

Swordsman 3581

Chapter 3581: Was Out

Both the life divine power and the heaven-cleaving skill were aimed at his life level. They were aimed at giving full play to his innate advantage in life level.

This improvement was purely determined by Jian Wushuang's own strength. He was only an Immortal Saint now, but these two secret skills could only give him an additional strength equivalent to two parts of his will. This was already the limit.

Although he now had 10 times the power of the pinnacle of the six realm, this power was given to him by the Blood Demon Cave Armor, not by himself, therefore, the life divine power and heaven-cleaving skill did not make much difference to his strength compared to before.

In other words, after using these two secret skills, his power could only reach the pinnacle of the six realm. In addition to the power given by the Blood Demon Cave Armor, it was 11 times the power of an expert at the pinnacle of the six realm.

"It's good enough to have such power. I can't be too greedy," Jian Wushuang said with a faint smile. Then he glanced at the high platform behind him with a complicated look.

The high platform in the void behind him had trapped him for 97,000 years. It could be said that this period of time was the longest Jian Wushuang had stayed in.

However, during the 97,000 years, he had gained a lot from the high platform, and his strength had soared. It could be said that it was a blessing and a curse.

"I've been in this space-time for too long. It's time for me to leave."

Jian Wushuang let out a sigh of relief and then flew toward the end of the Golden War God, Wind Demon.

At the end of this space-time, a dark and boundless passage had been opened. After arriving here, Jian Wushuang did not hesitate and directly stepped into the dark passage.

This was still the deepest part of Devil Smoke Valley, but it was no longer an unknown area.

Two figures were moving side by side in the dark and loathsome void.

"Zhan Yun, you heard that not long ago, a pinnacle true treasure was born in the depths of Devil Smoke Valley. The appearance of this pinnacle true treasure was so shocking that it attracted dozens of experts to fight for it. There were even three experts who had reached the limit of the sixth realm. Unfortunately, they did not get the pinnacle true treasure. Instead, it was taken away by the muddy sky Ruler who happened to pass by," said the gray-robed elder with messy hair.

"Of course I've heard about such a big thing," said the other middle-aged man with darker skin.

"Pinnacle true treasures. It's said that most of the Warriors at the pinnacle of the six realm don't have pinnacle true treasures. Only a few of them are terrifyingly powerful, have heaven-defying opportunities, or have great backgrounds. Only those at the pinnacle of the six realm can have one, and

they are only attack true treasures. Of course, a true treasure at this level would attract people's covetous eyes. Alas, I don't know when you and I will also have a pinnacle true treasure."

"You want a pinnacle true treasure?" The messy-haired old man in gray robe glanced at the middle-aged man. "I don't have that luxury. As long as I can get one or two top-tier universe true treasures here, I'll be satisfied. It'd be best if I can get a top-tier true treasure armor."

"Top-tier true treasure armor? I don't know if we'll be able to survive."

The two of them were talking leisurely, but when they passed by a cliff...

"Huh?"

Their expressions changed, and they immediately looked to the side.

That direction was in the middle of the cliff, and there was a huge black hole emitting endless dark energy.

The black hole even formed an unfathomable vortex, as if it wanted to devour everything around it.

Seeing this huge black hole, the two were not unfamiliar with it.

"It's the Life and Death Realm!"

"It's the legendary Life and Death Realm. Ever since this Life and Death Realm was discovered, many experts have entered this Life and Death Realm to roam about. There have even been Ruler Realm experts who have entered, but as long as they enter, no one has ever been able to walk out alive."

The two of them were somewhat shocked by this enormous black hole in front of them.

Right now, they were only passing by this place. However, they had never thought of entering this realm of life and death to investigate the situation. The reason why they had stopped here was because they had sensed that this realm of life and death...had actually produced a rather large ripple.

"What's going on? Although this realm of life and death is a realm of certain death, it has been very peaceful for a long period of time. I've never heard of any large ripples occurring within the realm of life and death, but now..." The gray-robed old man with messy hair frowned.

"The Life and Death Realm is simply too dangerous. No matter what happens to it, I feel that the two of us should leave as soon as possible," the tanned-skinned middle-aged man said.

It could be seen that he was indeed too wary of the Life and Death Realm.

"There's no rush. Let's wait and see." The gray-robed old man waved his hand, and his eyes flickered with a light. "There must be something fishy going on. It's true that the Life and Death Realm is extremely dangerous, but the changes it's going through could also be a great opportunity?"

"Opportunity?" The middle-aged man was startled.

"Yes, it might be an opportunity, but it might also be dangerous. However, since we've encountered such a strange change in the Life and Death Realm, how can the two of us just leave like this? No matter what, let's take a look first. If we sense something amiss later, we'll leave," said the gray-robed elder.

“Mm.” The middle-aged man nodded as well.

The two of them had been adventuring in the depths of Devil Smoke Valley for many years. They had encountered all sorts of dangers before, and they were well aware of the principle of seeking fortune amidst danger.

Under normal circumstances, fortuitous encounters would always be accompanied by danger. However, this change in the Life and Death Realm might be dangerous, but it could also be fortuitous encounters. There was indeed no reason for them to leave just like that.

“Let’s go. Let’s retreat a little further and watch from a distance,” said the gray-robed old man.

The two of them immediately retreated until they were quite far away from the Life and Death Realm. Only then did they stop and watch the Life and Death Realm from a distance.

At this moment, the Life and Death Realm was emitting a greater and greater commotion. The enormous black hole that had formed a vortex began to tremble crazily.

Suddenly, a bloody light suddenly appeared in the originally dark black hole. This bloody light was becoming increasingly dazzling. In the next moment, this bloody light leaped out from the depths of the black hole.

“Haha, you have finally come out.”

A hearty laughter reverberated across this place as the bloody light rushed out.

When the gray-robed elder and the middle-aged man saw this scene, they were both stunned.

“This, this is...a human cultivator?”

“The change that happened at the Life and Death Realm was because of him?”

“Did he just walk out of the Life and Death Realm?”

The two were stunned.

Chapter 3582: Greed

The Life and Death Realm...

Both of them had just said that the Life and Death Realm was a place where death was inevitable. Even an expert at the level of a Ruler could not walk out of it alive. But now, someone had walked out of the Life and Death Realm right under their noses? How could they not be shocked?

Jian Wushuang, who had just walked out of the Life and Death Realm, had naturally discovered the existence of these two people.

“There are actually people here. Could it be that this is no longer an unexplored area?” Jian Wushuang frowned.

The unexplored area of Devil Smoke Valley was too dangerous and filled with too many unknowns. Therefore, very few cultivators entered it and the chances of encountering it were very slim. Now that

Jian Wushuang saw the two people in front of him...he subconsciously wondered if he was still in the unknown region of Devil Smoke Valley.

Without hesitation, Jian Wushuang rushed toward the two people.

"You should be the Gray Python Master and the Death Slayer Master from the Jaderiver Star World, right?" Jian Wushuang looked at the two people in front of him.

"It's us." The gray-robed elder, the Gray Python Master, stared at Jian Wushuang. "Who are you?"

"Blood Sword of Star Palace," Jian Wushuang answered.

"Blood Sword Master?" Gray Python Master and Death Slayer Master both looked at Jian Wushuang carefully.

"Yes, he is indeed Blood Sword Master. However, didn't he disappear after entering the unknown region? Even Star Palace announced his death?"

"How did he come out of the Life and Death Realm?" Gray Python Master was surprised.

Jian Wushuang asked, "Where are we now?"

Jian Wushuang really did not know where he was. Even when he saw the huge black hole, he did not recognize it immediately.

"This is the deep part of Devil Smoke Valley, and the huge black hole behind you is the infamous Life and Death Realm," the Death Slayer Master said.

"Life and Death Realm?" Jian Wushuang looked at the black hole behind him with a strange expression.

He was in the special space-time, but the special space-time was in the unknown region. He did not expect to come directly to the Life and Death Realm after walking out of the passage opened by Wind Demon, moreover, he came out of the Life and Death Realm.

"Is the Life and Death Realm connected to the special space? No wonder no one has come out of the Life and Death Realm in such a long time." Jian Wushuang sighed to himself.

While he was sighing, the look on the faces of the Gray Python Master and the Death Slayer Master had begun to change.

"This Blood Sword Master has been missing for nearly 100,000 years. Everyone thought he was dead, but they didn't expect him to be alive and well. Furthermore, he walked out of the Life and Death Realm. What exactly has he experienced during these 100,000 years?"

"What is in the Life and Death Realm?" The Gray Python Master narrowed his eyes.

"Gray Python, what are you thinking about?" The Death Slayer Master looked over.

"What do you think?" The corner of Gray Python Master's mouth curled up into a sneer. "Without a doubt, this Blood Sword Master must have had a very special encounter in the past 100,000 years. He might even have obtained a great opportunity. Not to mention other things, just the fact that he walked out of the Life and Death Realm is already very worthy of our consideration. And now, you and I are the

first to discover that he is still alive and walked out of the Life and Death Realm. This is definitely a once-in-a-lifetime opportunity for us.”

“You’re right. I think so too. Moreover, before the Blood Sword Master went missing, he only had the battle strength of the initial stage of the sixth realm. Even if he had a great opportunity in the past 100,000 years and his strength increased a lot, with our strength, we should be able to take him down very easily if we work together.” The Death Slayer Master also nodded slightly.

“Since that’s the case, then it’s decided.” The Gray Python Master smiled.

The two of them conversed in secret and reached a consensus in the blink of an eye.

At this moment, Jian Wushuang cupped his hands and said, “Thank you for informing me. Goodbye.”

After knowing where he was, Jian Wushuang turned around and intended to leave.

However, as soon as he moved, Gray Python Master and Death Slayer Master immediately surrounded him and sandwiched him between the left and right.

“What do you mean by this?” Jian Wushuang looked at the two people around him indifferently.

“Blood Sword Master, you disappeared for nearly 100,000 years. Everyone thought you were dead, but you’re still alive. If I’m not wrong, you must have had a very special encounter during these 100,000 years, right?” Gray Python Master stared at Jian Wushuang with a strange look.

“Yes, I have had some strange encounters.” Jian Wushuang did not deny it.

There was nothing to deny. He had disappeared in the unexplored area for nearly 100,000 years. Anyone could guess that he must have had some strange encounters.

“Can you tell us about your encounters?” The Gray Python Master asked.

“Just tell you about my encounters over the years?” Jian Wushuang looked at the two around him with a playful look. “Don’t you want me to hand over my interspatial ring and see if I’ve gotten any great opportunities over the years?”

“If that’s the case, it’ll be even better.” Gray Python Master smiled coldly.

He and Death Slayer Master did not try to hide it anymore. There was clearly a hint of greed in their eyes.

Upon seeing their expressions, Jian Wushuang could not help but sneer in his heart.

He knew their intentions. He had disappeared for nearly 100,000 years in the undiscovered region, but he had walked out of the Life and Death Realm, which meant that he must have had a great opportunity, it was likely that he had obtained a great opportunity, which was something that the Gray Python Master and the Death Slayer Master yearned for.

In addition, the Gray Python Master and the Death Slayer Master were both very strong, and their battle strength was close to or even comparable to the pinnacle of the six realm. Naturally, they thought that they would be able to defeat him if they joined forces.

"Gentlemen, I advise you to put aside your thoughts and let me go. Otherwise, you will regret it," Jian Wushuang said.

"Regret?" Gray Python Master smiled. "Blood Sword Master, you think too highly of yourself. With your strength, even if you've had a great encounter over the years, you won't be able to do anything to us."

"Since that's the case, there's nothing more to say. Since you want to know what happened to me over the years, you can attack me directly." Jian Wushuang waved at Gray Python Master, there was a hint of contempt in his tone.

"Attack!"

Gray Python Master and Death Slayer Master did not hesitate. They exchanged glances and attacked at the same time.

Chapter 3583: Jian Wushuang's Terrifying Strength

It had to be said that the Gray Python Master and the Death Slayer Master had a certain amount of strength to rely on when they dared to target Jian Wushuang.

Both of them were barely comparable to experts at the pinnacle of the six realm. Both of them attacked at the same time with their full strength.

Boom! Boom!

Two shocking auras attacked Jian Wushuang at the same time, one from the left and the other from the right. Among them, Gray Python Master held a strange dark-green long whip. The long whip swept like a flood dragon and directly covered Jian Wushuang, Jian Wushuang did not have any intention of resisting or dodging. He just let the long whip bind his body.

"It's bound." Gray Python Master's eyes lit up.

He did not know why Jian Wushuang did not dodge or block. Perhaps it was because he was too fast and Jian Wushuang did not have time to react, but no matter what, Jian Wushuang was now completely bound by him, there was no chance for him to make a move in a short period of time. On the other side, Death Slayer Master rushed over with a giant axe in both hands. Endless power surged into the giant axe.

Boom!

The giant axe cut through the air and chopped down at Jian Wushuang in a mighty manner.

This axe was Death Slayer Master's most powerful axe. It was also an absolute art at the peak of stage six, and its power was extremely powerful.

Death Slayer Master's eyes shone brightly when the axe fell.

"I got it." Gray Python Master also smiled.

The two of them were best friends. They often roamed the three battlefields together, so they had a good understanding of each other. For example, this time, the two of them cooperated very well, Gray

Python Master immediately tied Jian Wushuang up, while Death Slayer Master used his most powerful move to attack Jian Wushuang. He did not give Jian Wushuang any chance to struggle.

Sure enough, the giant axe hit Jian Wushuang's divine body without any obstruction.

Clang!

A sound like metal colliding rang out. The blood-red robe Jian Wushuang was wearing had a faint blood-red luster, and the power of the axe was reduced by 99% at once, only 1% of the power was transmitted to Jian Wushuang's body, and he could easily withstand the power.

"You two work well together."

Jian Wushuang stood there quietly with a smile on his face. While speaking, he deliberately blinked at Gray Python Master and Death Slayer Master.

"How is this possible?"

Gray Python Master and Death Slayer Master were both shocked.

Death Slayer Master's Strongest Axe had clearly struck Jian Wushuang's divine body. Even if those experts at the peak of stage six, who had powerful defensive skills, were to rely on their divine bodies to withstand such an axe...they would at least suffer some damage.

But what about Jian Wushuang?

He took the blow head-on, but his face remained calm and his divine body did not move at all.

"He...he completely ignored my attack?" Death Slayer Master's eyes widened.

At this moment, Jian Wushuang smiled again. "You've used your tricks. Now, it's my turn."

As soon as he finished his words, he saw a burst of blood-red light surging on the blood-red robe, instantly giving Jian Wushuang a shocking power. Jian Wushuang's body trembled slightly, the dark-green whip that was originally bound to his body was directly pushed back. Jian Wushuang easily broke free from the restraint and then pulled out the Blood Mountain Sword behind him.

Yes, he only used the Blood Mountain Sword, which was not even an elementary universe supreme treasure.

But on the other side, he had already activated the first level of power of the Blood Demon Cave Armor. In an instant, 10 times the power of an expert at the pinnacle of the six realm gathered in his hands, and then he directly slashed down with his sword!

This strike immediately triggered the universe origin of the sword principle.

The unparalleled sword manual, Xi Xiang!

Boom!

This extremely violent strike triggered the universe origin and instantly formed a shocking blood-red sword rainbow. Its power was even more earth-shattering!

It must be known that during the 97,000 years that Jian Wushuang was trapped in the 18-ultimate formation, his swordsmanship had received an incredible improvement. In the unparalleled sword manual, these moves of his, Jian Wushuang...had All reached the level of a level-seven absolute art.

The Xi Xiang move was a level-seven absolute art, which was an absolute art at the Ruler Realm. In addition, it was performed by Jian Wushuang with the power of 10 times that of an expert at the pinnacle of the six realm.

The sword instantly slashed toward the Gray Python Master in front of him.

The Gray Python Master also waved the long whip in his hand in an attempt to block it. However, the moment the long whip came into contact with the blood-red sword rainbow, it was sent flying. The sword light did not hinder it at all, and it struck the divine body of the Gray Python Master.

Gray Python Master was, after all, a great being who was barely comparable to a pinnacle of six levels, and his protective ability was not weak. He also had an advanced universe true treasure armor protecting his body. However, when faced with this sword, the result was...bang!

Gray Python Master's eyes were still wide open. The armor protecting his body was not damaged, but his godly body had been instantly exploded, and all the godly power in his body had been completely annihilated, not a single bit of it was left.

In just a moment, Gray Python Master had died!

"He's an expert at the pinnacle of the six realm. How could he be so weak?" Jian Wushuang looked at Gray Python Master, who was already dead, and could not help twitching his lips, he casually took the whip, the true treasure armor, and his interspatial ring that Gray Python Master had left behind.

In fact, it was not because the Gray Python Master was weak, but because Jian Wushuang was too strong!

The power of an expert at the pinnacle of the six realm was ten times stronger than that of most experts at the pinnacle of the six realm. In terms of power, Jian Wushuang was no weaker than the three masters of the Saint Realm in the Divine Beginning Realm.

This was only his own power. However, the swordsmanship that Jian Wushuang had just displayed was a seventh-level absolute art at the Ruler Realm. The three masters of the Saint Realm had never mastered such an absolute art. In other words...the strength that Jian Wushuang had just displayed was enough to crush the three masters of the Saint Realm in the Divine Beginning Realm. On the other hand, the Gray Python Master was barely comparable to an expert at the pinnacle of the six realm. How could he withstand his attack?

Naturally, he was killed in one strike.

"The Gray Python Master is dead, but the Death Slayer Master is fast enough." Jian Wushuang glanced at the surrounding void. When the Death Slayer Master, who had attacked him together with the Gray Python Master, sensed that something was wrong, he immediately retreated, he immediately retreated. When he saw that Death Slayer Master was killed by Jian Wushuang, he was scared out of his wits. Therefore, he chose to escape without hesitation. Now, he was out of Jian Wushuang's sight, Jian Wushuang could not chase after him.

“I said you would regret it, but you didn’t believe me.”

Jian Wushuang curled his lips and left immediately!

Chapter 3584: News of His Survival

In the void not far away from the Life and Death Realm, the Death Slayer Master who had been running away in a panic finally stopped.

Although he had stopped, he was sure that Jian Wushuang would not come after him again. However, the Death Slayer Master still looked fearful.

“How could Blood Sword Master be so strong?” He was also terrified.

Yes, the strength that Jian Wushuang had just displayed was too strong.

It was so strong that he felt hopeless. He did not have the courage to fight back at all.

“When I struck him with my axe with all my strength, he did not move at all and his divine body was not damaged at all. Even an expert at the pinnacle of the six realm with a top-tier true treasure armor would not be able to do that, right?”

“And that sword attack just now, I couldn’t understand the mysteries of that sword at all, but with this sword attack, Gray Python Master was actually killed, and there was no room for struggle at all?” Death Slayer Master widened his eyes, in his mind, he kept recalling the scene that had just happened.

His most powerful axe attack could not shake his opponent in the slightest.

The battle strength of the Gray Python Master was barely at the pinnacle of the six realm, but the opponent had killed him with a single strike. What kind of strength was that?

“Before the Blood Sword Master disappeared, his battle strength was far less terrifying.” The Death Slayer Master narrowed his eyes again.

Obviously, Jian Wushuang must have gotten an incredible opportunity during the nearly 100,000 years that he had been missing. That was why his strength had improved by leaps and bounds, just as they had guessed, unfortunately, he and the Gray Python Master had guessed that Jian Wushuang had obtained a great opportunity, but they did not think that his strength would increase by much. However, the result was different.

“In less than 100,000 years, his strength has improved to such an extent. What kind of opportunities did he encounter during these years? What opportunities did he obtain?”

“Unfortunately, I have no way to know.” The Death Slayer Master clenched his hands, (you are reading on our content copy site. Please copy and search this link ” <https://bit.ly/3NSnQtR> ” to support us) he knew very well that even if Jian Wushuang had obtained an incredible opportunity, it was not something he could covet now. After all, Jian Wushuang’s strength was there.

“Although I can’t get the opportunity in your hands again, I will never let go of the grudge against Gray Python Master.”

His eyes were cold.

He and Gray Python Master were good friends who had known each other for many years. They often worked together in the three battlefields, so their relationship was naturally extraordinary. Gray Python Master had died at Jian Wushuang's hands, although they had provoked Jian Wushuang on their own initiative, he would still hold a grudge against them.

After pondering for a moment, he immediately thought of a way to take revenge on Jian Wushuang.

"Blood Sword Master, it's true that I can't do anything to you or take revenge for Gray Python Master, but that doesn't mean that others can't either." Death Slayer Master clenched his teeth and took out token after token.

"Sky Dock Island Master, let me tell you something..."

"Mo Ye, you should be wandering around the core area of Devil Smoke Valley right now, right? I just learned something that might interest you..."

"Ice Mist King, I heard that you once had a close friend who didn't receive any news after breaking into the Life and Death Realm. But now, someone has walked out of the Life and Death Realm alive..."

"Frost Bug master, there are many experts in the North Sea Palace. There should be many experts wandering in the depths of Devil Smoke Valley. I have some news that you should be very interested in..."

Death Slayer Master took out a token and sent a message to the owner of the token. He told them that Jian Wushuang was still alive and had walked out of the Life and Death Realm.

After all, he was a Principles Master who had lived for a long time. He had roamed the three battlefields all year round, so there were many strong experts. Now, he was like all the strong experts he had met, he had sent the message, so there were about 30 to 40 experts in total.

Although most of the experts were not very strong and could not pose a threat to Jian Wushuang, he knew that after these Principles Masters heard the news, they would definitely tell him, they would immediately inform their forces or friends of the news. In this way, it would not be long before all the experts in the territory knew about the news.

After the news was completely made public, he believed that many experts would be interested in Jian Wushuang.

After all, Jian Wushuang was the first expert to emerge from the Life and Death Realm in a long time. No one knew the secrets of the Life and Death Realm until now.

Secondly, Jian Wushuang had disappeared in the unknown region for nearly 100,000 years. He had disappeared for 100,000 years. Now that his strength had soared, everyone could guess that he must have had a special encounter in the past 100,000 years, he must have obtained a great opportunity.

And who would not be interested in such a special opportunity and great opportunity?

He believed that once the news spread out, the entire territory would be shocked and countless experts would be eyeing Jian Wushuang.

In addition, he was careful when he spread the news. He only said that Jian Wushuang's strength had soared after he came out of the Life and Death Realm and that he had killed the Gray Python Master, but he did not explain how Jian Wushuang had killed the Gray Python Master.

He was worried that if he spread the news that Jian Wushuang had killed the Gray Python Master in one strike under his and the Gray Python Master's joint attack, it would scare all the experts, as a result, even though the experts knew that Jian Wushuang had a great opportunity, no one dared to find trouble with him.

It could be said that the Death Slayer Master's plan was very clever.

The result was just as the Death Slayer Master had expected. However, after the news that Jian Wushuang had walked out of the Life and Death Realm alive and that his strength had increased drastically spread, the entire territory was in an uproar.

All the experts were shocked by the news.

They were not shocked that Jian Wushuang was still alive, but mainly because he had walked out of the Life and Death Realm.

In addition, Jian Wushuang's strength had skyrocketed. Almost everyone had already determined that Jian Wushuang must have encountered something special and obtained a great opportunity in the past 100,000 years. Such a great opportunity was coveted by countless people.

In an instant, a large number of experts directly stared at Jian Wushuang, especially the top experts who had been adventuring in the depths of Devil Smoke Valley.

In the depths of Devil Smoke Valley, in a deep black thunder sea, a cold middle-aged man wearing a black robe and carrying a flickering black thunder on his back slowly stepped out of the Thunder Sea, his eyes were extremely sharp.

"Someone actually walked out of the Life and Death Realm alive?"

"Interesting!"

The middle-aged man in the black robe raised his head and in the next moment, he transformed into a black lightning bolt and rushed towards the direction of the Life and Death Realm.

Chapter 3585: All Parties Were Shaken

There was a huge red rock on the top of a huge red peak that seemed to have been burned by fire.

This huge red rock had existed on the top of this huge peak for millions of years. During these millions of years, many cultivators had passed by this huge peak. However, when these cultivators saw this huge red rock, they were all filled with fear, then, they quickly went around it.

However, today, the giant red rock began to shake violently. Then, it slowly fell off. A cold and arrogant woman wearing a scarlet armor slowly opened her eyes and stood up.

"It has been many years since the Life and Death Realm was discovered. No one has ever been able to walk out of the Life and Death Realm. However, this Blood Sword Master actually walked out of the Life

and Death Realm alive. Moreover, his strength has greatly improved. He must have obtained an incredible opportunity!”

“I have already stepped into the pinnacle of the six realm for an unknown period of time. I have been trapped under this bottleneck for a very long period of time. I have put in endless effort, but I have never been able to advance further. At this moment, I understand that if I want to break through and become a Ruler, there is only one way, and that is through opportunity!”

“Only that once-in-a-lifetime opportunity can help me break through. As for this Blood Sword Master, I might have a chance.”

The cold and arrogant woman’s aura was as cold as ice. She raised her head and glanced at the void in front of her.

With one step, she appeared ten thousand li away.

...

An endless storm covered the entire world.

This was a famous dangerous place in Devil Smoke Valley, the Sea of blood wind.

Although it was a dangerous place, it was a necessary path for the astral world experts who were closer to the north to enter the depths of Devil Smoke Valley.

Whoosh!

The blood-colored hurricane swept wildly, and a short barefooted youth flew out of the blood-colored hurricane and landed in the void outside.

“After nearly a hundred years, I’ve finally walked out of this godforsaken place.” The barefooted youth’s face was filled with a smile, and his entire person appeared carefree. However, his gaze was like a gem, bright and spirited.

“Previously, I was mostly in closed door cultivation, or adventuring in the other two great battlefields. In the depths of Devil Smoke Valley, I haven’t been here for over a billion years. It’s rare for me to come here this time, so I want to stay here for a period of time. Moreover...that disciple of mine just sent news. It’s said that a Blood Sword Master who has been missing for nearly a hundred thousand years has walked out of the Life and Death Realm alive.”

“Life and Death Realm. Even if a Ruler entered that place, there’s no chance of survival. He actually survived. Tsk, tsk. There must be some special reason. This Life and Death Realm is not far from my location. I can make a trip there. Hopefully, I’ll be lucky enough to meet the Blood Sword Master.”

The barefoot youth smiled wickedly and then strode forward.

...

It was not just the three Principles Masters.

All the experts in the deepest part of Devil Smoke Valley were excited when they heard the news. A large number of experts rushed to the Life and Death Realm, hoping that they could meet Jian

Wushuang, then, they would find a way to find out what had happened to Jian Wushuang. If possible, they wanted to figure out what had happened to Jian Wushuang, or even seize the opportunity that Jian Wushuang had obtained.

Star Palace had also received the news that had shocked the entire territory.

When they had first received the news, the senior experts of Star Palace had been extremely shocked.

“Blood Sword Master, isn’t that Heavenly Sword Marquis?”

“Heavenly Sword Marquis didn’t die?”

“Are you kidding me? He entered the unknown region and has been missing for nearly 100,000 years.”

Axe One Master, Marquis Duan Yu, Star Saint Master, and Seven Emotions Master looked at each other in disbelief.

“Axe One, send a message to Heavenly Sword Marquis to confirm this news,” Seven Emotions Master immediately said.

“Okay.” Axe One Master immediately sent a message to Jian Wushuang and soon received his reply.

“Axe One Master, how have you been?” Jian Wushuang was very relaxed.

“My little friend, is it really you? Are you really alive?” Axe One Master was very excited.

“Of course. I’m still alive.” Jian Wushuang smiled. “I just had some special encounters and was trapped for a while. Fortunately, I got out of it in time.”

“Good, good, you’re not dead. That’s great.” Axe One Master was pleasantly surprised. “You don’t know...we thought you had died more than 8,000 years ago after you completely lost contact with us. We still held on to the last glimmer of hope, but after you lost contact with us for 30,000 years, we lost all hope. We even reported this news to Palace Master, who was very disappointed when he found out.”

“Palace Master? Senior Xuan Shen?” Jian Wushuang nodded secretly.

He understood that Star Palace Master, who was Daoist Xuan Shen, was probably the super expert left behind by the Seven Star Mysterious Sect. He also knew his mission and that he might be the only hope for the Seven Star Mysterious Sect to rise again, naturally, he had high expectations of himself.

How could Daoist Xuan Shen not be disappointed when he heard the news of his death.

“It’s good now that you’re not dead. If Palace Master finds out about this, he will be very happy,” Axe One Master said.

Jian Wushuang also nodded slightly.

“By the way, let’s not talk about this now. Let’s talk about your current situation. My young friend, I’m afraid that your current situation is not good.” Axe One Master’s expression became serious.

“Not good? What do you mean?” Jian Wushuang was puzzled.

"Let me ask you first. Were you trapped in the Life and Death Realm before? After you escaped, you walked out of the Life and Death Realm. You even met the Gray Python Master and killed him?" Axe One Master asked.

"I don't know if I was trapped in the Life and Death Realm, but I did walk out of the Life and Death Realm. I also met the Gray Python Master. However, I met both the Gray Python Master and the fallen execution master. The Gray Python Master really died at my hands," Jian Wushuang said.

"That's right," Ae One Master said in a deep voice. "Although the Gray Python Master died, the Death Slayer Master had survived. In order to take revenge on you, he immediately spread the news that you had come out of the Life and Death Realm alive. Now, everyone knows about it!"

"My dear Heavenly Sword Marquis, you should understand that no one can come out of the Life and Death Realm alive, but you did it. Moreover, you have been missing for nearly 100,000 years. After you reappeared, your strength suddenly increased so much that you could even kill the Gray Python Master. Anyone can guess that you must have had a great opportunity in the past 100,000 years!"

Chapter 3586: The Target of Public Criticism

"Indeed." Jian Wushuang nodded slightly.

If he knew that someone else had such an experience, he would definitely believe that he had obtained a great opportunity.

"My young friend, there is one more thing you should understand. For those experts who have been wandering in the three battlefields all year round, treasures are not the most attractive to them. What really makes them ecstatic are some special great opportunities."

"Therefore, after you are certain that you have obtained a great opportunity over the years, you are bound to become a target for everyone. Countless experts will be eyeing you. It's not surprising that many experts have already headed in your direction. They are all here for your opportunities. Moreover, among those experts who are eyeing you, there are some top experts who have reached the pinnacle of the six realm. There might even be experts at the Ruler Realm eyeing you," Axe One Master said seriously.

"Ruler?" Jian Wushuang's face darkened.

For the current him, even Elder Dark Bone, an expert at the pinnacle of the six realm who had lived for God knows how many years, could not pose any threat to him. As for the other Principles Masters, no matter how many they came, he would not care.

But he had to be afraid of the Ruler Realm experts.

After all, he could not confront the Ruler head-on at the moment.

"In that case, I'm really in big trouble now," Jian Wushuang said in a low voice.

"It's not just big trouble. You're in the middle of a crisis. If you're not careful, you might be killed. So you must be extra careful now. Try to hide yourself or find a place to hide first. I'll immediately report this to the Palace Master and see what he thinks," Axe One Master said.

"I'll be careful, but I won't go so far as to hide." Jian Wushuang smiled.

It was not because he was too arrogant, but because he knew his current strength and means.

Although he had become the target of public criticism, he had to be careful. However, it was not necessary for him to hide.

After all, only a Master Realm expert could threaten him. There were not many Master Realm experts, so he did not know whether a master would target him or not. Even if a master did target him...the depths of Devil Smoke Valley were so big, so it would not be easy for the Ruler to meet him?

Of course, the most important thing was that Jian Wushuang was not afraid of a Ruler. However, if a Ruler appeared in front of him and attacked him, he was not afraid because he felt that...a single Ruler would not be able to kill him.

"Anyway, I've already told you. You make your own decision. I'll send a message to Palace Master first," Axe One Master said.

"Okay." Jian Wushuang nodded.

After the message was cut off, Axe One Master could not help but sigh.

"How is it?" Marquis Duan Yu, Star Saint Master, and Seven Emotions Master looked over.

"Heavenly Sword Marquis, you're still alive. The news that was spread earlier is also true. He walked out of the Life and Death Realm," Axe One Master said.

"That's great." Marquis Duan Yu was overjoyed.

"He disappeared from the undiscovered region for nearly 100,000 years and is still alive. Furthermore, he walked out from the Life and Death Realm in the end. This Heavenly Sword Marquis really has some ability." Seven Emotions Master could not help but praise.

"It's not too early to be happy. After all, Heavenly Sword Marquis is currently in a bad situation.' on google'? He has already become the target of everyone. I have to report this matter to the Palace Master immediately and let him decide." Axe One Master said.

"Yes, Palace Master is very powerful. He must have a way to help Heavenly Sword Marquis." Marquis Duan Yu nodded.

Axe One Master immediately set off to meet Star Palace Master.

On the other side, after Jian Wushuang had finished talking with Axe One Master and received the exact news from him, his expression became serious.

"Death Slayer is really good. He spread the news and made me the target of everyone. If I'm not careful, I might die. This way, he can avenge the Gray Python Master." Jian Wushuang's eyes were cold, at the same time, there are some regrets.

If he had known that the Death Slayer Master would bring him so much trouble after he escaped, then when he had been attacked by the Death Slayer Master and the Gray Python Master, he should have killed both of them at the same time.

If he had killed the Death Slayer Master at the same time, this trouble would naturally have been gone. Unfortunately, his strength had just soared, and because he had the Blood Demon Cave Armor on him, he wanted to test the protective ability of the Blood Demon Cave Armor himself, so he did not use his full strength at the beginning. This gave the Death Slayer Master a chance to escape.

Now, it was too late for him to kill the Death Slayer Master.

“Forget it. Although the Death Slayer Master has caused me a lot of trouble, I should be able to deal with him now,” Jian Wushuang muttered and then rushed toward the void in front of him.

...

Sacred Island!

In the Magnificent Palace.

“What did you say? Heavenly Sword Marquis is not dead?”

On the throne in front of him, the white-haired elder looked down at the Principles Master who was kneeling at the pinnacle of the six realm. A terrifying chill instantly rose in his heart.

The Principles Master, who was at the pinnacle of the six realm, was so scared that he broke out in a cold sweat, however, he still forced himself to say, “My lord, the news has been confirmed. Heavenly Sword Marquis is indeed not dead, and he has survived the Life and Death Realm. His strength has soared. Now, the experts of all the forces in the territory believe that he has obtained an incredible opportunity in the past 100,000 years. Many experts have already set their eyes on him.”

“Humph!”

The white-haired elder snorted and stood up. His eyes were cold and emotionless. “I don’t care if he got lucky or not, but the purpose of this trip is to kill him. Now that we know he is not dead, we must kill him immediately.”

“Tong Luo, Evil Light!”

The white-haired elder took out two communication tokens and sent them to them. “Heavenly Sword Marquis is not dead yet, and he should be near the Life and Death Realm in the core of Devil Smoke Valley. You two go and kill him immediately!”

Tong Luo and Evil Light were the other two Rulers who came with the white-haired elder.

The three of them came to this territory to kill Jian Wushuang, but because Jian Wushuang had disappeared in the unexplored area, everyone thought he was dead, so they relaxed, the white-haired elder continued to stay on the Sacred Island, but the other two went to the three battlefields.

Because Jian Wushuang had disappeared in Devil Smoke Valley, the two Master Realm experts also stayed in the depths of Devil Smoke Valley to play it safe.

Chapter 3587: The First Expert Was at the Pinnacle of the Six Realm Translation

In the depths of Devil Smoke Valley.

“My young friend, I have reported the matter to Palace Master. He is very happy to know that you are still alive. At the same time, he also knows your current situation, so he has sent a message to his good friend to pick you up.” Axe One Master sent a message.

“Palace Master’s good friend?” Jian Wushuang’s expression changed.

Star Palace Master was a genuine Ruler expert, but his good friend was also a Ruler, right?

“Palace Master is not in the depths of Devil Smoke Valley, so it will take him some time to get here. So he asked you to go to Wuxin Lake first, and he will get there as soon as possible,” Axe One Master said.

“Wuxin Lake?” Jian Wushuang nodded slightly. He immediately took out the star map and found the location of Wuxin Lake.

Wuxin Lake was still some distance away from his current location. At his speed, it would take him at least three to five years to get there.

“Tell him that I will get to Wuxin Lake as soon as possible,” Jian Wushuang said.

“Well, be careful,” Axe One Master said and then cut off the communication.

Then, Jian Wushuang immediately rushed toward the Wuxin Lake according to the directions on the star map.

However, because the journey was quite far, he would definitely meet other cultivators on the way.

Sure enough, after only five days of rushing toward the Wuxin Lake, he met a Principles Master at the pinnacle of the six realm.

The Principles Master noticed Jian Wushuang’s existence immediately, but he did not rush up to fight Jian Wushuang. Instead, he chose to follow Jian Wushuang from a distance, which made Jian Wushuang’s face slightly gloomy.

“Dragon Swan Master, if you’re really capable, you can come up and fight me. But you won’t fight, you won’t retreat, what do you want to do?” Jian Wushuang stared in the direction of Dragon Swan Master, his low voice had already spread out.

“Blood Sword Master, you go your own way, I’ll go mine. I’m not in your way, what do you care?” Dragon Swan Master replied, but in his heart, Dragon Swan Master sneered, “Humph, fight you head-on? I’m not stupid!”

Dragon Swan Master knew that Jian Wushuang had killed Gray Python Master.

Gray Python Master could be considered an expert at the pinnacle of the six realm. Although he was weaker than Gray Python Master, he was not much weaker. However, Blood Sword Master had killed Gray Python Master head-on, it was possible that Blood Sword Master would kill him head-on.

Therefore, he naturally did not dare to fight Jian Wushuang head-on.

However, as long as he did not face him head-on, he believed that Blood Sword Master would not be able to kill him by following him from a distance.

And that was indeed the case.

Although Jian Wushuang had the strength to easily kill Dragon Swan Master, his strength was 10 times that of an expert at the pinnacle of the six realm, which was given to him by the Blood Demon Cave Armor. However, he was not fast, compared to Dragon Swan Master, his speed was probably a little slower.

His speed was not as fast as dragon Swan Master, and Dragon Swan Master did not take the initiative to rush forward. He just followed him from afar and kept a distance from him. Of course, Jian Wushuang could not do anything about it.

“Although Dragon Swan Master can’t threaten me, he has been following me. He can spread my whereabouts at any time and let the experts who have their eyes on me swarm over...” Jian Wushuang’s expression was a little unsightly, but he soon calmed down.

“Forget it. Since I’m destined to be unable to hide my whereabouts, I’ll just do it openly. I’ll let everyone know my location and let the experts who have designs on me come looking for me. When the time comes, I’ll let everyone watch. I, Jian Wushuang, am not someone who can be easily targeted.” Jian Wushuang clenched his hands, his eyes were filled with killing intent.

Jian Wushuang could not control Dragon Swan Master, and just as Jian Wushuang had expected, Dragon Swan Master followed him and told many people where Jian Wushuang was. After knowing Jian Wushuang’s location, the experts who had their eyes on him naturally swarmed over.

Time passed, and a month passed in the blink of an eye.

During this month, more and more Principles Masters came to Jian Wushuang’s side, but now there were dozens of them.

However, among the dozens of Principles Masters, the strongest was only at the pinnacle of the six realm. They all knew that Jian Wushuang had killed the Gray Python Master, so they did not dare to act rashly even when they saw him, the dozens of experts only followed behind Jian Wushuang and did not make a move.

They were waiting for more experts to arrive. Once they had a certain lineup, they would join hands to deal with Jian Wushuang.

Or, an expert at the pinnacle of the sixth realm would appear.

In the eyes of the experts from various forces, if Jian Wushuang could kill the Gray Python Master, his battle strength should have reached the pinnacle of the sixth realm, and if they wanted to snatch the opportunity from him...naturally, the experts at the peak of the six realms had to take action.

In the gray void, Jian Wushuang was still moving forward at a leisurely pace. His soul power had already spread out and he could see all the experts around him.

“There are more and more people coming, but these people alone are not enough.” Jian Wushuang smiled lightly.

Among the experts, there were only six at the pinnacle of the six realm. The others had not even reached the pinnacle of the six realm. Even if they joined hands, he would not care.

At this moment...

In the distant void, a vague figure suddenly appeared.

At first, the figure was far away, but in just a moment, the figure had arrived in front of Jian Wushuang and blocked him.

Jian Wushuang's expression changed, and he stopped walking and looked up at the person.

It was a short barefoot youth with a blood-red saber on his back. He had a pair of dark green eyes and looked extremely evil.

"Finally, a decent expert has arrived."

Seeing the person, the corners of Jian Wushuang's mouth curled up slightly.

He knew that ordinary experts, even those at the pinnacle of the six realm, would not dare to stand in front of him directly, because he had shown that he could kill an expert at the pinnacle of the six realm directly.

However, this person dared to stand in front of him directly, which showed that he was absolutely confident in his strength.

Jian Wushuang had recognized this person, so he naturally understood why this person was so confident.

"Blood Saber Emperor from the Unity Star World is a top expert who has lived for a very long time and reached the pinnacle of the six realm many years ago." Jian Wushuang smiled faintly. Although he knew his background, Jian Wushuang was still very relaxed.

Chapter 3588: Blood Saber Emperor

"Blood Saber Emperor, it's Blood Saber Emperor!"

The Principles Masters who had been following Jian Wushuang immediately recognized him, causing a commotion.

"Tsk, tsk, Blood Saber Emperor has lived for a very long time and is also very strong. Among the experts of the pinnacle of the six realm in this territory, he is definitely one of the best."

"Previously, we were guessing which expert at the pinnacle of the six realm would be the first to arrive here. We didn't expect that it would be this Blood Blade Emperor!"

"Blood Blade Emperor has come personally. With his strength, it shouldn't be a problem for him to take down the Blood Sword Master. It seems that the opportunity that the Blood Sword Master obtained will fall into the hands of this Blood Blade Emperor."

"It's still too early to say this. Blood Blade Emperor is indeed very powerful. However, since this Blood Sword Master can kill the Gray Python Master head-on, his strength shouldn't be too weak. Perhaps he can resist a little in the hands of Blood Blade Emperor."

Everyone began to discuss.

There were dozens of astral worlds in this territory. On average, every alternate astral world had four to five experts at the pinnacle of the sixth realm. For example, the Divine Beginning Realm was born too early, thus, there were only two experts at the pinnacle of the sixth realm.

In addition, there were some extremely ancient experts who had lived for more than a chaos cycle and whose astral worlds had already collapsed. There were at least two to three hundred experts at the pinnacle of the sixth realm in this territory, however, among these experts of the pinnacle of the sixth realm, Blood Saber Emperor was one of the best. This showed his strength.

Therefore, when they saw Blood Saber Emperor, most people thought that Jian Wushuang's opportunity would fall into his hands.

"Blood Sword Master, right?" Blood Saber Emperor, a short barefooted youth, stared at Jian Wushuang with a bewitching smile. Then he looked around the void. "It seems that I'm lucky. Although so many people have their eyes on you, I should be the first one to reach the pinnacle of the sixth realm."

"I've long heard of your name. I've finally met you today." Jian Wushuang smiled.

"You don't have to flatter me." Blood Saber Emperor said directly, "You should know my purpose of coming here. I won't beat around the bush. Tell me what happened to you all these years, and then give me your interspatial ring to check. I'll let you go."

"Haha, Blood Saber Emperor, you're too conceited. Although you've been famous for a long time and your strength is not weak, you're not qualified to ask me to hand over my interspatial ring." Jian Wushuang laughed.

"No? Then there's nothing I can do." Blood Saber Emperor did not waste his breath on Jian Wushuang, after getting an answer, he pulled out his blood-red saber and said, "Three strikes. If I can't severely wound you, I'll leave."

"Three strikes?" Jian Wushuang smiled.

He would not even care if Blood Saber Emperor performed 30 strikes, let alone three strikes.

However, since Blood Saber Emperor had said so, Jian Wushuang decided to cooperate with him.

"Bring it on." Jian Wushuang beckoned Blood Saber Emperor with his finger.

"First strike!"

Blood Saber Emperor's eyes turned cold as he took a step forward.

A deep sound of air being torn echoed in the void as Blood Saber Emperor appeared in front of Jian Wushuang. The blood-red saber in his hand swept out like a demonic charm, creating a dazzling blood-red saber shadow, it left a long blood-red river in the void.

"The saber technique is very beautiful," Jian Wushuang said with a faint smile.

His sword principle had reached the fourth level, and he could activate the Universe Origin of Sword Principle. Because he had a superior understanding of sword principle, his vision was different. For

example, the saber technique Blood Saber Emperor was using now...although it looked impressive to Jian Wushuang, it was just a show.

Of course, in the eyes of the Principles Masters watching the battle, Blood Saber Emperor's saber technique was very powerful. After all, it was the most powerful skill of the sixth realm.

As the brilliant blood-red saber river descended, Jian Wushuang pulled out his Blood Mountain Sword and faced it head-on.

Clang!

The sound of metal colliding rang out, and Jian Wushuang and Blood Saber Emperor both retreated.

"Not bad. To be able to take my move head-on, your battle strength is indeed not weaker than the pinnacle of the six realm." Blood Saber Emperor stood firm and looked at Jian Wushuang again.

"You can do it too, but you haven't shown your strongest strength yet." Jian Wushuang still smiled faintly.

"Humph, take my second saber."

Blood Saber Emperor answered directly and directly attacked with his saber.

Whoosh!

A mighty saber shadow suddenly condensed in the void above. The saber shadow stretched for thousands of feet and seemed to split the heaven and earth. It slashed directly at Jian Wushuang and wherever it passed...the space seemed to be cut open.

It was also the most powerful skill of the six realms, but the second move of Blood Saber Emperor was obviously stronger than the previous one.

In the face of this move, Jian Wushuang still casually slashed out his sword.

Clang!

Another collision, and Jian Wushuang was forced back again. As for Blood Saber Emperor, he did not retreat this time.

"Tsk, tsk, not bad. Your third saber move should be stronger, right?" Jian Wushuang looked at Blood Saber Emperor with interest.

Blood Saber Emperor's face darkened, and he looked at Jian Wushuang in a different way.

He was not stupid. Although he had only collided with Jian Wushuang twice and gained the upper hand the second time, Jian Wushuang's expression and performance were too calm and relaxed.

It was as if there was no pressure at all when facing him.

Moreover, during the two clashes, he saw that Jian Wushuang's swordsmanship was very casual and did not look like he was seriously using his strongest skill.

"Blood Sword Master, take my third strike."

Blood Saber Emperor's eyes were cold, and a shocking saber essence suddenly rose at this moment.

Blood Saber Emperor was known as Blood Saber, and his understanding of saber principle was extremely high. Although he was not as good as Jian Wushuang, his understanding of saber principle had reached the limit compared to most experts of the pinnacle of the six realm.

As Blood Saber Emperor slowly raised the blood-red saber in his hand, a terrifying saber essence storm slowly began to gather.

"Oh?"

Feeling the increasingly powerful saber essence in front of him, Jian Wushuang secretly nodded.

Blood Saber Emperor's fame was definitely not made up. He was indeed very strong. At least, the ultimate move he had developed was extraordinary, it could even pose a great threat to an ordinary expert at the pinnacle of the six realm.

Unfortunately, he was facing himself.

Whoosh!

The saber essence swept out, and the strongest saber move that Blood Saber Emperor had been preparing for a long time finally arrived.

The moment Blood Saber Emperor waved his saber, Jian Wushuang also instantly attacked. It was still a casual sword move, but it instantly triggered the origin of sword principle universe.

Chapter 3589: Five People

The Universe Origin of Sword Principle was too high-level. Even if Jian Wushuang did not use any powerful sword skill, as long as he activated the Universe Origin of Sword Principle in his sword skill, his sword would instantly become extremely terrifying.

Clang!

The two collided again. This time, Jian Wushuang was still pushed back, but Blood Saber Emperor also staggered back a few steps.

After these steps, Blood Saber Emperor's face was a little ugly.

"Haha, as expected of Blood Saber Emperor. His strength is indeed impressive." Jian Wushuang's hearty laughter had already sounded.

Blood Saber Emperor looked at Jian Wushuang with a complicated gaze.

He could see that Jian Wushuang did not suffer any injury after the collision with his strongest saber, let alone serious injury.

In other words, he could not hurt Jian Wushuang even if he tried his best, so he could not threaten him.

"Blood Sword Master, you are able to take three of my saber strikes head-on without any damage. You are definitely a powerful warrior among the six states, and I can't do anything to you alone," Blood Saber Emperor said seriously.

"Blood Saber Emperor, are you planning to leave?" Jian Wushuang asked.

"No. Although I can't do anything to you alone, there are too many experts targeting you this time. It's still very difficult for you to escape unscathed. I'd better wait and see," Blood Saber Emperor said with a faint smile, then he flew toward the nearby void.

He did not choose to leave. Instead, he stayed in the void around Jian Wushuang like the other cultivators.

Seeing this, Jian Wushuang shrugged, but he was not surprised.

He knew that Blood Saber Emperor would not give up so easily. He would definitely wait for another opportunity to join hands with other experts when they arrived...

He had already guessed this, so he did not reveal any of his strength in the fight with Blood Saber Emperor. He just casually withstood the attack of Blood Saber Emperor, it made people think that he was just an ordinary expert at the peak of the six realms, so he had the upper hand.

"If I'm not mistaken, Blood Saber Emperor will have to wait for other experts at the peak of the six realms to arrive. When three or four of them arrive, they will choose to join forces to deal with me. At that time, I, Thunder Blaze Master, will make a move and start a massacre." Jian Wushuang's eyes were cold, he had already had his own thoughts.

He knew that there were too many people targeting him this time. Since so many people were targeting him at the same time, it would be best for him to use the bloody massacre to intimidate all the experts and forces in this territory! It would make all the experts and forces tremble in fear!

Of course, such a massacre was not something that could be done by killing just one person.

If Jian Wushuang went all out, he could kill Blood Saber Emperor, but killing one person was not enough to intimidate him. The experts of the pinnacle of the six realm would not attack him easily.

Therefore, he had to wait for the other experts of the pinnacle of the six realm to come and join hands with him!

At that time, it would be the time for him to make his move.

There was nothing more shocking than being able to defeat several experts of the pinnacle of the six realm with lightning speed and even kill a few of them on the spot.

"Let's wait slowly."

Jian Wushuang was not in a hurry at all. He slowly headed toward Wuxin Lake.

Naturally, more and more experts came, and soon, a second expert of the pinnacle of the six realm arrived.

This expert of the pinnacle of the six realm was Thunder Blaze Master, whose strength was weaker than that of Blood Saber Emperor. He first fought with Jian Wushuang, but when he found that he could not defeat Jian Wushuang, he chose to do the same as Blood Saber Emperor, he first retreated to the side and continued to wait for other experts to arrive.

Then, the third expert of the pinnacle of the six realm, Nine Sword Demon Master, also arrived...

Time passed. It had been a year since Jian Wushuang was first targeted by Dragon Swan Master.

During this year, more and more experts rushed over. There were now more than 100 Principles Masters around Jian Wushuang, and five Principles Masters who had reached the ultimate six-realm.

These five ultimate experts were Blood Saber Emperor, Thunder Blaze Master, Nine Sword Demon Master, Kun Master, and Blood Spirit King!

Among the five Principles Masters, Blood Saber Emperor and Blood Spirit King were the strongest, and Blood Spirit King was very close to a Ruler. Among the many ultimate experts of the six realms in this territory, she was definitely one of the top ten ultimate experts of the six realms.

However, although Blood Spirit King was very powerful, she could not defeat Jian Wushuang in a one-on-one fight when she first arrived.

Now, the five experts had gathered together.

"Blood Spirit King, I can't believe that even you can't defeat Blood Sword Master." Blood Saber Emperor looked at Blood Spirit King in surprise.

The cold and arrogant woman in red armor looked extremely cold. "I didn't expect Blood Sword Master to be so powerful, especially his swordsmanship. I just fought with him. Although I didn't use my strongest skill, I guess I can't kill him even if I use my strongest skill. I can't even severely injure him."

"Even you can't kill him. It seems that it's impossible to kill him alone. If that's the case, then we can only join forces. Four of you, what do you think?" Thunder Blaze Master said.

"Join forces? Of course we will join forces. The reason why we have been waiting here and are unwilling to leave is to wait for more experts to arrive before joining forces," Nine Sword Demon Master said.

"That Blood Sword Master's methods are indeed not weak. Even if two or three experts at the pinnacle of the sixth realm joined hands, I'm afraid they wouldn't have absolute confidence in killing him. However, if the five of us can join hands, then the chances of killing him would be very high." Blood Blade Emperor said seriously, "Thunder Blaze Master, Nine Sword Demon Master, Kun Master, and me, the four of us have already reached an agreement. Blood Spirit King, you are the strongest and the last to arrive. What do you say?"

"Joining forces is not a problem. The key is to kill Blood Sword Master. After we obtain the opportunity from him, how should we split it?" Blood Spirit King said.

"This, we will talk about it after we kill Blood Sword Master." Blood Blade Emperor said, "Furthermore, we can not kill him directly in the beginning. Instead, we have to think of a way to force him to tell us what happened to him over the years and the secrets of the Life and Death Realm. Actually, as long as we know these, it will be a great harvest for us. As for the other opportunities, we will wait for him to tell us more before we kill him and snatch his interspatial ring."

"Sure." Thunder Blaze Master nodded.

Nine Sword Demon Master and Kun Master did not object.

"In that case, let's fight." Blood Spirit King smiled.

Immediately, the five experts flew toward Jian Wushuang.

Chapter 3590: The Five Pinnacle of the Six Realm Experts

Although there were more than 100 experts around Jian Wushuang, only five of them had reached the pinnacle of the six realm. Therefore, the movements of the five pinnacle of the six realm experts were noticed by the other experts, however, when the five pinnacle of the six realm joined hands and rushed toward Jian Wushuang, the void immediately stirred.

"They're finally going to make a move!"

"Before Blood Spirit King arrived, the four of them were not absolutely sure that they could force Blood Sword Master. But now, with Blood Spirit King, this lineup is enough!"

"Five experts of the pinnacle of the six realm, especially top experts like Blood Spirit King and Blood Saber Emperor. I'm afraid only a Ruler can do nothing to such a lineup."

A series of sighing voices sounded from every corner.

In just a moment, the five experts had appeared in front of Jian Wushuang.

Seeing this, Jian Wushuang smiled faintly and said, "Five experts, are you ready to attack so soon? Why don't you wait for a few more experts at the pinnacle of the six realm to arrive?"

The lineup of five experts at the pinnacle of the six realm might seem extremely terrifying to others, but Jian Wushuang felt that it was still a little lacking.

He wanted to intimidate everyone. Naturally, the more experts the better.

The five experts of the pinnacle of the six realm were not enough to meet Jian Wushuang's requirements.

"Blood Sword Master, the five of us are here together. You should understand your current situation. You have no more room for struggle. You'd better tell us everything you know." Blood Saber Emperor said.

"Tell us? Who will hear it? The five of you or all the experts present?" Jian Wushuang said with interest.

"Of course, only the five of us will hear it." Thunder Blaze Master said coldly.

"Oh?" Jian Wushuang raised his eyebrows and said with a smile, "If that's the case, what about the experts around us? After all, they have followed me for a long time. It can't be for nothing, right?"

As soon as he said this, the Principles Masters who were in the surrounding void immediately began to discuss quietly.

Just as Jian Wushuang said, they had rushed here on purpose. If they did not get anything, how could they be satisfied?

Putting aside the opportunities that Jian Wushuang had already obtained, at least they had to know what kind of opportunities Jian Wushuang had had over the years. The secrets of the Life and Death Realm were also of great concern to everyone present.

If Jian Wushuang only told these five experts of the pinnacle of the six realm, the other experts would certainly not be satisfied.

“Blood Sword Master, at this time, do you still want us to panic?” Blood Spirit King smiled coldly. “You’d better tell us what you know. As for the surrounding experts, after the five of us confirm that what you said is true, we will naturally make it public.”

“Yes, we alone can’t swallow the secret of the Life and Death Realm. We will definitely reveal it later.” Blood Saber Emperor nodded.

Hearing this, the expressions of the experts around them immediately eased up.

Jian Wushuang raised his eyebrows and said, “I really want to reveal the secret of the Life and Death Realm, but unfortunately, even I don’t know what is in the Life and Death Realm.”

What Jian Wushuang said was the truth.

He did not know what the secret of the Life and Death Realm was. After all, he did not enter the Life and Death Realm before, but he had never entered that special space and time, however, he did not know how he came out of that special space and came out of the Life and Death Realm.

Therefore, it was obviously impossible for these people to know the secret of the Life and Death Realm.

However, in the eyes of others, Jian Wushuang was lying.

“It seems that you really intend to monopolize the secrets of the Life and Death Realm alone.” Blood Spirit King’s eyes turned cold.

“Four, what are you waiting for? Since Blood Sword Master is so stubborn, let’s attack together. I don’t believe that he can keep his mouth shut when his life is at stake!” Thunder Blaze Master said.

“Let’s attack together.” Nine Sword Demon Master’s eyes turned cold. The pitch-black godly sword on his back had already appeared in his hand.

The other four also took out their own true treasures.

“Go!”

As Blood Blade Emperor was the first to attack, the five experts at the pinnacle of the sixth realm moved at the same time.

Hong! Hong! Hong! Hong! Hong!

Five shocking auras burst out at the same time. Any one of these five auras was enough to make an ordinary expert at the pinnacle of the six realm tremble.

Experts at the pinnacle of the six realm represented the pinnacle among Principles Masters. Each of them had mastered seven portions of the power of the will, and they were only one step away from

becoming a Ruler. Any one of these Principles Masters was enough to make people revere them, would have been awe-inspiring. But now, there were five of them working together to kill Jian Wushuang.

“Five experts at the pinnacle of the six realm.”

Jian Wushuang’s eyes gradually turned cold as he looked at the five people who were attacking him at the same time.

The five experts at the pinnacle of the six realm were slightly less than he had expected, but it was enough for him to use them to establish his power.

“Well, let’s make it these five.”

Jian Wushuang muttered and flipped his palm. The Absolute Shadow Divine Sword appeared in his hand.

“Eh? He changed his sword?”

When Jian Wushuang took out the Absolute Shadow Divine Sword, it immediately attracted the attention of Blood Saber Emperor.

The five of them had fought with Jian Wushuang before. Because they could not defeat him alone, they chose to join forces. When Jian Wushuang fought with them, he only used the Blood Mountain Sword, but now, he had taken out the Absolute Shadow Divine Sword.

“Humph, so what if he exchanged swords? That sword looks like an advanced universe supreme treasure, so what?” Nine Sword Demon Master smiled disdainfully.

His name was Nine Sword, and his sword was also a weapon. He was good at sword principle, but the divine sword in his hand was indeed a top-tier universe supreme treasure. It was one level higher than Jian Wushuang’s Absolute Shadow Divine Sword.

“Don’t waste your time with him. Attack with all your strength,” Blood Spirit King shouted in a low voice. She was wearing a pair of scarlet gloves. A large amount of blood mist was surging on the gloves, and a monstrous power condensed in her hands.

Blood Saber Emperor, Thunder Blaze Master, Nine Sword Demon Master, and Kun Master also attacked with all their strength at this moment. They showed no mercy.

Jian Wushuang could not block all the attacks of these five people at the same time. Under normal circumstances, the best way to deal with such attacks was to try to dodge them together, however, Jian Wushuang had no intention of dodging.

He took a step forward instead of retreating. He activated the Universe Origin of Sword Principle with his shadow sword, and a surge of violent aura rose up. The sword struck out with a thunderous momentum, it formed a huge blood-red flash...
