

Swordsman 3491

Chapter 3491 Array Defense

"Yes, I almost forgot. These experts who are good at array formations all have an extremely high level of research in array formations. Moreover, they came to the inner part of our Blood Clan very early and began to study our clan's protective array formations. They already have a very good understanding of our clan's protective array formations!" "As for the person who broke the formation invited by the Nine-tailed Clan, although he has a very high attainment in formations, he is only one person. Moreover, he is outside the formation, so he can break the formation outside. The experts I invited are constantly repairing and fighting against him inside the formation. With so many people working together with the formation spirit, I don't believe he can break our clan's protective formation." A cold smile appeared on the Blood Master's face.

He had long been on guard against the Nine-tailed Clan and Jian Wushuang.

In particular, he had learned from Da Ying that the Nine-tailed Clan had been conquered largely because the clan's protective array had been broken by someone, that meant that the other party must have an expert in array formation.

Therefore, in order to be on the safe side, he had paid a great price to invite many experts with high attainments in array formation.

Now, these experts could be used.

Following the Blood Master's instructions, the experts who were good at the field of formation quickly began to cooperate with the spirit of the formation to fight against Marquis Duan Yu.

As the Blood Clan already knew that the Nine-tailed Clan and Jian Wushuang had come to attack, they were also on full alert.

The entire Blood Clan could be said to be on full alert.

In the void outside the Blood Clan, Jian Wushuang and the others were also waiting quietly.

They waited for a full hour. "Something is wrong." Axe One Master frowned and said, "Marquis Duan Yu's attainments in the Dao of formation have long reached the peak. Even the five-elemental formation of the Nine-tailed Clan did not take him long to crack without anyone's influence. However, the guardian formation of the Blood Clan is not as high-level or as complicated as the five-elemental formation of the Nine-tailed Clan. Yet, Marquis Duan Yu still hasn't cracked it after an hour?"

"Yes, it's a little strange." Jian Wushuang nodded. However, they did not go up to him to ask about it because Marquis Duan Yu was still breaking the formation and the Blood Clan did not send any experts to disturb him.

At this moment, Marquis Duan Yu, who had been in the middle of breaking the formation, finally opened his eyes and got up to return.

"Marquis Duan Yu, how is it?" Axe One Master hurriedly asked.

"You look like you've run into some trouble." Jian Wushuang also asked.

"I did run into some trouble." Marquis Duan Yu nodded and said, "The level of this formation isn't very high, and I've known about it before. As long as no one interferes with me, it's easy to break this formation. But I didn't expect that the Blood Clan had been prepared."

"Prepared?" Everyone was puzzled.

"If I'm not mistaken, there should be more than a dozen or more experts who are proficient in array within the Blood Clan. These experts already have a very good understanding of the Blood Clan's protective array. If they work together and cooperate with the spirit of this array, they will continue to tangle with me. As soon as I break a place, they will immediately repair or change that place. They will constantly obstruct me, making it impossible for me to break this array." Marquis Duan Yu said.

"Is that so?" Everyone immediately understood.

Previously, when they saw that no one from the Blood Clan had walked out of the formation, they thought that no one could affect Marquis Duan Yu. They did not expect that the Blood Clan could actually make those experts who were good at formations...it had a great impact on Marquis Duan Yu from inside the formation.

"However, that Blood Clan leader has clearly underestimated me." Marquis Duan Yu smiled again. "He thought that by inviting these experts who are good at arrays to obstruct me from cracking the array formation from the inside, he would be able to ensure that this array formation is complete. However, he didn't know that the experts he invited who are good at arrays are just a bunch of useless chickens and dogs. Their understanding of arrays might be at the level of a master in the Divine Beginning Realm. However, if they were placed in the Universe Battlefield, they wouldn't even be able to compare."

"They don't know how changeable the array is, nor do they know how many ways to break it. For example, the one I used to break it one by one is just one of the ways to break it. But there are more ways to break it. They have never come into contact with it, so how can they really hinder me?"

"So, Marquis Duan Yu, you already have a way to break the array?" Jian Wushuang's eyes lit up.

"Yes, I have secretly arranged many methods in the magic array during the fight with them. Now, as long as I activate these methods at the same time, the magic array will be in a temporary state of stagnation. In this short period of time, only one of you, Demon Master Chenhuo or Mr. Elder Dark Bone, can easily break this magic array," Marquis Duan Yu said.

"Amazing!" Axe One Master could not help but exclaim.

"In that case, Chenhuo, please help Marquis Duan Yu to break the formation," Jian Wushuang said.

"Sure." Demon Master Chenhuo nodded slightly and then walked toward the formation with Marquis Duan Yu.

"Demon Master Chenhuo, this is the place. As long as you stand here, you can attack the formation immediately if I ask you to. It doesn't need to be very powerful. With the strength of an expert at the pinnacle of the six void realms, you can break the formation with just one attack," Marquis Duan Yu said.

"Understood." Demon Master Chenhuo nodded.

As for Marquis Duan Yu, he closed his eyes and began to activate the techniques he left behind in the array.

A moment later, Marquis Duan Yu's eyes opened once again.

"At this moment, Demon Master Chenhuo, make your move!" Marquis Duan Yu shouted.

Demon Master Chenhuo did not hesitate. He raised his right hand and a majestic might condensed in it. Following that, he punched out toward the array in front of him.

The fist smashed into the light membrane of the magic formation like a meteorite. Because the magic formation was in a temporary state of stagnation, it was impossible to distribute all the power of Demon Master Chenhuo's punch to every corner, moreover, the spot where Demon Master Chenhuo attacked was the weak point of the magic formation. Therefore, the punch instantly blew a big hole in the light membrane of the magic formation.

The appearance of the big hole immediately caused the entire formation to collapse.

The overwhelming power began to retreat frantically. In a short while, the protective formation of the Blood Clan had disappeared, and the Blood Clan had been completely exposed to Jian Wushuang and the others.

"Axe One Master, Star Saint Master, Lord Xu, and Lord Shadow Fox!" Marquis Duan Yu shouted in a low voice.

Axe One Master, Star Saint Master, Lord Xu, and Lord Shadow Fox were already prepared. They were standing in four corners of the ancestral land of the Blood Clan. After hearing Marquis Duan Yu's shout, the four of them attacked at the same time.

Instantly, with Marquis Duan Yu as the core, a brand new array formation was formed!

This array formation was the Netherjade Five Kill Array Formation!

Chapter 3492 Charge Into the Blood Clan

In the ancestral land of the Blood Clan, the Blood Master initially thought that the experts who were skilled in arrays that he had invited had successfully stopped Marquis Duan Yu from breaking the array. He was originally extremely happy, but suddenly...the protective array of the Blood Clan was broken.

This sudden change caused the Blood Master to turn pale with fright. The entire Blood Clan became extremely nervous.

The many high-level experts of the Blood Clan all rose up with solemn expressions.

Especially when the Netherjade Five Kill formation around the Blood Clan was formed, the Blood Clan experts all felt a trace of panic in their hearts.

"What's going on? Wasn't the person who broke the formation already blocked? How did he break it all of a sudden? What's going on?" The Blood Master's expression was unsightly as he continuously roared.

"It's too late to say this now. The formation has been broken. This is the truth. However, even if the formation is broken, the combined forces of the Nine-tailed Clan and the Heavenly Sword Marquis might not be able to do anything to you." The mysterious black-robed man beside him said.

The Blood Master's gaze darkened as he nodded to himself.

At this moment, Da Ying, who was originally in seclusion within the Blood Clan, was alarmed by the commotion here. He had also forcefully broken through and appeared beside the Blood Master.

"Blood Master, what's going on?" Da Ying frowned as she looked around at the huge formation that had formed around her. That formation had brought her quite a bit of pressure.

"What else can be going on? Isn't it just the Nine-tailed Clan and the Heavenly Sword Marquis that are charging over? Hmph, you clearly know that there are two experts at the peak of the six states of the void in our Blood Clan, yet you still dare to charge in. You really have guts." The Blood Master snorted coldly, he then looked at Da Ying. "Da Ying, how has your strength recovered during these few days of closed-door cultivation?"

"The backlash to my soul was too severe previously. I was only in closed-door cultivation for such a short period of time, and my battle strength was unable to recover to its peak. Now, I can only display close to 70% of my battle strength." Da Ying said. "Close to 70%? That's about it. If you and I join hands, a mere expert at the peak of the six states of the void would not be able to take us down. If it really doesn't work, isn't Elder Dark Bone around?" The Blood Master glanced at the black-robed man beside him.

"Don't worry, Blood Master. If it comes to a critical moment, I will take action," the black-robed man said.

"That's good." The Blood Master nodded slightly. After the Netherjade five-kill formation was set up, Jian Wushuang and the others, who had been waiting outside, finally walked into the Blood Clan ancestor's land and soon appeared in front of The Blood Master, Da Ying, and the others.

"Da Ying, do you think you can hide in the Blood Clan and live in peace?" Xiao'er stared at Da Ying with a cold face.

"Hmph, Da Ji, I admire you. Not only are you able to find so many powerful helpers, but you are also very good at setting up formations. If I'm not wrong, the formations you are setting up around here should be used to prevent me from escaping, right?" Da Ying said in a low voice.

"That's right. This array is prepared to kill experts like you who have reached the peak of the six states of the Void. This array is called the Netherjade Five Kill array. It is formed by the joint efforts of five experts of the six states of the Void. Da Ying, if you have the ability, you can go and try to see if you can escape from this array." Xiao'er said with a cold smile.

"The array formed by five experts of the six states of the void?" Da Ying's face sank.

Actually, there was no need to try. When she was trapped in the formation and felt the power of the formation, she had guessed that it would be difficult for her to break out of the formation, even if she joined hands with the Blood Masters and Yama, it would be difficult for her to break out of the formation.

However, even if she could not break out of the formation, it did not mean that they would die.

After all, this was the ancestral land of the Blood Clan. There were many Blood Clan experts present, and there were also the Blood Master and Yama. Da Ying had some confidence.

“Da Ji, since you want to kill me, then bring out all your methods. I want to see if you really have the ability,” said Da Ying.

“Don’t worry, I won’t let you down.” Xiao’er smiled coldly.

At this moment, the Spirit Ancestor also took a step forward and stared at the Blood Master. He said in a low voice, “Blood Master, do you still remember me?”

“Oh, isn’t this the Spirit Ancestor of the Heavenly Ancestor Daoist Sect? Why, are you also involved in today’s battle? However, what can you do with your strength?” The Blood Master stared at the Spirit Ancestor with a strange smile.

Although the Spirit Ancestor was also the ruler of the rules of the six states of the void, her combat strength was still far from the peak of the six states of the void. She was only slightly better at the aspect of the soul. The Blood Master did not take her to heart at all.

“Yes, I can’t threaten you with my strength alone, but I’m afraid you don’t know that it’s because of me that Heavenly Sword Marquis is willing to spend so much effort to kill you!” Spirit Ancestor said coldly.

“What did you say?” The Blood Master frowned immediately.

“Blood Master, Spirit Ancestor is right,” Jian Wushuang said at this moment, “The reason why I didn’t hesitate to attack the Blood Clan was because I had an agreement with Spirit Ancestor that I would help her kill you. Without this reason, who would dare to attack the Blood Clan, one of the four divine clans?”

“I see,” The Blood Master said, “I didn’t expect that Spirit Ancestor, whom I didn’t take seriously before, would bring so much trouble to the Blood Clan. Fortunately, even if you attack the Blood Clan and break the Clan Protection Array, I’m afraid it won’t be easy for you to kill me and Da Ying in the Blood Clan with your current lineup.”

“It’s true that we’re not enough. Even the Demon Master Chenhuo, who is by my side, would find it difficult to kill either of you. But do you think that’s all I’m prepared for?” Jian Wushuang chuckled.

As soon as he finished speaking, two figures walked over from the void behind him.

These two figures were Elder Dark Bone and Life Fall King

“Haha, Blood Master, right? I’ve never met you before. However, the previous three chiefs of your Blood Clan have met me many times.” Elder Dark Bone’s laughter echoed in this world.

The moment the Blood Master saw Elder Dark Bone, his pupils shrank.

“You, you are...Elder Dark Bone?” The Blood Master’s face changed drastically. “How can that be? I thought you never cared about the fights between the forces of the Divine Beginning Realm. Why are you willing to help Heavenly Sword Marquis now?”

"It's up to me whether I want to join the fights between the forces of the Divine Beginning Realm or not. If I'm willing to help Heavenly Sword Marquis, who in the Divine Beginning Realm can do anything about it?" Elder Dark Bone sneered.

Hearing Elder Dark Bone's reply, the Blood Master and Da Ying's faces became extremely ugly!

Chapter 3493 Yama

Previously, Jian Wushuang only had one demon master, Demon Master Chenhuo. Although he was also at the pinnacle of the sixth realm of the void, they were not too afraid of him.

After all, it was almost impossible for Demon Master Chenhuo to kill them alone. Even if he used a magic formation to trap them completely, he could not kill them.

However, it would be completely different if there was an old monster named Elder Dark Bone.

Elder Dark Bone was an old monster from the same era as the Heaven-cleaving Alliance Master and the Temporal Temple Master. He had lived for too long and his strength was unfathomable.

Most importantly, Elder Dark Bone's methods were endless. He was famous for this. Even Saint Realm Masters did not dare to look down on him. One could imagine how terrifying this Elder Dark Bone was.

In the hearts of the Blood Master and Da Ying, Elder Dark Bone's threat to them was undoubtedly incomparable to that of Demon Master Chenhuo. Even if two demon masters of the Chenhuo Realm were tied together, in their eyes, they could not compare to Elder Dark Bone.

Under such circumstances, Elder Dark Bone still had to join hands with Demon Master Chenhuo to deal with them?

"Alright, stop talking nonsense with them. Let's just attack," Jian Wushuang said.

"Our targets are only the Blood Master and Da Ying. However, this is the ancestor land of the Blood Clan. As one of the four great divine clans, the Blood Clan has many Principles Masters. Although these Principles Masters are not very strong, they can still cause us a lot of trouble if they join hands. So...Life Fall King, please help us," Elder Dark Bone said with a smile.

"Sure." Life Fall King did not refuse. With a wave of his hand, a purplish green jade pot appeared in his hand.

This purplish green jade pot did not give off any shocking true treasure aura. It looked ordinary.

However, the moment Life Fall King took out the jade pot and opened its lid, hong!

Beams of purplish green light shot out in all directions like a spider web with the jade pot as its core.

These purplish-green rays of light swept toward the many Principles Masters of the Blood Clan like a spider web.

The sudden turn of events gave these Principles Masters of the Blood Clan a fright. They immediately attacked, wanting to shatter or block this purplish-green ray of light...then...this purplish-green ray of light was incomparably tyrannical. Whenever it appeared in front of a Principles Master, it would

immediately wrap around this Principles Master at a terrifying speed. However, no matter how this Principles Master struggled...he could not get rid of the light beam.

Even the Principles Masters of the five void realms among the Blood Clan who were stronger could not get rid of the purplish-green light beam. They were also wrapped up and formed one purplish-green cocoon after another.

In a short moment, all the Principles Masters of the Blood Clan were trapped in the purplish-green cocoon.

"This is..."

Jian Wushuang and the others were secretly shocked by what they saw. At the same time, they were deeply impressed by the fact that they were masters of the Divine Realm.

Even though the masters of the Divine Realm from the outside world were greatly restricted and could not show their peak strength, their skills were still impressive.

Now, they could easily restrain all the Principles Masters of the Blood Clan with just a random item. Such skills were indeed incomparable to those of the Principles Masters.

"These small characters have already been temporarily bound by me. Now, it's up to you guys." Life Fall King laughed.

"Demon Master Chenhuo, let's make our move." Elder Dark Bone glanced at Demon Master Chenhuo.

Demon Master Chenhuo nodded slightly, and then...sou! Sou!

These two ultimate experts of the six states of the void attacked at the same time.

Both of them turned into streaks of light and appeared in front of the Blood Master and Da Ying respectively.

The two of them picked one opponent each and began to kill.

The Blood Master and Da Ying naturally would not give up without a fight. The two of them immediately used all their skills to defend.

What was worth mentioning was that Demon Master Chenhuo was fighting the Blood Master, and Da Ying's combat strength was not at its peak. He could only use 70% of his strength, and he was fighting the even more terrifying Elder Dark Bone.

Even at her peak, Da Ying would probably find it difficult to survive against Elder Dark Bone, let alone now.

Elder Dark Bone had only casually attacked, but in just two short exchanges, Da Ying felt an enormous life-and-death crisis. "This won't do. Elder Dark Bone is too strong. Even if he casually attacked now, I wouldn't be able to hold on. The moment he puts in a bit of effort, I might be instantly killed by him." Da Ying was incomparably terrified, she did not dare to continue fighting with Elder Dark Bone. She immediately looked at the black-robed man who had been standing at the edge of the battlefield.

"Yama, why aren't you attacking?" Da Ying shouted in a low voice.

“Yama?” Jian Wushuang frowned and fixed his eyes on the black-robed man.

When he had just entered the ancestor’s land of the Blood Clan and met the Blood Master, he had already noticed the black-robed man next to the Blood Master.

This was because the aura emitted by this black-robed man was very strange. Just like the previous Demon Master Chenhuo, he could not sense it at all.

The method of concealing one’s aura was so tyrannical. His strength was definitely not weak.

And now, along with Da Ying’s cry for help, a helpless voice came from under the black robe. “I originally thought that with the Blood Master and Da Ying, the two strongest experts at the peak of the six states of the void, there would be no need for me to make a move. But now, it seems that it is still not enough.”

After the black-robed man finished speaking, his body moved in a strange manner and arrived beside Da Ying. At the same time, he blocked the attack that Elder Dark Bone had casually unleashed.

Even though he blocked it, Elder Dark Bone’s casual attack was so powerful that it was frightening. The black-robed man was immediately forced back.

“Keke, as expected of Elder Dark Bone. His strength is really frightening.” The black-robed man laughed coldly.

“If my guess is correct, you should be Yama from the Sorcerer God’s Sect, right?” Elder Dark Bone looked at the black-robed man calmly. He was not the least bit surprised that the black-robed man was able to receive his attack.

“It is me. I am truly flattered to be able to say my name from Elder Dark Bone’s mouth.” The black-robed man laughed.

“Hehe, don’t be humble. In the Sorcerer God’s Sect, other than the Sorcerer God and that mysterious prophet, your status should be the highest, and your strength is only second to the two of them. Although I rarely interact with the Sorcerer God’s Sect, I have heard of you, Yama,” Elder Dark Bone said with a smile, “It’s just that I don’t know when the Sorcerer God’s Sect has become together with the Blood Clan. Today, you still want to stand up for the Blood Clan and this Da Ying?”

“I don’t want to either. However, the Blood Clan and our Sorcerer God’s Sect did have some history before. Now that everyone is attacking the Blood Clan in such a grand manner and I happen to be present, I can’t just pretend that I didn’t see it, right?” The black-robed fella laughed.

Chapter 3494 Fantasy Secret Skill

“Now the question is, Elder Dark Bone, and everyone here, can we give up on this for the sake of the Sorcerer God’s Sect?” Pluto looked around at Jian Wushuang and the others and said calmly.

Outside the battlefield, Jian Wushuang, Xiao’er, and Spirit Ancestor’s faces darkened.

They had thought that the trip to the Blood Clan would be a success and that no major changes would occur. They had not expected that the Sorcerer God’s Sect would get involved in this matter.

The Sorcerer God's Sect was an extremely terrifying force. Its leader, the Sorcerer God, was a ruler-level expert!

The black-robed Pluto, who appeared in front of them, seemed to have reached the peak of the six void realms based on his aura. He knew that he was standing in front of Elder Dark Bone, however, he did not show any fear. Obviously, he had the confidence to face Elder Dark Bone.

However, it was impossible for them to give up this plan!

"Sorcerer God's Sect?" Jian Wushuang's eyes turned cold. "The Sorcerer God's Sect alone is not powerful enough to stop us."

"Yes, in today's battle, Da Ying and The Blood Master will die. Unless your Sorcerer God comes, you alone can not stop us," Xiao'er said.

"The Sorcerer God comes personally? Haha, it has been hundreds of years, but I wonder if his injuries have all been healed?" Jian Wushuang sneered.

In the battle on the Saha Island, he had received the power of the entire Blood Wave Realm from blood wave. His strength had soared, and he had fought against the Flame Saint Master and the Sorcerer God alone. He had also used his most powerful killing move, he had severely injured the two of them.

This battle was also the battle that made Jian Wushuang famous.

Although it had been hundreds of years and the two of them had certainly recovered from their injuries, Jian Wushuang had brought up this matter to expose the scars of the Sorcerer God's Sect.

"Is that so? That's a pity." Pluto sighed and said slowly, "Since you don't want to leave, I can only try my best to stop you."

"With just you?" Underworld Emperor looked at Pluto mockingly and then slashed out with one hand.

A cold blade light instantly slashed out.

This blade light, even if it was not used by a supreme treasure divine weapon, the instant it burst out, it still easily tore open space. The blade light carried a sharp power that seemed to be able to tear apart everything in the world, it even made the surrounding spectators jump in fear. His strength had reached Elder Dark Bone's level, and he could destroy the world with just a raise of his hand.

Seeing the blade light attacking, the Underworld Emperor was unmoved. Under his black robe, a strange smile spread out.

Hua!

The cold blade light directly passed through the Underworld Emperor's body, but it didn't touch any physical body. Instead, it completely passed through the Underworld Emperor's body.

"Oh?! Underworld Emperor raised his brows and looked at Pluto with a hint of surprise.

"Tsk, ts. In the Divine Beginning Realm, everyone knows that Elder Dark Bone, your strength is tyrannical and your methods are amazing. Even the masters of the Saint Realm wouldn't dare to underestimate you. I, Pluto, also know my own limits. Of course, I'm not your opponent in a head-on

fight. However, as long as I don't fight you head-on, I'm afraid that you won't be able to do anything to me," said Pluto with a strange smile. "I've clearly locked onto his god body. He didn't Dodge when the saber light slashed at him, but this saber light didn't touch him. It's really strange," muttered Underworld Emperor, then, he slashed again with his right hand.

The same saber light flew out again.

However, the moment this saber light flew out, it split into nine. There were nine saber lights, and each of them was extremely sharp. Moreover, they slashed at Pluto from nine different directions at the same time.

However, the Underworld Emperor still smiled. His body did not move at all.

In the end, the nine blade lights still did not touch anything substantial and passed through the Elder Dark Bone's body.

This scene caused Elder Dark Bone's expression to change slightly. The surprise in his eyes became even denser.

"Could it be that the person in front of you is not your actual body but merely an illusory body?" Underworld Emperor frowned and asked.

"Haha, Elder Dark Bone, you really have good eyesight." Underworld Emperor laughed. Then, more and more strange black-robed figures appeared beside him.

These black-robed figures, whether it was their appearance or the aura they emitted, were exactly the same as Underworld Emperor. Whether it was with the naked eye or soul perception, one could not tell the difference between them.

However, these strange black-robed figures continued to appear, dozens, hundreds, and nearly a thousand!

In a short while, nearly a thousand black-robed figures appeared in the world. Each of them looked exactly like Pluto, and even their aura was the same.

"This..."

Jian Wushuang stood outside the battlefield and was shocked to see the thousands of black-robed figures appearing in the void in front of him.

Because in his perception, any one of these black-robed figures was extremely powerful. It was a complete scene with Yama. He could not figure out which of these black-robed figures was Yama's real body.

"Illusion body secret skill?" Elder Dark Bone could not help laughing when he saw the scene around him. "These illusions are so interesting that even I can't tell if they are real or fake."

"Elder Dark Bone, I told you that I'm not your opponent in a head-on fight. However, it won't be a problem if I keep you busy. Now that I'm standing in front of you, you can think of a way to find my real body. Or you can ignore me and continue to kill Da Ying. However, you have to get rid of me first." Pluto smiled faintly.

“Let’s give it a try.” Elder Dark Bone casually moved his body.

His terrifying speed, which Jian Wushuang could not see clearly, suddenly burst out.

There was almost no trace left in the world. But suddenly, one of the nearly 1,000 black-robed figures struck out with lightning speed and a sharp claw attacked the void in front of him.

This claw was clearly aimed at the empty space. However, just as the claw was about to land in that empty space, Elder Dark Bone’s figure suddenly appeared.

This claw was coincidentally aimed at Elder Dark Bone, causing him to be unable to immediately wave his hand to block it. Naturally, Elder Dark Bone’s figure was also blocked.

After his figure was blocked, Elder Dark Bone’s expression finally became a little grave. “You can keep up with my speed and even stop me in time. Your method is indeed powerful.”

“Haha, it’s just a small trick. It can’t threaten you at all, Elder Dark Bone. But as I said, it’s almost impossible for you to break through my obstruction and kill Da Ying.” Yama laughed.

Chapter 3495 Fantasy Alliance, Cang Heaven World!

Yama was very confident.

Although he was not Elder Dark Bone’s opponent and did not dare to fight him directly, he was confident that Elder Dark Bone would not be able to do anything to him. Moreover, if he tried his best to stop him... Elder Dark Bone would not be able to get away from him and get the chance to kill Da Ying.

“It seems like this old man is indeed having a hard time getting past you.” Elder Dark Bone nodded, but then he laughed, “Haha, I didn’t expect that after roaming the Divine Beginning Realm for so long, I would one day be stopped by a peak level six void realm expert. Moreover, there’s nothing I can do. Underworld Emperor, you’re really capable.”

“You flatter me, but the truth is right in front of us. Elder Dark Bone, and everyone here, listen to my advice and leave,” said Underworld Emperor.

However, upon hearing this, Elder Dark Bone laughed even more happily, “Haha, interesting, this is really interesting.”

Beside the battlefield, Life Fall King, who had his hands behind his back, also smiled and said, “Elder Dark Bone, you have lost a lot of face this time.”

“I have no choice. This old man did not expect that this Underworld Emperor actually knew the illusory heaven technique of the Fantasy Alliance. Moreover, he has already cultivated this secret technique to the great success stage. All the illusory bodies and the original body have long merged into one and can change at any time. I really can’t do anything to him,” said Elder Dark Bone casually.

“Well, it’s strange that he has cultivated the illusionary heaven skill to the profound realm. It’s worthy of being one of the six secret skills of the Fantasy Alliance.” Life Fall King nodded.

Elder Dark Bone and Life Fall King were talking to each other. They seemed to be having a pleasant conversation, which confused Jian Wushuang, Xiao’er, and Spirit Ancestor.

Pluto's face darkened. "How? How do you know the Secret Skill I used? And you know that I used the secret skill from the Fantasy Alliance?"

Elder Dark Bone and Life Fall King looked at each other and laughed even more happily.

"Haha, Pluto, it's not your fault. Although I've been in the Universe Battlefield for a long time, I've never been to the Fantasy Alliance before, so I don't know the secret skill of the Fantasy Alliance. However, by chance, I've made a good friend. He's the one who came with me this time, Life Fall King!" Elder Dark Bone laughed, "Life Fall King, introduce yourself."

"Sure." Life Fall King nodded slightly and looked at Pluto, he said in a low voice, "I come from the Cang Heaven World, which is right next to the Fantasy Alliance. Besides, the Cang Heaven World and the Fantasy Alliance have always been mortal enemies!"

"Since we are mortal enemies, of course I know some secret techniques of the Fantasy Alliance, and I know them very well!"

"What?" Pluto was shocked. He looked at Life Fall King in shock.

This person in front of him came from the Universe Battlefield, and just happened to come from the Fantasy Alliance's mortal enemy, the Cang Heaven World?

"Pluto, now you know." Elder Dark Bone continued to laugh, "I have been with Life Fall King for a long time. During our conversation, I naturally heard about the Fantasy Alliance. Of course, I also heard about the fantasy sky technique. Therefore, when you used this secret technique, Life Fall King probably recognized it at a glance. After I used two slashes consecutively, I also confirmed that it was this secret technique."

"Humph, even if you know the origin of my secret technique, so what? You still can't get around me to kill Da Ying." Pluto said coldly.

"Oh, is that so?" Elder Dark Bone grinned.

"Idiot!" Life Fall King laughed disdainfully, "Our Cang Heaven World and the Fantasy Alliance are mortal enemies. Both sides have been fighting for many years, so we already know everything. The few powerful secret techniques of the Fantasy Alliance, including their weaknesses, do you think the Cang Heaven World doesn't know?"

"You can use this secret technique to deal with other people, even if you want to deal with Elder Dark Bone, but you shouldn't have used it. You shouldn't have used it in front of me."

"However, it's not your fault. The Fantasy Alliance is extremely far away from the Divine Beginning Realm. It's because I've been wandering in the universe all year round that I came here and met Elder Dark Bone. Under normal circumstances, the Divine Beginning Realm, the Fantasy Alliance, or the Cang Heaven World wouldn't have any contact with each other. Moreover, there are very few experts in the Fantasy Alliance, and most of their time is spent cultivating in the Fantasy Alliance. They rarely move around in the Universe Battlefield."

“Even if you want to move around, you have to at least reach the pinnacle of the Principles Masters, and you obviously haven’t reached that level yet!”

“That is to say, you aren’t a powerful warrior or disciple of the Fantasy Alliance at all. You just happened to get the fantasy sky technique left behind by the Fantasy Alliance and are good at cultivating this secret technique. Otherwise, if you knew that I was present, you wouldn’t have dared to say such words just now.”

Hearing these words, Pluto suddenly had a bad premonition in his heart.

That was right, he was not a powerful warrior of the Fantasy Alliance. He had never been to the Fantasy Alliance. He did not even know where the Fantasy Alliance was.

He had only learned this secret technique by chance when he was adventuring in the Universe Battlefield.

And now, he was pointed out by Life Fall King

And it was obvious that Life Fall King knew how to deal with the illusion sky technique.

“Life Fall King, although this person isn’t a disciple of the Fantasy Alliance, he has cultivated the illusion sky technique of the Fantasy Alliance after all. So, he has more or less been related to the Fantasy Alliance. Then, this matter is related to you from the Cang Heaven World. So... I’ll leave this Underworld Emperor to you. How about it?” Elder Dark Bone said with a strange smile.

“Sure.” Life Fall King did not refuse.

Before this, he did not care much about killing Da Ying or the Blood Clan leader. The reason why he came was because of Elder Dark Bone. Even if he attacked, it was just to give face to Elder Dark Bone.

But now, the person in front of him was related to the Fantasy Alliance. That was his own matter.

“Those who are related to the Fantasy Alliance must die!”

Life Fall King’s eyes were cold as he stared at Pluto. He waved his hand and a strange black pearl was thrown out.

This pearl appeared on the battlefield before it exploded.

As the pearl exploded, a strange and strange power spread in the surrounding void space.

As this power spread, the thousand figures gathered by Pluto started to dim.

“What?”

“What’s going on?”

The Underworld Emperor was shocked when he saw the scene around him.

In just a short while, the black-robed figures around him disappeared completely, leaving only his original body standing there.

The Underworld Emperor's expression was ugly. He wanted to use the illusory heaven technique again, but he immediately found that there seemed to be some special things in the void around him that prevented him from forming an illusion.

He could not even form one illusion, let alone the thousands of illusions.

At this moment, the Life Fall King's voice sounded, "I said that your illusion sky technique won't work before I'm full!"

Chapter 3496 Sorcerer God

"Scum of the Fantasy Alliance, die!"

Life Fall King's voice was cold and murderous as he pointed out with a finger.

This finger carried a strange power. The moment he pointed out, the void in front of him shattered.

A huge and dark vortex appeared out of thin air. This vortex was vast and boundless, like a prehistoric giant beast that was crazily devouring everything around it.

Following that, from within the Vortex, a huge dark finger that seemed to extend from boundless hell charged toward the Underworld Emperor with destructive power.

The Underworld Emperor stood there and looked at the huge dark finger that extended in front of him. His expression changed greatly in fear.

"This power...the pinnacle of the six states of the void, it is at least at the pinnacle of the six states of the void. It is even stronger than the blade light of Elder Dark Bone!"

"How is this possible?"

"How can there be an existence stronger than Elder Dark Bone among the experts present today?"

Pluto growled. He frantically tried to use his illusory heaven technique, but it was useless. He wanted to dodge the giant finger, but he was horrified to find that the giant dark finger had completely locked him down, preventing him from moving at all.

He could only watch as the giant finger of darkness continued to enlarge in front of him. In the end, the giant finger of darkness was not affected at all and directly struck Pluto.

Bang!

A low rumble sounded, and the void shook.

After the giant finger of darkness displayed its full power, it slowly dissipated in the world.

At this moment, Pluto's body had already been pushed to the ground by the giant finger. Even the ground had a huge hole. Pluto was at the bottom of the hole. He struggled to stand up slowly, however, his expression was no longer as relaxed as before. There was a miserable and pathetic look on his face.

The black robe on his body was formed from a protective treasure. However, it was in tatters now. There was still blood on his body and the corner of his mouth.

Especially the aura on his body. Compared to before, it was weakened by more than 40%!

“Too powerful. One attack has consumed more than 40% of my divine power. If I use this attack twice more, I will definitely die!” Pluto raised his head and looked at Life Fall King with fear.

Life Fall King frowned, he murmured, “The restriction of this world is too great for me. I can’t even use 10% of my strength. I can’t even kill an ant at the peak of the sixth void realm with one attack.”

Life Fall King was not satisfied with the result of his attack.

However, the surrounding people, such as Jian Wushuang and the others, had long been amazed.

“As expected of a ruler-level expert. Even an outsider, whose strength is limited by the power of the will of heaven, can not exert more than 10% of his strength. However, even with less than 10% of his strength, he can still easily crush Pluto and cause him to lose more than 40% of his divine power in one attack. I’m afraid that even Elder Dark Bone can not match his strength.” Jian Wushuang sighed in his heart.

Previously, Life Fall King said that he was too restricted and that the strength he could display in the Divine Beginning Realm was not that great, so he could not count on him for this move.

But now, it seemed that Life Fall King was too modest.

Or it could be said that previously, Life Fall King did not have anything to do with him, so he did not want to personally make a move, so he deliberately said this. But now, because it involved the Fantasy Alliance, he had to personally make a move. The strength he displayed...immediately frightened everyone.

“Life Fall King, your opponent is just a little guy at the peak of the sixth level of the void. Don’t lose face in front of so many people.” Elder Dark Bone laughed weirdly.

“Humph, do I still need you to say it?” Life Fall King’s eyes turned cold, and a suffocating pressure suddenly erupted from his body.

“Die!”

Life Fall King pointed his finger out again.

This finger crushed the time and space in the world. In an instant, a Dark Demon God that was over 30,000 feet tall appeared in the void.

This Dark Demon God had three eyes. The third eye shot out a strange purple beam of light. With a violent swing of its huge arm, a huge fist that was like a huge, boundless dark star appeared, it carried an incomparable impact force and attacked Pluto ferociously.

This dark star was even more powerful than the dark finger that Life Fall King had just used.

Clearly, Life Fall King was serious. He had pushed the power that he could use in the Divine Beginning Realm to the extreme.

The dark star formed by this punch made Pluto’s expression change drastically.

One had to know that Life Fall King's finger had used up more than 40% of his divine power. And now, this even stronger punch was likely enough to destroy all of his remaining divine power.

"Save me!"

"Master, save me!"

Pluto knew that he could not block that punch. He would most likely die in that punch. Thus, he did not have the slightest intention to block it. Instead, he directly crushed a dark green token in his hand, moreover, he let out a series of explosive roars.

The moment that command talisman shattered, a majestic aura instantly rose up and filled the void.

When that Dark Demon God's fist smashed over, circles of dark air currents also blocked it.

When that Dark Demon God's fist smashed against the dark air currents, it was as though it had smashed into cotton. It did not cause too much of a commotion, but its power was completely neutralized.

"Oh?" Life Fall King frowned and raised his head to look ahead.

"Haha, Life Fall King, with your status and strength, you actually attacked one of my subordinates. Isn't that a little too much?" Within the Dark Qi flow, a hearty laughter rang out, following that, a hazy figure slowly appeared in front of everyone.

This hazy figure was quite tall, and the aura it emitted was extremely unique. As for its appearance, no one could see it clearly.

However, even if no one could see his face clearly, they could still guess his identity.

"Sorcerer God!" Jian Wushuang's eyes were cold.

The Sorcerer God's Sect had always stood together with the three Saint Realms.

Back on the Saha Island, the Sorcerer God had appeared and killed him together with the three masters of the Saint Realm, but he had been repelled by him.

Now, Jian Wushuang saw the Sorcerer God again. However, judging from his appearance, the Sorcerer God should be just a consciousness avatar, not the real body.

"Sorcerer God, are you going to stop me?" Life Fall King stared at the Sorcerer God coldly.

"No matter what, Yama is my subordinate. If you want to kill him, I can't pretend that I didn't see it," the Sorcerer God said with a faint smile.

"So, you want to make an enemy of me and the Cang Heaven World?" Life Fall King said coldly.

Chapter 3497 The Final Kill

"Making an enemy out of you, making an enemy out of the Cang Heaven World?" The Sorcerer God frowned.

To be honest, he was not afraid of a single Life Fall King, but if it was the entire Cang Heaven World, then it would be completely different.

The Cang Heaven World was an extremely powerful force even in the Universe Battlefield. Although it was quite far away from the Divine Beginning Realm, the influence of the Cang Heaven World could still reach here, if they really became enemies with the entire Cang Heaven World...there were quite a number of ruler-level experts in the Cang Heaven World, and there were quite a number of them who were stronger than him. Some of the top existences among them even had the qualifications to kill him directly.

Hence, the Sorcerer God was more or less afraid of the Cang Heaven World.

"Life Fall King, although we haven't had much contact before, I still know your great name and the Cang Heaven World behind you. Your Cang Heaven World is the mortal enemy of the Fantasy Alliance, and I'm clear about this. However, this subordinate of mine isn't a member of the Fantasy Alliance. If I say that protecting him is equivalent to offending the entire Cang Heaven World, isn't that a little unreasonable?" The Sorcerer God said in a low voice.

"What a joke. This subordinate of yours has cultivated the illusory heaven technique of the Fantasy Alliance. How can he not be considered a member of the Fantasy Alliance? Even if he isn't, he has a great relationship with the Fantasy Alliance. Our Cang Heaven World naturally has to be killed!" Life Fall King said coldly.

"Pluto has cultivated the illusory heaven technique, but this is just a fortuitous encounter where he obtained the cultivation method of the fantasy heaven technique. He has never had any contact with the Fantasy Alliance. You should be able to see this point. After all, if he really had any contact with the Fantasy Alliance, he would have long been brought to the Fantasy Alliance's Lair to cultivate. Why would he stay under my command?" Sorcerer God said.

"Hmph, who knows why he would stay under your command. In any case, kill him, just in case." Life Fall King snorted coldly.

"Life Fall King!" The Sorcerer God's voice became gloomy, "I have already explained it over and over again. Do you still want to be so aggressive? "Alright, I will tell you now. This Yama King is my soul slave. He has long been controlled by my consciousness and is my most loyal servant. You should also know a little about my background. I have nothing to do with the Fantasy Alliance."

"Soul slave?" Life Fall King's expression changed, and there was a hint of surprise between his brows.

If Pluto was only a subordinate of the Sorcerer God, then Life Fall King had a reason to kill him.

But if it was the Sorcerer God's soul slave, then Pluto's consciousness was completely controlled by the Sorcerer God. Then it did not matter whether Pluto was related to the Fantasy Alliance or not. As long as the Sorcerer God did not have any entanglement with the Fantasy Alliance, it would be fine. As for the Sorcerer God's background...of course, Life Fall King knew some things. Indeed, he would not have any entanglement with the Fantasy Alliance.

"Sorcerer God, you said that he was your soul slave. How do you prove this?" Life Fall King asked.

"It's very simple. I asked him not to resist. You just need to use your soul power to check if he has my soul imprint in his body," the Sorcerer God said, "But before you check, I have to warn you. Don't do anything to him in the dark. After all, this slave is quite useful to me. If you dare to do something to him in the dark, then even if you are from the Cang Heaven World, I will have a way to make you pay the price. After all, this is the Divine Beginning Realm. The restrictions you have here are much greater than mine."

"Don't worry. If he really is your soul slave, then I won't do anything to him." Life Fall King nodded. Then, a wave of soul power directly covered Pluto.

Pluto did not resist. In just a moment, Life Fall King withdrew that wave of soul power.

"How is it?" Sorcerer God looked over.

"You're right. He is indeed your soul slave. In that case, I won't make things difficult for him for your sake," Life Fall King said.

"That's good." The Sorcerer God nodded slightly.

But at this moment, Jian Wushuang spoke, "Sorcerer God, Life Fall King was generous and did not kill your soul slave. But today's matter has nothing to do with your Sorcerer God sect. If you still want to get involved, I'm afraid you won't be able to keep your soul slave."

What Jian Wushuang said was the truth.

Although Life Fall King would not attack again, because Life Fall King had just broken Yama's illusion-sky skill and the power of the pearl was still surrounding the surrounding void, in this place... Yama would not be able to use the illusion-sky skill again. As long as there was no illusion-sky skill, Elder Dark Bone could easily defeat or kill him.

As for the Sorcerer God himself, he was just a consciousness clone. His combat strength was not very strong, so he did not have much influence on the situation on the battlefield.

"Heavenly Sword Marquis..." the Sorcerer God looked at Jian Wushuang with a strange look in his eyes and then smiled. "Little guy, last time I suffered a great loss at your hands. I thought I would not be able to deal with you so quickly. I did not expect that things would be unpredictable. Now we have seen it."

"That's because you're too lenient. Otherwise, there wouldn't be so much trouble," Jian Wushuang said.

"Maybe, but today's matter doesn't have much to do with us. Originally, we just wanted to be a peacemaker, but we didn't expect to get into such a situation. Well, since we can't be good people, we won't get involved in this matter. Do whatever you want. Goodbye!" The Sorcerer God said, his figure disappeared.

As for Yama, because of the existence of the Netherjade Five Kill array, he could not leave directly. He simply flew to the edge of the void and closed his eyes, no longer paying attention to the matter in front of him.

When the Sorcerer God's consciousness avatar disappeared, it was clear that Yama did not intend to attack again. This made the Blood Master and Da Ying immediately despair.

Despair!

Yes, despair!

Without other helpers, how could the two of them resist Elder Dark Bone and Demon Master Chenhuo?

Not to mention the Netherjade five-kill formation and Jian Wushuang's existence.

They could not escape from the inescapable net and had almost no hope of survival.

"Blood Master, and Da Ying, you two should go on your way as soon as possible," Jian Wushuang said coldly.

Elder Dark Bone and Demon Master Chenhuo both smiled coldly. They immediately attacked Blood Master and Da Ying.

"No, no!"

"It's over, it's over!"

Blood Master and Da Ying had completely lost hope. The only thing they could do now was to try their best to survive longer.

However, their efforts were clearly in vain. After all, the gap between them was too big.

Da Ying was already heavily injured and his strength was greatly reduced. Under the attack of Elder Dark Bone, he could not hold on for long before he was directly killed by Elder Dark Bone.

Then, Elder Dark Bone joined hands with the Demon Master Chenhuo and killed the Blood Master in a very short time.

From then on, both The Blood Master and Da Ying were killed!

Chapter 3498 Left

Jian Wushuang and the others were very happy that their trip had ended perfectly with the death of Da Ying and the Blood Master, despite the unexpected incident with Yama.

Especially Xiao'er and Spirit Ancestor.

For Xiao'er, Da Ying was a thorn in her heart. If she could not kill him, she would not be able to control the Nine-tailed Clan in peace.

But now that Da Ying was dead, this thorn in her heart was gone. In the future, she would naturally be able to do whatever she wanted. Only then would her long-term goal be truly accomplished.

As for the Spirit Ancestor...her killing intent toward the Blood Master was unprecedentedly strong.

The Blood Master had a grudge against her for killing her husband. For countless years, the Spirit Ancestor had dreamed of killing him, but now he had finally succeeded.

"He's dead. He's finally dead."

"Haha, this bastard is finally dead. Husband, you can finally rest in peace!"

Spirit Ancestor laughed, her laughter was filled with madness, and her eyes were wet with tears.

When the people around saw this, they also secretly sighed.

Elder Dark Bone, Demon Master Chenhuo, Marquis Duan Yu, and others had also removed the Netherjade Five Kill formation and walked over.

"Everyone, thank you for your help this time. Marquis, I'm very grateful," Jian Wushuang said solemnly.

Axe One Master, Marquis Duan Yu, and Star Saint Master looked at each other and smiled.

They had long received orders from Star Palace Master to help Jian Wushuang with all their strength, so they would do their best.

As for Elder Dark Bone, he just smiled faintly. "Little guy, don't be too polite. I'm not helping you for free. You have to remember that you owe me a favor this time. You have to pay me back in the future."

"Of course. In the future, no matter what your orders are, as long as I can do it, I won't refuse," Jian Wushuang said.

"Don't worry. You'll definitely help me soon," Elder Dark Bone said with a strange smile.

"Well, since we're done here, I'll leave with Life Fall King. This is my message token. I'll use it to contact you when I ask for your help in the future." Elder Dark Bone handed a message token to Jian Wushuang, then he left with Life Fall King.

Jian Wushuang looked at Xiao'er. "Miss Xiao'er, Da Ying is dead. There will be no more trouble in the Nine-tailed Clan. You can control the Nine-tailed Clan without any worries. Now that the Blood Master is dead, the Blood Clan will be in chaos. If you are ambitious, you can take the opportunity to attack the Blood Clan and continue to strengthen your strength."

"Blood Clan..." Xiao'er narrowed her eyes and shook her head. "During this period of time, the demon realm has changed too much. Because of my previous actions, the Nine-tailed Clan has become the focus of attention. The various races in the demon realm, including the other two great divine clans, the ancient clan and the Dark World Clan have already been on guard against the Nine-tailed Clan. If our clan continues to attack the Blood Clan at this time, it will be very easy for us to become the target of everyone in the demon realm. It's better not to act rashly for the time being."

"Besides, although the Blood Master is dead, the overall strength and foundation of the Blood Clan are still there. It's not easy for the Nine-tailed Clan to swallow the Blood Clan."

"It's up to you to decide. As for me, I've done my best to help you. Now That the troubles of the Nine-tailed Clan have been solved, I can leave," Jian Wushuang said.

"You're leaving in such a hurry?" Xiao'er was surprised.

"Yes, I've killed the Blood Master and fulfilled the agreement with the Spirit Ancestor. I'll go back to the second heaven immediately to finish the thing that's important to me. I've been waiting for that for too long, so I don't want to delay it," Jian Wushuang said.

"Okay, but your parents..." Xiao'er looked at him and asked.

"They've been in the demon realm for a long time, so they're used to it. Besides, my second brother has just married princess ying of the Blood Marten Clan, so he hasn't thought about leaving yet. In that case, let them stay in the demon realm for now. After a while, I'll personally pick them up and bring them back to the endless territory," Jian Wushuang said.

Jian Wushuang had asked Zhuo Yunfeng, Luo Xinqin, and the others when they came to the demon realm. They had been in the demon realm for thousands of years and were used to it, although they were looking forward to returning to their hometown, they were not in a hurry.

Moreover, Zhuo Peng and Princess Ying had just married, so they were not in a hurry to go back.

Therefore, Jian Wushuang had decided not to take them back to the Sorcerer God's Realm for the time being. He would personally escort them back to the Sorcerer God's Realm after his business was over.

"Miss Xiao'er, I'll get rid of you for the time being and continue to take care of them for a while," Jian Wushuang said.

"Don't worry. As long as the Nine-tailed Clan is still around, no one can touch them," Xiao'er said.

"Thank you," Jian Wushuang said with a smile. Then he looked at Axe One Master, Marquis Duan Yu, and Star Saint Master and asked, "What are your plans?"

"We've already said that we'll listen to your arrangements for the time being. However, our identities are a little sensitive, so it's not suitable for us to move around in the primordial divine realm. Therefore, we'll return to Star Palace first. If you have any instructions, you can send us a message at any time. We'll be there immediately," Axe One Master said.

"In that case, I'll have to trouble the three of you," Jian Wushuang said.

Axe One Master smiled and the three of them turned to leave.

Jian Wushuang heaved a sigh of relief when he saw Axe One Master and the other two leave.

"Axe One Master, Marquis Duan Yu, Star Saint Master...these three are experts from Star Palace, which was created by Daoist Xuan Shen and has a very delicate relationship with the Seven Stars Mysterious Sect. The reason why they did their best to help me and even said that they were willing to follow my orders was because of my identity."

"However, from their actions, I can tell that I am very important to the Seven Star Mysterious Sect and the Star Palace. However, Axe One Master just said that their identities are very sensitive and that it is not suitable for them to move around in the Divine Beginning Realm. It seems like the three great saint domains also know about the existence of the star palace and are extremely against it...however, the three great Saint Realms clearly know about the existence of the Star Palace, yet they are unable to do anything to it. This also shows that the power of the Star Palace is definitely not weak!"

The Star Palace's strength was not weak. This point could be seen from Axe One Master and the other two.

To send out three six void realm Principles Masters at once, how many people in the Divine Beginning Realm could achieve such an ability?

"It seems that if I have the chance in the future, I will have to personally go to the star palace to take a look."

Chapter 3499 20,000 Years

The dust had settled in the Blood Clan.

Jian Wushuang and the others had also left the Blood Clan. After greeting Zhuo Yunfeng and the others, Jian Wushuang planned to leave the demon realm and go to the Supreme Emotion-forgetting Valley.

When he left, Jian Wushuang glanced at Demon Master Chenhuo and asked, "Chenhuo, are you really going to leave your disciple alone in the demon realm?"

"Of course." Demon Master Chenhuo nodded. "I've taught him many things and given him many opportunities over the years. His strength has improved a lot, so it's time for him to go on his own. After all, the level of our contact is too high for him. If he continues to follow us, he won't get any experience on the way. It's better for him to go on his own. It'll be more effective."

"That's true, but he's still weak. The demon realm is too chaotic, and the experts are too weak. Isn't it too dangerous for him to travel alone?" Jian Wushuang said.

"Humph, so what if it's dangerous? If you want to become a real expert, which one of you didn't come through a mountain of knives and a sea of fire? I was like that in the past. Aren't you the same?" Demon Master Chenhuo glanced at Jian Wushuang.

"You're right." Jian Wushuang nodded with a smile.

After explaining, Jian Wushuang, Demon Master Chenhuo, and Spirit Ancestor went directly to the Second Heaven.

When Jian Wushuang entered the Third Heaven, the power of the will of the Heavenly Dao immediately sensed it. Now that he left the Third Heaven, the power of the will of the Heavenly Dao also knew about it, it was transmitted to the few masters of the Saint Realm.

In the vast chaotic void, four hazy figures gathered together.

These four people were naturally the three masters of the Saint Realm and the Sorcerer God.

"We just received the news from the power of the will of heaven. Heavenly Sword Marquis has returned to the Second Heaven," Flame Saint Master said.

"Has he finally left?" Life and Death Saint Master asked in a low voice, "Although Heavenly Sword Marquis didn't stay for long in the Third Heaven, he created huge waves in the demon realm within a short period of time. The Nine-tailed Clan and the Blood Clan underwent drastic changes one after another. The situation in the demon realm now is completely different from before."

"These changes in the demon realm are nothing. I was worried that Heavenly Sword Marquis would think of ways to take revenge on the three great saint regions after he came to the Third Heaven. But now, it seems that he still has a trace of rationality and didn't attack the three great Saint Realms," Destruction Saint Master said.

“Hmph, that’s because he isn’t stupid. Even though the three great Saint Realms can not do anything to him, with his strength, even if he has Demon Master Chenhuo by his side, he is still far from posing a threat to the three great Saint Realms.” Flame Saint Realm said coldly.

“Just him alone and Demon Master Chenhuo are naturally not enough. But what if we add Star Palace?” Life and Death Saint Master suddenly spoke.

“Star Palace...”

The moment the two words star palace were mentioned, the entire Primal Chaos Void went silent.

After a long while... Life and Death Saint Master continued, “Star Palace, the greatest threat to us has already begun to contact Heavenly Sword Marquis. According to the information we have received, the reason why Heavenly Sword Marquis was able to create such a huge wave in the demon realm was because of the three Principles Masters of Star Palace giving their all to help. As for the three Principles Masters of Star Palace, even though we do not know their names for the time being, we can be certain that these three have already reached the sixth level of the void!”

“The six realms of the void, even our three great Saint Realms can be counted with one’s fingers. But this Star Palace casually sent out three of them. What does this mean?”

Flame Saint Realm and Destruction Saint Master’s eyes immediately turned cold.

The six realms of the void might not have many Principles Masters in the entire Divine Beginning Realm, yet the Star Palace could send out three of them at once. This made them apprehensive.

“Hmph, back then, when I found out about the existence of this Star Palace, I had a bad premonition. Unfortunately, that mysterious god is extremely cunning. He placed the base of the Star Palace in that place, making it impossible for the powers of the three great Saint Realms to reach that place. We can only try our best to suppress the growth of this Star Palace.”

“I did not expect that after so many years of suppression, the growth rate of this star palace would still be so astonishing. Until now, the power of this star palace is probably not much weaker than any of our Saint Realms. It might even be stronger!” Destruction Saint Master snorted coldly.

The Star Palace was indeed a huge threat to them.

However, this huge threat had existed for many years, but the three Saint Realms could not do anything about it.

“It’s useless to talk about this now. However, the Star Palace and Heavenly Sword Marquis aren’t able to do anything about it. There’s no need to be anxious. The three Saint Realms have already received the exact news,” Flame Saint Realm said.

“The news?” The others immediately looked over.

“What do you mean?” Destruction Saint Master asked.

“Twenty thousand years, at most twenty thousand years. The people there will arrive at the Divine Beginning Realm. At that time, both Heavenly Sword Marquis and the Star Palace will be eradicated,” Flame Saint Realm said.

"That's great." Destruction Saint Master's eyes brightened.

"20,000 years, isn't that a bit too long?" Life and Death Saint Master frowned. "That Heavenly Sword Marquis is improving at an astonishing speed. 20,000 years, he has a lot of room to grow."

CU

"Hmph, life and death, aren't you overestimating that Heavenly Sword Marquis too much? Even if he is a perfect-grade life-form with extraordinary talent, given his current strength, given 20,000 years, how much can he grow to?" Flame Saint Realm sneered. "It's already very good that he can match up to a ruler like his deceased master. Don't forget that mystic one took a very long time to reach the ruler-level." Flame Saint Realm Snickered.

"That's true." Life and Death Saint Master nodded slightly.

"Alright, since that's the case, we'll just wait for another 20,000 years. During these 20,000 years, we'll all be careful and try not to take the initiative to have any conflicts with Heavenly Sword Marquis, especially you, Sorcerer God." Destruction Saint Master looked toward the Sorcerer God who had remained silent all this while. "Your Sorcerer God's Sect has been a little restless all these years. And this time in the demon realm, I heard that your Sorcerer God's Sect has also gotten involved."

"It's nothing." The Sorcerer God laughed dryly, "It's just that one of my subordinates, the Blood Clan, has some friendship and decided on his own accord."

"Is that so?" Destruction Saint Master glanced coldly at the Sorcerer God.

"Of course. The three of you have already instructed US before. Naturally, our Sorcerer God's Sect will not be blind. At this critical juncture, our relationship with Heavenly Sword Marquis has soared to the sky. However, this time in the Blood Clan's matter, I've also obtained another piece of information. That is the Life Fall King from the Cang Heaven World, and Elder Dark Bone. It seems that they are also on Heavenly Sword Marquis' side." The Sorcerer God said.

Chapter 3500 Lowest Risk

"Life Fall King? Elder Dark Bone?"

Hearing these two names, even the three Saint Realm Masters' faces darkened.

"Life Fall King is an extremely powerful ruler from the outside world, and he also comes from the Cang Heaven World. However, he is an expert from the outside world after all, so he will be greatly suppressed by the Heavenly Dao in the Divine Beginning Realm. His strength will also be greatly weakened. To put it bluntly, even the three of us Saint Realm Masters can easily suppress him in the Divine Beginning Realm. If the three of us join hands, we can even kill him!"

"He should also know this, so he shouldn't be so stupid as to stand on the side of Heavenly Sword Marquis," Flame Saint Realm said.

"Yes, he is a mighty ruler who can call the wind and summon the rain in the Universe Battlefield. There is no need for him to come to the Divine Beginning Realm to take risks. As for the Cang Heaven World behind him, although it isn't weak, it is too far away from the Divine Beginning Realm. It doesn't have the right to meddle in the internal affairs of our Divine Beginning Realm," Destruction Saint Master said.

“Sorcerer God, are you sure that Life Fall King is completely on Heavenly Sword Marquis’ side?” Life and Death Saint Master looked at Sorcerer God.

“Well...I can’t say for sure, because in the battle of the blood kindred, Life Fall King didn’t make a big move at first. But later, because one of my subordinates used the secret technique of the Fantasy Alliance, he decided that my subordinate had an inseparable relationship with the Fantasy Alliance, so he went all out,” Sorcerer God said.

“That’s it.” Life and Death Saint Master smiled. “The Fantasy Alliance and the Cang Heaven World are mortal enemies. If he sees someone related to the Fantasy Alliance, he will not let them go.”

“It seems like this Life Fall King doesn’t want to meddle in the internal affairs of the Divine Beginning Realm. He only acted because of your subordinate,” Destruction Saint Master said.

“Hmph, I knew it. A ruler shouldn’t be so stupid,” Flame Saint Realm snorted. “You don’t need to care about this Life Fall King, but that Elder Dark Bone is a little tricky,” Life and Death Saint Master said coldly. “When we were on Saha Island, our three great holy realms set up an inescapable net to kill Heavenly Sword Marquis. At that time, Elder Dark Bone helped Heavenly Sword Marquis get out of danger. Although at that time, he said it was just to return a favor for his disciple...but is it really worth him to offend our three great holy realms with just a favor for a disciple?”

“At that time, I felt that his actions were a little strange. This time, he appeared to help the Heavenly Sword Marquis. It seems that he is indeed on the Heavenly Sword Marquis’ side.”

“Hmph, it seems that this old thing is also restless.” Flame Saint Realm snorted coldly.

“That’s normal. He’s someone from the same era as Temporal Temple Master and Heaven-cleaving Alliance Master. He’s extremely old and has stayed in the Divine Beginning Realm for god knows how many years. Moreover, his strength has already reached the peak of the Principles Masters. With his strength reaching this level and being alone, he should have no qualms about going to the depths of the universe to explore. However, after so many years, he has been staying here. How could he not have other motives?” Destruction Saint Master narrowed his eyes.

“Now it seems that the old ghost bone has chosen to stay, it is likely to be related to the Star Palace.”
“This old thing...”

The eyes of the three masters of the Saint Realm were cold, but at the same time, they were helpless.

Elder Dark Bone was famous for his tyrannical methods. Even if he was facing a true ruler-level expert in a cosmic battlefield, he could still survive. However, in the Divine Beginning Realm, just the three of them...it’s almost impossible to kill a ghoul.

Just as they could not do anything to Jian Wushuang, they could not do anything to Elder Dark Bone.

“Forget it, let them be proud for a while. After 20,000 years, when the people there arrive, they will uproot the Star Palace, the Heavenly Sword Marquis, and the Elder Dark Bone. This time, we must get rid of all the things left behind by the Seven Star Mysterious Sect. We must not leave any trouble behind!

The three masters of the Saint Realm had already made their decision, and they quickly disappeared into the chaotic void.

As for the Sorcerer God, after the three masters of the Saint Realm disappeared, he also gave a strange smile and disappeared with them.

Second Heaven, Supreme Emotion-forgetting Valley.

After leaving the Third Heaven, Jian Wushuang, Demon Master Chenhuo, and Spirit Ancestor came straight here.

After they arrived, Jian Wushuang directly sent a message to the old Valley Master, Ma Yi, who led them into the hinterland of the valley.

"My young friend, I heard that you have caused a lot of trouble in the demon realm recently?" Ma Yi asked casually.

"Yes, senior, do you know about it?" Jian Wushuang glanced at Ma Yi.

"Of course, although I have long ignored the matters in the valley, once something big happens in the Divine Beginning Realm, someone will inform me immediately, especially you. Of course, I, the Supreme Emotion-forgetting Valley, also care about it." Ma Yi smiled. "I heard that you went to the Blood Clan and killed the clan leader of the Blood Clan? If I'm not wrong, you went to kill the clan leader because of Spirit Ancestor, right?"

"Yes." Jian Wushuang nodded. "Killing the clan leader was a condition set by Spirit Ancestor. Now that the condition has been met, Spirit Ancestor will follow me to the Supreme Emotion-forgetting Valley. Senior Hemp Yi, with Spirit Ancestor's knowledge of the soul, you should be able to minimize the risk by stripping Shuang 'Er's soul, right?"

"Of course, although I have stayed in the valley all year round, I have heard of the great name of the Spirit Ancestor. In the Divine Beginning Realm, in terms of the attainments in the soul, the previous clan leader of the Nine-tailed Clan, Da Ying, and the Spirit Ancestor of the Heavenly Ancestor Daoist Sect were the two strongest. However, now that Da Ying is dead, the Spirit Ancestor has the highest attainments in the soul in the absolute beginning divine tribulation. If she were to take action personally, the risk would naturally be the lowest." Ma Yi smiled.

In fact, Da Ying had a good relationship with the Supreme Emotion-forgetting Valley. He was also good friends with Ma Yi.

When he first decided to strip Leng Rushuang's soul, Ma Yi wanted to ask Da Ying for help. However, because of Jian Wushuang, he had to give up. He did not expect that the world was unpredictable and that Da Ying was already dead, moreover, her death was largely caused by Jian Wushuang.

However, Da Ying's death was closely related to Jian Wushuang. However, Ma Yi and the supreme emotion-forgetting valley would not have any prejudice or resentment toward Jian Wushuang

After all, their relationship with Da Ying was not good enough to avenge Da Ying.

"My young friend, have you prepared the hundred-million-year star-moon agarwood?" Ma Yi asked.
