

Swordsman 4011

Chapter 4011: Nihility Star

There were countless pirate forces in the Purple Micro Galaxy, and some of them were strong and some were weak.

For example, Ancient Yuan Star was recognized as one of the top ten star island forces in the Purple Micro Galaxy. However, although Ancient Yuan Star was not weak, compared to those star island forces that could be ranked in the top five or even the top three, he was much weaker.

The Nihility Star was widely recognized as one of the top three star island forces in the entire Purple Micro Galaxy. It was even faintly ranked first among the many star island forces in the Purple Micro Galaxy, the territory that the Nihility Star occupied in the Purple Micro galaxy was much larger than Ancient Yuan Star's.

Ancient Yuan Star had a total of seventeen leaders. Their strength ranged from high to low, and these leaders often changed.

As for the Nihility Star, from its creation until now, there had only been three leaders. These three leaders were all powerful fourth-level Rulers, especially the first leader, Mo Chen, who had been famous for a long time, many years ago, he had already been regarded as the number one expert of the Purple Micro Star Field.

In terms of power, this first leader of the Nihility Star was definitely an extremely powerful fourth-level Ruler.

Within the towering palace, the three leaders of the Nihility Star were all gathered together.

"You said that universe boat came from an unrated small starfield?" The first leader of the Nihility Star, chief Ruler Mo Chen, looked down at the two kneeling people.

Those two were the green-armored man who had seen the universe boat earlier, and chief Ruler Blue River.

"It was Blue River who said it," the green-armored man said.

"Leader, I can confirm that the universe boat belonged to Devil Cloud Star Master, and Devil Cloud Star Master did die in a small starfield. On the way back, I asked my good friends in Devil Cloud Star, and they confirmed it," Blue River Ruler said.

Hearing Blue River Ruler's confirmation, the three leaders of Nihility Star looked at each other.

The second leader said in a low voice, "Ordinary supreme masters are only second-level Rulers in a starfield that doesn't even have a name. Very few might have a third-level Ruler. And this universe boat, since it comes from a starfield that doesn't belong to the shooting star field, I'm afraid that the people on the universe boat aren't very powerful."

“That’s true,” the third leader said, “but the other party was able to kill Devil Cloud Star Master. Although he used some special methods or trump cards, who knows if he still has those methods and trump cards?”

“Blue River, tell us about the Devil Cloud Star Master’s actual strength and how he was killed. Have you figured it out?” The first leader, Ruler Mo Chen, looked down.

“Three leaders, my good friend is a Ruler under the command of the Devil Cloud Star Master. Forty thousand years ago, when the Devil Cloud Star Master led his army to that non-entering meteor field, my good friend did not follow them. Instead, he stayed in the Devil Cloud Star. Therefore, he does not know much about the specific situation. However, one thing is certain. There are indeed no experts in that star field. It is only because there are a few battlefields left behind that it appears somewhat special.”

“As for Devil Cloud Star Master, he was originally only at the pinnacle of the third level. However, when he went to that non-flowing star field, he seemed to have already broken through and reached the fourth level. The great beings in that non-flowing star field must have spent a tremendous amount of resources and methods. In addition, Devil Cloud Star Master himself had underestimated the enemy, which was why he died there. After his death, that universe boat seemed to have fallen into the hands of the Supreme Master of that Star Field, a second level Ruler,” said Blue River Ruler solemnly.

After listening to Blue River Ruler’s explanation, the three leaders’ eyes lit up.

“A second level Ruler, even if he has some trump cards, at most he can threaten an ordinary fourth level Ruler. That Devil Cloud Star Master only just broke through and was careless enough to be killed by him. But the three of us are different from that Devil Cloud Star Master.” The second leader smiled.

The three of them had not just broken through to the fourth-stage Ruler realm, but had spent a very long period of time in the fourth-stage.

The second and third leaders were both high-level fourth-stage Rulers, while the strongest first leader was definitely at the peak of the fourth-stage.

With such power, they naturally had sufficient capital.

“Big brother, are we going to do this deal or not?” The second and third leaders both looked toward Ruler Mo Chen.

“Of course.” Ruler Mo Chen laughed as well, “That is a complete universe boat. Even the lowest level universe boat is worth 60 universe origin stones. It is already worth the three of us personally making a move.”

“Big brother, you are going to personally make a move as well?” The second leader revealed a look of surprise.

In his opinion, the other party was merely a lucky second-level Ruler. Any one of the three of them could easily kill the other party and take back the universe boat. Why would the three of them need to act at the same time?

“There’s nothing wrong with being careful. Perhaps that universe boat master is really just a second-level Ruler. We can easily kill him. But what if that universe boat master isn’t as powerful as he is? Then when the three of us join forces, as long as we don’t encounter a fifth-level Ruler or a terrifying existence like Mr. Jiuxu, at the very least, we’ll be able to protect ourselves,” said Ruler Mo Chen.

“Yes, that’s true.”

The second and third leaders nodded.

The reason why the three leaders of the Nihility Star were able to live well in the Purple Micro galaxy was not only because they were extremely powerful, but also because they were very cautious and would not take risks easily.

Even though they knew that the other party came from a non-entering meteor field and that he was probably only a second-level Ruler, they still decided to move out at the same time to be safe.

Soon, the three leaders of the Nihility Star set off.

The Nihility Star had countless pirates under its command, but this time, the three leaders only brought a part of the stronger Rulers, which added up to less than 20 people. They directly used the universe channel.

Even the Ancient Yuan Star had a universe channel, but the Nihility Star, which was much stronger than the Ancient Yuan Star, had more and more perfect universe channels.

Through the universal channel, they had long arrived in front of Jian Wushuang.

In the beautiful galaxy, the ancient universe boat continued to drive. In the universe boat, Jian Wushuang and his wife were playing chess, while Devil Flame stood aside and watched quietly.

But suddenly...

“Huh?” Jian Wushuang’s expression changed.

Devil Flame suddenly raised his head.

They had already sensed that many experts were approaching at an extremely fast speed.

“I thought that other than Ancient Yuan Star, no one else would be so blind as to look for trouble with us. But now it seems that’s not the case.” Jian Wushuang sighed lightly.

He did not expect that someone would come to find trouble with him even though he was on the universe boat.

Chapter 4012: The Three Leaders

Universe boat had stopped, and more than ten experts from the Nihility Star had also appeared in front of universe boat.

Inside the boat.

"Husband, the people who came to our door this time seem to be very strong." Leng Rushuang frowned slightly.

"Yes, they are very strong." Jian Wushuang also nodded slightly. Although the other party had not taken the initiative to reveal his aura, with his sensing ability, he could more or less sense a lot of things.

"Ruler, should I do it?" Devil Flame asked.

"No, you two just stay in the universe boat." Jian Wushuang smiled slightly, but he had already walked out of the boat.

Jian Wushuang came to the universe boat and looked at the more than ten figures in front of him.

The people of the void star were also staring at Jian Wushuang.

"He is really a second-level Ruler?"

The three leaders of the void star all laughed when they saw Jian Wushuang.

"Brother, it seems that your worries were unnecessary," the third leader said with a smile.

"Be careful, it can't be wrong," Ruler Mo Chen said with a smile.

"You are the owner of this universe boat?" Ruler Mo Chen stared at Jian Wushuang.

"Yes." Jian Wushuang nodded. "Why are you blocking my way?"

"Humph, Devil Cloud Star Master is a second-level star-world Ruler and a fourth-level Ruler. How could he be defeated by someone like you?" The second leader of the Nihility Star sneered.

"Devil Cloud Star Master?" Jian Wushuang frowned slightly.

Obviously, Devil Cloud Star Master recognized his universe boat, which belonged to Devil Cloud Star Master.

"The Purple Micro galaxy is not too far from the star field where Devil Cloud Star is located, and Devil Cloud Star Master is very famous in that star field. All the experts who came from that star field probably know him. It's normal for an expert from that star field to become a space pirate in the Purple Micro Galaxy," Jian Wushuang thought to himself.

"Boy," Ruler Mo Chen said, "leave the universe boat and you can go."

"Oh?" Jian Wushuang raised his eyebrows.

Ruler Mo Chen did not kill him. He was more merciful than Ancient Yuan Star.

"What if I don't agree?" Jian Wushuang said with a teasing smile.

"If you don't agree, you can only die." Ruler Mo Chen's eyes turned cold. "Kill him."

As soon as he finished his words, several experts from the void star around him could not hold themselves back anymore and attacked him.

There were five people who chose to attack. All of them were Rulers of the third level, and two of them had even reached the peak of the third level.

Five Rulers of the third level attacked at the same time to deal with a Ruler of the second level...in the eyes of the experts from the void star, Jian Wushuang was already a dead man.

But suddenly, Jian Wushuang attacked.

He did not take out the Wuqi divine sword. He just waved his finger as a sword casually.

In an instant, an extremely terrifying sword essence rose up.

The entire galaxy was swept into this shocking sword essence storm.

“What?”

The five third-level Rulers were shocked. They only felt that the sword essence storm they were trapped in was endless and extremely terrifying.

The storm of sword shadows crushed the five of them as easily as crushing dried twigs. Their godly bodies collapsed, and their lives were instantly cut off.

Just a casual sword attack had killed five third-level Rulers. This scene shocked many experts from the void star, including the three leaders.

“This is...”

“What a terrifying sword intent!”

“This man’s comprehension of the origin of the universe of sword principle has definitely reached an extremely high level.”

The eyes of the three leaders became solemn.

“It seems that it was not just an accident that he was able to kill Devil Cloud Star Master.” Ruler Mo Chen’s voice also became much deeper.

The second and third leaders also had a trace of solemnity on their faces.

They were not fools. Although they did not think much of Jian Wushuang, who was only at the second level and came from the non-entering meteor field, the strength that Jian Wushuang displayed at this moment...they had no choice but to be solemn.

Without a doubt, Jian Wushuang’s battle strength was at least at the fourth level.

“Second brother, third brother, you two attack together. Be careful!” Ruler Mo Chen said in a low voice.

The second and third leaders both nodded, and then two strong divine power auras rose.

The second leader directly turned into a huge black exotic beast. The black exotic beast was extremely ferocious, and its body emitted an endless brutal aura. In an instant, it rushed toward Jian Wushuang like a black lightning.

As for the third leader, he took out a broad-bladed broadsword, which was three meters long. As his body expanded, the three-meter-long broadsword also expanded and then came crashing down.

When the two leaders attacked at the same time, the power alone was enough to make people scared.

In the universe boat, Devil Flame had been watching the scene outside, but when he saw the two leaders attack, his pupils shrank.

"These two are very strong. I may not be a match for them in a one-on-one fight," Devil Flame said solemnly.

"What?" Leng Rushuang's expression changed. "Then husband..."

"Don't worry, madam. These two may be very strong, but they are not strong enough in front of Ruler." Devil Flame smiled.

Others did not know Jian Wushuang's actual strength, but Devil Flame did. He was very clear that Jian Wushuang's current combat strength was extremely strong. It was not something an ordinary fourth-level Ruler could compare to.

Jian Wushuang stood in front of the universe boat and watched the two leaders attack him. His expression was very strange.

"These two people clearly have the battle strength of fourth-level Rulers, and they are probably at the advanced level. They are probably slightly stronger than the great leader of Ancient Yuan Star whom I met before...just these two people have such strength, and the strongest one doesn't seem to have made a move yet. Tsk, tsk, the Star Island forces in the Purple Micro Galaxy are quite strong. One force actually has three fourth-level Rulers at the same time." Jian Wushuang praised, however, with a flip of his palm, the Wuqi divine sword appeared in his hand.

In the star river, Jian Wushuang directly fought with the two leaders.

Whoosh!

A brilliant sword light appeared out of thin air.

This sword light was even more dazzling than the surrounding star river, and it was huge and boundless. After it appeared, it instantly filled half of the surrounding star river, and in the blink of an eye, it collided with the black exotic beast, as well as the vast and mighty sword light that was slashing down.

Chapter 4013: One Against Three

Bang! Clang!

Two sounds of collision rang out in the galaxy.

The black exotic beast that the second leader had transformed into rolled backward after colliding with the sword light.

As for the mighty sword light that the third leader had displayed, it also dissipated, and the power on the surface of the third leader's body was greatly suppressed.

"You two are too weak." Jian Wushuang's eyes were filled with disdain, but he slashed out with the Wuqi Divine Sword again.

It was still a casual slash.

However, in an instant, a shocking sword shadow that seemed to be able to split the galaxy in half hung out.

This shocking sword shadow emitted a suffocating and terrifying power.

Even though the second and third leaders of the Void Star were both fourth-level Rulers, their expressions changed when they saw this sword shadow.

"Not good."

The great leader of the Void Star, Ruler Mo Chen, who had been standing outside the battlefield, was also shocked and immediately attacked.

Whoosh!

A sudden explosion was heard in the Starry River. A human figure descended from the sky like a Peerless War God from the universe. He held a giant axe in one hand and instantly slashed down as if he was splitting the sky and earth.

The same shocking axe instantly collided with the sword light that Jian Wushuang had swung out.

The two terrifying forces collided with each other, causing the surrounding vast galaxy to tremble violently. The brilliant galaxy seemed to have lost its color under the collision of the two forces.

After a while, the power was completely exhausted.

Jian Wushuang was still standing in front of the universe boat calmly. In front of him, the three leaders of the Void Star were standing side by side. The three leaders no longer looked down on him, on the contrary, their expressions were extremely grave.

"This man is very strong!" The second leader said in a low voice.

"Indeed, if only second brother and I joined hands, we would not be his match," the third leader also said.

"I used almost all of my strength in that attack, but I didn't gain the upper hand in the clash with his sword light. Only a Ruler at the peak of the fourth level could have such strength," Ruler Mo Chen said.

Ruler Mo Chen himself was a Ruler at the peak of the fourth level. However, Jian Wushuang was not at a disadvantage in a head-on confrontation with him. His battle strength was naturally at the peak of the fourth level.

"Finally, someone who can stand out is here." Jian Wushuang looked at the three people in front of him with a faint smile.

“Big brother, this kid is not weak. The three of us working together might be able to kill him,” the second leader said directly.

“Then let’s attack together.” Ruler Mo Chen’s eyes were cold. In the next moment...buzz!

A vast and surging dark air current swept out directly. This dark air current was cold, dark, and despairing.

As the dark air current swept out, the brilliant galaxy was covered in endless darkness. Endless dark air current filled the surrounding void, in the center of the dark air current, Ruler Mo Chen was the supreme God who controlled the endless darkness.

Whoosh! Whoosh! Whoosh!

Ruler Mo Chen attacked directly. He held a giant axe in each hand. The two giant axes were both dark and cold. In the endless dark void, one after another, ice-cold axe shadows flashed and slashed toward Jian Wushuang.

They were extremely fast!

Moreover, each of the axe shadows was extremely powerful. Even Jian Wushuang did not dare to underestimate them.

“Interesting.”

Jian Wushuang smiled and waved the Wuqi Divine Sword in his hand. He also slashed out sword lights that contained the profound universe origin of sword principle, easily blocking the axe shadows.

Around them, the second and third leaders were not idle either. The second leader transformed into a black exotic beast, which emitted a monstrous evil aura and directly merged into the Dark Void. Even with Jian Wushuang’s soul power, they could not even feel his presence.

Under the cover of the Dark Void, the second leader would strike from time to time with a fatal blow.

As for the third leader, his strength had also increased to a certain extent under the dark void. His figure soared like a heavenly demon descending into the world, and he directly slashed out with his huge saber.

The three leaders of the Void Temple, the three Rulers of the fourth level, all used their full strength at this moment. Naturally, their goal was to kill Jian Wushuang.

It had to be said that the three leaders were indeed very strong, and they cooperated very well. When the three of them joined hands, they could completely suppress an ordinary Ruler of the peak of the fourth level.

Now, when the three of them joined hands and went all out, Jian Wushuang seemed to have been completely suppressed by the three of them.

In the boundless dark void, Jian Wushuang just kept using his swordsmanship to resist the attacks around him. It seemed that he was completely trapped in the frenzied attacks of the three leaders.

After a while, Jian Wushuang shook his head and looked disappointed. "Is this the extent of your combined strength?"

"What?" The three leaders of the Void Temple were shocked.

It was indeed their strongest strength, but the Ruler of universe boat seemed to be very dissatisfied with their strength?

"With such strength, you are barely qualified for me to use my sword skills," Jian Wushuang said coldly.

"Use your sword skills?" The three leaders were stunned. They realized that from the beginning until now, the other party had only casually waved his sword and attacked casually.

However, the other party had never used any powerful sword skills or ultimate moves.

After all, the three leaders could tell that although the universe boat Ruler's realm was low, his divine power was no weaker than that of a fourth-level Ruler, the point was that his comprehension of the origin of the universe of sword principle was too high.

With such a high comprehension of the origin of the universe of sword principle, how could he not create powerful sword techniques or ultimate moves?

"If I'm not wrong, the three of you have more or less improved your strength under the dark void. Moreover, the cooperation of the three of you depends on the dark void to a large extent, right?" Jian Wushuang's eyes were cold, looking at the three people in front of him, he said, "In that case, I'll break the dark void."

"And my sword is called splitting the sky."

Jian Wushuang's voice slowly sounded in the dark void. He raised the Wuqi Divine Sword in his right hand, and a terrifying power began to gather in his divine sword.

Chapter 4014: Two Dead and One Injured

It had been more than 40,000 years since the end of the war with Devil Cloud Star. Jian Wushuang had been improving at a ridiculously fast speed because he had Ruled the will of Heavenly Dao in the divine beginning world.

His understanding of sword principle had reached an extremely high level. Naturally, he had also studied swordsmanship.

Over the years, he had created many different types of swordsmanship. Any one of them was enough to amaze the fourth-level Ruler.

Now, Jian Wushuang's first move of heaven-opening had already surpassed the level of the fourth-level Ruler in terms of profundity.

This sword move was a terrifying swordsmanship that used force to crush people and tear everything apart.

Under the infusion of Jian Wushuang's enormous divine power, this sword move became even more terrifying.

Whoosh!

Finally, this sword move was unleashed.

In an instant, the world became completely silent.

The three leaders of the Void Temple stared with their eyes wide open. They finally understood why Jian Wushuang had never displayed his true sword skill.

It turned out that his sword skill was too powerful and terrifying.

If he had used his sword skill earlier, the three of them would have fled in fear. But now...

The endless black air flow was cut off. The void, which was originally in endless darkness, seemed to have been re-created by living beings, dividing the day and night.

This endless dark void was directly cut open. Terrifying sword intent swept out, and even the three great leaders were affected. The strongest great leader was still fine, with his own strength, he was able to easily block this power that was affected.

However, the two leaders were unusually miserable under the impact of this sword intent. It was not easy for them to forcefully stop their bodies, and their bodies had already suffered a certain degree of damage under the impact of this sword intent.

"This...this is on a completely different level!" The second leader said, his face filled with terror.

"The power of his godly power is comparable, but his sword technique is simply too terrifying!" The third leader added.

"This sword technique is something that even many fifth-level Rulers who specialize in the Dao of the sword might not be able to compare to. With such a sword technique in hand, his combat power is definitely one of the most terrifying and top-tier fourth-level Rulers. With just the three of us, let alone killing him, it would be extremely difficult for us to fight him head-on." Ruler Mo Chen's gaze was cold. "Don't think about universe boat anymore. Let's go!"

"Retreat!" The second and third leaders did not hesitate.

That sword attack had indeed scared them.

However, just as they were about to move —

"Come and go as you please? How can it be so easy?" Jian Wushuang chuckled and waved the divine sword in his hand again.

In an instant, a hazy fog swept out.

The speed of the fog was extremely fast. At least, it was much faster than the three leaders' fleeing speed. In an instant, the fog had completely covered the three leaders.

After being covered by the fog, the three leaders immediately felt a terrifying sword essence from the surrounding fog, which made their hearts tremble. At the same time, it also carried a special magic formation power.

“A formation with sword essence? Is this a sword formation?” Ruler Mo Chen’s pupils constricted.

Yes, it was a sword formation!

No matter how many sword techniques Jian Wushuang had created over the years, and how powerful they were, it did not matter.

The first move of splitting the heavens just now, in terms of level and profundity, was already comparable to the most powerful move of many fifth-level Rulers.

However, the first move of splitting the heavens was not Jian Wushuang’s strongest sword technique.

Jian Wushuang’s strongest and most terrifying sword formation was the three sword formations he created!

The hazy sword formation, the Wave Light Sword Formation, and the Earth Protection Sword Formation, one for attacking, one for trapping and entangling, and one for absolute defense!

These three sword formations formed the most complete sword formation system. Over the years, while Jian Wushuang improved his comprehension of sword principle and created all kinds of sword skills, he never fell behind in his research of the three sword formations, after 40,000 years, the three sword formations had reached a new level.

Now that the hazy fog had swept out, what Jian Wushuang displayed was the most terrifying of the three sword formations, the Hazy Sword Formation!

“Since you’re here, don’t think of leaving so easily without paying a price.” Jian Wushuang smiled. The hazy sword formation had already displayed its terrifying power.

Within the hazy fog, terrifying sword lights attacked the three leaders of the Nihilism Star without any warning.

Although the three leaders were all powerful, it was difficult for them to resist the sudden sword light because of the fog.

It was only a single exchange. Chi! Chi!

The second and third leaders were struck by the sword-light at the same time. Although they did not die immediately, their divine bodies instantly collapsed, and more than half of their divine power was consumed.

“No! No!”

After the second and third leaders recovered their divine bodies, they were both completely terrified.

“Second brother, third brother!” Ruler Mo Chen’s face turned pale with fright.

He was the most powerful of them all. Although his body had been damaged by the sword-light, he had not directly collapsed.

However, the second and third leaders were clearly unable to block it.

Yet another wave of sword-light swept over.

“Big brother, run!”

“Run!”

A hysterical howl rang out from the second leader’s mouth. The second leader was completely drowned out by the sword-light, and without the slightest chance of struggle, he died on the spot.

As for the third leader, he had similarly followed in the footsteps of the second leader.

When Ruler Mo Chen saw this scene, he instantly felt as if his eyes were about to explode. However, no matter how furious and crazed he was, he knew that the other party’s strength was simply not something he could contend against.

Even he himself was barely able to survive in this sword formation. There was no way for him to save the lives of the second and third leaders. He could only watch as these two great leaders died in front of him.

After all, the three leaders of the Void Temple had existed since the establishment of the Void Temple. Their relationship was incomparable.

But now, the two leaders had died in an accident. Even he was on the verge of death.

“Ahhh!”

With a furious roar, the desperate Ruler Mo Chen suddenly turned scarlet. A terrifying aura swept out from his body. His strength and speed had reached a whole new level, at this moment, his strength and speed had reached a whole new level.

This sudden change made Jian Wushuang slightly surprised, but before he could make a move, the scarlet-red Ruler Mo Chen had already rushed out of the range of the sword formation and fled frantically toward the surrounding galaxies, his speed was so fast that even Jian Wushuang did not have the slightest desire to chase after him.

Chapter 4015: Revenge!

“He ran away so fast!”

Jian Wushuang was surprised when he saw Ruler Mo Chen disappear from his sight.

It was obvious that Ruler Mo Chen had used his life-saving trump card, which was very powerful. Even Jian Wushuang had let him escape easily.

“However, killing two fourth-level Rulers is not bad.” Jian Wushuang smiled. With a wave of his hand, the treasures and interspatial rings left by the two leaders of the Void Temple came to him.

Jian Wushuang counted them slightly, and his eyes lit up.

“Not bad. As expected of a fourth-level Ruler, and a pirate leader who has been plundering in the Purple Micro Galaxy all year round. Although he doesn’t have any nomological treasures, his wealth is quite impressive. The total wealth of these two people is probably equivalent to 150 universe origin stones.” Jian Wushuang smiled.

Previously, he had suppressed Ancient Yuan Star with his own strength and only obtained 100 universe origin stones. This was on the premise that Ancient Yuan Star was severely injured.

But now, the space pirates who came to kill him were obviously more powerful than Ancient Yuan Star, so their wealth was naturally thicker.

After collecting the treasures, Jian Wushuang returned to the universe boat. As for the space pirates who came at the same time as the three leaders, they were scared and fled in all directions. Jian Wushuang was too lazy to chase after them

Soon, the universe boat continued to move forward.

In the void far away from the battlefield, a scarlet blood light suddenly stopped, and a figure slowly emerged.

This figure was, of course, Ruler Mo Chen, who had just escaped from Jian Wushuang’s hands.

As the great leader of the Void Star and a Ruler at the peak of the fourth level, Ruler Mo Chen had been able to do whatever he wanted in the Purple Micro Galaxy for a long time. But today...

“Second brother, third brother!”

Ruler Mo Chen’s expression was terrifyingly dark. His icy cold eyes were filled with hatred.

The three great leaders of the Nihility Star were brothers who had walked through life and death together. Later on, the three of them had joined hands to create the Nihility Star. In terms of feelings, they were no less than brothers.

However, today, his second and third brothers had been killed right in front of him.

He had witnessed the whole process, but he could not do anything about it. Even he had to use his life-saving secret skill to survive.

“So powerful!”

“That man is only a second-level Ruler, but he is ridiculously powerful. Not only is his divine power as powerful as a fourth-level Ruler, but his understanding of the origin of sword principle and his terrifying swordsmanship, especially the sword formation he used at the end!”

The scene of Jian Wushuang using the hazy sword formation immediately appeared in Ruler Mo Chen’s mind.

As soon as the sword formation appeared, the hazy sword light suddenly attacked from every corner. It was incredibly fast, and the most important thing was that it was ridiculously powerful.

“That sword formation is too terrifying. Against such a sword formation, even if I’m several times stronger, I won’t have a chance to survive.” Ruler Mo Chen’s face was distorted, “The difference in strength is too great. Even if he killed my second and third brothers, I, I, I won’t be able to take revenge!”

There was no doubt that Ruler Mo Chen wanted to avenge his two brothers.

However, Jian Wushuang’s strength made him despair.

It was impossible for him to take revenge on his own, at least not now.

Jian Wushuang was riding on the universe boat and flying in the galaxy. It was obvious that he was just passing by the Purple Micro Galaxy. Moreover, his opponent was at the second level, so his talent and potential were far stronger than his, in other words, as long as he missed now, it was almost impossible for him to find Jian Wushuang in the future.

“No, he must die!”

“No matter what price I have to pay, even if it means risking my life, I will kill him and avenge my second and third brothers!”

Ruler Mo Chen clenched his hands tightly. His fingernails had already dug into his flesh and blood, causing blood to flow out.

He was desperately trying to think of a way to kill Jian Wushuang. At this moment, countless thoughts flashed through his mind, but most of them were not confident that he could kill Jian Wushuang.

Suddenly...Ruler Mo Chen’s eyes lit up.

“Mr. Nine Whiskers!” Ruler Mo Chen thought of a person.

This was a supreme figure who was enough to make Ruler Mo Chen feel fear and despair.

One had to know that with Ruler Mo Chen’s strength, he was almost invincible in the Purple Micro Galaxy. Although the large number of pirate forces in the Purple Micro galaxy were not ordinary fourth level Rulers...however, only one or two of them could match Ruler Mo Chen’s strength.

Although his strength could match Ruler Mo Chen’s, Ruler Mo Chen was not afraid of him.

However, that Mr. Nine Whiskers definitely had the qualifications to frighten Ruler Mo Chen. One could imagine how terrifying the other party’s strength was.

“Yes, find Mr. Nine Whiskers. With his strength, he should be able to kill the Ruler of the universe boat. As long as I can invite him, I will have the chance to avenge my second and third brother!” Ruler Mo Chen’s eyes flickered with a bright light, after making his decision, he immediately set off.

A space pirate faction occupied a part of the Purple Micro Galaxy. This space pirate faction was called the Ice Heart Valley.

In terms of strength, this Ice Heart Valley could not be compared to the large-scale space pirate factions like the Nihility Star and the Ancient Yuan Star. It was even inferior to many space pirate factions in the Purple Micro Galaxy, it was merely an insignificant small-scale space pirate faction in the Purple Micro

Galaxy. There were only over a hundred people on the Star Island under its command. The previous leader was only a second-tier Ruler.

However, since the arrival of a mysterious expert thousands of years ago, the status of the Ice Heart Valley in the Purple Micro galaxy was completely different.

Although the overall strength of the current Ice Heart Valley was still far from the strength of the large-scale space pirates, the large-scale space pirate forces such as the Nihility Star and the Ancient Yuan Star would never dare to provoke the Ice Heart Valley.

The reason was that the mysterious expert in Ice Heart Valley was called Nine Whiskers!

Hu!

Ruler Mo Chen directly used the space passage of Nihility Star and arrived outside Ice Heart Valley at the fastest speed.

"Please report that the Great Leader of Nihility Star, Mo Chen, is here to pay his respects to Mr. Nine Whiskers." Ruler Mo Chen did not put on any airs.

The space pirates of the Ice Heart Valley were all shocked when they heard Ruler Mo Chen's words.

The great leader of the Nihility Star? He was the most supreme existence in the entire Purple Micro Galaxy. Normally, the entire Purple Micro galaxy would tremble if he stomped his feet. As for the Ice Heart Valley...they were not qualified to come into contact with such a supreme existence before. However, the other party had taken the initiative to come and pay him a visit. Instead, he was extremely obedient and did not put on any airs.

All of this was because of the Lord in Ice Heart Valley.

Soon, the space pirates of Ice Heart Valley went to report.

Chapter 4016: Mr. Nine Whiskers

Inside the Ice Heart Valley, in a simple wooden house, a white-haired man with a long beard was sitting on a futon. This white-haired man was thin and weak, as if he could be blown down by the wind.

However, even though he looked extremely thin and weak, he had an unprecedented reputation in the Purple Micro Galaxy. His name was enough to scare the leaders of the top pirate forces in the Purple Micro Galaxy, fear.

He was Nine Whiskers.

An Ascetic Cultivator who wandered alone in the universe.

According to the understanding of the pirates in Ice Heart Valley, Mr. Nine Whiskers had lived for several chaos cycles and had been wandering around the universe for several chaos cycles, his wandering was different from most people. People like Jian Wushuang who came from their hometown and wandered in the universe had a clear purpose, which was to go to a wider territory and see more of the world, he wanted to fight with more experts to improve his strength.

However, this was not the case for Mr. Nine Whiskers. He roamed the universe and did not think about where he was going.

He was a real person who could endure long years of lonely cultivation.

Now, Ruler Mo Chen had arrived in front of Mr. Nine Whiskers.

“The Nihility Star Mo Chen greets you, Mr. Nine Whiskers.”

Ruler Mo Chen was, after all, the great leader of the Nihility Star, but in front of this Mr. Nine Whiskers, he appeared to be extremely respectful.

“Ruler Mo Chen.” Mr. Nine Whiskers raised his head and glanced at Ruler Mo Chen. “Three thousand years ago, when I defeated you, I told you that if one day you made a great improvement in your strength or broke through to the fifth stage, you could come and challenge me. Could it be that you have already made a great breakthrough in your strength by coming here today?”

“That’s not true.” Ruler Mo Chen shook his head. “I came here today because I met an expert whose strength is extremely terrifying. I think you should be interested in him, Mr. Nine Whiskers.”

“Oh?” Mr. Nine Whiskers stared at Ruler Mo Chen.

Ruler Mo Chen, however, had an embarrassed smile on his face.

Ruler Mo Chen knew some things about Mr. Nine Whiskers. As soon as Mr. Nine Whiskers arrived at the Purple Micro Galaxy, he immediately went to look for the leaders of the various top pirate forces, he directly defeated the leaders who had already reached the peak of the fourth level.

They all left a message that if he made a great progress or had a great breakthrough, he could go to the Ice Heart Valley to look for him.

It was obvious that Mr. Nine Whiskers was not only an Ascetic Cultivator, but also an Ascetic Cultivator who loved to fight and was eager to fight with the strong.

None of the space pirates in the Purple Micro Galaxy could catch Mr. Nine Whiskers’s eyes. Even though Mo Chen was the Ruler, he was no different from an ordinary space pirate in Mr. Nine Whiskers’s eyes.

In the eyes of such a person, he only had himself and a strong opponent.

It was precisely because of this that Ruler Mo Chen dared to invite Mr. Nine Whiskers. According to what Ruler Mo Chen thought, the owner of the universe boat was also extremely powerful, at least much stronger than him. Such a strong person...this Mr. Nine Whiskers should be quite interested.

As expected, Mr. Nine Whiskers began to ask, “Who is the person you are talking about? where is he? What level of cultivation is he at?”

“He is currently within this galaxy. As for his name, I don’t know, but he has a universe boat in his hands. As for his level of cultivation...he should only be a second-tier Ruler,” Ruler Mo Chen said.

“What?” Mr. Nine Whiskers’s expression changed. He stared coldly at Supreme Ruler Mo Chen. “Are you playing with me?”

“No, no!” Supreme Ruler Mo Chen repeatedly shook his head, “Mr. Nine Whiskers, there is something you do not know. On the surface, that universe boat Ruler might only be a second-tier Ruler, but his true combat power is terrifyingly strong. He is definitely at the pinnacle of the fourth-tier, and he is also the most terrifying.”

“Not long ago, I joined forces with my second brother and third brother in an attempt to kill him and seize the universe boat. In the end, I was defeated by him head-on, and it was a crushing defeat. My second brother and third brother both died at his hands. Even I was only able to use my life-saving secret technique to escape with my life.”

“That person killed your second brother and third brother. You wanted revenge, so you came looking for me?” Mr. Nine Whiskers continued to stare at Supreme Ruler Mo Chen.

Supreme Ruler Mo Chen’s heart trembled. This was indeed his true goal. This lord Nine Whiskers had clearly seen through it with a single glance. However, he was not surprised.

“I indeed have this goal. However, that person’s strength is terrifying. There is no doubt about this. Although his divine power is only at the level of an ordinary fourth-level Supreme Ruler, his understanding of the universe essence of the Dao of the sword is probably at the peak of the fifth-level Supreme Rulers. In addition, his sword arts are even more terrifying. He also knows a sword formation. Once that sword formation is unleashed, in just two waves of attacks, my two brothers will die. They won’t be able to struggle at all. Even I will be heavily injured.”

“You have to understand that he was able to simultaneously activate his sword formation to deal with three of my brothers. If he had focused his sword formation on just one person, the power would have been even more terrifying.” Ruler Mo Chen sighed in amazement.

“Sword formation? He was able to deal with three people at the same time, and in just two attacks, he was able to kill two high-level Rulers of the fourth level?” Mr. Nine Whiskers’s eyes flickered. Clearly, he was already very interested.

Ruler Mo Chen’s guess was right. This Mr. Nine Whiskers was not only an Ascetic Cultivator, but also an extremely warlike Ascetic Cultivator.

It was precisely because of his warlike nature that he would think of ways to challenge the top-tier great beings of that star field every time he passed by a star field. Even when he came to this Purple Micro Star River, he did not hold back.

However, no one in the current Purple Micro Star River could be taken seriously by him. However, the universe boat Ruler mentioned by Ruler Mo Chen now had a strength that piqued Mr. Nine Whiskers’s interest.

“The three of you aren’t weak, especially when you join forces. Even an ordinary fourth-level pinnacle Ruler could be suppressed by you. In fact, you might even have a chance to kill him after a long time. However, when the three of you joined forces, you were easily defeated by the other party and even killed two people. Based on this point alone, that universe boat Ruler must be at the pinnacle of the fourth-level, or perhaps even stronger.”

“I do indeed wish to fight against such a great being.” Mr. Nine Whiskers laughed.

"That universe boat Ruler is very powerful, but to you, Mr. Nine Whiskers, he is probably nothing." Ruler Mo Chen said respectfully.

"Take me to him." Mr. Nine Whiskers stood up.

Ruler Mo Chen was instantly overjoyed.

"Don't be too happy." Mr. Nine Whiskers glanced sideways at Ruler Mo Chen. "I'm only going to find him because I want to fight him. As for whether or not I'll be able to kill him, that will depend on my mood."

...

Chapter 4017: Ascetic Cultivator

"I went to find him just to fight with him. As for whether I can kill him or not, it depends on my mood."

Ruler Mo Chen was shocked by Mr. Nine Whiskers's words, but he did not dare to say anything.

Immediately, Ruler Mo Chen led the way personally and took Mr. Nine Whiskers to chase after Jian Wushuang's universe boat.

The universe boat continued to move forward in the galaxy, but Jian Wushuang was always cultivating in the universe boat.

He knew that the universe was vast and dangerous. Although he had some strength now, it was only limited to the edge of the universe. If it were in the depths of the universe, there would be many stronger than him.

There were even many supreme experts in the true core of the universe.

Even a strong supreme expert would die. Even the founder of the Red Cloud lineage, Patriarch Red Cloud, who was a top supreme expert, died in the fierce battle.

Because of this, Jian Wushuang did not dare to slack off.

Only by becoming stronger and climbing to the top of the universe would he be able to reach the level of Lingyun Star Master or even stronger one day. Only then would he be qualified to truly roam the universe.

But now, he was still far from that level.

"Over the years, I've been trying to fuse the sixth law of darkness. I feel that I'm just a little bit away from fusing it, but I still feel that I can't really fuse it. Maybe it's because I'm too comfortable now, and I don't have the oppressive feeling I had in the Divine Beginning Realm. That's why I can't really fuse it," Jian Wushuang could not help thinking.

Indeed, he was now very comfortable.

In fact, ever since the crisis in the Divine Beginning Realm was resolved and he had Rulered the power of the divine will of the Divine Beginning Realm, he had been very comfortable. The burden that had been on his shoulders had been completely relieved.

However, when Jian Wushuang was weak, the reason why he was able to grow at an astonishing speed step by step was because of the burden on his shoulders. He had always felt great pressure, which was why he had made such great progress.

Now, although he had made greater progress with the help of the divine will of the Divine Beginning Realm, Jian Wushuang felt that it would not be so easy to make a breakthrough without the pressure.

“Now, even if I fight with a fourth-level Ruler, I can’t feel any waves in my heart. Although I came to the universe to search for my Ruler in the nine luminaries galaxy, I also came to fight with more powerful experts. However, even though I have fought several times, there are no experts who really make me look forward to it and make me feel pressure.” Jian Wushuang shook his head slightly.

Even though he was at the peak of the fourth level, he did not feel any pressure at all.

He had easily defeated Ruler Mo Chen. If he had been a little more serious, Ruler Mo Chen would not have been able to escape from him.

“I hope that I won’t be so dull in the following years. I also hope that I can meet some opponents that make me feel pressure and look forward to.” Jian Wushuang sighed quietly.

He longed to meet and fight with real experts, but he had never met any of them. This made Jian Wushuang inevitably feel a little disappointed.

At this moment...

“Huh?” Jian Wushuang suddenly raised his head.

His soul power had already sensed the void in front of him, and two figures were rapidly approaching.

He recognized one of the two figures. It was the one who had luckily escaped, Ruler Mo Chen, and the other one...

“That man...” Jian Wushuang stared at the thin, white-haired, long-bearded man who had stopped in front of the universe boat and was standing in front of Ruler Mo Chen.

Jian Wushuang had been extremely sensitive to experts since he came to this day from the Divine Beginning Realm.

The moment he saw the white-haired, long-bearded man, Jian Wushuang had a faint premonition that this man was an expert.

Although he looked extremely thin and weak and did not emit any aura, Jian Wushuang could feel the arrogance between his brows.

One had to know that he was not an ordinary person who could be so arrogant in the universe. In addition, Ruler Mo Chen had come with this man. He even stood behind this man and was obviously very respectful.

Obviously, this person was much stronger than Ruler Mo Chen.

It was not surprising that Ruler Mo Chen had specially invited an expert to avenge his two brothers.

“Ruler, that person gives me the feeling that he is very strong,” Devil Flame said solemnly.

“I have the same feeling.” Jian Wushuang nodded, but his face was still smiling, and there was a trace of expectation in the depths of his heart.

He longed to meet an expert. He longed to meet an expert who could really bring him pressure and make him treat him seriously.

And this person in front of him might be qualified to do so.

Without hesitation, Jian Wushuang directly left the universe boat and appeared in front of the white-haired, long-bearded man.

“Mr. Nine Whiskers, he is the Ruler of the universe boat. Although he is only a second-level Ruler, his battle strength is extremely terrifying.” Ruler Mo Chen stared at Jian Wushuang with eyes that seemed to spew fire.

“Ascetic, Nine Whiskers!” The white-bearded man stared at Jian Wushuang calmly.

“Ascetic?” Jian Wushuang’s expression changed.

It was the first time he had heard of the term Ascetic when he was adventuring in the universe.

“Ruler, Ascetic is the kind of person who roams around the universe all year round, without any purpose, just to cultivate and become stronger. Most Ascetic Cultivators like to challenge some experts in the star field every time they pass by, so as to constantly fight with them and constantly break through to improve their strength. It can be said to be extremely crazy!”

“In the universe, Ascetics are all real lunatics, but there is no doubt that they are all very strong!” Devil Flame’s voice sounded in Jian Wushuang’s mind.

Although Devil Flame stayed in the universe boat, he could still communicate with Jian Wushuang’s consciousness.

“Oh?” Jian Wushuang raised his eyebrows and secretly exclaimed in his heart.

It was indeed a crazy cultivation method to wander around the universe and challenge experts all year round.

“Blood Sword comes from an unrated star field,” Jian Wushuang said directly.

“I heard from Ruler Mo Chen that you defeated the three brothers by yourself. Your Sword Formation is even more terrifying. You killed two of his brothers in just two rounds of attacks, leaving him no choice but to use his life-saving secret skill to escape. You must be very strong. I look forward to seeing you,” Nine Whiskers said indifferently.

Chapter 4018: Battle Nine Whiskers

“Blood Sword, show me your full strength. If I am satisfied with your strength, I may spare your life.”
Nine Whiskers stood there and said indifferently.

“Spare my life? How arrogant.” Jian Wushuang smiled and said, “Me too. If you disappoint me, you don’t have to leave here alive.”

“Haha, interesting.” A smile appeared on Nine Whiskers’s face.

He was an extremely arrogant person, and his strength was indeed outstanding. Because of this, he was arrogant and said that he would spare Jian Wushuang’s life, but he did not expect Jian Wushuang to be so arrogant.

It was obvious that both of them were eager to fight with stronger opponents. In this regard, they were very similar.

!!

Without any more nonsense, Nine Whiskers had already made his move.

He slowly raised his right hand and pointed in Jian Wushuang’s direction.

This finger instantly formed a dazzling cyan light beam. The cyan light beam carried a destructive aura and directly shot toward Jian Wushuang through the void.

“Such powerful power.”

Jian Wushuang’s pupils constricted when he saw Nine Whiskers’s attack.

Jian Wushuang had fought with several Rulers of the fourth level, including Star Ruler Mo Yun and Star Demon ancestor. He was very impressed, but now he could see it with just one glance, the terrifying power contained in Nine Whiskers’s finger.

In terms of divine power, Nine Whiskers had definitely reached the peak of the fourth level. He was at least much more powerful than Ruler Mo Chen, who was at the peak of the fourth level.

“I’m afraid that Nine Whiskers can crush most Rulers of the peak of the fourth level with just his brute force,” Jian Wushuang thought. However, his movements were not slow at all. With a flip of his hand, the Wuqi Divine Sword appeared in his hand.

Above the void, Jian Wushuang waved his sword.

The sword light swept across the galaxy, as if it was about to be cut in half.

The sword light collided with the green beam of light. The terrifying power burst out, but in the end, the sword light and the green beam were destroyed.

“Yes, although the power of divine power is only at the level of an ordinary fourth-level Ruler, your comprehension of the origin of the sword principle universe is indeed very high. What you are holding in your hand should be a Principle supreme treasure, right?” Nine Whiskers stared at the divine sword in Jian Wushuang’s hand.

“Nine Whiskers, where is your weapon?” Jian Wushuang stared at Nine Whiskers.

He knew very well that Nine Whiskers had just casually attacked with his finger, relying purely on the power of divine power.

“Haha, I, Nine Whiskers, have roamed the universe for several chaos cycles and challenged countless experts. Even a Ruler at the peak of the fourth level must have fought with thousands of people. However, there are very few who are worthy of my weapon. If you don’t have enough strength, you are not qualified to ask me to take out my weapon.” Nine Whiskers laughed heartily.

“How arrogant.” Jian Wushuang sneered.

However, Ruler Mo Chen, who was at the edge of the battlefield, knew clearly that Nine Whiskers was not arrogant, but he did have the right to do so.

When Nine Whiskers first came to the Purple Micro Galaxy, he defeated many top experts in the Purple Micro Galaxy with his brute strength and few of the pirate forces in the galaxy, at that time, Mr. Nine Whiskers was empty-handed and did not take out his weapon.

However, even if he did not take out his weapon, Nine Whiskers was still able to sweep through everything. For example, in the Nihilism Star, Ruler Mo Chen had joined hands with his two brothers, but he easily defeated Mr. Nine Whiskers empty-handed.

It was precisely because Mr. Nine Whiskers was so ridiculously strong that Ruler Mo Chen thought Mr. Nine Whiskers had the ability to kill Jian Wushuang, so he specially invited Mr. Nine Whiskers.

“Humph, how much of your strength can you display without using your weapon?” Jian Wushuang snorted. He did not bother with Nine Whiskers. If he did not take out his weapon, he would attack with lightning speed.

In an instant, Jian Wushuang’s body split into three. Three figures charged toward Mr. Nine Whiskers from three different directions at the same time.

At the same time, the Wuqi Divine Sword in his hand burst out with a shocking sword essence! Whoosh! Whoosh!

Terrifying Sword Shadows attacked from three different directions at the same time.

Fast, incredibly fast!

Not only fast, but also extremely strange.

Although Mr. Nine Whiskers was extremely powerful and his soul perception was extremely sharp, he could not completely distinguish which of the three shadows was Jian Wushuang’s because in his eyes...the three shadows were exactly the same.

“It’s so fast to create three different illusions purely by relying on movement techniques. This movement technique is even more bizarre.” Nine Whiskers exclaimed, but he still did not show any intention of taking out his weapon. His body shook, green light rose from the sky, and he seemed to be bathing in a green ocean.

From the green ocean, terrifying green light beams shot out one after another.

Jian Wushuang relied on three figures to attack from three directions at the same time. However, the green ocean formed by Nine Whiskers was extremely vast. It could attack from all directions at the same time. Moreover, the green light beams that shot out were all extremely powerful, they were all extremely powerful.

Bang! Bang! Bang! Bang!

The dense sounds of collisions were heard in the galaxy. Ruler Mo Chen, who was at the edge of the battlefield, was already terrified.

“It’s too powerful. This Blood Sword is too fast, too strange, and its swordsmanship is extremely powerful.”

“However, Mr. Nine Whiskers seems to be even more powerful. It’s obvious that he’s just casually attacking and hasn’t shown his true abilities. However, the cyan ocean formed by him is already terrifying enough.”

Ruler Mo Chen was a Ruler at the peak of the fourth level. However, he felt suffocated by the strength of either of the two who were fighting on the battlefield.

At this moment...

“Break!”

Jian Wushuang suddenly shouted. In the center of the battlefield, a shocking sword essence suddenly burst out.

The entire galaxy was completely covered by this shocking sword essence. Then, an extremely violent and monstrous sword light with endless sword principle universe origin slashed down directly.

The sword light directly cut into the cyan ocean formed by Nine Whiskers. Immediately, the entire cyan ocean rippled wildly, and the cyan light dissipated. A moment later, a cyan figure condensed in the void next to him.

“You actually defeated my move head-on. Your sword skill is really amazing.”

Nine Whiskers’s eyes emitted a layer of bright light as he stared at Jian Wushuang. There was a trace of excitement on the corner of his mouth. “Haha, Blood Sword, I admit that you are qualified to make me take out my weapon!”

...

Chapter 4019: True Strength

“Finally willing to take out a weapon?” Jian Wushuang looked at Nine Whiskers calmly.

The weapon Nine Whiskers took out was a purple long spear filled with cold air.

With the purple long spear in hand, Nine Whiskers also smiled wickedly. At this moment, he became extremely charming.

“That spear is a Principle Supreme Treasure.” Jian Wushuang’s pupils shrank.

He had fought several fourth-level Rulers along the way in the Purple Micro Galaxy, but none of them had a Principle Supreme Treasure.

!!

For example, although Ruler Mo Chen was the great leader of the Nihility Star, he did not have a Principle Supreme Treasure or magic weapon.

However, as an Ascetic Cultivator, Nine Whiskers had been adventuring in various territories and was extremely powerful. It was not strange that he had a Principle True Treasure in his possession.

“Mr. Nine Whiskers, you’ve taken out your weapon.” Ruler Mo Chen, who was watching the battle from outside the battlefield, was excited.

Back when Nine Whiskers had come to Purple Micro Galaxy and swept through many space pirate forces, he had easily suppressed them with his bare hands.

Therefore, it was the first time that Ruler Mo Chen had seen Nine Whiskers’s magic weapon. It was a long spear that had reached the level of a Principle True Treasure.

“Blood Sword, I hope you can last longer in my hands. Don’t die immediately,” Nine Whiskers said with a smile.

“I told you, you’re too arrogant.” Jian Wushuang was too lazy to argue with Nine Whiskers. The moment he saw Nine Whiskers take out his magic weapon, he had already made his move.

His speed was still extremely fast, leaving a strange afterimage in the galaxy.

His body movement burst forth, and the swift and fierce sword light slashed toward Nine Whiskers.

Nine Whiskers only raised his head slightly, and the cold purple long spear in his hand stabbed forward.

Clang!

The sound of metal colliding rang out, and the sword light dimmed on the spot. Jian Wushuang also felt that his hands were a little numb, and he kept stepping back.

“This power...” Jian Wushuang looked at Nine Whiskers in surprise.

When he had not used the magic weapon, Nine Whiskers’s divine power was already extremely powerful. It could be said that he had reached the peak of the fourth-level Ruler. But now, he took out the Principle-based treasure magic weapon and casually stabbed out! The power was nearly ten times stronger than before!

Such terrifying power was no longer within the scope of the fourth-level Ruler.

“Although the fifth-level is only at the fourth-level realm, the power of Nine Whiskers’s divine power has definitely reached the threshold of the fifth-level.” Jian Wushuang’s expression became serious.

He had fought many fourth-level Rulers, but this was the first time he had encountered a fifth-level Ruler.

Although Nine Whiskers was not a fifth-level Ruler, his power had already reached the level of a fifth-level Ruler.

“Haha, Blood Sword, take a few of my spear attacks.” Nine Whiskers let out a hearty laugh. His body flickered, and the cold violet spear in his hand was like a flood dragon emerging from the sea. Endless power gathered at the tip of the spear.

As the terrifying cold light gathered, it exploded again.

One strike after another, the power of each strike exceeded that of a fourth-level Ruler.

Jian Wushuang also relied on his superior understanding of the universe origin of sword principle to use his powerful swordsmanship to block the incoming spear.

However, Jian Wushuang’s swordsmanship was indeed very high-level, but in terms of divine power, he was only at the fourth-level Ruler level. Compared to Nine Whiskers, he was indeed a little inferior.

Nine Whiskers was still very casual. He did not use any extraordinary spear techniques. He just relied on his overbearing divine power to suppress Jian Wushuang.

“Nine Whiskers is only a Ruler at the peak of the fourth-level and is not a special life form, but his divine power is indeed beyond that of a fourth-level Ruler. He must have cultivated some special divine power secret skills,” Jian Wushuang thought.

Suppressed by Nine Whiskers’s spear skills, Jian Wushuang looked a little embarrassed.

Suddenly, Jian Wushuang retreated quickly and pulled away from Nine Whiskers as fast as he could.

“What? You can’t take it so fast and want to admit defeat? If so, you are disappointing me,” Nine Whiskers said in a low voice.

“Admit defeat?” Jian Wushuang smiled. “Nine Whiskers, you are indeed very strong. At least among the fourth-level Rulers I have met, you are the strongest. Therefore, you are qualified to let me use my full strength.”

“Oh?” Nine Whiskers’s expression changed. “You mean you haven’t used your full strength yet?”

A glimmer of light flashed in Nine Whiskers’s eyes.

He was an Ascetic Cultivator who loved to fight and yearned to fight with real experts.

At the beginning, Nine Whiskers did have a trace of anticipation for the battle with Jian Wushuang, but it was not too strong. After all, his own strength was too strong, there were not many fourth-level Rulers that he could take seriously.

In this fight with Jian Wushuang, Jian Wushuang forced him to take out his weapon, which was already very impressive in his eyes.

But now, Jian Wushuang said that he had not used his full strength until now?

This made Nine Whiskers a little excited.

“The Ruler of universe boat has not used his full strength? How is that possible?” Ruler Mo Chen was a little confused.

Jian Wushuang smiled coldly and said, “Nine Whiskers, as a fourth-level Ruler, you should be proud that you can force me to use my full strength.”

As soon as he finished his words, Jian Wushuang moved again.

He moved again, but this time, when he moved, there was a special power sweeping out.

This power was the power of principles.

That was right. From when Jian Wushuang came to the universe, including when he fought with the pirates in the Purple Micro Galaxy and even killed the two leaders in the Nihilism Star, Jian Wushuang only relied on his divine power, which was comparable to the fourth-level Ruler’s, and his understanding of sword principle and swordsmanship.

Even so, he was the most extreme among the fourth-level Rulers.

He could barely fight against Nine Whiskers, who had burst out with the divine power of a fifth-level Ruler.

However, Jian Wushuang was known as an incredible genius because he had comprehended a trace of the universe principle!

He had comprehended a trace of the universe principle at the level of a Principle Ruler. Now that he had broken through to a Ruler, his comprehension of the universe principle had been constantly improving over the years because he had Ruled the Heavenly Dao will of the Divine Beginning Realm.

Until now, his comprehension of the universe principle had reached a completely new level.

The current him had truly stepped into the threshold of the universe principle.

Chapter 4020: Killing Move!

Stepping into the threshold of the universe principle and barely comprehending it were two completely different things.

The power of the universe principle that Jian Wushuang was using now was much stronger than before. Previously, he just barely integrated the universe principle into his attacks to increase its power.

But now, he had directly activated the universal principle, and even his body speed had a huge change.

Whoosh!

With the help of the universal principle, Jian Wushuang was completely strange. He easily released hundreds and thousands of illusionary bodies, which were all extremely real, even the soul power of the Ruler could not detect which one was the real body.

!!

Suddenly, a cold light shone, and one of the illusionary figures swung his divine sword down.

The cold and dazzling sword slashed down with the power of the universe principles.

Nine Whiskers narrowed his eyes. He had noticed that this sword was different from the sword skill that Jian Wushuang had used before. However, he was confident in his own strength, so he did not pay too much attention to it. He still stabbed the long spear in his hand.

Clang!

There was another sound of metal colliding. This time, Nine Whiskers's expression changed abruptly.

He felt a tremendous power from Jian Wushuang's sword light. This power not only made up for the gap between Jian Wushuang's divine power and his, but also made Jian Wushuang's swordsmanship more profound and terrifying.

Swish! Swish! Swish! Swish!

Jian Wushuang's body burst out several times, and each time he burst out, countless phantoms appeared at the same time.

Nine Whiskers could not keep up with Jian Wushuang's speed at all. When Jian Wushuang collided with his spear, Nine Whiskers was shocked to find that he was completely at a disadvantage.

"Universe principle! It's the universe principle!"

"This Blood Sword has actually comprehended the universe principle, and not just a little bit!"

Nine Whiskers's eyes were filled with unprecedented shock.

He was an Ascetic, and his talent was not weak either. It was precisely because of this that he was able to display the battle prowess of a fifth-level Ruler at the fourth-level Ruler realm.

One had to know that in the universe, unless there was some special reason, it was almost impossible for a fourth-level Ruler to challenge a fifth-level Ruler. However, Nine Whiskers had done it.

He had always thought that he was powerful enough and a genius enough. However, no matter how powerful he was, he would not be so arrogant as to say that he was more heaven-defying than those who had comprehended the universe principles.

After all, that was the universe principle!

At the Ruler level, those who were able to comprehend a trace of the universe principle were all super strong. Under normal circumstances, they were all Rulers at the fifth or even the final level.

After all, the level of the universe principle was too high. Only those who had reached a certain level of strength could come into contact with the universe principle more easily and have a chance to comprehend it.

It could be said that even the Rulers at the fifth level or even the ultimate level could comprehend a trace of the universe principle. However, a Ruler at the second level had completely crossed the threshold of the universe principle! He was a monster among monsters!

Of course, Nine Whiskers did not know that Jian Wushuang had comprehended a trace of the universe principle at the level of a Principle Ruler. If he knew, he would be even more shocked.

On the battlefield, the situation changed in an instant.

Because of the power of the universe principle, Jian Wushuang's strength instantly soared to a whole new level. Not only was his speed and figure much faster than Nine Whiskers's, but his swordsmanship had also reached a whole new level, most importantly, the power of his swordsmanship had also reached a whole new level. At the very least, it was not weaker than Nine Whiskers's spear technique, and it was even stronger.

"Haha, amazing, amazing!"

"Blood Sword, I was quite satisfied with your strength in this battle, but I didn't expect you to completely exceed my expectations. Haha, I, Nine Whiskers, have comprehended the universal principle, and this is my first time fighting. I want to see how amazing the universal principle is."

At this moment, Nine Whiskers was so excited that he was about to go crazy.

Universe principles!

Even in his dreams, he yearned to comprehend a trace of universe principles, but he did not even have the chance to touch them, let alone comprehend them.

He was not qualified to touch universe principles at all. Even though he had encountered countless experts during the past few chaos cycles, none of them could comprehend a trace of universe principles.

But Jian Wushuang was the first!

It could be said that this was the first time that Nine Whiskers had truly come into contact with the principles of the universe.

How could Nine Whiskers not be pleasantly surprised by such a rare opportunity?

"Nine Whiskers, I also hope that you won't disappoint me!" Jian Wushuang said coldly.

He also hoped that Nine Whiskers could burst out with super strength and let him fight with his full strength.

However, the strength that Nine Whiskers had revealed was clearly not enough!

"Haha, come, come!" Nine Whiskers let out a maniacal laugh. At the same time, a large amount of green light rose from his body. This green light gathered together and vaguely formed a huge ancient green Buddha behind him.

This ancient Buddha was holding a green lamp in his hand.

Suddenly, the ancient Buddha opened his eyes. The cyan light in the sky completely replaced the light in the galaxy.

The aura on Nine Whiskers's body suddenly soared.

Boom! Boom! Boom!

The void collapsed one after another. The long spear in Nine Whiskers's hand was like a huge star at this moment. This star also contained extremely terrifying power, as if it was about to explode at any time.

The long spear stabbed out one after another, as if stars were smashing toward Jian Wushuang one after another.

Before, Nine Whiskers had only attacked casually, but now, he had also used his strongest strength.

He also displayed his secret skills and spear techniques, fully unleashing his strength.

Under the support of the power of the universal principles, Jian Wushuang simultaneously burst out with astonishing strength.

The two figures collided with each other again and again in the galaxy. The battlefield was filled with afterimages, the power of divine power, and the terrifying shockwaves that spread out in all directions.

Ruler Mo Chen, who was outside the battlefield, was already stunned.

"So strong, so strong that it makes one's hair stand on end!"

"This is definitely not the battle strength of the fourth level, but it has already reached the fifth level!"

"Mr. Nine Whiskers and the Ruler of the universe boat both have the combat strength of the fifth level!"

Ruler Mo Chen was trembling and roaring.

The fierce battle in the center of the battlefield had reached a climax.

Jian Wushuang had pushed his swordsmanship and the power of the universe principles to the extreme.

Nine Whiskers had also fully unleashed his spear skills and secret skills.

However, the two of them were still evenly matched. This intense battle lasted for a full 15 minutes.
