Chapter 3481 Tricky

After Xiao'er regained control of the Nine-tailed Clan, Jian Wushuang stayed in the clan.

During this period, Marquis Duan Yu, Axe One Master, Star Saint Master, Master Xu, and Master Shadow Fox, the Master of the rules of the six void realms, had been practicing the five-killing formation of the nether jade, since the formation was prepared to deal with Da Ying, and it was difficult to guarantee that there were still loyal Da Ying members in the Nine-tailed Clan, the place where they practiced the formation was completely isolated, except for a few people, no one could enter.

Naturally, no one knew what they were doing inside.

During this time, Jian Wushuang was very relaxed. Occasionally, he would drink tea and chat with Demon Master Chenhuo.

"It's been half a year. If I'm not mistaken, Marquis Duan Yu and the others should have practiced their magic formation by now," Jian Wushuang said.

"I've personally seen the magic formation they practiced. The power of the magic formation is indeed amazing. After the five of them joined hands to cast the magic formation, even if I was trapped inside, it would be difficult for me to break it. However, at that time, they were not very familiar with the magic formation. Now, they should be able to break it," Demon Master Chenhuo said.

The level of the Netherjade Five Kill formation was extremely high. Originally, it would be extremely difficult for even a sixth level void martial artist to master it, and the time required would be very long.

But fortunately, there was Marquis Duan Yu, who had extremely high attainments in the formation, and he was also one of the five people who controlled the formation. Thus, although this formation was used by five people at the same time, the main person who controlled it was Marquis Duan Yu, therefore, in about half a year, they should be able to master the magic formation.

"Once the magic formation is completed, Xiao'er will find an opportunity to kill Da Ying, but..." Jian Wushuang's expression changed. "Chenhuo, if Da Ying is really trapped in the Netherjade Five Kill magic formation and you kill her yourself, are you sure you can kill her?"

Although Jian Wushuang was very confident in the strength of Demon Master Chenhuo, Da Ying was, after all, an expert at the peak of the sixth realm of the void.

"I can't say for sure." Demon Master Chenhuo shook his head. "However, after I take this step, my strength is much stronger than before. It's definitely not difficult for me to crush Da Ying. As for killing her, it's very likely that she can't escape."

"How confident are you?" Jian Wushuang looked at Demon Master Chenhuo.

"50%. After all, this Da Ying will definitely go crazy and do whatever it takes. She has been the clan leader of the Nine-tailed Clan for so many years, so she must have many trump cards. The Soul Devouring Pearl she used on the battlefield may only be one of them."

“If I really push her to the limit, I don’t know whether I can kill her or not. Or I can’t guarantee that I will be able to withstand her desperate use of her trump card,” said Demon Master Chenhuo.

Jian Wushuang narrowed his eyes slightly.

Indeed, to kill an expert at the peak of the six void realms, not only did she have to be unable to escape, but she also had to be careful of her counterattack.

Anyone would be desperate before they died, let alone this Da Ying.

And a Da Ying at the peak of the six void realms, who was also the clan leader of the Nine-tailed Clan, would be quite terrifying if she was desperate.

Under such circumstances, it was not easy to continue to kill her. Even if she was killed in the end, there was no guarantee that they would not pay a price.

At this moment...Xiao’er flew over from the distance and appeared directly in front of Jian Wushuang and Demon Master Chenhuo.

“Jian Wushuang, Demon Master Chenhuo,” Xiao’er said with a solemn expression.

“Miss Xiao’er, judging from your solemn expression, have you found the whereabouts of Da Ying?” Jian Wushuang asked.

During the past six months, Xiao’er had ordered the intelligence agencies of Divine Moon Palace and the Nine-tailed Clan to do their best to find the existence of Da Ying. As Xiao’er had expected, Da Ying did not keep a low profile, she was often found.

However, since three months ago, Da Ying seemed to have suddenly disappeared. The intelligence agencies of Divine Moon Palace and the Nine-tailed Clan could not find her again.

“Yes, I found her, but it’s because of this that I’m in a tricky situation,” Xiao’er said.

“Tricky?” Jian Wushuang raised his eyebrows. “Da Ying has already been driven out of the Nine-tailed Clan. is she going to cause any trouble?”

“If it was just her alone, it wouldn’t be a big deal. We could have set off to kill her at any time after Marquis Duan Yu had completely mastered the five killing formation of the dark jade. However, we didn’t expect her to go to the Blood Clan during the three months when she disappeared!” said Xiao-er in a low voice.

“Blood Clan?” Jian Wushuang narrowed his eyes and stood up immediately. “Why did she go to the Blood Clan?”

“If I’m not mistaken, she wants to join hands with the Blood Clan to fight against the Nine-tailed Clan,” Xiao’er said.

“So, the Blood Clan agreed?” Jian Wushuang frowned.

In her opinion, the Blood Clan and the Nine-tailed Clan were one of the four great divine clans. They should not really fight against the Nine-tailed Clan for the sake of a Da Ying. After all, the Nine-tailed

Clan and Divine Moon Palace had now joined hands, their overall strength had long surpassed that of before.

Now, in the Demon Realm, all the clans believed that the Nine-tailed Clan was the strongest among the four great divine clans.

At this juncture, the Blood Clan should not be so blind as to provoke the Nine-tailed Clan.

“Jian Wushuang, you don’t know that the four great divine clans in the demon realm are not as calm as they appear on the surface, especially the Nine-tailed Clan and the Blood Clan,” Xiao’er said in a deep voice.

“The Blood Clan and the Nine-tailed Clan have been fighting for a long time because of the proximity of their territories. Sometimes, the Nine-tailed Clan is superior to the Blood Clan, and sometimes, the Blood Clan is superior to the Nine-tailed Clan. In short, the two divine races have been fighting for an unknown number of years and have accumulated a huge amount of hatred toward each other. No matter who we are, as long as there is an opportunity, we will definitely attack each other without hesitation!”

“And this time, because of me, the Nine-tailed Clan and the Divine Moon Palace have joined hands, and their strength has increased to an unprecedented level. This naturally made the Blood Clan wary and even fearful. As for Da Ying, she also knows that it is already very difficult for her to regain control of the Nine-tailed Clan by herself, so she naturally has to find helpers!”

“The first person she thought of should be the dark clan. However, although the Dark clan is on good terms with the Nine-tailed Clan and owes the Nine-tailed Clan a favor, this favor is owed to the Nine-tailed Clan, not her, Da Ying. Therefore, when the Dark clan knows that the war between the Divine Moon Palace and the Nine-tailed Clan is merely an internal conflict between the Nine-tailed Clan, the Dark clan will not pay any attention to it!”

“At this time, even if Da Ying finds the Dark Clan, she won’t get any help from the dark clan, so she can only go to the Blood Clan!”

Chapter 3482 Severe Soul Injury?

“The Blood Clan has always been wary of the current Nine-tailed Clan. Now that Da Ying has taken the initiative to seek refuge with us, we naturally agree.” Xiao’er’s expression was solemn.

“If that’s the case, then it’s really troublesome.” Jian Wushuang also nodded slightly. “Moreover, your goal is to kill Da Ying, and my goal is to kill the clan leader of the Blood Clan. If we deal with these two people one by one, as long as Marquis Duan Yu’s formation is complete, it’s absolutely possible to kill them. However, now that the two of them have joined hands, it’s too difficult to deal with them both at the same time.”

Jian Wushuang was well aware that if Da Ying and the Blood Clan had not joined hands, they could have killed them one by one with Marquis Duan Yu’s five killing formation. However, if the two of them had gathered together...it would not be enough for them to kill the two of them at the same time.

After all, Demon Master Chenhuo was powerful, but he was not confident that he could kill Da Ying alone, not to mention that there was a Blood Clan Grandmaster who was no weaker than Da Ying.

“We have no choice but to wait. After all, the Blood Clan and the Nine-tailed Clan have been fighting for so many years. Previously, Da Ying was the Blood Clan Grandmaster. Under such circumstances, Da Ying and the Blood Clan might not be able to forget about the past. It may not be long before their alliance is broken. At that time, we can still proceed according to the plan.”

“In addition, even if they really forget about the past, Da Ying and the Blood Clan Grandmaster can not stay together forever. We can wait. As long as they separate, we can attack immediately and still have a chance to kill them,” Jian Wushuang said.

“Yes, that’s what I thought. I’ve instructed the chess pieces in the Blood Clan to pay close attention to the movements of Da Ying and the Blood Clan leader. As soon as they have a chance to separate, we will attack immediately,” Xiao’er said.

Jian Wushuang nodded slightly, but his heart was still heavy.

After all, if Da Ying really joined hands with the Blood Clan leader, it would be much more difficult and unpredictable to kill them than before.

They could only wait for an opportunity.

Time passed, and another half a month passed in the blink of an eye.

During this half a month, the five Principles Masters on Marquis Duan Yu’s side had already grasped the dark jade five kill array. Once it was used, even the Demon Master Chenhuo wouldn’t be able to escape for a while, and to trap Da Ying, who was much weaker than the Demon Master Chenhuo, or the Blood Clan leader, there was naturally no problem.

At the same time, Xiao’er had also received the news from the Blood Clan.

“The news has been confirmed. Da Ying has indeed joined hands with the Blood Clan. In order to show her sincerity, she gave the Soul Devouring Pearl, the most precious treasure of the Nine-tailed Clan, to the Blood Clan. The Blood Clan has accepted her completely,” Xiao’er said in a deep voice.

Upon hearing this, Jian Wushuang, Axe One Master, Marquis Duan Yu, and the others all had ugly expressions on their faces.

“Soul Devouring Pearl...this is a treasure that almost caused Chenhuo to lose his life. How could Da Ying give it up?” Jian Wushuang frowned.

“It’s just a treasure, not to mention that the Nine-tailed Clan left it behind. Now that Da Ying is no longer the clan leader of the Nine-tailed Clan, of course she doesn’t care about this precious treasure. But the problem is that she has gained the trust of the Blood Clan with this treasure. Next, she will join hands with the Blood Clan completely,” Xiao’er said coldly.

“In addition, the people I left behind also said that Da Ying immediately went into seclusion after gaining the trust of the Blood Clan. They also told the Blood Clan that she would be in seclusion for a long time, as if to heal her injuries.”

“Heal?” Jian Wushuang’s expression changed, and he immediately looked at Demon Master Chenhuo. “Chenhuo, did you hurt Da Ying badly?”

"I think so," Demon Master Chenhuo said calmly. "After I made a breakthrough, Da Ying suffered a lot of damage to her divine body. However, because of her immortal body, she only lost part of her divine power. Perhaps it will take some time for her to recover after reaching her level, but it's not necessary for her to go into seclusion to recover her divine power."

"In that case, why is she in seclusion?" Jian Wushuang was puzzled.

"I understand." Xiao'er suddenly stood up, she said, "If I'm not wrong, Da Ying is indeed injured. However, it's not the damage to her divine body or the consumption of divine power, but the damage to her soul. The damage is so great that she must immediately enter seclusion to recover."

"Soul damage?" Jian Wushuang's expression changed. "You mean, when she channeled the soul power of the Soul Devouring Pearl, she also suffered the damage from the soul power?"

"That must be the case." Xiao'er nodded, he said seriously, "I didn't know much about the Soul Devouring Pearl. I've only heard a little about its use, but it's one of the biggest killer moves of the Nine-tailed Clan. The previous clan leaders of the Nine-tailed Clan have told me clearly that unless we are on the brink of death, we must not use the Soul Devouring Pearl!"

"However, if it's only because the Soul Devouring Pearl consumes a large amount of soul power, then because the soul power that the Soul Devouring Pearl has consumed over a long period of time is ridiculously large, there's no need for such restrictions. Therefore, there's only one possibility, and that is that while the soul power in the Soul Devouring Pearl is activated, the guide will also suffer the backlash from the soul power!"

"The more soul power she channeled, the greater the backlash. It's understandable why Da Ying didn't channel all the Soul Power in the Soul Devouring Pearl during the battle. I'm afraid it's not because she didn't want to channel it, but because she knew that the more she channeled, the greater the damage to her soul. That's why she didn't dare to be so reckless!"

"Now that she has been defeated and retreated to the Blood Clan, she naturally has to think of a way to recover her soul. Furthermore, after using the Soul Devouring Pearl once, she clearly knew how terrifying the backlash power contained in the Soul Devouring Pearl was. She didn't dare to use it a second time, so she handed the Soul Devouring Pearl to the Blood Clan without any hesitation!"

"All of this can be explained!"

Hearing Xiao'er's words, the experts present immediately understood.

"Looks like that's the case." Star Saint Master also stood up, he said, "Although I don't know about the Soul Devouring Pearl, I more or less know about the soul. In order to guide such a huge wave of soul energy that doesn't belong to me to cause an impact on my opponent, I naturally have to bear a huge risk!"

"If that's the case, then Da Ying should be in a weakened state. This is the best time for us to kill her." Axe One Master also said.

Chapter 3483 Requesting for More

Help

“That’s true, but that Da Ying is currently in the territory of the Blood Clan. Even if she is currently in a weakened state, if we want to kill her, we still have to pass through the Blood Clan. As for the Blood Clan, in terms of overall strength, they are slightly stronger than the previous Nine-tailed Clan. Of course, the overall strength of our Nine-tailed Clan currently surpasses that of the Blood Clan.” Xiao’er said.

“Are we going to kill Da Ying directly?” Axe One Master narrowed his eyes.

“The Blood Clan also has a clan-protecting formation, but it’s not as powerful as the Nine-tailed Clan’s. It’s not difficult to break it,” Marquis Duan Yu said with a smile.

“If we really want to fight, we have to kill more than just Da Ying. If possible, we have to kill the clan leader as well,” Jian Wushuang said.

“Kill the clan leader?” Marquis Duan Yu raised his eyebrows. “It’s already difficult enough to kill Da Ying just by charging into the territory of the Blood Clan. But if we want to kill the clan leader, I’m afraid our current lineup is not enough.”

“That’s true.” Jian Wushuang nodded.

He understood that it would require extraordinary combat strength to charge into the Blood Clan and kill both Da Ying and the clan leader at the same time.

And on their side, even though they had Demon Master Chenhuo and a total of five void sixth level Principles Masters, the only one who could truly threaten Da Ying and the Blood Clan leader was actually Demon Master Chenhuo alone.

“If our camp can have another expert like Demon Master Chenhuo, then it is possible to charge into the Blood Clan and kill Da Ying and the Blood Clan leader.” Axe One Master suddenly said.

“That’s easy to say. However, in the Divine Beginning Realm, among the Principles Masters, the only one who could match the current Demon Master Chenhuo is probably Elder Dark Bone. Elder Dark Bone has a strange personality. Even if the three great Saint Realm Masters or the ruler realm experts personally invite him, he might not give us face, let alone us,” Xiao’er said.

“Of course, an ordinary person wouldn’t be able to invite him. But, didn’t the Heavenly Sword Marquis have dealings with Elder Dark Bone?”

“Back on the Saha Island, the three Saint Realms set up an inescapable net to kill you. At that time, Elder Dark Bone stood on your side and helped you fight against a Master of the Saint Realm,” Axe One Master said with a smile.

“In that battle, Elder Dark Bone did help me a lot. But, he helped me because his disciple owed me a favor. He was just returning the favor for his disciple,” Jian Wushuang said.

“Really?” Axe One Master smiled, he said, “My young friend, I’m afraid you’ve underestimated this Elder Dark Bone. He lived for a very long time, not only because of his own strength, but also because he ignored the fights between the forces in the Divine Beginning Realm. No one would look for trouble with him!”

“Even though he finally got a disciple and loves this treasure, do you think he would offend the three Saint Realms and even fight the master of the Saint Realm for this treasure?”

Jian Wushuang frowned.

He had thought about this question before, but since Elder Dark Bone had left after the battle, he did not have the time to ask. Therefore, he could only take it as Elder Dark Bone returning the favor to his disciple.

However, if he thought about it carefully, there were indeed many things that were not right.

“Axe One Master, are you saying that Elder Dark Bone helped me for other reasons?” Jian Wushuang asked.

“Of course. As for this reason, you will know it in the future. Now, you can go directly to him and ask him to help you. He will most likely not refuse you. If he really refuses, you can say that you came to him on the orders of Star Palace Master. He will definitely not refuse you,” Axe One Master said confidently.

“Okay, I’ll go look for Elder Dark Bone now.” Jian Wushuang nodded.

Immediately, Jian Wushuang took out a message token. This message token did not belong to Elder Dark Bone, but to his disciple, Underworld Emperor.

“Underworld Emperor.” Jian Wushuang directly sent a message to Underworld Emperor.

A moment later, Underworld Emperor replied, “Brother Heavenly Marquis, how come you have time to look for me?”

“Are you still trapped in the trial your master gave you?” Jian Wushuang asked first.

In the Blood Wave Realm, Jian Wushuang and Emperor Ming fought side by side, and they were good friends.

Even after they separated, they would occasionally communicate with each other. Jian Wushuang also knew that not long after Emperor Ming became a Principles Masters, his master, Elder Dark Bone, sent him to a special place, saying that it was to give him a trial.

Until now, Emperor Ming was still trapped in that experience.

“I can’t help it. The test my master arranged for me is very difficult. I can’t get out of here in a short time.” Emperor Ming smiled. “Let’s not talk about this. Brother Heavenly Marquis, you must have something else to talk to me about today, right?”

“Yes, I have something urgent. I want to talk to Elder Dark Bone, but I don’t have Elder Dark Bone’s communication token, so I can only talk to you,” Jian Wushuang said.

“That’s easy. Although my master left me here, he has been staying here by himself. I’ll send a message to him from my body. Please wait for a moment,” Underworld Emperor said and then sent a message to Elder Dark Bone.

A moment later, he got the result.

“Brother Heavenly Marquis, my master has come. He will take my message token and communicate with you,” Underworld Emperor said. Not long after that, a slightly hoarse voice came from the other side of the token, “Heavenly Sword Marquis, I heard that you have something to ask me?”

“Yes.” Jian Wushuang took a deep breath and then said seriously, “Senior, I want to ask you to help me with something.”

“Help?” Elder Dark Bone paused, then he said faintly, “Heavenly Sword Marquis, you should know that I don’t have any entanglement with you. The reason I helped you outside the Blood Wave Realm was because my disciple owed you a favor. Since the end of the battle, my disciple has already repaid the favor. Now, neither I nor my disciple owes you anything. Why should I help you?”

“Senior, I know I can’t force you to do anything, but I really need a strong helper like you, so I have no choice but to ask you. If you help me, I will definitely remember your favor!” Jian Wushuang said seriously.

“Your favor...well, it’s worth considering.” Elder Dark Bone smiled faintly, but he did not directly agree.

“Senior, I came to invite you on the orders of Palace Master Star Palace,” Jian Wushuang said again.

“Palace Master Star Palace?” Elder Dark Bone’s voice obviously changed, but then he smiled and said, “I didn’t expect Star Palace to make contact with you so soon. It’s really unexpected.”

Chapter 3484 Elder Dark Bone Arrived

What Elder Dark Bone said made Jian Wushuang’s heart skip a beat.

Obviously, Elder Dark Bone knew about Star Palace, and he knew that Star Palace would definitely contact him.

“Well, since Star Palace has already contacted you, and it’s under the instructions of Star Palace Master, I’ll help you again. Tell me, what do you need me to do?” Elder Dark Bone said with a faint smile.

“Senior, I want to kill Da Ying and the Grandmaster of the Blood Clan. However, they are, after all, two experts at the peak of the sixth realm of the Void. Although I can set up the five kill formation of the nether jade to prevent them from escaping, I only have Chenhuo, an existence at the peak of the sixth realm of the void. He alone is not sure that he can kill them, so I need your help,” Jian Wushuang said.

“Da Ying is the former clan leader of the Nine-tailed Clan. Together with the clan leader of the Blood Clan, both of them are extremely powerful. If they work together, even if they are trapped by the magic formation, it would be difficult for an expert of the ultimate six realms to kill them. However, if we can gather two experts of the ultimate six realms of the void, we have a much greater chance of killing them.” Elder Dark Bone said with a strange smile.

“That’s right. We’ve also received news that Da Ying’s soul has been severely injured. He should be in a weakened state now. If you attack him, together with our Demon Master Chenhuo and five-kill formation, there’s a high chance of killing them,” Jian Wushuang said.

“Heavenly Sword Marquis, you should be in the Nine-tailed Clan now, right?” Elder Dark Bone said with a strange smile.

It seemed that although he did not care about worldly affairs, he had been paying attention to some major changes in the Divine Beginning Realm.

News of the Nine-tailed Clan's change had already spread in the Divine Beginning Realm, so Elder Dark Bone had obviously received the news.

"It's in the Nine-tailed Clan. When will senior come?" Jian Wushuang asked.

"Since you said that Da Ying is currently in a weak state, I can't give her a chance to catch her breath. I'll leave now. You can wait for a few days in the Nine-tailed Clan," Elder Dark Bone said.

"Thank you, senior." Jian Wushuang was pleasantly surprised.

Then, Jian Wushuang cut off the communication with Elder Dark Bone.

Seeing Jian Wushuang put away the communication token, Xiao'er, Axe One Master, and the others immediately looked

over.

"My young friend, how did it go?" Axe One Master asked with a smile. From his smile, it could be seen that he had the answer in his heart.

"Elder Dark Bone has agreed, and he will be coming soon," Jian Wushuang said.

"That's great." Xiao'er's eyes lit up.

"With Elder Dark Bone, the strongest expert in the six realms of the void, and Demon Master Chenhuo...as long as our five-kill formation can prevent Da Ying and the Blood Clan leader from escaping, they will almost certainly die!" Marquis Duan Yu said seriously.

When everyone knew that Elder Dark Bone would arrive, they calmed down. However, no one noticed that Demon Master Chenhuo had narrowed his eyes.

"Elder Dark Bone...an ultimate expert of the six states of the void? I really want to meet him." Demon Master Chenhuo muttered to himself.

In just ten days, Elder Dark Bone had arrived at the Nine-tailed Clan.

Besides his disciple, Underworld Emperor, there was also a handsome and dignified middle-aged man in a golden robe.

"Brother Heavenly Sword Marquis!" Underworld Emperor was the first to speak and shouted enthusiastically.

"Underworld Emperor." Jian Wushuang greeted his good friend and then went to Elder Dark Bone and bowed respectfully. "Elder Dark Bone."

Elder Dark Bone had helped him at a critical time, and he had come to help him this time. Jian Wushuang naturally respected such a person, who was also a super expert.

"Mr. Elder Dark Bone."

Axe One Master, Marquis Duan Yu, and Star Saint Master also said to show their respect.

Elder Dark Bone nodded slightly, but then he looked directly at Xiao'er and said, "Da Ji, long time no see. How have you been?"

"I've experienced nine reincarnations. After so many years, I thought you should have left the Divine Beginning Realm a long time ago. I didn't expect you to stay here," Xiao'er said with a strange tone.

"Elder Dark Bone, do you know Miss Xiao'er?" Jian Wushuang asked in surprise.

"Of course." Elder Dark Bone smiled. "Da Ji and I have known each other for many years, but it's because of that person."

"Him? You mean...Di Shisan?" Jian Wushuang asked.

"Yes." Elder Dark Bone nodded. "I've been in the Divine Beginning Realm for a long time. During this time, I've met countless experts, but I think I can slightly suppress them as long as they haven't reached the saint realm master or the master level. However, Di Shisan, who was at his peak, was the only exception!"

"Di Shisan is indeed a talented man. His understanding of sword principle has gone beyond the realm of the Divine Beginning Realm and reached a whole new level."

"A whole new level?" Jian Wushuang was stunned.

"Yes, in the Divine Beginning Realm, one's understanding of sword principle is limited to three levels. At the third level, one can derive all things. This level is actually the limit and end point for many sword principle cultivators in the Divine Beginning Realm. However, Di Shisan's understanding of sword principle has gone beyond the third level and reached a higher level, the fourth level!"

"It's a whole new realm. Not to mention ordinary Principles Masters, even many master level experts can't reach it. That's why his swordsmanship is so terrifying. No one can block his killing sword!" "Di Shisan, who had reached the pinnacle of the six realms of the void, used a shocking technique during the world-ending war. He chopped off the arm of a master level expert with one sword. That sword move was earth-shaking!"

At this point, Elder Dark Bone could not help exclaiming in surprise.

However, Jian Wushuang's heart was shocked.

In his previous life, he had interacted with Di Shisan many times. Moreover, when Leng Ruxue's Master's consciousness incarnation had descended into the eternal chaotic world, Di Shisan had said that he had cut off one of his arms, now, it seemed that the person whom Elder Dark Bone said was cut off by Di Shisan should be Leng Ruxue's master.

Jian Wushuang had thought that Leng Ruxue's master was also a master of the Saint Realm, but now it seemed that was not the case.

Leng Ruxue's master was a genuine master level expert!

Under such circumstances, Di Shisan was able to cut off one of the master's arms. It was evident how powerful Di Shisan was at that time. No wonder Elder Dark Bone praised him so much.

Chapter 3485 Life Fall King

"Because Di Shisan was so powerful that even I was amazed, I went to see him more than once to spar with him. Di Shisan did not refuse to fight with him. After a few times, we have more or less established a friendship. When I came into contact with Di Shisan, I naturally came into contact with Da Ji," Elder Dark Bone said with a smile.

"I see." Jian Wushuang understood.

It turned out that Elder Dark Bone was not acquainted with Xiao'er, but with Di Shisan.

"By the way, Elder Dark Bone, who is this?" Jian Wushuang looked at the middle-aged man in a golden robe next to Elder Dark Bone.

"He is my good friend in the Universe Battlefield, Life Fall King. He just happened to visit me this time, so I brought him along." Elder Dark Bone laughed, "After all, it's difficult to kill two experts at the peak of the six void realms. If Life Fall King was there to help, nothing would happen."

"Oh?" Jian Wushuang could not help looking at Life Fall King again.

In his perception, Life Fall King was in an ethereal state like Demon Master Chenhuo. He could not sense the existence of the other party's specific aura and strength, or even his ability to conceal his aura, it seemed that Life Fall King was even more powerful than Demon Master Chenhuo.

"Heavenly Sword Marquis, there's something I have to tell you first. It's my good friend, Life Fall King. He's actually...a Chaos Master!" Elder Dark Bone suddenly said.

"What?" Jian Wushuang was shocked.

Not only him, but Xiao'er, Demon Master Chenhuo, Axe One Master, Marquis Duan Yu, and Star Saint Master were also shocked.

"Master, a master-level expert?" Jian Wushuang looked at Life Fall King in astonishment.

But Life Fall King smiled faintly and said, "Don't listen to Elder Dark Bone. I'm only at the sixth realm of the Void."

"What, what do you mean?" Jian Wushuang was puzzled.

"My good friend is indeed a Chaos Master, but he's not a native ruler born in the Divine Beginning Realm. He's from outside the Divine Beginning Realm and from the Universe Battlefield!" Elder Dark Bone said.

"A ruler from outside the Divine Beginning Realm?" Jian Wushuang was shocked.

"Rulers from outside the Divine Beginning Realm will be restrained by the heavenly will of the Divine Beginning Realm after they arrive in the Divine Beginning Realm. This pressure is greater than the pressure exerted by the power of the heavenly will on rulers born in the Divine Beginning Realm. For example, the rulers who rose up in the Divine Beginning Realm, such as Temporal Temple Master,

Heaven-cleaving Alliance Master, and others, are still suppressed by the heavenly will in the Divine Beginning Realm, but their combat strength is still stronger than that of ordinary masters of the Saint Realm!”

“But the overlords from the outside world will be suppressed by the will of the Heavenly Dao, so he can only exert the battle strength of the sixth realm of the void. Of course, even if he only has the battle strength of the sixth realm of the void, I’m not confident that I can defeat him,” Elder Dark Bone said.

“Is that so?” Jian Wushuang raised his eyebrows, but then his expression changed again. “No, if that’s true, then during the world-ending battle, countless experts fought their way into the Seven Star Mysterious Sect. At that time, there were also masters from outside the world who intervened. If these masters from outside the world were suppressed by the will of the Heavenly Dao, then how could the Seven Star Mysterious Sect be defeated?”

“This is actually very easy to understand.” Elder Dark Bone smiled. “Heavenly Sword Marquis, you should know how those masters from outside the world came about during the world-ending battle.” “They are...” Jian Wushuang’s heart skipped a beat, but he already somewhat understood.

“Those overlords came to the divine realm because of the will of the Heavenly Dao. It can even be said that the power of the will of the Heavenly Dao invited them. Since the will of the Heavenly Dao invited them, how could the will of the Heavenly Dao give them too much pressure?”

“Therefore, although the overlords from the Divine Beginning Realm were still suppressed, they were still able to display battle strength that was no weaker than that of Temporal Temple Master, Heaven-cleaving Alliance Master, and the others in the Divine Beginning Realm. That was why the Seven Star Mysterious Sect was defeated,” Elder Dark Bone said.

Upon hearing this, Jian Wushuang could not help but come to a realization.

“I did not enter the Divine Beginning Realm by the will of the Heavenly Dao. Instead, I entered by myself. Naturally, I’m under a lot of restrictions, so don’t count on me,” Life Fall King said with a smile.

Although he was a genuine chaos ruler, Life Fall King did not put on too much airs in front of Jian Wushuang and the others. Instead, he was very gentle and willing to talk to them.

“Life fall, don’t be humble. Even though you’re bound by a lot of restrictions, you can still help a lot by killing experts at the peak of the six void realms. I’m afraid that neither Da Ying nor the Blood Clan leader will be able to block your death magic,” Elder Dark Bone said with a strange smile.

Hearing Elder Dark Bone’s words, Jian Wushuang and Xiao’er felt relieved.

They had thought that if Elder Dark Bone came, they would have more than half of the success. They did not expect that he would bring a ruler-level expert, Life Fall King, along with him!

Although Life Fall King was restricted by the power of the will of heaven and could only exert the battle strength of the six void realms, the strength of a ruler was naturally incomparable to that of an ordinary Principles Master. With the addition of Life Fall King... their plan this time could almost be said to be without any surprises.

“By the way, Heavenly Sword Marquis, when you sent me a message earlier, you said that you have an expert who has reached the pinnacle of the six realms of the void. You must be talking about him, right?” Elder Dark Bone looked at him with a strange gaze, he had already looked at Demon Master Chenhuo.

“Yes, let me introduce him. This is Demon Master Chenhuo. He has just broken through to the pinnacle of the six realms,” Jian Wushuang said.

“The Divine Beginning Realm is the oldest and most recognized Principles Master, Elder Dark Bone. I’ve heard a lot about you.” Demon Master Chenhuo Stared at Elder Dark Bone with a strange look in his eyes.

“In the Divine Beginning Realm, there was only one expert who reached the pinnacle of the six realms of the Void. Now there are three more. Congratulations.” Elder Dark Bone laughed. “There’s another one?” Jian Wushuang was stunned.

“Aren’t you the only expert in the Divine Beginning Realm who has reached the pinnacle of the six void realms?” Xiao’er also looked at Elder Dark Bone.

“No, there is indeed another expert besides me. You haven’t met him yet, but you will definitely meet him in the future,” Elder Dark Bone said.

“I don’t care if you meet him in the future, but I know that I have met one now,” said the Demon Master Chenhuo suddenly, a bright light flashing in his eyes.

Chapter 3486 Sparring

“Chenhuo.” Jian Wushuang could not help looking at Demon Master Chenhuo.

“I’ve been lonely for too long. It’s rare for me to meet a decent opponent. How could I miss it?” Demon Master Chenhuo said.

Jian Wushuang nodded secretly. He could understand.

Before the Purple Star Demon Sect was destroyed, Demon Master Chenhuo was a genius. He was also very belligerent and liked to challenge experts everywhere.

rs.

After the destruction of the Purple Star Demon Sect, he stayed in the secret realm of heaven and earth for nearly 200 million years alone. Just as he said, he had been lonely for too long, and he had not had a good battle with anyone for a long time, even after he came out of the secret realm of heaven and earth, he still did not meet any opponents because he was too strong.

The only one he met was probably Da Ying from before.

However, after he made a breakthrough in that battle and reached a new level, an expert at Da Ying’s level was no longer qualified to be his opponent. Now, only experts at the pinnacle of the six void realms were qualified to be his opponent.

There were only three such experts in the entire Divine Beginning Realm, including him. It was too difficult to meet them.

Now that Elder Dark Bone was standing in front of him, he naturally did not want to miss this opportunity.

Knowing this, Jian Wushuang did not stop him.

“Elder Dark Bone, do you want to fight with me?” Demon Master Chenhuo asked directly.

Elder Dark Bone also looked at Demon Master Chenhuo with a strange look, but then he smiled slightly. “Experts at the pinnacle of the six void realms are indeed very difficult to meet in the Divine Beginning Realm unless they are in the Universe Battlefield. Now that we can meet one, it doesn’t matter if we fight.”

Hearing this, the surrounding people could not help but become excited.

Elder Dark Bone had obviously accepted the challenge.

The fight between two experts at the pinnacle of the six void realms was certainly exciting.

“After all, we’re in the Nine-tailed Clan. I’m afraid we won’t be able to fight freely. Let’s find another place,” Elder Dark Bone said.

“Okay.” Demon Master Chenhuo nodded, and then the two directly rushed out of the ancestral land of the Nine-tailed Clan.

“Let’s go and take a look.”

Jian Wushuang, Life Fall King, Xiao’er, Axe One Master, Marquis Duan Yu, Star Saint Master, and Shadow Fox Master did not want to miss the battle and followed them.

They came to an empty space not far from the ancestral land of the Nine-tailed Clan. Then, they made way for a huge battlefield, with Demon Master Chenhuo and Elder Dark Bone standing in the center of the battlefield.

A golden fist glove appeared in the hands of Demon Master Chenhuo.

“This fist glove was given to me by Master when Purple Star Devil Sect was still around. Later, I found someone to refine and strengthen it. Finally, it was upgraded to a top-tier true treasure. Its name is Golden God!” Demon Master Chenhuo said indifferently.

“Top-tier true treasure?” Elder Dark Bone smiled. “A top-tier true treasure from the Divine Beginning Realm. It’s powerful, but it’s nothing compared to a universe true treasure. However, today’s battle is just a sparring match. To be fair, I won’t use a universe true treasure. I got this blade many years ago, but I’ve never used it since. I’ll use it to fight you today.”

As Elder Dark Bone spoke, a pitch-black blade appeared in his hand.

This blade looked ordinary, but anyone could feel a shocking coldness from it.

Without a doubt, this blade was also a top-tier true treasure, but it was clearly not Elder Dark Bone's strongest godly weapon!

There was nothing he could do about it. Elder Dark Bone had lived for too long, and he often went to the Universe Battlefield to explore. He even had a lot of universe true treasures, many of which were more powerful than the top-tier true treasures in the absolute beginning godly world.

As for Demon Master Chenhuo, he had never been to the Universe Battlefield, and he had stayed in the universe secret region for a long time, so he had no chance to collect more powerful true treasures. The glove in his hand was indeed his most powerful godly weapon.

"Sinking fire, make your move," Elder Dark Bone said with a faint smile. Even though he was facing Demon Master Chenhuo, who was at the same level as him and was at the pinnacle of the six levels of the void space, Elder Dark Bone still looked very relaxed, it was as if Demon Master Chenhuo was not really in his heart.

And Demon Master Chenhuo had also noticed this. Although he was not angry, he had already used his actions to express his dissatisfaction.

Boom!

A sudden explosion of air could be heard. The void where Demon Master Chenhuo was originally at had instantly turned into nothingness. His figure had already disappeared in that void, and when he reappeared...he had already arrived in front of Elder Dark Bone. At the same time, his right hand had already turned into a huge star, directly striking toward Elder Dark Bone.

When Elder Dark Bone saw this, he unhurriedly slashed out with his blade.

This blade was soft, as if it did not possess any power.

However, as the blade light passed by, an empty tunnel appeared.

In the blink of an eye, the fist of the Demon Master clashed with the blade light.

Peng!

The void exploded on the spot, and a black hole with a diameter of nearly 1,000 meters appeared in this vast world.

"Black hole?"

"What a huge black hole. This area is simply unbelievable!"

"The strongest expert of the six void realms is indeed...extraordinary!"

The surrounding six void realm Principles Masters who were watching the battle could not help but exclaim in admiration. Even though they were all at the six void realms, the gap between the ordinary six void realms and the pinnacle of the six void realms was too great.

One had to know, what was the pinnacle of the six void realms?

That was after one had completely grasped and fused the three principles, comprehended the fourth principle, and grasped the seventh portion of the power of the will!

But the ordinary six states of the void, including the experts at the peak of the six states of the void, only grasped six will's power. Compared to the pinnacle of the six states of the void, there was one less will's power, and the difference of one will's power...how huge was it?

To put it bluntly, the pinnacle of the six states of the void actually did not belong to the scope of the six states of the void. Speaking of which, they could already be considered to have reached the seven states of the void!

They had an extra portion of will power compared to the six void realms. In terms of pure divine power, they were far above the six void realms.

Just like now, when the Demon Master and Elder Dark Bone were fighting, the two of them were clearly just casually attacking and did not use any ultimate moves or secret techniques. However, the power that burst out in that instant...caused the several experts of the six void realms present to be shocked.

The casual attack of the Demon Master and Elder Dark Bone was not something that ordinary void six stage experts like them could achieve. At the same time, it was also something that they could not withstand.

Hualala ~ ~

After the spatial black hole appeared, the void started to recover at a terrifying speed. Meanwhile, the Demon Master and Elder Dark Bone had already retreated.

Chapter 3487 Was Easily Deciphered

"Just comparing power, the two of them look similar." Axe One Master said.

"Very normal. Both are at the pinnacle of the six realms of the void, and both have grasped seven portions of willpower power. In terms of basic power, they are comparable. The only difference is that both have grasped the fusion principles, and who is more proficient in a head-on collision. But now, it seems that both have grasped the nature of the laws, and they are not too different." Marquis Duan Yu laughed.

"However, the power of the divine power is about the same, so it doesn't mean much." Axe One Master added.

As expected, in the center of the battlefield, the two people who had separated moved again.

This time, the two of them moved at the same time, but in an instant, their figures disappeared from everyone's sight.

While the spectators were still thinking of ways to capture the figures of the two of them, bang!

A loud boom was heard. The two had already exchanged blows in the void of the battlefield. The power that burst out in an instant was earth-shaking, and the airwaves swept wildly.

The spectators were affected by the power and immediately looked toward the source. However, when they looked over, they could not see anything. Instead, another violent boom was emitted from another void.

Boom! Boom! Boom!

The booms came one after another. Not only Jian Wushuang, but even the rules masters of the six void realms could not catch the figures of Demon Master Chenhuo and Elder Dark Bone, they could only follow the booms to find their positions.

However, when they followed the voice, they found that Demon Master Chenhuo and Elder Dark Bone were already in other places.

It was too much for them to handle!

Everyone's eyes could not keep up with the speed of Demon Master Chenhuo and Elder Dark Bone.

"Too fast, too fast!"

"I'm a Principles Master of the six void realms, but I can't keep up with their speed?"

"Indeed, the experts at the pinnacle of the six void realms are really terrifying!"

Axe One Master, Marquis Duan Yu, and Star Saint Master could not help but exclaim in admiration.

Even they could not keep up with the speed of Demon Master Chenhuo and Elder Dark Bone, so Jian Wushuang naturally could not keep up with them.

"This is true speed!" Jian Wushuang clenched his hands. "Although I have comprehended the space-time principles and am very good at speed, many experts at the five void realms can't keep up with me when I use my full strength, my speed is like a child's play compared to senior sinking fire or Elder Dark Bone. It's ridiculous."

On the battlefield, the speed unleashed by Demon Master Chenhuo and Elder Dark Bone was indeed too shocking.

And it was very obvious that the two of them were currently competing in speed.

This competition lasted for a long period of time. The two of them had clashed nearly a hundred times, but they were still unable to determine the victor.

"Haha, Demon Master Chenhuo, your speed is indeed very impressive." Elder Dark Bone let out a strange laugh. "Among the principles I control, there are two major principles, wind and thunder. I myself am quite good at speed, but I didn't expect that my full speed would still be unable to surpass yours." Demon Master Chenhuo narrowed his eyes.

"Just based on speed, it is impossible to determine the victor. You should bring out your true ability." Elder Dark Bone laughed.

"As you wish." Demon Master Chenhuo's face was cold. A majestic power had begun to gather around him. At the same time, a rich golden light began to erupt from the scarlet-gold glove on his right hand.

“Here it comes, the ultimate move of Chenhuo!” Jian Wushuang’s pupils shrank.

The two most powerful ultimate moves of Demon Master Chenhuo were Divine Destruction and Dragon God Destruction.

Judging from the power accumulated by Demon Master Chenhuo and his movements, he must have intended to use divine destruction first.

Boom!

Heaven and earth shook and endless golden light gathered. In the blink of an eye, a huge golden sun rose up.

The golden sun brought with it an incomparably terrifying impact force as it crushed toward Elder Dark Bone.

Although they stood outside the battlefield and were far away from the golden sun, the spectators, including the Principles Masters of the six void realms, could not help but feel a sense of fear when they saw the golden sun, I could not help but feel a sense of dread.

It was as if the golden sun were to come at them, and they would not be able to resist it.

But as a golden sun target of Demon Master Chenhuo, but only a faint smile, followed by the hands of the pitch-black sword again cut

out.

Is still light, as if there is no strength of a knife, but the moment the knife light cut out, but with a sense of destruction.

Instantly, the saber light flashed through the golden sun, directly splitting it in half. The earth-shaking might contained within the golden sun also retreated to the sides.

“My Sky God Annihilation was actually broken so easily?”

Seeing the result in front of him, even the Demon Master Chenhuo could not help but reveal a trace of surprise.

“Demon Master Chenhuo, do you have any more powerful ultimate moves?” Elder Dark Bone still looked at the Demon Master Chenhuo with a faint smile.

“Hmph!”

Demon Master Chenhuo snorted coldly, and in an instant, his majestic might once again condensed.

The sky was still filled with golden light, and it was still that enormous golden sun. However, at this moment, the golden sun that Demon Master Chenhuo displayed was a full size larger than before, furthermore, this golden sun had a wildness that the previous golden sun did not have.

This wildness was as if this golden sun could explode at any time.

Dragon God Destruction!

The most powerful ultimate move of the Demon Master Chenhuo had already been fully displayed in his hands.

At this moment, the Demon Master Chenhuo had also used his full strength!

And looking at the golden sun at this moment, Elder Dark Bone's gaze finally tightened. "Not only has he broken through to the pinnacle of the six states of the void, he has even created the most powerful ultimate move?"

"Interesting!"

Elder Dark Bone smiled again, following which the pitch-black battle saber in his hand slashed out once again.

Hua!

This saber was no longer the soft and feeble one from before.

This saber strike was rather swift and fierce, and it was indomitable!

In the blink of an eye, the saber light had already slashed onto the golden sun, and in an instant, the golden sun split apart. However, before the shocking might contained within the golden sun started to erupt, that pitch-black saber light already had a world-destroying intent, it completely annihilated the power contained in the golden sun.

In other words, the huge golden sun had already been annihilated by the saber light of Elder Dark Bone before it could even erupt with its proper power.

Elder Dark Bone was still able to easily neutralize Demon Master Chenhuo's most powerful move, Dragon God Annihilation.

"How is this possible?" Demon Master Chenhuo was stunned.

"He blocked it so easily?" Jian Wushuang was also very surprised.

"It's a little too powerful." Axe One Master and the others also widened their eyes in astonishment.

Chapter 3488 He Had Lived for Far Too Long

"Demon Master Chenhuo, I've already asked you to attack twice. Furthermore, you've already used your strongest move. Next, you should also receive my blade." Elder Dark Bone smiled faintly.

Demon Master Chenhuo immediately prepared himself.

Under everyone's gaze, Elder Dark Bone attacked once again.

Hua!

Elder Dark Bone did not take too long to gather his strength before he casually slashed out with his blade.

This slash was indeed very casual. It did not seem like he was using any powerful ultimate move.

Moreover, after the battle blade attacked, the void in front of him did not even have the slightest ripple. There was not even a blade light.

Elder Dark Bone's blade did not seem to have any effect on the surrounding void, nor did it have any power bursting out.

Seeing this scene, the few people watching the battle revealed puzzled expressions.

Even the Demon Master Chenhuo frowned slightly. However, suddenly, the expression of the Demon Master Chenhuo changed. His right hand instantly gathered a majestic power and exploded toward the void in front of him.

Bang!

His fist smashed into the void in front of him. There was actually a formless and terrifying blade light charging over.

Fortunately, Demon Master Chenhuo reacted in time. In any case, this formless blade light had directly struck his body.

Even though he reacted, the power contained within that formless blade light was still not something that Demon Master Chenhuo's last-minute punch could compare to.

After an intense explosion sounded, Demon Master Chenhuo's body suddenly shot out. He directly shot to the edge of the battlefield before he finally came to a stop.

He regained his balance, but at this moment, he was shocked. He looked at his right hand with a look of disbelief.

Elder Dark Bone had already put away his blade and looked at him again, "Dark Fire Demon Master, you don't have to be too surprised. You may not know this, but I have lived for a very long time. During this long time, I have been to the Universe Battlefield many times and met countless great beings. I have even met many ruler-level great beings in the Universe Battlefield.

"And even in the Universe Battlefield, there are no restrictions on the ruler-level experts. Under the premise that they can unleash their strongest strength, this old man still has the confidence to survive in the hands of an ordinary ruler-level expert!"

"As for the experts at the pinnacle of the six states of the void, this old man has met even more in the Universe Battlefield. But among these experts at the pinnacle of the six states of the void, other than Di Shisan from the Seven Star Mysterious Sect, there is really no one who is a match for this old man. You have just broken through to the pinnacle of the six states of the void not long ago, so it is very normal for your strength to be inferior to this old man."

"Right." Life Fall King laughed, "But in terms of strength, Elder Dark Bone is indeed much stronger than ordinary experts at the pinnacle of the six void realms. It is precisely because of this that he was able to survive against a ruler-level expert, which is why he has the qualifications to befriend me. As for you, Demon Master Chenhuo... you have just broken through to the pinnacle of the six void realms, yet you are already so strong. It is already very rare, but if you want to challenge Chenhuo, you are still lacking quite a bit."

“I was defeated in this battle. I am completely convinced of my defeat,” Demon Master Chenhuo said directly.

He could already tell that although he was already on the same level as Elder Dark Bone, Elder Dark Bone was far stronger than him in terms of true strength.

This could be seen from Elder Dark Bone’s extremely casual manner when he fought with him.

When Elder Dark Bone fought with him, he should not have used his full strength.

Moreover, Elder Dark Bone himself had said that even in the Universe Battlefield, he was confident that he could survive in front of a ruler-level expert. This ability was something that even the Demon Master Chenhuo felt inferior to.

One had to know that a ruler-level expert, even in the Divine Beginning Realm, was still stronger than a Saint Realm Master under the restriction of the will of the Heavenly Dao.

In the Universe Battlefield, a ruler-level expert could display his peak strength without any restrictions. His combat strength was definitely dozens of times stronger than that of a master of the saint realm, or even more.

In the face of such absolute strength, Demon Master Chenhuo was confident in his survival. One could only imagine how powerful he was.

“Alright, you two, this battle ends here.” Jian Wushuang had already walked forward.

He glanced at Demon Master Chenhuo and asked, “How do you feel, Chenhuo?”

“How can a loser feel? I still don’t understand the last move he made,” Demon Master Chenhuo said.

“Yes, we don’t understand the move either. What’s going on?” Axe One Master asked.

The last blade that Elder Dark Bone used was indeed a little too strange.

That was because in their view, that blade did not produce any ripples and did not affect the void at all.

They did not even see where the blade light was. Even Demon Master Chenhuo did not sense the blade light at the beginning. It was only later that he could sense it because the blade light was attacking him.

And seeing everyone’s puzzled look, Elder Dark Bone laughed, “Actually, that blade of mine was nothing. In terms of power, it was slightly weaker than the strongest move of Demon Master Chenhuo. However, that blade of mine was somewhat illusory. This is also related to the principles that I have grasped. Of course, the main reason is that I have been roaming the Universe Battlefield for too long and have fought with all kinds of experts.”

“There are many top-tier warriors fighting with each other. During these battles, they have naturally comprehended some unique and unique ultimate moves. For example, that blade just now is considered a unique ultimate move. In the future, if you have roamed the Universe Battlefield for a long time and fought with many top-tier warriors, you might also be able to comprehend some unique ultimate moves.”

“Is that so?”

Everyone could understand.

Elder Dark Bone's blade was indeed strange, but when they thought about how long he had lived, everyone felt relieved.

He had lived for such a long time and fought with countless top-tier great beings. Under such circumstances, it would be strange if he could not comprehend some special techniques and ultimate moves.

"Although I have reached the pinnacle of the six void realms, I have never been to the Universe Battlefield," Demon Master Chenhuo could not help but say.

Sa

"Neither have I," Jian Wushuang said. At the same time, he immediately remembered that among the few opportunities left by Xue Bei in the Blood North Secret Realm, there was a star map of the Universe Battlefield, the star map was to go to a special place, but since he had never been to the Universe Battlefield, he naturally had not been there.

"The Universe Battlefield is the real paradise for experts. It seems that after I finish what I've done here and extract Shuang 'Er's soul, I'll have to go to the Universe Battlefield to experience it," Jian Wushuang thought to himself.

Chapter 3490 Target: The Blood Clan!

"In that case, let's not waste any time. Let's go to the Blood Clan now!" Jian Wushuang suggested.

The surrounding people looked at each other and nodded.

Then, they set off directly.

Because their purpose this time was to kill Da Ying and the Blood Clan leader, they did not want to wipe out the Blood Clan. Therefore, they were the only ones who set off to the Blood Clan.

As for the Principles Masters of the Divine Moon Palace and the Nine-tailed Clan who were below the sixth realm of the void realm, none of them went.

The Blood Clan land was far away from the Nine-tailed Clan. It would take a long time for ordinary experts to travel, but this time, almost all the experts who went to the Blood Clan were above the sixth realm of the Void Realm, they traveled at a terrifying speed.

In less than half a day, they had arrived outside the ancestral land of the Blood Clan.

When they arrived, the Blood Clan did not receive any news. The entire Blood Clan was very calm, but the clan-protecting formation of the Blood Clan had been operating normally.

"Marquis Duan Yu, it's up to you." Jian Wushuang glanced at Marquis Duan Yu.

"Leave it to me. But if any experts of the Blood Clan come out, please block them for me. Don't let them affect me," Marquis Duan Yu said.

“Don’t worry. With our formation there, no one from the Blood Clan will dare to come out,” Jian Wushuang said.

Marquis Duan Yu nodded and immediately rushed toward the ancestral land of the Blood Clan.

There was a huge formation outside the ancestral land, which was the protection formation of the Blood Clan. Marquis Duan Yu appeared next to the formation and began to crack it.

However, it was the protection array of the divine clan after all. Its power level was extremely high. Marquis Duan Yu’s act of cracking it openly caused quite a commotion.

In a secret room in the ancestral land of the Blood Clan.

This secret room was extremely hidden. Even many of the elders and high-level experts of the Blood Clan did not know of the existence of such a secret room, let alone an innocent intruder.

At this moment, there were two people sitting in this secret chamber.

One of them was wearing a blood robe. His face was thin, but his skin was extremely ruddy as if it was stained with a layer of faint blood.

He was the clan leader of the Blood Clan, also known as the Blood Master!

As for the other person, he was wearing a black robe. His entire body was wrapped in the black robe, so it was impossible to see his exact appearance. Moreover, the aura emitted from his body was also extremely cold, there was even an extremely evil aura.

“Yama, what does your master mean by that?” The Blood Master frowned and asked.

“Blood master, don’t be anxious.” Under the black robe, a hoarse voice slowly sounded, “It’s not that you don’t know my master’s position. This matter involves not only the Nine-tailed Clan, but also Heavenly Sword Marquis.”

“As you know, Heavenly Sword Marquis, even the three great Saint Realms can’t do anything to him now. They have no intention of attacking him for the time being. No matter what, my master still has to stand with the three great saint realms on the surface. If my master really wants to help you at all costs, that would be to directly shed all pretense of cordiality with Heavenly Sword Marquis. At that time, we still don’t know what will happen to Heavenly Sword Marquis. However, the three Saint Realm Masters will definitely blame my master.”

“Humph, with your master’s strength and methods, are you afraid that the three Saint Realm Masters will blame him?” The Blood Master coldly glanced at the black-robed

man.

“Of course. After all, my master is currently living under someone else’s roof. He has to listen to the three Saint Realm Masters more or less. It is obvious that the three Saint Realm Masters want to follow the Heavenly Sword Marquis and find an opportunity to give him a fatal blow. However, if the Heavenly

Sword Marquis is alerted because of my master's rash attack, the three Saint Realm Masters will definitely be unhappy," the black-robed man said indifferently.

"In other words, your master is not willing to get involved in this matter?" The Blood Master said coldly.

"I didn't say that, but in my opinion, since you sincerely want to cooperate with my master, my master will not reject you so easily. Otherwise, he would not have sent me here personally. It can be said that my master is still willing to cooperate with you, Blood Master. However, my master has a lot of things to worry about now, so he has not made a definite decision. He will have to wait a little longer and see what the situation is like before deciding," the black-robed man said.

"It depends on the situation?" The Blood Master was shocked and angry. "Humph, if we look at the situation again, the Nine-tailed Clan and the Heavenly Marquis of Sword will attack us!"

"It's not necessary. Even if the Heavenly Sword Marquis joins hands with the Nine-tailed Clan and the Divine Moon Palace, their lineup is indeed much stronger than the Blood Clan. However, the Blood Clan now has not only you, but also Da Ying. With you two experts at the peak of the six states of the void, what can they do to you with only one expert at the peak of the six states of the void? Besides, I'm among the Blood Clansmen now. If they really attack, I'll naturally lend you a hand," the black-robed man said.

"With your words, I feel a little relieved." The Blood Master let out a sigh of relief.

But suddenly...the Blood Master's expression changed, and he stood up abruptly.

"What's wrong?" The black-robed man looked over.

"It's a formation. Our clan's protective formation has been attacked, and the formation spirit told me that that person is using a special method to break the formation. If he continues to break the formation like that, it won't be long before the formation spirit can't hold on any longer!" The Blood Master said in a deep voice.

"Break the formation?" The black-robed man stood up in shock.

"It's the Nine-tailed Clan. It must be the Nine-tailed Clan's people who have come to kill us. There's also that Heavenly Sword Marquis. At this time, only they would dare to attack us, and only their people can break our clan's formation so quickly! The Blood Master immediately became nervous.

"Da Ying told me before that the array of the Nine-tailed Clan was broken by a mysterious expert of the six states of the void in the camp of the Divine Moon Palace. The array of the Nine-tailed Clan is a five-element array from the Universe Battlefield. However, in terms of level, it's higher than the array of the Blood Clan. Even the array of the Nine-tailed Clan can't withstand it. Naturally, the array of the Blood Clan will also be broken by that person!"

The black-robed man's aura surged as he said leisurely, "I didn't expect that the Nine-tailed Clan and the Heavenly Sword Marquis would actually dare to attack the Blood Clan so quickly. Where did they get their courage from?"

"It's over now. They've already charged over. We should think of a way to stop them first," The Blood Master said in a deep voice. "Don't be anxious." The black-robed man waved his sleeve and said in a

deep voice, “Blood Master, didn’t you invite many experts who are skilled in formations to prevent the Nine-tailed Clan and the Heavenly Sword Marquis from attacking? These experts can be used now!”
