Chapter 1281

Fabian's eyebrows jumped and his eyes, slowly, fell from Cindy's face to Rebecca's face.

"I won't let anything happen to Rebecca!"

Only one of the two can survive. If he doesn't let anything happen to Rebecca, Cindy and the child in her belly will die!

Cindy slowly lifted her face, she had already known this would be the outcome, but really hearing him say it, her heart still hurt.

She's not afraid of death, really she isn't.

If there is life, there is death. Who can escape death in this world?

She really wasn't afraid.

Only, she wanted the child in her womb to live well.

Even though, that child was never expected by his father, even, his father hated to kill him with his own hands, she still wished that he could look at the sunshine of the world and feel the tenderness of the breeze on his face.

"Fabian, you're crazy! How can you stand by and watch Cindy and your child go to their deaths!"

Freya was so angry that she wanted to pounce on Fabian and beat him up, but he was so deeply poisoned by Rebecca that even if she smashed his head in, he would not be able to give Cindy a single moment of pity.

"Child? Who knows whose child she carries in her belly? A woman who can casually climb into a man's bed, I'm afraid even she herself doesn't know whose child is in her belly."

Fabian forced himself not to look at Cindy's hurtful eyes as he continued to speak word for word, "This woman with a wrong heart should have died long ago!"

Cindy slowly lowered her face, so she was not only a woman with a wrong heart in his mind, but also a casual woman!

How ridiculous!

She gave him her heart, but in the end, he didn't even recognize the child in her belly!

"Fabian."

Cindy spoke softly, without sorrow or joy, without anger or sorrow.

"I genuinely like you, and that night, I didn't push you away just because, well, I like you."

"Fabian, I know you don't believe me, but I still want to say that I never thought that I would pester you with what happened that night, and I never thought that I would get pregnant."

"I was even more foolish to think that by agreeing to marry me, you had a touch of sincerity for me as well."

"But now, I understand that you have sincerity, it's just that, the person you are truly with is not me. So, I won't ask for more."

"Fabian, let's get a divorce." Cindy glanced at her already worn clutch bag beside her, and then, speaking softly to the kidnappers who were holding her down, "Please give my bag to Fabian."

"I have two copies of the divorce papers in my bag and I have already signed them. Fabian, as long as you sign them too, we will have no more relationship."

"In life, you don't have me in your heart and don't consider me as your wife, in death, I don't want you as my husband either! Fabian, I don't want you anymore!"

Fabian's fists could not be restrained from tightening as he stared deadly at the stubborn-looking Cindy, as if a large piece of his heart had fallen empty.

He thought he was really strange, he didn't want Cindy, he didn't want to marry her at all, but now when she spoke in a light-hearted way, saying that she didn't want him as a husband even if she died, that she didn't care about him anymore, and he felt his heart hurt.

It was as if, pulled hard by a hand that made him, almost unable to breathe.

Fabian had already chosen Rebecca, Cindy was sure to die, and those kidnappers were happy to fulfill the last wish of a man who was sure to die.

The leader of the kidnappers gave a wink to one of his men, who then quickly grabbed Cindy's bag that had fallen to the ground and viciously threw it towards Fabian's side.

Fabian bent down stiffly and picked up the handbag that had fallen to the ground. He slowly unzipped the handbag and, indeed, inside were two copies of the divorce papers that Cindy had already signed.

Fabian couldn't tell what he felt in his heart as he stared at the signatures on the divorce papers in a daze.

It turned out that she had already, long ago, wanted to divorce him.

It turned out that she had, before today, not wanted him as a husband.

Cindy was really thoughtful and in her bag, she had not only two copies of the divorce papers, but also a signing pen.

Fabian pulled off the cap of the pen, and for some reason, he clutched the pen, but could not write his name on the divorce papers.

Clearly, he had always wanted to divorce Cindy so that he could marry Rebecca in an open and fair manner.

His eyes couldn't help but fall on Cindy's face.

She had a sweet, beautiful face, and he could still, vividly, remember the way she had smiled with her eyebrows arched.

That rainy night, she then smiled with her eyebrows arched and grabbed his hand tightly, as if, also grabbed his frozen heart, little by little, warming it, so that his heart no longer need to be cold.

She said, "I'll stay with you!"

And now, she no longer smiled with her eyes arched, but her face was not half sad, only, clouded with relief.

It was as if, no longer did she want to grasp his hand and give him warmth, as if, in her mind, he no longer mattered.

"Fabian, sign it!"

Cindy said, suddenly smiling to herself, "How could you possibly not sign it!"

"Fabian, I don't like Rebecca, because, she makes you very sad. However, you like her, so I still hope you can be together, and these two divorce papers are, as it were, my wedding gift to you."

"Fabian, I wish you and Rebecca a long life together!"

Cindy finally smiled again with arched eyebrows, only, not when she shook his hand, but when he wished him and Rebecca to grow old together.

Fabian could not restrain himself from clenching the divorce agreement in his hand, his eyebrows wrinkled particularly tight.

They are not divorced yet, how can she, just like that, smile and wish him and another woman a long life together?

"Fabian, since you've already made your choice, then, it's time for this woman to die!"

The head kidnapper laughed coldly, with obvious sarcasm in his voice, "However, I really didn't expect that Fabian would be so heartless that he could even give up his wife and child!"

With that, the leader of the kidnappers signaled the two kidnappers who were holding Cindy down to throw her down into the abyss of ten thousand feet.

Cindy did not resist for half a second, she just gave Fabian a deep look, there was reluctance, helplessness, sorrow, but more than that, she was still relieved.

It hurts too much to love someone, and it doesn't have to hurt this much to die.

She was just sorry for her innocent child.

"No!" Freya was so anxious that she almost collapsed, she grabbed Fabian's arm in a deadly grip, "Fabian, you can't let Cindy die! Fabian, let her live! If anything happens to her, you'll regret it for the rest of your life! Fabian, save her! Save her!"

"Uncle Fabian, you can't choose Rebecca!" As soon as Freya's words fell, a clear voice rang out in the air.

It was Jaden.

Chapter 1282

Jaden had come with Bradley, who had run a little too fast and had tiny beads of sweat oozing from his forehead.

In his hand, he is also holding a tablet.

He quickly ran to Fabian, "Uncle Fabian, I've found out that Rebecca's so-called car accident is a fake!"

"I found out all the money transfers she made to the driver who hit her, that car accident was just a bitter trick she pulled to get close to you!"

With that, Jaden handed the tablet in his hand to Fabian.

Fabian's face could not help but look terrified when he saw the transfer record displayed on the tablet, but in a flash, he returned to that pitying look when he looked at Rebecca.

"Jaden, you're a computer expert, it's easy for you to forge a transfer record! Rebecca came back this time and genuinely wants to be with me, I won't try to doubt her again!"

"Uncle Fabian, Rebecca is not a good person! These people are all her accomplices!" Jaden saw that Fabian didn't believe him at all, and he couldn't help but feel anxious, "You can't fall for her, she's trying to get Cindy killed!"

"Jaden, shut up!" When Fabian saw Jaden talking about Rebecca like that, his face couldn't help but darken.

"Rebecca wouldn't do such a thing!"

"Fabian, Rebecca was able to conspire with Robin before to try to get me and Kieran killed, what could she not do?!" Freya spoke eagerly, "You can't be fooled by her! Nature is hard to change. I don't believe that she truly wants to be with you when she comes back this time!"

"I believe in Rebecca!" Fabian spoke, "Yes, she has made mistakes, but no one is a saint, no one is without faults! She has already paid the price, she regrets it, now she just wants to live a good life with me, why are you all unwilling to let her go?"

"Fabian, leave me alone! Let me go to hell!" Rebecca spoke with teary eyes, she was extremely beautiful, and with tears in her eyes, she looked even more miserable and weak, Fabian felt sorry for her.

"Fabian, I admit, I really want to be with you, I don't want anyone else to marry you, let alone have children for you. But Cindy already has your child inside her belly, it's your own child! Fabian, even though my heart is breaking, I still hope that you will both be fine!"

"Fabian, Cindy is your wife, you should protect her well, I should have died a long time ago! This time, I shouldn't have come back! Fabian, kill me! Let me die!"

Cindy excitedly screamed at the kidnappers, "Kill me! You kill me! Please, don't hurt Cindy and the baby in her belly! Please"

“Rebecca” Seeing that Rebecca would rather she die than wish Cindy and the child in her belly to live, Fabian was even more convinced of her.

When he saw Rebecca excitedly trying to break away from her kidnappers and jump off the cliff to commit suicide, he was immediately distraught, “I forbid you to hurt Rebecca! I have already made my choice! I want Rebecca to live! No one is allowed to hurt my Rebecca!”

With these words, Fabian’s dust had completely settled.

When the head kidnapper saw that he had made up his mind, he wasted no more time, “Okay, Fabian, I will send your wife and child to hell as you wish!”

With that, the leader of the kidnappers waved his hand and his men pushed Cindy down the cliff viciously.

“No!”

Freya roared his heart out, and Jaden also had a pained look on his face, “Cindy!”

However, no matter how anxious they were, they could not pull a piece of Cindy’s coat.

Fabian stood in place as if he was petrified, how could he have imagined that the kidnappers would move so quickly, that they, indeed, pushed Cindy down into this abyss of ten thousand feet.

Although there was no lava below this cliff, how could she survive that high up, with a baby in her belly!

Fabian quickly stepped forward, he wanted to pull Cindy back, but he couldn’t hold on to anything.

What echoed in his mind, over and over again, were the words of the head kidnapper just now.

Fabian, I will send your wife and child to hell as you wish!

As he wished?

How is letting Cindy and the child in her belly die the way he wants them to?

He didn’t want them to die!

Looking at his empty palm, Fabian suddenly remembered that rainy night when Cindy had picked him up and brought him home, and it was raining really, really hard.

In the pouring rain, she held his umbrella.

In a drunken haze, he glanced over his shoulder at her, who had covered her entire umbrella over him, with the rain.

There will never again, in this world be a silly girl, in that position, holding an umbrella for him.

Suddenly, Fabian felt that he had lost something very important and significant.

It hurt so much that his liver was broken and his heart and spleen were split.

Fabian really wanted to give an order to his men to beat those kidnappers into a beehive to avenge Cindy and the baby in her belly.

Only, still holding Rebecca hostage, they took her into the car and carried away the huge amount of cash until they reached safety, when they dropped Rebecca and took off.

When Rebecca returned safely, Fabian thought that he would be very happy and joyful, but when she jumped into his arms, crying with pearly tears, he suddenly did not even have the strength to hug her.

His mind was filled with the moment when Cindy was pushed off the cliff and she turned her face and looked at him with that one glance.

Her gaze, really, was faint, and she didn't speak, but he just knew that she was going to say something to him.

She said, "Fabian, I don't love you anymore, and I don't want you.

I will not be your wife in life, and I will not be your ghost in death!"

He, to his heart's content, ached.

It hurt so much that he didn't even have the courage to go below the cliff and face her body.

It was as if, as long as her body was not in sight, she was still alive.

Living under the same sun, even though he could not see her, she breathed the same air as he did.

Cindy is not dead, she and the child in her belly are truly alive.

After she was pushed off the cliff, she was surprisingly stuck on a thick branch that had grown out of the cliff.

Kieran's men, using a private jet, rescued the unconscious woman from the branches of a tree, with a number of bruises, but no life threatening injuries.

Freya actually hoped that Cindy would stay at Kelsington Bay until the birth.

She survived, but she was really weak and she had to get her body well toned to ensure the baby was born successfully.

Cindy, however, was incredibly stubborn and she was not willing to stay on in Arkpool City.

Fabian had already decided that she was dead, so in his mind, it was good that she was dead, that way, at least he wouldn't have to hurt the child in her belly for Rebecca.

On that day, it was raining lightly and Cindy left the city alone, while Jaden took her ashes to Fabian's villa.

Chapter 1283

Freya originally wanted to send the urn to Fabian's side, and in the meantime use it to give him a hard knock on the elbow.

But when she thought of the cliffside, where Fabian ignored his wife and child and only wanted Rebecca, a bad woman with a different appearance, she was furious and didn't even want to look at him.

She was having a chat with Kiki and playing with Alistair, why did she have to see Fabian's face!

So, she gave this task to Jaden and told him to smash the urn directly on Fabian's head.

When Jaden went to Fabian's villa, he was in Rebecca's room, feeding her medicine.

It is said that Rebecca was taken away by the kidnappers and was in shock and had been suffering from all kinds of discomfort. Fabian was worried about her health condition and was personally by her side to look after her.

Fabian is very kind to Rebecca, doing everything for her, but if you look closely, you will find that he is, in fact, absent-minded.

Even he, himself, did not know where one of his hearts had drifted to.

Jaden heard the Pryce family's maid say that Fabian was in Rebecca's room, and he placed the urn on the coffee table in the living room and went straight to her room.

"Fabian, are you really willing to marry me?"

Rebecca's voice was marked with obvious apprehension and unease, "But your father seems to hate me, how could he possibly let you marry me! Fabian, although I really want to be your wife, I can't bear to put you in such a difficult position."

"Rebecca, I will treat you well." Fabian spoke somewhat numbly as he fed Rebecca's medicine.

It had always been his dream to marry Rebecca, but when that dream, indeed, came true, he found that he was not happy.

"Fabian, thank you, thank you for being willing to believe in me, thank you for being so kind to me." Rebecca suddenly jumped into Fabian's arms and spoke softly, "Fabian, meeting you is the greatest blessing in my life, I feel so happy!"

Fabian woodenly let Rebecca snuggle in his arms, but his thoughts, however, could not restrain themselves from drifting away.

That rainy night, he and Cindy had a deep talk.

For one short night, they, however, spoke, more than they could say in a few lifetimes.

The two of them were entangled in a deep love affair, and she pressed her head against his heart. No matter whether this night is a dream or a real one, he felt so happy.

Thinking of Cindy's coquettish smile, Fabian's eyes abruptly reddened.

Back then, she said she was happy, but now, does she still feel happy?

She must have regretted meeting him, and even more so, that rainy night, picking him up and taking him home.

Fabian felt that he had really gone mad, obviously, he had only taken that rainy night as a dream, but in the end, he found that he had also left all the joy in the dream world.

He woke up and he was unhappy.

In a trance, Rebecca's lips had pressed closer, and she murmured at the corner of his lips, "Fabian, let me give you a child, okay? I've always wanted to give myself to you, so that we, from now on, belong only to each other."

Fabian's body suddenly stiffened.

He does have child.

If you do the math, by now, the child in Cindy's belly is almost six months old.

In a few months' time, a chubby little baby will be born, and in the long run, that little baby will be nestled in his arms, calling out to him as father in a crunchy voice.

Fabian's eyes grew redder and redder, so red that they almost curdled into blood.

His child, whom he had mercilessly abandoned, was pushed into the abyss along with Cindy by those kidnappers.

No, his child and Cindy were there, they had just gone so far away that they didn't want to see him again.

Yes, they were all still there. He hadn't even seen Cindy's body, so she must still be there.

"Ahem"

Rebecca was about to remove her clothes so that she could really put the relationship into practice with Fabian, but Jaden's coughing sound sounded at the door.

When she thought of her good deeds being interrupted by this little brat, especially when she thought of how he had talked about her in front of Fabian at the edge of the cliff, Rebecca could not suppress the resentment in her eyes when she looked at him.

Jaden was the quickest of minds, how could he not feel Rebecca's full of malice towards him?

But he was best at hiding his emotions as he put on a pure and innocent look and spoke, "Uncle Fabian, I came to deliver something to you and I didn't expect to almost see an impure image!"

Impure?

Only then did Fabian realise that he and Rebecca were still hugging each other tightly.

He also did not want to make any demonstration of polluting the pure heart of Jaden, he released Rebecca, "Jaden, what did you come over to deliver to me?"

Jaden didn't answer his words directly, but spoke innocently, "Uncle Fabian, you guys go on, I won't bother you anymore! Anyway, the things I brought are not important in your eyes!"

Rebecca wanted to continue, and Jaden's words were just what she wanted.

After all, she hadn't really become Fabian's woman yet, and she always felt that a man, no matter how much he said he loved her verbally, would always be unsure if he didn't have sex with her.

However, Jaden said that they should continue, but he did not have the slightest intention to leave. He was standing here, how could they continue?

Rebecca smiled softly as she spoke to him, "Jaden, go down and play by yourself, your Uncle Fabian and I have business to attend to."

"Business? What business?" Jaden put on an innocent look of not knowing anything, "Uncle Fabian, are you going to work together?"

Rebecca was so angry that she gritted her teeth, this little brat definitely did it on purpose!

He'd just said he'd let them get on with it, but now he was talking about going to work, clearly trying to interrupt her!

"Jaden, how could I possibly be going to work with your Uncle Fabian! Children don't understand grown-up matters! Jaden, when your Uncle Fabian and I are done, I'll send him down to look for you later!"

"Oh." Jaden answered obediently, "Rebecca, you and Uncle Fabian go about your business first! I don't actually have anything to do with finding Uncle Fabian, I've put my thing down and it is on the coffee table in the living room, go and get it later."

"By the way, Uncle Fabian, my Mommy said that you don't care for what I gave you, anyway, so bury it or throw it away, as you wish."

After saying this, Jaden turned around and headed for the door.

Fabian's heart instantly gave birth to a very ominous feeling, and his voice trembled as he asked Jaden, "Jaden, what is it that you sent here!"

Chapter 1284

"Your ex-wife's ashes!"

Jaden paused and then spoke, "Forget it, Uncle Fabian, if you don't want her ashes, it's better for me to take it back. Cindy is already pitiful enough, if you throw away her ashes again, then she will really be miserable!"

"Whose ashes are you talking about?!"

Hearing Jaden's words, Fabian only felt that time froze for a moment.

The wind stopped, the rain stopped, and his heart, too, stopped beating.

It was as if a century had passed before he found his voice, his eyes bloodshot, his voice trembling as he spoke, "Jaden, whose ashes are you talking about? I've never been divorced, where did I get my ex-wife?"

Jaden pretended to look like he didn't understand, "Uncle Fabian, isn't Cindy your ex-wife?"

"I remember she gave you the divorce papers, she had signed them, and after you signed them, she was naturally your ex-wife."

“Uncle Fabian, I know you won’t want Cindy’s ashes, I’ll take it back, you and Rebecca go on! Good luck to you and Rebecca have a baby soon!”

“Jaden, tell me the truth!”

The face of Fabian at this time was terrifying to the extreme, Jaden never dared to think that the middle-aged young man, Uncle Fabian, could also be bloodshot with a pair of eyes with deadly silence.

“Cindy is clearly with child and alive and well, how could you possibly have her ashes?! Jaden, don’t think that just because you’re a child, you can talk nonsense! I can’t spare you if you fool me!”

Jaden blinked innocently at Fabian, “Uncle Fabian, are you still awake?!”

“It was you who abandoned Cindy and the baby inside her belly, she was pushed down into the abyss by the bad guys, she fell to pieces when we found her. How could she still be alive and well?!”

“Uncle Fabian, what’s wrong with you? Are you dreaming, or, have you lost your memory?”

Fabian stood in a daze, he was actually blocked by a child’s words, for a moment, he didn’t know what to say.

These days, in fact, he has been fooling himself.

He kept forcing himself to forget what had happened that day at the edge of the South Mountain cliff, as if he was self-hypnotising, and he kept telling himself that Cindy and the child in her belly were still alive.

She didn’t fall into the abyss, she just had a falling out with him and she took the baby and left.

But no matter how much he deluded himself, he could not change the bloody truth.

Half a month ago, on the edge of the precipice, he did give up her and their child for Rebecca.

She and their child died.

In fact, the day he made the decision, he knew that they would die, and it was he chose with his own hands to let them die!

Jaden’s words were an understatement, but he could imagine how tragic the image was.

Fabian could no longer restrain his heart, which had almost collapsed into a frenzy. He rushed out of the room like a madman and went downstairs to the living room, hugging the cold, lifeless urn tightly, as if, holding, the only fondness in his life.

Jaden did not follow Fabian downstairs, he paced slowly to Rebecca’s room, looked at her with a smile and spoke, “Rebecca, Uncle Fabian actually doesn’t like you that much.”

Rebecca saw Fabian rushing out regardless and going to find Cindy’s ashes, she was already on the verge of going mad, and Jaden’s words hit her right where it hurts, and her face became more and more unpleasant.

Fabian was not inside the room, she did not need to wear this hypocritical and gentle false face, she stared at Jaden viciously, as if she wanted to eat him alive.

Jaden coolly raised his eyelids, and at such a young age, he had a proud aura of looking out over the world.

"Rebecca, Uncle Fabian does like Cindy, however he's such a silly person, when he decides on someone, he thinks it's for life, in fact, he's not as devoted to you as he thinks he is."

"Rebecca, you've lost! You didn't get Uncle Fabian's heart! Sooner or later, Uncle Fabian will see his own true heart and sweep you out of the house!"

"Shut up!" Rebecca shouted at Jaden with a fierce look on his face, "So what if Fabian has some Cindy in his heart? She's already dead! I don't have to fight with a dead person!"

"Fabian's heart wouldn't only have a dead person in it! I am standing in front of him alive, how could he only want a dead person! Fabian loves me, he only has me in his heart!"

"Is that so?" Jaden didn't think so, "But just now, Uncle Fabian only thought about going to find Cindy's ashes, he wouldn't even look at you for one more second!"

"Rebecca, so what if the organ is well thought out! So what if you lead your own show? After all, you can't win Uncle Fabian's heart! Without Uncle Fabian's blessing, do you think, with all the good deeds you've done, you can stay in Arkpool City in peace and security? Rebecca, you are daydreaming!"

Being stared at by Jaden's icy stare, Rebecca could not restrain a shiver.

She dreaded to think that such a small kid could have such an appalling aura about him.

"Jaden, what are you talking about? I haven't done anything at all, Fabian loves me! He said that he would treat me well for the rest of his life!"

"Nothing was done?"

Jaden smiled, that cool face like Kieran's carried the same coldness as his, "Rebecca, you like money, so you had someone kidnap Cindy and pretended to be kidnapped yourself so that Uncle Fabian could get money to ransom her."

"You instructed your men that only one person could be released, you knew that Uncle Fabian would choose you, so this time, not only did you manage to get a large sum of money, you also managed to get rid of Cindy, killing two birds with one stone. I have to say, this is a very good ploy of yours, indeed!"

"It's just that all the things you do will leave evidence behind! I've got the evidence, Uncle Fabian is now in pain for Cindy, I will not tell him now, but when he recovers, I'll definitely deliver the evidence to him myself!"

"Jaden, how dare you!"

"The evidence is in my hands, I hold the initiative, what would I not dare?!" Jaden didn't put Rebecca's threat in his eyes in the slightest, he arrogantly rolled his eyes at her, "Rebecca, when I hand over the evidence to Uncle Fabian, he will definitely send you to hell with his own hands, wait and see!"

After saying this, Jaden didn't even look at Rebecca, turned around and left with quick steps.

Rebecca was so angry that her face had completely changed shape, they would indeed meet again, but the one who would die would definitely not be her, but Jaden!

Chapter 1285

Jaden stayed at the Pryce family villa until the evening, before leaving without panic.

Seeing the way Fabian held the urn, the waves of pain in his eyes, there were several times when he wanted to tell him the truth.

But when he thought of how cruel he had been to Cindy, he felt that he deserved to die of grief, and finally swallowed back the words that were on his lips.

The Fitzgerald's driver then parked the car outside, and when Jaden got in, he suddenly noticed that something was very wrong in the car.

The driver in the car is not the driver of the Fitzgerald family, but the head kidnapper who forced Cindy down into the abyss at the edge of the South Mountain cliff!

The corners of Jaden's lips curved up into a few invisible curves.

The fish hooked.

He had hung around Fabian's villa for so long, not leaving until the evening, just to give Rebecca the chance to gather his men and kidnap him!

He quietly pressed the button on his wrist bracelet to inform Kieran, and then, he put on a panicked look and shouted, "How come it's you?! Where is my driver? What have you done with my driver?!"

"Your driver has been drugged by me with ecstasy, right now, he's sleeping soundly!" The leader of the kidnappers hooked a cruel smile at Jaden, "Brat, tonight, I will personally send you to hell!"

"I want to get out of the car!" Jaden pulled hard on the car door beside him, but the head kidnapper had already put the security lock on, so he couldn't pull it at all.

"I have no quarrel with you, why did you kidnap me? Let me go! Let me out of the car! If you touch me, my daddy won't spare you!"

"Your daddy? Mr. Fitzgerald?" The leader of the kidnappers did not take Jaden's threat into consideration in the slightest, "I am indeed afraid of Mr. Fitzgerald's methods, but, who would know you died by my hand?!"

"Brat, how dare you gather evidence of my contact with Rebecca, let's see how I will teach you a lesson tonight!"

With that, the head kidnapper slammed on the accelerator, and the black Lamborghini sped off.

Jaden still looked panic-stricken and helpless, but his eyes, however, lazily swept over the traffic outside the window, tonight, he would like to see who is teaching who a lesson!

The leader of the kidnappers took Jaden to an abandoned factory on the outskirts of the city and, as he expected, inside, he saw Rebecca.

Rebecca was afraid that the evidence of her collusion with the kidnapper leader would be sent to Fabian, and she could not feel at ease until she saw the evidence destroyed with her own eyes.

“Jaden, hand over the evidence!” As soon as Rebecca saw Jaden, he spoke fiercely.

“Rebecca, I’m not stupid, how could I possibly have the evidence with me? If you kill me, I guarantee that the evidence will immediately be sent to Uncle Fabian, and you will never be able to continue lying to him again!”

Seeing Rebecca’s face twisted with anger, Jaden continued to speak with anger, “Rebecca, do you think that Uncle Fabian is so convinced of you that even if I had proof it would be useless?”

“No, Uncle Fabian wouldn’t be stupid enough to not even believe the evidence on the board! I have, the audio of you and this man talking on the phone, and, the video of you entering the hotel together!”

Hearing Jaden’s words, Rebecca’s face instantly changed.

The head kidnapper, originally one of Robin’s men, recognized her as their master after he went to jail because, she always had a way to get them money with ease.

The head kidnapper, moreover, coveted her beauty, and when she offered her body as a lure and promised heavy benefits, he was naturally willing to work for her.

She really had her heart set on Fabian. With him, she would not only get what she wanted, but she would also have endless money to spend and be able to continue to keep this set of men working for her and doing some shady things.

However, if the evidence in Jaden’s hands was handed over to Fabian, all she had would be ruined.

Rebecca gritted her teeth, she really wanted to kill this little brat, but she was afraid that, as he said, if he died, the evidence would be sent directly to Fabian.

So she had to capture the little brat and find a way to make him destroy the evidence himself.

“Jaden, destroy the evidence you’ve got! Otherwise, I’ll kill you now!”

Rebecca clenched the knife in her hand and fiercely pressed it to Jaden’s neck, “I know, you’re a computer expert, you must have a way to destroy that evidence you’ve hidden away!”

Rebecca gave a wink to the kidnapper leader and he pushed a laptop in front of Jaden, “Brat, hurry up and destroy the evidence or I’ll chop off your hand now!”

In order to make his words more intimidating, the kidnapper leader even glared at Jaden viciously.

Jaden put on a scared look as he cowered and then let out a loud cry.

When he saw Jaden’s weak look, the kidnapper leader was so pleased with himself, “Brat, if you don’t behave yourself, next, you’ll be crying!”

“You guys are scary!”

Jaden’s little body trembled, looking soft and pitiful, “I don’t want to have my hand chopped off! Oooh, I don’t want to become a handless cripple!”

Seeing that Jaden was scared and crying by the kidnapper leader, the corners of Rebecca's lips could not restrain themselves from rising.

She thought this kid had a backbone, but in reality, he's a computer savvy wimp!

"Jaden, I won't chop off your hand!" The corners of Rebecca's lips hooked, her delicate and lovely face tinged with a bit of eerie tenderness, "As long as you use this computer in front of you to destroy all the evidence you've got, I promise, I'll immediately have someone send you home!"

"But if you don't listen"

The knife in Rebecca's hand slowly moved from Jaden's chin to the corner of his eyes, "If you don't obey, I will not only chop off your hands and feet, I will also gouge out your eyes, cut off your nose, and then cut off your tongue, and then throw you into a pigsty, so that you, day in and day out, will be in the company of pigs!"

"Rebecca, you can't do this to me! If you do this to me, my daddy and Uncle Fabian won't spare you!"

"What can I do to you then?! None of them will know that you were ruined by my hands! Jaden, I'll give you one last chance to destroy all the evidence! Otherwise, I will make you beg for your life!"

Jaden looked scared out of his wits, "Rebecca, I don't dare to make you angry anymore, can you not gouge out my eyes?!"

Rebecca smiled smugly, "Okay, then hurry up and destroy the evidence!"

Seeing Jaden's face full of resistance, Rebecca was in no hurry as she took a pot of boiling water handed over by the head kidnapper.

"Do I have to teach you a lesson before you are willing to do it? It's a pity that such a pretty face is about to be ruined!"

With that, Rebecca was to pour the pot of boiling water over Jaden's head.

Chapter 1286

"No!" Jaden looked pitiful as she cried for breath, "Rebecca, don't!"

"So do you want to destroy the evidence now?!" Rebecca asked viciously, shaking the kettle in her hand.

"I will destroy the evidence! I'll destroy the evidence right now!" Jaden spoke pitifully.

Seeing that Jaden had given in, Rebecca couldn't help but let out a long breath of relief. She casually put the water bottle aside and just stared deadpan at the laptop in front of Jaden, waiting for him to destroy all the evidence.

"Rebecca, I'm willing to destroy the evidence, but right now, I can't move my hand!"

Jaden half lowered his eyelids and looked at his hands that were tied up in knots, "Rebecca, can you have someone untie the ropes on my hands first?"

Rebecca felt that Jaden's request was not excessive at all. After all, with his hands tied, he couldn't really destroy the evidence with his hands.

Desperate to have Jaden destroy the evidence, she did not assign anyone else to do so, but directly used the knife in her hand to viciously slice the rope around his wrists herself.

With his hands free, Jaden's body was instantly soothed.

Seeing that the sharp knife in the head kidnapper's hand was still ruthlessly pressed against his neck, Jaden cried out again with a loud wail.

"Oooh, I can't destroy the evidence! You guys put a knife to my neck and it's so scary! It's scaring me to death, I can't think of anything! Can you guys stop scaring me so much holding a knife against me? It's scary, it's really scary!"

Rebecca originally thought that Jaden had quite an aura about him, that aura was simply a replica of Kieran's.

Now that she saw her in such a wimpy state, she felt more and more that she had misjudged.

He was such a wimpy little kid, who cries out at every turn, even without a knife to his neck, he wouldn't be able to make any waves!

Rebecca gave a wink to the head kidnapper, who understood and hastily moved the knife away.

Jaden was still crying, "Oooh, Sir, can you stop staring at me all the time? You're so scary, it's like you're going to eat me! I'm so scared."

Jaden cried harder and harder, and in the end, he couldn't even say anything.

The head kidnapper had wanted to keep a death gaze on him to save him from playing any tricks, and, the moment he did not behave well, he could break his neck, but now, with him staring at him like that, he was too scared to even destroy the evidence, and he could only glare at him in disgust before sitting stubbornly on a chair to the side.

Jaden moved his neck and then his wrists, the biggest threat, had left and his next move would definitely be smoother.

He suppressed the joy in his heart and, with a sobbing face, clutched the computer in front of him, his fingers nimbly pressing the keyboard, and on the computer screen, a series of codes instantly appeared.

It's definitely not just this beautiful face that makes Rebecca a fish out of water among men.

Since she was a child, she knew that an extra skill is an extra way out of the online society, and she naturally did not miss out on learning about online technology.

Her internet skills, although not comparable to Jaden's, are still pretty good.

So, whether Jaden had played any tricks behind her back, she stared carefully and could barely tell.

Jaden really doesn't have any evidence of Rebecca doing bad things with that kidnapper leader, so that Fabian recognizes the bad woman for what she really is, all thanks to his scheming today.

Rebecca saw that Jaden had fiddled with the computer for a long time and still had not found his so-called evidence, so she could not help but feel anxious.

“Jaden, you’re fooling me, aren’t you! Hurry up and find the evidence and destroy it! Otherwise, I’ll get you killed now!”

“Oooh

Jaden was crying again, “Rebecca, I really didn’t fool you! I was really too nervous, I couldn’t think of anything!”

“Rebecca, please let me go! When I go back, I won’t dare to give Uncle Fabian the evidence that you’re with that scary man, so just spare me, okay?!”

“Jaden, you’re dreaming!” Rebecca stared fiercely at Jaden and spoke word for word, “Find the evidence and destroy it!”

“Of course, if you want to beg for your life, I wouldn’t mind giving you a good taste of my methods!”

“I’ll soak you in hot water, let you lose a layer of skin, then I’ll pluck off your flesh with a knife bit by bit, and let you taste what it means to die by a thousand cuts!”

“Rebecca, who are you going to cut to death by a thousand cuts?!” As soon as Rebecca’s words fell, Fabian’s clear, cold, ice-like voice rang through the air.

Rebecca’s body stiffened violently, how could she have not expected that Fabian would come here?

Along with Fabian, there were Freya and Kieran.

Fabian’s eyes locked dead on Rebecca’s face, his eyes with heavy disappointment and disgust.

No pain, no heartbreak, just that chilling sense of disappointment and disgust.

The fact was that he had already stopped loving her long ago, but he didn’t realize it.

“Fabian, I

Rebecca wanted to explain to Fabian, but in her hand, she was still clutching the cold, glittering knife, and for a moment, even if she was as delicate as she was, she didn’t know how to explain.

“Rebecca, you’ve been lying to me!”

It was only at this time that Rebecca also noticed that Fabian was still holding Cindy’s urn in his arms.

Her heart seized and sank, his heart had really, unknowingly, taken up residence in Cindy.

“Rebecca, you and these kidnappers are really in cahoots! It’s funny that I gave up Cindy and the child in her belly to save you! Rebecca, you deserve to die!”

“Fabian, I am not!”

Rebecca shook her head vigorously, “Between me and them, there is nothing! Yes, this time, it was them who held me hostage! They forced me and tortured me, Fabian, Jaden and I were both victims!”

“Fabian, I admit that I was once bewitched by Robin and lied to you, but when we were separated, I realised that I had fallen deeply in love with you!”

“Fabian, I love you! I really love you! I didn’t come back for wealth and glory, I didn’t come back to fight with you, I just want to be by your side! Fabian, please believe me, okay?”

“Believe you?” Fabian smiled to himself, “Believe you, to put the boiling hot kettle on top of Jaden’s head, that they forced you? Believe you, to chop off Jaden’s hands and feet, they forced you? Or, believe you slept with him, they forced you?!”

“I

Rebecca did not expect that Fabian had already come over long ago, her legs were so weak that she could barely stand. She secretly ground her teeth, she knew that this time, he would not trust her anymore, and even, he would send her to her death.

In order to survive, she had to do her work!

She turned her face violently, and with all the strength she could muster, she slashed the knife in her hand fiercely towards Jaden’s neck.

Chapter 1287

Jaden is not really just a little kid who cries out.

Kieran has found the best master to teach him martial arts, and when he is free, he will teach him himself.

He might not be able to beat this kidnapper leader, but he really didn’t put Rebecca in his sights.

Rebecca thought that she could easily put the knife against Jaden’s neck and hold him hostage as an ace.

When she leaves safely, even if she can’t become Fabian’s wife, at least she’ll have a billion dollars! Without her love, she could still behave herself, and by the way, she could kill this little brat to vent her anger!

However, how could she have not expected that before she touched Jaden, his body, like a nimble loach, quickly kicked her over, while he rushed to Freya’s arms in a gust of wind.

“Mommy

Jaden’s voice carried a clear implication of pampering, but even though he had pampered himself on a rare occasion, Freya still slapped him on the head, “Jaden, I told you, don’t take any chances in the future! You’re taking my words for granted, aren’t you?”

“Mommy, I just can’t stand to see Uncle Fabian being played by a bad woman! Mommy, I won’t dare to do it again!”

Freya was really so angry and upset, although she heard Kieran say that it was Jaden’s scheme, but when she learned that he was kidnapped, her heart still beat wildly, fearing that something might happen.

It’s just that Jaden, who is always like a little iceberg, is so cute when she is petulant, and she can’t really lose her temper when he is hugging her arm.

She could only glare viciously at Kieran, "Kieran, if you ever let Jaden do anything so dangerous in the future, I will separate from you!"

Kieran's heart thudded, his wife could make him kneel on the keyboard and durian, but separation was really the cruelest punishment for him.

Right then, he curtly wrapped Freya into his arms, decisively deciding to betray Jaden, "I didn't know about Jaden's plan, and it was only after I received his signal that I learned he had gone to show Fabian the true face of Rebecca."

After saying this, he righteously assured Freya, "Freya, don't worry, if Jaden dares to do such a dangerous thing behind our backs again in the future, I will break his legs!"

Jaden helplessly rolled his eyes at his own daddy.

He has only his wife in mind, and in order to please her, he decided to betray his son.

After hearing Kieran's words, Freya no longer mentioned the separation to him, she nestled into his arms, "This is what you said, if Jaden is naughty again, you will break his legs!"

"Okay!" Not to mention breaking his son's leg, as long as his wife was happy, he could break his own leg!

Rebecca and the leader of the kidnappers had wanted to escape, but Kieran and Fabian had brought too many men, and they were all the best of the best, and without the hostages in their hands, they had no chance of resisting.

Eventually, all the kidnappers, who had been forcibly escorted to the car, were taken to the police station.

They have all had human lives on their hands, and if they are sent to the police this time, even if they are not sentenced to death, they will not be able to get out of prison in their lifetime.

Rebecca saw that all her men had been kidnapped and she was panicked to the core.

She knew that she could not afford to make any waves if she came down hard in this situation, and she could only show weakness to Fabian.

"Fabian"

Rebecca knelt down on the ground pitifully, "Fabian, I'm wrong, I'm really wrong, they've threatened me, so I had to do what they told me to do! Fabian, for the sake of our love and affection for each other, can you give me one last chance?"

Fabian laughed, but in his laughter, there was not the slightest warmth, only a heart shivering thinness.

"Rebecca, once, I thought that between us, there was love, but now between us, where is the love?!"

"The so-called love affair, was it you who colluded with Robin in a vain attempt to get Kieran and his wife killed, or, at the edge of the cliff, you colluded with the kidnappers and let me, with my own hands, get Cindy and the child in her womb killed?!"

“Rebecca, Cindy is my wife, and what she carries in her womb is my child! You have set me up again and again, you can’t see me well.

“It’s a vendetta!”

“Fabian, I didn’t! I really didn’t! Last time at the cliff, it was really them who kidnapped me, I didn’t conspire with them, I didn’t know anything! Fabian, believe me, I’m really innocent!”

“Believe you?” Fabian continued to laugh, a scarlet smile in his eyes, as if a god of killing had descended, “If I believed you, Cindy and the child in her belly could come back alive, I would believe you! But they won’t come back, they’ll never come back!”

Fabian held the urn in his hands for dear life, he thought, he didn’t care, but now, he only felt, his liver was broken, and every inch turned into ashes.

He also always thought that that rainy night, it was her wishful thinking, in fact, he was most careful to keep his proportion in the relationship between men and women, even after being in love with Rebecca for so long, he did not touch her, in fact, at that moment, she came into his heart.

Only, he hated being coerced by others, and then, because she was pregnant and Adrian forced him to marry her, he would, before he could recognize his delight in her, already be disgusted with her to the bone.

“Fabian, you can’t do this to me! You can’t do this to me!” Cindy shook her head vigorously, “You said it, you don’t care about Cindy, you don’t want the child in her belly, you only have me in your heart! But now, you want to hurt me for her sake! Is it possible that the oath you swore to me was just a joke?”

“Rebecca, you are just playing games with me, and I’m not taking my so-called vows to you seriously!”

Fabian looked at Rebecca’s eyes, there was no longer a trace of pity, “Murder, pay for life! Cindy and the child in her belly died because of you, what right do you have to live well!”

After saying this, Fabian was no longer willing to look at Rebecca, no matter how much she begged and pretended to be pitiful, he still had his men forcefully escort her to the car and send her to the police station.

After Rebecca was sent away, he clutched the urn in his hands and murmured over and over, “Murder pays for life, murder pays for life”

“Cindy, I am responsible for your death! I’ll pay for your death! I’ll pay for your life!”

I only wish that, after I have paid you for your life, you would say to me that you forgive me.

Although I know that you won’t forgive me.

Fabian jerked out the knife he had pinned to his waist, and slashed it viciously at his neck.

Chapter 1288

“Fabian!”

“Adrian!”

How could Kieran not expect Fabian to suddenly make such a move? Fortunately, his reaction was quick enough, he quickly stepped forward and kicked the knife in his hand viciously away.

But even so, Fabian's neck was still cut with a too obvious blood mark that was frightening to the eyes.

"Kieran, leave me alone! Let me die! I owe her this!"

With that, Fabian leaned down to grab the knife that had fallen to the ground.

Kieran was afraid that he would do something stupid again, and he hurriedly kicked the knife that had landed on the ground away.

Fabian didn't bother to grab the knife on the floor again, he sat on a chair to the side, holding the wooden urn, and kept laughing.

The laughter was sad and desolate, as if the red earth had nothing to do with him.

After a long, long time, he spoke softly, his voice indistinct as if from a distant sky, "Kieran, do you think that if you stop me today, I can live?"

"Kieran, I won't survive! I killed her, and I killed my child and her! I will never be able to forgive myself! Kieran, I can't forgive myself!"

In fact, that day at the edge of the cliff, he especially wanted to tell his kidnappers to kill him; he wanted to use his own life to get Cindy's back.

But he was too proud to let Cindy feel that he cared for her, for this woman who was presuming to use her child to get ahead.

He had always felt that Cindy would do anything to force him to marry her with the child in her belly. It was not until the edge of the cliff, when she wanted to divorce him even if she died, that he realized that, in fact, she did not care that much about the position of his wife.

She did not want Fabian.

"Fabian, calm down!"

Kieran is also not used to seeing Fabian being played by Rebecca recently, but no matter what, he is his friend, and he can't see him looking so unlovable.

"Fabian, if you die like this, Cindy will be even less likely to forgive you!"

"I know she won't forgive me, but if I don't go to her, I won't even have a chance to atone to her. Kieran, I owe it to her, and I owe it to that child, I should go and make amends with them!"

Fabian got up with the urn in his hands and took a step in the direction of his sports car.

Freya was afraid that he would really seek death again, so he hurriedly spoke, "Fabian, Cindy is still alive!"

Freya did not want to tell Fabian that Cindy was still alive, she felt that he deserved to be punished with pain.

But she was worried that if Fabian really died, Cindy would be upset, as well as Kieran, so she couldn't help but tell the truth.

"Mrs. Fitzgerald, what did you say?!"

Fabian jerked his face around as he looked at Freya incredulously, "Mrs. Fitzgerald, just now, just now who did you say was still alive?!"

"Fabian, Cindy is still alive!"

Freya paused and then spoke, "The ashes inside this urn are fake! That day, it was indeed very dangerous, but fortunately, she got stuck in an old tree on the cliff, and only then did she manage to recover her life!"

Fabian did not say anything immediately, Freya said this in a light-hearted way, but he could imagine what kind of danger she had gone through that day.

Below the cliff was an abyss so deep that if she fell below, she would only break into pieces.

Just because she didn't die was a fluke on her part, it didn't mean that, for all intents and purposes, he hadn't made a mistake.

By abandoning her, he had made the greatest mistake of all, the unforgivable mistake of a lifetime.

He should, to his death, be atone for his crime.

However, because she was still alive, he could not die now; he had not yet devoted his life to making good to her; now, he was not in a position to die.

"Mrs. Fitzgerald, where is she now?!" Fabian stepped forward, he grabbed Freya's arm and asked eagerly.

Freya shook her head gently, "I don't know, when Cindy left, she didn't tell me where she was planning to go. She's in very bad health and I'm worried about her condition."

She is in a very poor state of health

Fabian's heart hurt, yes, she was carrying a big belly, he had force-fed her abortion pills, and she had been pushed off the edge of a cliff, it would be strange if she was in good health!

Where could she go, all alone and with a big belly? And how was she supposed to take care of herself?

The more Fabian thought about it, the harder he felt. He could no longer control his heart, which was almost breaking down and going crazy, and he rushed to the car like a madman to find Cindy.

The sky and the earth were vast, and he did not know where she had gone.

But even if it was the end of the world, he would still get his wife and child back!

Jaden was well prepared for this evening, she has a scare.

Jayla was in an unprecedentedly dangerous situation.

As usual, she went over to the slum after dinner and quietly delivered something to Leo.

Leo's leg, has gotten much better and he doesn't have to remain in a wheelchair, but he walks, however, with a slight limp. Jayla tries to convince him to agree to let Freya treat his leg, but he is too stubborn and no matter what, he doesn't want to have anything to do with the Fitzgerald family.

The delicious food that Jayla sent to him, he even explained to Annie and just threw out as much as he could.

Jayla is a happy little girl, but she is really sad that her good intentions are always rejected by Leo like this time and again.

Tonight, she gave Leo fish and a snack.

The dim sum, which she had learnt to make from the cooks at Kelsington Bay, were not as pretty as the cooks', but she really put her heart into them.

But no matter how much she put her mind to it, she was eventually treated like rubbish and thrown away.

Jayla doesn't know what is wrong with her, she is beautiful, cute and many children want to make friends with her.

But she doesn't care that much about others, she just especially wants to be friends with Leo. He hates her, and she still doesn't want to give him up as a friend.

After being kicked out by Leo, Jayla reassured herself that she would just try harder and one day, he would be willing to be friends with her.

However, seeing the snacks that Annie had viciously thrown inside the rubbish bin, she could not give herself a big smile after all, and her tears rolled down.

Not wanting Annie, who was always at odds with her, to see her vulnerability, she wiped the tears from the corners of her eyes hard and ran for the outside of the old neighbourhood.

She had just left the block when she heard the sound of something heavy falling to the ground.

Her bodyguard, to be precise.

A very bad thought came to her mind and she quickly took out her mobile phone, just as she wanted to call Kieran, a man cloaked in a black cloak appeared in front of her.

Apparently, the four bodyguards she had brought with her were all knocked out by him.

He had a plain face, but one that made her feel more dangerous than she had ever felt before.

"You really do look like Stahler."

Jayla's heart was beating wildly... Cealan!

It was a face she had never seen before, but the voice, she heard it unmistakably, was that of Cealan!

Knowing how dangerous Cealan was, Jayla turned around and ran, but before she could take a few steps, Cealan blocked her again.

The cold, gleaming knife in his hand was pressed deadly against her chin, "Stahler lied to me, and she deserves to pay the price! She deserves to say goodbye to her precious daughter, forever!"

Chapter 1289

Cealan's large hand moved slightly, and the knife in his hand slowly fell onto Jayla's neck, with that look, obviously wanting to cut her neck.

The hand of Cealan, like the skin of his face, was sickly pale. Under the moonlight, such a miserable white hand, holding a cold glittering knife in his hand, against the neck of others, was unspeakably creepy.

Jayla is a clever little girl, but when she faces the fierce and ruthless Cealan, she still panics from the bottom of her heart.

She didn't even dare to breathe for fear that in the next moment he would make her bleed.

Cealan really wanted to kill Jayla so that Freya would pay for her deception of him and make her suffer for the rest of her life.

But looking at Jayla's face, which looked just like Freya's when she was a child, he couldn't suppress the knife in his hand.

"Sir, can you not cut my neck with a knife?"

Jayla also sensed Cealan's hesitation, she suppressed the fear in her heart and spoke, "Sir, I don't know what's going on between you and my Mommy, but I'm just a little kid who doesn't know anything, so don't involve us kids in your adult affairs, okay?"

With that, Jayla cried out pitifully.

Jayla was originally born cute, and when she cried, her big eyes blinked, her long eyelashes trembled, and she was unspeakably heart-wrenching.

Seeing that, Cealan could not restrain himself from frowning.

When Stahler cried as a child, she had this pitiful look that made him, unable to resist, want to bring the best in the world to her, just to make her smile.

He wanted to grow old with Stahler, and he wanted to devote his life to her in exchange for her peace and happiness.

But the Stahler he cherished so much had deceived him time and again, betrayed him, and even, mercilessly, put him to death.

The moment he fell into the sea, he reached out his hand to her, but she did not take it.

She only hoped that he had fallen into hell and would never return!

The red waves in Cealan's eyes surged, and for a moment, the murderous aura in his body could not be suppressed.

So what if he was devoted to Stahler? In the end, all his love was in vain!

Why should he be merciful to her, if she has shown him no mercy!

Anyway, he was originally a demon in her heart!

“Damn you!”

Even with a human mask on his face, the cruelty on Cealan’s face was still gut-wrenching.

“Doesn’t Stahler want me to die? She wants me to die! Then I will destroy everyone she cares about. I want to see if she is more ruthless or if I am more ruthless!”

Saying that, Cealan no longer had half a moment’s hesitation, and with the knife in his hand, he cut fiercely at Jayla’s neck.

“No!”

Leo limped over, “Don’t hurt her! You kill me! Let her go!”

Hearing Leo’s voice, Cealan’s hand couldn’t help but give a lurch, he didn’t manage to cut Jayla’s neck, but he did make a shallow blood mark on her neck.

Jayla’s skin is pale, and this tiny bloodstain, left on her neck, still looks frightening.

Leo’s clear, moist eyes could not be restrained from locking as he rushed forward anxiously, shielding Jayla, “I don’t know why you want to hurt her, but she’s just a little girl who doesn’t know anything, don’t hurt her! If you have anything to do, come at me!”

Cealan looked at Leo steadily, although he had a disability on his leg, he still could not hide the splendour of his body.

He had never been a soft-hearted person. Just now, the movement of his hands would pause, not because he didn’t want to retaliate against Freya anymore, but just that, seeing this little boy’s defense of Jayla, he couldn’t help but remember, once upon a time, his own defense of Stahler.

It was looking at this little boy, who looked like the little Cealan that he once was, that Cealan was lost in thought for a moment.

“Leo, leave me alone! You go! He’ll kill you!” Jayla didn’t expect Leo to suddenly rush over, and she couldn’t help but feel anxious.

She had followed Fabian and the others to the Free State and knew how ruthless Cealan was. The four so powerful bodyguards she had brought with her were no match for him, and Leo was even more unlikely to be a match for him.

She was quite afraid of dying, she wanted to stay with daddy Mommy, brother and Alistair forever, she also wanted to be friends with Leo, so she wanted to live a good life.

But if she was destined to die, she did not want to involve innocent people.

Especially the one she identifies as her best friend, Leo.

“Jayla, hurry up and go!” Leo gave Jayla a strong push, signalling for her to run quickly.

Jayla did not run because she knew in her heart that with Cealan's ability, she would not be able to run away even if she did.

"Leo, you really need to leave me alone! He's not a good person! He can really kill people!"

Jayla grabbed Leo hard, trying to pull him away, but he stubbornly shielded himself in front of her, not willing to move out of the way.

Looking at such a Leo, Jayla suddenly wanted to cry, but inexplicably, she wanted to laugh again.

It turned out that Leo didn't really hate her.

Perhaps he also thought of her as a very good friend, but was just too twisted to admit it.

Jayla smiled and wiped away the tears at the corner of her eyes, "Leo, do you also consider me as a friend?"

Without waiting for Leo to speak, Jayla spoke again, "Leo, I know, you treat me as a friend. Since we are friends, of course I can't drag you down! You should go home, your mother still needs you to take care of her."

"Heh!"

With a cold laugh, Cealan grabbed Jayla's shoulders and lifted her up.

"Jayla, you are, however, much more righteous than that heartless mother of yours! But no matter how much you're righteous, you're not going to end well! Don't blame me, just blame it on your heartless mother!"

"I forbid you to speak ill of my Mommy!"

Jayla was terrified of Cealan, but she forbade him to say anything about her favourite Mommy, her little cheeks puffed out in anger, "My Mommy is the best Mommy in the world!"

"Yes, your Mommy is the best Mommy and the best wife in the world, but to me, she is the cruelest and most heartless person in the world! So, she must pay the price!"

Cealan slowly twirled the knife in his hand, "Jayla, I was shot eighteen times in my body when I fell into the sea."

"There were two shots close to the heart, and if they had been one point off, I would have died! Stahler owes me, she owes me! I don't have a gun with me today, but you have to suffer from this knife!"

"If someone owes me, I will get it back a thousand times over! Jayla, how many times do you think I should stab you?"

Chapter 1290

Hearing Cealan's words, Jayla couldn't help but do some silent calculations in her mind.

He received 18 stabs

Get it back a thousand times over

How many thousands of stabs would that have taken to her body!

The death of a thousand cuts is not even that cruel!

Jayla knew that Cealan was not playing with her. Thinking that her body was about to be pierced with blood, Jayla's rosy face turned as white as paper in fear.

When she was scared, she wanted to eat, but now, with no chocolate to eat and only the cold, shiny knife close at hand, she wanted to cry.

Jayla's eyelashes flickered and the golden beans tumbled down.

She was about to burst into tears when she noticed Leo standing beside her.

Leo is still around.

If she is to be killed by a thousand cuts, so be it, but not her best friend.

Jayla tried to hold back her tears, "Sir, you can stab me as many times as you want! Anyway, no matter what, I'm going to die today! I only beg you, don't hurt my friends, okay?"

"He's my best friend, his mother is sick and he has to take care of his mother, please let him go!"

"Leo, hurry up and go back! If you don't leave, I'll never speak to you again!"

Leo did not immediately speak, he also did not have the slightest intention of leaving, his lips pursed very tightly with determination.

Suddenly, he raised his face and spoke to Cealan in a solemn manner, "You just want to stab someone with a knife! You can stab anyone, but to bully a little girl is too shameless! Why don't you put the knife on me?"

"I will accompany you to the end tonight!"

Leo cares so much about her as a friend, Jayla is really touched, however, she is also righteous. Her friend is willing to stick her neck out for her, she is very happy, however, she absolutely cannot drag her friend down.

"Sir, you can't zap Leo!"

Jayla was afraid that Cealan would stab Leo with a knife, she turned her face and spoke anxiously to Leo, "Leo, go now! If you don't leave, I'll get angry! If I get angry, I'll never talk to you again! And I'll never give you the best chocolate ever again!"

"The chocolate is really good"

Thinking of the sweet taste of chocolate, Jayla could not help but swallow hard, and after swallowing, a touch of indescribable sorrow surfaced in her heart.

It was a pity that such a delicious chocolate, in future, she would never have the chance to eat it again.

When she thought of how others could gorge themselves on chocolate in the future, but she could only lie on the ground and eat dirt, Jayla's tears could not be restrained.

“Jayla

Seeing Jayla crying so hard, Leo thought she was terrified and he was about to say something to comfort her, but he heard her burst into tears with a loud wail.

“I want to eat chocolate I want to eat chocolate so badly

Leo, “

Foodies really can't forget to eat at any time.

Cealan could be callous and indifferent to a child, but this was the first time he had ever faced such a situation.

The little girl was crying, not because she was scared of him, but because she was hungry for chocolate.

Is it possible that not being able to eat chocolate would be worse than being killed by a thousand cuts?

“Sir, I want to eat chocolate so badly. Can you give me a piece of chocolate before you chop me to death?! If I can't have chocolate, I can't die in peace even if you chop me to death!”

“Sir, please, just buy me a piece of chocolate! Just one piece! Please

He couldn't stand her being so noisy, he pressed the knife firmly against her bulging cheeks, “Shut up! If you cry again, I'll cut your face off first! I'll turn you into an ugly monster that everyone hates!”

Jayla hastily shut her mouth, she wanted to eat chocolate, but she also loved beauty, she did not want to become an ugly monster without skin.

Leo didn't even really like being friends with her, and if she became that ugly, he would definitely dislike her even more as a friend!

After Jayla shut up, Cealan finally felt that his world had cleared up.

He was unwilling to waste any more time with Jayla. With a strong force, he grabbed her and threw her inside the trunk of a black van.

“Jayla!” Leo limped over after him, “Put Jayla down! You're breaking the law like this, the police uncle won't spare you!”

“The police?”

Cealan laughed, sarcastically and dismissively, “Then we must see if they have the ability to do so!”

As soon as Cealan turned his face, he noticed that Jayla had quietly pulled out her mobile phone, wanting to text Kieran for help.

With a thinly veiled snort, he then viciously grabbed the mobile phone that Jayla had hidden behind him and viciously stepped on it under his feet.

“Jayla, don't let me see you pull any tricks on me again! Otherwise, I will definitely chop off your hand first!”

“Where the hell are you taking Jayla?! Put down Jayla!”

When Leo ran out, he explained that Annie had called the police. He quietly looked around, hoping to see the police, but they had delayed for so long and saw nothing.

He also thought about shouting and asking for help from the surrounding neighbours.

But most of the people living in this slum are old, sick and disabled, and the carefully selected bodyguards of the Fitzgerald family are not yet a match for this man, so his calling out for people now is just asking them to come and die.

“Leo, you leave me alone!” Jayla’s eyes shone with tears, “If you can meet my daddy and Mommy, tell them that I love them, and my brother and Alistair My brother is the best brother in the world, even if Alistair can’t play Barbie with me, he’s still my favorite brother.”

Falling into the hands of the devil, not being able to see those she loves most again, and not being able to eat her favorite chocolate

The more Jayla thought about it, the harder it was her tears fell. She didn’t want Leo to see this indisputable look on her face, so she panicked and pushed her face aside, sobbing incessantly.

“Jayla, I won’t leave you alone!”

Leo stubbornly grabbed the car door handle, unwilling to let go, his eyes were determined as he looked at Cealan who had pulled open the driver’s door, “Take me with you! Take me with you! You won’t lose if you catch one more person!”

“Leo, you’re crazy!”

How could Jayla not expect Leo to follow her, she was so anxious that her tears fell harder.

“He’s really going to kill you! Leo, run away! I don’t want to get you involved! Run!”

Leo, however, acted as if he hadn’t heard Jayla’s words as he rushed to Cealan, “Take me with you!”

Hearing Leo’s words, Cealan said, “You really want to come with me? Even if I cut you to death by a thousand cuts, you won’t regret it?”
