

# I CAN COPY TALENT

## Chapter 5

“Beast!!!”

Ye Tian also froze.

He had never seen a fierce beast, but it was rumored that the fierce beast was very terrible, they could easily slaughter ordinary people, and only the warriors could deal with the fierce beast.

Outside the coastal base is a circle of city walls, but sometimes the walls can't stop the beasts, and occasionally the beasts rush into the base.

Ordinary people encounter fierce beasts with only one ending, that is, death.

“Go home!”

Ye Tian thought of his sister Ye Yu, who was not far from home, and the fragile walls were completely unable to resist the fierce beasts, and he was very worried about his sister.

During the run, Ye Tian vaguely saw a silver-white shadow at the end of the street constantly shuttling through, and one by one ordinary people died under the attack of the silver shadow.

“So fast!”

Ye Tian was shocked.

This speed has exceeded the reaction speed of the eyes, which is still far away, if it is close, I am afraid that I will be killed by the beast without even seeing the shadow.

“If I meet this beast, I will die!”

Ye Tian thought.

He will not be stupid to think that he is the protagonist, he will not die in any situation, and naturally he will not be stupid enough to fight with the beast.

In an unbeatable situation, then escape as soon as possible!

Ye Tian was not stupid, so he fled.

Unfortunately, his speed was too slow compared to that fierce beast, and the fierce beast seemed to be rushing towards Ye Tian's direction.

Ye Tian knew that this fierce beast was not aimed at him, but if he encountered a fierce beast, this fierce beast would definitely not mind reaching out its claws to kill him.

"Evil obstacles, dare to kill people at the base!"

Several warriors rushed over under the leadership of a middle-aged man and quickly surrounded the beast.

"Great, it's the Wind Wolf Hunting Squad!"

Someone shouted.

Wind Wolf Hunting Squad?

Ye Tian knew the name of this hunting squad, it was a famous hunting squad in his area, the leader of this squad had a title called Wind Wolf, he was a master of the late stage of the martial arts, and he also had more than a dozen early or middle martial artists under his command.

Seeing the Wind Wolf Hunting Squad coming, many people were relieved, and even looked lively.

"Flash away, this beast is not simple!"

Captain Wind Wolf yelled at the people watching the commotion.

After being shouted by the Wind Wolf Captain, many people reacted to this, the battle between the warrior and the fierce beast level is not so easy to watch, if you are not careful, you will die at the hands of the fierce beast, and even the warriors will not have time to rescue.

Withdraw! Withdraw! Withdraw!

Everyone retreated, and Ye Tian also retreated far, but did not leave.

He also wanted to know what the combat power of the warrior level looked like.

Soon, the battle begins!

Only to see Captain Wind Wolf's knife split into the fierce beast, the sword light was very dazzling in the night light, obviously very powerful. The stone slabs on the street were slashed three meters long under the knife of Captain Wind Wolf.

Unfortunately, the beast was too fast to dodge the blow.

"Such a powerful attack, even the hard street slabs have been cut open, if you cut a person's body, I am afraid that it will split a person in half in an instant, is this the power of the warrior?"

Ye Tian had some yearning.

The warriors of the Wind Wolf Hunting Squad all took out their weapons and fought with the fierce beasts, but each looked solemn.

Suddenly.

A warrior was slapped out by the fierce beast at once, leaving a blood stain on his chest.

"Little White!"

The Wind Wolf Captain looked worried, and instead of checking Xiao Bai's injuries, he attacked the beast.

Although the fierce beast seriously injured one warrior, many of the warriors who besieged it were quickly injured.

"Be careful, this beast is going to escape!"

Captain Wind Wolf shouted.

Sure enough.

Seeing that it was not good, the fierce beast turned into a silver light and rushed out of the encirclement, trying to escape into the distance.

Just then, an arrow came from a distance and hit the beast.

Then he listened to the roar, and the fierce beast fell down the street, and its body was completely exposed.

"It's a silver marten!"

Ye Tian saw clearly.

This silver marten is a meter long, has sharp claws, and its eyes are red.

"This Silver Moon Marten has been seriously injured by Xiao Yue's shot, everyone step up their efforts and kill him, we don't have to go out to hunt the beast for a month!"

Captain Wind Wolf said excitedly.

Obviously, this silver moon mink is worth a lot.

The badly injured Silver Moon Marten was clearly not an opponent of the Wind Wolf Hunting Squad, but the Silver Moon Marten did not seem to have given up hope.

Suddenly.

A silver glow erupted from its body, and the momentum of its entire body increased dramatically.

“Be careful, it inspires the bloodline and is ready to erupt!”

Captain Wind Wolf yells to alert other opponents.

Blah, blah, blah!!!

A famous warrior quickly retreated a little distance, lest he be killed by the Silver Moon Marten together.

But suddenly, the Silver Moon Marten rushed towards the crowd.

All the warriors looked drastically, and they understood Silver Moon Marten’s plan!

“You all disperse!”

Captain Wind Wolf shouted to the crowd in the distance.

Unfortunately, the speed of the Silver Moon Marten was too fast, and under the eruption of the bloodline, the speed was even higher, where this group of ordinary people could dodge.

With a breathing time, the Silver Moon Marten rushed into the crowd.

There is no move, just a collision, one ordinary person is knocked away, life and death do not know.

Abrupt.

Another arrow was fired, and it was Xiao Yue, a member of the Wind Wolf Hunting Squad who was hiding in the shadows.

Poof!!!

The arrow entered the Silver Moon Marten and penetrated through the wounds of the Silver Moon Marten.

The Silver Moon Marten that had been seriously injured and dying was completely dead, and the vitality gradually dissipated.

At this time, many people fled one after another, not daring to go near the Silver Moon Marten.

However, a young man walked over to the Silver Moon Marten and lightly touched the skin of the Silver Moon Marten.

“Young man, how dare you touch a fierce beast?”

Captain Wind Wolf walked over and laughed.

“The first time I saw the beast, I couldn’t help but touch it with curiosity!” The young man said awkwardly.

Captain Wind Wolf nodded satisfactorily, “Boy is good, I see that you are already a martial artist, you are already a martial artist at this age, maybe you can become a martial artist, and when you become a martial artist, I will allow you to become a member of our squad!” ”

“Thank you Captain Wind Wolf!”

The young man said excitedly.

The Wind Wolf Hunting Squad did not linger long, but carried the corpses of the Silver Moon Marten away and left one by one.

The young man who was chatting with Captain Wind Wolf stood alone in the street and smirked, and the others saw this scene and thought that the young man was stupid.

The warrior was so good at breaking through, and Captain Wind Wolf’s words were just polite words.

However, the young man laughed not because of Captain Wind Wolf’s words.

This young man was none other than Ye Tian.

“Haha, I didn’t expect that the second talent I copied was actually copied from the beast!”

Ye Tian said excitedly.
