfect chaotic creature, and every breakthrough in his realm was different from ordinary people.

For other Great Divine Masters, the gold core of the royal realm was the best elixir for breaking through their own realm, but it was of little use to Jian Wushuang.

That was why he had not swallowed any of the five royal gold cores he had obtained in the secret realm. Instead, he had used them to recruit experts.

If the royal gold core was like that, then the Saint Ascension Elixir was the same.

Jian Wushuang knew very well that even if he successfully reached the level of a Peak Great Divine Master and his divine power had reached the peak, he would not be able to break through with just a Saint Ascension Elixir.

The Saint Ascension Elixir could at most help him or promote him.

However, Jian Wushuang was still quite happy.

After all, he did not need the Saint Ascension Elixir, but others could.

Moreover, Jian Wushuang already had a suitable candidate in his heart. It was Yin Su'er!

"I promised Saint Crimson Rock that I would try my best to help Yin Su'er break through her realm and make her an Immortal Saint, but it's easier said than done. I can't really help her, but now... I'm giving her the Saint Ascension Elixir, which is the best way to help her. As for whether she can make a breakthrough to become an Immortal Saint, it depends on her own luck," Jian Wushuang thought to himself.

"Thank you, Elder Gu."

Jian Wushuang thanked Elder Gu, then he refined the corpse puppets one by one, put them into his interspatial ring, and left the secret realm with the corpse puppet army.

The second time he entered the secret realm, Jian Wushuang had gained a lot.

He had obtained the corpse puppet army, a Saint Ascension Elixir, and his soul power had also been tempered.

"With the corpse puppet army and the combined power of the Pill Sun Sacred World, I should be able to fight the Heavenly Void Army head-on and even gain the upper hand. Moreover, with the existence of the blood-armored corpse puppet, I'm not afraid of the Marquis of Three Yin. However... my own strength is still inferior."

"Since the Heavenly Void Army hasn't arrived yet, I have to improve my strength as much as possible."

Jian Wushuang muttered to himself.

There were only two ways for him to improve his strength.
