

Swordsman 4101

Chapter 4101: Settling Down

The Nine Luminaries Great Star Field was an extremely ancient great star area. Originally, it had a large number of Star Worlds. There were even quite a number of grade one Star Worlds, and there were even more grade two and grade three Star Worlds.

However, after the previous disaster, close to 90% of the Star Worlds in the Nine Luminaries Great Star Field had completely collapsed. Only a small portion of the Star Worlds that were lucky had not been destroyed and were still preserved.

At this moment, in the Wood Spirit Star World, a second-class Star World that had luckily survived.

"Miss Eighth, from today onwards, you will stay in the Wood Spirit Star World. I have already informed the major forces of the Wood Spirit Star World. They will ensure your safety," Jian Wushuang said.

!!

"Well, thank you." Eighth nodded slightly.

Eighth was born a slave and had always been very humble. It was only when she met Xuan Yi that her life began to change.

For Eighth, she did not have any extravagant expectations. As long as she could live a normal life, she would be very satisfied. Jian Wushuang's arrangement of her naturally satisfied her.

"Devil Flame." Jian Wushuang looked at Devil Flame, who had been following him.

"Ruler." Devil Flame immediately looked at him.

"You've been following me for a while. You've helped me a lot over the years. I said that as long as you work for me, I'll give you your freedom. Now, I'll fulfill my promise," Jian Wushuang said.

"What?" Devil Flame stared at him.

He was caught off guard by this sudden surprise.

Yes, Jian Wushuang had said that as long as he was honest, he could give him his freedom in the future.

But Devil Flame knew very well that Jian Wushuang had said this to appease him. Devil Flame had not even thought about whether there would really be a day.

Over the years, he had indeed been well-behaved by Jian Wushuang's side. There was nothing he could do. His life was in Jian Wushuang's hands.

Of course, if he had been forced to submit to Jian Wushuang at the beginning, he was still unwilling to do so. However, as Jian Wushuang's strength increased step by step, his talent and potential continued to show, now, in the Nine Luminaries Galaxy, he was fighting against the Ultimate Ruler in the third level of the Ruler realm.

He had seen all of these Devil Flames. Such a terrifying and incredible super genius had long convinced Devil Flame.

He was no longer dissatisfied. Now, he was willing to follow Jian Wushuang. Moreover, Jian Wushuang was very kind and would restore his divine body Whenever he had the chance, by now, his divine body had already recovered 50%.

However, even though Jian Wushuang was good to him, he still did not have freedom.

And now, without any warning, Jian Wushuang wanted to let him go?

“Ruler, are you...are you serious?” Devil Flame was in disbelief.

“Of course.” Jian Wushuang smiled. “But before I let you go, you must swear an oath to the universal principle and not tell anyone about me or my hometown, the Divine Beginning Realm. You can do that.”

“Of course. I’ll swear it now.” Devil Flame immediately swore an oath to the universal principle.

Jian Wushuang also fulfilled his promise and directly removed the mark in Devil Flame’s soul origin. Without the soul mark, Devil Flame was free and naturally regained his freedom.

“I’ve finally regained my freedom.” Devil Flame clenched his eyes, his face full of ecstasy. But then he raised his head and looked at Jian Wushuang with a complicated look. “Ruler, I...”

“I’ve removed my control over you. From today on, you don’t have to call me Ruler anymore.” Jian Wushuang smiled faintly. “By the way, your divine body has only recovered 50%. Your strength is still far from your peak, and you don’t have any resources. How about this...”

Jian Wushuang flipped his hand and an interspatial ring appeared in his hand.

“There are 5,000 origin stones in this interspatial ring. Take it.” Jian Wushuang handed the interspatial ring to Devil Flame.

“5,000 origin stones, this...” Devil Flame looked at the interspatial ring in front of him in astonishment. Indeed, he needed origin stones now. After all, only with sufficient origin stones could he buy a large number of special gems to help him recover his divine body.

But 5,000 origin stones was not a small amount. He needed origin stones, so Jian Wushuang should also need them?

“Don’t be so pretentious. Take it.” Jian Wushuang smiled again and said, “When I was being hunted by those people, I killed an Ultimate dominator. That Ultimate Dominator is quite rich, probably close to 20,000 origin stones. In other words, I have a lot of money now, so 5,000 origin stones is nothing.”

“Thank you, Ruler!” Devil Flame thanked him and took out a token. “Ruler, this is my message token. If you need it in the future, I will go through fire and water.”

“I’ll take this token. Ok, go.” Jian Wushuang waved his hand.

Devil Flame bowed respectfully to Jian Wushuang and Leng Rushuang, then turned and left.

Seeing Devil Flame leave, Jian Wushuang and Leng Rushuang looked at each other and sighed.

Devil Flame had been by his side for more than 200,000 years. He had always been a servant and guard, and he never left Jian Wushuang’s side.

To be honest, Devil Flame had been by Jian Wushuang's side for a long time, so Jian Wushuang naturally had feelings for him. The reason why he let Devil Flame go was that after entering the depths of the universe, he would definitely find the Life Palace and go there, of course, he could not bring too many people. It was enough to bring his wife, so it was not convenient to bring another guard.

Secondly, it was also because Devil Flame's current strength was not very helpful to Jian Wushuang.

Devil Flame's peak strength was only at the Ultimate Ruler level. However, Jian Wushuang was now able to fight against the Ultimate Ruler, so his strength would definitely be stronger in the future. Devil Flame's strength would definitely not be able to keep up with his.

Of course, the most important reason was that Jian Wushuang had witnessed Devil Flame's loyalty to him all these years, even going through fire and water. That was why he had allowed Devil Flame to be free.

After all, he knew very well how important freedom was to any cultivator.

"Husband, let's go. Don't let Lord Heart Slayer wait for too long," Leng Rushuang suddenly said.

"Okay." Jian Wushuang nodded. They soon arrived at the void outside the wood spirit star realm, where Ruler Heart Slayer had been waiting quietly.

"Why, have you settled everything?" Ruler Heart Slayer could not help smiling when he saw Jian Wushuang and Leng Rushuang arrive.

"Yes." Jian Wushuang nodded. "Now I can go to the depths of the universe with you, Lord."

...

Chapter 4102: Never Give Up

"Don't worry. Before I leave, I have to say hello to those people. You should come with me," said Heart Slayer with a smile.

Jian Wushuang immediately followed Heart Slayer and left. As for Leng Rushuang, she stayed in the independent space of the Heaven Suppression Tablet.

In the center of the Nine Luminaries Galaxy, in the vast universe void, several Supreme experts gathered together again.

Six Supreme experts, including Ruler Heart Slayer and Blackhawk, gathered together. Their divine power formed a terrifying storm that shook heaven and earth.

!!

Jian Wushuang, who was beside Ruler Heart Slayer, was also in the middle of the storm. Even with the protection of Ruler Heart Slayer, he was still a little scared.

"Heart Slayer, who's this little guy next to you?" A five-meter-tall, iron-tower-like Supreme expert asked.

"I just got to know him. He's also on the Nine Emperor List. He's going to the depths of the universe soon, so I'll give him a ride," Ruler Heart Slayer said.

“Oh, the Nine Emperor List?”

The other four Supreme Rulers could not help but look at Jian Wushuang.

These Supreme Rulers knew the Nine Emperor List very well. They also knew that anyone who was valued by the Nine Emperor Pavilion, even if he was only a third-level Ruler, must be extraordinary.

Without sufficient ability, it was impossible for him to be recognized by the Nine Emperor Pavilion, let alone let Ruler Heart Slayer personally take him to the depths of the universe.

On the other hand, Ruler coldly glanced at Ruler Heart Slayer and Jian Wushuang, but he was gritting his teeth in his heart.

A perfect life!

As long as he killed Jian Wushuang, he would be able to receive a huge reward from the Cosmos Temple. That reward would definitely be more than what he could collect at once. This was a once-in-a-lifetime opportunity.

Unfortunately, just because of the appearance of Ruler Heart Slayer, the duck that was at the tip of his tongue had flown away.

When he heard that Ruler Heart Slayer was going to take Jian Wushuang to the depths of the universe, he became even more anxious, but there was nothing he could do about it.

In terms of strength, Ruler Heart Slayer was much stronger than him. Moreover, Ruler Heart Slayer had risen through the process of slaughter. Whether it was his fighting ability or his life-saving methods, he was very good. Even if he risked everything to ask a top-tier Supreme expert to help him, he might not be able to do anything to Ruler Heart Slayer.

In addition, Ruler Heart Slayer was a core expert of the Nine Emperor Pavilion. He did not dare to ask an expert to deal with Ruler Heart Slayer. That would infuriate the Nine Emperor Pavilion.

“I’ve met this little guy before.” A gentle voice sounded. The speaker was a child-faced, white-haired elder.

“Eh?” Jian Wushuang could not help looking at the white-haired elder.

The white-haired elder smiled and said, “Little guy, you forgot that I stopped you when you were being chased by that mysterious Supreme. You owe me a favor.”

Jian Wushuang immediately understood that the white-haired elder was the owner of the giant face.

The giant face had blocked the Supreme who was chasing him, which gave him a chance to escape. Although the elder’s purpose was not to save him, judging from the result, Jian Wushuang did owe him a favor.

Thinking of this, Jian Wushuang immediately bowed and said, “Blood Sword, thank you for saving me. I will remember this favor.”

“Haha, my name is Jue Shui. Remember it well.” The white-haired elder smiled very happily.

He did not intend to save Jian Wushuang to resist the Supreme. Saving Jian Wushuang was just a side trip. He did not care about it before, but now he knew that Jian Wushuang was a genius on the Nine Emperor List, he could not ignore it.

The favor of a genius on the Nine Emperor List was a pleasant surprise to Supreme Ruler Jue Shui.

After all, a genius recognized by the Nine Emperor Pavilion usually had great potential. There was a chance for him to become a Supreme or even a top Supreme in the future. When that time came, the favor would be precious.

“Alright, let’s not talk about this little guy. Let’s talk about how the investigation is going.” Heart Slayer waved his hand,

“What can we do? There aren’t any clues at all.” One of the Supreme-beings waved his hand.

“We’ve already investigated everything we can. Unfortunately, those people acted too quickly and destroyed all the traces. We can’t find any reason at all.” The tall Supreme-being added.

“Suddenly making a move and erasing all traces. This is how those people do things.” A purple-robed, long-haired Supreme-being shook his head and sighed.

These Supreme-beings had indeed used everything they could. Unfortunately, more than 90% of the Star Worlds in the Nine Luminaries Galaxy had been destroyed, especially those major Star Worlds. What was left were just some Star Worlds at the periphery, it did not matter at all.

They tried their best to investigate, but they could not find out the reason why those people had taken action.

Of course, they had actually found the bounty issued by the Thunder God Palace more than 100,000 years ago. However, they had never thought of such a bounty at all. After all, the bounty issued by the Thunder God Palace...was only for a third-level Ruler.

They did not care about the reward, so naturally, they found nothing.

“Forget it if you can’t find it. Let’s call it a day. As for the rest of the matter, let the subordinates handle it. I’ll go back first.” After saying that, the tall Ruler moved and left.

“Goodbye, everyone.” The other Rulers also left one after another.

“Let’s go, little guy.”

With Jian Wushuang in tow, Ruler Heart Slayer also left.

However, as soon as they left, Blackhawk caught up with them.

In the vast dark universe void, a silver universe boat was moving ‘slowly’.

It was called ‘slowly’ because it was indeed not fast. In fact, it was not even as fast as Jian Wushuang’s previous universe boat. However, the universe boat that Ruler Heart Slayer took out...in terms of level, it was much higher than Jian Wushuang’s universe boat, so it was definitely faster.

However, it was clear that the universe boat was moving slowly because Ruler Heart Slayer had deliberately made it so.

“Haha, my guess was right. That Blackhawk really didn’t give up. I told him that I would personally take you to the depths of the universe, but he still followed me.” Ruler Heart Slayer laughed.

“Blackhawk followed me?” Jian Wushuang was surprised.

He knew that Ruler Heart had deliberately slowed down the speed of the universe boat in order to detect Blackhawk’s movements. It seemed that Blackhawk had indeed followed him.

It seemed that Blackhawk had not given up completely.

Chapter 4103: Deep Within the Universe

“Since he wants to tag along, let him tag along. He won’t dare to attack me even if he has the guts to. In fact, he won’t even have the guts to invite a great being to deal with me.” Ruler Heart Slayer was filled with disdain for Ruler Blackhawk.

Once he knew exactly where Ruler Blackhawk was going, Heart Slayer was satisfied and began to accelerate.

The universe boat that he had been traveling on suddenly sped up dozens of times, hundreds of times, and instantly pierced through the universe void, traversing a long distance.

“So fast!” Jian Wushuang was shocked.

!!

It was too fast. The universe boat was indeed a little too fast. It was dozens of times, hundreds of times faster than the universe boat that he had been on before!

It must be known that he had taken a universe boat all the way from the Divine Beginning Realm to the Nine Luminaries Galaxy. It had taken him more than 100,000 years to get there. However, if it had been Heart Slayer Ruler’s universe boat...if the speed was several times faster than 100 times faster, it would only take him more than 1,000 years to get there.

Heart Slayer Ruler, on the other hand, said with a smile, “When adventuring in the universe, there are many times when we can not use the universe passage. First of all, not every place has a universe passage, and not every place can be reached directly. Secondly, the price of universe passage transmission is too high.”

“This time, I rushed to the Nine Luminaries Galaxy from the depths of the universe mainly because the Nine Luminaries Galaxy was in great danger. It was too urgent, so I didn’t care about the cost and reached the Nine Luminaries Galaxy directly through the universe passage. But now, after returning to the depths of the universe from the Nine Luminaries Galaxy, I can’t use the universe passage so extravagantly.”

Jian Wushuang also understood.

In the vast universe, it was not easy to build a universe passage. Especially, the deeper one went into the universe, the more stable the universe void became, and the more laborious it was to build a universe passage, the cost of the universe passage was also greater.

Because of this, even Supreme experts would not easily rely on the universe passage to reach every corner of the universe, unless it was an emergency.

“If you do not rely on the universe channel and have to travel through the universe void space on your own,” Heart Slayer said indifferently, “a high-level universe boat is a must-have for every great being. After all, having a high-level universe boat that can travel through the universe void space at an extremely fast speed can save you a lot of time. This universe boat of mine was bought by me at a special auction a long time ago, and I spent nearly a million universe origin stones to buy it so that I could travel through the universe void space.”

“Of course, my universe boat is also very strong in terms of body protection. If there’s a crisis, I can hide in the universe boat. Even a top-tier Supreme-being wouldn’t be able to do anything to me in a short time. I can wait for the arrival of the experts from the Nine Emperor Pavilion in the universe boat. Little Guy, if you want to explore the depths of the universe in the future, if you have the chance, you can find a way to get a universe boat that can save your life.”

When Jian Wushuang heard this, he was secretly shocked.

He had spent nearly a million universe origin stones to buy this universe boat. No wonder it was so fast.

Moreover, this universe boat had both protective abilities. Even a top-tier Supreme-being could not do anything to it in a short period of time. It was truly impressive.

Jian Wushuang could not help but think of his universe boat that had been smashed into pieces. His universe boat was indeed a little too shabby. Its value could not even be compared to a low-grade principle true treasure.

When he reached the depths of the universe, he could indeed find a way to get a stronger universe boat. Although it could not be compared to the universe boat of Ruler Heart Slayer, at least it could not be too bad.

“The level of the Blackhawk’s universe boat is not as high as mine, and its speed is also not as fast as mine. It won’t be so easy for him to catch up,” Ruler Heart Slayer said with a faint smile.

The silver universe boat shuttled through the universe void at high speed. It had taken Jian Wushuang tens of thousands of years to reach the depths of the universe, but it had only taken him hundreds of years to reach it with Heart Slayer.

Now, Jian Wushuang had arrived at the first divine kingdom in the depths of the universe.

This divine kingdom was called the ice-snow divine kingdom.

“In the depths of the universe, there are still numerous large Star Fields. There are many experts in these Star Fields, but there are more experts and more concentrated divine kingdoms created by Supreme-beings.”

“For example, this divine kingdom of ice and snow was created hundreds of thousands of chaos cycles ago by a Supreme expert in the universe, the Snow Emperor. This Snow Emperor could be said to have been extremely dazzling in the past. He was a true Supreme genius just like you. Although he didn’t gain any insights into the principles of the universe at the Ruler of principles level, his rate of improvement wasn’t any slower than those Supreme geniuses who were rarely seen in the trillions of Star Worlds. In less than ten million years after he broke through to become a Ruler, he broke through to become an Ruler, and his combat power was infinitely close to that of a Supreme Ruler!”

“After he broke through two chaos cycles, his combat strength reached that of a top-tier Ruler. Later on, he became an influential figure among the top-tier Rulers. He was even close to being a match for a universe overlord. Unfortunately, he died in an accident,” Heart Slayer said with a sigh.

“He died?” Jian Wushuang was stunned. “If the Snow Emperor is dead, why is his divine kingdom still alive and so prosperous?”

Jian Wushuang walked in the Ice and Snow Divine Kingdom. It was prosperous with countless experts.

“Haha, little guy, you’ve misunderstood something. It’s true that the divine kingdom needs a top-tier Supreme to be qualified to establish, but it doesn’t mean that the divine kingdom will decline or even collapse after the death of the top-tier Supreme. After all, a divine kingdom will absorb a large number of cultivators. After a long period of growth, many experts will be born. Some of the top-tier experts born in the divine kingdom even have the hope of surpassing the top-tier Supreme who established the Divine Kingdom!”

“When the Snow Emperor was around, the Ice and Snow Divine Kingdom could prosper for a long period of time. Although the Snow Emperor died later, most of the experts under his command did not die. When these experts joined forces, they could naturally keep the divine kingdom from declining.”

“In the depths of the universe, there are thousands of divine kingdoms. However, not all of the kings who founded these divine kingdoms are still alive. Many of them have died long ago,” Heart Slayer said with a smile.

“Is that so?” Jian Wushuang understood.

“Little guy, don’t you have a message token from a Supreme from the Life Palace? Now that you’re in the depths of the universe, you can send a message to him and ask him to come and fetch you,” Heart Slayer said.

“Yes.” Jian Wushuang nodded and immediately took out Blood Wave’s message token.

...

Chapter 4104: Receiving

“Senior Blood Wave.” Jian Wushuang quickly contacted Blood Wave.

“The Life Palace should have a universal passage that leads directly to the ice-snow divine kingdom. We’ll wait here for a while. The expert from the Life Palace who will receive you should be here soon,” said Ruler Heart Slayer.

Jian Wushuang and Ruler Heart Slayer were waiting quietly in the ice-snow divine kingdom.

In less than ten days...a handsome middle-aged man in a black robe appeared in front of Jian Wushuang and Ruler Heart Slayer.

!!

“Haha, Jian Wushuang, you’ve finally come to the depths of the universe.” The handsome middle-aged man in a black robe immediately let out a hearty laugh when he saw Jian Wushuang.

“You’re Senior Blood Wave?” Jian Wushuang sized up the newcomer.

The unique aura that made his heart tremble was naturally that of his Ruler. The person who could directly call his name must be Blood Wave himself.

However, although Jian Wushuang had met Blood Wave’s consciousness in the Blood Wave Realm of the Divine Beginning Realm, the Blood Wave in his consciousness at that time was only a dark figure, Jian Wushuang could not see his face clearly.

That was why Jian Wushuang tried to ask him this question.

“Haha, who else could it be?” The handsome middle-aged man in the black robe laughed. He naturally noticed the existence of Ruler Heart Slayer beside him. “Ruler Heart Slayer from the Nine Emperor Pavilion? Why are you here?”

“Supreme Blood Wave, I didn’t expect that you, the Chief Supreme of the Life Palace, would personally come to welcome this little guy.” Ruler Heart Slayer revealed a surprised look.

“Chief Supreme? Is he very strong?” Jian Wushuang could not help but ask.

“Nonsense. Although there are many Supreme-beings in the Life Palace, there are only five Chief Supremes. Those who can become Chief Supremes are all Supreme-beings. Do you think they are strong?” Ruler Heart Slayer rolled his eyes at Jian Wushuang.

“Supreme-beings?” Jian Wushuang was shocked.

When he first came into contact with Blood Wave’s consciousness in the Divine Beginning Realm, he had heard from Blood Wave that he was the chief Supreme-being of the Life Palace. However, at that time, he did not have any concept of the identity of the chief Supreme-being, he thought that Blood Wave was just an ordinary Supreme-being.

He did not expect that Blood Wave was actually a Supreme-being!

A Supreme-being was someone who could establish a large divine kingdom alone. The king of the Ice and Snow Divine Kingdom and the Patriarch of the Red Cloud bloodline were both Supreme-beings.

Furthermore, Blood Wave came from the Life Palace. In other words, he was also a special life-form and had the innate advantage of a special life-form. In terms of strength, he was probably one of the strongest Supreme-beings.

“Heart Slayer, why are you with this little guy with my life divine ability?” Supreme Blood Wave asked casually.

“Not only is this little guy a member of Your Life Palace, he is also listed on the Nine Emperor List. He is a guest of the Nine Emperor Pavilion. Previously, a large Star Field suffered a devastating blow from a mysterious powerhouse. The Nine Emperor Pavilion sent me there and I met this little guy. I happened to see the people of the Cosmos Temple chasing after this little guy. I conveniently saved him and brought him to the depths of the universe.”

“Is that so?” Ruler Blood Wave raised an eyebrow, he smiled. “Heart Slayer, thank you for taking care of this little fellow. The Life Palace will remember this favor. The tree of life will bear fruit thirty million years from now. If you can pay the price, I’ll think of a way to save one for you.”

“The fruit of Life!” Ruler Heart Slayer trembled as a look of wild joy appeared in his eyes. “Ruler Blood Wave, are you for real?”

“Of course, but only if you can afford to pay the price,” Supreme Blood Wave said.

“Alright, I’ll remember it. I’ll try my best to gather enough money over the past 30 million years. Thank you, Supreme Blood Wave,” Ruler Heart Slayer said gratefully.

“You can be considered a friend of the Life Palace since you were able to save this little guy from the Cosmos Temple. The Life Palace will never be stingy with its friends,” Supreme Blood Wave said with a smile.

Supreme Heart Slayer’s was still pleasantly surprised. He glanced at Jian Wushuang, he said with a smile, “Little guy, since Supreme Blood Wave has come to pick you up personally, you don’t need me to escort you anymore. I’m leaving now. When your strength increases in the future, don’t forget what you said before.”

After finishing his words, Supreme Heart Slayer’s left in a flash.

After Supreme Heart Slayer left.

“Jian Wushuang, what did you say to Supreme Heart Slayer?” Supreme Blood Wave asked.

“It’s nothing. It’s just that Supreme Heart Slayer did save my life at a critical moment. This is a great favor. I said that if I grow up in the future, I’ll have a chance to return the favor,” Jian Wushuang said.

“It’s just a favor. It’s nothing.” Supreme Blood Wave smiled faintly.

“By the way, Senior Blood Wave, what was the divine fruit of life that you mentioned to Ruler Heart Slayer just now? Why was Ruler Heart Slayer so surprised when he heard it?” Jian Wushuang asked doubtfully.

He could tell that Ruler Heart Slayer was indeed very surprised just now.

It was just a divine fruit, and he did not give it to him for free. He also had to pay a sufficient price. Was there a need for such a surprise?

“Haha, it’s normal for Heart Slayer to be pleasantly surprised. The Divine Fruit of life is unique to the Life Palace. Even in the entire vast universe, among the countless natural treasures, it is a super treasure that can be ranked in the top five. It can be said that a single divine fruit of life is enough to cause a large number of Rulers to go crazy over it. Even top-tier Rulers would go crazy over it.”

“As for Heart Slayer, he rose from slaughter. Although he’s not a Supreme-being, he’s very close to one. Once he eats the fruit, not only will he be able to reach the Supreme-being level easily, but he’ll also gain many unexpected benefits. In short, this fruit will definitely make a Supreme-being like Heart Slayer do whatever it takes,” Supreme Blood Wave said with a smile.

“This is precious?” Jian Wushuang stared at it.

He did not know what the so-called unexpected benefit was, but he could imagine how incredible this divine fruit of life was just to make it so easy for Ruler Heart Slayer to break through to the Supreme-level.

Blood Wave had agreed to leave such a precious treasure for Ruler Heart Slayer just because he had saved his life.

“Senior Blood Wave, that divine fruit of life...” Jian Wushuang was about to speak, but was immediately interrupted by Blood Wave’s wave of his hand.

“I know what you want to say. Don’t worry. The reason why I agreed to give him a divine fruit of life is not only because he saved your life, but also because of other more important reasons. You don’t have the right to know these reasons yet. You will know them when you become an Ruler in the future,” said Blood Wave with a smile.

“That’s good.” Jian Wushuang let out a sigh of relief.

If Blood Wave had taken out such a precious life fruit purely for his own reasons, Jian Wushuang would feel bad about it.

...

Chapter 4105: The Wealth of a Supreme-Being

“Let’s not talk about Heart Slayer for now, but the Supreme-being Blackhawk who tried to kill you in the Nine Luminaries Galaxy...humph...Blackhawk is an expert from a major force in the depths of the universe. Later, he joined the Cosmos Temple and has been an enemy of the Life Palace for many years. He has attacked the experts of the Life Palace many times. In addition, this time, the Life Palace will remember this grudge. The Life Palace has been looking for an opportunity to kill him and has begun to prepare. Just wait. It won’t be long before Supreme-being Blackhawk dies.” Blood Wave’s voice was cold, his eyes were filled with killing intent.

Blood Wave’s words shocked Jian Wushuang.

It was clear that the experts of the Life Palace were not the only ones looking for an opportunity to kill the special life. The experts of the Life Palace were also looking for an opportunity to kill the experts of the Life Palace.

Just as what Ruler Heart Slayer had said, the Life Palace and the Life Palace were like fire and water. There was no way to resolve the killing and grudges between them, unless one day...one side would completely disappear from the universe, and the grudges would come to an end.

!!

But who knew how long they would have to wait for that day.

“By the way, Senior Blood Wave, my wife will come with me to the Life Palace this time.” Jian Wushuang waved his hand, and Leng Rushuang, who had been staying in the independent space of the Heaven Suppression Tablet, appeared in the void around him. “Shuang ‘er, let me introduce you. This is Senior Blood Wave that I mentioned to you before.”

“Leng Rushuang, greetings, Senior Blood Wave.” Leng Rushuang also bowed respectfully.

“This is your wife?” Blood Wave looked at Leng Rushuang and frowned. “What’s going on? Your wife doesn’t seem ordinary to me, but she is clearly not a special life form.”

“Senior Blood Wave, my wife is indeed not a special life form, but she is different from ordinary cultivators.” Jian Wushuang smiled. “To be honest, my wife had been in a deep sleep for a long time. Later, I happened to obtain an astral heart by chance and let her absorb it. That’s how she woke up.”

“Is that so? No wonder it gave me such a strange feeling. It turns out that she has absorbed the Astral Heart.” Blood Wave laughed, “The astral heart is very rare. Since your wife has absorbed an astral heart, her future achievements will not be too low.”

“Let’s go back to the Life Palace together.” Blood Wave waved his hand.

Jian Wushuang nodded and then left with Blood Wave together with Leng Rushuang.

Under the guidance of Blood Wave, Jian Wushuang soon arrived in front of a universe passage in the ice-snow divine kingdom.

“My Lord.” A Ruler in charge of guarding the universe passage obviously knew Blood Wave’s identity. When he saw Blood Wave, he immediately greeted him with great respect.

“Go open the universe passage,” Blood Wave instructed.

“Yes.” The Ruler immediately went to open the universe passage.

“The universe passage.” Jian Wushuang looked at the vast universe passage in front of him.

He knew that in the depths of the universe, opening the universe passage, even if it was only a short distance teleportation, would require a very high price.

“Senior Blood Wave, can this universe passage lead directly to the Life Palace?” Jian Wushuang asked.

“It’s not that simple.” Blood Wave smiled, “In the depths of the universe, except for the divine kingdom controlled by the Life Palace, there is no other place that can lead directly to the Life Palace. We can only take this universe passage to the divine kingdom controlled by the Life Palace. When we get there, we can take another universe passage to reach the Life Palace.”

“Is that so?” Jian Wushuang understood.

“We’re going to the Twilight Divine Kingdom, which is the closest divine kingdom to the Ice and Snow Divine Kingdom. The Twilight Divine Kingdom is only four divine kingdoms away from the Ice and Snow Divine Kingdom, so it’s more convenient,” Blood Wave said.

“Only four divine kingdoms?” Jian Wushuang did not know how big a divine kingdom was, so he could not tell how far it was.

Blood Wave continued to smile and said, “Although four divine kingdoms are relatively close, it still costs 100,000 universe origin stones to take the universe passage to get there.”

“What?” Jian Wushuang was shocked.

It was only four divine kingdoms, which was obviously close to Blood Wave, but it still cost 100,000 universe origin stones to take the universe passage?

100,000 universe origin stones was too much for most of the Ultimate Rulers to afford. Only some of the more powerful and terrifying Ultimate Rulers could afford so many origin stones.

However, this was only the cost of a short-distance universe passage.

Judging from Blood Wave’s appearance, he did not seem to care at all.

“It seems that Supreme experts are richer than I thought, and top-tier Supreme experts are even more superior. Their wealth is probably even more amazing,” Jian Wushuang thought.

Blood Wave did not even blink his eyes at the 100,000 universe origin stones.

Jian Wushuang was shocked when Lord Xiao, who came from the Divine King Palace, gave him the Purple Blood Secret Manual, which was worth millions of universe origin stones, just because he liked him.

Now it seemed that the so-called 100,000 or a million universe origin stones was a large sum of money for Rulers like them. It might even be an astronomical figure, but in the eyes of a Supreme-being, it was just a drop in the ocean, it was nothing at all.

The wealth of a Supreme-being was beyond his imagination.

Blood Wave smiled faintly as if he had seen through Jian Wushuang’s thoughts, “100,000 universe origin stones might be a fortune for the weaker Supreme-beings, but some of the experts among the Supreme-beings or the top-tier Supreme-beings are negligible. Little guy, you are still too weak to touch the highest level of the universe. When you break through to become a Supreme-being and become one of the top-tier experts in the universe, you will know that no matter how many universe origin stones there are, they are just a number.

“To many powerful Rulers, Apex Rulers, and unrivalled Rulers who have long since become overlords, origin stones are of no use at all. Most of the time, these powerful Rulers trade with the special resources and treasures of the universe.”

“For example, the divine fruit of the Heaven Lake and the Divine Fruit of the chaos era...these are incredibly rare treasures in the universe that are extremely useful to even Rulers. As for the divine fruit of life i mentioned earlier, just one of them is enough to drive countless Rulers crazy. Even Apex Rulers would fight over it. These are truly valuable treasures that can not be measured by origin stones.”

Chapter 4106: Flame Mountain

After hearing Blood Wave's words, Jian Wushuang immediately understood.

For example, when Blackhawk wanted to kill him, he was stopped by Ruler Heart Slayer. He said that he would take out three portions of Heaven Lake Divine Fruit and ask Ruler Heart Slayer to leave at the price of the fruit, however, he did not mention the universe origin stone.

It seemed that the universe origin stone could only be used as a trade between Rulers and some weaker Rulers. However, the ones who were really powerful were used as a trade, they were all kinds of special treasures.

"My Lord, the universe passage has been opened." The Ruler who was guarding the universe passage came to Blood Wave's side.

!!

"Yes." Blood Wave nodded and glanced at Jian Wushuang. "Let's go."

Blood Wave immediately led Jian Wushuang and his wife into the universe passage.

With a flash of light, Jian Wushuang and his wife arrived at the divine kingdom controlled by the Life Palace, the Twilight Divine Kingdom.

After arriving at the Twilight Divine Kingdom, Blood Wave immediately arranged for the second universe teleportation. The destination of this teleportation was the Life Palace.

After two consecutive universe passage teleportation, Jian Wushuang finally arrived at the Divine Life Palace.

It was a lush world filled with mountains and forests. The mountains and trees in this world were generally very tall.

After Jian Wushuang arrived at this world, he saw a huge mountain that was hundreds of thousands of feet tall and so vast that he could not see its edge.

"So huge!"

Looking at the mountain in front of him, Jian Wushuang could not help being shocked.

This was not a mountain range made of mountains. It was just a mountain, but it was so huge that it covered tens of thousands of miles.

With the height of hundreds of thousands of feet, such a mountain was simply huge.

Jian Wushuang had cultivated for hundreds of thousands of years and had adventured in the universe, but this was the first time he had seen such a huge mountain.

"Supreme Blood Wave, who is this little guy beside you? His life level seems to be very high." A simple, gong-like voice suddenly sounded.

"Who is it?" Jian Wushuang was shocked. He immediately looked around and spread out his soul power, but he did not sense any aura in the surroundings.

He did not know who the voice came from.

Blood Wave, who was next to him, had a strange smile on his face. "Flame Mountain, this little guy has just been brought to my Life Palace. Don't scare him. Greet him properly."

"Okay." The gong-like voice sounded again. The next moment, Jian Wushuang found that the huge mountain in front of him, which was hundreds of thousands of feet tall, began to tremble slightly, then, a blurry human face appeared on the mountain wall.

"Hello, little guy. My name is Flame Mountain. You can call me Lord Flame Mountain or Supreme Flame Mountain." The blurry human face on the mountain wall said.

"You, you are...this mountain?" Jian Wushuang stared at it.

Leng Rushuang, who was beside him, was also shocked.

But soon, Jian Wushuang understood.

"Yes, yes. The Life Palace is the base camp of the special life forms. In the vast universe, there are countless special life forms. Among these special life forms, there are trees, mountains, and even rivers..." Jian Wushuang looked at the huge mountain again, his mood had gradually calmed down. "Jian Wushuang, greetings, Supreme Flame Mountain."

"Haha, little guy, you're not bad. You've calmed down so quickly. Many Rulers who came to the Life Palace for the first time were shocked for a long time when they saw me." Supreme Flame Mountain continued to speak in a voice that sounded like a gong.

"Alright, Flame Mountain, go back to sleep." Blood Wave waved his hand.

The human face formed by Supreme Flame Mountain smiled and then disappeared from the mountain wall. The entire mountain calmed down again.

Jian Wushuang exhaled slightly, but he was still a little surprised.

"Ruler Blood Wave, is Supreme Ruler Flame Mountain a special life form formed by the mountain?" Jian Wushuang asked.

"Yes." Blood Wave nodded. "The mountain in front of you is his original body. It's 60,000 feet tall and 8,000 miles long."

"Hiss!" Jian Wushuang could not help but take a deep breath.

60,000 feet tall and 8,000 miles long. This size was a little too scary.

"Don't be surprised. There are all kinds of special life forms in the universe. Many of them are big, and the bigger they are, the more divine power they have and the more vast they are.

"Flame Mountain, for example, is a special life form at the peak of the creation level. He joined my Life Palace many years ago. Under the cultivation of the resources of my Life Palace, he has developed nearly 70 percent of his innate advantage, which is why he has a size of more than 8,000 miles. With such a huge size, he can store a huge amount of divine power." Blood Wave smiled.

"A special life-form at the peak of the creation level?" Jian Wushuang's pupils constricted.

When he was in the Divine Beginning Realm, Blood Wave's avatar had told him that special life-forms were divided into four levels. The first level was the initial level, the second level was the universe level, the third level was the creation level, and the highest level was the fourth level, it was the perfect level.

A life-form at the peak of the creation level was only one step away from the perfect level.

"Unfortunately, Flame Mountain's talent is limited. He can only exploit 70% of his innate advantages, and there are still many that he can not fully exploit. This means that although he has such a huge divine body, he can not fully utilize it. He can not even compress his divine power to the size of an ordinary human. He can not compress his divine power, so he can only maintain such a huge appearance. Even moving is extremely difficult. Therefore, Flame Mountain has been staying here for a long time. He can be considered as a guardian of my Life Palace," Blood Wave said.

"Guardian?" Jian Wushuang's expression changed.

"You're underestimating him. Although his divine body is too big to move, his strength is terrifying. With his powerful divine body, he can fight against a Supreme-being. With such a huge body and endless divine power, let alone a Supreme-being, even an invincible Supreme-being would not be able to kill him," Blood Wave said.

Jian Wushuang understood.

As a Supreme-being, he could fight against a Supreme-being head-on. However, with such a huge divine body and endless divine power, the invincible Supreme-being naturally could not do anything to him.

"Ruler Blood Wave, can I also fully utilize my innate advantage in the Life Palace?"

"And if I perform it perfectly, will my divine body become as big as that of Supreme-being Flame Mountain?" Jian Wushuang asked.

...

Chapter 4107: Life Test

"Under normal circumstances, once a perfect life-form develops its advantages to a certain extent, it will also have an enormous divine body. However, whether it can be comparable to Flame Mountain depends on luck. However, the potential of a perfect life-form is naturally greater than that of a creation-level life-form, but the prerequisite is that you can develop your innate advantages," Blood Wave said.

"How do I develop it?" Jian Wushuang asked.

"First, it depends on secret skills, such as the Life Divine Power, which was created by the Palace Master. It's purely for the special creatures to develop their innate superiority. Previously, I only gave you the first volume of the Life Divine Power in your hometown. The first volume of the life divine power can only give you an additional 10% of your innate superiority. But in fact, there are six volumes in the Life Palace. If you Ruler all of them, you can exert 60% of your innate superiority," Blood Wave said.

!!

"60%?" Jian Wushuang frowned slightly.

Flame Mountain could exert nearly 70% of his innate advantage, but he could not even compress his divine power to make his body smaller.

If he could only develop 60% of his innate advantage, he would not be as good as Flame Mountain.

"In addition to the life abhijna, there are some amazing treasures in the universe that can also make use of your innate advantage to a greater extent. In my Life Palace, there is a pool of life nirvana that is specially created to develop the innate advantage of special life forms at great cost. Any special life form who joins my Life Palace will have a chance to enter the pool of life Nirvana. In the pool of life nirvana, the innate advantage of special life forms will be further developed. As for how much more can be developed, it depends on one's ability," Blood Wave said.

"Everyone has a chance to enter, so do I?" Jian Wushuang's eyes lit up.

"Of course." Blood Wave smiled. "Moreover, the Nirvana Pool of life not only allows you to develop your innate advantages, but also helps you to awaken your innate divine power."

"Innate divine power?" Jian Wushuang was stunned.

"The special life forms in the vast universe all have innate divine power, but they can not be awakened easily. They can only awaken their innate divine power by developing their innate advantages to 60% to 70% and then using special treasures, such as the pool of life in the Life Palace. Moreover, the innate divine power awakened by the special life forms are usually very good, and some of them can even complement one's own body," Blood Wave said.

"Complementary? What do you mean?" Jian Wushuang was confused.

"Flame Mountain, for example, has also awakened his innate divine power, which is a unique doppelganger technique. You should know that Flame Mountain's divine body is huge and difficult to move, which makes it impossible for him to travel, fight, or fight. However, with that innate divine power, he can create his own doppelganger. That doppelganger has nearly 90% of his strength, but his divine body is not as strong and his divine power is not as vast. Therefore, Flame Mountain's original body has been staying in the Life Palace, but his doppelganger has been wandering and killing."

"In addition, he doesn't have to worry about his own death because he's just a doppelganger. This kind of talent is complementary to him," Blood Wave said.

Jian Wushuang understood.

His original body could not move, so he could not travel. Therefore, he had the talent to form a special doppelganger.

This kind of talent indeed complemented Flame Mountain.

"Come with me."

Blood Wave led Jian Wushuang to the void ahead.

Along the way, Jian Wushuang saw all kinds of mountains, lakes, and dense forests. They were undoubtedly huge, and Jian Wushuang vaguely felt some special aura in these lakes and dense forests.

Obviously, there were some special lives hidden in those lakes and forests.

Soon, Jian Wushuang arrived at the core of the Life Palace.

There was an ancient and towering building complex. The first thing Jian Wushuang saw was a huge ancient stone gate that was hundreds of feet tall. It was majestic and magnificent, and at the top of the stone gate was...! There were four gilded words...Life Palace!

There were two huge statues of exotic beasts guarding the stone gate.

When they came to the foot of the stone gate, they immediately felt a suffocating pressure.

This pressure was not emitted by a cultivator, but by the ancient stone gate. The four gilded words on the stone gate and the two statues of exotic beasts around it naturally carried a sense of pressure.

This kind of pressure was so strong that even Jian Wushuang could not help but tremble in his heart.

"Is this the majesty of a top force in the Universe?" Jian Wushuang secretly exclaimed. Fortunately, he had kept Leng Rushuang in the Heaven Suppression Tablet. Otherwise, with her strength, she would have been very embarrassed under the stone door.

"Come with me." Blood Wave led Jian Wushuang into the stone door.

Soon, they arrived in front of a purple temple.

At the entrance of the Purple Temple, a barefoot, dirty girl was sitting there with a chicken leg in her hand.

"Nine deaths," Blood Wave said.

"Supreme Blood Wave."

Seeing Blood Wave, the dirty girl immediately stood up and bowed. "How come you are free today?"

"I came with a little guy." Blood Wave pointed at Jian Wushuang.

"Oh?" The dirty girl glanced at Jian Wushuang with surprise. "It's your first time in the Life Palace. How come you are here to welcome the little guy?"

"It seems that this little guy is extraordinary. Is he a top-tier or even a peak creation-level life-form?" The dirty girl said.

"No need to ask so many questions. Arrange a life test for this little guy immediately," Blood Wave said.

"Yes." The dirty girl nodded and immediately went into the purple temple to prepare.

"Senior Blood Wave, what is this life test?" Jian Wushuang asked.

"It's very simple. It's a test for the level of life. All special creatures that come to the Life Palace for the first time have to go through a life test to find out what level of life they are. In the Life Palace, the authority of different levels of life will naturally be different," Blood Wave said.

"Is that so?" Jian Wushuang understood.

The dirty girl quickly walked out of the purple temple.

“Supreme Blood Wave, it’s been arranged,” the dirty girl said.

“Well, Jian Wushuang, you can go in,” Blood Wave instructed.

“Yes.” Jian Wushuang nodded, took a deep breath, and then directly walked into the purple temple.

...

Chapter 4108: Red Light Filled the Sky

Jian Wushuang had already entered the Purple Temple, while Ruler Blood Wave and the dirty girl were waiting outside.

“This little guy must have a high level of life to be led by Ruler Blood Wave himself,” the dirty girl thought to herself. At the same time, she secretly glanced at Ruler Blood Wave, however, she noticed that Ruler Blood Wave had a calm, confident look on his face.

This confidence made the dirty maiden even more certain of what she was thinking.

“Right. We have a result.” The dirty maiden’s face lit up as she raised her head to look at the shrine in front of her.

!!

The towering violet shrine suddenly began to emit a dazzling red light.

This red light was like the setting sun, illuminating the surrounding void and causing it to turn red.

“Red light permeating the sky, it’s actually red light permeating the sky?” The dirty girl was shocked.

She had been guarding the purple shrine for a long time, during which a large number of special life forms came to the purple shrine to test their life levels, and the final result of the life test was no more than four types.

The first type was emitting white light, this white light represented an initial level life form, and this was the most mediocre among the special life forms.

The second type was a silver light, which represented a universe level special life form.

The third type was a cyan light, which represented a creation level life form. The denser the cyan light, the higher the level of a creation level life form.

The fourth type was the highest level, which was a perfect level life form. The light emitted by the Purple Temple was a red light!

Now, the Purple Temple was emitting a sky full of red light. Clearly, Jian Wushuang, who was being tested in the Purple Temple, was a perfect life-form!

“It’s actually a perfect level life-form!” The dirty girl’s expression was solemn. She immediately understood why Jian Wushuang was qualified to let one of the first Supreme-beings, Ruler Blood Wave, personally receive him.

A perfect level life-form was definitely a treasure for the Life Palace.

Under normal circumstances, it would be very difficult for a perfect life-form to be born within a hundred Chaos cycles in the vast universe.

Although the Life Palace was the base camp for all kinds of special life-forms, in reality, there were only three perfect life-forms in the Life Palace.

Two of these three were extremely ancient Rulers who had lived for countless years. Up until now, the one who had lived for more than a hundred chaos cycles was a Ruler at the Ultimate level. Although he was younger, he had lived for more than a hundred Chaos cycles. These three people held extremely high positions in the Life Palace, all three of them held extremely high positions in the Life Palace.

As for Jian Wushuang, he was the fourth perfect life-form in the Life Palace.

“When the red light appeared, those old guys must have been alarmed,” the dirty girl thought.

Indeed, although the red light did not cover a large area, there were countless experts in the Life Palace.

As soon as the red light appeared, quite a few experts in the Life Palace were startled and began to rush over at high speed.

Moments later, dozens of figures had gathered in front of the Purple Temple.

Nearly half of the figures were Rulers, and when they arrived, they saw Blood Wave.

“Ruler Blood Wave.”

“Greetings, Ruler Blood Wave.”

The experts all began to pay their respects.

Although they were all experts from the Life Palace, and there were quite a few Rulers present, Ruler Blood Wave was one of the Chief Supremes of the Life Palace. He was a Supreme Ruler, and so in terms of status and power...he was naturally a bit more powerful than the others present.

“Blood Wave.” Another person hurried over. This was a muscular man dressed in scarlet armor.

This muscular man carried an enormous mountain-cleaving axe on his back. His entire body was like an enormous axe, ready to cleave apart the heavens.

This muscular man was the only person present who could call Blood Wave by his name. Clearly, his status was not any lower than Blood Wave’s.

“Giant Axe, you’re here, too.” Ruler Blood Wave looked at the burly man.

“The red light represents a perfect life. I’m in the palace and not far from here, so I came to take a look.” The burly man smiled faintly and then looked at the Purple Temple in front of him, “Who is in the temple?”

“Supreme Axe, the one in the temple is a little guy named Jian Wushuang. Ruler Blood Wave personally brought him to the palace. The first time he came to the palace, his life was tested according to the principles, so this is what happened,” the dirty girl said.

"Blood Wave, did you bring him here yourself?" The strong man looked at Blood Wave.

"Yes," Blood Wave nodded with a smile. "More than 100,000 years ago, I saw this little guy in an ordinary level-three Star World. At that time, I knew he was a perfect life, so I contacted him and asked him to join my Life Palace. Not long ago, he came to the depths of the universe and sent a message to me, so I brought him to the palace," Blood Wave said.

"You've brought in a perfect lifeform. Blood Wave, you've once again rendered a great service to the Life Palace," the muscular man said with a laugh.

"Although the level of life is important, it is still unknown whether or not this little fellow will be able to become a Supreme expert in the future." Blood Wave waved his hand.

But right at this moment...

"Eh?" Ruler Blood Wave and the muscular man both raised their heads as they sensed something.

The Purple Temple in front of them was glowing with red light. In the very center of the temple, a dazzling golden light suddenly began to shine.

"What? !" Ruler Blood Wave and the muscular man were both shocked.

"Golden Light? What's Going On?"

"The sky is filled with red light. It's true that it is a perfect lifeform, but why is it still glowing with golden light despite the Red Light?"

"So far, no one has detected a golden light in this purple shrine, right?"

"What's going on?"

The expressions of the experts from the Life Palace became strange.

There were four different levels of special life forms, and they corresponded to four different lights. However, there was no golden light!

"It seems that this little guy's life level is not as simple as a perfect life form." The muscular man narrowed his eyes.

"He's out," Blood Wave said.

The door of the Purple Temple was opened again, and Jian Wushuang slowly walked out of it.

As soon as he walked out of the temple, Jian Wushuang immediately saw a large group of experts gathered in front of him. Each of these experts had extremely powerful auras, and the weakest one was at the Ultimate Ruler level, the aura of more than a dozen of them, which was invisible, shocked him.

Obviously, these people were all experts at the Supreme level.

Seeing this scene, Jian Wushuang could not help but be shocked.

...

Chapter 4109: Greeting Gift

“So many Supreme-beings?” Jian Wushuang was secretly amazed.

Supreme-beings were the pinnacle existences in the universe. Even in the depths of the universe, it was very difficult to meet one. But now, in the Life Palace, there were more than ten Supreme-beings gathered in front of him.

Moreover, these ten Supreme-beings were staring at him. It was obvious that they were here because of him.

“Jian Wushuang, come here.” Blood Wave waved at Jian Wushuang.

!!

“Senior Blood Wave.” Jian Wushuang immediately came to Blood Wave’s side.

“Let me introduce you. This person beside me is Giant Axe. Like me, he is also one of the first Supreme-beings in the Life Palace,” Blood Wave said.

There were five Chief Supremes in the Life Palace, all of whom were Supreme-beings.

Since Giant Axe was also a Chief Supremes, he was naturally a powerful Supreme-being who could establish his own divine kingdom.

“Greetings, Giant Axe Supreme-being.” Jian Wushuang bowed respectfully.

“Third-level Ruler?” Giant Axe Supreme-being looked down at Jian Wushuang. “Jian Wushuang, how long have you been cultivating?”

“More than 300,000 years,” Jian Wushuang replied.

“Only more than 300,000 years?” The Giant Axe Ruler could not help but be surprised.

The experts from the Life Palace were also shocked to hear this.

300,000 years was too short for everyone present.

It was known that it took an extremely long time for an ordinary cultivator to grow from birth to the Ruler level.

Unless a cultivator with a heaven-reaching background could save a lot of time by cultivating with a large amount of resources. However, even under such circumstances, it only took him 300,000 years to reach the third level of the Ruler level, it was still very impressive.

However, Jian Wushuang did not have a heaven-reaching background. He just relied on himself to slowly cultivate at the edge of the universe. Most importantly, he was a cultivator with a perfect life...it must be known that a cultivator with a perfect life level...breaking through the bottleneck was many times more difficult than ordinary cultivators.

It was incredible that he could reach this level in about 300,000 years.

“Haha, it seems that my Life Palace will soon have another Supreme expert.”

Supreme Giant Axe laughed. Suddenly, he flipped his hand and a crystal-clear fruit appeared in his hand. He took the fruit to Jian Wushuang, "I'm one of the chief supremacies of the Life Palace. It's rare to see another perfect life form with great potential in the Life Palace. I have to show you something. Take this middle-grade principle divine fruit as my welcome gift."

"Welcome gift?" Jian Wushuang was stunned and hesitated.

"Take it. You can use this principle divine fruit," Blood Wave said with a smile.

"Thank you, Supreme Giant Axe." Jian Wushuang accepted the crystal fruit without hesitation.

Jian Wushuang immediately sensed an extraordinary power of universe principles from the crystal fruit.

"Although this fruit is common among the many divine fruits in the universe, it has the most extensive use. A divine fruit of universe principles contains an extremely rich power of universe principles. Under normal circumstances, if a Ruler can eat an ordinary low-grade divine fruit of universe principles, he has the hope of comprehending a trace of universe principles," Blood Wave said, "Jian Wushuang, have you comprehended any universal principles yet?"

"I've already comprehended some of the universal principles," Jian Wushuang said, but he did not mention that his comprehension of the universal principles had reached a certain level.

"Oh?" Ruler Blood Wave's eyes lit up. "You've only reached the third-level Ruler level, but you've already comprehended a trace of the universal principles. Your comprehension is extraordinary."

"Not bad at all." Supreme Giant Axe nodded with a smile.

"Since you have already comprehended a hint of the principles of the universe, this fruit will be of even greater use to you. After all, those who haven't comprehended any of the principles of the universe might have a chance of comprehending a hint of the principles by devouring the fruit, but that chance is far too low. If you have already comprehended a hint of the principles of the universe, after devouring the fruit, your comprehension of the principles of the universe will increase dramatically in the next year."

"This is only a low-grade principle divine fruit. The middle-grade principle divine fruit that Giant Axe just gave you can be sold for 500,000 universe origin stones in the universe. If you swallow this middle-grade principle divine fruit, your comprehension of the universe principles will greatly increase in the next ten years," Blood Wave said with a smile.

Jian Wushuang was immediately delighted.

The mid-grade principle divine fruit was worth 500,000 origin stones. It would be useful even for an ordinary Supreme expert, but it would definitely be more useful for him.

"Of course, although the mid-grade principle divine fruit is very useful to you, don't eat it in a hurry. After all, there is only one fruit. You can wait for an opportunity. For example, if you have a special encounter, you can eat it with half the effort," Blood Wave said.

"I understand." Jian Wushuang nodded heavily.

"Well, I've given you the gift. Cultivate well, and I'll leave now." Giant Axe Supreme said.

“Thank you, Giant Axe Supreme.” Jian Wushuang thanked him again.

Giant Axe Supreme waved his hand and left.

After Giant Axe Supreme left...

“Gu Yi,” Blood Wave suddenly said.

“Ruler Blood Wave.” A Supreme immediately came forward.

“This little guy just came to the Life Palace and hasn’t been baptized by the Life Nirvana Pool. You’ve been in charge of this pool for a long time. Tell me, when will the next Life Nirvana Pool open?” Blood Wave asked.

“Normally, the Life Nirvana Pool will only open once every million years. However, Jian Wushuang is a perfect life, and he has only cultivated for about 300,000 years. There’s no need to wait so long. How about this? I’ll go back and make some preparations. In 20 years, the Life Nirvana Pool will open,” Supreme Gu Yi said.

“Okay.” Blood Wave nodded.

“Jian Wushuang, come with me. I’ll take you to the palace to find a place to live.” Blood Wave flew up with Jian Wushuang.

After Jian Wushuang and Blood Wave left, the experts of the Life Palace who were strong in the Purple Temple began to discuss among themselves.

“The treatment of a perfect life is really different. Not only does Ruler Blood Wave receive him personally, but he also brings him here for a life test, and he even brings him to find a place to live.”

“Not only that, didn’t you see Supreme Giant Axe give him a welcome gift just now?”

“I dare say that if it had been a manifestation-level creature, even a peak manifestation-level creature, Supreme Giant Axe wouldn’t have given him a mid-grade principle-god fruit as a welcome gift.”

“A mid-grade principle-god fruit? That’s quite a valuable treasure for an ordinary Ruler, isn’t it?”

Chapter 4110: Exploiting the Innate Advantage

“However, Jian Wushuang is indeed powerful. He is a perfect life-form and has already comprehended the universe principles. More importantly, he has only cultivated for 300,000 years. Such a genius is indeed worthy of the attention of Ruler Blood Wave and Supreme Giant Axe.”

“To have such achievements after cultivating for 300,000 years, tsk, tsk...”

“Let’s wait and see. Maybe Jian Wushuang will really become another super existence in the Life Palace in the future.”

These experts were talking in secret. They felt that Jian Wushuang was treated well, but no one felt that it was inappropriate for Ruler Blood Wave and Supreme Giant Axe to do so.

!!

After all, in the Life Palace, or even in the entire universe, strength determined one's status.

Jian Wushuang was at the perfect level of life and had comprehended the principles of the universe. Such a super genius was absolutely rare in the Life Palace. It was only natural that he would be treated very well.

These experts were at most envious of him, but they would not complain.

The Life Palace was huge and boundless, and there were countless experts hidden in it.

Blood Wave took Jian Wushuang through a large number of buildings and finally came to a continuous mountain range.

There were many manors and manors in this huge mountain range.

"My Life Palace can be said to be the base camp of countless special life forms in the entire universe. There are so many special life forms in the entire vast universe, and more than half of them chose to join my Life Palace. Most of these special life forms are adventuring outside, and only a small number choose to live in my Life Palace. But even if it's only a small number, there are still a lot of them."

"Because there are so many of them, there are a total of nine mountains in my Life Palace. The first to the third mountains are inhabited by Supreme experts, while the fourth to the ninth mountains are inhabited by Rulers and some principle Rulers. You are now in the sixth mountain range."

"The sixth mountain range stretches for three million miles and has countless manors, pavilions, and palaces. Many of them are uninhabited. Jian Wushuang, you can choose a place to live," Blood Wave said.

Jian Wushuang nodded.

He asked Leng Rushuang to come out of the independent space of the Heaven Suppression Tablet. After searching in the sixth mountain range for a while, they finally found a more satisfactory manor to live in.

"Jian Wushuang, in the Life Palace, ordinary creation-level creatures are qualified to arrange some servants and maids for you. You are a perfect-level creature, so you have the right. Should I arrange some for you?" Blood Wave asked again.

"Servants and maids?" Jian Wushuang was surprised.

"Don't worry. These servants and maids are carefully selected from the divine kingdom under the Life Palace. They have been trained since they were young and are completely loyal to the Life Palace," Blood Wave said.

"No need for servants. Choose ten maids for me," Jian Wushuang said.

"Okay, I'll get someone to arrange it," Blood Wave said with a smile.

Jian Wushuang glanced at his wife.

He did not need any maids. The reason why he asked Blood Wave to arrange ten maids was for his wife.

After all, he spent most of his time in the Life Palace cultivating. He would not spend much time with his wife, and his wife did not have many friends in the Life Palace, it was inevitable that he would feel bored. With these maids around, he could at least talk to his wife.

“By the way, this token is also for you.” Blood Wave waved his hand and took out a token.

“What is this token?” Jian Wushuang took it in confusion.

“This token is the content of the second to sixth volumes of the Life Divine Power.”

Blood Wave looked at Jian Wushuang, he said, “I told you before that as a special life form, to develop your innate advantage, you must first rely on secret skills. Under normal circumstances, if you Ruler all six volumes of the Life Divine Power, you can develop at least 60% of your innate advantage. Previously, you only cultivated the first volume and barely developed 10% of your innate advantage. After 20 years, Gu Yi will take you to the Life Nirvana Pool. At that time, you will be baptized with life, and you can develop your innate advantage as much as possible. At that time, you can also directly cultivate this life divine power.”

“Senior Blood Wave, do you want me to cultivate the life divine power while I’m undergoing the Life Baptism?” Jian Wushuang was stunned.

“Yes.” Blood Wave nodded. “The life divine power is quite profound. It’s very difficult and slow for an ordinary person to Ruler all six volumes of the life divine power. However, if you combine it with the Life Baptism of the Life Nirvana Pool and cultivate this secret skill at the same time, you’ll get twice the result with half the effort.”

“Most of the special lives in the life divine palace cultivate the life divine power during the Life Baptism. Generally, they can cultivate the life divine power to the fourth or even the fifth volume. With the Life Baptism and absorbing a large number of treasures, they can more or less develop their innate advantages to 60% to 70%, and some can even develop to 80% or 90%.”

“Is it only 80% or 90%? Haven’t you developed your innate advantage to 100%?” Jian Wushuang asked.

“It’s almost impossible to achieve 100% by relying on secret skills or special treasures, but it’s possible to combine the two. However, it’s too difficult to perfectly develop your innate advantage. Since the birth of the Life Palace, it has absorbed countless special lives, but there haven’t been more than 10 people in history who can perfectly develop their innate advantage,” Blood Wave said.

“There have been less than ten of them since the birth of the Life Palace?” Jian Wushuang was shocked.

How long had it been since the creation of the Life Palace?

Tens of thousands, hundreds of thousands of chaos cycles, or even longer?

How many special life forms had joined the Life Palace during this long period of time?

This number was absolutely terrifying.

However, among so many special life forms, only less than 10 people could fully exploit their innate advantages, which showed how difficult it was.

Of course, although it was difficult, at least someone had succeeded before, which was a great hope for Jian Wushuang.

He was a perfect life form. If he could fully exploit his innate advantages...

“You can try your best to fully exploit your innate advantage, but you’d better not expect too much.”

Blood Wave poured cold water on Jian Wushuang. “But you are a perfect life. Even if you don’t fully exploit your innate advantage, even if you only exploit 70-80% of it, it should be very good.”
