

Swordsman 3411

Chapter 3411 Binding

“Impossible!”

“I can’t believe that you, an Immortal Saint, can be more powerful than me!”

“Fight!”

Xuan Master’s eyes were bloodshot, and he was full of fighting spirit. His low voice echoed throughout the hundred-battle arena. At this moment, he was like a furious beast, charging out directly. Wherever he passed,

his evil spirit soared to the sky.

Jian Wushuang’s eyes darkened, and he immediately went up to meet him.

The two once again engaged in fierce battle in the hundred battle arena.

This time, both of them displayed their respective skills.

Xuan Master held his spear with one hand. The dark purple spear let out a terrifying whistling sound, piercing through heaven and earth. The cold tip of the spear casually slashed out, easily tearing the space apart like

a battle saber. The successive spikes were like numerous stars, it illuminated the void...

Xuan Master had been adventuring in the universe battlefield for many years and had experienced countless fierce battles and massacres. During these countless fierce battles and massacres, his spear skills had also

been trained to be very terrifying, just like Jian Wushuang, Xuan Master had also created a complete set of spear skills that encompassed all aspects.

This spear skill allowed him to be like a fish in water in face-to-face close combat.

Swish! Swish! Swish! Swish! Swish!

The dark purple spear attacked Jian Wushuang again and again. Jian Wushuang also brandished his Blood Mountain Sword to fight or block. His swordsmanship was fully displayed at this moment.

However, in such a fierce face-to-face confrontation, Jian Wushuang was gradually suppressed by the Xuan Master.

It was not because Jian Wushuang’s swordsmanship was inferior to the Xuan Master’s spear technique, but because there was a certain gap in power.

“Haha, I see, I see!”

Xuan Master saw some problems during the fierce battle and immediately burst into laughter, "Heavenly Sword Marquis, I thought your power had really surpassed mine. It turns out that it is not so. Although your

power is not weak, it is only at the pinnacle of the void four realms. At most, it can only reach the level of the void five realms. The reason why you were able to fight me head-on was because you used a special method

or secret skill!"

"However, that secret technique shouldn't be able to last forever. Instead, it can only allow you to instantly burst out with even stronger power!

"In other words, you can only burst out with power that surpasses mine in an instant in an occasional head-on collision. However, in a head-on battle like this, you can't possibly allow your every sword strike to

contain that level of power!

"As long as you don't activate that secret skill, your power won't be as powerful as mine, and you'll be crushed by me. Hahahaha."

Xuan Master laughed wantonly, while Jian Wushuang's face darkened slightly.

He knew very well that the Xuan Master was right. Once he used the Heaven-cleaving skill, he could indeed make his power surpass the Xuan Master's in an instant. However, the Heaven-cleaving skill was not a

continuous secret skill, but a secret skill that could only be used once, it could only be used once.

In other words, after he used the Heaven-cleaving skill once, the next move would not have the power of the Heaven-cleaving skill unless he used it again.

As the strongest secret skill created by his master, the Heaven-cleaving skill was not completely mastered by Jian Wushuang. Even with his current ability, he could only use the Heaven-cleaving skill regardless of the

consequences, at most, he could only use it about ten times.

It was equivalent to a big battle. He could only use it about ten times before he overpowered the Xuan Master's swordsmanship.

However, after a fierce battle, how could he only use the Heaven-cleaving skill ten times?

Like now, he could not use the Heaven-cleaving skill every time he clashed with the Xuan Master.

If he did not use the Heaven-cleaving skill, he would be suppressed by the Xuan Master.

Clang!

Another head-on collision. The strong recoil made Jian Wushuang stagger. Jian Wushuang narrowed his eyes. He knew that he could not continue fighting with the Xuan Master.

With a thought, a golden light extended from his body and instantly merged with the surrounding world.

This golden light was the top-grade treasure of the universe, the Mountain River Map!

“Thousand treasures great world, space-time world!”

Jian Wushuang shouted in a low voice, and instantly, the entire arena began to change.

The world transformed, and a space-time world filled with the power of space-time principles appeared in front of everyone.

“Change the world?”

“It’s the Mountain River Map. Legend has it that it’s a top-tier treasure owned by the Ancient Seven Star Mysterious Sect!”

“This is the Mountain River Map?”

The spectators all sighed.

During the battle on Saha Island, Jian Wushuang had used the Mountain River Map. At that time, the map had helped Jian Wushuang a lot. In the end, he had even severely injured the Flame Saint Master and the

Sorcerer God by relying on the secret skill of the map, the mirror image of the battle had long been spread in the Divine Beginning Realm, so it was no secret that Jian Wushuang had the map.

Now that Jian Wushuang had taken out the map, everyone sighed, but they were not too surprised.

“Humph, the map is a good treasure. The space-time world is also very mysterious. It is indeed helpful to an expert like you who has mastered the principles of space-time. But can a space-time world change anything?” Xuan Master looked at Jian Wushuang mockingly.

“Don’t worry, it’s still early.” Jian Wushuang just smiled. Then, he suddenly stretched out his hand and made a strange cut in the void in front of him.

“One finger painting the sky, space-time prison!”

Buzz! With that simple cut, the power of the space-time principles condensed in Jian Wushuang’s body instantly surged up and swept out in all directions like a sea wave. In just a moment, it covered the entire battle

platform.

“This is...”

Seeing the power of the spacetime principles in the surroundings, the Xuan Master’s pupils suddenly shrank. “Spacetime imprisonment!”

“How is this possible? You’ve only mastered the spacetime principles for a short time. How could you master the spacetime imprisonment so quickly?”

“There are many things you don’t know.” Jian Wushuang smiled faintly. Of course, he could not tell the Xuan Master that he had the golden sky-painting banner. However, as the spacetime imprisonment took shape, he

waved his big hand.

“Space-time restriction!”

Buzz! Buzz! The vast power of the space-time principles covered the surrounding area and instantly covered the Xuan Master.

“What is this?” Xuan Master’s face darkened. He could feel the pressure and restriction from the surrounding power of the space-time principles.

This kind of restriction was like a domain, but it was more strange and difficult to resist.

This was the pressure of natural laws, especially in the spacetime world, where the power of spacetime principles was everywhere. This spacetime restriction became even more tyrannical. Even someone as strong as

the revolving host could not break free, and under the spacetime restriction...his movements were greatly hindered.

Chapter 3412 Grievance

“Humph, how can a mere space-time binding do anything to me?” Xuan Master’s voice was cold.

“Space-time binding can’t do anything to you, but it can greatly limit your speed.” Jian Wushuang chuckled and disappeared from this world.

“The shadowless escape art of the Blood Blade Master?” Xuan Master’s pupils shrank. He had once fought with the Blood Blade Master, so he naturally understood the shadowless escape art.

However, Jian Wushuang’s mastery of the shadowless escape art was obviously not as high as that of the Blood Blade Master. Now that he had used it, although his body had disappeared, Xuan Master’s strength could

still be detected, however, he could clearly sense Jian Wushuang’s location.

In his perception, as soon as Jian Wushuang disappeared, he rushed toward him from the side. His speed was incredible with the support of the surrounding space-time world.

Whoosh!

His figure flashed, and a sword light came directly toward the neck of the Xuan Master.

It was the Peerless Sword Manual, Star Dream!

“Get lost!”

The Xuan Master had long sensed Jian Wushuang's position, so he could easily deal with it. He blocked Jian Wushuang's sword with a casual spear. However, when the Xuan Master waved the long spear in his hand, he

found that the speed of his spear was obviously slower than before.

And that was only the speed of his spear. Under the restriction of time and space, his speed was much slower.

"This kid wants to win by relying on his speed?" Xuan Master's face darkened.

He was right. In the previous fight, Jian Wushuang knew that he would be suppressed by Xuan Master. Therefore, he directly used the Mountain River Map and the Heavenly Golden Banner to greatly increase his

speed, at the same time, he also crazily suppressed the Xuan Master's speed.

In terms of speed, it was obvious that the Xuan Master could not keep up with Jian Wushuang.

"Xuan Master, you can't keep up with my speed at all. You can't even touch me. Just be my target." Jian Wushuang sneered and moved around the Xuan Master Like a ghost, he waved his Blood Mountain Sword one

after another.

Whoosh! Whoosh! Whoosh! Whoosh! Whoosh!

The sword lights were incredibly fast as they rushed toward Xuan Master.

Although Xuan Master was bound by time and space and his speed was weakened, his reaction speed was not affected at all. When Jian Wushuang attacked, he could also immediately swing his spear to block, no

matter how hard Jian Wushuang attacked, Xuan Master could block them all.

However, he could only block them, but he could not counterattack at all.

There was nothing he could do. Jian Wushuang's speed was much faster than his current speed. Moreover, Jian Wushuang did not fight head-on with him. Instead, he trembled from the surroundings and performed a

sword attack. After being blocked by the Xuan Master, he immediately retreated, he performed a second sword attack and did not give him a chance to counterattack.

Just as Jian Wushuang said, the Xuan Master was now like a living target. He could only block Jian Wushuang's attacks time and time again, but he could not fight back at all.

"Too fast! Heavenly Sword Marquis' speed is really too fast!"

"The speed that Heavenly Sword Marquis burst out with now, with the support of the surrounding space-time world, may not have reached the level of the sixth void realm, but it may have already reached the peak of

the fifth void realm. Originally, although this level of speed was faster than the Xuan Master, the Xuan Master could more or less keep up. Unfortunately, the Xuan Master was restrained by space-time and his speed

was greatly reduced. With this addition and subtraction, their speed was pulled apart.”

“I feel like the Xuan Master is like a target.”

The audience outside the hundred-battle arena sighed at the scene.

Although he was stronger than his opponent, he could only defend passively and had no chance to fight back. Xuan Master felt very aggrieved.

Such an aggrieved fight, especially when his opponent was only an immortal saint, made the Xuan Master more and more furious while blocking Jian Wushuang’s attack.

Finally, his anger completely exploded.

“Bastard!”

“Heavenly Sword Marquis, you’re going too far!”

Xuan Master roared. A large amount of Blood Qi surged from his body, and his aura suddenly soared. His eyes were scarlet, and a huge phantom beast appeared out of thin air behind him, it was as if it had just crawled

out of Hell.

This scene shocked all the experts watching the battle on the hundred battle platform.

“Xuan Master is using his ultimate move!”

“This move is Xuan Master’s strongest ultimate move, and can also be considered one of Xuan Master’s trump cards. It is said that even if Xuan Master used this move, it wouldn’t be easy. Unless it was necessary, he

wouldn’t use it so easily.”

“Heavenly Sword Marquis actually forced Xuan Master to this extent?”

The experts outside the hundred-battle arena were shocked by Xuan Master’s violent aura.

“Heavenly Sword Marquis!”

Xuan Master’s eyes were as wide as copper bells. His eyes were bloodshot. With a roar, he managed to break free from the space-time constraints and reached the peak of his speed again, he was even faster than his

peak speed. He caught up with Jian Wushuang in an instant and even slightly exceeded the speed that Jian Wushuang had burst out.

Xuan Master also appeared directly in front of Jian Wushuang.

“Yin ultimate move, kill!”

Xuan Master held the spear with both hands. The dark purple spear burst out with a monstrous light, and the entire body of the spear was enlarged instantly. A shocking destructive aura burst out from the spear, and

then it pierced out directly!

Boom!

The space was directly pierced through, and a huge dark tunnel appeared. A large number of spatial cracks spread wantonly.

Jian Wushuang stood at the end of the spear and watched the spear attack. The terrifying pressure contained in the spear made Jian Wushuang's heart jump, but he was not afraid at all, when the spear tip was about to

appear in front of him, the supreme life-level pressure on his body burst out again.

The Heaven-cleaving skill was also used again.

"Peerless sword technique, Xi Xiang!"

It was also the most powerful move of Xi Xiang. Although Jian Wushuang knew that his sword was not as powerful as the spear technique of the Xuan Master, once he used the heaven-cleaving skill, his attack power

would reach a whole new level.

The scarlet sword light collided with the world-destroying spear!

It was a head-on collision!

Two waves of power suddenly exploded.

Boom!

The sky collapsed and the earth cracked. The space around the hundred battle platform was on the verge of collapse as if it could not withstand the two waves of power. Fortunately, the two waves of power did not last

long, the hundred battle platform was able to withstand the two waves of power in the end.

On the hundred battle platform, the overwhelming power began to slowly dissipate. When the power completely dissipated, everyone immediately saw the scene inside.

On both ends of the hundred-battle arena, Jian Wushuang and Xuan Zhu were still standing steadily, with a faint smile on Jian Wushuang's face..

Chapter 3413 Draw

“Xuan Master, your attack just now was really powerful. Not only did it defeat my swordsmanship, but some of the power also spread to my divine body, slightly damaging it. It’s really impressive,” Jian Wushuang said

with a smile.

Jian Wushuang said it casually, but Xuan Master’s face turned a little ugly after hearing it. “I used nearly 20% of my divine power to perform my strongest move, but it only slightly damaged his divine body?”

Slightly damaged was not even a large amount of damage, not to mention that his divine body directly collapsed.

Under normal circumstances, the opponent’s divine body directly collapsed before he lost the battle on the hundred-battle arena. Obviously, he was far from reaching that level.

“Xuan Master, I’m very curious. How many more times can you use that move?” Jian Wushuang smiled strangely, but his figure appeared again.

With the support of the space-time world, Jian Wushuang’s speed was displayed again.

“Damn it!”

Xuan Master cursed in his heart. Facing Jian Wushuang’s speed, he could only become Jian Wushuang’s living target again under the restriction of space-time.

The previous scene quickly appeared again.

Outside the hundred-battle arena, the experts watching the battle looked at each other in dismay. They could see the shock in each other’s eyes.

“This Heavenly Sword Marquis actually forcefully withstood Xuan Master’s strongest move, and he wasn’t injured at all?”

“My soul senses are very clear. In order to execute that move, Xuan Master used nearly 20% of his divine power. However, after the collision, that Heavenly Sword Marquis’ divine body was only slightly damaged, but

his divine power aura didn’t weaken at all.”

“This is insane! Heavenly Sword Marquis is too insane!”

“Even Xuan Master’s strongest move could not defeat Heavenly Sword Marquis. Then this battle...”

Everyone stared at the scene in the hundred-battle arena.

Xuan Master had already used his strongest move, but it did not cause any harm to Jian Wushuang. Jian Wushuang still relied on his speed to crazily attack Xuan Master. Xuan Master could only passively defend, he had

become a living target.

However, although the Xuan Master could not fight back, he could still block Jian Wushuang’s attack.

Time continued to pass. During this period, the Xuan Master was angry and once again used his strongest move. However, the result was the same. Jian Wushuang could completely block his strongest move with his

Heaven-cleaving skill, then he continued to suppress him.

He used his strongest move twice in a row, but it did not cause any harm to Jian Wushuang. Xuan Master lost his temper.

“Master Ancient Master, it’s been 15 minutes,” Master Ku said.

“15 minutes?” Master Ancient Wheel was overjoyed. In the next moment, he rushed toward the hundred battle platform. The experts around him, including the nether ancestor’s bloodline, did not stop him.

“That’s it, you two.” Master Ancient Wheel appeared in the center of the hundred battle arena. A burst of divine power separated the two in the fierce battle.

“Master Ancient Wheel, what’s wrong? What are you doing here?” Jian Wushuang looked at Master Ancient Wheel in surprise. He was a little displeased.

After entering the Samsara Heaven Realm, his strength had greatly increased. He was looking for a decent opponent to fight. Xuan Master had just become his opponent. He was also excited about the fierce battle

between him and Xuan Master, Jian Wushuang was naturally unhappy that Master Ancient Wheel had stepped in to stop their battle.

It was as if he had read Jian Wushuang’s mind, Master Ancient Wheel said with a wry smile, “Mr. Heavenly Marquis, the hundred-battle arena has long made a rule that if the two sides fight for more than 15 minutes and

there is no winner, then the battle will be considered a draw.”

“A draw?” Jian Wushuang was stunned. Then he looked at the Xuan Master in front of him and found that the Xuan Master was looking at him with a gloomy face and gnashing his teeth, however, the Xuan Master had

already put his precious spear back into his interspatial ring. Obviously, he did not intend to continue the fierce battle with Jian Wushuang.

He was not stupid. He knew that if he continued to fight, he would be suppressed by Jian Wushuang’s speed. Naturally, he did not want to continue to be so sullen.

Seeing this, Jian Wushuang felt helpless.

If he could, he wanted to continue fighting with the Xuan Master, but apparently, the latter did not have such an idea.

“Forget it, let’s call it a draw.” Jian Wushuang smiled faintly and was ready to rush out of the hundred battle arena.

But Master Ancient Wheel was already overjoyed.

In this battle of the hundred battle arena, if it was just the strength of his blood ancestor's bloodline, he had almost no chance of winning against the spirit ancestor's bloodline. Except for him, who had won one battle,

the remaining two battles were almost certain to be lost. But now...because of Jian Wushuang, the second battle ended in a draw. This meant that even if the blood ancestor's bloodline lost the third battle, the Battle of

the hundred-battle arena would be one win, one loss, and one draw, both sides drew.

Master Ancient Wheel and the experts of the blood ancestor's bloodline were already very happy to be able to draw with the ghost ancestor's bloodline.

Outside the hundred-battle arena, many experts were sighing. No one had expected that the second battle would end in a draw.

Moreover, Xuan Master, an extremely powerful expert of the five void realms, could not win against Heavenly Sword Marquis, who was only at the Immortal Saint Realm. Moreover, he had been suppressed by Jian

Wushuang almost the entire time, Jian Wushuang's strength completely shocked them and refreshed their understanding of the Immortal Saint.

In particular, many of the spectators were Immortal Saint existences. A huge wave of emotions rose in their hearts. They had never thought that the Immortal Saint could be so strong.

Amidst the exclamations, the battle had to continue. After all, it was only 20% of the fierce battle.

"Xuan Master, the third battle has begun." Ancient Wheel Master smiled. The second battle had ended in a draw. No matter what, this battle had to end in a draw. This made Master Ancient Wheel feel extremely

confident.

On the other hand, the expressions of the experts from the nether ancestor's lineage were not very good.

Hearing Master Ancient Wheel's words, Xuan Master took a deep breath and looked at someone beside him. "Leaf Master, go."

"Okay."

Wearing a dark red robe, the bewitching Leaf Master appeared in the hundred battle arena. His bewitching eyes swept over the experts of the blood ancestor's bloodline. "Who will you send to fight me in the third

battle?"

Hearing this, the Principles Masters of the blood ancestor's bloodline looked at each other in dismay. Among them, except for Master Ancient Wheel and Jian Wushuang, no one was a match for Leaf Master, Master

Stabbing Heart, the only one whose strength was close to Leaf Master, moved and said, "Ancient Wheel, let me fight."

Chapter 3414 Was Defeated in an Instant

"Okay." Master Ancient Wheel nodded slightly. "There's no need for too much pressure. Just use all your strength. It's best if you can defeat Leaf Master. Even if you lose, it's not a big deal. Anyway, in this battle, the

blood ancestor lineage can at least tie with serene ancestor."

"I understand." Stabbing Heart Master understood and was about to go forward, but Jian Wushuang waved his hand and stopped him.

"Stabbing Heart Master, I won't bother you to fight in the third battle." Jian Wushuang smiled.

Stabbing Heart Master was stunned.

"Mr. Heavenly Marquis?" Master Ancient Wheel also looked over in confusion.

"I want the blood ancestor's bloodline to win this battle. It's not as simple as a draw." Jian Wushuang smiled and then glanced at Demon Master Chenhuo. "Chenhuo, you go."

Demon Master Chenhuo raised his eyebrows and appeared in the hundred battle arena.

His appearance immediately attracted many curious gazes. Although there were many experts present, no one could recognize Demon Master Chenhuo.

"Who are you?" Leaf Master also looked at Demon Master Chenhuo with a frown.

"Ancient Wheel, who is this person? Is he an expert under the blood ancestor's bloodline?" Xuan Master asked directly.

"He is my personal guard. He has nothing to do with the Temporal Temple. He is a member of the blood ancestor's bloodline since he follows me. It shouldn't be a problem for me to send him to fight," Jian Wushuang

said with a smile.

"Guard?" Xuan Master narrowed his eyes.

If he was really Jian Wushuang's guard and had nothing to do with other sects, then he could be considered a member of the blood ancestor's bloodline.

"Humph, although I don't know who he is, it's impossible for the blood ancestor's faction to defeat Leaf Master with him." Xuan Master snorted, he said in a low voice, "Leaf, don't hold back. Try to be as clean as

possible.”

“I know.” Leaf Master nodded slightly. As soon as he finished his words, a surging aura swept out from his body.

This aura was incomparably powerful. In an instant, it had completely exceeded the limits of a void fourth level expert, directly reaching the level of the void fifth level!

“Void fifth level!”

“This, this is the aura pressure that only void fifth level experts have!”

“Even though Leaf Master has long reached the pinnacle of the void fourth level and rarely has an opponent among the void fourth level, it is impossible for him to display this level of aura. unless...he broke through!”

“Heavens, Leaf Master has actually broken through to the fifth level of the void!”

Outside the hundred battle platform, the many experts watching the battle were all greatly shocked.

The fourth level of the void and the fifth level of the void were only one step apart, but during this period of time, an entire portion of the power of will had appeared.

“This Leaf Master has actually broken through?” Master Stabbing Heart’s eyes were wide open, and his face was filled with shock.

He knew very well that if Leaf Master was only at the pinnacle of the void four realms, he might have a chance to fight with his strength. But now that Leaf Master had made a breakthrough...he had no chance to fight

back.

“Mr. Heavenly Marquis, this...” Master Ancient Wheel looked at Jian Wushuang.

“It’s not a big deal. Don’t worry about it.” Jian Wushuang just smiled faintly.

Since Jian Wushuang had said so, Master Ancient Wheel naturally had nothing to say.

In the hundred battle platform, the majestic divine power aura of Leaf Master had completely suppressed Demon Master Chenhuo. However, in the face of this divine power aura’s suppression, he still appeared as calm

as a breeze, it was as if he was not affected in the slightest.

And the truth was as such. A mere void fifth level aura pressure was nothing to him. It was only because his method of concealing his aura was too brilliant that the people around him did not know his actual strength,

if people knew that he was a peak void sixth level expert, then they would not be surprised by his current expression.

“Master Ancient Wheel has instructed me to be more efficient. Hence, I’m sorry.” After Leaf Master spoke, large amounts of dark clouds rose up from his body, his body also completely turned into darkness.

Weng!

The huge dark clouds covered the sky and earth, directly extending toward Demon Master Chenhuo. The dark clouds contained an astonishing might. No matter who it was, as long as they were covered by the dark

clouds...they would all face the storm of attacks from Leaf Master.

However, just as the dark cloud appeared in front of Demon Master Chenhuo and was about to cover him, Demon Master Chenhuo slowly raised his hand.

He simply raised his hand and casually slapped the dark cloud, as if he was swatting a fly.

Pa!

The dark cloud directly shattered, revealing Leaf Master’s figure. At this moment, Leaf Master’s expression changed drastically. His divine body was being suppressed by a terrifying power. He did not have the ability to

resist...he fell to the ground.

In just a moment, his body was slammed onto the ground of the hundred battle platform, and a huge hole appeared on the ground.

Silence!

The entire hundred battle platform, both inside and outside, was extremely quiet.

Except for Jian Wushuang, everyone looked at the scene in front of them in a daze.

Leaf Master had already reached the peak of the four void realms. His battle strength was so strong that he could even fight with an expert of the five void realms. Now that he had broken through to the five

void realms, his battle strength was even more amazing, to a certain extent, he had already surpassed Xuan Master!

That was right. In terms of strength, the current Leaf Master was actually slightly stronger than Xuan Master. It was precisely because of this that the nether ancestor lineage had arranged for him to be in the final

battle just to be safe.

However, it was precisely because of this formidable strength that Leaf Master fought with this person who appeared out of nowhere and acted as a guard by the side of Heavenly Sword Marquis. In the end, everyone

was unable to react in time, Leaf Master had already been defeated.

A crushing defeat!

He was utterly defeated. There was no room for struggle.

The difference in strength between the two sides was too great!

“Void, void six realms!” Master Ancient Wheel was the first to exclaim.

As his voice rang out, the entire hundred battle platform was instantly in an uproar.

“Void six realms. The person sent by the blood ancestor’s lineage is a peak expert of the void six realms!”

“Yes, it’s the sixth level of the void. Only existences at the sixth level of the void can defeat the Leaf Master with a single move!”

“The sixth level of the void. This is the same level as the blood ancestor and the serene ancestor. But in the end, his identity is only that of the Heavenly Sword Marquis’ guard?”

“The sixth level of the void can be a guard?”

Everyone felt their minds go blank..

Chapter 3415 Serene Ancestor

In the hundred battle platform, Leaf Master had risen up again. However, at this moment, his face was extremely unsightly. He looked at Demon Master Chenhuo with a hint of fear.

He was very clear about what he had encountered in that instant. He had been forcefully crushed by his opponent’s power. His divine body was instantly damaged by more than 80%. That kind of absolute crushing power...he had only experienced it in the hands of his master.

“I only used less than 70% of the power of that slap just now,” Demon Master Chenhuo said coldly.

“70% of the power?” Leaf Master’s body trembled.

He had only used less than 70% of the power to destroy his ultimate move with a single slap. At the same time, it had damaged more than 80% of his divine body. If the other party had used all of his power, would not he be able to directly destroy his divine body with a single slap?

“The six realms of the void, and I’m afraid that they are very powerful among the six realms of the void. I’m afraid that they are not much weaker than my master.” Leaf Master exclaimed in his heart. At the same time, he also understood that he had been completely defeated in this battle, he was completely defeated.

Leaf Master did not feel dissatisfied or unsatisfied. He bowed slightly to Demon Master Chenhuo, then walked out of the hundred battle arena and returned to Xuan Master and the others.

“Xuan Master, the result of the third battle is obvious. The bloodline of the blood ancestor should have won the battle in the hundred-battle arena, right?” Jian Wushuang said with a faint smile.

Xuan Master's face was extremely ugly. He had never expected that the guard of Heavenly Sword Marquis was such a powerful expert of the sixth realm of the void. They had thought that they would win the third battle, but they had lost.

And now that the three battles had ended, the blood ancestor's lineage had won two and drawn one. Naturally, they had won.

Although Xuan Master was unwilling, he could no longer change this solution.

But just as Xuan Master was about to open his mouth and admit that the blood ancestor's lineage had won... "Hold on." A grand voice suddenly transmitted over from the void not far away.

This voice seemed to contain a special magic power. As soon as it was transmitted to the hundred battle arena, it caused the hearts of many experts on the hundred battle arena to move. Subsequently, all gazes turned toward the source of the voice.

Over there, a middle-aged man dressed in black tight clothes, short hair, and stubble slowly walked over.

His footsteps were very light and very strange. Every step he took caused a black vortex to appear in the void below him.

As the black vortexes appeared one after another, this middle-aged man's figure finally arrived on the hundred battle platform.

Upon seeing him, the many powerful warriors of the nether ancestor's lineage revealed a look of pleasant surprise.

"Lord nether ancestor!"

Xuan Master, Master Flame Mountain, and the other Principles Masters of the nether ancestor's lineage all bowed and greeted him with extremely respectful voices.

"Master." Leaf Master also called out respectfully.

As for the surrounding powerful warriors who were watching the battle, when they saw him, they all revealed looks of reverence. Almost all of them also bowed to show their respect.

Serene Ancestor was one of the nine ancestors of the Divine Ancestor Daoist Sect. Furthermore, he was one of the top three strongest experts among the nine ancestors. The Serene Ancestor lineage he established was also one of the four great sects of the heavenly ancestor lineage, it was named after the blood ancestor lineage at its peak.

And Serene Ancestor had another identity. He was Leaf Master.

For example, when Leaf Master fought with Demon Master Chenhua on the hundred battle arena, the first technique he used was taught by Serene Ancestor.

"Leaf Master, I saw your battle just now." Serene Ancestor spoke.

"Master, it's my fault for being useless." Leaf Master could not help but lower his head.

"It's not that I'm useless. It's true that the opponent is too strong. For experts at the sixth level of the void, not only did they gain an additional portion of their will, they also fused three different types of law energy at the same time. You have to know that when the principles energy is fused, the power unleashed by fusing two different types of principles energy and three different types of law energy are worlds apart." Serene Ancestor calmly spoke.

"Naturally, if you are able to comprehend the secret art that this seat imparted to you to a deeper level, reaching the third level, you would still be defeated when facing him. However, you wouldn't be defeated in such a miserable manner."

"Your disciple is enlightened." Leaf Master respectfully acknowledged, not daring to refute.

"You can leave first." Serene Ancestor waved his hand.

Leaf Master and the experts from Serene Ancestor's lineage immediately retreated to the side. Serene Ancestor's eyes turned towards deepfire devil master, who had already exited the hundred-battle arena.

"It's one thing for a peak expert at the sixth level of the void to be willing to serve as a guard for an Immortal Saint, but you even intentionally concealed your strength to bully a fifth level of the void. Sir, aren't you a little too careless with your status?" The nether ancestor spoke, however, his voice was ice-cold.

Upon hearing the nether ancestor's words, the surrounding people felt their hearts turning cold.

"This Serene Ancestor is indeed just like the rumors say. He is truly protective of his own shortcomings!"

"His own disciple was defeated by a sixth level void martial artist who concealed his strength. It's normal for Serene Ancestor to feel indignant. It's normal for him to be protective of his own shortcomings!"

"Now, let's see how the blood ancestor lineage, Heavenly Sword Marquis, and his guards will deal with Serene Ancestor."

Many people were already discussing this matter in secret.

In the face of Serene Ancestor's somewhat cold gaze, Demon Master Chenhuo's expression did not change in the slightest, he said indifferently, "This old man will serve as the guard of Heavenly Sword Marquis. That is something that we are willing to do. It has nothing to do with you, Serene Ancestor. As for saying that this old man deliberately concealed his strength to bully your disciple... perhaps I do not pay attention to my status, but it is still much better than a fifth level void realm expert of your Serene Ancestor lineage fighting with an Immortal Saint and ending in a draw, right?"

"You really know how to do it, but I don't know if your strength is as good as your mouth," Serene Ancestor said coldly.

"You can try. It's been a long time since I've loosened my muscles and bones," said Demon Master Chenhuo calmly without any fear.

Hearing this, Jian Wushuang only smiled faintly.

Although Serene Ancestor was very famous and powerful, Demon Master Chenhuo was even more powerful!

You should know that your ancestor had reached the peak of the six void realms and was very close to the level of Elder Dark Bone. In Jian Wushuang's opinion, if Serene Ancestor really fought, he would be asking for humiliation.

As expected, what happened next proved Jian Wushuang's guess.

In the void, the two sides did not even enter the hundred-battle arena, but Serene Ancestor and Demon Master Chenhuo had already fought.

Buzz! Buzz! Buzz!

Serene Ancestor's body shook, and a large amount of dark clouds rose up. Serene Ancestor's body also turned into darkness and merged into the dark clouds.

It was exactly the same as the skill of Leaf Master. However, when Serene Ancestor used the dark clouds, the color and thickness of the dark clouds were obviously much denser, and the area covered by the dark clouds was much wider. In terms of power...this dark cloud was at least dozens of times stronger.

Chapter 3416 He Was Ashamed of His Inferiority

—

—

The dark clouds completely covered the void, causing the entire world to become heavy.

"This is the true power of this move." Leaf Master looked at the dark clouds in front of him and compared it to the one he had used previously. He was astonished in his heart, and his gaze was incomparably hot.

This move originated from his master and was one of his master's ultimate moves. Now that it was being used by his master, Serene Ancestor, its power was naturally world-shaking.

Faced with this move, even Demon Master Chenhuo did not dare to casually block it like before. Instead, he wore a pair of golden-red gloves that emitted a majestic destructive aura, with a clench of his hands, a world-shaking might instantly gathered in his palms. Following that...

Boom!

A brutal punch directly smashed out. Like a bolt of golden lightning, it instantly collided with the dark clouds. The dark clouds slightly lasted for a moment, and the middle part immediately dissipated. However, the dark clouds did not completely disperse.

However, at this moment, a large amount of gray light surged out from Demon Master Chenhuo's body. This gray light was vast and mighty, like a vast gray ocean, spreading out, in the blink of an eye, it collided with the dark cloud.

Hualala! Two earth-shattering powers charged madly. Regardless of whether it was Demon Master Chenhuo or serene ancestor, their figures had already completely merged into these two powers.

The spectators around had long retreated. They watched the scene in the center from a distance and felt the two powers that made them feel suffocated.

However, the impact of the two waves of terrifying power did not last long. One of the waves of power had already begun to retreat.

The one who was retreating was naturally serene ancestor!

The huge dark cloud that covered Serene Ancestor was already retreating under the impact of the gray light. The entire world was gradually covered by the gray ocean. As for that dark cloud...it could barely maintain a very small area. Moreover, it was maintaining it with great difficulty, as if it was in danger of being completely annihilated at any moment.

At this point, the outcome of the battle between the two had clearly been decided.

Sou! Sou!

The power that filled the sky dissipated, and the figures of Demon Master Chenhuo and Serene Ancestor reappeared in front of everyone.

“He actually used the god power of three principles to such an extent. He even faintly added fourth principles energy... impressive!” Serene Ancestor’s expression was solemn as he stared at Demon Master Chenhuo.

“This seat has roamed the Divine Beginning Realm and even roamed the universe battlefield for a very long time. I have encountered countless experts, but among these experts, if we were to compare them with the level of the six void realms, there are absolutely no more than ten who can match you. and within the Divine Beginning Realm, there are no more than three who can match you at the six void realms!”

There was indeed a hint of surprise in Serene Ancestor’s words.

One had to know that he was a supreme existence who had lived for a very long time. His knowledge was also very vast. He had roamed the universe battlefield for a very long time and had encountered countless experts, however, the fact that Demon Master Chenhuo could be ranked in the top ten among the six void realm experts he had met was already very impressive.

As for what he said at the end, there were no more than three six void realm experts in the Divine Beginning Realm that could match fiend master sinking fire. This was also a fact. After all, Demon Master Chenhuo had indeed walked very far at the level of the six void realm, he was only a tiny bit away from the pinnacle.

“Your Excellency’s strength is monstrous, but I wonder how should I address you?” Serene Ancestor looked over.

“Chenhuo.” Demon Master Chenhuo said.

“Chenhuo? Could it be that genius elder from the Amethyst Demon Sect from 200 million years ago?” Serene Ancestor’s expression changed. He had also heard of Demon Master Chenhuo’s name back then.

“It’s me.” Demon Master Chenhuo did not deny it.

“Haha, that’s true.” Serene Ancestor laughed, “It has been nearly 200 million years since the Amethyst Demon Sect was destroyed. And you have also disappeared for so many years. I never expected that your strength would reach such a level after your appearance. You are truly impressive. You are indeed worthy of being called a genius elder.”

“You are not bad either. Among the six void realms, you can be considered at the peak level. Ordinary six void realms are not your match.”

Serene Ancestor raised his brows, following that, he said grandly, “The Serene Ancestor faction has lost the battle on the hundred battle arena. Our Serene Ancestor faction will not have any complaints. and according to the rules, the victor is the king. The competition between our Serene Ancestor faction and the blood ancestor faction will be decided by the blood ancestor faction. The experts under our Serene Ancestor faction are not allowed to have any disputes with the blood ancestor faction because of this territory.”

“Yes.”

“As you command, Lord Serene Ancestor!”

Many experts from Serene Ancestor’s lineage immediately respectfully received the order.

“Demon Master Chenhuo.” Serene Ancestor looked at Demon Master Chenhuo again. “Although I didn’t feel lucky after the battle with you today, I have gained quite a bit. Furthermore, it’s rare for me to meet an expert like you. Why don’t we go to my Serene Cloud Pavilion and have a good exchange?”

In the face of Demon Master Chenhuo, Serene Ancestor no longer had any airs. Now, he even looked forward to interacting with Demon Master Chenhuo and felt his heart ache.

However, Demon Master Chenhuo pondered for a moment before shaking his head. “No need. I am now Heavenly Sword Marquis’ guard. I will go wherever Heavenly Sword Marquis goes.”

Serene Ancestor was stunned. Only then did he recall the identity of Demon Master Chenhuo and could not help but sigh, “Demon Master Chenhuo, for a peak expert like you to be willing to be a guard for a little fellow at the level of a saint, this truly makes me feel incredulous. Even though this little fellow has great potential, it is not to the extent of letting you be like this?”

“This is a private agreement between me and Heavenly Sword Marquis. It has nothing to do with you, Serene Ancestor,” Demon Master Chenhuo said directly.

Serene Ancestor shrugged when he heard this and did not say anything else.

“Since that’s the case, I’ll have another chance to chat with you next time.”

With that said, Serene Ancestor turned around and left. The experts of Serene Ancestor’s lineage naturally left as well.

With the departure of the members of Serene Ancestor’s lineage, the battle on the hundred battle platform came to an end.

However, although the battle had ended, the experts who took the battle seriously could not calm their hearts for a long time.

Most of them were still filled with shock and shock.

This shock naturally came from Heavenly Sword Marquis and Demon Master Chenhuo.

First of all, Jian Wushuang had defeated Xuan Master with his Saint Realm cultivation, which was already unbelievable to them. Then, the appearance of Demon Master Chenhuo, a top expert, actually made even Serene Ancestor feel inferior. More importantly...how could such a super expert, who had reached the peak of the sixth realm of the Void Realm, be just a guard by Jian Wushuang's side?

This fact was really hard to accept.

Chapter 3417 Third Heaven

Within the grand hall of the Blood Ancestor's bloodline.

"Lord Heavenly Marquis, Lord Chenhuo, it's all thanks to the two of you that our Blood Ancestor's bloodline was able to win in the hundred battle arena. We even took back the territory that originally belonged to our Blood Ancestor's bloodline from the hands of the dark ancestor's bloodline. I, Ancient Wheel, represent the entire blood ancestor's bloodline here. Thank you both!

"Thank you!"

The other Principles Masters of the Blood Ancestor's bloodline were also extremely grateful.

"Master Ancient Wheel, and everyone else, you're too kind." Jian Wushuang smiled. "As I said before, I'm the descendant of the Xue Bei, so I can barely be considered as a member of the Blood Ancestor's bloodline. If the Blood Ancestor's bloodline is in trouble, I'll naturally help them if I can."

"In any case, you have indeed helped the Blood Ancestor's bloodline a great deal this time. It's a pity that the Blood Ancestor has been trapped in the universe battlefield all these years. The Blood Ancestor's bloodline is not in a good situation now. I'm afraid that there's nothing I can repay you for now. I can only wait for the opportunity to repay you in the future," Master Ancient Wheel continued.

Hearing this, Jian Wushuang could only shake his head and smile, then he said seriously, "After the battle on the hundred battle arena, the nether ancestor's bloodline was also defeated by the Blood Ancestor's bloodline. Moreover, I have already said that we are on the same side as the Blood Ancestor's bloodline. With the presence of Chenhuo, I believe that the other sects of the Divine Ancestor Daoist Sect won't dare to challenge the Blood Ancestor's bloodline as recklessly as before."

"Of course." Master Ancient Wheel also smiled. "After this battle, Mr. Heavenly Marquis, you and Lord Chenhuo are all on the side of the Blood Ancestor lineage. In terms of top-tier combat power, even the Serene Ancestor lineage can only retreat when facing the Blood Ancestor lineage. How would the other factions dare to attack?

"Moreover, Lord Blood Ancestor is only trapped in the universe battlefield, not fallen. The other factions already have a lot of scruples!"

"After this battle, I dare say that the Blood Ancestor lineage will be able to regain its former dominance."

"That's good. Then I can leave in peace," Jian Wushuang said with a smile.

“Mr. Marquis, are you leaving?” Master Ancient Wheel immediately looked over. “Yes, I came to the Divine Ancestor Daoist Sect to meet your spirit ancestor, in addition to fulfilling Xue Bei’s task. Now that I’ve met the spirit ancestor and obtained the answer, I’ve also completed Xue Bei’s task. Naturally, I have to leave,” Jian Wushuang said with a smile.

Seeing this, Master Ancient Wheel and the others felt a little regretful, but they could not persuade him to stay. “Mr. Heavenly Marquis, this is my message token. Since you’ve said yourself that you’re a member of the Blood Ancestor’s bloodline, if you encounter any trouble in the future, you can ask for it. The Blood Ancestor’s bloodline will do its best.” Master Ancient Wheel handed his message token to Jian Wushuang.

“Alright, if that happens, I won’t stand on ceremony.” Jian Wushuang smiled and took the token. Then, he left with Chenhuo.

Soon, Jian Wushuang and Demon Master Chenhuo left the Divine Ancestor Daoist Sect.

Although he had solved a lot of trouble for the Blood Ancestor’s bloodline before he left and did not go against Xue Bei’s request, Jian Wushuang’s heart was still heavy.

After all, he did not get what he wanted from Spirit Ancestor.

If he wanted Spirit Ancestor to help him, he had to think of a way to kill the grandmaster of the blood clan!

This matter was very tricky for him now.

“Heavenly Sword Marquis, where do you plan to go next?” Demon Master Chenhuo looked at him.

“To the third heaven,” Jian Wushuang said directly. He was now Jian Wushuang’s guard, so he naturally had to follow Jian Wushuang wherever he went.

“The Third Heaven? That’s the nest of the three Saint Realms, and it’s the place with the strongest power of the will of Heavenly Dao...” Demon Master Chenhuo frowned.

“Why? Are you afraid?” Jian Wushuang looked at Demon Master Chenhuo with interest.

“You’re a saint, and you don’t even fear the three Saint Realms. I’m just one step away from the pinnacle of the six void realms, so why should I be afraid?” Demon Master Chenhuo said.

“That’s it. Let’s go.”

Jian Wushuang smiled and soon left with Demon Master Chenhuo for the Third Heaven.

The core of the Divine Beginning Realm, the Third Heaven, was the Third Heaven and Earth!

The quality of the experts in the Third Heaven and Earth was getting higher and higher, regardless of whether it was the cultivation environment or the quality of the experts.

For example, in the First Heaven, Peak Saints and Invincible Saints could almost do whatever they wanted, and Principles Masters were super existences who could establish sects. For example, some of the most powerful forces in the First Heaven...many of them did not have Principles Masters now, and only had the heaven and earth secret realms.

However, in the Second Heaven, although Peak Saints and Invincible Saints were also top-tier experts, they were far from the level where they could do whatever they wanted. After all, there were quite a few Principles Masters in the Second Heaven.

For the major factions in the second heaven like Xiaoyao Mansion, Supreme Emotion-forgetting Valley, and Samsara Heaven Sect, which one of them did not have a dozen or so Principles Masters? Some of them were even as powerful as Supreme Emotion-forgetting Valley, and there were even six void realm experts...even the old Valley Master, who was feared by the Masters of the Saint Realm and the Masters of the Ruler Realm, existed.

It could be said that the level of cultivators at the Second Heaven was already very high.

However, the Second Heaven still could not be compared to the Third Heaven. In fact, the gap between them was even greater than usual.

The Third Heaven was where the core experts of the Divine Beginning Realm gathered. It was also where some of the top overlords of the Divine Beginning Realm gathered.

For example, the three supreme Saint Realms of the Divine Beginning Realm were in the Third Heaven.

In addition, there were the four great divine races and the Eight Directions Celestial Sect, which had an extremely deep foundation. All of them were the top experts of the Divine Beginning Realm.

Just take the Eight Directions Celestial Sect, which was at the lowest level. Even though it was only at the lowest level in the Third Heaven, its strength and foundation were even stronger than the Supreme Emotion-forgetting Valley if it was not for that old Valley Master, as for the four divine clans and the three Saint Realms, they were even stronger.

This was the gathering place of experts and a paradise for them.

After coming out of the Divine Ancestor Daoist Sect, Jian Wushuang teleported to the Third Heaven with Demon Master Chenhuo at the fastest speed.

As soon as he reached the Third Heaven and stepped into the Third Heaven, Jian Wushuang immediately had a special feeling.

This feeling did not come from the surrounding environment, but from the will.

“The power of the will of heaven!”

Jian Wushuang raised his head and looked at the sky above.

Although he knew that there was the power of the will of heaven in the First Heaven and the Second Heaven, his feeling was very vague. But when he reached the Third Heaven, the feeling was very clear.

Not only could he sense the existence of the will of the Heavenly Dao, the will of the Heavenly Dao could also sense him!

Chapter 3418 Heavenly Sword Marquis Arrived

—

—

Just as Jian Wushuang had expected, when he clearly sensed the existence of the will of heaven, the will of heaven had also discovered his existence and immediately informed the three Saint Masters of the news.

In the primal chaos void at the core of the three Saint Realms, the consciousness avatars of the three Saint Masters had been condensed there, and their expressions were quite grave.

“That Heavenly Sword Marquis is really bold. He clearly knows that the Third Heaven is the base of our three great Saint Realms, and the power of the Heavenly Dao will here is the densest. As long as he steps into the Third Heaven, under the power of the Heavenly Dao will, he will have nowhere to hide. But even so, he still dares to come!” Destruction Saint Master growled. “He has nothing to fear.” Life and Death Saint Master’s expression was solemn, “In the battle on Saha Island, our three great Saint Realms couldn’t kill him even after setting up an inescapable net. After losing that battle, it’s almost impossible for us three Saint Realms to attack him again. Not to mention the fact that the Temporal Temple Master must have prepared a life-saving trump card for him, just his own technique of time-space teleportation is already giving us a headache.”

“The Heavenly Sword Marquis knows that the three great Saint Realms are already unable to do anything to him. That’s why he dares to come here unscrupulously.” Flame Saint Master’s voice was low. “There’s nothing we can do. With the strength of the three great Saint Realms, it’s indeed very difficult to kill him. Even if we attack now, it probably won’t have any effect. On the contrary, it will make the Heavenly Sword Marquis even more vigilant. At the same time, it will also stimulate him to cultivate even harder and increase his strength!”

“In other words, if we attack him now, it will only encourage him and temper him. To us, this is not worth the loss. It’s better for us to just sit quietly and do nothing and wait for the day to come.”

“You’re right. We shouldn’t change anything. Back when Xuan Yi rose up, our three great Saint Realms did the same thing. We let Xuan Yi grow on his own. We won’t provoke him anymore, and we won’t give him the chance to use us as an opponent to temper himself. When that day comes, won’t Xuan Yi die?” Destruction Saint Master’s voice was cold.

“Although Heavenly Sword Marquis has shown incredible talent, he might not be able to reach the level of his Master Xuan Yi when the day comes. Even if he does, he will still die!”

“In that case, it’s decided.”

The three masters of the Saint Realm quickly reached a consensus. Even though they knew that Jian Wushuang had stepped into the Third Heaven, they still did not plan to attack him.

After reaching this consensus, the three masters of the Saint Realm immediately gave orders to restrain the experts under the command of the three Saint Realms. During this period of time, if they encountered Jian Wushuang, they should avoid him as much as possible. If they encountered any mysterious experts...they should also try not to provoke him.

In short, the three masters of the Saint Realm’s intention was very clear. They did not want to provoke Jian Wushuang now. No matter where Jian Wushuang was, as long as Jian Wushuang did not take the

initiative to attack the three Saint Realms, they would let him go, Jian Wushuang could do whatever he wanted.

Countless years ago, when Xuan Yi rose to power, the three Saint Realms tried to suppress him. However, when they realized that they could not suppress him and could not do anything to him, they made the same decision.

Jian Wushuang naturally did not know what the three Saint Realms were thinking. However, just as the three Saint Realms had expected, he was indeed fearless now.

He knew that with his life-saving skills and trump cards, the three Saint Realms would not be able to kill him unless a master-level expert came.

At this moment, Jian Wushuang had obtained a detailed map of the star field of the Third Heaven from Temple Master Bai Xing.

“We are now in the Bone Flood Domain of the northwest 19 domains of the Third Heaven.” Jian Wushuang looked at the star map and had determined his location.

The Third Heaven was very big, much bigger than the First Heaven and Second Heaven, and there were countless experts.

There were two overlords in the northwestern region of the Third Heaven. They were the Illusory Moon Sect and the Burning Heart Sect of the Eight Directions Celestial Sect, there were a total of 18 regions under the control of the two Celestial Sects, each of which occupied nine territories. The remaining region was sandwiched between the two Celestial Sects.

Bone Flood Domain was a domain under the control of the Illusory Moon Sect. Although it was only a domain, it was still extremely vast. There were countless forces and clans, big and small, with the Principles Masters among them, there were more than a dozen forces that had given birth to Principles Masters.

“The Illusory Moon Sect?”

Jian Wushuang looked at the domain marked with the words ‘Illusory Moon Sect’ on the star map in front of him, and his expression became strange.

He had interacted with the Illusory Moon Sect, one of the Eight Directions Celestial Sect.

In the Blood Wave Realm, he had fought with Di Hao, Qian Hongzi, Duan Lang, and others from the Destruction Saint Realm as soon as they entered the Blood Wave Realm. After that, the Destruction Saint Realm immediately retaliated against them. In the process, the Destruction Saint Realm had invited people from the Illusory Moon Sect to help them.

Although the Destruction Saint Realm did not succeed and the Illusory Moon Sect suffered a loss at Jian Wushuang’s hands, it was the Illusory Moon Sect who provoked him. However, nothing happened after that, now that Jian Wushuang had just arrived at the Third Heaven, it happened to be a territory controlled by the Illusory Moon Sect. What a coincidence.

“The Illusory Moon Sect joined hands with the Destruction Saint Realm in the Blood Wave Realm and tried to kill me. It’s obvious that the Illusory Moon Sect has always followed the lead of the three Saint

Realms. The Illusory Moon Sect probably contributed a lot to the destruction of the Seven Star Mysterious Sect. If there's a chance, I'll teach them a lesson," Jian Wushuang muttered to himself.

After finding out where he was, Jian Wushuang looked at the other territories in the Third Heaven.

In the Third Heaven, all the overlords gathered. The three most powerful Saint Realms were in the center of the Third Heaven and controlled the three territories at the core of the Third Heaven.

As for the four divine races, although their territories were not as powerful as the three Saint Realms, they were not much weaker. Moreover, because the four divine races gathered there, there were many special races in the Divine Beginning Realm, this included the existence of many strange beasts and fierce beasts. Hence, that territory was also known as the Demon Realm!

The three great Saint Realms and the Demon Realm occupied the territories with the best cultivation conditions in the Third Heaven. The remaining territories were occupied by the Eight Directions Heavenly Sect and other large factions with similar foundations.

Chapter 3419 Naturally Terminated Meridians

"Miss Xiao'er has an inexplicable relationship with the Nine-tailed Clan, one of the four divine clans. If I'm not mistaken, Miss Xiao'er and my relatives in this life should be in the Demon Realm, but..." Jian Wushuang narrowed his eyes slightly.

He had the communication token of Miss Xiao'er. He could have sent a message to Miss Xiao'er and asked her to tell him the exact location of his relatives, and then he would go there to meet her. However, Jian Wushuang...did not intend to do so.

It was not because he did not want to see his relatives in this life, but because he still had a lot of doubts about Miss Xiao'er.

Up until now, he still did not know Miss Xiao'er's specific identity and background did not know what relationship she had with the Nine-tailed Clan, and did not know what her motive was. Even if he were to go over and see Miss Xiao'er...he would probably only be able to learn a little from Miss Xiao'er's own mouth.

But who could guarantee that what Miss Xiao'er said was true?

Who could guarantee that Miss Xiao'er did not have any intention of scheming against him?

At the very least, Jian Wushuang could not completely trust Miss Xiao'er at the moment. He had always been on guard.

Since he had come to the Third Heaven, he naturally wanted to clear up all these doubts. However, these doubts could not be solely based on Miss Xiao'er's words. Jian Wushuang had to find a way to clear them up himself.

"Although I know about the power of the will of Heaven, I'm afraid that only the three masters of the Saint Realm will know about my arrival in the Third Heaven. However, no one else should know about it, including Miss Xiao'er. In that case..." Jian Wushuang's expression changed, following that, the muscles on his face began to squirm. In the blink of an eye, his appearance had undergone an earth-shaking change.

“Heavenly Sword Marquis, what are you doing?” Demon Master Chenhuo could not help asking when he saw the change in Jian Wushuang.

“I don’t intend to expose my identity easily in the Third Heaven,” Jian Wushuang said with a smile.

He was very famous in the Divine Beginning Realm. Moreover, almost all the high-level experts in the Divine Beginning Realm had seen his fierce battle on the Saha Island, so they naturally remembered his appearance. As long as he showed up, he would be easily recognized, of course, he had to disguise himself.

After changing his appearance, Jian Wushuang immediately set off.

He did not dare to use teleportation to go to the Demon Realm. Instead, he slowly moved forward.

Half a day later...

“According to the instructions in the star field, there is a large city not far ahead. The prosperity of this city is among the top five in the entire Bone Flood Domain. Chenhuo, when we pass by the city later, we won’t be in a hurry to continue our journey. Let’s Find a tavern in the city and have a drink first,” Jian Wushuang said with a smile.

“Yes,” Demon Master Chenhuo answered, but he suddenly stopped in the void.

“What’s wrong?” Jian Wushuang immediately stopped and looked at Demon Master Chenhuo. He found that Demon Master Chenhuo was looking down at his feet with surprise in his eyes.

Jian Wushuang also followed Demon Master Chenhuo’s gaze and immediately saw a naked upper body on a mountain at the bottom, a young man with tanned skin was carrying a huge rock that weighed at least tens of thousands of pounds. He was running rapidly on the mountain.

The young man looked to be only 15 or 16 years old, but his facial features were very firm. His forehead and body were soaked in sweat, and he looked very tired, however, his eyes were unusually sharp and firm. The huge rock weighed tens of thousands of pounds on his body, but he was still running desperately.

Originally, it should have been easy for a cultivator in the Divine Beginning Realm to carry a huge rock weighing tens of thousands of pounds, or even effortless. However, this was also because the cultivator had the divine power backing him up, however, at this moment, there was no divine power fluctuation on the body of the young man who was running wildly with the huge rock on his shoulder.

Yes, there was no divine power fluctuation at all.

Even Jian Wushuang and the perception ability of the Demon Master Chenhuo could not sense any divine power from the body of the young man. This meant that the young man indeed did not have any divine power, he was purely relying on his physical body and his brute strength to run wildly against the giant rock.

It was obvious that he was crazily refining his body!

“That’s not right. He was born in the Divine Beginning Realm and in the Third Heaven, which is a perfect cultivation environment. Logically speaking, no matter how stupid he is, he should be able to easily

condense divine power in his body and become a cultivator. But this little guy... how come he doesn't have any divine power at this age?" Jian Wushuang frowned.

"It's a naturally terminated meridians," Demon Master Chenhuo suddenly said.

"Naturally terminated meridians?" Jian Wushuang immediately looked over.

"This is a unique constitution born from heaven and earth. Once this Constitution is formed, all his meridians will be completely blocked. There won't be any heaven and earth spiritual Qi entering his body. If he can't even absorb the heaven and earth spiritual Qi, he naturally won't be able to condense divine power and become a cultivator!" Demon Master Chenhuo said.

"Born from heaven and earth? Isn't he a born trash?" Jian Wushuang asked with a frown.

"Yes, he is a born trash. However, the reason why his meridians are blocked is not because he is not talented. On the contrary, it is because his talent is too high and he is restricted by heaven and earth. That's why his meridians are formed," Demon Master Chenhuo said.

"Another restriction from heaven and earth?" Jian Wushuang's face darkened. He had thought that the restrictions of the Heavenly Dao should only be applied to special life forms. He did not expect that there would be some inherent restrictions on some extremely talented people.

"Of course, although the Heavenly Dao has some restrictions on those with high aptitude, the restrictions are still far from being comparable to those of special life forms. Take the naturally terminated meridians as an example. Although they are unable to condense divine power or become cultivators, no matter how hard they try, they are unable to do so."

"But if one day, by chance, he meets a powerful rule master who is willing to pay a great price to reconstruct your meridians, then his terminated meridians will be completely opened, and he will soar to the sky and become an insufferably proud son of heaven. Moreover, his talent and potential are so great that not many people in the Divine Beginning Realm can compare to him," said Demon Master Chenhuo.

"Chenhuo, you seem to know a lot about the naturally terminated meridians." Jian Wushuang looked at Demon Master Chenhuo in surprise.

"Of course I do, because...I used to have naturally terminated meridians too!" Demon Master Chenhuo said seriously.

"What?" Jian Wushuang was surprised to hear this.

Demon Master Chenhuo used to have naturally terminated meridians too?

Chapter 3420 The Youth Zhao Mang

—

—

"I was indeed born with no meridians. From the moment I was born, I was just like that little fellow beneath my feet. I was unable to condense divine power at all, so naturally, I was unable to truly

become a cultivator. Because of this, my parents tried everything for me, but unfortunately, they were unable to improve. Later on, as I grew older and older, I also knew that the most important thing in this world was strength.

“Without power, I’m nothing. Even though I know I can’t gather divine power, I still try my best to cultivate. If I can’t cultivate divine power, then I’ll refine my body. I’ve worked so hard just to change everything one day...”

Demon Master Chenhuo’s face became misty.

Apparently, when he was young, he suffered a lot because of his naturally terminated meridians.

Otherwise, the fact that the Demon Master Chenhuo could dominate the Divine Beginning Realm meant that his situation had changed.

Pausing for a while...the Demon Master Chenhuo continued, “No matter who it is, as long as they are willing to persevere and work hard, they will be rewarded. My hard work has indeed been rewarded. Or perhaps, I was lucky enough to meet my master!

“My master was already one of the elders of the Amethyst Demon Sect at that time. He was also a Principles Master of the three void realms. He saw me and saw my naturally terminated meridians at a glance. Perhaps because of my hard work, he personally accepted me as his personal disciple and spent a great price to reconstruct my meridians. He also took me to the Amethyst Demon Sect. From then on, my fate changed dramatically.”

Hearing this, Jian Wushuang understood.

It was no wonder that Demon Master Chenhuo was so loyal to the Amethyst Demon Sect and his master. It turned out that his fate had changed only when he met his master.

If he had not met his master, he would not have achieved so much in the future.

“This little guy in front of me is also born with terminated meridians. Like me, he knew that he could not condense divine power, but he still refused to admit defeat and tried his best to temper his body. I see him now as if I saw myself in the past.” Demon Master Chenhuo kept staring at the young man below, his eyes were filled with melancholy.

“Hmm? This young man seems to be planning to go back,” Jian Wushuang suddenly said.

He had noticed that the young man who was carrying a giant rock and running between the mountains below had put down the giant rock on his body and was walking toward the nearby city.

“It seems that he lives in the city. He just went to this secluded place outside the city to cultivate,” Jian Wushuang said with a smile, “Chenhuo, since you said that he is the same as you were when you were young and he is going to Wu Xin City, why don’t you and I follow him?”

After a moment of hesitation, Demon Master Chenhuo nodded slightly and said, “Okay.”

Both of them set off, but they slowed down and followed the young man to the giant city.

They watched the young man enter the city and soon entered a huge courtyard.

"This courtyard seems to belong to a family. It seems that this little guy is a family disciple," Jian Wushuang said with a smile.

"It's fine if he is the son of an ordinary cultivator. Even if he has naturally terminated meridians, it has nothing to do with other people. But a family disciple...the competition within the family is very fierce. This little guy doesn't even have a trace of divine power. He must have suffered a lot growing up in this family environment," Demon Master Chenhuo said with a frown.

"There's a tavern across the street from this family. Let's go there for a drink and ask about this little guy." Jian Wushuang smiled and headed straight for the tavern.

When they arrived at the tavern, Jian Wushuang and Demon Master Chenhuo sat by the window. Through the window, they could see the huge courtyard across the street.

"My Lords, what can I do for you?" A black-clothed attendant appeared in front of Jian Wushuang and Demon Master Chenhuo.

Jian Wushuang casually waved his hand and took out an interspatial ring. The interspatial ring did not recognize its owner. The black-clothed attendant scanned it with his consciousness and immediately sensed the dense accumulation of saint elixirs. There were at least 100,000 saint elixirs!

"I want to ask you some questions. Answer honestly. If I'm satisfied, the interspatial ring will be yours," Jian Wushuang said.

"Please ask, my Lord. I'll tell you everything I know." The black-clothed attendant's eyes were burning with passion.

He was just a waiter in the tavern. Although he had just reached the level of the immortal saint, he was at the bottom of the immortal saint ranks. 100,000 saint elixirs was already a huge fortune for him, of course, he would cherish the opportunity in front of him.

"Let me ask you, where is the huge courtyard across the street?" Jian Wushuang asked.

"Sir, that is the mansion of the Zhao family, one of the five families in the Wu Xin City. Although the Zhao family is not a big family in the Bone Flood Domain, the Wu Xin City is one of the most prosperous cities in the Bone Flood Domain. To be able to occupy a place in the Wu Xin City, the Zhao family's heritage is not weak. There are rumors that the Zhao family once had a Peak Saint, but I don't know if they still have one now," the black-clothed waiter said truthfully.

W

"Do you know of a young man in the Zhao family who is unable to condense divine power?" Jian Wushuang asked.

"Of course, I know of him. Zhao Mang, the third young master of the Zhao family, is a good-for-nothing young master in the Wu Xin City. He is quite famous in the Wu Xin City," the black-clothed attendant said with a smile.

"It is said that Zhao Mang has been unable to absorb spiritual Qi and condense divine power since he was born. He is already 16 years old, but he is still unable to become a cultivator. Many people in the Wu Xin City regard him as a joke." "Even his father, the current patriarch of the Zhao family, has always

regarded Zhao Mang as a disgrace. His two brothers have long drawn a line between them and have no contact with him. If it weren't for the fact that he is more or less of the bloodline of the Zhao family and that his sister, the fourth young miss of the Zhao family, has been protecting him, Zhao Mang would have been expelled from the Zhao family."

"Even his father and elder brother regard him as a disgrace?" Jian Wushuang raised his eyebrows.

"This is a family. In such a competitive environment like the Third Heaven, these people no longer have any kinship in their eyes, only strength and self-interest." Demon Master Chenhuo's face was cold.

"However, there is still his sister in the Zhao family who stands up for him. It can't be considered a complete betrayal."

"Indeed, at least one person is sincere for his good." Jian Wushuang also smiled.
