Chapter 3881: Heaven-Punishing Sword

Sword skill, Wavelight!

It was one of Jian Wushuang's three most powerful sword skills. It was a sword skill used to trap enemies.

After Jian Wushuang combined four principles, the power and toughness of this sword skill had been greatly improved.

Now, this sword skill was perfectly displayed in Jian Wushuang's hands.

The mighty waves of sword essence were endless and rushed toward Thousand-edge Demon Monarch.

Thousand-edge Demon Monarch was an expert in sword principle. Now that he was standing in the center of the sea of sword essence, he could clearly sense the endless essence in the sea of sword essence.

"What a powerful essence. This sword skill is quite impressive. If I can't completely destroy this sword skill in one breath, the waves in the sky will be endless." Thousand-edge Demon Monarch's eyes were cold, in the next moment, he raised the Purple Divine Sword in his hand. In an instant, a purple sword light descended from the sky like a purple thunderbolt, slashing toward the sea of sword intent in front of him.

Hualala!

As the purple thunderbolt swept, the sea of sword intent in front of him immediately began to retreat and collapse at a speed visible to the naked eye.

In the blink of an eye, nearly 90% of the sea of sword intent collapsed, but the power of the purple thunderbolt was completely exhausted, dissipating in the world.

"What?"

A hint of surprise flashed through Thousand-edge Demon Monarch's eyes, but he immediately regained his calm.

"No wonder this kid was able to use this move to render so many third-level Rulers helpless. This sword art is a little stronger than I imagined. Even when I used my full strength, I was still unable to completely destroy this sword art. That Ancient Soul King's offensive ability is far inferior to mine. His strongest attack can probably only destroy sixty to seventy percent of this sword art at most. But in the blink of an eye, this sword art concept can be completely restored."

Thousand-edge Demon Monarch could already see that the ocean of sword intent around him, which had already collapsed by 90%, had returned to its original state in a short period of time.

It was still vast and mighty, and endless waves were continuously surging toward him.

"It seems that I really have to take out some methods to kill this kid." Thousand-edge Demon Monarch's eyes flashed with a fierce light.

"Heaven-punishing sword!"

Buzz!

A killing intent instantly filled the entire world.

The surrounding space began to tremble under this killing intent.

Even Jian Wushuang could not help but raise his head.

Whoosh!

An unparalleled sword light mercilessly slashed down.

This sword light was bright and dazzling, filled with a terrifying sharpness that could kill the world.

In the blink of an eye, the sword light had already struck the ocean of sword essence in front of him. The sea of sword essence, which filled the sky and was extremely tough, directly melted under the sweeping sword light.

In a short moment, more than 90% of the ocean of sword essence had melted, and there was still a lot of power left in the sword light.

Finally — — buzz!

The vast ocean of sword essence completely dissipated, and Jian Wushuang's sword move completely collapsed.

"My Wavelight sword art was actually defeated by a frontal attack?" Jian Wushuang's eyes slightly sank.

After he had integrated four principles, the Wavelight sword art had been improved to a certain extent, and it was much more resilient than before.

However, Thousand-edge Demon Monarch still completely defeated his sword art with one sword move. It was clear how powerful Thousand-edge Demon Monarch's sword move was.

"As expected of the number one killer in the ninth dark zone." Jian Wushuang smiled faintly, but his expression was still very relaxed.

His relaxed appearance was naturally noticed by Thousand-edge Demon Monarch and Blood Rain Demon Monarch, who was in the void nearby.

"This kid, his sword art that he is proud of has been destroyed by my direct strike. What other means does he have?" Thousand-edge Demon Monarch frowned.

"Thousand-edge Demon Monarch," Jian Wushuang said, "my Blood Sword has dominated the Eternal Dark Prison for so many years, and I have created three strongest swordsmanship. The one I chose to confront you with was the main offensive swordsmanship. Obviously, its power is far inferior to yours.

"The sword skill Wavelight that I just displayed was used to trap the enemy, but it was broken by you.

“But next, I will perform the last sword skill of the three sword skills I created. This sword skill is called Earth Guard. It is mainly used to protect the body. I don’t know if you can break this sword skill of mine.”

Jian Wushuang smiled and waved his right hand, causing endless sword essence to sweep out.

Buzz, buzz, a large amount of earthy yellow earth principles swept out. In addition to the Earth principles, the other three principles also surged into the sword essence.

A layer of Earth Sword Realm was formed. In the blink of an eye, 51 layers of Earth Sword Realm condensed in front of Jian Wushuang.

The 51 layers of Earth Sword Realm, which was led by the Earth principles and contained four layers of principle power, was Jian Wushuang’s strongest protective sword skill.

“Thousand-edge Demon Monarch, come and try it.”

Jian Wushuang smiled. He had absolute confidence in his Earth Guard sword skill.

“Humph, what body protection sword skill? In the face of absolute power, any method is useless. Watch me break your Protection Sword Skill.” Thousand-edge Demon Monarch snorted and raised the Purple Divine Sword in his hand again.

Buzz!

The shocking killing intent once again filled the heaven and earth.

“Heaven-punishing sword!”

Thousand-edge Demon Monarch made his move. He used the sword move that had just destroyed the sword skill Wavelight.

It was a dazzling sword with endless killing intent.

The unparalleled sword light mercilessly slashed out and instantly struck the Earth Guard sword domain in front of Jian Wushuang.

In just a moment, more than half of the 51 Earth Sword Realms had collapsed, but the remaining Earth Sword Realms were still indestructible.

The unparalleled sword light gradually slowed down, and in the end, its power completely dissipated. However, there were still nine Earth Sword Realms left in front of Jian Wushuang.

“You managed to break through 42 levels of the Earth Sword Realm, which is of a much higher quality than before. Thousand-edge Demon Monarch, your swordsmanship is indeed powerful.” Jian Wushuang casually smiled, in the blink of an eye, the 51 levels of the Earth Sword Realm recovered.

However, Thousand-edge Demon Monarch’s face was a little gloomy.

“He actually blocked my heaven-punishing sword?”

“And there are only nine levels left in the 51 sword domains. Obviously, the protective power of his swordsmanship is far from its limit!”

“Thousand-edge, it seems that you have underestimated Blood Sword Master.” Blood Rain Demon Monarch’s playful voice sounded at this moment.

“Humph, I’m not surprised. Blood Sword Master is just a Principles Master. He has a principle true treasure and has been living in Eternal Dark Prison. How could he not have any life-saving skills? Now it seems that his strongest life-saving skill is the protective swordsmanship. He can even block my heaven-punishing sword head-on. He is indeed powerful,” Thousand-edge Demon Monarch said in a low voice.

He acknowledged the power of Jian Wushuang’s body-protecting swordsmanship, but he was not at his wit’s end.

Couldn’t Be Broken?

“I’ve roamed the Eternal Prison for more than a hundred chaos cycles, creating my own Heaven Punisher and Blood Heaven sword-arts. With these two sword-arts, I’ve killed countless prisoners during these hundred chaos cycles. I’ve even killed quite a few third-tier prisoners. In the entire Eternal Prison, aside from the supreme ten monarchs, I’m not afraid of anyone!”

“How can the Blood Sword Master, a mere Principles Masters, stop me?” Thousand-edge Demon Monarch’s gaze was cold. “In terms of power, my Blood Heaven Sword is nearly twice as powerful as the heaven punishing sword. I don’t believe that I can’t kill him.”

Boom!

Monstrous demonic might swept out.

Thousand-edge Demon Monarch’s gaze turned scarlet. At the same time, his entire body was faintly showing a dark red color.

This dark red color was like the color of blood.

Blood stained the heavens. This was the strongest sword skill Thousand-edge Demon Monarch had created, the Blood Heaven Sword.

“Die!”

Thousand-edge Demon Monarch suddenly shouted hysterically.

The Purple Divine Sword in his hand trembled violently and turned completely blood-red at this moment.

Whoosh!

It was a blood-red sword light that made people’s hearts race.

The blood-red sword light was cold, dark, and carried an unprecedented killing intent. In the blink of an eye, it had appeared in front of Jian Wushuang.

Jian Wushuang’s eyes darkened slightly.

“A stronger swordsmanship? I wonder if my Earth Guard swordsmanship can withstand this sword.” There was a hint of expectation in Jian Wushuang’s eyes.

Bang!

The blood-red sword light slashed directly at the Earth Sword Realm. In an instant, an extremely terrifying power and a terrifying cutting force burst out.

The 51 levels of Earth Sword Realm on Jian Wushuang's body were destroyed in the blink of an eye. Then another level of Earth Sword Realm collapsed and dissipated.

The 47th level, the 48th level!

In the end, the blood-red sword light directly broke through the 49th level of Earth Sword Realm on Jian Wushuang's body, but it was blocked by the 50th level of Earth Sword Realm.

Thousand-edge Demon Monarch's strongest sword move stopped at the 50th level.

"It...it didn't break through?"

This time, Thousand-edge Demon Monarch was really shocked.

He was absolutely confident in his offensive ability. The strongest sword skill he used, blood-heaven sword, was almost as powerful as the 10 Supreme Rulers.

In the first level of Eternal Dark Prison, except for the 10 Supreme Rulers, there were few third-level Rulers who could defeat him in terms of pure power.

However, the strongest swordsmanship that he was most proud of failed to break the body-protecting swordsmanship of the Principles Master?

"Hehe, this is interesting."

Blood Rain Demon Monarch, who had been watching the battle from the side, also looked over with a strange light in his eyes.

"Thousand-edge Demon Monarch, it seems that your strongest swordsmanship is only so-so." Jian Wushuang chuckled. Deep down, he was very satisfied with the defensive ability of the earth-protecting swordsmanship.

"Thousand-edge Demon Monarch's strongest swordsmanship is definitely at the level of a third-level Advanced Ruler. In the Eternal Dark Prison, perhaps only the ten kings can defeat him in terms of offensive power. However, his sword still failed to completely break my Earth Guardian swordsmanship." Jian Wushuang smiled lightly.

He had previously guessed that the Earth Guardian swordsmanship, which he had refined after fusing four principles and focusing on the earth, should be very powerful in terms of its defensive ability. Now, it seemed that it was indeed so.

"Blood Rain, this kid's body protection sword technique is quite impressive. It will be very difficult for me to kill him. I'm afraid I'll need your help," Thousand-edge Demon Monarch said in a deep voice.

"Thousand-edge, when you asked me to help, you said that as long as I set up an array formation to prevent him from escaping, you would be the one to kill him. You didn't say that you wanted me to kill him," Blood Rain Demon Monarch said with a teasing tone.

"I didn't expect this kid's protective swordsmanship to be so good." Thousand-edge Demon Monarch's face was gloomy. "Blood Rain, help me. You can ask for anything."

Blood Rain Demon Monarch had helped Thousand-edge Demon Monarch this time because he owed him a favor.

However, when Thousand-edge Demon Monarch asked Blood Rain Demon Monarch, he said that the favor could only be exchanged for Blood Rain Demon Monarch setting up a formation to prevent Jian Wushuang from escaping.

As for Blood Rain Demon Monarch personally making a move, Thousand-edge Demon Monarch did not say it, so it was naturally not within the scope of the favor.

Blood Rain Demon Monarch and Thousand-edge Demon Monarch did not have a good relationship. After seeing the situation clearly, Blood Rain Demon Monarch directly made a condition. "I can help you with five supreme-grade Supreme Treasures."

Thousand-edge Demon Monarch immediately frowned.

Supreme true treasures were common in Eternal Dark Prison, and they were easy to get.

Killing a Ruler at the peak of the second level could get many such supreme true treasures.

However, supreme-tier supreme true treasures were rare.

Under normal circumstances, a third-level Ruler would only have one or two supreme-tier supreme true treasures.

However, a third-level Ruler with a supreme-grade supreme true treasure was usually very difficult to kill. Therefore, even if Thousand-edge Demon Monarch was one of the five supreme experts in the ninth dark zone, he still had a supreme-grade supreme true treasure, there were not many of them. Blood Rain Demon Monarch wanted five supreme-grade supreme true treasures at once, which was indeed not a small number.

However, when he thought of the principle true treasure Divine Sword in Jian Wushuang's hand, Thousand-edge Demon Monarch clenched his teeth and directly agreed. "Okay, five supreme-grade supreme true treasures. I'll give them to you later."

"That won't do. After all, you're good at sword principle. Once you kill Blood Sword Master and get his principle true treasure, your strength will increase greatly. By then, I'm afraid I'll have no choice but to run for my life in front of you. If you don't want to give it to me later, there's nothing I can do. So, you'd better give me the five supreme-grade supreme-grade true treasures first, and then I'll take action. It's safer," said Blood Rain Demon Monarch.

Thousand-edge Demon Monarch was so angry that he gritted his teeth, but he still nodded heavily. "Alright, I'll give you five supreme-grade supreme treasures now."

With that, he waved his hand and threw an interspatial ring at Blood Rain Demon Monarch.

Blood Rain Demon Monarch took it, scanned it with his consciousness, and nodded with a smile, but then he said, "Thousand-edge, I have to make it clear. Although I promised to do my best, you can't blame me if I still can't kill Blood Sword Master."

"Of course, you just have to do your best," Thousand-edge Demon Monarch said.

After they finished their discussion, Blood Rain Demon Monarch slowly floated toward Jian Wushuang.

Listening to their conversation, Jian Wushuang remained calm. He did not intend to interrupt them.

Chapter 3882: Couldn't Be Broken?

"I've roamed the Eternal Prison for more than a hundred chaos cycles, creating my own Heaven Punisher and Blood Heaven sword-arts. After they finished their discussion, Blood Rain Demon Monarch slowly floated toward Jian Wushuang.

Listening to their conversation, Jian Wushuang remained calm. He did not intend to interrupt them.

Chapter 3883: There Was Nothing He Could Do

"What, is Blood Rain Demon Monarch going to attack too?" Jian Wushuang looked at Blood Rain Demon Monarch indifferently.

In terms of strength, Blood Rain Demon Monarch was on par with Thousand-edge Demon Monarch, but their fields of expertise were completely different.

Blood Rain Demon Monarch was best at formations, followed by the soul.

She had a very good grasp of the soul, which was why Thousand-edge Demon Monarch had spent five supreme-grade supreme true treasures to ask Blood Rain Demon Monarch to help her.

"Blood Rain, no matter how heaven-defying Blood Sword Master is, he is only a Principles Master. His soul is certainly not that strong. With your attainments in the soul, you should be able to kill him easily with a soul attack. As long as his soul is destroyed, no matter how strong his defensive ability is, it's useless," Thousand-edge Demon Monarch said.

Blood Rain Demon Monarch fixed her bewitching gaze on Jian Wushuang, "Blood Sword Master, you are an absolute genius. Your talent is enough to amaze me. It's a pity that we are in the Eternal Dark Prison after all. It's useless to rely on your talent to survive here, so I can only let you down."

Blood Rain Demon Monarch's voice was gentle and pitiful, but as she spoke, a faint strange light flashed in her eyes.

"Die!"

As soon as she finished her words, a majestic soul power came toward Jian Wushuang.

Jian Wushuang had no way to dodge it. The soul power entered his sea of consciousness and tried to destroy his soul.

The soul power was too powerful. After all, it was a soul attack from a third-level master, while Jian Wushuang was only a Principles Master. His soul had not been transformed yet, faced with such a soul attack, he had no room to struggle.

In the blink of an eye, his soul was destroyed.

"He's dead." Blood Rain Demon Monarch smiled.

“As expected of Blood Rain. In addition to the formation, your soul attack is also one of the best in Eternal Dark Prison,” Thousand-edge Demon Monarch said in surprise.

“Don’t praise me. My soul attack is not very strong. It’s just that Blood Sword Master’s soul is too weak.” Blood Rain Demon Monarch smiled and said, “Alright, Thousand-edge, Blood Sword Master is dead. Go and get your principle true treasure.”

Thousand-edge Demon Monarch could not wait any longer. He immediately planned to get more than a thousand.

Suddenly —

Blood Sword Master, whose soul had already been destroyed, opened his eyes again. A crafty look flashed in his eyes. When he saw Thousand-edge Demon Monarch rushing over, he grinned and revealed a strange smile.

“What?” Thousand-edge Demon Monarch stopped immediately.

“How is this possible?” Blood Rain Demon Monarch was also shocked.

Both of them had clearly seen that Blood Sword Master’s soul had indeed been completely destroyed, but now...

“Impossible. Your soul has already been completely destroyed by me. How is it possible that you’re still alive?” Blood Rain Demon Monarch’s face was filled with incredulity.

“My soul will be destroyed and I’ll die? Blood Rain Demon Monarch, aren’t you being a little too arbitrary? Also, take a look and see if my soul has already been destroyed.” Jian Wushuang smiled, immediately, a surge of soul power swept out. Although this soul power was relatively weak compared to Thousand-edge Demon Monarch and Blood Rain Demon Monarch, it was undoubtedly Jian Wushuang’s soul power.

“How could this be?” Thousand-edge Demon Monarch’s eyes widened.

“Could it be...could it be that legend...” Blood Rain Demon Monarch suddenly thought of a possibility.

“Legend?” Thousand-edge Demon Monarch immediately looked over.

“Legend has it that among the many special life forms born in the vast universe, there are special life forms that have reached the perfect level. Their souls have long been integrated into every part of their divine power, and they are known as immortal. Even if their souls are destroyed, they can still use some divine power to recover in an instant,” Blood Rain Demon Monarch said in shock.

“A perfect life form?” Thousand-edge Demon Monarch stared at Jian Wushuang. “The legendary perfect life form takes a long time to be born in the vast universe, right?”

“The probability is even rarer than that of a super genius who has comprehended a trace of universe principle in billions of Star Worlds. Is Blood Sword Master a cultivator at the level of a perfect life form?”

“Even though I don’t want to admit it, it seems that this is indeed the only explanation.” Blood Rain Demon Monarch’s expression was very grave. “This Blood Sword Master has not only comprehended a

trace of the universe principles at the level of a Principles Master. He is a supreme genius that is rarely seen in the trillions of Star Worlds. At the same time, he is a cultivator at the level of a perfect being that is even more vast than this kind of genius. When the two are combined, he can definitely be called the most heaven-defying supreme genius in the vast universe!”

“Thousand-edge, this Blood Sword Master is a perfect life-level cultivator. It will be difficult for you to kill him and steal his treasure,” said Blood Rain Demon Monarch seriously

“Why?”

“Even if he is truly a perfect life-form, his soul can be destroyed and he can recover through divine power. However, every time he recovers his soul, he will use up a lot of divine power. He is trapped here and has no way to escape. As long as you use your soul attacks time and time again to deplete his divine power, sooner or later, his divine power will be exhausted. At that time, he will still die,” said Thousand-edge Demon Monarch coldly.

Hearing this, Blood Rain Demon Monarch smiled coldly. “Thousand-edge, I’m afraid you don’t know enough about the level of a perfect life form. Let me tell you, the reason why the level of a perfect life form is so heaven-defying is not only because this life form has an innate advantage, but also because of his vast divine power. Don’t look at him as a Principles Master, but the extent of his divine power is definitely tens or even hundreds of times more vast than us Rulers!”

“That’s right. If I use soul attacks again and again, I can indeed force him to use his divine power to repair his soul again and again. However, the amount of divine power he uses to repair his soul is very, very small. With his divine power, he can support him to repair his soul thousands of times or even close to 10,000 times. But what about me?

“Do you think that every time I use my soul attacks, I don’t need to use my soul power

“How dare you compare my soul power with the divine power of Blood Sword Master!”

Thousand-edge Demon Monarch was stunned.

Yes, Blood Rain Demon Monarch could force Jian Wushuang to use his divine power to repair his soul again and again by using his soul attack to annihilate Jian Wushuang’s soul.

However, Blood Rain Demon Monarch had also consumed a lot of his soul power. With his current soul strength, he could only use his soul attack to annihilate Jian Wushuang’s soul dozens of times at most, most of his soul power would be consumed, and Jian Wushuang’s divine power would not be consumed much at all.

“I can’t kill him. I can’t kill him with my soul attack alone,” Blood Rain Demon Monarch said in a deep voice.

Chapter 3884: Invite Someone

Blood Rain Demon Monarch was a top expert who had dominated the Eternal Dark Prison for so many years, but at this moment, he had to praise Jian Wushuang’s terrifying life-saving ability.

In terms of material attacks, Jian Wushuang's extremely powerful protective swordsmanship could not even break Thousand-edge Demon Monarch's most powerful move.

In terms of soul, his soul was invincible from the very beginning because of his perfect life.

In addition, the perfect life-cultivator had an incomparably vast divine power foundation. Such a life-saving ability was truly heaven-defying.

Although he was only a Principles Master, his life-saving ability could indeed run amok in this Eternal Dark Prison.

"Thousand-edge Demon Monarch, if you really want to kill Blood Sword Master and take his principle true treasure Divine Sword, there are only two ways," Blood Rain Demon Monarch said in a deep voice.

"Two ways? Which two?" Thousand-edge Demon Monarch came to Blood Rain Demon Monarch's side and asked.

"The first one is soul attack."

"That's right. I can't kill him with my soul attack alone, but if you can hire hundreds of Rulers who are good at soul attacks and take turns to attack Blood Sword Master's soul, you might have a chance to exhaust him," Blood Rain Demon Monarch said.

"Over a hundred Rulers who specialize in two-body attacks?"

Thousand-edge Demon Monarch was startled, but he immediately shook his head. "Impossible. Soul attacks are quite different techniques to begin with. Perhaps not even one out of a hundred Rulers will focus on soul attacks. Although there are over a hundred thousand prisoners in the ninth dark zone, the total number of those who specialize in soul attacks might not exceed a hundred."

"Most importantly, even if there are so many experts skilled in soul attacks in the ninth dark zone, the information in the Eternal Dark Prison is blocked. How can I invite all of them here in such a short period of time? Furthermore, to invite over a hundred experts at once, these experts will definitely make some requests. Adding them all up, I'm afraid I can't afford the price."

"Then there is only the second method, which is to rely on material attacks." Blood Rain Demon Monarch said in a low voice, "Although Blood Sword Master's protective sword technique is powerful, Thousand-edge Demon Monarch's strongest attack almost destroyed his protective sword technique. Therefore, as long as we can invite a cultivator whose attack power is one level higher than yours, it is possible to kill him."

"In terms of attack power, I can be considered one of the most powerful experts in the first level of Eternal Darkness Prison. Only the ten overlords can be a level higher than me in terms of attack power." Thousand-edge Demon Monarch narrowed his eyes.

"However, there are countless experts in the first level of Eternal Darkness Prison. All of them have lived here for more than a hundred chaos cycles, and they have all sorts of techniques. I only know one person. Although he isn't comparable to the ten overlords, his strongest trump card is also his most powerful attack. In terms of power, he is comparable to the ten overlords."

"Oh?" Blood Rain Demon Monarch immediately looked over. "Who is this person?"

"The 87th dark region, Thousand Kills Emperor Lord." Thousand-edge Demon Monarch Lord said.

"It's him?" Blood Rain Demon Monarch's expression changed. "I've heard of him before. I know that he is publicly acknowledged as the number one expert in the 87th dark region. It's also said that his combat strength can be ranked in the top ten in the entire Demon Dragon Region."

"Hmph, that is because you do not know his strongest technique. I have seen him before. Once he uses his strongest technique, his power can be comparable to the ten great monarchs. With him acting, he should be able to kill this Blood Sword Master." Thousand-edge Demon Monarch said.

"Then are you confident in inviting this Thousand Kills Emperor Lord over?" Blood Rain Demon Monarch asked.

"I don't know, but I can give it a try." Thousand-edge Demon Monarch narrowed his eyes. "In that case, I'll have to trouble you to continue using the array formation to trap Blood Sword Master. I'll personally make a trip to the 87th dark zone and invite Thousand Kills Emperor Lord over. I've dealt with Thousand Kills Emperor Lord before. This time, I'll personally invite him over. I'll give him face and pay a certain price. There should be a chance to invite him over."

"It's just that the 87th dark zone is a little far away from the 9th Dark Zone. Even if I rush there at my speed and ask Thousand Kills Emperor Lord to come over, it would take at least several hundred years. Therefore, I can only trouble you, Blood Rain Demon Monarch, to continue trapping Blood Sword Master for several hundred years."

"Several hundred years?" Blood Rain Demon Monarch nodded slightly. "Since I agreed to help you, thousand edge Demon Monarch, I will naturally do it to the end. It's only a few hundred years. I will keep him trapped. However, I have to make it clear that I can only wait here for a thousand years at most. If you don't return from the 87th dark zone within a thousand years, then don't blame me."

"A thousand years is definitely enough. There's no time to lose. I will set off now." Thousand Edge Demon Monarch said.

"Then I'll wait here for your good news," Blood Rain Demon Monarch said with a smile.

Thousand-edge Demon Monarch immediately left. Blood Rain Demon Monarch took a deep look at Jian Wushuang and then, with a slight sway of his body, merged into the surrounding formation.

Jian Wushuang stayed in the final resting place of the formation, calmly watching Thousand-edge Demon Monarch and Blood Rain Demon Monarch.

However, when Thousand-edge Demon Monarch and Blood Rain Demon Monarch were talking, he deliberately blocked the surrounding space. Jian Wushuang did not know what they were talking about.

However, he did see Thousand-edge Demon Monarch leaving.

"Thousand-edge Demon Monarch has left. Has he given up?" Jian Wushuang's expression was strange. "No, he hasn't given up yet. Otherwise, the surrounding formation would have also been removed. However, the formation is still there. Moreover, the principle Supreme Treasure Divine Sword in my hand is enough to make Thousand-edge Demon Monarch give up at any cost. He shouldn't give up so easily."

“As for why he left now, maybe he’s going to invite some other experts to come and join hands to kill me.”

Jian Wushuang had already guessed the purpose of Thousand-edge Demon Monarch’s departure.

It was obvious that Thousand-edge Demon Monarch and Blood Rain Demon Monarch alone could not kill him. Thousand-edge Demon Monarch was not willing to give up, so he could only find a way to invite some other experts.

Although he did not know who Thousand-edge Demon Monarch invited this time, Jian Wushuang was not worried at all.

Anyway, he had the token of a disciple of the Red Cloud Lineage, so he could mobilize the power of the Eternal Dark Prison’s formation to suppress everything at any time. In this case, there was nothing for him to worry about.

He was not in a hurry to use the token of a disciple. Instead, he began to carefully observe the formation around him.

Jian Wushuang walked to the surrounding void, but before he took two more steps, the void immediately began to rumble, followed by a large area of black flames surging toward him from all directions.

Chapter 3885: 600 Years

“These flames don’t seem to be very strong.”

Jian Wushuang casually waved his sword.

Although it was just a casual move, the power of the universe origin of sword principle and the trace of the universe principle was also extremely powerful, it directly cut open the sky full of surging flames.

However, the black flames did not extinguish immediately. Instead, they burned even more vigorously and continued to surge toward Jian Wushuang.

Jian Wushuang had no choice but to attack again.

Whoosh! Whoosh! Whoosh! Whoosh!

Sword lights slashed out one after another. Although they easily cut through the surging flames, they could not extinguish them.

The flames burned more and more vigorously, and the number of flames increased.

“This formation is a bit difficult to deal with.” Jian Wushuang frowned.

At this moment, Blood Rain Demon Monarch’s figure suddenly appeared in the void around Jian Wushuang.

“It’s useless.” Blood Rain Demon Monarch looked at Jian Wushuang with a wicked smile.

“Blood Sword Master, although your protective ability and life-saving ability are heaven-defying, your own strength is too weak. This formation is carefully arranged by me. Although its offensive power is average, its ability to trap people is very impressive. Even if Thousand-edge Demon Monarch is trapped in this formation, if I don’t let him go, he will have to attack this formation many times with all his strength to break it.

“As for you, you won’t be able to break my formation even if you attack it 10,000 times or 100,000 times.”

Jian Wushuang’s face darkened.

“By the way, didn’t you use a sword skill to trap your enemy?

“In fact, my formation is similar to the sword skill you used before. Your sword skill evolved into a sea of sword essence, which is endless. The black flames in my formation are also endless. The more you attack it, the more it will appear. Unless you can also use an extremely powerful attack to break my formation,” Blood Rain Demon Monarch said with a smile.

Upon hearing his words, Jian Wushuang continued to wave his Divine Sword to attack the black flames. It was just as Blood Rain Demon Monarch had said.

“Huh?”

Jian Wushuang, who was still waving his Divine Sword to cut through the black flames, suddenly widened his eyes.

“Formation? It’s very similar to my Wavelight swordsmanship. Even its conception is similar, and it’s also used to trap enemies?” Jian Wushuang muttered, at this moment, an idea suddenly emerged in his mind. To be exact, it was an idea.

“Formation. What if I also know how to use formation and integrate it into my sword art, such as changing the Wavelight sword art into a Wavelight Sword Formation?” Jian Wushuang could not help thinking.

Formation, and it was a sword art formation.

This sword formation, which relied on the power of the formation, was stronger than his own swordsmanship, no matter what?

And the Earth Guardian swordsmanship. If it could transform the swordsmanship into the Earth Guardian swordsmanship, would its defensive ability be stronger?

This thought flashed through Jian Wushuang’s mind. After thinking about it carefully, he realized that it was possible for him to be tactful.

Since he created the Wavelight sword skill and the Earth Guard sword skill, especially the Earth Guard sword skill, Jian Wushuang had always felt that there was something missing in this sword skill despite its strong defensive ability, it was not truly perfect.

He had always been eager to perfect the Earth Guard sword skill as much as possible and improve it to make it more durable and terrifying.

However, Jian Wushuang had not been able to find a way to improve it, but now, he was trapped in the formation of Blood Rain Demon Monarch. Coupled with the words of Blood Rain Demon Monarch just now, Jian Wushuang suddenly felt enlightened, he found a possibility to improve his swordsmanship.

That was to use the power of the formation to improve his swordsmanship and transform it into a sword formation!

A complete sword formation would definitely be more powerful than a simple swordsmanship.

“Haha, Blood Rain Demon Monarch’s seemingly unintentional words actually helped me a lot. Yes, a sword formation. I can transform my swordsmanship into a sword formation. Moreover, with the formation set up by Blood Rain Demon Monarch, I can also feel many things from this formation. This way, it will be easier to improve it.”

A strange light flashed in Jian Wushuang’s eyes. He immediately sat down cross-legged and began to carefully feel the power of the surrounding formation.

The black flames that filled the sky kept surging toward him. They were endless. Even if they were cut open, they would not be destroyed. Instead, they would become even more vigorous.

These were all things that Jian Wushuang had to carefully experience.

Time began to pass.

Jian Wushuang had found a way to perfect his swordsmanship, so he was not in a hurry to leave the formation. Instead, he stayed in the formation and quietly meditated and experienced it.

In the blink of an eye, 600 years had passed.

During these 600 years, Jian Wushuang stayed in the formation and did not come out.

Meanwhile, Blood Rain Demon Monarch had stayed here for 600 years. Although there were experts passing by, they immediately left in fear when they saw Blood Rain Demon Monarch. They did not dare to get close to him, no one knew what Blood Rain Demon Monarch was doing setting up the array formation here.

Sou! Sou!

Two streams of light rushed over from the distant void at an extremely fast speed. In the blink of an eye, they had arrived at the void where Blood Rain Demon Monarch had set up the array formation.

The streams of light dissipated, and two human figures slowly appeared in this world.

“I’ve finally arrived.”

Thousand-edge Demon Monarch, whose face was like Ice Jade, had a smile on his face.

Beside Thousand-edge Demon Monarch was a tall middle-aged man dressed in a loose robe. This tall middle-aged man’s gaze was cold and his entire body was filled with killing intent.

He was Thousand Kills Emperor Lord.

With thousand kills as his name, there was no doubt that he was a true killing God.

“Thousand-edge, the person you want me to deal with is here?” Thousand Kills Emperor Lord asked.

“Yes, six hundred years ago, he was already trapped here by me. During these six hundred years, I had people use arrays to trap him. After that, I personally went to the 87th dark zone to invite you. Now, I’ve finally invited you over.” Thousand-edge Demon Monarch smiled.

“It’s also because you’ve paid a huge price. Otherwise, I wouldn’t have bothered to accompany you on this trip.” Thousand-edge Demon Monarch had his hands behind his back. At the same time, he gave Thousand-edge Demon Monarch a deep look. “Thousand-edge, I’ve always been very curious. You went through so much trouble to come to the 87th dark zone to invite me, and you’re even willing to pay such a huge price to kill him. What’s so special about him? Or rather, why are you willing to spare no expense to kill him?”

Although Thousand Kills Emperor Lord had been invited here to kill a person for Thousand-edge Demon Monarch, he did not know the reason why Thousand-edge Demon Monarch wanted to kill him, and Thousand-edge Demon Monarch did not tell him the reason.

Chapter 3886: Thousand Kills Emperor Lord

“You will soon find out why I killed him.” Thousand-edge Demon Monarch smiled faintly. “I’ll first get Blood Rain Demon Monarch, who is controlling the array formation, to come out.”

“Blood Rain.” Thousand-edge Demon Monarch shouted loudly.

Blood Rain Demon Monarch immediately walked out of the array formation.

“Thousand-edge, this must be the famous Thousand Kills Emperor Lord by your side.” Blood Rain Demon Monarch smiled.

“Blood Rain Demon Monarch, it is rumored that you are good at arrays. In terms of arrays alone, there aren’t many people in the entire Demon Dragon Region who can compare to you. I’ve finally met you today.” Thousand Kills Emperor Lord said.

He did not dare to be arrogant. Although in terms of strength, he was slightly stronger than Blood Rain Demon Monarch and Thousand-edge Demon Monarch, there were not many who were stronger.

Thousand-edge Demon Monarch could fight him head-on, and Blood Rain Demon Monarch’s array formation was impressive, so he was not afraid of him.

The three met and exchanged greetings.

“Blood Rain, how is Blood Sword Master now?” Thousand-edge Demon Monarch asked.

“Don’t worry. For the past 600 years, he has been trapped in this array formation, but he has not taken a single step out,” Blood Rain Demon Monarch said with a smile.

“That’s good.” Thousand Edge Demon Monarch was delighted. “He has been trapped for 600 years. Has he been impatient?”

"No." Blood Rain Demon Monarch shook his head. "This Blood Sword Master is very strange. He has been trapped in my array formation for 600 years, but he is not anxious at all. Furthermore, from his actions over the years, it feels like he has been cultivating."

"Cultivating?" Thousand Edge Demon Monarch was taken aback.

"Yes, he seems to be cultivating, but I don't know what he is cultivating." Blood Rain Demon Monarch said.

"Haha, it seems that this Blood Sword Master's attitude is really good. After being trapped within the array for 600 years, he isn't in a hurry at all, yet he is in the mood to cultivate." Thousand-edge Demon Monarch laughed coldly, "But that's right. With such a powerful life-saving technique, he indeed has nothing to fear. It's just that he has yet to witness how powerful Thousand Kills Emperor Lord is."

"You two, let's enter the formation first. Let me see who you want to kill," the Emperor Lord said.

"Okay, let's enter the formation first." The Demon Monarch nodded.

Blood Rain Demon Monarch immediately opened the entrance of the formation and the three of them entered the formation together.

As soon as they entered the formation, the demon master saw Jian Wushuang sitting cross-legged somewhere in the void, surrounded by black flames.

Although he forced his eyes to open, he still casually attacked the black flames.

"Huh?"

Thousand-edge Demon Monarch also noticed Jian Wushuang, but when he saw him, his pupils shrank. "Principles Master? Thousand-edge, the person you want to kill is just a Principles Master?"

"I'm ashamed. Blood Sword Master is indeed a Principles Master. There's no doubt about that. However, his battle strength is very strong, and he's comparable to an ordinary third-level Ruler. What's truly terrifying is his life-saving skills. Blood Rain and I have used all our skills, but we can't do anything to him. We can only let Blood Rain set up the formation and trap him here," Thousand-edge Demon Monarch said.

"Is that so?" Thousand-edge Demon Monarch understood and did not look down on Thousand-edge Demon Monarch.

He also understood that a Principles Master must be extraordinary to be able to survive in the Eternal Dark Prison until now.

"Now I finally know why you, thousand-edge, are so desperate to ask me to kill him." Thousand-edge Demon Monarch glanced at the Wu Qi Divine Sword in Jian Wushuang's hand with a strange look in his eyes, obviously, he had already seen through the Divine Sword in Jian Wushuang's hand and even the principle supreme treasure.

"Tsk, tsk, the Principle Supreme Treasure Divine Sword. If you, Thousand-edge, can get this Principle Supreme Treasure Divine Sword, your strength will definitely increase greatly. You might even be able to

match the ten kings. If I had known earlier, I would have offered a higher price.” Thousand-edge Demon Monarch sighed softly.

“Thousand-edge, we have already agreed,” Thousand-edge Demon Monarch said.

“Don’t worry. I, Thousand-edge Demon Monarch, won’t go so far as to raise the price. Since I’ve already promised you, I won’t go back on my word.” Thousand-edge Demon Monarch smiled faintly. “You two will be by my side later. Watch how I kill him.”

“Then Blood Rain and I will wait and see.” Thousand-edge Demon Monarch also smiled.

When Thousand-edge Demon Monarch, Thousand Kills Emperor Lord, and Blood Rain Demon Monarch entered the formation, Jian Wushuang immediately sensed their arrival. He immediately stopped what he was doing and looked up at them.

“Finally, you’ve invited helpers?” Jian Wushuang glanced at Thousand-edge Demon Monarch with a faint smile. Then, his eyes focused on the majestic middle-aged Thousand Kills Emperor Lord. “May I know who you are?”

“Blood Sword Master, let me introduce you. This is Thousand-edge Demon Monarch, the publicly acknowledged number one expert in the 87th dark zone,” Thousand-edge Demon Monarch said.

“Thousand-edge Demon Monarch?” Jian Wushuang’s expression changed as he quickly recalled the information he had obtained from Demon Monarch Ancient Night.

However, it was clear that there was no such expert in the information given by Demon Monarch Ancient Night.

However, this was very normal. Demon Monarch Ancient Night was only a Ruler at the peak of the second level. He could not be considered a peak expert in the first level of the Eternal Prison. The information he knew about the experts was mostly from the ninth dark zone, as for the entire Demon Dragon Region, although he knew of the existence of some experts, there were many things he did not know.

For example, Demon Monarch Ancient Night did not know about the current Thousand-edge Demon Monarch.

“The 87th dark area?”

Jian Wushuang could not help but sigh, “The 108 dark areas of the Magic Dragon region are extremely vast. From the 9th dark area to the 87th dark area, there is an unknown distance between them. You, Thousand Kills Emperor Lord, actually went to the 87th dark area and personally invited this Thousand-edge Demon Monarch over. It seems that you are very confident that he can kill me.”

“Hmph, Thousand Kills Emperor Lord’s strength is ranked in the top ten in the entire Demon Dragon Region, and his strongest technique is incomparably tyrannical. If he can’t kill you, then in the entire first level of the Eternal Dark Prison, only the ten supreme monarchs can do anything to you. No matter what, you are only a Principles Masters. I don’t believe that your life-saving techniques are truly that amazing.” Thousand-edge Demon Monarch’s gaze was cold.

“Thousand-edge Demon Monarch, please make your move.”

A majestic killing intent instantly rose from Thousand-edge Demon Monarch's body.

The intensity of this killing intent was shocking.

Even the killing intent emitted by Thousand-edge Demon Monarch when he used the heaven-punishing sword was not as strong as Thousand-edge Demon Monarch's own killing intent.

"Thousand-edge Demon Monarch's name is Thousand-edge, and his killing intent alone is shocking. I really want to know how many people he has killed in the Eternal Dark Prison." Jian Wushuang narrowed his eyes, his expression had become extremely solemn.

Chapter 3887: Earth Guard Sword Formation

Thousand Kills Emperor Lord took out his divine weapon.

His divine weapon was a blood-red axe. This blood-red axe exuded a cold and majestic aura. It was a supreme-grade supreme true treasure.

With a simple step, Thousand Kills Emperor Lord swung the blood-red axe in his hand down.

"First axe!"

The Emperor let out a low shout.

The blood-red axe suddenly swept out, and in the blink of an eye, it turned into a towering axe shadow that could split the heaven and earth. The axe shadow was blood-red and carried endless killing intent as it suddenly slashed down.

"What a terrifying power. The power alone is probably not weaker than the heaven-punishing sword that the demon master used with all his strength." Jian Wushuang's face was solemn. He waved the Wu Qi Divine Sword in his hand, and it swept up the surging power of the principles of the Earth, in the blink of an eye, a layer of Earth Guard sword domain was formed in front of Jian Wushuang.

Just like how it had resisted Thousand-edge Demon Monarch's swordsmanship, there were a total of 51 layers of Earth Guard sword domain.

Bang! Bang! Bang! Bang!

The blood-red shadow of the sky-reaching axe came crashing over, and the Earth Guard sword domain produced a series of heavy collision sounds.

43 of the 51 layers of Earth Guard sword domain directly collapsed, but there were still eight that survived.

"Oh?" Thousand Kills Emperor Lord's eyes narrowed.

"Thousand Kills Emperor Lord, this Blood Sword Master's protective sword art is extremely powerful. When I used my strongest sword art, Blood Heaven Sword, I wasn't able to break through his protective sword art. Your first axe might be slightly weaker than my blood heaven sword. Just this move alone isn't enough to break through his protective sword art," Thousand-edge Demon Monarch said.

“Protective sword art? I really want to see just how strong his protective sword art is.” A bright light flashed in Thousand Kills Emperor Lord’s eyes as he took another step forward.

“Second axe!”

Boom!

The world trembled as a shocking killing intent shot into the sky.

Thousand Kills Emperor Lord raised the blood-colored axe in both his hands. Instantly, two huge blood-colored axe shadows appeared in the air above him. The power of these two blood-colored axe shadows was not inferior to the first axe, however, at this moment, the two huge blood-red axe shadows merged directly.

In an instant, an even more terrifying and majestic blood-red axe shadow took shape.

Rumble! The blood-red axe shadow slashed down at Jian Wushuang again.

“This axe shadow is even stronger than the previous one. I’m afraid it’s not weaker than Thousand-edge Demon Monarch’s strongest sword, blood-heaven Sword.” Jian Wushuang sighed secretly. The 51 earth-protection sword domain in front of him took shape again.

In the blink of an eye, the two blood-red axe shadows merged together to form an even stronger blood-red axe shadow, which directly hit the Earth Guard sword domain.

This time, the Earth Guard sword domain received an unprecedented impact.

The 51 levels of the Earth Guard sword domain collapsed in 49 levels in an instant. Even the 50th level of the Earth Guard sword domain collapsed along with it. However, the final 51 levels of the Earth Guard sword domain barely withstood the power of the axe shadow, in the end, it managed to block the axe shadow.

“Haha, my second axe is actually unable to completely break through this protective sword art. This protective sword art is indeed impressive. Since that’s the case, let’s see my third axe.”

Thousand Kills Emperor Lord laughed loudly and took another step forward.

He raised the huge axe in his hand. This time, three blood-colored axe shadows formed in the air above him.

After the three blood-red axe shadows were formed, they immediately merged together at an amazing speed. In an instant, a destructive aura spread out.

“The third axe!”

Thousand-edge Demon Monarch shouted. This axe was like a star-splitting moon-cleaving strike. It was even more terrifying than the second axe. It covered Jian Wushuang.

“This axe is even stronger than the second axe. I’m afraid that my 51 Earth Sword Realms alone won’t be able to resist it. It seems that I’ll have to rely on my new skills.” Jian Wushuang smiled and waved his hand, the Wu Qi Divine Sword flew through the void in a special trajectory.

Suddenly, a large amount of power of Earth principles rose up.

The power of Earth principles, together with the majestic universe origin of sword principle, also began to condense. However, the process of condensing this time was obviously different from the previous Earth Sword Realms.

An endless essence spread out, and the same layers of Earth Sword Realms began to condense. However, these Earth Sword Realms overlapped in a special way to form a sword array.

This was the Earth Guardian sword formation that Jian Wushuang had studied and improved for 600 years in the formation set up by Blood Rain Demon Monarch!

This sword formation was based on the Earth Guardian sword art and contained the power of the formation. Of course, Jian Wushuang's understanding of the formation was not very high, so this sword formation was only average, but it was still enough to make the original Earth Guardian sword art stronger in terms of its protective power.

Moreover, after 600 years of meditation, Jian Wushuang had made some progress in the Earth Guardian swordsmanship. Although he had just condensed 51 Earth Sword Realms, in fact, he could already condense 52 Earth Sword Realms.

Now, the Earth Guardian Sword Array formed by the condensation of 52 Earth Sword Realms had taken shape.

"After 600 years of meditation, the improved Earth Guardian Sword Formation is nearly twice as powerful as the Earth Guardian Sword Art, which was only at the 51 Earth Sword Realms. I wonder if the third axe of Thousand-edge Demon Monarch can defeat my sword formation." Jian Wushuang's eyes were filled with anticipation.

Finally, the third axe of Thousand-edge Demon Monarch collided with his Earth Guardian Sword Formation.

At that moment, Jian Wushuang immediately felt a huge impact on the sword formation. The entire sword formation shook crazily as if it was about to collapse.

More than half of the 52 Earth Sword Realms collapsed in an instant.

However, the biggest difference between sword formations and swordsmanship was the ability to repair the formation.

While the Earth Sword Realm collapsed, the entire sword formation continued to repair the Earth Sword Realm. This made the power of the axe shadow sweep up, and it was no longer as easy as before.

Finally, the power of the third axe was completely exhausted, and the huge axe shadow disappeared into thin air.

Although Jian Wushuang's Earth Guard Sword Formation had suffered unprecedented damage, the entire sword formation had been shattered by 80-90%, and the 52 layers of Earth Sword Realm had also collapsed by 51 layers, however, it was still able to withstand the power of the axe.

"It was actually blocked?" Thousand-edge Demon Monarch was extremely surprised. "The third axe of Thousand Kills Emperor Lord is even stronger than my blood heaven sword, but it wasn't able to destroy his protective sword art? The protective sword art of Blood Sword Master seems to be stronger than before?"

Chapter 3888: Injured?

"He's gotten stronger."

Blood Rain Demon Monarch nodded solemnly. "I can see that his protective sword technique contains an array formation. Although that array formation is still relatively young, after combining it with his own sword technique, its defensive ability has greatly increased. This Blood Sword Master has been trapped in my array formation for six hundred years. During these six hundred years, I didn't understand what he was doing, but now I understand!"

"He's using my array formation to perfect his sword arts. And now, he has already reached a certain level of success."

"Freak. In just a short six hundred years, and in a place like the Eternal Dark Prison, his sword arts have actually improved?" Thousand-edge Demon Monarch's gaze was frighteningly cold.

As for Thousand Kills Emperor Lord, he was currently laughing out loud, "Haha, no wonder even Thousand-edge Demon Monarch couldn't do anything to you. He could only go to great lengths to come to the 87th dark region to invite me. Your Protective Sword Arts are indeed impressive. Even in the entire first level of the Eternal Dark Prison, it can be said to be one of the best!"

"However, this is more interesting. It also shows the value of Thousand-edge Demon Monarch paying such a huge price to invite me."

"Thousand Kills Emperor Lord, this Blood Sword Master's Protective Sword Array is very impressive, but it definitely can't block your fourth axe," Thousand-edge Demon Monarch said. He had personally seen Thousand Kills Emperor Lord use his fourth axe.

That power was truly earth-shaking.

"My fourth axe has been upgraded from the previous third axe. Its power is more than double that of the third axe. No matter how strong the Blood Sword Master's protective sword art is, it will definitely not be able to block it. However, this fourth axe of mine won't be easy to use. Right now, in order to repay the benefits you have given me, I can only use it." Thousand Kills Emperor Lord smiled calmly, however, his hands suddenly turned blood-red.

Everything he saw was blood-red.

"Fourth axe!"

Thousand Kills Emperor Lord gritted his teeth and let out a fierce roar. He raised the blood axe high up in the air.

Four huge blood-red axe shadows gathered in the air above him and fused together at the fastest speed.

Rumble!

The giant axe suddenly descended.

Suddenly, the entire world became dark.

The world was covered in darkness without a trace of light. In the darkness, only the emperor and his giant axe were left.

Jian Wushuang stood in front of the Emperor and felt the power of the axe. He could not help but be shocked.

“What a terrifying power! I feel like I can’t resist it even before it gets close!”

“This axe is much more terrifying than the previous three axes!”

Jian Wushuang’s eyes lit up, and then he burst into laughter.

“Haha, if you want to break my protective sword formation, then come at me!”

Jian Wushuang was not afraid at all. He released his divine power to the maximum, and in an instant, the principles of the Earth filled the sky with a rich sword principle universe origin, in the blink of an eye, a total of 52 Earth Guardian sword domains formed in front of him. These 52 Earth Guardian sword domains overlapped in a special way to form the Earth Guardian Sword Array.

At this moment, Jian Wushuang unleashed his protective means to the extreme to receive the fourth axe of Thousand-edge Demon Monarch.

Finally, the giant axe in the endless darkness descended.

“Bang! Bang! Bang! Bang!”

Violent explosions sounded continuously.

Almost instantly, more than half of Jian Wushuang’s Earth Guard sword formation exploded. One layer of Earth Guard sword formation collapsed one after another, but it was recovering as much as possible under the power of the formation.

However, the fourth axe of the Thousand Kills Emperor Lord was the most terrifying killing move and trump card of the Thousand Kills Emperor Lord. Back then, Thousand-edge Demon Monarch had said that the power of this axe was definitely comparable to that of the ten Supreme Rulers, his words were definitely not groundless.

The strongest fourth axe that the Thousand Kills Emperor Lord had used with all his strength was indeed no weaker than the ten Supreme Rulers in terms of offensive power.

The terrifying power contained in this axe was more than twice as strong as the third axe. Jian Wushuang had relied on the Earth Guardian sword formation to withstand the third axe just now. Now, under the fourth axe...although the Earth Guard Sword Formation tried its best to hold on, it could only hold on for a moment.

Boom!

With a loud sound, the entire sword formation completely collapsed and the 52 levels of the Earth Guard Sword Domain were all shattered.

Jian Wushuang's strongest protective sword skill was shattered head-on.

"It's collapsed!"

"It's finally gone?"

The eyes of Thousand-edge Demon Monarch and Blood Rain Demon Monarch lit up when they saw this.

The Earth Guard Sword Formation could not block the fourth axe, but it greatly weakened the power of the fourth axe. The remaining power of the fourth axe directly hit Jian Wushuang's divine body, which was weakened by the dark-gold Magic Dragon Armor, however, a lot of power still hit Jian Wushuang's body.

Suddenly...

"Humph!"

Jian Wushuang snorted and a trace of blood flowed out of the corner of his mouth. He suddenly retreated to the edge of the formation before he regained his balance.

He stood there, staring at Thousand-edge Demon Monarch with an unprecedentedly serious expression.

"I'm injured."

"I'm actually injured?"

Jian Wushuang felt his divine body. He had indeed been injured and lost a lot of divine power under the attack of the axe.

However, since he created the Sword Skill Earth Guard, he had never been injured in a head-on fight with anyone because almost no one could break his earth guard sword skill, not to mention that he had the protection of the most powerful supreme treasure armor, the Dark Gold Magic Dragon Armor. Moreover, his divine body, which was comparable to an ordinary supreme treasure, was extremely powerful because he had cultivated the supreme eternal celestial body.

It was easy to imagine the power of the blow from Thousand-edge Demon Monarch.

Jian Wushuang was only surprised that he was injured, but the three people standing in front of him, including Thousand-edge Demon Monarch, Demon Master Thousand Kills, and Blood Rain Demon Monarch, were stunned.

"What's going on? It's fine that he's not dead, but how come his aura hasn't weakened much? Didn't my axe injure him severely?" Thousand-edge Demon Monarch frowned.

"His aura has weakened a little, but it hasn't weakened much. It's obvious that Thousand-edge Demon Monarch's axe didn't do much damage to him," Blood Rain Demon Monarch said seriously.

“How is this possible? How could this happen?” Thousand-edge Demon Monarch was extremely shocked and angry. “Thousand-edge Demon Monarch’s strongest blow is as powerful as the ten strongest kings. How could he be so lightly injured by such an attack?”

Jian Wushuang was injured.

This was the truth, and blood was flowing from the corner of his mouth.

However, Jian Wushuang’s aura had not weakened much. It was obvious that his injury was not serious.

Chapter 3889: Stop

“Thousand-edge Demon Monarch’s strongest axe is indeed impressive. I’ve been meditating in this formation for 600 years and improved the Earth Guard swordsmanship. I think my body-protection ability is superb, but I can’t withstand your axe. But, how many times can you use your strongest axe?” Jian Wushuang said with a teasing smile, he looked over.

“Thousand kills.” Thousand-edge Demon Monarch immediately looked at Thousand Kills Emperor Lord.

Thousand Kills Emperor Lord’s face was dark. “Thousand-edge, let me tell you the truth. This strongest axe of mine isn’t easy to use. Every time I use it, it’s a huge burden to me. Even if I don’t care about anything else, I can only use it five times. If I do that, I’ll have to heavily injure myself and won’t be able to recover to my peak strength within a short period of time. But look at the injuries he sustained...they aren’t of any importance. Even if I use my strongest axe five times in a row, his divine power will most likely be depleted by less than 10%!”

“There’s nothing I can do to kill him.”

Thousand-edge Demon Monarch did not want to try again.

It was normal. He could tell that Jian Wushuang was not seriously injured by the axe.

Such an attack might not be able to kill him even if he tried 50 times, let alone five times.

However, he was afraid that he would lose half his life if he used his strongest axe five times. It was impossible for him to use it 50 times.

“This is too abnormal. Blood Sword Master’s protective life-saving ability is simply incredible. Not only does he have such an amazing protective sword technique, but he is also a perfect life-level cultivator. His divine power is boundless. I reckon that his divine body must have cultivated some special body-refining secret techniques. He is also extremely powerful.”

“With all of these added together, I’m afraid that the ten Supreme Rulers would have to act personally to kill him.” Blood Rain Demon Monarch exclaimed from the side.

“Could it be that we can only kill him if we ask the ten Supreme Rulers to do it?” Thousand-edge Demon Monarch was also in despair.

Ask the ten Supreme Rulers?

That was right, if one of the ten Supreme Rulers were to do it himself, he might indeed be able to kill Blood Sword Master.

After all, although Thousand Kills Emperor Lord's strongest axe was comparable to the ten Supreme Rulers in terms of attack power, its weakness was very obvious. It could not be used continuously, and even if he were to risk his life, he could only use it five times.

However, the ten Supreme Rulers were different. Their casual attacks were comparable to Thousand Kills Emperor Lord's strongest attack. In other words, their normal attacks could injure the Blood Sword Master, and that normal attack...the ten Supreme Rulers could attack many times. If the ten Supreme Rulers used their trump cards or powerful killing moves, they could heavily injure the Blood Sword Master and naturally have the confidence to kill him.

But the key question was, could Thousand-edge Demon Monarch ask the ten Supreme Rulers to help him?

In the space of the first level of Eternal Dark Hell, the Ten Supreme Rulers were high and mighty. Even if Thousand-edge Demon Monarch used all his wealth, he might not be able to ask Thousand-edge Demon Monarch to help him.

And even if he was lucky enough to get a Supreme Ruler, if that Supreme Ruler knew that Blood Sword Master had a principle true treasure sword, he would want it for himself immediately. He would not care about Thousand-edge Demon Monarch anymore, after all, it was a principle true treasure sword. Even if that monarch was not good at Sword Dao, the value of this principle true treasure sword was far beyond what Thousand-edge Demon Monarch could pay.

There was another point. Eternal Dark Prison already had ten Rulers. These ten monarchs were also fighting each other, but neither could do anything to the other. This had formed a balance, and it had been so for a long time.

Once Thousand-edge Demon Monarch obtained the principle Supreme Sword, he could become the new king. At that time, the balance in the first level of Eternal Darkness Prison would be completely broken.

The ten kings knew this, so why would they help Thousand-edge Demon Monarch to get the principle supreme sword in Jian Wushuang's hand?

Thousand-edge Demon Monarch's mind was full of complicated thoughts.

He had never expected that a mere Principles Master would be so difficult to deal with. He had paid a huge price to invite Thousand Kills Emperor Lord, but in the end, he could not do anything to him.

That principle true treasure godly sword was clearly in Blood Sword Master's hands, yet he could not snatch it from him.

There was a chance for him to become a Ruler, yet he could only watch and not get it.

"Thousand-edge, give up. You can't ask a Ruler to help you, but you have to admit that you can't kill this Blood Sword Master," Blood Rain Demon Monarch advised.

“Yes, you are destined to have no fate with this principle true treasure sword. However, if you are really unwilling, you can make another trip to find Demon Dragon Horde leader and tell him that Blood Sword Master has the principle true treasure sword. Although Demon Dragon Horde leader can’t give you the principle true treasure sword, he will at least give you some benefits. As a reward, you can make up for some losses,” Thousand Kills Emperor Lord said.

Both of them understood that Thousand-edge Demon Monarch had paid a huge price to ask them to come and help him this time, but he still could not get the principle true treasure godly sword in Blood Sword Master’s hands. He must be unwilling, however, the truth was right in front of them. They could not do anything to Blood Sword Master.

Now, they could only persuade Thousand-edge Demon Monarch to stop.

His face was extremely gloomy. Hearing their words, he remained silent.

At this moment, Jian Wushuang, who was in the center of the formation, slowly approached the three experts.

“Why do you three want to stop?” Jian Wushuang stood in front of the three experts with a mocking smile on his face.

“Blood Sword Master, you are very powerful. Even the most powerful axe of Thousand-edge Demon Monarch could barely hurt you. You have the ability to protect your body. As long as the ten kings don’t come out, you will be invincible in the first level of Eternal Dark Prison. The three of us really can’t do anything to you. At most, we can only trap you forever,” said Blood Rain Demon Monarch.

“Then keep me trapped, and then continue to look for more experts, or simply find more people, such as experts like Thousand-edge Demon Monarch. If two or three more experts join hands, they might be able to kill me.” Jian Wushuang smiled.

“Huh?” Thousand-edge Demon Monarch could not help looking up.

If two or three more experts like Thousand-edge Demon Monarch joined hands...

“Hmph, don’t think that I don’t know that you want me to use the array formation to continue trapping you while you can use my array formation to continue perfecting your sword arts. With the rate at which you have improved over the past 600 years, if you are given enough time, your protective sword arts will become even more tyrannical. At that time, I’m afraid that even if the emperor came personally, he wouldn’t be able to do anything to you.”

“Even if Thousand-edge Demon Monarch really invited some experts, when the time comes, I’m afraid he won’t be able to do anything to you. On the contrary, the price he has to pay will be even greater.” Blood Rain Demon Monarch coldly snorted.

Chapter 3890: Thousand-Edge, You Harmed Me!

Blood Rain Demon Monarch’s words extinguished the glimmer of hope that had just risen in Thousand-edge Demon Monarch’s heart.

Indeed, just from the relaxed look of Blood Sword Master, it was clear that he had nothing to fear. He even hoped that Blood Rain Demon Monarch would invite experts from other places and let Blood Rain Demon Monarch continue to maintain this array formation, Blood Sword Master could continue to use the array to improve his swordsmanship.

In the previous 600 years, Blood Sword Master's swordsmanship had improved tremendously. If he was given another 600 years or more, who knew what level his swordsmanship would reach?

And Thousand-edge Demon Monarch had to invite those experts one by one. Each expert had to pay a huge price. For example, he had to pay a huge price to invite Thousand Kills Emperor Lord. If he invited two or three experts that were comparable to Thousand Kills Emperor Lord...he might not even be able to hire them even if he emptied his entire fortune.

If he really had to hire those great beings at all costs, but he still could not do anything to Blood Sword Master, then he would have suffered a great loss.

"Thousand-edge, you should listen to Thousand Kills Emperor Lord Now and go find Demon Dragon Horde leader. This way, you can make up for some losses. As for this principle true treasure godly sword, don't even think about it," Blood Rain Demon Monarch said.

Thousand-edge Demon Monarch's eyes flashed with unwillingness. After all, he was an expert who had roamed the Eternal Dark Prison for so many years, so he quickly calmed down, he said in a low voice, "I can't get the nomological true treasure sword, but Magic Dragon Lord is not a good person. I'd rather suffer heavy losses than let him have it for free."

"Oh?" Blood Rain Demon Monarch glanced at Thousand-edge Demon Monarch and nodded slightly. "Since you've made your choice, then it's up to you. I'll withdraw the surrounding formations."

"Withdraw." Thousand-edge Demon Monarch looked helpless.

Blood Rain Demon Monarch immediately waved his hand, and a special power spread out. The great formation that had been trapping Jian Wushuang for 600 years slowly dissipated.

"The formation has been withdrawn? Are you really going to stop?" Jian Wushuang frowned.

He really hoped that Blood Rain Demon Monarch could continue to maintain the formation so that he could continue to comprehend and improve his swordsmanship.

However, the three people in front of him did not have the patience.

"Blood Sword Master, you're good this time. Let's go." Thousand-edge Demon Monarch gave Jian Wushuang a deep look and turned to leave.

Blood Rain Demon Monarch and Thousand Kills Emperor Lord also stared at Jian Wushuang for a long time. It was obvious that they had already remembered this Principles Master.

The three of them knew that they could not take down Jian Wushuang and had planned to leave, but Jian Wushuang was not willing to do so now.

"Wait, don't leave so quickly," Jian Wushuang suddenly shouted and stopped them.

The three Rulers all turned around.

“Blood Sword Master, I’ve decided to let you go. What else do you want?” Thousand-edge Demon Monarch stared at Jian Wushuang with anger in his eyes.

He had suffered a great loss at the hands of Demon Dragon Lord, so he would rather suffer a great loss than let Demon Dragon Lord take advantage of him.

But at the same time, he hated Jian Wushuang. He hated that Jian Wushuang did not give him the principle supreme treasure, the Divine Sword, and that his body protection ability was so strong.

Now that he had decided to leave, was Blood Sword Master still not satisfied?

Did he really think that he was so patient and did not know what was good for him?

“Haha, you are going to let me go, but I may not let you go.” Jian Wushuang laughed, “Take a look at what I have in my hand.”

With that, he took out an item.

“What did he take out?”

Thousand-edge Demon Monarch, Blood Rain Demon Monarch, and Thousand Kills Emperor Lord all looked at the item in Jian Wushuang’s hand.

They were indeed frightened out of their wits.

“It’s a disciple token, a disciple token of the Red Cloud Lineage!”

“He has a disciple token of the Red Cloud Lineage in his hand. Is he a disciple of the Red Cloud Lineage?”

“It’s over, it’s over! Run!”

Thousand-edge Demon Monarch roared hysterically.

The three experts had been in the Eternal Dark Prison for more than 100 chaos cycles. Logically speaking, they had encountered all kinds of risks. Even though they were nervous when facing the ten Rulers, they would not be too frightened, after all, with their strength, even the ten Rulers would not be able to kill them easily.

But now, when they saw the token of the disciples of the Red Cloud Lineage, they felt an unprecedented fear.

They had not felt this kind of fear for hundreds of chaos cycles.

Without hesitation, the three of them immediately used their most powerful life-saving skills and fled in different directions. It was obvious that they were hoping to escape.

However, Jian Wushuang had deliberately approached the three of them because he had prepared for this moment. The three Rulers were too close to Jian Wushuang. Even if they reacted immediately when they saw the token in his hand and fled, the distance of the burst was still within Jian Wushuang’s control.

With a thought, Jian Wushuang directly activated the power of the Eternal Dark Prison's formation.

Rumble!

The majestic power mercilessly crushed down. This power was absolutely supreme in the Eternal Dark Prison, and no one could contend with it.

The power simultaneously affected the three Rulers who were fleeing. The three Rulers immediately stopped, and then they were pressed down to the ground. They were restrained by the power of the formation and could not move at all.

"Thousand-edge, you're harming me! You're harming me!" Blood Rain Demon Monarch screamed crazily.

"Thousand-edge, you invited me here to deal with the disciples of the Red Cloud faction? Bastard, you've harmed me badly!" Thousand Kills Emperor Lord roared furiously as his eyes widened.

The two of them hated Thousand-edge Demon Monarch to death.

Thousand-edge Demon Monarch had originally invited them here to deal with a powerful Principles Masters. They did not expect him to have such a shocking identity, he was a disciple of the Red Cloud Lineage.

The Eternal Dark Prison was created by the Red Cloud Lineage. The disciples of the Red Cloud Lineage had supreme authority in the Red Cloud Lineage.

Even though they were stronger than the Blood Sword Master, the Blood Sword Master could easily use the power of the array to suppress them in the Eternal Dark Prison.

Now, they were suppressed by the other party and could not move. Their lives were completely controlled by the other party.

"He, he is actually a disciple of the Red Cloud Lineage?"

Thousand-edge Demon Monarch was also in a daze at this moment. It was obvious that he had yet to regain his senses. After hearing the resentful voice of Blood Rain Demon Monarch and Thousand Kills Emperor Lord...he immediately roared, "I don't know his identity either. If I knew, why would I be so stupid to come and deal with him?"
