

Swordsman 2831

Chapter 2831: Wins!

— —

“Retreat, quickly retreat!”

As soon as the commander of the Heavenly Void Army gave the order, the experts of the Heavenly Void Realm camp immediately began to retreat like a tide.

Naturally, the people of the Pill Sun Sacred World were unrelenting. They seized the opportunity to pursue and kill.

In the center of the battlefield, Jian Wushuang and the Marquis of Three Yin were fighting head-on. Neither side could do anything to the other.

However, they were aware of the situation around them.

“They lost?”

The Marquis of Three Yin was in disbelief, but his eyes were staring at Jian Wushuang coldly.

.

“Sword One, you have good skills. You control such a powerful corpse puppet army. I want to know where you got these corpse puppets,” The Marquis of Three Yin said coldly.

“It has nothing to do with you, Marquis Three Yin, right?” Jian Wushuang said coldly.

“That’s true. Even though I know you may have some secrets, I can’t do anything to you with my strength. But don’t be proud. I can’t do anything to you, but my palace master has many ways to deal with you. Although you won the battle today, sooner or later, my palace master will come back. We’ll see if you can resist him,” The Marquis of Three Yin said with a cold smile. His body had also floated backward.

“You want to leave?” Jian Wushuang’s eyes turned cold.

He did not intend to let the Marquis of Three Yin leave so easily.

He immediately rushed toward the Marquis of Three Yin and pursued him. But, unfortunately, the four domains were still pressing on the Marquis of Three Yin’s body.

He was defeated.

The Heavenly Void World had been completely defeated, and many experts were fleeing frantically.

As for the experts from the Pill Sun Sacred World was doing its best to chase after the experts from the Heavenly Void World. They wanted to retain as many experts from the Heavenly Void World as possible.

This chase continued for a full 15 minutes. The Pill Sun Sacred World finally came to a halt after chasing for a very long distance.

They were still on the vast ice plains. In the air, many experts from the Pill Sun Sacred World were gathered there. As for the experts from the Heavenly Void World Camp, they had already left far away. As for the experts from the Pill Sun Sacred World Camp, they were chasing after them. Corpses were left everywhere along the way.

At this moment, these experts from the Pill Sun Sacred World were floating in the void. Yet, all of them had incomparably excited expressions.

“We’ve won!”

“We’ve won this battle!”

“The Pill Sun Sacred World has defended.”

The many experts were incomparably excited and delighted in their hearts.

At the same time that they were excited and delighted, many gazes could not help but look towards the void at the very front. It was a young man in a golden robe who held a sword in one hand.

Many corpse puppets were surrounding the golden-robed young man.

All the experts of the Pill Sun Sacred World looked at this person with respect and admiration.

They all knew that the Pill Sun Sacred World could win this battle because of this person.

Sword one, the publicly acknowledged strongest expert of the Pill Sun Sacred World!

In this battle, he fought head-on with the Invincible Divine Master, the Marquis of Three Yin. They were evenly matched and even suffered a slight loss. However, this strength was once again affirmed. There was no doubt about the Invincible Divine Master.

Apart from his personal strength, the strength he possessed also shocked everyone.

Previously, they had all thought that their side would definitely lose this battle. However, in the end, this sword one had actually brought out a powerful corpse puppet army. The corpse puppet army completely obeyed his orders because a powerful corpse puppet army had joined them. This completely changed the situation on the battlefield.

The corpse puppet army was too powerful.

Such a powerful force was completely controlled by Sword One alone.

Awe!

Everyone was full of awe toward Jian Wushuang.

Even Yin Su’er had a trace of awe toward Jian Wushuang.

There was no other way. Jian Wushuang was too powerful now.

He was stronger than everyone in the Pill Sun Sacred World, and the power in his hands was enough to sweep across the entire Pill Sun Sacred World.

Although she was the lord of Crimson Rock Castle and was in control of the Pill Sun Sacred World on the surface, she asked herself that if Jian Wushuang wanted to, he could easily take away her authority as the controller.

“Sword One...” Yin Su’er narrowed her beautiful eyes and looked at Jian Wushuang with a complicated expression.

At this time, Jian Wushuang had put the corpse puppets back into his interspatial ring.

After putting the entire corpse puppet army into his interspatial ring, he flashed and appeared beside Yin Su’er.

“Lord Su’er, how are our casualties?” Jian Wushuang asked.

“More than 10 Great Divine Masters have died, and more than 1,000 Divine Masters have died. However, compared to the loss of the Heavenly Void World, our side is perfect,” Yin Su’er said.

She was telling the truth.

The Heavenly Void World had suffered heavy losses in this battle.

Previously, because of the appearance of the corpse puppet army, the situation had been reversed, and many experts had been killed. Later, in the 15 minutes of pursuit, more experts from the Heavenly Void World Camp had died. Although there were no detailed statistics, they estimated that... in this battle, more than sixty Great Divine Masters from the Heavenly Void Realm Camp had died.

The Heavenly Void Army had also suffered heavy losses, and many of those Great Divine Masters had also died.

Compared to the losses of the Heavenly Void Realm Camp, the experts from the Pill Sun Sacred World had indeed been very lucky.

“The main reason is that you brought out the corpse puppet army. If it weren’t for the Corpse Puppet Army, our Pill Sun Sacred World would have been in danger in this battle.” Yin Su’er sighed softly, then she asked, “Mr. Sword One, how come you have such a powerful corpse puppet army?”

Yin Su’er was very curious about this question.

She was not the only one. Many Pill Sun Sacred World experts, including Elder Tong and Great Divine Master Jue Xin, were also very curious.

After all, there were hundreds of corpse puppets, the weakest of which was an advanced divine master. The corpse puppet army was enough to sweep across the entire Pill Sun Sacred World. They wanted to know how Jian Wushuang had obtained such a powerful force.

“Well... I can’t tell you about it. Anyway, I got lucky.” Jian Wushuang smiled and laughed.

He was the only one who knew about the secret realm. So, naturally, he could not tell others where it was.

Seeing that Jian Wushuang did not want to say more, Yin Su’er and the others did not ask further.

“In any case, the Pill Sun Sacred World won this battle!” Yin Su’er smiled.

“We’ve won!”

“We’ve won!”

The people around them were also overjoyed.

After a long while, Yin Su’er said loudly, “Everyone, clean up the battlefield carefully. After that, we’ll go to Crimson Rock Castle together. I’ve already ordered people to prepare a banquet there. So today, our Crimson Rock Castle will celebrate with everyone here!”

Chapter 2832: Yin Su’er’s Ecstasy!

— —

After the battle ended, Yin Su’er held a huge banquet in Crimson Rock Castle.

The number of experts participating in the banquet was extremely large, and it was extremely lively and noisy.

And the main character of this banquet, apart from Crimson Rock Castle, was naturally the Sword Alliance.

In fact, during the banquet, the Sword Alliance’s limelight had completely overshadowed Crimson Rock Castle.

Everyone had already noticed this, but they were not surprised.

This was because everyone knew that the current Pill Sun Sacred World still seemed to be under the control of Crimson Rock Castle. All the factions had already submitted to Crimson Rock Castle.

But in reality, there was another faction in the Pill Sun Sacred World that was even stronger than Crimson Rock Castle.. This faction was the Sword Alliance!

Everyone who participated in the battle with the Heavenly Void World knew this.

However, the experts of the Sacred Sundan World could not figure out what Jian Wushuang had done.

After all, the Sword Alliance was now stronger than the Crimson Rock Castle. Jian Wushuang alone was enough to sweep across the entire Sacred Sundan World.

Under such circumstances, the Sword Alliance could completely replace the Crimson Rock Castle and become the new ruler of the Pill Sun Sacred World. However, judging from their previous performance, the Sword Alliance did not seem to have such a plan. To be exact... it was Jian Wushuang who did not have such a plan.

At the banquet, countless experts toasted Jian Wushuang, and at the same time, there were all kinds of compliments.

Jian Wushuang only responded with a few words.

After a day and a night, the banquet finally ended, and everyone dispersed.

In an exquisite attic, there were two tables facing each other. Jian Wushuang and Yin Su'er sat there, and on the tables were wine and fruits.

Besides the two of them, there was no third person in the attic, and the entire attic was covered by a restriction.

"Mr. Sword One, you helped me to eliminate the internal strife in Crimson Rock Castle and the threat brought by the four top forces, allowing Crimson Rock Castle to regain control of the Sacred Sundan World. This time, you helped me defeat the Army of the Heavenly Void World, allowing the Sacred Sundan World and Crimson Rock Castle to be preserved. I, Yin Su'er, will definitely remember this great favor. Let me toast to you." Yin Su'er raised her wine glass.

"Alliance Master Su'er, you are too kind. I was just entrusted by someone to be loyal to him." Jian Wushuang smiled, "In Saint Tomb, I promised Saint Crimson Rock that I would help you solve your predicament. Naturally, I will do my best to help you."

"Father's vision is indeed unparalleled. At that time, I could see that you have great strength and will definitely be able to help me in the future." Yin Su'er smiled and said.

"In fact, I have agreed to two conditions of Saint Crimson Stone to help you solve the crisis that Crimson Stone Castle is facing," Jian Wushuang suddenly said.

"Oh, what is the other condition?" Yin Su'er asked.

"The other condition is that I will try my best to help you break through to the Immortal Saint realm," Jian Wushuang said.

"What?" Yin Su'er was stunned for a moment, but then she smiled bitterly. "Father, you think too much. It's very difficult for an Immortal Saint to be born in a saint world. Father was able to break through because of great opportunities and good fortune. Although I have some potential, it's not easy for me to break through to become an Immortal Saint."

"Besides, if you want to break through from a Peak Great Divine Master to an Immortal Saint, you have to rely on your own efforts. Mr. Sword One, although you are strong and powerful, it's difficult for you to help me."

"Your father asked me to try my best to think of a way for you. After all, without a real Immortal Saint in the vast holy world, it won't last long," Jian Wushuang said.

Upon hearing this, Yin Su'er nodded secretly.

It was true that there was an Immortal Saint in each of the Nine Realms of the Golden Crow.

It was because there was no Immortal Saint that the Pill Sun Sacred World became the weakest and faced the danger of being destroyed.

If there was an Immortal Saint, as long as the Immortal Saint did not die, the Pill Sun Sacred World would not be so weak.

“The condition of Saint Crimson Rock is indeed a bit harsh for me, but I still agreed to it. Moreover, I was lucky. I just got something recently that will be of great help to me in breaking through to the Immortal Saint realm,” Jian Wushuang said.

“What is it?” Yin Su’er immediately looked over.

Jian Wushuang flipped his hand, and a cyan elixir the size of an adult thumb appeared in his hand.

“This is...” Yin Su’er looked at the cyan elixir in confusion.

She had seen many elixirs in the Nine Realms of the Golden Crow, but she did not recognize this cyan elixir.

“This elixir is called the saint-opening elixir. Have you heard of it?” Jian Wushuang asked.

“Saint-opening Elixir?” Yin Su’er frowned, apparently thinking. After a while, she suddenly raised her head and looked at the cyan elixir in astonishment.

“Saint Ascension Elixir! Is this the legendary Saint Ascension Elixir?” Yin Su’er’s voice became extremely excited.

There was nothing she could do. This Saint Ascension Elixir was too shocking to her.

It was true that she had never seen the Saint Ascension Elixir before, but she had heard of it before.

It was a legendary elixir that could help those Peak Great Divine Masters who had been stuck at a bottleneck for a very long time breakthrough to the level of the Immortal Saint!

It was said that as long as a Peak Great Divine Master who was well-prepared had a little bit of potential, the chances of breaking through to the level of the Immortal Saint after consuming this Saint Ascension Elixir would be 30%.

A 30% chance of breaking through was enough to drive any Great Divine Master, including those Invincible Divine Masters who stood at the top, crazy.

Unfortunately, the level of this Saint Ascension Elixir was too high, and it was too difficult to refine it.

At the very least, no one in the Nine Realms of the Golden Crow could refine such an elixir.

Not to mention the Nine Realms of the Golden Crow, even in the surrounding areas of the Nine Realms of the Golden Crow, there was probably no one who could refine such an elixir.

Those who were qualified to refine the Saint Ascension Elixir were definitely top-grade alchemists. Alchemists of that level could only be found in the core third heaven of the absolute beginning divine realm. As for those outside the third heaven, they were almost impossible to find.

Therefore, the Saint Ascension Elixir was definitely legendary outside the third heaven. It was extremely difficult to see one on a normal day.

Even in the third heaven, the Saint Ascension Elixir was also very difficult to obtain.

But now, Jian Wushuang actually took out a Saint Ascension Elixir and placed it in front of her.

“Mr. Sword One, is this really the Saint Ascension Elixir?” Yin Su’er’s voice was trembling.

“It’s the real one.” Jian Wushuang smiled.

In fact, he did not know the Saint Ascension Elixir before, but since it came from Elder Gu in the secret realm, it must be true.

Chapter 2833: Sword League’s Position

— —

Looking at the Saint Ascension Elixir in front of her, Yin Su’er’s eyes immediately became extremely hot.

“I promised Saint Crimson Rock that I would try my best to help you breakthrough, and this Saint Ascension Elixir is the limit of what I can do. As for whether you can really break through to the Immortal Saint Realm after obtaining the Saint Ascension Elixir, it depends on your own luck and luck. It has nothing to do with me,” Jian Wushuang said, then he waved his hand and threw the elixir to Yin Su’er.

Yin Su’er took the elixir, but her mind was in a daze.

“Mr. Sword One, are you sure you want to give this elixir to me?” Yin Su’er was in disbelief.

The Saint Ascension Elixir was such a precious treasure!

She believed that if the news of the Saint Ascension Elixir spread, the entire Golden Crow Nine Realms would be shocked. Countless top-tier Great Divine Masters, including a few Invincible Divine Masters, would immediately rush to Pill Sun Sacred World to fight for it.. The elixir was of great use to the Great Divine Master.

But Jian Wushuang gave such a precious elixir to her?

After all, Jian Wushuang was only a Great Divine Master now. He would try to break through to the Immortal Saint realm sooner or later. The elixir would be of great use to him, right?

“Mr. Sword One, don’t you need the Saint Ascension Elixir in the future?” Yin Su’er could not help asking.

“My situation is a bit special, so the elixir won’t help me much. Besides, if I meet the requirements to become an Immortal Saint, I can easily make a breakthrough even without the elixir,” Jian Wushuang said with a smile.

What he said was the truth.

His potential was too great, far beyond Yin Su’er’s imagination.

Previously, he had relied on the elixir and primordial stone to improve his realm. As long as he had enough divine power, he could easily make a breakthrough without any obstacles. The reason why he could do this was that he had too much potential.

As long as he met the conditions, he could easily break through his level.

If it were other experts, even if all the conditions had been met, there would still be some twists and turns in breaking through. Some might even encounter bottlenecks, but Jian Wushuang did not.

He did not know how to break through from the divine master level to the Immortal Saint level, nor did he know how to break through from the Great Divine Master level to the Immortal Saint level.

In addition to the uniqueness of the perfect chaotic creature, he really did not need it.

"In that case, I'll take it. Thank you, Mr. Sword One," Yin Su'er said gratefully.

"You're welcome. After all, your father, Saint Crimson Rock, has already paid you." Jian Wushuang smiled and said, "Oh, there's one more thing I need to tell you."

"What is it?" Yin Su'er asked.

"You're the ruler of Crimson Rock Castle. You should be more aware of the situation in the Pill Sun Sacred World than I am. Although Crimson Rock Castle has regained control of the Pill Sun Sacred World, there is still a special existence in the Pill Sun Sacred World, which is the Sword Alliance..." Jian Wushuang said.

Hearing this, Yin Su'er's expression changed slightly.

She already knew what Jian Wushuang wanted to say.

That was the position of the Sword Alliance.

The Sword Alliance had been an ally of Crimson Rock Castle until now. It could even be said that Crimson Rock Castle had relied on something to a great extent. By relying on Jian Wushuang, the prestige of the Sword Alliance had surpassed that of Crimson Rock Castle to a certain extent.

Especially in the battle with the Heavenly Void World, it was Jian Wushuang who had turned the tables.

Moreover, Jian Wushuang's personal strength and the strength of the corpse puppet army under his control had been proven.

As for the position of the Sword Alliance, which controlled such a powerful force, in the Pill Sun Sacred World, was it to stand on equal footing with Crimson Rock Castle and share the Pill Sun Sacred World, or would the Sword Alliance be willing to live under Crimson Rock Castle, or... it was possible for Jian Wushuang to directly step forward and replace the Crimson Rock Castle.

It could be said that the current situation of the Pill Sun Sacred World and the survival of the Crimson Rock Castle were actually in Jian Wushuang's hands. It was up to him to decide.

Yin Su'er also knew this, so she had always been very humble to Jian Wushuang and never took the initiative to expose this matter. After all, the red stone castle was in a weak position, and once it was exposed, the risks it had to take... Yin Su'er could not afford it.

But now, Jian Wushuang took the initiative to talk about this matter.

"The Sword Alliance is too special in the Pill Sun Sacred World. Many forces and countless experts are watching our Sword Alliance. Although I have restricted the experts under the Sword Alliance so that they can not expand, there is no room for two tigers on a mountain. If this continues, there will be

trouble sooner or later. I believe that the experts in your Crimson Rock Castle are also wary of our Sword Alliance, right?" Jian Wushuang said.

"Yes, there is." Yin Su'er nodded slightly. "There are a few experts in Crimson Rock Castle who have warned me about the Sword Alliance many times. They even suggested sending some experts to infiltrate the Sword Alliance. However, I rejected them. I completely believe in you, Mr. Sword One."

"Completely?" Jian Wushuang looked at Yin Su'er with interest and then smiled. "Well, actually, I'm not interested in creating a powerful force in the Pill Sun Sacred World or the Nine Realms Golden Crow Worlds. My ambition is far beyond the Nine Realms Golden Crow Worlds. As soon as I'm strong enough, I'll leave here and go to a more vast place."

"As for the Sword Alliance, I created it to help you as much as possible. I had good intentions, but I didn't expect that the situation would stabilize and become a threat to Crimson Rock Castle. Now, many people in the Sword Alliance also want to destroy Crimson Rock Castle and replace it."

Yin Su'er was shocked.

"Don't worry, I've suppressed these people for the time being. As long as I stay in the Golden Crow Nine Realms, no one in the Sword Alliance will dare to disobey my orders. But if I leave the Golden Crow Nine Realms and go somewhere else, it might not be the case," Jian Wushuang said with a faint smile, "So, I need you to give me some time."

"Time?" Yin Su'er was puzzled.

"I need some time, but I don't know how long it will take. At least a few decades, at most a hundred years. I will continue to stay in the Golden Crow Nine Realms for these years, and I will find a new territory for the Sword Alliance. By that time, the Sword Alliance will go to that territory, and naturally, there will be no friction with Crimson Rock Castle." Jian Wushuang smiled.

"But are the experts of the Sword Alliance willing to go there?" Yin Su'er asked with a frown.

"If it's the same size, most of the experts of the Sword Alliance wouldn't want to go there. But what if it's very big?" Jian Wushuang said with a strange smile.

Chapter 2834: 300,000

— —

"A very big territory? How big is it?" Yin Su'er asked.

"A world," Jian Wushuang said with a smile.

Yin Su'er was stunned and said in surprise, "Mr. Sword One, do you mean to lead the sword union to attack a world?"

"Yes, I do, but I don't know if it can be realized," Jian Wushuang said with a smile.

Knowing what Jian Wushuang was thinking, Yin Su'er could not help but sigh in her heart.

There were nine realms in the Nine Realms of the Golden Crow. In addition to the Pill Sun Sacred World, the other eight realms had the Immortal Saint personally overseeing them. Their overall strength was also very strong.

.

Although the Sword Alliance now had the ability to wipe out the entire Pill Sun Sacred World, it was just an extravagant hope to attack other realms, right?

However, Yin Su'er had witnessed Jian Wushuang's growth. She had seen him rise from a Peak Great Divine Master to the strongest expert in the Pill Sun Sacred World, and he had the terrifying power to wipe out the entire Pill Sun Sacred World, it had only taken him less than 100 years.

It was incredible.

He had achieved this in less than 100 years. If he was given another 100 years... he might still have the ability to conquer the next realm.

"Let's not talk about this for now." Jian Wushuang waved his hand. "Castle Lord Su'er, I once asked you to sell the blood wilderness emperor essence, which weighed 230 kilograms. I heard from Palace Master Si Zhen that you sold it to Lord Mo, who is said to be the number one blacksmith in the Golden Crow Nine Realms?"

"Yes." Yin Su'er nodded. "It's true that Master Mo is the number one blacksmith in the nine realms of the Golden Crow. His refining level is at least at the top of the seventh grade. No one in the Nine Realms of the Golden Crow can compare to him, and he has a good reputation. When I sold the Blood Wilderness Emperor essence to him, I sold it at a very good price, which made me a big profit."

"In that case, you must know how to contact Master Mo. Can you contact him for me?" Jian Wushuang asked.

"Why? Does Mr. Sword One need Lord Mo for something?" Yin Su'er looked at him.

"To tell you the truth, it's my magic weapon. I need Lord Mo to help me refine it again," Jian Wushuang said.

Naturally, he was looking for Lord Mo for the blood mountain sword!

The blood mountain sword was his natal magic weapon. As his strength increased, the power of the blood mountain sword also increased.

However, the blood mountain sword was given to him by his Master Xuan. When it was forged, it did not contain the blood essence of his perfect chaotic lifeform, so the huge potential hidden in the blood mountain sword had not been fully unleashed yet.

Back in the sorcerer desert region, he had asked that fourth-grade blacksmith Master Kun to help him forge the golden armor, but it was a pity that Master Kun did not have the ability to reforge the blood mountain sword. Moreover, he had told him at the time that he had to be at least a seventh-grade blacksmith, only then did he have the qualification to refine the blood mountain sword again.

He had been paying attention to Master Mo ever since he had heard about him from Palace Master Si Zhen.

Now there was no conflict within the Pill Sun Sacred World. As for the Heavenly Void World... because of some restrictions in the Golden Crow Nine Worlds, the Heavenly Void Palace Master could not personally come to the Pill Sun Sacred World. After the defeat of the army he had sent, it would not be easy to stop the second war.

In other words, the Pill Sun Sacred World had basically settled down, and Jian Wushuang's strength was enough to travel in the Golden Crow Nine Worlds. Naturally, he wanted to look for Lord Mo and ask him to help him refine the blood mountain sword again.

"Look for Lord Mo to refine a magic weapon?" Yin Su'er frowned slightly. "Mr. Sword One, you don't know this. Although Lord Mo has a good reputation, he is an extremely arrogant person. His identity is also very honorable. Not only is he the number one artifact master in the Nine Realms of the Golden Crow, but he is also an extremely powerful Immortal Saint.

"Because of this, it is very difficult to see him on a daily basis. There are many powerful Great Divine Masters in the Nine Realms of the Golden Crow. It is said that there are even Immortal Saints who go to visit him. However, most of them will not see him unless it is something that benefits them greatly.

"For example, someone paid a great price to ask him to refine a holy treasure or some treasures that interested him. Last time, when I went to visit him with the blood wilderness emperor essence, although I sold it to him, Lord Mo never came to see me."

"You didn't see Lord Mo last time?" Jian Wushuang was surprised.

"Yes." Yin Su'er smiled bitterly. "It's so difficult just to see him. As for asking him to help you refine the divine weapon again... it's even more difficult and the price to pay is ridiculously high."

"How much?" Jian Wushuang asked.

"Under normal circumstances, this Lord Mo can help you refine 300,000 saint elixirs once," Yin Su'er said.

"300,000 saint elixirs?" Jian Wushuang could not help but be shocked.

300,000 saint elixirs were too much.

After all, they had defeated the four top forces last time. They had only obtained 200,000 saint elixirs from the four top forces and the experts he had killed, this was almost 70% of the resources of the four top forces.

But now, Lord Mo needed 300,000 sacred elixirs just to refine it once?

"That's not right. Even a ready-made holy treasure magic weapon doesn't need 100,000 sacred elixirs. He asked for 300,000 right away. Who would ask him to refine a holy treasure?" Jian Wushuang asked.

"No, no, Mr. Sword One, I'm afraid you're mistaken." Yin Su'er shook her head and said, "The Holy Treasure Saber you gave me last time is indeed of low value and not worth 100,000 sacred treasures.

But this holy treasure saber is completely different from the holy treasure that Lord Mo refined personally.”

“The Holy Treasure Saber refined by Lord Mo is a natal magic weapon. It can be connected to the essence blood of the Immortal Saint and continuously grow. The value of such a natal magic weapon at the level of a holy treasure is far beyond that of an ordinary holy treasure.”

“Natal Magic Weapon?” Jian Wushuang suddenly understood.

If Lord Mo had refined a natal magic weapon at the level of a holy treasure, then it was indeed worth the price.

Because a life-bound divine weapon at the level of a holy treasure was definitely worth more than a million holy elixirs, or even more.

Unfortunately, the life-bound divine weapon was only effective on the master who was connected to him by blood and sweat. But if it fell into the hands of others, it would only be an ordinary holy treasure divine weapon.

“300,000 holy elixirs is not a small amount. I Can’t afford so many holy elixirs now.”

“However, even if I take out the existing sacred elixirs, I should still have treasures of equal value.” Jian Wushuang secretly smiled.

...

Chapter 2835: One Emperor Four Pavilions

— —

Jian Wushuang had a lot of treasures on hand that were worth 300,000 saint elixirs. Of course, there were also treasures that were worth 300,000 saint elixirs.

For example, the mountain and river map, blood mountain sword, and seal the heaven scroll were all worth more than 300,000 saint elixirs.

However, these treasures were all very useful to Jian Wushuang. Besides these treasures, the only treasure that Jian Wushuang could take out that was worth 300,000 saint elixirs was the last piece of Blood Wilderness Emperor Crystal!

In the blood wilderness concentrate, Jian Wushuang had obtained three pieces of Blood Wilderness Emperor Crystal. He had already used the two small pieces. The second piece of Blood Wilderness Emperor Crystal was sold to Lord Mo by Yin Su’er at a very high price, Jian Wushuang had also divided 10,000 saint elixirs.

But in fact, Yin Su’er had actually sold it for more than 10,000 saint elixirs.

The Blood Wilderness Emperor Crystal that Yin Su’er had sold was only 230 kilograms, but the last piece of Blood Wilderness Emperor Crystal in his interspatial ring weighed more than 10,000 kilograms!

A Blood Wilderness Emperor Crystal that weighed more than 10,000 kilograms was worth at least 600,000 to 700,000 sacred elixirs.

Moreover, Lord Mo was a weaponsmith, and he needed rare materials like the Blood Wilderness Emperor Crystal. If he brought this Blood Wilderness Emperor Crystal to see Lord Mo and asked Lord Mo to listen to him reforge the blood mountain sword... Lord Mo might agree.

"Mr. Sword One, Lord Mo is of high status. Even I don't have his direct contact. I can only contact his personal disciple. How about I ask him for you now?" Yin Su'er said.

"No need. Just tell me where he is. I'll go and find him myself," Jian Wushuang said with a smile.

"Okay." Yin Su'er nodded. "It's not a secret where Lord Mo lives. Many people in the nine realms know that he lives in the Dragon-phoenix Sacred City, one of the four holy cities."

"Dragon-phoenix Sacred City?" Jian Wushuang's heart skipped a beat. "Why does the Dragon-phoenix Sacred City sound like it has something to do with the Dragon-phoenix Pavilion?"

"Of course it has something to do with it. The headquarters of the Dragon-phoenix Pavilion is in the Dragon-phoenix Sacred City, and the Dragon-phoenix Sacred City is completely under the control of the Dragon-phoenix Pavilion," Yin Su'er said with a smile.

"Is that so?" Jian Wushuang raised his eyebrows, then he said, "Castle Lord Su'er, I've been wandering in the Pill Sun Sacred World, so I don't know much about the Nine Realms of the Golden Crow. As for the four holy cities you mentioned, I've never heard of them before. Can you tell me about them?"

"Of course," Yin Su'er immediately said, "Mister Sword One, you should know that the Nine Realms of the Golden Crow is actually made up of nine realms. Compared to the entire absolute beginning divine realm, the Nine Realms of the Golden Crow is nothing. Just in the endless territories beyond the third firmament, places like the Nine Realms of the Golden Crow are countless."

"And the Nine Realms of the Golden Crow, before this, every realm had a world overlord who controlled everything. This world overlord was always held by the Undying Sage. For example, the previous world overlord of the Sacred Realm of the Pill Sun was my father. But after my father died, the Sacred Realm of the Pill Sun no longer had a world overlord. It became the only realm in the Nine Realms of the Golden Crow without the Undying Sage."

"In fact, since the Immortal Saint is no longer in charge of the Pill Sun Sacred World, we don't have the right to occupy such a large territory. The other major realms can totally divide up the territory of the Pill Sun Sacred World. The reason why this didn't happen is that the Nine Realms of the Golden Crow had made an agreement a long time ago."

"What agreement?" Jian Wushuang looked at her.

"This agreement was decided by many world masters of the Nine Realms of the Golden Crow and the top forces," Yin Su'er said in a deep voice.

“Mr. Sword One, first of all, you should know the overall structure of the Nine Realms of the Golden Crow... The Nine Realms of the Golden Crow has always been divided into one emperor, four pavilions, and eight great worlds!”

“The eight great worlds here refer to eight of the Nine Realms of the Golden Crow!”

“The four pavilions are the four super forces that live in different realms but do not expand their territory. They are the Dragon-phoenix Pavilion, the Star-pointing Pavilion, the Thundercloud Pavilion, and the Celestial Pavilion. Their overall strength and heritage are far above that of the other realms. Although they do not compete for hegemony, they have created a sacred city with great means. These four holy cities are the most prosperous places in the Nine Realms of the Golden Crow.”

Upon hearing this, Jian Wushuang’s pupils contracted.

He had heard of the four pavilions, the Dragon-phoenix Pavilion, and the Star Pavilion.

The Dragon-phoenix Pavilion was the recognized genius concentration camp in the Nine Realms of the Golden Crow. Those who could enter the Dragon-phoenix Pavilion were all dragons and phoenixes among men.

The Star Pavilion was the number one chamber of commerce in the Nine Realms of the Golden Crow. Its power covered all the realms of the Nine Realms of the Golden Crow. For example, there were many branches of the Star Pavilion in the Pill Sun Sacred World.

He knew about both of them, but it was his first time hearing about the Thundercloud Pavilion and the Celestial Immortal Pavilion.

However, the Thundercloud Pavilion and the Celestial Immortal Pavilion were not weak since they were named after the Dragon-phoenix Pavilion and the Point Star Pavilion.

“Now that there are four pavilions, what does one emperor mean?” Jian Wushuang asked.

“One emperor... means the true overlord of the Nine Realms of the Golden Crow, the Bone Emperor Realm!” Yin Su’er said.

“Bone Emperor Realm? A realm?” Jian Wushuang was stunned.

“That’s right. There are nine realms in the Nine Realms of the Golden Crow, but there are only eight of them. The last one is the Bone Emperor Realm,” Yin Su’er said solemnly, “although the Bone Emperor Realm is also a realm, its territory is larger than the other eight realms combined. The Realm Master of the Bone Emperor Realm, Bone Emperor, is recognized as the number one expert in the Nine Realms of the Golden Crow!”

Jian Wushuang was shocked.

They were both in the same realm, but the territory of the Bone Emperor Realm was comparable to the other eight realms combined?

“How strong is the Bone Emperor, the number one expert in the Nine Realms of the Golden Crow?” Jian Wushuang asked.

"I don't know exactly how strong he is, but he is definitely a very strong Immortal Saint. There have been rumors that when he rose to power, he killed several Immortal Saints in one go, which made him famous. After he established the Bone Emperor Realm and became the emperor of the Nine Realms of the Golden Crow, he rarely made a move. But every time he made a move, it was earth-shaking. All the Immortal Saints in the Nine Realms of the Golden Crow respected him."

"For example, the world overlords of the Eight Realms and the undying saints of the four pavilions are all in awe of this Bone Emperor. As for that agreement, it was actually proposed by this Bone Emperor. Because the eight realms have always been dependent on the Bone Emperor Realm, this Bone Emperor proposed this agreement to maintain the balance of the eight realms." Yin Su'er said.

Chapter 2836: Departure, Dragon-Phoenix Sacred City

— —

"Actually, this agreement is very simple. Without the consent of the Bone Emperor, those sector lords are not allowed to set foot in other realms. In this way, even if the eight realms want to fight, only the Great Divine Masters and the Army of Divine Masters can fight. However, unless those undying saints have a deep hatred, they will not really fight to the death. This is also to ensure the combat strength of the Undying Saints of the Golden Crow Nine Realms."

"After all, there are external enemies in the Nine Realms of the Golden Crow. Once they encounter an external enemy, the Divine Master's battle strength is almost useless. It's all because of the Immortal Saints," Yin Su'er said.

"Is this the agreement?" Jian Wushuang's expression was rather strange.

"Don't underestimate this agreement. If it weren't for the existence of this agreement, our Pill Sun Sacred World would have been destroyed by the Heavenly Void World or other realms," Yin Su'er said.

Jian Wushuang also understood.

Indeed, if the realm lords of other realms could freely enter and exit the Sacred Sundan World, the Immortal Saint would have personally arrived. After the Sacred Sundan World lost the protection of Saint Crimson Stone, it would have been completely destroyed.

The Heavenly Void World did not need to send such a large army.

Moreover, the Heavenly Void World had suffered a great loss in Jian Wushuang's hands. Therefore, even if they wanted to take revenge, it would be difficult.

"Lord Mo is in the Dragon-phoenix Sacred City. So it seems that I have to go to the Dragon-phoenix Sacred City," Jian Wushuang said with a smile.

"When will you leave, Mr. Sword One?" Yin Su'er asked.

"I'll go back to the Sword Alliance and make some arrangements. Then, after that, I'll leave directly," Jian Wushuang said.

"There is a passage leading directly to the Dragon-phoenix Sacred City in the Pill Sun Sacred World. Please inform me when you leave. I'll order someone to open it," Yin Su'er said.

“Okay.” Jian Wushuang nodded and left.

...

In the Lofty Hall of the Sword Alliance, many high-level officials gathered together.

“Listen up. Although the Sword Alliance is extremely powerful and can threaten the status of Crimson Rock Castle, we have always been allies with Crimson Rock Castle. In the future, you must obey this rule and not take the initiative to become enemies with Crimson Rock Castle. In the future, the Sword Alliance will live in the current situation. Without my instructions, it can not continue to expand,” Jian Wushuang said coldly.

Upon hearing Jian Wushuang’s words, the experts of the Sword Alliance changed their expressions and felt a little unwilling.

The current Sword Alliance had far surpassed the Crimson Rock Castle in terms of overall strength and prestige. Therefore, it would be too easy for them to replace the Crimson Rock Castle at this time. Even if they could not replace Crimson Rock Castle, it would be good if they could continue to expand. However, Jian Wushuang had given such an order.

“Master, will the Sword Alliance live in the current situation peacefully from now on?” Xiao Tiexin looked over with a frown.

“For now, but not in the future,” Jian Wushuang said, looking around. “Don’t worry, just bear with it for a while. At least a few decades, at most a hundred years. After that, I will give you a platform to expand as you wish.”

Hearing this, the eyes of the people of the Sword Alliance lit up again.

Jian Wushuang waved his hand to signal them to leave, leaving Xiao Tiexin alone.

“Xin ‘Er, I will leave the Pill Sun Sacred World for a while. After I leave, I will leave the matters in the Pill Sun Sacred World to you,” Jian Wushuang said.

“Yes.” Xiao Tiexin nodded respectfully.

She had been by Jian Wushuang’s side for many years. Since the founding of the Sword Alliance, she had been the chief supervisor here. Usually, she had been taking care of many things. Although her strength was not high, she did have great prestige in the Sword Alliance, and many people believed in her.

“Take this interspatial ring.” Jian Wushuang flipped his hand and handed an interspatial ring to Xiao Tiexin.

After taking it, Xiao Tiexin scanned it with his consciousness, but his eyes suddenly widened.

“Young master, this, this is...”

“It’s the corpse puppet army.” Jian Wushuang smiled faintly.

“I’m leaving this time because I want to explore the Golden Crow Nine Realms more. The corpse puppet army is of little use to me. I’ll leave them with you to manage them. On the one hand, it will help you better control the Sword Alliance. On the other hand... Although the Pill Sun Sacred World has

temporarily calmed down, it's hard to guarantee that there won't be any more changes. If anything happens, I might not be able to come back in time. With the corpse puppet army, I can be slightly relieved."

"That being said, there's no need for you to keep all the corpse puppets, young master. Why don't you bring a few more with you in case you need them?" Xiao Tiexin said.

"The blood-armored corpse puppet is powerful and useful to me. So I can take it with me. As for the other corpse puppets, I don't need them." Jian Wushuang smiled.

After saying a few more words, Jian Wushuang set off.

...

Dragon-phoenix Sacred City was the core of the Nine Realms of the Golden Crow and one of the four most prosperous sacred cities.

Although it was only a sacred city, in fact, the territory of the sacred city was no smaller than that of the Danyang Continent in the Holy Sundan world.

There were countless cultivators from various realms in the sacred city, and the quality was very high.

In the south of Dragon-phoenix Sacred City, there was a vast open space with many huge spatial passages in the void.

These spatial passageways led to different realms. People often used these spatial passageways to return to their own realms. Naturally, cultivators from different realms also used these spatial passageways to come to the Sacred Dragon and Phoenix city.

At this moment, the light from one of the spatial passageways had already lit up.

In this open space, there were some soldiers wearing unique red battle armor standing guard. When the spatial passageways lit up, some of the soldiers looked over.

"Someone is coming again."

"This space passage should lead to the Pill Sun Sacred World."

"Pill Sun Sacred World?"

"I heard that the Realm Lord of Pill Sun Sacred World died a long time ago. There hasn't been a second Immortal Saint born there. The Great Divine Masters in Pill Sun Sacred World have been fighting among themselves. Their overall strength has been greatly weakened. They have long become the weakest sacred world in the Golden Crow Nine Realms."

"Hehe, this was a long time ago. I just heard that the internal conflict in the Pill Sun Sacred World has ended."

The soldiers in red armor were chatting casually.

They were responsible for guarding the teleportation point in the spatial passage and were very well-informed. Most of them knew about the major events that happened in the various realms.

Buzz!

The light gradually faded, and a human figure walked out of the spatial tunnel.

This person wore a golden robe and carried a long sword on his back. His face was extremely young, and the aura that he emitted was that of a senior Great Divine Master.

...

Chapter 2837: Requesting to See Lord Mo

— —

“Is this the Dragon-phoenix Sacred City?” Jian Wushuang looked around with a faint smile on his face.

Whoosh!

He turned into a stream of light and rushed forward.

The red-armored soldiers guarding the space passage did not stop him.

Because he had been guided by Yin Su’er, Jian Wushuang soon found the place where Lord Mo lived after he came to the Dragon-phoenix Sacred City.

It was a huge group of volcanoes.

The whole group of volcanoes was surrounded by endless flames all year round. The air was extremely hot, and the ground and the sky were red.

However, in the center of this group of volcanoes, there was a huge castle. This huge castle was where the number one refiner of the Nine Realms of the Golden Crow lived.

This huge scarlet castle was completely covered by a magic array. And around the magic array, there were many cultivators waiting there.

Those cultivators were not very strong. There were Earth Divine Masters and Sky Divine Masters, as well as Great Divine Masters, but there were very few of them.

They stood in an orderly manner, waiting to enter the castle.

“So many people?” Jian Wushuang appeared in the void outside the castle. Looking at the long dragon at the entrance, his expression could not help but change.

At this time... whoosh!

A figure suddenly appeared in front of Jian Wushuang.

The person who came was wearing the same armor and had a cold expression. He was the guard of the giant castle.

However, even though he was just a guard, his aura had reached the level of a junior Great Divine Master.

“A Great Divine Master is actually a guard here?” Jian Wushuang was secretly surprised.

"May I know who you are? What brings you to our fire cloud castle?" The guard asked.

Although it was just a question, his tone was a little arrogant.

This was normal. Fire Cloud Castle was personally founded by Lord Mo. Not only in the Dragon-phoenix Sacred City but also in the entire Golden Crow Nine Realms, it had a very high status. Usually, there were many Great Divine Masters who came to see it, there were even many Immortal Saints.

This guard had seen too many of them.

When he faced the Immortal Saints, he was in awe. When he faced the Invincible Divine Masters and Peak Divine Masters, he was very humble and polite. However, when he faced Jian Wushuang, he saw that Jian Wushuang only had the aura of an Advanced Great Divine Master, his attitude became colder.

"I'm here to see Lord Mo," Jian Wushuang said with a smile.

"As expected." The guard was not surprised at all. He glanced at Jian Wushuang and asked, "What's your name, and which realm are you from?"

"Sword One, from the Pill Sun Sacred World," Jian Wushuang replied.

"Sword One?" The guard shook his head. Obviously, he had never heard of him, but he still said, "Wait here for a moment, I'll go and inform you."

"Thank you." Jian Wushuang thanked him slightly.

The guard immediately went into the castle to report.

In the depths of the giant castle, in a magnificent palace, a middle-aged man in a purple robe sat upright with a smile, holding a cup of tea in his hand.

"Sir." The guard came to the front of the middle-aged man and said respectfully, "A man called Sword One came from outside and asked to see the Castle Lord."

"Sword One?" The purple-robed middle-aged man raised his eyebrows and tried to recall the name in his mind, but he had never heard of him.

This was normal. Jian Wushuang's rise was too short. He had reached such an achievement in just a few decades.

He was only very famous in the Pill Sun Sacred World and the Heavenly Void World, but he was not very famous in the entire Golden Crow Nine Realms. Therefore, not many people had heard of him.

"What realm is this person at?" The purple-robed middle-aged man asked.

"He's an Advanced Great Divine Master." The guard replied.

"Hehe, he's just a mere Advanced Great Divine Master. I've never even heard of him before. Clearly, he doesn't have any great background. He actually wants to seek an audience with the master. How Ridiculous." The purple-robed middle-aged man sneered. Then, he waved his hand. "The visitor is a guest. Let junior brother Fan Xin receive him."

"Yes." The guard immediately left.

The purple-robed middle-aged man still had a smile on his face, but his eyes were looking at a young man who was wearing luxurious woolen clothes. His face was cold and stern, and he had a dignified bearing. "I'm sorry, Young Master Qu, you must have made a fool out of me."

"Haha, not at all. Fire Cloud Castle is the residence of the number one refiner master in the Nine Realms of the Golden Crow. There are naturally many people who come to visit. Qu Yun should have an eye-opening experience today." The young man also had a smile on his face, he even gave a few simple compliments.

"Young Master Qu, I already know the purpose of your visit. Moreover, the reward you offered is indeed very high. This shows that you are indeed very sincere. However, the thing you want can only be refined by my master personally. However, you should have heard of my master's temper."

The purple-robed middle-aged man glanced at the young man, he smiled. "If you want the old man to personally refine it, not only do you need to pay a sufficient price, you also need to look at his mood. If he is in a good mood, he might agree to help you refine it. But if he is in a bad mood, no matter how much you pay him, I'm afraid he won't help you."

"I know this. Hence, mister, please help me put in a few good words in front of Lord Mo. after all, Qu Yun will remember it in his heart." The young man said.

"Haha, that's easy to say. Although it's the first time I've met you, I've known Realm Lord Jiu Qu for many years. Naturally, I know what to do," the purple-robed middle-aged man said with a smile.

"Thank you, sir," the young man said with a smile. He was in a great mood.

Outside the castle.

"Sword One." The guard appeared in front of Jian Wushuang again. "I've reported your request and Lord Fan Xin has agreed to meet you. Come with me."

"Lord Fan Xin, who is that?" Jian Wushuang asked.

"He is one of the six in-name disciples of our Fort Master. He has a very high position in Fire Cloud Castle," the guard said.

Hearing this, Jian Wushuang could not help being stunned.

He knew that it would not be easy to meet Lord Mo, but he did not expect that he would be so unpopular.

Back then, Yin Su'er had come here to seek an audience for the sake of selling the blood-desolate emperor crystals. Although she had not met Lord Mo, she had at least met Lord Mo's personal disciple. Furthermore, she had the personal disciple's transmission token.

However, the person who had come to greet him was only an in-name disciple.

The difference between an in-name disciple and a personal disciple was not small.

It was very obvious that the person who had come to receive him in Fire Cloud Castle was someone who looked at his status and status. When he saw that he was only a high-level Great Divine Lord and that he was not famous, he had casually sent an in-name disciple to receive him.

Chapter 2838: 10,000 Kilograms of Blood Wilderness Emperor Essence

— —

"If I had known, I would have asked Yin Su'er to say hello for me." Jian Wushuang smiled bitterly, but he still followed the guard into the castle.

On the way, Jian Wushuang looked at the long line at the entrance and could not help asking, "Sir, what do these people do?"

"They?" The guard sneered and said, "They are some blacksmiths from different realms. There are blacksmiths of different levels. There are third or fourth-grade blacksmiths, fifth or even sixth-grade blacksmiths. They come here with only one purpose, which is to become apprentice blacksmiths in Fire Cloud Castle."

"Apprentice? Why are apprentices so popular?" Jian Wushuang was surprised.

"Of course. Although they are just apprentices, they still have the chance to see the scene of top blacksmiths refining weapons. If they are lucky, they might even be chosen by the castle lord and become his in-name disciples. That would be great." The guard continued. "The castle lord now has a total of one personal disciple and six in-name disciples. Except for that personal disciple, the other six in-name disciples are all chosen from apprentices."

"I see." Jian Wushuang understood.

He followed the guard into the castle and came to a side hall.

"Wait here. Lord fan Xin is receiving a Supreme Divine Master. He will come to see you when he is done," the guard said.

"Thank you," Jian Wushuang thanked him.

The guard left quickly, while Jian Wushuang waited quietly in the side hall.

After waiting for four hours, a middle-aged man with a big belly finally came to the side hall.

"You must be Sword One, right?" The middle-aged man was only a Peak Divine Master, but he stood in front of Jian Wushuang without any respect or humility. On the contrary, he had a lofty attitude.

"Tsk, tsk, these blacksmiths are really arrogant." Jian Wushuang sighed in his heart, but he still smiled on the surface. "It's me. You must be Mr. Fan Xin, right?"

"Sit." The middle-aged man, Fan Xin, who was one of Lord Mo's in-name disciples, waved his hand.

Jian Wushuang immediately sat down beside him.

"Are you here to see Master?" Fan Xin glanced at Jian Wushuang.

"Yes." Jian Wushuang nodded.

“Haha, my Master is the number one blacksmith in the Nine Realms of the Golden Crow. There are too many people who come to see him. He doesn’t have the time to meet so many people. Therefore, those who come to see him are usually received by us disciples. Unless some very high-ranking people come to see him in person, my master will personally receive them. So, if you have something to say, just tell me directly.” Fan Xin said.

Jian Wushuang thought to himself.

He knew that it would be unrealistic for him to meet Lord Mo directly, so he had to go through Fan Xin.

“To tell you the truth, I’m here today because I hope that Lord Mo can personally refine another magic weapon for me,” Jian Wushuang said.

“Ask master to refine a magic weapon?” Fan Xin looked at Jian Wushuang in surprise and could not help but smile. “Sword one, you’re only an Advanced Great Divine Master, right?”

“With your strength, the magic weapon you use is only a superior divine treasure. Even if you have a lot of treasures and want to make a divine treasure, there are others in my Fire Cloud Castle who can do it. Why do you need my master to do it personally?”

“No, the magic weapon I want to make can only be made by Lord Mo himself,” Jian Wushuang said with a smile.

“My master must make it himself?” Fan Xin’s expression changed, but then he said in a deep voice, “Sword One, my master is the number one blacksmith in the Nine Realms of the Golden Crow. It’s not easy for him to make the magic weapon, and it will cost a lot of money.”

“I know. When I came here, I asked around. If you want Lord Mo to make it himself, the price must be no less than 300,000 holy elixirs. Am I right?” Jian Wushuang said.

“Well, can you afford 300,000 holy elixirs?” Fan Xin looked at him.

“I don’t have any ready-made holy elixirs, but I do have treasures that are worth more than 300,000 holy elixirs.” Jian Wushuang smiled and then took out the last piece of Blood Wilderness Emperor Crystal.

The Blood Wilderness Emperor Crystal was about the size of an adult and weighed more than 10,000 pounds.

However, Jian Wushuang held it in his hand easily and weighed it casually.

“Mr. Fan Xin, do you recognize this crystal in my hand?” Jian Wushuang asked with a smile.

“This is... Blood Wilderness Emperor Crystal?” Fan Xin, who was sitting casually on the chair, suddenly stood up. He looked at the crystal in Jian Wushuang’s hand with a trace of shock.

Blood Wilderness Emperor Crystal was one of the most important materials for refining holy treasures.

As a weapon refiner, he had been dealing with all kinds of weapon refining materials all year round. How could he not recognize it?

“How heavy is such a big piece of Blood Wilderness Emperor Crystal?” Fan Xin exclaimed.

"I estimated that this Blood Wilderness Emperor Crystal should weigh 12,000 pounds. On the market, one pound of Blood Wilderness Emperor Crystal is worth 100 holy elixirs. Moreover, it's priceless. Am I right?" Jian Wushuang said with a smile.

Fan Xin could not help but gulp.

What Jian Wushuang said was naturally true.

Blood Wilderness Emperor Crystals were very rare and precious.

One pound of Blood Wilderness Emperor Crystal was more than enough to sell 100 saint elixirs. If they met people who needed it, one pound of Blood Wilderness Emperor Crystal could sell for 200 saint elixirs.

But 12,000 pounds of Blood Wilderness Emperor Crystals... even if it was 100 saint elixirs per pound, it was still 1.2 million saint elixirs!

Under normal circumstances, an ordinary Immortal Saint who was not good at accumulating wealth would only have 500,000 to 600,000 saint elixirs.

Many Immortal Saints could not afford 1.2 million saint elixirs.

But now...

"Ms. Fan Xin, I wonder if my Blood Wilderness Emperor Crystal is worth 300,000 saint elixirs. Can I ask Master Mo to help me?" Jian Wushuang said with a smile.

"The price is enough, but I don't know if I can ask the master to help me." Fan Xin's face had become extremely serious, and her attitude toward Jian Wushuang had obviously changed. "Mr. Sword One, please wait here for a moment. I'll report this matter to senior brother Bi Yan and ask him to see you in person."

"Oh?" Jian Wushuang raised his eyebrows.

Judging from fan Xin's tone, Jian Wushuang knew that Bi Yan was the only personal disciple under Lord Mo...

If he wanted to see Lord Mo, he had to go through Bi Yan.

"Then I'll wait here." Jian Wushuang smiled and put the Blood Wilderness Emperor Crystal into his interspatial ring.

...

Chapter 2839: The Lowest Threshold

—

In the main hall of the castle, Lord Mo's personal disciple Bi Yan was casually chatting with the imposing young man.

At this moment, Fan Xin walked in and whispered a few words into Bi Yan's ear.

Bi Yan's expression immediately changed and he became a little surprised.

Then he stood up and said apologetically, "Master Qu, I have something to take care of. Please wait here for a moment."

"No problem." The young man waved his hand, indicating that he did not care.

Bi Yan immediately walked toward the side hall with Fan Xin.

When they arrived at the side hall, Bi Yan immediately saw Jian Wushuang who was waiting quietly.

"Haha, you must be Mr. Sword One, right?" Bi Yan smiled and spoke in a gentle tone.

"Sword One greets Mr. Bi Yan," Jian Wushuang bowed slightly.

Bi Yan was capable of becoming Lord Mo's personal disciple. Jian Wushuang did not know about his weapon-refining level, but his strength was not weak. He had already reached the level of a Divine Master at the peak, he was much stronger than Fan Xin, who was only at the peak of the Divine Master Realm.

"I heard that you came here to ask Master to refine a magic weapon, and you also brought a 10,000-pound Blood Wilderness Emperor Crystal?" Bi Yan looked at Jian Wushuang.

Jian Wushuang waved his hand and took out the Blood Wilderness Emperor Crystal.

Bi Yan's vision was much higher than Bi Yan's. With just a glance at the Blood Wilderness Emperor Crystal, he could instantly tell that it was a genuine Blood Wilderness Emperor Crystal. Moreover, based on the size of the Blood Wilderness Emperor Crystal, the Blood Wilderness Emperor crystal should weigh about 12,000 kilograms.

Bi Yan's eyes immediately lit up.

"Junior brother Fan Xin, you can leave first. I'll have a good chat with Mr. Sword One," Bi Yan instructed.

"Yes." Fan Xin nodded. He looked at the Blood Wilderness Emperor Crystal with a burning gaze, but he still left directly.

Only Jian Wushuang and Bi Yan were left in the side hall.

"The Blood Wilderness Emperor Crystal is one of the main materials used to refine holy treasures. It's extremely rare. Usually, it's rare to see a Blood Wilderness Emperor Crystal that weighs more than 100 kilograms, and it requires a great opportunity. But the Blood Wilderness Emperor Crystal in your hand weighs more than 10,000 kilograms..." Bi Yan could not help but sigh.

As a weapon refiner, what he yearned for the most were rare weapon refining materials.

Last time, Yin Su'er came to him and sold him a piece of Blood Wilderness Emperor Crystal that weighed 230 catties, which made him quite happy.

Now, the Blood Wilderness Emperor Crystal weighed more than 10,000 catties. Even he could not help but feel ecstatic.

"Mr. Sword One, the Blood Wilderness Emperor Crystal in your hand is extremely valuable. If you are willing, you can sell it to my Fire Cloud Castle. I can buy it for 20 saint elixirs more than the market price. Your piece of Blood Wilderness Emperor crystal weighs 12,000 catties, so you can get 1,440,000 saint elixirs for it. I'll give you another 10,000 saint elixirs. How about 1,450,000 Saint Elixirs?" Bi Yan said.

Jian Wushuang raised his eyebrows.

He had to admit that Bi Yan was very generous and offered a very high price.

Of course, this was mainly related to the great wealth of the Fire Cloud Castle. With the number one refiner in the Nine Realms of the Golden Crow, there were too many people who came to fire cloud castle to ask for refining weapons. Every time they refined weapons, Fire Cloud Castle could get a huge commission, after so many years of accumulation, the wealth of Fire Cloud Castle was terrifying.

Perhaps the wealth of Fire Cloud Castle was not as rich as the four pavilions, but it was not much worse.

"Mr. Bi Yan, Mr. Fan Xin should have told you just now. My purpose here is not to sell the Blood Wilderness Emperor Crystal, but to ask Lord Mo to personally refine my magic weapon for me," Jian Wushuang said with a smile.

"I heard about it from junior brother Fan Xin, but with all due respect, I'm afraid it's difficult for you to ask Master to refine your magic weapon for you," Bi Yan said.

"Why?" Jian Wushuang asked.

"To tell you the truth, master has a very strange temper. Even if he wants to refine a magic weapon, it depends purely on his mood and preferences. As for the so-called 300,000 holy elixirs, it's just a minimum threshold set by the master. His purpose is to stop some unnecessary visitors, but it's just a minimum threshold. Even if you achieve it, it doesn't mean that master will definitely refine a magic weapon for you."

"Right now, besides you, there's another person in Fire Cloud Castle. His father is a world overlord, and he brought 300,000 sacred elixirs to ask the master to refine a special treasure for him. But I think master will ignore him," Bi Yan explained.

Hearing this, Jian Wushuang could not help but be speechless.

He could understand the hidden meaning behind Bi Yan's words. Even the young master of a world lord took out 300,000 saint elixirs, but Lord Mo ignored him. He had no background and was only an Advanced Great Divine Master, how could he be taken seriously by Lord Mo?

"If that's the case, how can I ask Lord Mo to help me?" Jian Wushuang asked.

"300,000 saint elixirs is the minimum requirement for the master to refine magic weapons or treasures. Secondly, it depends on the identity of the other party. If it's the Immortal Saint, my master will give him some face. If it's the powerful Immortal Saint, my master will give him a warm welcome. Long ago, Lord Bone Emperor personally visited my master and asked me to refine a treasure for him. When Lord Bone Emperor comes, my master will not dare to neglect him," Bi Yan said.

Hearing this, Jian Wushuang smiled bitterly.

Bone Emperor... was the strongest expert in the nine realms of the Golden Crow. Who would dare to not give him face? Of course, Lord Mo would not dare to.

It was obvious that Lord Mo's refining of treasures was largely determined by his strength and identity. This was normal. In the primordial divine world, experts were respected wherever they went. Only experts would receive sufficient respect.

"Other than that, there's another possibility that master can personally take action. That is, the other party can take out a treasure that even my master is interested in. Or, the treasure that he refined has a certain degree of challenge to my master. Master will also take action."

Bi Yan continued, "The Blood Wilderness Emperor Crystal that you are taking out is indeed very valuable. It is much more than the entire wealth of many immortal saints. However, with all due respect, even if you give this Blood Wilderness Emperor Crystal to master, he might not be interested. At his level, there aren't many treasures in the Golden Crow Nine Realms that can truly make him interested."

Chapter 2840: Shock

— —

"As for the treasure that my master can refine, it's also very rare in the Nine Realms of the Golden Crow. The last time it appeared, it was the treasure that Lord Bone Emperor asked my master to refine. The treasure that you asked my master to refine shouldn't be of a higher level than the treasure that Lord Bone Emperor refined, right?" Bi Yan teased.

Hearing Bi Yan's words, Jian Wushuang's expression became a little strange.

However, he could understand that Lord Mo was the number one blacksmith in the Nine Realms of the Golden Crow. With such a high level of craftsmanship and great strength, he naturally would not take ordinary items seriously.

Although the Blood Wilderness Emperor Essence was rare and precious, there were still many in the fire cloud castle. As for the sacred elixir, the Fire Cloud Castle did not lack it. It was too difficult to impress Lord Mo with just a piece of the Blood Wilderness Emperor Essence.

"If I can't impress him with the Blood Wilderness Emperor Crystal, I might have to rely on that thing..." Jian Wushuang narrowed his eyes slightly, but he had already made up his mind.

"Mr. Bi Yan, in addition to the Blood Wilderness Emperor Crystal, I have a special item that Lord Mo might be interested in," Jian Wushuang said with a smile.

"Oh, do you have a treasure that is more valuable and rarer than the Blood Wilderness Emperor Crystal?" Bi Yan looked over in surprise.

Jian Wushuang did not say anything. He slowly reached out his hand and a jade bottle appeared in his hand.

There was a drop of boiling hot, bright red liquid in the jade bottle.

"Is this... Essence Blood?"

Bi Yan sensed the liquid in the jade bottle and was stunned. "Show me the Essence Blood."

Jian Wushuang handed the jade bottle to Bi Yan without hesitation.

Bi Yan took the jade bottle and began to examine the drop of blood essence.

"It's so pure, so pure!"

"Although the strength of the blood essence is not very strong and its owner is not a high-level divine master, his bloodline is terrifyingly high. The blood essence is so pure that it is at least 1,000 times higher than that of a normal human cultivator!"

"Such pure blood essence, those top-tier beasts, fierce beasts, and even some of the top-tier bloodlines in the absolute beginning divine realm can't have it. Only one kind of existence can have this kind of blood essence, and that is the special life forms born in the vast absolute beginning divine realm. Those innately powerful and unique special life forms!"

Bi Yan's eyes were shining with excitement, and his body was shaking violently.

After a long while, he looked at Jian Wushuang again.

"Mr. Sword One, how did you get this Essence Blood?" Bi Yan asked.

"I found it by chance, but I wonder if this Essence Blood can interest your master Mo?" Jian Wushuang asked with a smile.

"Yes, absolutely." Bi Yan nodded solemnly, "This is the Essence Blood of a special life form. The number of special life forms in the absolute beginning divine realm is pitifully few. I've never heard of any special life form in the Golden Crow Nine Realms or in the surrounding great realms. It's like ascending to heaven to get a drop of the Essence Blood of a special life form in the territory near the Golden Crow Nine Realms. Master has always longed for a drop, but he only had extravagant hopes. He didn't expect that today..."

At this point, Bi Yan could no longer hold back his excitement.

He took a deep breath, in a deep voice, he said, "Mr. Sword One, can I bring this drop of Essence Blood to meet master personally? I can guarantee that master will meet you personally and refine a magic weapon for you."

"Sure." Jian Wushuang nodded with a smile.

"Please wait here for a moment."

Bi Yan said and then rushed to the deepest part of the castle.

Jian Wushuang continued to wait in the side hall.

"It's really troublesome to report to master Mo one by one." Jian Wushuang sat there, feeling helpless, but there was also a strange smile on his face.

"Such a drop of Essence Blood has shocked Bi Yan so much. If I take out the complete Essence Blood, wouldn't he go crazy?"

Jian Wushuang felt it was funny.

He had prepared the drop of essence blood for Bi Yan in advance.

The Essence Blood naturally did not come from some so-called special life form, but from him, a perfect chaotic creature. Of course, it was not his most complete Essence Blood, but his own Essence Blood, which he diluted and decomposed, it was only obtained after decomposing a full 100 parts.

In other words, he had decomposed his complete Essence Blood into a full 100 drops, and he had just given one drop to Bi Yan.

After decomposing 100 parts, the purity of this drop of Essence Blood was actually only one percent of his perfect chaotic creature's complete Essence Blood, or even less than one percent.

Even so, it still made the jade flame so shocked.

But Jian Wushuang's most complete Essence Blood was really amazing.

...

The deepest part of the Fire Cloud Castle was at the bottom of a volcano.

The crimson space was extremely hot, and the ground was so hot that it was scarlet red.

A naked silver-haired elder held a farm ax in his hand and directly chopped it.

Kacha!

A piece of firewood in front of him was split in half.

The silver-haired old man threw the split firewood into the sea of fire in front of him. Then, he picked up the second piece of firewood and struck out with his ax again...

The silver-haired old man was rather thin and weak. His skin was dark and he did not look like he had much strength. However, as he struck out with his ax, the firewood made of mystical wood was easily split in half.

The silver-haired old man continued chopping firewood, one after another.

At this moment, the purple-robed middle-aged man, Bi Yan, hurriedly appeared in the crimson-red space.

When he saw the silver-haired old man chopping firewood, Bi Yan would normally obediently stand by the side and wait. He would only speak when the silver-haired old man stopped to rest. However, he immediately spoke... "Master, this disciple has an urgent matter."

The silver-haired old man who was chopping with the ax paused for a moment before continuing to chop down.

Kacha!

Another piece of firewood was chopped off. Following that, the silver-haired old man leaned on the ax and turned around to look at Biyan.

“Speak.” He spoke softly. His voice was cold and emotionless, but it was extremely majestic.

“Master, I have brought something. Please take a look.”

Bi Yan did not waste any words and directly took out the jade bottle.

When the silver-haired old man, who originally had a cold expression, saw the jade bottle, or more accurately, the drop of Blood Essence in it, his pupils suddenly shrank!
