

Swordsman 3841

Chapter 3841: Demon Sovereign of the Ancient Night

Right!

Although he knew from the start that Lord Wu controlled everything in the Red Cloud World and could be said to be the steward of the Red Cloud World, Lord Wu was clearly not the realm spirit of the Red Cloud World, but a material life form.

Since he was a life form and could control the Red Cloud World for Patriarch Red Cloud, he was undoubtedly a powerful expert.

“My name is Wu,” Lord Wu said indifferently. “If it were many years ago, in the depths of the universe, some people would have known my name.”

“Supreme Wu?” Jian Wushuang was shocked.

Lord Wu was a supreme expert?

“Now, do you think I have the ability to guide your wife?” Lord Wu looked at him.

“Of course,” Jian Wushuang said immediately.

What a joke. A supreme expert could even guide an ultimate Ruler. Although his wife had comprehended a principle and become a Principles Master as soon as her body recovered due to the astral heart, she had only comprehended one principle, but she had only comprehended one principle.

How great was it for a supreme expert to personally guide her and even want his wife to inherit his legacy?

“Lord Wu, how long will it take for my wife to completely inherit your legacy?” Jian Wushuang asked.

“Well, it depends on your perception. It will take a few hundred years, or maybe two or three thousand years,” Lord Wu said.

Jian Wushuang looked at Leng Rushuang and asked, “Shuang ‘er, what do you think?”

.....

“I’m willing to take Lord Wu as my teacher,” Leng Rushuang said.

She did not hesitate.

She was so decisive because she knew her husband’s current strength and how heavy the burden on Jian Wushuang was.

As a wife, she naturally wanted to help Jian Wushuang as much as possible and share his burden.

Now that such a good opportunity was in front of her, she would certainly cherish it.

“Well, we’ll stay here for a while longer.” Jian Wushuang smiled and then looked at Lord Wu. “Thank you, Lord Wu.”

“I’m doing it for myself.” A smile appeared on Lord Wu’s face.

Then, Leng Rushuang went through a simple ceremony of apprenticeship in the Red Cloud World.

After the apprenticeship was completed, Lord Wu began to guide Leng Rushuang on her cultivation path.

Jian Wushuang stayed in the Red Cloud World and continued to increase his strength in the Second Heaven with the help of the numerous opportunities on the island.

In a flash, 400 years passed.

...

Although the Red Cloud World had not opened, the Red Cloud World was not the only opportunity in Crimson Stone Mountain. Therefore, there were still a lot of experts who roamed the mountain all year round.

The depths of Crimson Stone Mountain could even be considered an unexplored region.

Huge blood rocks piled up one after another. In the middle of the pile of blood rocks was a tall old man with a purple horn on his forehead. He was sitting there cross-legged, and right in front of him...were numerous dense secret engravings.

Each of these secret engravings was profound and unfathomable. When they were combined together, they were shockingly a layer of a great array formation.

“Haha, it’s done!”

The tall elder with the purple horn suddenly let out a hearty laugh. As he moved his hand, the secret engravings within the array formation started to flow.

An ancient and dark aura slowly rose up.

“It’s been 160,000 years!”

“Ever since I discovered this array formation 160,000 years ago, other than the 10,000 years when the Red Cloud Tide appeared, I’ve spent most of my time studying and comprehending this array formation. I can tell that behind this array formation is an independent world or an independent heaven and earth secret realm. The independent space or heaven and earth secret realm hidden in the deepest part of Crimson Stone Mountain must be a great opportunity!”

“Therefore, I’ve spent a full 150,000 years studying this formation with all my energy. Now, I’ve finally found a flaw in it, a tiny crack in it. If I follow this crack, I’ll be able to enter the hidden secret realm of heaven and earth, and all the opportunities in it will belong to me!”

The purple-horned, tall old man, Horn laughed maniacally. His eyes were filled with an unprecedented joy.

What was the most important thing about adventuring in the three great battlefields? It was opportunity.

And now, Ruler Horn had spent a full 150,000 years just to barely open a small crack in this formation. In his opinion, he would definitely be lucky enough to get a great opportunity.

He was only a high-level Ruler, and his power wasn't that great. He hadn't been able to do as he pleased in this Star Field because he hadn't gotten any great opportunities before, but now, he saw the hope of a great opportunity. Of course, he was pleasantly surprised and happy.

But suddenly...

Swoosh!

A ghostly black light flashed and disappeared.

The smile on Ruler Horn's face suddenly froze, replaced by shock and astonishment.

He stared straight ahead of him, where a terrifying black baleful aura was gathering. This baleful aura was countless times denser than anyone else Ruler Horn had ever seen before. This baleful aura...it was too terrifying, so terrifying that Ruler Horn felt suffocated.

Soon after, a black figure slowly appeared in front of him.

He was dressed in pitch-black armor, his skin was tanned, and the surface of his body was suffused with a faint glow. His eyes were as cold as a blade, and wherever his gaze swept past, the laws of the world seemed to crumble, he felt as though he was a devil God from the netherworld.

His cold, blade-like eyes locked onto Ruler Jiao's body, instantly causing him to feel as though he was in an ice cellar. His body trembled, and the skin on his body twitched. He was even shocked to discover...under the gaze of this black figure, he didn't even have the strength to raise his hand.

A single gaze, a single gaze, caused him, a high-level chief sovereign, to lose the ability to resist.

Sou!

The Black Demon God's figure suddenly flashed and appeared in front of the chief sovereign. His large hand directly pressed onto the chief sovereign's head.

Ruler Horn widened his eyes. He had no ability to resist at all.

Soon after, he discovered that an incredible power was acting directly on his soul.

Ruler Horn's consciousness instantly dissipated. His soul was completely controlled and watched by the other party.

After a long while, the Black Demon God finally put down his hand. Ruler Horn's corpse chased after him powerlessly.

"Star Field? Space Battlefield? Crimson Stone Mountain?"

The Black Demon God murmured, but his face gradually emerged with an unprecedented ecstasy.

"It's the universe, it really is the universe!"

"Haha! Came out, I, Ancient Night Demon King, finally from that damnable place, walked out alive!"

"Ha, ha, ha."

Crazy and wanton laughter, suddenly reverberated between heaven and earth, a long time did not disperse.

Chapter 3842: 800 Years

The 800th year of Leng Rushuang's recovery in the Red Cloud World.

"Husband, look at the whip."

Leng Rushuang looked down from above. She waved a long dark green whip with her jade-like hand and swept out like a swimming dragon.

In an instant, a violent power filled the air.

Jian Wushuang stood below and felt that he had fallen into a vast sea, just like the light sword skill, one of the strongest sword skills he had created. The difference was that the light sword skill was mainly used to trap or entangle enemies, however, Leng Rushuang's whip skill was extremely violent.

The waves in the sky rolled up crazily, forming a series of tsunamis that rushed toward Jian Wushuang.

"This whip skill is amazing." Jian Wushuang could not help but exclaim in admiration, but then he formed a sword with one hand.

"Break!"

With a light word, the successive tsunamis that swept toward him were immediately broken from the middle. The entire vast ocean was cut in half, without any artistic conception.

Leng Rushuang's figure fell from the void.

"Shuang 'er, your whip skill is getting more and more powerful," Jian Wushuang said with a smile.

"What's so powerful about it? Didn't you just casually break it with a sword?" Leng Rushuang rolled her eyes at Jian Wushuang and said, "You don't know how to give way to me."

Jian Wushuang touched his nose with a strange expression.

.....

"However, the whip skill that master taught me is really amazing. There are 16 moves in total, and I've only barely mastered the first move. I'm afraid I can't use 10% of the power of this move. If I can use 20-30% of the power of this whip skill, you definitely won't be able to defeat my whip skill so easily," Leng Rushuang said.

"Of course, the whip skill created by a supreme-being is not simple." Jian Wushuang smiled.

During the past 800 years, Leng Rushuang had been cultivating under the guidance of Lord Wu, and Jian Wushuang had seen it with his own eyes.

He had witnessed Leng Rushuang's strength increase step by step. The whip skill that Leng Rushuang had just displayed was also taught by Lord Wu, and it was a complete secret skill of the whip skill created by Lord Wu himself. It was extremely powerful, even though Leng Rushuang could barely display less than 10% of the first move's power, it was already very impressive.

"Shuang 'er, I just saw that your whip skill not only contains three principles that have been completely fused together, but it also seems to have a fourth principle?" Jian Wushuang suddenly asked.

"Yes." Leng Rushuang nodded. "Under the guidance of master, I have now completely comprehended and fused four principles. As for the fourth rule, I have already comprehended more than half of it. It Won't take long for me to completely comprehend it. After fully comprehending it, it should be relatively easy to fuse it. According to master, I should be able to break through to become a Ruler in at most 2,000 years."

The corner of Jian Wushuang's mouth twitched at Leng Rushuang's words.

Although he had heard from Lord Wu that Leng Rushuang, who had absorbed the Astral Heart, had amazing potential and could easily become a Ruler, Jian Wushuang did not expect it to be so easy.

In just 800 years, Leng Rushuang, who had just entered the Principles Master level, had reached the top of the Principles Master level. She could immediately comprehend the fourth principles and become a Ruler in at most 2,000 years.

After all, he had been a Principles Master for so many years, but he was still far from becoming a Ruler. After all, it was very difficult to merge the four principles.

"Shuang 'er, I'm afraid you'll become a Ruler before me," Jian Wushuang said with a sigh.

"So what if I become a Ruler first? Master said that even if I break through to become a Ruler, I won't be as strong as you. You've already comprehended a trace of universe principle," Leng Rushuang said.

Jian Wushuang could not help but smile.

"Of course, I'm not weak now. According to master, although I'm only a Principles Master now, my combat strength is no weaker than a first-level Primary Ruler with the secret skills and skills that Master taught me. If I fight with all my might, I can even fight against a first-level Advanced Ruler," Leng Rushuang added.

Jian Wushuang was not surprised to hear that.

There was a huge gap between a Principles Master and a Ruler, but it was not impossible to make up for it.

Not to mention Jian Wushuang himself, the blood slaughter emperor whom he had met before was the number one Principles Master in this star area before he rose to power. His battle strength was indeed very strong, so he could unleash his full strength, she could also rival a Primary Ruler.

The Blood Slaughter Emperor did not have much opportunity or inheritance to possess such battle strength. On the other hand, Leng Rushuang had first absorbed a supreme treasure like the astral heart, and secondly, she was a personal disciple of a supreme master, Lord Wu had carefully taught her various secret skills and divine abilities for 800 years. How could her battle strength not be strong?

It was a pity that Leng Rushuang had only recovered her divine body for a short time, so her understanding of Dao and battle experience were still lacking. Otherwise, her battle strength would have been even stronger.

"Disciple, Jian Wushuang, come here," Lord Wu's voice suddenly sounded.

Jian Wushuang and Leng Rushuang held hands and came to the altar of the Third Heaven together. Lord Wu was already waiting there.

"It's been 800 years. I've taught you everything I can in these 800 years. Now, it's up to you." Lord Wu looked at Leng Rushuang with a gentle gaze.

After all, she was his disciple and a true disciple. Lord Wu treated Leng Rushuang much better than Jian Wushuang.

"Master." Leng Rushuang raised her head and glanced at Lord Wu.

Lord Wu ignored her and said, "Little guy, you can take your wife and leave now."

"Thank you for your teaching all these years, senior," Jian Wushuang said gratefully.

"You're welcome. I just want to leave a legacy for myself." Lord Wu waved his hand.

"Senior, I'm actually very curious. Why don't you leave? With your strength, the Red Cloud World shouldn't be able to stop you if you want to leave." Jian Wushuang frowned and asked.

"Leave?" Lord Wu was stunned, but then he shook his head and said, "Do you think I don't want to leave? I just can't do it."

"Why?" Jian Wushuang was puzzled.

"Little guy, you might not know how terrible the battle was. Even master, who was so powerful, died. I was a general under master, and I also participated in that battle." Lord Wu's voice was low.

"Master died, and I was struck by the aftershock of the hundred-battle fiend ancestor. Although I didn't die, I suffered an unprecedented heavy blow. In the end, I had to flee back to the Red Cloud World and borrow its power to survive. However, I couldn't have been more miserable."

"All these years, my divine body had been relying on the Red Cloud World to barely survive. That was why I didn't collapse on the spot. Once I left the Red Cloud World, my divine body would immediately collapse, and I would die immediately."

Chapter 3843: Eternal Dark Prison

"Is that so?" Jian Wushuang suddenly realized.

He had been wondering why Lord Wu had stayed in the Red Cloud World for so long.

“Little guy, before you leave, there is one more thing,” Lord Wu suddenly said.

Jian Wushuang and Leng Rushuang could not help looking at Lord Wu.

“When master was alive, he was very powerful. He established a huge divine kingdom and occupied a vast territory. He had countless people under his command. If the divine kingdom was huge, there would be some evil people. There used to be many evil people in the divine kingdom. For their own benefit, they would do anything to stir up trouble in the Divine Kingdom.”

“Once these villains were discovered, many of them were killed immediately. However, there were also many who were imprisoned. The place where these villains were imprisoned was known as the Eternal Dark Prison.”

“The Eternal Dark Prison has existed for many years. Not long after master opened the Divine Kingdom, the Eternal Dark Prison has always existed. When the divine kingdom was still around, there were often people who were imprisoned in the Eternal Dark Prison. In the future, unless there was an incredible performance in the Eternal Dark Prison that could attract the attention of the higher-ups of the Red Cloud faction, these prisoners were destined to be imprisoned in the Eternal Dark Prison for the rest of their lives.”

“After so many years, I don’t know how many prisoners are locked up in the Eternal Dark Prison.”

Jian Wushuang was puzzled.

He did not understand why Lord Wu suddenly told him this.

“The Eternal Dark Prison is divided into six levels. The prisoners are imprisoned at different levels according to their strength. Everything was going according to plan, but after the battle, the Master died, the Red Cloud branch was destroyed, and the divine kingdom collapsed. Although the Eternal Dark Prison was not destroyed, its foundation was damaged and its power was greatly damaged. Most importantly, there was a flaw in the Eternal Dark Prison’s array!”

“Of course, this flaw only exists in the first level, and it’s extremely hidden. Under normal circumstances, the prisoners in the first level of eternal darkness prison would not be able to find this flaw, and they would not be able to escape from Eternal Darkness Prison through this flaw.

“However...500 years ago, I sensed through the Red Cloud World that someone had used the flaw of eternal darkness prison to create a crack in the first level of eternal darkness prison. Although the Eternal Darkness Prison Array quickly repaired this crack, during this time, there were prisoners who escaped from Eternal Darkness Prison.”

.....

“What?” Jian Wushuang was shocked. “Someone escaped? 500 years ago?”

He did not understand why Lord Wu suddenly told him this, but now he understood.

All the prisoners in the Eternal Dark Prison had committed heinous crimes. They were not evil, but at least they were not good people. Moreover, they were imprisoned in the Eternal Dark Prison by the Red Cloud Branch, they must be very strong. How could such prisoners escape?

“How many escaped?” Jian Wushuang asked.

“The Red Cloud World is closely related to the Eternal Dark Prison. Now that I am in control of the Red Cloud World, I can barely sense that there is only one prisoner who escaped from the Eternal Dark Prison 500 years ago, and it’s only the first level,” Lord Wu said.

“Only one prisoner? That’s better.” Jian Wushuang heaved a sigh of relief.

If dozens or hundreds of prisoners escaped from the Eternal Dark Prison, the Star Field would be in trouble.

“Although there is only one prisoner, don’t underestimate him,” Lord Wu said seriously. “The Eternal Dark Prison exists not only to lock up prisoners, but also to select as many top experts among them as possible to serve the Red Cloud Branch. Therefore, the weakest one who can be locked up in the Eternal Dark Prison is a Ruler, and the strongest one is even a supreme-being.”

“What? There are Supreme Beings in the Eternal Dark Prison?” Jian Wushuang was stunned.

“Yes, there are more than one supreme-being in the sixth level of the Eternal Dark Prison,” Lord Wu said with a smile, “of course, although the Eternal Dark Prison was damaged in the battle, its power is still there. Unless those Supreme Beings have a big breakthrough in their strength, they may be able to get out of the Eternal Dark Prison. However, the environment of the Eternal Dark Prison is very harsh. In such a harsh environment, it’s almost impossible to reach the peak of master’s strength.”

“And this time, the prisoners who escaped from the eternal prison are the prisoners on the first level. Of the six levels of the eternal prison, the prisoners on the first level are the weakest. Usually, the prisoners are first-level or second-level overlords. However, it has been many years since a new prisoner has joined the eternal prison, and the battles there are extremely fierce. Those who can survive such a long time must be very powerful.”

“I reckon that the prisoner who escaped this time is at least a master at the peak of the second level. He might even have broken through to the third level,” Lord Wu said.

“At the very least, he is at the peak of the second level. He might even reach the third level?” Jian Wushuang’s face darkened slightly.

Since he had comprehended a trace of the universe principle, his strength had soared. He did not need to care about an ordinary master at the second level. However, for a master at the peak of the second level, or even the third level, it was a great pressure, he could not bear the pressure.

“Husband, you don’t have to worry too much. After all, not all the prisoners in the Eternal Dark Prison are crazy. Perhaps the prisoners who escaped this time are those who don’t kill indiscriminately.”

“Moreover, this Star Field is at the edge of the universe. Usually, masters who have reached the second-level will choose to leave here and explore other places in the universe. If this prisoner is so powerful, he won’t stay in this Star Field for long,” Leng Rushuang said.

“Well, that’s true.” Jian Wushuang nodded slightly.

“I’m telling you this just to remind you. Besides, Jian Wushuang, you’ve always wanted to improve your strength, but it’s hard to meet a decent opponent in this Star Field? “Now you have an opponent,” Lord Wu said with a smile.

“An opponent? Is it that prisoner?” Jian Wushuang narrowed his eyes.

“Of course, he’s not the only one. There are countless prisoners in the Eternal Dark Prison,” Lord Wu said.

Jian Wushuang was stunned, but then he looked at Lord Wu in shock.

“Lord Wu, are you asking me to explore the Eternal Dark Prison?”

“Why? Are you afraid?” Lord Wu looked at Jian Wushuang with interest.

Chapter 3844: Fish That Escaped the Net

Jian Wushuang was not afraid, he was just scared.

Jian Wushuang knew the origin of Eternal Dark Prison from Lord Wu. He knew what kind of place Eternal Dark Prison was.

Think about it, countless prisoners were locked in there and never saw the light of day. Many years had passed. Even if the prisoners were not crazy, they would have become crazy. Moreover, those prisoners were all very strong, even the weakest one on the first level was an expert at the peak of the second level. Any one of them was enough to make him treat them seriously.

However, what Lord Wu said made sense. He could not find a match in this Star Field, but he could not leave this Star Field for the time being. If he wanted to continue to improve his strength and challenge new experts...Eternal Dark Prison was indeed a good choice.

“Although Eternal Dark Prison imprisoned some crazy people who had committed heinous crimes, there is no doubt that they are all experts.” Jian Wushuang’s eyes flashed with a trace of sharpness, there was also a trace of excitement.

!!

Yes, he was tempted.

He was eager to fight with experts, and the Eternal Dark Prison could completely satisfy his requirements.

“Little guy, I was right. You are a belligerent person and have the heart of an expert. Even though you know that the Eternal Dark Prison is extremely dangerous, you still want to explore it,” Lord Wu said with a smile.

Jian Wushuang also smiled.

"Husband." Leng Rushuang frowned. She also knew what kind of place the Eternal Dark Prison was, so she naturally did not want Jian Wushuang to go there and take risks.

"Haha, my disciple, don't worry. Anyone in this Star Field, including you, will die in the Eternal Dark Prison, even if you go to the first level. But for this little guy, his life is not in danger," Lord Wu said with a smile.

"Why?" Jian Wushuang did not understand.

Lord Wu immediately explained, "The Eternal Dark Prison was created by the Red Cloud Branch. The Red Cloud Branch has absolute power in the Eternal Dark Prison. As long as an expert or a disciple of the Red Cloud Branch enters the Eternal Dark Prison, they will be protected by the Eternal Dark Prison formation."

"Little guy, didn't I give you a token of an inner disciple of the Red Cloud Branch?"

"With this token, you can mobilize part of the power of the formation in the eternal secret language. Not to mention the masters on the first level who are at the top of the second or third level, you can easily suppress even the ultimate masters on the fifth level."

"Is there such a thing?" Jian Wushuang was worried, and Leng Rushuang was also surprised.

Leng Rushuang was worried that Jian Wushuang's life would be in danger after entering the Eternal Dark Prison, but she did not expect Jian Wushuang, an inner disciple of the Red Cloud branch, to have such a privilege in the Eternal Dark Prison, if he could mobilize part of the power of the formation, he could do whatever he wanted in the Eternal Dark Prison.

"Of course, the reason why you went to the Eternal Dark Prison is to gain experience and improve your strength. If you didn't encounter a life-or-death crisis, you'd better not mobilize the power of the array so easily," Lord Wu said.

"Of course, if I mobilize the power of the array to suppress a random prisoner, there would be no experience effect," Jian Wushuang said with a smile, "I will only use this move at the last moment. In addition, I can use this move not only to save my life, but also to find a way to gain something else."

Jian Wushuang narrowed his eyes. He already had some other ideas in his mind.

For example, if he went to the Eternal Dark Prison and recruited a few prisoners as servants, the weakest of the prisoners in the Eternal Dark Prison would be at the level of a master at the peak of the second level. If he brought a few of them out...it would definitely be a huge improvement for the upper echelons of the Divine Beginning Realm.

Of course, it would not be so easy to get the prisoners to submit to him.

"Alright, I've said what I need to say. You can leave now." Lord Wu waved his hand.

"I'll take my leave!"

"I'll take my leave!"

Jian Wushuang and Leng Rushuang bowed together and then left the Red Cloud World together.

...

Jian Wushuang and Leng Rushuang were flying side by side on Crimson Stone Mountain.

"Is this the universe battlefield? I feel that it is indeed extraordinary. Many places give me an extremely dangerous feeling." Leng Rushuang could not help sighing along the way.

The Red Cloud World that she was in before was also in the universe battlefield, but it was an independent space after all. It was completely different from walking around in the universe battlefield.

"Shuang 'er, after we leave Crimson Stone Mountain, we'll go back to Star Palace first. Then we'll go back to our hometown together," Jian Wushuang said.

"Okay." Leng Rushuang nodded with a smile.

Suddenly —

"What?" Jian Wushuang's expression suddenly changed.

"What's wrong?" Leng Rushuang looked at him with confusion.

"Shuang 'er, come with me first." Jian Wushuang changed the direction and rushed toward the void to the side.

Leng Rushuang followed him, although she was puzzled.

On a blood rock, a black-clothed man with a faint light around him was sitting cross-legged with his eyes closed. No one knew what he was doing.

Jian Wushuang and Leng Rushuang had already appeared in the void around the black-clothed man. The latter was not far behind.

In terms of strength, Jian Wushuang and Leng Rushuang were both very strong. Ordinary Rulers could not sense the aura that Jian Wushuang had learned from the Devil Flame, and Leng Rushuang's concealment secret skill was created by supreme fog, moreover, the black-robed man was just a Principles Master at the peak of the sixth realm, so of course, he would not be able to discover their existence.

"Husband, do you know this person?" Leng Rushuang asked.

"Of course I know him. Once upon a time, he led many Principles Masters of the three Saint Realms and almost forced me into a desperate situation." Jian Wushuang smiled.

Of course he knew the man in black on the Blood Stone below.

Star River Master was a Principles Master from the three Saint Realms.

When he was on the Saha Island, he was surrounded and killed by the three Saint Realms. When the three Saint Realm Masters did not show up, Star River Master was the strongest among the three saint realms, at that time, he was already at the sixth realm of the Void Realm. Even Bai Xing, the Deputy Temple Master of the Temporal Temple, was barely suppressed by him.

Now, he had already destroyed the three Saint Realms and killed the three masters of the Saint Realm. However, Star River Master was still alive.

“It seems that the extermination of the three Saint Realms was not thorough enough. There are still many who escaped.”

Jian Wushuang smiled faintly, but his smile was unusually cold and contained killing intent.

Without hesitation, Jian Wushuang and Leng Rushuang appeared directly.

...

Chapter 3845: Star River Master

Star River Master had been living a miserable life these years.

It was normal that the Three Saint Realms had been destroyed. Although he had left the Divine Beginning Realm and escaped to the universe battlefield, he had become a stray dog since then.

Now, Jian Wushuang was too famous in this Star Field, and his power had been constantly rising. Even the strength of Star Palace had improved a lot, over the years, Star Palace had not forgotten to hunt down the Three Saint Realms. This led to him being at the peak of the Sixth Realm, but no force in this Star Field was willing to take him in.

After all, no one wanted to provoke Jian Wushuang or Star Palace.

Star Palace had no choice but to travel in the universe battlefield and improve his strength as much as possible. However, he still had to be careful. Once his whereabouts were exposed, Star Palace would send experts to kill him, Star Palace would very likely send great beings to kill him.

!!

“Hu.”

Letting out a soft breath, Star River Master opened his eyes.

“Although this Crimson Stone Mountain contains a large amount of fortuitous opportunities, it requires a considerable amount of luck and power to obtain them. I’ve roamed the depths of Crimson Stone Mountain for so many years, and I’ve just barely managed to obtain some benefits, allowing my power to improve by a bit. However, I’m still far from reaching the pinnacle of the sixth level, much less becoming a Ruler.” Star River Master shook his head inwardly.

Crimson Stone Mountain was indeed a land of treasures, and it contained many great opportunities. However, not everyone could obtain these great opportunities.

At the very least, Star River Master did not have such luck.

“Zi Zhen and Long Yang,” Star River Master muttered. “Both of them are planning to leave this Star Field and head to other places to explore. It seems that I am also considering leaving.”

It was rare for Principles Masters to head to other Star Fields to explore. After all, the universe void space was too long, and it was extremely dangerous. Principles Masters who wandered in the universe void space would easily get lost, and it was very easy for them to fall.

However, Star River Master and the others had no choice because it was difficult for them to stay in this Star Field.

Even if they could barely stay here, they were always on the edge of their wits.

When they heard that Jian Wushuang had entered the Dark Magic Region, they were overjoyed. They thought that Jian Wushuang would die there, so there was no need for them to leave.

But in the end, Jian Wushuang unexpectedly survived the Dark Magic Region.

Even the Dark Magic Region had failed to kill Jian Wushuang. Star River Master knew that Jian Wushuang would not die. Therefore, those who had escaped from the three Saint Realms, including Star River Master, were ready to leave the star region.

Suddenly —

Two figures appeared in front of Star River Master without any warning.

Star River Master raised his head subconsciously. When he saw Jian Wushuang carrying a Divine Sword among the two figures, his face turned pale.

“Star River Master, long time no see. How are you?” Jian Wushuang’s voice was cold with a hint of mockery.

“Blood Sword Master? No, Heavenly Sword Marquis!” Star River Master was terrified. “How is it possible? How did you know I was here? How did you find me?”

“Of course I didn’t know you were here, but you’re unlucky. I’ve been wandering around Crimson Stone Mountain for years, and I happened to pass by, so I sensed your soul aura,” Jian Wushuang said with a smile.

“Unlucky?” Star River Master’s eyes widened, and his whole body collapsed. His eyes were lifeless, and his face was full of despair.

He knew that since Jian Wushuang had appeared in front of him, he would not be able to escape no matter what he did.

“Star River Master, when you led the Principles Masters of the three Saint Realms to kill me on the Saha Island, I’ve always remembered your hatred. However, things are different now, and I don’t want to bully you. How about this? My wife has just broken through to Principles Master not long ago. I’ll ask her to help you. If you can survive her, I’ll let you go,” Jian Wushuang said.

Upon hearing this, Star River Master, who had been in despair, suddenly raised his head, his eyes shining brightly.

“Heavenly Sword Marquis, are you serious?” Star River Master could not help glancing at Leng Rushuang beside him.

However, Leng Rushuang had completely restrained her aura. He could not tell whether she was serious or not, but he could tell that she had just entered the human realm not long ago.

"I'll keep my word," Jian Wushuang said with a faint smile. He looked at Leng Rushuang and said, "Shuang 'er, it's up to you."

The reason why he asked Leng Rushuang to fight was because Lord Wu had told her to gain more experience in the Red Cloud World in the future.

After all, the path of an expert was destined to be filled with bloodshed.

Leng Rushuang had absorbed the heart of the Astral World, so she had the capital and potential to become an expert. However, she also needed to be tempered.

However, Jian Wushuang took into account that Leng Rushuang had just mastered the strength and her soul had been asleep for nearly 200,000 years. It could be said that she had a lot of experience in fighting with experts. Therefore, Jian Wushuang naturally could not challenge her to a too strong opponent at the very beginning, the battle strength of the Star River Master in front of her was only at the peak of the sixth realm. It was just enough for her to be the first opponent to be tempered.

Leng Rushuang knew Jian Wushuang's intention, so she did not refuse him. Instead, she walked forward and took out the dark green whip.

"I'll only use one whip. If you don't die after one whip, you can leave." Leng Rushuang's face was cold.

She had a cold temperament, like a glacier.

Jian Wushuang was the only one in the world who could fuse with it. When faced with others, Leng Rushuang was almost always cold.

"Whip?"

Star River Master laughed, which hid his surprise.

He was laughing at the arrogance of the woman in front of him. Although he only had battle strength at the peak of the sixth realm, his life-saving ability was not bad. Other than Jian Wushuang, Blood Slaughter Emperor, and a few other heaven-defying existences among the Principles Masters, it was impossible for other Principles Masters, even some extremely terrifying experts at the pinnacle of the sixth realm, to kill him in one move.

Leng Rushuang was too lazy to say anything. She waved the dark green whip in her hand.

A special intent spread out.

In an instant, the master of Star River felt that he had fallen into the vast ocean, and the surrounding area was a tsunami formed by layers of crazy waves. Its power was earth-shaking, and it charged toward him.

"How is this possible?"

Star River Master's expression changed drastically. The tsunami rushed toward him, and he used all of his skills to try to resist it.

However, the first impact had severely injured his godly body. The second impact had shattered the true treasure armor on his body. The third impact had completely destroyed his godly body, and all of his godly power had been annihilated.

“No!”

“Heavenly Sword Marquis, you lied to me. There’s no way she just broke through to become a Principles Master not long ago!

“There’s no way!”

After his hysterical screaming, the Star River Master died.

Chapter 3846: The Change of the Star Field

Hearing the final roar of Star River Master, Jian Wushuang shook his head lightly. “I didn’t lie to him. Shuang ‘er has only been a Principles Master for 800 years. It’s just that she has been taught by a supreme-being for the past 800 years.”

After killing Star River Master with a whip, Leng Rushuang casually took away Star River Master’s interspatial ring and returned to Jian Wushuang’s side. She said, “Next time, if you want me to train, you must find me a stronger opponent.”

Jian Wushuang smiled and asked, “Shuang ‘er, how many layers of waves did your whip create?”

He had experienced the power of Leng Rushuang’s whip before. Waves after waves of tsunamis came at him, one after another. It was indeed very powerful.

Star River Master had only endured three waves of tsunamis before he died.

!!

“If master had used this whip, the tsunami would have never stopped. Unless I break the spell with force, the tsunami would have continued to attack. But now, I have barely mastered this move. Even if I use my full strength, I can only use the ninth impact at most,” Leng Rushuang said.

“The ninth impact is not bad.” Jian Wushuang nodded secretly.

Three strikes easily killed Star River Master, who was at the peak of the six realms. Nine strikes were enough to rival an ordinary Ruler.

Killing Star River Master was just a side trip. Cultivators at Star River Master’s level, as well as those who escaped from the three Saint Realms, were no longer worthy of Jian Wushuang’s attention.

After that, Jian Wushuang and Leng Rushuang moved forward. Soon, they left Crimson Stone Mountain and returned to Star Palace.

“This is Star Palace?”

Leng Rushuang and Jian Wushuang walked side by side, looking around.

There were many cultivators in Star Palace, and they met many people along the way.

“Blood Sword Master!”

“Greetings, Blood Sword Master!”

The Principles Masters in Star Palace bowed to Jian Wushuang in awe.

After all, everyone knew that Jian Wushuang had the battle strength of a Superior Ruler and had survived the Dark Magic Region. He was definitely one of the strongest people in the Star Field, the Star Palace had benefited a lot from the presence of such a super expert. Of course, they were in awe of him.

Jian Wushuang took Leng Rushuang to see Daoist Xuan God and the others.

In the grand hall, Jian Wushuang met with Daoist Xuan God, Temporal Temple Master, Heaven-cleaving Alliance Master, and the Divine Ancestor.

“My young friend, is this your wife?” Daoist Xuan God asked.

“Yes.” Jian Wushuang nodded.

“Greetings, everyone.” Leng Rushuang greeted them, but she was much colder than Jian Wushuang.

“Haha, my young friend, congratulations,” Temporal Temple Master said with a smile.

He knew very well that Jian Wushuang had been trying to awaken his aura and soul and restore his wife’s divine body, but now he had achieved his goal.

Jian Wushuang just smiled faintly, then he said seriously, “Everyone, when I came back this time, I found that the number of Principles Masters in my Star Palace is much more than before, and the security seems to be much stricter than before.”

“It’s like this.” Daoist Xuan God nodded. “First of all, because of you, our Star Palace’s status in this Star Field has improved significantly. Over the years, many Principles Masters have come to our Star Palace voluntarily. Most of our Star Palace did not refuse, so naturally, the number of Principles Masters has increased. Now, there are more than a thousand Principles Masters under our Star Palace.”

“Thousands of Principles Masters?” Jian Wushuang’s expression changed.

Although there were many Principles Masters in this star area, they were extremely scattered. The main reason was that there were too many lone rangers, and there were also many different forces. There were over a thousand Principles Masters in this star area, that was not bad.

“But of course, the increase in the number of Lords of the edicts is only one of the reasons. The most important reason is that in recent years, some unforeseen events have occurred in this Star Field. It hasn’t been very peaceful. Just to be on the safe side, I’ve summoned back quite a few of the Lords of the edicts who have been adventuring in the three great battlefields of my Star Palace,” Daoist Xuan God said.

“There have been changes?” Jian Wushuang was moved, and he already had a guess in his heart.

"It's like this," Daoist Xuan God explained, "five hundred years ago, an expert suddenly appeared in this Star Field. He called himself Demon Monarch Ancient Night. My Star Palace specially went to collect information about this Demon Monarch Ancient Night, but we didn't find any information about him. Therefore, we guessed that this Demon Monarch Ancient Night came from another Star Field."

Jian Wushuang and Leng Rushuang looked at each other, but neither of them said anything.

They knew very well that since this Demon Monarch Ancient Night suddenly appeared 500 years ago, he was most likely the prisoner who had escaped from the Eternal Dark Prison.

"This Demon Monarch Ancient Night is very strong, very powerful, and extremely overbearing. After he appeared, he immediately swept through this Star Field. The first place he went to was the North Sea Palace. After arriving there, he directly commanded the North Sea Palace to submit to him in a strong manner. Naturally, the North Sea Palace would not agree," Daoist Xuan God said.

"The North Sea Palace is one of the top three forces in the Star Field with the Sky Roc Ruler." Jian Wushuang nodded. "What happened?"

"The North Sea Palace was wiped out by him alone. Even the Sky Roc Ruler was killed by Demon Monarch Ancient Night in one move," Daoist Xuan God said.

"Oh?" Jian Wushuang raised his eyebrows.

He was not surprised that Demon Monarch Ancient Night could destroy the North Sea Palace, but to kill the Sky Roc Ruler in one move...

He had fought with the Sky Roc Ruler before. Although the latter was not a second-level Ruler, he was definitely at the top among the first-level Rulers. Moreover, he had the protection of the supreme true treasure armor, his body-protection ability should not be weak. How could he be killed in one move?

"It is very likely that Demon Monarch Ancient Night's battle strength has reached the third-level," Jian Wushuang thought.

"The news of the destruction of the North Sea Palace and the death of Sky Roc Ruler has shocked the entire Star Field. After that, Demon Monarch Ancient Night continued to sweep through the Star Field. Now, almost all the major forces in the Star Field have chosen to submit to him. As for our Star Palace, although you are here, it has only been a short time since it rose to power. It is not a top major force in this Star Field. It seems that Demon Monarch Ancient Night does not like us, so he did not come to us."

"Right now, this Demon Monarch Ancient Night has established the Ancient Night Demon Palace in the former North Sea Palace's lair and has become the publicly acknowledged number one faction in this Star Field. His power is unparalleled, and no other faction can contend against him."

...

Chapter 3847: Another Big Surprise

"Ancient Night Demon Palace?" Jian Wushuang nodded secretly.

"In addition, a hundred years ago, Ruler Kun Yu, who was regarded as the strongest expert in this Star Field, fought with Demon Monarch Ancient Night," Daoist Xuan God continued.

"Ruler Kun Yu?" Jian Wushuang's expression changed.

Ruler Kun Yu was able to pass the test at the foot of Heaven-Treading Mountain. His battle strength was extremely strong even among the second-level Primary Rulers. Previously, without Jian Wushuang's help, Ruler Kun Yu was indeed qualified to be known as the strongest in this Star Field.

"What was the result?" Jian Wushuang asked.

!!

"Ruler Kun Yu was defeated, and it was still a crushing defeat. Demon Monarch Ancient Night also used only one move to severely injure Ruler Kun Yu and used up more than half of his divine power. Ruler Kun Yu was so frightened that he immediately used his life-saving trump card to escape, which saved his life," Daoist Xuan God said.

"Emperor Kun Yu was much luckier than Sky Roc Ruler. At least he escaped, but Sky Roc Ruler was killed in one move," Jian Wushuang said with a faint smile, "fortunately, Demon Monarch Ancient Night has no intention of finding trouble with us. Let's not provoke him."

"Well, that's what we all think. Ancient Night Demon Palace is now powerful, and all the major forces in the Star Field submit to them. However, Ancient Night Demon Palace doesn't care about us, which are neither big nor small. As long as we don't provoke them, they probably won't come to deal with us," Daoist Xuan God said with a smile.

"Let's not talk about that for now. I brought some special treasures back from the Red Cloud World," Jian Wushuang suddenly said.

The eyes of Daoist Xuan God, Temporal Temple Master, Heaven-cleaving Alliance Master, and Divine Ancestor all lit up.

The last time Jian Wushuang came back from the Red Cloud World, he gave them a huge surprise. There were 100 supreme treasures and 100,000 supreme treasures.

It took them a long time to digest the surprise. What good treasures did Jian Wushuang bring out from the Red Cloud World?

"Please take a look."

Jian Wushuang flipped his palm and a mini three-colored tower appeared in his hand.

The three-colored tower emitted an extremely strange aura, which attracted the eyes of the four Rulers.

"What is this? The Strongest Supreme Treasure?"

"What a unique aura. It seems to be even more extraordinary than the aura of an ordinary supreme treasure."

"My young friend, what is this tower?"

The four Rulers looked at Jian Wushuang.

“Four of you, this tower is called the Three-layered Dao Realm. It’s a law supreme treasure,” Jian Wushuang said.

“A principle supreme treasure?” Daoist Xuan God’s eyes widened. “A principle supreme treasure that is said to be above the strongest supreme treasure?”

“I’ve heard of a principle supreme treasure. It’s said to contain the principles of the universe, and its power is dozens or hundreds of times stronger than the most powerful supreme treasure. The Heaven Suppression Tablet that Xuan Yi obtained seems to be a principle supreme treasure.” Temporal Temple Master was excited.

They did not expect that Jian Wushuang would bring a principles supreme treasure from the Red Cloud World!

“Ladies and gentlemen, this tricolor tower is indeed a rule supreme treasure, but its real use is very unique. It has three different worlds, and each of them is very useful to cultivators...” Jian Wushuang immediately explained the use of the Three-layered Dao Realm in more detail.

After hearing Jian Wushuang’s explanation, the four Rulers were stunned!

To be exact, they were stunned by the sudden surprise of the Tathagata.

“A top-tier saint will most likely break through to become a Principles Master after cultivating in the first level of the Dao Realm for a period of time?”

“Principles Masters can gradually cultivate to the pinnacle of Principles Masters in the second level of the Dao Realm. Among the 100 Principles Masters, two to three will eventually become Rulers?”

“How, how is this possible?”

The four Rulers were completely stunned.

The effect of the Three-layered Dao Realm was really too incredible in their eyes.

“My young friend, is the Three-layered Dao Realm really as effective as you said?” Daoist Xuan God looked at Jian Wushuang nervously.

Of course he was nervous, because if this was true, it would be a huge opportunity for the Divine Beginning Realm.

The entire Divine Beginning Realm could be greatly affected by the Triple Dao realm, and their strength would increase by many times.

“Of course it’s true.” Jian Wushuang smiled slightly.

He was not surprised by the reaction of the four Rulers. After all, when he first saw the Triple Dao realm and heard from Lord Wu about its effects, his mind was also in a daze, the reason why he had chosen the Three-layered Dao Realm for the last time was because it was of great use to the Divine Beginning Realm.

“This is great! This is great!”

“Great fortune! This is definitely an unprecedented great fortune for our Divine Beginning Realm. Countless cultivators in our Divine Beginning Realm can use the Three-layered Dao Realm to make a huge leap in their strength. Naturally, the overall strength of our Divine Beginning Realm will also increase explosively. When that time comes, when we face the army of Devil Cloud Planet, our chances of success will be much, much greater.”

“My young friend, you have brought great treasures to the Divine Beginning Realm.”

The four Rulers were amazed.

They still had not come back to their senses.

Jian Wushuang had brought back treasures from the Red Cloud World twice.

The first time, he had brought back 100 Supreme True Treasures and 100,000 pinnacle true treasures, which had already made them ecstatic. This time, although he had only brought back one treasure, it was a law true treasure, and its function was...it was much more powerful than the supreme true treasures and pinnacle true treasures they had brought back before.

After all, true treasure treasures could only increase a cultivator’s combat power externally, but they could not change the strength of the cultivator.

However, Three-layered Dao Realms were different. They could allow a cultivator to comprehend and integrate more principles of Heaven and earth, which could greatly increase a cultivator’s own power, or even make a breakthrough.

These Three-layered Dao Realms were far more important than over a thousand supreme treasures.

After a long while, the four Rulers finally managed to calm down.

“Since the Three-layered Dao Realms have such an inconceivable effect on the cultivator, then we need to make a good plan,” Daoist Black God said solemnly.

“I suggest that we don’t use the Three-layered Dao Realms in a hurry for the sake of the entire Divine Beginning Realm. Instead, we should first select some elites from the Divine Beginning Realm and send them into the Three-layered Dao Realms to train. We will see the actual results of their training, and then we will begin to arrange for the second batch of people to enter,” the Temporal Temple Master said.

“Right. Let’s keep this matter a secret for now. For the time being, we will select a few trustworthy people to enter the Three-layered Dao Realm. For example, we will first select a portion of the cultivators from our three great freedom alliances, as well as those from the seven star profound sect and the Star Palace,” said the Heaven-cleaving Alliance Master.

“Yes.” The four Rulers all nodded.

Chapter 3848: Travel

If they made a big fuss at the beginning, it would shake the entire Divine Beginning Realm. They were not sure about the specific effects of the three stages of the Dao Realm, so they had to take it step by step, it was best to arrange a group of trustworthy people to cultivate in the three stages.

“Four of you, the first two levels of the Three-layered Dao Realm are for saints and Principles Masters to cultivate. However, the third layer of the Dao Realm is very helpful to Rulers. If you have time, you can go to the third layer of the Dao Realm to cultivate,” Jian Wushuang said with a smile.

“Of course, we can’t wait to experience the magic of the Three-layered Dao Realm.” The eyes of the Heaven-cleaving Alliance Master sparkled.

“My young friend, are you going to stay in the Star Palace or not?” Daoist Xuan God asked.

“My wife has just recovered, so I’m going to take her back to her hometown. I’ll stay in the Divine Beginning Realm for a while. If anything happens in the Star Palace, you can send me a message at any time. I’ll be there as soon as possible,” Jian Wushuang said.

!!

“Okay.” Daoist Xuan God and the other three nodded.

Jian Wushuang was definitely the strongest in the Star Palace, but the four of them were not weak together. In addition to the supreme treasures that Jian Wushuang had just used, they would not be afraid even if they encountered a Superior Ruler, in this Star Field, unless Demon Monarch Ancient Night came to kill them personally, the Star Palace would not be afraid.

However, Demon Monarch Ancient Night clearly had no appetite for their small Star Palace.

Jian Wushuang and Leng Rushuang soon returned to the Divine Beginning Realm.

Eternal Sacred World!

Most of the experts from the Eternal Chaotic World were gathered in the eternal sacred world, with the Eternal Sacred World as the foundation and a large amount of resources left by Jian Wushuang as protection, the overall strength of the Eternal Chaotic World had been increasing rapidly over the years.

However, the strongest emperor in the Eternal Chaotic World was only in the chaos realm. He was pitifully weak in the Divine Beginning Realm, even after tens of thousands of years of growth, Jian Nantian, who was the strongest in the Eternal Chaotic World, and Jian Wushuang’s father, had just reached the saint level.

Jian Wushuang returned with Leng Rushuang.

He immediately saw Emperor Xiao and Emperor Tang.

“Father!”

Leng Rushuang looked at Emperor Xiao with tears in her eyes.

“Shuang ‘er, it’s you? Is it really you?” Emperor Xiao’s body trembled.

It had been many years since Leng Rushuang had left. It was nearly 20 million years in the Eternal Chaotic World.

Jian Wushuang had always said that he would bring Leng Rushuang back, but Emperor Xiao had given up hope. Now, his daughter had come back.

“Grandmaster.” Leng Rushuang bowed slightly to Emperor Tang.

“Haha, it’s good that you’re back.” Emperor Tang smiled.

Jian Wushuang, who was watching quietly, felt relieved.

Not long after, Jian Wushuang brought Leng Rushuang to his parents.

Jian Nantian, Ji Wumeng, Zhuo Yunfeng, Luo Xinqin, and several of Jian Wushuang’s close relatives and friends were sitting there.

The whole family was sitting there, looking at Leng Rushuang.

It was their first time seeing Leng Rushuang.

“Father-in-law, mother-in-law.”

Leng Rushuang also bowed to them.

“Is she our daughter-in-law?” Luo Xinqin looked Leng Rushuang up and down and smiled.

“Sister Xinqin, look, Shuang-er has good taste.” Ji Wumeng also smiled.

They were both Jian Wushuang’s mothers. They had met each other before, and there was no estrangement between them. They called each other sisters.

Soon, Leng Rushuang blended into the family. The family had a good time for a few days, and then Jian Wushuang took Leng Rushuang to the Eternal Chaotic World.

In the Green Fire World.

“Shuang ‘er, look, there is the imperial city of the Tang Dynasty.” Jian Wushuang pointed to the huge city below and said with a smile.

“The imperial city...has changed.” Leng Rushuang also smiled faintly.

“Of course. After all, many years have passed.” Jian Wushuang smiled and said.

It had been nearly 200,000 years in the Divine Beginning Realm and 20 million years in the Eternal Chaotic World. Of course, many changes had occurred during these 20 million years.

However, Jian Wushuang’s shadow had always been behind the Tang Dynasty, so it had been extremely powerful for so many years.

“Shuang ‘er, let’s walk around.”

Jian Wushuang held Leng Rushuang’s hand and walked into the imperial city of the Tang Dynasty.

In the following time, Jian Wushuang and Leng Rushuang lived together in the Green Fire World for a long time. They went to various places that Jian Wushuang had once roamed and even went to the Eternal Chaotic World to travel, they crossed mountains and rivers and traveled to the ends of the Earth.

After so many years, Jian Wushuang finally reunited with his aura. Of course, he had to spend time with his wife.

After all, he owed Leng Rushuang too much.

After living in the Eternal Chaotic World for a period of time, they returned to the Divine Beginning Realm and continued to play. During this period of time, Leng Rushuang had fused four rules, she became a Ruler.

Finally, they stopped traveling. Instead, they found a quiet place and settled down.

...

Wu Tan Secret Realm was a natural secret realm that existed in the Divine Beginning Realm. Because the secret realm was relatively vast and contained a certain amount of resources during this period, after the secret realm was discovered, it attracted a lot of competition, in the end, this secret realm fell into the hands of a Principles Master. This Principles Master was the Wu Tan Master.

After that, the secret realm ordered under the name of the Wu Tan Master. Countless cultivators in the secret realm worshipped the Wu Tan Master and treated him as a god-like existence.

Wu Tan Palace was also recognized as the number one force in the entire Wu Tan Secret Realm. It was extremely aloof.

In a relatively remote city in the Wu Tan Secret Realm, there was a sword dojo called the Heavenly Sword Marquis Dojo. The person who created this sword dojo was a couple. They had been teaching some young people sword techniques in the sword dojo, it had been nearly fifty years.

Under the old tree of the Sword School, a middle-aged man in black sat upright, holding a yellowed book in his hand. He was casually flipping through it.

"Teacher, this month, I've started to practice the Thunder and Fire Sword Technique according to my teacher's instructions. After practicing for a whole month, I've barely mastered the Thunder and Fire Sword Technique. However, when I actually performed it, I felt that something was wrong," said a young man who looked to be only sixteen or seventeen years old, a youth with a hint of childishness on his face frowned as he spoke.

The middle-aged man put down the book in his hand and said, "Show me the Thunder and Fire Sword Technique."

"Yes."

The youth immediately began to practice the sword technique.

Chapter 3849: The Storm in the Sword Mansion

Following the practice of the sword technique, the middle-aged man could not help but shake his head after only two sword moves.

“Stop,” the middle-aged man said.

The youth immediately stopped the sword technique in his hand.

“You just told me that you’ve barely mastered the Thunder and Fire Sword Technique, but now it seems that you’re still far from mastering it. You haven’t even reached the most basic level,” the middle-aged man said in a deep voice. “I’ve told you before that sword techniques are not based on one’s ability, but on one’s intention. Why does the Thunder and Fire Sword Technique have to be named after the Thunder and Fire Sword Technique? It has the swiftness and fierceness of thunder and fire in it, but the sword technique you just displayed is as gentle as a girl’s. You still dare to say that you’ve mastered it?”

“Ah?” The youth’s eyes widened, and his heart suddenly became clear.

!!

No wonder he had always felt that there was something wrong with his swordsmanship. So that was how it was.

“Remember, what kind of person is suitable to cultivate what kind of swordsmanship. As a man, I saw that your nature was like a raging fire, so I let you cultivate this thunder and fire swordsmanship, but you actually cultivated it to this extent?”

“I’ll give you another month. If you still can’t master this thunder and fire swordsmanship within this one month, there’s no need to come to the sword school again,” the middle-aged man said.

“Yes, teacher.” The youth immediately turned around and left.

“Husband, aren’t you a little too strict with this little guy?” A beautiful woman in a plain robe walked to the side of the middle-aged man and sat down.

“Master Yan is a good disciple. This little guy has some talent in swordsmanship. As long as he is taught a little, he will be able to do well in this secret realm.” The middle-aged man smiled.

That was right, the middle-aged man and the beautiful woman in a plain robe were Jian Wushuang and his wife, Leng Rushuang.

The two of them had traveled in the Divine Beginning Realm for more than 3,000 years before they settled down in the Wu Tan Secret Realm.

As for the Sword Mansion, Jian Wushuang had nothing better to do.

“Eh?” Jian Wushuang’s expression suddenly changed. He smiled and said, “30 years ago, the little guy who bore a deep grudge came back.”

“Oh?” Leng Rushuang’s soul power also spread out. Then she smiled faintly and said, “Husband, didn’t you think highly of the little guy? And you secretly taught him some more advanced swordsmanship?”

Jian Wushuang opened the Sword Mansion and treated almost all the disciples who came to the Sword Mansion equally. The swordsmanship of the sword principle was only the most basic, and any disciple in

the Sword Mansion could learn it. But 30 years ago, he gave the little guy a special lesson and taught him some more advanced swordsmanship.

Of course, the so-called more advanced swordsmanship was actually trash in Jian Wushuang's eyes. But for the little guys in the Sword Mansion who were only in the Chaos Realm and the Divine Demon Realm, it was very extraordinary.

"That little fellow has some talent in swordsmanship. Under my guidance, his strength improved very quickly. However, after he broke through to the divine master realm, he left without saying goodbye. Now that he has returned, it seems that he has taken revenge. As for his strength, he has reached the level of great divine master, which is not bad." Jian Wushuang smiled.

While they were talking, a young man wearing a bamboo hat came to the entrance of the Sword Mansion.

Jian Wushuang asked someone to call the young man in.

"Teacher."

The young man's voice was a bit hoarse.

"Hu Yang, do you still have me as your teacher in your eyes?" Jian Wushuang looked at the young man indifferently. Hu Yang was the young man's name.

"I know my mistake. I don't ask for your forgiveness. I only hope that I can stay by your side in my lifetime," Hu Yang said respectfully.

"I have many disciples in the Sword Mansion, and I don't lack people. However, there are too many leaves falling from my yard, so I need someone to clean it up from time to time," Jian Wushuang said.

Hu Yang was stunned, but he immediately reacted and said with surprise, "Thank you, teacher."

"Well, you must have traveled a long way. Go to the backyard and clean up your house. Take a rest," Leng Rushuang said.

"Thank you, teacher's wife." Hu Yang immediately rushed to the backyard.

After Hu Yang left, Jian Wushuang and Leng Rushuang looked at each other and smiled.

"You are sharp-tongued but soft-hearted," Leng Rushuang scolded with a smile.

"This little guy left without saying goodbye. As a teacher, how could I not punish him a little?" Jian Wushuang said.

The two chatted with each other, and the atmosphere was very warm.

From then on, Hu Yang stayed in the courtyard every day, serving tea and cleaning up the dead leaves.

Half a month later...

Whoosh! Whoosh! Whoosh!

Several streams of light arrived at the gate of the Sword Mansion. Without any notice, they landed on the long wall in the center of the Sword Mansion.

The disciples who were cultivating in the Sword Mansion stopped what they were doing and looked at the figures.

Jian Wushuang also came to the drill ground.

“What brings you here?” Jian Wushuang looked at the people in front of him calmly.

“Master, do you still remember me?”

Among them, an evil-looking young man in a golden robe stepped forward and said with a smile.

“It’s you?” Jian Wushuang nodded slightly. “Of course I remember you. You came to my Sword Mansion more than ten years ago, but in March, I saw that you were vicious and kicked you out of the Sword Mansion. From then on, you no longer have any relationship with the Sword Mansion.”

Jian Wushuang and his wife had established the Heavenly Sword Marquis Mansion for more than 50 years. During these 50 years, many young people came to the Sword Mansion to learn swordsmanship, and some of them were vermin and scum.

The evil young man in front of him was the kind of evil person. After Jian Wushuang saw through him, he kicked him out of the Sword Mansion.

Jian Wushuang was actually very kind to just kick him out without any other punishment.

“It’s me. I’m here today to introduce my new teacher to you,” the golden-robed youth said and looked at a cold-looking elder with narrowed eyes.

“You’re the Master of the Sword Mansion?” The cold-looking elder’s eyes flashed with a fierce light. “Hmph, I heard that you expelled my disciple from the Sword Mansion more than ten years ago and humiliated him in various ways. As his teacher, I can’t pretend that I don’t know anything about it. Today, I’m going to seek justice for him, so help me.”

The disciples of the Sword Mansion immediately understood what the cold-faced elder said.

It seemed that the golden-robed young man had been humiliated in the Sword Mansion more than ten years ago. Now, he had a new teacher and came back to flaunt his power.

“Humph, if you want to fight with the teacher, you have to go through me first.”

With a cold ‘hmph’, a figure directly stood in front of Jian Wushuang. It was Hu Yang, who had been serving Jian Wushuang tea and cleaning the courtyard for half a month.

Chapter 3850: Greetings

The moment Hu Yang appeared, the aura of the Great Deity swept out, causing waves of exclamations to ring out within the Sword Gallery.

One had to know that the Wu Tan was merely a heaven and earth secret realm. The strongest was the Wu Tan Master, and he was merely a Principle Master.

Not to mention the Wu Tan master, the strongest ones in the Wu Tan Secret Realm were the True Saints. However, there were not many True Saints in the Wu Tan Secret Realm. Any one of them was definitely a big shot, in this remote city in the Wu Tan Secret Realm, the Divine Master was already an extremely terrifying expert.

“Divine Master?” The golden-robed youth was startled, but when he thought of his teacher’s strength, he immediately felt at ease.

“I didn’t expect that there would actually be a Divine Master in this small city?” The cold-looking old man narrowed his eyes and glanced at Hu Yang, but then he shook his head and said, “A mere Divine Master doesn’t have the qualifications to be presumptuous in front of me.”

!!

As soon as he finished speaking, an extremely powerful divine power aura swept out directly, sweeping through everything as easily as crushing dried twigs. Hu Yang’s divine power aura was completely overshadowed and even defeated.

“True Saint!” Hu Yang turned pale with fright.

While the many disciples in the sword club were shocked, they also became excited.

Immortal Saint! To these young disciples of the Sword Club, he was practically a legendary existence. They did not expect to see one today.

“Haha, you see? This is my new teacher, Lord Jue Yan.” The golden-robed young man was very proud of his master.

“Teacher, this man is the Immortal Saint. I’m no match for him.” Hu Yang stood in front of Jian Wushuang and said softly.

“Yes, I know.” Jian Wushuang nodded slightly. Suddenly, he frowned and asked, “Is there trouble again?”

Sure enough —

In the void not far away, more than ten streamers flew straight toward them. At first, they were just black spots, but in the blink of an eye, they had already appeared in the Sword Mansion.

Moreover, these ten figures were much more ostentatious than when the cold-faced elder and the gold-robed young man had entered the Sword Mansion.

Although the cold-faced elder was a True Saint and had entered the Sword Mansion without being notified, he had only revealed his divine power aura after entering the Sword Mansion.

However, the ten or so people who had just arrived could sense the monstrous aura emanating from their bodies from afar.

The divine power aura was extremely powerful. To the people in the Sword Mansion, it was as if they were gods, causing them to tremble in fear.

More than ten figures appeared in front of the people in the Sword Mansion.

“True Saints! All of them are True Saints!”

This time, even the cold old man was shocked. He looked at the ten or so people who suddenly appeared in shock. “Not only that, their auras are very strong. They are much stronger than the strongest True Saint I’ve ever seen. They are at least at the sixth or even seventh level!”

A sixth or seventh level True Saint was definitely a super overlord in the Wu Tan Secret Realm. It was not something a mere first level True Saint could compare to.

In front of the dozen or so people, the gloomy and cold elder, who had been extremely arrogant a moment ago, immediately became obedient. He stood there in awe and did not dare to say anything more.

“Which one of you is Hu Yang?”

The cold, god-like voice came from the purple-haired woman, who was the leader of the dozen or so people. The purple-haired woman’s aura was also the strongest. Jian Wushuang could tell at a glance that she had already reached the level of a Peak Saint.

“Are you here to find this little guy?” Jian Wushuang glanced at Hu Yang in front of him and already had a guess.

Hu Yang had been carrying a deep-seated hatred since he was young. At first, he practiced swordsmanship in the Sword Mansion. After he became stronger, he left without saying goodbye. In the blink of an eye, he had returned after more than 30 years. Moreover, his expression was not as depressed as before, obviously, he had taken revenge. However, although he had taken revenge, he was afraid that he had caused a lot of trouble.

“Did you really find him?”

Hu Yang sighed lightly with a trace of sadness on his face.

“Hu Yang!”

The purple-clothed woman looked down at Hu Yang from above. “I am the ninth elder of the Wu Tan Palace. You killed a core disciple of the Wu Tan Palace. You have committed a heinous crime. I will bring you back to receive your punishment.”

The purple-clothed woman’s voice shook the sky. Upon hearing her words, there was a commotion in the surroundings.

“It’s actually the Wu Tan Palace, and it’s even the ninth elder personally making a move?” The gloomy and cold old man’s voice was slightly shocked.

As for the gold-robed young man beside him, he was so shocked that his body trembled.

Wu Tan Palace was the publicly acknowledged strongest force in the Wu Tan Secret Realm, and its palace master was the god, the Wu Tan Master, who controlled the Wu Tan Secret Realm. Below the palace master was an elder.

Any one of the Wu Tan Palace's elders was the top existence among the Immortal Saints, and their status was incomparably lofty. Any one of them would stomp their feet, and the entire Wu Tan Secret Realm would tremble.

"This person called Hu Yang actually dared to kill a core disciple of Wu Tan Palace, and even caused the Wu Tan Palace's elder to personally come and capture him?" The gloomy and cold elder praised.

Hu Yang's face was as still as still water. He raised his head and glanced at the purple-robed woman. He did not have any intention of resisting, "My lord, I am willing to go back with you. However, this matter has nothing to do with my teacher and the Sword Mansion. I hope that my lord will not be implicated."

"Our Wu Tan Palace has always been clear about our grudges. Since it was you who killed the person, naturally, we will only look for you," the purple-robed woman said coldly.

"Thank you." Hu Yang heaved a sigh of relief and prepared to leave with the purple-clothed woman.

At this moment...

"Wait!"

A calm voice sounded from behind Hu Yang.

Hu Yang subconsciously turned his head and saw his teacher, Jian Wushuang.

"Teacher..." Hu Yang frowned.

Jian Wushuang just smiled faintly, "Everyone in Wu Tan Palace, Hu Yang is my disciple. He made a mistake, so as his teacher, I can't just let it go. How about this, I also know the Wu Tan Master Palace. I'll send someone to greet him, and this matter will end here."

Jian Wushuang said it casually and casually.

However, everyone present was stunned when they heard it.

Even the purple-clothed woman and the others from Wu Tan Palace were stunned.

Did he know the Palace Wu Tan Master Palace?

Did he just send someone to greet him and end the matter?

What a joke!

Who was the Wu Tan Master Palace? He was the god in the hearts of all the cultivators in Wu Tan Secret Realm. He was the most powerful existence in this world. Even the top True Saint had to kneel and tremble in front of the Wu Tan Master Palace.

Who did the master of the Sword Mansion think he was? How could he ask the Wu Tan Master to help him?

“How dare you fool me!” The purple-robed woman’s eyes turned cold, and there was a hint of anger in them.

“I didn’t. I’ve already sent a message. If nothing goes wrong, your palace master will look for you soon,” Jian Wushuang said with a faint smile.
