

Swordsman 2931

Chapter 2931: Jian Wushuang and Xue Dong King

— —

The void near the Scarlet Castle was above a vast sea.

The endless sea water was flowing slowly, and the entire sea surface seemed very calm.

But this calm was quickly broken by someone.

“Xue Dong King, I asked you to make the first move,” Jian Wushuang stood there and said grandly.

“Haha, you’re so confident. In that case, I won’t stand on ceremony.” Xue Dong King laughed loudly and immediately took out a long saber. A majestic aura rose from his body.

Xue Dong King suddenly rushed forward.

At the same time, his body split into two, turning into two identical figures.

“Well, this is...” Jian Wushuang could not help being surprised.

When he saw the two figures, Jian Wushuang immediately understood that they were just illusions that Xue Dong King had used a special method.

However, these illusions were extraordinary, and even he could not tell which one was real.

It was not until Xue Dong King appeared in front of him and raised the long saber in his hand that Jian Wushuang was able to determine which one was real.

Buzz!

Xue Dong King struck out with his saber straight.

The saber light was dazzling and extremely domineering. It immediately formed a huge saber river in the void and spread toward Jian Wushuang.

Jian Wushuang only smiled faintly. Divine power surged in his right hand. He raised the Blood Mountain Sword and directly faced the long saber.

When the long saber and the Blood Mountain Sword collided head-on, an extremely domineering power contained in the long saber immediately came into effect.

“This power...”

Jian Wushuang’s expression changed. He staggered, but he could not help taking a few steps back.

The long saber took advantage of the situation and slashed toward Jian Wushuang’s head.

Jian Wushuang was surprised, but he immediately dodged to the side and dodged the saber.

“Your strength is not bad.” Jian Wushuang looked at Xue Dong King.

Xue Dong King’s strength was indeed impressive.

In that moment of collision, an extremely powerful force came from the long saber. It was much stronger than that of an ordinary Immortal Saint. Although it was not as strong as a True Saint, the gap between them was very small.

“Xue Dong King is indeed worthy of being a member of the Heaven-cleaving Alliance at the Divine Master level. Now that he has reached the Immortal Saint-level, his strength has soared again. Although he is not comparable to a True Saint, he is definitely a top false saint,” Jian Wushuang thought.

There were two kinds of Immortal Saints.

False Saint and True Saint.

The False Saint was the most common type of Immortal Saint. Although his cultivation had indeed reached the Immortal Saint-level, he had not truly mastered the immortal body and could not fully display his strength.

True Saint, on the other hand, had completely mastered the immortal body and could perfectly display his strength. Such a True Saint was much more powerful than a False Saint.

For example, the Immortal Saints in the Golden Crow Nine Realms were almost all False Saints with different strengths.

As for True Saints, there were only two of them. One was the Bone Emperor, and the other was the Dragon-phoenix Pavilion’s Saint Hong.

Moreover, even if they were True Saints, there were differences in strength. Moreover, in the absolute beginning divine realm, True Saints were divided into seven levels, which represented seven different levels. These seven different levels could be based on their understanding of laws and Dao, there were also unique skills that showed that Saint Hong was only a rank one True Saint.

As for Bone Emperor, the publicly acknowledged number one expert in the Nine Realms of the Golden Crow, there were rumors that he had long reached the pinnacle of a rank one True Saint. There were also rumors that he had broken through to become a rank two True Saint, but no one knew how he did it.

“A top False Saint is indeed very powerful in the Inkstone Realm. No wonder the Evergreen Realm Lord was a little afraid of Xue Dong King.” Jian Wushuang chuckled.

The Evergreen Realm Lord and the other three Realm Lords in the Inkstone Realm were only False Saints and had average strength.

If it was a one-on-one fight, no one would be a match for the Xue Dong King.

“A Divine Master was able to block one of my strikes. You are qualified to be called a monster just because of that. Next...” The blood-thirsty smile on the Xue Dong King’s face was followed by his figure floating out again, two identical figures appeared at the same time.

Whoosh! Whoosh!

The two figures flashed one after another and appeared in front of Jian Wushuang in the blink of an eye.

Xue Dong king raised the long saber in his hand again and swung it at Jian Wushuang.

Jian Wushuang did not show any weakness. He had exerted his divine power and swordsmanship to the fullest.

Clang! Clang! Clang!

The low sound of metal colliding rang out continuously. Blood Mountain Sword and the long saber collided again and again. Each time, a large amount of power swept out and affected the sea surface below.

Huge waves immediately rose up from the calm sea surface.

Each of these huge waves was over a hundred feet tall and incomparably majestic. The entire sea seemed to be roaring and shrill due to the fierce battle between the two.

“Jian Yuan, is this all you’ve got?” Xue Dong King shouted in a low voice during the fierce battle.

He did not use his full strength, but even so, he still had an absolute advantage in the battle with Jian Wushuang, which made him somewhat dissatisfied.

Upon hearing Xue Dong King’s words, Jian Wushuang could not help but smile.

“After all, the opponent is a top false saint, and he is infinitely close to a True Saint. If I don’t use my secret skill or some other means, it will be a little difficult to fight.” Jian Wushuang smiled faintly. The star power in his body... had been directly activated.

The seven-star secret skill had been used.

This secret skill instantly raised his realm from Advanced Great Divine Master to Peak Great Divine Master, and his divine power suddenly soared.

“Xue Dong King, now you and I will fight again.”

Jian Wushuang grinned and moved forward. The Blood Mountain Sword suddenly turned into a bolt of lightning and slashed out.

This sword move was extremely swift and fierce.

“Huh?”

Xue Dong King immediately sensed that Jian Wushuang’s sword move seemed to have increased in power. A trace of excitement flashed in his eyes, and he immediately brandished his long saber to meet it.

Clang!

There was a loud sound, but this time, both of them retreated at the same time. Xue Dong King’s right hand, which was holding the long saber tightly, was still a little troublesome.

“How can a Divine Master be so powerful?” Xue Dong King was shocked.

He did not know that Jian Wushuang had only used the seven-star secret skill. He had not used the divine punishment expert or the nine luminaries star armor.

He had not really guided the sword essence in the Blood Mountain Sword.

Even so, Jian Wushuang's divine power was no weaker than his.

Once Jian Wushuang went all out, his battle strength would be at the True Saint level. Although he was not the best among the first stage True Saints, he was definitely not weak.

...

Chapter 2932: Approval

— —

"Xue Dong King, Let's fight again."

Jian Wushuang laughed and suddenly waved his hand, causing streams of black light to appear in the void in front of him.

These streams of black light were 18 underworld blood divine swords with astonishing auras!

As soon as the 18 dark-blood divine swords appeared, under Jian Wushuang's control, they immediately fused together perfectly at the fastest speed.

Buzz!

A faint humming sound, like the sound of a sword, slowly sounded in the world.

Although the sound was not loud, it was extremely strange. In an instant, it overshadowed the roar of the sea below.

In the void, a brand new black divine sword that was only two meters long but extremely wide appeared out of thin air.

The moment this two-meter-long black divine sword appeared... the world around it suddenly turned gray.

This gray-white seemed to have sunk into an endless sea of snow. There was a vast expanse of whiteness everywhere, and the only black color in this vast expanse of whiteness was the black divine sword in the center of the Void.

The black magic sword had become the sole focus of the world.

"Go!"

Jian Wushuang spat out a word, and the black magic sword instantly turned into a bolt of lightning and shot toward the direction of Xue Dong King.

The black magic sword pierced through the void, but before it could get close, the violent sound of wind breaking caused Xue Dong King's expression to change.

Xue Dong King did not have the time to think too much. He instantly brandished the long blade in his hand.

This long blade was like a river of stars hanging in the sky, forcefully tearing a path through the vast white world.

The void trembled.

In the blink of an eye, the black divine sword collided with Xue Dong King's long blade.

The power of the fourth stage of the reincarnation sword formation, the world of ice and snow, also completely erupted at this moment.

Boom! Boom!

Xue Dong King felt his arm go slightly numb, and he immediately retreated. As for the black magic sword, although it was not far away, it only shook slightly before it continued to shoot out, at the same time, Jian Wushuang's body also flew out in a strange manner.

Boom! Boom!

The black magic sword flew toward Xue Dong King again and again in an extremely tyrannical manner.

Jian Wushuang also displayed his swordsmanship, displaying it around Xue Dong King again and again. The speed of his swordsmanship was extremely fast, and the power was also extremely powerful.

With the combination of the two, Xue Dongwang was completely suppressed.

In just a moment...

"Stop, stop!" Xue Dong King hurriedly shouted to stop.

Jian Wushuang smiled faintly and stopped what he was doing.

Seeing this, Xue Dong King let out a sigh of relief. Then he looked at Jian Wushuang with a burning gaze, "It's incredible that a Divine Master can be so powerful. Jian Yuan, I rarely admire you, but I have to admire you today. It's amazing that a Divine Master can fight with me to this extent."

Jian Wushuang raised his eyebrows.

He knew that although Xue Dong King had asked him to stop, it did not mean that he had won.

He could see that Xue Dong King had held back. Some of his powerful secret skills and trump cards should not have been used.

If he went all out, his battle strength should be comparable to an ordinary first rank True Saint.

However, it was clear that although Xue Dong King liked to fight, he would not use his trump card to fight with others for no reason.

"Xue Dong King, I'm here to ask you something," Jian Wushuang said directly.

He had already proven his strength, and it was obvious that Xue Dong King had approved of him. Therefore, Jian Wushuang could state his purpose of coming here directly.

"You must be asking about the Heaven-cleaving Alliance, right?" Xue Dong King looked at Jian Wushuang.

"You know?" Jian Wushuang was stunned.

He had come for the Heaven-cleaving Alliance, but he had not told Xue Dong King before.

He had only told the Evergreen Realm Lord. Could it be that the Evergreen Realm Lord had sent him a message before?

"I don't know, but I guessed it." Xue Dong King smiled, "I, Xue Dong King, have a bad temper and don't have a good relationship with people. Usually, those who come to see me have more or less asked for my help. But with your strength, you don't need me to do anything for you. Besides, you're only a Divine Master, but a Divine Master is so powerful. You're a monster. A monster like you came to see me only because of the Heaven-cleaving Alliance."

"Indeed, I'm here for the Heaven-cleaving Alliance." Jian Wushuang nodded and admitted directly. "I've just arrived in the Inkstone Realm. I don't know if there is a nest of the Heaven-cleaving Alliance around the Inkstone Realm, so I came to ask."

"There is a nest of the Heaven-cleaving Alliance nearby." Xue Dong King nodded slightly. "This nest is not too far from the Inkstone Realm. If you want to go, I can show you the way. However, not everyone can enter the nest of the Heaven-cleaving Alliance. Only the official members of the Heaven-cleaving Alliance or you have a Heaven-cleaving token."

"I have a Heaven-cleaving token." Jian Wushuang took out his Heaven-cleaving token.

Seeing the Heaven-cleaving token, Xue Dong King raised his eyebrows.

"It's easy with the Heaven-cleaving token. I can take you there directly. When do you plan to go?" Xue Dong King asked.

"Let's go now." Jian Wushuang said.

"Okay, let's go. I haven't been to the Heaven-cleaving Alliance's lair for a long time. I don't know if there are any missions suitable for me." Xue Dong King smiled and led the way.

Jian Wushuang naturally followed.

On the way, Xue Dong King and Jian Wushuang chatted casually.

"Brother Jian, you're a Divine Master, but your battle strength is so amazing. You should be very famous, but I've explored the surrounding territories of the Inkstone Realm, but I've never heard of your name. Why?" Xue Dong King asked.

"To tell you the truth, I don't come from the border. My hometown is quite far from here, so of course, you don't know," Jian Wushuang said.

"Is that so?" Xue Dong King understood. "Since you have the Heaven-cleaving token, it should be easy for you to pass the assessment of the Heaven-cleaving Alliance with your strength. However, you still

have to be careful. After all, everything is in case. The assessment of the Heaven-cleaving Alliance is usually very harsh and even a little unusual.”

“Oh?” Jian Wushuang’s expression changed.

Xue Dong King was an official member of the Heaven-cleaving Alliance and had really participated in the assessment of the Heaven-cleaving Alliance. Since he said so, Jian Wushuang naturally would not be careless.

“By the way, brother Jian, when you arrive at the Heaven-cleaving Alliance later, before you participate in the assessment, someone will ask you if you have been recommended. When that time comes...” Xue Dong King had not finished his words.

Jian Wushuang said directly, “Xue Dong King, I’m sorry. Not long ago, I promised someone that I would treat him as a referral. That’s why he gave me the Heaven-cleaving token.”

Chapter 2933: Secret Lair

— —

Jian Wushuang had indeed promised Bone Emperor to make him a referral.

However, Bone Emperor had not given him a Heaven-cleaving token, but a scroll of Heaven-sealing Map.

“Is that so? That’s a pity.” Xue Dong King sighed.

He had fought with Jian Wushuang before, so he knew how terrifying Jian Wushuang was.

If his battle strength was so terrifying at the Divine Master level, how powerful would he be when he broke through to become an Immortal Saint?

According to Xue Dong King’s estimation, Jian Wushuang was almost certain to become an official member of the Heaven-cleaving Alliance, and it was a certainty that he would become an earth-level member.

Once Jian Wushuang broke through to become an Immortal Saint, the possibility of becoming a heaven-level member was very high.

In the future, he might even become an emperor-grade member of the Heaven-cleaving Alliance or even a legendary ‘original grade’ member.

The person who introduced Jian Wushuang to the Heaven-cleaving Alliance would also receive a large reward.

Of course, Xue Dong King coveted this reward.

Unfortunately, Jian Wushuang had already promised others, so he could not force him.

While they were talking, they had already passed through many territories through the space tunnel. Soon, they arrived at a hidden dark void.

There was no light in this dark void, nor was there any material existence.

"We're here." Xue Dong King stopped.

"We're here? Right here?" Jian Wushuang was a little surprised.

He looked carefully ahead, but he did not see anything strange in front of him, either with his naked eyes or with his soul power.

In his eyes, it was just an ordinary void.

"Haha, just watch."

Xue Dong King gave a strange smile, but he reached out his hand and pointed at the void in front of him.

Immediately, a trace of divine power spread out, which spread to the void. What surprised Jian Wushuang was that the dark void, which Jian Wushuang did not feel strange at all, began to ripple.

These ripples spread out in all directions.

Soon, an exquisite attic appeared in the void in front of him.

"This space-time is so strange." Jian Wushuang was surprised.

"When I first came here, I was just like you. Later, I found out that each nest of the Heaven-cleaving Alliance was connected to each other by a special treasure. That treasure is extremely strange. No matter where it is, it can perfectly hide and protect the nest of the Heaven-cleaving Alliance. Don't underestimate this nest of the Heaven-cleaving Alliance in the endless territories. However, because it is connected to that treasure, even if a rule master came, he would not be able to break into this nest by force," said Xue Dong King.

"So powerful?" Jian Wushuang was shocked.

The Heaven-cleaving Alliance was very powerful in the Divine Beginning World. It was spread across all the territories of the Divine Beginning World.

The secret lairs of the Heaven-cleaving Alliance were numerous in the Divine Beginning World. However, none of the lairs were connected to a unique treasure of the Heaven-cleaving Alliance. Each of the lairs was perfectly hidden, and even Rule Masters could not touch them.

Such a method was indeed impressive!

"Only official members of the Heaven-cleaving Alliance or those who have the Heaven-cleaving token can enter the secret lairs of the Heaven-cleaving Alliance. Brother Jian, let's go in," said Xue Dong King.

"Okay." Jian Wushuang nodded.

Jian Wushuang and Xue Dong King immediately entered the attic side by side.

The attic did not look big from the outside, but it actually had a universe inside.

As soon as he entered the pavilion, Jian Wushuang appeared in a large hall. The hall was very vast and there were all kinds of chairs and tables around it. However, there were only two or three people in such a large hall, which made it very quiet.

The two or three people were wearing the same gray robes and gray masks.

“Why is it so quiet?” Jian Wushuang was surprised.

“It’s normal. After all, this is the endless territory, not the boundless third heaven, where experts are as numerous as clouds. Not to mention the Immortal Saint, even the Invincible Divine Master is pitifully few here. Naturally, not many people become members of Heaven-cleaving Alliance. In the territory surrounding this secret lair, there are no more than 20 members of the Heaven-cleaving Alliance,” said Xue Dong King.

“Less than 20? So few?” Jian Wushuang was stunned.

“Less? Brother Jian, you must know how high the threshold of the Heaven-cleaving Alliance is. For example, even the Invincible Divine Master needs a certain level of strength and luck before he can truly join. There are only dozens of realms around this nest. It’s already very good to have nearly 20 members,” said Xue Dong King.

“That’s true.” Jian Wushuang nodded. “Although there aren’t many of them, they are of high quality. Even the weakest one should be an Invincible Divine Master, and most of them are Immortal Saints. It’s no wonder that the Heaven-cleaving Alliance can gather more than three Immortal Saints in any corner of the Beginning Divine Realm in such a short period of time.”

“By the way, why are they all wearing the same gray robes and gray masks?” Jian Wushuang asked again.

“Gray robes and gray masks. These are the attire of ordinary members of the Heaven-cleaving Alliance,” Xue Dong King explained.

“After all, the Heaven-cleaving Alliance is an extremely loose and unconstrained union. There are countless experts who have joined the Alliance, and many of them have a certain status. Most of them can not look at others with their real faces. Therefore, after becoming a member of the Heaven-cleaving Alliance, they will be given such gray robes and masks.

“The gray robe and the mask can not only represent his position in the Heaven-slaying Alliance but also conceal his aura. For example, your aura is as hot as fire, but through the mask, your aura can become very gentle and calm, and outsiders can not see it.”

“Is that so?” Jian Wushuang understood.

“Of course, although the gray robe and mask are the attire of an ordinary member, whether you wear it in this secret lair, on the way to the mission, and whether you hide your real identity is up to you. Like me, I usually don’t bother to disguise myself, so I passed the Heaven-cleaving Alliance test as Xue Dong King,” he said.

“You are so free and easy.” Jian Wushuang smiled.

He had heard from Saint Crimson Rock that members of the Heaven-cleaving Alliance could hide their identity and make it easier for them to do things.

Many people who were high and powerful on the surface had to pay attention to their identity. Many things were not easy for them to do in person, but after going through the Heaven-cleaving Alliance,

they had no scruples. They could plunder and kill at will. Now it seemed that... they relied on this special outfit.

"My identity is the most sensitive, so I definitely can't show my true face. I have to wear this gray robe and mask in the future." Jian Wushuang thought to himself.

...

Chapter 2934: Sword Heavenly Marquis

— —

Under the guidance of Xue Dong King, Jian wushuang came to the counter in the center of the hall. A thin Elder in a Taoist robe was dozing off.

"Elder Qiu, don't sleep," Xue Dong King shouted.

The thin Elder in a Taoist robe moved his eyelids slightly and then opened his eyes.

After opening his eyes, he glanced at Jian Wushuang and Xue Dong King and asked, "What's the matter?"

"This little brother next to me wants to join the Heaven-cleaving Alliance," Xue Dong King said.

"Where's the Heaven-cleaving token?" The thin Elder, who Xue Dong King referred to as Elder Qiu, reached out his hand.

Without hesitation, Jian Wushuang handed over his Heaven-cleaving token.

Elder Qiu glanced at the token and nodded slightly. "What is your name, or what title do you use?"

"Title?" Jian Wushuang's expression changed.

"Brother Jian, there are only a few people in the Heaven-cleaving Alliance like me who are willing to show their true faces. Most of them wear gray robes and masks to hide their identities. Naturally, they won't use their real names, so most of them will give themselves a title. If you want to hide your identity in the future, you can also give yourself a title," Xue Dong King said.

Jian Wushuang immediately fell into deep thought.

Title... he still remembered that when he was young, he used to travel around in the green fire world under the name of Swordsman.

Later, when he came to the 10,000 chaotic worlds, he also became famous as Sword Emperor.

Now, when it came to the title, Jian Wushuang thought of Sword Emperor.

But soon, he shook his head. Sword Emperor was a very common title in the Beginning Divine Realm.

Many experts in the Beginning Divine Realm were called Swordsman, Sword Emperor, and Sword Saint. Naturally, Sword Emperor was a good title.

Jian Wushuang thought of a more special title.

After pondering for a moment, Jian Wushuang finally thought of a title. "I'll call you Sword Heavenly Marquis."

"Sword Heavenly Marquis?" Xue Dong King looked over and nodded. "It's a very domineering title."

Jian Wushuang smiled slightly.

Sword Heavenly Marquis was the first name that came to his mind.

It was the place where he was born, but unfortunately, the Sword Heavenly Marquis mansion no longer existed after so many years.

Elder Qiu, who was standing in front of the counter, waved his hand and left the words 'Sword Heavenly Marquis' on the Heaven-cleaving token.

"Leave your communication token here. I'll inform you when the test is ready," Elder Qiu said.

Jian Wushuang handed his message token to the Elder and asked, "How long will it take?"

"The test of the Heaven-cleaving Alliance will be held every once in a while. Each time, dozens of experts from hundreds of nests will gather to take part in the test. It has been nine years since the last test, and there is less than a year left. You can stay here and wait, or you can leave on your own. When the test is over, you can come back," the Elder said.

"It's only been a year. I'll just wait here." Jian Wushuang smiled and looked at Xue Dong King. "Xue Dong King, thank you so much."

"Don't worry. It's rare to see a talent that I admire. Anyway, I have nothing to do these days, so I'll stay here with you. I'll also take a look at some of the missions that have been released recently." Xue Dong King smiled, then he looked at the Elder and said, "Old man, show me some of the new missions that have been released recently in the nearby territories."

The Elder glanced at Xue Dong King and casually threw a jade slip over. "Here's the mission list. Take a look for yourself."

Xue Dong King took the jade slip and found a seat beside Jian Wushuang.

"Brother Jian, it won't be long before you become a member of the Heaven-cleaving Alliance. Your strength is no less than mine. You can take a look at the mission list." Xue Dong King also put the jade slip in front of Jian Wushuang.

Jian Wushuang nodded slightly and the two began to examine the jade slip together.

"One-star ordinary task: Kill a Peak Divine Master."

"Task location: Blood Smoke Cave."

"Task reward: 400,000 sacred elixirs, plus a third-grade offensive holy treasure."

...

"One-star ordinary task: Protect an Earth Divine Master for 100 years."

“Task location: Luo Something Realm.”

“Mission reward: 600,000 sacred elixirs.”

...

“3-star ordinary mission: Kill the three Shadow Saints.”

“Mission reward: 2,000,000 sacred elixirs, two superior third-grade offensive holy treasures, and one superior protective armor holy treasure.”

...

Jian Wushuang took a casual glance at the first three missions, but he was shocked by them.

There were many special missions in the jade slip. Each mission only had a simple introduction, but there was no detailed process or background.

But generally, the rewards for these missions were extremely high!

“Just killing a Peak Great Divine Master can get me 400,000 sacred elixirs and a third-grade offensive holy treasure. Isn’t the reward too high?”

“Or is it that this Peak Great Divine Master is unusual and difficult to kill?” Jian Wushuang could not help but ask.

“No, if I’m not wrong, that Peak Great Divine Master’s strength is average. With our strength, we can kill him easily. The reason why the mission is still here and the reward is so high should be the location of the mission, which is the Blood Smoke Cave,” Xue Dong King said.

“Is there anything special about the Blood Smoke Cave?” Jian Wushuang asked.

“Sword Heavenly Marquis, you don’t come from the surrounding territories, so you don’t know anything about it.” Xue Dong King had already changed the way he addressed Jian Wushuang.

Previously, he had always called Jian Wushuang brother Jian, which made Jian wushuang feel very strange. Therefore, he asked Xue Dong King to directly call him Sword Heavenly Marquis.

“The Blood Smoke Cave is a famous danger zone in the surrounding area. In this danger zone, let alone Divine Masters, even ordinary Immortal Saints have a certain chance of dying, while ordinary Invincible Divine Masters have at least a 70% chance of dying,” Xue Dong King said in a deep voice, “There is a 70% chance of dying. Those Invincible Divine Masters who have already become members of the Heaven-cleaving Alliance will definitely not take the risk.”

“And most of the Immortal Saints would not risk breaking into the Blood Smoke Cave for a mere 400,000 sacred elixirs. Therefore, the reward for this mission is not high, but too low. If the person who issued the mission can increase the reward to 600,000 or 700,000 sacred elixirs, then the Invincible Divine Master or the Immortal Saint should go and take the risk.”

“Is that so?” Jian Wushuang understood, but then he asked, “Since the Blood Smoke Cave is so dangerous, how did the Peak Divine Master who was on the mission break in? Is he still alive?”

“Who knows? In short, although the mission is only one star, I’m not interested,” Xue Dong King said.

...

Chapter 2935: Three-Star Mission

— —

Jian Wushuang raised his eyebrows and continued to read the missions on the jade slip.

After a short while, he read through the missions briefly.

“Are all the missions here? So few?” Jian Wushuang frowned.

There were only about 20 missions on the jade slip, which was indeed a small number.

“These are only the missions in the territory around the nest. We can get there in the shortest time possible. There are more missions from other territories. Elder Qiu also has them. If you don’t think there are any suitable missions here, you can go to him. However, it’s more troublesome to carry out missions in other territories than in the territory around the nest,” Xue Dong King said.

Jian Wushuang nodded slightly.

“In addition, the members of the Heaven-cleaving Alliance are divided into different levels, ordinary, earth-level, heaven-level, and emperor-level. Naturally, the missions taken by the members of different levels are different. For example, I’m still an ordinary member of the Heaven-cleaving Alliance, so I can only take ordinary missions, but I’m not qualified to take earth-level missions.”

“Missions of different levels can be divided into one to three stars according to their difficulty. The one-star mission you mentioned to kill the peak divine master in the Blood Smoke Cave is a one-star mission. Under normal circumstances, the more difficult the mission is, the higher the reward will be,” said Xue Dong King.

Jian Wushuang understood.

“Sword Heavenly Marquis, look carefully. Do you think any of these tasks are suitable for you?” Xue Dong King looked over.

“I haven’t passed the assessment of the Heaven-cleaving Alliance yet. I’m not even an official member of the Heaven-cleaving Alliance. It’s useless to look at these tasks,” Jian Wushuang said with a smile.

“How is it useless? With your strength, it should be easy for you to pass the assessment as long as you’re not too unlucky. After you pass the assessment, you can accept these ordinary tasks. First, see if there are any tasks that you think you can accept. Then, let’s join hands to do a job,” Xue Dong King said expectantly.

“Work together? Can we work together to complete these tasks?” Jian Wushuang asked in surprise.

“Of course.” Xue Dong King grinned. “We can work together to complete any task in the Heaven-cleaving Alliance, but the reward will not change. We need to distribute it ourselves. In addition, the tasks that we work together to complete are not counted in the promotion task.”

"Promotion mission?" Jian Wushuang looked puzzled.

"Promotion missions are missions that need to be completed to advance from one level to another. For example, if an ordinary member wants to advance to an earth-level member, in addition to his own strength, he has to complete three three-star ordinary missions alone. If the same earth-level member wants to become a heaven-level member, he has to complete three three-star earth-level missions alone," Xue Dong King said.

"Previously, I was just an Invincible Supreme Divinity, so I could only accept some 1-star ordinary missions. At the very most, I could only accept 2-star ordinary missions. As for 3-star missions, I've never tried them before. Now that I've broken through to the level of a saint, my strength has skyrocketed, and I've completely reached the level of an earth-rank member. However, although my strength has reached that level, I haven't completed the promotion mission yet.

"In addition, I didn't accept a three-star mission before, so I didn't know how difficult it was. So I wasn't sure at first. The best way is to join hands with others to try to complete a three-star mission. Naturally, you are my best candidate."

After saying that, Xue Dong King looked at Jian Wushuang with some expectation.

"I see." Jian Wushuang nodded silently.

Xue Dong King had never tried a three-star mission, so it was normal for him to be cautious.

"If I pass the test in a year, I can try to complete a three-star mission with you," Jian Wushuang said.

"Haha, that's great." Xue Dong King was delighted and immediately began to explore the jade slip.

"There are only two 3-star normal missions in our territory. Of these two missions, although this one looks easier, it's too troublesome. It'll take at least a hundred years to complete. Moreover, the reward isn't that great. It's just a bare 1.5 million sacred elixirs. If we split it between the two of us, there won't be much."

"Let's go with this one. It seems to be a good mission."

Jian Wushuang immediately looked at the mission that Xue Dong King was pointing at. The three-star mission mentioned by Xue Dong King was to kill the third Saint Shadows. The reward was two million saint elixirs, two superior third-grade offensive holy treasures, and one superior protective armor holy treasure.

"It's to kill three Immortal Saints. Xue Dong King, are you confident?" Jian Wushuang asked casually.

"Well... I don't know, but I've heard of the three Shadow Saints." Xue Dong King's face darkened. "The three Shadow Saints are in the territory we're in, and they have occupied a large territory a long time ago. However, they are evil. After they occupied that territory, they completely turned it into their paradise. Countless cultivators in the entire territory submit to them and live like slaves.

"I heard that he had already closed the space passage between the realm and the outer realm. He also deployed various means around the realm and had an army guarding it. Unless the cultivators in that realm can cultivate to the immortal saint level, it's impossible for them to escape from that realm."

Hearing this, Jian Wushuang's eyes turned slightly cold.

"In other words, the three of them enslaved a realm?" Jian Wushuang asked in a low voice.

"Yes, countless cultivators in that realm are like slaves. They don't have any freedom. They were even born to make fun of the three Shadow Saints. A long time ago, I heard about the three Shadow Saints. Unfortunately, I was only a Divine Master at that time, so I couldn't deal with them. But now..." A cold light flashed in Xue Dong King's eyes.

Jian Wushuang's face was also cold.

He could tell that what Xue Dong King said was true. Otherwise, the mission to kill the three Shadow Saints would not have appeared in the Heaven-cleaving Alliance.

He had heard from the Bone Emperor that the Heaven-cleaving Alliance would not easily kill some experts. However, if this expert was on the mission of the Heaven-cleaving Alliance, there were only three possibilities.

First, this expert had provoked the Heaven-cleaving Alliance.

Second, someone had given an extremely generous reward and price.

Third, this person deserved to die!!

The three Shadow Saints clearly belonged to that person who deserved to die.

Chapter 2936: Gathering

— —

"Sword Heavenly Marquis, what do you think of this task? Do you want to do it?" Xue Dong King looked over.

"If I pass the test in a year, I will complete this task with you," Jian Wushuang said.

"Haha, that's great." Xue Dong King immediately smiled, "Although the three Shadow Saints are not very strong individually, they stay together all year round and have a tacit understanding. If the three of them really work together, I, a top False Saint, am not absolutely sure that I can kill them. But if I work together with you, I am absolutely sure."

Jian Wushuang just smiled faintly.

Then, the two of them waited quietly.

Although they said they were waiting, in fact, Jian Wushuang and Xue Dong King had a casual exchange for a while before they went to cultivate.

He was extremely talented. Although the year was short, he could still make some progress.

...

In the blink of an eye, a year passed.

"Sword Heavenly Marquis, come with me," the Elder called Jian Wushuang.

“Brother, I wish you good luck. I’ll wait for your triumphant return here,” Xue Dong King said with a laugh.

Jian Wushuang followed Elder Qiu toward the Inner Hall.

Soon, Jian Wushuang arrived in front of a huge wormhole.

“What’s this?” Jian Wushuang looked at the wormhole in front of him in confusion.

“On the other side of the wormhole is the gathering point. Every 10 years, nearly 100 nests, or nearly 100 territories, will be located there. Take your Heaven-cleaving token and go there directly. When you get there, someone will tell you what to do,” Elder Qiu said.

Jian Wushuang nodded slightly. Without any hesitation, he stepped into the wormhole in front of him.

With a flash of light, Jian Wushuang appeared on the top of a towering mountain.

Around the top of the mountain was an endless sea, with waves constantly sweeping over.

When Jian Wushuang arrived, there were already many people gathered in the open space on the top of the mountain.

At a glance, there were nearly 20 people. These people were either standing or sitting alone. No one spoke.

When Jian Wushuang appeared, a few people glanced at him.

“Another one...”

“His aura is very unique. I can’t tell his specific realm. Is he the Immortal Saint?”

Some people muttered in their hearts, but they only muttered a few words. Jian Wushuang’s appearance did not attract the attention of others.

Jian Wushuang looked around at the people around him and said, “Didn’t Elder Qiu say that nearly a hundred people from the surrounding lairs are gathered here? Why are there only so few people?”

Jian Wushuang was surprised, but he soon understood.

The Heaven-cleaving Alliance’s assessment was held once every ten years. Ten years was very short for ordinary Divine Masters, not to mention Immortal Saints.

Although the assessment was conducted in nearly a hundred nests at the same time, most nests would not have people take the assessment for ten years. Therefore, there were at most 20 to 30 people taking the assessment each time.

Among the nearly 20 people in front of him, Divine Masters accounted for more than half of them. As for the Immortal Saint, there were only four people on the field.

“It seems that the assessment is conducted by Divine Masters and the Immortal Saint at the same time. I wonder what the content of the assessment is?” Jian Wushuang muttered. He did not take the initiative to talk to them. Instead, he found a place to sit down casually.

...

Jian Wushuang waited here for about two hours. There were more than 30 people gathered on the top of the mountain, but there were only five Immortal Saints.

At this time, whoosh!

An old man with a goatee suddenly appeared in the void above the top of the mountain.

The old man with a goatee had a pair of narrow and strange eyes with a faint, cold luster. He looked down at the people below.

"Are all the participants here?" The old man with the goatee said coldly, "Five Immortal Saints and twenty-seven reverends. Tsk tsk, I hope that half of them will survive after this mission."

Hearing this, the twenty-seven reverends and the five Immortal Saints below trembled.

All of them were quite powerful. For example, the twenty-seven reverends were all unrivaled reverends. There were many unrivaled reverends who had reached the second stage or even the third stage. They had great confidence in their own strength.

It was because of this that they dared to participate in the Heaven-cleaving Alliance's assessment.

However, when the goateed old man saw them, he directly said that it was already good enough for half of them to survive?

This instantly caused a trace of pressure to appear at the bottom of their hearts.

"Don't be nervous. Although there will be a large number of people who fail the Heaven-cleaving Alliance's assessment, as long as you are strong enough and careful enough, surviving is not a problem." The goateed old man gave a strange smile.

"Sir, may I ask what the content of the assessment is? When will we start the assessment?" A deep voice sounded. The one who spoke was one of the five Immortal Saints.

"Don't be anxious. The assessment hasn't started yet. When it really starts, I will naturally tell you the content. As for now, let's wait for a while. There is still a special person who hasn't arrived yet." The goateed Elder said.

"Special person?"

The expressions of the people who came to participate in the test all changed. Then, they quietly waited.

After waiting for another hour, finally, a ray of light flashed. Then, a fiery figure appeared in front of everyone's eyes.

Everyone immediately looked over.

The person who came was over two meters tall and graceful. Obviously, it was a woman.

However, the woman was wearing the same gray robe as the members of the Heaven-cleaving Alliance. She also wore the same gray mask.

“Let me introduce you. This is the heaven-rank member of the Heaven-cleaving Alliance, Yao Yu.” The old man with a goatee said with a smile.

“Yao Yu?”

“Heaven-rank member?”

The people below were shocked. They looked at the masked woman with respect.

The members of the Heaven-cleaving Alliance were far from each other, and there was a huge difference in strength.

The ordinary members were mostly composed of Divine Masters and some Immortal Saints who had just broken through from Divine Masters and had not had the time to complete the promotion mission. For example, Xue Dong King was an Immortal Saint who had not had the time to complete the promotion mission, he was only an ordinary member now.

The weakest earth-level member should be a top False Saint, while most of them had already reached the True Saint-level or even a rank two True Saint. For example, the overlord of the Nine Realms of the Golden Crow, Bone Emperor, was supreme in the Nine Realms of the Golden Crow, Saint Hong of the Dragon-phoenix Pavilion was also a rank one True Saint, but he was still weaker than Bone Emperor. Therefore, Jian Wushuang estimated that Bone Emperor should be a rank two True Saint, but Bone Emperor was only an earth-level member.

Generally, the weakest heaven-level member was a rank two True Saint, and the stronger one was a rank four or five True Saint.

Chapter 2937: Black Dragon Mountain

— —

Since this Demonic Jade was a heaven rank member, she was at least a powerful second rank True Saint, or even more.

Faced with such an expert, the invincible reverends below and the five Immortal Saints who had not even reached the True Saint-level naturally had to maintain their due respect.

“This test is quite special. When the time comes, we will need Lord Yao Yu’s help,” the goateed Elder said humbly.

“Mm.” Under the mask, Yao Yu’s cold voice sounded.

The goateed Elder smiled and waved his hand. A spatial tunnel immediately appeared in the void beside him.

“Let’s go. Let’s head to the test site.” The goateed Elder smiled and was the first to rush into the spatial tunnel.

Yao Yu, the five Immortal Saints, and the twenty-seven reverends immediately followed.

...

There was a special territory in the endless territories. This territory was made up of six different realms of different sizes.

These six realms had countless cultivators, and these cultivators all knew one name — Black Dragon Mountain!

These six realms were ruled by Black Dragon Mountain.

In the center of these six realms was a floating land. This land was not very vast, and this was the base of Black Dragon Mountain, which was also the Sacred Land of Black Dragon Mountain mentioned by the cultivators in the six realms.

However, at this moment, the entire sacred land of Black Dragon Mountain was covered with a layer of barrier?

This layer of the barrier was extremely powerful and was not something that ordinary cultivators could break.

In the center of the barrier, on a towering black mountain, there were countless pavilions and palaces. In the center of the towering great hall, many experts of the highest level of Black Dragon Mountain gathered together. These experts' expressions were extremely gloomy, it was extremely ugly.

"Patriarch, is there really nothing we can do?" A voice suddenly sounded.

Everyone's eyes were all focused on an old man with white hair sitting on the throne in the center.

The old man frowned. After a while, he sighed, "I've already used all my connections and tried to contact the people of the Heaven-cleaving Alliance. Unfortunately, the Heaven-cleaving Alliance didn't pay any attention to it."

"Ignored? How is that possible?"

"Are they really not going to give us a chance?"

The expressions of the experts present changed.

"The Heaven-cleaving Alliance... is too strong, too detached." The weathered Elder shook his head, "Compared to the high and mighty Heaven-cleaving Alliance, my Black Dragon Mountain is nothing. It's just an ant, not even comparable to an ant. But to my Black Dragon Mountain, the Heaven-cleaving Alliance is a tall mountain and a giant statue. When did you see a giant statue that would be willing to sit down and talk to an ant?"

"We have no choice. This time, our Black Dragon Mountain is doomed. We have no chance at all. who asked us to be so blind to provoke the Heaven-cleaving Alliance?"

"Patriarch, the reason why our Black Dragon Mountain provoked the Heaven-cleaving Alliance this time was purely an accident. It was not intentional. The Heaven-cleaving Alliance should also know this. How could they still do this?" Someone said unwillingly.

"It was an accident. The Heaven-cleaving Alliance also knows this. However, even if it was an accident, the high and mighty Heaven-cleaving Alliance wouldn't allow it. It's like a beggar accidentally bumping

into an emperor. Although it was an unintentional act, it has already offended the emperor's majesty. For the sake of his majesty, the emperor must also punish him." The aged Elder sighed softly.

Hearing this, the experts of the Black Dragon Mountain turned pale.

Despair rose in the hearts of most of them.

In front of the Heaven-cleaving Alliance, a mere Black Dragon Mountain was indeed too weak.

"Now that the Heaven-cleaving Alliance has completely sealed off our Black Dragon Mountain, none of the cultivators of our Black Dragon Mountain can escape. Could it be that the Heaven-cleaving Alliance wants to completely wipe out our Black Dragon Mountain?" An Immortal Saint of the Black Dragon Mountain said in a low voice.

"It shouldn't be to the extent of completely wiping out." The aged old man shook his head. "Our Black Dragon Mountain has only inadvertently provoked the Heaven-cleaving Alliance. The Heaven-cleaving Alliance will descend and punish us. It might directly destroy our Black Dragon Mountain, but it definitely won't be too extreme. Instead, it will leave a certain amount of life force. Otherwise, with the Heaven-cleaving Alliance's methods, after completely sealing off our Black Dragon Mountain, they will immediately take action and kill us all. However, several days have already passed, but other than that enchantment, the Heaven-cleaving Alliance hasn't made a single move."

"Obviously, the Heaven-cleaving Alliance doesn't have the intention to completely wipe us out."

"Then what does the Heaven-cleaving Alliance want to do?" The surrounding people looked over.

"Who knows, just wait." The weathered Elder sighed softly, but his heart was filled with helplessness.

...

Black Dragon Mountain, in the void within the barrier.

Along with the appearance of a spatial tunnel, the many experts participating in this assessment, as well as the goateed Elder and the heaven grade member Xue Yu, all appeared in this void.

After appearing, everyone looked around blankly.

"Follow me."

The goateed Elder waved his hand, and everyone immediately followed him forward.

After rushing forward, it took them only half a day to arrive in front of a towering black mountain.

Jian Wushuang and the others could clearly see the various buildings on the Black Dragon Mountain and the aura of cultivators coming from the buildings.

Some of the hidden auras were extremely powerful, enough to make Invincible Divine Masters and Immortal Saints treat them seriously.

"This is the place."

The goateed Elder smiled and then looked at Xue Yu. "Master Xue Yu, Please."

Xue Yu, who was two meters tall and wearing a mask, nodded slightly and walked toward the Black Dragon Mountain in front of her.

A moment later, a terrifying aura suddenly erupted from Xue Yu's body.

As soon as this aura erupted, the pupils of the unrivaled reverent gods and the five Immortal Saints who were participating in the assessment shrank.

"So powerful!"

"This aura is at least a third-level True Saint. It might even be a peak existence among third-level True Saints!"

"This blood jade is too strong."

Everyone exclaimed in shock, but blood jade had already attacked.

Her technique was very casual. She did not even take out her divine weapon. She only used one hand to slash with her finger.

But this slash contained endless power.

A blade light that blotted out the sky swept out at a terrifying speed.

Wherever the blade light went, everything was torn apart. In the end, this blade light swept onto the towering Black Dragon Mountain.

This towering Black Dragon Mountain was instantly cut in half by this blade light from above.

The entire mountain fell to the sides. Numerous experts from the Black Dragon Mountain within the mountain were shocked and furious as they rushed forward.

Chapter 2938: The Pursuit

— —

"Are the people from the Heaven-cleaving Alliance here?"

Many high-level experts from the Black Dragon Mountain had already gathered in the void, and the one leading them was the weathered Elder.

The weathered Elder and the Immortal Saints behind him also noticed Xue Yu's existence. Seeing the terrifying aura that Xue Yu emitted, their bodies and hearts could not help but tremble.

Xue Yu glanced at the vicissitudes of life Elder and the others with her cold eyes.

Then... whoosh!

She directly rushed out like a stream of light.

"You guys retreat quickly!"

The vicissitudes of life Elder let out a roar, and a powerful aura immediately emerged from his body.

This aura had also reached the True Saint realm, and it was much stronger than that of Saint Hong, who had fought Jian Wushuang head-on. It should have reached the peak of the first rank True Saint realm, he immediately displayed his strongest strength in an attempt to block Xue Yu.

However, after coming into contact with Xue Yu...

In just one exchange, the saber light formed by Xue Yu's single hand directly cut off the old man's arm.

Then, he struck out with his single hand. Before the old man could even react, his divine body was destroyed.

Buzz buzz buzz.

Divine power began to gather in the sky.

The weathered Elder controlled the immortal body. After his divine body collapsed, he immediately relied on his divine power to rebuild his divine body.

When Xue Yu saw this, she did not stop him. However, when the weathered Elder's divine body was full, she struck out with her saber again.

Bang!

The weathered Elder's divine body collapsed again, and then it was rebuilt again.

This was repeated five times.

"Heaven-cleaving Alliance, I have no regrets in dying. Please give me a chance to live!"

After the old man died hysterically, his body collapsed for the sixth time.

However, after this collapse, he could not reassemble again. Instead, he died.

"Is he dead?"

"A True Saint with an immortal body was killed just like that?"

"A heaven-grade member of the Heaven-cleaving Alliance is too terrifying!"

The five Immortal Saints and twenty-seven Divine Masters who had come to participate in the assessment widened their eyes in shock.

The weathered Elder was a True Saint with an immortal body. However, after this battle, the weathered Elder had no room to fight back. Even if he had an immortal body, he was still killed by Xue Yu.

They were shocked by Xue Yu's strength. At the same time, they understood that having an immortal body did not mean that he was immortal.

"The immortal body is indeed sufficient, but it requires a lot of divine power to regenerate. The Elder's divine power was only enough for him to regenerate five times. After that, he was killed by Xue Yu." Jian Wushuang sighed.

However, he also understood that the vicissitudes of life had killed the old man so easily because he did not want to escape. He had no chance to escape.

However, if it were any other True Saint, they would immediately try to escape after knowing that they were no match for Xue Yu. If he could regenerate his divine body five times, he would have five chances to escape.

...

The weathered Elder, who was also the ancestor of the Black Dragon Mountain, was killed by Xue Yu.

This scene happened in front of the experts of the Black Dragon Mountain. When the experts of the Black Dragon Mountain saw this, they were not only furious but also terrified.

Yes, even their ancestor was killed so easily, let alone them?

They did not know what they were going to face.

But at this moment, Xue Yu, who had killed the Elder, did not continue to attack the experts of Black Dragon Mountain. Instead, he turned around and returned to the side of the goateed Elder.

"Master Xue Yu, thank you for your trouble." The goateed Elder said gratefully.

"Yes." Xue Yu nodded slightly, turned around, and left.

"He left? Master Xue Yu actually left?" The people who came to participate in the assessment were baffled.

Only Jian Wushuang narrowed his eyes and vaguely understood the content of the assessment.

At this time, the goateed Elder walked toward the experts of Black Dragon Mountain.

He came to the experts of Black Dragon Mountain and smiled faintly. "Everyone of Black Dragon Mountain, listen up. After today, Black Dragon Mountain will no longer exist. This is the punishment for your Black Dragon Mountain provoking the Heaven-cleaving Alliance."

The figures of the experts from the Black Dragon Mountain trembled, but they were helpless.

"Although the Black Dragon Mountain will completely disappear, the cultivators from the Black Dragon Mountain, other than the ancestor of the Black Dragon Mountain who was killed just now, have a chance to survive."

Hearing these words, the experts from the Black Dragon Mountain raised their heads in unison. Numerous gazes were fixed on the goateed old man.

The goateed Elder smiled cunningly and said, "What you need to do is very simple. You need to do your best to escape."

"Escape?" The experts of the Black Dragon Mountain were stunned.

The goateed Elder continued. "The land where the Black Dragon Mountain is located can be considered a relatively small continent. Even an Immortal Saint would need two to three days to cross this land. I can give you one day to escape first. You can escape to this land. You can hide anywhere except underground. After one day, the Immortal Saints and the invincible reverends behind me will frantically search for and kill them!"

“This search and pursuit will last for ten days. After ten days, our people will stop and those who survive will be able to leave safely.”

The experts from Black Dragon Mountain looked at each other.

They finally understood the Heaven-cleaving Alliance’s purpose. It was obvious that the Heaven-cleaving Alliance treated them as a training mission.

They had to survive for ten days in the pursuit of these experts from the Heaven-cleaving Alliance!

Ten days was not a long time, but it was not short either.

“Fortunately, as long as we can escape this pursuit, the Heaven-cleaving Alliance will show mercy.”

“Humph, this land is so big, and the Heaven-cleaving Alliance only has so few people. It’s not easy to find us.”

“We thought we were going to die, but now it seems that our chances of survival are still very high.”

Many experts in Black Dragon Mountain were whispering.

“Sir.” Black Dragon Mountain thought the black-haired man made a deep voice. The aura of the black-haired man was as strong as that of Xue Dong King, who had fought with Jian Wushuang. Apparently, he was also a top False Saint.

“During the ten days of pursuit, if the experts of Black Dragon Mountain meet the Heaven-cleaving Alliance, they will fight. But if they are killed by us during the battle...”

“Haha, you don’t have to worry about this. These little fellows behind me can only be considered as members of the Heaven-cleaving Alliance after they pass the test. They are not yet members of the Heaven-cleaving Alliance,” the goateed Elder said with a strange smile.

...

Chapter 2939: List of Names

— —

“I’ve already said that all you have to do is to stay alive in this Black Dragon Mountain for ten days. There are no other restrictions. You can use whatever means you have. As long as you have enough strength, let alone killing these people behind me during the fierce battle, you can even treat them as prey and hunt them down.” The goateed old man said with a smile.

Hearing this, the experts of the Black Dragon Mountain felt relieved.

Especially the powerful Immortal Saints of the Black Dragon Mountain.

“However, there is one thing. No one is allowed to escape underground. This is the only rule.” The goateed Elder said coldly, “Don’t take any chances. Right now, the Black Dragon Mountain is completely within the enchantment of our Heaven-cleaving Alliance. Your every move is monitored by our Heaven-cleaving Alliance. If anyone dares to escape underground, our Heaven-cleaving Alliance will immediately execute them.”

The people of Black Dragon Mountain looked at each other and nodded secretly.

This pursuit was obviously a test. Moreover, the Heaven-cleaving Alliance had indeed given them a great chance of survival.

And if they were to escape underground again...

Although this land was not big, there were too many places to hide if they were to count underground.

If a cultivator deliberately hid in the deepest part of the underground, it would be much more difficult to search. The Heaven-cleaving Alliance knew this, which was why they set the rule that they were not allowed to hide underground.

“Well, the opportunity has been given to you. Now it’s up to you to seize it. Try your best to escape in a day.” The goateed elder waved his hand.

The densely packed experts of Black Dragon Mountain immediately turned to the East God.

They saw a large number of figures rushing in all directions at the fastest speed. In a moment, they had completely disappeared in front of Jian Wushuang and the others who were participating in the assessment.

The five Immortal Saints and 27 Divine Masters who were participating in the assessment stood there with strange expressions on their faces.

Although the goateed Elder did not tell them about the contents of the assessment, they had roughly understood it through the conversation between the goateed Elder and the experts from Black Dragon Mountain.

This assessment was nothing more than a large-scale hunt.

And whether they could pass the assessment should be determined by the quality and number of experts they killed from the Black Dragon Mountain.

At this time, the goateed old man had already turned around. At the same time, he waved his sleeve and immediately threw jade slips at everyone present.

“This is the list of experts from the Black Dragon Mountain. Other than the Patriarch of the Black Dragon Mountain who has already been killed by Lord Yao Yu, more than 90% of the others are currently on this land. and according to their strength, the Heaven-slaying Alliance has marked the corresponding points for these experts from the Black Dragon Mountain. Take a careful look.” The goateed old man said.

Everyone took the jade slip and began to examine it carefully.

Sure enough, the jade slip was a list of experts. There were hundreds of experts on the list, all of whom were at least at the Great Divine Master level.

As for the Immortal Saint, there were 11 of them on the list!

“11 Immortal Saints.” Jian Wushuang’s pupils constricted.

He had just reached the gap. There were indeed 12 Immortal Saints in Black Dragon Mountain. Besides the strongest True Saint who had been killed by Yao Yu, there were still 11 left. The 11 Immortal Saints had also spread out.

The points for these 11 Immortal Saints were also very high.

According to their strength, the weakest Immortal Saint had 10,000 points, while the slightly stronger one had around 20,000 to 30,000 points.

In addition, among the 11 Immortal Saints, two had reached the level of a Peak False Saint. They had the highest points, each with 50,000 points.

"Is this the point to judge whether we can pass the test?" Jian Wushuang muttered.

The goateed Elder spoke again, "You should have guessed the content of this test, so I don't need to say anything more. I'll only tell you the standard of passing the test. It's very simple. The Immortal Saint has 50,000 points, while the Divine Master has 10,000 points!"

Hearing this, the five Immortal Saints' pupils could not help but shrink.

The reverent gods also had solemn expressions.

50,000 points were not small for those Immortal Saints. After all, killing the weakest Immortal Saint was only 10,000 points. If they wanted to gather 50,000 points... it meant that they had to kill two or three Immortal Saints from Black Dragon Mountain.

But Immortal Saints were not so easy to kill.

It was also extremely difficult to gather 10,000 points against 27 Immortal Saints.

After all, on this list of experts, other than the 11 Immortal Saints who had more than 10,000 points, the rest of the Immortal Saints did not have very high points. For example, below the Immortal Saint of Black Dragon Mountain, the strongest had four Invincible Divine Masters, each of these four Invincible Divine Masters only had 3,000 points.

As for Peak Great Divine Masters... the average Peak Great Divine Masters only had 500 points. Even some extremely powerful Peak Great Divine Masters only had at most 1,000 points.

In other words, if these Divine Masters wanted to pass the test, they would have to kill at least a dozen Peak Great Divine Masters of Black Dragon Mountain.

It was not difficult for them to kill a Divine Master at the peak of the Black Dragon Mountain with their strength. However, it was not easy for them to pass the test in just ten days, especially since they had gathered on the land where the Immortal Saint had gathered.

"I've long heard that the Heaven-cleaving Alliance's test is extremely harsh. Now it seems that it's true." Jian Wushuang sighed.

He only sighed slightly, but he did not feel too much pressure.

It was only 10,000 points. It was absolutely not difficult for him.

"Sir, I wonder how we can determine that we killed the experts of the Black Dragon Mountain after we killed them?" A Divine Master asked.

"That's simple. The Black Dragon Mountain can be considered a relatively powerful force in endless territories. Every expert under the command of the Black Dragon Mountain has an identity token. This identity token corresponds to their identity. After 10 days have passed and everyone has stopped, I will calculate your respective points based on the identity token you have obtained," the goateed Elder said.

Hearing this, everyone nodded.

"Well, I've told you everything I need to tell you. The information on the experts of Black Dragon Mountain is very detailed. Take a look and be fully prepared. You can leave in one day," the goateed Elder said.

Jian Wushuang immediately began to carefully read the information on the experts on the list.

Time flew by, and in the blink of an eye, a day had passed.

...

Chapter 2940: Slaughter

— —

"Time's up. Let's go," the goateed Elder said in a deep voice.

The five Immortal Saints, 27 Divine Masters, and Jian Wushuang, who had been waiting in the void for a long time, set off immediately.

Everyone spread out and headed in their respective directions.

Jian Wushuang also flew straight ahead.

"This land is not big, and the experts of Black Dragon Mountain can't hide underground. It shouldn't be difficult to find them. Ten days should be enough time."

Jian Wushuang smiled. He was also very fast, flying in the direction of the beginning alone.

While he was flying, his soul power was also unscrupulously spread.

Although his soul level was not high, it was extremely tough. His soul power was also very vast and covered a wide area. After four hours of unscrupulous soul searching, he had already sensed the presence of several experts in a dense forest.

"Hiding in the dense forest and deliberately concealing your aura, do you think I can't find you?"

Jian Wushuang stood in the void above the dense forest and looked down with a mocking smile. "Come out."

A magnificent voice came out of Jian Wushuang's mouth and reverberated throughout the entire dense forest.

In the dense forest, the expressions of the experts from Black Dragon Mountain who were carefully hiding there changed.

Whoosh! Whoosh! Whoosh! Whoosh!

Four figures rose up at the same time and appeared in front of Jian Wushuang.

“He was discovered so quickly?”

“This kid’s perceptive ability is quite strong.”

“I heard from the Elders that the Divine Masters who dared to participate in the Heaven-cleaving Alliance’s assessment are all top-notch Divine Masters and even Invincible Divine Masters. It’s not strange that their perceptive ability is strong.”

The four experts from Black Dragon Mountain stared at Jian Wushuang with cold eyes.

“Two Peak Divine Masters and two Advanced Divine Masters are working together?” Jian Wushuang raised his eyebrows, but he was not surprised.

The goateed Elder said that the experts from Black Dragon Mountain only needed to survive for ten days, and they could use any other means.

Even if they joined hands, it was not against the rules.

“Hum, boy, I know you must be strong since you dared to participate in the assessment of the Heaven-cleaving Alliance. But now that the four of us have joined hands, we are not afraid of you at all. If you know what’s good for you, you’d better leave now, or else...” a purple-haired demonic youth among the four said, but he had not finished his words.

“Shut up!”

Jian Wushuang shouted in a low voice and flew out.

Like a bolt of lightning, Jian Wushuang appeared in front of the four.

“Be careful!”

“Kill him!”

The four Great Divine Masters of the Heaven-cleaving Alliance looked cold. Two of them had killing intent in their eyes, and their divine power burst out instantly.

They were only Great Divine Masters. They had never heard of the Heaven-cleaving Alliance before. It was only because the Heaven-cleaving Alliance had used a barrier to completely seal them that they knew of the existence of the Heaven-cleaving Alliance. As for some of the matters of the Heaven-cleaving Alliance... they had also heard about it from some Elders of the Black Dragon Mountain who were at the level of Immortal Saints.

But they did not know much.

They only knew that the Divine Masters who dared to participate in the Heaven-cleaving Alliance’s assessment were very strong, but they did not know how strong they were.

Now, they thought that the four Great Divine Masters would be able to defeat Jian Wushuang.

But in the end...

Buzz!

A demonic sword light flashed past.

The four Great Divine Masters did not even see how Jian Wushuang attacked, but the sword light had already passed them.

The four of them widened their eyes and opened their mouths, but their vitality had been completely cut off.

“Two Peak Great Divine Masters and two Advanced Great Divine Masters didn’t run away when they saw me?” Jian Wushuang looked at the four corpses and shook his head with a smile.

Among the 27 Divine Masters who had come to participate in the assessment, 99% of them were Invincible Divine Masters. Any one of them was enough to wipe out a group of Peak Great Divine masters. In front of an Invincible Divine Master, the four of them were nothing but butchered, they would be slaughtered.

What was laughable was that the four of them not only did not run away, but also wanted to defeat him?

Whoosh!

Jian Wushuang waved his hand and took away their interspatial rings. In their interspatial rings, Jian Wushuang also found their identity tokens.

By comparing the identities on the identity tokens with the list given by the goateed elder, Jian Wushuang soon learned their identities and knew the points he could get.

“The two ordinary Divine Masters are only worth 500 points, and the two Advanced Divine Masters are even weaker. One of them is only worth 100 points. I can only get 1,200 points from the four of them.” Jian Wushuang smiled bitterly.

1,200 points were still far from the 10,000 points he could get from the assessment.

“Let’s continue.”

Jian Wushuang continued to move forward and began to kill.

...

In Black Dragon Mountain, the killing had already begun.

The experts on the list were scattered in every corner of Black Dragon Mountain. Some of them were still working together.

The five Immortal Saints and 27 Divine Masters who participated in the assessment were frantically searching for the experts of Black Dragon Mountain and trying to kill them.

The experts of Black Dragon Mountain were only trying to survive, while the participants were trying to get more points.

For their own purposes, a bloody storm had begun on this land.

All kinds of battles were happening on this land.

...

In a flash, two days had passed.

On a vast and empty land.

“Kill him!”

With a fierce shout, five figures, namely five Peak Divine Masters, turned into five streams of light and attacked Jian Wushuang at an incredible speed.

These five Peak Divine Masters were all extraordinary in strength, and there were even two Peak Divine Masters who had 1,000 points.

If the five of them worked together and met an ordinary Invincible Divine Master, they could really fight.

However, the one they met was Jian Wushuang.

Jian Wushuang's figure was strange and ethereal. He moved freely in the void, bringing with him the power of endless space-time rules. The five Peak Divine Masters who were surrounding him could not capture his real body.

Without any warning, he appeared behind a Peak Divine Master and slashed out with his Blood Mountain Sword. The Peak Divine Master did not have time to react before his head was cut off by Jian Wushuang.

Then, Jian Wushuang's figure flashed four times in a row.

Jian Wushuang also slashed out four times in a row, each of which chopped off someone's head.

In the blink of an eye, the five Great Divine Masters were all killed.

...
