Chapter 3441 Piahuo City

After determining the location of his relatives in this life, Jian Wushuang went straight to Piahuo City.

As one of the eight 'pure lands' in the demon region, the entire city was huge. There were many experts and human cultivators in the city, and the city was heavily guarded, a large number of city guards were stationed in every corner of the city.

In Piahuo City, the city guards would immediately take action if there was a fierce battle. Apart from stopping the battle, the two people who participated in the fierce battle would also face punishment in their eyes, moreover, this was because the fierce battle did not cause too much commotion.

If the fierce battle was very fierce or if someone killed someone in the city, they would be directly executed.

Because of this, the Piahuo City was relatively safe.

After entering the monster territory, Jian Wushuang rushed to the Piahuo City as fast as he could.

"The Piahuo City is indeed vast. Even with my soul perception, I can't cover the entire city," Jian Wushuang thought. He had tried his best to spread out his soul power, but he could only sense a part of the city.

But it was this part that allowed Jian Wushuang to sense a familiar figure.

"It's really here." Jian Wushuang smiled and directly rushed toward the figure he sensed.

In the void near the street in Piahuo City, a large number of figures gathered here.

"Chi Hu, this is the floating-fire city. How dare you hurt me here?" A delicate young man in a white robe shouted in a low voice as he was surrounded by people.

Standing in front of this young man was a burly man who was over three meters tall. His skin was completely black and he was wearing battle armor. This burly man was clearly from a special race, his body also emitted an incomparably valiant aura. The burly man parted his mouth and smiled when he heard the words of the delicate-looking young man. "Qiu Yun, you really are like this even though you say that you have not seen the world. It is true that fighting is prohibited in drifting fire city. However, as long as you do not cause too much of a commotion in a normal fight, you will only be punished a little at most. With my status, you can also be exempted from any punishment. In other words, as long as I do not kill you, I will be fine no matter what I do to

you."

"Men, break both of his legs!"

"Yes."

Two rank seven True Saints immediately attacked from behind the burly man. The white-robed young man had just reached the level of an Immortal Saint, so he naturally did not have any ability to resist the two rank seven True Saints. In just an instant...the white-robed young man's legs were broken.

“Bastard!”

The white-robed young man clenched his hands tightly. His body was being pressed to the ground by the two rank seven True Saints. He could not even raise his head. He could only roar and curse.

But the more he struggled, the happier the burly man became.

“Haha, I told you not to give me face before. You think that I can’t do anything to you in Piahuo City? What a joke. Come on, chop off his arms as well.” The burly man ordered.

To an Immortal Saint, breaking his arms and legs was nothing. He could recover very easily. However, in his heart, this was a blatant humiliation to the white-robed young man. In front of everyone...he was wantonly trampling on his dignity. When the two rank seven True Saints heard the burly man’s order, they immediately planned to chop off the white-robed young man’s arms.

But right at this moment...

“Stop!”

A low shout suddenly rang out, and then a large number of figures charged over from the void beside them.

When they saw the people who had arrived, a commotion immediately appeared in the surrounding void.

“Quick, get out of the way! The city protection army is here!”

“Fighting is forbidden in fluttering fire city. Now that the city protection army is here, there will be a good show to watch.”

“Not necessarily. That Scarlet Tiger is the young grandmaster of the Scarlet Gold Clan. His status is obvious. Moreover, he did not cause any deaths. Even the city protection army would not dare to do anything to him.”

Many people were whispering in secret.

In the blink of an eye, the city protection army had arrived in front of the crowd.

“Release him!” One of the captain-level saints immediately reprimanded.

However, the two rank seven True Saints who had pinned the white-robed youth to the ground did not react at all. They looked toward Chi Hu. Chi Hu smiled sinisterly and waved his hand, indicating for the two of them to let go.

“Yun ‘er.”

An azure-robed woman rushed out from the crowd and hurriedly picked up the white-robed youth.

“Mother.” The white-robed youth forced out a smile when he saw the woman.

“Bastard!” The green-clothed woman clenched her teeth in anger when she saw the miserable appearance of her son.

The commander of the City Protection Army by the side also frowned, he said, "Chi Hu, although you are the young chief of the Scarlet Gold Clan, this is after all floating fire city. Aren't you treating the city protection army and the many tribes in the demon region too disrespectfully by acting in such a manner?"

"Haha, I merely taught an ignorant person a lesson. Moreover, I did not cause any deaths. Why, do you City Protection Army plan to settle scores with my Scarlet Gold Clan over this matter?" The burly man, Chi Hu, laughed fearlessly.

The expression of this city protection army captain changed.

The city protection army of Piahuo City and the City Protection Army of the other seven cities were actually supported by the top tribes in the demon region. Their existence was indeed to maintain order within these eight cities. Usually...the principles in these cities were extremely strict.

However, if the matter involved some top races...

For example, although the current Scarlet Gold race was not one of the four great celestial races, their strength was only second to the four great celestial races. Such a powerful race and the other party was the young grandmaster...therefore, the city protection army had to have some scruples.

Under normal circumstances, as long as a person like Scarlet Tiger did not go overboard in the city and killed people on the streets, the City Protection Army would turn a blind eye.

This was how it was today. "Scarlet Tiger, you have already taught him a lesson. Today's matter ends here. If you attack this person again in Piahuo City, our City Protection Army can no longer pretend that we did not see it," said the City Protection Army's captain.

"Haha, that's fine. For such a small character, teaching him a lesson once is enough. I have no interest in teaching him a lesson a second time." Chi Hu smiled coldly, then turned around. "Let's go."

After saying that, Chi Hu and his subordinates planned to leave. The City Protection Army did not dare to stop them.

But at this moment...sou! Sou! Sou!

Three figures suddenly blocked Chi Hu and the others.

"Wanting to leave after teaching them a lesson, leaving nothing behind. Aren't you being a little too relaxed?"

A cold voice suddenly reverberated in the air.

Chapter 3442 Beheading

His voice reverberated in the air, drawing the attention of the people around him.

Everyone turned to look at the three figures who had suddenly appeared.

"Who are these three?"

"I've never seen them before, but from the looks of it, they should be human cultivators."

“Of the two Immortal Saints, one seems to have just reached the True Saint Realm. As for the last person...I can’t tell how deep he is. He seems to be a powerhouse.”

Some people were whispering among themselves.

Chi Hu and the others were naturally stopped by the three figures. “Who dares to block my way?” Chi Hu’s eyes were cold as he glanced at the three people in front of him. His tone carried a hint of condescension.

“I heard that the rules of the cities in the demon region are extremely strict. No one dares to be presumptuous here. But now it seems that they are just so-so.” Jian Wushuang sneered.

He had thought that no one would dare to fight in these cities after reading the introduction on the star map, but that was clearly not the case.

However, it was understandable. In this world, any rules were set by experts. As long as you were strong, you could break the rules no matter where you were.

“Humph, I don’t care who you are. Listen to me. I’m the young grandmaster of the Scarlet Gold Clan. If you don’t want to die, get away from me. Otherwise...” Chi Hu’s eyes were emitting a cold light, the attendants behind him also showed a cold look. As one of the top clans in the monster region, the Scarlet Gold Clan could do whatever they wanted in the demon region. Even the four great divine clans would at least give the Scarlet Gold Clan some face, that was why Chi Hu was so arrogant and domineering.

But today, Chi Hu and the others had kicked an iron board. “The Scarlet Gold Clan?” Jian Wushuang raised his eyebrows. “I don’t remember a single Scarlet Gold Clan among the four great divine clans.”

“The Scarlet Gold Clan is not among the four great divine clans, but it’s still considered a top clan. In terms of strength, it’s only slightly weaker than the four great divine clans,” Demon Master Chenhuo said. After all, he was an expert who had been left behind 200 million years ago, he still knew about the Scarlet Gold Clan.

“I see. No wonder I have never heard of it,” Jian Wushuang said with a sneer. Jian Wushuang’s wanton sneer, as if he did not care about the Scarlet Gold Clan at all, completely infuriated Chi Hu. “You guys, catch this kid for me. I want him to kneel in front of me and Kowtow to me to apologize,” Chi Hu ordered.

“Yes.”

The attendants behind Chi Hu immediately prepared to attack.

Once they moved, the guards could not sit idly

by.

“Stop!”

The captain of the guards shouted in a low voice and rushed over with the guards.

But at this moment...

“No need to go through so much trouble.” Jian Wushuang raised his head slightly. At the moment he raised his hand, an invisible sword shadow condensed in front of him and then shot out.

It was too fast!

The speed of the sword shadow was beyond everyone’s imagination. Almost in an instant, the sword shadow had already passed by Chi Hu’s followers. Chi! Chi! Chi! Chi!

Heads were thrown out one by one.

Not only did the sword shadow destroy their divine bodies it also destroyed their divine power. In the blink of an eye, Chi Hu’s followers were all dead.

“What!?”

Everyone was stunned.

“Dead? All of them are dead!” “In an instant, all the True Saints above rank seven were killed.”

“How dare he kill people in the Piahuo City!”

Exclamations were heard one after another, and countless shocked eyes were fixed on Jian Wushuang.

The captain of the City Protection Army was also stunned. They had wanted to rush over to protect Jian Wushuang and the others, but they did not expect that Chi Hu’s followers had died in an instant.

After killing those followers, Jian Wushuang raised his hand again and another sword shadow condensed in his hand.

This sword shadow was obviously heading toward Chi Hu.

“Oh no!” The captain of the City Protection Army was shocked.

Chi Hu was also shocked. When he saw the sword shadow rushing toward him, he immediately roared, “I am the young grandmaster of the Scarlet Gold Clan. If you dare to kill me, my Scarlet Gold Clan will not let you go...”

Before he could finish his words, the sword shadow had already passed through his divine body.

Just like his subordinates, Chi Hu’s divine body collapsed immediately. His divine power was also destroyed. He died instantly.

Silence!

At this moment, the entire Piahuo City quieted down completely.

Everybody around was stunned. They could not believe what they were seeing.

The young grandmaster of the Scarlet Gold Clan was actually killed on the spot in Piahuo City?

“Something big has happened!”

The captain of the City Protection Army's expression changed drastically. He knew very well that the death of the Scarlet Tiger in Piahuo City would cause a huge commotion. This matter had already completely gone out of his control, it was not something that a mere captain like him could solve.

Hence, he immediately took out his communication talisman and sent a message to the few higher-ups of the city protection army within Piahuo City.

When the few higher-ups of the City Protection Army received the message, they were all shocked and immediately rushed over as fast as they could.

In just a short while, four figures with monstrous auras appeared in the air. "Greetings, general." The captain of the City Protection Army immediately bowed respectfully to the person who had just arrived.

The auras emitted by the four people who had just arrived were all the Principles Masters. The one in the lead was a burly man wearing purple armor with a single horn on his forehead. This burly man glanced at the ground below, although the godly bodies of the Scarlet Tiger and his followers had collapsed and their divine power had been completely annihilated, their corpses were still left behind.

"It really is Chi Hu..." The burly man in purple armor looked at Chi Hu's divine body and his face turned livid. He then asked in a low voice, "Who did it?"

"General, it's him." The captain immediately pointed at Jian Wushuang.

"How dare you kill people wantonly in Piahuo City? And you killed the young patriarch of the Scarlet Gold Clan!" The burly man in purple armor said with a gloomy face.

The city guards of Piahuo City and the other seven cities of the demon region supported the top tribes of the demon region, and the Scarlet Gold Clan occupied a very big position among them. Usually, if a member of the Scarlet Gold Clan died in these eight cities, it would cause a great commotion. And now, the young grandmaster had died. This matter was too big...it was so big that the consequences might even implicate him.

Hence, toward the person who had killed the Scarlet Tiger, this burly man in purple armor gritted his teeth.

Chapter 3443 Third Brother?

"According to the rules, anyone who dares to kill someone in Piahuo City can be executed on the spot," the purple-armored man said coldly.

"Commander, this person killed a Scarlet Tiger after all, and this matter is of great importance. Why don't we suppress him first, then hand him over to the Scarlet Gold race, and let them decide what to do with him?" A Principles Master beside him said.

"Yes, it's best to hand him over to the Scarlet Gold Clan." The burly man in purple armor nodded.

However, Jian Wushuang smiled when he heard the burly man's words. "You talk as if you can do whatever you want to me. Aren't you going to ask me if I agree or not?"

"Boy, you're a saint. Do you think you can resist me?" The burly man in purple armor said in a low voice.

"I'm sorry, but I don't intend to let you deal with me. Besides, you are not qualified to do so." Jian Wushuang sneered. Then he glanced at Demon Master Chenhuo and said, "Chenhuo, I'll leave it to you."

Demon Master Chenhuo nodded slightly and took a step forward.

It seemed like a step, but the moment he took that step, boom! An earth-shattering might erupted like a landslide and a tsunami, directly suppressing the entire area.

For a moment, the entire void started to tremble madly. It was as if the space could not withstand this pressure and was about to explode.

Even the heaven and earth void was like this, and the people in this area were all extremely terrified.

"This, this is..." The violet-armored burly man's eyes were wide open. Although he was a peak fourth level void realm Principles Master, he was still trembling under this pressure.

The Principles Masters beside him were even more terrified than him.

"Void sixth level!"

"He is a peak void sixth level expert, and judging from his power, he is probably an extremely powerful existence among the void sixth level. It is very likely that he is on par with the four great clan leaders of the divine

race!"

The body and mind of the burly man in purple armor began to tremble madly.

Seeing that the deterrent effect was almost over, Demon Master Chenhuo withdrew his power, and the people around him heaved a sigh of relief. "So, do you still want to suppress me and hand me over to the Scarlet Gold Clan?" Jian Wushuang looked at the purple-armored burly man with a faint smile.

The purple-armored burly man's face twitched slightly, he said seriously, "You have experts at the peak of the sixth void realm with you. The guards of the Piahuo City can't fight against you, so we can't suppress you. However, the rules of the Piahuo City and the other seven cities in the demon region are made by the clans of the demon region. Since you have violated the rules of the Piahuo City, I will still inform the clans who made the rules and let them decide."

The burly man in purple armor said it beautifully, but in fact, he knew it very well. Although many people thought that the rules of the Piahuo City were very strict, the rules were made by experts, as long as one reached a certain level of strength, he could ignore any rules and restrictions.

were

And the Demon Master, who was beside Jian Wushuang, was such an expert.

An expert at the peak of the sixth realm of the void realm could kill a city in the demon region, including the four divine races, even if he killed a city in the demon region, let alone in the Piahuo City, at most, he could only talk about it. It would be impossible for him to kill such an expert.

His strength had reached the level of the Demon Master Chenhuo, and even a Saint Realm Master might not have the confidence to kill him personally. On the other hand, the four great clans and the entire demon region did not have any Saint Realm Masters or ruler-level experts.

Therefore, even if he reported this matter to the higher-ups, the top clans, including the four great clans, would probably turn a blind eye, even the Scarlet Gold Clan would not dare to have any thoughts of revenge after knowing that the person who killed Chi Hu was accompanied by an expert at the peak of the sixth void realm.

"I don't care how you report this matter to those clans, but I have some private matters to deal with in the Piahuo City. You'd better go far away and stay away from me," Jian Wushuang said indifferently.

"As long as you don't continue to kill people in the Piahuo City, the City Protection Army will not follow you," the burly man in purple armor said.

"Don't worry. As long as no one dares to provoke me, I won't do anything," Jian Wushuang said. "That's good." The burly man in purple armor let out a sigh of relief and then ordered the sergeants of the City Protection Army. "You, clean up the corpses below. The rest of you, disperse!"

Upon hearing this, everyone began to disperse. However, when they left, everyone was still discussing animatedly.

What they were discussing was naturally the scene just now.

"What a fellow. He killed someone in Piahuo City. He even killed the young clan leader of the Scarlet Gold Clan. However, this person is actually completely fine?"

"Nonsense, didn't you hear? This person has a peak sixth level void realm existence by his side. Even the four great divine races do not dare to provoke such a super expert. How would the City Protection Army dare to attack?"

"This is a true expert. He is clearly violating the rules of the demon region, but no one dares to do anything to him."

"Compared to that peak level six void realm expert, I am more curious about the identity of the person who killed Chi Hu. He is clearly an Immortal Saint, but that peak level six void realm expert by his side seems to be just a

guard?"

"A guard at the peak of the six void realms? Who is he?"

Everyone left in shock.

After the people around them began to disperse, Jian Wushuang and the other two rushed toward the green-robed woman and the white-robed young man whose legs had been broken by Chi Hu. Seeing Jian Wushuang and the other two arrive, the green-robed woman quickly bowed respectfully and said, "Greetings, my lords."

"Yun 'er, hurry up and bow." The green-clothed woman urged the white-robed young man.

"Greetings, my lord." The white-robed young man also reacted and saluted.

"My lord?" Jian Wushuang was stunned at first, but then he immediately reacted. The muscles on his face began to tremble, and in the blink of an eye, he had returned to his original appearance. "Big sister, look, who am

I?!

"Sister?" The green-clothed woman was stunned, then she looked up at Jian Wushuang.

Although it had been so many years, his extremely familiar and friendly appearance had not changed much. The green-clothed woman immediately recognized Jian Wushuang.

"You are my third brother?" The green-clothed woman's voice was excited.

"It's me, sister." Jian Wushuang laughed.

In this life, besides his parents, he had an elder sister and an elder brother.

This elder sister was Zhuo Bing, the woman in green!

Chapter 3444 Reunion

"Are you really my third brother?" Zhuo Bing was still in disbelief.

It was not her fault. After all, her impression of Jian Wushuang was still in the Golden House Nine Realms, a Small Witch Desert Region. At that time, although Jian Wushuang was extremely talented, his strength was only at the level of a Divine Master.

At that time, an Immortal Saint was like a god and even existed only in legends.

Now, after so many years, they had also come to the demon region. In this place, the Immortal Saint was nothing. There were many top-notch Immortal Saints here, so Zhuo Bing naturally learned a lot.

Because of this, she was unable to associate the shocking expert in front of her with her third brother, who had killed Chi Hu easily and even the City Protection Army could not do anything to him.

The gap between them was too big.

"Elder sister, look carefully. I am your third brother, the real one," Jian Wushuang said with a smile.

Zhuo Bing stared at Jian Wushuang for a while and finally confirmed it.

"Third brother, I finally meet you." Zhuo Bing immediately became excited. At the same time, she pulled the delicate white-robed young man beside her and said, "Yun 'er, quick, call me uncle."

Qiu Yun was a little stunned at first, but he immediately reacted and called him uncle. After calling him uncle, his expression became strange again. "This big shot who dared to kill Chi Hu is my uncle?" Qiu Yun was confused.

Looking at the mother and son, Jian Wushuang indeed smiled faintly and could not help thinking of the scene in the desert region.

At that time, Zhuo Bing was very tough, but after coming to the demon region, where experts were as numerous as clouds, it seemed that her character had been erased. It was obvious that she had become a married woman and had a child.

"Elder sister, how are father and mother?" Jian Wushuang asked.

"They are very good, but they often talk about you and worry about you. Now, if they know that you have come, they will be very happy." Zhuo Bing smiled and said, "Let's go, third brother, I will take you to see them."

"Okay." Jian Wushuang nodded and immediately followed.

On the other side of the floating-fire city, there was a residential area where many human cultivators lived.

Zhuo Bing brought Jian Wushuang to a courtyard near the center. "Third brother, we live here. Father and mother are also here," Zhuo Bing said. "Okay, I have already sensed it." Jian Wushuang nodded slightly. His soul power had already sensed two familiar auras in the center of the courtyard.

These two auras were her parents in this life, Zhuo Yunfeng and Luo Xinqin.

"It seems that father and mother are doing well." Jian Wushuang smiled faintly.

"Come, let's go in."

Zhuo Bing immediately led Jian Wushuang into the courtyard.

As soon as they entered the courtyard, Zhuo Bing immediately shouted, "Father, mother, Look, who is back!"

"Who is it?" A voice came from the room. When Zhuo Yunfeng and Luo Xinqin walked out of the room and saw Jian Wushuang, they were both stunned.

"Father, mother, I'm back." Jian Wushuang directly knelt down. His body trembled and he was a little excited.

"Shuang 'er?"

Zhuo Yunfeng and Luo Xinqin were immediately pleasantly surprised.

"Get up, you child..." Luo Xinqin quickly helped Jian Wushuang up.

"Father, mother, I've been unfilial. I've made you suffer," Jian Wushuang said.

"It's good that you're back," Zhuo Yunfeng said with a smile.

A moment later, the group sat down in the hall.

"Shuang 'er, your mother has been worried about your safety all these years. She was afraid that you would run into danger while you were traveling alone. I've told her many times that you're going to become a top expert, so you must go through the necessary hardships. You just need to find a way to get over it, but she hasn't listened to you," Zhuo Yunfeng said.

"How dare you say that to me? Aren't you the same?" Luo Xinqin rolled her eyes at Zhuo Yunfeng, who was also embarrassed.

This scene made Jian Wushuang feel warm.

After exchanging a few words, Jian Wushuang asked, "Father, mother, how have you been these years?"

"Not bad." Zhuo Yunfeng said, "When we were in the Witch Desert Region, we were picked up from the Witch Desert Region. After several years, we were sent here. After we were sent here, Miss Xiao'er saw us in person and bought us a courtyard in the floating-fire city. After that, we lived here all these years."

"There are many experts in this place, but because of the City Protection Army, no one dares to mess around in the city. Therefore, although we are weak, we won't encounter any threats in the city. At least, no one will come to find trouble with us. Not long after we settled down, your elder sister met your brother-in-law. They were like equals, so they got married and then had Yun'er."

"Brother-in-law?" Jian Wushuang's expression changed. "Who is my brother-in-law?"

"Your brother-in-law is Qiu Mo, a human cultivator. He is the deputy director of a Chamber of Commerce in the fluttering fire city. He has a high position in the Chamber of Commerce. Miss Xiao'er has been protecting us all these years. With your brother-in-law around, our lives are quite comfortable," Zhuo Yunfeng said.

Hearing this, Jian Wushuang nodded slightly.

What he was most worried about was the situation and safety of his family members. Now that he knew that they had been doing well, Jian Wushuang felt relieved.

"Father, since you have dealt with Miss Xiao'er and have been protected by her all these years, how much do you know about her?" Jian Wushuang asked. "Well..." Zhuo Yunfeng revealed a strange expression. "Shuang'er, isn't Miss Xiao'er your friend? You should know more about her than us, right?"

Hearing this, Jian Wushuang smiled bitterly. "To tell you the truth, I'm only an ally of Miss Xiao'er, but I don't know much about her identity and background. I asked him to take you away because I didn't have time to think about it."

"Is that so?" Zhuo Yunfeng's brows raised, following that, he said with a serious expression, "Actually, we don't know much about this Miss Xiao'er's background. We only know that this Miss Xiao'er is very strong and her methods are even more formidable. Even the Piahuo City's military lord is extremely respectful when facing this Miss Xiao'er. I also heard that this Miss Xiao'er seems to have established a large faction, but we don't know what faction it is." "After all, we haven't even been out of Piahuo City since we were picked up here."

Chapter 3445 Decadence

—

"Is that so?" Jian Wushuang narrowed his eyes slightly.

Miss Xiao'er was really mysterious.

"Let's not talk about her. By the way, I have been back for so long, why haven't I seen second brother? where is he?" Jian Wushuang asked.

In this life, besides having an elder sister, he also had a second brother, Zhuo Peng.

"Your second brother, he..."

At the mention of Zhuo Peng, Zhuo Yunfeng's expression became a little strange.

"What's wrong? Did something happen to second brother?" Jian Wushuang frowned.

"Nothing major happened, but he has been a little dispirited these years," Zhuo Yunfeng said.

"Dispirited?" Jian Wushuang was stunned.

"It's like this," Zhuo Bing said, "as you know, your second brother is a wild man and doesn't like to live a comfortable life. After he came to Piahuo City, he longed to become an expert because of the excellent cultivation conditions here. Therefore, he worked hard and even entered a small force around Piahuo City to cultivate!

"But unfortunately, his talent was limited, so his achievements were naturally not that high. He suffered a setback or two. Fortunately, Miss Xiao'er came forward, so nothing happened. Later on, he also thought things through, so he wanted to live a comfortable life in Piahuo City. And just now, father also told him to help you. Your brother-in-law is a deputy director in a chamber of commerce in Piahuo City, so he has a certain status. Therefore, your brother-in-law arranged a position for him in that shop.

"It used to be peaceful, but not long ago, a girl came to the chamber of commerce. She was received by your second brother. It doesn't matter if she was not received, but for some reason, the two of them fell in love with each other. Now, the girl often comes to the chamber of commerce and is received by your second brother. The two of them have developed a bond."

Hearing this, Jian Wushuang smiled and said, "Isn't that good? Do you agree with her?"

"It would be good if that's all. But soon, your second brother will know that the girl's background is very big." Zhuo Bing continued, "The girl is from the Blood Marten Clan, and she is the beloved daughter of the clan leader of the Blood Marten Clan!

"This background was too powerful. Your second brother was just an ordinary cultivator at the level of a saint, and he didn't have any power or status. He only held some moderate positions in an ordinary chamber of Commerce. Naturally, the Blood Marten Clan looked down on your second brother."

"Therefore, even though that girl was extremely unwilling, after the Blood Marten Clan found out about this, they still forced the two of them to cut off contact. Some experts of the Blood Marten Clan even went out to warn your second brother to stop having any improper thoughts. That girl also returned to the Blood Marten Clan, and she never came to Piahuo City again." "After that incident, your second brother became dispirited. He spent all his time drinking and never went to the chamber of commerce again." "Is that so?" Jian Wushuang raised his eyebrows. He had completely understood what had happened.

“Being trapped by love, especially when you know where your beloved is, but you can’t bring him back or keep him by your side. It’s really not a good feeling. I can see that my second brother is also a lover.” Jian Wushuang said with a faint smile.

“Third brother, your second brother is really in pain now. Can you find a way to help him?” Zhuo Bing looked over.

But she had just finished speaking.

“Nonsense!” Zhuo Yunfeng directly shouted in a low voice, “The girl who made your second brother dispirited is the beloved daughter of the Blood Marten Clan’s grandmaster. She has a noble status. The Blood Marten Clan is already very merciful to only warn him and make him stop thinking. At this time, what do you want your third brother to do?”

“But father, with my third brother’s ability, if he really wants to help, maybe...” Zhuo Bing had not finished her words.

“Shut up.” Zhuo Yunfeng scolded again, “Your third brother is quite talented, and he has been adventuring outside these years. Although his strength has improved a lot, he is still a member of the Blood Marten Clan, one of the top tribes in the demon area. Such a tribe is not something that can be easily provoked!”

Zhuo Yunfeng had stayed in the fluttering fire city for so many years, so he knew a little about the many clans in the demon region. He knew how terrifying the Blood Marten Clan was, so he reprimanded Zhuo Bing.

This made Zhuo Bing extremely speechless. At this time, Jian Wushuang finally spoke, “Father, don’t be anxious. Tell me first, what is the overall strength of the Blood Marten Clan? Who is stronger and who is weaker than the Scarlet Gold Clan?”

“Although I’ve been in the fluttering fire city all year round, I still know a little about the top clans in the demon region. It’s said that the Blood Marten Clan was able to challenge the four divine clans at its peak. Although it has declined, it’s still a top clan in the demon region. As for its overall strength, it should be slightly weaker than the Scarlet Gold Clan, but it’s definitely not much weaker,” Zhuo Yunfeng said.

“Oh, just like that?” Jian Wushuang could not help laughing

Zhuo Bing, who was beside him, also said, “My third brother dared to kill Chi Hu, the young grandmaster of the Scarlet Gold Clan. The Blood Marten Clan is not as strong as the Scarlet Gold Clan. In front of my third brother, they are nothing.” “What did you say?” When Zhuo Yunfeng and Luo Xinqin heard this, they were both stunned.

“You just said, who did Shuang ‘er kill?” Zhuo Yunfeng looked at Zhuo Bing in shock.

“Chi Hu is the young grandmaster of the Scarlet Gold Clan.” Zhuo Bing said, “Today, in Piahuo City, that Chi Hu had a small conflict with Yun ‘er, so he humiliated Yun ‘er on the street. At this time, third brother rushed over and killed Chi Hu and his followers without saying a word.”

"You mean, Shuang 'er killed people in Piahuo City? And killed the young grandmaster of the Scarlet Gold Clan?" Zhuo Yunfeng's eyes were wide open.

"Yes, but my third brother clearly violated the rules of Piahuo City. However, the city protection army of Piahuo City, including the commander of the City Protection Army, didn't dare to attack my third brother. They said that even if my third brother killed Chi Hu, it would be in vain. After that, many top clans in the demon region, including the Scarlet Gold Clan, wouldn't dare to come and find trouble with my third brother," Zhuo Bing said.

"Is...is this true?" Zhuo Yunfeng looked at Jian Wushuang in astonishment.

"Yes, it's true." Jian Wushuang smiled. "Father, I can tell you that if nothing goes wrong, I can absolutely do whatever I want in the demon region. Even if I kill a young grandmaster of the Scarlet Gold Clan in Piahuo City, the top clans in the demon region can only watch and do nothing to me."

"As for the Blood Marten Clan, they are nothing more than that." Hearing this, Zhuo Yunfeng was a little stunned.

Jian Wushuang looked at Zhuo Bing and said, "Elder sister, where is second brother now? Let him come over first."

Chapter 3446 Marriage Proposal

"Yun 'er, go and call your uncle over," Zhuo Bing ordered.

"Yes." Qiu Yun nodded and immediately went out of the courtyard.

Before long, Qiu Yun and Zhuo Peng came back together.

"Third brother!"

When Zhuo Peng saw Jian Wushuang, he immediately revealed an ecstatic expression and rushed over to give Jian Wushuang a hug.

"Second brother, long time no see." Jian Wushuang also smiled.

"You also said that you haven't heard anything for so many years. We were worried about you," Zhuo Peng said.

"Aren't you back safely?" Jian Wushuang smiled and said, "By the way, I heard from father that you encountered some trouble."

"Father told you?" Zhuo Peng glanced at Jian Wushuang and then sighed, "Although Ying 'er and I agreed to marry her, the gap between our statuses is too big..."

"Let's ignore the gap between our statuses for now. Second brother, let me ask you, do you want to marry her?" Jian Wushuang asked.

"Yes, of course, I want to marry her. Even in my dreams, I want to marry her, but she is a member of the Blood Marten Clan and the daughter of the clan leader of the Blood Marten Clan," Zhuo Peng said. "I told you to ignore your statuses for now. Since you want to marry her, it's easy," Jian Wushuang said with a smile. "Third brother, do you have a way?" Zhuo Peng looked at Jian Wushuang expectantly.

"Of course, and it's very simple. You just need to go with me to the Blood Marten Clan to propose marriage. Then I will help you bring your sweetheart back." Jian Wushuang said with a smile.

"Really?" Zhuo Peng's eyes lit up. "Of course it's true. Second brother, I'm afraid you don't know that third brother is now standing at a height that we can't imagine. Today, he killed Chi Hu, the young grandmaster of the Scarlet Gold Clan, on the spot, in Piahuo City. But the city protection army of Piahuo City didn't dare to do anything to him!"

vus

"With third brother's current strength and status, if he goes to the Blood Marten Clan to propose marriage, I'm afraid the Blood Marten Clan won't dare to disrespect him," Zhuo Bing said.

"He killed the young grandmaster of the Scarlet Gold Clan in Piahuo City, and he's still fine?" Zhuo Peng immediately became fanatical. "Third brother..."

"Second brother, why don't you make some preparations? We'll go to the Blood Marten Clan now, how about it?" Jian Wushuang said.

"Okay, of course, I'll make some preparations right away!" Zhuo Peng became excited and immediately began to make preparations. Zhuo Yunfeng looked at Jian Wushuang and said, "Shuang 'er, isn't it too rushed to go to the Blood Marten Clan to propose marriage right now? Besides, since we're going to propose marriage, we must prepare the betrothal gifts, but we haven't prepared the betrothal gifts yet." "Don't worry, I have the betrothal gifts. I promise I won't let my future sister-in-law suffer," Jian Wushuang said with a smile. He had killed so many experts, including several Principles Masters, and even the Nether Master, as a top Principles Master, the flame divine guard naturally had a lot of treasures and resources.

As long as he took out some of them as betrothal gifts, the Blood Marten Clan would be tempted.

"Third brother, can you take me with you to propose marriage this time?" Zhuo Bing suddenly asked.

"I want to go too," Qiu Yun also said.

Jian Wushuang could not help smiling. "If you want to go, of course. Father, mother, why don't you go together?"

"Well..." Zhuo Yunfeng and Luo Xinqin looked at each other, and then Zhuo Yunfeng said with a smile, "Then let's go together. Let's go and pick up the daughter-in-law of our Zhuo family."

"Yun 'er, go and call your father," Zhuo Bing said.

"Okay." Qiu Yun immediately went.

Not long after, Jian Wushuang left the drifting fire city with his family and went to the clan land of the Blood Marten Clan.

The clan land of the Blood Marten Clan was not far from Piahuo City, but it took Jian Wushuang more than half a day to get there with Zhuo Yunfeng and the others.

"Is this the territory of the Blood Marten Clan?" Jian Wushuang looked at the vast territory covered by the restriction.

The range of the restriction was so wide that it covered almost a whole and huge mountain range. Because of the restriction, even Jian Wushuang could not see the scene below.

"This restriction seems to be quite strong," Jian Wushuang said calmly.

"I've heard of the Blood Marten Clan. A long time ago, the Blood Marten Clan was only a medium-sized clan in the demon region. But later, because of this Blood Marten Clan, a very powerful expert appeared. It's said that his strength has reached the peak of the six void realms, and is even infinitely close to the peak of the six void realms. It was under his leadership that the Blood Marten Clan became the top clan. At that time, they even dared to challenge the four great divine clans."

"However, after the strongest expert of the Blood Marten Clan left the Divine Beginning Realm and ventured into the depths of the universe battlefield, the strength of the Blood Marten Clan gradually declined. Until now, they have only managed to maintain their position as a top clan. Now, the restriction covering the entire ancestral land should be created by the strongest expert of the Blood Marten Clan," said Demon Master Chenhuo.

"Infinitely close to the pinnacle of the six void realms? Isn't that the same as you?" Jian Wushuang glanced at Demon Master Chenhuo.

Demon Master Chenhuo only raised his eyebrows and did not say anything.

"Second brother, you go. With me here to support you, you don't need to be afraid or worried. Just tell me why you're here," Jian Wushuang said.

"Okay." Zhuo Peng took a deep breath and rushed toward the entrance of the Blood Marten Clan.

Jian Wushuang stayed in the void above and watched everything below.

Zhuo Peng went directly to the entrance. Before he got close, someone stopped him. "Who is it?"

Several saint-level members of the Blood Marten Clan were guarding the entrance. They stared at Zhuo Peng with cold faces.

"I am Zhuo Peng. I am from Piahua City. This time, I am here to propose marriage," Zhuo Peng said solemnly.

"Propose marriage?" The few members of the Blood Marten Clan were stunned at first, but then they burst into laughter, "kid, did you go to the wrong place? You are an Immortal Saint of the human race, yet you came to my Blood Marten Clan to propose marriage? Who in my Blood Marten Clan would fancy you?"

"The one I want to propose marriage is your Blood Marten Clan's Princess Ying. You can just call her out," Zhuo Peng said.

"What a joke. What status does my princess have? Why would she like a human kid like you? You're clearly scheming against us. Hurry up and scram!" One of the Blood Marten Clansmen immediately berated.

But at this moment...

"What's going on?" A low voice sounded. At the entrance, an evil-looking man in a black robe walked out with his hands behind his back.

Chapter 3447 Offense

"Lord Er Kong."

Seeing the arrival, the few Blood Marten Clansmen who were guarding immediately saluted respectfully, at the same time, one of them said, "I don't know where this human kid came from. He said that he came to propose marriage, and the person who proposed marriage was Her Highness the Princess."

"Oh?" The black-robed man glanced at Zhuo Peng and smiled wickedly. "Who did I think it was? It's you?" "You human ant, how dare you dream of marrying the Princess of my Blood Marten Clan. To be honest, if not for Princess Ying's pleas, the clan leader would have killed you long ago. How dare you take the initiative to offer your life to me?"

"Er Kong, I'm here to propose marriage to Ying 'er. Ask Ying 'er to come out and see me," Zhuo Peng said. With Jian Wushuang behind him, Zhuo Peng was confident. "See you?"

"Haha, I advise you to stop daydreaming. The Princess will never come to see you. To tell you the truth, in order to save your life, the Princess has promised the clan leader that she will never see you again. Moreover, she has agreed to the engagement that the clan leader made for her. It Won't be long before the princess gets married, but it won't Be You. You'd better give up now," the wicked man, Er Kong, said.

"What did you say?" Zhuo Peng's expression changed greatly. Jian Wushuang, who was in the void above, could not stand it any longer. He immediately moved to Zhuo Peng's side. "Third brother." Zhuo Peng looked over.

"Leave it to me." Jian Wushuang smiled and gestured for Zhuo Peng to step aside while Jian Wushuang looked at Er Kong, "Your name Is Er Kong, right? Please go in and inform him that I, Heavenly Sword Marquis, want to meet the clan leader of the Blood Marten Clan."

"Heavenly Sword Marquis?" Er Kong's expression changed. He immediately felt that the name was familiar, but he did not immediately remember where he had heard it. However, because he had already noticed that Jian Wushuang's aura was only at the Saint Realm, he said directly, "Clan leader, you are too busy to meet a random person. You'd better take the boy and get lost."

"Oh, really?" Jian Wushuang smiled. "It seems that I was too polite."

After saying that, Jian Wushuang reached for the Blood Mountain Sword behind him with his right hand. The blade was slowly unsheathed, and a cold aura gradually spread in the surrounding area.

"What do you want to do?" Er Kong's face turned cold.

However, Jian Wushuang did not pay any attention to him. He unsheathed the Blood Mountain Sword, and with shocking power, it directly slashed toward the huge restriction on the ancestral land of the Blood Marten Clan.

Whoosh!

The cold sword light instantly magnified and tore the space apart. A shocking sword shadow that was more than 300 meters long appeared in front of everyone.

“This sword!”

Er Kong, who had not thought much of Jian Wushuang at the beginning, was shocked when he saw this sword.

He saw that Jian Wushuang was just an Immortal Saint, but the power of this sword was obviously much stronger than that of many Principles Masters. “Heavenly Sword Marquis, Heavenly Sword Marquis...” Er Kong repeated the name and suddenly had an idea. “I remember now. He is Heavenly Sword Marquis, the number one genius in the history of the Divine Beginning Realm!”

“It’s actually him!”

Er Kong’s heart trembled. However, that shocking 300-meter-long sword shadow had already mercilessly slashed at the barrier.

Rumble...

Under the impact of the sword shadow’s power, the entire barrier began to tremble slightly. Meanwhile, within the ancestral land of the Blood Marten Clan, the earth and mountains began to shake.

“What’s going on?”

“Why is the surrounding world shaking?”

“It’s the clan-protecting formation shaking. Someone is attacking it!”

“How can it shake the clan-protecting formation like this? The person who is attacking must be a Principles Master at the fourth realm of the Void!”

The entire Blood Marten Clan was in an uproar.

The rule masters of the Blood Marten Clan were also alarmed. They immediately rushed toward the entrance of the clan.

When they arrived, they saw Jian Wushuang in front of them.

“You are...Heavenly Sword Marquis?”

The Principles Masters of the Blood Marten Clan were not as ignorant as Er Kong. They recognized Jian Wushuang at a glance.

“It’s me,” Jian Wushuang admitted directly.

When they learned that the person who attacked the clan-protecting formation was Jian Wushuang, the Principles Masters of the Blood Marten Clan were shocked but also angry.

“Heavenly Sword Marquis, why did you attack the clan-protecting formation of the Blood Marten Clan?” Urxiu, the clan leader of the Blood Marten Clan, asked in a low voice.

"I came here with great sincerity. I told you my name at the beginning and asked your people to go in and report it. However, your people said that you, the clan leader of the Blood Marten Clan, are too busy to meet a nobody like me. They also told me to get lost. What do you think I should do?" Jian Wushuang said indifferently. Hearing this, the Principles Masters of the Blood Marten Clan were shocked.

To compare this super genius, Heavenly Sword Marquis, who was famous in the Divine Beginning Realm, to a nobody?

And to ask Heavenly Sword Marquis to get lost?

Even the three great sages and the three Great Freedom Alliance would not dare to say this, right?

In the current Divine Beginning Realm, who dared to treat Heavenly Sword Marquis as a nobody?

Immediately, they understood why Heavenly Sword Marquis attacked the Blood Marten Clan's protective array. It was obvious that the words of the Blood Marten Clan's clansmen had offended or even humiliated the other party.

After understanding this point, the Blood Marten Clan's Principles Masters could not help but glare at Er Kong angrily.

Er Kong also knew that he had caused trouble. Sensing the gazes of these Principles Masters, he immediately lowered his head.

However, he had already caused trouble, so the Blood Marten Clan could only clean up for Er Kong.

"Mr. Heavenly Marquis, I'm afraid there's been a misunderstanding. Er Kong has always stayed in the clan and rarely interacted with the outside world, so he might not have heard of your name, so he might have offended you. I hope you can be magnanimous and don't blame me," the Blood Marten Clan leader, Er Xiu, said apologetically.

Although he was the clan leader and the Blood Marten Clan was one of the top clans in the demon region, they did not want to provoke a terrifying existence like Jian Wushuang unless it was absolutely necessary.

"Since it's a misunderstanding, and since your Blood Marten Clan is a little apologetic, I won't be so stingy to pursue it. However, I came to your Blood Marten Clan for another matter," Jian Wushuang said. "What's the matter?" Ursa asked.

"Second brother, come over." Jian Wushuang waved to Zhuo Peng behind him.

Chapter 3448 Rejection

Zhuo Peng, who was standing at the back, had some misgivings even though he had confidence and confidence in Jian Wushuang. After all, he was now facing the Blood Marten Clan, one of the top clans in the demon region.

However, when he saw that the clan leader of the Blood Marten Clan, Er Xiu, did not dare to put on airs in the face of Jian Wushuang's strength. On the contrary, he was very humble. Zhuo Peng no longer had any misgivings. Upon hearing Jian Wushuang's greeting, he immediately walked up.

“Clan leader of the Blood Marten Clan, nice to meet you.” Zhuo Peng greeted him politely.

“And you are?” Er Xiu looked puzzled.

“Clan leader, he is the human cultivator who has a dispute with the princess,” Er Kong said immediately.

“You?” Er Xiu’s face darkened.

“Clan leader of the Blood Marten Clan, let me introduce you. This is my second brother. We are blood-related brothers,” Jian Wushuang said.

“What?” Er Xiu was stunned.

The experts of the Blood Marten Clan were also stunned.

They were all high-level experts of the Blood Marten Clan, so they naturally knew that their princess had a relationship with a human cultivator in the Piahuo City not long ago. They had already investigated his background, he should not have a big background, and Zhuo Peng’s talent and strength were not that great. Although their princess liked such a human cultivator, they completely looked down on him.

If it was not for Princess Ying’s request, the Blood Marten Clan would have sent people to kill him.

But it was this human cultivator who did not have any status and ability in their eyes, and now, he actually brought in a big shot!

Heavenly Sword Marquis...this name, no matter which faction it was, they probably did not dare to look down on him in the slightest, and no faction dared to look down on his ability.

It was true that even though he was not ridiculously strong right now, and many factions were not afraid of him in terms of pure strength, what made Heavenly Sword Marquis the most terrifying was his terrifying potential!

He was the number one genius in the history of the Divine Beginning Realm. He was a super genius who could easily defeat many Principles Masters and even severely injure Saint Realm Masters. More importantly, this person’s ability to protect his life was incredible, and he basically could not die, as long as he was not dead, his strength would undoubtedly reach an extremely terrifying level after a period of time.

The Blood Marten Clan should be in awe of such a super genius. If they could avoid making enemies, they should not make enemies.

“Clan leader Blood Marten, you should know the origin of my trip after seeing my second brother, right?” Jian Wushuang looked at Er Xiu in front of him with a faint smile, “I’ll be Frank. I heard that my second brother and Princess Ying of the Blood Marten Clan are very compatible, so I’m here to propose a marriage for my second brother. This is the betrothal gift from my Zhuo family. Take a look.”

Jian Wushuang directly threw an interspatial ring to Er Xiu.

Jian Wushuang was indeed here to propose a marriage, and he was very sincere. For example, Jian Wushuang had given a lot of betrothal gifts in the interspatial ring. There were four or five supreme treasures, which was already very good.

However, after taking Jian Wushuang's interspatial ring, Er Xiu and the experts of the Blood Marten Clan around him frowned.

Normally, the Blood Marten Clan would be very happy to have a relationship with Jian Wushuang, since Heavenly Sword Marquis had come to propose marriage in person and given them a lot of betrothal gifts, naturally, the marriage would not be a problem.

But now it was different.

The Blood Marten Clan was in a very delicate situation, and the marriage of Princess Ying was more important to the Blood Marten Clan.

Therefore, after a simple exchange with the experts of the Blood Marten Clan, Er Xiu quickly made a decision.

"Mr. Heavenly Marquis, I'm sorry, but I'm afraid our Blood Marten Clan can't agree to this marriage," Er Xiu said. "Oh, why?" Jian Wushuang's face darkened. "Is it because I didn't give enough betrothal gifts? Or does your Blood Marten Clan still think that my second brother is not good enough for your princess?"

"No, no, Mr. Heavenly Marquis, you've given a lot of betrothal gifts, and you're very sincere. As for your second brother, since you're here, of course he can be a good match for my daughter. However, Mr. Heavenly Marquis is a step too late. My daughter already has a lover," Er Xiu said.

"Impossible!" Zhuo Peng immediately shouted in a low voice. "I'm very clear about Ying'er's character. We've only been separated for three years, how could she have someone else in her heart?"

"There's nothing impossible about it. You're indeed a step too late. Not only does my daughter have someone else in her heart, but both parties have already decided on a marriage contract," Er Xiu said with a smile.

"How can this be?" Zhuo Peng's body began to tremble. "No, I don't believe it. Unless you let her come out and tell me personally, I will only believe what she says!"

"Clan leader Blood Marten, did you hear that?"

"Why don't we invite Princess Ying out and let her explain it to my second brother face to face? As long as she can explain it clearly and make my second brother completely stop thinking about it, then I'm not the kind of person who will force my second brother to leave immediately. How about it?" Jian Wushuang looked at Er Xiu.

"Well..." Er Xiu pondered for a moment and then shook his head. "No, my daughter is going to be betrothed to someone else soon. How can I show my face in public at this time and get involved with others? If this gets out, won't it be a disgrace to my Blood Marten Clan?"

"What will my daughter do in the future?"

"Oh?" Jian Wushuang raised his eyebrows and gave Er Xiu a deep look, then he smiled and said, "Clan leader Blood Marten, I'm afraid it's not that your daughter doesn't want to show her face in public, but as a father, you don't dare to let her meet my second brother, right?" "How dare you!" Er Xiu's voice suddenly sank. "Mr. Heavenly Marquis, although I respect your talent and strength, we are in front of

the ancestral land of the Blood Marten Clan. You said that it's not convenient for my daughter to meet outsiders. Are you going to force me?"

"Tsk, tsk, tsk..."

Upon hearing this, Jian Wushuang praised, "Clan leader Blood Marten, I'm very curious. Where did you get the courage to not give me any face? What made you so determined and unwilling to marry Princess Ying'er to my second brother? But it doesn't matter. I'll know soon enough."

"Heavenly Sword Marquis, what do you want to do?" Er Xiu narrowed his eyes and stared at Jian Wushuang. "What do you think? Since your Blood Marten Clan doesn't want to let Princess Ying come out to meet us, we can only go in and meet her ourselves," Jian Wushuang said with a smile.

"Haha, what a joke. What kind of place do you think my Blood Marten Clan is? Do you think you can just enter as you please?" Er Xiu could not help sneering.

Chapter 3449 Attack the Magic Array

The high-level experts of the Blood Marten Clan also looked at Jian Wushuang with contempt.

Although they knew that their talent was extremely heaven-defying and their methods were extraordinary, talent was talent, and it was different from true strength. The Blood Marten Clan had existed in the demon region for so many years as a top clan, so its foundation was naturally extraordinary. Without the consent of the Blood Marten Clan, it was naturally extremely difficult for others to break into the territory of the Blood Marten Clan.

Not to mention others, just the huge protective array covering the territory of the clan was not something ordinary experts could shake.

In the face of the ridicule of the experts of the Blood Marten Clan, Jian Wushuang smiled coldly and looked up. "Chenhuo."

Demon Master Chenhuo appeared beside Jian Wushuang and asked, "What, do you want me to attack again?"

"Of course, I can't defeat this formation alone. But with your strength, you should be able to defeat it, right?" Jian Wushuang asked with a smile.

"I'm not sure, but I can try," Demon Master Chenhuo said.

"Then let's try first," Jian Wushuang said with a smile.

Demon Master Chenhuo did not say anything. He moved and appeared in front of the clan-protecting formation.

He stood there and was less than half a meter away from the Blood Marten Clan's clan protection formation. Then, he extended his hand and touched the light membrane of the formation. He immediately sensed an extremely shocking power from the formation.

When the many experts of the Blood Marten Clan saw this scene, they all sneered.

"What is this person doing there?"

“From the looks of it, is he planning to break the Clan Protection Array?” “Humph, what a joke. The Clan Protection Array was created by the ancestor who led the Blood Marten Clan to greatness. No one has been able to break it for a long time. Although this person looks like an expert, it’s impossible for him to break the Clan Protection Array.”

The many experts of the Blood Marten Clan had absolute confidence in their Clan Protective Array.

Therefore, even when they saw the Demon Master Chenhuo appear in front of the array and clearly had the intention to attack the array, they did not stop him. They believed that it was impossible for the Demon Master Chenhuo to break the array.

But at this moment, the Demon Master Chenhuo had already made his move like lightning

He did not make much preparations. After feeling the power of the array formation, he clenched his right hand into a fist and threw a punch at the array formation.

The brutal punch was simple and crude. It contained unimaginable power as it instantly smashed into the light membrane of the array formation. The light membrane that was hit immediately produced a large number of ripples like giant rocks that were like water, these ripples spread out crazily in the surroundings.

The entire array formation also began to tremble violently. This kind of trembling caused the earth and mountains within the Blood Marten Clan to shake as if an earthquake had occurred.

“How could it be?”

When the Blood Marten Clan leader, Er Xiu, saw this scene, his eyes immediately widened. “The power of a punch actually caused such a huge tremor in the protective array formation of our Blood Marten Clan? Could this person be a super expert of the sixth level of the void!?”

“The sixth realm of the void?” The other experts of the Blood Marten Clan were also shocked.

They could not sense the specific aura of Demon Master Chenhuo, so they thought that Jian Wushuang alone would not be able to threaten them.

But now that Demon Master Chenhuo had made a move, his strength had indeed frightened them.

The sixth realm of the void...this was the top expert of the Divine Beginning Realm.

“Fortunately, even though this person has the strength of the six realms of the void, our Blood Marten Clan’s clan protection array was personally created by that ancestor. If we want to break this Clan Protection Array, just one of the six realms of the void is definitely not enough. This person can at most slightly shake the array, but he definitely can’t break it,” said Er Xiu.

Hearing this, the experts of the Blood Marten Clan heaved a sigh of relief.

What they did not know was that Demon Master Chenhuo did not use his full strength in the beginning

His punch was just to test the sturdiness of the magic array.

“The person who created this magic array is indeed very capable. The power of this magic array is also very impressive.” Demon Master Chenhuo stood at the edge of the magic array and secretly praised.

“Chenhua, there are so many people watching. Don’t embarrass yourself.” Jian Wushuang’s laughter came over.

Demon Master Chenhua narrowed his eyes slightly and then flipped his palm. A full set of scarlet gold appeared on his hands.

This Scarlet Gold Glove was Demon Master Chenhua’s own offensive magic weapon. It had already reached the level of a top-tier supreme treasure and was extremely powerful.

After putting on this Scarlet Gold Glove, his overall combat power naturally increased by a lot.

He was still standing less than half a meter away from the light membrane of the array, but his eyes were still shining with a fierce light. In his right palm, there was a shocking power condensing.

“Heavenly divine extermination!”

Demon Master Chenhua growled. He clenched his right palm, and in an instant, a brilliant golden light surged up, enveloping the entire world in a golden color. The fist formed by his palm...it was like a huge golden sun.

This golden sun was extremely dazzling, illuminating everything in the world. Under the attention of the surrounding people, it suddenly struck the light membrane of the array formation.

Instantly...boom!

A series of violent explosions shook the entire void. Outside the light membrane, around the body of the Demon Master, Space had completely exploded, and a huge black hole appeared out of thin air.

In front of Demon Master Chenhua, the light membrane of the array that had been smashed by the fist of Demon Master Chenhua had completely caved in. It caved in extremely deeply, directly affecting the entire array.

Rumble...the entire array began to tremble madly, as if it was about to collapse. Even the entire ancestral land of the Blood Marten Clan began to turn upside down. “This...”

Upon seeing this scene, all the experts of the Blood Marten Clan were stunned.

They knew very well that although the array in front of them had not been directly broken, from the scene, it was obvious that this array had already reached the limit that they could endure.

Buzz buzz ~

The might of Demon Master Chenhua’s punch was finally exhausted. The frantically trembling array protecting the tribe gradually regained its calm.

Seeing this, Demon Master Chenhua was not angry, but happy instead. “Haha, not bad, not bad. The power of this array is indeed impressive. It can actually block my full-force attack of the god extinguisher. It seems that this array is qualified for me to use the god extinguisher of the dragon.”

“God extinguisher of the dragon?”

Hearing Demon Master Chenhuo talking to himself, the faces of the experts of the Blood Marten Clan changed drastically.

They could tell from the words of Demon Master Chenhuo that the punch just now was not the strongest move of Demon Master Chenhuo. He had yet to use an even stronger move!

Chapter 3450 Bow Your Head

—

—

“How is this possible?”

“The Clan Protection Array of our Blood Marten Clan was personally set up by the most powerful ancestor back then. Furthermore, the ancestor had also instructed that unless one was like him, a supreme expert who had reached the peak of the sixth level of the void, no one would be able to forcefully break through this array. But this person...could it be that his strength is comparable to that of the ancestor at his peak?” Er Xiu widened his eyes.

At this moment, the members of the Blood Marten Clan had already noticed that a large amount of power was once again beginning to gather on the body of the Demon Master Chenhuo.

“Not good!” The expressions of the experts of the Blood Marten Clan changed drastically.

They could all see that the attack just now from the Demon Master Chenhuo had already reached the limit of the clan protection formation. It was estimated that the clan protection formation would not be able to withstand another two or three such attacks.

What Demon Master Chenhuo had just said meant that the attack he was about to unleash would be even stronger than the previous one!

“Stop, stop!”

Er Xiu did not dare to let Demon Master Chenhuo attack the formation again. After all, the formation had protected them for so many years. If it was broken by force, the formation would collapse, no one in the Blood Marten Clan could restore the clan-protecting formation, so they immediately shouted.

“Chenhuo, stop,” Jian Wushuang said.

Upon hearing Jian Wushuang’s words, the power gathered by Demon Master Chenhuo gradually calmed down.

Seeing this, the experts of the Blood Marten Clan finally heaved a sigh of relief.

“Clan leader Blood Marten, weren’t you very confident just now that I could enter your Blood Marten Clan whenever I wanted?” Jian Wushuang looked at Er Xiu mockingly. “Now that I’m standing here, do you dare to repeat what you just said?”

“This...” Er Xiu’s face could not help twitching. He dared to say that just now because he had absolute confidence in the Blood Marten Clan’s protective array. He believed that Jian Wushuang’s strength

would not be able to shake the array, but he did not expect that...Jian Wushuang also had a terrifying Demon Master of the Chenhuo Clan by his side.

With the help of the Demon Master of the Chenhuo Clan, it was not impossible to break the array.

"Mr. Heavenly Marquis, it is indeed my Blood Marten Clan's fault. I apologize to you, Mr. Heavenly Marquis, but my daughter has already been engaged to someone. I definitely did not lie about that," Er Xiu said.

"Even if there is an engagement, it's probably decided by your Blood Marten Clan. I'm afraid it's not agreed by Princess Ying herself," Jian Wushuang said.

Er Xiu was silent.

"Humph, I knew it. Even if Ying 'er doesn't see me anymore because of your Blood Marten Clan, she wouldn't agree to the engagement so soon. It turns out that everything is decided by your Blood Marten Clan," Zhuo Peng said in a low voice.

"Clan leader of the Blood Marten Clan, since I came here personally to propose the marriage and brought a great betrothal gift, I have already given face to your Blood Marten Clan. But now I'm curious, who did you betroth Princess Ying to that is worthy for your Blood Marten Clan to come and ruin my face?" Jian Wushuang looked at Er Xiu coldly.

Er Xiu frowned and hesitated for a moment, then said, "To tell you the truth, the one who has an engagement with my daughter is the young clan leader of the Scarlet Gold Clan, Chi Hu!"

"Chi Hu?" Jian Wushuang was stunned.

Zhuo Peng, Zhuo Yunfeng, and the others who were watching quietly from above were also stunned.

They had been guessing who the Blood Marten Clan had betrothed Princess Ying to. They had not expected that it would be Chi Hu?

"Haha, this is interesting." Jian Wushuang laughed. His smile was very strange. After a long while, he stopped laughing, he said, "Blood Marten Clan, since the engagement is with Chi Hu, I can tell you now that the engagement has been canceled." "Canceled?" Er Xiu was stunned.

The experts of the Blood Marten Clan were also puzzled.

Jian Wushuang continued, "I'll tell you directly. Not long ago, in the Piahuo City, I killed Chi Hu, the young grandmaster of the Scarlet Gold Clan, because he offended me."

"What?" Er Xiu was shocked.

The experts of the Blood Marten Clan were also stunned. Chi Hu had been killed?

"Mr. Heavenly Marquis, Chi Hu is really dead. Did you lie to me?" Er Xiu did not quite believe it.

"I'm not going to lie to you for such a thing. I killed Chi Hu in the Piahuo City, and it caused quite a stir. The ancestral land of your Blood Marten Clan is not far from the Piahuo City, and there must be clansmen in the city. You can send a message to your clansmen in the Piahuo City and ask him to inquire about it. He should be able to find out," Jian Wushuang said with a smile.

Er Xiu immediately ordered the people next to him to send a message.

After a short while, they received a definite result.

“He’s dead, Chi Hu is indeed dead!”

“According to the news from Piahuo City, the one who killed Chi Hu was an Immortal Saint who used a sword. He killed Chi Hu and caused a huge commotion in Piahuo City. Even the commander of the Piahuo City’s City Protection Army personally rushed over, but because the other party had a super expert by his side, the City Protection Army didn’t dare to make a move at all...now, it seems that the one who killed Chi Hu was this Heavenly Sword Marquis, and the super expert by his side is this terrifying existence who has reached the peak of the six states of the void.”

The experts of the Blood Marten Clan had already made their own judgment. After a brief discussion, Er Xiu took a deep breath, then he solemnly said, “Mr. Heavenly Marquis, you’re right. Since Chi Hu is dead, the engagement between him and my daughter naturally doesn’t count. Now that Mr. Heavenly Marquis has personally proposed the marriage, please come to my Blood Marten Clan for a chat.”

“If you had done this earlier, it would have saved us a lot of trouble.” Jian Wushuang smiled and beckoned Zhuo Yunfeng and the others to come down. Then they entered the ancestral land of the Blood Marten Clan.

In a magnificent hall in the ancestral land of the Blood Marten Clan, Jian Wushuang and Er Xiu sat side by side, while Demon Master Chenhuo sat casually beside them. Zhuo Yunfeng, Zhuo Peng, and the others also sat casually

“Mr. Heavenly Marquis, there are indeed many misunderstandings about today’s matter. Normally, if you came to propose marriage in person, the Blood Marten Clan would certainly give you a name. But this time, we did it out of helplessness.” Er Xiu sighed.

“I see.” Jian Wushuang nodded slightly.

He could see that the Blood Marten Clan must have some special reasons. Otherwise, they would not have been so tough in the beginning and directly refused his proposal. Even if it was the Scarlet Gold Clan on the other side, the clan leader of the Blood Marten Clan must know that Jian Wushuang might not be inferior to the Scarlet Gold Clan in terms of weight alone.
